

Orr Named Stauffer Works Mgr; Newell To Retire Jan. 1

JAMES F. ORR

James F. Orr has been selected to serve as Works Manager of the Stauffer Chemical Co. plant here, it was announced by company officials yesterday. The appointment will be effective on January 1.

Orr was formerly General Manager of the Pioche Manganese Company, and is a graduate of the University of Pittsburgh.

Leonard J. Edwards will continue as Assistant Works Manager, but will have added responsibilities in the operation and maintenance of the plant. Edwards is a Cornell Chemical Engineering graduate.

Due to company policy of relieving salaried employees at a specified age, Art Newell will retire from active management

next January, but will continue for a limited period to act as consultant to the plant management. Newell has held the position of Works Manager since January, 1946.

Rancho - Basic Football Replay To Start Where Game Left Off

It was confirmed yesterday by the I. L. N. that the Rancho - Basic football game will be played at Basic High School at 8 p. m. on November 10.

The game will be continued from the point when it was interrupted on Friday night by a power failure, halfway through

the second quarter with the score Rancho 19 and Basic 0. All those who attended the game on Friday will be admitted free when the game is finished on November 19.

Homecoming has been rescheduled for the Victorville game at Basic on November 15.

ACCIDENT VEHICLE — The automobile driven by Mrs. Rue B. Dalley which accidentally dragged and may have run over her yesterday morning as she was leaving her home is shown after it started forward as she was entering it after closing the gate, dragging her 42 feet when she was trapped by the door which was too near the fence to allow her escape. The car crashed into the house and in some way Mrs. Dalley was left lying on the driveway on the opposite side of the car. She was reported in critical condition at Rose de Lima Hospital. — Woodruff Photo.

Mrs. Dalley Critically Injured In Freak Accident When Dragged 42 Feet By Her Own Automobile

Mrs. Rue B. Dalley was reported in critical condition at the Rose de Lima Hospital following a freak accident yesterday morning in which she was dragged 42 feet by her own automobile.

Mrs. Dalley was leaving her home when the accident occurred. She had backed her car out of the driveway and got out to close the gate.

The car apparently was in low gear and when Mrs. Dalley started to re-enter the vehicle on the driver's side, it is believed she must have touched the accelerator, putting the car in motion toward the house.

Mrs. Dalley was unable to make her exit from the moving vehicle as it proceeded some 42 feet and finally hit the house, dragging her the entire distance.

Mrs. Ivan Cannon, who lives across the street, was the first to arrive at the scene, after her child came running into the house and told her Mrs. Dalley wanted to see her. Mrs. Cannon called the ambulance and the injured woman was rushed to the hospital.

Mrs. Dalley is the mother of four children; one son is attending the College of Southern Utah at Cedar City and another son, Gordon Dalley is a star football player with the Basic Wolves.

The two younger children are elementary school students. Rue B. Dalley, husband of the injured woman is employed in the electrical shop at Boulder City.

A report on Mrs. Dalley's injuries at press time revealed that she suffered breaks in both shoulder blades, one broken collar bone and one leg was broken in two places, both bones in each place. She is also suffering deep shock and multiple bruises and abrasions.

Dr. James B. French reported that altho her condition late this afternoon was extremely serious it was not considered critical.

WELLS CARGO BUYS HOUSING HERE FOR COMPANY WORKER.

For the first time in the history of our city, a Las Vegas concern is buying housing here for its employees. Joe Wells of Wells Cargo, Inc. is presently negotiating the purchase of ten red brick homes in the Sierra Vista Addition for employees of the contracting firm.

These ten homes will be among the next 25 to be built, and according to John Coe of Henderson Realty, who is in charge of sales, will be purchased under a conventional loan plan. This group of 25 houses, to be built on Palm Street, will be under construction even before the completion of the ten that are now being erected.

The builders have also received an additional 25 FHA-VA commitments which allow the building of another 25 homes in

this section, Coe said.

The red brick homes are not brick veneer, but are constructed with double brick walls. The brick used according to Frank Aregood, who has built hundreds of brick homes in California, are the type used in these brick, result in an even better product than brick made in our neighboring state.

The homes are equipped with all aluminum sash windows, the interior plastered and paved drive way and car port. Interior equipment includes gas heating and evaporative cooling, with forced air refrigerated cooling and heating optional.

The model home is open for inspection and prospective purchasers can also inspect the construction of the homes, now being built on Palm Street.

BOBBING FOR APPLES — The V. F. W. Junior Girls are shown at a Halloween party held on Saturday at the V. F. W. club rooms in Victory Village. One girl bobs for apples as the others await their turn at the tub. Many traditional Halloween customs were enjoyed and appropriate refreshments made the party a very enjoyable occasion. — Woodruff Photo

Armstrong Urges Okaying Bonds To Complete Convention Center

By GAIL ARMSTRONG
Clark County Fair and Recreation Board

A total of \$145,500 was spent by the Clark County Fair and Recreation Board to build the Boulder City swimming pool and the Henderson recreational Park.

Parents of the children who today are enjoying these recreational facilities have not paid one cent out of their pockets in tax money—as a result of voting for the previous \$4,500,000 bond issue to create recreational facilities in Clark County and build the Clark County Convention Center.

Of the \$4,500,000 raised through the sale of bonds only \$3,397,000 actually went for the construction of the auditorium and offices of the Convention Center.

In breaking down the expenditures \$303,000 was for the purchase of the land on which the Clark County Convention Center is being constructed, \$300,000 was for original plans and architects fees, and \$500,000 for construction of recreational facilities throughout Clark County, of which \$145,000 went to Boulder City and Henderson.

The law requires that a cash reserve of \$402,000 for the retirement of the bonds must be

kept in reserve at all times.

As originally planned the 90,000 square feet of exhibit hall of the Convention Center was to be completed when income from the tax on hotel and motel rooms was sufficient to defray the additional cost of this construction.

Ten major conventions with a revenue to Clark County of approximately \$10,000,000 have been confirmed on condition that the exhibit hall is completed—income from the tourist tax on hotel and motel rooms is ample to retire both the original bond issue and the \$1,000,000 bond issue on the Nov. 4 general election ballot, which will be used to complete the vital exhibit hall.

As explained in the last issue of the Henderson Home News and Boulder City News, everyone in Clark County will benefit from the income from convention delegates.

For these reasons we members of the Clark County Fair and Recreation Board urge you to authorize the final issuance of \$1,000,000 worth of bonds to completely finish the Clark County Convention Center and thus increase the amount of tourist dollars coming into the community without costing the taxpayer one penny.

Dog Killer Feeds Metal Cuttings To Pet Spaniel

Another dog killer is at work in our town, this time in the Hillcrest area. There is nothing humane about the method used to rid the area of pets—perhaps the person, whose hatred of dogs leads him to take the life of children's companions and pets, enjoys watching the animals suffer—one can believe a dog killer capable of such emotion.

Last week a little brown and white spaniel, who was the pet of the four children of Mr. and Mrs. Daniel Hutton, spent a week in agony after being fed metal cuttings, apparently fed to him in some kind of meat.

At first, the family thought the dog had a touch of distemper and the children nursed him with loving care. Each day his condition grew worse and the local veterinarian was called in. Dr. Hoentsch immediately knew the little dog's life could not be saved and he put him to sleep, ending the week of agony.

The Hutton children: Sherdine, 14, Joann, 12, Danny, 9, and Kenneth, 3, can't understand why anyone would want to kill their pet, especially since he was well cared for and spent his time inside a fenced yard.

Nothing can be done to bring the dog back to life, but Mrs. Hutton says she would be forever grateful if the person who killed the dog would please come to their house and explain to the heartbroken children just what was their reason their dog could not be allowed to live.

This explanation would be a great kindness to 9-year-old Danny, who had made a pal of this little brown and white fellow and is inconsolable since his death.

Wolves Travel To Blythe
The Basic football team leaves for Blythe, California tomorrow afternoon to play the Yellowjackets in an interstate contest.

Both Basic and Blythe have tasted the horns of the Rancho Rams and will be out to prove which is the better team.

The Wolves will be without the services of Ron Walker, Victor Vincent and Mack Paisgrove. All are academically ineligible for this contest.

This Is Our City A Word From The Mayor

By BILL BYRNE

(Ed. Note: Since the city was incorporated in 1953, this paper has adopted a policy of inviting the City's Mayors to write a weekly column, direct to the people. The first Mayor, Dr. James B. French, availed himself of this invitation.

The community's reception was excellent, gauging from the comments this paper received. The second Mayor, Wm. B. Byrne, received a standing invitation to follow suit, at the time of his election. Following is his first column.)

The editor and publisher of this paper requested several times in the past that I write a column for the paper and I must confess that I refused with the excuse that lack of time prevented my doing so. However, I do agree that circumstances do make it incumbent upon me to, on occasion, inform the people of TRUTHS AND FACTS when untruths and misstatements appear in other press.

For example the self-styled "correspondent" for the morning paper, (I've always thought of her as just a reporter—imagine) a few days ago wrote a real heart-warming article eulogizing ex-Mayor Jim French. Now, I like to read nice things in the press about anybody at all, especially in a paper that so seldom indulges in that sort of thing.

But when the writing is so apparently for the purpose of making odious comparison with our present administration, and since Jim French and his lovely wife, Lucy, have suddenly be-

come so keenly interested in the affairs of our city just a few weeks before their migration to residence in Boulder City I again feel it incumbent to print the true facts, borne out by the evidence.

Mrs. Isabelle Mack, the "correspondent" here for the Las Vegas Sun, writes the following in her article . . .

"It was learned from Jim French that recently, etc, etc, etc. There are citizens who remember the ex-mayor's part in his city projects . . . some do not . . . but ex-mayor French took trips to Washington, Reno and San Francisco for his city, and PAID ALL EXPENSES HIMSELF." (The caps are the writer's)

"An ordinance allows the mayor or \$3500 now and his councilmen \$1500 apiece annually. Although passed by the other administration city fathers, they did not get a cent of money for the many efforts they put into the city."

"Many persons here will remember and be grateful to the town's first mayor for his part in building the city."

Now, of course, many persons will remember and be grateful to the ex-mayor for his part in

(Continued on Page Eight)

Don't Miss Big Dance Sat. Nite At Market Town

LETTERS TO THE EDITOR

To the Editor:
I sincerely believe that all our lives, we are greatly influenced by our environment; climate, geographical location being only secondary to the people among whom we live — And we, in turn, also influence those around us, whether we realize it or not.

I have lived in Henderson for many years and watched it grow. Many improvements have come — things to make me proud of my home town. Other things and conditions are here that make me — not so proud.

Have I contributed to the good here by trying to help out in the community in various ways — doing my shopping in Henderson, etc.?

I hope so, but — have I also allowed some other things to slide downhill, and corruption to seep in here and there by my sometimes lazy, I-don't-care attitude?

I will never forget how sick at

heart I was at the outcome of one local election here. That happened to be the time I thought I was too busy to go vote. Would my vote have made the difference? I'll never know.

Every town has both good and bad points. So does Henderson.

I have made a list of what might be called a few of her liabilities and assets —

LIABILITIES first:
1 Our allowing bars and casinos downtown —

We chose to live here rather than Las Vegas to take our children out of that mess. Now, because of a few people, this has been railroaded through — It may eventually ruin our own local economy. For instance — How many dollars went to those places that could have kept our fine movie theatre from closing?

2 At the very TOP of the list — There are a number of things in Henderson that are outmoded, inefficient and need replacing.

(Continued on Page Eight)

Wm. P. "Compton Lists Qualifications

William P. "Bill" Compton, candidate for District Judge, Department Two, has been a resident of Henderson for the past 12 years. He and his wife, Ruth, celebrated their 23rd wedding anniversary on September 13. They have one child a daughter, Marcia Jane, who is 13-years-old.

The family attends St. Timothy's Episcopal Church where he is a member of the Vestry and former Warden. He is also Vice Chancellor of the Episcopal Church of Nevada and is presently teaching a class of high school students in St. Timothy's Sunday School.

Compton's education, background and experience qualify him well for the office he seeks and although he is primarily interested in the Juvenile Judgeship, he is qualified to handle any type of case which might come before the court.

He is a graduate of the University of Virginia Law School and had the honor of serving as editor of the law school organ "Law Review." He also had the very great honor of serving, by invitation, as clerk to a Federal Judge for two years in Virginia.

For the past 15 years, Compton has been practicing law and has had 11 years of active trial practice in Nevada, handling all types of cases. He served as As-

sistant United States Attorney for Nevada, prosecuting all matters for the Government in Southern Nevada, including all narcotic cases.

His private practice has included all phases of general practice, both plaintiff and defendant cases in civil matters and criminal defense in addition to general office practice.

He is Past President of the Clark County Bar Association and is a member of the State Board of Bar Examiners, having been a member of this board for the past five years.

Before studying law, Compton worked in a mental hospital for 14 years and also continued this work while attending Law School, in order to pay for his legal education.

In this work he dealt with the physical, mental and emotional problems of both juveniles and adults. In this connection, he completed courses in psychiatry, psychology, criminology, sociology and race relations.

Active in civic affairs, he is Past Chairman of the Clark County Polio Board, a member of the Elks, Masons, York Rite and Scottish Rite bodies and a Shriner.

In speaking of the things he proposes to correct, Compton

said: "Much injustice is created by delay in hearings in our courts. There is no excuse for our courts to be over a year behind in hearing trials.

"I would work toward the creation of a master calendar for the equalization of the case work load among the several Judges and a fairer distribution of the work so as to promote speedier trials.

"I intend to make every effort to secure the Juvenile Judgeship. If successful, I would require more adequate investigation of the juvenile cases—I would give more complete and fairer hearings of juvenile cases—not 12 to 15 minutes, as has been done—and I would require more strict supervision and follow-up of probation cases.

"I would like to promote an interest among the several charitable organizations, interested in youth problems, to develop programs for vocational rehabilitation of young people, so as to prevent as well as eliminate juvenile delinquency—also, I will propose measures to decrease our present parental neglect."

Speaking of the narcotic problems, Compton said: "I would make the strictest application of our narcotic laws and particularly to (peddlers or pushers)." If elected District Judge, he says he plans to devote all the time necessary to the best administration of the office possible.

Deanna Williams Honored At CSU Homecoming

Miss Deanna Williams, daughter of Mr. Clayton Williams, 425 National, is one of the lovely queen candidates to reign over annual Homecoming activities at College of Southern Utah this week. Miss Williams is a Business major at CSU and is being sponsored by the Circle K organization on campus.

The queen and her two attendants will be named by popular ballot to reign over the final Homecoming activities in Cedar City on Friday.

First activity of the day Friday is the annual assembly at 9 a.m. with the theme of "CSU today." At 11 a.m. the big attraction will be a parade of nearly 40 floats and four high school bands. Three girls' marching groups will also participate in this function. Prizes will be awarded to the winners in the float divisions that do the best job of decorating to the Fairyland Fantasy theme.

At 12:30 p.m. the Alumni Luncheon will be held in Student Commons on the CSU campus. All former students are invited to attend this function according to Neil Smyth, general chairman.

Pre-game activities will get underway in the Bronco Bowl at about 1 p.m. with marching demonstrations by guest bands and marching units. The Homecoming Game at 2 p.m. will feature the CSU Broncos and the Utah State University freshman team. Halftime program will see the outstanding Debbonettes from Moapa Valley High School in Overton, Nevada, said Smyth. Final activity of the day is the Alumni Ball to be held in the main ballroom at 9 p.m. Music by the "Y's" Men of Brigham Young University. Everyone is invited.

Jaycees And CC Sponsor Joint Dance, Bar-B-Q

The Chamber of Commerce and Junior Chamber of Commerce will hold a dance for the public on Friday night, November 14. Live music will be featured and the Eagles Lodge will donate the use of the hall and furnish bartenders and take care of cleaning the hall after the dance.

The Royal Cafe has consented to print the posters and tickets and the Review-Journal has donated a \$10 gift certificate for the door prize.

A free venison barbecue will be served, the buck donated by a local hunter.

INK DRAWING CLASS OPENS

Painters and Potters are fortunate to have Alton Peterson as instructor in ink drawing for the next six weeks. An outstanding artist and water colorist, he taught at Boulder City High for many years. At present, he teaches art at Rancho High.

New members are invited to start Tuesday, 8 p.m., Arts & Crafts room, Basic High. Dues are nominal, please bring the following supplies: 2 pen holders, 2 fine pen points, also points — B5, AO, BO, B3, India Ink, soft cloth, Bristol Board and Wattman papers.

The club will hold a sketch and paint trip Saturday, Nov. 1; they will meet at Railroad Pass at 1 p.m.

Death Of Father Turns Hunting Trip To Tragedy For Wayne Powell

A proposed hunting trip for Wayne Powell, 581 Karen Way, ended in sadness with the death of his father, William R. Powell, of Price, Utah.

Powell made the trip to Utah to hunt with his father and his brothers, but upon arriving in Utah, the father and one brother, Clinton, had already left on the trip. Powell went to Nine Mile Canyon in search of the party but after being unable to locate them, he returned to Price where he visited relatives.

The elder Powell and son hunted until Tues. evening when they started home. They saw some deer and stopped again, and Clinton shot one of the deer. He went to get the deer while his father stayed behind. When he returned to his father, he found him dead. He applied artificial respiration, but could

get no response. He then went for help, and took his father back to Price. The death was attributed to a heart attack.

Mr. Powell was born May 21, 1883 and had spent his life near Price. His survivors include 3 sons, Wayne of Henderson, Clinton of Price; Clifford of Price; and three daughters, Mrs. Wilma Hilton of Salt Lake, Mrs. Elva Anderson of Wellington, Utah, Mrs. Nola Russell of Wellington, Utah. Also surviving are 19 grandchildren and 5 great grandchildren. Local grandchildren are Gene, Connie and Carole Powell.

The funeral was held Saturday. Wayne Powell returned to his home Sunday.

As Powell was returning he passed the scene of the accident at Nellis cut-off which took the life of a Las Vegas teenager.

Judge G. Treem Seeks Office As Justice Of Peace

Municipal Judge George Treem, who is seeking the office of Justice of the Peace, Henderson Township, has spent all of his adult life working in administrative and executive fields.

For the past 12 years, working in an administrative capacity in Clark County, he has been in close contact with the judicial processes, and since the death of the late Charles Dohrenwend has served the city of Henderson as Municipal Judge.

Judge Treem served as Chief Administrative Officer for the City of Henderson for two years and during that time worked closely with law enforcement and legal matters. Prior to coming to Henderson, he served as City Manager of Las Vegas.

He is eminently qualified for the office of Justice of the Peace. Before filing for this office Judge Treem made certain that Ann Dohrenwend, presently serving in this capacity, did not wish to continue as Justice of the Peace and was not planning to file for the office.

Judge Treem is married to the former Harriett Clements, a local teacher, and they make their home at 85 East Texas.

If elected Justice of the Peace, Treem plans to resign his present position in Las Vegas, devoting his entire time to judicial affairs in our community.

LDS FIRST WARD BAZAAR SATURDAY

The LDS First Ward is sponsoring a bazaar, bake sale and rummage sale this Saturday at the LDS Chapel on Ocean Avenue from 1 to 6 p.m.

The public is cordially invited to attend and start their Christmas shopping with some of the lovely hand made items which will be on sale. These include dish towels, quilts, sheet and pillow case sets, tablecloth and napkin sets, doll clothing, children's clothing, scarfs, crocheted doilies and toys.

Bakery items will include pies, cakes, bread, rolls and a variety of other foods.

SCHOOLS HOLD ROOM HALLOWEEN PARTIES

Local schools will be invaded by many mysterious creatures tomorrow with witches, skeletons, and goblins running rampant. School youngsters will enjoy the first party of the year in celebration of Halloween. Many room mothers have chosen the traditional refreshments of doughnuts and cider for the afternoon parties.

The Christian Endeavor of the Community Church held a pre-Halloween party Sunday evening following religious services. Refreshments of doughnuts and cider were served.

LEONARD HORSES ENJOY VACATION

"Did your horses enjoy their ride?" friends are asking amiably. "Did your horses enjoy their ride?" friends are asking amiably.

Leonard has been taking some teasing because he took his horses on a deer hunting trip, but then did not use them.

The horses that made the "scenic tour" as one friend calls it, were accompanied by Vaughn Burton, and several Nellis acquaintances of Burton and Leonard, who is a former air force man. Reports are that several deer were killed on the trip made last weekend.

JUDGE TREEM HAS NEW GRANDCHILD

Mr. and Mrs. Gerald Clements, 334 Nebraska, have just become the proud parents of a baby daughter, Cindy Ann. The baby, born at Rose de Lima hospital, weighed 8 lbs. 1 oz.

The Clements already have two boys, Randy and Bobby. Cindy Ann, you are adorable, but you COULD have made your debut at a time when your equally proud grandparents, Judge and Mrs. Treem, had a less crowded schedule.

Just now they are finding it difficult to get time to see enough of you, as grandmother is teaching at Townsite Elementary School and also helping in the election campaign of the Judge, who is seeking the office of Justice of the Peace.

5 HUNTERS FILL QUOTA AT POCHE

Five local hunters recently returned from a hunting trip to the Pioche area with a full quota of deer, bringing back five bucks and three does.

Roy Hughes, one of the lucky hunters, reports that in was "as cold as the dickens," about 25 degrees above zero. Roy came home "with a horse in his throat." The hunters saw no lions in the area this year and Roy reports that state trappers are doing a good job of cleaning them out.

Other members of the hunting party were: Lou Black, Gene Walker, Dick Genseal, and Jimmy Dickover.

HINDERGERS MOVE TO MISSISSIPPI

Mr. and Mrs. Larry Hinderager and children Linda and Douglas will be leaving Henderson shortly as Hinderager is being sent to Mississippi in connection with his work at American Potash Co.

The Hinderagers live at 307 Regina where they purchased their home. They have rented their home to Mr. and Mrs. Horace Roth, presently of Pittman.

The Roths moved to Nevada several months ago for Roth's health. They lived in Sand Point, Idaho. Mrs. Roth teaches at the Kit Carson school in Las Vegas. They have three married daughters and a son Dennis, who is a freshman at Basic.

Dennis was injured when walking along the highway several weeks ago. A truck hit a pole and wood from the pole struck Dennis, breaking his leg. The cast was removed last week, and Dennis is trying to regain the use of his leg.

The Hinderagers will be missed by their friends and neighbors. Hinderager was a friend and companion to the neighborhood youngsters and was frequently seen playing football with them, or otherwise showing an interest in youngsters.

BURGESS FAMILY IN NEW HOME

Mr. and Mrs. Clyde Burgess and children, recently moved to 541 Blackmore Drive. The Burgessses have lived in Henderson about four years. Burgess is employed at Manganese.

Judy, eight, and Ronnie, five attend the Townsite school and there are three pre-school Burgess children.

CITY GETS FREE TREATMENT OF INSECTICIDE

On Friday-morning at 11 o'clock the city had a free treatment of insecticide when a gasket in the insecticide plant of Stauffer Chemical Company blew out.

Heavy clouds and lack of wind kept the vapor close to the ground assailing the olfactory nerves with the odor of over-ripe garlic and sending workers in nearby plants scampering for cover.

Art Newell, manager of the plant, said the discharge was brought under control shortly before noon and there was no great damage.

There was no danger to persons in the area, he said, because the fumes were not noxious. It was, he said, like having the entire area sprayed with insecticide and should rid the city of insects.

In return to the residents, whose homes reeked with the scent of the insecticide for two or three hours, they received a spray job worth \$275 — the price the City would have had to pay an exterminating company for a similar, if somewhat less smelly, job.

FHA Gives Guidance On Housing Project Development

FHA, through its local insuring offices, furnishes advice and assistance to cooperative groups interested in developing cooperative housing projects and to non-profit organizations interested in sponsoring housing projects specially designed for elderly tenants. This guidance helps sponsors produce cooperative and housing for the elderly projects that meet FHA requirements and are eligible for financing with FHA-insured mortgages.

RE-ELECT PAUL C. O'MALLEY COUNTY AUDITOR AND RECORDER

Settle for nothing less than PROVEN ABILITY and EXPERIENCE

Here are only two examples of official praise given Paul O'Malley during his eight years of service as your County Auditor and Recorder:

1. Two grand juries (1953-1954 and 1954-1955) praised his efficient and honest administration. One report reads: "Paul C. O'Malley should be commended for the fine operation of his office."
2. Deputy State Bank Examiner, Kenneth Thomas, stated that the office was "one of the finest operations of a county auditor and recorder in the state."

RECREATION NEWS

JR. TREADERS DANCE

There will be a Junior Treader's Halloween dance, Friday evening at 7:30 p.m. to 10:30 p.m. in the Recreation Center. Admission will be 10c. Students must be in costume to be admitted to the dance. Prizes will be given for the best costume.

MIDGET LEAGUE FOOTBALL

Saturday morning, at the Ben Church Memorial football field will be the scene of the last midget league football game of the season. The Hawks, coached by Jim Crosscurth, unscored upon this season in league play, go against the Rams, coached by Danny Murphy, who have taken one set back in play. This game will prove the league champions. The time of the game will be 10:00 a.m. The public is invited. Please support your team.

GHOST TOWNS IN NEVADA

UNBELIEVABLE: BUT IT'S A FACT THAT ONE MAN PRACTICALLY SINGLEHANDED PREVENTED LAS VEGAS AND RENO FROM BECOMING GHOST CITIES . . .

32 other states have Legalized Gambling in the form of horse and dog racing. Polls taken by facts consolidated for the last 12 years show that 9 out of 10 voters in the State of Nevada want Legalized Gambling Retained.

Governor Russell was our former member in the House of Representatives From the State of Nevada. While there, he became fast friends with Congressman Keating From New York. After leaving Congress and becoming our Governor, Charles Russell, through his friendship with Representative Kenneth Keating of New York, prevailed upon Keating to drop his Bill in the House which was detrimental to Nevada Gambling. This lethal Bill could have strangled gambling in this Entire State. We may badly need Governor Russell's Congressional friendships, Experience and know-how again.

Taxes and Licenses from Gambling for the County Of Clark and State Of Nevada in 1957 were:

COUNTY OF CLARK	\$3,931,300.00
STATE OF NEVADA	\$6,845,909.88

Along with the above we now have over 10 Million Dollars in the State Treasury . . .

MORE THAN AT ANY TIME IN ITS PREVIOUS HISTORY. GOVERNOR RUSSELL HAS PROVEN HIS ABILITY AS A BUSINESSMAN TO RUN THIS STATE ON AN EFFICIENT BUSINESS-LIKE BASIS. COMPARABLE EFFICIENCY WOULD BE ALMOST IMPOSSIBLE FROM AN INEXPERIENCED EXECUTIVE. IS IT NOT GOOD TO RETAIN SUCH A MAN? VOTE FOR EXPERIENCE NOT FOR EXPERIMENT:

Basic Homecoming Rained Out; Rescheduled For November 15

By Marlene Joyce
event. All the plans had been

made for a big celebration. The multi-purpose room was fixed for the dance. The queen and her attendants were ready for the special activities. Almost everyone had bought something new to wear, as is the tradition at Basic.

Linda Pantuso had worked diligently on the special decorations. The nine foot tall football hero had taken a great deal of work, but Linda helped put the papier-mache on it and paint it.

School was just letting out when it started raining. A group rushed to the school to try to save the football hero, but he was beginning to crumble. Linda saw him falling and pushed someone out of the way, but he fell on Linda, and knocked her unconscious. She recovered and attended the game, however.

The queen and her attendants huddled in cars, trying to keep dry, and hoping the rain would stop. The Desertaires were wearing velvet uniforms which would be ruined in the rain. The members waited to see if they would

St. Timothy's To Observe All Saints' Feast

St. Timothy's Episcopal Church will observe the Feast of All Saints' this Saturday, November 1, with celebrations of the Holy Eucharist at 7 and 10

be able to perform. Their uniforms shrunk and will have to be redistributed.

The game started, despite the weather, the attendance was good—Luck was Bad! Rancho got ahead of the Wolves, and then the "rains came!" The lights went out and everyone began running for cover.

Many students ran to the counselors' office to phone their parents, but the lines from the gym were tying up those telephones. The floor was soaking wet — as were the students pouring into the office. Mr. Dooley opened up the other office so more telephones could be used — The dance was called off.

Homecoming has been rescheduled for the Victorville game, on November 15.

a.m., and a later celebration at 5:15 p.m.

In the Christian calendar All Saints' Day is one of the greatest festivals of the year. On this day the Church commemorates with joy and thanksgiving the lives of all those Christian souls who faithfully tried to do God's will on earth and who now, in Paradise and Heaven, continue to serve Him. It may be called the Church's "Memorial Day"

on which are remembered the untold warriors in the Army of God who "fought a good fight."

The early English name for this eFast Day was "All Hallows"; that is, "Holies" or "All Holy People." The night before the eFast, October 31, is called, therefore, "All Hallows Eve" or "Halloween."

The monthly meeting of the Vestry will be held immediately after the 7 a.m. service.

This Sunday, November 2, the Rev. Robert Cochrane, Vicar of St. Timothy's, will preach a special ALL Saints' Day sermon.

M A D ABOUT DOGS *

The pooch's preview of Josephine Powell's Obedience-Training course turned out to be more than one could have expected. If the initial indications are grounds for forecasting, we can expect to see some favorable competition for the Las Vegas graduates, sometime after the first of the year.

The Obedience course is Boulder City's first and will be on a par with many of the costly courses sponsored by civic organizations throughout the country — but the best thing about ours is that it won't cost one red cent.

A dog that obeys the basic commands is a pleasure to own. Nothing is more gratifying than

to see someone look admiringly at his dog as it displays the results of obedience training.

Registrations for the current course will be held open through Sunday. Training classes will start in earnest Monday evening in the park near the Municipal Swimming pool in Boulder City. Contact M. Doud in Boulder City to register your dog for the course — or drop a postcard to 1322 Denver St.

GHOST TOWNS OF NEVADA

READ THE LITTLE KNOWN STORY OF HOW LAS VEGAS AND RENO ALMOST BECAME GHOST TOWNS . . .

This message is of tremendous importance to all home and property owners in Nevada

A few years ago a bill came up in the U. S. Senate to put a ten percent tax on all gambling debts before any payouts. Had this bill been enacted in its entirety, every gambling casino in Nevada would have been out of business! At that time the late Senator Pat McCarran was one of the most powerful men in the U. S. Senate as Chairman of the Senate Judiciary committee. Senator McCarran was a brilliant man with many friends, and after a great deal of effort, he was able to amend the bill so it applied only to race bets away from the track and sports pools. This did eliminate the majority of race horse booking in Nevada, but the rest of the casino business was not impaired. It was such a close call that even this powerful Senator with years of seniority had to run from one office to another to get this bill amended to save legalized gambling in Nevada.

Working side by side with Senator McCarran was our present Senator, George W. Malone. While Senator McCarran was convincing his democratic partners of the tragic nature of this bill for Nevada, Senator Malone was doing the same thing with republican members of congress. To allow Senator McCarran more time to assemble the the necessary influence, Senator Malone filibustered for 14 hours on the Senate floor. It took this superb teamwork between Democrat McCarran and Republican Malone to save Nevada's major Tourist attraction.

All committee memberships in Congress are appointed from the standpoint of seniority. Normally it takes many years for a new Senator to attain membership on the powerful Senate Finance Committee. However, George W. Malone through a lot of hard work and good luck became a high ranking member of this Committee in less than 12 years. This Finance Committee is the most powerful in the U. S. Senate, as all money that other Senators wish to get for their own states has to be allotted or okayed by this Committee. Therefore you can see the immense power anyone of the members of this committee has, and Senator Malone is the first Senator from Nevada to be on this Committee in 56 years.

Senator Malone is also on the Interior and Insular Affairs Committee. This Committee has to do with water and power. And who could be better qualified than Senator Malone, who was the engineer engaged by the state to determine the present location of Hoover Dam. He testified for two days to that effect and opposing interests who wanted the dam further up the river in another state or down the river between Arizona and California, cross-examined him for three weeks without shaking his testimony one iota. Doesn't it make good business sense for each of us to keep him there?

No matter how capable his opponent may be if elected, it would probably take him longer than 12 years to even get on this Committee.

We now have a very capable democratic Senator in Alan W. Bible. And we may need the same fine teamwork between these two men and their influence in the democratic and republican parties again as we did before. Doesn't it make good sense that we keep it this way?

Polls of the state show that nine out of ten voters want legalized gambling . . . Nevada's largest industry. Why should this state be deprived of legalized gambling when 32 other states have legalized horse or dog racing?

If legalized gambling were outlawed by Federal Legislation, your home would be worth 25¢ on the dollar.

If you are a registered republican or democrat, it is in the interest of the economy of this state that we retain Senator George W. Malone as our United States Senator. He knows Nevada Best . . .

AS MARLENE SEES BASIC HIGH

PEP ASSEMBLY
At the pep assembly Friday for the homecoming game, Colleen Oseicki was given the star of the show. She put on a skit which was a take off on a TV program sponsored by Zilch's Peanut-Butter.

Acting as "Ma" she interviewed some of the students at Basic, where "a home-coming was being held". Co-captain's Eddie

Pitchford and Frank Barker were interviewed and given some bread and peanut-butter. Although Eddie didn't especially care for the "commercial" Frank ate his, and licked his fingers for more. Betty Jean Davis was interviewed since she was the queen. Colleen did a swell job as she always does.

A new thing starting at assembly now is the giving of a new

mascot a little stuffed wolf, to the class yelling the loudest. Last week it happened to be Jr. class who won, and Kirby Trumbo was given the mascot. The four teachers who judged the contest were Miss Ellett, Mrs. Brown, Mr. Walker, and Mrs. Lunt. (Come on Sophomores, let's show 'em we can yell too!)

REVERSE

Some of the students on the special committee for the Sophomore reverse are Sharon Vin-

cent, George Ullom, Janice Pennington, Sandra Brookhard, Francis Payne, Paul Weir, Linda Hill, Eloise Day, Doug Burton, Betty Bowles, Carole Powell, George Small, Lorna Anderson, Jerry Guinn, and yours truly. These students are planning the decorations for the event.

Sophomores: If you want to have a successful Reverse—pay your dues, to any of the class officers.

PICTURES

This is the time of year when everybody is asking for, and trading pictures. The pictures came out last Friday.

EL LOBO STAFF

The El Lobo, Yearbook staff, is starting work under the direction of Mr. Rocha. Charlotte Fisher is the student editor. The lay-out staff is under the direction of Joyce Shibayama, and includes the following, Louise Prince, Judy Price, Mary Edwards, Pauline Stephens, Linda Phillips, Dot Cannon and Midge Littlefield.

The advertising staff is under the direction of Marie Weedman and all have been busy selling ads.

The staff also includes Trudy Klenderud, Richard Inness, Leslie Ullom, John Springate, Laurie McClanahan, John Sturm, Ed Martinez, Carol Elkie, Sandi Detomasi, Sharon Vincent, Diane Sturm, Dave Walker, Tommy Dickinson, Norman Waldie, Billy Drake, Lynette Rhees and Penny Kruger.

NEW SENIORS

New Seniors this year include Mary Ann Edwards, Las Vegas; Robert Albert, from Morenci, Ariz.; Marty Jane Ingram—special student; Mary Lou Janc, Kingman, Ariz.; Joyce McKeelnie Cincinnati, Ohio; Wanda Millas, special student; Dorothy Meurer, special student; Kayren Orr, Salem, Oregon; Edward P o o l, Overton, Nevada; Guy Rankin, Yacona, Mississippi; Janice Roberts, Las Vegas.

SCIENCE CLUB

The Science Club officers this year are Ed Martinez, President; Garry Platt, vice president; Marianis Larkin, secretary; Vicki Smith, treasurer; Cathy Wentz, librarian; and Carol Garfield, reporter. Advisors are Mr. Burgward, Mr. Wilkie and Mr. Shaw.

RICK NELSON

Ricky Nelson fans will want to get the new copy of Look magazine—with an article and pictures about the Nelsons.

BASIC NEWS

STAUFFER CHEMICAL REPORTS EARNINGS

Stauffer Chemical Company reported today that net earnings for the 3 months ended September 30, 1958, were \$4,349,000 or \$1.22 per share, which includes 16 cents per share of non-recurring income. For the same period in 1957 net earnings were \$3,326,000 or \$.94 per share. Net sales for the quarter were \$42,526,000, compared to sales of \$42,503,000 in the similar quarter last year.

Sales and earnings for the 9 month period was \$122,146,000 and \$11,297,000 respectively, compared to sales of \$121,840,000 and earnings of \$10,480,000 for the first 9 months of 1957.

The increase in quarterly net earnings was due primarily to continued improvement in the company's agricultural chemicals operations and to the gain on the sale of the new titanium tetrachloride plant at Ashtabula, Ohio to Mallory-Sharon Metals Corporation. This gain was offset in part by write-offs of obsolete plant facilities resulting in a net non-recurring addition to earnings equal to sixteen cents per share.

DECLARES DIVIDEND

The Board of Directors of Stauffer Chemical Company today declared a dividend of 45 cents per common share in cash and 2 per cent in stock, payable December 1, 1958 to stockholders of record November 7, 1958.

Sharon Dawson, Sharon Wilson, Donna Harris, all got hair cuts over the weekend. Pat Hare, (with the long hair,) got hers trimmed.

Dana Froom and Gail Branchfield have been wearing leotards to school, ala the Dick Clark show. Pat Rolland is going steady with Ron Kaylor. Does Norman Davis like striped socks??? (Red and white!)

A new student at school is Donna Jo Canada Harris. (K e n is in the Navy.) Donna is a Freshman this year. Joy Flowers Anderson is also back in school. She is a Soph. Does Sherry Johnson like Bob Christenson???? Vicki Lowman was not too mad Friday, was she? Rex N. did not get back for homecoming.—Whose Band sweater has Jean Felker been wearing lately? —Frank Barker could not like Zilch's Peanut butter, could he? —So Betty Bowles can hoola hoop 18 times, hmmm.—Dennis Rosch is working at the Royal.

American Legion Auxiliary Hears Girl's State Delegates Speak

Joyce Shibuyama and Margerite Butler were guests at a recent meeting of the American Legion Auxiliary held at the home of Mrs. Douglas Johnson 58 East Basic Road.

The two girls, who were delegates to Girls State gave talks on their experiences there and gave reports on the Government and Federal parties and their activities in the Girls State program.

Sandra Detomasi, who was elected Governor of Girls State, was unable to attend, because of illness. Miss Shibuyama who was nominated to oppose Miss Detomasi as Governor elect, gave a report on the election and Miss Detomasi sent her Girls State doll so the Auxiliary members could see it.

Girls' State is sponsored throughout the nation by the

and the local group hopes to see at least five girls represent our city as delegates next year.

Guests present were Mrs. Anne Leseure and Mrs. Taylor of Las Vegas; Mrs. Erickson, Fritz Crisler, District Commander and former Commander of American Legion Post 40, and John Bembry, Commander of Post 40.

Special guests were the mothers of two girls, Mrs. Katie Butler and Mrs. Mickey Shibuyama.

DALE RIDDLES IN NEW HOME

Mr. and Mrs. Dale Riddle and children, formerly of Major Ave. have moved to a house on Federal St. Riddle was formerly a coach at the Townsite school, but is teaching science this year.

The Riddles had good luck on a recent hunting trip.

3 No Movie Theatre—This is our own fault! A place of business cannot operate if it isn't patronized. I thought when we first moved here, how lucky we were to have such a lovely, big theatre—reasonably priced. Now we must go clear into Las Vegas, keeping our children up too late, or costing more for baby-sitters. And it's especially bad for teen-agers to have to be on the highway so much just for a movie date. I have heard (hope it's true) that they may reopen out here. If they do, let's everyone Go Go Go—and quit going to Las Vegas!

Our patronage out here would insure a better class of movie entertainment for us—and if the third largest city in Nevada can't even support ONE movie theatre—maybe everyone should move back to the farm.

4 We could use a lot more CULTURE—Just because "Frontier" is our phone prefix, it shouldn't necessitate nearly all of our entertainment (and music on radio, TV, etc.) being Yippee, Whoop-ee, Ride 'em Cowboy style. So many here have expressed a longing for concerts, ballet, symphony orchestras—Can we ever have them?

We can have anything worthwhile, if we are willing to really work for it. Incidentally—how many of you ever take time away from your TV or nights out to the Strip, to go attend the Little Theatre and some of the local church and school sponsored entertainment? They are surprisingly good, and YOU are needed there.

As the gas from the plant arises, there also arises a large and fervent "Pee-Yoo!" (or Phew) especially from Pittman residents. Is anything at all being done to help correct this obnoxious condition?

WITH THE EXCEPTION of the Councilmen that I will name later, I am firmly opposed to our present civic administration; and, it seems, I am joined by many others in this feeling. I think they have pretty well proved their lack of interest in the welfare of the local people. If enough people care enough, come next election, we can exercise our constitutional privilege and CHANGE this condition. I sincerely believe that sensible people will not be deceived in this respect again.

There are many more things I could mention (such as the DANGEROUS, Reckless driving of some local people—which should make pedestrian insurance a must for everyone here, but let you think me a Gloomy Gertie,

LET'S GET TO THE ASSETS—

There are so many—Our fine climate—reasonable housing—but most of all our OUTSTANDING ASSET is all the WONDERFUL, FRIENDLY people here. One person I know went to the cool mountain country this summer, but she said she missed the people here so much, she decided to come back and roast.

We all have our own individual friends, but here are some people who are friends of the whole town. (I have absolutely no connection with any of the places of business, for which these people work. I'm just an ordinary customer.) These people always give me courteous and efficient service, and make me feel good just to be around them—

These are all local people—have you ever ystopped to think how much nicer Henderson is because of them?

The friendly druggist, who remembers to ask if your child is better now—the sweet, thoughtful checker at the grocery store (everyone tries to get in her line), also the obliging, efficient boy who lugs my groceries to the car—the very nice owner of the local drive inn "eatery"—so very kind and considerate to his help that the customers, eating the delicious food, and the people who cook and serve it, all seem to be equally happy.

The cheerful girls, who let me browse uninterrupted through yardage and patterns,—the person in the shoe store, who always takes time to really FIT my shoes, even during the rush of a sale, and who doesn't act pained if I just look and don't buy.

Our wonderful family doctor at the Henderson Clinic—he is loved and highly esteemed by so many—also some of the nurses and the sisters at Rose de Lima are certainly "Angels of Mercy." Councilmen Aubrey Pagan and Bob Kesterson; Orchids to them for their BACKBONE—Pull-eeze—don't ever lose it, it's most refreshing.

And for ALL of our fine SCHOOLS here—how fortunate we are—here are just a few of the School Staff members who have helped my children—Area Administrator Lyl Burkholder and Principals, Mr. McCaw and Mr. Jeffs, and some of the excellent teachers who have also helped them—Mr. Coe, Mr. Call, Mrs. Burkholder, Elstner, Reeves, Mendive, Vaughn, Miller, Smale, Larkin, and many more—I don't know the High School teachers yet, but I'm looking forward to doing so in a year or two.

I have never written a letter to the editor before, but I have been thinking about these things for a long time. I hope we may think seriously about these things and that thinking may move us to constructive action.

All these people I've named here (and many more) would be greatly missed by the community if they went away.

Would you be missed by the Community? I doubt' that I would.

Let's think about and—do something about it—and NOW!
Sincerely
A Henderson Housewife

Dear Mr. Zenoff:
On October 23, 1958, the big headline in your paper said, I quote, "Don't Kill Goose That Lays The Golden Egg, Warns Mayor" unquote.

Just what golden goose is laying what golden egg, that our Mayor is talking about? If Carver Park and Victory Village are in the City of Henderson, every family should pay for water and sewer service, the same as the rest of the residents of Henderson.

Just because Carver Park uses so many gallons of water thru a meter, Victory Village with no meter, and bigger, is charged the same amount. It just don't jibe.

Of course, Mayor Wm. Byrne is a member of Clark County Housing Authority.
Yours truly
H. W. Cartwright

Moritz and Dolores Zenoff, Henderson Home News, Henderson, Nev.

Dear Folks:
May I extend my sincere congratulations to you on the award made the Henderson Home News for distinguished community service.

In this fast-paced age, it seems too many newspapers have become advertising carriers and have forgotten the responsibility of acting as the community watchdog and trouble-

shooter.

It is refreshing and heartening to know that some of us are discharging the obligation efficiently.

It is even better to know that others in the business are taking note of the fact that these efforts are made and are recognizing their worth.

My best to you and may I wish you continued success and a thousand more awards.

Sincerely,
STUART ROBERTSON,
Managing Editor,
Evening Star News
4043 Irving Place
Culver City, California

BY MAYOR BILL BYRNE

(Continued from Page 1)

building the city—and they should. It was a tough job. And many persons should remember and be grateful to the members of that council for the job they did. They did the best they could, but why indulge in such foolish untruths about the facts. Here are the facts, for whatever purpose they may serve you readers to know the truth:

Expenses and Transportation Paid Mayor French and the City Council

Mayor French:

Jan. 1, 1955 — December 31, 1955	\$1,183.45
Jan. 1, 1956 — June 30, 1956 (6 months)	\$1,075.28
Jul. 1, 1956 — June 30, 1957	\$1,002.39
Total	\$3,789.66

Previous City Council:

Jan. 1, 1955 — Dec. 31, 1955	\$1,611.70
Jan. 1, 1956 — June 30, 1956 (6 months)	\$2,965.89
July 1, 1956 — June 30, 1957	\$2,499.53
Total	\$7,188.12

It is not my desire to discredit the mouthings or writings of Jim French, Councilman Kesterson or Councilman Pagan, or the "correspondent." I feel below my dignity and we have too many other important things to occupy our time, but when these half-truths and irresponsible misstatements of facts are put out for public consumption, it then becomes my duty to discredit them—else you, the people, could not help but believe them—to have some truth.

Ex-Mayor French, as another example, made a great deal to a meeting of the recently-formed Taxpayers' Association about leaving the city with absolutely no indebtedness at the end of his term and, as well, leaving a credit balance of some \$50,000 in one of the accounts.

He, apparently intentionally, failed to mention that the \$50,000 he has reference to was a balance left over from the sale of WATER BONDS which hadn't yet been used for additional water installations, but naturally his listeners don't know that.

Monies derived from the sale of bonds—as we all know—have nothing to do with the economic administration of the city operations—except the unfortunate fact that we have to pay the money back to the lenders, plus interest.

To put it plainly, if your present administration was to sell a quarter of a million dollars of bonds tomorrow—which we could well do—would it be hon-

est to tell you people that we are in excellent financial shape because we have \$250,000 in the bank? Of course not—that's a debt.

Councilman Kesterson, for example tells you that the City payroll is approximately \$8,000 per month more than it was two years ago. Here again you are given a half-truth. It is truth that the BOND payroll is approximately \$3000 greater in August of this year than it was a year prior shortly after your present administration took over, BUT this is occasioned naturally by the fact that we are in the process of installing a \$500,000 sewer system, requiring the employment of temporary special additional personnel for this project.

On this special project we also employ the services of the engineering firm of J. M. Montgomery Company at a set fee which is a percentage of the project cost. They also employ people for this purpose. I can't understand why Councilman Kesterson hasn't included the J. M. Montgomery payroll in his figures.

We must pay that out of the bond monies, as well, and it would be just as nonsensical. ACTUALLY, the operating payroll—that payroll which has to do with our budget and our income and expenses, is FAR LESS per month in August, 1958 than it was in August 1957, when your present administration took over; that's a fact and Mr. Kesterson should know it; and he should also know that bond monies and sewer project payrolls have nothing to do with general operations payrolls for the purposes of figuring economical administration—and I think he does.

It might also be of interest to you readers to know that your previous administration in an agreement signed by ex-mayor French agreed to pay 8.1 per cent of the project cost to the J. M. Montgomery Company for engineering services; in a supplemental agreement with the same company, and for similar services, we negotiated the agreement on the basis of 6 per cent, and just recently within the past few months have negotiated an agreement with Koebig & Koebig, one of the outstanding engineering firms in the Country, for similar services at 5 per cent of the project cost.

These thousands of dollars of savings in these projects costs are savings to YOU because YOU have to pay for the redemption of the bonds which are sold to make these improvements.

'Til next week, perhaps.
Bill Byrne, Mayor.

HIGHWAY DEPARTMENT STRIPES DRAG STRIP

The State Highway Department yesterday painted the white stripe down the center of the local drag strip and also the side lines, which will guide the drivers on the track.

The work was done by the department as a contribution to the race track.

The Charioteers and Rakers, two local hot-rod clubs who sponsored the construction of the drag strip, will meet on Saturday to make plans for the opening race, which will probably be held sometime before Thanksgiving.

CLARK COUNTY IS A B-I-G BUSINESS

Choose A Qualified Accountant To Handle Its Financial Affairs

Elect Democrat
Edsel A. Gray
Auditor - Recorder
(Paid Pol. Adv.)

SIX CANDIDATES FOR REGENT ENDORSE COMMON PLATFORM

The announcement that six candidates for Regents of the University of Nevada will run with a common platform is of more than usual interest to voters in this community because the new election laws make it possible for as many as seven candidates, no matter where he lives.

The six candidates, N. E. Broadbent of Ely, John E. Chism

and Bruce R. Thompson of Reno, Press Duffin Jr., of Callente, and William Elwell and Raymond Germain of Las Vegas, have been conducting a campaign stressing the importance of statewide interest in the University and in the Regents' race.

Three of the team are incumbents, Thompson in the First District, Broadbent in the Second, and Elwell in the Third. During their incumbency, their

supporters point out, peace has come to the campus through reforms they have instituted, Nevada Southern has shown healthy growth in Las Vegas, and educational opportunities have been developed in other parts of the State. The men are running on their records of having promoted harmony and growth.

The remaining three candidates are replacements, and thus are not associated with the

Board which was in control when University squabbles broke on the floor of the Legislature and were carried all the way to the State Supreme Court. The principles supported by Thompson, Broadbent and Elwell are seconded by Chism in the First District, Germain in the Second, and Duffin in the Third.

Thompson was first elected to the Board in 1954 and immediately started working to re-

form the administration. This cause was taken up by the 1957 Legislature which rewrote the law providing for four new Regents, and by Dr. Fred Anderson of Reno, who was elected to the Board in 1956. Among those appointed by Governor Charles Russell were Broadbent and Elwell.

The enlarged Board accepted the resignation of the then President and moved to reorganize the University. Almost immediately both the Las Vegas and

Reno campuses quieted down. Now, with a new President, enrollment has shown the biggest jump since the GI's came back to the Campus after the second world war, and both campuses are running smoothly.

The six candidates are joining in a platform that advocates continuing harmonious administration of the University, quality instruction and development of the whole University and its services throughout the State.

HENDERSON HOME NEWS
THURSDAY, OCT. 30, 1958

LOCAL MEN WIN

Two residents of Boulder City and one Henderson man were successful applicants for the 1958 Schell Creek Elk Hunt in White Pine County, it was announced by the Nevada Fish and Game Commission.

The lucky applicants are Bernard C. Cannou, 7 Brown Street, Henderson; and Walter A. Johnson, 417 Birch Street and Cal L. Keel, 2 Lakeview of Boulder.

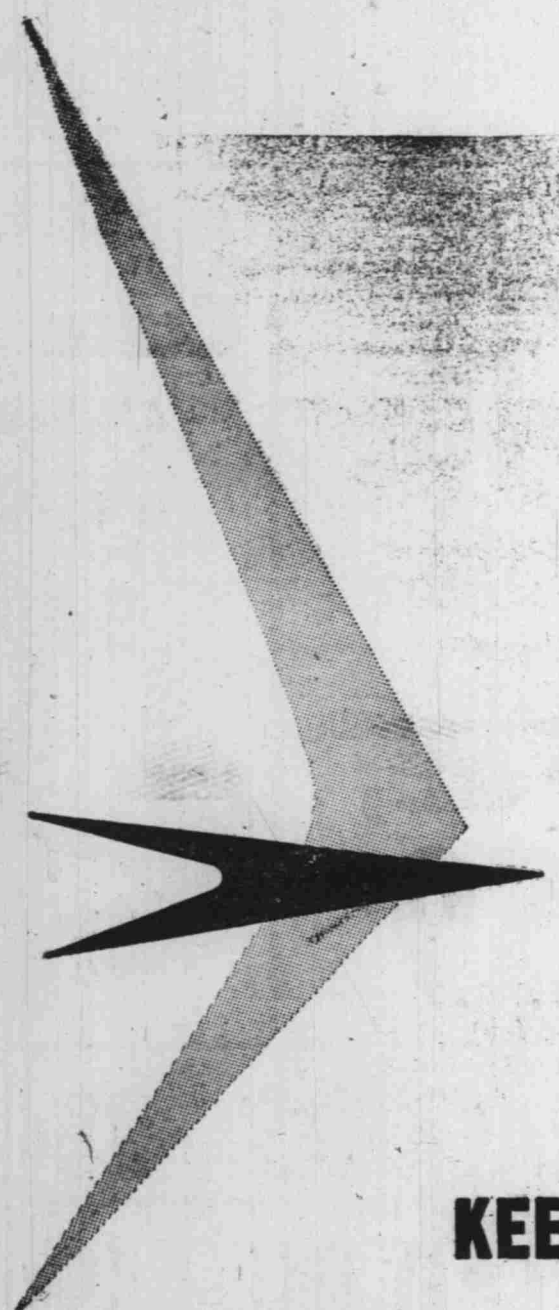

LOOK AHEAD WITH NEVADA

RE-ELECT
Governor Charles H.
RUSSELL
- and -
Lt. Governor
REX BELL

YOUR REPUBLICAN TEAM

Re-elect the men who will . . .

CONTINUE to work for better educational facilities for our children, striving for higher salaries for our teachers and new school buildings.

KEEP tight controls over the gambling industry and prevent hoodlums and gangsters from invading our state.

WORK for the continuance of a healthy state treasury without increased taxes so that Nevada can maintain its operation in the black.

EXERCISE good judgment and act quickly in emergencies such as flood relief and earthquake disasters.

STRENGTHEN our state departments and commissions so they may continue to function with efficiency, economy and harmony.

STRIVE for additional legislation beneficial to our state's laboring men and women, and for further help

for our dependent children, aid to the blind and our mental health program.

WORK for a bigger and better highway system that serves your county and the state of Nevada.

CONTINUE efforts toward our vast building program to better serve all Nevadans at our State Hospital, the University of Nevada in Reno and Nevada Southern in Las Vegas, Public Hospitals, Children's Home, Nevada School of Industry, Prison, Museum, National Guard Armories and other state buildings.

BRING industrial development to all parts of our state.

KEEP pace with our rapid growing population and the multitude of needs which arise from this fastest growing state in the nation.

KEEP THE MEN WHO HAVE EXPERIENCE. ABILITY & MATURITY

Meet
Governor
Russell's
Family...

Governor Charles Russell's most prized possession is his fine family. Pictured left to right are: Virginia, Craig, Governor Russell, David, Todd, Mrs. Russell, and Clark.

State of Nevada has proclaimed Friday, October 31, 1958 as NEVADA DAY, a legal holiday in Nevada:

NOW THEREFORE, I, W. B. BYRNE, Mayor of the City of Henderson, by the power vested in me, do hereby declare October 31, 1958, a holiday in Henderson, and request that City Hall and all City Administrative offices be closed on that date.

and that the flags of our State and Nation be prominently displayed, and urge that all Nevadans join in the ceremonies on October 21st in the State Capitol in Carson City.

S/W.B. BYRNE
Mayor

JR. POLICE RESERVE MEET SAT. FOR DRILL

The Junior Police Reserves will meet this Saturday at 9:30 a.m. at the Police Station for drill practice, it was announced by Officer Larry Tabony.

There are now 40 members who are on the drill team and these have had three weeks drill practice. It is hoped that before Industrial Days and Helldorado there will be 100 members in this unit who are trained for parade marching and drill, as the Police Department hope to have the Junior Reserve well represented in the parades.

All boys who wish to participate are urged to attend the meetings as practice is necessary for this type of marching. Officer Tabony reported that uniforms for the drill team have already arrived.

FHA Appraisals Help Protect Home Buyers

FHA appraisals are based on the long-term value of a property and serve to help protect the purchaser's investment in home ownership.

It's a good idea to remember that life is a game of chance and the cards are usually stacked against you.

Toastmistress Select Name, Discuss By-Laws

The Toastmistress meeting last Thursday night was concerned with the adoption of by-laws. They chose the name of Henderson, Nevada Toastmistress Club, and progressed rapidly toward the point where they will be able to receive a charter.

Attending the meeting were Ellen Shirley, Cecile Becker, Bernice Sanger, Donna Rheinfield, Jean Williamson, Dorothy Bray, Verlia Purdy and Virginia Joyce. Several members, including the president, Rae Von Dornum, could not be present due to prior commitments.

The next meeting will be held on the second Thursday in November at the Royal. Membership is still open for those who would like to become charter members.

SENIOR PLAY IN NIGHTLY REHEARSAL

Basic High School's Senior Class Play members are meeting nightly to rehearse their coming production, Stardust. Everyone is invited to see the play which will be presented on November 24th and 25th at 8 p.m. in the Basic High School Gymnasium.

The members of the play, who are under the direction of John Beatty, are as follows: Colleen Osiecki as Claire Carter, Pat Love as Prudence Mason, Phil Stout as Mr. Bach, Don Arkell as Jerry Flanagan, Richard Erickson as Arthur Scott, Jr., Judy Price as Dean of Women.

Bruce Galloway as Phil Ford, Penny Kruger as Janet Ross, Judy Blaisdell as Stella Brahm, Betty Jean Davis as Teddy Voorhis, Paula Neighbors as Miss Jones, Nancy Edwards as Miss Robinson, Gwedolyn Nicolay as Miss Freeman, Jim Caldwell as Raimund Brown.

Connie Powell as Mavis Moriarity, Judy O'Neal as Cynthia Keene, Frank Barker as John Redman, and Judi Hamblin as Marion Phipps. Connie Constantine is the Student Director and John Springgate is Stage Director.

The tickets, which are priced at 50c for adults and 35c for students, can be purchased from any member of the Senior Class or at the door on the nights of the play.

By the streets of "by and by," one arrives at the house of "never."

FOR HALLOWE'EN PARTY FAVORS

A selection that will make this year's party the best ever—for the small fry or the young in heart. Make this Halloween the one to remember.

COSTUMES

A wide choice of funny (or slightly gruesome) costumes for those school or home parties. A "must" for trick-or-treat wear.

MASKS

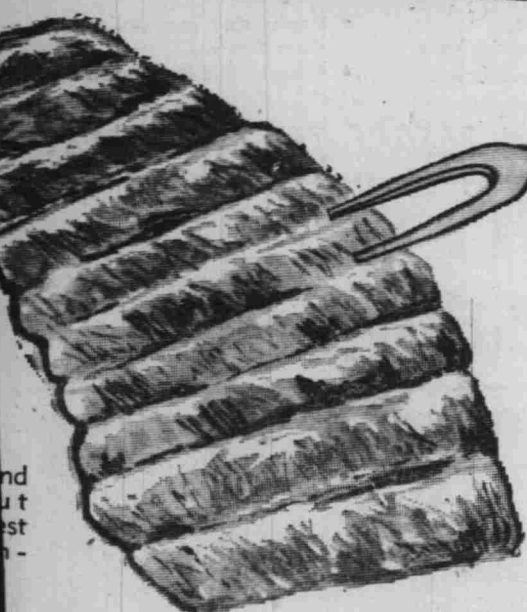

You'll find just the right mask to go with any costume — "store bought" or made at home. They range from the funny to the frank — at attractive prices.

If you're planning a Halloween get-together this year, for the small fry or for the bridge club, you'll want to make Market Town your headquarters for EVERYTHING to make that party a success. Each department is featuring foods and favors (or your favorite drinks) ranging from the everyday selection to the gourmet's delight. You'll find exotic foods from far-away lands that will add so much to your snacks or party meals — from the delicatessen department or from the shelves throughout the store. Make this year's party one that will be talked about throughout the year to come.

LEAN — SMALL EASTERN GRAIN FED SPARERIBS

43^c Lb.

Heat on these ribs. A real man's meal when favorite barbecue sauce and served with a potato. You'll want to freeze 'em when you taste 'em.

Gene Ward Honored By Testimonial At Pittman Dinner And Rally

Milton E. "Gene" Ward, pioneer resident of this area, was honored by his friends and neighbors in Pittman on Thursday night with a testimonial for his many contributions to the

welfare of that section and the help he has given to a large number of the residents in building their homes.

A ceramic bust of Ward, created by Josephine Bearden, who is one of his tenants, was presented by the Ward Five Improvement Association with Frank E. Price, another of our pioneer residents, making the presentation speech.

A gold plate on the bust was engraved with the words "To Milton E. 'Gene' Ward, a great humanitarian and a beloved neighbor and friend," and was signed by the Improvement Association.

Mrs. Ward was presented with a beautiful orchid corsage, which was presented by Jim Haw, Vice President of the Association, and master of ceremonies for this portion of the program. A beautifully decorated cake cut by Mr. and Mrs. Ward was served as dessert, following a dinner which was served by the Pittman Women's Club.

Mrs. Kelly Burton presented a skit which told the life story of the couple in song. Short explanations of the meanings of the various songs in the life of the honored couple were followed with community singing of songs, which were popular during their younger days, led by Mrs. Burton. The words of each song were printed on a huge roll of paper which Mrs. Burton unrolled as the songs progressed.

Accompanying Mrs. Burton at the piano was Mrs. Gordon Deen. Dr. Joseph Coogan, President of the Ward Five Improvement Association, was in charge of the speaking which followed, with a number of candidates presenting their platforms for the coming General Election.

Candidates present were: Charles Catt for State Senator, C. H. Sloan, incumbent County Treasurer; Ragnald Fyhen, for Hospital Trustee; E. J. Ted Dotson, for District Judge, Dept. 3; Henry Bridgeman, for Clark County Commissioner, short term; George S. Zeik, for Clark County Commissioner, long term; and George L. Hansmann for Assembly.

Representatives were present to speak for the following candidates, who were unable to be in attendance: W. R. "Bill" Darling, Jr., for Public Administrator was represented by his wife; Judge George Treem, candidate for Justice of the Peace was also represented by his wife as he was holding court; Helen Herr, Candidate for re-election to the Assembly; William P. "Bill" Compton, for District Judge, department 2; and Paul O'Malley, incumbent County Recorder.

A letter from Lt. Gov. Rex Bell, expressing his regrets at not being able to attend and extending his congratulations to his friend Gene Ward, was read by Dr. Coogan.

The dinner, served prior to the meeting, was under the direction of Val Elmer, President of the Pittman Women's Club. Assisting Mrs. Elmer were: Deana Shafer, Pat Gardner, Carol Doolin, Mary Foster, Millie Harris and Josephine Bearden.

Jim Shafer was in charge of the bar and Rae Von Dornum

Mary Stubblefield, Elaine Taylor, Robert Taylor, Mary Taylor, Robert Twiss, Silviano Valdez, Jeffery Van Camp, Lynn Van James Wheatley, Linda Willis and Richard Wittern and Norman Vaunewensinger.

DEADLINE FOR BASIC PICTURES NEARS

The aPrent-Teacher Association this week announced that the deadline for parents or students of Basic High School to take advantage of the picture project, sponsored by the P.T.A. is rapidly approaching.

Pictures were taken of all high school students in September and under this program parents or students may purchase 20 wallet size photos, one 4x5 photo and one 4x5 frame, all for the price of \$2.

Those wishing to take advantage of this offer must make their wants known before November 7.

FISHERMEN CAUGHT IN STORM ON LAKE

Caught in the storm Friday night on a fishing trip at Lake Mead was Sgt. Ivan Joyce. He was with a party of Nellis men who take a fishing trip together about once each month.

The men had prepared for emergencies, so had canvas coverings to use. They were camping in a cove, and were none the worse for their experience.

Sgt. Joyce's immediate superior, Captain Prince, was with the group. They returned Saturday morning with a nice catch of fish.

served as political chairman and was in charge of dinner tickets.

Dear Marcie

By Marcella Duncan

Dear Marcie:
There are five kids in our family. I'm the oldest, 15 — the others are from 14 down to six. We're a pretty happy lot, I guess, except when special days, like Hallowe'en, come along. Our father, who usually sees things our way, won't "treat" the little kids who come to our door that night — won't even let us answer the door when every light in the house is turned on!

The following morning us kids hate to face our neighbors and friends, we're so embarrassed. What can we do to make our father see this our way? He says we can't afford to give food and candy to 40 or 50 kids.

Hallowe'en Jitters

Dear Jitters:
Perhaps if you, as the oldest

ELECTION POEM

A POEM BY OGDEN NASH

People on whom I do not bother to dote
Are people who do not bother to vote.
Haven't bid that they should ever be exempt
From contumely, obloquy and various kinds of contempt.
Some of them like Toscanini and some like Rudy Vallee
But all of them take about as much interest in their right
To ballot, as their right to ballet.
They haven't voted since the heyday of Miss Russell (Lillian)
And excuse themselves by saying: What's the difference
Of one vote in fifty million?
They have such refined and delicate palates
That they can discover no one worthy of their ballots,
And then when someone terrible gets elected
They say, There, that's just what I expected!
And then go around for four years spouting discontented
criticisms:
And contented witticisms,
And the when somebody to oppose the man the oppose
gets nominated
They say, Oh, golly, golly, he's the kind of man I've always
abominated,
And they have discovered that if you don't take time out to go
to the polls
You can manage very nicely to get through thirty six holes.
Oh let us cover these clever people very conspicuously
with loathing,
For they are un-citizens in citizens' clothing.
They attempt to justify their negligence
On the grounds that no candidate appeals to people
of their intelligence,
But I am quite sure that if Abraham Lincoln (Rep.)
ran against
Thomas Jefferson (Dem.)
Neither man would be appealing enough to squeeze avote
out of them.

The above poem was submitted for publication by
John H. (Jack) Wilson

child in the family, sat down and explained to your father that you could make enough cookies to go around for a very small amount; or could buy a gallon of apple cider and some miniature do-nuts for a song, etc. etc. etc. he may give in this year.

The kids who ring doorbells on Hallowe'en are not looking for a six course meal! Many of them are so full of food when they get to your house they'd be happy with a glass of water! "Trick or Treat" is a tradition — not an excuse for a feast! The kids want to be recognized as square shooters and good scouts — all they want is a smile of friendship and an occasional cookie or two.

This will break your father? I doubt it! He probably just hasn't understood. Try him and see!

Dear Marcie:
What can I do with a husband who thinks he's a chef and insists on showing off whenever we have guests — usually to his detriment.

Chef's Wife

Dear Wife:
There isn't a soul living — man, woman or child — who cannot become a god cook if he sets his mind to it. Since your husband likes the "pots and pans" department, buy him one or two good cook books then take to the hills and let him have the kitchen, practicing to his heart's content.

How many women would envy you — just to get out of the kitchen for one or two nights a week!

At least, he hasn't poisoned you yet!

Dear Marcie:
My husband found out I have written to you a couple of times — he says anyone who resorts to writing to a perfect stranger for help is nuts! I guess he's mad 'cause I wrote to you about him and his treatment of me.

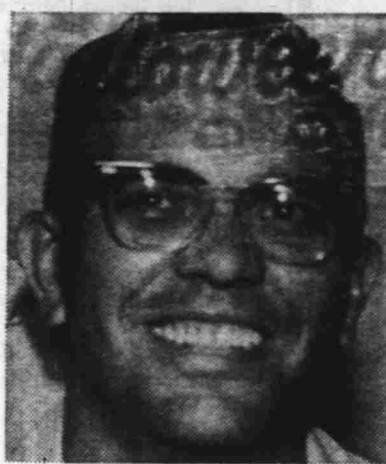

Wondering

Dear Wondering:
As for your writing to a perfect stranger is concerned: more often than not, a person not close to a situation can see both sides objectively, and can resolve the problem with greater understanding than a relation or close friend who would undoubtedly "think with emotion."

Tell your husband to scratch his mad spot, treat you with the love and respect I am sure you deserve and you won't have to be writing to a perfect stranger for advice! What am I saying? If I told every one that I'd have no column!

P.S. Give my thanks to your husband — he called me "perfect" anyway!

Do you have a problem? Marcella Duncan will be happy to help you if you will write to her in care of this paper. A stamped, self-addressed envelope will bring a personal reply.

BROADBENT

INCUMBENT

Board of
Regents

UNIVERSITY OF NEV.

4-YEAR TERM

N. E. Broadbent of Ely, Nevada, a member of the Board of Regents of the University of Nevada since his appointment by the legislature and reappointment by Governor Charles Russel, is a candidate for the four year term of regent.

Mr. Broadbent is a graduate of the University of Utah School of Pharmacy. He and his wife, Hope, moved to Ely, White Pine County, Nevada in 1925. Mr. Broadbent has been engaged continuously since coming to Nevada in his profession of pharmacy, owning and operating at the present time the Steptoe Drug.

Mr. and Mrs. Broadbent have two children, a son Robert, a pharmacist, owner and manager of the Boulder City Drug, Boulder City, Nevada; and a daughter, Sue, (Mrs. George L. Siri, Jr.), a graduate of the University of Nevada, now living in Reno.

Mr. Broadbent has been an ardent civic worker during all of his residence in Ely. He has been a member of the Ely Lions Club for thirty years. He has served as a director of the White Pine Chamber of Commerce and Mines. He has been the finance chairman of the Boy Scout organization in White Pine County. For the past eleven years he has been mayor of the city of Ely. Mr. Broadbent was appointed to the office of Mayor in 1947 and since has been twice elected to four year terms, the present term expiring in May, 1959.

Mr. Broadbent has served his profession as a member and present president of the Nevada State Pharmacy Board for fourteen years. He was appointed to this board by Governor Vail Pittman with a reappointment and twice reappointed by Governor Charles Russell. During these years Mr. Broadbent has worked for higher standards in the pharmacy profession; for better education preparation for the profession and for more efficient practice of the profession. . . .

The University of Nevada is vital to all Nevadians. It is a fine school of higher learning and it is the hope and belief of Mr. Broadbent that its services and influences can continue to grow in the state and among schools of higher learning over the nation.

Mr. Broadbent proposes to serve as a regent with the thought that the University of Nevada and its needs and problems and their solutions are bigger and more vital than the individual and that understanding, perseverance and knowledge all bring about a unity of effort in behalf of the University of Nevada that will assure its steady growth and fine far-reaching service to the citizens of the state and to the youth seeking higher learning in a fine institution.

General Election Nov. 4, 1958

(pd. Pol. Adv.)

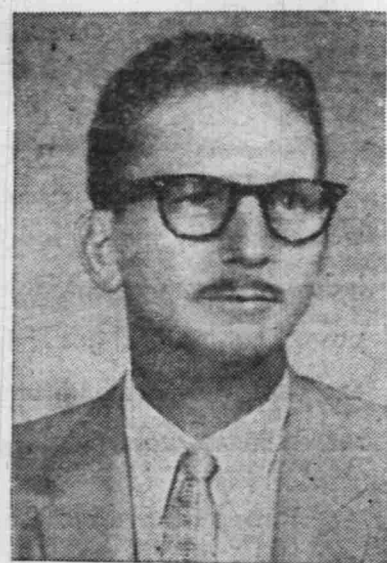

ELECT

William P.

COMPTON

District Judge

Dept. No. 2

- ★ Resident of Henderson, Nevada — 12 years
- ★ Married 23 Years — Teenage daughter
- ★ Former Assistant U. S. Attorney for Nevada 4 years
- ★ 15 Years active law practice
- ★ Past president Clark County Bar Association
- ★ Member state board Bar Examiners — 5 years
- ★ 14 years mental hospital work, care of juveniles and Adults
- ★ Active in church, Civic and fraternal organizations

HALLOWEEN SAFETY HINTS

By Dalby Shirley
WILL YOUR CHILD COME HOME SAFE ON HALLOWEEN?

Things To Do
Have a home party if possible; keep porch lights on; Wrap goodies (sandwich bags); Accompany younger ones; Try to keep "Trick or Treat" between six and eight p.m.; Emphasize safety — running across streets and driveways, or down alleys and across lots can be dangerous; Show this to a neighbor.

Please Do Not
Invite youngsters inside your home for treats; Give money (unless for UNICEF's "Trick or Treat"); Leave breakable objects or obstacles on lawns, porches, or steps.

Before Your Child Leaves
CHECK HIS COSTUME
Is it so long it will trip him? Will it get caught on bushes, hedges, or fences? Is it light in color so he can be seen at night? Be sure he wears either a white cap, scarf, gloves, or white shoes.

CHECK HIS MASK
Make-up is much safer than any kind of mask; Use cold cream first — and again in removing the make-up; Is his skin sensitive? He may be allergic to rubber and get a skin infection from a rubber mask; Is the mask flameproof? Does it have any whiskers or other shaggy trimming that might catch fire? Can he see perfectly? Make sure the nose and mouth of the mask are open and are large enough. Can the mask come off easily? Is there any danger of its getting out of place and blinding or suffocating him?

CHECK HIS SHOES
He'll run, so be sure he won't trip or fall in heavy boots; on girls, watch the high heels.

CHECK HIS EXTRAS
If he carries a lantern of any kind, make sure it's lighted by a flashlight. Do not allow him to use candles or torches. A

flashlight will be safer on dark streets, yards, steps, and porches; Do not let him carry a knife, sword, or other sharp instrument, even a make-believe one. He may fall on it or accidentally hurt some one else.

REMINDE HIM OF HIS MANNERS
If he gets a "treat," he should say "thank you." He takes only his share; and he shares with others. He doesn't gobble down all sorts of sweets — only to wipe his feet if he's invited inside — and he doesn't touch things. He asks politely and doesn't yell.

SOME SAFE CONDUCT RULES
He comes back home by a specific time; He does nothing that will injure or hurt anyone. Soaping car windows destroys visibility. Upsetting a trash can may result in someone's falling over it; Halloween is for fun and frolic, not violence and vandalism. He should leave all personal property alone.

KNOW HIS PLANS
Where is he going? How long will he be there? How will he get home? Can you reach him if necessary? Will he be under supervision and leadership? Will he be with others of his own age, youngsters you know? If he goes to a party, are the decorations all flameproof? (This means cornstalks and autumn leaves too!)

Is the program suitable for his age? (Very young children should not go through torture chambers, halls of horror, and the like). Has the place of the party, particularly any darkened room of the chamber-of-horror variety, been checked thoroughly for safety?

AFTER HE COMES HOME
Remove his make-up with cold cream; Encourage him to unwind by telling you about his adventures; Give him a glass of hot milk or cocoa to help him relax;

Let's Not Isolate The Elderly

Older people don't want to be tucked away in spots where they're cut off from community living. FHA's program on housing for the elderly is designed to assist non-profit sponsors in developing housing that will meet the special needs of people aged 60 and over — not in isolated institutional projects but in projects that have a home environment and that offer the occupants opportunity for participation in community activities.

Pop him into a warm tub before he goes to bed and leave a dim light on in his room if he shows any signs of having been frightened.

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.

ATTENTION NARCOTIC PEDDLERS & PUSHERS

LOOK AHEAD WITH NEVADA

GOVERNOR CHARLES H. RUSSELL

LT. GOVERNOR REX BELL

GOVERNOR RUSSELL PIONEERED THE ACQUISITION OF THE EL DORADO VALLEY IN SOUTHERN NEVADA!

In 1956 Governor Russell realized that El Dorado Valley, which was owned by the United States government, was an ideal location for industrial development. It is close to an adequate water supply, adequate power, two natural gas lines, a railroad line, good highway facilities, plus excellent weather conditions and the accessibility of Lake Mead National recreational area.

Through Governor Russell's efforts, a bill was passed in March of this year authorizing the U. S. Government to sell nearly 127,000 acres of land in El Dorado Valley to the state of Nevada. This is just the beginning of what may well be the largest industrial center in our state.

Governor Russell has appointed 12 Clark County men to serve on the El Dorado Valley advisory board to help develop the program.

KEEP THE MEN WITH ABILITY, MATURITY and LEADERSHIP

Women Pose Real Threat To Men In Politics In 40-Year Battle For Equal Recognition And A Man Admits It, "Believe It Or Not"

By Mike O'Callaghan
Less than four decades ago the women in our country were denied the right to vote, as are criminals, idiots, and children still denied that right. The struggle to eliminate this prejudice has not been entirely successful, although the passing of the 19th amendment to the U. S. Constitution has at least given the women suffrage.

No male statesman nor politician can take credit for the passing of this amendment — the battle was waged for years by the women themselves, despite ridicule.

Women found it necessary to prove their worth in several fields before openly entering the battle for their rights politically. Clara Barton is an outstanding example. While still a teen-ager, it was necessary for her to nurse her brother for a two year period. Later she became a school teacher and was so successful that she became the director of the school.

When the Civil War raged in our country, she organized means to get supplies of medicine and food to the wounded and actually went to the battlefield to care for the wounded. Her efforts gained recognition

for the American Red Cross, which she led for 23 years.

Leaders like Susan B. Anthony and Elizabeth Cady Stanton showed the way for actual participation of women in politics. The efforts of these women, through the National Woman's Suffrage Association eventually resulted in the passing of the 19th amendment.

It was not an easy struggle and the sneers and jokes about them were many times vulgar and loud.

Before World War I, very few countries permitted women to vote. Universal suffrage was allowed in Scandinavia, New Zealand and Australia before the big war.

A decade later, we still found Spain, Italy, France, China, and Japan denying women a vote.

Following World War II, France and Japan provided suffrage to women and a year later in 1947, Italy and China followed this trend. However, we still find Mexico and Columbia, our next door neighbors, still making distinctions as does the oldest, so called, democracy, Switzerland.

Active participation in politics by women started with the

first woman member of Congress, Jeanett Rankin, elected from Montana in 1917. Miriam A. "Ma" Ferguson became the first woman governor in 1925 and served as Governor of Texas for two terms.

Frances Perkins became the first woman Cabinet member when Franklin D. Roosevelt appointed her his Secretary of Labor in 1933.

During World War II, Mildred McAfee Horton, president of Wellesley College, became a captain in the U. S. Navy, and Oveta Culp Hobby attained the equivalent rank in the Army when she became a Colonel in the WAC. In the field of law, we find Florence E. Allen of Utah becoming a lawyer. Later she was elected to the Supreme Court of Ohio and 12 years later was appointed a Federal Judge of the Sixth Circuit Court.

Eleanor Roosevelt's story as an outstanding woman leader has been heard many times. Her rise to political fame is also directly attached to her deceased husband's position as President of these United States.

Modern examples are a woman U. S. Senator, a Republican, and a woman U. S. Representative who is a Democrat. I have had the pleasure of observing both of these women in action in Congress and feel competent to judge them as outstanding members in Congress.

Mrs. Margaret Chase Smith, Skowhegan, Maine, Republican is the only woman to serve in both houses of Congress, she was first elected to the House of Representatives in 1940 to fill the vacancy created by the death of her husband, the late Clyde H. Smith, and served as Congresswoman until 1949 when she was elected to the U. S. Senate.

In her first election to the Senate in 1948, she was elected by the highest percentage majority and the greatest total vote majority in the history of Maine. In 1954, when she was re-elected to a second term, she was the top vote-getter of all candidates for all offices in the Primary and set a new record for the total number of votes received in a contested primary.

Her principal committee service in the House was on the Naval Affairs Committee for which she drew presidential commendation. In the Senate, she has served on the Appropriations Committee, the Armed Services Committee, the Government Operations Committee, Rules Committee, and the Republican Committee on Committees.

Senator Smith is a woman whose ideas and presence was respected by the men in the Senate at all times. She has made extensive trips throughout the world and few people have conferred with as many leaders of nations as has Senator Smith.

Mrs. Gracie Pfof of Nampa, Idaho, now serving her third term in Congress. She is a dynamic, freckle-faced redhead and the first woman to represent her state in Congress.

Mrs. Pfof is a member of the West's most important committee — Interior and Insular Affairs — and of four of its subcommittees: Irrigation and Reclamation; Mines and Mining; Territories and Insular Affairs; and Public Lands, of which she is chairman. All of these committees are of vital importance to her Congressional District which includes the giant St. Joe National Forest and the large Northern Idaho Silver Mines.

Early in her Congressional career, Mrs. Pfof won the nickname "Hell's Belle" because of her vigorous championship of the Hell's Canyon Dam on the Oregon-Idaho border, to harness the winding Snake River and develop vast untouched natural resources of the Northwest.

Two years before she made her successful race in 1952, she ran for Congress, losing by only 783 votes.

Her husband, John W. (Jack) Pfof, a retired master mechanic, challenged her one morning a short time before the 1952 primaries. "Gracie, you sowed a lot of grain two years ago. Are you going to let it go to waste, or are you going to get out this fall and harvest it?" The redhead accepted the challenge and became Idaho's first woman in the U. S. House of Representatives.

Women such as these are no longer rare to our society and it is very possible that there are women here who have an equal amount of ability. Opportunities in this world for women do not come easy and success by females comes only through great

HENDERSON HOME NEWS HENDERSON HOME NEWS

effort. They must show greater promise and ability than a man before they are accorded proper recognition.

You do not have to look to other countries and see women pushed aside when positions are to be filled. Watch the selection of positions in your own state, your own county, your own city — then you will know that the discrimination against women is very close to home.

As a man, I recognize my own fear of capable women and demonstrated it clearly this summer in Washington, D. C. Following a Mining Committee meeting, Gracie Pfof asked me if I would like to dine with her in the House Restaurant with 20 women from Idaho. I immediately broke out in a sweat and finally mumbled something about studying that afternoon in the Library of Congress. My excuse was accepted and to this day I am wondering — "Who picked up my check for that meal?"

The above talk was presented before a meeting of the Business and Professional Women's Club by Donal "Mike" O'Callaghan, Basic High School instructor of History and United States Government, who spent last summer at George Washington University in Washington, D. C.

The BPW Clubs throughout the nation have long been recognized for their active interest and support of legislation which is beneficial to our Nation, States and individual communities.

Valley Flood Control Project Start Seen Sometime In 1960

Brig. Gen. E. C. Itschner, Chief of the Army Engineers, last week made an on-the-spot survey of Las Vegas Valley flood control and said the project should get underway sometime in early 1960, if Congress will appropriate sufficient funds for the work.

This project actually started in Henderson following a disastrous flood here and in other parts of the valley. Former Mayor James Fench met with the Mayors of Las Vegas and North Las Vegas and representatives of the Union Pacific Railroad, at which it was decided to inaugurate a valley flood control project.

Senator George Malone later introduced a bill calling for a survey of the area and it was passed by both houses. The preliminary survey was completed several months ago by the Corps of Army Engineers, resulting in Gen. Itschner's visit to start the final survey and put the project together.

Gen. Itschner, together with Col. Carrol T. Newton, Chief of the Los Angeles division of Engineers, will have control of the project once it is started.

These two men were joined

RUN COURSE FOR EXPLORER LEADERS

A course in Explorer Leader basic training will be given at the Henderson L.D.S. Church Thursday, Oct. 30th, at 7:30 p.m. for all Explorer leaders, committeemen, parents of Explorers and any adult interested in the "new" Explorer program.

This basic training is a must for all Explorer advisors, their assistants and committeemen. The Exploring program is entirely new and all previous training is obsolete.

The course will be given on three succeeding Thursdays and will take approximately two hours for each course. The first session is "This is Exploring." 2nd session, "Explorer Leadership" and the third session, "The Exploring Program."

The Explorer leader training course will be conducted by members of the Lake Mead District Leadership Training committee — George Vaughan, Charles Pope, Hardy Segler and Frank Erickson.

LETTER TO THE EDITOR

To the Editor
Henderson Home News
Henderson, Nevada
Dear Mr. Editor:

It has been brought to my attention that John B. (Jack) Davis, candidate for State Printer, has made statements publicly, and through the press, that "the Democratic Attorney General has twice publicly berated the incumbent State printer, who is also a Democrat."

In the interest of justice, I

by Bob Boos, administrative assistant to Las Vegas City Manager A. H. Kennedy; Robert Cordill, City Engineer; and the city engineer of North Las Vegas, on their tour of the project last week.

Following their survey of the Las Vegas and North Las Vegas area, the group had lunch at the Hualapai Club and later met with City Administrator Clay Lynch who accompanied them on their survey of the local area.

The estimated cost of the project is approximated at \$7,000,000, depending on the type of control to be used.

Gen. Itschner told Senator Malone that the project definitely could be justified and that the only delays now would be to get the final survey out and the request for funds before Congress.

FHA Property Improvement Loans Are Widely Used
Loans insured under FHA's property improvement program have been used to improve homes and other specified properties in every county in the United States.

CHRISTIAN SCIENCE

The ever-availability of divine, impartial mercy and justice will be explained at Christian Science services on Sunday.

wish to state that I have never berated Jack McCarthy, the present State Printer, who has, in my opinion, done an outstanding job.

Malone Given Edge in Nevada

in Nevada

LAS VEGAS, Oct. 11.—With the election little more than three weeks away, Nevada political observers today gave the state's senior United States Senator, George W. Malone, Republican, a strong edge in his re-election race against Democrat Howard Cannon, Las Vegas City Attorney.

Although the Democrats have a majority in registration, Malone's 12 years of seniority in the Senate and his role as the senior GOP member of the Senate interior and insular affairs committee are counted as major factors weighing in his favor.

BRISK CAMPAIGNER—

Malone, who also is a member of the powerful Senate finance committee, has been a staunch backer of the state's mining industry. He is rated a vigorous campaigner who probably knows more people in Nevada on a first-name basis than any other political figure.

Sentiment among veteran political writers in the state favors Malone. A preponderance of the Nevada newspapers are giving him their support.

Some expressed the opinion Cannon has spent more time telling the voters what's wrong with Malone rather than selling them on his own qualifications. In a state that still retains the flavor of the Old West, this type of campaigning, they say, doesn't sit too well.

BIGGEST POINT—

Seasoned observers said one of the biggest points the voters will have to decide in the senatorial battle is whether Nevadans want to "throw away" Malone's 12 years of Senate seniority, "years of Senate seniority," having in mind that the interior and insular affairs committee on which he serves deals with legislation vital to the state's economy.

ENGLAND'S HALLOWEEN CUSTOMS DIFFER; SPIRIT IS THE SAME

By Maura Dwyer

Tomorrow night a procession of goblins, witches, ghosts, and what have you will make the rounds; householders will answer innumerable knocks; a variety of receptacles will be thrust forward to receive donations, and eager young voices will request "trick or treat." It's Halloween and the children will have themselves a ball. All of this will cause your reporter to heave a sigh and think sentimentally of other Halloweens long ago and far away, as far away as the other side of the Atlantic Ocean.

Over there the spirit is the same, though the ritual is somewhat different. Instead of having their treats handed them, the young fry retrieve them — from the bottom of a basin of water.

Apples, coins and other waterproof objects are placed in the water and children try their luck at "diving" in and grasping the prize by mouth. This is hilarious fun for the youngsters but is likely to put a severe strain on the equanimity of mother, who must watch her floor assume the appearance of a partially drained swimming pool. A rather drier version of the same game is to suspend the articles by string from the ceiling and jump for them.

Older girls, beginning to take an interest in the matter of romance, will try to discover the identity of their future husbands. One method is to open an apple, being careful to keep the peel in one long unbroken strip and as this strip falls on table or floor it is supposed to form the destined mate's initials. Pouring molten lead through the

ring of an old fashioned key is another way of obtaining this vital information.

Some of the traditional foods associated with the holiday are also utilized to help peek at the future. The ringed barm brack, a loaf chockful of raisins, currants, orange, lemon, and citron peels is chief of these. A ring is added to the batter before baking and the lucky finder will be wed within the year. This forecast may or may not be infallible, but one thing is sure, that delicious, aromatic loaf is "out of this world." M-m-m-m.

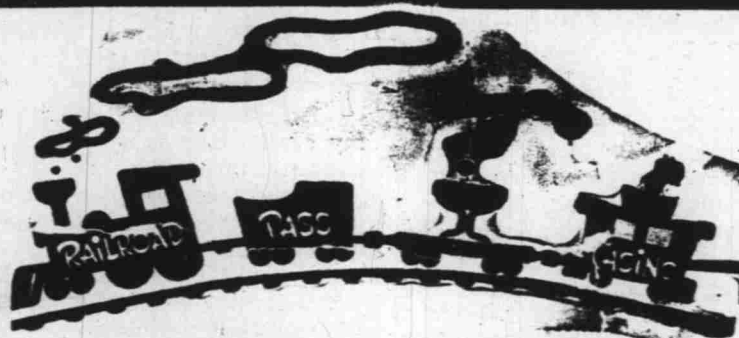

FHA Spreads Opportunities For Home Ownership

The liberal terms of FHA-insured mortgages put home ownership within the reach of many families who could not otherwise consider it. For example, a home which the FHA values at \$10,000 may be bought with a down payment of as little as \$300 under the FHA plan.

HI, PODNER! Clint Walker, six-foot, six-inch TV star, scored a real hit when he visited with patients at Elizabeth Kenny Institute, Minneapolis, Minn. He is one of many celebrities from the entertainment world who frequently visit Kenny foundation treatment and rehabilitation centers in various parts of the nation. In addition to providing treatment and rehabilitation for persons of all ages with neuromuscular disabilities, the Kenny foundation sponsors medical research into neuromuscular disorders, including polio, at its own facilities and at leading hospitals and universities. Public contributions make possible the Kenny over-all program.

CATT HITS AT BROWN FOR "DO NOTHING" ATTITUDE

Charles E. Catt, candidate for State Senator from Clark County this week unleashed an attack on his opponent's "do nothing" attitude.

Accusing the incumbent State Senator of failing to serve the people of Clark County, Catt lashed out at his opponent's inability to introduce or support Legislation creating new industry for the area — failure to introduce or support Legislation giving Clark County more representation on vital State Boards — failure to introduce or support Legislation putting to work the idle millions in the State Treasury surplus — failure to introduce and support Legislation providing a fair division of the State budget for Nevada Southern's expansion.

Catt further charged that the incumbent State Senator was more loyal to Northern interests in the State than to his own section of Nevada, and that he failed to introduce or support Legislation making it mandatory for Public Utility Hearings to be conducted here in Clark County, instead of out-of-reach Carson City.

Said the candidate for State Senator:

"My opponent has failed in every way to actively serve the many needs of Clark County as its State Senator. I do not seek your vote on the premise of promising the moon — however, you can be assured that if elected, I will vigorously pursue a program of dependable representation as your State Senator from Clark County.

Of particular interest to Henderson and Boulder City residents is Catt's platform to:

Introduce and fight for Legislation to aid the Economic Development of Henderson and the Eldorado Valley. Introduce and support Legislation to aid the development of the Lake Mead Recreational Area. Support the mandate of the people in helping to assure a 5-Man Board of County Commissioners.

Catt is the immediate past Chairman of the Clark County Democratic Central Committee, and was lauded as being responsible for its 1956 financial success and voter turn-out. The Las Vegas attorney worked his way through College and Law School, and has held various offices in Las Vegas civic, fraternal, service and veterans organizations.

**John H. Wilson
Is Candidate For
Hospital Trustee**

John H. "Jack" Wilson of 625 Federal is a candidate for the office of Trustee of Southern Nevada Memorial Hospital Board. He has been a resident here for the past eight years and prior to coming here lived in Boulder City for six years.

For 12 years he has been employed at Stauffer Chemical Company's local plant where he is in charge of the stores department. He is married and has one child, a 14-year-old daughter.

During his years with Stauffer, Wilson's work has been of a supervisory nature, with both purchasing and distribution of supplies under his supervision. This experience, he believes, would be of great value in a position such as Hospital Trustee.

Both the office and warehouse crew of the stores department are under his command, giving valuable experience in dealing with personnel, which he would bring to the Hospital Board.

He attended Occidental College in Los Angeles, California, where he had two years of pre-legal work and one year of law school. Although he chooses not to pursue a legal career, he feels that this training would also be of benefit in the office which he seeks.

Wilson says his reasons for becoming a candidate for Hospital Trustee are: "First, because there is nothing in the world more important than people and the hospital deals exclusively with people. Furthermore, regardless of any person's financial status, they should receive equal care or treatment for this is a county institution and not a private hospital.

Our county hospital does not have an accredited rating from the American Hospital Association. Wilson believes the equipment and personnel can be developed to the point where the hospital can receive an accreditation.

"This will create an improved place where people can obtain better care and treatment," he said, "and from personal reports to me, made by individuals who have been hospitalized in our county hospital, there is definite room for improvement.

"I believe that any person who belongs to a church, an organization or a community, should be willing to take an active part in the affairs of their fellow men. I do not belong to any local group, and feel I can best serve

I COVER THE DESERT

By Mert Ingham
Freed, the brown, dried, light balls of "tumbleweed" can be seen bouncing and rolling across the desert ahead of the brisk fall and winter winds. Although the name is applied to many plant species, the Russian thistle is the most typical "tumbleweed."

During the later summer and fall, when most plants are dead and brown, the dome-shaped plants of Russian thistle cover wide expanses of desert with green. This plant is especially thick in disturbed ground and often it will cover the foundations of long-lost towns. After the plants die and dry up, the stem breaks loose from the roots. Then the plants are free to blow with the winds. This is their method of spreading seed. As they tumble along the ground, thousands of seeds are

liberated, to grow new stands of Russian thistle. Although it was originally brought in from Asia and Europe, it is now quite abundant over most of our deserts. One of the Hopi Indian names means "White Man's Plant."

Since I began writing this column some eight months ago, I have received many calls from readers who had interesting things to show me, or to discuss. Maybe you too have discovered some fascinating phenomena or have questions you'd like to ask.

If so, drop me a line at National Park Service, Boulder City, Nevada, or call Boulder City 628.

**REVISE SCHEDULE
OF ADULT CLASSES**

Overflow registrations here have created the following revised schedules in vocational classes:

Bookkeeping 1; Monday and Wednesdays. Bookkeeping 2; Tuesday and Thursday. Both of these classes will meet 7:30 to 9:30 p.m., Room 103, High School under the instruction of James L. Savage.

M. L. Burt's class in Refrigeration for maintenance mechanics will meet Mondays and Wednesdays, 7 to 9 p.m. in Room 364.

Home Mechanics under Arthur Giddens will continue on Wednesdays and Thursdays, 7 to 10 p.m. in the Industrial Arts Shops.

SOFT SOAP

It's easy to acquire a reputation for wisdom just by applauding the opinions of your friends.

my fellow man by service to my community as a member of the hospital board."

"Boards and groups who work with, and to some extent exert control over, such boards," he said, "sometimes become cliques. I am not a member of any such group or faction."

"All sections of the county," he said, "should have representation on all county boards — this should include Henderson."

FOR
YOUTH

RE-ELECT **GEORGE E. MARSHALL**

Fourth District Judge

The RECORD speaks for itself. Here quoted directly from official documents of the Clark County Juvenile Board is the historical part played by JUDGE MARSHALL in founding the Clark County Juvenile Home:

JUDGE MARSHALL Joins With Kiwanis Club In Movement To Establish Home; Makes Funds Available . . .

1942 — "Our District Judge, George Marshall was very much in sympathy with our movement and later joined us (Kiwanis Club) in our noon luncheon meetings."

— "The question of financial support came up. Here again JUDGE MARSHALL came to our rescue, pointing out it is incumbent on the county to support such a movement. JUDGE MARSHALL made available from the law library fund \$7000, sufficient funds for two years at which time county finances would take over."

JUDGE MARSHALL Appoints First Juvenile Board; Juvenile Home A Reality . . .

1943 — "JUDGE MARSHALL found in the statutes that it was incumbent upon him to appoint a committee of not less than five to supervise the home. The appointees were Rev. E. A. Wessel, Father Donald Carmody, Beulah Jane Adams, John F. Cahlan and Otto Kimball. The first week in January saw our Juvenile Home ready for occupancy."

JUDGE MARSHALL Resigns To Run For U. S. Senate; Praised As 'Sincere Friend' of Youth . . .

1946 — "On July 1, 1946, JUDGE MARSHALL notified the county commissioners of his resignation. In the loss of JUDGE MARSHALL the Juvenile Home Committee lost a sincere friend and one who has helped us pilot this endeavor up to this time."

(*Above quotations are from "Juvenile Home — A History of Progress" published in 1947 by the Clark County Juvenile Board.)

Former Resident, Bill Darling Runs For Public Administrator

W. R. (Bill) Darling, Jr., former Henderson resident, will appear on the November 4th ballot as a candidate for the office of Public Administrator.

Darling first came to Henderson in 1941 as senior accountant for McNeil Construction Co. on the Basic Magnesium Project, leaving to enter the Navy during World War II. With his wife, Thora, and daughter, Wendy, he returned to make his home in Henderson in 1953 for 3 years, during which time he was employed at Manganese, Inc. and served as the first president of the Federal Employees Credit Union. He also was a member of the City Recreation Board and

was active in civic affairs.

Mrs. Darling was a reporter for the Home News, writing the "Manganese Park Parade," which later became the "Lake Road Parade" when Subdivision III was built. It was through her column that a contest was held naming this section "Valley View."

Darling is a business administration graduate. He has held administration posts with Dunn and Bradstreet, Haddock-Engineers, Inc., as assistant to the superintendent of the Nevada Test Site; and the Nevada Company as Assistant to Manager of the Test Site. He now has his own insurance office in the Twin Lakes section of Las Vegas.

Senator Malone Visits Here

U. S. Senator George "Molly" Malone visited with friends here last week in behalf of his campaign for re-election to the U. S. Senate.

Malone has been a frequent visitor here for many years, his interest in our city predating his election to the U. S. Senate, when he served as Nevada State Engineer. Working with the Colorado River Commission, he was instrumental in bringing water to this area from Lake Mead, in order that the Basic plant could be established here.

On his recent visit, he not only dropped in to say hello at the local industrial plants, a large percentage of whom are well enough acquainted with him to address him by his nickname, "Molly."

Marine Academy Has Opening For 2 Nevada Boys

Senator Alan Bible has announced that vacancies exist for the appointment of two Nevada boys to the United States Merchant Marine Academy for the 1959-1960 school year.

Bible said that Nevada youths interested in filing applications should do so with his office, addressing the letter to him at 345 Senate Office Building, Washington, D. C., and setting forth the applicant's residence, age and parents' names.

Two vacancies will be filled by the Nevada Congressional Delegation. Senator Bible will nominate 10 candidates, who will be eligible to take the examination in March of 1959. After written tests, the two Nevada boys receiving the highest grades and passing physical examinations will receive the appointment. Nominations by Sen. Bible will be made before Jan. 31, 1959.

TURN OFF WATER AT SUMMER CAMPS

Due to freezing night temperatures now existing within the Charleston Division of the Toiyabe National Forest Area, the water systems of the Rainbow Canyon Summer Home Area and the camp and picnic grounds in the Kyle Canyon, Deer Creek and Hilltop areas have been turned off and drained to protect them from frost damage.

People who desire to continue using these areas should plan to bring along any water they may need.

CLARK COUNTY HAS PROGRESSED MORE UNDER THE ADMINISTRATION OF CHARLES RUSSELL and REX BELL Than Any Other Time In Our State's History!

It was Governor Russell who conceived the plan to return the facilities at Henderson to private industry and place them on the state tax rolls. In 1951, there were only 650 people employed at Henderson. Today, under Governor Russell's administration, Henderson is Nevada's 3rd largest city, and is still growing. Because of Henderson's growth,

over **\$20,000,000⁰⁰** additional
assessed valuation has been added to

CLARK COUNTY'S TAX ROLLS

PERSONALLY SPEAKING

By Martha Dwyer

Among the 160-odd persons making the trip to Barstow for the Basic game last week was Mrs. Shirley Smith, Basic High School secretary to Mr. Dooley, principal, Mrs. Brown, P. E. teacher and sponsor of the cheerleaders, accompanied Mrs. Smith on the long ride, as did the four cheerleaders: Sandra Detomasi, Diane Sturm, Dorothy Cannon and Sharon Vincent.

SISTER VISITS

Mrs. Evelyn Singleton, Anaheim, California, who is a quite frequent visitor here, is spending ten days or so with her sister, Mrs. George Ullom, as 266 Tungsten.

LONG DISTANCE

When Mrs. Alma Wilcox, 411 Ilmenite Way, answered the phone the other day, it was very long distance indeed — all the way from London, no less.

Caller was her daughter, Lenore Van Wyk who with her husband and three children (two girls and a boy) came here quite often to see her mother before being transferred overseas.

Maorj Van Wyk is attached to the Communications branch of the Air Force stationed in London and has already served one year of a three-year hitch in England. Both Lenore and he are very happy with the present assignment as the city not only contains a host of interest-

ing places and sights of its own, but is an ideal center from which to do further touring. The highlight of this year was a visit to Brussels during the World Fair.

City Will Issue Citations To Rubbish Dumpers

Certain areas of the city are being used as dumping grounds by residents who are hauling old automobile bodies, household appliances, tin cans and rubbish to these areas and dumping it, making the environs of the city unsightly and unsanitary. The latter arises from using the surrounding desert as a depository for deer hides and heads after hunting and also other waste materials.

The city has an available dumping area situated about three miles toward Lake Mead on Vegas Wash Road where a road turns left for about a mile to the dump. This is posted for dumping.

Violations to Ordinance 33, which concerns such disposal, are a misdemeanor and upon conviction, subject to a maximum fine of \$299, or six months imprisonment or both.

Citations are issued to violators of this ordinance, requiring municipal court trial. All residents are warned by our city officials that anyone found guilty of such violation will be issued a citation.

ORDINANCE No. 33

B. RUBBISH: Rubbish is defined as old tin and iron cans and containers, old wood and paper boxes, old metals, wire, rope, cordage, bottles, bags and bagging, rubber and rubber tires, paper, wood shavings, and all used or cast-off articles or materials, including old plaster, brick, cement, glass, old building material, leaves and yard trimmings.

Section 6.

It shall be unlawful for any person to throw or deposit, or cause to be thrown or deposited, in any street, alley, gutter or highway within the limits of the city, any dirt, rubbish, garbage or dead animal.

No person shall throw or cause to be thrown or deposited any rubbish, garbage, dirt, ashes, or other matter whatsoever upon the lot or premises of another, within the limits of the city; nor shall any person place or deposit or cause to be placed or deposited any rubbish, garbage, dirt, ashes or other matter whatsoever in such a manner or permit to remain in such condition on his premises so that the same may be blown or carried over to other public or private property by any means whatsoever.

ADULT CLASSES AT BASIC HIGH

The Adult and Vocational School of the Clark County School District is slated to open additional classes here this week.

Classes have been scheduled at Basic High School as follows: Conversational French, Monday and Wednesday, 8-10 p.m., Room 12. Stenograph ABC Shorthand, Monday and Wednesday, 7:30-9:30 p.m., Room 4. Driver Education, 7:30-9:30 p.m., Room 14. Typing 1, Tuesday and Thursday, 7:30-9:30 p.m., Room 3.

BASIC SENIORS TO PRESENT STARDUST

The cast for Basic High School's Senior Class play "Stardust" was announced this week by Mr. John Beatty who will direct the production.

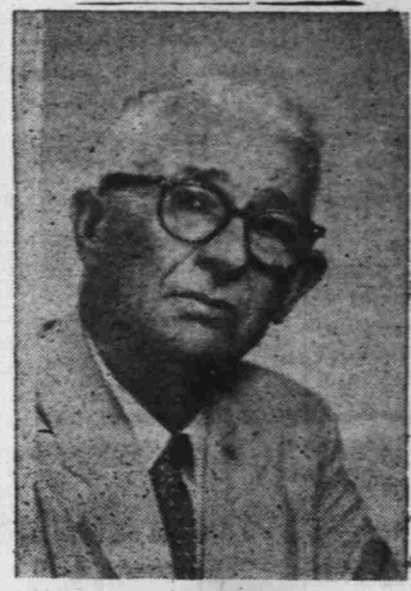

The members of the cast are as follows: Pat Love, Judy Price, Frank Barker, Phil Stout, Judy Hamblin, Betty Jean Davis, Don Arkell, Jim Caldwell, Judy O'Neal, Judy Blaisdell, Richard Erickson, Connie Powell, Bruce Galloway, Nancy Edwards, Paula Neighbors, Gwen Nicholay, Col-

leen O'Siecki, and Penny Kruger. Connie Constantine will be student director for the play.

The play will be presented on November 24th and 25th at 8:15 p.m. on the High School
