# No Clues in murder Here

# Prizes Mount for Industrial Days Queen

No new clues have surfaced in the bludgeoning death of a Henderson man Saturday, according to police who are still looking for the man's roommate for questioning.

Manuel Sandoval, 35, was found lying in a pool of blood inside his mobile home about 4 p.m. Sat. He was Henderson's third murder victim of the year.

Sandoval was discovered by a relative visiting the victim at

the mobile home park on Easy Street. Henderson Patrol Lt. Ron Delia said Sandoval had been severely beaten about the back of his head and face. He died at 4:30 p.m. in the emergency room at St. Rose de Lima hospital.

The man's roommate, Joseph Nunes, is being sought for questioning. Nunes is described as five feet six inches tall, 140 pounds, with shoulder length sandy hair and

tatoos on both arms. He was last seen wearing a black vinyl jacket and a fur collar and light blue jeans.

Delia said a blunt instrument apparently was used to inflict Sandoval's head wounds.

The other two Henderson murders occurred in Jan. at a party in Pittman when two men were killed.

The list of prizes continue to mount up for the Miss Industrial Days Beauty Pageant.

Prizes which will be awarded include a gift certificate from Valley Bank, a pair of Levis from Levi Strauss Co., buffet dinner for two from the Swanky Club, gift certificate from Bank of Nevada, buffet

dinner for two from the Showboat, dinner for two from the Circus Circus Hotel in the Carson City Room, show for two from the Aladdin Hotel, show for two from the Sands, dinner for two from the Fremont, dinner show for two from the Desert Inn, dinner show for two from the Four Queens, dinner show for two from the Dunes, dinner for two from

Sambo's in Henderson, and a portrait from Basic Photo.

Applications for the Miss Industrial Days Beauty Pageant are available at the Chamber of Commerce office, 100 E. Lake Mead Drive and at Basic High School.

Enter now, deadline is April 6.

## SECTION 27 HAS WATER SHORTAGE PROBLEM

### Shannon Wants his Position Back

Last Friday John R. Shannon, who was fired from Basic High School, filed a petition for judicial review in District Court against the Board of Trustees of the Clark County School District in an attempt to get his job back.

At the time of his firing, he had 30 days to appeal the trustee's decision after receiving official notification from the school district.

The trustees voted February 13 to discharge Shannon after rejecting a hearing officer's recommendation that he be reinstated.

Shannon was suspended in September 1976 after being charged with two counts of lewdness with a minor. The charges were later dismissed in both Justice and district courts.

Hearing officer Mike Cherry conducted eight hearings before submitting his report recommending that Shannon be reinstated.

The trustees met in two closed personnel sessions to review Cherry's recommendation before voting unanimously to reject that recommendation. School superintendent also reviewed the hearing officer's report and recommended Shannon be fired.

According to the legal action, Shannon should have been reinstated immediately after all charges against him were dismissed August 11, 1977.

"The decision is arbitrary, capricious and characterized by abuse of discretion," according to the petition.

The case was assigned to District Court Judge Michael Wendell for further proceedings.

The Vegas Valley LasSertoma Club recently ran a competition to find a nominee to submit to the National competition of the National Scholastic and Memorial fund.

The number of winners will depend on the number of donations and at the present time the number is eight. The selections will be made in June and the winners will be presented a \$200 award to further their college education.

The local nominee is Nickie Sanchez, a senior at Basic high school. Nickie has exhibited outstanding records in academics, extra-curricular activities as well as civic and church activities, and at the same time has a part-time job.

The award is based on both academic and financial need. LaSertoma is the ladies auxiliary of the Sertoma organization. This stands for service to man, and both groups are deeply involved in various projects to help others, primarily the youth.

The Housing Authority of Clark County, which will meet Thurs., March 29 at 4 p.m. in the administration building on E. Flamingo, will discuss a resolution certifying that the aggregate gross rent of families residing in conventional low-rent public housing projects and not less than amount equal to one fifth of the sum of family income of all such families.

The housing board will also discuss one or more resolutions relating to application for \$150,000 in modernization funds for replacement of temporary health clinic at Landsman Gardens.

I WONDER WHERE HENDERSON WENT? --- Driving toward Henderson from Las Vegas the other morning, the "white cloud" had completely covered Henderson. However, when you got to Henderson and looked back, a dark brown cloud hung over Las Vegas. You can choose your color.

A water outage hit the Section 27 area of the city Sunday, and city officials attributed it to the sudden increase in water usage on the nice weekend.

City Manager Bob Campbell said he had authorized "full speed ahead" on completing the one million gallon water tank near Horizon Drive which will service the Section 27 area and Mission Hills.

The water outage was the first real problem experienced in the area since last summer and steps are being taken to eliminate the problem. The problem will be eliminated through two ways, one, the completion of the new reservoir, and the other to place a pressure regulator near Wagon Wheel Drive.

Campbell said the residents experienced a short outage Monday morning when the water usage was again high, but that the area will be serviced water from two directions and the problem should be eliminated. Crews on the water tank construction and the regulator have been authorized to work overtime on the project to eliminate the problems.

"We realize the aggravation the people have experienced," Campbell said, "but hopefully it will be corrected in the next few days."

### Smitty Chandler Named Cancer Crusade Chairman

Smitty Chandler, Henderson residential Crusade Chairman for the American Cancer Society has announced the kickoff celebration for the Crusade will be held at 7 p.m. Wednesday March 28 at the Eldorado Club. Volunteers and local

residents are invited to attend the kickoff which will include a film presentation and honored guests.

"Mayor Williams will present a proclamation declaring April the ACS Crusade month at the kickoff," stated Chandler. May Burns Clark

County Crusade Chairman will also attend the celebration.

The inspirational film for the 1979 Crusade the story of Tom Harper will be shown. Harper was at Annapolis in 1973 and a member of the Navy football team when he became ill with cancer

of the abdomen. After undergoing rigorous treatment with surgery, Tom planned his return to the Naval Academy, to football and to life.

"Harper's story of success in his fight against cancer is what we all work together to accomplish," stated Chandler.

## Two Local Men Enter Mint 400

Ken Freeman and Joe Hill of Henderson have entered the 1979 edition of the grueling 1979 \$100,000 Mint 400 Desert Race to be held in Las Vegas, April 26-29.

The Nevada residents will compete in the tough class 9 division for Limited Dis. Single Seat type vehicles. Sponsorship for this effort comes from Freeman Carpet. The Mint 400 is considered to be the richest and most prestigious of off-road events. Freeman and Hill will drive a Funco ssi as they aim for a

share of the more than \$100,000 purse and an equivalent amount in manufacturers' contingency money.

The race, which consists of four 100-mile laps, will be run over a variety of terrain in the treacherous desert north of Las Vegas.

Pre-race activities are highlighted by the technical inspection of the vehicles which takes place on Fremont Street, April 27. Racing enthusiasts have an opportunity for a close up view of these

highly specialized vehicles their drivers, as they move along contingency row through the day and into the night.

Entries have been received from throughout the U.S., Canada, Mexico and Japan. Speed King, Mickey Thompson, was the first official entry received at racing headquarters for the seventh consecutive year.

For more information, write; Mint 400 Racing Headquarters, P.O. Box 2160, Las Vegas, NV 89101.

TO OPEN OR NOT TO OPEN?

## Westworld Hits a Snag

If the Nevada Gaming Commission was to allow a resort to operate gaming while the prospective licensees were still undergoing investigation of suitability, it could set a precedent for others to follow, maintained gaming commissioner George Swarts as he stood adamantly by his decision to deny Old Vegas or Westworld, as it is now called, permission to operate 90 slot machines at the family resort without a gaming license investigation.

Las week officials at the newly built Westworld were saying the family park had been closed temporarily for alterations and would be opening again in April.

The recent denial by the Commission could mean the resort will remain closed until the gaming license is approved - which could take two months or more.

Television producer Burt Sugarman of Los Angeles and Mexican financier Gabriel

Alarcon, Jr. of Mexico City have put \$2.5 million in escrow to obtain controlling interest in the Old Tucson Corp., which owns 80.4 percent of Old West Corp., the operator of Westworld.

The two asked the commission to waive procedure and allow them to operate while an investigation of "suitability" requirements is being made.

Nevada Gaming Control Board chairman Roger Trounday said this amounts to temporary licensing for which there is no provision in Nevada Gaming statutes.

Swarts said he could not understand what the emergency was since the board expects to have its investigative report ready for the May commission meeting.

The Nevada Gaming Control Board had recommended against the establishment operating gaming until suitability requirements were met and a vote to overturn the board's recommendation had to be unanimous.

The final vote was 3-2 with Commission Chairman Harry Reid, Clair Haycock and Walter Cox voting in favor of Sugarman's request while Swarts and Jack Walsh voted against it.

Sugarman, who produces such shows as the Midnight Special and Celebrity Sweepstakes, said that without the gaming which takes up half the space at the resort, there

is only the restaurant and other attractions to entice tourists to visit the facility.

"Without it, it wouldn't make much sense to open," he said.

He was also concerned that the public might interpret a license denial as that of the new owners being of questionable character.

"The general public does not know what licensing procedures are all about. I didn't until a few months ago," Sugarman told the commission. "The lay person attaches a stigma to license denial and I think that will hurt us," he said.

Later Sugarman said he would be meeting with other members of the board of directors along with Old Tucson president Robert Shelton in a few days to decide when and if the resort will open during the interim.

Yesterday Mark Kempner, Westworld Marketing Manager, said they are awaiting the arrival of Walt Carter who will be the general manager of the park.

Carter will be arriving in Henderson April 1 and "as he is very vital to our operation, we are waiting for input from him," Kempner explained.

"Right now things are pretty much up in the air and as yet no conclusion has been reached although several meetings have been held here, in San Diego and in Los Angeles."

## Basic Coed Found Dead

A 15-year-old Basic high school sophomore was found dead at her residence at 1207 Toledo Sunday afternoon at 3:45, according to Henderson Police.

Colleen Rawson was found by her mother. There was no indication of trauma. The death is being investigated by the Coroner's office.

## Building Department Asks: Are you Owner - Builder or Contractor

The following is a brief explanation of the interpretation of the owner-builder clause in Nevada Revised Statute 624.

The Statute was enacted by the Legislature with an exempt section. This section, namely, NRS 624.330, lists all of the individuals and situations which are exempt from requiring a contractor's license. Paragraph four (4) of the exempt section, states that, "This chapter does not apply to owners of property building or improving residential structures thereon for the occupancy of such owner and not intended for sale." The meaning of this exemption is that an owner of residential can execute an owner-builder permit at a local building department and construct his own home if he intends to occupy the home and does not intend to sell the home prior to occupancy. If the owner-builder executes an "owner-builder" permit, and does not occupy the home prior to sale, then that "owner-builder" may be in violation of NRS 624.230, "Engaging in Business Without a License" and

falls within the definition of NRS 624.020 (2) "Contractor Defined."

If an "owner-builder" executes an owner-builder permit and builds a home for the purpose of creating rental income, the "owner-builder" would be constructing income property and not his personal residence and therefore require a contractor's license.

It is also an interpretation of this office that "occupancy" can not be achieved by an "owner-builder" unless:

1. The deed of the property is in his name.
2. The mortgage, if needed, is in his name.
3. The life supporting utilities are "hooked-up" in his name.
4. The certificate of occupancy is executed in his name.
5. The notice of completion is drawn in his name.
6. Physical occupancy of the home by the "owner-builder" in a manner which would constitute a life style that meets the standards of the "owner-builder".

The statement that this office is requesting the local

Building and Safety Departments to have "owner-builder" sign, is a form that merely informs the owner-builder that there is a State Law that prohibits speculation or "income" building without first having a proper contractor's license pursuant to the provisions of NRS 624.

In the event that an "owner-builder" does not desire to sign the Statement, the state law does not compel him to do so; however, this should be related to the State Contractors Board in the same manner as the information on the owner-builder that signs the statement.

This office maintains a check on the owner-builder progress and if the home is placed on the sale market prior to "occupancy", then a criminal misdemeanor complaint is filed with the District Attorney's office against the "owner-builder".

If there are any questions regarding the above, please contact this office.

## Local Leaders to Lobby for early

### I-15 Completion

An early summer meeting with Nevada's two senators and one representative in Washington, D.C. is being planned by city community leaders to lobby the state's delegates for construction of the proposed East leg of Interstate 15; the director of the Chamber of Commerce has announced.

Last week a group including Chamber director Gary Johnson, Fr. Caesar Caviglia, Chamber president; Mayor Lorin Williams; Councilman Phil Stout; and local insurance man Lou LaPorta, journeyed to Carson City to appear before the State Highway Board to secure support for the freeway project.

The group was joined by East Las Vegas Town Board member Pat Cassidy, Boulder City Councilman Bob Ferraro and Boulder City chamber president Elmer Radig.

The Carson City hearing was successful to place a No. 1 priority status for the freeway project, Johnson said.

The group was also success-

ful in securing a \$1.8 million for the purchase of right-of-way acreage, in addition to moving up freeway design hearings five to six months earlier than previously scheduled.

The 28.2 mile east leg of I-15 is planned for completion by 1995. The freeway will extend from downtown Las Vegas to Boulder Highway near Sandhill Road, then to Sunset Road, southeast through Henderson and on to Railroad Pass, according to Highway department plans.

The efforts of the group in expediting the freeway design and right-of-way purchase will push the completion date up two or three years, according to Johnson.

The purpose of the Washington trip is to secure the support of Nevada's Congressional delegation in the allocation of federal funds for the right-of-way purchase, Johnson said.

Matching federal funds will make up 90 percent of the project's financing.

## Proclamation

WHEREAS, the tragedy of cancer is all too well known to millions of Americans because of the grief that accompanies it; and

WHEREAS, there are few families in Henderson that have not been affected by this dread disease; and

WHEREAS, the American Cancer Society has proposed a month of effort aimed at cancer prevention through National Cancer Month; and

WHEREAS, it is the belief of the medical profession that cancer is curable, if detected and treated in its early stages and that this practice would result in the saving of millions of lives each year;

NOW, THEREFORE, I, LORIN L. WILLIAMS, Mayor of the City of Henderson, Nevada, in support of the American Cancer Society's National Cancer Month effort, do hereby proclaim April 1 through April 30, 1979, as:

NATIONAL CANCER MONTH

in and for the City of Henderson and urge that during that month all residents of the city commemorate this observance with appropriate activities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Henderson to be affixed this 20th day of March, 1979.

## Basic Golfers Ready for Conference Play

The boy's varsity golf team from Basic has shown itself to be the team to beat this season in Southern Nevada prep golf with a 5-0-1 pre-conference early season record.

This is another year in which Basic, the defending state AAA champions, have set the pace for the other Las Vegas schools - their best team effort coming just this past Thursday, a 195 or 39 stroke average, in a practice round following a forfeit win over Vo-Tech's Roadrunners.

This low team score is but one stroke better than Western's 196 op-

posite Valley in their last Thursday's matchup. Valley is the team which accounted for Basic's one tie so far when the two schools knotted at 203 last Tuesday.

The Wolves will be meeting Western High this afternoon at the Las Vegas Municipal Golf Course in a match which from the two team's performances thus far suggest it to be one of the closest and toughest this season will see in interscholastic golf.

Basic will be counting on low scores in this regular conference play opener from Russell

Sloan, a senior state defending champ, as well as, from senior Tom Smith, juniors Ed Thurow and Luke La Porta, and sophomore Roy Cummins.

La Porta, Cummins, and Sloan have all shot in the 30's this season over nine holes, scoring as medalist for Basic, and coach Dennis Smuskiewicz feels that his entire squad is playing better with every round. He fully expects to best Western's Warriors whom he sees as Basic's real threat in this year's schedule. Play begins at 3 p.m. today.

### Burkholder Sports

The Jaguar girl's volleyball closed out their '79 season last Thursday afternoon with a three game victory over Cashman junior high school, taking a 9-15 defeat in their opener but bouncing back with two in a row 15-10 and 15-1 to take the match win.

Burkholder, slow in getting their offense going, was behind 5-7 in the second game before they achieved their shift in momentum which brought them the second game - a victory which gave them the confidence to go on in the third game with a blow-out over Cashman emphasized by seven straight service points from Chris Welendorff. The girls' team

finished the season with an 8-4 overall record, having posted 4-2 marks in both the preseason practice games and the regulation contests, losing to Bridger and Boulder in the early going, and in the regular season falling again to the Eagles and then to the Longhorns of Woodbury who topped the division with an undefeated season to qualify for the post-season county tournament opposite Hyde Park junior high.

The boy's softball team unfortunately experienced defeat at the hands and bats of Cashman 7-1, as the team got its fielding smoothed out but couldn't get the hitting to go with it, though the bases were loaded twice during game in

situations that Burkholder was unable to capitalize on. The Jaguar's single score came from a Richard Loyd RBI shot driving in Buddy Swartzenberg who reached base on a

solid single. The remainder of the Jaguar boy's season play will be determined by their success opposite Boulder in Monday's rescheduling of last week's rainout and whether

Bridger's Falcons can knock off Cashman as well to create a three-way tie for the top spot which will meet the other divisional leader for the county championship.

## Henderson Sandpipers Record Top Swim Times

Members of the Southern Nevada Sandpipers from Henderson have been turning in some excellent times and meet finishes in the past few weeks, as the team has traveled to Redlands, Calif., last weekend for a big meet and then participated in a developmental meet at UNLV this past week.

At Redlands all the members of the team posted their best times of the season so far,

especially Todd Drietzler who took firsts in all six of his events. Wendy and Cindy Martin as well as John Woolridge also had excellent times.

In the developmental meet coach Greg Sorch reports John to have cut two seconds off his previous best time in the 50 freestyle to take first place in that event while placing second for the 50 butterfly by cutting five seconds off his previous best for a 47.4.

### Varsity Edged Twice

The varsity girls played well in two games last week but ended up being edged in the final inning in both contests - Friday in a homestand opposite Bonanza and on Saturday in a makeup game with Eldorado which was delayed from last week due to rainy weather.

The Wolves stood tied 7-7 at the end of regulation play with Bonanza on Friday just to suffer a fourteen run barrage in the first extra inning, to

which they could only respond with one tally losing the decision 21-8.

In their Saturday game with the Sun Devils the Basic girls held the advantage 8-7 going into the bottom of the seventh just to have Eldorado score two last inning runs on them to take the contest 9-8.

The 0-4 varsity will be hosting rival Boulder City this afternoon while the junior varsity will travel to Boulder to take on the Eagles. The junior

Other good swims came from Bill Futrell who took a first in his age group for the 50 freestyle with a 30.5 clocking. Dana Sheehan picked up a girl's 13-14 age win in the same event with a 29.9.

Wendy Martin among the nine and ten year old girls took several thirds and fourths while Wendy Smith turned in other good times and Leslie Bradberry in her debut with the thirteen and up girls swam excellently.

## Basic Surpasses Valley in Swim Meet

The Wolves swim team ran up a 95-64 advantage on Valley High School Wednesday last to take the win over the Vikings and run their conference record to 2-0.

The Aqua Wolves were powered to their victory by a double win from Mark Hillstead who achieved dual victories in the 50 yard freestyle with a time of 26 seconds flat and in the 100 breast stroke, touching in at 1:09.2.

The Basic team received a big boost from their divers who scored a 1, 2, 3 sweep of their event led by Tracy Ware's first place 190.85 total.

In another swimming event on Thursday the Aqua Wolves raised

pledges of 2,086 dollars thru their Swimathon. The funds will go for equipment and meet expenses for the team.

The highlight of the Swimathon, which saw Ronnie Miller and Larry Hague break the old record of 125 laps plus 47 contributed by diver Robin Jette, was a 200 individual medley race between Ronnie Miller and one-time college swimstar "Rocket" Dan Cahill which saw Ronnie just touch out the coach.

However, everyone agrees that the rematch will be tough for both swimmers. Congratulations to the Aqua Wolves on their successful Swimathon. The Wolves take on Gorman in a 3 p.m. dual tomorrow.

Bassett

With her two brothers,  
this woman was con-  
sidered to be a member of  
the American theater's  
Royal Family, and cer-  
tainly she was a queen in  
her own right even when  
she performed in com-  
edies such as Captain  
Jinks of the Horse  
Marines in 1901, her first  
success. She came from a  
long line of professional  
performers and began ac-  
ting herself at the age of  
15. Her talent never sub-  
sided; at 43, she cap-  
tivated audiences and  
critics with her convinc-  
ing portrayal of Juliet,  
Shakespeare's teenage  
heroine. And, after a  
graceful transition from  
stage to Hollywood, this  
actress won an Oscar at  
the age of 65. Who was  
that lady? Ethel Bar-

**Basic Baseball Achieves Splits**

Both the varsity and junior varsity Wolves baseball teams scored splits this past week as each was defeated by Western on Friday afternoon but in both cases managed to come back on Saturday with wins over Vo-Tech, the varsity with a no-hitter off the arm of Bubba McLemore and the junior varsity with a 7-3 decision which saw Reid Wilke stand the mound.

In the game opposite Western, Danny McCall threw a shutout except for an attempted pickoff throw at second which turned into an error allowing the Warrior runner to turn third and score - a third inning tally which stood up throughout the contest as the only run, giving the Warriors the win.

The Wolves were unable to tie despite posting a man at third in each of the last two innings. In the sixth Greg Gammon was thrown out at the plate and in the seventh Billy Kephart was stranded at third as the next three Basic hitters could add nothing to his opening triple.

Opposite Vo-Tech the game belonged to Basic pitcher Bubba McLemore as he struck out seventeen Roadrunners missing the shutout on a walk-steal-passed ball

combination which scored Vo-Tech's only run in the Wolves' 12-1 victory. However, McLemore did persevere the much more difficult no-hitter.

Basic was powered at the bat by Mike Ashe's 2 RBI homer, a 2 run triple by Tommy Garvin, a triple from Greg Gammon, and a single by John Perry which turned into a homer on Roadrunner errors. Perry Smith also added a three bagger for Basic.

Junior varsity action saw the Wolves go down 9-6 to Western despite good pitching by Kevin Simms, a 2 RBI triple by Joey Montoya, dual hits by Bryce Carr and a sound single by Kenny Ashe - fielding errors being mostly accountable for the loss.

Joey Montoya was again the good hitter for the Wolves in Saturday's game opposite Vo-Tech. His second 2 RBI triple in as many days backed up Reid Wilke's good pitching as good base hits again by Kenny Ashe and by Vince Kelley.

Timely walks given up by Vo-Tech also assisted in setting up the 7-3 win for Basic. Both teams are scheduled for makeups with Chaparral on Tuesday and then will take on Gorman on Wednesday.

**Junior Varsity Girls Score Win**

The best effort by a Basic softball team so far this season came last Friday afternoon as the junior varsity girls overwhelmed Bonanza 24-9 on the strength of Robin Reeves' home run and a controlled game at pitcher from Julie Richards who also supported the win with two hits at the plate.

The game was close up through the beginning of the fourth inning with the score standing at 7-5. Basic. However in the later going the Bengals had control problems at the pitcher spot which loaded up the bases several times with walks for Basic. The Wolves' girls made good use of the opportunities with key hits. Meanwhile good play from Reeves at short and Donna Parrott in the outfield with clutch stops to hold down Bengal scoring.

**Homes Wanted for Up With People**

The Henderson Parks and Recreation Department is offering an unique opportunity to a selected family from March 25 through April

12: The City of Henderson is hosting the only Southern Nevada performance of UP - With People this year, and in cooperation with the Parks and Recreation Department UP - With People is offering a week's visit with a young student who will be performing April 11 and 12 at the Civic Center Auditorium.

If you are interested in housing one of these

students for a one-week period, either March 25 thru March 31 or April 1 thru April 7, please telephone or write the Henderson Parks and Recreation Department at 243 Water Street, Henderson, NV or call 565-8921 ext. 34. Please be prepared to submit age of family members, address and availability of referral follow-up.

We'll be looking forward to hearing from you.

**Cancer Society Kick - Off Slated**

The Henderson volunteers who will be helping the annual April Crusade will be attending a Kick-off at the Eldorado Club on Wednesday, March 28 at 6:30 pm.

The Kick-off program will include a film presentation of the 16 minute color film title "Tom Harper", a story of a young man who entered the naval academy only to discover he had cancer. The film documents his battle with the disease. Additional instructions will be given to the volunteers on their areas to call on. Generally, the crusade

ers are assigned homes in their own neighborhood or street for them to take pamphlets outlining the warning signals of cancer and the methods for detecting and preventing the disease.

The door-to-door drive will run from April 1-16th. Specials guest to attend the kick-off were not confirmed as of press time.

Smitty Chandler is serving as the Crusade Chairman and Juan Sotomayor is Co-Chairman for Henderson.

**Thinkers Are Sinkers**

The University of Pennsylvania is usually thought of more for its Ivy League academic reputation than as a national collegiate basketball power. But over the past 10 years, Penn has ranked with the best in basketball.

The top five teams in NCAA Division I basketball during the past ten years' stack up this way in worst lost records:

1. U.C.L.A.-277-23 (923)
2. Marquette-251-38 (879)
3. North Carolina-213-61 (792)
4. Kentucky-227-62 (785)
5. Penn-213-59 (783)

It all goes to show that the Ivy League can effectively combine athletics and academics, and still produce top-flight winning teams. Good thinkers can be tops as basketball sinkers.

## Darlene Trueworthy Elected New XI Sigma President

Xi Sigma's Election of Officers took place at the home of Gail Neilson on March 1. Darlene Trueworthy was elected

President for the upcoming 1979-80 year. Darlene has been a member of Xi Sigma for 2 years and is currently Vice Presi-

dent. Other members of the newly-elected Executive Board are Torrie Anderson, Vice President, Lee England, Recording Secretary, Pat Rawson, Corresponding Secretary, Linda Wilkie, Treasurer, and Jacque Dillard, Extension Officer. Members elected to serve as City Council Representatives are

Anne Huggins and Colleen Hunley with Wanda Johnson and Sandi Sager as alternates. Congratulations to the new officers! Well, it's that time of year again. We're rushing new members! Our Hobo Rush Party was held March 17 at Kathy Fuson's home. Our guests for the afternoon were Sue Cahill, Carolyn

Guinn, Terry Lange, Jerry Lomprey, Terry Smith, Betty Stewart, and Christy Winlow. Everyone dressed for the occasion -- especially Jerry Lomprey who won the "Best Dressed Hobo Award" which in this case was the worst dressed hobo. Her prize what else but a bar of soap.

After all the crazy games, members and guests relaxed and feasted on homemade soup and we even got to assemble our own sandwiches. Members attending were Torrie Anderson, MariAnn Blockovich, Jacque Dillard, Lee England, Linda Foster, Kathy Fuson, Patti Hester, Colleen Hunley, Colleen McGinty, Sharon Thornton, Sandi Sager, Ann Towery, Darlene Trueworthy, and Linda Wilkie.

We hope our guests enjoyed the party as much as we enjoyed having them. We also hope to see them all Thursday night when we will be having our Model Meeting.

### The Loch Ness Monster

The search still goes on today for the world famous Loch Ness monster -- a creature first mentioned in the year 565 A.D. by St. Columba, who described it as a "fearsome beast, something like a huge frog yet not a frog."

Since then this supposed dweller in Scotland's Loch Ness lake has purportedly been seen by many people, including ministers of the Church of Scotland, Roman Catholic monks, divers, tourists and scientists using submarines, echo sounders and other sophisticated equipment.

The monster is known in Scotland as Nessie, but some scientists feel there is not just one monster, but a whole family of them living in the

## Juan Sotomayor Joins Cancer Effort

Juan Sotomayor, who resides at 605 Fairway road with his wife of 33 years, Sue, and their son, Juan Ricardo, has been named Residential Co-Chairman of the American Cancer Society April Crusade. Juan who retired from 33 years in the Air Force in 1977 is presently with Massachusetts Mutual Life Insurance. The Sotomayors have lived in Henderson since September of 1975 and intend to spend the rest of their

days in our community. The Sotomayors are active in community affairs with Juan a member of Kiwanis. Let's take Action Against Crime, and youth programs such as the Boy Scout Explorer Olympics. Sue was a door-to-door crusader for the Society in last years effort and also is Vice President and Program director for the Retired Officers Wives Club.

Make A Difference' pamphlets which tell how to prevent and detect cancer's early signs. It is hoped those who receive the pamphlet will take time with their families to read them and become familiar with the 7 warning signals of cancer. The most effective control of cancer is early detection and prompt treatment. Volunteers will also be accepting donations to the Society to continue its service to cancer patients and their families and to aid in funding vitally needed continued research.

A kick off for all those participating in this years Crusade will be held at the Eldorado Club Wednesday evening at 7 p.m. Juan Sotomayor may be reached at 565-7371 or 873-2500.

### Exercise Important To Weight Control

Health Surveys indicate that many people are gaining weight or staying overweight on relatively moderate calorie intakes. Although overeating is probably the major cause of overweight, physical inactivity contributes greatly to the problem. There are a few encouraging signs that desire for fitness, or health-consciousness, is replacing simple weight-consciousness in the minds of many Americans. There is growing awareness that a sedentary way of life can contribute to degenerative disease of the arteries and to obesity and its potential complications, most notably, diabetes, says a new pamphlet from the American Medical Association. There also is a growing preference among Americans for a

healthy, physically fit appearance. Emphasis is on condition. Body, skin and hair that are in good condition are widely regarded as necessary for good looks. You may feel too lazy to get started on a physical fitness program, but it's probably the lack of exercise that makes you feel that way. On the other hand, you may think of yourself as active or energetic because you are always busy—too busy to take time out for vigorous exercise. Some of the busiest people in the world have found time for jogging, tennis or morning calisthenics. There are all sorts of guides to simple home exercise programs. Or there is jogging or other such activities. Or regular participation in active sports and games, such as handball or tennis. If you are over age 30 or are unaccustomed to vigorous exercise, consult with your physician before starting a program. But, if you want to maintain good health and to keep the excess pounds off, a regular, vigorous exercise program is a must. For the rest of your life.

### C.P. National Announces Earnings

CP National Corp. today issued a report of its consolidated results for the fourth quarter and 12 months ended Dec. 31, 1978.

According to CP National net income available to common shareholders for the quarter amounted to \$26,000, or \$0.02 per common share, based on total revenues of \$20.5 million. In the same quarter of 1977, net income available to common shareholders amounted to \$1.1 million or \$0.68 per share, on total revenues of \$18.6 million.

Net income available to common shareholders for the 12 months ended Dec. 31, 1978 was \$2.2 million or \$1.29 per share, based on total revenues of \$79.7 million. For the 12 months ended Dec. 31, 1977, net income available to common shareholders was \$3.1 million, or \$1.91 per share, on total revenues of \$75.1 million. The fourth quarter and 12 months data for 1977 have been restated to reflect a prior year federal income tax adjustment.

Earnings were calculated on the basis of 1,682,214 average shares outstanding for the 12 months ended Dec. 31, 1978 and 1,600,023 average shares outstanding for the 12 months ended Dec. 31, 1977.

The company said revenues from its energy group's operations posted a 10 percent increase in 1978 over 1977. CP National's energy group provides electric, natural gas and water service to customers in Oregon, Cal., Nev., Utah and Arizona.

CP National said its telephone group's revenues in 1978 were four percent above 1977. The telephone group serves customers in Cal., Ore., and Nev.

The company noted that revenue recovery of energy costs remained relatively stable during 1978. CP National then explained other pretax operating costs increased by 20 percent but said it was unable to obtain adequate rate relief during the year to offset those increased costs.

CP National said its telephone groups' operating expenses in 1978 were 14 percent above 1977's. An extensive study of telephone property records re-

sulted in proposed adjustments to telephone property accounts accompanied by increased depreciation for the year.

CP National stated its interest-expense for the entire company rose 15 percent as a result of its increased short term debt position coupled with higher short term interest rates.

During the fourth quarter of 1978, adjustments to estimates relating to prior years and to prior 1978 quarters were made to energy cost balancing accounts, income tax expense, telephone toll revenues and other accounts which reduced fourth quarter net income by approximately \$690,000 or \$0.41 per share.

## "It's a place you feel secure in."

At Desert Springs Hospital, we work to see to it that our patients are treated with the same personal attention they would receive at home. It's reflected daily in our staff. And it's our parent company's philosophy — the Charter Medical Corporation way — that's used in our 13 hospitals throughout America.

From the volunteers and therapists, to our nurses and physicians. It's the Desert Springs personal touch that says, "We care."

Our general medical and surgical facilities include:

- 24-hour Emergency Suite with doctor on duty.
- Coronary and Intensive Care facilities.
- Extensive Diagnostic X-Ray Department for in-patients and out-patients.
- Operating rooms fully equipped to perform a full range of procedures, including open heart and neurosurgery.
- Respiratory therapy.
- Physical therapy.
- And more.

The Desert Springs difference. Why more Southern Nevadans point to us with confidence.

# Meet Joi Flasko . . . Another Young Boulder City Person Moving Ahead

Joi Flasko, a vivacious 17 year old Senior at Boulder City High School, recently learned that her essay on problems of the handicapped had been chosen as top entry in the state of Nevada.

She was notified of her success in a letter from Nevada's Gov. Robert List. "I am please to inform you that you are the first place winner in Nevada in the 1979 Ability Counts Report Contest which is sponsored by the Gov. Committee on Employment of the Handicapped," the Gov. wrote.

"Your excellent report shows that you have a keen awareness of the needs of the handicapped as well as some solutions to problems confronting this new minority," the letter continued.

For her quality efforts, Joi received a \$100 U.S. Savings Bond ... and an all expense paid trip for two to Washington D.C., for five days. During her visit to the Nation's Capitol, she will attend the annual meeting of the President's Committee on Employment of the Handicapped. Her mother, Madge will accompany her on the trip. "Surprised and pleased" are the words Joi used to describe her feelings at the honor given her efforts.

Visiting the capitol will be a "first" for the energetic student and she's thrilled at the prospect.

A member of the

Joi Flasko

B.C.H.S. Honor Society and the Quill and Scroll, she is also serving as the B.C. Rotary Club's Student Correspondent for the 1979-80 school year. Future scholastic aims include enrolling at the University of Nevada, Reno, where she will

major in Farm and Ranch Management and minor in journalism. Joi has one all consuming hobby ... horses. She's been involved with horses since the tender age of four and currently owns two quarter horses at the B.C. Corrals.

Joi Flasko ... another of Boulder City's young people "on the move."

The NEWS congratulates Joi on her award winning essay and on her positive, active spirit and enthusiasm.

## A Ramp is a Step Ahead

By Joi Flasko

I found this essay particularly interesting, because I have never really thought how it would feel to be handicapped. People generally don't realize just how much they should appreciate each arm, leg, finger and toe they have. In writing this essay, I will look at my school as if I were handicapped and take a normal school day, placing myself in a wheelchair and see just how much trouble I have.

My wheelchair is not powered, so as usual, I wheel myself to school. Because of crowded conditions, I have to get to school early in order to get to class on time. Even the city of Boulder is not equipped for the handicapped, giving me a lot of trouble up and down curbs. Because of the uneven sidewalks, my ride to school is bumpy and my muscular arms are tired.

When I was new at school, everyone stared at me, but now most of the students are my friends

and I am seldom made fun of. For some unknown reason, people speak loudly to me. I'm not deaf-I just can't walk. Somehow they associate my legs with my ears.

Now that I am at school, I have to get a friend to help me at my locker and my first class. The corridors are narrow and enclosed. I can barely squeeze through the divided opening and have to compress my wheelchair to do so. My locker is up high, making it difficult to reach. The numbers on my combination are small, making it hard to get right. This is why it helps to have a friend with me. If I don't keep the books in my locker straight, they often come tumbling down, on top of my head.

Next I go to class. The door knob is raised, and attached to a very heavy door that is hydraulically hinged, so it swings shut. Here again, the doorway is very narrow and there is a ledge the size of a miniature curb. I see students trip over it nearly everyday. I can hardly manage without some ki-

nd of assistance. When the weather is nice, the door is often left open for me.

My first class went fine and now I'm on my own. Because of the crowds, I just don't have time to go back to my locker, so I have to get all the books I need in the morning.

During my second-class we have to go to the school library to do a report. Once in the past, this was very embarrassing for me. I felt dumb to ask someone to reach a book for me. In trying to get it myself, I pulled a whole bookcase over on me and was taken to the hospital for a concussion-not to mention the wheelchair expense. I am no longer afraid to ask for help, after facing the fact that I have to depend on others for help sometimes. Before leaving the library, I thought, "It's a good thing I'm not blind, because there is absolutely no braille."

If, during a day at school, I need to use the restroom it's just too bad. The lightswitch is too high, the

doorway too narrow. I can't fit my chair into the stalls, and last but not least, after washing my hands and having water run down my arms, I can't reach the towels.

I'm lucky I don't have classes after lunch, because we only have a 50 minute break, and there is no cafeteria. Even with transportation, I would surely be late. If I had to, I could resort to a back lunch.

To close my day, I am going to a basketball game. The steps to the gym really give me a bad time. The crowd is terrible. Where will I park? During the game, people are walking in front of me and bumping into me. I can't see anyway, so I think I'll just leave.

I'm really worn out by the time I get home, but it is late and I sleep good.

That is what I imagine a "handicapped school day" would be like here at B.C.H.S., where a ramp really would be a step ahead.

**INEXPENSIVE WINES**  
The trick for most wine fanciers is getting the very best wines at the lowest prices. Here are some great wines for a variety of purposes and foods, all under \$5 a bottle:

In the red wine category Inglenook Petite Sirah is a really good buy at \$3.75, an excellent red table wine to serve with a lamb or beef dish. For a steak supper, Simi Pinto Noir 1974 is the ideal complement, a classy wine with a down-to-earth price tag, about \$4.50. Italian Swiss Colony Cabernet Sauvignon is a really great buy in a red table wine at about \$2.00 and you can't beat the price of this wine producer's Zinfandel, about \$1.50, both are very enjoyable wines. Another excellent red wine which is also an excellent buy is Almaden Monterey Ruby Cabernet, a hearty red that's good with any hearty meat dish; it costs \$3.00. Sebastiani Zinfandel 1976 is another good \$3.00 wine, and Robert Mondavi Gamay at \$4.25 is an elegant wine at a surprisingly low price.

Among the best of the good buys in white table wines is Gallo Sauvignon Blanc at \$2.19 a bottle. Sebastiani Chardonnay which just barely qualifies for the inexpensive wine price at exactly \$5.00 a bottle, is a great dry white wine which makes an excellent choice for simple seafood and fowl meals with light sauces and seasonings. Another good dry white is Los Hermanos Chardonnay at \$3.25 per bottle. Sweeter white wines at good prices include Paul Masson Chenin Blanc at \$8.50 a bottle and Almaden Gewurztraminer for \$4.00. A good white table wine to go with light meat in cream sauces is the incredibly inexpensive Italian Swiss Colony Chenin Blanc at less than \$2.00.
