

Morry Zenoff's

Morry's Story

We cry out — as a small voice in the wilderness — that something must be done about these airplane accidents!

When two planes collided over the Grand Canyon, we urged that people of all walks of life should do something about it. What can we do? — was the answer.

Now — with horrible accidents again crossing the front pages — again people say — something ought to be done — but what can we do?

Like fighting an invading mechanized army with b-b gun. I say — we can do something — and we should do it now.

Like urging our city government to pass a regulation against any and all planes flying anywhere over our city limits, regardless of how high they're flying.

Like urging our state government to pass a regulation against any and all planes flying anywhere within our state borders — without first getting clearance from a state aeronautics authority. Yes, set up our own civic government to check planes in and out under our own specifications.

Specifications could be as harsh as this:

Only perfect flying weather must prevail — no wind, no rain, no snow.

Only planes one-two and three years old can be flown.

Any planes flown must show a not older than six months inspection permit.

All pilots must be examined before entering a plane — both for physical weaknesses and for sobriety.

Plane loads should be reduced to half the present allowances.

Civil aeronautical authorities must pass tests twice the present requirements before being allowed to take a job.

Planes should not take off behind another plane until 10 minutes have elapsed.

All planes should carry plane-parachutes, large enough to float a fully loaded plane.

All planes should include automatic fire-fighting equipment, which will shoot chemicals into every possible source of a plane the minute the heat passes a certain temperature reading.

Every passenger's seat should contain a small fire extinguisher — in case of emergency.

Planes should not be allowed to fly with more than 25 passengers — until the airlines can show a perfect safety record for a certain period of time.

My deductions are only those of a layman. You could add many more.

But — something ought to be done — NOW!

The gamble seems to be all too great — when you read of men, women and children being killed helplessly, mercilessly.

John Vander Laan Elected to Head Henderson Rotary

John Vander Laan, administrative assistant at American Potash, is the new president of the Henderson Rotary Club. He will take office July 1 and succeed George Campbell.

Members meeting Tuesday at the Swanky named Vander Laan, Phil Hubel, Rev. Ford Gilbert, Chick Baumert, Bill Mainor and Royce Hardy to be directors. Campbell will serve as a director as an immediate past president of the group.

Outgoing directors are James Van Valey, Colvin (Bus) Smith and Henry Alarid while Campbell, the Rev. Mr. Gilbert and Hubel are holdovers.

Following the meeting, the new board of directors convened and elected Vander Laan to head the organization during the 1957-58 year.

Named vice president was Mainor, Hubel was re-elected treasurer and Frank Way re-elected secretary.

Vander Laan is a charter member of the Henderson Rotary Club and a past director of the organization. He has been employed at WECCO and American Potash since 1945.

He resides with his wife, Lilian, at 525 Avenue K, Boulder City. They have one son, John Vander Laan, III, a member of the U.S. Air Force, now stationed at March Field.

SUCCESSFUL PARTNERS — Owners of Van Valey Shoes at 134 Market St. are Marion and Jim Van Valey, residents here since 1945. They opened their store in 1949 and Van states unequivocally "we have the largest and most complete stock anywhere." (Basic Photo)

Marion and Jim Van Valey One of Most Successful Mr. and Mrs. Business Teams

One of Henderson's most successful husband-wife merchant teams own and operate Van Valey's Shoe Store, located at 134 Market St. Individuals in question, naturally, are James and Marion Van Valey who have operated the local shoe emporium since 1949.

Since the Van Valeys opened their store, there's been several noticeable changes, mainly the establishment and stock have been considerably expanded.

Then three years ago, men and boy's clothing were added to the shoe specialty shop.

Oddly enough, Mrs. Van Valey has charge of the latter department and does all the buying for the firm.

The Van Valeys, who now live at 565 Federal, have been residents of Henderson for the last 11 years. For two years, Jim (or Van as he is more prominently known) headed the shoe department at Polly Jean's in Las Vegas and then the Coed, also in Las Vegas for two years, prior to entering the business field for himself.

Before moving to southern Nevada, Van was in charge of numerous shoe departments for Montgomery Ward and Co. for 11 years. For two years, Jim (or was employed in the ship yards in San Pedro.

Since coming to Henderson, Van has been extremely active in civic and community affairs, at one time serving on the first coordinating council. He is also a director for the Rotary Club, lodge No. 1956 and member of the Community church.

Mr. and Mrs. Van Valey are both natives of Illinois, Van hailing from Maroa and Mrs. Van from Sullivan.

They have been married 27 years and have one daughter, Janet. Now Mrs. Holmes, Janet graduated from Basic high school in 1951 and currently lives in Germany where her husband, a lieutenant is stationed with the U.S. Air Force.

DEATH CLAIMS ROBERT RITTER, HURT IN BLAST

Funeral services are pending for 33-year-old Robert Ritter who died Monday night in the St. Vincent's Hospital in Los Angeles from injuries received in a Titanium plant blast Jan. 30.

Final rites are to be held in Belleville, Ill. but date has not been announced.

One of 15 men injured when a melting furnace in Unit 8 exploded, Ritter was flown to the Los Angeles hospital Sunday morning but failed to respond to treatment. An attempt to save his life by use of an artificial kidney proved unsuccessful. He suffered serious burns in the explosion and had been on the "critical" list from the date of the blast.

A native of Belleville, Ritter came to Henderson from East St. Louis, Ill. in March of 1953 and had been employed by Titanium Metals Corp. since that time.

He was a veteran of World War II, serving as an infantry sergeant from 1943-46.

With his wife, Patricia, and small daughter, Deborah, he lived at 58-A in Victory Village.

Mobile Telephone Rates Are Filed With Commission

Filed by the Henderson Telephone Co. with the Public Service Commission of Nevada in Carson City was a schedule of rates for mobile telephone services. The rate schedule is:

Where subscriber furnishes own mobile unit — installation charges per mobile unit, \$55; monthly service charge per mobile unit, \$20; monthly maintenance charge per mobile unit with customer to furnish parts, \$10.

Where carrier furnishes mobile equipment — installation charge per mobile unit, \$55; monthly rental, service and maintenance charge per mobile unit, \$37.50.

Where carrier furnishes mobile unit to boats and vessels on Lake Mead — installation charge per mobile unit, \$85; monthly rental service and maintenance charge per mobile unit, \$37.50.

The rate application also notes that:

1. All of the mobile units will be equipped with selective ringing at no extra charge.
2. The listed charges shall be limited to 75 calls per month (maximum air time 40 seconds each call) thereafter 10 cents per call.
3. The mobile units will be operated and monitored by licensed mobile telephone operators.
4. All service charges are for radio link and do not include land line toll charges.

Public Service Commission officials announced that anyone desiring to protest the rates should file their protests with the commission in Carson City prior to Feb. 15.

STUDENTS GIVE \$548 FOR POLIO

Students in the Henderson public schools contributed a total of \$548.46 to the March of Dimes drive this year, George Ullom, overall chairman of the polio fund raising campaign here announced this week.

Contributions were made in dime cards, distributed in the classrooms.

Topping the schools was the Townsite elementary where students gave \$207.20.

Donations from other schools were Basic elementary, \$150.07; Park Village, \$106.14; and Basic high school, \$86.06.

PISTOL CLUB SHOOT SUNDAY AFTERNOON

Regular Henderson Pistol Club monthly shoot will be held Sunday afternoon at the police pistol range, starting at 1 o'clock. The matches are for only members but the public is invited to attend and watch the shoot.

Medals will be awarded for the winners in the various classifications of competition with the .22 and .38 caliber pistol. A special aggregate award, to the member compiling the highest total score in all competition, will also be awarded for the first time.

WOLVES ENTERTAIN LV WILDCATS IN CRUCIAL GAME FRIDAY NIGHT

Their title hopes temporarily sidelined following a 57-41 loss to Rancho last Friday night, Coach Bob Lunt's Basic varsity cagers can move back into the pennant chase tomorrow night with a victory over the league-leading Las Vegas quintet.

The game will be played in the Basic gym and will be the first meeting of the season between the arch rivals.

Currently, the Wolves post a 6-3 record compared to the Vegans mark of 7-1. A loss just about eliminates the Basic five from further title consideration but a win over the Wildcats would throw the race into a four-school affair with White Pine and Rancho also in the battle.

The Las Vegas game is the only one scheduled for the Wolves this weekend and Coach Lunt reported his charges are "up" for this one.

The Wolves close out their regular season home and home schedule against the Wildcats Feb. 16 on the Las Vegas court. Coach Lunt is still experimenting with his lineup and against Las Vegas will start Russ Williams and Harold Foster at guards, Ron Mich'l at center, Rance White at one forward and either Denny Froom or Richard Patton at the other forward post.

Froom, only a freshman, recently was elevated to the varsity from the jayvees while Patton was a starter in several games earlier in the season.

★

Against Rancho, the Wolves played an outstanding first half which found the teams deadlocked at 19-19.

Three fouls on high scoring Capt. Mich'l in the second period hampered the Basic offensive attack as Big Ron played only briefly in the third period before being assessed a fourth foul and finally was waved to the sidelines midway in the final quarter with five fouls.

Williams paced the locals with 13, Mich'l and Foster contributed 10 each, and Bob Warren, Paul Hornyak, Froom and McGinty 2 apiece.

Locally-Manufactured Bleach-Eze On Sale in Stores Here this Week

Henderson's newest industry is being launched this week with the manufacturing of a bleach to be known as Bleach-Eze.

Bleach-Eze will be manufactured in Pittman in the building adjacent to the Highway Garage. Members of the three-man company, Nevada Specialty Corp., are Joe Trembley and Russell Drury, brothers-in-law and former residents of Henderson, but now living in Las Vegas, and William Ruymann, Las Vegas attorney.

While the initial emphasis will be on marketing the product in Henderson, Trembley said the company eventually hopes to expand its operation to include distribution throughout the entire state and the West.

available in grocery stores here this week.

He said it would be considerably cheaper than national brands since no excessive transportation costs will be included in the price, simply because it is being produced in Henderson. It will be marketed in quart, half gallon and gallon sizes, said Trembley.

The ad noted the "Sandwich War Is On," and advertised were hot dogs for 12 cents, hamburgers for 15 cents, barbecue 17 cents, egg salad or grilled cheese 19 cents, french fried potatoes 9 cents, fresh-made donuts 39 cents. All prices are for take-out only.

28 Building Permits Issued in January

Twenty-eight building permits with total valuation of \$47,804 were issued in Henderson during January according to Pat Doherty, chief building inspector.

Inadvertently, the Rexall Fountain and Pie Bakery ad was omitted from this issue.

Ad Inadvertently Is Omitted

NEW CUTOFF ROAD TO HIGHWAY 91 OPEN TO TRAFFIC NEXT THURSDAY

The new 11-mile cutoff road linking Henderson and Highway 91 at Sloan will be officially open to traffic Feb. 14, one week from today.

The announcement was made yesterday by Jack Parvin, assistant division engineer for Division 1 of the State Highway Department in Las Vegas.

Construction of the route is now in the final stages though seal and chips will be added in the Spring when the weather is warmer.

An innovation will be offered motorists, Parvin said in that a white line is to be painted on the shoulders as well as in the center.

The 40-foot wide road has been constructed so another lane can be added in the future and right-of-ways have been obtained for such an eventuality, according to the assistant division engineer.

Work on the 12.26 mile stretch was started in February of last year and was accomplished by the Hoops Construction Co. of Twin Falls, Ida. The company's bid on the project was \$678,603.

The route has been variously referred to as the Henderson Cutoff, Sloan Cutoff and Arden Cutoff, but its official designation will be FAS (Federal Aid Secondary) No. 546. The road intersects Highway 91 at a point 12 miles south of Las Vegas at a junction near Sloan.

Morrell Says No Objections Raised About Alternate Route Paralleling Highway Which Would Bypass Pittman

Representing the city at a state highway meeting held in Governor Charles Russell's office in Carson City was Frank Morrell, chairman of the city planning board.

Purpose of the meeting, Morrell said, was to determine if an alternate route for Boulder Highway, proposed by the state highway department, would be acceptable to the principal parties involved, including property owners and the City of Henderson, the alternate route, as outlined, would extend nine miles from the San Francisco street in Las Vegas joining Water St.

Morrell said no objections were raised at the meeting concerning the proposal.

In addition to the governor, also present at Tuesday's meeting were Lt. Governor Rex Bell, Henderson Assemblyman Bill Byrne, Whitney Assemblywoman Helen Herr, State Highway Engineer Huston Mills, Attorney General Harvey Dickerson, State Controller Peter Marialdo and Elton Garrett representing the Boulder City Chamber of Commerce.

A statement issued by Morrell following his return read: "As a result of having attended a conference in Carson City on the future Boulder Highway development, I can assure the property owners of the Pittman (Continued on Back Page)

Cornet Store Now Open for Business; Gala Grand Opening Scheduled Later

Now open for business is the Cornet 5, 10 and 25 cent store, located in the new Crum building adjacent to the Henderson Home News office on Pacific.

The building, which also includes the new Denton Pharmacy, was recently completed at a cost of about \$50,000 and Cornet has a 10-year lease from the owner, Paul Crum.

Manager of the Henderson branch of Cornet will be Eddie Tri, who more recently has been employed by the company in southern California. Tri, who has resided on the West Coast since 1948, is married and he and his wife will make their home here.

Present plans are to employ between four and six sales girls, all local residents. Number, of course, will depend on the business volume.

Now contemplated is a Grand Opening within the near future, said Tri, with the dates to be announced later.

The local branch of Cornet is one of more than 100 located in seven Western states, including Nevada, California, Oregon, Arizona, Utah, Idaho and Wyoming. The company will soon expand and open another branch store in Hawaii.

Grace Byrne Speaks

Guest speaker at the Henderson Lions Club Monday night was Mrs. Grace Byrne who entertained with an extremely interesting talk on "Creative Imagination."

Betty and Jane Kean Not in "Scandals"

Appearing on an inside page is an ad publicizing the second edition of George White's Scandals of 1957 starring Betty and Jane Kean.

Actually, Betty and Jane Kean do not appear in the production. Opening Feb. 13 will be Harry Belafonte.

HENDERSON HOME NEWS

Established 1936 and published every Tuesday and Thursday morning at 5 Pacific Street, Henderson, Nevada. Phone 5-2400.

E. H. HENRY, Publisher

Subscription rates by carrier \$6 a month. Mail subscription, west of the Rocky Mountains \$8.00 per year. \$2.00 for six months.

Mail subscription, east of the Rocky Mountains \$5.00 per year. \$1.50 for six months.

Entered as second-class matter June 16, 1954, at the Post Office at Henderson, Nevada, under the act of March 3, 1954.

BY BILL GILLIS

Innovation — With this issue, the Home News inaugurates a new illustrated series, "Now Your Merchants."

Objects of our first feature are genial Marion and Jim Van Valey, but sooner or later we'll be in the field.

The majority probably know most of the local businessmen and women, but we'll present a short biography — where they come from, what organizations they belong to and other pertinent and personal facts.

Purpose is for you, the customer, to become better acquainted with your merchants.

★ ★

Pet Department — Received the mail this week at the Home News office was a letter \$1 bill from a person who has his name as "man with a heart." The \$1 was to pay a lost and found advertisement.

According to the "man with big heart," he found a black white kitten recently in Henderson. The kitty was wearing collar with two bells.

He'd like to find the owner cause he believes it might be pet of some youngster.

So if you've lost a cat, answer to the above description, sometime within the last few weeks, telephone DU 2-1720 in Vegas or call at the Coca Cola Bottling Co. office at 424 1/2 Main St., Las Vegas.

★ ★

Likely Yarn — Members of Scout Troop 12 have an unusual request, directed mainly at knitters.

They are seeking left-over yarn so they can make gifts for students in the Handicapped Children's school in Victory Village.

Anyone having discarded yarn willing to donate it for a good cause have been requested to telephone Mrs. Joe Linn at FR 2-602 or Mrs. Robert Dietrich at FR 2-6654.

★ ★

Next Stop, Topeka — Members of the Boulder City Little Theater offer their version of "Bus Stop," in Boulder City tonight, Friday and Saturday evenings and they're hopeful more than a few local residents will "up the hill" 11 miles to see on the proceedings.

Actually, there's a Henderson production to the production. Members of the local Little Theater are assisting in selecting "Bus Stop," last Fall and at that time was planned as a joint Henderson-Boulder City Little Theater venture.

At one time, several local residents were cast in one role or other but were forced to drop along the way. Original director was Henderson's Wagon Lady, Mrs. Georgia, but illness in her family recently required that she relinquish the directorship.

The finished product includes Boulder City residents in eight roles but Henderson residents will remember the individual taking the male lead, Paul McCall, former California Utilities Co. employee.

Marroll's father, incidentally, the foreman for many years when the Recreation Center was under construction.

If you're free one of the three evenings, trek up to Boulder City and take in "Bus Stop." It's unabridged, as they and closely patterns the Broadway stage play. Students not be admitted unless accompanied by their parents, if offers an insight to the drama.

The Boulder City Little Theater building is located at 725 6th

★ ★

Witness Account — We can't cover that Reno explosion this week personally, so we have the next best thing — talked to someone who was there.

Frank Morrell, Henderson Planning Commission chairman, attended a highway meeting in Boulder City the afternoon of explosion and fire and then flew over to the Biggest Little City to view the damage, arriving about 5 o'clock or four after the initial blast.

Brockett is GOP Committee Head

When the Clark County Young Republicans hold their county convention in Las Vegas Saturday, chairman of the resolutions committee will be Dale Brockett, president of the Boulder City Young Republicans.

The convention will be held in the Wigwam Room at the Hotel Thunderbird starting at 10 a.m. Purpose is to elect a new county chairman, new board of directors, amend the constitution and adopt resolutions stating the Young Republicans' position on political matters affecting their welfare and future.

At noon, the convention will recess for a buffet luncheon with John Cahlan, managing editor of the Las Vegas Review-Journal, the guest speaker.

Following lunch, the convention will re-convene and officers will be elected.

At the conclusion of the business session, a cocktail party is scheduled for the delegates.

Here 'n There in Henderson

By VIRGINIA JOYCE

Garretts Move

Mr. and Mrs. Malcolm (Mac and Alice) Garrett, with children, Steve and Janice, have moved to Las Vegas. The Garretts lived at 20 Laswell and their new address in Vegas is 401 Upland St.

Wayne Castelberry Leaves

Wayne Castelberry, son of Mr. and Mrs. Cal Merrill, 58 Lowery, has checked out of school, where he was a junior, and has moved to Phoenix, where he will attend school. The Merrills planned to make a trip to Phoenix but will return to Henderson after their trip. Merrill is employed with the Bureau of Reclamation here in Henderson.

Hugh Moran III

Hugh Moran, 37 Laswell, long-time and well known Henderson resident, has been quite ill at his home. At last report — he was feeling much better.

Unusual Weather

Mr. and Mrs. O. S. Skoda, of Seattle, chose the wrong day to arrive in Nevada for a visit with their daughter, Mrs. Ed McMackin of 139 Elm St. The plane on which the Skodas arrived was unable to land the day of our big snow so it had to return to Los Angeles. The second trip to Las Vegas was successful — but it must have been a trip they will long remember!

Mrs. Ann Wright Contributes

Although Mrs. Ann Wright has been confined to Southern Memorial Hospital for many months, she wanted to do her part for the March of Dimes by contributing to the mothers who took up the collections near her home at 48 Laswell. (Does this remind you of the poor widow in the Bible who gave all the money she had, though it was only a small amount, and Jesus thought she had given more than anyone else?) We have heard that Mrs. Wright, a former schoolteacher here, before her illness, is now able to be up some with the use of braces. Wouldn't it be wonderful to remember her with a card or letter, just as she remembered the March of Dimes? How about it, readers — please? That is — Mrs. Ann Wright, Southern Nevada Hospital, L.V. (And thanks to the

"swell" gal who tipped us on this.)

De Berrys To Leave

The Bill De Berry family of 102 Beech St. (he is now Warant Officer) are preparing to move to Yuma, Ariz. this month. They plan to sell their home on which they have made many improvements.

Social Hour

The Adult Class of the Community church held a social hour at the home of the Gilbert Allsebrook's Saturday evening. The group played a game which helped them to get better acquainted, and which proved interesting. Some of the persons there had been born outside of the United States, namely South America and Ireland — others had traveled to distant lands, some told of their heritage, and others who moved to Henderson at its very beginning told of their experiences here. Those attending the party were, Mrs. James Arkell, Mesdames and Messrs John Ryan, John Ivory, Clare McCallum, Burt Wilson, Robert Diedrich, Leonard Galloway, Lewis Gunn, Charles Butler, Walter Kubic, Ralph Glass, the Allsebrooks, and Mrs. Allsebrook's father, Mr. Anderson.

Mrs. Allsop Visits

Mrs. Vera Allsop, of Salt Lake City has been visiting with her daughter and family, Louise Madsen, of 101 Ash St.

Callahan Baby Shower

A baby shower was held for Kathleen Callahan Friday night at the Scout Room of the LDS Chapel. Hostesses for the shower were Jean Coe, June Leany, Le Ree Olsen and Patricia Hinton. Some amusing games provided the entertainment. Others present were Mrs. Allred, Mrs. Al Lane, Jr., Elaine Peterson, Mirle O'Dell, Verlene Sullivan, Vonda Fawcett, Colleen Walker, Faye Ritter, Lorraine Yates, Marguerite Riddle, Dorothy Wooten, Helen Shroyer, Jeanette Neilson, Mary Bennion, Genivieve Smith, Ethel Callahan, La Vina Gardner, Pearl Briggs, Norma Jean Little, Toni Jeffs and Dorene De Mille.

McKessicks Vacationing

Mr and Mrs. Paul McKessick of Excelsior Springs, Miss., have been spending a few days vaca-

tion with relatives and friends in Henderson. Mr. McKessick is a brother of Mrs. Jewell Barger, 207 Nebraska Ave.

Waffle Breakfast

Helen Lunzman, 141 Fir St., served a waffle breakfast to a number of ladies who are members of the Sunshine Circle of the Community church last Friday morning. Donations were given to the Circle funds and everyone had such a good time that they hope to try this another time. Florence Galloway was a guest and others who attended were Ilene Hawkins, Dorothy Kennard, Margaret Kennedy, Mary Blake, Pauline Heil, Ida Mae Church and Kay Smith.

\$8 For Polio

Mrs. Cleo H. Weese, 18 Nevada Way was the hostess for a March of Dimes Coffee Hour. Everyone had a good time, and they contributed \$8.05 for the March of Dimes. Those present were Mary Blake, Bea Cole, Ruth Wallace, Florence Galloway, Nina Newell, Ilene Hawkins, Janet Howard and Mary Ann Munro.

Are You Prepared?

How many of us would be prepared in case of an emergency? Some of the LDS people are finding out just how well prepared they are. Unexpectedly, they were told not to buy any supplies, with the exception of milk, for two weeks. These people are more prepared than most of us — but there could easily be an emergency when all of us would be called upon to use our supply of food. Some of us would starve if we could not buy supplies from the stores. This seems to be a timely experiment. Whether true or not, I do not know — but have been told that wool provides more protection from radiation than any other material readily available. Also was told that kindergarten children on the coast keep small wool blankets at school, and have been taught to quickly cover themselves with them. None of us like to face these facts, but —

The fond hopes of this newspaper is to be able someday to serve you everyday . . . you can help us get there faster by shopping with the home town merchants.

DEAR MR. AND MRS. HENDERSON

Henderson, the city with a bright future! In talking with people from different parts of the country, I am pleased to hear that much is known of our city.

I would like to ask the cooperation of the citizens and merchants to help develop the tremendous potential of our city. We have industry to give us a solid foundation, and now with the new highway cutoff, we will be in a good position to develop the tourist trade.

We have promoted a sign at the Highway 91 intersection and one at each end of the city on the Boulder Highway. We are trying to have legislation passed at the present session of the Legislature at Carson City that

will help to bring new industry into our area.

The area should be good for electronics and with the coastal area presenting a target with its heavy concentration of industry the government is looking forward to disbursements of industries and we are in a favorable location with water and power to come from proposed dams.

It will take a lot of work as it has in other areas if the goal is to be realized but the potential is here.

Many are working hard now and let's hope others will jump on the wagon.

JAMES GUNVILLE,
President, Henderson C of C

Titanium Credit Union Holds Annual Meeting
 With more than 100 in attendance, four annual Titanium Employees Federal Credit Union dinner meeting was held Jan. 24 at the Swanky to elect board members.
 Named to the board were Walter Leschig, I. S. Richardson, Jr., W. I. Tredenick, M. R. Weir, Helen Holberg, Paul Olsen and Drin Ormsbee.
 On Jan. 28, the board met and named Weir president, Richardson, vice president; Treden-

ick, treasurer; Helen Holberg, secretary; and Leschig, chairman of the education committee.
 It was announced that total loans granted by the credit union now exceed \$1,000,000. That figure was topped last month.
An ideal gift — the wonderful stories of early Nevada — in the book PIONEER NEVADA — on sale at the NEWS office — \$2.

NATIONAL GUARD NEWS NOTES

By SGT. DON SHILES

This week there is quite a lot of information we would like to pass on to you. To start off, four men earned promotions. Privates James Gates and Sherrill Pugh of Henderson were promoted to Private First Class. PFC's Richard Shiles and Larry Sullivan, also of Henderson, were promoted to corporal.
 This week, too, we had a change in equipment. We sent our 77-mm Gun to the arsenal

and were given a new one with all the latest field changes.
 We would like to announce the departure for school of M/Sgt. Roger Selk of Henderson. Sgt. Selk will attend the projectionist school at the Presidio of San Francisco.
 We are also proud and happy to welcome back Sgt. Kenneth Gwinn who left this outfit to enlist in the Army and who, now that his enlistment is up, has returned and re-enlisted.
 In this article we try to remain above all political inclination, but there is one important question now under debate, that we would like to present our views on.
 Of course we are referring to the so-called six-months mandatory training program. This bill if adopted will seriously affect enlistments in the National Guard.
 In short, it states that after April 1 of this year, we will be unable to enlist anyone unless he has prior service. We feel that it will be detrimental to the National Guard and we ask any of you who shares our views on this subject to notify our State Representative and Senators and tell them your views on this vital question.
 Sunday, Feb. 24, there will be a recruiting drive. This is the second annual State-wide Muster Day. This drive is held on Washington's birthday which is appropriate, since he was the first commander-in-chief of the National Guard. This will give anyone who wishes to enlist, the chance to do so, before the six-months bill is passed and goes into effect.

BC SPORTSMENS CLUB SEEKS NEW MEMBERS
 Now in progress is the 1957 membership drive for the Boulder City Sportsmens Association, according to President Cliff Bailey.
 Membership is \$1 but an additional \$5 will also provide the member with a button and the privilege to hunt on specified lakes.
Host Cactus Twirlers
 Members of the Cactus Twirlers, square dance group sponsored by the Las Vegas Recreation Department, were guests of the Do-Si-Don't's at the weekly dance held at the Basic elementary school last Saturday.

Country Cousins Leads Puff League

Still leading in the Powder Puff Bowling league by the slim margin of one game is Country Cousins with the Bowlerettes in the runner-up spot, following action Jan. 29.
 Henderson Appliance had the high series, 1,615 while Connie Tornabene was credited with the high individual game, 201, and high series, 557.
 Other high games were rolled by Betty Winn, 174; Joy Frank, 192; Irene Palmer, 160; and Helen Meader, 173.

GLENN, TARTAN, MILLER NAMED OFFICIALS FOR SAFETY RUN
 Ronald Glenn, shop instructor, and John Tartan, driver education instructor at Basic high school, and Lyle Miller, driver education teacher at Boulder City high school, have been named officials for the Clark County Safety-Economy Run.
 The safe-driving event for students of the five southern Nevada high schools, is being sponsored by the Las Vegas Moose Lodge and General Petroleum and will be held Feb. 23.

Emblem Club Members Aid March of Dimes With Coffee Parties

Several coffee parties initiated to raise funds for the March of Dimes were given recently by Emblem Club members. The first in the series was held at the home of Kay Murphy on Jan. 23, with Ann Elsea, President of the Emblem Club as co-hostess. Twenty members were present.

On Jan. 28, the second coffee party was held at the home of Jackie Adams in Las Vegas, with Nancy Eaholtz as co-hostess.

Nancy Watson and Nancy Clay were hostesses at the party on Sunday at the home of Nancy Watson, and Evelyn Fields was the hostess at one given at her home on Jan. 29.

Sue Butler climaxed the coffee party series with a session at her home on Wed. Jan. 30.

Coffee Clutch Raises \$9 For Polio Drive

A neighborhood coffee clutch for the benefit of the Polio Foundation was held at the home of Mrs. John Sanger, 573 National St., Jan. 25.

Present to enjoy the coffee, hot chocolate, and cake were Mrses. Bill Day, Leon Sullivan, Otto Littler, Jr., Button Mapp, Richard McEvoy, C. R. Hargett and Robert Hall. \$9 was collected to aid the fight against polio.

Hursts Say "Thank You"

Mr. and Mrs. Bill Hurst have expressed appreciation to all churches, organizations, friends and neighbors for their kindness and help received following a fire which destroyed all belongings of the Hurst family.

PEO Observes Founders Day

Founders Day was observed when members of Nevada Chapter R, PEO Sisterhood met Jan. 21 at the home of Mrs. W. O. Haynes at 26 Magnesium. Mrs. H. P. Moffitt was co-hostess.

Presenting the program was Mrs. C. H. Elstner with Mrs. Horace Mooring serving as the narrator and Mrs. Lyal Burkholder the musician. Refreshments were served at the close of the meeting.

Next meeting will be held next Monday evening at the home of Mrs. Glenn Robertson at 36 Laswell.

HELP YOURSELF...

TO GAS THE IDEAL FUEL

Help yourself to GAS—and to peak homemaking efficiency. GAS comes ready

to use, gets to work for you at once at the flick of a finger. GAS gives

you added living space, because with GAS there's nothing to store

(we do the storing for you). No need to check supplies—no danger

of running short. Burn only the amount you need, pay only

for what you burn. For ease of use, for economy of operation,

for downright practicality, GAS is the ideal fuel for modern living.

Visit our Display Floor or call on your Gas Appliance Dealer and learn how to modernize your home with Gas.

the Ideal Fuel, heats your house, cooks your meals, dries your clothes, heats your water, preserves your food, burns your refuse... and air-conditions.

CLUBS INVITED TO SPONSOR MISS NEVADA

Civic clubs and organizations Henderson and Boulder City have been invited to sponsor a Miss Nevada candidate to represent the state at the Miss America Pageant in Atlantic City, N. J., this year. The state contest is being sponsored by the Reno Lions Club with Mervin L. Gardner, chairman of the Club's Projects Committee, in charge.

Gardner said the contest will be held in Reno in June with the state winner receiving a \$1,000 scholarship and earn the right to compete in the Miss America contest being held this year Sept. 2-8. Winner of the national contest receives a \$5,000 scholarship plus lucrative modeling and personal appearance fees.

Group desiring to get additional information have been requested to write Gardner, Reno Lions Club, Reno, Nev.

Mad About Dogs

Those of us who were fortunate enough to have grown up in a rural area, realize that the country dog was not nearly as susceptible to disease as the dog that is (as it should be) confined to quarters in the city.

Perhaps the most logical explanation of that situation lies in the fact that the dog, confined more or less to his quarters, is unable to search out the prophylactic to fortify against disease, or the antidote to effect a cure.

One of the common names for the old fashioned farm dog was Rover. Nothing was more appropriate.

Rover had the run of the farm and usually took on a little extra territory for good measure. He ate the roots of some plant that he dug up, chewed the bark of a sapling, devoured some grass that hadn't been sprayed with bug dope, and no doubt, picked himself up a delectable morsel in the form of a rat or a rabbit. Roving Rover developed his own immunity — or at least amplified his resistance so that diseases like distemper were not deadly.

Since the canine population has increased astoundingly, it has become necessary to legislate against the dog's freedom — but science has developed substitutes for diet supplements, effective in building resistance against disease in both man and beast, that's why one of the biggest items on the druggist's shelf today is vitamins and minerals. Some are prepared especially for animals.

Science has also developed serums and vaccines which tend to prevent the introduction of the most serious virus. There are also preparations on the market today for safely deworming animals, others to provide lustrous coats and still others that influence the habits of pets.

Like those German Shepherds of Doug's, over on Avenue M. Doug has observed every precaution and I'd wager a bit that those pups will require a minimum of veterinary expense to get them into a stage of rugged maturity. It's not just luck that establishes strong resistance and longevity — it's care, precaution and application, especially during the growing period.

GOP TO HONOR ABE LINCOLN ON FEBRUARY 10

New Hampshire Congressman Chester E. Merrow will be the guest speaker at the annual Republican Lincoln Day dinner to be held the evening of Feb. 10 at the Hacienda Hotel in Las Vegas. The announcement was made this week by Lee Whipple, Clark County Republican chairman.

Whipple also reported that Lt. Governor Rex Bell will fly to Las Vegas from Carson City to serve as master of ceremonies for the occasion. Also expected to be present are other top Republican leaders from throughout the state.

Five hundred are expected to attend and reservations may be made by telephoning Joy Hammond at DU 4-3879 in Las Vegas for tickets.

Congressman Merrow, a former news commentator and lecturer on national and international affairs, was first elected to the House of Representatives in 1942 and is currently serving his eighth term in the 85th session. He served as advisor to the first conference of UNESCO held in Paris in 1946, was a member of the Committee on Foreign Affairs, Sub-committee of Foreign Affairs Committee on International Organizations and Movements from 1953-1955, a member of the U.S. National Commission for UNESCO from 1946-1949 and from 1953-1956, and was appointed a Representative of the United States to the 10th session of the General Assembly of the United Nations.

HENDERSON HOME NEWS THURSDAY, FEBRUARY 7, 1957

INCREASE PROPOSED FOR HUNTING, FISHING LICENSES

Meeting jointly in Reno Jan. 20, members of the Federated Sportsmen of Nevada and the Fish and Game Commission voted to propose to this session of the legislature that non-resident fishing licenses in Nevada be increased from \$5 to \$10 (except in the Lake Mead vicinity) and from \$3.50 to \$5 for resident fishing and hunting licenses. The group also went on record as favoring the license age limits in resident fishing be from 12 to 60 with persons over 60 being exempt from license purchase. Also approved was the retention of a law permitting Indians free fishing and hunting licenses.

An ideal gift — the wonderful stories of early Nevada — in the book PIONEER NEVADA — on sale at the NEWS office — \$2.

on him . . . Last Thursday nite, the Peppers (sponsored by Henderson Rexall) beat "Larry's" (Westside's female team) 19-10. Purty good.

This weekend we play Las Vegas and Boulder. Let's really hustle in there and make up for that Rancho game. Let's show Vegas and Boulder which school has the most school spirit and best basketball team. We already know, but I think we're gonna have to clue them in. Go Basic . . . Beat Vegas and Boulder!!! Well, that's about it for this week.

Bars Would be Closed Only on Primary and General Election Days

Henderson Assemblyman Bill Byrne has introduced a bill which would provide for the closing of bars only on primary and general election days. The measure, known as Assembly Bill No. 66, was read for the first time Jan. 30 and referred to the committee on Public Health and Public Morals.

PICTURE THAT with **BOB WOODRUFF**

Now that last week's snow has caused most of you to use up the last of the film that had your Christmas snapshots on it, let's go over some of the troubles some of you have had with your snapshots, before you start the new roll.

The most common fault we find when we print your pictures is from loosely rolled film. You can prevent those light streaks if, just before you take the film out of your camera, you will roll the film a couple of extra times. And it will help still more if, when you are rolling it, you will put a finger lightly against the film to make it roll tighter. If your film still insists on rolling beyond the protection sides of the film spool, please bring your camera in and let us tighten it up for you — we want you to get every picture you take. (We only charge for the pictures you get, and we want you to get more so we can get more — if you see what we mean).

Another common fault we find in your snapshots is fuzzy-wuzziness. That is caused either by your working too hard when you press the shutter button, or by having the camera set on "B" or "1". Most simple cameras have at least two settings, "1" and "B". It is easy for the setting to slip from "1" to "B". The "B" setting is very nice if you have some place to rest your camera without the possibility of its moving, so that you can get a picture of the lights of Las Vegas from your back porch, or a picture of your living room with just the lamps lit, without using flash, but for any handheld snapshots, make sure the camera is set on "1".

Sometime soon now, we are going to have a very interesting window display of old cameras and camera equipment. If you have an antique camera that you have been wondering what to do with, now is the time when you might talk us into a trade. If we can't trade, maybe you'd lend it to us to go in the display. We will take care of the cameras and they are fully insured while they are with us — as is all of your photographic equipment while it is in our hands for repair.

IMPORTANT LEGISLATION DISCUSSED—Sen. Alan Bible is pictured with Nevada's State Engineer Hugh Shamberger in the senator's Washington office when they recently discussed the Eldorado Valley plan. Sen. Bible joined with Sen. George Malone earlier this year in sponsoring Senate Bill 32 which would allow the state of Nevada, through the Colorado River Commission, to purchase at a fair market value as determined by the Secretary of Interior, 126,775 acres of land from the government. The land is located about 20 miles equidistant from Boulder City and Henderson in the general area known as Dry Lake Valley. If obtained, it is proposed to utilize the land as an industrial and home site area.

DESERT DIGGINS

By MARJE IVARY

If you have a Christmas plant or two around wondering if you should try to bring into bloom next season, these tips may help.

Cool temperatures, 65 degrees or under, avoid drafts, use water of room temperature to keep a moisture balance for all indoor plants in pots—place small pebbles in a pie or cake pan, fill with water and place pots on them.

Poinsettias, after bloom, place in cold spot, keep dry until May, cut back to six inches and sink in sheltered garden spot, feed and water. Let only three shoots grow, repot when good growth has been made, cut back in August; bring inside in October and place in sunny window. Cover with a lightproof box 12 hours each night until bloom.

Christmas cactus must be watered carefully while in bloom, neither too dry or overly moist. Sink pot in a shady garden spot in the Summer. Water and feed well. Bring into a sunny window before first cold in November. Water sparingly until buds begin to form. Repot in Spring if needed.

The subject of pruning to be covered adequately would require a lengthy discussion and be repetitious of material found in pruning guides at your local nursery. It is agreed that heading back bare-root fruit trees to a point above the top branch is a must. This heading back compensates for the loss of roots suffered when removed from the growing grounds. To eventually have a good bearing fruit tree it is necessary to train the fruit tree three to five years.

In observing trees in our area, a newcomer will note two techniques, a thinning out of unnecessary branches and heading (some trees look scalped). Either method may be used. Keep in mind the size and shape of tree or shrub to be pruned and proceed with common sense.

An area 60 by 80 feet will take care of 12 fruit trees. Using fruit trees as ornamental trees is a good way to extend fruit tree plantings. Here again your

Mr. and Mrs. R. A. Burrows come to Henderson from Hatch, Utah. Mr. Burrows is employed at Titanium.

Circle Members Plan Style Show

Plans to join with the Vesper
Circle for the annual Spring
style show were made when
members of the Joy Circle of the
Community church met Jan. 24
at the home of Vivian Erickson
at 521 Karen Way. Offering the
opening prayer and devotional
was Helen Nave and Mrs. Erick-
son gave the missionary report.
Announced at the meeting was
that a ham dinner will be held
at Gilbert Hall on Feb. 19.
Guest speaker was the Rev.
Ford Gilbert who discussed the
purpose of Community church
circles.
Following a prayer by Mira
Corean, refreshments were ser-
ved to Marjorie Anderson, Shir-
ley Bean, Lillian Braun, Betty
Angle, Helen Nave, Pat Ram-
aciotti, Mira Corean, Catherine
Hunt, Allene Prime and Vi Rey-
nolds. Guests included the Rev.
Mr. Gilbert, Edrie Hansen and
Mrs. Mooney.

(Continued from Page 1)

The closest he could get to the main center of destruction was one block. The entire downtown area was roped off with National Guardsmen and members of the Civil Defense patrolling the area.

What impressed Morrell more than a little were the cars, parked in front of the burning stores. "They were melted to molten metal, in fact looked like pieces of paper," he said.

Morrell said he talked to one man who was walking on the sidewalk in the vicinity and was knocked down three times by the explosions. The final time, he was felled by a standard sized door that whistled by, but luckily (luckily?) only lost part of an ear and suffered other facial cuts.

Morrell reported loss of the at the Elks Club might have been terrific if members in the building had not been forewarned when someone smelled the gas fumes only a few seconds before the impending disaster. Evacuated only shortly before the blast were 35 from the dining room and 15 from the club room.

On the way out, the cook started back with the comment: "I forgot the money."

An Elk grabbed the cook to prevent him from returning inside, and about that time the explosion occurred.

Morrell boarded the Bonanza plane to return to Henderson Tuesday night shortly before 7 o'clock and the pilot flew over the scene.

At 7 o'clock, or six hours after the initial eruption, flames were still shooting skyward in the main block where the explosion occurred, said Morrell. "It resembled a bombed portion of a German city during the war," he added.

CONGRATULATIONS TO YOU!

HAPPY BIRTHDAY TODAY
David Jamison, Joe Brecheisen, Arnold Goldberg, Katherine Jane Ackerman and Ivan Johnson. Same tomorrow, Feb. 8, to Bill Conger, Dorothy Morrison, William Freelove and Jim Smart.

On Sat. Feb. 9, Birthday greetings to Jennie Lee Stock, Alene LeFevre, Lucille Parry, and Lynn Leany. The same on Sunday, Feb. 10, to Neil Cottam, Coleen Payne and Sarah Johnson; on Monday, Feb. 11, to Mike Sands, Patsy Ormond, and Sue Lane, and on Tuesday, Feb. 12, to Johnny Charleston.

Greetings also to Gary Loveland, Marley Walker, Idona Truman, Kenny Grosse and Mike Baker who celebrate birthdays

SCOUTS TO OBSERVE 'CIVIC DAY' TOMORROW; HOWARD GILES MAYOR

Forty-seventh anniversary of the Boy Scouts of America is being observed nationally Feb. 6-12 and members of the 11 local troops, including Explorers, are joining to appropriately mark the occasion this week.

Tomorrow has been designated as "Civic Day," and Scouts will fill the various administrative and elective positions in the city, according to W. D. Richard, general chairman for the week's activities.

The coveted "Mayor for a Day" spot will be filled by Howard Giles, recently cited for outstanding bravery for his heroic and successful efforts in saving the life of Dan Peterson of Whitney. Giles' daring and unselfish feat occurred back in the Sum-

mer of 1954 in Lees Canyon. Fellow Scouts honored Giles by electing him the honorary mayor.

Twenty-eight Scouts will perform civic duties tomorrow and they will be excused from school at noon.

Throughout the day, the Scouts will be entertained by their various counterparts. At 6:30, Scouts will be the guests of their sponsors at a banquet to be held at the Swanky.

Master of ceremonies will be Claire Boyd of Henderson, district chairman for the Boulder Area Council. The evening's main speaker will be Supt. of Schools Lyl Burkholder.

Special entertainment has also been arranged including an illustrated talk on Nevada's ghost mining towns.

Names of Scouts and the positions they will fill tomorrow afternoon are:

Dick Hanson, Larry Davis, Wayne Ivary, Johnny Hinkle and Bill Springate, councilmen; Hardy Black, city clerk; Billy Williams, mayor's administrative assistant; Ray White, fire chief; Jim Ebert, police chief; Steve Shroyer, assistant police chief; Fred Love, superintendent of utilities; Marvin Buescher, director of finance; Glen Hughes, shop foreman; Stubby DuBruvac, street foreman.

Mack Robinson, city engineer; John Martin, chief building inspector; Larry Jones, postmaster; Kenneth Horner, health inspector; Dale Shroyer, superintendent of schools; Rudy Calzada, superintendent of elementary schools; Gary Platt, high school principal; Wayne Bohot, principal of Basic elementary school; Tony Ryon, principal of Valley View school; James Ludwig; poundmaster; and Norman Davis, building inspector.

Saturday, all Scouts have been invited to an Open House being held at Nellis Air Force Base from 9 a.m. to 1 p.m.

In the afternoon, Earl Brothers will be host for all Scouts, including Cubs, to a free show at the Victory Theatre. To be admitted without charge, Scouts have been requested to wear their uniforms.

Scouts have also been urged by Chairman Richard to attend the church of their faith Sunday. They will be appropriately recognized.

Other activities of the various troops this week has been display of exhibits in the downtown stores. Several of the troops have also scheduled potluck dinners to which members of their families were invited.

SCOTTY'S CLUB IS NOW OPEN FOR BUSINESS

Now open for business is Scotty's Club, located at 17 1/2 Army St., adjacent to the Taztee Tavern. Owner is G. P. Thompson who formerly operated similar establishments in Winnemucca and Idaho.

The store features tobaccos, magazines, candies, newspapers, soft drinks and souvenirs. Hours daily are from 10 a.m. to midnight.

The establishment also has 12 slot machines and Thompson said drawings for \$25 cash will be held every 50 jackpots. Winners need not be present to win the \$25 jackpot award.

He has invited local residents to visit his store and has issued a special invitation for bus patrons to be comfortably seated while they wait for their bus. Minors will not be allowed, however.

MORRELL REPORTS

Continued from Page 1

area of Henderson that the imposed setbacks of 30 and 35 feet will not be necessary and I have every reason to believe that the planning commission and the city council will take immediate steps to rescind the existing setback ordinance.

"This change has been brought about through the acceptance, of those in attendance, of an alternate 4-lane relief road plan starting from the intersection of San Francisco expressway and parallel the northeast side of Boulder Highway at a distance of approximately 2,900 feet and running to the Pabco Mine Road where it would turn and meet the present Boulder Highway near the Water Street extension intersection.

"As of this time, the proposal has not been submitted to the Federal Bureau of Roads; however, Huston Mills, State Highway engineer, stated that in the event the new plan was not approved, nothing would be done with the present Boulder Highway other than rebuilding and correcting necessary drainage problems and normal maintenance.

"The estimated costs of improvement of the present Boulder Highway between Las Vegas and Henderson to bring it up to the minimum controlled access — expressway requirements, including acquisition of right-of-ways and service roads, construction would approximate \$5,000,000 and the new route could be acquired and constructed to meet the requirements for approximately \$4,000,000.

"From discussion, it became apparent that the new road would not become a reality until 1970 or 1975; however, the acquisition of right-of-way would be pursued shortly.

"Boulder Highway from the Water street extension through Henderson towards Boulder would fit into the new freeway as a 400 feet right-of-way already exists and will be developed as a controlled access freeway when needed. This development some years later after the 1970-75 program is completed.

"Statistics gathered by the highway department show the traffic near Pittman to be 10,000 automobiles per day but that the traffic count above Henderson towards Boulder City drops 50 per cent or to approximately 5,000 cars per day. This fact shows that the highway above Henderson will be slow in being developed to freeway requirements because it is more than adequate for future traffic projections. The estimated traffic on Boulder Highway at Henderson in 1975 is 30,000 cars per day. As the traffic approaches this volume, the new relief freeway will be put into use.

"The department further stated that in time some sort of an overhead interchange would be required at the Water street-Boulder Highway intersection to permit departure from the freeway to the present Boulder Highway through Pittman. An additional overhead interchange will also be necessary at the BMP-Boulder Highway intersection. The need for this interchange will be determined by the volume of traffic that will ultimately flow over the Henderson-Sloan cut-off road.

"I am sure this plan will satisfy the Pittman property owners and eliminate any further doubts or hesitancy to develop this highway frontage. Property values should stabilize themselves again, the businessmen need have no fear of being fenced out and Henderson's future industrial plants will have ready access to all major freeways in the area which is all important to their operations."

Drag Races Slated Here on Feb. 17

A "drag" race will be held on BMP Road in Henderson on Sunday, Feb. 17 with the exact time and other details to be announced later. Prizes are to be offered to the three top winners.

An impromptu drag race session was held last Sunday between 10:30 a.m. and 2:30 p.m. with about 400 spectators present and between 40 and 50 drivers competing. In charge of the event were James Pugh, representing the Henderson Police Department, and Gil Silvers, president of the Charlotteers, local drag racing organization.

Pugh has expressed his appreciation to all who assisted with last Sunday's event.

Eventual aim is to have a permanent drag strip in Henderson and the Rotary Club currently is considering the possibility of sponsoring the project.

Ken Beck, Bob Hermson Win Top Bridge Honors

First place winners for the Henderson Bridge Club which met Jan. 30 were Ken Beck and Bob Hermson, with second place taken by Richard Benquechea and Earl Turner. Third place winners were Teddy Handy and Gerry Latz.

Players present in addition to the winners were Mr. and Mrs. John Stewart, Mr. and Mrs. James Crawford, Mr. and Mrs. Glen Ewers, Bea Campbell, La Rae Gill, Ray Gardner and Pat Routh.

Recreation Center Hours Announced

Schedule of hours for the Recreation (Youth) Center were announced this week by the city's recreation director, Dalby Shirley.

Monday and Tuesdays, the center is open to all from 4 to 6 and 7 to 9 p.m.; Wednesdays, the Charlotteers meet from 8 to 9 p.m.; Thursday from 7 to 9 has been designated as teenage square dance night; Fridays with a few exceptions, Junior Treaders hold a dance from 7 to 10 p.m.; while a teenage dance is

held on Saturdays from 9 p.m. until midnight. The center is closed on Sundays.

Williams Family
Recently moving to Henderson from Tucson, Ariz., were Mr. and Mrs. B. R. Williams and their 16-months-old son, Donald. Mr. Williams only recently discharged from the service and expects to be employed either at a plant here or at Nellis Air Force Base.
