

BY BILL GILLIS

### CHAMBER MEETS TODAY AT NOON

The chamber of commerce meets at noon today at the Royal and President Jim Gunville has urged all members and public-spirited businessmen to attend.

Main item, of course, will be the forthcoming Industrial Days celebration and committee chairmen will be called on to make progress reports.

Another important agenda item will be a discussion on the raising of city business licenses with the chamber to receive the added revenue for publicizing the town's potential.

A third item is highway signs.

### First Anniversary For Lumber Firm

Henderson Lumber Co. — located at Hillcrest Dr. and Frontier Dr. — is celebrating its first anniversary this week and owners have expressed appreciation for the patronage of local citizens during the last 12 months.

President of the firm is Jack Miller and other officers and employees include Jack MacDonald, vice president and manager; Bud Hawkins and Orval Pralle, salesmen; Bill Gray, delivery; and Kay Dawson, office manager.

Also associated with the Henderson Lumber Co. now is the Aiken Builders Products which is offering a special of 8 by 8 by 8 blocks for 8 cents, starting this weekend. Ray Harris and Pete Black are in charge of Aiken Builders.

In observance of its first anniversary, Henderson Lumber Co. is offering double S & H Green Stamps Saturday.

Officials of the lumber company thanked all local residents who have patronized the business during the last year.

"It's remarkable," they said, "that we've cashed checks totaling \$150,000 and only one check has been fraudulent, and that for only \$3."

### Park Service Tour Sunday Includes Historic Fort Piute, Cottonwood Cove

Ruins of historic Fort Piute and the beauty of Lake Mohave at Cottonwood Cove combine as attractions on Sunday's National Park Service automobile caravan tour.

Assembly point for the expedition will be located along the Searchlight Highway, one mile below the Railroad Pass Junction. Departure from this spot will be at 10 a.m.

The public is welcome to participate in this event, according to Superintendent Charles A. Richey, Lake Mead National Recreation Area.

Participants are reminded to bring lunches, drinking water, a full tank of gasoline and insect repellent.

The round-trip mileage from Railroad Pass Junction is 110 miles, a portion of which will be over graded and dirt roads.

Historic aspects of the Old Government Road from Fort

Mohave to Fort Piute and of the fort site and the historical importance of Searchlight and Searchlight Ferry will be discussed. At Cottonwood Cove recreational facilities and improvements will be inspected.

The tour will be conducted by Park Naturalist Wally Wallis. He will be assisted by members of the Boulder City Rotary Club's Explorer Post No. 5.

### This Is Our City

Mayor James French Says . . .

With the coming city elections there will undoubtedly be raised the question of liquor and gambling within the City of Henderson. This seems to be a continuing argument. I would like to once again state my position in this regard and give reasons for this position.

I am opposed to any further opening of the commercial district in Henderson for this type of business.

I will absolutely oppose any open gambling in the townsite area. I feel that a satisfactory compromise has been reached in this regard with the permission of slot machines, and restaurants of suitable capacity being permitted a cocktail lounge.

These establishments should very adequately take care of anyone's desire to be able to have a meal and drink in Henderson.

The reasons that I feel this way are as follows:

First, the decision to develop the city on an industrial economy, I feel, is very sound. Industries, in looking over areas for expansion, prefer that the town is not wide open for this type of business due to the many complications that arises with their workers. I feel that if Henderson is to develop on a strong

## Industrial Days To Be Bigger Than Ever

With 37 parade entries (excluding bands) and 11 beauty contestants already signed up, the Industrial Days celebration April 25, 26 and 27 is shaping up as the best in history, even bigger than last year.

The chamber was meeting at noon today to hear full committee reports.

Celebration officials reported three concession booths are available on a "first come, first serve" basis.

Carnival books have been distributed to local merchants and are available at a nominal fee.

The carnival this year is one of the celebration's highlights and certain to attract not only local residents, but many from all over Clark county.

Posters advertising the celebration may now be obtained at the chamber of commerce office at 13 Army St. (Services Unlimited) and anyone planning to visit neighboring cities, such as Kingman, Needles, Overton and Mesquite, have been requested to drop by the office and take the posters to the various towns.

Also obtainable at the chamber office are float decoration catalogues.

Parade officials have announced that deadline for entries is April 20 and any group or individual entering after that date will be placed at the rear

of the procession.

Julian Hester, Pepsi-Cola distributor here, said this week he will furnish free refreshments to all units participating, just prior to the parade.

One of the highlights of the expected hour-long parade will be the appearance of the Lake Mead Base Drill Team.

Veterans of Foreign Wars throughout the country will observe Loyalty Day May 1 and the local post is planning to enter an appropriate "Loyalty" float.

Still available as an entry is a two-seater buggy and anyone owning horses desiring to pull the antiquated mode of transportation in the parade is invited to call the chamber office at FR 2-3222.

The telephone recently was installed for the convenience of all residents of the community. Frontier 2-3222.

According to Hershel Trumbo, chairman of the beauty contest, rules stipulate that only residents of Henderson, 16 years of age or older, will be eligible, but local concerns or others outside the city may be the sponsors.

While a contest has not yet been arranged, the Sahara Hotel has offered two free dinners (and floor show) to some lucky couple attending the celebration.

### Annual Basic High Spring Band Concert Will be Held Evening of April 11

Annual Basic high school band Spring concert will be presented the evening of April 11 in the school gymnasium at 8 o'clock and the public is invited to attend. Admission will be 50 cents for adults and 35 cents for students.

Concert director is Walter Ford and featured performers, all seniors, will be Wallen Klann, trumpet; Bert Nye, trombone; and Dean Ware, student conductor.

A highlight of the evening will be several numbers by the Swing Willies, a dance band which includes 16 members of the school band.

A reception honoring the graduating seniors in the band will be held in the multi-purpose room immediately following the concert with band members, their parents and friends invited to attend.

The concert program includes: Hi-Score March by Moffitt; English Folk Song Suite by

Vaughn - Williams, Seventeen Come Sunday, My Donny Boy and Folk Songs from Somerset; Soliloquy for Trumpet by Morrisey featuring Wallen Klann on the trumpet; Carousel Selections by Rogers and Hammerstein, arranged by Leidzen; and Charter Oak by Osterling with Dean Ware, student conductor.

Following intermission, the program will continue with Chartreuse by Frank Cofield featuring Bert Nye on the trombone; selections by the Swing Willies; Drastic Drummin' by Bennett; Hot Time March by Metz; and Stars and Stripes Forever by Souza.

### PETITIONS READ

Petitions for new members were read when a regular meeting of the Henderson Assembly Order of Rainbow Girls was held March 19 with Andrea Sewell, worthy advisor, presiding.

### FASHION SHOW FRIDAY NIGHT AND SATURDAY

Main topic of business at the March meeting of the Vesper Circle of the Community church was the fashion show to be presented in Gilbert Hall tomorrow night at 7:30 and Saturday afternoon at 1:30. General chairman of the event is Joyce Littler.

Other business included the election of officers with Ramola Burke being named chairman; Barbara Lochridge, vice chairman; Margie Leoni, secretary; Jone McCullough, treasurer; Gladys Nuwash, devotional; Darleen Dail, historian; and Arlene Gilbert, missionary.

The meeting was opened by prayer by Barbara Lochridge; Jean Nallia offered the devotional; and Joanne Lea reported on the association meeting.

The home of Mrs. Ada Moore at 111 Ocotillo was the scene of the meeting with Joanne Lea and Jone McCullough the co-hostesses.

Sixteen members and five guests attended. Guests were Rev. Ford Gilbert, Edrie Hansen, Shirley Bean, Myra Corean and Jennie Guilford.

Members in attendance were Dorothy Augspurger, Ramola Burk, Ada Moore, Carol Fuller, Gladys Nuwash, Arlene Gilbert, Joanne Lea, Margie Leoni, Joyce Littler, Barbara Lochridge, Jone McCullough, Jean Nallia, Lillie Parry, Darlene Daily, Beth Stewart and Anna Marie Webb.

Next meeting will be held at the home of Mrs. Jennie Guilford at 62 Victory Road

### Only Property Owners Can Run For City Office

Council aspirants have been reminded that unless they own real property in the ward in which they live, they are not eligible to file for office, according to a ruling by City Attorney Harry Claiborne which was later upheld by the attorney general.

Henderson Assemblyman William Byrne had introduced a bill (AB 417) which passed the assembly without a dissenting vote that would have obliterated the word "taxpayer" in the present general laws of the state and permitted anyone to run for a municipal office as long as he or she was a qualified elector.

However, the bill died in a Senate committee.

### New Shell Station At BMP and Water

Construction of a new Shell Service station at the corner of Water and BMP (Frontier Boulevard) is expected to begin within the next few days, according to Jack Stevens and Dr. Lorne Phillips, owners of the property.

The station, fronting 116 feet on Water and 71 feet on BMP Road, will be completed by June 1.

Contract to build the station at a cost of about \$30,000 was awarded this week to Ben O. Davey, Las Vegas contractor.

### BIRTHDAYS

Rotarians and Rotaryannes honored at the Tuesday meeting for birthdays in April included Jorgen Visbak, Agnes Phillips, Marge Ivary and Lillian Vander Laan.

**TRANSPLANTED BUCKEYE** — Introducing 27-year-old John Freels, manager of the Family Finance Corp. branch office, located on Market street across from Foodland Market. Freels was born, raised and educated in Cincinnati and moved here in May last year when the local branch office of the loan company was opened. The Family Finance Corp. office here is the only one in the state. This is another in a HOME NEWS series introducing local merchants. (Woodruff Basic Photo)

### Family Finance Corp. Office Here Only One in Entire State of Nevada

One of the newer business firms in the city is the Family Finance Corp., located on Market street across from the Foodland Market, and managed by 27-year-old John Freels.

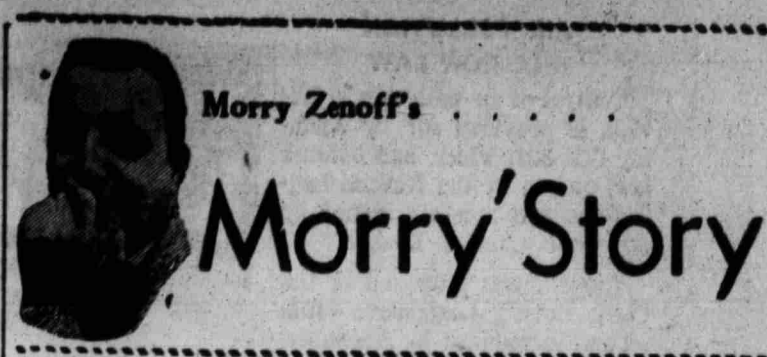

Opening of the Family Finance Corp. office here last May represented another first for the city since its the only company branch in the state. The loan company has 240 offices located in 30 states, mostly in the East.

Manager Freels reported success of the branch office here has far exceeded expectations of the company. Hours are from 9 a.m. to 5 p.m. Monday through Thursday, 9 a.m. to 7 p.m. Fridays and 9 a.m. to 1 p.m. Saturdays.

The loan office manager said the company offers "same day service" and loans from \$25 to \$1,500 will be made on salary, auto or furniture.

In addition to the manager, other employees in the local office are Mrs. Margaret Stone and James Shepard.

The Family Finance Corp. branch office manager here was

Committees are hard at it preparing for this city's annual Industrial Days celebration at the end of the month.

As you know from past celebrations, it is a big time for the city — and the eyes of the area fall on Henderson for sure then.

People in Reno, Hawthorne, Ely, Las Vegas and all the surrounding communities — are reminded of the city's prominence in industry. They are reawakened to the strong part of this state's economy that Henderson has.

Few cities anywhere in any state can lay claims to the title that Henderson has as — Nevada's Industrial Center.

No other city anywhere in the world can say — Titanium Center of the World — as we can say.

Industrial Days then has its significance — other than being a time for local holiday activities.

It acts to recall, remind, retell the story to the outside world — of what this miraculous little community in the Nevada desert has accomplished and represents in a matter of just a few years.

You and I remember when the plant stood empty — when not more than 400 families occupied the houses, when all we lived on was hope and rumors.

Just a few years back — remember?

Yes, there is much cause for full cooperation by everyone whose life has been bettered — by Henderson's growth — cooperation and enthusiasm in this year's Industrial Days.

**Thoughts at Random:**

Wonder if you are as bothered by Ike's bronchitis and lingering cold as I am . . . as you know, long colds weaken you, tax you, irritate you, should clear up. Let us pray the president, so very needed in these speedy days of world history, tosses it off shortly.

The Henderson city elections this year promise to be exciting. This is a healthy situation, good for a community.

The opening of the Tropicana will help so much in taking up the employment slack, the business slack, the building lull in Vegas. Like a factory suddenly opening in an area and employing 1,000 people. Bound to help the county's economy, with indirect benefits reaching even out to here. When the Stardust is finished, it will mean another thousand go to work. And soon the Frontier will move back to full operation — and there means another 500.

Golf courses are needed so much in Henderson and Boulder.

The Vegas layouts are too busy to provide easy accommodations.

The Bureau of Internal Revenue offices in Southern Nevada are now at 200 Ogden — former Tanner Bus building — one block behind the Fremont Hotel.

Soon comes high school graduation — a day for tears, cheers for both students and parents — a day when the student must decide on his future. Will it be college, the armed services, a job at home or away. Old friends and pals separate — sometimes just for a little while, sometimes forever. A happy day — a sad day — a big day.

People still talk about the great production the Academy Awards people staged last week. If anyone can do things in big, beautiful, showy fashion — it's the movie industry, isn't it?

What's this — a state income tax for Nevada in the future? Gosh, we're being taxed to breaking point now, aren't we?

This paper was complimented this week by a top reputed ad agency for the excellent ads the merchants hereabouts display to the readers. Thanks.

**Kramer Announces 7-Point Platform In Mayor's Race**

A portion of his platform which will be further elaborated on later, was announced this week by Eugene Kramer, mayorality candidate in the May 7 municipal elections. Others in the race are Mayor James B. French, who is seeking a second term, David Jamison and Bill Byrne.

Kramer, who reported his campaign headquarters are located at 30 Water St., said he is campaigning on the following platform:

- (1) lower city administration costs, (2) lower water rates, (3) better streets and sidewalks, (4) city parks and playgrounds for our children, (5) lower real property taxes, (6) induce new industry and business to our city and (7) availability of the mayor to the public at all times.

Kramer has been a resident of Henderson since 1945 and owns and operates Kramer Realty and Insurance Co. at 30 Water St.

He is a veteran of World War II and a member of the Henderson BPOE, VFW and chamber of commerce.

**FLOWER SHOW ON APRIL 26**

Sponsored by the Desert Gardeners, one of the features of the forthcoming Industrial Days celebration will be a flower show to be held in the Community church's Gilbert Hall, Friday, April 26. Chairman is Ruth Ragozzine and she will be assisted by Elizabeth Totten, Phyllis Leschig and Pearl Sorenson.

Deadline for entering exhibits will be 11 o'clock the day of the judging, April 26. All entries will be on display both Friday and Saturday but entrants are advised they must bring their own containers.

Prizes will be awarded the first three place winners.

**JOHN (RED) MARION**

Guest speaker at the Rotary Club meeting Tuesday was John (Red) Marion, new manager of the Las Vegas Wranglers baseball team. Marion, brother of the famed Mr. Shortstop, "Slats" Marion, recounted personal experiences and viewed the outlook for the forthcoming season.

### SQUARE DANCE FESTIVAL SET

Second annual square dance festival will be held here next weekend and spectators, as well as dancers, have been invited to attend.

Friday night's program (April 12) will include exhibitions by the Las Vegas Rhythmettes, Las Vegas Emblem Club drill team, Park Village school kindergartners and the Wee Almanders of Kingman, Ariz.

Admission both Friday and Saturday for everyone will be \$1 for adults and 50 cents for children.

The Saturday night program will feature dancing, with several exhibitions, and clubs and callers representing 20 clubs in Arizona, Utah, California and Nevada, participating.

A free midnight snack will be served Saturday.

Sponsoring the festival are the local chamber of commerce and the Spinning Stars Square Dance group.

**AIR POLLUTION  
BILL NOW LAW**

Control of air pollution in Nevada is provided for by Assembly Bill 321, which has become law, passed by the Nevada Legislature and recently signed by Governor Charles Russell.

The bill was proposed by the Clark County Legislative Council and introduced by Assemblymen Tom Godbey, Helen Herr, Bill Byrne, James G. Ryan, George Franklin, Harley Leavitt and M. J. Christensen, all of Clark county.

When you help a fellow up a steep hill you get closer to the top yourself.

**Desert Dwellers.**

Naturalist Lake Mead National Recreation Area  
By **WALLY WALLIS**

One day last week, Bill Belknap and I dropped down to Fort Piute. We wish to attempt to retrace the wanderings of the Old Government Road which connected Fort Piute with Fort Mohave, 25 miles to the east on the Colorado River, and Rock Springs, 20 miles westward.

As we drove along the roadway leading to the site, or as we climbed a prominent hill and looked over the terrain, or as we wandered up the stream toward the mountain gap, it certainly took little imagination to reconstruct some of the events which undoubtedly took place along this route or at this remote military outpost.

The evidences of many of these happenings were clearly visible. The crooked path of the roadway winding its way across the wash toward the Colorado River in the east was easily followed.

The stone wall corral told the story of attempts to keep the stock in check. Many a bruised and blistered hand helped to build this corral!

Romance of the Fort, itself, is exciting. Its thick walls consist of hewn rock blocks neatly and carefully mounted together with a mite of clay mortar between. Here and there at several spots around the walls are situated gun port slots. Many a tale was told and many an expedition was planned in front of the massive fireplace.

Following along the stream, one finds petroglyphs left by prehistoric Indians.

Lush vegetation along the stream course and floods have eliminated traces of the Old Road for a portion of its route above the Fort. Further on, however, the grooves and ruts ground deep into red sandstone by a multitude of wagon wheels reveal the location of the road.

For a distance of several hundred yards, the road bed is clearly defined on the side slope but then it disappears in the boulder strewn wash.

Eventually, we found the road leaving the wash and continuing along the hill side up to the pass in the Piute Range. At the sum-

mit, it descends into and across Lanfair Valley on its twisting path toward Rock Springs.

This was an important route of travel for many centuries.

Indians from prehistoric times traveled this way on treks to the coast to trade for seashells.

Father Garces journeyed on this trail in 1776 on his way to the Missions further West.

Jebediah Smith, the first white man to visit the area now occupied by the Lake Mead National Recreation Area, probably used this route on his initial trip in 1826 and later on his ill-fated trek in 1827.

Paths of other explorers and adventurers passed this way. Lt. A. W. Whipple and his railroad survey in 1854 and Lt. Beale and his camel caravan in 1858.

Certainly this was an important road linking the New Mexico and Arizona with the coast.

On Sunday, we plan to conduct our initial automobile caravan to Fort Piute. (For details see story elsewhere in the NEWS)

Assisting on this year's caravans have been members of

**Marble Tourney**  
**Set for April 13**  
 Youngsters here who will not have reached their 15th birthday before April 15 have been invited to enter the city marble tournament by Dalby Shirley, recreation director.  
 School champions must be determined by April 12 and city matches will be held the following day with the exact time and place to be announced.  
 The area championship will be held in Las Vegas April 20, state championships in Ely May 5 and national championships in Seattle this Summer.  
 Local marble shooters interested may file their applications with Shirley at the Recreation

**COVILLA CLUB VOTES FOUR NEW MEMBERS**  
 The first meeting of the Covillea Club under the 1957 group of officers was held March 19 at the home of Audrey Norton, with newly-elected President Harriet Boyd presiding.  
 Program plans for the new year were discussed and a decision was made to continue the sewing project for the Rose de Lima Hospital.  
 Present and voted on were 4 new members, Joanne Hooper, Regina Metz, Bernadine Goble and Elizabeth Richmond. Also present were Maryon Hebert, Harriet Boyd, Kathleen Godbe, Audrey Norton, Mary Colette Smith, and one visitor, Mrs. George E. Martin.

**Marcia Kay Weese, Gary Neil Slocum Married in Community Church Rites**

Miss Marcia Kay Weese and Gary Neil Slocum were married recently in the Haynes chapel at the Community church with Rev. Ford Gilbert, pastor, officiating. Organ music was by Mrs. Walter Ball and Diane Bergemeyer sang "Because." More than 100 attended.  
 Parents of the bride are Mr. and Mrs. Cleo H. Weese of 18 Nevada Way. The bridegroom is the son of Mr. and Mrs. Neil Slocum former residents of Wisconsin and now living in the Townsite apartments.  
 The bride was escorted to the altar by her father. She was attired in white lace ballerina length dress, chiffon net trimmings in front and the same motif formed a streamer effect in back. She also wore a headband of small pink flowers with veil and carried a white orchid with white ribbon placed atop a small white Bible.  
 Miss Nancy Swift, close friend of the bride, was maid of honor and wore a pale pink chiffon-like dress with pink leafy hat to match. She carried a bouquet of pink carnations.  
 William Slocum, brother of the groom, best man and Jimmy Brooks served as an usher. Karen Baird attended the guest book and wore a corsage of pink carnations.  
 The mother of the bride selected a blue floral-print silk dress with pale blue accessories and wore a corsage of white carnations.  
 The mother of the groom wore a dark blue pin-striped casual dress with white carnation corsage.  
 Following the wedding, a reception was held at the home of the bride's parents. A cozy atmosphere was created by a fire glowing in an attractive old-fashioned red brick fire place. Knotty pine paneled wall and oak floors contrasting, completed the picture.  
 Cut flower arrangements in the home were by Mrs. Leonard Galloway while shrub arrangements in the knotty pine planter and in the chapel were by Ivory's Henderson Gardens.

**Cub Scouts Smoke Peace Pipes, Perform War Dances at Regular Monthly Meet**

Attired in Indian costume, Cub Scouts of Pack 36 danced the Indian war dance, smoked peace pipes and gave interesting talks on different Indian tribes, all in keeping with the theme of the month when they met recently for their monthly Pack meeting at the Townsite elementary school. Den 2 played "Big Chief Tomahawk" on regular musical instruments. Movie pictures were then shown of last year's Cubmobile Derby.  
 John DeForest, cubmaster, was in charge of the business portion of the meeting and Leon Elkins conducted the advancement ceremony. The attendance trophy was won by the Webelos Den which is under the direction of Herman Hagen and Howard Wilber. Credit is given to Herman Hagen for his time and effort in obtaining the large attendance.  
 New Cubs receiving their Bobcat pins were Billy Wallace and Dennis Ballew. Advancement awards were earned by Mike DeVilbiss, wolf badge; Richard Stapleton and David Elkins, silver arrow on bear; Jack Cossins, lion badge, gold and silver arrows on lion; Stephen Bean and Mike Wilber one year service pins; and James Harszy two year service pin.  
 Refreshments were served by Den 3.

**Annual Emblem Club Fashion Show Is Acclaimed Outstanding Success**

The annual Emblem Club fashion show held the evening of March 22 at the Lake Motor's Building has been reported a grand success with special thanks going to the following stores, shops and personnel that made the show possible:  
 Perry's Mens Shop, Richardson Dept. Store, Lucy's Childrens Shop, Kiddie Korner, Jimmy's Shoes, Van Valey's Shoes, Tally Ho Shop and Desertwear. Also participating with lovely hair styling and models displayed were Isabelle's Beauty Shop, Basic Beauty Shop, Margie's Beauty Shop and the Savoie Beauty Salon.  
 Special thank-yous and much appreciation are in order for the City of Henderson, water supply; Henderson School District for the loan of tables and chairs; Morrell's Realty; Lake Motor's Bldg; Woodruff's Photo Studio, electrical equipment; James Leavitt, Ramps and lighting effects; Fourong Jewelers, Jewelry display; Marcella Freed, Henderson Florist Shop for floral arrangements; Foodland Market; Mrs. E. G. Thomas for the loan of the coffee urns, and to the many kind ladies of the community who loaned the club silver and glassware.  
 Modeling the many fashions from Henderson's stores under the direction of commentator Esther Englestead were Little Misses Cathy Clay, Jan Toberer, Sandy Haw, Barbara Hardtner, Sue Steiner, Kathie, Linda Warren and Christy Owen Smith. Little Mistresses: Billy Clay, Bruce Clay and Billy Elsea. Young Gentlemen: Jimmy Pitts and Jack Bennett. Teen-Age and adult models: Rosemary Rose, Nancy Clay, Gerrie Mahaffey, Ann Elsea, Lynn Pfeifer, Ione Martin, Sally Croates, Shirley Isom, Peggy Bradham, Yvonne Brewer, Frances Leavitt and Linda Swopes. Host and Hostess for the fashion show were Sue and George Butler.  
 The one sure way to get the best of an argument is to keep out of it.

**BULARD** — To Mr. and Mrs. Stanley Bulard, 1501 Ardmore, Las Vegas, March 27, 1957, a son.

**Name Committees For Holy Society**

Committee appointments for the Holy Name Society of St. Peter's Catholic church have been announced by President Howard Palmer following a monthly breakfast meeting held March 10. They include:  
 Lou LaPorta, program; Grant Ray, arrangements; Pat Moran, sick and vigil; Jimmy Shields, publicity; Bernard Cantwell, retreat; Bill Byrne, literature; and Bill Olds, Les Schwartz and Clemo Garland, membership and attendance.  
 Prior to the breakfast meeting, the group attended mass and received holy communion as a group. Msgr. Peter V. Moran addressed the membership during the meeting.

YOUR AGENT SERVES YOU IN MANY WAYS

...don't worry one bit—you're covered!

Your local independent insurance agent can render you an insurance and bonding service that is unique and valuable. A competent insurance counsellor, he is prepared to analyze your requirements and suggest necessary protection to meet present-day hazards. designed for modern living...  
**GAS the ideal fuel**

Modern living means automatic living with GAS and modern GAS appliances.  
 From ranges with top burner heat control... to automatic furnaces...  
 today's gas appliances do more work with less supervision than ever before.  
 And modern gas appliances with their decorator colors and smart lines are designed to please the eye—an important factor in today's homes where work areas are living areas, too. All through the house, GAS is at your service, waiting to work for you—automatically—at the flick of your finger.  
 For modern-as-tomorrow living, GAS is the ideal fuel.

Visit our Display Floor or call on your Gas Appliance Dealer and learn how to modernize your home with Gas.

**GAS** the ideal fuel, heats your house, cooks your meals, dries your clothes, heats your water, preserves your food, burns your refuse... and air-conditions.

**cp CALIFORNIA-PACIFIC UTILITIES COMPANY**  
 YOUR PARTNER IN WESTERN PROGRESS

Dee Ebert of Water street really keeps her bushes well supplied with humus. On a delivery to the Honeycut home on Continental (a corner lot), I couldn't help noticing the soil. Looked like good loam.

Mrs. Honeycutt has carnations and stock in bloom from seed. Mrs. Hudgens next door started on a rose garden.

# DESERT DIGGINGS

By MARJE IVARY

The queen of the flower world, the "Rose," is performing the gracious beauty in our desert gardens this Spring. Each year, a new rose is selected for the AAR award. To receive this award, its performance and requirements are as exacting as theatrical world greats who receive their Oscars.

In the last few years, growers have developed more and more roses for landscaping for tubs and pots, for long lasting color in the annual and perennial border. One recent change is the increase in the floribunda types. Hybrid tea rose is crossed with polyanthas to produce the floribunda and the range of colors and shapes is as plentiful as the teas. It is in this class that you find the roses that are valuable for mass planting and continuous bloom. Vogue, Fashion, Floradora, Pinocchio, Carrousel and Ma Perkins are some which do well here.

A good border rose should have these qualities, be fairly continuous in bloom, look neat in appearance out of bloom, give sheet color effect at three feet or less, be a single color and hold it and preferably have blooms that drop quickly when spent. Wildfire, Pinkie and China Doll are a few to fill these requirements. Circus may be added if you like a bi-color.

The grandifloras have flowers like hybrid teas but in floribunda quantity there are only a few in this class and not always exhibition roses as far as blooms are concerned. However, they are vigorous bloomers, easy to grow and produce bushels of flowers. They are taller in growth habit and should be placed behind lower growing plants. Buccaneer, Carrousel, Queen Elizabeth and Roundelay are the grandifloras.

This list is by no means complete and to overlook some of the older roses for beauty in the rose world would be sheer folly — Talisman, the Doctor, Picture, Etrole de Holland, Radiance and Christopher Stone, to name a few which do well.

In caring for the rose, dusting and spraying for insects is a must. To produce the lovely blooms and hold true to color they must be fed. Mulch at the base of the plant to conserve moisture.

Bone meal and blood meal are

"I was once a '60-ampere weakling'... then I learned about **HOUSEPOWER!**"

"When I was built, years ago, people didn't use much electricity. Today, of course, it's different — my family wants to use electricity for cooking, water heating, drying clothes and for many other jobs. "What happened when these new electrical servants came on my out-of-date wiring? You know — fuses blew, appliances took too long to do their work, TV pictures shrank. My family complained all day long. "Then I learned about **HOUSEPOWER**—modern wiring, that could give me:

A service entrance large enough to supply all the electrical servants my family needs.

Enough branch circuits for adequate lighting and for all the appliances—present and future.

Switches and outlets, conveniently placed, to make lighting and appliances easy to use.

"And I learned how easily an electrical contractor can give even older homes real Housepower.

"Today I'm a 100-ampere house — strong enough to carry any electrical load. I'm easy to live with — and my family's happy all the time, because electrical servants can do their jobs quickly and efficiently."

Call your Electrical Contractor today — See how you too

can **LIVE BETTER...Electrically** with full **HOUSEPOWER**

## TO ALL RESIDENTS OF HENDERSON

GOOD GOVERNMENT DICTATES THAT YOU AS VOTERS AND TAXPAYERS SHOULD BE FURNISHED CONCRETE ANSWERS ABOUT THE ACTIVITIES OF THE PRESENT CITY ADMINISTRATION FOR THE LAST FOUR YEARS.

AS AN INDIVIDUAL I, F. J. GOULD OF 391 NEBRASKA, WOULD PROPOSE TO:

1. CALL FOR AN OUTSIDE AUDIT OF ALL EXPENDITURES SINCE OUR INCORPORATION.
2. MAKE EACH HEAD OF DEPARTMENT JUSTIFY THEIR REQUEST IN THE BUDGET BY DETAILED FACTS AND FIGURES.
3. KEEP OUR BOND ISSUES DOWN TO A REASONABLE RATE. Sure, Anyone can get money at seven per cent or more, especially when it isn't their own money the interest rate is paid upon.
4. GET OUT AND SEE WHAT THE PEOPLE WANT INSTEAD OF ARBITRARILY SAYING "JUMP FROGS."
5. CUT OUT THE DEAD WOOD AND TRIM OUT EXPENDITURES TO THE TOWN OF HENDERSON. WE ARE NOT A CITY.

# The Lobo Lullaby

By COOKIE SCHRECK

at Rock 'n' Roll dance Saturday night was a real ball, wasn't it? There were kids of all ages and from all over Henderson at our Youth Center. The Jod-a-mars were really real. The younger set was real over them. The Swing dances were well appreciated. Anybody notice their flashy uniforms — the sparkling ties?

Saturday night at the Girl's Reserve, the highlight of the evening came when Nancy Pfeiffer and Harold Foster tripped over a can of Twirp. Not really! We mean when crowned Ronnie McAllister and Harold Foster — Ronnie made a pretty good looking King and his queen, Deana Williams, looked nice too.

There weren't very many kids at this dance and it's a crying shame after all the work that went into decorating for it. Hey, let's not get as bad as the Twirp Season will be over

before you know it — so dig in and make the most of it.

Next Friday night is the Sadie Hawkins Day dance, sponsored by the Student Council. Get your Daisy Mae and Lil Abner costumes out of the mothballs — don't be a Shmoe.

Saturday night is the Junior Carnival. The candidates running for King and Queen from each class are: Seniors — Lynn Pfeiffer and Harold Foster; Juniors — Deanna Williams and Larry Perryman; Sophomores — Linda Pantuso and Rick Patton; and Edwina Rodriguez and Vincent from the lowest underclassmen.

The Juniors seem to have picked all the good money-making projects, but the Seniors will still think of something neat. Wonder what will be left for the Sophomores and Freshmen?

The Swing Willies will play for the dance. While thinking up requests for your favorite tunes, use a little common sense. We don't have "See Ya Later Alligator," "Rudy's Rock," "Party Doll" or some of those such we were asked to play last Saturday night. Don't be discouraged though, we'll be glad to play whatever we do have for you. Just let us know.

The baseball team feels pretty low because the student body doesn't support them. If you want to know why we lost to Gorman — that's it. Please stop leaving right at 4 and stay to help the team win. That's the only way we're going to make this year our third straight state championship. It's up to us now — do we want the state title again or not? Seems like a silly question doesn't it? But that's how our team feels. If we don't care enough to stay and even find out who won, why should they? These boys work real hard, sliding around in the dust, getting skinned up, hit with baseballs and those 10 p.m. curfews on weekends. Not many of us would like to change places with them.

Our Track Team got off to a fine start defeating Boulder City last Saturday 87 to 50. Nice work, boys — keep it up. What we'd really like is for you to smash Las Vegas' dainty little record.

Everyone be sure to attend the Junior Class play which will be April 9 in the High School Gym. Tickets will be 50 cents for adults, and 35 cents for students (without activity cards). This play promises to be really good — just ask the cast, they'll tell you.

The Girls' basketball team lost to Rancho last Thursday in a very close game. The score was 18-18 when in the last five seconds one of the forwards made it in for the heart-breaking two points. Rancho and Boul-

der are now tied for first place and the Peppers came in third. We had to cancel games with Gorman and Las Vegas but they will be replayed this week sometime.

Have you been thinking of who our next student body president will be? Well, better put on your 'thinking caps' — the time for nominations is not far off and we want a good student body president to take over Basic next year. This is an important job which requires being a leader, having the kids behind you (not with a gun — but with spirit and drive), being intelligent, being neat and setting a good example; and being a hard worker. Can you think of anyone who fills all of these qualifications.

Well, that's about all there is for now. So, girls, don't forget — Twirp Season is almost over, get out and do some twirping.

## Mrs. Joyce Littler Heads Association

Mrs. Joyce Littler is the new president of the Women's Association of the Community church succeeding Edrie Hansen who has served in that capacity the last year. Serving with Mrs. Littler during the next 12 months will be Joanne Lea, first vice president; Vivian Erickson, second vice president; Carmen Gunn, secretary and Romola Burk, treasurer.

At a recent association meeting, Mabel Turner offered the prayer, organ music was by Mrs. Nina Newell, Edrie Hansen was in charge of the meeting, Diane Bergemeyer rendered a vocal solo accompanied by Mrs. Ruth Ball and the devotion was given by the church pastor, the Rev. Ford Gilbert.

Members of Elizabeth Circle served refreshments.

CARRY HOME CLARK!!

### Five Years Ago This Week

A Rotary Club was organized here with R. W. Lottridge being named the first president. Other officers were F. A. McGonigle, vice president; Don Ashbaugh, secretary; Tom War, treasurer; Robert Shurtz, sergeant-at-arms; and Frank Trotter, Jo McBeath and J. Ray Coulter, members of the board of directors.

The United Citizens for Better Government for the Henderson district was organized with Charles Trueworthy named to head the group. Also serving in official capacities were Bob Woodruff, vice chairman; Mrs. John Ivary, treasurer; and Larry Trumbull, secretary.

With Ben Banning and Roy Hughes the callers, the Ho' Downers square dance group held a benefit dance at the Titanium administration building with proceeds going to aid in paying for high school band uniforms.

Kay Woodruff and Jayne Boyce were elected president and secretary, respectively of the Junior Treaders.

Attending the Clark County Republican convention in Las Vegas from Henderson were Ed Kressler, Emil Ybarra, Robert Swift, Mrs. O. R. Lindesmith, Terry Larkin, William Sanner, Les Schwartz, John Winlow, George De Jong and Mr. and Mrs. Earl Keenan.

A fire of undetermined origin swept the William Ruymann residence at 639 Water St.

A. T. Newell was named president of Basic Management Inc. Named to serve with him were Fred Gibson, vice president; L. Grindell, secretary-treasurer; and Clifford A. Jones, assistant secretary.

### Letter To The Editor

To Mr. and Mrs. Henderson: The time is near at hand when the people of Henderson must make an important decision — whether to give the present administration a vote of confidence — or opposing — and end this reign of waste, inefficiency and police regimentation.

We are told that the cost of operations of the city will be about 1/2 million dollars in bond expenditures — about 300,000 dollars in general expenditures for the coming year — the approximate total — \$800,000.00. Needless to say, this extravagance is beyond the ability of the citizens of Henderson to pay.

The populous must be aroused to the seriousness of the situation. If we are to save our city, and ourselves, we must not support any candidate that is not willing and able to cut the city budget in half.

Every street in the city except Market Street — which is two blocks long, needs to be replaced or resurfaced. The streets in new sections already need surfacing.

The city now has over 100 employees. This number must be radically reduced if we are to pay our operating expenses and Bond issue — and have any money left over for city improvement.

Since water fees is the only adjustable income, we can only expect higher and higher water bills. This will cause many people to allow lawns to die. Some will even move out of Henderson, which only increases the burden on the remaining water users.

Here is one way to reduce operating expense of Henderson:

Our city administration could acquaint the County Commissioners with the fact that we are in Clark County and are entitled to use the services of the Sheriff's dept. and other County agencies. At the present we are not taking advantage of these services.

We, the voters, must not support any candidate who does not pledge himself to reduce operating expenses of the City of Henderson.

JIMMY SHIELDS

### MARTIN KERINS

Martin P. Kerins has been appointed sales manager, industrial national accounts, for Stauffer Chemical Co., New York. He will maintain contact with all national accounts having headquarters in the Eastern United States, and for these accounts will coordinate the sales efforts of the Eastern, Central, Western and Southwestern divisions of Stauffer.

### Open Invitation Issued to Attend Desert Gardeners Monthly Meetings

One may leaf through this paper and notice the free publicity given to many civic organizations. One organization which improves the appearance of Henderson also deserves much credit. You nor I can make a rose — only God can give us that beauty — but someone has to PLANT them! We can look off into the desert and see what our homes would be if we did nothing to improve them!

A group of women in Henderson who loved flowers and gardening decided to form a club to learn better ways of gardening, flower culture in the desert. The club is appropriately named Desert Gardeners. They now have a paid up membership of 21 persons. Marje Ivary decided to do her part by providing movies which are shown once a month in the banquet room of the Royal, the public is invited, even urged! (Mrs. Galloway says it's okeh to come on crutches if necessary!) The club entertained the president of the State

Federated Women's Club, Mrs. John Beaupeurt, last month, with other special guests. A meeting was held March 25 at the home of Elizabeth Totten, with 14 members attending. Delegates chosen to attend the convention April 9 are Velma O'Whene, Audrey Norton and President Marie Crisler. Alternates are Maurine Goff, Joyce Perkins. Many problems were discussed pertaining to the club and it was decided the group would help decorate the library.

Necessary equipment will be purchased, donations will be taken later to help with the expenses, after the original purchase. Hostess for Monday's meeting were Maurine Goff and Ruth Griffith. A guest present was Shirley Richardson. (Billie Somerville, a new member of the garden club will also attend the convention, since she is an officer in the Federated Women's Club organization.)

**Chemical Progress Week Designated From April 8-12**

The period April 8-12 has been designated by Governor Charles Russell as Chemical Progress Week in Nevada. State chairman for the observance is James F. Orr of Henderson and Boulder City.

In his proclamation, the governor noted that the chemical industry of our state has made and increasingly continues to make substantial contributions to maintaining a sound domestic economy and fortifying our defenses so that we can live in confident assurance of protection from enemies abroad.

The governor has urged all civic and fraternal groups, all educational and scientific bodies, all news disseminating media, all chambers of commerce and other organizations to encourage and promote the observance of Chemical Progress Week using as the theme, "A Better America Through Chemical Progress."

**List Helldorado Events Schedule**

Schedule of events for the Elks Helldorado and Rodeo being held this year in Las Vegas May 17, 18 and 19 were announced this week by Austin H. Bowler, director.

On Thursday evening, May 16, a kangaroo court, burro races and a street dance will kick off the annual celebration.

Friday, the Old Timers parade will be held in the afternoon and a rodeo at night.

Saturday, the Children's parade is scheduled in the morning and the rodeo booth in the afternoon and evening.

Slated for Sunday is the beauty parade and also the bathing beauty contest at the village in the afternoon — and rodeo at night.

Helldorado Village will open at 6 o'clock the evenings of May 17, 18 and 19.

**SYLVESTER GROUNDS PASSES IN OREGON**

Friends here have been notified that Sylvester Grounds died Feb. 26 in the Central Oregon District Hospital where he had been confined for six months. Survivors include his widow, Mrs. Martha Grounds of Richmond, Ore.

Mr. Grounds was born in Texas Dec. 23, 1897. He was employed with the Banning Vice Power (administration of Portland) electric sub station in Redmond.

**'Hansel and Gretel' To Be Presented In Boulder City Evening of April 8**

Talented musicians in Boulder City and Henderson will combine to offer the opera, "Hansel and Gretel," to be presented in the Boulder City Little Theatre under the auspices of the P-TA and will be a benefit for the Boulder City elementary school music department. Mrs. Nick Whittington is chairman of the event for the P-TA.

The afternoon of April 8, it will also be presented at 3 o'clock for elementary school students.

**Proclaim April 26 Nevada Arbor Day**

Governor Charles Russell has proclaimed Friday, April 26 as Arbor Day in Nevada.

In his proclamation, the governor said:

"I ask that proper observance be had in the public schools, that an appropriate ceremony accompanied by tree planting to be held in each school; that the children be impressed with the thought that each tree they plant adds to the beauty of Nevada; that appropriate instruction be given in the schools, pointing out the desirability of maintaining existing forests of our State and Nation and of reforesting those areas which have been cut or burned over; and I further urge the economic necessity of preserving our forests be recognized by all Nevada residents, and request one and all give earnest thought toward adoption of nationwide energetic and safe forest policies which will accomplish such purpose."

**DRS. IVAN W. KAZAN AND HAROLD MILLER AT MEDICAL CONCLAVE**

Two of 5,000 family doctors attending the American Academy of General Practice Ninth Annual Scientific Assembly last week in St. Louis, Mo. were Dr. Harold L. Miller of Henderson and Dr. Ivan W. Kazan of Boulder City.

At the assembly, they heard top medical authorities discuss new developments and progress in the fields of therapy and diagnosis.

Music director for the opera is Virginia Bradley Carpenter, who coached and directed Co-Opera's first production, La Boheme. She received her training in New York City and has sung professionally in concert, on radio, and on television. Before coming here from New York she was with City Center Opera and since her arrival in southern Nevada five years ago she has been active as both singer and teacher.

Assisting Mrs. Carpenter is her husband, Lloyd, Bureau of Mines technician, who has a background as professional musician and arranger.

Ben Wright, the stage director, has had wide experience in both acting and directing plays and is also an accomplished operatic singer. He appeared with the Strand Opera Co. in Philadelphia. As a member of Co-Opera of Southern Nevada he designed the set and gave stage direction and sang the role of Colline in La Boheme.

Singing the title roles are Verlene Sullivan as Hansel and Helen Grayce Kenworthy as Gretel.

Grace Scott comes to the role

of the mother with a background of experience, having sung the role in Denver, Colo. She has taught grade school vocal music and has been soloist with many church and civic groups. She sang the Katisha role in a production of the Mikado.

Albert Robison who role of the father is ne Opera. With his fine tone voice he has sung roles in the Mikado, Go and Trial by Jury, and with the Brigham Young University Madrigal Group.

CONGRATULATIONS TO YOU!

HAPPY BIRTHDAY TODAY TO Natha LuWayne Coe, Christine Hall, Wane Coe and Jack Sajovich; and the same tomorrow, April 5, to John Hietbrink, Jean Nallia, Marie Gillins, Betty Gillins and Bryan Rory Harless. On Saturday, April 6, birthday greetings to Blaine Reber, Margaret Jamison and Jerry Heron; on Sunday, April 7, to Linda Lee Madsen, Morris Blain Whitehead, Mattie Mullikin and James Terry Andrews. On Monday, April 8, to Etta Nelson, James Rider, Angie Johnson, Toni Jeffs, Collis Bailey, Melinda Hammond, Bert Baker and Anne Rudzinger; on Tuesday, April 9, to Wanda Mann; and on Wednesday, April 10, to Blaine D. Sevy, Martin Clancy, Jr., Foster Church, L. Steve Shroyer and Leanna Sajovich.

HAPPY ANNIVERSARY on Saturday, April 6, to Mr. and Mrs. Frederick Ives, 619 Federal, and to Mr. and Mrs. Flack; on Tuesday, April 9, greetings also to Mr. and Mrs. William H. Boyles.

THE HOME NEWS apologizes for an item appearing in the April 2 issue which listed the residence of Ward 4 council candidate Jimmy Shields as "the St. Peter's church on Boulder Highway." According to Shields' declaration of candidacy which he signed and was notarized, his residence is listed as "St. Peter's school on Boulder Highway," according to City Clerk Harry Parsons. Shields said he lives "near the St. Peter's school on the Boulder Highway."

PHILIP McLAUGHLIN Philip H. McLaughlin, formerly head of the sales development department has been appointed Manager of Sales Administration at the New York office of Stauffer Chemical Co. McLaughlin will be in charge of product managers, sales development and the scheduling department of the Industrial Chemical Division.

Here 'n There in Henderson

By VIRGINIA JOYCE

R. S. Golden Family Utah visitors who spent several days with the Don Golden family, 313 Regina, and other relatives in Henderson, were Mr. and Mrs. R. S. Golden, Mrs. Reva Morgan, and Mrs. Morgan's children, Brad, Randy and Sidnee, all of Nephi. Chubby little Brad was quite a "cowboy." Reva Golden returned to Utah with the visitors. She will attend the LDS General Primary Conference at Salt Lake City and will also visit her mother in Utah.

Desert Gardeniers The Desert Gardeniers have announced that they will have a speaker at the next meeting who

will discuss flower arranging. Helpful tips will be given to those planning to enter the flower show during Industrial Days. This meeting Monday night at the Royal is not just for members only — it is open to the general public. You are cordially invited to attend. There is no charge for attendance — time is 8 p.m.

Rock and Roll The second Rock and Roll dance for the teenagers was held at the Henderson Youth Center last Saturday night. There was a large turn-out—but once again there was not much room for dancing since the crowd was so large. Joe Graydon, popular disc jockey on KRAM, and hotel entertainer, has had much of the responsibility in staging these dances.

Mortality Rate High John Coe's sixth graders at Basic elementary school have been trying to hatch eggs in an incubator in the school room. So far, the "mortality" rate has been quite high. The first one hatched belonged to Ivan Jr. and became quite a pet, but did not live for very long. Since then, the class has kept trying, but at this writing have only two live ones to show for their efforts.

Elizabeth Circle The Elizabeth Circle of the Community church held its last meeting at the home of Mrs. Lewis Gunn, 297 W. Basic Road, with Mrs. Parks acting as co-hostess with Mrs. Gunn. Mrs. Barger was in charge of the devotional, and a business meeting was also held. Mrs. Edrie Hansen and Rev. Ford Gilbert were special guests.

Corona Visitors Mrs. Charles Stapleton's sister spent the weekend at 550 Blackmore Drive. Mr. and Mrs. Roy Bissell, and daughter Peggy live near Corona.

Style Show There are style shows — and style shows — but the Lake Mead Stake of the LDS church will have a truly different one the evening of April 12. Also un-

usual is the admission charge — the admission is free! All of the garments displayed for the "Easter Parade" will be sewn by the homemakers in the stake. As plans now stand, little 4-year-old Neal Wright will be attired in a suit made by his mother, Mrs. Irene Wright. Palma Black has fashioned a suit from two skirt lengths — a feat that was said to have been impossible! State Counsellor Lola Barton is in charge of the style show. Refreshments will be served.

Party for David David Metz, son of Mr. and Mrs. Edgar Metz, 104 Ash St. celebrated his eighth birthday with a party March 23. Games were played, followed by the serving of refreshments. Guests for David's party were Susan Galloway, Becky Hillis, Vicki Price, Sharon Stamper, Bobby Haney, Penny Madsen, Gaylen DeMille, Joe Martin, Jane Lynn Metz and Eddie Metz.

Temple Excursion Mr. and Mrs. Loraine De Mille and Caroline Jones went on a temple excursion to St. George, Utah Saturday, returning the same day. They also made a trip to Rockville for a short visit with relatives there. Dorene (Mrs. De Mille) left Tuesday morning to attend the Primary Conference in Salt Lake.

Sgt. Morris Returns The F. T. Dawson family, 202 Nebraska, is missing their little grandchildren, Frankie and Cheryl Ann Morris, who have made their home here while their father was on a tour of duty overseas. T/Sgt. Thomas L. Morris returned from Bentwater, England on March 9. The Morris family left Henderson last Thursday, and are now at Clovis, N.M., where Sgt. Morris is now stationed.

Trumbos in Death Valley Mr. and Mrs. Hershel Trumbo, 301 W. Basic, went to Death Valley Friday evening, returned to Henderson, Sunday. Trumbo played in a golf tournament, in which a number of other Henderson men also participated.

Merrie Outdoors FISHING, HUNTING, BOATING NEWS

By MERRIE TOMLINSON

For sportsmen who arch a quizzical eyebrow from time to time in regard to a sports writer's ability and outdoor experience, Monday's Sports Writers Derby on Lake Mead would have added a little varied slant to some opinions.

Braving winds up to 45 miles per hour, sports writers and football coaches from Southern California and other Western states, departed from the government dock at Hemenway Wash for the annual Flamingo Hotel sponsored fishing derby, as per scheduled!

With no exception, all native and "dyed in the wool" fishermen stayed on shore, while four teams of six men each, ventured forth on Captain Tomlinson's beautiful Flamingo, Captain Swartz' luxurious Thunderbird, Captain Larsen's bright, new Golden Nugget, and Captain Martenson's El Rancho, to prove their ability to catch fish on Lake Mead.

Among entrants were "Red" Sanders, football coach at U.C.L.A., Sid Gilman, coach for the Los Angeles Rams, Sid Ziff, sportswriter for the Los Angeles Mirror, Paul Zimmerman, sports writer for the Los Angeles Examiner, Jack Curnow, sportswriter for the Los Angeles Times, Tom Hanlon, sports announcer of Los Angeles, Jess Hill, Athletic Director of U.S.C., and former football coach for the same school, Cal Warton, boxing editor for the Los Angeles Times, Bob Hunter, baseball editor for the Los Angeles Examiner, and, of course, "our host" Abe Schiller. Abe, incidentally, caught the largest fish, but could not qualify in the contest.

Paul Zimmerman won an Amana freezer for the first prize in the "most" fish division. Cal Warton won a 10 h.p. Scott-Atwater outboard motor. The team catching the most fish was captained by Sid Gilman, who

Had an opportunity to try the new South Bend reel last week. For spinning equipment, I definitely recommend this reel, especially for persons not fully proficient in the art of casting. A "reel" easy one to use!

The Lake Mead area has received considerable favorable publicity throughout the nation during the past month. Among publications using Lake Mead as a topic, were the Los Angeles Examiner, featuring a full page spread with pictures by Slim Barnard, Outdoor and Motorogue editor, Time Magazine listing Lake Mead among other lakes, as a top spot for bass fishing, and Automotive News of Detroit, Mich., giving this area a real plug in a column by Jack Weed.

A number of boats have been swept from their moorings due to the high winds recently. It behooves boat owners to check their craft during such storms, especially if there may be weak spots in lines, eyebolts, or the possibility of leaks.

A special thanks from this column to the Lake Mead Boat Club, who were the first in this area to pay thanks and recognitions in the form of a beautiful plaque to Superintendent Rich-ey.

An award well deserved!

This is fishing! Ernest Coppel's "Floto Bibi" sportfishing place at Mazatlan, Mexico reports 112 Marlin and 16 Sailfish taken between March 9th and March 15th, according to R. C. Buckley, manager of the Outing Bureau, a publication of the Automobile Club of Southern California.

ANONYMOUS — A boat is like your girl friend — shape is what matters. Only you can not diet a mishapen boat hull back to its former glory!

KATHY WESE WINS BEST COSTUME PRIZE First prize for the best costume at the Eagles Auxiliary "Guess Who I Am" party held last week went to Kathy Weese dressed as "Doing What Comes Naturally." Game prizes were won by Cindy McClanahan, Lois Ruhnau, Betty Winn, Thelma Ruliffson and Evelyn Harris.

Attending in addition to the prize winners were Alma Halsey, Erma Powell, Alice K. Watts, Ruth Herman, Yoshi Weider, Ona Merrill, Helen Watson, Madelyn Harris, Christine Brecheisen, Belle Fanner, Rita Weider, Sally Kossen, Hazel Rita Miller and Minnie Heitbrink.

# Mayor French Issues "State of the City"

This report, in addition to being a four-year report will be a report to the City Council on the state of the city over the past four years and will be somewhat in the nature of a resume of the activities of the city administration.

The first two years of city government were primarily concerned with the laying of the ground work, both from a legislative and administrative standpoint. It will not be necessary to recount the problems that were encountered during these two years to the council, however, stress should be laid upon the fact that all of the city ordinances had to be passed. The Engineering problems were tremendous due to the fact that our utility system, our streets and roads, all had to be located; proper easements and right-of-ways, grades and levels established; location of water lines and sewer lines etc., had to be completed.

For this reason, the first two years of the city government could show almost no progress insofar as capital improvements or services to the public were concerned.

This phase of organization, administration, legislation and determining of facilities, required two years of activity with a very meager staff. The accomplishments of the city within the last four years have been mainly concerned with establishment of policy, the laying of plans, the expansion and improvements of our utility system.

The Council's decision to establish Henderson on an industrial basis, our efforts to secure federal lands for this purpose has met with considerable success, in that the necessary legislation has been passed, the appraisal of the land has been accomplished and the City should be very soon able to move into the development stage of this acreage.

\$50,000 is allocated in next year's budget for the purchase of this land on a five year program and will give us the opportunity to make an adequate start during the coming year.

From an administrative view point, two factors of great importance have been accomplished. One has been a study by the School of Public Administration of the University of Southern California with their recommendations, findings and report to the City Council, which have in the main been followed to our advantage.

The second was the development of the Master Plan of the development of the City so that an orderly growth could be assured. Except for a few details, this plan has been followed and I feel if we continue to develop along lines adopted by the Master Plan, the growth of the city should be very well organized.

The improvement of public services has been considerable, starting with no fire department, we have at the present time, two first class fire trucks, a fire station and are in the progress of building another fire station and have the land purchased for a third when it becomes necessary. We have in addition, two other fire trucks which are satisfactory and acceptable for emergency use. Our development of mutual aid fire protection with B. M. I., the Clark County and Las Vegas Fire Departments has worked out very satisfactorily.

Our Health Department is operating satisfactorily and I feel that it can be continued at its present level of operation.

The Police Department, while somewhat under-manned, has done an excellent job in their capacity. The development of the Auxiliary Police Force has been of inestimable help in keeping our traffic fatalities and crime rate at the lowest level in the state. Our average traffic arrests for the past year have been approximately 30 per month, which I feel is minimal and our traffic rate is very low, which speaks well for a department who can keep the accident rate low and our arrests for traffic violations low at the same time. I feel that the organization of a small, efficient mounted auxiliary police group would be of some benefit to us and recommend that it be established.

A street lighting program has been instituted and I feel is adequate as far as it has been accomplished. However, there are residential areas, particularly in Ward 5, that need additional lights.

From a utility standpoint, our water expansion program has progressed satisfactorily and I feel that our only need at the present time is to develop a

water system for Section 19 so that those who have land in that area will be able to develop.

The separation of the Utility Finance from our General Budget has thrown quite a strain on raising enough funds to satisfactorily operate a city government.

However, the Bond Issue repayment necessary for our utility expansion can be handled very well through our revenue in this department. The sewer project, at the present time, is in the hands of the Federal Government agency in San Francisco. Application has been made for a \$125,000 grant through our State Department and an application to the Federal Housing and home finance Agency to purchase the balance of our bonds necessary to install a sewage disposal plant and the necessary lines to handle the over-flow from Henderson and the new lines in Ward 5. This project should be started and brought to completion within the following year.

The city government has, in the past four years, increased our fixed assets from zero to well over one and a half million dollars, which I feel is a tremendous accomplishment. In the past four years we have acquired title to the old fire station and the land involved. We have acquired the city yards and our present city offices. We have a very satisfactory city garage for taking care of our equipment. We have built and operated a dog pound and shelter which is satisfactory. Also, we have acquired our utility system from B. M. I. at a very reasonable price and the City now has title to a park area, swimming pool and Youth Center Building, which will be of great benefit to the entire city, but particularly the younger citizens of town.

From a planning standpoint, starting from the development of our Master Plan, a flood control program was set up jointly with neighboring government facilities which is now being studied by Federal Corps of Engineers. A smog control committee has been set up which is now studying means and methods of controlling any further air pollution in the area.

From a financial standpoint, with assessed valuation increasing from 3.8 million dollars in 1953 to 8.4 million in 1957, represents considerable growth and new store buildings and businesses in the City. I feel that the progress made in the last four years by the City Council and City of Henderson has been considerably greater than any of us could possibly have anticipated four years ago, when we started with considerable question as to whether the city could even support incorporation.

I should like to acquaint the Council with a few facts insofar as administration is concerned of which I am sure you are somewhat aware, but which I would like to re-emphasize. Statistics are very dry, however, I want to present a few to the Council for their study.

The national average in cities from 12 to 15 thousand is 137 employees, Henderson is operating at the present time with 62 employees. The Western cities carries the same average of 139 for a population of 12 to 15 thousand, with Henderson at 62.

The average budget for California cities with population between 12 to 15 thousand is \$1,120,000, the budget for Henderson in the same year was \$480,000, approximately 40% of average cities of our size.

In the State of Nevada, the cities between four and twenty thousand the annual expenditure average per capita is \$63.38 and in Henderson, the average per capita is \$27.85. The average in Nevada cities is one city employee for every 147 people, the average in Henderson is one employee to every 218 people. These figures are compiled in order to impress the City Council with the fact that much has been accomplished by the city employees working with very limited means and very limited personnel in comparison to other cities of our same population.

There are several items for future expansion that I think are of considerable importance and I would like to recommend to the City Council that we establish a City Housing Authority and make every effort to have Victory Village and Carver Park transferred to the City Housing Authority. I feel that it is vitally important that the city have a good, adequate industrial survey. To hire a full time promoter to promote the City of Henderson and Henderson's industrial economy, to handle any

## WILLIAM (BILL) STAR OFFICER STAR ROOTS FOR BUMS IN 1957 RACE

One member of the Henderson Police Department who will not be rooting for the Milwaukee Braves or Cincinnati Reds to win the National League pennant this year is William (Bill) Star, one of the newer members of the force.

Officer Star is a native of Brooklyn, born Dec. 13, 1930.

Star originally was educated to be a teacher studying first at the University of Miami in Florida and later at Arizona State at Flagstaff.

Before coming West, he was employed at Bloomingdale's Department Stores in New York, in Connecticut as a departmental trouble shooter and a jewelry concern.

In his youth, Officer Star was a Boy Scout and prior to joining the local force as a permanent member, was a Police Reservist for nine months.

Single, Officer Star is a member of the Tri-State Police Association and the local Fire and Police Benevolent Association.

His hobbies include cars, pistols and history.

and all real estate transactions that may arise and to cooperate with the Chamber of Commerce in developing Henderson's commerce and industry.

One of our large problems in industrial development will be the inadequate distribution of water supply in Clark County. It is my feeling that there is adequate water in this valley for at least the next ten years, providing the City of Henderson can obtain, at a reasonable rate, a supply from the Dater District. Should this not be possible, I would like to recommend that the City Council continue to develop wells and as a temporary measure supply whatever water is necessary through this avenue. Negotiations are in progress at the present to determine whether water may be obtained from the water district and two wells have been drilled in Sections three and four, which will supply over one million gallons a day and could be used to develop these two sections of land. Additional exploratory wells may be necessary should the city not be able to obtain water at a reasonable cost. Undoubtedly, within the next ten years, study will have to be given to a line to the lake for additional water.

I feel that in all areas where the curb lines are established on the street, that the citizens should be permitted to install their own sidewalks according to city specifications and city inspections. Perhaps a time limit of two or three years could be incorporated into this ordinance. At the end of such time, the City could complete what walks are not in and bill it against the property owners. I feel that an assessment district should be set up in the old Townsite area to pave, curb and sidewalk the balance of the townsite area that is not covered by present Assessment District.

I feel that our utilities should be expanded to include Section 19 for development.

An urgent need of the City is the building of a City Hall with adequate police department together with a satisfactory jail, central offices for all departments, a Court House, City Attorney's Office and a satisfactory Council Chamber.

A program of clearing up and grading all present alleyways should be instituted together with the necessary legislation to prevent the parking of inoperable vehicles blocking our right-of-way.

I feel the Council should set aside sufficient land from this 7,000 acres in cooperation with the Recreation Board to develop over a period of years, a satisfactory recreational facility; including lighted ball fields, additional swimming pool, facilities where the entire family can join in recreational activities.

## BASIC THINCLADS TOP B.C. EAGLES

Although Boulder City Junior Dave Hodgkin was the meet's outstanding performer as he captured the 100, 220 and 440 in comparatively easy fashion, Basic's more all-around powerful tracksters knocked off the Eagles, 67-5/6 to 50-1/6 last Friday afternoon.

Both the Eagles and Wolves will combine for a four-way meet being held on the Las Vegas Wildcat oval Saturday with the Rancho Rams also offering competition.

A stiff wind kept most of the performances at Boulder City in the mediocrity bracket with Eagle Rick Tilman's vault of 11'4" possibly the outstanding heroics of the day. Tilman barely missed at 11'10" and probably will top the 12' mark sometime during the season.

Basic's Terry Barquest, only a sophomore, cleared 11' and could develop into one of the state's all time greats in the event.

The Wolves swept the discus and high jump and were blanked in the broad jump.

Results:  
100 Yd. Dash — Hodgkin (BC), Harner (BC), Cottam (B), 10.5.

220 Yd. Dash — Hodgkin (BC), Warren (B), McAllister (B), 23.3.

440 Yd. Run — Hodgkin (BC), Williams (B), McDoniel (B), 56.4.

880 Yd. Run — Stice (BC), Schacht (B), Blake (B), 2:18.2.

1 Mile Run — Sena (B), M. Mayes (BC), Galloway (B), 5:12.3.

120 Yd. High Hurdles — R. Ware (B), Dalley (B), Gunder (B), 16.5.

180 Yd. Low Hurdles — R. Ware (B), Day (B), Hutchingson (BC), 22 flat.

440 Yd. Relay — Boulder City (Risley, Harner, Resler, Hodgkin), 46.7.

880 Yd. Relay — Basic (Fumagalli, Sullivan, R. Ware, Warren), 1:40.2.

Broad Jump — Tilman (BC), Resler (BC), Risley (BC), 19-1 3/4.

High Jump — Ruliffson (B), J. Ware (B), Fumagalli (B), 5'6".

Pole Vault — Tilman (BC), Barquest (B), tie for third among Beery (BC), Risley (BC), J. Ware (B), 11'4".

Shot Put — Sullivan (B), Bush (BC), tie for third between Davis (BC) and McDoniel (B), 45'2".

Final Score — Basic 67-5/6, Boulder City 50-1/6.

## Letter To The Editor

"We may be newcomers to Henderson, but we just found out that the folks here can really be true friends. We would like to express our appreciation for all of the kindness shown to our family in the time of our bereavement — for the contributions, food, flowers, visits, cards, and many, many other offers of help.

"We also want to especially thank those who helped bring Bobby down from the scene of the accident, and all of the boys who served as pall bearers. We are very grateful and will always remember that Henderson really has a heart."

Mr. and Mrs. Oliver Roks and Johnny

## POLITICAL MEETING AT ALIBI CLUB

All interested candidates and voters are invited to attend a Ward 5 political meeting being held this evening at the Alibi Club.

The meeting is scheduled to begin at 7:30.

## TICKETS AVAILABLE

Tickets for the Parent-Teacher Association benefit performance of the opera, Hansel and Gretel April 8, may be obtained at Maryemma's Dress Shop in Boulder City and at Desertwear in Henderson, it was announced by the ticket chairman, Mrs. H. E. Pelham.

## WIN HONORS

With a pin total of 2155, the woman's team sponsored by the Royal finished third in the Class B in the state bowling tournament held last week in Las Vegas. Members of the team are Betty Hargrave, Billie Heltert, Jean Williamson and Geneva Trent.

## PISTOL SHOOT

Regular monthly matches of the Henderson Pistol Club will be held Sunday at 1 p.m. at the police pistol range on Vegas Wash Road.

## Mrs. Thompson Visits

Mrs. Marcella Thompson of Wilmington, Dela. left here Monday after a 10-day visit with the A. B. Cowen family of 285 West Basic Road. Mrs. Thompson formerly resided here about eight years ago.
