FIVE CENTS

By BILL GILLIS

Organized Cooperation— About that Religious Parade held last Saturday. Before it passes into history and is forgotten, we'd like to make a few comments of our own, now that the two Las Vegas papers have permitted the incident to die a natural death.

No denying that the idea was excellent and appropriate. Christmas is too commercialized and almost lost sight of is the real reason for the annual celebration Dec. 25.

BUT, we'd have to point at Dr. Earl Gould, the city's recreation director, and say that the parade definitely wasn't well organized. Then Santa Claus innocently became involved and the resulting rumpus almost got out of control.

Dr. Gould says the schools and churches didn't cooperate, that is except the Basic high school band and St. Peter's school and church.

And right here and now we'd like to interject a few words of praise for the band and St. Peter's school. But for those two groups, there wouldn't have been much of a parade. Of course individual mothers who labored to religiously garb their young charges for the parade should also be highly commended.

If a religious parade is attempted again next year, two thoughts on the subject.

1. More organization beforehand.

2. More cooperation.

Now pass the shovel, please, and we'll bury the subject.

Reincarnation—Woops! Hand me that shovel again. Just got a late flash. Regardless of how successful or unsuccessful the parade was, it gained favorable national publicity for Henderson.

City officials report they already have received letters as far distant as New York City and Tulsa, Okla. praising Henderson for staging a non-commercialized Christmas parade.

As noted in the previous item, it was a hell'uve terrific idea, and pardon the non-religious phraseology.

Pot of Gold—Here's a tip never to bet with Dave Jamison. Oh, he'll pay off alright if he loses but you'll work to get your money.

Last week, Jamison and Dick Waldman had a \$14 bet on the

Olson-Robinson fight. Waldman wound up with the winner and the money but not before he had opened a huge packing box and strewn a mountain of wrapping paper on the floor of the Swanky Club. The big payoff was at the Lions Club meeting Monday night.

This paper tale has an odd sideline in that the same script was also used in Las Vegas. Joe Rue, Jamison's partner, won a \$10 bet from James Cashman, Jr., on the same fight and also had to open carton after carton before he finally found his winnings.

Come to think about it, why didn't Jamison just bet Rue and there must be dissension in the company ranks—where boxing is concerned.

Time for Exchange—A news release from the Clark County Gem Collectors this week notes that officers of the organization will be installed at a meeting to be held Sunday at the Parks Museum in Las Vegas. The news item notes that following the installation, a Christmas party will be held and "there will be the usual gift exchange of rocks."

There must be a punch line somewhere but the best we can think of is to wonder what the members of the Fraternal Order of Garbage Collectors exchange when they—oh you take it from there.

Home Decoration Contest Judging Set for Tuesday

If you want to enter the Henderson home decoration contest it will be necessary to notify either Morrell Realty at 42 Water St. or Henderson Appliance at 110 Market St. before 6 p.m. Tuesday, Dec. 20.

That's the word this week from Frank Morrell, one of the sponsors of the contest. He said judging will take place next Tuesday evening, probably between 6 and 9 o'clock, but only home decorations of those who officially enter the contest will be judged.

The contest is independent of other Christmas activities in Henderson and the winner will receive \$25 cash and second place \$15.

Morrell said the winners would be notified and receive their awards the following day.

Inside lighting decorations will be considered if they can be easily seen from the street, he added.

FISHING SHOULD IMPROVE VASTLY

Fishing should improve sharply, around these here parts.

This week, 6,000 pounds of Rainbow trout are being planted in Lake Mohave at Willow Beach and below Davis Dam.

Some are only four inches long, but most are catchables. Planting has been under the direction of fish hatchery officials but members of the Boulder Sportsmen's Association have been assisting.

City May Soon Have Own Recreation Building for All Youth Activities

Teenagers, and adults too, may soon have their own community recreation center building.

The past week, Dr. Earl Gould, city recreation director, has been negotiating with James Farndale, executive director of the Clark County Housing Authority here, for a large dormitory-type building in Victory Village.

Farndale said Wednesday he will recommend at a County Housing Authority meeting Jan. 19 that the building be turned over to the city. Some lease arrangement would be involved, but probably no cost,

Boulder, Henderson Hospitals To Receive \$31,700 from Ford

H. ROWAN GAITHER, JR.
President
The Ford Foundation

The Rose de Lima Hospital in Henderson and the Boulder City Hospital will share a total of \$31,700 of a whopping \$200,000,000 aid to voluntary non profit hospitals grant announced this week by the Ford Foundation.

In telegrams this week to Sister Felicia at Rose de Lima and Mrs. Fannie Connolly in Boulder, H. Rowan Gaither, Jr., president of the foundation, said:

"Trustees of the Ford Foundation have authorized a program of grants to assist the nation's voluntary non profit hospitals in improving and extending services to their respective communities . . . and I am pleased to inform you that we believe your hospitals are among those eligible to receive the grant . . ."

Rose de Lima ticketed to receive \$21,700, second largest sum to be received by five hospitals in the state while Boulder City Hospital will be the recipient of \$10,000.

Other Nevada hospitals which will benefit by the Ford grant are St. Marys, \$61,400; Carson-Tahoe Hospital, \$10,000; and Steptoe Valley Hospital in East Ely, \$10,000.

Naturally, both Sister Felicia and Mrs. Connolly were elated on being informed of the grant.

They explained that half of the sum will not become available until July of 1956 and the remaining sometime before July of 1957, but already they are making plans on how best to allot the money where it will benefit the most people.

The money will not be used for normal operations, both emphasized.

Sister Felicia said it is her desire that the money will be apportioned so that all departments will benefit. She noted that an expansion program at the hospital has long been considered and possibly some of the money may go in that direction.

Boulder Hospital Administrator Mrs. Connolly said the ultimate decision will be left to the board of trustees but she is now accepting suggestions from all different departments. The recommendations will all be studied and screened before a final decision is made.

Ford Foundation president Gaither in his telegrams said that a letter concerning the grant to each hospital will be forthcoming in the near future.

NO MORE PILFERING OF CHRISTMAS TREE LIGHTS—PLEASE!

Hey Kids!
This is the Christmas season. Henderson merchants have expended considerable effort and money to give the downtown section that Christmas look.

Now let's cooperate with them.
This week several merchants have been complaining that bulbs from their strings lighting outside Christmas trees have been taken.

Maybe you've got the dates mixed up. This is the yuletide holiday season, not Halloween.

Let's not take any more bulbs from the trees so the lights can continue to shine.

CHRISTMAS SCHOOL PROGRAM TONIGHT AT 8:15

Under the direction of W. Chapman Wooten, Basic high school students this evening are presenting a Christmas program at the high school gymnasium at 8:15.

The program is for the PTA and there will be no business meeting.

The chorus will sing several Christmas carols and the band will offer appropriate Christmas music. Several solos and duets will be sung and accompanist will be Mrs. Gordon Dean.

Program chairman is Mrs. William Mathewson.

HENRY FORD II
Chairman, Board of Trustees
The Ford Foundation

JACKPOT CLUB OPENS; HEARING DATE TO BE SET

The controversial Jackpot Club has reopened following the granting of a temporary injunction against the City Council by Judge Frank McNamee in district court Tuesday morning.

The council had revoked the Pittman club's gaming and liquor license at the last meeting Dec. 5 and the establishment had been closed since that time.

City Attorney Harry Claiborne and Attorney Michal Hines, who represents the owner of the Jackpot Club, Walter Bell, are expected to confer with the judge Friday when a date for a court hearing will be set.

City Councilmen and Mayor James B. French had been subpoenaed to appear in court Tuesday morning and were present, but did not testify.

50 Attend First Boat Club Meeting

An enthusiastic crowd of 50 attended the organizational meeting of the Lake Mead Boating Club, held at the American Legion Hall Dec. 8. Henderson and Las Vegas as well as Boulder City were represented.

It was announced this week that the next meeting will be held Wednesday, Jan. 4 instead of Thursday, Jan. 5 as originally scheduled.

At the Jan. 4 meeting, election of officers will be held. In the early stages of organization, two meetings may be held each month but it is planned eventually to meet only once a month.

Dues have been set at \$5 for each boating family and 27 members already have joined.

Jointly in charge of the last meeting were L. R. Brake, Ralph Miner and Bob Pfeiffer. Mrs. Miner served as secretary.

In attendance at the meeting were Earl Gilmore, Boulder Junior Chamber of Commerce president; Charles Richey, National Park superintendent; and Hal Whitehouse of Lake Marina.

This Is Our City

Mayor James French Says . . .

The other night at Rose de Lima staff banquet we had a visiting speaker who brought us back in our thinking to principles that all of us know, yet sometimes forget to apply.

The gist of his remarks was that for every right we also have an obligation. That we, as people, have been very diligent in keeping our rights but have been somewhat lax in accepting all of our moral obligations.

The obligations are harder to legislate and can only be promoted and kept by a feeling of brotherhood and a desire to practice the golden rule.

This principle is as true in government as it is in all phases of our existence. The people as citizens, business men, purchasers, etc. all have certain rights, but there is also a co-

Morry Zenoff's . . .

Morry's Story

Attended the football banquet the other night—and it sure was fun seeing lads you've only seen in football toggerly suddenly blossom forth in dress up clothes.

The dinner was given at the school at the expense of U.S. Lime in a splendid gesture of community-plant friendliness. Bill Mainor's master of ceremony work was well handled as was the talk given by Utah's football coach.

During the dinner, I learned Henderson's growth in high school attendance will result in a step up in the brand of competition by 1957. It seems Basic will become a triple A league contender with Reno and Vegas. Now it is double A.

Also learned that if present students remain in Henderson, there will be at least 1,000 students in high school in 1960. 750 is the dividing point between double and triple A.

Doc Gould has been getting letters by the bundle this week from around the country—it seems the oddity provoking such mail was the news about no Santa in the Xmas parade.

I bet big Norm Craft will have some dandy stories to tell about playing on the frosh team at Indiana U. when he comes home for Xmas vacation.

There isn't a Xmas tree in all southern Nevada that can rank with that at the post office—in size, color, lighting. It's a dandy.

KBMI's Dave DeSoto will sing at Stauffer's Xmas party.

BASIC WOLVES SEEK FIRST LEAGUE WINS OF SEASON AGAINST BOULDER

"We're looking for another rough game," is Coach Bob Lunt's appraisal of the Friday night Basic-Boulder City varsity basketball game. And he could be oh so right. The game will be played in the Boulder gym and another large crowd can be expected. The first ball will be tossed up about 8 o'clock and the main attraction will be preceded by a junior varsity scrape starting at 7 o'clock.

Last Saturday evening the Wolves measured the Eagles, 56-50. It was Boulder's first loss of the season after four con-

secutive wins, and at the same time it extended Basic's winning skein to three this year.

Coach Lunt praised his upcoming opponents.

"They're darn good ball handlers and can all hit," was his comment.

He neglected to add that the Basic first stringers are also darn good ball handlers and can hit.

In the first three games the Wolves have played this season, Coach Lunt admitted his boys made some mistakes, but they are mistakes which can be ironed out in practice he said. This week he's been ironing.

The Basic coach said he was sticking with his same starting lineup which will put Doug Lottridge at center, Bob Peck and Ray Martinez at guards and Ron Mich'l and Bernard Fumagalli up front at forwards. That aggregation gives the Wolves a considerable height advantage over the Eagles, with the exception of Peck who can hold his own with his taller adversaries.

The Wolves will be especially hot to win the return go with Boulder because the game will count in both the Southern Nevada League and Tri-State League standings so the winner actually chalks up two victories.

Coach Lunt announced Tuesday that lost to the squad this week for scholastic reasons are Jimmy Miller, John Ivary and Bill Boggs. None are first stringers, but still valuable reserves.

The Wolves will be especially hot to win the return go with Boulder because the game will count in both the Southern Nevada League and Tri-State League standings so the winner actually chalks up two victories.

Coach Lunt announced Tuesday that lost to the squad this week for scholastic reasons are Jimmy Miller, John Ivary and Bill Boggs. None are first stringers, but still valuable reserves.

CHAMBER TO DISCUSS "INDUSTRIAL DAYS"

The "Industrial Days" celebration will be discussed when members of the Chamber of Commerce gather Dec. 20 at the Swanky for a regular meeting.

Chamber President Bob Woodruff said the event will be re-evaluated with a view to determine if it should be altered, but the celebration is not being abandoned, he emphasized.

Lyal Burkholder, is chairman of the celebration this year.

Lions Don't Meet Again Until After Holidays

Lions attending the meeting Monday night witnessed a film, "The City that Disappeared," depicting smog conditions in Los Angeles.

President Pat Heher announced it was the last regular meeting until Jan. 9 because of the holiday season.

ROYAL NERIGHBORS

A Christmas party for members and families of the Royal Neighbors of America Harmony Camp will be held Friday evening at 6:30 at Victory Village. The affair will be potluck and individuals are requested to bring their own table service as well as a covered dish.

ABOUT HENDERSON
By WENDI LOWMAN
★ ★ ★

Mrs. H. Q. Englestead was recently dismissed from the Rose de Lima hospital following an operation. She entered the hospital on Nov. 17 and was dismissed in time for Thanksgiving with her family.

Mr. and Mrs. Donald Day, former residents of 109 Joshua St., Manganese Park, moved into their new home in College Park, in Las Vegas, this past week.

Mumps are making the rounds again. They are causing distress and lopsided faces. Several students of high school and the grade schools have been absent because of the dreaded little bug.

Bill Sams, a former employee of Manganese Inc. recently underwent major surgery at the Las Vegas hospital. He was a resident of Manganese Park until he moved to Las Vegas.

The H. Q. Englesteads of 115 Joshua St. were recently visited by Mr. Englestead's parents, Mr. and Mrs. Homer Englestead of Hurricane, Utah. They were here four days.

Currently enjoying a vacation in Mexico with her husband, Carl, is Marcia Rowe, employed in the accounting department at the city hall.

Mike Sahaid, a member of the police department, has returned to duty after enjoying a vacation in New York. Now on vacation from the force is James Pugh who intends to visit Kentucky, Michigan and Canada.

Currently enjoying a 30 day leave from the Air Force is Ronald Hamblin, son of Mr. and Mrs. Robert Hamblin of 35 Water St. The Henderson resident has spent the last 30

BYRNE-ING BRAND

son assemblyman. The telegram is printed in full. Eds. Note). "In the best interests of our Democratic party, I urgently request that you, as State Chairman, be the instrumentality thru which any formal or other meetings of possible candidates for the office of U.S. Senate, are called or held.

"At the moment, I am seriously thinking of my own candidacy for this office, but would certainly withdraw in support of any other democrat candidate who, it might be felt,

would find more favor for this high office among the voters of our state, to the end that the most capable democrat will be elected.

"I am not suggesting that anyone would or should be restrained from filing for this office.

"I am suggesting that, as State Chairman, you are the logical person, in the circumstances, to co-ordinate the thinking of all, and however many democrats may eventually determine to seek this high office, I respectfully suggest that you call upon each to publicly

pledge his active support to the Democrat Primary election winner.

"Anything less than such a public pledge of party loyalty and honesty should deprive a candidate of the support of our democrat voters.

"I am sure that every person thus far mentioned as a possible democrat candidate for the U.S. Senate will welcome the opportunity to pledge, thru you as State Chairman of our party, his support to the primary election winner.

"My very best regards.
Bill Byrne"

Terrible Toothache
Our teeth are among our most valuable properties, but too often they fall prey to the unrelenting pain called toothache. Throughout history, man has searched for relief from the pain of rotted tooth.
In the middle ages, toothache sufferers stumbled to the market place when the dentist—they were mostly itinerants then—came to town and there—to the blast of trumpets and cries of clowns—had his troublesome tooth torn from his gums.
The ancients had good reason to know that extraction was a painful and dangerous practice.
Before allowing themselves to fall into the clutches of a "dark-ages" dentist, they would first try such remedies as flax, fig, pepper, bee's wax, earthworm, arsenic, gold and iron rust.
Thanks to modern medicine and dentistry, these remedies, largely ineffective, have been entombed in the history books.
Dental techniques have made extraction almost painless and perhaps more important, we have learned that proper care of teeth can prevent decay.
In the past 10 years dentists have been able to enlist the aid of antibiotics to control and prevent serious infections of the mouth and gums.
Tetracycline, the newest of the broad-spectrum antibiotics, has joined penicillin, streptomycin and Terramycin as an effective tooth gum and mouth infection fighter.
Two dental scientists at Northwestern University recently reported that Tetracycline is effective in the prevention and treatment of infections and post-operative complications.
According to Drs. Howard B. Adelman and Joseph C. Calandra, the antibiotic quickly reduced high temperature in 20 patients under their care and aided in their recovery.

Mad About Dogs

When you see the sign "NO DOGS ALLOWED" it means only, the dogs whose masters can see the sign! If you operate a hostelry, don't reject a blind man's Seeing-eye dog! Nearly every state in the Union has, by law, made it a misdemeanor to ban from public premises, a person devoid of sight and his seeing-eye dog—except from places where, due to sightlessness, the subject person could not normally benefit.

Naturally, the Seeing-Eye dog is highly trained—and the blind master has some pretty definite instructions, which, if carefully observed, prevent the dog from committing a nuisance. Failure

to observe the regulations, may result in the loss of the dog—sometimes permanently. For instance: the dogs daily ration is formulated and established at the School-kennel. Feeding time is also set, and any deviation from the formula or the feeding time, may result in an untimely accident.

Should it be reported, and proven, that a Seeing-Eye dog's mishap is due to negligence, the blind person will be deprived of his trusty escort, the period of time depending on the nature of the incident. Repeated offenses may result in permanent loss of the dog.

What a boon it would be to good - neighborhoodship, if all the dogs in a community were trained half as well as the seeing-eye dogs. There are so many good books on "training the dog," that anyone, with determination and a little time, can transform their dog into a neighborhood desirable.

The trouble with so many of us is, that we train as our tempers direct us instead of setting out on a scheduled training program. The dog becomes frustrated and frightened. He doesn't know what he's supposed to do nor when he's supposed to do it.

When you train an animal in accordance with expert instruction, contained in one of the better training manuals, you become educated as you impart the training to your dog. The dog becomes a lot happier because he has learned to understand his master's orders. Closer companionship and a deeper sense of loyalty exist because of the training-educating program and the dog assumes his rightful place in society.

Most of the competitors in Obedience Classes for dogs, such as the ones recently held in Las Vegas, started from a home training program. The owner often finds an absorbing hobby and recreational activity by going beyond the simple home training to prepare his pet for the big competitive

classes.
 After watching the big show at Gray Summit, Mo., I was amused when one of the judges offered a challenge to the parents who were in the bleachers. He offered to stake his new Cadillac Sedan on the dogs, if as many parents would bring their children to compete with the dogs he had just judged.

Of course, the dogs that are undergoing the application of an organized training program, aren't getting ideas from other kids at school, or from the radio, or television. They're not getting into the neighbors' hair or running under moving automobiles either, when taking their training.

A few basic commands, such as—coming when called, staying when so instructed, or, walking at your side when told to "heel," may well be the difference between a live dog and a dead one—under circumstances with which every dog owner has, at one time, become familiar.

Teach yourself to train your pet with one of the books that is available today, or, give a book to your neighbor—as a gentle hint.

The man who marries for money can't afford to bite the hand that feeds him. The most he can do is gnaw a little at the thumb he's under.

A great disadvantage in a person's having his nose to the grindstone is that he's in such a handy position for people to kick him in the pants.

TWO BASIC HIGH PLAYERS NAMED TO ALL-STATE

Bernard Cannon, Basic's husky 185 pound tackle, has been honored by being named to the first string all-state AA mythical football team, compiled by the Las Vegas Review-Journal. Cannon is a junior and will be back to harass opposing backs next season.

Second team selections from Basic were Guard L. C. Bolden and Fullback Dave Anderson. No Basic player was listed on the third team.

Receiving honorable mention were End Chuck Cottam, Center Rupert Sendlain and and Bob Barker and Bob Peck, backs.

Theater Group May Appear Here

Traditional Christmas carols were sung and gaily wrapped packages opened as members of the Henderson branch of the American Association of University Women enjoyed their annual Yule party recently.

Mrs. Anne Wright was in charge of the program, and Mesdames John Day, Ray Richards and Rosemary Coates served as hostesses at the party which was held at the home of Mrs. O. R. Lindesmith, 314 Nebraska.

At the business meeting preceding the festivities members discussed the bid of a professional children's theatre group to perform for Henderson school children in January. Mrs. Doris Reed, president of the local branch, will investigate the possibilities and announce the group's decision later.

Also discussed was the recent successful tea held in conjunction with the Las Vegas branch for wives of Nevada Southern professors, which may become an annual affair.

In January, AAUW will hold a joint meeting with Boulder City. Miss Dorothy Bell, who returns this month from a year's study as a Fulbright scholar in Australia, will be the speaker.

Members and guests present at the meeting and party included: Mesdames Robert Ray, Lewis Winningham, Anne Wright, Dexter McCabe, John Day, Thomas Petrie, Robert Woodruff, Doris Reed, James Butler, Kenneth Rodgers, Peter Gutierrez, John Nicholson, Clare McCallum, J. D. Crine, Gilbert Allsebrook, O. R. Lindesmith, F. R. Ryser, Rosemary Coates, Ray Richards, and the Misses Jo Marie Peck, Joanne Gnatovich and Sandra Furlong.

One cause of a great deal of dissatisfaction in the world is not liking to work and not being able to avoid it.

Whether laughter is healthy or not depends on the size of the fellow you're laughing at! It's no use itching for something if you haven't the energy to go out and scratch for it.

**SANDRA JEAN BUZICK MARRIES
ROBERT DAVIS IN LAS VEGAS**

Sandra Jean Buzick of Las Vegas and Robert Arthur Davis of Boulder City were wed in a double ring ceremony, Dec. 2, at the Little Church of the West in Las Vegas. The service was conducted by the Rev. Thomas J. Daly, pastor of St. Paul's Independent Lutheran Church. "Always" and "I Love You" were played on the chapel organ.

The bride was attired in a gown of white satin, with long sleeves and a train. The sweetheart neckline of the bodice was edged in lace. A fingertip veil of illusion net cascaded from a tiara of rhinestones and seed pearls. She carried a single orchid upon a white Bible.

Jean Denison of Boulder City, maid of honor, wore a gown of orchid colored nylon net over white taffeta. Her corsage was pink carnations. Donald Townsend was best man.

Mr. and Mrs. Halley Buzick, 106 N. 28th St., Las Vegas, are parents of the bride. Miss Buzick received her elementary education in Boulder City and attended Rancho high school, where she was a member of the Future Homemakers of America and the Girls Athletic Association. She also belonged to the Theta Rho Girls, sponsored by the Rebekah Lodge.

The bridegroom is the son of Mr. and Mrs. Robert R. Davis, 520 Cherry St., Boulder City. He received his elementary education in Big Creek, Calif., and was graduated from the Redlands high school in 1952. In 1951 he joined the Navy Reserves, of which he is still a member, and was on active duty with the Navy for two years, overseas and is now employed at the Clark Station of the Southern Nevada Steam Plant at Whitney.

**Christian Science Topic
For Sunday Is Announced**

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon to be read at Christian Science services Sunday.

Man's God-given dominion over sickness of every kind will be emphasized in readings from the King James Version of the Bible including the selection from Jeremiah (17:4).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (180:25-27): "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible."

Following the wedding, a reception was held at the Odd Fellows hall. The refreshment table was decorated with bouquets of pink and white carnations and white tapers. The white wedding cake was trimmed with pastel pink and green, and topped with the traditional miniature bridal couple.

Presiding at the table were Mrs. Hubert Neal and Mrs. Claire Charlesworth of Henderson, cousins of the bride. Patty Davis, sister of the bridegroom, had charge of the guest book. She wore a pink taffeta dress with a deep pink corsage.

Out of town guests present for the occasion were Mr. and Mrs. Darrell Shaeffer of Kingman. Mrs. Shaeffer is the former Darlene Finch, who lived in Boulder.

The newlyweds are making their home at 633 Avenue M.

**Past Matrons Club Holds
Annual Christmas Party**

Past Matrons Club of Boulder City entertained their husbands and the Past Patrons and their wives at the annual Christmas dinner held Dec. 9 at the Masonic Temple in Boulder. Sixty guests enjoyed a ham dinner following which bridge and canasta were enjoyed.

Special guests were Helen McLeod and Mr. and Mrs. O. R. Lindesmith of Sunrise Chapter, Henderson, and Mr. and Mrs. James Honeycutt and Mr. and Mrs. Hans Knudsen of Desert Chapter, Boulder City.

Mrs. McLeod, Mr. Lindesmith and Mrs. Honeycutt and Mrs. Knudsen will head their respective organizations during the coming year.

If the woman who fixes up a den for her husband expects him to do all his growling there, she's doomed to disappointment.

A modern mother is one who worries if her daughter gets in too early.

Letter to the Editor

Fellow Nevadans:

Because there is a vital job in Washington that needs doing, and because no one has tackled it for several years in the United States Senate, I have an announcement to make.

Representing the great state of Nevada in the highest law-making body in our Nation, I can make my desire for peace and security and the wishes of my constituents, the fathers and mothers of Nevada, known. It is my conviction that, like adequate defense, lasting peace

can only be achieved by intelligent, concerted effort.

After long and prayerful consideration, and after counsel with the finest, most humane leaders that I know; I am making my formal announcement as Republican candidate for election to the United States Senate in 1956.

With a large family to provide for, and being only an average working man of modest means, I realize that I am trying to do what is generally considered the impossible. However, I have confidence

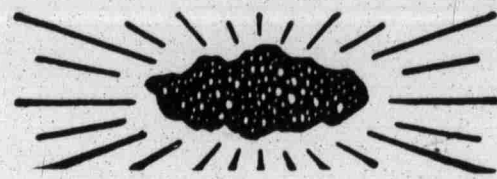

in the promise, that if one has faith, as a grain of mustard, that he can remove mountains.

Also, the people of Nevada are unique and different. I ask that each of you will give me an opportunity to meet you personally and shake your hand.

If you know what I want to accomplish, I feel assured that you will help me to do it. This is not a campaign, but a crusade! To win, we must work long and hard.

A day now is just as important as the day before election in our great Republican Government.

Sincerely yours,
Owen Woodruff

**Quill and Scroll
Plans Initiation**

The May L. Carpenter chapter of the National Quill and Scroll Society is making plans for an initiation ceremony early in January. The occasion will be semi-formal and journalists in the area will be invited to attend the candlelight ceremony.

The chapter is also planning a dance for Jan. 6 to be held after a basketball game. Mrs. May L. Carpenter is the club's advisor.

**Senior Girls Take
Homemaker Test**

All senior girls of Basic high competed in a contest Dec. 6, 1955, for the test given by the Betty Crocker Search for the Homemaker of Tomorrow.

The test consisted of questions concerning family problems, such as marriage preparation, housekeeping, home management, meal and menu preparation, budget planning, and manners, were the main type of questions. The girls were also asked to write an essay telling what a picture of the home, church, shopping center, and school signified to them, in the way of family relations.

Those ranking highest from each high school will be entered in the state competition for the State Homemaker of Tomorrow. A State Homemaker of Tomorrow will be chosen and a runner-up. The runner-up will receive a \$500 college scholarship. The State Homemaker of Tomorrow will receive a \$1,500 college scholarship, a golden jeweled pin, and her high school will be given a complete set of Encyclopedia Britannica.

She and an advisor from her school will receive an all-expense paid trip to Washington, D. C. for five days.

**Beta Sigma Phi
Party Is Dec. 20**

Plans for the group's annual Christmas party were completed when members of Xi Sigma chapter of Beta Sigma Phi met last Tuesday night at the home of Mrs. James Bandy at 69 Mallory St. In charge of the meeting was Mrs. Robert Campbell, president.

The Christmas party will be held Dec. 20 at the home of Mrs. Ruth Ball and gifts will be exchanged at the annual event.

At the meeting last week, members also voted to make a donation to the Henderson Community Chest and plans were also announced to send presents to Girlstown.

Co-hostess with Mrs. Bandy was Mrs. George Stewart and refreshments were served to Mrs. Robert Campbell, Mrs. Richard Balmer, Miss Mary Jo Parker, Mrs. Gordon McCaw, Mrs. Jack Barquist, Mrs. D. I. Jamison, Mrs. Raymond Ley, Mrs. Eugene Baird, Mrs. Alvin McDonald, Mrs. Larry Rostine, Mrs. Larry Odell and Mrs. Keith Curry.

The next regular meeting will be held Tuesday, Jan. 3 at the home of Mrs. McCaw.

HENDERSON SOLDIER IN ARMY MANEUVERS

Army Pvt. Antonio Carrillo, 18, son of Mr. and Mrs. Frank Carrillo, 7-C Washington St., Carver Park, Henderson, is participating in the largest joint Army-Air Force maneuver since World War II, Exercise Sage Brush, in Louisiana.

Some 110,000 Army troops are testing the latest concepts of atomic, bacteriological, chemical and electronic warfare. The exercise ends Dec. 15.

Pvt. Carrillo, a rifleman in Company F of the 82d Airborne Division's 505th Airborne Infantry Regiment, is regularly stationed at Fort Bragg, N. C. He has been in the Army since last January.

Jerry Sparks, Maxine Taylor, Jim Ware, Marie Weedman, and Marlow Williams.

"Nobody has ever been able to explain why people sleep," says a scientist. Our opinion is that people sleep because they get sleepy.

Letter To The Editor

Dear Editor:

I believe our constitutional rights are that we the people are innocent until proven guilty. I refer specifically to the action taken by the City Council against Mr. Bell, operator of the Jackpot Club in Pittman.

When was the City Council appointed to act as judge and jury in cases of this kind?

If there has been 19 complaints against this club, isn't there a laxity in the enforcement of the law?

Why weren't charges brought in the courts to process these charges?

I may be wrong but weren't charges brought against an establishment operated by one of the men who voted to revoke the license of the Jackpot Club? Or didn't the Chief of Police get to record the charges?

You remember he lost his job as Chief of Police about that time.

Jinny Picotte Rolls Week's High Series

By taking three games from Dutch's Typewriter Service, WECCO still leads the Henderson Powderpuff Bowling League. Tally Ho also took three games from Fourongs Jewelers while the Wolverettes and Team No. 7 split, 2-2.

Free lubrication job, donated by Strong's Associated, was won by Jinny Picotte for a high series of 768.

In the standings, WECCO leads with 36 wins and 20 losses followed by Fourongs, 33-23; Wolverettes, 32-24; Dutch's, 31-25; KBMI, 27-29; Swanky Club, 24-32; Tally Ho, 23-33; and Team No. 7, 18-38.

There is more truth than fiction in the above lines so I hope everyone gets a fair and impartial trial.

Respectfully yours,
C. F. Bassett

It is strange that so often we are advised not to cross a bridge until we get to it. Did anybody ever do this?

YOUR ASSURANCE OF
EASY-TO-PAY
bank-way financing

If you are planning to buy a new car, install new appliances or fixtures, or improve your home in any way, pay out of income... but be sure the financing plan is sound. The best way to be sure is to look for the dealer who displays the Bank of Nevada Bank-way symbol. It's easy to pay the bank way. Terms are favorable, there are no hidden charges, and you have the added convenience of being able to make payments at any Bank of Nevada branch in Las Vegas, Boulder City or Henderson. In fact, if you have a checking account at Bank of Nevada, we can credit your payments regularly without any bother to you. Before you buy, look for the bank-way symbol... or ask Bank of Nevada for full information.

ROLE OF EAGLE SCOUT IS EXPLAINED
BY DAN McLEOD, HENDERSON YOUTH

Eagle Scouts held a dinner on Dec. 3 in the Gold Room of the Sands Hotel and delivering an appropriate talk was Danny McLeod, Eagle Scout of Henderson who lives at 331 Tin St.

F. A. McGonigle, president of the Boulder Dam Area Council for Boy Scouts of America, has requested that Eagle Scout McLeod's talk be published in full and the Home News regards it as a privilege to cooperate.

"I wonder how often many of you have stopped to think just what a young man must do and be to become an Eagle Scout?"

"An Eagle Scout is a young man who has advanced to the highest rank in the Boy Scouts of America. He has learned a great deal about outdoor life. He has also learned how to live in good standing with his fellow men and he has learned to give and even more important, how to take orders.

"All of these things, as I have said, are learned. As many of you know, it is work, hard work, to become an Eagle Scout. When a young man joins the Boy Scouts, he must first earn the rank of Tenderfoot. To obtain this rank the scout studies and earns the history and facts of scouting.

"The next rank is Second Class. In this rank the scout learns how to live with and in the outdoors.

"From this rank the scout moves on up to the rank of First Class Scout which helps him to learn many arts; some of these are Cooking, Nature Study and Swimming.

"The next rank is the Star Scout, which is not earned until the Scout works for and receives five merit badges. These badges are for Citizenship, Campcraft, and three badges from individually chosen fields.

"The following rank is Life Scout. To receive this degree, the Scout must first earn the First Aid Merit Badge, followed by two badges for citizenship, one badge for Outdoor Sports, one for Nature Study, and one for Personal Development and finally one for Animal Husbandry. Two other badges must be earned from chosen fields of interest.

"Finally, we come to the last and most important rank a scout can earn. The Eagle Scout Badge. In order to receive this badge a scout must earn three badges for Citizenship, one for Conservation, and one each of the following badges: Camping, cooking, swimming, life saving, nature, personal fitness, public health, safety, firemanship, and first aid. The Eagle Scout degree is not presented to the scout until he has earned twenty-one merit badges.

"However, before receiving the Eagle Badge the scout must live up to the Scout Oath or Promise, the Scout Laws, the Scout Motto, and the Scout Slogan.

"Once a young man becomes an Eagle Scout there are certain responsibilities which he must assume.

"The Eagle Scout is expected then to be an example for other young men in all phases of life.

"During the Second World War, Eagle Scouts lived up to this tradition. They helped Civil Defense as messengers, fire watchers, and as aides to emergency medical units. They raised Victory Gardens, salvaged waste paper and collected scrap metal. They served as official dispatch bearers of important messages. They also formed Emergency Service Corps to aid the communities in time of danger or distress.

"Along with this, during the Second World War Admiral Nimitz, Commander of the Navy in the Far East, used Eagle Scouts on his personal staff. He checked the enlistment papers of the men and if he noted that they were Eagle Scouts he selected these men over others who were not Eagle Scouts.

"Another example of the important work which Eagle Scouts have done is in connection with Admiral Byrd and one of his expeditions to the Arctic. Admiral Byrd respected Eagle Scouts to the extent that he took one along with him as a personal member of his staff, and was more than pleased with the work done by that person.

"When you stop to think then of the many worthwhile things Eagle Scouts have done, it fills one with pride. I know every Eagle Scout here is as proud of their rank as I am. It is an honor which each of us must always defend, and keep before us as the guiding principle of our lives.

Vic Vet says

ONLY VETERANS IN FARM TRAINING UNDER THE KOREA GI BILL ARE ENTITLED TO AUTOMATIC INCREASES IN THEIR VA ALLOWANCE CHECKS. THE BOOST DOES NOT APPLY TO ON-THE-JOB TRAINING OR TO SCHOOL TRAINING UNDER THE LAW.

For full information contact your nearest VETERANS ADMINISTRATION office

"In a world which is continually in turmoil, the Eagle Scouts have a place of duty and responsibility. It is up to each one of us to help make not only America, but the world as a whole, a peaceful and beautiful place to live in. A place where all boys, regardless of race, color or creed, can grow up to become men, free men in a free world."

Official Results of the NASCAR-Sanctioned 200-Mile Grand National Late Model Stock Car Road Race, Willow Springs, Calif., Nov. 20

1. FORD	6. FORD	11. Mercury	16. Chevrolet
2. FORD	7. FORD	12. Mercury	17. Oldsmobile
3. Mercury	8. Chevrolet	13. Chevrolet	18. Buick
4. Chevrolet	9. Chevrolet	14. Hudson	19. Ford
5. Dodge	10. Mercury	15. Oldsmobile	20. Chevrolet

How did your car place in this race... and why does it matter to you?

This was not only a race to pick the fastest car, but a race to see which has the biggest margin of roadability under deliberately grueling conditions.

Uphill, downhill, sharp turns to the left and right... gear shifts and fast braking on every lap... with a spectacular mile-long drop swooping in to a long, climbing turn... this official 200-mile stock car test asked to see everything a car had. Fast cars, all of them, but the course asked for stamina, responsiveness, ability to hug turns, to maneuver. To every car from start to finish it said, "Now show your engineering."

In its demonstrated superiority, driven by experts under conditions and at speeds you will not be called upon to test, the 1956 Ford proved its enormous reserve of road performance and dependability. This, added to Ford's special Lifeguard Features, is your greatest assurance of safety next to your own good judgment, caution, and ability as a driver.

November 20 showed how much Ford superiority goes deeper than its good looks—to its mighty Y-8 Engine, to its K-bar frame with five cross members, to its King-Size brakes, its Ball-Joint Front Suspension angled to pre-cushion road shocks, its true symmetrical steering linkage and many other features.

Other recent Ford victories include first place in both the Santa Ana and San Fernando drag races. In winning the San Fernando drag race a 1956 Ford Fairlane set a new all-time record of 84.04 miles per hour for the quarter mile event.

Like the famous Mobilgas Economy Run which year after year yields 1st place to Ford in its field, the recent events put a light on competitive performance in the engineering and construction features that matter to you.

At the finish: 1st 1956 FORD—2nd 1956 FORD

Just what affects did the Atomic Tests have upon the birdlife? is the question posed by Mrs. William Evans of Las

Vegas recently. She insists that sparrows and blackbirds have disappeared from Las Vegas and vicinity and suggests that last Spring's nuclear experiments may have been the cause.

So far, I haven't come across any definite information about the aftermath of the atomic tests upon wildlife in this region. However, I doubt that they caused any noticeable reduction in the number of sparrows or blackbirds in Southern Nevada.

I have observed as many of these birds this fall as in previous years. It must be realized that with the exception of the English Sparrow, the sparrows and the blackbirds are found here during migration periods or during winter months. The English Sparrow we have with us the year around.

(*) (*)

Further notes on scorpions... Scorpion Expert Dr. Herbert Stahnke has identified a number of tiny and immature scorpions collected in Boulder City by Mrs. Betty Katzenbach, Wesley Hamilton and Mike Coggins as a new and undescribed species. Before final description can be made, additional specimens will be needed. The collecting of these will have to wait until the warmer weather next spring. With the onset of cooler weather, the scorpions have crawled into winter hiding spaces.

Young Mike reported this week that he had gathered still more specimens. His younger cousin, however, had opened the jar and released them in the house. As yet, he hasn't recovered these scorpions.

Three specimens secured at Katherine on Lake Mohave near Davis Dam by District Ranger Robert Burns and Park Ranger Carl Anderson were classified as a species not previously reported from the Lake Mead National Recreation Area.

(*) (*)

Archeologist Dick Shutler, Jr. writes that charcoal specimens taken from the lowest level of

Rose de Lima Banquet

Attended by 30 Doctors

Featured speaker at the annual Doctor's Banquet, held at Rose de Lima Hospital Dec. 6, was Samuel Virts who discussed the rights and corresponding obligations of the patient, the doctor and administration.

Virts, assistant administrator of O'Connor Hospital in San Jose, was introduced by Dr. J. H. Coogan, chief of staff at Rose de Lima. Thirty doctors attended.

Stuart's Rockshelter in Moapa Valley have been sent to the University of Michigan. Here these samples will be dated by the Carbon 14 method.

These tests will provide an indication of the age of the prehistoric Indian materials discovered in the rockshelter by last summer's expedition. Results from past studies indicate that ancient man lived in this shelter several thousands of years ago!

Art Group Organizes

First president of a new Henderson art group, the Painters and Potters, is Mrs. Robert Throckmorton. She was named to head the organization at a meeting held Dec. 7 at the home of Mrs. Eunice and Miss Lucille Haynes at 26 Magnesium St.

Other officers who will serve during the coming year include Mrs. F. L. Bartlett, vice president; Mrs. John Ivory, treasurer; and Mrs. Terry Larkin, secretary.

Members attending the initial meeting heard talks by Mrs. Elmo C. Bruner, a former Henderson resident, and a past president of the Las Vegas Art League. She discussed methods which were used in the organization of the Las Vegas Art League. Another past president of that group who spoke was Mrs. Elmer Hilsinger, also of Las Vegas.

Following the meeting, in addition to the hostesses, guests

and newly-elected officers, refreshments were served to Bob Guthrie, Mrs. Ivan Joyce, Mrs. Jack Naylor, Mrs. W. J. Butler, Miss Merle Bracken, Miss Marcia Malcolm, Walter Jackson and Warren Frank.

Next meeting will be held Jan. 3 at the home of Mrs. Bartlett at 218 Nebraska at 8 p.m. and an invitation has been issued to anyone interested to attend.

BIDDULPH FORD RATED HIGH IN SALES ZONE

It was announced this week that Biddulph Ford, Boulder City's new Ford agency, was advised by the Ford company that it had attained 170 per cent of its November car and truck sales objective, the highest percentage of sales reached by any dealer in its zone.

According to Herb Biddulph, the sales zone that incorporates his Boulder City agency covers

all of Clark and Lincoln counties in Nevada, three counties in California and three in Arizona, with a total of 28 Ford dealers. By reaching such a high percentage of sales in November, Biddulph Ford is now well up among the leaders in the national Ford sales contest that ends Dec. 31.

Womens Association To Buy Heating System

Member of the Womens As-
sociation of the Community
Church voted to donate money
for a new gas heating system
for the church and Gilbert Hall
when the group held its regular
monthly meeting last week. The
meeting was combined with a
Christmas party and held in
Gilbert Hall.

After the meeting, games
were played with Mrs. Don
Erickson of the Vesper Circle
in charge. Table decorations
were by Mrs. Bruce Gates, Mrs.
Homer Turpin and Mrs. Mal-
colm Garrett.

Nearly all employable people
are now working—even in-laws.

Cub Scouts Carol Next Wednesday

Plans for Cub Scouts of Pack
20 to go caroling on Wednes-
day evening, Dec. 21, were
made when den mothers held
a meeting Dec. 7. The caroling
will be under the direction of
Cubmaster Dominic Dalieda
and the den mothers.

Also decided at the meeting
was that Cub Scouts and Scouts
would attend Mass and Com-
munion at 9 o'clock the morn-
ing of Jan. 8. Breakfast will
follow in the parish hall.

The theme for January is
"Pirates" and training courses
will be offered every Wednes-
day evening during January at
the Community church hall.
It was announced that Cub

Scouts of Den No. 1, under the
direction of Mrs. Robert Horne,
would make hospital favors for
Christmas day trays.

Present at the meeting were
Mr. Dalieda, Mrs. Walter Mor-

rissey, Mrs. Frank Campbell,
Mrs. Bert Shearin, Mrs. Bill
Clay, Mrs. Horne, Mrs. Jack
Muldoon and Mrs. Helen Van
Wagenen.

Evening gowns show where
bathing suits left off.

Pythian Sisters Dinner Tuesday

Pythian Sisters of Boulder City will hold their annual Christmas party at the Knights of Pythias Hall in Boulder Tuesday evening and all Pythian Sisters and members of the Knights of Pythias in neighboring communities have been extended an invitation to attend. Dinner will be served at 6:30. Plans for the dinner party were made at the last meeting.

At the same time, members voted to send a Christmas box to a young man, formerly of Boulder, who currently is a patient in the State Hospital. A box is also to be presented to a local bed-ridden child and a record player has been purchased which was given to another small boy who has been an invalid for a lengthy period.

Community Chest Still Far Short Of Goal; Donations Total \$3,016

Contributions to the Henderson Community Chest drive have now reached \$3,016, according to I. S. Richardson, Jr., president of the Henderson Community Chest.

Richardson reported that while the sum is slowly growing, it is still far short of the \$7,000 goal. However, he said, additional donations are expected from both Henderson and Las Vegas business houses.

Only 14 per cent of the Henderson businesses and 22 per cent of those in Las Vegas contacted have sent donations and the final figure is expected to be considerably higher when the drive is officially ended.

A list of donors will be published in the near future, the Community Chest president added, and contributions still may be mailed to Bob Olsen, Treasurer, 333 Water St.

This week, Keith Curry, drive chairman, expressed his appreciation to the following zone captains and their volunteer workers: Mesdames D. I. Jamison, John W. Morrison, Elmer Martin, James Yates, William

Staples, Gerald Garvey, Roy Blue, Robert W. Nallia, R. H. McBride, S. A. Herres, Harry G. West, Ray S. Richards, Henry Routh, William Cannon, and Joe Kachulis and Messrs. George Stewart and Dick Gordon.

He also thanked Ray Moorhead, fine arts instructor and superintendent of art education, and Walter Jacobson, arts and crafts instructor, for making display posters; the Henderson school administration for preparing leaflets for house to house distribution, and Dutch's Typewriter Service for the use of a typewriter.

Christmas baskets and toys are being prepared by the Henderson Welfare Committee. To date, there are 35 families on the list. Other needy families may contact the members of the welfare committee who are: Chairman, Mrs. Oval Todd, 660 Blackmore, Fr. 2-6244; Co-chairman, B. U. Hillis, 57 Mal-lory, Fr. 4-4243; Aubrey Pagan, 311 Major, Fr. 4-3874; or Mr. and Mrs. I. S. Richardson, Jr., 315 Atlantic, Fr. 4-4853.

Henderson Folk Attend Surprise Birthday Party

A surprise birthday party was held the evening of Dec. 4 for Lu Bontrager at her home at 202 West Victory Road. A turkey and ham dinner was served to Wanda Shindler,

Madalyn Watson, Carol Lancaster, Truman Brydia, Bobbie Combs, Dorothy and Lloyd Perry, La Vere Barnhardt, Juanita and Chester Combs, LeRoy Hamilton, Mildred and Ted Angevine, Marie Farnsworth, Gerald Sloan, Audrey Pefferle, Bud Lewis, Charles Bontrager, Ruth and Asel Stout, Betty and Dell Wilson and Harriet and Don Detomasi.

POST OFFICE MAILING RULES ARE LISTED

Check these do's and don'ts before you go to the post office with your Christmas packages.

The post office says you cannot label a package "Rush" or "Do Not Delay" unless you pay a fee for special handling or special delivery. Nor can you, in most large post offices, mail a package of more than 40 pounds or 72 inches in girth. As a general rule, the best advice is not to wrap a package of more than 35 pounds in weight.

You should print your own address and the address to which you are sending the package. You can label it "Do Not Open 'Til Christmas," "Perishable," or "Glass." You can enclose a Christmas greeting. And you can speed the package in three ways, by special handling, special delivery, and air express or air parcel post. Special handling is cheaper than special delivery, and does not include special delivery messenger service.

(CHANGING TIMES)

Watch That Tree And Avoid Fires

Place your Christmas tree where there will be little danger from fire. Homes with fireproof, decorative tile floors will be safer than those with some other surfacings. Inspect all Christmas wiring to see if its protective covering is still in good shape. Keep a bucket of sand on hand in case of an emergency. Evergreen trees and Yule wrappings will burn with a ferocity that leaves little time for thinking. As soon as packages are unwrapped, gather up the paper and ribbons and discard them. The holidays won't be happy if they aren't safe.

Move To Hyde Park

Mr. and Mrs. M. J. Arnholt of 14 Pacific have sold their home and moved to Hyde Park in Las Vegas. Both were long time residents of Henderson having lived here since 1942 and they worked in the plant during the war.

I saw Mama kissing Santa Claus...

(when he brought her an Ironrite)

Yes, Mother knows her new Ironrite will give her a holiday from ironing drudgery for the rest of her life.

Now, she can say goodbye forever to weary hours of standing over a wobbly ironing board... say goodbye to sore back and muscles, to ironing-day fatigue. She's looking forward to wonderful hours of leisure—to more time with her family and friends.

She knows that she can sit comfortably before her Ironrite while she cuts her ironing time by two-thirds, cuts the hard work of hand ironing to nothing at all! And, thanks to Ironrite's exclusive features, she'll be able to iron everything in her washbasket—from her husband's shirts to daughter's ruffled pinafores—with nothing to finish by hand ironing.

Insist on Ironrite, the only ironer that irons anything you can wash!

- Two completely usable open ends that permit you to iron anything
- Handy Do-all ironing points that get into every tuck, ruffle or gather
- Genuine cast-iron shoe gives even heat along full length of shoe
- Convenient knee controls for simple operation

You can rent an Ironrite for \$2.50 a week. Free training in your home by our instructor.

it's a clean house...
it's heated with
CLEAN GAS HEAT

Efficient gas heating systems keep air fresh. Even normal dust is filtered out.

Women say furniture, rugs, walls stay bright and clean longer. Gas is America's sought-after heating fuel!

—no smoke or soot. Your home is kept filled with constant even warmth that is supplied by gently circulated filtered air for every room.

Gas heating is dependable, too. Gas comes underground—protected from the elements. And it's fast, economical! Plan a convenient installation... (there's not a better time than now!)

No one we know dusts the stair rail or the furniture with a lace handkerchief. But it illustrates the cleanliness of gas heating. Gas, the miracle fuel, burns clean

THERE IS A GAS HEATING SYSTEM TO FIT YOUR HOME EXACTLY

I would like assistance in planning the right installation for my home.
