

GRADING STARTS FOR 81 NEW HOMES FOR MANGANESE ORE

MORRY'S STORY

By MORRY ZENOFF

Electioneering being the order of the day, it behooves this columnist to come into the swirling stream and to mention the thoughts that come to mind on some of the candidates. We hope to continue a string of thoughts on thru the primary — with the hope that they may provoke more thinking and more desire to vote than ever before.

Thank the dear lord — you vote as you care to, believe what you want to, and can turn the page either to or from this column any way you care to.

Thank the dear lord — for the freedom of expression we all have.

I would like to call your attention to one of the candidates who impressed me so greatly during the past few weeks.

I would like to talk of Sam Arentz — candidate for the one seat in congress — the house of representatives. The seat is now held by Walter Baring.

I have spent many hours with Arentz during the past months. First, I considered him too cold and calculating. Then, I learned of his coolness and his inclination to think before he acts is backed by a brilliant thinking mind, and the experience gained from being an executive, a leader of men, a man carrying the responsibility of millions of dollars.

As a plant manager of Combined Metals at Pioche, Arentz has done nothing short of sensational in developing and encouraging the processing of new metals production.

His dealing with labor down thru the years must have been a trial for he has won his men's support as he makes this bid for the national congress.

His anxiety to serve the state and nation is so keen that he notified his company of his desire to resign should he be elected — resigning from a position that promises more financial remuneration and security than a seat in Congress. His bosses said — Go Ahead — and you can come back in the top spot any time you want. Which means, he doesn't have to make deals in congress for any personal gain. He can act without fear.

The halls of congress are not new to Arentz. One might say he has raised in those halls. His late father served this state, too, as congressman for five terms, back during the days of Harding, Coolidge, Hoover, and later Roosevelt. He was the pioneer behind passing the law to build Hoover Dam.

The family lived either in Washington or Nevada, requiring Sam to catch his schooling betwixt and between. As a nine year older, he recalls sitting on the lap of President Harding while his dad was conferring with congressional leaders nearby.

He worked as a page in the House of Representatives after graduation from high school. Then he attended the state university and took up mining, a field that his dad also excelled in. Sam Jr. had passed the West Point exams and was about to go in as a cadet when the field of mining captured his interest.

I asked Sam to tell me straight from the shoulder just why he's running and here is his statement — straight from the shoulder:

"I believe my experience in ranching and mining and general business can be of value to our state, and I know that if elected I will devote all my energies to furthering the cause of honesty in government and the welfare of America and Nevada without regard to any group or individuals."

As you see, I'm sincere about Arentz. He is a Republican, I am a Democrat.

I am for Ike. He is a Republican. I am a Democrat.

I believe this year, people must vote for the candidate and what he stands for and what he will do for our city, county, state, nation, world — and not for the party alone.

It was certainly a grand feeling to come back to our area and find that several fine citizens have stepped forth to offer service via public office.

Many are asking for thankless jobs, hours of hard work, little remuneration and much public comment — both good and bad.

These people — all the candidates — are to be praised for having stepped forth.

Win or lose, they have proved themselves good citizens — by offering to serve.

You — Yes, You! — Can Help

A shortage of power and water appears inevitable for Henderson as a result of the construction of new homes here and accelerated activity at the plant.

Unless something is eventually done to remedy the situation, Hendersonians will ultimately be faced by a shortage of water and electric power.

What can you — as an individual — do?

You can help to postpone the arrival of that situation!

How?

By voluntarily rationing power and water.

Turn off those unnecessary lights! Don't waste that precious water!

You'll be performing a public service by doing so.

Another Step Forward

As the result of a recent meeting of the Henderson Chamber of Commerce Board of Directors, a survey has been begun by Hockenbury System, Incorporated, to determine the need for a hotel here.

Cost of the survey will be defrayed by a contribution by the Chamber of Commerce, augmented by individual donations from civic-minded residents who have dug into their pockets and come up with the necessary money.

Their community-conscious attitude is indeed admirable.

Gala Celebration of New Whitney Lights To Be Held Tomorrow Night; Will Feature Speech by Governor, Parade, Big Dance

Residents of Whitney will be hosts tomorrow night to visitors from near and far who are expected to attend a huge celebration of the community's impressive new highway lights.

Governor Charles Russell will be on hand to deliver the dedicatory address.

The festivities are slated to begin at eight o'clock with a short parade on the south side of the highway, featuring the Clark County Sheriff's Posse. The program will also include introductions of a number of dignitaries. Refreshments will be served, and the gala affair will be culminated in a mammoth street dance.

Much favorable comment has been made about the mercury vapor lights which were recently placed in operation. There are 56 of them, with 28 on each side of Boulder Highway.

The project was begun by the Town Board of 1951, with this year's Town Board following the project through to its completion.

Poles were acquired last year in Arizona after a diligent search, and were erected last November. The switch was thrown when installation of facilities was finished two weeks ago.

Public Program At Vegas Wash Set For Tonight

Red Cross certificates will be presented and demonstrations of swimming will be given at a special program to be held at 6:30 this evening at Vegas Wash beach. The affair, to which the public is cordially invited, marks the official end of this year's annual community swim program.

More than 400 local children participated this season, according to Mrs. Glennis Hughes, director.

Parents and friends are requested to drive their children to the beach if possible. Children unable to find transportation should be at the school at six o'clock. Although the school bus will probably not be able to accommodate all of them, the committee will attempt to obtain transportation for them.

All junior lifesavers and swimmers are to meet at the school bus at 6 P.M.

Children taking part in the six week water safety project were instructed by local volunteers.

May Convert Victory Village Dormitories

Senator Pat McCarran announced today that plans were being worked out that would provide accommodations for approximately 60 families in the housing short Henderson area. McCarran explained he had been able to convince the Housing and Home Finance Agency in Washington that five unused dormitory buildings should be turned over to the Clark County Housing authority so they could be converted into family dwelling units.

The senator explained that the negotiations had been under way almost a year but the buildings had been reserved for armed forces personnel.

The recent clarification by the Housing and Home Finance Agency that the Las Vegas-Henderson area was a critical housing area removed that difficulty and made the buildings eligible for defense workers. At the present time public housing administration is developing the procedures to be followed in the disposition of the buildings and it is expected negotiations between that body and the Clark County Housing authority will take place in approximately two weeks.

McCarran said tentative conversion plans call for ten or eleven two and three bedroom units to be built in each dormitory building. It is expected the total cost of this project will be approximately \$90,000.

OFFICIAL WHITNEY PROGRAM

8 P.M. — Short Parade with Clark County Sheriff's Posse - south side of Boulder Highway.

Introduction of Town Boards of 1951 and 1952 and County Officials.

Introduction of Governor Charles Russell by Town Board Chairman John Bunch.

Dedicatory Address by Governor Russell.

Introduction of other State and County officials and Past Officials.

Refreshments.

Street Dancing.

Survey Being Made to Reveal Need for Community Hotel Here

George M. Stine of the Hockenbury System, Incorporated, is now in town making a survey to determine the need for a hotel in this community. The survey was undertaken as the result of a decision by the Henderson Chamber of Commerce and other interested parties to explore the possibility of erecting a hostelry here.

Stine arrived in the Las Vegas area last Friday and will remain here until Saturday or Sunday of this week. He is gathering factual data by interviewing prominent residents of the community and by sending out approximately 500 questionnaires to a cross-section of the local populace.

All who receive these questionnaires are urged to fill them in immediately and send them to the Hockenbury System in the enclosed stamped envelope. Their prompt cooperation will help considerably to expedite completion of the survey.

When all findings are consolidated and analyzed, a detailed report on the results of the survey will be submitted to the Henderson Chamber of Commerce.

Stine came here directly from San Pedro, California, where he had served as campaign manager in a drive to obtain adequate financing for a new hotel in that city. In six weeks, he succeeded in raising \$540,000 for that purpose.

The Hockenbury System, Incorporated, founded in 1911, has a record of service to the communities of America in the development of community projects.

Since 1917, the organization has specialized in developing and directing the financing of community hotels.

In nearly every state of the United States and nearly every province of Canada are located community hotels which were developed under Hockenbury guidance.

PROTEST GAMING, LIQUOR LICENSES

Reports from Carson City disclose that the Nevada Tax Commission is in receipt of a great many letters from residents of this area, demanding that the licensing unit take a firm stand against issuing licenses for liquor or gambling in the Henderson-Carver Park-Victory Village district. The announcement was made by Robbins Cahill, commission secretary.

THORPE "COMEBACK"

Jim Thorpe, legendary figure of the sports world, returned to his home in Pittman on Sunday night after effecting what doctors termed "an amazing recovery" from a heart attack. He had been taken to Rose de Lima Hospital in an unconscious condition last Friday following the attack, and had been under the care of Dr. J. H. Coogan.

LAWN SUPPER PARTY

A lawn supper party at the home of Mr. and Mrs. D. R. Johnson was enjoyed last Friday night by more than 40 members and guests of the Eastern Star Social Club of Henderson.

House Deed To Be Given To Mrs. Fumagalli

Arrangements are being made by Stauffer Chemical Company of Nevada to present the deed to the house at 290 Basic Road to Mrs. Rita Fumagalli, who resides there with her children.

She is the widow of Carl G. Fumagalli, who passed away on April 19 as the result of an accident at the Stauffer plant here on April 8.

Mrs. Fumagalli, who plans to be and grateful when news of the transaction reached her. "This unexpected gift," she said, "provides me with added security, and I deeply appreciate it."

A. T. Newell, Stauffer manager stated "In view of Mr. Fumagalli's long service with the company, and his standing in the community, the company feels it should assist his widow as much as possible."

Mr. Fumagalli, who plans to become a teacher, will continue her college education. She has already completed certain summer courses at the University of Nevada in Reno, and intends to enroll this fall in the university's classes in Las Vegas.

She is president of the Henderson Democratic club and a member of the Eagles Auxiliary here.

Two of her sons, 14 year old Bernard and 10 year old Stanley, want to become doctors. The third, 12 year old Arthur, is undecided about future ambitions.

Bernard, a Boy Scout, is now at Camp Philmont. He will enter Basic High School next month. Arthur will be in the sixth grade at Henderson Elementary School, and Stanley will be in the fifth grade.

Community Chest Board Reveals How Money Helps Local Groups

In making plans for this year's Henderson Community Chest campaign, which has been set for Friday, October 3, members of the Community Chest board last Friday scrutinized the list of disbursements for the current year.

It was suggested at the meeting, which was held in Room Ten at Basic High School, that widespread publicity be given the manner in which the money was allocated, in order that local residents may fully understand the worthwhile causes their contributions have been assisting.

Twenty-eight percent of the amount collected was apportioned to the Community Welfare Service Committee. Other recipients of allotments were Girl Scouts, 20 percent; Henderson Elementary School District Parent-Teachers Association, 10 percent; Veterans Coordinating Council, 4 percent; and Henderson Coordinating Council, 38 percent.

The financial breakdown was as follows: Community Welfare, \$812; Girl Scouts, \$580; P-T-A, \$290; Veterans, \$118; and Henderson Coordinating Council, \$1102.

Included in the community-wide activities of the Henderson Coordinating Council is the annual swim program, for which \$125 was set aside this year. Other events and amounts are Halloween party, \$35; Thanksgiving baskets, \$350; and Christmas party and baskets, \$550.

Henderson Community Chest President Darrell Pitts conducted last Friday's meeting. Also

Grading for 81 houses in Manganese Park to be erected by Federal Homes Development Co. got underway at 7:30 yesterday morning. The project, located on the west side of Vegas Wash Road just south of Carver Park, will contain 33 two-bedroom and 48 three-bedroom residences.

Occupancy of the modern, one-story, cinder-lite block structures is slated for employees of Manganese Ore, Incorporated, and will help a great deal to ease the critical housing situation in this area. Manganese executive F. A. McGonigle was present yesterday morning when grading began.

Also on hand were V. K. Drouillard, project manager for Federal Homes, and Leo Manning, superintendent of construction.

The new houses, which will feature asphalt tile on slab floors, throughout the interior, will be erected on lots averaging 65x115 feet, although some lots will be larger and some smaller.

Boundaries of the project will include several new streets, with Ocatilla Street, on the south, Yucca Street on the north, Tuna Ave on the west, and Manganese Ore Highway on the east. Other new thoroughfares will be designated as Joshua Street and Choya St.

Sub-contractors include the following Las Vegas firms: Carl Hyde, cinder-lite blocks; Home Lumber Company, lumber; Roberts Roof Company, roofing, insulation and flooring; Western Heating and Ventilation, air conditioning and sheet metal; Wilgar Brothers Glass Company, glazing; and John M. Ritter, plumbing.

Among the other sub-contractors are Dan Russell, carpentry; Ontra Electric, electrical installation; Thermador Electric Manufacturing Company, heating; Antonson Painting Company, painting; Deats Sash and Door Company, trim; Midway Hardware Co hardware; Pahlen Construction Company, grading and paving; MKE Incorporated, concrete curbs and gutters; and John Yoxon, cinder-lite block installation.

In attendance were Lou Sullivan, secretary; Don Detomasi, treasurer; B. U. Hillis, James Arkell, Horace Cornell, Dick Stevens, Mrs. Chuck Trueworthy, Mrs. Emma Bordwell, Charles Butler and Woody Nelson.

Gail Armstrong, representing the Veterans Coordinating Council, was on hand to explain the functions of that organization. He cited several examples of aid that had been given to veterans who are not members of either the American Legion or the Veterans of Foreign Wars, and emphasized the careful manner in which applicants are investigated before they are granted financial assistance, thus assuring proper administration of available funds.

Friday's session resulted in the decision that the quota for the October drive in this community would be \$10,000. The estimated population of the Henderson area is now about 8,000. It is believed by Community Chest board members that the influx of new residents requires that the October goal be \$10,000 — and it is further believed that, because of the present population, it will be quite possible to achieve the objective if all will do their part.

James Arkell has been named general chairman of the campaign. He will be assisted by B. U. Hillis and Robert Dietrich, vice president. Spearheading the drive in Carver Park will be Horace Cornell, with Dick Stevens heading the collection campaign in Victory Village.

Big Annual V-J Day Carnival Starts Today, Ends Saturday

Tonight's the first night for the annual VJ Day Carnival, which will be held through Saturday behind the new Prime Meats building. The once-a-year event is traditionally sponsored by Basic VFW Post and Auxiliary. Joe Kachulis is serving as general chairman.

Included will be a beauty contest, penny pitch, bingo, bottle throw, clown's mouth, fish pond soft drinks, food, popcorn, country store, bike races and a dance, as well as outside concessions such as a carousel and pony rides. Booths will also be operated by the Henderson and Boulder City American Legion Posts. Another

feature will be a concert by the Las Vegas Elks Band.

Vice Chairman is Bert Ireland. Serving on committees are Joe Bogut, Al Gilliland, Rush Kelleme, Charles Rogers, Chester Combs, Ralph Glass, Mickey Kern, Raymond Morgan, Bill Goodale, Bob Lee, Ed Hall, Butch Means, Stan Tomlinson, Jimmie Hullum, G. R. Callahan, Jess Cotner, Jr., Clyde Hall, Dick Stevens, Ed Callow, Jr., Claude Davis, Joe Martinez, Willard Witt, Richard Barlow, Fred Duffy, Bill Engel, Al Flowers, Larry Nelson, Bill Derick, Jack Pherigo, Earl Turner and others.

Georgia White Praises Rangers

By Myrtle Peterson
 Navigating her own craft for the first time, Georgia White came down the river through the Grand Canyon just ahead of the Mexican Hat Expedition. Georgia told me that by the time she decided to make a try through the canyon that there were no maps available, so at the invitation of Jim Rigg, co-owner of the Mexican Hat, she proceeded them through the rapids so they could help her if she needed any assistance. However she came through on her own steam and with flying colors in her "10-man neoprene boat."

This type of craft is much more difficult to handle than the cataraact type because it is so bulky and heavy and the bottom is not smooth. "They'll take the rocks," she said, "because of the rubber, but they upset much more easily than the cataraact type. However if you can hang on till you get them to shore you can turn them over and be on your way again."

Miss White had high praise for the Park Service Rangers, who, at times have helped her out of tight spots, such as land transportation.

Georgia White is known to many Boulder City people for the hiking trips she made with Harry Aleson out of the canyon country as well as out of the Lake Mead region into Southern Utah.

These trips were sponsored by

New Families In Carver Park

During the month of July, 30 new families moved into housing units at Carver Park, according to James Farndale, Executive Director, and Jimmie L. Hullum, Project Manager, Housing Authority of Clark County.

Names of newcomers are listed as follows:

L. LeFevre, R. D. Bell, R. S. Siefert, Airman First Class K. N. Picketts, J. F. Hanson, Sergeant D. W. Jordan, Airman Third Class M. A. Currier, S. W. Robinson, Airman Third Class M. A. Bell;

Captain H. P. Justice, W. H. Hurst, H. Wilson, C. H. Hurst, Staff Sergeant D. L. Baker, R. M. Siefert, F. W. Graham, D. D. Blackley, F. A. LeBaron, J. M. Reynolds, N. Dvorak, T. F. Butler;

Airman First Class R. C. Smith, R. M. Dustin, Sergeant W. M. Twiner, E. R. Cheowith, Sergeant R. D. Tyrone, L. Garcia, Airman First Class S. W. Burdette, Airman Third Class B. M. Wells and B. H. Thompson.

The U.S. Government during the war to determine whether it was possible for personnel of planes forced down on or near the upper regions of the Lake, to reach civilization.

The trips from several different positions on the upper lake region were all made with safety. Georgia was included in several of these experimental explorations.

Pipe Arrives; Digging Begins In Pittman

Joy was unconfined in Pittman last Friday as two thousand feet of transite pipe arrived and a county trench digger began the excavating that is the first step toward emergency repairs to that community's defective water pipeline.

Residents were jubilant as they saw tangible evidence that their serious water shortage would soon be alleviated. Actual construction work followed on the heels of a survey made Wednesday afternoon by H. R. Bottom in behalf of Engineer J. M. Montgomery under supervision of Co. Engineer George Monahan, with the cooperation of Watermaster Border.

The 2000 feet of six-inch pipe will replace second-hand pipe installed several years ago when new pipe was unavailable. The used pipe had begun to leak badly and had been seriously corroded, thus robbing Pittmanites of an adequate water supply and creating hazards and unsanitary conditions.

Installation of 5,000 additional feet of pipeline, with connections, is also included in the over-all plan for temporary and permanent relief.

Sufficient funds to cover all costs will be on hand, according to County Commissioner Harley Harmon who, at a mass meeting several weeks ago, stated that Clark Co. had underwritten an emergency loan of \$27,000 for this purpose. He further said the commissioners were awaiting a requisition for transfer of approximately \$7,500 to Las Vegas Valley Water District from Pittman funds earmarked for that purpose.

School Job Gets Green Light

Work on the new \$466,199 educational plant for Henderson Elementary School is slated to begin on or before Saturday, August 30 according to members of the Henderson School District Board of Trustees who met last Friday.

It was revealed that the bid of Brunzell Construction Company of Culver City, on the 20-room school had been okayed by the Housing and Home Finance Agency of San Francisco.

The structure will be financed entirely by an allocation from the federal government under Public Law 815.

The local trustees had originally drafted an intent of award to Brunzell when that organization was found to be the successful bidder, but definite approval of the contract could not be given until the go-ahead signal had been received from the agency in San Francisco.

Sharon Jeffrey Weds L. Berry

Saint Peter's Catholic Church was the scene last Friday evening of nuptials for Miss Sharon Jeffrey, daughter of Mr. and Mrs. J. L. Jeffrey, and Mr. Lyndell Berry, son of Mrs. Carl Martin of Henderson and Mr. L. Berry of Salt Lake City.

The newlyweds plan to continue their formal education at Basic High School. The groom has been working during the summer months at Western Electrochemical Company.

Evelyn Gleason Married in Vegas

Miss Evelyn Gleason, former Henderson resident, daughter of Mrs. Carol Lancaster, was married at the home of Mr. and Mrs. Calvin Liles and their daughter Naomi, at 1400 Manzanita Street, Las Vegas, last Friday.

The groom, J. W. Coffman, is a resident of Las Vegas.

Miss Gleason wore a blue and grey suit with red rosebuds. Miss Mary Lou Giette was bridesmaid and George Money was best man.

Guests attending were Naomi Liles, Mr. and Mrs. Calvin Liles, Mr. and Mrs. Clifton Slipp, Mr. and Mrs. Mark Gamett, Mr. and Mrs. Paul Abynarey, George Money, Peter Alleu, Mrs. Carol Lancaster, Rev. E. Russell, and Harry Austin.

Aid Given To Gonzales Family

Mrs. O. J. Scherer, president of Saint Peter's Altar Society, expresses her thanks for the generosity of local business people who responded to her requests for financial aid for the Antonio Gonzales family of 86-B Victory Village. She also thanks Foodland and Thriftee Market for their donations of baskets of food.

The Gonzales family voiced their deep appreciation when Mrs. Scherer presented them with the gifts.

Requiem Mass was recited by Father Moran Tuesday morning at Saint Peter's for Mrs. Frances Gonzales, who passed away Friday at Rose de Lima hospital as the result of an automobile accident Thursday night at Boulder Highway and Vegas Wash Road. Interment followed at Woodlawn cemetery.

Also injured in the tragic accident were her husband, son Alfredo and daughter Pauline.

In addition to those involved in the accident, other survivors include two sons, two daughters, her mother, four brothers and two sisters.

TELL YOUR MERCHANT YOU SAW HIS AD IN THIS NEWSPAPER

Mrs. Stephens Feted at Shower

Honored at a stork shower recently was Mrs. John Stephens. The affair was held at the home of Mrs. Jayne Wise, 96-D Victory Village, with Mrs. Wise and Mrs. T. E. McCullough serving as co-hostesses.

Also present were Mrs. June Callison, Miss Betty Holt, Mrs. Grace Nicholas, Mrs. Thomas Miller, Mrs. Harry West, Miss Barbara Jones, Mrs. Gail Armstrong, Mrs. Jack Pherigo, Mrs. E. Pherigo, Mrs. Ruby Derrick, Mrs. George Jones, Mrs. Jimmie Hullum, Mrs. Ed Hall and Mrs. Herb Crosby.

Church Women to Have Luncheon

Members of the Women's Association of Henderson Community Church will attend a special luncheon at 12:30 PM next Wednesday.

nesday, August 20. The luncheon which will take the place of the regular meeting, will be held at the Townsite Lounge Number Two. Hostesses will be members of Elizabeth Circle. Tickets are one dollar each, with proceeds to benefit the church building fund. The nursery will be operated at the church house during the affair.

Gordon Farndales Now at Home

Following a honeymoon at Oak Creek, Arizona, Mr. and Mrs. Gordon Elliott Farndale are now home at 26-D Victory Village.

The Farndales were married last Friday at the Little Church of the West in Las Vegas.

The bride is the former Sherri Hostetter, daughter of Mr. and Mrs. H. C. Hostetter. The groom is the son of Mr. and Mrs. James Farnsdale.

 Convenient Parking **132 S. 4th Street** Ground Floor

By Lucille Carter
 ur town of Whitney is really
 brating on Friday evening,
 15th, by dedicating the new
 et lights. Governor Russell is
 oring us by being the guest
 ker, giving the dedication
 ch. On another page of this
 er, you will see an outline of
 program. We are really grow-
 Some of our streets are be-
 graded and will be black top-

ped soon. It will be nice when all
 of the streets can be fixed. but it
 takes time.
 The Sunday School children
 were taken to Lake Mead on Wed-
 evening, Aug. 6th for a swimming
 party. Hot dogs and watermelon
 were served to the group. Trans-
 portation was furnished by Mrs.
 F. C. Carpenter, Gertrude Scott
 and Mrs. Carter.
 The Carl Bennetts have Mrs.

Bennett's mother, Mrs. Martha
 Weathers, a brother-in-law and
 sister, Mr. and Mrs. Harry Bibee,
 all of Los Angeles, visiting them.
 Mrs. G. John Chambers of San
 Diego arrived on Saturday to visit
 her son-in-law and daughter, the
 Mert Wilbers. Marilyn Wilber has
 spent most of the summer in San
 Diego, but says she is home to
 stay now.
 Horace Emery of Paradise Val-
 ley and his father "Pop" Emery
 of Nelson, were dinner guests of
 the home of Nola and Glen Duell
 last Friday evening.
 Mrs. Hattie Sweeney and son,

PALSGROVE FAMILY
 Mr. and Mrs. J. E. Palsgrove of
 135 Pacific Avenue, and sons
 Charles, Jack and Mack are en-
 joying a week of trout and salmon
 fishing in Hailey, Idaho, at the
 home of Mr. Palsgrove's father.
 Clifford are visiting at Parker
 Dam.
 The Lloyd Murray family moved
 from Kingsbury Trailer Court
 to the B Bar B Ranch in North
 Las Vegas.
 Mr. and Mrs. Ernie Smith of
 Kingsbury Trailer Court are visit-
 ing in Southern Cal. During their
 absence, Mrs. Hank Oakley is ca-
 pably taking care of the court.
 Mrs. Idabelle Kingsbury and
 daughters, Linda and Karen drove
 to Ao, California for a few days
 visit.
 Jack Stafford, returned home
 last Sunday afternoon from West
 Yellowstone.
 A new Drive-In restaurant is
 being built in Whitney and will
 be operated by Mrs. Pauline De
 Pento of North Hollywood. She
 has a twelve year old son, which
 makes another student for our
 school.
 A belated Happy Birthday goes
 to May Rude, Georgia Wilbur and
 Ella Shaffer.

Evelyn Gleason
Married in Vegas
 Miss Evelyn Gleason, former
 Henderson resident, daughter of
 Mrs. Carol Lancaster, was married
 at the home of Mr. and Mrs. Cal-
 vin Liles and their daughter Na-
 omi, at 1400 Manzanita Street,
 Las Vegas, last Friday.
 The groom, J. W. Coffman, is
 a resident of Las Vegas.
 Miss Gleason wore a blue and
 grey suit with red rosebuds. Miss
 Mary Lou Giette was bridesmaid
 and George Money was best man.
 Guests attending were Naomi
 Liles, Mr. and Mrs. Calvin Liles,
 Mr. and Mrs. Clifton Slipp, Mr.
 and Mrs. Mark Gamett, Mr. and
 Mrs. Paul Abynarey, George Mon-
 ey, Peter Alleu, Mrs. Carol Lan-
 caster, Rev. E. Russell, and Harry
 Austin.

Pittman Party Line

By Rae VonDornum

Plans were put in motion last
 week for the organization of a
 Pittman women's club, when a
 group met at the home of Laurel
 Roberts to discuss time and place
 of a meeting for the purpose of
 forming such a club.
 Those in attendance were Laur-
 el Roberts, Babe Ryan, Frances
 Pitcher, Estelle Marriott, and my-
 self. It was decided that the first
 meeting will be held on Tuesday,
 August 19, at 1 PM, at Hacienda
 VonDornum, 114 Allen St.
 At this meeting a name for the
 club will be chosen, officers will
 be elected and time, place, and
 frequency of meetings will be dis-
 cussed. This club is not for any
 select group, but is open to every
 woman who lives in Pittman who
 is interested in such activity.
 The initial purpose of this club
 is that we may all become better
 acquainted with our neighbors,
 but it is hoped that in a short
 while this club will be able to

sponsor recreation for both the
 children and adults in the com-
 munity.
 YOU are invited to join, so plan
 to attend this first meeting and
 become a charter member of the
 Pittman women's club. We be-
 lieve you will enjoy the meeting
 we have planned for you.
 With the opening of the Golden
 Rule Trailer Park, by owners
 John and Ruth Corn, another bu-
 siness establishment is added to
 our rapidly growing community.
 The first trailer to move into this
 new park is that of Sam and
 Louise Watson, formerly of No.
 Las Vegas.
 Mr. and Mrs. Charles Colston
 took off with ear and trailer for
 a month's vacation trip which will
 take them on a tour across Cana-
 da where they will stop and visit
 with relatives; then a trip thru
 the eastern states and home by
 the southern route. Let's not be
 jealous, folks, after all they are
 just going around in circles.

 enly as its name..... **1.25**
 Are you after a really captivat-
 ing fragrance? **Command Per-**
formance eau de parfum is the
 perfect answer **1.75**

The John Corn home has been the
 scene of a family reunion. Vi-
 sitors included Ruth's mother,
 Mrs. Ada Atkins, her sister and
 brother-in-law, Mr. and Mrs. Mel-
 vin Nichols and their two grand-
 daughters Patsy and Barbara Al-
 len, from Pickton, Texas; also
 her niece and nephew Mr. and
 Mrs. Billy MacNichols of Cumby,
 Texas. Before coming to Pittman
 the entire party visited in Winne-
 mucca, Nevada, at the home of
 Ruth's sister, and Richard Corn,
 who was in Winnemucca visiting
 his aunt, hitched a ride home
 with them. Ruth's daughter Kath-
 erine is still here. Ruth says when
 her tribe all get together there are
 so many of them they really put
 Ma and Pa Kettle's family to
 shame.
 Glad to report that Mrs. Bassett
 Snyder is doing very well after
 her recent operation in Rose de
 Lima hospital, and Danny Ebert
 who was also in the hospital for
 surgery has been released and is
 at home convalescing.
 Jean and Jack Turpin, former-
 ly of Henderson, have purchased
 a trailer house and become Pitt-
 man residents. The Turpins have
 parked their trailer home on the
 property owned by Matt and Eve-
 lyn Matonovich.
 Our good thought for today: A
 friend is one who knocks before
 entering — never after leaving.

Mustering-Out Pay Procedure Announced

The law provides for payment of \$100 to veterans with less than 60 days active service; \$200 for those with 60 days active service but no foreign service; and \$300 for veterans with 60 days or more of active service who have served outside the United States or in Alaska after June 26, 1950.

Lump sum payments will be made to eligible veterans who have already been discharged or released from active duty. Those eligible for payment who are still in the Armed Forces will receive their payment in \$100 monthly installments, the first of which will be paid on discharge or release from active duty.

To receive the payments, veterans who have been discharged or released from active duty after June 26, 1950 without receiving mustering-out pay must:

(1) Submit on or before June 16, 1954, an informal certified application on 8 x 10 1/2 inch paper containing:

the veteran's name and address either printed or typed; service number, serial number or file number; statements he was not discharged or released from active duty to accept employment, without having served outside the United States; that he is not now serving on active duty; that he has not received any mustering-out payment or that he has not or will not make any other application for the mustering-out payment for service after June 26, 1950; a statement as to whether or not he has had foreign ser-

vice, and the date of his arrival in the United States.

(2) Submit, with his application, the original of the Report of Separation from the Armed Forces of the United States (DD Form 214). If the veteran has lost the original DD Form 214, he should apply to the military service in which he served for issuance of a duplicate. To assure the return of this certificate, veterans are cautioned to print their present permanent address on the certificate.

Certain persons discharged or released from active duty are excluded from benefits under the new mustering-out pay law. They are:

(1) Veterans who were not discharged under honorable conditions.

(2) Those who at the time of discharge or release from active duty are transferred or returned to the retired list with retired pay, or to a status in which they receive retirement or retainer pay, except those retired or separated for physical disability.

(3) Veterans discharged or re-

leased from active duty on their own request to accept employment and have not served outside the continental limits of the United States or in Alaska.

(4) Members of the armed forces whose total period of service has been as a student in a civilian institution.

(5) Any member of the armed forces for any active service performed prior to date of discharge for the purpose of entering the U.S. Military Academy, the U.S. Naval Academy or the U.S. Coast Guard Academy.

(6) Those whose only service has been as a cadet at the U.S. Military Academy or U.S. Coast Guard Academy or as a midshipman at the U.S. Naval Academy or in a preparatory school after nomination as a principal, alternate, or candidate for admission to any such academy.

(7) Those who were ordered to active service for the sole purpose of training duty or a physical examination, or for a period of less than 60 days.

In case of any veteran discharged under honorable conditions after June 26, 1950, and who died after leaving the service and be-

fore receiving any portion or the full amount of mustering-out payment to which he is entitled, payment of the amount due may be made to a surviving wife or husband, or if there is no wife or husband, in equal shares to his child or children, if any; and if the veteran leaves no surviving wife, husband, or child, payment may be made in equal shares to the surviving parents. Penalties are provided by law for making false claims for mustering-out pay.

Jerry Wyness Chalks Up 1st at Basic

That intrepid Jerry Wyness fell low, whose real estate sales down through the years have included some of the largest transactions in Clark County this week chalked up a "first" on his books when his agency completed the first trans-

action of one of the new 350 homes in Henderson.

The original owner, Wm. A. Staggs, found he was unable to use the new house he had bought at 401 Basic Road and hired Wyness to sell it. Wyness had a "For Sale" sign on the property for just two hours when along came Wayne Kelley, transportation man in this area, who bought it and moved in.

Town Talk

By Woody Nelson

The Siamese Stork Express dropped a dapper seal point male kitten by flying saucer over Henderson last week. Thus writes Reverend Robert L. Stevenson, vicar at Saint Timothy's Episcopal Church, in the bulletin he publishes regularly for his parishioners.

Father Bob (as he is affectionately known to his flock) says the kitten has joined Quinquagessima, the Stevensons' dog, as a resident of the vicarage. The new arrival is known variously as Egg Foo Yong, Di Di (which means younger brother in Chinese) and Beelzebub (by those who are not cat lovers).

Di Di Beelzebub Egg Foo Yong has papers to show that he is very high bred. On his father's side is an impressive heritage of internationally-famous Siamese show cats. "But, alas," writes Father Bob, "one does not mention the ancestors on the other side. His mother had a kink in her tail and was cross-eyed."

Most candidates for public office are pretty busy fellows these days, and Owen Woodruff is no exception. Like many of the others, he's up early in the morning and has a crowded schedule throughout the day.

I am in receipt of a letter from the Republican Congressional aspirant written in pencil on the back of a sample primary ballot. "This note," he begins, "is being written on the hood of my old 1941 Nash. Roger, my eight-year-old boy, is sleeping on the top of

the horse trailer which you have seen carrying my picture and the Peace and Power with Eisenhower sign during the past months in the Henderson-Las Vegas area." He indicates that the note was being written at five-fifteen in the morning, at a trailer park in Carson City.

Lou Sullivan gives free demonstrations of the products at Industrial and Commercial Electric Co. at the drop of a hat — or upon even slighter provocation — and its a pleasure to watch her. There's a happy gleam in her eyes as she points out certain ingenious features of the appliances she demonstrates, for she's genuinely enthusiastic about them.

Right now, she's particularly excited about the Norge Semi-Automatic washer on display in her showroom (opposite Foodland). "It washes, rinses and spins dry exactly the same as the completely automatic," Lou says, "and — it's fifty dollars cheaper!"

"Just by pushing a button," she says, "you can control the temperature of the water. No trouble at all. People don't mind adjusting the faucets to regulate the temperature when they take baths. They certainly won't mind pushing this button when they wash clothes."

I went home and took a bath! I regulated the temperature. I didn't mind. No trouble at all!

Erstwhile Townsite Housing Manager Preston C. Austip continues to keep in touch with

friends in Henderson. In a letter to his old colleagues in the Chamber of Commerce, Austin tells of an amusing typographical error that occurred in a Kansas newspaper.

During an interview, Austin told a reporter the population of Henderson is now about 7,500. The linotype operator inadvertently added an extra zero, and the published article stated that our population is now 75,000.

Well, we always say there's no telling how great our community is destined to become as the years go by.

Austin is currently managing a large, defense housing project near Wichita, Kansas. He reports that two-bedroom homes there rent for \$79 per month, and the rental for three-bedroom houses is \$85.

Dennis Havens, who has an extensive record collection, is especially proud of some original waxings by John Philip Sousa's band. By this time, they're considered collectors' items. What makes the discs doubly interesting is the fact that his great uncle is among the musicians. Dennis' is among the musicians.

Dennis' relative played tenor sax in the famous Sousa aggregation and was, for many years, manager of the band.

Charley Bontrager hopes Prime Meats may be able to reopen as early as next Monday. "It's possible, though, that some more unforeseen delays may occur," he said yesterday, "but we're keeping our fingers crossed."

"If we can't open by Monday," he continued, "we'll make every possible effort to open by next Thursday, in order that shoppers may take advantage of our weekend specials when they drop in to see our 'bigger and better' premi-

ses." I enjoyed a preview of the super market yesterday. It's twice as large as before, and ultra-modern. Henderson — and all of Southern Nevada — may well be proud of Prime Meats and Provision Company.

MRS. DOOLEY ILL

Mrs. John A. Dooley of 111 Copper Street is being treated at Rose de Lima Hospital for a heart ailment. She is scheduled to undergo surgery at Good Samaritan Hospital in Los Angeles when she is physically able to make the trip to California.

Stauffer Has American Rights to New Process

Stauffer Chemical Company announced today that, after careful investigation, they have obtained the exclusive American rights to the new process for the production of ammoniated superphosphate.

This unique process, which was developed and patented by Rumiaca, Societa Per Azioni, Turin, Italy, produces a pelleted material containing nitrogen and phosphorus in amounts which can be varied over a wide range, depending on demand.

The process will be made available to other producers under subsidizing agreements.

Arentz, Zenoff Address Rotary

Speakers at the Henderson Rotary Club luncheon meeting last Friday ran the gamut from A to Z as Rotarians first heard from Sam Arentz, who was followed by Morry Zenoff.

Arentz is currently a candidate for United States Congress, but his speech on Friday was non-political. He spoke in his capacity of Combined Metals Reduction Co. General Manager and presented a summary of the important work being done by that organization in this section of the country. Pioche Manganese Company, which is now under construction in Henderson, is a subsidiary of Combined Metals.

Arentz, discussing technical matters in language readily understandable to the layman, told of processes employed in obtaining

lead, zinc and manganese from ores.

Zenoff, in opening his talk on the two national political conventions, displayed the cards from signposts used by the Nevada delegations at both confabs. He offered them as tangible evidence that he had, indeed, been present at both big shows.

The placards appeared to be identical. "How do you know which is which?" inquired a member of the audience.

"That's easy," Zenoff replied. "I cut my hand on the Democrats sign, and you can still see the blood on the cardboard."

At the conclusion of his speech, in which he summarized highlights of the two conventions and related a number of amusing anecdotes, the local publisher said he believes that the choice of presidential candidates through nationwide primaries would be far better than the method now in use.

Jim Shaver on State Board of Engineers

The state board of Registered Professional Engineers will hold its summer quarterly meeting in Las Vegas on August 29th and 30th, according to word recently received from Stanley G. Palmer dean of engineering at the University of Nevada, and secretary of the state board.

Friday morning, August 29th will be given over to the organization meeting of the new board. Governor Russell has recently appointed Dean Palmer and A. J. Shaver of Las Vegas, and has made two new appointments: Harold Bishop of Ely as the mining member and Charles Thompson of Pioche as the civil and land surveying member. Huston Mills, State highway engineer represents the highway and civil classification, Palmer, mechanical, and Shaver, electrical. Mills is the holdover.

On Friday afternoon and Saturday examinations will be held for several applicants, many from out of state. Examinations will be both oral and written, as determined by the board in each case. Notifications are being sent to all applicants by the secretary's office. Exact hours and the place of the meeting, 9 AM, Friday, Aug. 29th, Vocational Bldg., Las Vegas High School. Applicants desiring further information may write to the office of the secretary, University of Nevada, Reno.

Demos Plan Rally, Dance At Swanky Club

Plans for a rally and dance at the Swanky Club on Friday, August 22, were made at a meeting last week of the Henderson Democratic Club. Candidates on county, state and national levels will be invited to be present and be introduced.

All Democrats in the Townsite, Victory Village, Carver Park, Pittman and Whitney area are cordially urged to attend, according to President Rita Fumagalli.

The club prexy conducted last week's session, which was held at the Ragnald Fyhen residence at 2 Oregon Way. Assisting were Don Seitzinger, vice president; Erma Bordwell, secretary; Rae Von Dornum, treasurer; and Jean Prisbey, attendance committee chairman.

Aksel Barka was appointed to make arrangements for an election, sometime shortly after the primaries, at which new officers for the local organization would be elected. The current officers are laying the groundwork for the primary campaign.

ASK FOR BLUE & GOLD STAMPS

NEWS FROM LOCAL NATIONAL GUARD

By Mack L. Brock
1st Lt., NNGTC

I feel some reticence in my report of our Monday night meeting, due to the fact that our activities deviated from our normal training schedule. We felt, however, that the situation warranted this change and I am still of the same opinion.

In point, we used the generosity of Mrs. Van Wagenen, manager of Henderson's Victory Theatre, to supply ourselves with a very appropriate training film, in the then current showing of

"Red Ball Express." I sincerely hope that many of you in the community availed yourselves of the opportunity to see this picture.

Your National Guard unit, the 216th Transportation Truck Company, is being trained to do jobs similar to those depicted in this film. The job of carrying supplies such as ammo, personnel, equipment, etc., necessary to keep an armed force mobile and active is all-important, but glory and medals are seldom a reward. Consequently, I was pleasantly surprised to see a portrayal of this

unglamorous job on the screen. The time from 7:30 until 8:30 was devoted to close-order drill, which simply means the proper handling of a rifle (we presently have M-1, 30-30s) and marching information correctly.

The ultimate reason for close-order drill is to teach the men to react immediately to a command, and to instill teamwork, uniformity and muscular coordination in a group of men.

We also swore in three new men, all of whom have the first name of George. It's a shame, in a way, since all I have to do is yell, "George!" and one is almost sure to be within earshot. They are: George Weingarten, George Adams and George Guthrie. The first two are veterans. This is Guthrie's first immediate affiliation with the military.

Of course, prior to formation, some time was spent ribbing Corporal Fred Rudder of Boulder City, who was at his first meeting since his marriage to Nancy Smoke of Henderson. He gracefully evaded much of this, however, by producing two cakes prepared by his mother, Mrs. Briscoe, in a wonderful gesture of appreciation for our participation in their wedding.

Steamboat To Come 'Round Bend

Announcement that bids will be invited this month on a heavy-duty tugboat for use in the Needles area was made this week by the bureau of reclamation chief engineer's office in Denver. It is expected that the regional director here will issue the invitations on about August 26.

Time allowed for completion will be 120 days — which means that sometime in 1953 — just 100 years after the first steamboat plied the river—a new one will be coming around the bend.

The modern craft must be capable of a 13,500 pound cable pull—which probably is several times greater than any of the old stern wheelers could do. It will be used to move the bureau's office of river control dredge to various locations.

The first steamboat made its appearance on the Colorado in 1853 and for the next 60 years paddle-wheelers churned the waters intermittently from Yuma to above Black Canyon, as the water levels allowed.

State Motor Registration Savings Told

Savings of several thousands of dollars, annually, and major increases in revenue have resulted from more efficient administrative practices instituted by Ellis Folsom, in Nevada's motor vehicle registration division of the Public Service Commission, under the direction of Governor Charles H. Russell, it was announced this week.

The increase in revenue which will amount to as much as 12,000 dollars annually come about by strict enforcement of the provisions regarding transfers of registration of motor vehicles.

Major savings will come from a more efficient handling of registration certificates for vehicles, through the county assessor's offices, under a plan worked out by Folsom, and approved by Robert A. Allen, Chairman of the commission.

Other savings will result from the issuance of permanent exempt license plate to all state, county and city owned and operated vehicles.

Approximately 2,100 such exempt plates have been issued each year at a cost, exclusive of mailing, of 15 cents each. Under the new plan the plates issued this year will remain with the vehicle during the life of the car.

Governor Russell explained the Folsom plan for issuance of registration certificates in this manner:

"When an individual applies, on and after December 1, 1952, for registration at the assessor's office in any county the permanent certificate immediately will be issued for the vehicle. In the past the assessor issued a temporary certificate and the motor vehicle registration office in Carson City issued later by mail, a permanent certificate.

"The new procedure will result in much speedier and better service to the public, as well as saving several thousand dollars in stationery, postage and office help to the state of Nevada."

Under the strict enforcement of the transfer of registration law which has been instituted by Folsom, the fee of one dollar is col-

Retired List Shows Increase

Nearly 200,000 workers 65 or over have retired during the first six months of 1952. This brings the total number of retired workers throughout the nation who are now receiving old-age insurance monthly benefits up to 2.4 million.

The average monthly benefit check to retired workers is about \$42, but social security payments range all the way from \$20 to \$68.50 a month to a retired worker, since the benefit amount is based on the average monthly wage of the worker over the period of time he worked in employment covered by social security.

In Nevada the average benefit payment is \$40.13. This does not include additional payments which can be made to the wife of the retired worker when she is 65, or to the wife under 65 if she has a child under 18 in her care. As much as \$150 a month may be paid to a single family.

About 8 percent of the 2,548 retired worker beneficiaries in Nevada are receiving monthly benefit payments of from \$60 to \$68.50 while 23 percent are receiving the minimum payment of \$20 a month.

Combat Pay Act Explained

The Combat Duty Pay Act of 1952 provides for combat pay at the rate of \$45 per month for all members of the Army, Navy, Air Force, Marine Corps, and Coast Guard for combat service in the Korean Combat Zone.

Service in Korea does not necessarily entitle an individual to combat pay. Generally, to be entitled to combat pay during the month the service member must have been subjected to hostile fire for not less than six days during the month while serving with a combat unit of regimental size or smaller, or in a vessel or aircraft. However, if the member received incentive or special pay for aviation, submarine, parachute, medical or dental duty, etc., during a month, he is not entitled to combat pay for that month.

Service regulations will make provision for payment to individuals still in service and to beneficiaries of deceased personnel. The Department of Defense will in the near future distribute claim forms on which veterans may make application for combat pay. Details as to where to obtain the forms will be announced when the forms are available. Veterans should not submit claims until such time as appropriate claim forms have been distributed for their use.

Because of the difficult and time-consuming task involved in the examination of combat records covering a period of over two years necessary to determine entitlement to combat pay, delay in settlement of claims can be expected. Inquiries from veterans in regard to their claims will tend to further delay payment.

Application blanks for Mustering out pay for Korean veterans may be obtained from Jim Adams, Boulder City, Nevada.

Concert Slated For Next Month

Arrangements have been made for a concert here by the Nellis Air Force Base band and men's chorus next month, according to an announcement by Jim Adams, VFW Community Service Officer.

The concert will be presented at 7:30 p.m. on Tuesday, September 16, in Boulder City High School Auditorium, under the joint sponsorship of the local Veterans of Foreign Wars and the high school music department.

Korean combat airmen will be featured speakers during the performance.

ected regardless of when a transfer is made.

Previously a practice had grown up under which transfers would not be recorded until the new owner applied for registration plates for the following year. Then the \$5 fee, for plates alone, would be paid, the state losing the additional dollar.

Governor Russell pointed out that under the new practice transfers during the first six months of the current year amounted to more than 26,000 compared with 27,500 for all of 1951. He added that Folsom informed him a minimum of 40,000 transfers is expected for all of this year.

September 2 to be Registration Date For Elementary School Pupils

The following information regarding the opening of schools in the Henderson District for the 1952-53 school year is published for the purpose of assisting parents and students in enrollment problems. It is therefore suggested that this article be clipped from the HOME NEWS and retained for future reference.

Registration date is set for Sept. 2 at 9 A.M. for all grades. Kindergarten through the 8th grade.

Necessity forces the extension of half-day sessions to include grades 1, 2, 3, 4 in the Henderson school and grades Kindergarten and 2 at the Carver Park school.

The Henderson Kindergarten will continue the same as last year with four 2-hour sessions, beginning at 8 AM thru 4:15 P.M.

BIRTH DATE RECORD
All children entering Kindergarten or the first grade for the first time must present a birth certificate or other record of birth date.

No child may be admitted to Kindergarten who will not have reached five (5) years of age on or before December 31, 1952.

No child may be admitted to the first grade who will not have reached six (6) years of age on or before December 31, 1952.

Any child who was registered in this school last year and whose birth record is on file need not present such birth record. Places of registration will be as follows:

TOWNSITE SCHOOL
All Kindergarten children living in Henderson or Pittman will register in Room A.

First Grade, Henderson and Pittman, Rooms B and C.

Second Grade, Henderson and Pittman, Rooms D and New Addition No. 3.

Third Grade, Henderson and Pittman, Rooms 1 and 2 New Addition.

Fourth Grade, Henderson and Pittman, Rooms F and G.

Fifth Grade, Henderson and Victory Village, Rooms H, J, K, L.

Sixth Grade, Henderson and

Pittman & Victory Village, Rooms 9, 10, 11, and 12.
Seventh Grade, All seventh graders, Rooms 5, 6, 7, and 8.
Eighth Grade, All eighth graders, Rooms 1, 2, 3, and 4.

CARVER PARK
All Kindergarten children in Victory Village or Carver Park will register in the Kindergarten Room, Carver Park Administration Building.

First Grade, Victory Village & Carver Park, Nursery Room, Carver Park Administration Building.
Second Grade, Victory Village & Carver Park, Beauty Shop Room, Carver Park Store Building.

Third Grade, Carver Park & Victory Village, Carver Park School, Rooms 6 and 7.
Fourth Grade, Carver Park & Victory Village, Carver Park School Rooms 3 and 4.
Fifth Grade, Carver Park only, Room 2.
Sixth Grade, Carver Park only, Room 1.

May Convert Dormitories To Apartments
The possibility that unoccupied dormitories in Victory Village may be refurbished was foreseen this week by James Farndale, executive director of Carver Park and Victory Village housing, who said he had been informed by Senator Pat McCarran that the vacant dormitories may be converted into apartments.

Conversion of the buildings has been urged for several years by the Clark County Housing authority and the Henderson Chamber of Commerce.

It is pointed out that the converted apartments, which would be dedicated mainly to servicemen and their families, and defense workers and their families, would help considerably to alleviate the crucial housing shortage in this area.

The dormitories, although in poor condition due to outbreaks of vandalism, already contain plumbing facilities.

TELL YOUR MERCHANT YOU SAW HIS AD IN THIS NEWSPAPER

Foursquare Building Work To Start Soon
Preliminary work has already been done on the ground at Pacific Avenue and Basic Road, where construction of Henderson Foursquare Church will soon begin.

The structure will be of modern design, featuring cinder-block construction with a modernistic facade.

Drafting of plans is rapidly nearing completion. Richard Bledsoe of Las Vegas is serving as architect. John Replogle, who is supervising building of the new Federal Homes here, is structural engineer.

The officers and pastor of the local congregation wish to thank those who have donated their services: Hercar Construction Co., sewer main and ditch excavation; Langley Construction Co., grading of property; United Plumbing Co., water main installations; and church members and friends who have helped with digging of ditches and clearing of property.

A HEALTHY TREND

With a nincrease of approximately one thousand registered voters here over those on record in this vicinity during the last general election, the obvious trend in this area toward greater political consciousness becomes even more evident.

It's a healthy trend. People who exercise their privilege of voting are behaving as good, responsible citizens. By so doing, they can help to make this a better world in which to live.

This year's ballots will bear the names of a number of local residents who are contenders for a variety of political posts. They are to be congratulated for evincing

an active interest in civic affairs. The coming elections will hold unprecedented significance for the people of Henderson and neighboring communities.

The people themselves have important duties to perform. It is up to them to familiarize themselves with the candidates and issues — weigh all available facts carefully — and vote for the best men on the ballots. Thus — and only thus — can good government prevail.

Come And Get It!

Groucho Marx once said "My new book is selling like hotcakes. I wish it would sell like a book."

Harold's Club of Reno is wailing no such lament. The book entitled "Pioneer Nevada" has been experiencing phenomenal sales wherever it has been made available to the public, including the office of this newspaper.

The demand has been tremendous. Complete orders have been sold out, again and again. But, luckily, our stock has again been replenished.

If you want a copy, come in and get it! The price is only two bucks.

It's a wonderful volume — steeped in the rich historical tradition of Nevada — based on a series of ads originally published in this newspaper. You'll agree — it's a swell souvenir!

Republicans Hear Converse Speak

At a regular monthly meeting of the Clark County Young Republican Club last Thursday night, at the Hotel Thunderbird, some fifty members and guests heard Ed Converse, newly-appointed Republican Campaign Chairman, disclose the behind-the-scenes strategy which resulted in the nomination of General Eisenhower for President at the National Convention.

Also present at the meeting were candidates for public office, including M. William Deutsch, running for county commissioner, long term; Owen Woodruff, for U. S. Congress; L. E. "Ty" Tyson county commissioner, short term, Alvin Wartman, state assembly, George Campbell, county commissioner, long term; Judge Walter Richards, Justice of Peace; Cliff Young, Reno attorney, also a candidate for U. S. Congress, and Gordon Colton, state assembly.

Prizes Awarded As Vacation Church School Ends Sessions

Local youngsters ranging in age from four to sixteen last Friday completed their two weeks course at Saint Timothy's Vacation Church School.

First honor prize for the best all-round student went to Donald Jackson, who received a Holy Bible donated by A-C-E Merchandise Mart at the Henderson Department Store.

Others who received special awards were Denise Griggs, Primary Class; Joanna Brooks and Elaine McAdams, Junior Class; and Diane Adams, for her work in assisting the teachers in the Primary Class.

On the staff in addition to Rev. Erend Robert L. Stevenson, were Miss Jane Falke, Miss Joanne Bala, Mrs. Doris Hardy, Mrs. Kofahl Sr., Mrs. Kofahl Jr., Mrs. Jack Everitt and Mimi Stevenson.

The model of a sanctuary done by Jerry Perkins and helpers won first prize in a handcraft competition.

Attending the Vacation Church School were:

Primary
Frances Chandler, Bill Sturton, James Christensen, Sandra Carter, Deanna Geyser, Joanne Carter, Sally Kofahl, Kathie Kofahl, Susan Davis, Denise Griggs, Robin Ritter, Christine Potvin, Gregory James, Stephen McAdams, Nancy Blake, Tommy Mann, Timothy Perry, Cleve Stafford, Barbara Jackson, Dennis England, Susan Stevens, James Bancroft, Ladd Coates, Linda Stevens, Rosalie Graham, Beverly Everitt, Henry Lindsey, Johnny Lindsey, Margaret Wittingham, Deborah Wittingham, Christopher Lonner.

THE ERICKSONS
Mrs. Donald Erickson and children, of 47 Water street have been spending the week in St. George, Utah, with relatives.

MARLIN COGSWELL
Marlin Cogswell of 331 Basic Avenue is recuperating in the Las Vegas hospital after an appendectomy.

JERRY PERKINS
Jerry Perkins of 42 Wyoming is recovering at Rose de Lima hospital after an attack of bronchitis.

James Ritter Family Loses All in Fire

The James Ritter residence at Lakeview, Boulder City, was destroyed by fire last Friday. Although the fire department responded immediately upon receiving the alarm, flames had spread too much headway for anything to be saved, and the property was a total loss. The Ritters had been swimming at the lake when the blaze,

which was of undetermined origin broke out. All of their personal belongings in the house, including clothing for Mr. and Mrs. Ritter and the eight children, were completely destroyed. Mr. Ritter is employed in Henderson by H. K. Ferguson Construction Company. Individuals and local organizations have rushed to the rescue of the stricken family with gifts of clothing, food and other essentials. Immediately after the tragic occurrence, City Manager Harold N. Corbin of Boulder City made a government house temporarily available to the Ritter family until they can re-establish a home.

Parents Urged To Observe Round-Up Dates

The P-TA-sponsored Summer Round-up for pre-kindergarten kiddies (and those who expect to enter the first grade next month and have never before attended school) will be held in the nurse's office at Henderson Elementary School on Monday, Tuesday and Wednesday, August 25, 26 and 27. Dr. J. H. Coogan will be the examining physician, and kindergarten teachers will be on hand to register the youngsters. Mrs. June Ross, Round-Up Chairman, urges all parents to observe the alphabetical arrangement that has been set up to facilitate processing.

On Monday, children whose surnames begin with A to F inclusive should visit the school. The hours on all three days will be from 1 to 3 P.M. Tuesday afternoon will be dedicated to all boys and girls in the G through P category. The remainder, Q to Z inclusive, will be processed on Wednesday. There is no charge for examinations made during the Summer Round-Up. Mrs. Thelma Sturm will be attending nurse. Others participating, in addition to the aforementioned will include Mrs. Virginia Sturm, Mrs. Leon Payne, Mrs. Cliff Wenttill, Mrs. Rosemary Coates, Mrs. Harold Trent and Mrs. Ed Kressler.

Dental Care For Children Cited

Close to 5,000 Nevada school children were given dental examinations during the past year by the division of dental health, state department of health, according to Dr. O. M. Seifert, division director. In his report for the past fiscal year, Dr. Seifert cites that in addition to 4,807 examinations of children whose dental health was reported to parents through the school system, 2,928 received sodium flouride treatments and 1,586 were given dental care. On the principle that attention to the teeth can't begin too early, the division reported dental examinations of 1,131 pre-school children, giving sodium flouride treatments to 240, and dental care to 706 of the very young group.

Death of Zelaauwick

THE PAIUTE chieftain, Zelaauwick, was a constant source of embarrassment to the troops stationed in Western Nevada. Melting into the sagebrush when pursued, this war-like redskin would appear, miles away in the midst of a violent raid and then again vanish! In 1865 he massed 500 warriors at Godfrey's Mountain and administered a humiliating defeat on Captain Wells.

15 men of Company B, Nevada Mounted Infantry, and Hank Butterfield of the Overland Express, opened another search for Zelaauwick. A week later on July 31, 1865, at daybreak, they suddenly found their quarry in Cottonwood Canyon north of Humboldt Wells. A vicious battle ensued in which about 90 Indians broke and ran to safety. But Zelaauwick was wounded and 11 of his men were killed outright in the initial attack.

Reinforcements were rushed northward and some 400 cavalrymen under Colonel McDermitt, chased Zelaauwick's warriors toward Gravelly Ford. Moving fast under extreme hardships, the troops surprised the Paiutes at Hot Springs. Here 200 Indians still sported with a provision van they had taken from Wells' supply train. The Paiutes were caught flat-footed, and some 70 taken prisoner. But, as usual, the legendary Zelaauwick escaped with the rest.

Accounts of the battle vary, but all agree that Zelaauwick "was most troublesome in refusing to die." The troops rode around him, pouring bullets into the defiant chieftain until he collapsed, riddled with lead. Butterfield took his scalp, and in reward for his part in the affair was allowed to keep most of the souvenir. Parts of the trophy were given by Butterfield to many of his friends in Northern Nevada, and they in turn, were handed about. The hair was described by newspapers of that day as "coarse and black, and the scalp nearly as thick as sole leather."

Captain Wells and 25 picked men again gave chase and followed him so closely and so relentlessly, using up their finest horses, that they completely exhausted the Indian ponies. Wells even took Zelaauwick's rabbit nets, his gun, dried grasshoppers, and other provisions. But the chief, in a desperate attempt, managed to escape across a stream. He and his men scattered, vanished like jack rabbits in the empty desert.

The death of this vigorous Indian leader brought peace to troubled Northern Nevada for a time, and an element of safety to the scattered ranches, mines, and prospectors who ranged between the Black Rock and Fort Ruby. And it was one more lesson to the Paiutes, they could not meet the troops in a toe-to-toe fight in the field.

Cut Bag Limit For Sage Hens; Date is Sept. 14

Sagehen hunters in Nevada will face a reduced bag limit for this year's season, the state fish and game commission announced today.

The commission originally set the limit as five birds, statewide. After the survey reports were in Elko county requested bag limit reduction to two birds based on

technician's findings of poor hatching success. Final regulations covering sage hen consists of a one day season, September 14 with a two bird bag limit in Elko, five bird bag limit in Lyon county and a three bird bag limit in all other counties.

Humboldt county raised objection to having a higher bag limit than neighboring Elko county and notified the state commission of their stand. The commission felt obligated to inform other counties of the stand Humboldt was taking.

Consensus of opinion from the other counties was in favor of re-

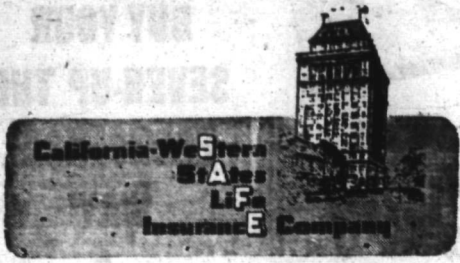

Now at Fort Ord, California, for a two-week summer encampment are the following Henderson members of the 427th Military Government Company of Las Vegas: Private Ronald C. Kinsley, Corporal Charlie Brown, Corporal Otto J. Litterer Jr., and Sergeant First Class Herb Crosby.

ducing the limit to three birds in order that the hunt could go on. Lyon county indicated that they wished to hold to the five bird original limit.

Sportsmen questioned the procedure as regards the limit, but state officials pointed out that they set the season while the sagehen survey was still in progress. By law, they said, seasons must be set sixty days before the opening date of the season.

Thus, according to the game men, many seasons must be set while important surveys are in progress and information as to hatching success and ratio of young to adult animals in the big game herds.

Densities of birds were reported as fair by survey crews, in all counties, with exception of Elko, where a poor hatch was found among widely scattered birds. Best populations were found in the eastern and central part of the state. Reports from the northern tier of counties reported widely scattered flocks and only fair to poor hatching success.

Thumbs Down on Liquor, Gaming

As Henderson becomes more and more a separate entity, these are bound to be growing pains, mainly in the form of controversies. The handwriting on the wall indicates that one of the biggest arguments will be whether or not to allow gambling and liquor in our community.

It's something to think about right now. Reader, give the matter your unbiased consideration — then draw your own conclusions. As for us, we have two convictions.

First, we believe the issue should be voted upon by the people of Henderson.

Second, we personally believe that gambling and liquor should not be permitted here.

This does not mean we are opposed to drinking and gaming, per se. We have been known to imbibe upon occasion and, more than once, have "invested" a few nickels in slot machines.

So, you want to do that, too?

Okay, go ahead! Pittman, Whitney, and Railroad Pass aren't very far. Neither is Las Vegas. We're lucky to have such convenient access to such places for Hendersonites who wish to woo the goddess of chance, or quaff a bit of alcoholic refreshment.

There's no need for gaming and liquor in Henderson.

This is a family town. It's composed of hard-working men and women — friends of yours and ours — most of whom are raising happy, healthy children who will one day assume their responsibilities as American citizens.

It's a substantial community. It is becoming increasingly substantial — a permanent, successful town destined to take its place among the important cities of the nation.

Good, worthwhile citizens have already gone on record as opposing an influx of casinos and cocktail lounges.

Take the May 20 meeting of the Colorado River Commission, for example.

On that date, the CRC scrutinized a letter in which a women's

organization wrote: "We are opposed to liquor licenses being granted in the town of Henderson, and we are also against gambling being allowed in our city until such time as a town board can be elected and the matter put to a vote of the people."

Another letter from a moderator and minister of a local church was considered. It said, in part, "We have reason to believe that it is the desire of the majority of Henderson Townsite residents to keep the liquor and gambling business out of the Townsite."

Another women's organization, with a membership of one hundred homemakers, wrote, apparently in respect to an establishment that wanted to engage in such activities: "It is to be used for purposes not conducive to the best interests of families living here and would be particularly detrimental to the youth of the town."

Here's an excerpt from another letter to the CRC. It was sent by a local church: "We are unalterably opposed to the establishment of any liquor or gambling facilities in the community of Henderson."

The pastor of another local congregation appeared before the commission and said: "Speaking in behalf of the community church whose views I know on this question, and I presume the majority of the churches in the community, we are definitely against having liquor and gambling in the community. We would like to have the people of the community have an opportunity to make their wishes known as to whether we have gambling and liquor interests within the Townsite. I am not speaking against gambling and drinking, but I do believe that the citizens of this community should have the opportunity to make their desires known."

Above are a few expressions of opinions from your friends and neighbors.

We hope the people of Henderson will all have an opportunity to express their views when the proper time arrives.

And we hope they will turn thumbs down on liquor and gambling!

To Fete Alleys

Mr. and Mrs. Fred Alley, erstwhile residents of Henderson, will be feted at a lawn party on Sun., August 17, at the Hinton residence at 234 West Basic Road. The party will be given jointly by

Mr. and Mrs. Max Hinton, Mr. and Mrs. Ray Shutt and Mr. and Mrs. Walter Kubie.

All friends of the former Hendersonians are cordially invited to attend the affair, which will begin at 7 P.M. The Alleys are currently visiting here from Caldwell,

Importance of Titanium Stressed At Special NPA Conference

Henderson is mentioned in the Business and Finance department of the August 11 issue of Time magazine in an article entitled "Titanium to the Fore."

"In its short commercial life," the article states, "titanium has been tagged 'the wonder metal.' As strong as steel, it weighs only half as much; heavier than aluminum, it is twice as strong. It does not rust; it becomes tougher under high temperatures, and is more resistant to steam erosion than any other construction material."

National Production Authority of the Department of Commerce has announced that consideration is being given the problem of increasing the production and use of titanium, which is vital to the defense mobilization program.

The principle problem in increasing use of titanium, particularly in military production, is

the prevailing price, NPA said, and the only way to bring down the price is through increased production.

About 95 percent of current usage is by the aircraft industry, & the price of the mill products is about \$15 a pound.

A special conference on the problem of increased production was held recently in Washington under the auspices of the Aluminum, Magnesium and Titanium Division of NPA, with T. A. Lynch, Director of the division, acting as the Government Presiding officer.

In attendance were 40 representatives of the titanium industry and 34 from Government, including the military departments, the principal potential users of the metal. The conference was told that titanium production in the United States is expected to total approximately 2,000 tons in 1952; 4,000 tons in 1953; 6,000 tons in 1954; and 8,000 tons in 1955.

Potential military requirements for titanium are reported to be considerably in excess of the anticipated supply, but representatives of the industry pointed out that presently they are in need of orders to keep their plants in operation.

It was agreed that use of titanium products now available and at present prices is necessary (1) to bring a better quality of titanium products and (2) to compress into five or six years the normal 25 years for technological developments needed by the industry.

The conference recommended that the Army, Navy and Air Force formulate an overall program which would utilize the industry's entire current production at current prices. It was believed that this would tend to stimulate titanium production and a more active market with a resultant lowering of prices.

It also was recommended that NPA set up an Industry Advisory Committee for Titanium.

Good Turnout At Lawn Social

More than 600 persons were present on the lawn at the Richard Lottridge residence at 35 West Basic Road on Wednesday of last week when an ice cream social was presented for the benefit of the Junior Sheriff's baseball team. The donations, which exceeded \$300, will enable the team of local youngsters, coached by Captain Hugh Moran, to participate in the invitational tournament at Hawthorne from August 30 to September 1.

Ray Parker's Helldorado band contributed its musical talent to the affair. Success of the event was made possible through the cooperation of a number of Hendersonians, including Mrs. Elmer Riggins, Mrs. Louis Walter, Helen Martinez, Clarice Porter, Bonnie Turner, Dorothy Walters, Helen Riggins, Adele Todd, Georgia Riden, Gloria Martinez, Georgia Lottridge, Myrtle Brake, Kathryn Edmondson, May Zimmerman, Reverend Peter Moran, California-Pacific Utilities Company, Henderson Elementary School district, Basic Post of the VFW, and mothers of the ball players, as well as the Clark, Johnson and Rancho Grande Milk firms.

Mrs. William Staples is recovering nicely at her home after undergoing surgery.
