

# Lessees Meet With CRC On Housing Shortage Here

## MORRY'S STORY

By MORRY ZENOFF

I ran into two happy moments as I wended my way along the plant-site front yesterday in search of this-and-thata.

In Don Ashbaugh's new office as secretary of the CRC, I found the guy wreathed in smiles despite the fact he's buried acres deep in CRC meeting minutes.

Here's why: needing a stenographer badly, he phoned Ben Church and asked for the best Basic High had to offer. Bright and early the next morning, in walked Cassandra Odell of this year's graduating class.

Don was happy because Cassandra thus far has fit into the job of taking notes on the tape recorder.

Other happy moment came about in Plant Manager Julian Moore's office. He was opening the morning mail when I trooped in—and his face blossomed well, indeed, in his characteristic broad grin as he realized the importance of the document in his hand.

It was the return from escrow of the final papers, including the down payment check, of the U. S. Lime deal. It meant that the papers could now be filed away, the check put in the bank—the subject closed for good. The first sale of a portion of the plant was now in the books.

Indeed, an important and historic moment in Henderson's life. Soon, the file folder will open again and again as more sales are made both at the plant and in the townsite.

Congratulations to U. S. Lime—for becoming No. 1 on the Buy-In-Henderson parade.

Heard a rumor around the town to the effect that Eddie Park of the maintenance department had gone to Washington—found it to be true—he's gone at WECCO'S expense to inspect five motor generator plants which the Navy has ready to return to the plant—several years ago, the Navy needed same and borrowed them—now, in returning them, Wecco feels the gadgets might be useable and asked Park, who still remembered how they worked, to go out and check on them.

The CRC operates its entire business of a tenth of a mill per kilowatt tariff it applies on its customer's bills—in this way, some \$75,000 to \$100,000 is raised to pay the board's freight each year—without harming anyone and at the same time saving the state any additional expense—cheap at double the price, I'd say.

The problem of determining whether liquor and gambling can or will be sold in Henderson is not the job of the CRC or any of its officials—it is the job of the county licensing board—the CRC can recommend, can state its feelings one way or the other—but it cannot order a yes or no on the subject once the property has been sold—

Thus the county licensing board is the one for all parties to see if they have complaints, praise, questions, suggestions, answers.

The Bureau of Land Management recently gave its decision on the claims made against Henderson land by several private residents of the county some years back.

The government agency said nix on that sorta stuff. The land was withdrawn legally and any old claims, which were filed for sand and gravel usage, were not to be allowed. The claimants have thirty days from May 10th to appeal.

I have it on good authority the amount of money to be invested on Henderson's future, aside from that already here, will total \$20 million.

That, my friends, is a lot of coconuts. I'll settle for half—and if we get it, it still assures Henderson of top rank in Nevada.

## — COMBING OUR TOWN — By "Bobby" Combs

The Bowling girls and myself returned home Monday night from Seattle, Washington. I wish that all of the girls who bowl in Henderson could be in Seattle for the Tournament and seen some of the women bowl, they were very good. We have a long way to go before anyone of us will be that good. Some of the bowlers didn't bowl a game under 215.

We had a wonderful trip and enjoyed the scenery which was very beautiful. The redwood high way was very pretty with all the wild flowers in bloom and the giant trees all along the road.

We had a few little incidents which were amusing to us, as the old saying goes, "A gentleman comes to the aid of a lady in distress," well it was just opposite, we helped a gentleman in distress. His car vapor-locked on the middle of the desert so we all got out of the car and gave him a

push and started him on his way; we were all gabbing and didn't notice a sign and after about thirty five miles we found that we were on the wrong road. Last but not least we ran over a skunk and we had a very unpleasant odor for a mile or two.

### CRUISE

Allen Cureton, son of Mr. and Mrs. Louis Cureton, Bobby Miller son of Mr. and Mrs. James Miller Tommy Barilleaux, son of Mr. and Mrs. G. C. Barilleaux and Van Marshall, son of Mr. and Mrs. Marshall of Victory Village flew to Long Beach where they went on a week-end cruise with the Navy Reserve.

## Von Tobel Will Build Homes In Boulder City

The first of what may be many inexpensive houses was started this week by the Ed. Von Tobel Lumber company in Boulder City. The pioneer lumber firm, joining hands with W. T. (Bill) Honeycutt local Boulder City builder and contractor, are developing a house which can be purchased as reasonably as an automobile, as far as the down payment is concerned. The down payment on the house will only be six hundred dollars, with impounds not to exceed \$250.00 making a total cash outlay not to exceed \$850.00. The monthly payments on the house thereafter will be approximately \$37.00 per month, these payments including ground rental, taxes and fire insurance.

The first house is being built at 549 Sixth Street, which is just approximately one-half block removed from the new grocery store. The house itself is of modernistic design, has two bedrooms and full bathroom facilities. Also included in the house are steel windows, asphalt tile floors, Youngstown Kitchen with twin sink and provision for the future installation of an automatic clothes wash er.

Von Tobels have long felt that the American working man should be in a position to purchase a home with a small down payment, and with the enactment of war-time regulation X, which requires heavy down payments on new homes, this relatively low down payment on a new home comes as a new boon to potential home owners. The homes are being financed under a special section of the FHA and will be under FHA construction inspection. The interest rate is 4 1/4 per cent.

People who are interested in buying these homes are to communicate or see Mr. Jake Von Tobel of the Ed Von Tobel Lumber Company, 217 South 1st St., Las Vegas, Nevada.

## Library Schedules Child Book Plans

Mrs. Dave Malcolm, librarian, announced that the children's summer reading program will start July 10th, through August 18th. The program is for children who have passed the first through the fourth grades.

Mrs. Malcolm stated that the goal to be reached this year is "a fully dressed Indian." The child reads a book and then gives Mrs. Malcolm a review of what she or he has read, and in turn receives a part of the Indian attire.

There are many new books and Mrs. Malcolm asks that the parents cooperate during the reading program, and assist in the returning of the books at night.

The library is open from 12 noon to 5:00 PM and 7:00 PM to 9 PM on Tuesday through Saturday. The library is not open on Saturday evenings or on Mondays.

A party is planned for the end of the program. Last year there were 157 children registered.

## Midgets Lose To Boulder, 10-0

The Midget Baseball team of the Sheriff's Athletic League, coached by Dr. Harry West, lost their first game to Boulder City, 10-0.

Jimmy Gillum and Ted Wynn pitched for Henderson with Jack Elliott behind the plate. Boys between the ages of 9 to 11 who would like to play are welcome to practice on Tuesday, Thursday and Saturday morning at 9:30 AM Coach West announced that he would like to have two or three complete teams.

MRS. WALLY ROSS Mrs. Wally Ross of 14 Montana Way underwent surgery, Friday at the Rose de Lima hospital.

## Manganese Ore Finds "Home" On A Ranch

An announcement was made yesterday by H. C. Nickerson, owner of the Hidden Wells ranch that Manganese, Inc., of Henderson, Nevada, had leased the property for use as a residence for the company's officers and directors.

Hewitt West, president of Manganese, Inc., and his family are at present in residence at the ranch.

The Nickersons will continue in residence and have the duties of management of the property for Manganese, Inc. Guest facilities will be suspended through out the life of the lease.

The ranch is located in Paradise Valley and heretofore has been a mecca for Hollywood celebrities seeking a place to establish residence while procuring a divorce.

During the past war the ranch was used by the top executives of Basic Magnesium, Incorporated and Manganese Ore as a place of residence.

## Birthday Party For Mrs. Fumagalli

A birthday party was held recently in honor of Mrs. Charles Fumagalli, of 290 Basic Road. After cocktails a buffet supper was served and a social evening followed with dancing.

Attending the party were; Mr. and Mrs. Armand Barilleaux, Mr. and Mrs. Bill Byrne, Mr. and Mrs. Steve Mirilovich, Mr. and Mrs. Eugene Priesbrey, Enes Fumagalli, Don Seitzenger and the host and hostess.

Mrs. Fumagalli will be leaving soon for the University of Nevada where she will continue her studies.

## American Legion

By Frank Morrell, Commander Post 40's Jr. American Legion Baseball team, composed of your boys, will play Boulder City there this Saturday night under the lights at Peterson Field. Get out and give these kids your support as well as enjoy a fine baseball game.

The drawing for the mixmaster will be held this Saturday night in Henderson.

Post 40 is starting a series of summer Bingo games which will be conducted every Friday night. The first game will be held Friday night, June 5th, in the high school gymnasium. Look for the further announcements next week.

Post 40 was well represented at the District Convention held in Overton last week end. Much work was accomplished and every one had a fine time.

It's vacation time so this column will not be printed next week but will be resumed the following week. Remember one thing—If you are a veteran you belong in the American Legion—join today!

## Here Are The Conventioneers

Members of the Basic Post, American Legion and auxiliary who attended the District Two convention at Overton were: Mrs. Lucy Collins Compton, Mr. and Mrs. Charles Bennett; Mr. and Mrs. Frank Heher, Mrs. Harry Uler, Mr. and Mrs. Frank Morrell, Mr. and Mrs. Charles Brown, Mrs. Jas. Forshee, C. T. Glazer and Don Rogers.

THE CALLISENS Mr. and Mrs. Clifford Callisen of 134 Magnesium have returned home after spending a month's vacation. The Callisons visited Mr. Callison's mother and brothers in Arkansas, Kansas, Mrs. Callison's mother in Bremerton, Washington and they also visited with friends in Oakland, California. Mrs. Callison stated that they had a wonderful trip and how she enjoyed swimming in the hot springs at Hot Springs, Ark.

## Tenants Council Meets To Study What They'll Do -- If They Buy Homes

BY JIM MCKAY

The Henderson Tenants Council met on Tuesday evening to discuss ways and means of carrying out their proposed plan for the purchase of the homes if it is accepted by the Colorado River Commission and the General Services Administration.

In connection with the proposed purchase plans for the Council, an effort is being made to secure a complete report on the operations of the Washington Terrace community in Utah. The plan used is essentially the same as that which has been proposed for use in the Henderson. This report would give the concrete evidence which will of necessity have to be presented to the Colorado Ri-

ver Commission, proving the possibility of the successful operation of the plan.

Attorneys William Compton and William Ruymann were present at the meeting, by request of the Council, to give opinions upon the legality of certain steps which the Council desires to take in the event of acceptance of the plan.

The council expressed thanks to Compton and Ruymann who have offered their services at this time without fee.

Members of the Council present at the meeting were: Earl Keenan, Charles Connors, Louie Burkholder, Louise Sullivan, Louise Swift, Bill Byrne, Harry Bertstein, Larry Trumbull, Hal Wurzer, and James McKay.

## Well, That Fishing Problem is All Over - Here Is The Arizona-Nevada Pact

The longstanding Colorado River Fishing license problem has been settled, according to an announcement from the state fish and game commission.

This good news for fishermen came from the monthly commission meeting held in Ely on June 2. The commission said that an agreement providing for a special permit will allow anglers to fish any open portion of Lakes Mead and Mohave, as well as the Colorado River below Davis Dam where it forms the boundary between Arizona and Nevada. Arizona officials have signed the agreement and it will go into effect on July 1, 1951.

The agreement provides that: 1. An Arizona or Nevada fishing license is necessary to purchase the permit. 2. Permits will not be needed to fish from the shore, but proper fishing license of the affected state will be required for this. 3. Procurement of the permit will allow entry and angling from any point on the waters.

4. Children under the age of 16, resident or non-resident, will not need permits.

5. Each state will handle use permits for the other: Arizona permits will be obtained from Nevada license agents in Clark County and Nevada permits will be obtainable on the Arizona side.

6. Arizona permits will cost one dollar from July 1 of this year through the rest of the calendar year and, beginning 1952, will cost the standard two-dollar fee.

7. Nevada special use permits will be valid from July 1 to June 30, to coincide with Arizona fishing licenses.

8. Regulations concerning seasons, bag limits, hours and bait regulations will be the same and will be posted adequately by both states at fishing entry points.

The Commission early this year requested Wayne Kirch, Fish and Game Commissioner from Clark County to pursue negotiations with the Arizona authorities in this matter and the agreement reflects a great deal of Mr. Kirch time and effort.

## Gaye Cannon Weds Clarence Worthen

Miss Ema Gaye Cannon, daughter of Mr. and Mrs. Bernard Cannon, 159 Magnesium became the bride of Clarence M. Worthen son of Mr. and Mrs. W. G. Worthen, 213 North 6th, Street Las Vegas Friday evening. The couple will make their home in Las Vegas.

Miss Shirley Cannon was maid of honor, Miss Romaine Prince and Miss Bonnie Jenkins were brides maids and Dorothy Cannon was the flower girl.

The Young Women's Mutual Association and the Junior Sunday school class gave the bride a pre-bridal shower at the Victory Village auditorium.

The gifts were displayed upon tables and more than sixty persons attended. Games were played during the evening and refreshments were served from a table decorated with crystal candelabra and garden flowers.

## New Tungsten Discovery

A new tungsten discovery is reported by David Bullock, Mina, who with G. A. Peterson, have located a promising tungsten deposit in the Rock Hill mining district, some 20 miles south of Mina in Esmeralda county. The ore occurs as scheelite, and considerable extent. It will be necessary to construct a mile or so of road before mining machinery can be moved to the ground.

ANN SHEPHERD Mary Ann Shepherd, daughter of Mr. and Mrs. Roy Shepherd, 18 Magnesium, underwent surgery at the Rose de Lima hospital. Mary Ann is ten years old and is reported doing nicely.

## Miner Tangles With Rattler

The Virginia Dale mine had some unusual occupational hazards, according to Dave Poste of Twentynine Palms. One day as Waldemar De Crevecoeur worked in his blacksmith shop, he leaned over behind a box near the wall to pick up some object there. When he rose again, a large and angry rattlesnake had struck at him and was hanging from his shirtfront, its fangs tangled in the cloth. Keeping the shirt front away from his body, Waldemar walked across the room and bent over again, lowering the snake into an open vise. When he had tightened the vise firmly on the snake's head, he fumbled a knife out of his pocket, and cut away a piece of shirt in which the fangs were fixed. Then he put on his hat, left the blacksmith and Virginia Dale camp for good. He took the next stage into Redlands, climbed out of the vehicle there, and, according to legend, fainted.

## New Tenants At Victory Carver

Tenants moving into Victory Village and Carver Park from May 15, 1951 to May 30, 1951, inclusive.

Pfc. L. R. Batten Jr., Sgt. L. R. Gunter, K. J. Lopeman, H. L. Cooper, Sgt. L. M. Sanchez, S/Sgt. D. A. Watkins, R. R. Henson, L. L. Smith, 2nd Lt. J. B. Williams, C. Martin, K. W. Cayton, D. R. Andrews, J. E. Appleby, Sgt. N. H. Case, Pfc. L. G. Lenover, F. A. Bidwell, J. G. Duffin, P. W. England, M. J. Colletti.

THE TODDS Mr. and Mrs. Todd are vacationing in Texas and are expected home soon.

There is a housing problem here in Henderson—one that has all parties concerned—the CRC—the plant lessee—the employee—all up in the air and in the frame of mind that something has to be done about it right now.

As of last night, there were 79 men, all employed in the plant, standing in line for homes for themselves and their families. Some were forced to find trailer courts, others had temporary spots in Vegas—others had to find hotels. Many want to bring their families in from other sections of the country—and can't. Plant lessees held a special meeting with CRC members Tuesday.

Figures and facts before the CRC show that 412 of the 1,000 Henderson homes are occupied by non-plant people. Of this, 212 are former plant employees, 109 are vets invited in to live during the post war housing shortage, and 91 are neither vets nor have had any plant connection.

The plant lessees point out that the problems of housing shortages were not in the deal when they made their investments here. It was their understanding that houses were for plant use.

Now, with the picture changed they are looking to the CRC and anyone else for housing answers. They fear losing excellent personnel if they can't fill the housing needs.

The CRC in trying separately to solve the situation has worked up figures that show a need of 1500 homes for plant employees by next June 1st.

Victory Village has many attractive spots available. People will be urged to move there inasmuch as the housing authority there promised to make the vacancies available. New paint jobs and coolers have been installed in many of the VV and Carver homes.

Whether more drastic action by the CRC is contemplated could not be learned, but it is known that the housing of plant men must be done immediately. The CRC has legal authority to do same via the three day eviction notice which it contains in its lease.

All this comes in the face of the pending deal to sell the homes. There is also a plan under way for the building of another 400 homes. But that won't answer today's housing shortage, officials declare—and thus the need for some other form of positive action.

CAREY REEVES Carey Reeves of Las Vegas has been added to the deputy sheriffs staff in Henderson. Mrs. Reeves taught kindergarten here in 1949.

## What To Do In Case We Are Attacked

Editor's Note: This article is another in a series issued by the Civil Defense Office of the State of Nevada dealing with defense in case of biological attack, sometimes known as "germ warfare." The series is published to allay wild and unfounded stories which have been circulated on the subject.

### WHAT YOU SHOULD KNOW ABOUT BIOLOGICAL WARFARE

(From the official U. S. Government Booklet.)  
What About New Types of Germs and Poisons?

Forget about new "mystery" germs and poisons.

During the past few years, a great deal of foolish talk has been built on twisted facts. Let's take a look at germs and poisons so powerful that even a thimbleful could kill millions and millions of people. Most of this is pure scare-talk built on twisted facts. Let's take one example:

There is an unusually serious type of food poisoning that doctors call botulism. Tiny plantlike germs, or bacteria, create very small amounts of an extra-strong poison which may get into the body. Scientists call this poison botulinus toxin.

Toxin is the technical name for any poison produced by plants or animals, while botulinus comes from the Latin for "sausage-shaped." The poison was given this name both because of the shape

of the germs that produce it, and because it was discovered in an outbreak of food poisoning that came from eating bad sausages.

During the last war laboratory workers managed to separate two different types of botulinus toxin in almost pure form. To test the killing power of the poison, very tiny doses of it were given to white mice. The experiments showed that 1 ounce of the toxin would be enough to kill about 840 billion mice.

Some dreamer promptly figured, by comparing the weight of a human being with the weight of a mouse, that one ounce of botulinus toxin would kill about 220 million human beings—more people than there are in the whole of North America.

Actually, we do not know, pound for pound, whether people would be killed as easily by botulinus as mice are. But suppose one oz. of the toxin was enough to kill 220 million people. Also, let's suppose that we had a full ounce of the poison and that all 200 million living North Americans were jammed together in one place. Then how could that one ounce of poison be evenly distributed among all the people? It couldn't. It couldn't be distributed among even a tiny fraction. Remember, botulinus toxin is an actual poison, not a germ that can reproduce its own kind and spread disease from one person to another.

There is still another reason but not to get too excited about botulism. Besides the toxin, laboratory workers also have succeeded in making botulinus toxoid. The toxoid is a protective fluid used to make people immune, or resistant, to the poison.

When it comes to germs, we find that the true facts are much the same as for toxins. It is known, for example, that a pair of tiny and "almost weightless" pneumonia germs injected into a mouse might kill the animal. From this, we might go on and say that, ounce for ounce and pound for pound, many germs have far, far greater killing power than botulinus toxin.

But in spite of the fact that the germs multiply and are able to move around somewhat, they are not so great a threat as you might think. Any attacker would have a hard job getting the bugs distri-

buted among large numbers of people. Many of those who were exposed to the germs would throw them off without harm. No single type of disease germs will make everyone sick. Also, we have many kinds of protective vaccines and toxoids which provide immunity against various diseases. And you know of course that we now have powerful new remedies such as sulfa drugs, penicillin, aureomycin, and other forms of medicine, which will cure many kinds of illness very quickly.

It is too much to hope that vaccinations and shots in the arm ever will give full protection from all the possible kinds of biological warfare. But at the same time, we can be reasonably sure that no "enemy" could attack us with some new disease or toxin that would bring quick illness or death to millions of people.

## Local BPW Given Award for Best Scrapbook

Mrs. Bernice Sanger, President of Henderson Business and Professional Women's Club, announced that their club was given the award for the best scrapbook of club activities in the State. This award was presented at the convention in Las Vegas May 28.

The women who judged the scrapbooks were Mrs. Gordon Harby, Mrs. Dorothy Brimacombe and Mrs. Mary Jane De Crabe. The scrapbook had been started when the club was first organized by Mrs. Fred Raker. Since that time she and Mrs. Terry Handy have kept it up.

The award, a leather folder,

with gold lettering, was presented to past president, Mrs. Anne Wright, at the breakfast May 20, by Mrs. Lee Allaire, donor of the award. Mrs. Wright in turn presented the award to Mrs. Handy, because of her work with the book. The book is a complete record of the club since it became a member of the federation.

The club also received another honor when it was given a certificate for having 100 percent participation in the last elections. Every member voted at that time.

The club is planning its annual ice cream social for the latter part of June at the home of Mrs. Ruth Ball. This annual social event has become a tradition in the town and is looked forward to by all the residents. It is the only money raising event put on by the club during the season.

### CORRAL BUILDERS

The week-end of June 9-10 has been chosen for the group are planning to go to Lee County to repair the horse corral for Girl Scout summer camp, and to the county camp site. The camp site will be available on June 8-9-10, it is reported. Anyone who intends to make a trip should contact Bob Wood at Basic Photo Shop, or Roy Hudlow, county camp girl chairman, at Reclamation for details.

### BOY SCOUTS

The Boy Scouts of Pack 80 are planning a carnival during their packing which was held recently at the High School auditorium. Refreshments were served during the evening.

Copyrighted 1951 by Meyer Both Company

Hurray, cry the youngsters! School is out! Summer activities begin. For real eating enjoyment, serve cooling, easy-to-fix menus. Tall, refreshing iced drinks will add zest to tempting salads, sandwiches or main courses. Come and SAVE!

# Here Are The Proposed Changes In Regulations for Inland Lakes by U. S.

Inland waters under the jurisdiction of the Department of Interior are due for changes in regulations such as the following excerpts from the official document recently printed in the Federal Register.

The government is allowing 30 days for public expression on the regulations before they go into effect.

laws, under the provisions of the act of April 23, 1932 (47 Stat. 136, 43 U. S. code, 1946 edition, section 154).

Part 23, pertaining to operation of privately owned boats, will be revoked entirely; the new "part 2" added to chapter 1 defines "commercial boats and private boats" and makes provision for their operation, commercial boats being limited to those with "authorized permit, contract, or other written agreement with the United States."

Fees for operation of private boats are eliminated by the new regulations, the Lake Mead recreational area personnel, headed by George Bagley, having already dropped these fees some time ago in anticipation of these regulations becoming effective.

"Commercial boat" is defined as including "any barge, raft, canoe, rowboat, motorboat, motor vessel, or other craft kept or used for rental or for carrying passengers for hire or used in transporting movable property for a fee or profit; either as a direct charge to a second party, or in connection with any business."

Under "hunting and trapping," specific weapons are specified.

"In portions of the areas designated by the superintendent, hunting and trapping are permitted in accordance with all applicable federal, state and local laws for the protection of wildlife; provided that only shotguns or bows and arrows may be used in Lake Mead national recreational area."

"Portions of the area in which hunting and trapping are permitted will either be marked or designated on a map of the area which will be available for inspection in the office of the superintendent."

"Loaded firearms, including high power air pistols and rifles and blow guns using CO2 gas cartridges, or explosives of any kind must not be carried within the areas, except when in the possession of a law enforcement officer, or government employee on official duty, or when being used for hunting during the hunting season as permitted under No. 25

or when authorized by the superintendent."

"Collection or removal of natural objects without authorization from the superintendent, is prohibited."

Regarding sand and gravel, it is provided "The superintendent or other officer having authority to grant such authorization may, upon such terms and conditions as are deemed by him to be adequate to protect the interests of the United States, grant permits for the removal of sand, gravel or building materials."

Grazing and agricultural use of lands in the area: "The running at large, herding, driving across or grazing of livestock of any kind on the government lands in the areas, or the use of such lands for agricultural purposes, is prohibited, except where written authority therefore has been granted by the Superintendent or under a valid lease from the United States."

Living permanently in the area is forbidden to all other than employees of the national park service except in accordance with the provisions of a permit or other written agreement with the United States authorizing such use.

"No person, firm, or corporation or their representatives, shall engage in or solicit any business in the areas, except in accordance with the provisions of a permit, contract, or other written agreement with the United States."

"Private notices or advertisements shall not be posted, distributed or displayed in the areas except such as the superintendent may deem necessary for the convenience and guidance of the public."

"Prospecting and mining may be prosecuted within the area only in accordance with authorizations granted by the Secretary."

"Before any motion or sound pictures may be filmed within the areas, except by amateurs and bonafide newsreel photographers, permission therefore must be obtained, in writing from the superintendent, which permission may be granted in the discretion of the superintendent."

"The superintendent, in his discretion, may close to public use all or any part of the areas during any period of emergency."

"Boats shall be moored only in areas designated by the superintendent. A permit shall be obtained from the superintendent for any special boat mooring facilities. The superintendent shall have authority to revoke the permit for boat or mooring facilities and require their removal upon the failure of the permittee to comply with the terms and conditions of the permit or with the regulations in this part. Before revoking a permit under this paragraph, the superintendent shall give the permittee appropriate notice and opportunity to be heard."

### Beta Sigma Phi Hold Social Meet

The Beta Sigma Phi Sorority held a cocktail party recently at the home of Mrs. Ed Wertsbaugh 529 Kansas Ave. The party was one of the early summer events.

The room was decorated with bowls of early summer flowers. After the Cocktail party the group went to the Swanky Club for dinner and a social evening.

Attending were: Mr. and Mrs. Richard Balmer, Mr. and Mrs. Larry Odell, Mr. and Mrs. Frank Morrell, Mr. and Mrs. Larry Rostine, Mr. and Mrs. Jack Parvin, Mr. and Mrs. Gordon McCaw, Mr. and Mrs. Estes McDoniel, Mr. and Mrs. William Athis, Mr. and Mrs. George Monoham, Mr. and Mrs. Eugene Slavin, Mr. and Mrs. Ed Wertsbaugh, Mr. Mrs. Ralph Leigon, Mr. and Mrs. Eugene Baird, Mr. and Mrs. James Herman, Mrs. Helen Wellborn, Mrs. H. Cahoon, Miss Mary Jo Parker and Dan Smith.

Hostesses were: Mrs. Edward Hickman, Mrs. Pratt Prince, Mrs.

Sam Earl, Mrs. Bernard Cannon, and Mrs. Farrell Hicks.

Honoring Mrs. Lane were: Mrs. Allen Black, Mrs. Lew Black, Mrs. Clara Williams, Mrs. George Black, Mrs. E. C. Bunker, Mrs. Dave Banks, Mrs. Rex Tomlinson, Mrs. Lucile Tweedie, Mrs. Le Grande Wood, Mrs. Floyd Hicks, Mrs. Sam Earl, Mrs. Pratt Prince, Mrs. Bernard Cannon, Mrs. Vern Bruce Atkins, Mrs. Jerry Connors, Miss Florence Prince, Miss Shirley Banks, Miss Donna Hansen, Miss Shirley Cannon. The following sent gifts, Miss Dorothy De Jong, Mrs. George De Jong, Mrs. Dorothy Taylor and Mrs. Charles Bontrager.

## New Residents In Victory, Carver

James Farnsdale, executive director, reported that twenty members of the Nellis Air Base and their families moved into units at the Victory Village and Carver Park area during May 1st, to May 15th, period.

The new tenants are: First Lieu tenants J. P. McMullen and C. D. Perham; Second Lieutenant G. D. Pope, D. M. Warrick, M. C. Hierman, F. D. Delca, H. P. Large, C. M. Miller, J. J. Schillace, W. I. Dronke, J. A. Morier; First class Cleveland, P. E. Carson, and Pvt. D. C. Thompson and Corporals W. H. Crooles and F. C. Purner.

The civilians include: J. D. Potter, R. Sutton, H. F. Pracejus, H. O. Cook, P. E. Shreve, W. Head, B. J. Reynolds, W. J. Shearin, Jr., J. K. Baker, E. L. Ballard, W. H. Baker, H. L. Bates, R. J. Porter, A. D. Irman, E. Jaramilla, W. J. Gibbs, J. B. Hafen, B. Lelake and E. K. Gribbsby.

## CRC To Issue Newsletter Here's The First --

BY DON ASHBAUGH

(Editor: With expanded activities of the Colorado River Commission making it one of the largest and most active of the state's agencies, Governor Russell and the commissioners, J. H. Buehler of Pioche, H. R. Rowland of Reno, A. E. Cahlan and Frank Strong, of Las Vegas, expressed the belief that the people of the state would be interested and were entitled to know what is going on. It is proposed that periodic newsletters be sent to the newspapers of the state. This is the first of them. Naturally, you may use the information in any manner you wish. If, at any time, you desire information on any specific matter relating to the commission activities, I will be glad to assist you.—Don Ashbaugh, Secretary, Colorado River Commission, Henderson, Nevada., Telephone, Henderson 134.)

energy, are the National lead co. and Combined Metals Reduction company.

In taking over the distribution, the commission also acquired generator N-7 at Hoover (Boulder) dam, which has a capacity of 82,500 kilowatts, and at the same time had the 45,000 kilowatt capacity of one of the new Davis dam generators connected into the plant switchyard. Aimed at completion in time for the full demand also is the new generator A-9 at Hoover (Boulder) which will augment the present supply by another 50,000 kilowatts. The commission also receives a portion of the power from generators A-1 and A-2 at Hoover (Boulder) dam.

Parched Las Vegas, where water has been rationed during summer months in recent years, is looking forward to relief during the hot days of 1952. Final negotiations are now under way for the Las Vegas Valley Water District to purchase the mammoth Basic Magnesium Plant facilities which have a capacity in excess of 30,000,000 (million) gallons of water a day from Lake Mead.

Under the plan, the Water District will guarantee the required needs of the Basic Plant, the Mangane Ore Plant and the communities of Henderson and Pittman, totalling approximately 20,000,000 gallons daily. This, however, will leave 10,000,000 daily gallons for distribution by the Water District to Las Vegas residents when the connecting pipeline to the reservoirs at Henderson is completed.

One of the most unusual things about the Colorado River Commission of Nevada is that it is an entirely self-supporting state agency. Since the initial appropriation in 1935, when it was organized, of \$25,000—which long since has been returned to the treasury—the commission has paid its way and today has its operating fund in excess of \$100,000. This has accrued through the years from the one-tenth mill per kilowatt hour charged the power contractors by the commission for administration.

## Combined Metals To Install An Electric Furnace

Combined Metals Reduction Co. which operates mining properties and a big mill in Lincoln county, is planning to install an electric furnace for treatment of manganese concentrates at the Basic Magnesium Inc., plant at Henderson. An estimated \$250,000 will be spent in addition to \$125,000 already spent by the company in developing large flotation facilities at their mine workings in the Pioche area. If sufficient power can be made available, the company expects to be making manganese alloy by June 1.

HENDERSON HOME NEWS

## Nevada Health

Elko County's project aiming at a new general hospital has given the state's long-range hospital construction program a boost that is a healthy one in every sense of the word.

Conforming with national planning in order to gain federal aid of one-third of the construction costs, Nevada has been divided into 12 hospital areas, two of which, Reno and Las Vegas, dominate the map as population centers.

Careful study of the state's hospital needs has brought out the fact that Elko, Yerington and Tonopah are most in need of additional facilities, with Elko alone having moved to improve the situation.

The Ely and Reno areas have facilities which meet only from 50 to 75 percent of estimated hospital needs, while the remaining areas, centering in Caliente, Carson City, Fallon, Hawthorne, Lovelock and Winnemucca, respectively, provide within five percent of all estimated hospital

needs.

The federal plan under which Nevada is improving its hospital service does not expire until 1955. Three facilities, Churchill Public hospital, Fallon; the state hospital at Sparks, and St. Mary's hospital, Reno, already have shared in the plan.

Nevada does quite well in providing general hospital beds, but needs 75 additional beds for tuberculosis treatment, 314 beds for chronic disease cases, and 475 additional beds for mental patients, the survey has shown.

## VFW Has Party With Servicemen

Veterans and servicemen and their families enjoyed a party recently at the Veterans of Foreign Wars Basic Post 3848 clubrooms at Victory Village.

Members of the Nellis air base supplied the featured entertainment, with Jerry Connor as master of ceremonies. Pvt. first class Sullivan and Corporal Corky Johnson were the soloists; Sgt. Connors and Staff Sgt. Bob Cass presented a comedy act called "Pancakes." Pvc. Joe Gunanante sang several songs and the Madcaps of Comedy, Sgt. Bob Beasley and Cpl. Bud Clark sang several numbers; Cpl. Al Delere presented a piano solo and Staff Sgt. George Grober was the accompanist for the vocal numbers.

The Airbase and the VFW plan the affair to bring closer relations between servicemen and veterans.

## William Witt, Sr. Developing Claims

The William L. Witt, Sr., and Associates are developing manganese claims adjoining those of the Three Kids mine.

Witt, announced that core drilling has started on the claims by a Calif. engineering company. Witt has great hopes for the development of the ore body which he has been working on for some time.

## DORCAS CIRCLE

The Dorcas Circle of the Community church is planning a concert to be held in the early part of June.

The women of the circle received word from Jack Walsh that the Flamingo Hotel will assist with the concert and will have several musical acts ready.

Local talent, who will participate in the concert are Jerry Kizlia, Jean Slavin, Virginia Gorin, George Hargrave, Claude Pullen and the Sullivan Sisters, Min and Lu. Mrs. W. T. Beavers is in charge of the arrangements.

At 12:01 A.M. June 1, the Colorado River Commission of Nevada advanced to the major league of power distributing agencies.

When new installations are completed at the Basic plant and all presently signed power contracts are in force—which will be within a year—the commission will be distributing one billion kilowatt hours of energy annually.

Following the war the Federal government arranged a five-year contract with the Southern California Edison company and the City of Los Angeles to supply power to the plant. Upon its expiration at midnight, May 31, the Colorado River Commission added this distribution to its agenda, thus again increasing the activities of the state agency, which has expanded vastly since it took over the plant in 1948. At the same time the commission still applies the energy used by the southern contractors, the Lincoln County Power District and the Southern Nevada Power Company.

Large present users at the plant are the Stauffer Chemical Company, the Western Electro-Chemical Company and the U. S. Lime Products Co.

Moving personnel in for mammoth installations, which will use already-contracted large blocks of

### Boy Scout Camp Anticipates Record Year

A record attendance is anticipated for the new summer camp of the Boulder Dam Area council, Boy Scouts of America, located above Cold Creek in the Charleston Mountains, 50 miles west of Las Vegas. The camp, which has not been named yet, will open for the first period June 30th, and will continue for four one-week periods until July 28th.

The campsite is situated on a point overlooking the Indian Springs area at an elevation of 7500 feet. Boy Scouts troops will attend camp under the leadership of their own scoutmasters who will be assisted in their program by a resident camp staff.

Activities in which the scouts will take part are: Axeman-ship, Pioneering, nature, marksmanship, handicraft and hiking.

Camp Director will be Scout executive James A. Moss, assisted by field scout executive Francis E. Mosher who will also serve as activities director. Neil Lyman of Logandale will be camp handicraft director. Activities assistant will be explorer Joseph Ross of Troop 19, Ploche. Camp clerks will be Frank Porter, Jr., Troop 25, Kingman, Arizona, and Life Scout Richard Bryan, Troop 65, Las Vegas. Other staff members will be announced at an early date.

Construction work on the campsite was started May 30th when a dozen men and Explorers spent the day clearing a portion of the site, connecting the water lines, and setting the refrigerator unit. The week before, the Camp road was graded by the Clark County road department. Weekend work parties will go to the camp until all is in readiness, including troop campsites, showers, a new water system, rifle range, and various other camp facilities. The weekend of June 16th and 17th will find many scouts in camp participating in a camp development work party and scout leaders roundtable.

Troops that have registered for camp so far are troop 14, panaca, Troop 18, Caselton, Troop 23 Henderson, Troop 29, Davis Dam, Troop 32, Logandale, Troop 65, Las Vegas, and Troop 70 Las Vegas. The second period of camp has a full registration at this time.

### Circle Plans For Father's Day

The Dorcas circle of the Community church is sponsoring a Father's Day Variety Show to raise funds to help pay off the mortgage on the church so the church can build a Sunday school.

The show will be held at the Basic high school auditorium, June 17th, at 3:00 PM. Doors will be opened at 2:30 PM with the Sullivan Sisters giving a thirty minute concert.

The program will include a star attraction feature from the Flamingo Hotel. Sponsored by Jack Walsh, manager, and a former resident of Henderson; Lorain Allred's Band, including Bill Allen, Bonnie McCulley, Patricia McCulley, Mary Sgum and Nancy Costen; Specialty numbers by the Roberts School of Dancing and a cast of local talent, including the Sullivan sisters, with Lu as Mistress of Ceremonies, Claude Pullen, Juanita Williams, Charles Bontrager, Lois Walker, E. V. Lomprey and George Hargrave. This will be a special program for all fathers.

#### YMCA

Mrs. Ruth Ball, local member of the board announced that the Young Men's Christian Association summer camps will open June 16th to June 23rd.

Camp will be held at Willow creek for boys from the age of 12 to 14 years of age. From June 23rd, to June 30th, for boys between the ages of 10 and 12 years of age and from June 30th, to July 7th, for boys 8 to 10 years of age. July 7th, to July 14th, boys from 8 to 12 years of age.

A camp for girls will be held July 14th, to July 21st, Camp fee will be \$17.25 for non-members of the Y. M. C. A. and \$15.25 for members. Anyone wishing to sponsor a child to camp may get further details from Mrs. Ruth Ball.

The camp includes transportation, insurance, supervision and materials.

George Soule will be resident director, Mrs. Kenneth Powers will be director during the girls' camp, and John McCullough will be camp manager.

#### JR. NEWMAN CLUB

Terry Collins of the St. Andrews parish, Boulder City was selected president of the Junior Newman club; Donald Reck, St. Peter's parish, Henderson, vice president; Shirley Pensen, St. Andrews parish, Boulder City, treasurer; Mary Church, St. Peter's parish, Henderson, secretary and Pat Whalen of Boulder City will be sergeant of arms.

The new officers conducted the meeting Sunday evening at the Townsite lounge.

Plans will be made for the installation of officers and for social events for the summer.

#### BPW

The Business and Professional Women's Club were honored at a dinner held recently at the Swan-ky Club and installation of officers was held.

Installed were: Mrs. Bernice Sanger, president; Mrs. Francis Taylor, vice president; Mrs. Irma Boardwell, second vice president, Mrs. Thelma Aikin, recording secretary; Mrs. Clark Carroll, corresponding secretary; Mrs. Pearl Micklin, treasurer, and Mrs. Frank Sturm was the installing officer. Plans were made for an ice cream social to be held in the near future.

#### HICKS

Miss Barbara Hicks, daughter of Mr. and Mrs. G. G. Geiger, 43-A Victory Village became the bride of Private, first class, Donald Schwonke, of the Nellis Air Base. A reception was held in honor of the couple at the Victory Village auditorium Saturday evening for close friends and relatives.

#### FOUR SQUARE

Reverend L. A. Davis announced that the Reverend and Mrs. Paul Talbot were the guest speakers at the Foursquare Gospel church meeting Sunday morning.

The Reverend Talbot is the district Sunday school and youth activity leader of the church.

#### HAMS

The Southern Nevada Amateur Radio Club announced at its recent meeting that the picnic will be held at the Boulder Beach this year. The picnic will start at 4 PM.

Members will bring their own lunches and refreshments will be served by the club.

#### THE WILLIAMS

Mr. and Mrs. Troy Williams and their children of Carson City are visiting Mrs. William's parents, Mr. and Mrs. Ed Joyce of Henderson.

Mr. Williams is also visiting his brothers, Aubry Williams of Carver Park and Earl from Carson City. The Williams are having a family reunion here with their parents, Mr. and Mrs. W. T. Williams, of Gallup, New Mexico.

#### FIRE STRIKES AGAIN

The home of Wayne Turner, 42 Atlantic Avenue caught a fire again by a lighted cigarette. The first fire started when Turner fell asleep with a cigarette and set the mattress afire. The fire department estimated the damage of \$335, in the first fire and the second fire was estimated at \$25.

#### BABY GIRL THOMPSON

A baby girl was born to Mr. and Mrs. Dale Thompson, 51-C Victory Village. Both mother and baby are doing fine.

#### MRS. H. BALDWIN

Mrs. Harold Baldwin has returned home after spending a three week vacation in Akron, Ohio, where she visited with her brother, Mr. John Hartung.

Mr. Baldwin has an old time and is visiting her at present, Mr.

### Bible School To Open June 18

The Community church vacation Bible school will open June 18th, and all children of the church are urged to attend the Baptist section which opened on Monday. The two churches are cooperating with each other this year on the direction of the school.

The first two weeks will be under the leadership of the Baptist church and the last two weeks under the direction of the Community church.

Classes will open to all children between the ages of four and up. Courses in the life of Christ will be given and will be adjusted to suit the age of the students. Handicraft will be taught as well as music and memory work.

Teaching for the Baptist church will be Mrs. Charles Day and Mrs. A. B. Cowen, kindergarten classes; Mrs. Dale Turner, Mrs. L. Millis and Mrs. M. O. Means, primary; Mrs. George Adouch and Mrs. Ralph Newell, Junior classes. Louis Guln will be dean of the school and Mrs. Hargrave will be assistant dean; Older girls of the church will assist with the classes. A welcome is extended to all children of the area to attend.

### Frank Schreck Is King Lion

Frank Schreck was elected president of the Lions Club at a recent meeting held at the Townsite lounge. Chet Sewell was elected vice president; Frank Branchfield, second vice president Tom Jones, corresponding secretary; Lou La Porta, treasurer; Charles Collins, tall twister; C. H. Elstner, assistant tall twister; Robert Taylor, Lion tamer and Richard McKee and Frank Price were elected to the two board of directors for two years.

It was announced that there would be no meeting of the club June 11th, because of the Nite of Stars program to be held in Las Vegas.

Special guests at the meeting were Father R. Alla Stevens of the St. Timothy's church and J. O. Van Valey.

and Mrs. C. J. Millers of Cincinnati, Ohio.

#### THE GALLOWAYS

The Galloways of 306 Nebraska St. have left for Hastings, Nebraska to visit with Galloway's father and mother, Mr. and Mrs. Frank Galloway. While enroute they will visit Mrs. Galloway's sister and family, Mr. and Mrs. Thad Newhouse, of Glenwood Springs, Colorado and they will also visit with Galloway's sister and family Mr. and Mrs. A. B. Smith, of Denver, Colorado. The Newhouses are former residents of Henderson.

#### SHARON LUDWIG WINS PUP

Mrs. Bernice Warner, executive secretary, presented Sharon Ludwig a Girl Scout puppy for selling the most cookies and peanuts in the recent drive put on by the Girl Scouts. Nancy Swift was the runner-up.

#### RETURNS HOME

Mrs. Nellie Decker, mother of Mrs. Robert Maxey, 18 Texas Avenue has returned to Dillon, Montana after spending several months here with her daughter.

#### MISS HAMBLIN

Miss Roberta Hamblin, daughter, of Mr. and Mrs. Robert Hamblin has returned to Halstead, Kansas after spending her vacation here with her family.

Miss Hamblin is a former graduate of Basic High School and is now training to be a nurse.

#### RED CROSS CERTIFICATES

Mrs. Clifford Callison, announced that persons who have passed the Standard Red Cross First Aid Class, under the supervision of Sgt. Dewell may receive their certificates by calling at the Telephone Office opposite the Victory Theater.

#### BABL BOY VAN HOUTEN

Mr. and Mrs. James Van Houten of Henderson are the proud parents of a baby boy born recently at the Rose de Lima hospital.
