OUR PEOPLE VOTE DEMOCRATIC IN BIG DAY AT THE POLLS!

Cannon, Sawyer Tip Malone And Russell

By MORRY ZENOFF

The people of our state overhauled the state government and installed a new motor in the national three engine machine on election day Tuesday...

The people decided that Howard Cannon should replace Molly Malone in the United States Senate and that Grant Sawyer should run our state as governor instead of Charley Russell.

The people also decided that Walter Baring was doing all right as our representative in the lower house of congress — and that Rex Bell was doing all right as lieutenant governor — because they were both reelected.

The changing of the guard was unexpected yet it was predicted by poll-takers. The up-ending of republican office-holders followed the national trend.

The return of democrats to tremendous power in the national congress was attributed to the national economic recession that occurred under republican influence.

The selection of Cannon and Sawyer means the state's voters decided to place the honor and glory and future of Nevada in the hands of younger men. Cannon has six years to go, Sawyer four — and with reelection almost always the rule — it means this state's political life is set up for at least the next 10 years...

The voters showed excellent judgement in the selection of those for the other state and county offices. The complete results, with the winners being the ones listed with the most votes are in the adjoining column.

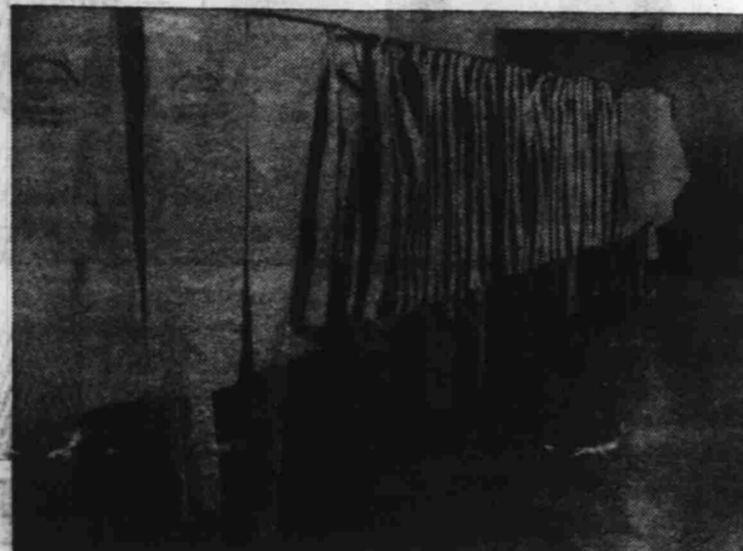

WINNERS OF THE ELECTION

HENDERSON AT THE POLLS

GOVERNMENT AT SCHOOL — Basic Elementary School is the busiest place in the City on Election Day with 11 precincts, representing approximately 2800 residents, voting there...

WORKERS' VIEW — Election Board workers become accustomed to this study in legs and postures during the 10 hour voting period as they are continuously checking to see whether booths are available for waiting voters.

SONNY GETS INTO THE ACT — Small children are interested in voting, too and feel rather superior since they are the only people in the U. S. A. allowed inside the booth with a voter.

ELECTION BOARDS — Worked around the clock getting out the results of the ballots, which contained 100 names and 4 questions, each having two answers, making the total of 108 items to be counted...

Judge Treem Wins; Gibson, Pagan Have It Easy As 3,286 Vote

A two third majority of our registered voters went to the polls on Tuesday with 3,286 ballots cast by our 4,870 registered voters.

Precinct No. 15 recorded the highest vote of any of the 17 precincts with 320 persons casting ballots. Precinct No. 8 recorded the smallest number of ballots with 103 persons voting.

The Bond Election held by the Clark County Fair and Recreation Board was approved by our citizenry.

By the looks of the following local tabulations, our people voted the same way the rest of the state did — to unseat the governor and U. S. Senator — to fill those seats with democrats instead of republicans.

missed in their attempt for the hospital board.

Bill Compton did well here in his home town in his try for district judge — polling 1,519 votes to Judge Henderson's 1,320 — but the latter's big lead around the county curbed Bill's chance to win the race.

It was interesting to note how Howard Cannon and Grant Sawyer both won our people's votes almost three to one. This was the only city where Johnny Lytle polled better than the winner — County Treasurer Sloan.

BASIC VS. BOULDER TOMORROW NITE

This is the week of the BIG GAME. This is the place where the BIG GAME will be played — right here in our own backyard, as they say in fighting Circles.

This is the time — tomorrow night — when Boulder and Henderson square off on the football field — in a battle that may outclass all other games these teams have ever fought — because this year their records show almost equal strength — with Boulder a bit favored in speed and Henderson a bit favored in depth.

It will be a gala occasion, indeed, for the people of two neighboring cities will gather to cheer their heroes on to victory. Half-time ceremonies and appropriate cheering and decorations will serve as the game's backdrop.

Both teams have their running stars — both teams have their passing stars. And both teams, despite earlier season injuries, will be at nearly full strength.

The game, too, serves as the annual get-together for Boulder and Henderson friends — either for pre-game parties or after-the-game gatherings.

Junior Reserves Aid In Solving Airline Burglary

The Junior Police Reserves have reason to be proud today since this group of young boys are credited with recovering the loot from a theft at Bonanza Airlines Maintenance shops and aiding in the apprehension of the burglar who chose the area near the Park Village School as a hiding place for his loot.

Several of the young Policemen who range in age from 6 thru 15 years, were playing in the desert near the school when they found approximately \$50 worth of tools, wiring, electrical parts and lubricants hidden under a pile of logs.

The boys immediately got in

touch with Sgt. Ben Kennedy at the Police Department, notifying him of their find. They brought the articles to the station where investigation by Officer Charles Hitchborn and Sgt. Kennedy determined that the articles were stolen from the supply shop of Bonanza Airlines.

Kennedy got in touch with the airline company and the guilty party was quickly brought to justice and charged with larceny. Chief of Police George Crisler announced that the Department is very proud of these young men and highly commended them for their work in helping to solve this case.

The Junior Police Reserve was organized by Sgt. Kennedy and Officer Larry Tabony and now has a membership of some 600 boys who train once each week.

Work is now underway to train a unit of 100 members of the Jr. Reserve for a fancy parade marching unit. This uniformed marching group is expected to be ready for appearances in the Industrial Days and Helldo-

Expect Finish Of Sewer Project About Dec. 1

The completion of the Pittman sewer project is expected about December 1, it was announced yesterday by City Administrator Clay Lynch.

The collection lines are completed and have been tested and are ready to connect to the disposal plant when the machinery is installed.

All of the equipment for the disposal plant has been delivered at the site, with the exception of one meter, Lynch said.

The exact date when service connections can be made is not known at this time and as soon as the time is certain, residents in the Pittman area will be notified and will be given sufficient time to make their service connections.

French Club met Tuesday night. The new constitution was read, they decided to have yellow for their color, Les Parisiennes for their name, and "One for All and All for One" as their motto. Refreshments of cookies and punch were furnished by Carole Powell, Randa Salamy, and Sherri Trent.

The Constitutional committee for the club is Sara Sue Johns, Edith Barker, Cathy Wentz, George Ullom Dianne Sturm, Judy Blaidell, Ruth Williams, Sherri Trent, and Diane Dietrich.

HOME EC.

The ten commandments for

teenagers to observe to be better conversationalists, and to be liked by others, were studied in Home Ec. They seemed good enough to pass on for everyone's benefit. 1. Listen attentively; 2. Talk about others' interests; 3. Avoid dull details; 4. Shun trite expressions (You know, neat, sharp, etc.); 5. Speak precisely; 6. Ask the right questions, and in the right manner; 7. Learn how to disagree; 8. If you must interrupt a conversation, do it gracefully; 9. Be tolerant and tactful with others; 10. Give praise.

MARKET TOWN DANCE

There was quite a dance at Market Town Saturday night, as

every teenager knows. The band played some good music. Most entertaining was a fast dancing contest, with four couples competing. The couples were picked from a group of teenagers. Paul Weir, Ken Turner and several others judged the dance, with the help of the audience. Gary English and his partner were the winners. The prize was a big stuffed dog.

Everyone was enjoying the wonderful hot pizza pies and free cokes. Many were buying stuffed animals in the store. Not too many couples danced, while the rest of the students just watched. Adults — and policemen were there, too.

TINA CHOSEN

Tina Yates was chosen to be the student conductor for the band by Mr. Ford. Tina is the secretary of the band, a major, a member of the dance band and the pep band. She will be the student conductor at the basketball games, pep rallies, assemblies, and conduct one number on the major concerts and assemblies presented by the varsity band. (Congratulations, Tina!)

FUTURE NURSES

The future nurses are busy making pins and corsages to sell at Christmas time. Judi Hamblin is the president of F. N. Joyce Shibuyama and Diane Olsen are the secretary and treasurer. Members are presently making favors for the hospital to be given patients at Thanksgiving.

USHERETTES

Joyce Shibuyama is the president of the Usherettes this year. Carol Ann Jones is the vice president, Charlotte Fisher is secretary, Gwen Nicolay, treasurer, Marie Weedman is activity director.

The Usherettes have new uniforms this year.

This group of girls, under the direction of Mrs. Strong and Miss Smith, donate their services at many school functions by saying "This way, please."

POSTER CLUB

Another group donating services are the poster club who put up posters at school and paint signs on the hills for elections and games. Lois Korthius is the chairman this season. Members include Dorothy Cannon, Diana Pfeifer, Sandi Detomasi, Doriene Bidwell, Sharon Vincent, Dianne Sturm, Teddy Fields,

Heidi Coates, Sandra Brookhart, Marilyn Ruliffson, Francis Thorne, Lorna Anderson, Lynn Kruger and artist Billy Drake, who is the one boy in the club.

FUTURE TEACHERS

Mrs. Robinson announced that two members of Basic's Future Teachers Club will be nominated for state offices of president and secretary. LeRoy Chase and Anna Marie Daugherty are the candidates.

The F.T.A. convention will be held at Hawthorne on Dec. 2 to 7. There are 17 members in F.T.A.

C A P GIRL

Johanna Winlow is becoming famous for her work with the Civil Air Patrol. During the summer she attended a jet orientation course in Alabama. She had a ride in a jet, and had some other interesting experiences there.

BASIC VIEWS

Is Sharon Dawson's favorite

word "Chiggers"??? (It is!) Darlene Williams is engaged to Jerry Iceland. (Pretty ring!) Dianne Hoffman has been engaged for 8 months. Carolyn Hannig has been going steady for 8 months.

Does aPT Hare still like Larry W.? Carole Powell likes a sophomore boy now. What Basic girls went to Vegas for window soaping??? What two popular girls went to a "spook" show on Halloween???

What Senior boy was looking for a kitten Saturday night??? Judy Blaisdell's team in G.A.A. won Thursday evening. You made it, Judy!!

Jack K. has named his car the "Crazy Daisy." Car naming is getting to be quite a fad at Basic. Vicki L. is taking her job seriously. Don't forget the big game tomorrow night!

More millions are spent for the relief of headaches than for any other ailment.

Little Theater Workshop In 6-Week Program

Plans were formulated for a Theatre Workshop at a recent business meeting of the Henderson Little Theatre, held at the home of Elinor Graham, 246 West Basic Rd. Many phases of theatre work will be presented during the six weeks of Workshop. Mrs. Doris Reed was named Chairman of the program by President Dick O'Neal.

Each Wednesday evening a different program will be presented to include script reading, flat building, backstage crew work and as many phases of theatre work as can be worked into six weeks.

All members of the Little Theatre and anyone who would be interested in attending these classes are urged to attend.

There is no charge. Those attending will be asked to take an active part in the presentation of the programs.

The production of the play entitled "The Three Angels" which was scheduled for this fall has been temporarily delayed until the first of the year due to illness of members of the cast and the coming holidays.

Much can be done for the rehabilitation of a handicapped person, but the impetus must come from within him, and does in all successful cases.

WORKERS SEEK RAISE

The following is a letter submitted to the Mayor and City Council from the Henderson City Employees' Association, for their Consideration.

To: Honorable Mayor and City Council
From: Henderson City Employees' Association
Subject: Request for Cost of Living Wage Increase

We the City employees of the City of Henderson, wish to request a cost of living wage increase as soon as adequate revenue is assured. We realize that this is not feasible at this time, but we feel confident that this situation will be remedied in the very near future.

As you know, we have not had a wage increase since January 1, 1956. From July 1956, to July 1958, the cost of living is 8.2 per cent higher than it was on January 1, 1956.

At the present time, the average of our City Employees wage is \$70.00 per month under the average of the other municipalities in Southern Nevada. This is not a true figure per classification, but is an average of all classifications.

We feel that a wage increase, as soon as feasible, will not only ease the financial burden of the City Employees but will be a tremendous morale booster. The vast majority of our employees have been with the city for one year or more and have no desire to change employment so long as wages are adequate. Several of our employees have training and experience in more than one field and are using this training and experience for the advantage of the City. We feel this caliber of employee is a decided asset to the city, and is deserving of an adequate wage.

We wish to request that you give the matter due consideration as soon as possible. A delegation of city employees will be very glad to meet with the Mayor and Council at any time to discuss this request for wage increase.

Respectfully submitted,
HENDERSON CITY
EMPLOYEES' ASSOCIATION

CHAMBER OF COMMERCE HOLDS INSTALLATION BANQUET SAT.

The Chamber of Commerce will hold its annual installation banquet on Saturday at 7:30 p. m. at the Elks Lodge hall with R. Julian Moore as Master of Ceremonies and A. E. Cahlan, Editor of the Las Vegas Review Journal, as guest speaker. The speaker's theme will be "Selling Nevada's Resources to the Nation."

Bob Olsen will be installed as president of the chamber and will be presented with the gavel by outgoing president James Van Valey. Members of the Board of Directors who will serve during the 1958-1959 year with Olsen are: Dr. Melvin Bagley, Lyal Burkholder, Jim Gunville, Phil Hubel, Frank Morrell, Jim Orr, John Rayburn, Hershel Trumbo, James Van Valey, N. D. Van Wagenen and Robert Woodruff.

Reservations for the banquet which will be served by the B. P. O. Does, can be made by calling the C. of C. office, FR 2-3222. President Olsen has announced that it would be greatly appreciated if all who can do so will make their reservations before the office closes this afternoon at 5 o'clock, in order to give the Does all the help possible in making their arrangements for serving the banquet.

All members are urgently re-

quested to be present at the installation banquet and a very interesting evening is promised. Helen Ott has been appointed chairman of the banquet committee.

NOTICE WATER SHUT OFF

The water in Manganese Park and Dohrenwend Manor will be shut off this morning between the hours of 9:30 to 11 o'clock it was announced yesterday by Clyde Jenkins, Maintenance Superintendent.

Reason for the shut off is because of some work that must be done at this time and the Maintenance Department expressed a hope that housewives will not be too greatly inconvenienced during the hour and a half period necessary to complete the work.

BANK OF NEV. MAILES XMAC CLUB CHECKS

\$25,000 in Christmas Club checks will be mailed out to Bank of Nevada Club members on Friday, November 7, it was reported today.

Each member receives the total of his weekly savings deposits plus three percent savings interest.

Around the nation this year some 13 million Christmas Club savers will receive checks totaling \$1,365,000,000 which is 3% more than last year and suggests an uptrend in savings.

Besides going into Christmas gift buying, many of these dollars are used for insurance premiums, taxes, mortgages, and other payments due at year end.

THIEVES LOOT GOLF CLUB, PARK VILLAGE SCHOOL

Thieves broke into the Black Mountain Golf Club clubhouse Tuesday night and took off with about \$2,000 in golf equipment plus bar supplies — then loaded the loot into the club's pickup truck and took off.

Police found the truck — empty — abandoned in Paradise Valley hidden behind some brush. Several good finger prints were taken and are being checked now.

Police also have prints on another robbery attempt at the Park Village School, also Tuesday night when someone tried to break into the safe. The dials were broken off but the safe was unopened.

HAIR-DO OF THE WEEK — Beth Ann Howard, who is "sweet sixteen" — months — was noticed coming out of the Bank of Nevada and inspired us to bring you this "hair-do of the week." We predict that Beth Ann with her bright red hair and "top knot" coiffure is destined to change present hairdressing fashions as we think the idea of switching the pony tail to the top of the head does much to enhance her beauty. Beth Ann is the daughter of Mr. and Mrs. Godfrey Howard of 472 Hazel Way. She has two sisters, Kathrey 11 and Susan 8. The family has resided here for the past two and a half years. — Woodruff Photo

Vaud E. Larsen displays a 16mm movie camera which Emcee L. R. Douglass had just presented him as a farewell gift from Reclamation and other friends here. The occasion was a recent dinner in Larson's honor in the Boulder City High School gymnasium attended by nearly two hundred people. Mrs. Larson, also honored, is seated at left. She is wearing an orchid corsage presented her by friends. Also shown are Mrs. Douglass and E. A. Moritz, former Reclamation Director, at far right. Larson reported to the Bureau of Reclamation at Kanab, Utah, September 29 as Assistant Project Construction Engineer on Glen Canyon Dam. He has served as Assistant Regional Director in Boulder City during the past two and a half years. — Bureau of Reclamation photo by R. C. Middleton.

I COVER THE DESERT

By Mert Ingham

Most of us know that skunks release a powerful odor. That is about the only information many associate with him.

Actually, when the two small scent glands which are located under the tail are removed by surgery, skunks make excellent pets. They are playful and colorful. They will eat almost anything offered them, and their appetite reminds one of the small boy with the hollow leg. Contrary to many stories that the skunk "smells," he is really quite odorless, and is clean in his habits.

Here in the desert we have two kinds of skunks. The smaller is the spotted skunk which has four to six white stripes on his back that are broken into sections and resemble spots. The rest of the animal is black except for a white patch on his forehead and white tip on his tail.

In the wild, he feeds mostly on insects. The little spotted skunk has been reported near Boulder City, Overton, and St. Thomas. However, he is not what we would call a commonly seen animal.

The striped skunk is about the size of a house cat. He has the familiar two broad white stripes down his back, and a few of the long hairs in his tail are tipped with white.

Unlike the little spotted skunk, which apparently wanders a considerable distance from water, the striped skunk has generally been seen close to water. He appears to depend primarily on rodents for the majority of his diet. The striped skunk is known throughout the United States and in many portions of Canada.

Insects and rodents — yes, in the eyes of man skunks should be considered very beneficial. In the eyes of nature all animals have their place. It is only when man destroys an animal, like the mountain lion and other predators, that we have exploding populations and are forced to "manage" wildlife.

The most notable feat of either skunk is their unerring aim when discharging the vile spray. When disturbed, the skunk generally warns its adversary by stamping its feet on the ground and by clicking its teeth, or by growling and hissing.

When the threat fails, it does what is similar to an acrobat's hand-stand, twists its body into a "U" shape, lifts its tail out of the way, and lets fly.

Its remarkable aim is accurate to twelve feet. Its spray, besides being vile smelling, is extremely irritating to the eyes and mucous membranes. A man struck by the spray at close quarters may be blinded for several days.

Every evil has some good, however, and the spray with its "staying power" is used as a base for many perfumes.

As I mentioned previously, only a few skunks have been observed in this area. If you have seen one in the vicinity of the Lake Mead Recreation Area, we would appreciate hearing from you. Just call the Park Naturalist, Boulder City 628, 629 or 644. Thank you for your cooperation.

Municipal Ass'n. To Hold Annual Meet Nov. 21

Our city will host the annual meeting of the Nevada Municipal Association on November 21-22 with representatives from 17 Nevada cities attending.

The group will discuss municipal problems and proposed legislation to be introduced at the

coming session.

According to City Clerk N. D. Van Wagenen, representatives from Boulder City, Caliente, Carson City, Elko, Ely, Fallon, Gabbs, Las Vegas, Lovelock, North Las Vegas, Reno, Sparks, Wells, Winnemucca, Yearington and Henderson will be in attendance at the two-day sessions.

The best way to keep good acts in memory is to refresh them with new.

Parents Urged To Visit Schools' Open House November 12 and 13

Lyal W. Burkholder, Area School Administrator, has announced that Open House will be held at all of the city's schools on November 12 and 13 in observance of National Education Week, November 9 through 15.

The administration, faculty and students of our schools extend a strong and sincere invitation to every citizen of the community to visit the schools during Open House as it is important that parents have a good understanding of the work being done by the schools in their community.

Important factors that contribute to the quality of education are the professional excellence of the teacher; the instructional aids and education equipment available to the teachers and the students; the quality of the administration and supervision; adequate plant facilities to guard against overcrowded classrooms and half-day sessions; adequate school finance to provide the basic educational necessities to support a high quality instructional program.

In order that parents may observe and study these factors an Open House visitation program will be in effect in our schools on the evenings of November 12 and 13.

On Wednesday evening, Nov.

12, Open House will be held in the Basic High School. On Thursday evening, Nov. 13, Open House programs will be in effect in all elementary and junior high schools.

Since all elementary school programs are being held on the same evening, classrooms will remain open from 7 to 10 p.m. This will give parents an opportunity to visit more than one school campus.

Each year the National Education Association designates the week of November 11 as American Education Week. This year parents are especially urged to study the quality of education being offered by the schools in their community.

LOCAL ALUMNI ON U of N COMMITTEE

Some 200 graduates and former students of the University of Nevada have been named to the Alumni Executive Committee for next year.

Local Alumni who have been named to the committee are: Gordon Miles and Cliff Segerblom of Boulder City and Dale Riddle, Bob Taylor and Don Smith of Henderson.

Announcement of the selections was made during the 1958 Homecoming dance and buffet in the Mapes hotel Sky Room.

DR. HAZELTINE STUDIES IN CHI.

Dr. Karl Hazeltine left on October 25 for Chicago, Illinois, where he is taking an advanced course in obstetrics and gynecology at the Cook County Hospital. He will return to resume his practice here on Nov. 10.

Mrs. Hazeltine remained at home with the four children, Karl III, Nancy, Daniel and Naomi.

Though little used in the western world, seaweed forms a considerable part of the world diet, used chiefly in soups and sauces.

THE GRAND CHAMPION**

BLUE RIBBON WINNER OF THE SOUTHERN
NEVADA JUNIOR LIVESTOCK SHOW AND SALE

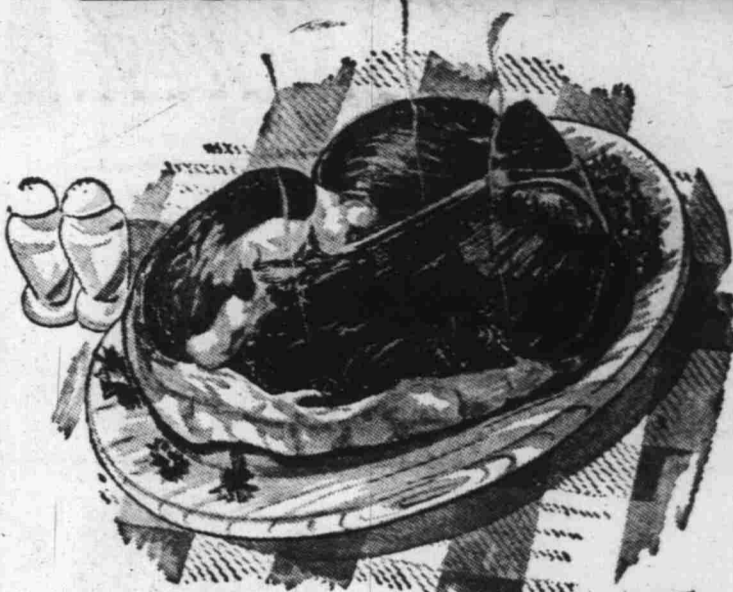

We're celebrating the purchase of the prize winning steer, exhibited by Kenneth Peterson at the Community Fair, with a steak sale that tops any we've ever had. We've purchased only the best for this event — all USDA CHOICE and from the finest steer beef. This isn't the show beef, of course, but the champion is also on sale in a special section. We've waited until this beef was properly "hung"! It will be delicious for those of you that want the very best.

DEAR MARCIE

By Marcella Duncan

Dear Marcie:
People are forever writing to you to thank you for solving a particular problem. But you sure didn't solve mine!
I'm the gal of 26 who wrote and told you I'd been engaged for five years, cooked and sewed for the guy, but couldn't drag him to the altar. Your solution was that since I got nowhere by always being available, I should make myself scarce. I did... and now he's not even trying to see me. And it's been over a week! Thanks... for nothing!
Moanin' Low.

Dear Moanin' Low:
You're crying over a guy like that? Can't you see that I really did you a favor by offering the advice I did?

If you hadn't listened to me, your romeo would have gone on forever with that same, happy little arrangement... taking all and giving nothing in return!
Isn't it better to learn before marriage what a selfish oaf you were engaged to? Your life is scarcely over at 26.

Chalk this up to experience, foots. You will succeed either in making your ex-boy friend realize your worth, or a new one will! In any event, you can't lose! Let me know how things come out... and don't weaken!

Dear Marcella Duncan
My husband persists in entertaining our guests at the dinner table by telling them all about the high cost of food and the price of the roast. He mortifies me so that I'm afraid to invite a guest to dinner any more.
He may listen to you, Marcie—please tell him this is wrong.
The Wrong One's Wife

Dear Wife:
Some time ago another wife wrote to me with the same problem. All I can do is offer you the same advice I gave her. (She later wrote to me and thanked me.)

Ask your husband how he'd like to be wined and dined to the tune of "enjoy this sauterne—it cost \$2.50 per," or,—"I just managed to get the financing I needed to buy this roast," etc., etc. Ask your husband if he'd return to that table for more of this form of entertainment.

When he actually sees the other side of the situation I'm sure he'll look for other ways of entertaining your guests in the future—provided, of course, you have any friends left to invite to dinner! Good luck!

Dear Marcie:
I hope you won't consider this too trivial to bother with. My husband smokes in bed and is constantly falling asleep and setting the blankets or the mattress on fire. (This is trivial?)
My nights are nightmares, ly-

ing awake, waiting for the familiar odor of smoke to assail the room. What's the solution?
Sleepless!

Dear Sleepless:
Solutions are many—it's the lack of common sense that worries me here. I could suggest twin beds, moving to another bedroom, or even another house, but none of these would actually solve the problem.

Doesn't your husband realize the dangers of smoking in bed? Maybe if you had a Fire Chief read him the annual casualty list (from this one cause alone) he would listen to reason. If he doesn't, he's not only stupid, but mentally retarded as well!

If all else fails, move him to the farthest corner of the house, away from your bedroom, and tell him he can return only when he promises never to smoke in bed again.

Tell him if he wants to commit suicide, that's one thing, but that you don't intend to become a murder victim as well!

Do you have a problem? Marcella Duncan will be glad to help you if you will write to her in care of this paper. A stamped, self addressed envelope will bring you a personal answer.

AP&CC REPORTS SALES INCREASE

Consolidated sales of American Potash & Chemical Corporation for the nine months ended September 30, 1958, totaled \$35,619,683 compared with \$35,646,615 for the same period a year ago, president Peter Colefax announced in an interim report to shareholders. The 1957 volume excludes the sales of Lindsay Chemical Company which was merged with American Potash this year.

Consolidated net income for the first nine months of 1958 amounted to \$3,155,395, equal after preferred dividends to \$1.32 per share on 2,270,802 shares of common stock outstanding. Net income for the same period a year ago was \$3,556,502 equal after preferred dividends to \$1.78 per share on the 1,907,591 Class A and common shares then outstanding.

For the three months ended September 30, 1958, consolidated sales amounted to \$11,961,410 compared with \$10,878,669 registered in the same period of 1957. Net income for the third quarter of 1958 was \$954,840 or 40 cents per common share.

For the comparable period last year, net income was \$1,071,170 or 53 cents per share.

A life spent worthily should be measured by deeds, not years.

COUNTY LEGISLATIVE COUNCIL

The Clark County Legislative Council re-elected officers for the 1959 session of the Nevada legislature and set Tuesday evening, November 18, for the next meeting, according to Elton M. Garrett, who was named chairman at the organization meeting.
John Porter of North Las Vegas was elected vice chairman and Charles Collins of Las Vegas secretary-treasurer. All served similarly, during the 1957 session, the council sponsored by the Clark County Civic Service federation.

the county send delegates, each being entitled also to alternate delegates, and places on various committees. Meetings, held in Judge Henderson's courtroom are at times weekly during height of the session as committee reports are acted upon. During the last three sessions the council has had a high degree of success in passage of bills.

STAUFFER CHEMICAL REACTIONS

(From the pages of Chemical Reactions, a publication for the employees of Stauffer Chemical Company.)

IN THE OFFICE
A familiar face back in the office is Betty Gran who is help-

ing out in the Traffic and Payroll departments.
Ray Gardner has joined the Engineering Department, making another husband and wife team at Stauffer, his wife, Gerry is in Personnel.
Chlarine and Caustic depart-

ments have a new office. Chuck Trueworthy, Hank Weideman, Frank Bleak and Elmer Buescher have moved down the hall into what is somewhat louchingly referred to as "the barn."
Everyone is expecting an invitation to an "office warming" party.
Frank Schreck recently returned after a belated vacation, enjoyed at home and out in his boat.
L. J. Edwards is sporting a new car, a gorgeous red and white Chevrolet Impala.

Karel Bednar and still refuses to report on who won.
Mike Barakeh is planning to spend a week-end in Los Angeles . . . seems there is a certain girl there.
Shirley Isom was guest of honor at a recent baby shower at the home of Pat Routh with many of the "gals" from the office and labs present.
Gert Block is sporting a "new" car; her old one gave up the ghost not long ago.

Warren, from the boiler house, spent one week at Clover Valley — no deer, but still trying.
Danny Trueworthy, son of C. R. T., showed "Pop" up by knocking down a four-point buck with one shot near Barkley.
Arl Farnsworth had two deer staked out on Charleston for opening day, but they had different ideas about it, so he'll try again.
SMOG FROM THE LABS
Ilean and Jim Crawford recently returned from a two week vacation. They spent a week in California and enjoyed a three day trip to Catalina Island. The fog was so thick that Jim was quite sure the captain would never find the way. However, Ilean said, "don't worry, we'll just sail under the fog." The weather on the island was reported to be perfect.
Thora Alverson reports it is now too cold to use their swimming pool; besides, it is too much trouble keeping the leaves out of the way. Thora is decidedly in favor of World Series baseball — she won two "pools" for a total of \$22.50.
Arlene (Toni) Carter has taken her final week of vacation, accompanying her parents on a visit with relatives in Stockton,

FHA Cooperative Housing Solves A Problem
The cooperative housing program of the Federal Housing Administration offers a sound solution to the problem of people who want the combined advantages of home ownership and apartment dwelling. Any qualified non-profit cooperative group of 8 or more individuals may obtain an FHA-insured mortgage with liberal terms to develop a cooperative housing project that meets FHA requirements

CLORINE CAUSTIC NEWS
Ronnie Martin, from Liquid Caustic, Jim Brady and Vergene Mumford, from Solid Caustic, became proud fathers in October.
DEER HUNTERS . . . The deer hunting so far has turned out to be quite a disappointment to most of the boys who have had a try at it. The reason, mostly, is the heat and lack of bad weather to bring the deer out of hiding.
Carl Weideman, Art Buescher and Quentin Acuff hunted Cove Valley two days with no results. P. D. Harris and Sam Schiers at Ruby Valley for a week — one doe.
Robert Thompson, George Black hunted Schell and Cherry Creek and brought back one doe and one small buck. Jack

BASIC TOASTMASTERS CLUB
The Toastmasters meet every other Tuesday in the banquet room of the Royal. The Club invites interested persons to call Cleo Isom, Jim Lloyd, Frank Bleak, George Stewart or Elmer Hilsinger, or the Personnel Dept.
Toastmasters offers one of the best ways for a person to become familiar with public speaking, conducting a meeting, and other desirable attributes.
BIRTHDAYS
Happy birthday in November to: Arthur Purches, Paul Sheppard, Joseph Baker, Delmer Davenport, Robert Wittern, Elias Gonzales, Virgil Gentner, Robert Thompson, Dennis Shelton, Ray Marple, Carl Weideman, Ray a y Gardner.
Ray Doremus, Wilbur Hardy, Donald Spaulding, Susanne Mc Milian, Terrence Heaton, Elmer Hughes, Alvin McDonald, Wade Heki, Jay Henderson, Billy Blackwell, Cleophes Webb, Gene Highfill, Dennis Johnson, Cleo Isom and Stanley Hardy.

SERVICE AWARDS
John Killpack, Chlorine Working of Reman, was given a Ten Year Service Award for completion of ten years service with the company on October 8.
Gene Austin and Robert Dill received Five Year Service Awards for completion of five years service. Austin, a cell attendant, completed five years on October 7, and Dill, a Montrose operator, on October 14.
MONTROSE LAB NOTES
Congratulations to Howard and Joann Hooper on the arrival of a fine baby girl, Valerie.
"Hoop" has just returned from deer hunting and had a fine time . . . shot a whole box of shells. Not being a hunter, we're not entirely sure of the significance of this, but at least it would seem to have been noisy in the general area.
Fred Talbot and Jay Henderson have been playing tennis. Each time they have played Jay has said Fred won and Fred has said Jay won. Fred recently played one engagement with
