Henderson, Nevada

FOREWORD

"It is delightful to transport one's self into the spirit of the past, to see how a wise man thought before us, and to what glorious height we have at last reached."
—Goethe

ALL OF US, regardless of age, refer to the past quite frequently. To us, this year is very special because it marks Basic's twenty-fifth year—our silver anniversary.

AS WE LOOK around us, we can only marvel at our modern surroundings and the transformation that has brought us from the obscure school, struggling for existence, to the established institution that we know today.

WE LOOK AT the opportunities that are afforded us through a complete and far-reaching curriculum; no longer are we confined to the "THREE R'S." As we walk around our campus, we experience keen awareness of the modern innovations in our learning; classes are using methods and equipment that didn't even exist a quarter of a century ago.

WE PAUSE TO think of the traditions and customs that have come to mean so much to us. When we look at the strong, silent "B" on Black Mountain that symbolizes the strength and security of our school, we can't help but be overcome with pride and feel a deep gratitude to the founders of Basic High School.

THE EL LOBO Staff of 1967 presents to Basic High School the memories of these past years as we remind you to "LOOK FORWARD WITH HOPE AND BACK WITH PRIDE."

Henderson Sept. 11, 1941, just before groundbreaking

The Product Of War . . .

IT IS DIFFICULT to believe that Basic High School, as we know it today, modern, well-known and highly thought of was once an obscure, make-shift organization. It was. Just as all things of worth require hard work and patience, so did Basic High School. This is her story:

ON SEPTEMBER 1, 1939, German troops invaded Poland. Two days later, England and France declared war on Germany. Thus, World War II began, and the production of magnesium assumed a vital importance all over the world.

IN MAY, 1940, the United States Office of Production Management assured Basic Magnesium Incorporated (BMI) officials that a magnesium plant would be constructed in Nevada on two-thousand acres of land in the uninhabited desert below Black Mountain.

IN 1941, BMI was under construction and the town of Henderson was being formed.

PEOPLE FROM ALL over the United States came to Henderson. The new plant needed skilled workers. These workers brought with them their wives and children. There was a definite need for churches and

schools. They were built. The actual construction of the high school was begun in August, 1942, and the buildings were completed in October of the same year. The first unit consisted of eight rooms, a combined gym and auditorium, and a small library.

BASIC HIGH SCHOOL was known as the Townsite High School, and was originally part of the Railroad Pass School District.

BECAUSE IT EMERGED from an emergency situation, Basic was a far cry from the Gothic Schools that many of her students were used to. However, Basic in her own way developed a beauty which is hers alone.

BY 1945 BASIC was emerging from an obscure little school into one which would rank with other established schools of the area.

ESTES McDONIEL, the young and inspiring coach, was building up the athletic abilities of the students. The boys were relatively inexperienced, and the task was not an easy one. But with constant effort, patience, and faith, Basic had her first football team, and the dream of the Basic High School Wolves became a reality.

Henderson, 1966, twenty-five years later; the third largest city in Nevada

. . . A Tool for Peace

WHEN THE WAR ended, Henderson was three years old. The plant workers moved away and the population decreased. Indications were that Basic High School would be ended. All the hopes for Basic were quickly dissolved, and it was thought that she would be classed as just another war surplus.

HOWEVER, DUE TO the farsightedness of private industry, the Reconstruction Finance Company, and the then Senior Senator, Pat McCarran, the town of Henderson was saved. Thus Basic High School was destined to become one of the West's finest schools.

BY 1950, THE school officials realized that the school was inadequate and that bigger and better facilities were needed to satisfy the demands of the growing population.

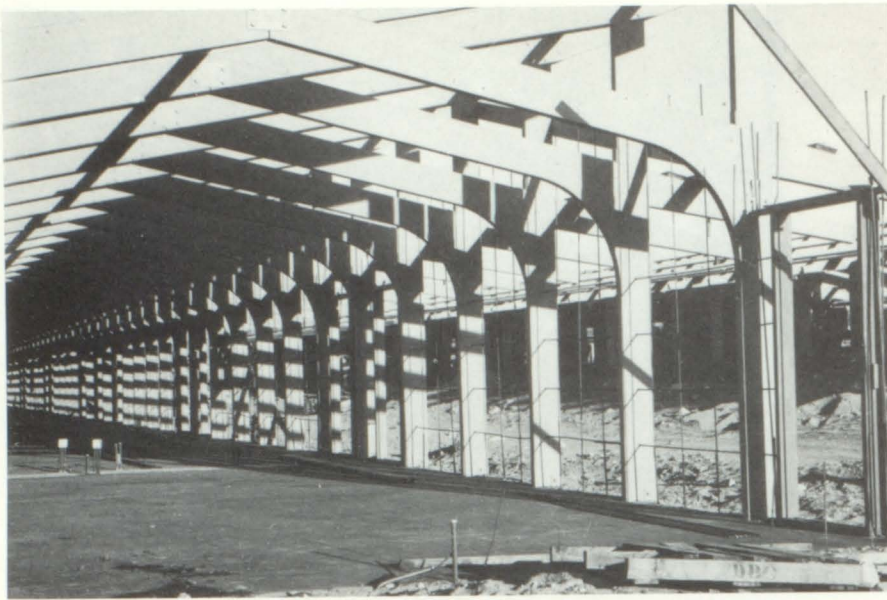

IN 1951, Lyle Burkholder became the Superintendent of Schools and John A. Dooley became the principal of Basic.

IN 1953, THE new school was under construction. The land that Basic High School now rests upon was donated by Basic Magnesium Incorporated. In December of that same year, the school consisted

of thirteen units and a multipurpose room.

IN THE SUMMER of 1954, a new library, science wing, music building, art and drafting rooms, the driver's education department and the government rooms were completed. It was in the fall of that year that this year's graduating class entered the high school.

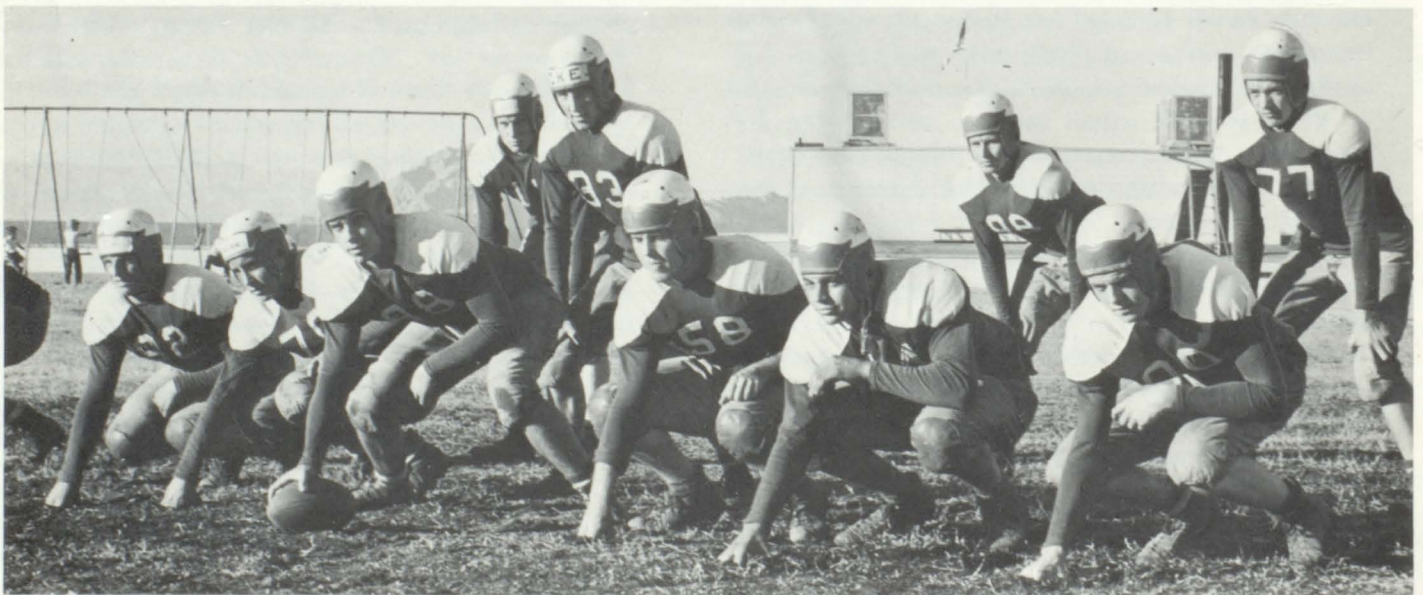

BASIC HIGH SCHOOL has changed a great deal in the past twenty-five years, and it will continue to change as years go by, because change is necessary for improvement. However, the basic ideals of the students have never changed. We still believe that an education is one of the most important things that we must acquire in this life. We know that in order to achieve any purpose in life we must set goals, and our goals must be high ones. And finally, we know that to live a happy and contented life, we must learn the basic principles of faith, honesty and trust. Basic High School has given us an opportunity to strengthen our ideals and to achieve our goals, and she has given us one thing more—a greater and much deeper understanding of our fellow man.

"Firm and undaunted ever she'll be"
—Basic High School under construction, 1953

"LOOK FORWARD WITH HOPE AND
BACK WITH PRIDE"

JUST BEFORE DAWN—from the sepulcher silence of the forest to the quiet of the city street—sleep eases the sorrow for the death of another day. God, in His wisdom, holds man accountable only for today—those few brief moments while he turns the earth from one sunrise to the next. Only the precious moments of today bend to the will of man; yesterday belongs to the historian; tomorrow to the clairvoyant.

It was intended that man live only the joy of today, the anguish of regret for yesterday and the suffering of fear for tomorrow, he has created for himself. This is the reason for religion—that source of God's power from which man gains the strength to so rule Today that he may find rewarding pride in Yesterday and a glorious hope for Tomorrow.

School Board Considers The Student

THE SCHOOL BOARD of Trustees, as the governing body, formulates the policies of the school district, which is no easy task because of the continuing growth of the area and the number of new schools going into operation.

THE BOARD MEETS regularly twice a month in the Board Room in the Clark County School District Education Center to discuss all business that requires immediate action.

INTERESTED PERSONS are encouraged to attend these meetings and become familiar with current policies.

THE SCHOOL BOARD are persons of varied occupations, from housewife to doctor, but all are deeply interested in the standard of education offered to the students of Clark County.

Dr. James I. Mason, Superintendent,
who came to us this year from
Ithaca, New York

Principal John A. Dooley, a man of many talents and interests, has guided Basic High School to its present peak of success

He Is A Friend To All

To the Class of 1967

PEACE, SECURITY, FREEDOM and dignity for every man has always been the dream in the soul of America. Nevada, the "Battle Born," became a state in the midst of a great war which was fought for the purpose of realizing this great dream.

IN A SENSE, Basic High School might also be called "Battle Born"; it was established twenty-five years ago in the midst of another great war in which the ultimate purpose was the realization of the same

great dream.

THIS DREAM OF peace, security, freedom and dignity represents the heritage upon which you may look backward with pride. You should look forward with the hope that you will be able to act in a direction which will cause America's great dream to come true.

Respectfully yours,

Principal

John A. Dooley

Mr. Don Smith and Mr. Estes McDoniel collaborate to keep Basic a smooth running school

WE ARE VERY fortunate to have as members of the school administration staff Mr. Estes McDoniel and Mr. Don Smith.

MR. McDONIEL, ASSISTANT Principal, is the general supervisor of attendance, and director of athletics. He approves the schedule of all assemblies and co-ordinates the calendar of activities for the school year. Because of his expert supervision in discipline, campus problems are kept to a minimum.

MR. SMITH, DEAN of Students, is responsible for textbooks, stock and non-stock requisitions, bus schedules and student insurance. He also assists with attendance, athletics and is in direct control of the audio-visual materials.

Mrs. Pauline Pfister makes an important announcement

A STAFF OF three secretaries rounds out the administration staff.

THE CHEERFUL VOICE we hear over the intercom belongs to Mrs. Pauline Pfister, who, in addition to being Mr. Dooley's secretary, takes care of all financial records of the school.

MRS. PATRICIA PURCELL, with the assistance of Miss Freda Salamy, keeps the attendance records, publishes all necessary bulletins and in general does all the work necessary to keep a school office running smoothly.

English Department Offers a Varied Program

THIS IS OUR second year of the phase program in the English department, and it is proving its real value. The program provides a better utilization of the special teaching talents of each teacher.

THE TEAM TEACHING program is alternated day by day. On one day a student attends a class in grammar and composition, and the next day he attends a class in literature.

THE COMPOSITION PROGRAM begins in the Freshman year with grammar and the basics of written communication. This program progresses each year and reaches a climax in the Senior year when he is able to write a well-researched term paper. The program's goal is to help the student develop good writing habits, to improve his style, and to express himself more effectively.

Poe, Thoreau, or Howe? Who will Mr. Beatty choose today?

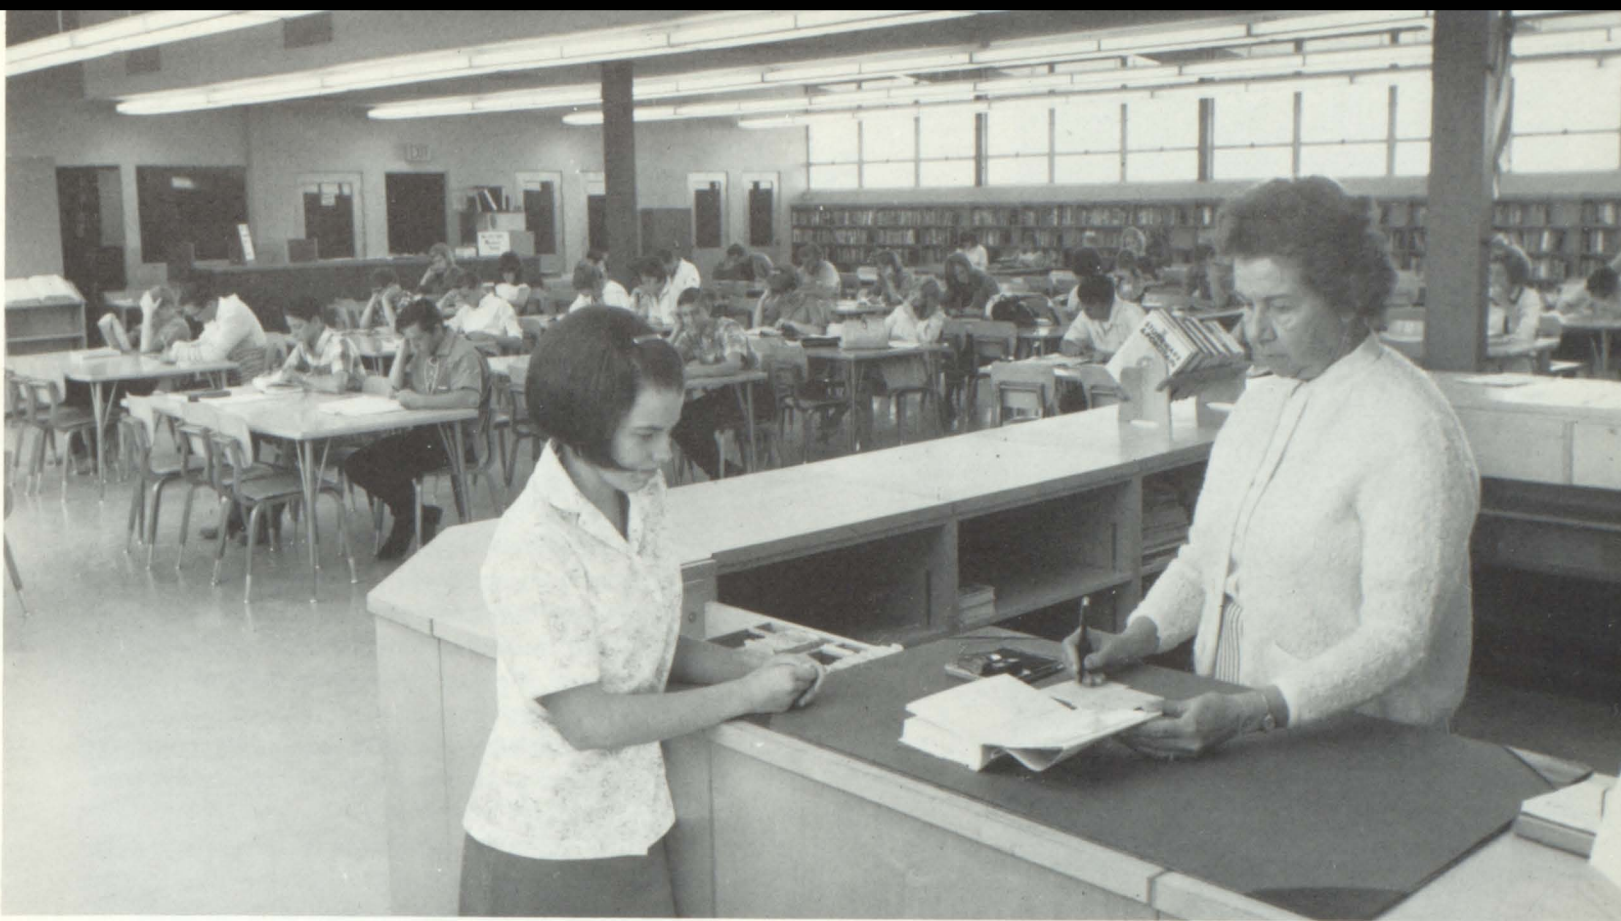

LITERATURE ALSO PROGRESSES from the exploratory readings of the Freshman and Sophomore years through American literature in the Junior year and English literature in the Senior year. The program attempts to evaluate the student's reading and encourages him to think logically and constructively.

EACH STUDENT IN the Freshman, Sophomore, and Junior years is also taught one phase of public-speaking. The purpose of this class is to develop good speaking and personality growth through speech development.

IN ADDITION TO the regular program, Seniors also have a unit to improve reading rates and comprehension.

Mr. Parsons willingly helps Joan with her comma problems.

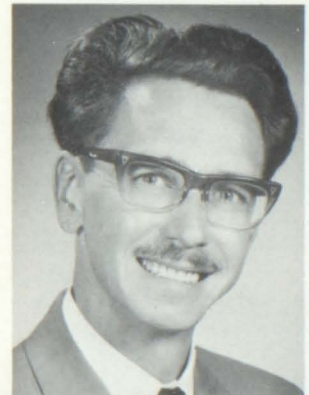

"Seek and ye shall find." Patty discovers that wisdom can be found in books.

THE SCHOOL LIBRARY provides materials for all subjects and interests of the students and teachers. From the library, books may be checked out by individuals or for the use in classrooms.

THE LIBRARY IS one place on campus that is in constant use. From 8:50 until 4:00 P.M. it is used by students who wish to check out books, to look for information, to use books, periodicals, or maps, or simply to read or study.

MRS. MILLICK, THE librarian, has a teaching function to perform along with her other duties. She suggests books for reading which might otherwise be overlooked or neglected. She learns to know the tastes of those students who come in regularly in order to suggest books to stimulate their love of reading. She teaches the students how to find information and how to study. By making the library an attractive, orderly, quiet place, many students are led to make regular use of its facilities for study and to become acquainted with its book collection and periodicals as well as to keep abreast of world affairs by daily reading of the newspapers.

Equations, Proofs, and Figures Intrigue Students

IN THE HIGHLY technical world of today, students would find themselves lost without some background in mathematics. Basic High School has met this challenge with a highly diversified curriculum in the field. The department offers everything from Algebra I and Boolean Algebra to special courses in Math V which offers Calculus, Linear Algebra, and other special interest advanced subjects.

FOR THE NON-COLLEGE prep students practical courses in Basic Algebra, Vocational and business math are offered.

THE NEWEST ADDITION to the curriculum came this year when a computer was made available for our use through a flexo-writer in our school. Now the course Fortram, the language of the computer, is expected to be highly desired by all our students.

Students Explore the World of Science

IN THE STUDY of science, students are given the means and materials for studying a problem in an attempt to find an answer.

WE ARE OFFERED a wide variety of study courses in the scientific field. In general science, freshmen may study basic principles and methods. Sophomores, who are required to take biology, study the world of plants and animals. Geology students deal with rocks and their formations. Physiology students specialize in the study of the human body while psychology students study behavioral patterns. Through chemistry, college-prep students can study and experiment with the composition of matter. Advanced students can apply their knowledge of chemistry and mathematics to study physics.

From the Past Comes the Future

THE SOCIAL STUDIES department plays an active role in the curriculum of our school. It prepares us to be the responsible, civic-minded citizens of tomorrow.

SEVERAL PHASES OF the social science program are world history, U.S. history, American government, geography, and European history.

THE STUDY OF World history is undertaken by the Freshmen. Through this course they are given an understanding of the background and development of the world.

JUNIORS WHO STUDY United States history find the fascinating story of the growth of our country from its birth to the present day, and they are given an opportunity to discover the heritage that is ours.

GOVERNMENT IS REQUIRED of all Seniors. This study acquaints them with the workings of the U.S. Government and prepares them to take an active part in the world of today.

EUROPEAN HISTORY AND World Geography are also offered as courses of study for those students whose interests lie in these fields.

Mr. Huffey, with Mr. Empson's smiling approval, emphasizes a point.

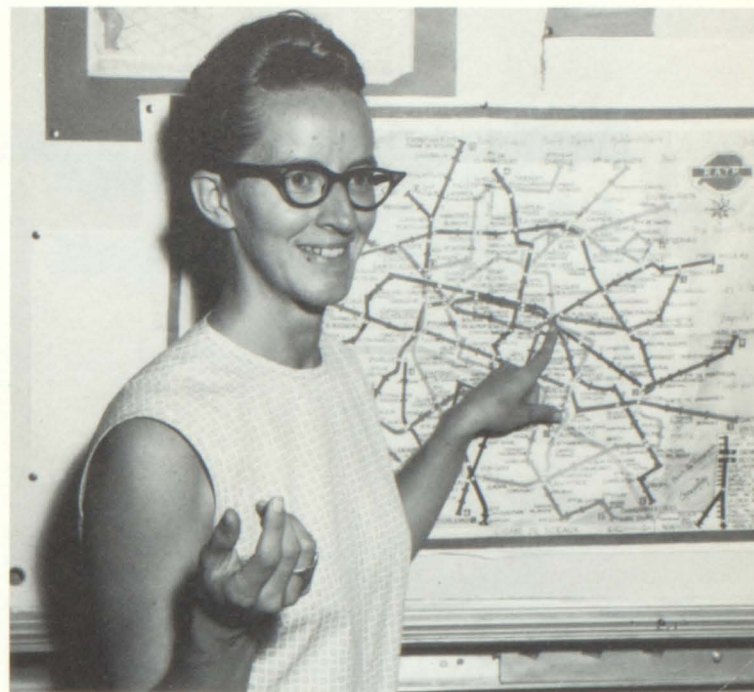

Talent Is Put to Work Through the Fine Arts

THE PURPOSE OF studying a foreign language is to increase understanding among the peoples of the world. By learning Spanish, French, or German, we are attempting to break down barriers so we can learn other cultures.

THE LANGUAGE DEPARTMENT uses the audio-lingual method. That which a student hears, he then learns to mimic or speak; that which he hears and speaks, he eventually learns to read; and that which he hears, speaks and reads, he ultimately learns to write. Because of this process, it takes more than a two-year course of a language to learn to communicate effectively.

IN BASIC'S ART program, the student is familiarized with the basic elements in art which he may use to create an original idea. The main purpose of the program is to stress the idea of seeing beauty that other people aren't aware of and to give the student a background for college art.

STUDENTS WITH DESIRE, perseverance, and musical talent can demonstrate their ability in band and chorus classes. Here they work together for their own enjoyment and for the entertainment of the school. The efforts of Mr. Fuller and Mr. Wooten have given students a wealth of knowledge, experience, and memories.

THE BUSINESS EDUCATION department is one of the most important on campus. Composed of courses in typing, stenography, bookkeeping, and distributive education, this department teaches students the arts of the business world and gives them skills which can easily be adapted to private life.

DISTRIBUTIVE EDUCATION, AN integral part of business education, attempts to attract young people to careers in marketing and distribution. Students enrolled in the course are employed at local stores and offices where they put to use what they have learned.

An engine is a thing of beauty to an auto mechanic

IN OUR INDUSTRIAL arts classes we endeavor to train the hands—as well as the mind.

AUTO SHOP IS an elective which trains the students in the make up of automobile engines. The student is taught methods of engine building which will, in later years, enable him to find and correct defects in cars, thus keeping them in perfect running condition.

ARTS AND CRAFTS enables the creative student to express his ideas through ceramics and mosaics. These provide an interesting challenge to the "artistically-minded" student.

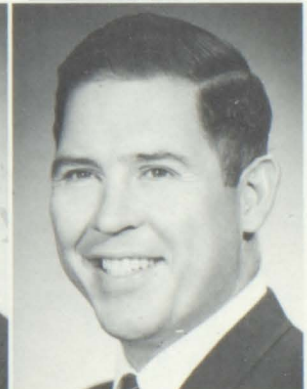

THROUGH THE METAL and woodshops students are taught to work with their hands, creating many useful and interesting items from wood and metals.

IN DRAFTING STUDENTS learn the art of lines, angles, planes, and measures in precise detail. These detailed plans are required for the building of anything from aircraft to the building of homes.

THE PHYSICAL EDUCATION department of Basic High School is divided into several different phases.

THE FRESHMEN TAKE five days of P.E. a week. Sophomores take three days of P.E. and two days of drivers education. Juniors take three days of health with two days of P.E. This program offers students an interesting variety.

THE P.E. CLASS is like being in a subway during the noon rush hour. People are bustling about in all directions looking for that missing sock or shoe. The sound of the teacher's voice calling role makes the class complete.

DURING HEALTH STUDENTS approach many interesting subjects, such as mental illness and methods for prevention. They are also offered many interesting films and lectures given by doctors during the year.

DRIVERS EDUCATION TEACHES the student elements of safe driving and gives him good driving habits. This makes our roads a safer place for all.

THE GENERAL OBJECTIVES of the home economics program are to provide education in preparation for worthy home membership, to acquire knowledge and skills that will further develop one's taste and culture, to promote and encourage individuality as a member of the group and community—all of which will strengthen the basic unit of society—the family. Our total homemaking program is an intricate part of the above objectives with units taught in the specific areas of Foods and Nutrition, Textiles and Clothing, Personal and Family Relations, Child Development, Interior Decorating, and Home Management.

SPECIAL EDUCATION IS a course designed to meet the educational and social needs of the exceptional student.

OUR SCHOOL NURSE, Katie Butler, takes care of the many aches and pains, both imaginary and real, of the students.

Ted Schutz gains valuable scholarship information from Mrs. Robinson.

General course counselor, Mr. Frank Rocha, receives counseling from secretary, Diane Burgemeyer

Student Council president, Lloyd Martinez, finds aid in the office of Mr. Charles McLaughlin.

They Guide Us Through the Year

DO YOU HAVE a problem? Unhappy with your classes? Want to apply for a scholarship? In need of a job? Or do you just need a friendly shoulder to lean on? Our counselors can help you solve just about any problem you might have.

THE COUNSELOR FOR our college-bound students is Mrs. Dorothy Robinson, who has been at Basic since 1949. She correlates the student's education program with graduation and college requirements and the student's goal in life. She tries to help him find a college suited to his needs, and guides him toward all possible scholarships and financial aids.

MR. FRANK ROCHA, the general course counselor, came to Basic in 1960. A few of his many roles as a counselor include assigning counselors to all new students according to their needs, and being in charge of all testing programs.

OUR BUSINESS AND vocational students can enlist the help of Mr. Charles McLaughlin, who has been with us since 1959. His specific duties include work permits, armed services information and assistance for all D.E. students. He is also the sponsor for the student council.

COUNSELORS HELP THE administration in developing a curriculum and schedule which will give students an ultimate education opportunity. They administer tests and interpret results so the student will know the strengths and weaknesses of his academic development. They help him to learn the vocational demands of his possible job field and make him aware of the technological changes which will affect him personally in the world of work.

MRS. DIANE BERGERMEYER plays an important role in all phases of the counseling program as assisting secretary.

Striving to satisfy student appetites during the year were Wanda Gibson, Joan Mortensen, Dona Allen, Marguerite Evans, (not pictured—Clara Patton)

The Voice of the Students

STUDENT COUNCIL MEETS every Friday to discuss and find solutions for problems which involve Basic High School. Student Council officers, class representatives and class presidents attend these meetings which represent only a small portion of the time they contribute. Student Council members spend many hours trying to promote school spirit, and learn what the students need and want.

THEY WORK HARD for Basic High School students, in co-operation with Mr. Dooley, to obtain student privileges and to establish the many school policies and procedures. Student Council is responsible for awarding the Silver "B" to students who have contributed to the success of Basic High School through their outstanding achievements in extracurricular activities and academic fields. Student Coun-

cil was responsible for this year's successful painting of the "B".

STUDENT COUNCIL HAS tried even harder this year to let the Student Body know what they are doing. All things that have been discussed and accomplished at meetings, have been posted on the bulletin board. Requests and suggestions put in the suggestion box are considered carefully and acted upon accordingly.

MANY STUDENTS ARE not aware that our Student Council officers and other selected members meet each month with other Clark County Student Councils to exchange views on important problems which face Clark County students. This organization has done much to create an atmosphere of cooperation among Clark County schools.

We Finally Made It

WHEN WE THE class of 1967 entered high school, we took the first big step into a new world—a world that we had dreamed about since childhood.

WE WERE CONFUSED, frightened, and frustrated. We stood in awe of those students who were more experienced and more confident than we.

EACH YEAR SPENT at Basic has helped us grow, and has prepared us for what lies ahead.

WE WILL MISS Basic High School, but we will not say "good-bye". The memories we have are stored away in our hearts, and we will always recall our Alma Mater with happiness and pride.

THE TIME HAS finally come when we will take an-

other big step into another new world. Again we will stand in awe of those who are more experienced and more confident than we, but because we have had the privilege of attending Basic High School, we need not feel insecure. For Basic has given us the opportunity to better ourselves and our success in life is assured.

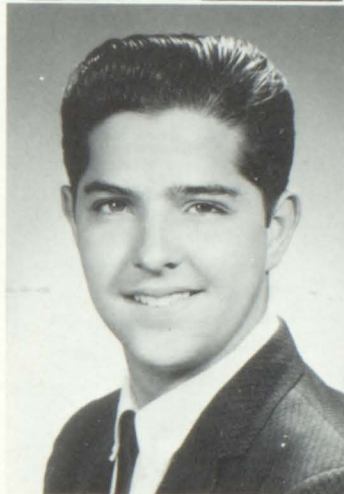

WE WOULD LIKE to thank our sponsors, Paul Huffey, Richard Empson and Martha Millick for the assistance they have given us.

TO THE UNDERGRADUATES we leave this thought: Take pride in Basic High School, as she is one of the greatest assets you will ever call your own.

A Year of Fun, Work and More Work

WE THE CLASS OF 1968 are looking forward to our last year of high school. The challenge of being Seniors will soon be ours. The experiences which have been afforded us during the three years we have spent at Basic High School have prepared us

THIS HAS BEEN our busiest high school year. We to accept that challenge.

have worked long and hard to reach this point in our lives. Basic has offered us many opportunities

for self-enrichment, and has given us a chance to take an active part in school life.

THE JUNIOR CARNIVAL, the slave sale, and the Junior Prom were among the highlights of our year.

WE WISH TO thank our sponsors, Mr. Ruth, Mr. Horan, Mr. Kibles and Miss Ravlin for the interest they have taken in our class, and the guidance they have given us. Indeed, they have helped to make this a very happy and rewarding year.

We've Started —Now What!

WE ARE THE class of '69. Now at the midpoint of our high school years we are proud to say that we are students of Basic High School. Every year our love for Basic grows. We have shown this by our enthusiastic spirit and active participation in school activities. Our hard work paid off by the success of the Sophomore Reverse. Painting the "B" was another of those back-breaking experiences. We

feel that next year, being upperclassmen, we can carry our leadership to the fullest extent. With this fact in mind we hope to succeed in making Basic High the Greatest Little School in the west.

WE WOULD LIKE to thank our sponsors Mr. Wilkie, Mr. Appleton, Mrs. Brandon, Mr. Moore and Mrs. Wilkie for helping to make this an outstanding year.

We All Start Somewhere

WE ARE THE class of '70. As Freshmen, we must try to follow the example set by the upperclassmen. We realize how important our education is and how hard we must work to reach our goals at Basic High School. Our school can be only as good as its students make it and our class will try to make it the best. Using the painting of the "B" as an example, the Freshmen plan to make the class of '70

a very active one. The Freshman class has a long way to go, but through hard work and determination we are confident that we can make our class the best in the history of Basic High School.

WE WOULD LIKE to express our appreciation to our sponsors, Mr. Purcell, Mrs. Anderson, Mr. Crakes, and Mr. Smalley.

THE NATIONAL HONOR Society was granted a charter in 1960 and named the Agassie Chapter. The object of this chapter is to create enthusiasm for scholarship, to promote worthy leadership, and to encourage the development of character. Membership in National Honor Society is based on scholarship. A student must have and maintain a 3.0 average and be of outstanding character to become a member.

EACH YEAR THE society raises money through various projects to provide a scholarship for some deserving senior.

Aristocrats Explore Spanish Culture

Linsey Wurzer, Pres; Linda Bowling, V. Pres; Karen Spencer, Sec; Pat Aragon, Treas.

ARISTOCRATS IS AN exclusive organization for students who have reached or passed Spanish III.

IT WAS ORGANIZED six years ago to increase fluency in speaking Spanish. Each month they attend a dinner in one of the member's homes. During these meetings Spanish is the only language spoken.

AT CHRISTMAS TIME the members carol at the homes of some of the faculty and at the hospital.

MEMBERS TAKE AN annual trip to Mexico. A day is spent in the border town of Nogales where everyone is given the opportunity to use their Spanish and to haggle with the merchants.

OUR SPONSOR, MR. Walker, gives generously of his time to make membership in this club a worthwhile experience for those who participate.

MR. WALKER FOUNDED the Spanish Club in 1952 with 40 members. This year's membership shot up to more than 150 students making it the largest club at Basic.

THE CLUB STRIVES to familiarize its members with Iberian and Latin American customs and society. Second year initiated members are patrones and uninitiated members are peons. The peons are under the supervision of a patron until after the initiation banquet. After the banquet they become socios for the rest of the year.

AT THE ANNUAL Christmas Party the Spanish Club presides and furnishes a piñata.

FRENCH CLUB AT Basic High School originated in 1958 under the direction of Mr. Frank Rocha with 34 members.

THIS YEAR THERE are approximately 50 members in our club. Meetings are held once a month during the activity period on Friday. During this time we take care of all club business, sing French songs, and learn about France and its people. Occasionally, evening meetings are held for initiation and various events. For Christmas, we join with the other language clubs for an enormous holiday party. The Spanish club always brings a piñata and everyone sings songs, and has refreshments. The annual banquet is held during the middle of the year, where pins are awarded.

THIS YEAR A special club has been organized of French III and IV, as this is the first time there have been enough enrolled to form a group. The aim of the club is take advantage of plays, movies, newspapers, and magazines which these students can profit from at this advanced level of study. Even more, it is designed to give these students an opportunity to come together in a social situation to use the language skills they have developed.

STUDY OF THE culture and history of France in the French language can be made; great works of French literature can be read in their original form.

PERHAPS THE MOST important goals are to develop a certain "esprit de corps" among these students and to give them a greater "joie de vivre".

German Club Asks, "Sprechen Sie Deutsch?"

Officers: Al Hacker, Pres; Dave Hacker, V. Pres; Bonnie Heard, Sec-Treas; Stewart Barquist, Dave Harrington

THE GERMAN CLUB was formed to give the members a better understanding of the German speaking peoples of the world. This is achieved by hearing guest speakers and records, and by seeing pictures.

ONE OF THE main features of the year is the initiation. Slaves or new members are allowed to entertain their masters. The highlight of the evening is the eating of yogurt by the slaves. Other activities of the year include the Christmas party and at the end of the school year a banquet at which German food is served.

WE ARE FORTUNATE to have as our sponsor Mr. Reber who spent some time in Germna. He has many pictures and interesting facts to tell us about the German people.

AS ONE MEANS of encouraging youth to perform to the maximum of their abilities, the Merit program gives recognition to students who distinguish themselves on the National Merit Scholarship Qualifying Test.

TESTS INCLUDE ENGLISH, Math, and Word Usage and Readings in Social Studies and Natural Science.

FOUR-YEAR SCHOLARSHIPS are awarded to as many students as the money available will permit.

STUDENTS TAKE THE NMSQT for a variety of reasons. Many take it because they hope to win a scholarship through the Merit program or an organization that utilizes NMSQT results in selecting recipients. Others take it to obtain more information about their educational development in the areas measured by the test.

EACH SEMI-FINALIST WHO substantiates his NMSQT performance on the Scholastic Aptitude Test of the College Entrance Examination Board, who is endorsed by his school, and who submits the required information, advances to Finalist status. More than 97 percent of the Semifinalists usually attain Finalist status. Every finalist is awarded a Certificate of Merit and is considered for a Merit Scholarship. Finalists are eligible to compete for National and sponsored Merit Scholarships.

Preparing Today, For a Home Tomorrow

F.H.A. IS THE National Organization of girls and boys studying home economics in high schools in the United States, Puerto Rico, and the Virgin Islands.

MEMBERSHIP OF F.H.A. is voluntary. Any student enrolled in a high school, public or private school, who is taking or has taken a course in homemaking is eligible for membership.

THE OVERALL GOAL of F.H.A. is to help individuals improve personal, family, and community living. Their motto is "Toward New Horizons." This motto is a challenge to each and every member. It reminds them that contributions to home life today influence the type of homes they will have tomorrow.

MRS. BRANDON and Mrs. White are in charge of the Business Career Club. Its aim, to develop better workers in the business world, has been the same through the years. The club introduces to each member the importance of good grooming in the office. Different dress shops and cosmetic stores participate in this phase of the club, by speaking to the group in grooming and by giving demonstrations on cosmetics. Special emphasis is placed on discussions with speakers from the business world or business college representatives. They are carefully selected so that the whole year's program will give a complete picture of the business world. The requirements for obtaining a job are constantly being emphasized to each of the future business workers.

AT BASIC, DECA, under the guidance of Mr. Botts, has always been one of the most active clubs and has sponsored many successful school projects. For the past 3 years DECA has cooperated with the Henderson Chamber of Commerce in the "Boss for a Day" project, a program which is now receiving national recognition. In the past the club provided the new lettering on the main office of the school as well as the announcement board on the outside of the library building.

Officers: Roland Oxborrow, Treas; Tim Melton, Russell Williamson, Sec; Terry Zack, Pres; Howard Elbertsen, Larry Waddel, V. Pres.

THE TRADE AND Industry Club is sponsored by Mr. Lockett, Mr. Davis, and Mr. Thomas.

THEY HAVE DRAWN up and accepted a new constitution. The new officers will be working with it.

PROJECTS FOR THIS year include a car wash, and the selling of Basic High School license plates for 75¢ each. The money earned from these projects will be used to buy club jackets for the members.

CAMPUS IMPROVEMENT PROJECTS included making room numbers for doors, letters for the wings, and lighting the B.H.S. above the gym.

"WHO DARES TO teach must never cease to learn" best explains the basic ideology of the Future Teachers of America.

THIS GROUP HAS as its purpose self betterment, attained through education. They find satisfaction in the pursuit of knowledge, with the hope that they might someday help others in their pursuit of knowledge.

THIS CLUB HAS a barbecue for new members, a Hallowe'en and a Christmas party.

THIS YEAR THE state F.T.A. convention was held in Las Vegas.

FUTURE NURSES CLUB originated in 1961 and is recognized by the National Charter of Future Nurses Clubs. The purpose of F.N.A. is to bring together, in high schools across the nation, the young people interested in nursing careers. It lets them explore the opportunities and requirements of their chosen fields. It also encourages them to grow as individuals and learn about community life.

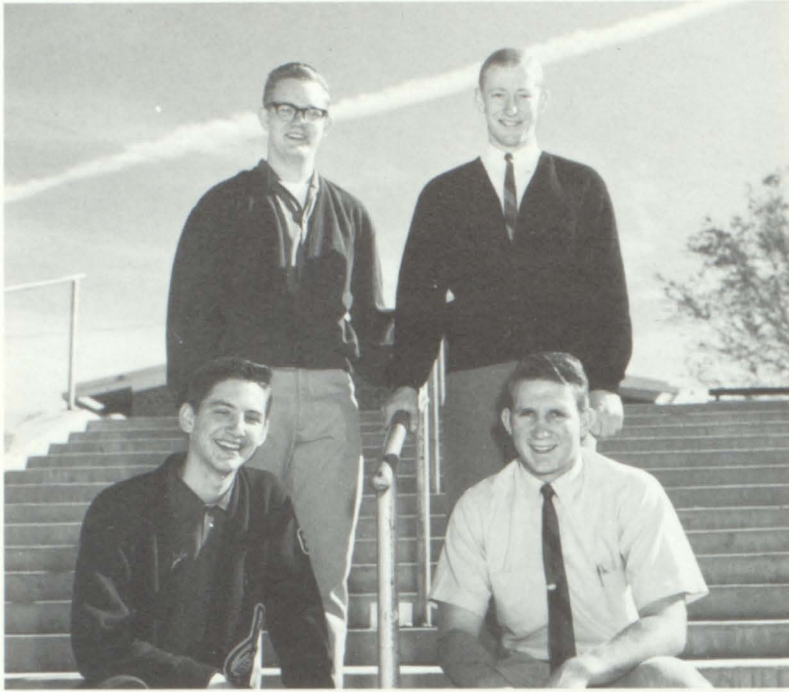

IN ADDITION TO the monthly club meetings, F.N.A. is very active in the annual Heart Fund Drive. They also have several night meetings during the year at which films and lectures are presented.

INTERACT IS ONE of the newest organizations on campus and is one of the few private clubs sponsored by a local organization rather than the school. The Basic High School chapter is just one of over seven hundred clubs throughout the world sponsored by Rotary International.

LIMITED TO THIRTY members, there are 15 Seniors, 10 Juniors, and 5 Sophomores. Prospective members must first present an application of qualifications for acceptance to Mr. Dooley. If considered qualified, applicants must be approved by unanimous vote of current members.

WITH MR. DOOLEY as advisor, the club strives to create in its members an interest in the promotion of friendship between nations as well as a true sense of patriotism.

Delegates Analyze Highway Safety Problems

ON DECEMBER 3, THE Nevada Youth Safety Association held its annual conference at Clark High School, in Las Vegas.

DISCUSSION GROUPS WERE organized to analyze highway safety problems on the Nevada roads and highways. Each group passed several resolutions and at the end of the day all the groups met together and voted on these resolutions.

THE CONFERENCE STRESSES the individual's re-

sponsibility to himself and others when he drives.

IN THE EVENING the delegates attended a banquet and were fortunate to have as a special guest Lieutenant Governor Fike.

CHERI KINSLEY, A Basic High student, is the state secretary for the Nevada Youth Safety Council.

THE SAFETY COUNCIL is sponsored by the Nevada P.T.A. and the Nevada Safety Council.

THE BIOLOGY CLUB is an organization composed of Sophomores, Juniors, and Seniors who are interested in living things. This has been one of the most active and interesting years for its members. This year's projects include landscaping the area around the flag pole and office, and field trips to Mt. Charleston and Nevada Southern Radiology Society.

WE ALSO WISH to thank our sponsors Mr. Burgwardt and Mr. Wilke for their time, help, and advice.

PSYCHOLOGY CLUB, A new organization on campus this year, is comprised of seniors taking the psychology course from Mr. William Horan. Members hope to develop a set of rules that will be considered worth following by students joining the club in years to come. The group hopes to cultivate a better understanding of people and the many ways that psychology enters into their lives. They will attempt to realize their goal by having guest speakers, taking different types of psychological tests, taking field trips, and sponsoring special projects.

THE CAMERA CLUB is one of the oldest and most familiar organizations on campus. With fund raising projects and long hours of work centered around the difficult art of photography, the club represents a combination of an interesting hobby and a useful and profitable art.

THE CLUB, UNDER the guidance of Mr. G. L. Crisler, enjoyed its most successful year in the school's history. With the membership at an all-time high, the club instructed and influenced many more students than ever before. This year was highlighted by a dance at the Youth Center with the proceeds going to the club and by the project of light-proofing the darkroom.

ELECTRONICS CLUB, UNDER the sponsorship of Mr. Crisler, provides electronics students with the opportunity to work on individual projects. They are afforded the opportunity to discuss and practice advanced techniques not taught in the regular electronics class. Non-electronics students spend their time with such basics as morse code.

THE COMPUTER CLUB is a newly formed interest group at Basic High School. Its members learn about various types of data processing and specific computer techniques through visiting speakers, field trips, and study. Fortram, the language of the computer is learned. The aim of each member is to "run his program" on the computer. Because of the interest shown by Mrs. Anderson, the sponsor, the club is on its way to becoming an established organization on the campus.

AS YOU LEAF through this annual and note the events of the year, you see the finished product — the end result of much hard work. Before your eyes are the pictures, the copy, the headlines; the work is invisible. But it is there. Hidden behind the final production is the planning, the effort, the sketching, the writing.

YOUR YEARBOOK STAFF has made an extra effort this year, as in the past, to show the highlights of 1966-67. Each page starts with an idea, formulates in a picture, is explained with copy and captions, and is finished with a headline. The work is carefully and thoughtfully done with the students in mind. The work was the staff's; the yearbook is yours.

SINCE THE BIRTH of *The Lone Wolf* last year, we have worked very hard to present a high calibre newspaper that reflects the personality of our school.

DEADLINES HAVE GIVEN us the initiative to scour campus life for interesting leads and to incorporate them into stories. Once stories are written, copy-read, and typed (which seems to be quite a chore for many of our faithful "hunt and peck" artists), the rush to beat the deadline begins.

COPY MUST THEN be fitted on the page according to the many "dos" and "don'ts" of good journalism. Headlines are written, and the paper goes to press. The battle is not yet over for now it is up to the editor and the printer to do the final polishing before the paper reaches the Basic High Student Body.

BUT THE LONG hours of work are well worth it if *The Lone Wolf* serves the students and faculty.

Sun Youth Forum Review's Current Events

THIS YEAR THE 11th annual Sun Youth Forum was held on December 2 at the Las Vegas Convention Center.

EACH HIGH SCHOOL selected ten students from the junior and senior classes for each of the seven discussion topics.

THE TOPICS DISCUSSED were National Affairs, Education, Labor, Social Attitudes and Problems, Crime, International Affairs, and Juvenile Affairs.

THE DISCUSSIONS BEGAN at 9:00 A.M. and continued until 3:00 P.M. Between 3 and 3:30 the summarizers were chosen by the moderators. Basic High School was honored by having Nancy Stanley chosen as a summarizer.

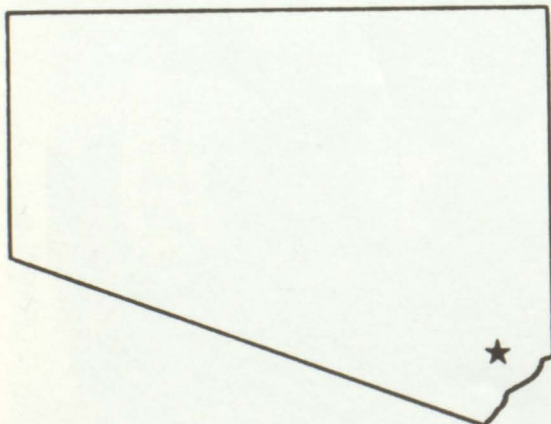

THE YOUTH FORUM proposes to bring together students from the high schools to discuss topics of interest and problems close to the lives of high school youth.

AT THE BEGINNING of each summer, four or five junior girls who are selected by their classmates and sponsored by the American Legion Auxiliary meet at the Reno campus with girls from all parts of the state. Here, at Girls State, we learn about living and working together both as individuals and as members of a community. We experience the thrill of winning and the disappointment of losing an election. We learn of the duties, privileges and responsibilities of being an American citizen, and because we have learned this we feel better qualified to work in and help our own communities.

... at Girls' State and Boys' State

HOW WOULD YOU like to be a governor or a state legislator? Each year several boys from each high school in the state have an opportunity to be officers of the state for one week. This is made possible through the American Legion Nevada Boys State. A group of boys are recommended to the American Legion because of their leadership in the school and in the community. Five or six boys chosen from this group go to the state capitol for one week. There the boys learn what it is like to win an election and what it is like to be defeated. There they learn how the state, local, and national governments function. There they are trained to be better citizens. The trip, however, is not all serious work. The boys meet their counterparts from the other high schools, make new friends, and do many things that seem to start spontaneously that were not part of the schedule. All in all the boys have a thoroughly enjoyable and educational time. Many return home wishing they could return next year.

ALTHOUGH THE ASTRONOMY Club got off to a slow start, not being formed until December, it was immediately evident by the response of the members that the club could go far. Mr. Burgward, our sponsor, presided over the club as the officers were elected.

LESS THAN TWO weeks after the creation of the club, a bottle drive was held to purchase much needed equipment, and many members volunteered help to make it a success. On January 3, an observing session was held on the campus and many members brought their telescopes. Several other star parties were held during the year. Many members have stated plans to build their own telescopes and it is hoped that there are enough to prompt a telescope making session.

THE USHERETTES ARE new at Basic High School this year. This organization is composed of a group of 12 sophomore and junior girls with at least a 2.5 grade average. These girls usher at the various functions of the school year. These functions include football and basketball games, assemblies, and music and drama productions.

AFTER NEW MEMBERS are accepted they are taken into the club through a tapping ceremony. Old members go to the new member's classroom and present her with a formal invitation and a long-stemmed white carnation. A speech is also recited at this time.

THE 1966-67 USHERETTES would like to thank Miss Deardorff and Mrs. Anderson for the time and effort they have devoted to making this organization successful.

Sing Along With Mr. Wooten

THE MORE THAN 80 members of the Basic High School Chorus have enjoyed a full and rewarding year. Under the direction of Mr. W. Chapman Wooten the chorus presented a Christmas festival and a program for the National Educators, as well as their annual operetta.

THE HIGHLIGHT OF the year for the chorus and its director was the Christmas concert with the band in which the major portion of the "Christmas" **Messiah** by George F. Handel was presented. Bass, alto, and soprano solos as well as stirring choruses built up to the conclusion, the "Hallelujah Chorus."

THE YEAR WAS also crowded with the constant rehearsals of the eight members prepared for Basic's

part in "Host Night" of the National Music Educators Association Western Division Conference over the Easter vacation. Much time and effort was put forth by both Mr. Wooten and the chorus in preparing these difficult pieces.

FOR THE FIRST time in many years a substantial if not overwhelming number of bases and tenors joined the chorus, giving Mr. Wooten many more opportunities for presenting programs of worth to the community and the student body.

IN ALL IT was an eventful and interesting year, a year which gave pleasure, fulfillment, and a sense of accomplishment to all those participating.

"CHANTEZ, CHANTEZ, EVERYBODY sing along." A phrase from a humorous, nonsensical song typifies the atmosphere of the band at noon during practice of the ensemble group.

BETWEEN SNATCHES OF food and gulps of milk, the Madrigals manage to accomplish a great deal. They present a variety of selections ranging from the nonsensical fun songs to more serious madrigal numbers, and they perform for a variety of people, from students to Rotary Clubs. But not only do they get a lot of enjoyment out of their practice and performances, but they also learn a great deal.

THE BASIC HIGH School Band was first organized in the fall of 1946. Its director was Kermit B. Gammenthaler and there were 34 members in the organization.

THE BASIC HIGH School Concert and Marching Band is now one of the most active organizations on campus. During the fall months, the marching band furnishes pep music and half-time shows for football games. After football season, the concert band begins the long, sometimes tedious rehearsals for various future events. The Christmas Concert is held annually in conjunction with the Chorus and in it are performed many favorite contemporary, classical, and popular Christmas compositions.

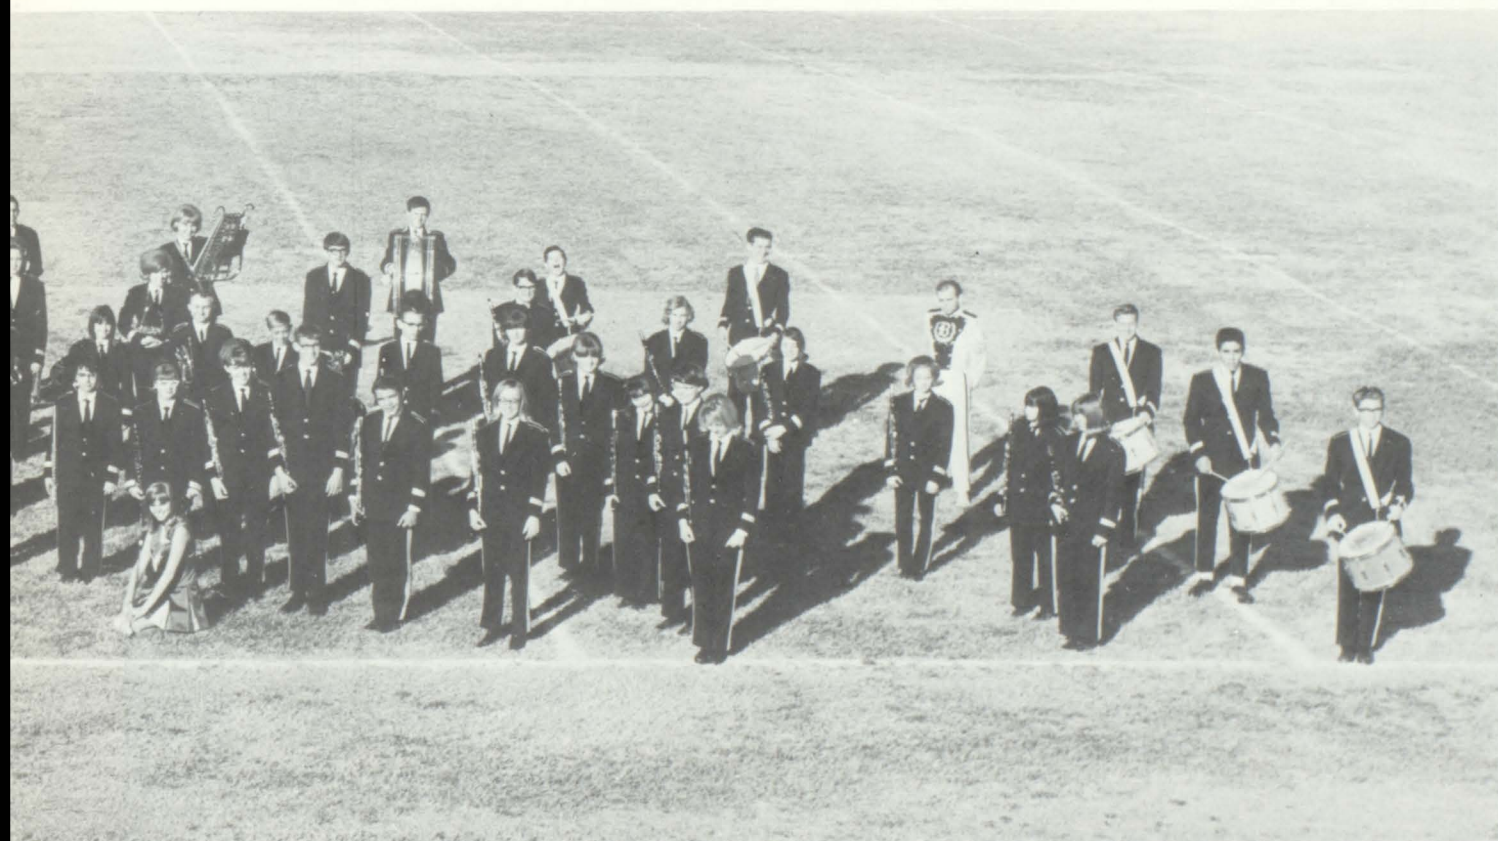

IN THE SPRING there is a concert and a district music festival at which the band's performance of three musical compositions is evaluated. Of course there are always parades for the band to march in.

THE FORENSICS CLUB was conceived and organized not so much as a club as a reservoir, a pool from which could be drawn diverse talent. Each year Basic High School is represented in the state speech and drama contests by the members of the forensics team.

ORAL INTERPRETATION INVOLVES reading a story or theme with emphasis and feeling. In pantomime, the student acts out a wordless story or skit. In extemporaneous speaking one is given a topic and has one-half hour to develop a speech. Informative speaking is composing an interesting speech for an audience.

DEBATE IS THE segment of forensics which takes the most time and effort. Our debators work from September to March to prepare themselves for the many meets.

SPONSORING THE CLUB is Mr. Ross Cooke.

THE VARSITY TEAM this year finished its last triple "A" season before going into independent play. Our team didn't fare as well as it could have, but hopes are high for the coming seasons. The combination of a fine coach and a tough team made for hard-fought battles. Our varsity squad was led into our homecoming game by such standouts as co-captains Jim Ness and Danny Hill and top performers Dennis Ballew and Jerry Ebert. Quarterbacks Steve Hurd and Ed Wilhelm were up against huge odds but came out on the better end during the season.

SEPTEMBER 9—THE season opened with the Wolves going against a rugged Double "A" championship Boulder City team. Our team didn't fare too well against them, but did manage to hold them in the second half. The score was 48-1. Sept. 16—Valley High made an impressive showing by defeating the varsity 40-0. The score was really not indicative of the determination we showed. Two weeks later we travelled to Butcher field to seek revenge against Valley, making a tough stand at 7-0. Basic put out nine starting players from the Vikings, three of whom couldn't finish the season. In the Oct. 7

Steve Hurd throws a long touchdown pass

game with Western High, our hopes were put down with great runs from Western's state champ halfbacks. Pete Bernhard led Western to a 61-0 win. Our game with Rancho on Oct. 14 proved to be a letdown as the two teams were evenly matched. But bad breaks forced us to give this one to Rancho 14-0. October 22—A fired up defense held Vegas in the first half to no score but again we were forced to bow to their team by 42-12. Danny Hill made exceptional runs during this game and accounted for both T.D.s. Oct. 28—Clark's Charger's went to a hard fought victory over Basic. Rick Heitert made a fine touchdown on a fumble recovery. Sam Houston sparked the Charger's to their 28-6 victory. Our last game of the season, which was homecoming, showed us putting everything on the line hoping for a victory. It was THE GAME of the season, showing the fierceness of our small team. Jim Ness and Jerry Ebert spotlighted this game with their great defensive and offensive plays. A final untimely setback and a touchdown ended the game in a loss of 7-0.

WITH THE SEASON at a close, we will remember the great playing and coaching that kept our spirit and determination at a peak.

Charlie James makes another fantastic catch

THE J.V. TEAM finished up their season this year undefeated, to become the first Basic team in our school's 25-year history to accomplish this feat. Under the leadership of Coach Rosch and Coaches Bittle and Kibler the team soundly won every game they played. The fans saw fantastic performances by quarterback, Mike Stewart and fullback, Gary Smith, who led the J.V.'s to many a victory. End, Charlie James, caught many unbelievable passes during the year to boost the team to late season victories.

It's Not Whether You Win Or Lose.

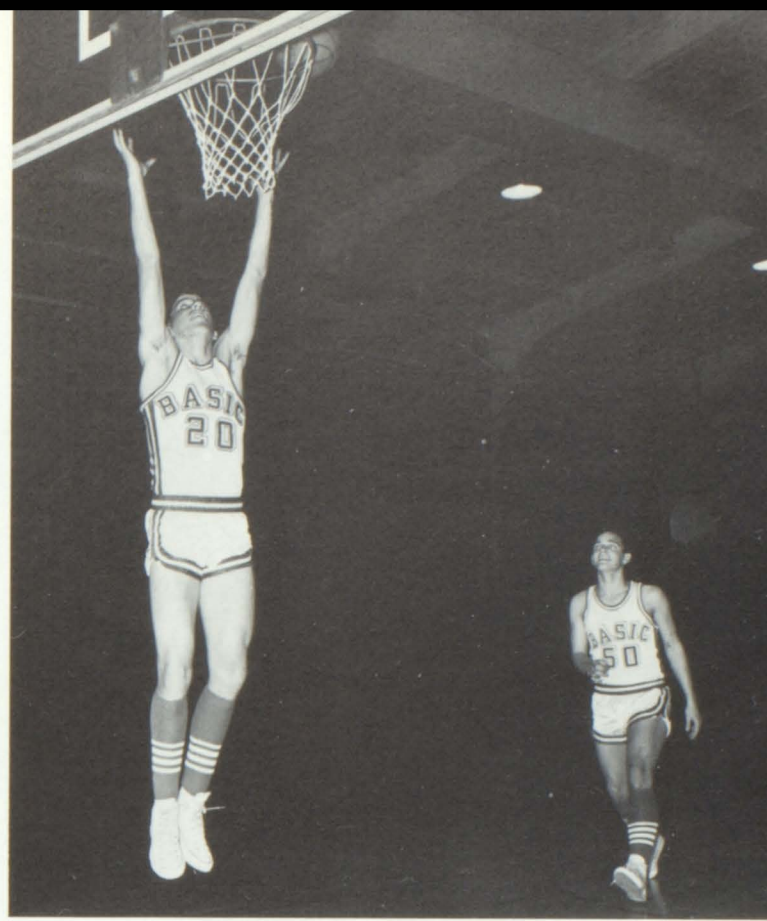

Coach Ed Shellinger

THIS YEAR HAS been a trying year but a year of learning. Our team consisted of six sophomores, two juniors, and two seniors. Only one person on the varsity, Steve Ausberger had any previous experience. Therefore, you can see our team was as green as a New Yorker on a Texas ranch. We lost fifteen games but we didn't give up. How does a person on a team feel when his team loses fifteen straight games? He feels like a hermit, the only one who cares about his team, in fact the only one who will claim his team as his own. It's hard to get up enough spirit to win for your school when there are more empty seats than filled ones. So you fight to win for your self-pride and honor, however, it may come out.

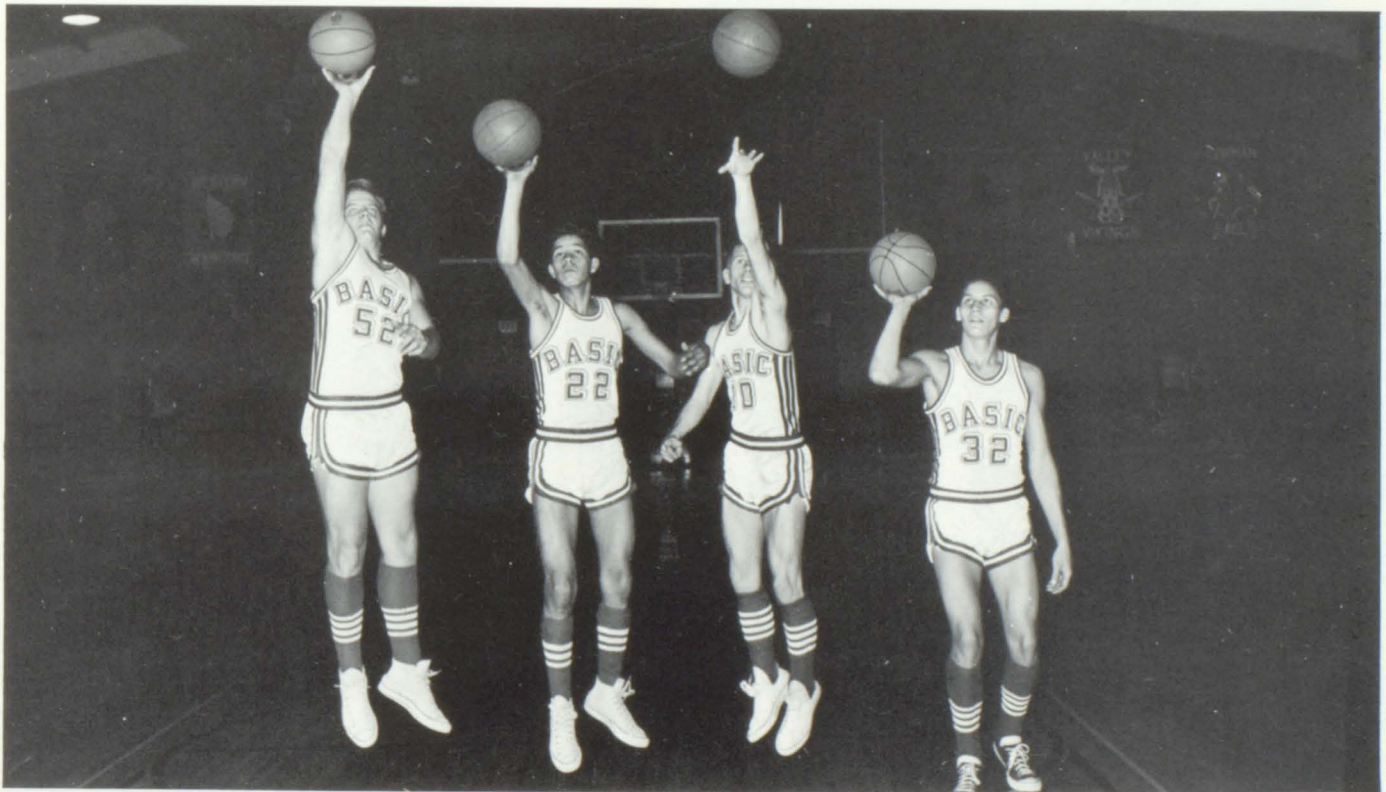

Charlie James guards Leo Montoya's fancy footwork.

Dick Weller watches while Paul Mitchell rebounds.

John Ferry, Bobby Montoya, Marc Dickens, Danny Higley perfect their basket shooting for the forthcoming game.

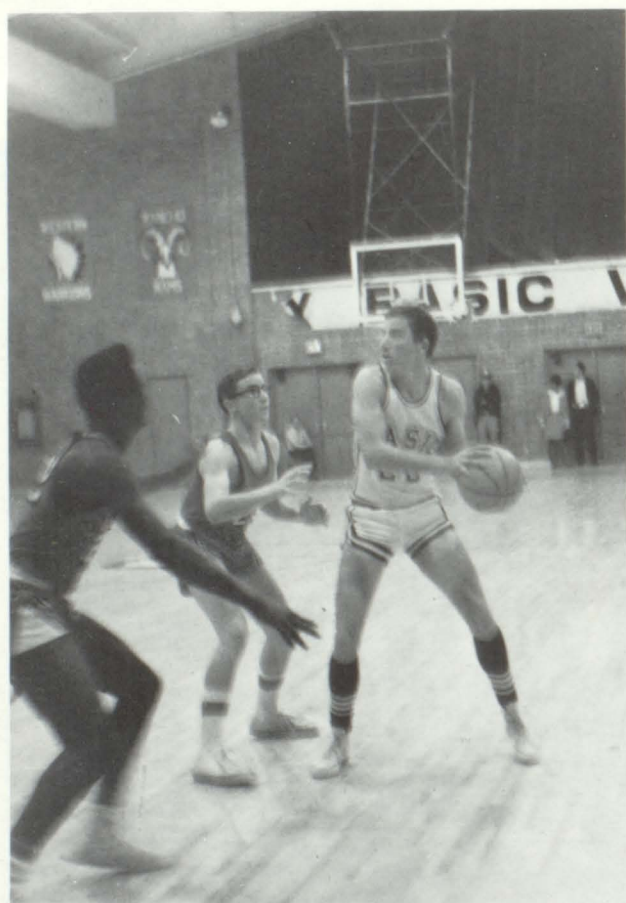

Our only seniors, Steve Augspur and Steve Hurd, were a constant boost to the team effort.

Basic Wrestlers Have Outstanding Years

WRESTLING, ONE OF the newest and finest sports, came to the Home of the Basic Wolves and Nevada at the same time, 1964. Basic pioneered wrestling in Nevada with the first dual meet held between schools in the state. This was Basic vs Western which Basic won. Since this time wrestling has grown by leaps and bounds. Now instead of three schools, Basic, Western, and Rancho wrestling, there are eight schools in southern Nevada, not counting the schools wrestling up North. Within the last two years wrestling has more than tripled its competition. Even though competition grows and wrestling becomes a harder sport, the Basic mat-men keep right on showing their superiority. This superiority started with a coach, Mr. Mike Walters, and a captain of the team, Jim Larsen. With them as guides, the team went on to take Zone and Conference that year. The next year two fine wrestlers, Joe Tram and Pete Arkell, captains of the team, with Mr. Walter's guidance lead the team to another Zone and Conference Championship and the Basic High Wolves to glory as the school of the Home of the Champion Wrestlers.

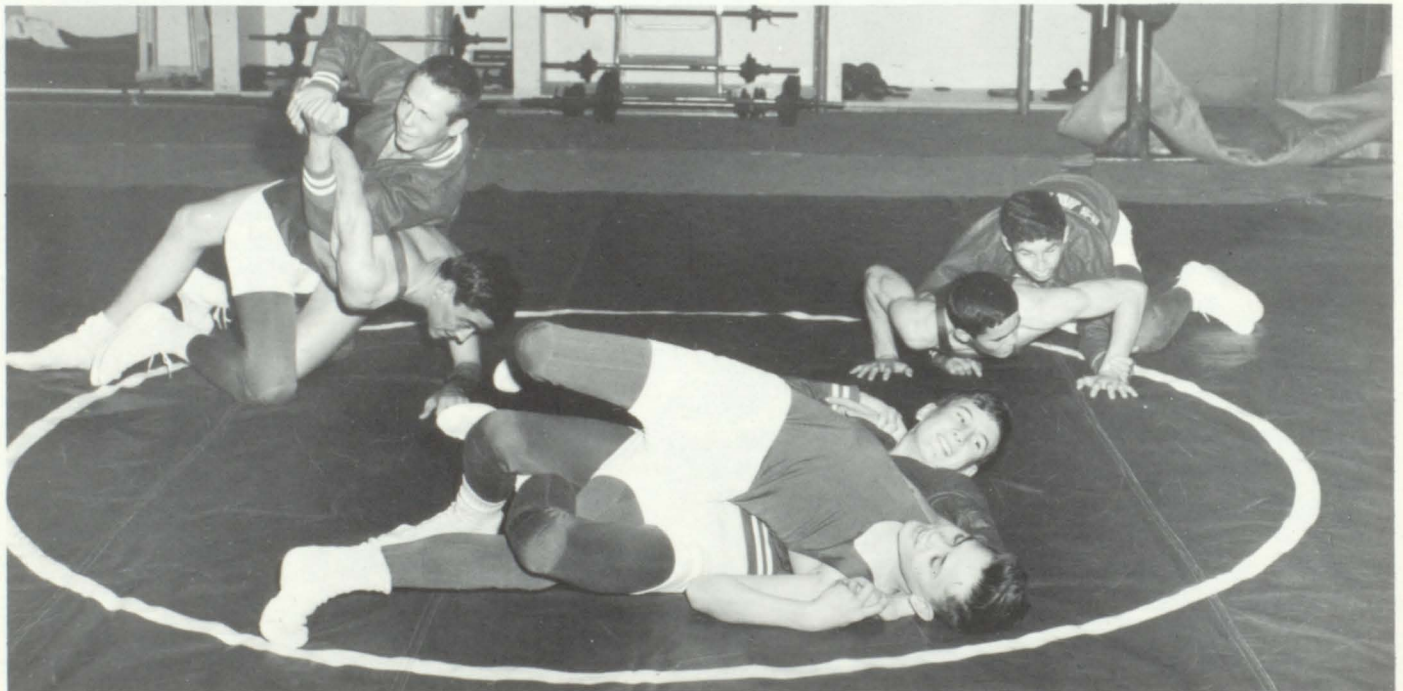

WITH NO LOSSES behind them, the team and Coach Walters went into the third year of Conference meets. To show that the Wolves spirit was made of victorious inspiration and a heavenly blessing, the Coach and his champion wrestling team went to further fame by establishing their third year Conference Championship. This was Basic's second year of defending its title.

WITH BASIC out in front promoting wrestling, the development of the spectatorship has grown fantastically. As a result, wrestling has been and is becoming one of the most liked sports to watch. In fact, the popularity has grown so much that wrestling is on its way to becoming a major sport.

THE WRESTLING TEAM started out with spirit and hope to establish a heritage which any school would be proud and honored to have. The Basic wrestlers, past and present, have given Basic High the glory of victory. Distinction is theirs through pride, and honor. We're proud of you men! A job well done.

Basic Wolves mat-men take time out to illustrate wrestling holds. See, they do smile once in awhile. Otto Draken, Stew Barquist, Don Erickson, Brian Harless, Mike Galbraith, Bob O'Dell, Dick O'Dell, Roy Comstock.

Mike Wood, Steve George, John Henderson, Doug Swinney, David Wheat, Tom Smith also take time out to illustrate wrestling holds. Looks like more fun than a barrel of monkeys.

BASIC HAS SET records in dual meets which will probably never be equalled by other schools.

Spring—When A Young Mans Thoughts Turn To Baseball

Coach Rosch gives future plans to captains Rick Heitert and Ed Smith

WITH RETURNING SENIOR lettermen Rick Heitert, Ed Smith, Leonard Anderson, Barry Purdy, and Steve Hurd as the backbone for the team, Basic High's 1967 baseball squad will take the field with a lot of experience.

BASIC'S NUCLEUS WILL be in them and the returning sophomores and juniors who will see a great deal of action. Even though the pitching staff is young, it promises to be one of the best in the league.

THIS YEAR'S BALL team will provide the fans with thrills and plenty of action in every game, and, most of all, a successful season.

WE HOPE THE student body and Henderson will support the club as enthusiastically as they have in the past.

Coach Keegan, Head-coach Kibler, coach Shiles

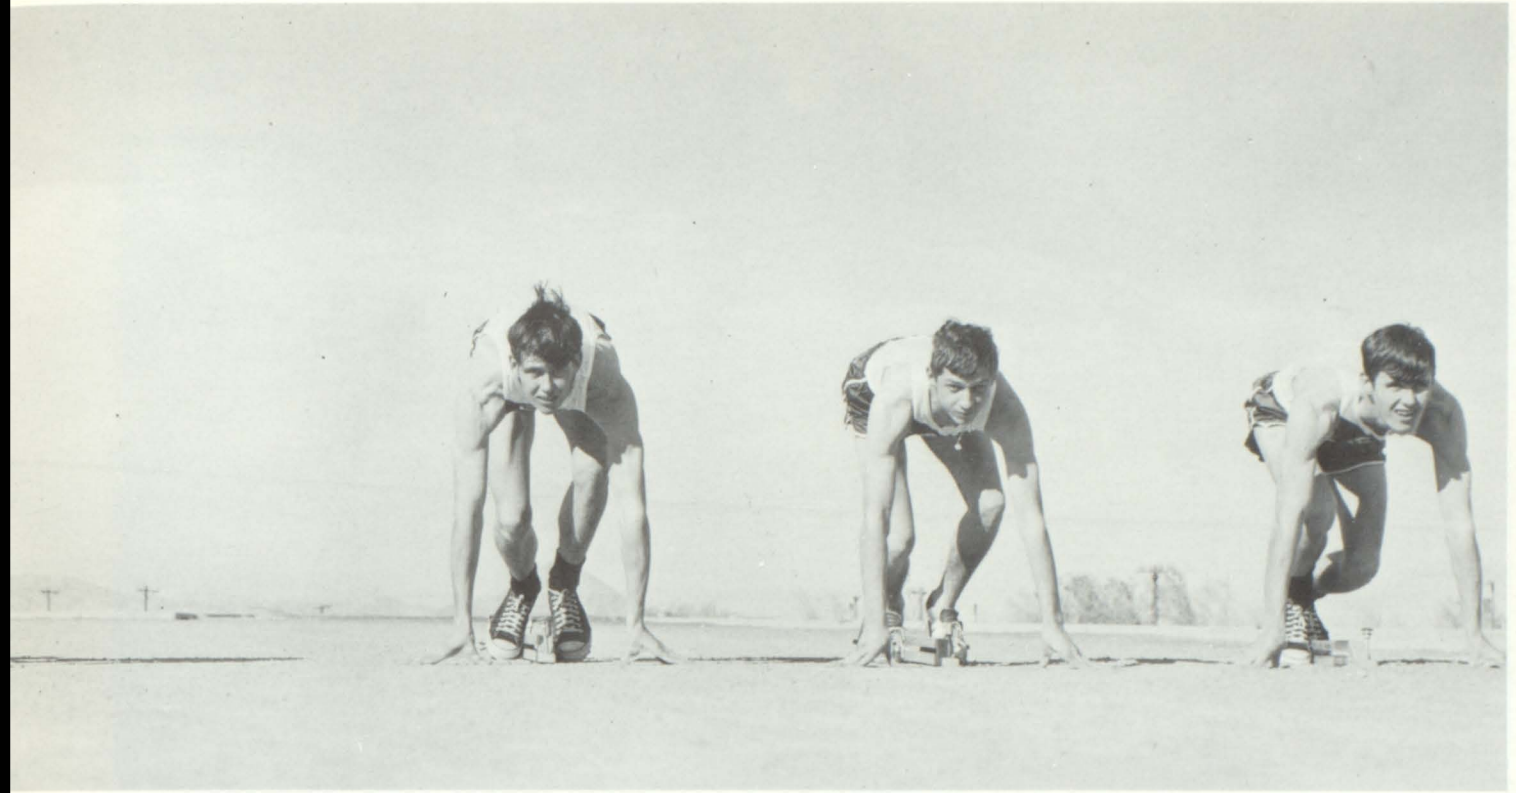

THE BASIC WOLVES track team, coached by Jim Kibler, Richard Shiles, and Joe Keegan and assisted by the managers, Terry Gray, Gary Jacobson, Dustin Wheat and Doug Brady, is looking forward to a successful season, with hopes of participating in the state meet.

RETURNING LETTERMEN Steve MacDonald, Stuart MacDonald, Bob DePeal, Jordan Dodd, Steve Pittman and John Ferry are being ably assisted by a fine bunch of new members and hope to successfully meet the challenge of the larger schools for athletic domination in Southern Nevada.

TRACK SCHEDULE

Coach Wilke, flanked by co-captains Scott Bennion and John Stockman, plan game strategy.

Tennis— Where “Love” Means Nothing

TENNIS IS IN its third year as a recognized sport at Basic High School. Although one of the newer sports on campus, Basic has been well-represented in numbers and ability. Basic started the year with four returning lettermen, Scott Bennion, John Stockman, Dennis Hargrove, and Mike Buchanan. Under the direction of Coach Ray Wilke, the twelve team members compete against each other to secure the nine starting spots for each match.

DURING THE YEAR, dual meets are held with each school in the county. Each match consists of five singles and two doubles contests. The season is capped by the Zone and State Tournaments in which all the high schools send their top nine players for final season honors.

TENNIS REPRESENTS A great deal of work in the daily practices and in the dual and Tournament matches. Although classified as a minor sport, tennis requires a major effort by all team members.

THE BASIC WOLVES golf team, coached by Don Smith, is looking forward to a successful season, hoping it will culminate in participation in the state tournament to be held at the Dunes Country Club in Las Vegas.

THIS YEAR THE team is backed by four returning lettermen, Ken McCallum, Dave Bagstad, Gary Pitts, and Steve Ross. The new and very prospective members of the team include Wyman Ray, Joe Zach, Doug Brady, and Kelly Bennion.

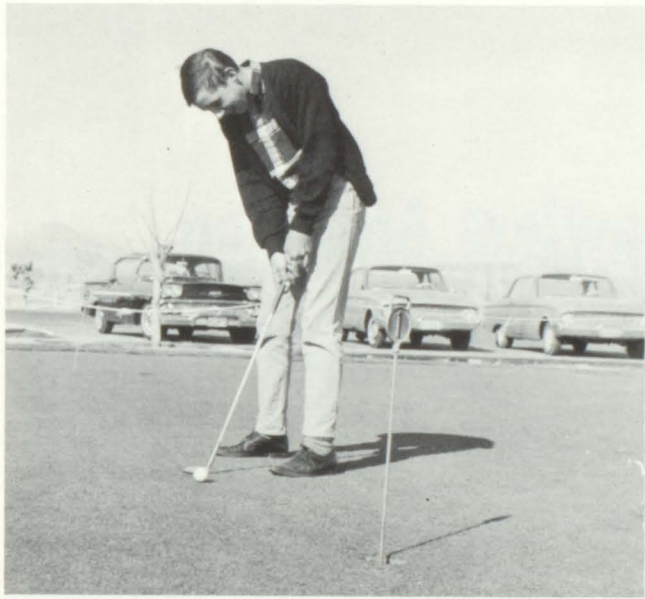

THE TEAM WILL be playing its fourteen matches on the best courses in the county, including the Dunes Country Club, Stardust Country Club, Municipal Golf Course, Winterwood Golf Course, Craig Ranch Golf Course. Black Mountain Country Club will be used as the home course for the team.

This year's team includes Dave Begstad, Wyman Ray, Joey Zach, Kelly Bennion, Doug Brady, Kenny McCallum, and Gary Pitts

A Perfect Game—Every Bowlers Ambition

Mr. Roscha - Coach

THE BASIC HIGH School 1966-67 bowling team, consisting mostly of freshmen and sophomores, lacked the experience of the other teams in the Clark County High School League. However, the young Wolves held their own in the league with some very capable assistance from our few upperclassmen. They showed a lot of promise for future years and improved considerably as the season progressed. Where they suffered losses the scores were always close enough to put a lot of pressure on their opponents.

THE BOWLING LEAGUE is in its sixth year of existence and has full sanction of the Clark County School District in interscholastic sports. Since receiving this approval three years ago, a new interest and enthusiasm for bowling has been noticed among the teenagers, which we feel is wholesome as it is one of the few "carry-over" sports in which the student can participate throughout life. It is likewise highly competitive as evidenced by the more than sixty students who vied for the twenty team positions.

THIS YEAR'S LETTERMEN'S Club has been one of the most successful of any in the years past. It is considered by most as one of the hardest working on campus. They have had numerous fund raising projects including bake sales, car washes, dances, and the selling of booster badges at Homecoming and at basketball games. To keep the interest going the Lettermen's club made several trips to Mt. Charleston to which members took dates and danced to a live band.

THIS YEAR'S LETTERMEN'S Club has been an asset to Basic High and has surely through the hard work and enthusiasm of its membership raised the prestige and spirit at B. H. S.

THE 1966-67 LETTERMEN'S Club of Basic High would like to sincerely thank Coach Rosch and Coach Walters for all their help and time given to make this a successful club.

THE PURPOSE OF the Basic High School Girls' Athletic Association is to promote interest in physical activities among the girls of BHS, and thereby instill and cultivate ideas of hygienic living, physical efficiency and sportsmanship, including obedience, self-control and fair play.

WHEN WE HAVE these objectives firmly fixed in our minds and a substantial confidence in ourselves, great things are likely to happen. This is how BHS girls become champions.

The average runner sprints until the breath in her is gone,

But the champion has a goal in mind that makes her carry on.

For rest the average runner begs when limp her muscles grow,

But the champion runs on leaden legs, her spirit makes them go.

The average girl's complacent when she's done her best to score,

But the champion does her best, and then she does a little more.

Titanium Metals Corporation of America Serves

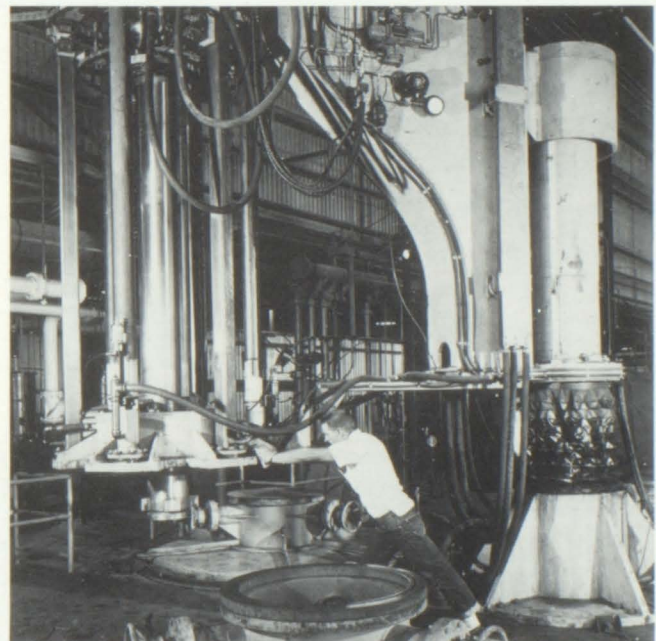

The Nation

Titanium literally makes it possible for today's sophisticated aircraft and spacecraft to fly, due to titanium's light weight and high strength. Titanium is used in virtually all aircraft now flying, both civilian and military, and will be used increasingly in future aircraft. SST (supersonic transport), for example, will be an 'all-titanium' airplane. Here is the North American A3J Vigilante under construction.

Henderson

Titanium Metals Corporation of America contributes to the local economy, making Henderson a better place to live, work, and do business. As titanium finds more and more widespread use in aviation, hydrospace, desalination, and the chemical industry, TMCA will grow, and help Henderson to grow. Photo shows a skilled TMCA employee moving a vacuum furnace into position for remelting a primary ingot — ingots are 30 inches in diameter, weigh up to five tons each.

Acknowledgments

THE WORK INVOLVED in producing a yearbook is so extensive that credit cannot be given to all who have participated. There are, however, people who have contributed so much that their names cannot be left unmentioned:

MR. LYAL BURKHOLDER for his assistance in our search for the history of the school.

MRS. MARYELLEN SADOVICH for her pictures of the early years of Henderson and Basic High School.

MR. DOOLEY and the faculty for their co-operation with the staff's work.

THE PARENTS of the staff members for their understanding and consideration of the staff's participation in this activity.

MR. WOODRUFF for his photographs.

SANCHEZ STUDIOS for their co-operation in furnishing us with pictures.

THE BUSINESSMEN of Henderson and Las Vegas for their support.

THE ART EDITORS for our divider sheets and cover design.

KATHLEEN BURKE for her devoted work on the history section.

STEVE BERNTSEN and Bill Farmer for their never-ending work in photography.

CARLA WICK for her eager willingness to accept responsibility.

BETTY IVES for her unfailing work on our index.

THE ENTIRE STAFF for their eagerness to assist in all phases in giving full coverage to the year 1966-67.

MOST IMPORTANT of all, Mrs. Verdena Purcell, without whose help and kindness the production of the EL LOBO would not have been possible. Her dedication and loyalty to the staff was manifest throughout the year. Also, her family should be thanked for sharing her with her advisory duties.
