TEN CENTS

BIBLE MEETS WITH CITY OFFICIALS TODAY ON 7,000 ACRE PRICE

A ROUND TABLE DISCUSSION — Among the community's United Fund Drive workers took place at the Swanky this week. Head of the drive is Dick Feist sitting at the far end of the table. Other community leaders included the Mayor, city councilmen and plant officials.

Uncle Sam's big gift to this city — some 7,000 acres surrounding the townsite — will move another step toward a reality today as the Mayor and his council will hold a special meeting with Senator Alan Bible and a group of U. S. Land Management experts at 2 p.m.

The main topic of discussion — and the only real obstacle in the transfer of the land — will be how much the city will have to pay for the "gift."

Initially, an appraisal group of government men came up with a figure close to \$600,000 — which is a bit less than \$100 per acre.

Mayor Byrne and his council feel this may be a bit too high.

At least, what will be attempted today will be a method of acquiring the land in parcels — as needed — so that the city won't be assuming a debt until it sees the purchase is worth while.

Also — the land should be varied in price according to location, the city officials believe.

Congress approved the transfer two sessions ago. Now, it is only a matter of arriving at the right price.

The big switch - over, when it happens, will be the largest land transfer in the recent history of Nevada — of other than mining or grazing land.

When completed, it could provide a new way for cities to build up wealth to its treasury — by the orderly re-selling of land parcels at a profit.

The 7,000 acres, in time, could well be worth more than three million dollars — if the city grows as it has grown the past nine years.

Bible will mediate the discussions today and then carry on once he returns to Washington after the first of the year.

Morry's Story

Morry Zenoff's story about local events, including mentions of Sidewalks, assessment plans, and various community activities.

Sputnik Too Fast, Too Close For Palomar 'Scope

Even though Mt. Palmer's 200 inch telescope can see farther out in space that Sputnik or Mutnik are doing their wirligig, the big eye - glass cannot "see" the two satellites, Rotarians learned here this week in listening to Harley Marshall, Palomar official.

FEIST PICKS UNITED FUND CHAIRMEN; DRIVE STARTS NEXT MONDAY— TO BE NO DOOR-TO-DOOR

At a recent meeting of the Henderson Executive Committee of the United Fund of Clark County, Chairman R. P. Feist named the following division chairmen: J. H. McBeath, Special Gifts Division; F. O. Pearson, Central Division; and J. Van Valey, Evaluation Committee.

City Park Plans Approved At Co. Fair Board Meet

Plans for the 15 acre public park near Victory Village were approved by the County Fair and Recreation Board at a meeting held Tuesday evening in the court house.

Quick Action Of Chemical Workers Halts Plant Fire

Quick action on the part of chemical laboratory workers at Manganese Incorporated resulted in the immediate control of a fire which could have resulted in serious damage to the plant.

Auction License Vetoed By Mayor

The approval of an auction license, granted to Ervin Balk at the last meeting of the City Council, was vetoed on Friday afternoon by Mayor Bill Byrne.

## ISOLATION

Now we know how it feels to be shut off from the rest of the world — for the past week the Bates household has been really shut down from the activities of the community — our only contact being the head of the household, Harvey, the number two boy, Ronald and the telephone. Then early Thursday morning number two boy hooked his big foot in the telephone cord and we no longer had telephone contact.

So with the head of the house going off to work at the crack of dawn and the awkward one making daily treks down the hill to try to further his education it left us to the mercy of a powerful set of lungs and good neighbors. Now you know what that large noise from the upper end of town was. One of the ailing sticking their necks out and bellowing: "Ma-tittit-ga-tittit-e-t." Margaret is next door neighbor Marg Smith and she has the best pair of ears in town.

That's the way this falls most popular ailment has effected your columnists' daily routine. But all things have a turning point and this is it so on with the news —

## ANY OLD TIME

Jean DuBravac swears that

she will never again make arrangements to entertain out of town guests — for the past three weeks she has been prepared to roll out the red carpet for some friends from Kanab, Utah and everything has conspired to keep them from making the intended visit. First they all got their dates crossed up, then illness and now there has been so much time elapsed that Jean's forgotten what it is that held them up the last time!

## TAPE MEASURE?

Marg Smith is just a wee bit suspicious of husband Ted — Why? Well she's been threatening his life ever since they left Chloride, Arizona, if he didn't buy himself a new suit — and now he's gone and done it!

## NEW FACE

Jerry Calderon is spicing up her routine by working part time at Richardsons' Department Store — bet that would sure be a place to have a barrel of fun — what with Lorraine Loose, Alice Shutt, and Anna Steiner.

## SORE FEET

Virginia Doherty is bemoaning the fact that although she's been giving daughter Patty a hand at breaking in a new pair of oxfords for school, all she has to show to date is a pair of

sore heels!

## PET CAT

Leo and Thelma Suit have lost a Siamese cat — and there is one that has taken up residence in the Bates attic — however this one started moving in before the Suits' lost theirs — anyone who is interested in catching this wild animal and reading his tag, can come up at about ten o'clock any evening while its knocking over everything in the attic and take a crack at it — for awhile we thought the house was becoming haunted.

## NEW RESIDENTS

Mr. and Mrs. Jim Perry are newcomers to our town—they've recently moved into Carver Park and are in the process of getting acquainted with everyone.

You don't have to be an alcoholic to have cirrhosis of the liver, but it helps.

Tuberculosis death rate among American Indians is five times that of the rate among the general population.

**POLICE OFFICERS NAB YOUTHFUL BURGLARS**

The alertness of two Henderson Police Officers resulted in the arrest of two sixteen year old boys wanted for burglary in Gunnison, Utah. While on routine patrol of Boulder Highway in the early morning hours of November 11, 1957, Officer Bob Cleveland and Reserve Officer Bob Liggett observed a Ford sedan with Utah license plates

driving in an erratic manner along the highway.

Upon stopping the car, officers discovered a pair of brass knuckles on the floorboards along with two pistols; a 9mm German Luger and a 32 caliber automatic under the front seat. The two occupants of the vehicle were immediately placed under arrest and brought to the station for questioning. Through interrogation by Sergeant Jim

Pugh and Officer Charles Hitchborn it was revealed that the two youthful subjects, both from Gunnison, Utah, had obtained the weapons in a burglary of a Drive-In restaurant in Gunnison only the day before. The youthful pair also confessed to the burglary of Christies Market in Gunnison where they made off with close to \$250 and several cartons of cigarettes.

The boys had spent all but

\$109.00 and still had ten cartons of cigarettes in their possession at the time of their arrest. The boys were placed in the Clark County Juvenile Home until Utah authorities arrived to return them to Gunnison.

It is estimated that the average American of sixty years of age has hung onto only two of his (so-called) permanent teeth.

**PAINTERS AND POTTERS NEW CLASS IN DESIGN**

**Tips on Touring**

By Carol Lane  
 Women's Travel Authority

**Back To Nature**

This summer, fifty million Americans are taking vacation trips to the country. If you're one of these fishermen, campers, hikers, or picnickers, play safe with Mother Nature.

Here are some tips:  
 Be careful about drinking water. Even if it "looks good" or "tastes

good" it may not be pure. This includes spring water. Drink only from a well or spring tested by a state health department. You'll probably see a sign. Otherwise, boil the water for 20 minutes. Cool it and remove flat taste by pouring it from one container to another several times.

Take along a guide book so you can identify - and avoid - poison oak, poison ivy and poison sumac.

Carry an insect "bomb" and spray your camp area and tent thoroughly. Keep ticks and chiggers away by sprinkling a sulphur preparation in your shoes. Don't worry about most bugs and other creatures - no matter how horrible they look. Leave them alone, and they'll leave you alone. This includes spiders and snakes.

Chances are, you'll never see a poisonous snake. But, mostly for your own peace of mind, take along a snake bite kit.

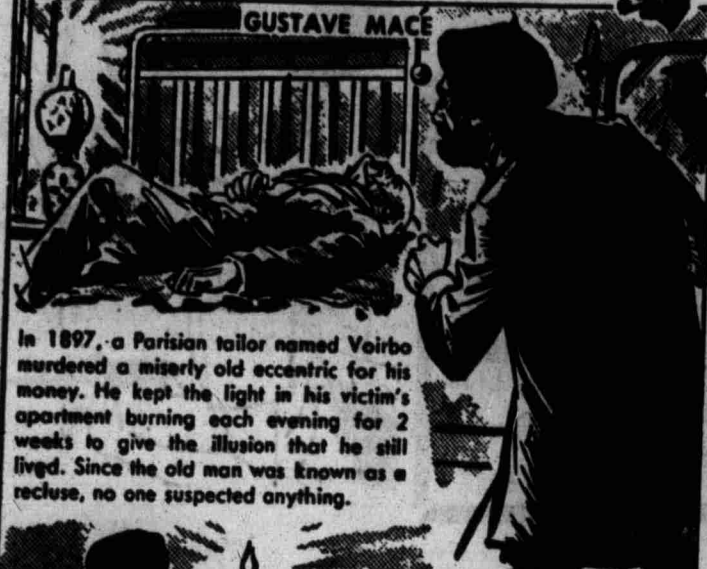

Don't trust bears - no matter how "tame" they seem. Store your food in the car's trunk compartment; never leave it in the tent or outside.

Finally, don't worry. You're safer outdoors than anywhere.

**READY FOR ACTION** - The Hawks lineup is shown on Ben Church Memorial Field, ready to go into action. Left to right are: Craig Ballew, Ronald Empey, Mike Reed, John Brooks, Harry Brown, Gary Gates, Chuck Jilbert, Backfield, Albert Carroll, Bernard Crutcher, Stubby DuBravac and Darryl Monahan, captain.

**Famous Detectives of History**

In 1897, a Parisian tailor named Voirbo murdered a miserly old eccentric for his money. He kept the light in his victim's apartment burning each evening for 2 weeks to give the illusion that he still lived. Since the old man was known as a recluse, no one suspected anything.

The discovery of the body in a well brought Detective Gustave Macé on the case. Visiting the victim's flat, Macé found fingerprints on the gas jet and the deceased man's umbrella handle. Matching them with the prints of all known friends of the victim, Macé delivered Voirbo to swift justice.

Today, almost 2000 U.S. Identification Bureaus work to bring criminals to justice. Jobs with good pay, security and prestige await qualified fingerprint experts. Best known course in the field is offered through the mail by the Institute of Applied Science, 1926 Sunnyside Ave., Chicago 40, Ill. Write for complete details.

**WAR MOTHERS START MEMBERSHIP DRIVE**

The American War Mothers met on Monday, November 11, at the home of Sally White, 271 Atlantic. Recently elected officers presiding for the first time were President Irma Struthers, Vice President Lulu Erickson; Treasurer Sally White; Chaplain Florence Barger; and Sergeant-at-arms and Historian Julia Millis.

Bertha Hobbs, junior past president was presented with a past president's jewel.

A membership drive is presently under way. Any mother who has a son or daughter, who served in the Armed Forces during a war, is eligible for membership in the group.

All women who have been members of the War Mothers, either here or in other places, are invited to attend the next meeting of the local group on December 9, at 6 p.m. at the home of Julia Millis, 51 Wyoming. Eligible mothers who wish to become members are also invited to attend.

This meeting will be a Christmas party and a potluck dinner will be served. Further information may be obtained by calling Irma Struthers at FR 2-8426.

**Bright Ideas**

**GETTING DINNER IN A HURRY?** No need to exclude baked potatoes from the menu because of preparation time. Here's a helpful tip from Aluminium Limited that cuts baking time in half. Choose potatoes of the same size; wash them and rub with fat. Insert two aluminum nails in every potato, one in each end. Push the nails about half way in, toward the center of the potato. Bake 1/2 to 3/4 hour in a 350 degree oven. The potatoes will be cooked quickly and evenly throughout... and the aluminum nails serve as handles for lifting them in and out of the oven.

**ARE YOU CONSIDERING A NEW JOB** with an out-of-town firm? Well, here's how you may be able to get some additional information before you make up your mind. Your local bank may be in a position to find out for you how the company measures up in the community... and also tell you if it's an enterprising business with opportunities for you... helping you to make the right decision and better insure your future career.

**WITH THE HEAT OF SUMMER** already upon us, it's time to bring out and polish the tall glasses for iced tea. And now you can make flavorful, sparkling-clear iced tea in just a jiffy with instant tea. Tender Leaf experts offer these easy-to-remember suggestions for the best possible tea: (1) make iced tea extra-strength - two rounded tablespoons for four cups of tea (2) bring one cup freshly-drawn, cold water quickly to a boil (3) pour over tea in a glass pitcher and stir until it's thoroughly dissolved (4) add three cups cold water (5) pour over ice in tall glasses, add a sprig of mint and serve with lemon and sugar. Mint sprigs put into the ice cubes as they are freezing make a decorative variation for special occasions.

**A CASE OF PROGRESS**... In many public buildings and factories today, compact battery-powered emergency lighting units are placed on shelves and counters to provide light in case of power failure. When electric current fails, the units turn on automatically thus providing light. This new emergency lighting unit uses the modern version of Thomas A. Edison's nickel-iron-alloy storage battery designed to last for many years. Edison worked for ten years at the turn of the century on these experiments which resulted in the storage battery and its commercial introduction.

**The Crayola Corner**

**HALLOWEEN FUN**  
**HALLOWEEN COSTUMES** - A large grocery bag becomes an eerie costume to make and wear on Halloween. Cut a hole on top for your head and slit arm holes on the side. Then decorate both front and back with CRAYOLA® crayons and be a witch, skeleton, goblin or cat. You can even paste on wings or a tail.

**PAPER BAG MASKS** - Add a mask to match your costume. Place a paper bag over your head and mark holes for eyes, nose and mouth. Trim the bottom of the bag if it's too long. Crayon face and neck of mask. You can add ears - draw, color and paste them on - yarn hair, and pipe cleaner whiskers.

**TRICK OR TREAT BAG** - Decorate a large bag with Halloween designs in bright color crayons. Write "Trick or Treat" on it in large crayon letters and take it with you on Halloween. For a final eerie touch, add some tape that glows in the dark. Odds are the treats come in a lot faster!

November, 1942. The annual used toy matinee was held at the Boulder Theater.

**Report Tor-Sup - Wild Parsley - A Cure For Flu; Old Indian Remedy**

Is Nevada overlooking a possible cure for influenza that originated generations ago within its own borders?

Tor-sup, later known as leptotonia, came into considerable prominence during the terrible epidemic of Spanish flu that swept the United States at the close of World War I. It is a simple broth derived from a species of wild parsley which grows on the eastern slopes of the Sierra Nevada.

A traditional remedy used by the Washoe Indians as a panacea, tor-sup was declared to be virtually a specific for the Spanish flu, and a Carson City physician, Dr. Ernst T. Krebs, writing in the Bulletin of the Nevada State Board of Health for January, 1920, cited that, although the epidemic had been rampant in Nevada, not one death from it had occurred among the Washoe tribe.

At that time the University of California identified the plant as a rare species of the parsley family known as Leptotoemia dissecta. The remedy was concocted simply by boiling the heavy root of the plant and skimming the broth.

With the epidemic over, according to the state department of health, tor-sup soon dropped out of the headlines and returned to obscurity surrounding the Washoe medicine men.

Within the past five years, however, a southern California physician explored the possibilities of the wild parsley remedy

**THREE NEW MEMBERS JOIN IAM AUXILIARY**  
 Three new members were welcomed into the International Association of Machinists and Amalgamated Clothing Workers of America Auxiliary held on Thursday, November 7 at the Victoria auditorium.  
 It was announced that state flower quilt on members of the Auxiliary been selling tickets, awarded at the meeting on day, November 21.  
 New members joining are Mrs. Nellie Mrs. William Hardy, members, and Mrs. Smith Boulder City.

## AS MARLENE SEES IT

By MARLENE JOYCE

### CUPID

Lyn Knolton and Benny Guthrie are engaged. Gee, is that a beautiful ring!

Judy Johnson and Ruben Barnum have been going together for a long time — about seven months, isn't it?

### GAME

That was a "neat" home-coming game! Since 1943, we have only beat Boulder twice and tied once.

During half-time, the Queen and her attendants were chauffeured by Denny Fowler, Senior Class President, in a '57 Olds convertible. They drove around the field and then onto the field where the band was playing "Somewhere Over The Rainbow." They were then escorted by the two co-captains down the arch formed by the band to the thrones.

The Desertaires performed wearing their new uniforms, at least part of the new uniforms, as the blouses had not arrived as yet, but the girls still looked nice. The marching group did a number of drills and were very pleasing.

### SPANISH INITIATION

If you saw some funny looking outfits Saturday night, they were probably some of the styles chosen by the students going to the Spanish Club initiation.

Girls were dressed in sloppy jeans and big old shirts, some even wore gunny sacks. Some of the boys wore dresses — and even nylons! There were many new hair styles too. Some had pig-tails (braids), some had braids in the back and pony tails on the side, some had pieces of hair tied in ribbons, and some of the boys also wore ribbons.

The food served was tamales, tortillas, and some Americanized chili, which may I say was good and HOT. Punch was also served. Some of the peons had

to eat hot peppers!

For entertainment, John Duty and Fred Love played a Spanish song. Christina Yates played "El Rancho Grande" on an accordion. Mr. Walker then picked four peons to sing "Un Raton" the spanish version of "Three Blind Mice." The "quartet" chosen was Ginger Block, George Woodruff, Paul Weir and M. J.

There were games and prizes. When a peon won a prize it was turned over to his patron. Games played were passing a life-saver on a toothpick, putting a marshmallow on a string and chewing it up to it, also pushing life-savers along the floor with ones nose. Some rolled peanuts with noses.

Before leaving, all the peons shoes were gathered and put into gunny sacks. A piece of tape with a number was put on two pair of shoes. The shoes were then dumped into the middle of the floor, and the peons all ran to find their own shoes. The ones with numbers on them won boxes of chocolate covered cherries. Winners were Donald Hartle and Betty Bowles.

Everyone seemed to enjoy the initiation.

## STUDENTS PICK COUNCIL MEMBERS

On Friday, October 25, a student body assembly was held for the purpose of electing members-at-large to the newly formed Student Council of the Junior High School.

After candidates made campaign speeches before the assembly, the students returned to their home rooms for voting and the following students were elected as members-at-large:

Norman Davis, Diana Kelley, Laila Park and Ramona Martinez.

On Wednesday, October 30, the home room representatives and members-at-large of the Stu-

## MEMOS

Cal Baird has an Elks tooth, isn't he LUCKY?

Laila Braswell and Larry Perryman or "Perky" as he is known, have been going together for a couple of weeks now.

Joey Flowers now has an interest in a boy with initials C. D. so we are told.

Ronny McCallister, Sue McClanahan and Buddy Walker were here for the home-coming.

The Senior C. E. held their recreation hour at Sue and Mary Kellers house Sunday night. Everyone had quite a bit of fun.

dent Council met and elected the following officers:

President, John Martin; Vice President, David Arkell; Secretary, Ramona Martinez; Treasurer, Laila Park and Sergeant-at-Arms, Norman Davis.

Chris Augspurger, eighth grade science teacher, is faculty advisor for the Student Council.

## Las Vegas CC Pres. Outlines Plans For Future In Rotary Club Talk

President James Henderson of the Las Vegas Chamber of Commerce spoke last week before the Local Rotary Club. He told what the Las Vegas Chamber is doing to sell Las Vegas and all Southern Nevada to the rest of the country.

The Las Vegas Chamber is thinking more of Southern Nevada than just Las Vegas, he said, as they well realize that industry, and development of industry in the Henderson area is vital to the economy of the Southern part of Nevada.

An interesting report was given on the progress being made for the construction of the Convention Hall, which it is believed will even out the tourist business and fill the gap during the lull season. A convention bureau is now being planned as part of the Chamber of Commerce, to build up trade during this season.

An account was also given of the construction proposed during the coming year which indicates that most of the hotels are planning expansion. This will create work which is needed at the present time.

The speaker was introduced by Morry Zenoff, program chairman for the day.

President John Vander Lean asked all Rotarians to purchase 20 sheets of 49 stamps each of the "Four Way Test" stamp. The stamps will be used on correspondence to advertise the fact that the user conducts his business according to the principals.

Printed on the stamp in blue and gold are the words: "We use the four way test of the things we think, say and do. 1—Is it the truth? 2—Is it fair to all concerned? 3—Will it build good will and better friendships? 4—Will it be beneficial to all concerned?"

### HIGH SCHOOL HONOR ROLL 1ST 6 WEEKS

### De Molay Mothers Officers Elected

Mrs. Henry Springgate was elected President of the Mothers' Club of Frank E. Sturm Chapter of DeMolay at a meeting held on October 24, at the Masonic Hall.

Officers elected to serve for the coming year with Mrs. Springgate were: Mrs. Frank Porter, vice - president; Mrs. Grant Rice, secretary; Mrs. Archie Clark, treasurer; and Mrs. Robert Cordill, publicity.

Members of the club decided to sell Christmas wrappings, fruit cakes and candy to raise money to purchase more robes needed by the DeMolay officers. The same fine brand of chocolates and fruit cakes that were sold by the mothers last year will again be available. Place and date of the sale of these items will be announced later.

The club meets on the fourth Thursday of each month and all

### ST. PETERS THANKSGIVING DANCE TO BE NOVEMBER 23

Henderson — Lake Motors Building will be the scene for the gala St. Peter's Thanksgiving Dance, scheduled for Saturday, November 23rd. Benny Short and his Orchestra will be on

mothers of DeMolay are urged to attend. Present at the election meeting were Mesdames: Frank Porter, Archie Clark, Grant Rice, William Day, Henry Springgate, Opal Blankenship, Ruth Corn, Juanita Caldwell, Clem Walker and Robert Cordill.

hand to provide the tickets are now \$1.00 donation per go to some lucky ticket who need not be present. The guests will also enjoy a turkey pull and many other exciting refreshments will also be obtained from the factory or from the Store.

### JOHN A. DOOLEY'S HAVE NEW GRANDDAUGHTER

John A. Dooley, Principal of Basic High School, and his wife, Mary, recently received word of the arrival of their second grandchild.

The new arrival has been named Mary Louise, after her grandmother, Mrs. Dooley. She is the daughter of the former Barbara Dooley, and her husband Paul Fox. Their other child, Paul Jr., is now two and a half years old.

Mr. and Mrs. Dooley visited their daughter and son-in-law and little Paul Jr., at their home in Pittsburgh, Pennsylvania last summer and have anxiously been awaiting news of little Mary Louise's arrival.

Fox is presently attending Carnegie Tech following which he will study at Oak Ridge Tennessee. He will attend both of these institutions on fellowships from Westinghouse, where he has been employed and trained since his graduation from the University of Nevada with a degree in electrical engineering. He is presently working for a Masters Degree in nuclear engineering.

# The 58 FORD is here now...

there's nothing newer in the world

With all that's new for a world of difference

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

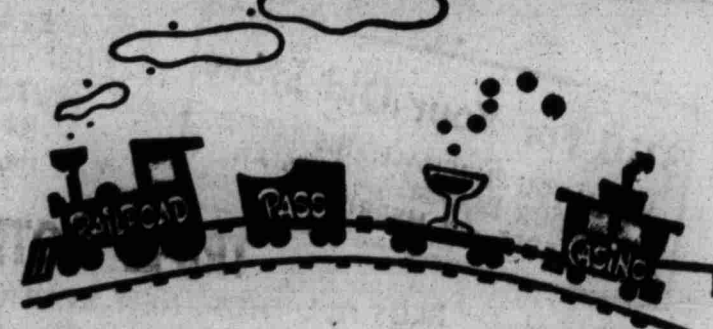

Smooth as they come... most as they go. In Fairlane 500 below the styling scale, going with arriving, too!

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

### Pat Doherty

(Continued From Page 1)

Pat's work since leaving school has all involved construction. Before joining the Merchant Marines he worked in Los Angeles where he was affiliated with the Electrical Workers union, IBEW Local 11, for 7 years. He also maintained membership in the Carpenters and Joiners Union for 11 years, and at one time was a member of the boilermakers union. This experience has proven to be very valuable in his present position with the city.

Doherty has been surprised, since moving here, at the large number of other people who have migrated to the desert from the mountains of California. Our illustrious "water dower" Red Bray and his wife Helen of 407 Ilmenite Way were friends of the Dohertys while they were operating the Durrwood lodge, at which time the Brays and their family operated Fairview on the Kern, another pack station located several miles down river from the lodge operated by the Doherty.

Mr. and Mrs. Doherty and their two children reside at 564

**WESTERN STYLE** — Rotary District Governor Art is shown receiving the Stetson hat as a gift of the Rotary Club during his recent official visit. President Vander Laan of the local club, shown (right) with Withrow, made the presentation on behalf of the Club. — Woodruff Photo

**REHEARSE FOR OPERA** — Members of the cast of Hansel and Gretel, which was presented by the Co-Opera Association on November 1 and 2 at the LDS Church, are shown in one of the final rehearsals held at the home of Mrs. Glen Kenworthy. Seated at the piano are Charles Kinsey (left) and Lloyd Carpenter. Standing (left to right) are Virginia Carpenter, Albert Robison, Harriete Rambaugh, Pat Hinton, Verlene Sullivan, and Helen Kenworthy. — Woodruff Photo

### EMBLEM CLUB HONORS SUPREME VICE PRESIDENT

Supreme Third Vice President of the Emblem Clubs of America, Mrs. Robert "Bunny" Harris, was an honored guest of the local Emblem Club at the meeting of November 4, held at the Victory Village auditorium. Also a special guest was Margaret Lee of the Las Vegas Emblem Club.

Mrs. Harris gave an interesting talk on the National Convention held in September at Swamscott, Mass., which she attended. Past President Rose Davis of the local group was elected to the Supreme office of Corresponding Secretary of Nevada at the National Convention.

Lois Rowllins was welcomed into the club as a new member.

A social hour followed the short business meeting. The vice president, Kay Murphy, was honored with a gift of a rhinestone jeweled bracelet, a gift from the president, Shirley Isom, and a corsage of symbidium orchids which was presented by the club members.

A meeting of the Las Vegas Emblem Club on Tuesday, November 5, honored the State President of the California, Nevada Association of Emblem Clubs, Mrs. Florence Phillips. Mrs. Phillips, who made an official visit to both the Henderson and Las Vegas clubs at this meeting, was accompanied by State Marshall Irene Timme.

Members attending from the Henderson Club were Shirley Isom, Peggy Goodham, Rose Davis, Kay Murphy, Nancy Watson, Betty Janes and Lucille Hollingsworth.

The difference between a conviction and a prejudice is that you can talk about a conviction without getting mad.

Don't be too stuck up to boil potatoes in their jackets — they hang on to more vitamin C and other nutrients that way.

### VFW AUXILIARY ENTERTAINS DEPT. PRESIDENT, MRS. SHIPLEY

At a meeting held in the VFW Clubrooms in November 6th, the VFW Auxiliary of Post 3848, entertained department president Jeanne Shipley, who was making her official visit.

Other notable officers present were: Virginia Gianotti, Past Department President and National Council Member; Isabelle Botts, Past Department President; Gretel Gillam, Department Junior Vice President; Dolores Hullum, Department Guard; Evelyn Hartwell, President District No. 5; Ruth Minard, Department Color Bearer; Rubylee Derrick, Department Assistant Conductress.

Plans were discussed for Thanksgiving pies to be baked for the hospital and refreshments for Basic Post meeting to be held November 19th honoring the Department Commander.

Pearl Froman, Elva Lee and Eula McCullough announced delivery of fifty magazine to the hospital.

Corsages of white carnations and "Buddy Poppies" were presented to Mrs. Shipley, and Elva Lee, President of Basic Auxiliary, by the members.

Entertainment consisted of the dance "Goofus" presented by Georgia Rider, Pat Hinton and La Ree Olsen accompanied by Almeda Deen.

Refreshments were served in the form of buffet luncheon from a table decorated with ivy leaves and buddy poppies.

Guests were: Jeanne Shipley, and Virginia Gianotti. From Fred S. Pennington Auxiliary No. 1753: President Betty Dawson, Evelyn Hartwell, Isabelle Botts, Helen Everett, O-pal Bruner, Nell Hezzlewood and Gretel Gillam.

From North Las Vegas No. 1007: Barbara Leavitt, Elanor Morrow, Viola Richardson, Lillian Frye, Edythe Christianson. From Richard Courtney No. 10-

039; President Louisa Perry, Nora Nicholson, Nancy Snowden, Laura Dawson.

From Basic No. 3848: Elva Lee and Pearl Froman, Phyllis Zander, Ethel Pfeiffer, Rubylee Derrick, Helen Grace Kenworthy, Ruby Reeder, Eula McCullough, Marjorie Walters, Grace Nicholas, Dolores Hullum, Inez Hall, Bette Holt, Thelma Henderson, Lola Lansing, Helen Moran.

Nevada's four leading causes are heart disease, cancer and stroke. Together, they accounted for almost 2,174 deaths.

Use the X-ray as little as possible in children. It is energy, its effects are cumulative and it can destroy a chance for it through use.

Read the War

**PAUSE FOR REFRESHMENT** — Guest speaker Dean William Carlson of Nevada Southern University is shown (left) with officials of the American Association of University Women at the luncheon held for members attending the regional workshop held in Henderson last Saturday. Shown with Dean Carlson are Mrs. Thomas White, social studies chairman from Boulder City; Mrs. Douglas Haeg, secretary and chairman of the workshop; and Mrs. W. R. Darling, Jr., the State AAUW President. — Woodruff Photo

**DOWN WE GO** — Ronald Hubel of the Rams is shown falling on the ball when tackled by the Wolves' Alex Weber. Coming in to help Hubel is Damon Valdez, followed by Charlie Ware and Billy Skupa. This action followed a pass, received by Hubel from Gary Bondurant, which accounted for one of the Rams first downs and helped them defeat the Wolves 12-0. Shown (left to right) over the referee's shoulder are S. Leming; Bobby Bowles, David Arkell, S. Gutierrez, Terry Shearin, D. Meegam, Jimmy Pittle, and Gary O'Dell. — Woodruff Photo

## Letters to the Editor

Dear Mr. Zenoff:  
Members of the Clark County School District Board have instructed the undersigned to reply to certain published inaccuracies concerning methods of financing the school district.

The board has not, as has been erroneously reported, "decided to take the lead in seeking to have one cent added to the sales tax at the next session of the legislature." Neither has its superintendent recommended an increase in the property tax. The only official action taken by the board was an endorsement of a statement prepared by the superintendent for the Governor's Educational Committee which reads as follows:

"If inflation continues, and there is little evidence to the contrary, it is obvious that current submitted to the trustees for rent school district revenues cannot keep up with increasing school costs, particularly salaries. The Governor's committee should study this matter continuously so that we aren't again caught in the position of watching our educational program deteriorate while studies are being made to convince the legislature of our needs."

Specific revenue measures will be studied by the trustees following an analysis of county school budgets when the budgets their consideration and action later this year.

In preparing budgets for the 1958-1959 school year, school districts throughout the State will be faced with the task of squeezing value out of a dollar which has depreciated some 7 1/2% since 1954 when the Peabody Committee recommendation was prepared for the State Legislature.

The fact that school district are unable to purchase as much with the dollar in 1957 as they did in 1954 plus the fact that teachers and other certified personnel are requesting a substantial salary increase certainly poses a serious problem to school budget makers.

The goal of the Clark County School Board in its final analysis of the budget will be to attempt to match the needs of the district with revenues available without sacrificing the quality or quantity of educational services now being offered. Whether this goal can be attained in view of the aforementioned problems remains to be seen.

Sincerely,  
SHERWIN F. GARSIDE  
President Board of Trustees  
Clary County School District

Average age at death in Nevada for 1956 was 55.5 years, highest in state annals. If you can't memorize that figure, remember the Washington Monument's 555 feet of height.

## TOWNSITE P-TA MEETS TONIGHT

The Townsite Elementary School Parent-Teacher Association will meet tonight at 8 o'clock in Townsite School auditorium.

The program, under the direction of Mrs. Sally Bossee and Miss Alma McBride, will be the second in a series on reading as it is taught in our local elementary schools.

The two second grade teachers will use a representative group of students from their classes to acquaint parents with the methods used in teaching second grade reading showing correlation and development of skills.

The meeting is open to the public and parents are especially urged to attend.

## PITTMAN WOMENS CLUB POTLUCK SUN., NOV. 17

The Pittman Women's Club will hold a potluck dinner and bingo party at the Pittman Community Center building on Sunday, November 17, at which time the winning ticket on the pair of matched silver fox furs will be selected. Tickets are being sold on these furs for the benefit of the Community Center and are still available from any member or may be purchased from Orrel Lindsey at Country Cousins Market on Friday and Saturday, November 15 and 16.

The potluck dinner will be served, starting at 6 p.m. All families attending are requested to bring a covered dish or casserole and their own silverware and plates. All members and friends of the club are cordially invited to attend.

Present at the meeting were Gloria Brown, Millie Harris, Orrel Lindsey, Mary Foster, Madge Hughes, Ruth Corn, Jessie Graham, Rae Von Dornum, Leola Zuber, hostess, Mrs. Barbour and co-hostess, Hazel Bassett. The next meeting of the club will be held on Wednesday, the 20th of November, at the home of Ruth Corn at 7:30 p.m.

## BETTY ANGLE HOSTESS TO JOY CIRCLE MEET

Mrs. Betty Angley entertained the October meeting of the Joy Circle of the Women's Association of the Community Church at her home recently. Lillian Braun served as co-hostess.

Helen Nave, who was in charge of the program, read a very humorous article entitled "Grandpa's High Octave Hang-over."

Present at the meeting were Mira Corean, Helen Nave, Madge Andersen, Donna Gilger, Pat Rammacciatte, Lillian Braun and hostess Betty Angley.

## NO INCREASE NEEDED IN STATE SALES TAX

The need for an increased sales tax in Nevada remains to be proven, Dr. Carson Butler of the business administration staff at Nevada Southern University told the Boulder City Lions club Tuesday.

Since the advent of the tax in 1955, school budgets have increased forty per cent, school enrollments eight per cent, while teacher salaries have been static, Butler noted. "When other items in the budget are increasing, instructional salaries also should be upgraded. It is not true that the differentials in the budget are due entirely to upped building costs. Auxiliary services and administration also have had increases."

## BC Man Nominated For AF Academy

Congressman Baring announced today that he has placed in nomination the names of William Scott Wood, Jr., 808 Sixth Street, Boulder City and Douglas James Cook, 1128 Norman Avenue, Las Vegas, as candidates to the U.S. Air Force Academy. William and Douglas will become competitors along with all other Congressional nominees from our State, and will be afforded every opportunity to compete for the vacancies allocated Nevada for class to enter the Academy in 1958.

The Congressman pointed out that while formal planning for an Air Force Academy had begun back in 1948, it was not until the Spring of 1954 that Congress enacted Public Law 325, granting authority to the Secretary of the Air Force to establish the United States Air Force Academy. This is now the third year that the Academy has operated at its temporary site at Lowry Air Force Base in Denver, Colorado. Its permanent home is now under construction north of Colorado Springs.

The Academy was established to produce a nucleus of officers trained, motivated, and dedicated to a lifetime of service in the Air Force. These young men will some day assume the role of air leadership. Nothing is more important to the future security of our country than the caliber and quality of the young Americans who each year will enter the Air Force Academy, and will take their oath of allegiance.

### Big Group Of Small Dancers Seek New Quarters; 86 Taking Part

New quarters are being sought for the childrens dance classes which were started three weeks ago by Don Paquette on the patio of his home at 121 Beech Street. The class had an attendance of 29 at the first lesson, with 12 additional members joining in the second session. Last Saturday, the last lesson open for beginning members, saw 45 new members joining the group, bringing the total attendance to 86.

Since the patio at the Paquette home would not accommodate the group, the lesson was held in the Pre-teen Center in Victory Village, however this location is not satisfactory because of the supporting posts in the building, Paquette is afraid to have these active youngsters swinging their partners in the building as they could be hurt if they were swung into one of these supports.

School authorities are being contacted this week and Pa-

quette hopes to receive permission to hold the Saturday morning square dance lessons in the multipurpose room of the Park Village School.

Last summer Paquette, President of the Do Si Don'ts, attended the Southern California Square Dance Association convention in Long Beach. Lectures on the forming of new groups and the latest methods of instructing classes were included in the various sessions of the convention. Our local instructor is taking advantage of these lessons in teaching his small charges the art of square dancing.

Three more weeks of instruction in basic steps will be necessary before the children start dancing in regular squares. At the present time the "big circle" method of dancing is being used.

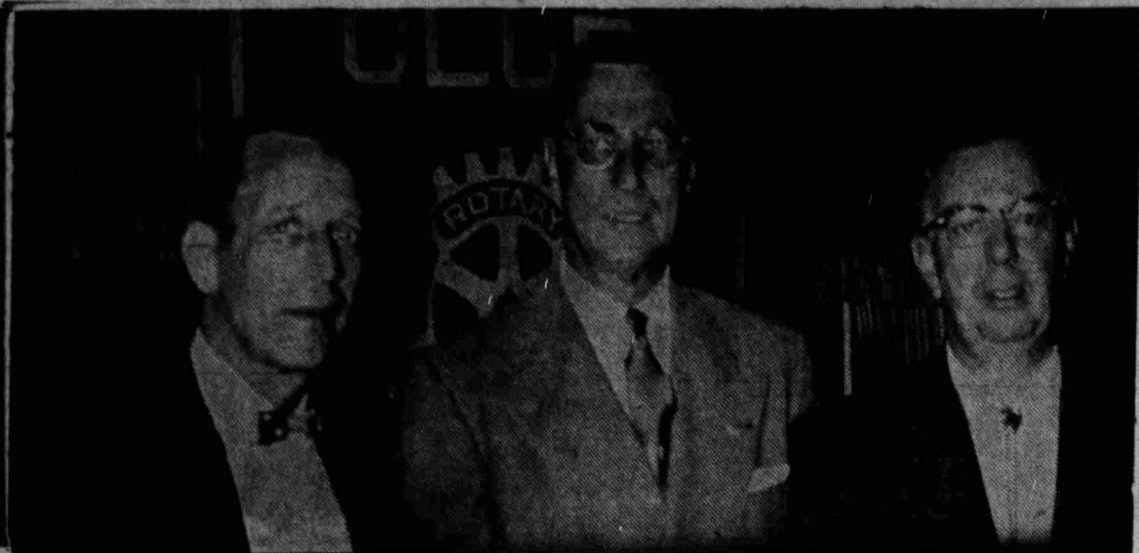

The first squares will be "sing-ing calls," such as "Dance Your Troubles Away" and Mine All Mine." Certain calls have been put together especially for these tunes and the calls never vary, which gives the beginner a chance to learn to dance these by routine. Hash calls and pater calls will be added after the young dancers have learned how to execute the calls through the dancing of the routine numbers.

Paquette reports that he is not only amazed at the ability of the children to learn the intricate steps of the square dances, but almost all of the parents of the group have shown great interest in the dancing lessons and have offered to cooperate in any way possible.

Square dancing costumes are now being considered and it is almost assured that you will be seeing these dancers during Industrial Days, for by that time they will be well seasoned per-

### K-SHO Schedule

Thursday, November 14	4:00—Grand Central
