PRICE 10 CENTS

WORK SCHEDULED TO START SOON ON NEW PITTMAN SUBDIVISION

by Rae Von Dornum

What a thrill and a privilege it was to be one of the 700 fortunate people who were able to hear Mrs. Eleanor Roosevelt's talk at the Hotel Sahara last Saturday, and what a glow of pride must have been experienced by all at the wonderful way our area greeted this — in my opinion — most wonderful of all of the world's women.

Mrs. Roosevelt's visit was greeted with a proclamation of welcome by Mayor C. D. Baker of Las Vegas and she was hosted during her stay by El Rancho Vegas Hotel; however, the Hotel Sahara was not outdone — the luncheon served in the Congo Room for Mrs. Roosevelt and those who came to hear her speak is one that will be long remembered by the participants.

The menu included: Fruit Cocktail, Hearts of Palm Salad, (a new experience in eating for many of us) Prime Ribs of Beef, (strictly out of this world) String beans, (delightfully seasoned) Browned Potatoes, Hot Rolls, Coffee or Tea, Strawberry Shortcake and — dinner wine. A truly exceptional and delicious feast.

The approximately 50 Henderson residents present must have been equally as proud as I, when Betty Jean Davis of Basic High School, seated at Mrs. Roosevelt's table, was introduced. Betty Jean was honored for writing this year's theme on the United Nations.

People listening to a talk, such as Mrs. Roosevelt made, do not always come away with similar impressions and memories, but during the recess which followed the speech and half hour question and answer period, you could hear remarks on every hand — what a wonderful president she would make — they should have her in Washington as an advisor. A real tribute to this great woman.

The lesson which the talk brought home to me was that the Peace, which we all hope for is a grass roots proposition and can be brought about only thru education — not in America alone, but throughout the world — education, not of the three R variety, but an understanding and knowledge — "of the people, by the people, and for the people" of the entire world.

It is not enough to be our brother's keeper, through gifts of money and food and the purchase of his products at prices which keep him working for slave wages — we must be his friend and helper — we must help him raise his standard of

living that he may compete with us in the world market at equal prices and for equal profit. If our neighbors throughout the world can meet with us equitably and as friends, then and then only can the world live in peace.

There is only one starting point and that is where we now are — the idea behind the American Association for the United Nations is to teach the people what the United Nations is — how it works — and what it hopes to accomplish. The AAUN is a type of Auxiliary to the United Nations, now organized in 42 other countries and being organized in America, an organization through which we can learn something of what is going on in our own country and our neighbor countries of the world, that we may continue to live in Freedom.

There is no common ground between Freedom and Communism — Mrs. Roosevelt warned those present that they should make no mistake about this, we will either live in a Free world or a slave world — the AAUN is the place where each of us can do our bit to preserve the Freedom we have always enjoyed and have taken so much for granted.

Mrs. Roosevelt said "the world says we can't live in peace because we can't keep up our living standards without war in industry" — a good point on which to start thinking whether it isn't about time we started doing something about it.

An organizing committee for a Clark County Chapter of the American Association for the United Nations was elected. Clark M. Heath of Las Vegas, with 12 years experience in the United Nations, was elected as Chairman; Mrs. C. D. Baker, as Secretary; and Mrs. E. Basse Wallace, Treasurer. Committee members were elected to represent the communities in Clark County and I feel honored to have been named as representative of Henderson; other members are Mrs. Knute Johansen, Las Vegas; Dorothy Dorothy, of Pahump; Mabel Arnold, Boulder City; Rose Daniels, West Las Vegas; Evelyn Hartwell, North Las Vegas; Fay Anderson, Overton; Skye Schenck, Indian Springs.

Each member of the committee has membership blanks the price of annual dues is optional, starting at \$3 — every resident of Clark County or surrounding area is invited to join and approximately 60 joined on Saturday.

Lansford And Stewart Auto Mart Now Open In Lake Motors Bldg.

Dick Stewart and Vance Lansford, owners of Lansford and Stewart Auto Mart, Incorporated have moved their business here from Boulder City and are now open for business in the former Lake Motors building on Water Street and Boulder Highway.

Both men were formerly associated with Biddulph Ford Company of Boulder City, starting work there when the business was opened and remaining for three years.

When Biddulph Ford Company sold last February 26, Stewart and Lansford opened their own business at 1410 Nevada Highway.

Stewart has resided in Boulder City for the past 17 years and Lansford came there five years ago. Both men like the area and believing there is more opportunity in Henderson than any other section of Clark County, decided to move their business here.

Stewart's brother, Gene, will also be associated with the firm as a salesman. He is quite well known here, having formerly been employed by Western Electrochemical Company.

Both Stewart and Lansford plan to move their

here as their eventual plan is to establish a new car agency in this community.

All makes of cars will be on sale at the new Auto Mart, including current models and all late models will carry a guarantee. Both men say they plan to give the people of the community the best possible deal on every car sold — they are sold on Henderson and are determined, they say, to make friends here through sound business dealings.

The opening of the Auto Mart Stewart said, will not interfere in any way with the sale of license plates through the Assessor's Sub-Station which will also be opened in Lake Motors building on June 2.

MRS. CATALINE NAMED TO POLIO EXEC. BD.

Mrs. Lena Cataline, who served as local chairman for the 1958 Mothers March on Polio, has been notified that she was recently elected to the Executive Committee of the Clark County Polio Foundation by a unanimous vote.

The foundation praised Mrs. Cataline for the successful March conducted here this year under her leadership.

ACCEPTS TROPHY — C. I. Greisenauer, left president-elect of the Basic Aerie of Eagles, 2672, accept a membership trophy on behalf of the Aerie at the State Convention in Yearlington, Nevada on May 3. Presenting the award is Oliver Pratt, State Secretary, Fraternal Order of Eagles. The local lodge more than quadrupled its quota for new membership during the past year by bringing in 49 new members.

Poundmaster Now Rides Herd On Doggies

Poundmaster Oswald Pagan is in luck. Now he can RIDE herd on all the stray dogs picked up within our city limits, since he has impounded a horse. Whether or not this mount will allow dogs to ride behind the saddle has not been divulged by City Hall.

Although a first class "hotel" has been provided for impounded dogs and cats, with modern, up to date kennels and runs — a horse is quite a different matter. He is much too large for any of the animal pens and refuses to eat kennel rations. The horse is described as being "about five feet in height, red in color and with a white blaze on forehead, right back leg white from knee down, left back leg partly white. The horse's left front ankle appears to have been injured at some time as there is a special shoe on that leg" — (silly horse, shoes are worn on the hoof.)

This unwelcome guest of the city is believed to be a non-resident, and it is thought that he was seen approaching the city, about eight or nine miles out on Frontier Highway, and may be along in the Sloan area.

Poundmaster Pagan is a lover of animals, but — City Hall is not pleased with his newest pet — "It's costing the City of

ERNIE'S TRIO IN NEW HOME

Ernie's Trio will no longer fill the Victory Village air with evening music, for Ernie Duran and his musical sons, Bobbie and Ernest (Tudie) will now be making music in their new home in Manganese Park, where they recently purchased a house. Other members of the family are Audie, now three years old and a very capable drummer, and Mrs. Duran, the only non-musical member of the family.

STEVE PARRY HAS BIRTHDAY PARTY

Steve Parry age 3, celebrated his third birthday with a lawn party Wednesday evening. Highlights of the evening centered around a fish pond filled with toy prizes. Each guest took his turn in fishing for a prize.

Steve was a very happy and excited little boy when he opened his many presents.

The following guests were served mint cups filled with assorted candies, ice cream, cake and fruit punch. Gail Moon, Christine Russell, Janet Twitchell, David Hutchins, Gordon Russell, Desirre Twitchell, and his very special, grandmother Reeves.

Henderson money to feed this horse," they say, "and that ain't hay."

The owner is advised to contact the Poundmaster and claim the horse before he eats the City out of "House and Hall."

PISTOL CLUB MATCH STOPPED BY RAIN

The Henderson Pistol Club held their first NRA Approved Pistol Tournament for the year, Sunday, on the Police Pistol Range on Vegas Wash Road. In spite of the rainy weather, 10 shooters broved the elements and fired the .22 caliber three stage matches of 20 shots slow fire, 20 shots timed fire and 20 shots rapid fire.

The same matches scheduled for Center fire had to be called off as about the time these events were started, the rain came down in sheets and then turned to hail and this really dampened everyone's spirits. These events have been postponed until Sunday May 25 and will start on that date at 8:30 am. with hopes of better weather. On this date there will also be a .22 cal. Naional Course.

In spite of shooting in the rain, and wind, fairly good scores were turned in. Doctor Karl Hazeltine winning the 50 yard slow fire with a score of 162x200, Dick Feist was high in the Sharpshooter Class with 161, George Snapp the Marksman Class with 157 and Frank Schreck won the second place award with a 155.

In the 20 shot Timed Fire event Earl Williams was high with a 187x200 taking the Winner medal, Doctor Hazeltine won the Sharpshooter 1st with 185, Frank Schreck placed first in the Marksman with a 172, 2nd place Marksman was won by George Snapp with a 169.

J. D. Morris Buys Fourong Jewelry

J. D. Morris of Boulder City has purchased the jewelry shop at 42 Water Street, formerly operated by Maurice and Tillie Fourong, and took over the operation of the business on Monday.

Morris formerly operated a jewelry shop in Boulder City, coming there from Caliente where he owned a similar business for seven years. The new owner of the jewelry business is married and the father of three children.

Fine watchmaking and a complete line of better jewelry and gift items will be featured by Morris and as a special introductory offer, graduation gifts are available through May 30 at reduced prices.

The populace is invited to visit the shop, look over the gift items and become acquainted with the new owner.

NOTICE PITTMAN RESIDENTS

City Administrator Clay Lynch requests that all residents and property owners of Pittman coming to City Hall to apply for sewer connection on the deferred payment plan bring a description of their property, so that these connections can be put on the map for the contractor.

Property description is included in all County tax receipts, deeds, etc. and these papers should be brought to City Hall, in order that the City Officials may know the exact location of the property.

DOES SCHEDULE DANCE SATURDAY

A dance to be held by the Does on Saturday night at the Elks Lodge, was planned at the meeting of Drove 135, held on Thursday, May 16. Members of the dance committee are Evelyn Gates, chairman, Ruth Chiddix, Marie Kelly, Gara Merrill and Margaret Moss. Music will be furnished by the Boulder City Elks with dancing to start at 9 pm.

Initiation ceremonies were conducted for new members: Agnes Phillips, Sue Gunville, Thelma Weideman and Nykkia Kinclow.

Plans were also made for the Drove to handle the local cancer fund project from now until June 8 when a Ford Thunderbird will be given to some lucky ticket holder. Tickets will be on sale in the business area, tentatively planned is a rummage sale to be held during the latter part of July. The Does Relief Committee will be in charge.

Refreshment hostess for the meeting were Sally Savoie, Angela Monahan, Lou Chandler and Lou Bontrager.

The next meeting of the group will be held on June 26.

LOUVIERES RETURN FROM SANTA ROSA

Mr. and Mrs. Joseph Louviere and son Michael recently arrived here from Santa Rosa, Cal. The Louvieres are former residents and lived here four years before leaving to make their home in Oregon and later in California.

After their sojourn on the Pacific Coast, Mr. and Mrs. Louviere are happy to be back in our Nevada desert and plan to remain here permanently.

Work on the new subdivision in Pittman is expected to be under way in the immediate future with the first construction to be two model homes, one each of the two and three bedroom, brick homes to be erected.

Harry Stewart, representing the subdividers, Henderson Brick Homes, Incorporated; and City Administrator Clay Lynch went over the ground yesterday morning with Albert D. Oltman, field representative for the Federal National Mortgage Association, and today will meet with Peter Walters, Nevada F. H. A. Director from Reno.

The subdividing corporation hopes to make some changes in the streets in order to bring the size of lots into conformity with modern building trends; however, if this will cause any delay in building or sewer construction, the plan will be abandoned. This area was originally subdivided by T. Alonzo Wells at a time when 25 feet was the regulation size of lots and a plot of ground 25 by 100 feet is not the proper shape for today's building plans. The company hopes to make the lots wider and not quite so deep, thru a change in street layout, which must go to the City Planning Board and City Council for approval before actual work is started.

All of the homes in the new subdivision will be of brick and of the most modern design. In addition to the original 300 homes planned for this area, the company has plans for future building, having acquired 320 acres of land from the estate of the late T. Alonzo Wells.

CYO Field Day Slated By K.C. Rosary Council

Rosary Council Knights of Columbus, sponsoring a Field Day to be held at the C. Y. O. center in Las Vegas Sunday June 8 have added more events to round out their program.

A rope jumping contest for girls will be under the direction of Jim Wheatley and a tug-of-war contest, in which only the boys will compete will be conducted by Les DePeal. Other events in which both the boys and the girls will compete are: Coke drinking, referee Hank Jones; Spoon Relay, C. Koop, referee; Baseball throw, referee, D. Gerard; Scavenger Hunt, referee Bernie Phillips; Shoe Scramble, referee Dan Harris; and Baseball throw, referee Bernie Cantwell.

Competing in the various event will be the sons and daughters of the Knight and the students of St. Peters School from the third grade to eighth grade.

Children may register at the school or by contacting Howard Palmer, 128 Dogwood, in Boulder City register with Bill Kamrowski 510 Ash.

Co-chairman Bill Olds stated that every child registering will be placed on one of the four teams. The Apostiles, Prophets, Crusaders or Missionaries.

Points will be awarded the teams. The Apostiles, Prophets, in all events. Prizes will be given the team members according to how their team finished with every child receiving a prize.

Many of the families plan on taking a picnic lunch, for those who do not, soft drinks and sandwiches will be available at the center.

Mother Of Mrs. Ford Gilbert Succumbs While Visiting Here

Mrs. Anna Marie Griffith, the mother of Mrs. Ford Gilbert, passed away on Monday at Rose de Lima Hospital, following a brief illness.

Mrs. Griffith had been visiting at her daughter's home since May 4, and had enjoyed Mothers Day with her daughter and her grandchildren. She had visited here frequently through the years the Rev. and Mrs. Gilbert have been here and had a great many friends in the community.

Funeral services will be conducted in Long Beach at the B. W. Coon Funeral Chapel, where the body has been sent by Bunker Brothers.

Born July 12, 1873 in Denmark, she is survived by two daughters in addition to Mrs. Gilbert; Mrs. Margaret Jensen and Mrs. Ellen Lane, both of Long Beach. Also surviving are a number of grandchildren and great grandchildren.

EXPERTS CHECK MAPS — Shown checking maps for sewer and drain installations at City Hall are, left to right, Dr. George B. Maxey, head of the Division of Ground Water Geology and Geophysical Exploration for the State Geological Survey of Illinois, retained by Basic Management Inc. to survey the local high ground water problem; City Administrator, Clay Lynch; and Thomas Moore of Phoenix, Arizona, Field Engineer for the Housing and Home Finance Agency of the Federal Government. A field inspection trip followed perusal of the plans and maps at City Hall.

Your Neighbors

By ONA MAE EDWARDS

VISIT PARENTS

Mr. and Mrs. Ivan Cannon of 147 Elm Street in Valley View motored to St. George, Utah to spend the week end visiting with their parents, Mrs. Ellen Cannon and Mr. and Mrs. Bayard Cannon.

HAS SURGERY

Mrs. Dee Dee Medina on Ocotillo street in Manganese Park is home after spending several days in the Boulder City hospital.

She is making a speedy recovery and extends her thanks to her friends and relatives that helped in making her recovery much easier.

MEDINAS MOVE TO CHAMA

Newly weds Mr. and Mrs. Dennis Medina bid farewell to local friends last week. They will make their home in Chama, N. Mexico where Dennis will be employed.

Mrs. Medina is the former Alice Cortez, daughter of Mr. and Mrs. Ben Cortez of Allan Project. Dennis is the son of Mrs. Elvira Medina of Chama, New Mexico.

The young couple was recently married at St. Peter's church.

GOES TO SPRINGDALE

Mrs. Elva Twitchell and her daughter, Janet of 103 Ivy St. motored to Springdale, Utah last week. They will visit with friends and relatives while there.

HALL GOES TO SCHOOL

Don Hall of 144 Elm Street in Valley View is taking a four weeks special training course, "Grayhound Driving School", in Los Angeles, California.

When Don completes his training his headquarters will be in Las Vegas. The Hall family will continue to make their home here.

HAD BURNING PERMIT

A burning permit issued to the Hansell residence of 116 Continental street in Valley View caused a false fire alarm Friday evening.

The alarm was called in but when the fire truck arrived at the address they found that scrap lumber was being burned and that a permit had been issued. The fire was well under control.

Hansel is a Lieutenant at the Pittman fire station and now — he knows and the neighbors know — that our Townsite Fire Dept. is always ready in answering their alarms.

LARSONS MOVE

Mr. and Mrs. Allen Larson of 106 Elm Street are moving to Frederic, Wisconsin to establish their new home.

Mrs. Allen reports that she will enjoy living in the same city where her parents live and will welcome these cool Wisconsin summer days.

NEW LAUNDRY OPEN

The Shamrock Laundry in the Victory Village market building opened recently after a slight delay caused by the weather. Neither rain, hail, wind or snow stops wash day at the Shamrock, where owner H. H. Hammett reports the local housewives are enthusiastic about the quick drying service made possible by the five tumblers which have been installed.

Hammett just happened to be

unfortunate in his choice of opening day which coincided with the first week of real summer weather. All the plumbers were so busy answering calls to get coolers in shape for our perspiring residents that the laundry opening was delayed until the calls from overheated neighbors were answered.

Everything is humming now and for a very nominal price, local housewives can have their wash dried in a few minutes and avoid the hot sunshine under the clothes lines.

FRIDAY DUP MEET LAST OF SEASON

Daughters of the Utah Pioneers will hold their last meeting of the season on Friday, May 23, at the home of Dorothy Platt, 313 Karen Way at 1:00 pm.

The lesson on "Utah Poems" will be given by Helen Shroyer. Meetings of the club will resume in September, it was announced.

FRAN MARRIOTT GETS SEASON'S TOP SCORE

High score for the season in the Powderpuff League was rolled by Fran Marriott on May 13, with high game of 246-201-180 and high series of 627.

Other games over 160 were rolled by P. Brink 171, S. Linn 175-179, J. Picotte 167, D. Wittern 177, D. Bray 175, B. Lorenz 187-168, G. Berry 177, B. Heitert 173, A. McDoniel 191, I. Dickens 165, M. Thomas 163, L. Muench 168, P. Gandrud 168, L. 167.

Hansen 173, and F. Miller a Splits were converted by V. Purdy 2-7 G. Bluejacket 5-10, G. Trent 507, I. Hardtner 3-7-10, H. Leonard 2-7, F. Miller 4-10, J. Shearin 5-8-10, 5-6, 4-5-7.

R. F. Turner Conducts Orchestra Presenting His Own Compositions

The Claremont Graduate School recently presented Robert F. Turner conducting the Pomona College Symphony Orchestra in a group of his own compositions at the Bridges Hall of Music.

The program included the premier performances of "A Song for Woodwind Quartet" "Variations for Two Clarinets" and "3 Georgian Poems" based on the poems of Shelly, Scott and Landor. The latter work is written for soprano, flute, clarinet and cello.

Carol Shoemaker of La Verne, a music and voice student at the Claremont Graduate School sang the soprano part. Turner is the son of Mrs. Rose

ST. PETER'S DANCE SATURDAY NIGHT

A dance will be held on Saturday night at St. Peter's Parish Hall. Latin music by a four piece orchestra will be featured with dancing from 9 pm til 2 pm.

COOLER CLIME
Lorraine Loose is making plans to join her husband Dave in Colorado. Dave left here some weeks ago to work at Monte Vista, Colo. and is very happy with the change. Plans are for his company to move on to Salida and points north along the Great Divide. As soon as school is out Lorraine plans to take son Mervie and make gypsies out of the Loose family, via the construction circuit.

A SNACK
That's about all that Betty Lorentz has time for between her job at Manganese Inc., and her extensive schedule of bowling. Saw her going down the highway the other eve headed for the bowling alley munching on a

HOME AGAIN
Les Wood is very glad to be back in our warm sunny weather after having just spent a couple of weeks in Kansas City, where he was attending a training program in conjunction with his job out at McCarren Field where he works for TWA. He says that the weather was very soggy and he likes his crisp hamburger!

EXQUISITE FINERY
Ma's Materials is proof positive that things aren't too bad on the economical front. Helen Lunzman has nothing but good to report. This past week she's been working on some of the most delicate looking creations. One was a gossamer sheer black squaw dress for her business

competitor, Lorraine Loose.
ANOTHER DRESS
That of the new Mrs. Branson D. Lowman, her wedding dress. Pauline's mom Wanda Mann made it and everyone is still talking about how lovely the bride looked at the reception last Saturday Evening. That is also a subject of much talk. Probably one of the largest to be held in this area in many a moon. We all wish you all of the luck in the world, Bud and Pauline.

OLD HABIT
Carmel and Jerry Calderon can give you the most detailed information on all of the different tract houses in the local area. They inspect each and every one! When asked if she was planning on moving, she said: "No but that's just a hobby of mine, I've been doing it for years. You'd be surprised how many homes I've inspected."

NOVEL IDEA
George Campbell was musing over the idea of using floor tile to cover wall to protect rooms used by children. Only thing wrong is the the Campbell's only child is fourteen years old and Virginia says that he never was destructive anyway.

NEW ADDRESS
Al and Ina DeLong are in 7th heaven — they've just moved into their own home — and what a home it is. The new address is 80 Mallory. The house and the grounds have had many hours of loving care lavished on them and the cyclone fence is literally covered with climbing roses. Congratulations you all!

STORK SHOWER
Judy Madsen was hostess to a shower for her eldest daughter, Donna last week. Donna is Mrs. Larry Parrish and they expect their namesake late next month.

MADAE CHAIRMAN
Alice Espinoza is busy with the final details of the up coming 7th and 8th grade dance at St. Peter's School. Alice is chairman of the affair and has very quietly and efficiently organized the entire affair. She just finished talking her brother Willie into making colored Japanese lanterns for the lighting system.

BUSY GAL
Mary Jo Todd has always been one of the busiest people we've ever known. She is the unofficial "Mrs. Charity" of our town. In addition to serving on the Welfare Committee of the Community Chest, she works very closely with the County Welfare Dept., and is a member of a number of civic organizations who do a lot of welfare work. You can call Mary Jo at almost any hour of the day or night and get aid for a deserving cause. Many is the time that your columnist has come in the back door with a bundle of clothes or a request for some needy family only to pass a local clergyman coming in the front door with either a donation or a request. Mary Jo receives no pay for these services — only the feeling that she has done a good day's work — well.

SHORT VACATION
Bert Shearin took advantage of Jim's lang change to hop off to San Francisco for a few days away from the family. Jim is doing just fine though — one of the youngsters had the mumps and he's waiting for Eileen to come down with them. Jim is a true chili fan and he can't see why anyone would ever

object to having it served to them for breakfast! The only alternate that he will recognize is pizza pie.

EMPTY HOUSE
Joel and Phyllis Zander have taken advantage of a few days off to motor back to New Jersey to see old friends and family. They had quite a problem facing them with their three prize hounds. Final decision was to take one and board out two of them.

BUSY PEOPLE
Tommy and Jim Wheatley have undertaken a big project — that of remodeling their home at 11 Sturm. They also plan to add two bedrooms, a kitchen and a bath. The Wheatleys are originally from Louisville Kentucky, but have been in the Air Force for sixteen years and have been all over the United States and up to Alaska.

They were in Alaska just before coming to the desert and arriving here on August 8th, 3 years ago, were't quite sure if they could survive the rigors of desert living long enough to find out if they liked it or not! Now they have bought their home and plan to stay here when Jim finishes his hitch in four years.

LOWE HOME
Herb Lowe is a navy man who is stationed at the Lake Mead Base. Along with wife Delores, Herb makes his home at 7 Sturm. However he has just recently returned from New Mexico where he had been going to school for the past two months.

THIS 'N THAT
Does anyone have an old Royal typewriter? This columnist sorely needs an "H". That is one letter that I find it rather hard to do without. Rae relates the story about the Colorado newspaperman who had an F missing — everytime he came to an F he wrote it out like this — eph —. So if someone can figure out how to write an "H" I'd appreciate that too. When that darn key broke as the final note in a day that was a comedy of errors little did I realize that after walking off a lot of shoe leather that the best that anyone could do would be three months for delivery on an order of a new key. So please someone come up with some help or my neighbors may get tired of — their borrowing neighbors.

BOOKMOBILE EXHIBITED AT LIBRARY ON SAT.
Everyone is invited to visit the Bookmobile which will be on display in front of the Public Library on Saturday afternoon, it was announced by Lydia Malcolm, librarian.

The Bookmobile is making a tour of the state to exhibit Nevada's Library service, including books for all ages; 16 mm motion picture films; records, music and pamphlets and magazines. The most modern vehicle of its kind, the new Bookmobile was loaned to the State for this tour by Pacific Body Builders, Inc., of Portland, Oregon.

PARENTS CLUB HOLDS SPAGHETTI DINNER
St. Peter's Parents' Club will hold a spaghetti dinner at St. Peter's Parish Hall on Sunday from 4 pm to 8 pm.

The dinner will be \$1 for the adults and 50 cents for children. The public is cordially invited to attend.

HARRISON WINS TROPHY IN CAL. DRAG RACES

J. Harrison won the A-Alter Southwest Championship in the drag races held in Inyokern, Cal. last Sat. and Sun. for which he received a trophy, a \$25 savings bond, a case of oil, and a case of gunk — a grease cleaning compound. Harrison's fastest time for the quarter mile was 105.98 mph and his elapsed time 12.98 seconds.

The race was won in a 1934 Ford sedan with Cadillac motor, owned by Harrison and Darrel Watson, Skip Southers and Geo. Knight, mechanics, accompanied Harrison to Inyokern for the races.

Two other local race enthusiasts Norm Walker and Grats, tied the world's record with their car, clocking 138 mph in an elapsed time of nine seconds for the quarter mile.

Harrison, Watson, Southers and Knight are members of the Charioteers car club, sponsored by the Police Department. Officer Robert Cleveland is the club's representative.

MURDOCKS HERE FROM OKLAHOMA

T. Sgt. and Mrs. M. J. Murdock are recent arrivals in our city from Oklahoma City, Okla. and plan an extended stay in this area.

The Murdocks are the parents of four sons, Malcolm, 12 years old, David 6, Kenneth 3 and Ricky 2.

COOLED BY REFRIGERATION

NEW MAYTAG
All-Fabric AUTOMATIC

with the FIRST FILTER-AGITATOR

Nothing Down w.t.

It's an Underwater Lint Filter! Works under water where the lint is. Filters during wash and rinse cycle! Keeps lint from clothes. You never have to remove lint filter to load or unload washer!

It's an Automatic Detergent Dispenser! Sprays fully dissolved detergent into wash water. No "globs" of half-dissolved detergent on clothes. 2-cup capacity lets you add water softener if water is hard.

It's a Built-in Suds Pump! Pumps a steady stream of sudsy water up and through clothes. Gives you a new kind of gentle, thorough cleaning. Loosens and lifts out dirt. Never drags your clothes through water.

The new Maytag All-Fabric Automatics also include:

- PUSHBUTTON WATER LEVEL CONTROL Saves you up to 2500 gallons of hot water a year
- TWO WASH SPEEDS, TWO SPIN SPEEDS Let you tailor the action to the type of fabric you put in (including delicate new synthetics)
- THREE WATER TEMPERATURES INCLUDING "COLD" Let you wash anything safely
- AUTOMATIC RINSE CONDITIONER (optional) Rinses your clothes in rain-soft water
- YOUR CHOICE OF COLORS Pink, green, yellow or white

FUNNY SOPH. ASSEMBLY

The Sophomores entertained the faculty and student body with their assembly Wednesday morning. The assembly dated back to the '20's, when the Charleston was very popular. The scene was in a cafe called "Maxie's". Kirby Trumbo was the M. C. and was very good, along with the rest of the cast.

There was a chorus line called the "Poo-poo-pe-doo Girls". Al Jolson act by Lyle Hamiter, 3 couples dancing the Charleston, 4 girls in "Frankie and Johnny," Linda Madsen sang "Chinatown," Laurie McClanahan, Teddie Fields, Dot Cannon, and Dianne Sturm presented "Keep Your Skirts Down." Next was "Red Hot Henryetta Brown" with Peggy Kelly and Loy Prado, follow-

ed by a group in "By The Sea." The grand finale included all the acts and the waitresses and cigarette girls. Presents were given to the sponsors of the sophs., Miss Lander, Miss Tiffin and Mr. Cummings and Mr. Shelling.

Everyone at least, I believe everyone, really enjoyed the assembly.

ELECTIONS

Primary elections were held for student council officers for next year. Nominated were:

President, John Springgate and Dennis Rosch; Vice Pres., Linda Pantuso and Sandi Detomasi; Secretary, Dianne Sturm and Colleen O'seicki; Treasurer, Dorothy Cannon and Betty Jean Davis.

AWARDS ASSEMBLY

Awards assembly was held on Friday morning, and many of the students received awards, some for "A" and "B" honor roll — perfect attendance, etc.

John Springgate received the Ben Church Citizenship award for the Junior with outstanding citizenship. Robert Trueworthy received a citizenship trophy for the outstanding Senior. There was only one Freshman who received the "Silver B" award, Carol Garfield was given this.

MARINE BAND

Thursday afternoon Basic High school and elementary grades were very lucky to have one of the best bands in the United States to perform for them — The United States Marine Band, from San Francisco, California. The assembly was very entertaining and the band played many different marches, also some popular songs. A quartet also entertained, and everybody — especially the GIRLS, thought they were very good.

They also showed us how to properly dispose of a torn flag — showed us a simple way of cutting out a six pointed star.

DESERTAIRE TRY OUTS

Tryouts for Desertaires for next year were scheduled for Monday. About fifty girls tried out, although there are not that many vacancies. (Some of the Tract 2 residents wondered what was taking place when a group of girls met at Pat Love's house and marched up and down the surrounding streets to practice?)

EASY TO FIND

The chemistry room can be located very easily by the odd odors mixed therein. DON'T blow up the school!

CHRISTIAN ENDEAVOR

The Senior C. E. of the Community Church is always busy with activities for members so Sunday night, we had a picnic and swim at the lake. We had a wonderful time, especially when the secret was out that it was Pat Love's birthday. (I bet Pat is still sore!)

DEAR MARCIE

Dear Marcie:

My folks expect me to baby-sit for them, and for FREE, any hour of the day or night that they decide to go out! They've made me break dates and lose out on all sorts of fun with the gang. I love my little sister, and I love my parents, but aren't they out of line? I'm 17.

Pattie

Dear Pattie:

You're "durned tootin'" they're out of line, Honey, and let's hope we can make them see it.

As you say, you love your little sister and you'd probably be happy to sit with her many, many times. On the other hand, you are entitled to a little bit of fun too, just as your parents are. A 17 year old needs good clean fun with boys and girls, and your parents should respect your engagements and dates just as they do their own.

Tell your folks you'll be glad to baby-sit for them, one or two nights a week — nights you'd be home doing homework anyway — but that you'd like to be able, just for once, to tell the gang you can join them on a Friday or Saturday night — and really know you'll be there!

Dear Marcie:

Should a boy of 13 have to drag his kid sister, who is 9 around with him every place he goes? My mom thinks I should, but she'll listen to you 'cause she always reads your column and says you know what you're talkin' about.

13

Dear 13:

Thanks for the kind words, son . . . now let's hope I continue to merit them.

To begin with, no, you should NOT have to drag your little sister around every place you go. And it can scarcely be any more entertaining for her than it is for you! A boy of thirteen has entirely different interests than does a girl of nine, and you should each pursue your own. If your mother persists in her demands that you take your sister every place you go, she'll not only wind up with a couple of dissatisfied kids but with a boy who "can't stand" his little sister because she interfered with his activities when he was younger.

Good luck, 13. Let me know how things work out!

Dear Marcie:

What is your advice for a golf widow?

Lonesome

Dear Lonesome:

There's an old saying that goes something like this: "If you can't fight 'em, join 'em!"

So, if you don't want to learn to play golf, don't get "teed" off at your husband. Wear a smile and join him at the 19th hole. You'll see him a lot sooner that way.

MENTAL HEALTH SURVEY GROUP HEARS OF JUVENILE PROBLEMS

Many interesting reports were given when the Citizens Committee for Mental Health, set up by Governor Russell to work with the United States Public Health Survey Team, met on Tuesday night with Chairman Lou F. La Porta presiding.

Speakers included Mr. Hebert, president of the Clark County Retarded Children's Association; Sgt. Wilbur Perkins, representing Chief of Police eGeorge Crisler Area School Administrator Lyl Burkholder; and George Grist Clark County Juvenile Officer.

Sgt. Perkins spoke on the relation of the community and home to the juvenile police officers. Burkholder reported on what the local schools are doing in special classes for emotionally and mentally retarded children through health and counseling programs, and also told of the effort being made to assist exceptionally bright students.

Burkholder also told what the schools would like to accomplish in the way of special education and complimented the Police Department and County Juvenile Home for the fine cooperation they have given the schools.

The function of the juvenile home was explained by George Grist, who told of the restricting limitations caused by a shortage of trained personnel both in the county and at the school in Elko.

An interesting question and

Do you have a problem? Marcella Duncan will be happy to help you if you will write to her in care of this newspaper. A stamped, self-addressed envelope will bring a personal response to you.

answer session followed the reports, and it was brought out by the guests being interviewed that wide community understanding of the problems involved in the different agencies would tend to bring about a starting point for the solution of existing problems, and that trained and experienced personnel is more important than any other single factor in successfully dealing with the wide variety of problems.

Grist also said there is much competition from other states for the services of competent probation officers and it was determined by the committee that a long range plan was needed to encourage young people now in high schools to consider social work and special teaching as a career, also that provisions should be made by the University of Nevada for courses in this type of special work so that the State would no longer need to hire special personnel from out

LETTER TO THE EDITOR

To: Editor and Staff, Gentlemen:

It is with a great deal of sincerity that I wish to express my appreciation to you for the fine publicity your newspaper has accomplished in regard to the Mobile Chest X-Ray Unit.

We of the Nevada Tuberculosis Association have always felt that we could rely on our local press to back us up during

of state.

The committee will hold one more meeting on May 27 at 8 pm at which time authorities on adult mental health needs will be interviewed.

our health campaigns. May the time never come that we take your interests and efforts for granted.

Very sincerely yours, Dr. Bernard Greenblatt, So. Area Representative, Nev. TB Ass'n.

LEGAL NOTICE

IN THE EIGHTH JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA, IN AND FOR THE COUNTY OF CLARK
NO. 8883 DEPT. NO. 1
DELPHI E. HANNEY, Plaintiff
vs.
LAWRENCE C. HANNEY, Defendant
S U M M O N S
THE STATE OF NEVADA SENDS HEREBY TO THE ABOVE-NAMED DEFENDANT:
You are hereby summoned and required to serve upon HARRY E. CLAIRBORNE, plaintiff's attorney, whose address is 108 South Third Street, Las Vegas, Nevada, an answer to the Complaint which is herewith served upon you, within 20 days after service of this summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.
This is an action brought to obtain a judgment dissolving the bonds of matrimony existing between you and the plaintiff, as appears more fully in the complaint on file herewith, to which reference is hereby made.

HELEN SCOTT REED, Clerk of Court
By Allison Coeager, Deputy Clerk
(S E A L)

ORDINANCE NO. 322
"AN ORDINANCE AMENDING ORDINANCE NO. 4 ENTITLED 'AN ORDINANCE TO ESTABLISH THE LICENSING OF BUSINESS MEN, TRADES, AND OCCUPATIONS IN HENDERSON, NEVADA; TO ESTABLISH PROCEDURES FOR CHANGING AND FIXING FEES THEREFOR; PROVIDING REGULATIONS FOR THE HANDLING THEREOF; PROVIDING THE METHOD OF PENNION AND CANCELLATION OF SUCH LICENSES; PROVIDING FOR PENALTIES THEREON, AND OTHER MATTERS PROPERLY RELATED THEREUNTO."
The City Council of the City of Henderson, Nevada, do ordain as follows:

SECTION 1
That section 9 (a) of Ordinance No. 4 of the City of Henderson, Nevada, is hereby amended to read as follows: "9 (a): Where the average monthly sales are under the sum of two thousand dollars (\$2,000.00), the sum of Ten Dollars (\$10.00) per quarter."

SECTION 2
Section 9 (b) of Ordinance No. 4 of the City of Henderson, Nevada, is hereby repealed.

SECTION 3
Ordinance No. 4 of the City of Henderson, Nevada, is hereby amended to add thereto a new section, which said section shall be designated as 20 (a), and shall read as follows: "20 (a): Effective July 1, 1958, an license fee provided for under ordinance No. 4 shall be payable semi-annually, that is, on July 1st and January 1st of each year. Wherever the words 'payable quarterly' or 'pay quarterly' are contained in said Ordinance No. 4, said words and usage of said words are expressly repealed."

A copy of this ordinance shall be filed with the City Clerk and notice of such filing shall be published once in the Henderson Home News, a newspaper published in and having general circulation in the County of Clark, Nevada, at least one week prior to the adoption of said ordinance and shall cause this ordinance to be published once immediately following its final reading and adoption.

ATTEST: s/N. D. Van Wageningen CITY CLERK
P—May 22, 1958

ORDINANCE NO. 323
"AN EMERGENCY ORDINANCE TO AMEND ORDINANCE NO. 2, ENTITLED 'AN ORDINANCE TO ESTABLISH RATES TO BE CHARGED AND FIXED FEES TO BE FOLLOWED BY SUBSCRIBERS FOR THE USE OF SEWER FACILITIES WITHIN THE INCORPORATED CITY LIMITS OF HENDERSON, NEVADA, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND OTHER MATTERS PROPERLY RELATED THEREUNTO."
The City Council of the City of Henderson, Nevada do ordain as follows:
SECTION 1. "An Ordinance to establish rates to be charged and procedures to be followed by subscribers for the use of sewer facilities within the incorporated City Limits of the City of Henderson, Nevada, and providing for penalties for the violation thereof," is amended by adding the following sections:
SECTION 2. Defining a "hook-up charge": The hook-up charge is a fee to partially defray the cost of making sewer service available at any point in the collection system and does not include compensation for a physical connection or extension of service to the property line.
SECTION 3. The hook-up charge (currently \$50.00) may be changed from time to time without amendment to this or previous applicable ordinances.
SECTION 4. It shall be unlawful for any person, firm or corporation in the incorporated limits of the City of Henderson to maintain, use or operate any private cesspool, privy, septic tank or sewer disposal system, when the business, residence, establishment or property served thereby is situated within 200' of existing sewer service lines of the City of Henderson and it shall be unlawful for the owner, renter or operator of any such business, residence, establishment or property to refuse to connect his establishment to the sewer system of the City.
SECTION 5. All existing plumbing must meet Western Plumbing Officials Uniform Plumbing Code current requirements, this to be ascertained after an inspection and approval by the Plumbing Inspector of the City of Henderson, Nevada, before a "hook-up" or connection can be made.
SECTION 6. Existing septic tanks must be disconnected and filled within sixty (60) days after sewer hook-up or connection made and sewer in service; this must meet the requirements of the Health Officer of the City of Henderson, Nevada.
SECTION 7. The City Council shall not establish any rate schedule which will permit free service to any customer.
SECTION 8. Any person who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine not to exceed the sum of \$250.00 or by imprisonment in the City Jail for a period not to exceed six (6) months, or by both such fine and imprisonment.
SECTION 9. It being necessary for the health, welfare and safety of the inhabitants of said City, this ordinance shall be and hereby is declared an emergency.
The above and foregoing ordinance was first proposed and read to the City Council on the 19th day of May, 1958, and by unanimous consent of the council, same was duly passed on the foregoing date, and was a regular meeting of the Council held on that date, and the above ordinance having been read in full to the City Council as first introduced, was adopted by the following vote:
Voting "AYE": Armstrong, Kesteron, LaPorta, Mayor
Voting "NAY": None
Absent: Pagan

SPORTS MIKE

By MIKE O'CALLAGHAN

Why does some loud-mouth usually find his way into sporting events and then spend the entire evening crying about a decision or riding the officials? It is bad enough for such a person to pay a buck or two to see an event and then think that his money has also given him the right to abuse everybody associated with the affair, but many times it is a free-loader who has the biggest mouth.

Usually you will find the biggest mouth in the crowd is owned by some hick who has just found his ability to bellow or else has been doing it all his life as he sat on the side-lines. Suddenly he has found that his voice gives him a distinction, not always appreciated and he is going to take full advantage of the situation.

If you look into Big Mouth's background you will usually find that his own athletic ability is extremely limited or else he was a star at Podunk High (student body — 67) and was named on the all senior football team.

There were 10 boys and 13 girls in the senior class and Big Mouth had to really fight for his position so he knows what competition is like in the big leagues.

The next time you buy a ticket to an athletic affair be sure and head the fine print and see if you have bought the right to abuse everybody in the area and also have the right to make an ass of yourself and set bad example for the young people around you. If you find such a ticket for an athletic affair please send them to this writer so he can distribute them among some people who attended the State Track Meet last Saturday evening. We might as well make the loud-mouth legal as he must have some type of justification for existence on the earth.

Steve Sullivan threw the shot three feet beyond the existing state record when warming up the other night. When the shots that counted were recorded Sullivan had beaten all competition in sight but was unable to break the state record.

If Sullivan had gone but one inch over the record he would have beaten it by at least three feet on the next puts after he had relaxed. The big boy has the ability to beat the state record physically but has found his major block to be his mind as he tightens up when competing. This is caused by Sullivan's great desire to do the job he knows that he can do for his coach and his school.

Steve is graduating this year and hopes to go on to college and earn a degree. If this lad keeps on developing the next few years as he has the past 2 years you will be hearing more of him in the athletic world.

What more can a pitcher do than to strike out ten men during a seven inning game and slam a home-run during this game? If you have any suggestions you might drop them off at Bruce Alverson's doorstep as he did just this deed last week and wound up the losing pitcher during the first state championship game.

Big Al worked long and hard

in the hot afternoon sun last Friday but had no control over the bad bounces and the erring gloves of his teammates. This writer walked away from the game down-hearted and Al walked away thinking about next year when he will be back on the mound for the Wolves.

Terry Hudgens pitched a beautiful performance that evening and dropped a heartbreaking decision as the final game of the tournament went to Fallon.

Terry's work on the mound showed that his baseball ability is as great as the ability that he shows on the court.

When attending the final night of the rodeo last week I received the surprise of my life as I observed Mike Hines galloping across the arena in hot pursuit of a calf. Big Mike roped his calf and tied it in 20.5 seconds which is good time among the men who make their living on a horse. If his horse had not broken the barrier Mike would have had the second fastest time of the evening for that event.

If Hines had decided to make his living in the rodeo arena and not in the courtroom it is very possible that Las Vegas would have had a World Champion calf-ropper or bulldogger to claim as it's very own. Mike's football ability came forth the other night when he slammed the calf to the ground. Imagine what would happen if he was bulldogging and had his mind made up to throw an ornery critter that didn't want to be thrown.

Patricia Wise Appointed to Scripps Clinic

Mr. and Mrs. Orlando T. Espinosa of 55 East Basic Road have received word from the University of New Mexico that their daughter, Patricia, now Mrs. Julian Wise and a Senior at the University, has received an internship appointment to the Scripps Metabolic Clinic at La Jolla, California.

Mrs. Wise is the only graduating dietician at the University this year. She will receive her B. S. degree in June.

The internship at the Scripps Clinic will begin in September, and will require one year to complete. At the termination of the training period, Mrs. Wise will become a member of the American Dietetic Association.

The appointment is one of 9 to be made by the selection board at La Jolla Clinic. Applications are received there from graduating seniors in this field from colleges and universities around the country.

Mrs. Wise is a 1954 graduate of Santa Fe High School, where she was a member of the National Honor Society. At UNM she is a dietetics major and a journalism minor, and is active in both Kappa Omicron Phi, national home economics fraternity, and Heta Sigma Phi, national women's journalism society.

PITTMAN WOMEN'S CLUB GETS GEN. FEDERATION CITATION

Members of the Pittman Women's Club were greatly honored last week when a citation for community achievement was received from Mabel S. Prout, president of the General Federation of Women's Clubs, which reads:

CITATION

To The Pittman Women's Club For dedicated service on behalf of a better community as a participant in the 1956-1958 Community Achievement Contest sponsored by the General Federation of Women's Clubs and the Sears and Roebuck Foundation. (signed)

James C. Worthy, President, Sears and Roebuck Company (signed)

Mabel S. Prout, President General Federation of Women's Clubs

The project entered in the Community Achievement Contest, for which the Pittman women were honored, was the building of the Pittman Community Center. The building was completed early last year and at that time the club owed approximately \$1000 in construction and equipment bills. This indebtedness is now less than \$100 and Club President Orrel Lindsey advises this is expected to be cleared up in the near future. When the last of the indebtedness is paid, the building will be formally dedicated, Mrs. Lindsey said.

In addition to the erection of the Community Center, the Pittman Woman's Club has been active in community service work and charity drives, giving help to neighbors in distress, and providing entertainment for all age groups in the community.

Upon receipt of the Citation, members of the club again expressed their appreciation to all in Southern Nevada who contributed to the Community Center, and without whose help the building could not have been erected.

Diagnostic Clinic For Crippled Children Scheduled For June 5

A diagnostic clinic for crippled children will be held on Thursday, June 5, at the Clark County Health Department, according to Dr. D. D. Carr, Our County Health Officer. Four of these clinics are now held each year, Dr. Carr said.

Approximately 280 youngsters under 21 years of age are on this program in Clark County. The diagnostic clinic is for the purpose of seeing new cases referred and to check progress of cases previously seen or serviced.

Serviced are many varied cases such as: club feet, post paralytic polio, cleft palate and lip, contractures or disfigurement due to burns, dental-facial deformities accompanying cleft palate, eye conditions such as crossed eyes, some ear conditions, certain tumor growths requiring surgery, disabling deformities, congenital heart and several other conditions.

The interests of the clinic is in correcting totally, or as much as possible, these various conditions to aid the child by removing the handicap as far as possible and thus fit the youngster for a much brighter future in life.

At the June 5, clinic, specialists in the various fields indicated are expected to be on hand, including: Dr. Martin Payne, Orthopedic surgeon; Dr. Grant Lund, Pediatrician; Dr. D. J. Hurley Director of Nevada Crippled Children Service; Dr. Vincent Mannion, State Public Health Dentist; Dr. Irving Lazar, State Psychologist; and Mrs. Blanche Huffaker, a Physical Therapist for the Nevada Society for Crippled Children.

MAD ABOUT DOGS

By MARWOOD A. DOUD

The trouble with most mutts is the masters. We love 'em, brag about their accomplishments and alibi for their misgivings but leave ourselves open for a lot of criticism with the scientific neglect we so generously bestow.

Self preservation and natural instinct protected the wild dog, in his natural habitat, but we have forced our modern pets to rely on us for protection and sustenance. The more we encourage that dependence, the better our pet becomes adapted to the desired degree of domesticity.

It's time now, for the annual reminders regarding our dog's safety and welfare — during YOUR vacation. Many a vacation has taken a tragical turn because the family pet has been left in the car to bake while the family enjoyed a bit of relaxation in an air-conditioned restaurant or a place of amusement.

It only takes a little while for an animal to perish in a closed car during the summer — especially here on the desert. Temperatures have been recorded that are much hotter than that required for pasteurization of milk. (140 degrees F.)

Plan for your pet's safety and comfort while you plan for a pleasurable vacation.

Dr. Carr reports he had been informed by the State office that Dr. Edith Sappington of the U. S. Children's Bureau expects to observe this clinic as one of the best operating in eight Western States. There will also be a brace-maker on hand and Clark County Public Health Nurses will plan, schedule and help throughout.

The program is sponsored by the U. S. Children's Bureau and the Nevada State Health Department for all boys and girls under 21 years of age who are physically handicapped.

The diagnostic service is offered without charge and Dr. Carr urges parents and physicians to make appointments for these children well in advance of clinic date by contacting the Clark County Health Department at Second and Stewart St. in Las Vegas.

I COVER THE DESERT

By MERT INGHAM

Well, I didn't hear from any of you this week with your tall tales about snakes, but I did dig up a few more myself.

Have you heard of the "Glass Snake" that comes apart when threatened, and reassembles when danger is past?

Well, there is no such snake, however, this story is the basis for the legend that if a snake is cut into pieces the parts will join together again. The so-called "Glass" snake is really a legend, and like many other lizards, its tail will break off when an enemy grabs it. The broken off tail will wiggle and flop for a period of time. While the enemy is trying to catch the wiggling, flopping tail, the lizard sneaks off into a hiding place to regrow a new one.

This is similar to the story that a snake will not die until sundown.

Examples of the reflex action on the part of killed and decapitated snakes have been the basis of many stories.

Here are a few facts listed by Laurance Klauber in his book about Rattlesnakes.

TRUE: The heart of a decapitated sidewinder beat for 59 hrs. after severance of the head.

TRUE: The severed head of a Rattlesnake remains dangerous and capable of biting and injecting venom 20 minutes to one hour after death.

Treat a "dead" rattler as you would a gun. Handle both as if they were "loaded."

Another story is that rattlers have a strong hold on life and are difficult to kill; also that they love the sun.

I personally set out to photograph a sidewinder one day when it was 110 degrees in the sun. The snake died after only four minutes of exposure.

It is true they love warmth, but strong sun kills.

We have many snakes in our collections at Lake Mead, but there are probably some in the area we haven't seen.

We invite the boys and girls, and adults too, to bring your snakes and other animals to the National Park Service Office on Boulder Highway. We'll be happy to help you identify them and perhaps you will add valuable information to science.

Baring Introduces "Jobs Over 40" Legislation, Eagles Overjoyed

C. I. Greisenauer, president of the Fraternal Order of Eagles, Basic Aerie 2672, announced yesterday that members of the local lodge have received word that on May 6, Congressman Walter Baring introduced an amendment to an Act of Congress entitled "An act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes," which Act was approved June 30, 1956. The amendment would prohibit discrimination against hiring persons over 40 years of age.

Eagles Lodges throughout the United States have circulated petitions, to encourage the passage of such legislation, entitled "Jobs Over Forty." More than 800,000 names were secured on these petitions with 8,000 those red those of Henderson resi-

dents. Local Eagles who have campaigned enthusiastically for the enactment of "Jobs Over Forty" legislation, were delighted with Baring's amendment, Greisenauer said.

The amendment, the Congressman said, would still respect the regulations protecting older workers from tasks which could not ordinarily be performed safely and efficiently by older men.

Baring said he was amazed that employers throughout the country still refuse to hire peo-

ple who are over 40 years old, when these are the very people who have, over the years, gained mature judgement and can be depended upon, because, generally they are married men who have families and responsibilities and they cannot afford to flit from job to job indiscriminately. They are the men, who by years of training have acquired skills and knowledge which are needed today in our complex economy.

Congressman Baring added: "What incentive can we offer the youth of our country if their span of useful life is measured in terms of 15 to 20 years of employment? How can we encourage them to build homes and to bring more children into the world only to face these same limitations? I intend to press for the enactment of this legislation to the utmost."

Greisenauer said he is certain that Eagles throughout the Nation will join with the local Aerie in saying "Amen" to Congressman Baring's statement, and will be grateful to our Nevada Representative for the introduction of this legislation, for which they have worked so diligently.

ANDERSON CHEMICAL

Hans Stauffer, President of the Stauffer Chemical Company announced today the acquisition of all of the outstanding stock of Anderson Chemical Company, of Weston, Michigan. 18,169 shares of Stauffer common were issued in exchange for 19,006 shares of Anderson.

Anderson produces and markets a number of specialty chemicals including esters of boron and silicon, pharmaceutical intermediates and organo-metallic compounds. Its recent efforts have been directed mainly to the latter field. Several promising chemicals not yet marketed commercially are now being produced by Anderson in pilot plant quantities.

Stauffer's research interests in the organic compounds of boron and silicon have been similar to those of Anderson, and it is planned to intensify the research and development on these compounds.

Anderson Chemicals Company will operate as a Stauffer subsidiary under the management of its founder, Amos R. Anderson

HISTORICAL SCRAPBOOK

15 YEARS AGO As reported in the BASIC BOMBARDIER

One of the largest, and by the same token most modern, theaters in Nevada is rising rapidly in the business center of Basic Townsite. Completion is scheduled for July 15 and Ass't Supt. of Construction Forrest Kimball, says McNeil will have it done on time. It's a popular D PS enterprise, long looked forward to by local thousands.

The seating capacity will be 850. Every man on the job is promised a free show for himself and family when the picture house opens. Earl Brothers of Boulder City will manage the new theater.

The last brick of 20,000,000, completing the largest refractory job in world history, was laid a few days ago in the Metal Unit 10 wash tower. Eddie Cleeton, McNeil Gen. Supt. of Masonry, and William Mawdsley, English Masonry Consultant, B M I,

as President, Harold G. Deters, Secretary of the company, will continue as its Director of Sales.

LETTER TO THE EDITOR

Dear Mr. Zenoff:

In your Thursday, May 8th issue of the HOME NEWS you certainly threw the blocks to some of our councilmen. The freedom of the press gives you this privilege and your opinions therefore, can be aired as you see fit.

Don't you think you might take a little time in preparation, before press time, to check out all the facts?

It is my belief that the three named councilmen were doing their duty as elected servants of their respective wards. To open the town to beer bars and the like was evidently not in the interest of the voters to whom these men owe responsibility.

I, too, am from Milwaukee and was born somewhere between a brewery and a cheese factory. Please bear in mind that we are not living in any part of Wisconsin. The only difference between the business concerns here as compared to Milwaukee is that they have more of them. You were right about having beer bars every few doors — but again we are not in Milwaukee. People in the town of Henderson seem to be just as happy without them. The majority of the people, that is...

You mentioned the dire need of new business in our town. The fad of service stations need not wait for open season... They are already here. As for a mortuary, we could use one. Above all of these we could use some big business. Any air-craft plant, missile plant, building concern or large chemical plant would do for a start. The smaller businesses would thrive, more people would become solvent and our community would be in a position to pay its way.

Councilmen Pagan, Kesterson and Armstrong as well as the others not mentioned in your article have a definite responsibility which need not be preached to them... We, the public, should take some of the blame if things slip by the board. These men cannot read our minds as to the public's wishes unless they know what we desire.

Sincerely Raymond L. Currier 7 Idaho Way

FOR SALE — lovely two bedroom, brick home, all electric. \$12,000. \$2,500 down, \$75.00 per month terms. Write Box 10, Boulder City News.

PLASTERING—Licensed Contractor. Free Estimates. Allied Corp. Ph. DUdley 2-4480.

THE GENESSEE FARMER REPORTS ON BEING BURIED ALIVE, 1834

By RAE VAN DORNUM

(Another in a series of features on the Genessee Farmer, a weekly newspaper published in 1834, as compared to the Henderson Home News, 1958)

ON BEING BURIED ALIVE

Improved medical knowledge and facilities and modern mortuary care of the dead have eliminated the fears which plague mankind the fear of being buried alive. To the readers of the Genessee Farmer in 1834, this was a fearsome and possible consequence of a number of ills.

Visitors to the District Public Library, who have looked over the Haidner collection of old books have shown more interest in this article in the Farmer than in any other single item in the display.

True to Form, Editor Luthe Tucker added no flourishes to the headline on this news feature, the two words "Burying Alive" were apparently thought to be sufficient.

The story reads: "We have been furnished by a French gentleman, with whom we happened to converse a few days ago, on the subject to which it refers, with the following facts collected from medical history. They are painfully interesting, yet proper to be known, in order to prevent, if possible, their recurrence. Premature interments may take place in this country as probably as elsewhere. Physical organization is nearly the same throughout the whole of the human family, and we can conceive of no self-up-braiding more deep or bitter than that which must be felt from the consciousness that a dear departed one had terminated life — not by the ordinary course of mortality, but by an unnecessarily premature consignment to the grave. — N.Y. Com. Adv.

The diseases in which a partial and momentary suspension of life most often manifests itself are Asphyxia, Hysterics, Lethargy, Hysticoibrium Convulsions, Syncope, Catalepsy, Excessive loss of blood, Tetanus, Apoplexy, Epilepsy and Ecstasy.

Among the many cases which have been recorded, the following are particularly stirring: Chancellor Bacon relates that Dr. Scot, nicknamed the Subtle, was buried alive at Cologne and that, recovering from his apparent death, he gnawed his hands and broke his head in his tomb.

At Toulouse, a lady having been buried in the church of the Capuchin Friars with a diamond ring on her finger, a servant entered the vault to steal the ring, and as the finger was swelled and the ring could not come off, he began cutting the finger; on hearing a loud shriek from the deceased, the thief fell senseless. At the time of the morning prayers, the monks having heard some groans, found the lady alive and the servant dead. Thus death had her prey; there was but a change of victims.

A street porter in Paris having died at the Hotel Dieu, was carried with the other dead into the same grave; recovering his senses toward eleven at night, he tore open his winding sheet, made his way to his house, knocked at the door which was not opened to him without some difficulty, and took a new possession of his lodgings.

In 1756, a woman in Paris was thought to be dead, and the body put on some straw with a taper at the feet; some young men who sat up round the corpse, in a frolic overturned the taper. This set the straw on fire. The deceased, whose body the flames had now reached, uttered a piercing shriek. Timely assistance was rendered and she so well recovered, that after her resurrection she became the mother of several children.

On the 21st of November, in 1793, the able Prevot, will known for his literary productions, was taken with an apoplectic fit as he was traveling through the forest of Chantilly. Being supposed dead, he was carried to the house of the Mayor of the village and the magistrate directed a post-mortem examination to be commenced. A piercing shriek uttered by the unfortunate man proved that he was alive. He expired under the scalpel.

Dr. Devaux, a surgeon of St. Come hospital in Paris, had a maid-servant who had three times been carried to burial. She did not recover her senses till the last time they were lowering the coffin into the grave. That

woman having died anew, the body was kept six days lest they should have to bring her back a fourth time.

The fear of the possibility of being buried alive persisted long after these accounts were reported in the Genessee Farmer.

Shortly after the turn of the century, a young matron died in Lovelock, Nevada. This young woman, whose name has slipped the mind of our informant, had a great fear of being buried alive and is said to have threatened to come back and haunt her husband if he buried her at all.

In accordance with her wishes, or because of his fear of being haunted, her husband had a brick vault constructed in the Lovelock Cemetery, in which the deceased was placed in an unsealed casket.

A key, assumed to have been the key for the door of the vault, was placed in the dead woman's hand. The key would have been of small use, had she awakened, as the door was never placed on the vault.

Grooved casing were installed at each side of the door, into which two by twelve planks were slipped, one on top of the other. These were known to the miner as "bomb boards."

Throughout the next 25 years this young woman had many visitors. Curious and interested persons had little trouble entering the vault. One had only to lift off the top board and then the next, until able to step into the tomb, and apparently many were interested in the lady whose interment was so unorthodox.

One gentleman, now living in our city, visited this tomb in 1930, approximately 25 years after the lady had succumbed. He was accompanied by a young medical student from Tonopah, who is now a practicing physician and surgeon in Los Angeles.

The young woman's body was found to be in a perfect state of preservation and the black tulle dress in which she was interred looked as good as new.

The visits to the tomb were stopped when the police sealed the tomb following a prank by a group of young men, who took the casket and corpse out for a tour on Halloween, this same year.

After this occurrence the police visited the husband of the deceased, who was still living in Lovelock and demanded that he seal the vault.

The demands fell on deaf ears, for the gentleman refused to comply.

Even after 25 years, he apparently was afraid of being haunted if he broke his word to his beloved and sealed her tomb, for he told the police that if it was to be sealed they would have to do it themselves.

A short time later the police sealed the vault with cement.

Bridal Shower Honors Sue Guinn

Miss Carol Sun Guinn of Henderson was guest of honor at a miscellaneous bridal shower given Thursday night at Christ's Church Lutheran in Boulder, with members of the Mary and Martha Guild as hostesses.

Spring flowers, pink tapers, and cakes in bridal decor enhanced the refreshment table.

Games were played during the evening. The bride-to-be received many lovely gifts.

Those extending their best wishes to Miss Guinn were the Misses Charlene Homer, Judy Hamblin and Fay Long, all of Henderson; and Mesdames M. S. Danneberger, Marwood Doud, Neil Holmes, Joe Kine, Frank Turner, Bill Friedrichs, Terrill Kramer, Lamar Chamberlain, Ivan Nichols, Robert Denning, Lytle Miller, Fred Troger, John Kreimeyer, Clarence Stay, Gene Denzer, Joe Laubner, Keith Johnson, C. A. Steiger, Robert Wincher, Robert Gettler, Elmer Friedrichs and Earl Leseberg, of Boulder and Henderson.

Gifts were also sent by some who could not attend. Miss Guinn will be married to Carl Friedrichs, son of Mr. and Mrs. Elmer Friedrichs of Boulder City, on July 5th at Our Savior's Lutheran Church in Henderson.

READ—USE THE WANT ADS

LETTER TO THE EDITOR

Gentlemen: It is not hard to see by the Henderson Home NEWS that you actually keep up with the activities of our little town — Just to read your paper makes us proud of our town, of the citizens who carry on, and our young people who are growing up as our own future citizens.

As I have read the many letters from citizens of various walks of life, I think how wonderful is our freedom — no one is afraid to voice his opinion for fear the axe is waiting for his head, should he dare to speak his conviction.

I wish especially to dedicate this letter to those who maintain high standards of living and advocate the same without fear. They stand for the things that form the very foundation of our government.

I will take the liberty to quote, in part, V. Raymond Edman, President of Wheaton College, Illinois — he can say it so much better than I can:

"Long may our land be bright with freedom's holy light." Not idly nor thoughtlessly did Samuel Smith pen these immortal words in his poem, America.

"Freedom is one of mankind's choicest treasures — There are millions and millions of earth's masses who yearn for the liberties and opportunities that we Americans take so much for granted — The Christian is a lover of freedom because the Gospel has made him free from the penalty and power of sin. He is God's free man. He desires that everyone come to know the Saviour; but whether or not such is the case every man is entitled to a maximum of freedom — economic, social, political, academic and spiritual — The Christian advocates and defends that form of government and economic organization which best promotes the cause of freedom.

"Democracy — Government" of the people, by the people and for the people." "The Constitution is a relatively brief document. The substance thereof can be taught to children in the upper grades and certainly in high school — It is a living basis for our government and therefore subject to constant interpretation and application; However, its great principles and pronouncements can easily be understood by American boys and girls if it is taught with conviction and pride in America.

"Suppose we who are older make a review for ourselves of the great underlying principles enunciated in the Constitution. In a very real sense they epitomize freedom's holy light.

"There are five basic concepts in the Constitution: popular sovereignty, supremacy of law, division of powers, limited government and separation of powers."

I will not take space to give the definition of each, but will say each definition is clear and to the point.

President Edman continues: "Our father's God! To Thee Author of liberty, To Thee we sing; Long may our land be bright With freedom's holy light; Protect us by thy might Great God, our King. (Unquote) These are my sentiments, too, and I have the same faith in our little City of Henderson.

"I have taken your time to remind you of these five great principles of American Government so that you and I may understand them, appreciate and defend them — By the same token I am trying to share with you the deep persuasion I have that American Government should be taught effectively and enthusiastically at least from the fifth grade upward. I want the rising generation to be informed and convinced Americans.

"In quoting Douglas MacArthur, General of the Army, I will give you a few high points of his speech: "In issues which today confront the nation are clearly defined and so fundamental as to directly involve the very survival of the Republic.

"Are we going to preserve the religious base to our origin, our growth and our progress, or yield to the devious assaults of atheistic or other anti-religious forces? — Are we going to maintain our present course toward Communism, squander our limited resources, yield personal liberties?

"Are we going to permit a continuing decline in public and private morality or re-establish high ethical standards and the means of regaining a diminishing faith in the integrity of our public and private institutions? "In sort, is American life of the future to be characterized by freedom or by servitude, strength or weakness?

"We stand today at a critical moment of history — a vital crossroad. The answer — in any dogma of political philosophy but in those immutable precepts which underly the Ten Commandments.

"The people as the ultimate rulers, must choose the course our nation shall follow. On their decision rests the future of our free civilization and the survival of our Christian faith.

"Not for a moment do I doubt the decision or that it will guide the nation to a new and fuller greatness."

(A few high points from President Edman's quotation from "Revitalizing a Nation" by General MacArthur.)

President Edman continues: "General MacArthur, that is exactly what I believe — I am sure these earnest Christian Americans hold the same persuasion.

"Thoughtfully therefore, shall we consider all the stanza in America which refers to "freedom's holy light."

"Our father's God! To Thee Author of liberty, To Thee we sing; Long may our land be bright With freedom's holy light; Protect us by thy might Great God, our King. (Unquote)

These are my sentiments, too, and I have the same faith in our little City of Henderson.
