## GOLF CLUB PLACES 56 LOTS ON SALE FOR PUBLIC USE AS HOMESITES

### Our People Speak

**QUESTION: What do you think of the recent raise in the property valuation?**  
Mrs. Glenn Lehman, housewife, 113 Fir

The way things are, one would not feel like making any improvements around one's place. Here we went and put in a wall, and even went in with three of our neighbors on it, and the assessment is \$1,000.

If they got assessed the same as we did, that is really something.

Assessments are OK, but why do they have to be so darned high?

**Bonnie Levy, Ironworker, 311 Tin**

I am pretty disgusted. Last year the assessment on our property street work was \$350. This year it was \$650.

Just how they arrive at a figure \$300 higher?

And why do we have to pay interest on the money we pay?

If we do not sign the papers saying we will pay, they will grab our property.

If we sign the contract to pay the money, then we are beat over the head with additional expense of six or more percent on the very money we pay.

I do not think that is right.

If a bunch of neighbors decide to go in and protest, I am going with them!

**R. C. Linschoten, Bread salesman, 129 Dogwood**

We are quite happy with ours. In fact I think most people would be happy with the statement they received if they read it closer. The one we got before was higher, but one Bilbray sent us was lower. We think it is OK!

**Frank Rzigalinsky, Mill Supt., 629 National**

Our bill is a little higher, but I expected that, because we put several improvements on our property. I think it is entirely fair.

**Mrs. Elmer Shiles, Grocery clerk, 5 Mallory**

I think it is all right to raise the valuation, but not in the amounts they have done in a community as small as ours. I feel it is unfair to penalize the working people—like most of us are here—the moment they try to improve their places and live like human beings.

**F. R. Pryor, Telephone Central Office Supt., 656 Burtton**

Assessments always go up as property is improved. My feeling is merely that the raise in valuation should be in line with real—and not imaginary—property values in the area. The way it stands the valuations are much too high for our area.

**Mrs. Daniel Hutton, housewife, 228 Hillcrest**

Our taxes are so much larger this year after this new valuation, we do not feel the valuation is realistic, considering the true property value around here. Here we try to improve our home, and what do we get for it? Higher taxes! It is very disheartening.

### Hallanger Wins Showboat \$1,000 Slogan Prize

Irvin Hallanger, 69, of 8 Hansen street, won the Showboat's \$1,000 slogan contest without half trying.

Reginner's luck? Maybe. But Hallanger had won once before, and also without effort, the \$500 posted by the Grand Central Radio Station in its "name the play" contest, some years back.

However, contests are not his main interest, and he indulges in one, now and then, as a pastime, much as some do crossword puzzles. (Except that his pastime pays better).

"My wife and I go to the Showboat to eat and play bingo," he said, "and we just naturally heard about the contest. I thought I'd try it, if I found the time to fool with it."

My first idea was "Variety at the prow, Pleasure at the helm." Eventually I discarded it in favor of "Our Best Reference is Local Preference," and that was the one that caught the Showboat's fancy.

Hallanger is the former finance officer of the city of Torrance, Calif., adjudged the nation's fastest growing community in a LIFE magazine survey three years ago.

He has two married daughters and their families here, Mr. and Mrs. John Cox of 211 Tungsten and Mr. and Mrs. Burton Smith of 8 Hansen.

He came to Henderson three years ago for his wife's health. Both are now feeling fine.

### Las Vegas Woman Finds Local Mail

Police received a telephone call late last night from Mrs. Stanley Waugh of 225 Clinton, Las Vegas, that she had found some fully addressed and stamped packages on Vegas Wash Road, and had taken them home with her until the rightful owner could claim them.

They were addressed to T. Kramer, 642 Federal. Attempts to reach Kramer last night had failed.

The packages apparently had fallen off the mail truck.

### EMERA CLUB MEETS TOMORROW

According to Mrs. Ruth Compton, the Emera Club will meet at 8 p.m. tomorrow at the Masonic Temple for gift exchange and good fellowship. Members will also bring food for the club diabetic basket.

### THIS COULD ONLY HAPPEN TO SANTA HERE

TAKING IT EASY before the Big Night: Santa Claus tries sliding down the town's narrow chimneys. out his swing at Black Mountain Golf Course to slim down for

### Santa About Town

SANTA CLAUS GASES UP HIS CHARIOT: Santa tells Firemen Murray Foremaster (atop the truck) and Luis Jaramillo (holding the hose) to get busy and fill the red fire truck: he'll have a lot of stops to make pretty soon.

SANTA FIGHTING TEMPTATION. To cut or not to cut, that is the question. He finally decided not to disappoint the kiddies and let the beard be until after Xmas. "Nobody would know me without it," he sighed...

THOUGHTFULLY, SANTA COMPARES himself and his image on the window of the Chamber of Commerce. "Except for the mitts and holly, not bad, not bad at all," he said.

PRACTICING SOME IRON SHOTS: Santa looks up to Black Mountain Golf Club's Champion Bob Taylor, swinging his club exactly as he does. At left is Ralph Purdy, showing his best form, too.

SANTA CALLS MRS. CLAUS at the North Pole: "Yes dear . . . yes dear . . . yes dear" was all Officer Tabony said he could overhear him say.

The Black Mountain Country Club this week placed 56 of its 160 lot subdivisions on sale to the general public for use as homesites.

The decision, made by the Board of Directors, thus gives non-golfers as well as golfers a chance to live in what FHA Housing officials have adjudged "one of the finest places to live in Southern Nevada."

74 of the lots have already been sold to club members, with many homes presently being planned to start construction within 30 to 60 days. Another 30 lots have been withheld by the club for sale to future members.

"In placing these 56 lots on sale to the public at large," said President Jack Miller, "we hope to thereby give many besides our members the chance to enjoy our beautiful view and background. When completed, our subdivision will rank with the most beautiful living area in the entire west."

He explained there will be no restriction as to price of the homes to be built or size, but the club's building committee will have the right to approve the house-plan. Buyers do not have to belong to the country club nor will they have to pay any dues, Miller added.

"We want to conform with the type of architecture that blends in with our natural beauties here," Miller added, "and while we don't care to tell a family how much to spend we would like to know that all homes will lend something more to the final picture that we will have here."

The lots will be sold at prices ranging from \$1400 to \$1800, dependent upon location selected by the buyers. Lot sizes approximate 100 by 100 with a minimum of 10,000 square feet.

The club has worked out a terms deal, allowing buyers to pay 30 per cent down with the balance to be paid over an 18 month period, with six per cent interest on the balance.

The club directors decided to place the selling of the lots in the hands of all the local real estate agents. Selma Bartlett, assistant to John Rayborn, manager of the local branch of the Bank of Nevada, will be the club's person in charge of the paper work.

A huge plot plan, showing which lots are available and their prices, has been placed on display in the lobby of the bank. Real estate men will take their customers to this display to show the details.

Lot buyers may buy either for immediate use as homesites or for speculation or for future use. All lot owners will be subject to proportionate assessments for improvement costs when streets and sewers are installed.

Names of streets in the country club subdivision includes Fairway Road, Peeble Road, Country Club Drive, Henderson Avenue, Rainbow Drive, Calcutta Lane, Robin Lane, Cherry Lane, Black Mountain Drive.

Purchasers may start their buying today, Miller said.

### Name Jack Miller President Of Golf Club Here

One of the founders of the Black Mountain Golf and Country Club, Jack Miller, local architect, has been elected president of the organization to succeed the club's first head—Hershel Trumbo.

Vice president selected is Dave Jamison, owner of Young's Transfer and Storage while Joe Klenke was named secretary and John Rayborn, treasurer.

The board of directors is composed of Bill Urga, Bill Scott, Ben Davey, Julian Moore, Hershel Trumbo, Miller, Jamison, Joe McBeath, Klenke, Rayborn and Frank Branchfield. The latter three were recently elected to the board.

At the club's first directors meeting Tuesday, Miller named the members of his five key committees, which follow:

House Committee—Bill Scott, chairman; Doc Coleman, Helen Nugent, Ruth Shupe, John Henderson, J. O. Van Valey.

Grounds Committee—Hershel Trumbo, chairman; Bob Taylor, Ira Cluff, John Ivory, Ruth Lope-man.

Finance Committee — John Rayborn, chairman; Jo McBeath, Bill Urga, Julian Moore, Selma Bartlett, Ben O. Davey.

Sports & Pastimes (Activities)—Frank Branchfield, chairman; Grant Rice, co-chairman; John Pearson, Norma Waldman, Morry Zenoff, Roger Hoffman, John Belingeri, K. H. Zahn, Dalby Shirley, Dick Waldman, Margaret Jamison, Martha Jelly.

Membership Committee—Joe Klenke, chairman; Dave Jamison, chairman, Dave Jamison, Hershel Trumbo, Jo McBeath, Lou Shupe, Earl Turner.

**HOLIDAY STORE HOURS**

According to Ellen Shirley, Chamber of Commerce Secretary, most of the stores in town will stay open til 8:30 p.m. to accommodate the Christmas shoppers, starting today. The same stores stated they will remain closed Saturday, December 26, and Sunday, December 27, she said.

### Last Minute Want Ads

INTRODUCING:

# The Clubs Of Our Town

Basic Auxiliary To Post 3848

VETERANS OF FOREIGN WARS

By

HELEN GRAYCE KENWORTHY

President

Basic Auxiliary to Post 3848 here was chartered on October 15, 1956.

Nellie Carroll, District President, installed Mary Muldoon as the charter President.

The early meetings of the group were held at the Victory Village Auditorium, and later at the VFW Post home.

One of the Auxiliary's largest and most varied programs is community service.

From the beginning, our charter members began to work with our townspeople.

One of the first things they did was to contribute to the Community Chest.

Also, in their first years as an Auxiliary, they sponsored a dance for teenage children, assisted Henderson coordinating council in helping with annual Halloween party and sent a gift box to Sawtelle Veterans' hospital.

Since then every year has been a busy one for the members.

We have helped our Post with its carnivals; donated flags to the Brownies and Scout troops, to the churches, and schools.

Many gifts and money have been given to Veterans' Hospitals, as in Reno, Whipple and Sawtelle.

This year we made flower corsages for 161 teachers in our five schools, posted colors for Federation of Women's Clubs district meet; took Mother's Day corsages (made by our junior girls' unit) to mothers in Rose de Lima Hospital; assisted our Post in construction of a float for Industrial Days Parade; Buddy Poppy Sales, and sale of fire-works.

We sponsored a rummage sale, after which the clothes were donated to the Easter Seal Drive, and we made and donated seventeen pies to the Rose de Lima Hospital for Thanksgiving.

One of the Auxiliary's most important contributions to building good citizenship is its annual High School essay contest. The contest this year was under the title of "The Space Age Challenge to America." It drew 13 entries from Basic High School. The winning essay was written by John Springgate.

The Auxiliary's unique Cancer Aid and Research Fund was singled out last year by National President Belle Myers for special emphasis.

Our Local Cancer chairman Rubylee Derrick brought to us

films and discussions with the aid of the local chapter of the American Cancer Society.

Our Junior Girls' Unit, under the direction of Mrs. Charles Elk, is very active in helping the Auxiliary with any project that we ask them to do.

They have helped with the Buddy Poppy Sales; made corsages for the hospital for Mother's Day, and made the tray favors for the Hospital Thanksgiving. There are about 20 members in this unit with Nancy De Peal as President.

The Auxiliary is organized on three major levels: local, state, and national.

Local units are auxiliaries which range in number from ten to more than 1400 members.

State units are Departments and range in number from 458 to 32,664 members.

The picture which has come to be associated with the Ladies' Auxiliary to the Veterans of Foreign Wars is that of a hand extended in friendship to those in need.

This idea has been built up thru the work of all Auxiliary members.

Every day they give as much money as possible and numerous hours to a wide variety of programs for hospitalized veterans and their families, community service, good citizenship, and youth groups.

They are also concerned with cancer aid and research, civil defense and veterans' legislation.

The first Veterans' auxiliaries were formed in 1899 and 1900, when wives of Spanish-American war veterans banded together for mutual assistance and companionship.

The present national organization was chartered in 1914 by the Veterans for Foreign Wars, for the following objectives: (1) to assist the members of the Veterans of Foreign Wars and auxiliary members; (2) to maintain true allegiance to the government of the United States of America and fidelity to its constitution and laws; (3) maintain and extend the institution of American freedom and equal rights and justice to all men and women; (4) to preserve and defend the United States from all her enemies.

Shortly after it was organized for the wives of overseas veterans, eligibility was broadened to include their mothers, sisters

and daughters, and Army nurses who had seen foreign service. Of the 325,000 women who are members of the Ladies Auxiliary to the Veterans of Foreign Wars today, some are women who have themselves served overseas in the Armed Forces.

The VFW takes pride in the achievements of the Auxiliary.

Auxiliary members are good neighbors and good citizens, a credit to their organization, to their communities and to their country.

Our past presidents are: Mary Muldoon, Thelma Gilli and Henderson, Edith Sprague, Edna Ostrander, Mary Jo Todd, Kay Crosby, Ellen Ireland, Dolores Hullum, Jean West, Rubylee Derrick, Elva Lee, Marjorie Walters.

Our present officers and their addresses are:

Helene Grayce Kenworthy, 431 Burton, President.

Julie Elk, 309 W. Basic, Sr. Vice President.

Pearl Froman, 318 W. Basic, Jr. Vice President.

Betty Clark, 310 W. Basic, Secretary.

Phyllis Zander, 557 Federal, Treasurer.

Rubylee Derrick, 313 W. Basic, Trustee.

Marge Walters, 139 Constitution, Trustee.

Dolores Hullum, Paradise Valley, Trustee.

Ina Wood, Carver Park, Chaplain.

Ruby White, Carver Park, Conductress.

Joan Ream, 342 W. Basic, Patriotic Instructor.

Carol Englestead, 115 Joshua, Guard.

Idella Bateman, 436 Burton, Color Bearer.

Dolores Hullum, Paradise Valley, Color Bearer.

Inez Hall, Paradise Valley, Color Bearer.

Eula McCullough, 10 E. Texas, Color Bearer.

In their own words, this is what belonging to our organization has meant to our members.

Marjorie Walters, Jr., president, says: "Belonging has been very satisfying to me, as I enjoy the association with the people of the community, as well as with my sisters in the Auxiliary. I see great accomplishment in our community services, Americanism and youth work. Also the warm knowledge that wherever we go there is a VFW Club, and we are welcomed as friends and associates."

Rubylee Derrick, District President says: "I like the association of the people I meet in the organization. It is an enjoyable feeling to know we are helping other veterans and their families

Helen Grayce Kenworthy . . . president V.F.W. Auxiliary

es thru our hospital and community service work. It is also of great interest to me to be a part in helping to maintain the National Home at Eton Rapids, Michigan."

## On SPORTS

By BURT HOFFMAN

With an unprecedented number of bowl football games commencing this Saturday, we armchair quarterbacks can sit back, relax, and gaze at our television screens.

This year in Philadelphia, the LIBERTY BOWL will be inaugurated. The Crimson Tide of Alabama will face the Nittany Lions of Penn State. Alabama, after a number of fruitless seasons, blossomed forth this year and climaxed its season with a very sparkling triumph over Auburn. Its opponent, Penn State held mighty Syracuse to a 20-8 score and was the only school on the Orangemen's schedule that came close to pinning a defeat on the nation's outstanding team.

Joe Cummings, coach of our Basic Wolves, thinks the team from below the Mason and Dixon Line will emerge victorious. However, I think the Penn Staters will cop the duke. Perhaps these preferences are based on geographical considerations. Be it as it may, we look forward to an interesting game.

In another skirmish listed for this Saturday, Texas Christian faces Clemson in the Bluebonnet Bowl at Houston. Both had identical records of 8 wins and 2 losses in the regular season play. I select the Horned Frogs from Texas to subdue the South Carolinians.

Each of the next two weekends will see many more interesting and entertaining frays. Of the remainder the pro championship game between the Baltimore Colts and the New York Giants promises to be a repeat of last year's thriller which wound up in an overtime victory 23-17 for Weeb Ewbank's boys, or should I say behemoths. This game at Baltimore's Memorial Stadium will be held on Sunday, December 27th.

The pairings for New Year's Day bring together Wisconsin and Washington in the Rose Bowl, Syracuse and Texas in the Cotton Bowl, Louisiana State and Mississippi in the Sugar Bowl and Missouri and Georgia in the Orange Bowl. We'll give you our

HENDERSON HOME NEWS THURSDAY, DEC. 17, 1959

opinion on these in a later column.

"An interesting sidelight to the preliminary game in the Basic gym last Friday between Pahrangat Valley High School and the local Jayvees . . . Coach Del Sullivan of the Alamo visitors had a squad of seven men. That represented half of the total male enrollment. The school did have 15 boys but one joined the air force. Considering the few members, the visitors did put up an exceptional game and held the hometowners almost to a stand-off in the second half.

Some 30 years ago, Bill Mainor first took a trek out west. He was a spectator at the Rose Bowl game between California and Georgia Tech. Bill's brother was on the Rambling Wrecks ball club that nosed out the Californians 8-7. This fray was featured by Roy Riegel's wrong way run.

Riegels had intercepted a Tech pass but had been turned around and in the excitement set sail for his own goal line. His teammate, Benny Lom, a halfback finally nailed him on his own two yard line. The ensuing play resulted in a blocked kick and a safety for the Georgia Tech team. The two points turned defeat into victory for the south-erners.

# Home of the Week THE HERSHEL TRUMBO HOME

THE TRUMBO KITCHEN is the last word in modernity. The utility cabinets are steel, painted white and arranged in a semi circle, reducing the working area to where everything is within reach, saving tiring steps for the homemaker.

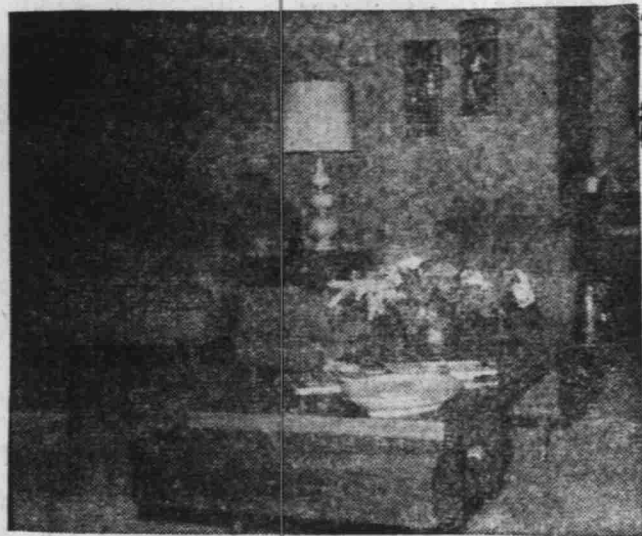

THE DOMINANT POINT of the large living room in the Trumbo home is this unusual corner fireplace. It combines a sound architectural feature with comfort: the hearth continues a long one side to form a seating area. The white grillwork and a planter glamorize the stairway leading to the second floor.

THE FIREPLACE continues the length of one wall, creating both a practical heating arrangement and giving space for a capacious bookshelf, a ledge useful for sitting.

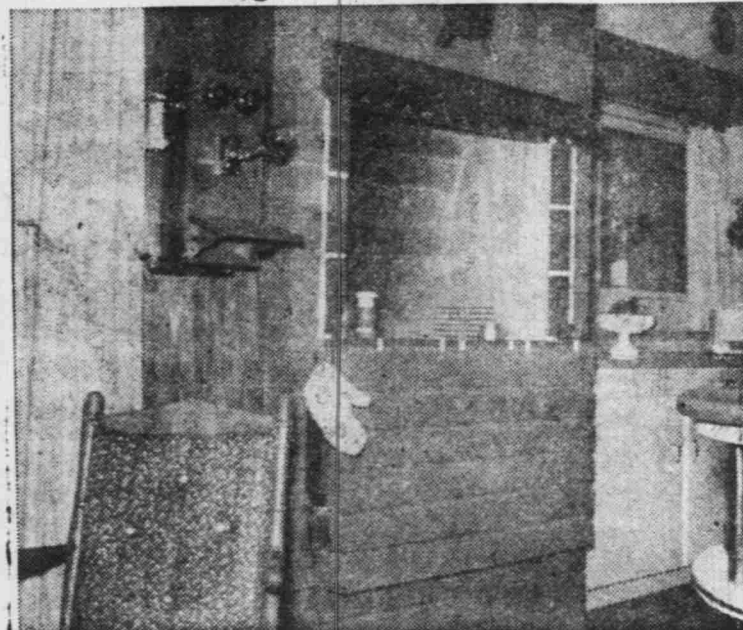

This week the NEWS presents the home of the Hershel Trumbos, 301 West Basic. It has been chosen as the home of the week because of the remarkable and effective job of remodeling and interior decorating the family did with the original shell of the house, making it livable, attractive, and unique.

SHARP CLEAN LINES of modern furniture emphasize the neatness and beauty of the Trumbo house.

ONE OF THE FEW SUCH HOMES in the area, the Hershel Trumbo home combines traditional with modern. An English-type shaké roof, and two stories more common in the East, are combined with brick construction characteristic of Nevada buildings. Architect Jack Miller helped remodel it and give this home its present distinctive style.

AN OUTSTANDING FEATURE of the Trumbo kitchen is an indoor barbecue. The kitchen adjoins an outdoor dining area on the patio, so the barbecue is useful both summer and winter. Note the relic of a telephone on the wall. It goes with early-American furniture, which mixes well with the modern pieces in this home.

## Titanium Bowling News

The following has been announced as winners in the Titanium bowling series: J. McArthur rolled high series for the night rolling 510. Bob Seely had a 508 for second honors. C. Blake had high single game of 200. Picking up splits, J. Pilon 5-7; C. Jones, 5-10; L. Urioste 5-7; and P. Kingston 5-7-10. Mag-Recovery and the Lab split 2-2. Chlorination beat the Electricians 3-1. The Mechanics and Purification split.

Leaching beat Melting 3-1 and the Sponge team and Transportation split 2-2.

## Baptist Church To Hold Publicity Chairmen Program

Christmas in Africa will be the theme for the publicity chairman's program to be held in the First Baptist Church at 7:30 p.m. tonight.

A publicity film will be shown "Christmas Around the World." Shirley Watson, publicity chairman for the church, invited the public to attend.

The African theme will be carried out in songs, food and decorations.

Do's and Don't's of being a publicity chairman will be explained.

## PRANKSTER . . . or PSYCHO?

In the last couple of months there has been a rash of fake wedding announcements flooding the offices of the local newspapers.

By the appearance of ill-typed, misspelled announcements, they are the work of a juvenile or of a mentally unbalanced person.

The effort is entirely wasted on the NEWS, because every such announcement is checked.

## CHRISTMAS SPIRIT

Starting Saturday and right up to Christmas Santa will be appearing here and there in town with a cheery word for everyone and candy for the kids.

City's chief of maintenance, Clyde Jenkins, and Cal-Pacific, are putting their heads together to get a beautiful Christmas tree from Mount Charleston and light it up in its usual site near the Post Office.

Chief Richard's crew will assist in installing Christmas decorations atop the light poles.

Even before the decorations are up, the Christmas spirit is felt in town, the NEWS was told.

## M. C. Harbeck To Address Witnesses

Mr. J. D. Sizemore, presiding minister of Jehovah's Witnesses at Henderson, and well known resident of this city has announced the visit of Mr. M. C. Harbeck, a traveling representative of Jehovah's Witnesses from The Watchtower Bible and Tract Society of New York.

Mr. Harbeck, who has been associated with Jehovah's Witnesses for almost 50 years has traveled throughout most of the world as a director for the Watchtower Bible Society and was responsible for Jehovah's Witnesses property in Madge-

burg, Germany, which was later confiscated by Hitler in 1935. He was held for questioning 10 days in Himmler's Gestapo headquarters and released by the intervention of the then Secretary of State, Cordell Hull.

Mr. Harbeck, who along with 55 residents of this community have just returned from a semi-annual Bible conference in Phoenix, Arizona.

His visit here will be to help the local congregation apply these points of counsel to their own ministry.

Henderson is one of the 23

congregations served by Mr. Harbeck and will feature a Bible discourse Saturday evening and a public address Sunday, December 20, titled "Walking Wisely in a Wicked World."

All sessions are without charge and the public is welcome.

Surplus food for the needy overseas is available through CARE. In \$1.00 packages, the surplus agricultural items go to feed hungry refugee children abroad.

## How Should You Choose An INSURANCE AGENT?

With caution! Over the years you will see a lot of the person from whom you buy protection and you want to be right the first time.

Look for experience and dependability in your agent. Be sure he is willing to work hard for your business, burn up some shoe leather and not dodge a night call.

You'll be happier if the man you choose is a local, independent agent who handles all lines, not just a few of the more popular ones. We think that we can fill the bill. Call us.

# My Home Town

BUDA, ILLINOIS  
By LAURA SWAINSON  
As Told To  
TAMARA ANDREEVA

I was born in Buda, Illinois, but my recollections concern two other towns besides it—Ellensburg, Washington, and Eugene, Oregon.

Buda is primarily a farming community. There are grain and hay farms all around it, and farms where hogs, Black Angus, and Guernsey cattle are raised.

My parents, Mr. and Mrs. George Chase were farmers. Three generations of the Chase family lived in Buda.

The town has never grown much. It always had about 700 people there.

They say it gets its name when some engineer making a survey passed through the place before it had a name. He was from Budapest, Hungary, so he named the place Buda, and Buda it stayed.

The Burlington Railroad goes through Buda and it still is a switch yard.

At one time it had a large

boiler factory there and even today many boilers can be seen with a trademark "Buda" on them.

I stayed in Buda until I met and married Norman Swainson, electronic technician, and we moved to Ellensburg, Washington.

It is right in the middle of the state of Washington, in the beautiful and fertile Kittitas Valley. Kittitas is the name given it by the Yakima Indians, and means "The Land of Plenty. There is plenty of everything there—trees, hay, game, and (Indians).

Ellensburg has about 8,000 people. Around it the country is a veritable hunting paradise, with pheasant, duck, deer, and elk abounding.

There is wonderful skiing too in the Snoqualmie Pass, and so many trees that lumbering is one of the major industries.

I would say there is the most

LAURA SWAINSON, likes Oregon and Washington, but prefers Nevada, Henderson, to be exact. She hails from Buda, Illinois, a small farming town.

ideal climate we have seen anywhere.

It snows a lot in the winter, but it is never cold or too wet.

Ellensburg is centrally located to other points of interest, too. Portland and Lewiston, Montana are only six hours by car.

One of the biggest three-day rodeos in the country is held in Ellensburg on Labor Day weekend.

Yakimas pitch their tents all around the rodeo grounds and are themselves an attraction while making a little money riding, and selling bead work.

Ellensburg boasts a fine State Teachers College. It has a radio station (KXLE), a television station, and a weather station.

My husband worked for the Federal Aviation Agency there.

From Ellensburg we went to Eugene, Oregon. The country around it is known as the Emerald Empire, because it is so densely wooded. There are lovely trees and a beautiful farm country there in the Willamette Valley. Two of the biggest companies in the state, the U. S. Plywood and the Georgia Pacific are located in Eugene. Both are concerned with logging and wood products.

The University of Oregon is situated in Eugene. The population of Eugene is about 46,000, not counting the suburbs. It is very green and there are flowers everywhere. It rains all winter, but the summers are very dry.

The homes are mostly wood and look entirely different from those here. They are more traditional in style and may have gabled roofs, because of the snow. All are very sturdily built. The wood around that area is mainly fir, but there is a lot of English walnut there too. Most of the Philbert nuts we see in the markets, come from Eu-

gene. It is a home of the Christmas tree. We used to get a huge one for 75 cents (we would pay about \$5 for it here).

There are many dairy farms around Eugene, and the breeds most frequently seen are Jersey, Holstein and Guernsey.

Every fall there is a big county fair, and another big one at Salem, some 75 miles away.

They have a zoo in Eugene, but we were more interested to visit the Sea Lion Cave at the nearby Florence. It is a national park and visitors must pay for tickets before going in. Although most of them want to, they are not allowed to feed the Sea Lions which are very friendly, great clowns, and beggars. Some of them weigh around two ton, but are not aggressive.

When my husband got a transfer to McCarran Field some six months ago, we came to live here. He is Assistant Deputy Electronic Technician for the Federal Aviation Agency.

My hobby (a postman's holiday) is cooking. I have seven children, four of whom are living with us here. I have always cooked a lot, but it is also my hobby. This week, for instance, without any effort, I made ten pies.

We live at 624 National.

## RUSTY TO BE SHOWN

Rusty, the Shetland Pony, that will go to some lucky person on Sunday, December 20, will be shown at the Market Town lot Saturday a.m. and at Safeway lot on Boulder Highway in the afternoon of the same day, Ivan Hedges of the International Chemical Workers Union Local 218 has announced.

Anyone winning Rusty and liking money better than ponies, can swap him for \$250, he said.

## Mrs. Doris Smith Honored At Shower

It was all a clever conspiracy. While Mrs. Julie Elkie (the mother) took Mrs. Doris Smith (the daughter and expectant mother) on a shopping tour, conspirators Rubylee Derrick, Betty Clark, Pearl Froman and Jewell Taylor went to work and set the stage for a baby shower.

There was a pink and white color scheme in gifts and decorations and the Stork carried on its beak little bags of after-dinner mints. In two of the bags were peanuts, and whoever got them was to be the winner of the prize.

"The surprise was complete," Mrs. Elkie said. "She had not the slightest inkling of the preparations, which made the party so much more fun."

A great variety of gifts included a baby buggy, layette, pyjama set, blankets, a beautiful robe from Mr. Elkie, a bank, a baby bottle filled with money, a sweater set, diaper pail, and neutral colored booties (white).

Delicious refreshments of angel food cake with whipped cream, fruit cocktail and coffee and tea were served.

Doris got a Christmas corsage. Judy Wall was the winner in the find-the-peanut game and so was Carroll Hamiter.

Many of the friends who were unable to attend, sent gifts. One arrived all the way from the Middle West—a pair of baby pants from Ruby Reeder.

Among those attending the party were Mmes. Ruby White, Dolores Darrah, Idella Bateman, Helen Kenworthy, Phyllis Zander, Mary Carter.

The conspirators hosted. The party was held at the Elkie home, 309 West Basic.

## EMBLEM CLUB PARTY

Toys and useful articles for the needy instead of personal gifts will be brought by members of the Emblem Club to their Christmas party and potluck dinner at 6:30 p.m. tomorrow.

The party will be held at the home of Mrs. Patrick Keenan, 85 Frontier Highway.

## THE WAYNE DARNELLS ARE BACK

The Wayne Darnells of 48 Malory who spent 8 months in Michigan and rented their house meanwhile are back in Henderson for Christmas.

## BOB WOODRUFF GIVES THANKS

Bob (Man of the Year) Woodruff, who chairmanned the successful annual venison barbecue recently, expressed thanks to various individuals and organizations who helped to make the affair a success it was. He gave thanks to Mmes. Helen Grace Kenworthy, Julie Elkie, Marge Walters, Doris Smith of the VFW Auxiliary; Lena Cataline, Harriet Treem, Marge Forshee and Ruth Ball of the BPW Club; Betty Wagner of the BPO Does; Ingrid Pearson, Jody Kizzia, Ada Moore, Betty Perry of Beta Sigma Phi sorority—all had assisted with the serving.

Thanks and bouquets also went to co-chairman Helen Ott, music; Morry Zenoff, entertainment; Ellen Shirley, Lions, Optimists—tickets; Kiwanians—wood gathering and chopping;

Ralph Purdy, cleanup; Lou La Porta, liquor.

Local merchants were thanked for donations of door prizes. These were won by D. L. Dawson of Las Vegas, Mrs. Joe Aswegan, 133 Frontier Highway; Mrs. Paula Saragoza, 122 Elm; A. Harris, 533 Federal; John A. Dooley, 652 Blackmore. Winning tickets still outstanding (winners not present) were given as 512,

# Fish and Game NEWSLETTER

As Compiled For This Newspaper

BY

THE STATE FISH & GAME COMMISSION

### Deer Kill Already Tops That of 1958

Nevada deer hunters, in terms of total numbers of animals harvested, have had a better season this year than in 1957 or in 1958, according to information compiled from hunter report cards returned to the Nevada Fish and Game Department during these respective years.

With the total number of hunter report cards returned this year not yet as great as the number returned in '57 or '58, 1959's deer take is already ahead of the final tabulations for the two past years.

As of December 5, of this year, a total of 26,723 report cards had been returned. These cards report a kill of 21,209. Final tabulations for 1958 showed a return of some 31,000 cards with a kill of 19,508 deer, and for 1957 a return of 32,000 cards with a take of 20,041. It is expected that at least five or six thousand more report cards will be returned this year which should swell 1959's harvest somewhat before

a final tabulation is made.

The total kill of 21,209 animals reported so far this year leads 1958's December 6 total of 18,190 by 3,019 and '57's as of the same date by 2,592 deer. So, the current harvest is running considerably ahead of the last two years.

Interesting to note is the increase in buck kill over the past three years. Final tabulations of 1957 showed a harvest of 11,000 bucks and, altho the total kill dropped somewhat in 1958, the buck kill went to 12,000. This year the buck kill is already at 13,111.

During this year's deer season residents have reported, so far, a kill of 8,651 bucks and 1,890 antlerless deer on their regular tags. The antlerless quota in which both residents and non-residents participate is at 5,746, while nonresidents have accounted for 4,371 bucks and 313 antlerless deer on their regular tags. Archers have taken 238 deer. All of these figures are above what they were in 1958.

This year's deer hunt appears to be one of the most successful hunts staged in Nevada since 1955. Total harvest of deer has risen and it is expected that hunter success will also increase somewhat. It is doubtful that 1955. Total harvest of deer has risen and it is expected that hunter success will also increase somewhat. It is doubtful that 1955. Total harvest of deer has risen and it is expected that hunter success will also increase somewhat. It is doubtful that 1955.

### Hunters Urged To Return Report Cards

Deer hunters are urged by the Nevada Fish and Game Department to return their hunter report card portions of their deer tags now that the deer season is over in Nevada for 1959.

The greater return of the

cards, points out the Game Division of the Department. "The greater is the accuracy obtained in determining the state's total deer kill for the season. In the past, only some 60 percent of the total cards have been returned and this means the Division must calculate what the kill was on the unreturned 40 percent. An accurate as possible picture of the harvest, with a minimum of calculation, is desired by the Department and the hunters can cooperate in this desire by returning their cards."

### Cottontail, Waterfowl Only Hunting Remaining Open

Nevada nimrods, now that both the deer and upland game seasons are over for 1959 in the state, may hunt only cottontail and waterfowl. The ducks and goose season will come to a close on January 8, 1960 and the cottontail is over January 31.

The 1959 hunting license covers these seasons for this year and is good until Jan. 31. The reason for this is that hunting and fishing licenses will be sold on a fiscal year basis starting on July 1, 1960 rather than a calendar year basis as at present.

### Manila Mayor Thanks Fish and Game

The Philippine's Manila Zoo wanted some Gambel's quail. The Gambel's is a native of the United States and inhabits the southwest desert portions of this country. Nevada has a considerable population of the birds in Clark, Lincoln, and Nye counties.

The State Fish and Game Commission, upon hearing of the Zoo's request, asked Al Jonez, Charleston District Supervisor, to trap a few of the birds and send them to Manila. This Al did and the Mayor of Manila replied, "This will officially acknowledge receipt of eight (8) Gambel's quail, which you sent as your donation to the Manila Zoological and Botanical Garden."

Your contribution will undoubtedly be an added attraction to the City Zoo.

Allow me, therefore to extend my sincere appreciation for your generous assistance. With assurances of my high esteem and

best wishes I am—Very Truly Yours Arsenio H. Laason, Mayor, City of Manila."

Here's hoping the little Nevada visitors to Manila survives and add to the pleasures of Manila residents when at their zoo.

### River Fish Plant Near Completion For Year

Trout planting by the Nevada Fish and Game Department into the Colorado River and Lake Mohave area is almost completed for 1959, according to the Fisheries Division of the Department.

Last week, five trucks were utilized for two days hauling trout from the Elko County Hatchery for release into the Colorado River. These plants, coupled with one more to be made later in the month, will wind up the hauling to that area for this year.

Most of the fish recently stocked were rainbow trout in the six inch class, altho a small number of two and one-half to three inch fish were planted.

These releases of smaller fish were made as a part of the research program in those waters. An attempt to determine the minimum size of fish that can be planted there and still provide good return to the angler. A number of both the larger and smaller fish stocked were fin clipped or dart tagged to aid in such determinations.

Totally, during 1959, approximately 21,000 pounds of trout were stocked into Clark County waters. All but a very small portion of this poundage went into the Colorado River, Lake Mohave area. Cold and Willow Creeks were the only other places where fish were released.

### 1960 Fishing Season Soon To Be Set

Nevada's 1960 fishing seasons will be approved and correlated in the near future, according to the Fisheries Division of the Nevada Fish and Game Department.

The Fish and Game Commission's executive board will correlate and approve all year-around fishing seasons at their December meeting. Recommendations from the County Game Management Boards for season-

## Reality and Life

by Rev. Clayton H. Gill, Ph.D.  
Community Church

The title of this column is "Reality and Life." Reality, I believe, finds its source in God. Life, at the highest level granted to us, is prayer. Therefore a column with the title of this one should have place in it for prayer literature, according to my viewpoint. Especially in the season of Advent, when we celebrate the coming, or the nativity, of Jesus Christ, let us pray.

"For as the lightning comes from the east and shines as far as the west, so will be the coming of the Son of man." . . . Matthew 24:27.

### ADVENT PRAYER

O God, Who hast created a world with lightning to flash above our heads, with mountains to rise and fall as ages pass, and with seas to roar in the tumult of their storms, but Who Thyself speakest in a still, small voice;

O God, Who givest men energy to groan in black headline, and to deluge space with blaring kilowatts, but Who Thyself givest light unto the world from the quiet place of a star at rest;

O God, our Creator and Lord, Author of a providence within which empires come and go, Ruler of nations and super-nations; but Who wieldest Thy government through the mystery of a Holy Child:

Give us vision, we pray Thee, that we may see to live and not perish; ears, we beseech Thee, that we may hear to understand and not die.

Grant us wisdom to look beyond the big sights and sounds that we make for ourselves; and to search past the vast illusions by which we distort the meaning of Thy creation.

Lead us to find Thee, even though Thou be where we least expect to look, and to trust Thee, Whom we at first did not really know at all.

Help us thus, O merciful and mighty God, to hearken to Thy thunder in the whisper of the Infant Christ; to behold the tempests of heaven in His gentle smile, to know Thy power, as Thou dost send it through His helpless hands. Amen . . .

al fishing waters will be correlated and approved by the Commission at their January meeting. Those waters in the state where a season will be imposed and approved by the Full Commission until such a date as they are legally opened. Year-around waters, of course, will be opened

## Aliens Must Report During January

Thomas D. McDermott, Officer in Charge, of the United States Immigration and Naturalization Service stated that the period within which aliens are required by law to report their address almost at hand.

The month of January has been set for the address reporting period. All aliens in the United States must report their address to the Government during that period.

McDermott said that forms with which to make the report will be available at all Post Offices and the Office of the Immigration and Naturalization Service during the month of January.

The Immigration and Naturalization Service urges all aliens to comply with the reporting requirements, as willful failure to do so may lead to serious consequences. It is also of great benefit to the alien concerned because it does allow the local Immigration Office to maintain a complete and up-to-date file. This makes the processing of naturalization, travel documents, replacement cards, etc., a much more efficient and prompt operation.

beginning at the first of the year.

### November Law Enforcement Report Compiled

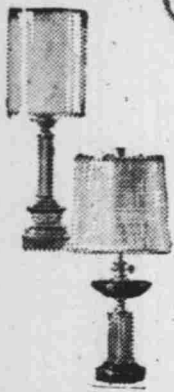

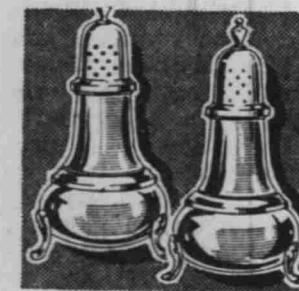

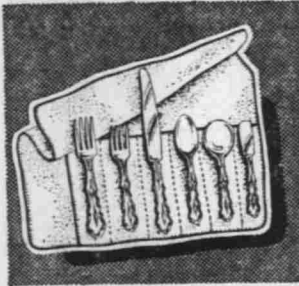

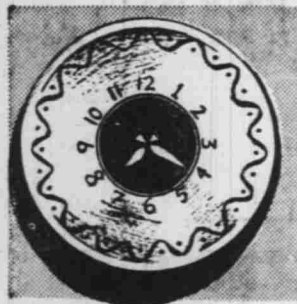

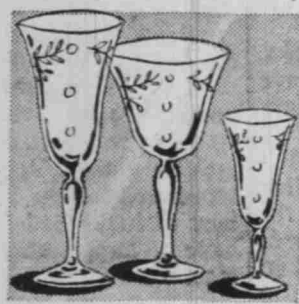

Conservation officers for the Nevada Fish and Game Department issued 50 citations and 40 warnings during the month of November, according to the monthly law enforcement report issued by the Department.

Fine money collected from prosecution of the violators amounted to \$3,150.00. This money goes into the state school fund. Largest fine assessed was \$300.00. Two violators were made to pay this amount. Another violator was given a \$50.00 fine and a 25 day jail sentence. One person was made to pay \$50.00 in fine, with an additional \$50.00 being assessed for giving the officer trouble.

Most violations were on game, primarily deer, with such things as tag errors, hunting without a license, and other similar things cited.

**Non-Profit Group To Aid Fire And Police Widows**

A non-profit organization designed to aid financially the families of firemen and policemen killed in the line of duty has been incorporated in Carson City under the name of the Bravest and Finest.

The organization was formed by several prominent Las Vegas businessmen for the benefit of public servants who often go unrecognized and whose families suffer when they meet an unfortunate accident, according to Ted Griss, business consultant, president of the new group.

"The Bravest and Finest was created to help those families of firemen and policemen who suffer financially when the head of the family is killed," Criss said.

"Of course, all of these men carry insurance, but what happens when an insurance claim is being investigated and is going thru the necessary red tape?"

Most families aren't prepared for the sudden loss of revenue when a tragedy occurs and some find themselves in severe straits before the insurance money arrives.

"It is during this trying period that the Bravest and Finest will help," Criss explained. "When we learn of a fireman or policeman being lost in the line of duty, his survivors will have our check within 24 hours. There are no questions asked and no strings attached. We're merely trying to do our bit for some men who we do feel do a great job that goes largely unnoticed."

Only families of policemen and firemen in Clark County communities are now eligible but said Griss the group plans to expand state wide when funds reach the necessary amount.

Griss emphasized that there would be no fund drives in connection with the organization.

The trust fund is banked with the First National Bank of Nevada in Las Vegas. It was started with a \$1,500 donation by Griss and his son, Jack.

"We'll be glad to receive any donation, but we have decided to never ask for one, in any form. Our officers have pledged to personally keep our fund at a minimum amount."

In addition to Griss, officers are: John Teeter, executive secretary of the Damon Runyon Cancer Fund, secretary; Harry Manente of the First National Bank, vice president and treasurer; and directors M. M. Sweeney, president of Pioneer Title and Trust; Father Richard Crowley, pastor of St. Viator's Catholic Church; Milton Keefer, attorney; and Jack Griss, business consultant.

M. C. HARBECK, traveling representative of Jehovah's Witnesses who will visit their church here.

**YESTERDAY**

I am Yesterday.  
I am gone from you forever.  
I am the last of a long procession of days, streaming behind you, away from you, pouring into the mist and obscurity, and at last into the ocean of oblivion.

I depart from you, yet I am ever with you.

Once I was called Tomorrow and was virgin pure; then I became your bride and was named Today; now I am Yesterday and carry upon me the eternal stain of your embrace.

I am one of the leaves of a growing book. There are many pages before me.

Some day you will turn us all over and read and know what you are.

I am rich, for I have wisdom. I bore you a child and left him with you. His name is Experience.

I am Yesterday; yet I am the same as Today and Forever; for I am you; and you cannot escape from yourself.

### Desert Gardeniers' Xmas Show Big Success

The Desert Gardeniers' annual Christmas party and flower show held at the Victory Auditorium, Monday, both the Patio and the Purple Sage units participating.

The arrangement created by Mrs. Marie Davis — a fan-shaped group of candles and desert seed pods in pastel colors, sprayed with glitter — was adjudged the best of show.

Follow the winners in the Figurine, Candle, Centerpiece and Ingenuity classes:

**Figurine Class:** Maxine Holberg placed first with an arrangement built around the figurine of Quan Yin, Chinese Goddess of Mercy, with holly and fir background and one gardenia matching exactly the gardenia on the robes of the goddess.  
Mrs. F. C. Crisler captured second place with her Nativity

scene in blue and white, desert holly and white snow chips and candle-trees.

Third went to Mrs. G. Allesbrook for her white Madonna in a pewter bowl, with brown bamboo and pieces of driftwood.  
**Candle Class:**—

Marge Ivary got first place with her araliae lives, two holly sprigs and three pencil slim candles, plus one white gardenia in a pewter tray.

Mrs. Clarence Holberg got second, with a simple arrangement, of two holly sprigs, a large red candle on white rectangle of styrofoam.

Lucille Harden got third with an arrangement of desert pods sprayed white (and glittered), two candles, gold balls and bells.  
Honorable mention went to Mrs. Ruth Raggozine for a big square sprayed gold and on it a nativity scene, cedar cones and two large blue and gold candles.  
**Centerpieces:**—

Marie Davis got first here again.  
Florence Heher captured second with Desert Bird Cage silver

ered and housing a pine cone "bird", decorated with miniature Christmas balls and seed pods. The arrangement was completed with glittered candles made out of a desert plant.

Lucille Harden got third with lavender mums and gold sprayed foilage, decorated with gold balls and placed in a large round bowl.

Zelma O'Whene got honorable mention with a beautiful winter scene complete with snow, cedar branches and an icy pond, a figurine of a deer.

**Ingenuity:**—  
Florence Heher placed first with a tower made out of snifters filled with Christmas balls.  
Second went to Georgia Rider — a Joshua tree topknot silvered and ornamented with green balls.

Maxine Holberg was adjudged third with an angel orchestra playing on a styrofoam base decorated with rosemary and variegated holly.

Gail Emery got honorable mention for a doll arrangement around a tree, each doll representing Christmas in some foreign land.

The judges were Joe Mast, Art Delineator for the City of Las Vegas, and his co-workers Dorothy Carsten and Lea Harner.

The prize was a book by Patrick Kroh, "Designs with Flowers."

Entertainment was provided by Jerry Kizzia and Jack Perkins serenading the ladies with guitar numbers, and songs by the Desert Chorals under the direction of W. Chapman Wooten. They sang a Motet by William Byrd, "Holiday Song" by William Shumann, "Twelve Days of Christmas" and carol "Noel". Laurel Cameron accompanied.

This singing group started rehearsing in September and has some of the finest voices in the area. Carolyn O'Callaghan, publicity chairman for the Gardeniers said. Their motto is: Singing for the Joy of Singing.  
Their future interest is concert work. This was their first public appearance.

Among the Gardeniers — members and guests — the following were in attendance: Mimes. Charlotte Allesbrook, Joann Arnold, Joan Crisler, Marguerite Farye, Joy Frank, Avona Fuks, Thelma Grover, Lucille Harden, Flossie Norris, Gale Harszy, Martha Mastin, Florence Heher, Evelyn Morrell, Iona Hinds, Flossie Woodard, Maxine Holberg, Dorothy Hawkins, Marge Ivary, Mildred Dayo, Zelma O'Whene, Bonnie Turner, Sue Gunville, Evelyn Emery, Helen Hall, Margaret Lompfrey, Elsie Sperling, Audrey Norton, Sally Bosse, Verla Purdy, Lydia Malcolm, Ruth Grif-fith, Rose Warren, Eunice Baldwin, Ida Littlefield, Marie Crisler, Anita Bauer, Lola de Mille, Georgia Rider, Jer Farnsworth.

### Nuthead Badges Awarded To Local Club

"Nuthead" badges were awarded to members of the local Do-Si-Don'ts Square Dance Club members, which is a custom in square-dancing circles once a club has made a 100 mile pilgrimage in a single night to

Florence Galloway, Jennie Guildord, Joyce Hougen, Vivian Erickson, Vera Mainer, Gail Mainer, Lucia Nicholson, Gertrude Bailey, Carolyn O'Callaghan, Betty Wilson, Myrtle Crisler, Lorraine Yates, Effie Cameron, Ruth Raggozine, Marie Davis, Joyce Perkins, Jane Englebrecht, Elaine Kramer, Opal Danvenport, Betty Shott and Mabel Lauber.

go to a dance.

This was precisely what happened last Saturday when Arshell and Betty Lang; the Rawley Ellsworths, the Larry Goves, and the Nate Scouts traveled all the way to Needles, Calif., to attend a dance of the Fiddlefoot Club in that town.

Accompanying our Do-Si-Don't's Club were members of two Las Vegas and one Henderson Square Dancing organization: two couples from the Las Vegas Oddballs Club; the Paul Haywards and the Hal Schoners of the Las Vegas Swinging Stars; Ralph and Lenore Kramer; Audrey and Pete Peterson, Judy and Ray Ley from the local Lazy Eights Club.

The Henderson clubs plan to get together for a Christmas dance and party on December 19th. Place and time, and further details will be announced soon.

### Ten Pin Trio Standings

In the Ten Pin Trio Wednesday night at the Henderson Bowl the Frontier Nursery won 4 to 0 over Savoie Beauty Salon. Henderson Florist won 3 to 1 from Henderson Walgreen Drug. Perry's Men Shop won 3 to 1 from Tally Ho: Denton Pharmacy and Cardy's TV split 2 and 2. Lil Wiese had high game and high series of 809 with games of 232, 185, 166, 226. Cardy's TV had high game of 632 and high series of 2323. Other 200 games were rolled by Dot Perry, 214. Mary Goretzki, 211, Sue McEwin, 209, and Dottie Bray, 204.

**Team Standings**

**CHRISTMAS SUBJECT OF MANY LEGENDS**

All holidays have legends, customs and folklore associated with them, but Christmas, probably has more than all of the others.

In Finland, for example, all members of Finnish families must take a steam bath before the festivities of Christmas Eve begin.

In India, one week before the holiday of Christmas, all the Armenian villages that observe the holiday, fast by not eating animal food. On the last day they eat no food at all, until they take communion on Christmas Eve.

In Greece, special loaves of bread are baked for Christmas. Each loaf is marked with a cross on top; a silver coin concealed in each. According to the custom, the person finding the coin is destined for a prosperous new year.

In Germany, the story is told of how the silver pine cone became associated with Christmas. Legend has it that an old woman was climbing a mountain in Germany, to gather pine cones for fuel.

An elf, who had been walking beside her, told her to take the cones from under one particular tree, and then vanished. Mystified, the woman gathered the cones under the one tree, and when the old woman got to

**Employment Office Expedites Benefit Holiday Checks**

Families of nearly 4,000 unemployed workers will have a happier Christmas holiday, thanks to the efforts of the Nevada Employment Security Department, Gov. Grant Sawyer announced today.

In a report to the Governor, department director Richard Ham said he had directed local employment office managers to dispense with regular procedure during the pre-Christmas season and gear operations toward getting benefit checks to unemployed workers before Christmas.

Claimants for unemployment compensation cannot file a

her home she found they had turned to silver.

In Bohemia, young girls believe that if they cut a hole in the ice on Christmas Eve they will see their future husbands reflected in the water.

In Mexico, every home erects an altar with a "pesebra," a representation of the Nativity, in preparation for the "posada." Joseph and their attempt to find Posada means a resting place and commemorates the journey of Mary and Joseph and their attempt to find lodgings for the memorable night. In addition, every home must be decorated and ready to receive guests by December 16, in preparation for the following nine days which are usually filled with great festivity.

When the Puritans settled in America, the whole idea of celebrating Christmas was frowned upon in New England. It was so bitterly opposed that in 1659 a law was passed in Massachusetts which read:

"Whoever shall be found observing any such day as Christmas or the like, either by forbearing of labor, feasting in any other way, shall be fined five shillings."

As the Puritan influence wore off and more and more immigrants came to America, the celebration of Christmas became a mixture of the customs and traditions of many countries.

One unusual custom, part of the holiday festivities of the early West, was "shooting the wishbone." The wishbone from the holiday turkey was placed on a pole or tree and the men took turns shooting at it.

According to the tradition, a true split of the wishbone prophesied good health, harvest and fortune for the new year for the sharpshooter.

A common belief is that this probably is the origin of the present day custom of making a wish before splitting the wishbone.

claim for benefits until the week has passed, Ham explained. According to law, those out of work during the week ending Dec. 12 cannot file for compensation until the week ending Dec. 19. Under normal conditions the unemployed workers would not receive this check until after Christmas.

To speed the process and insure delivery of the checks before Dec. 25, local offices through the state will re-schedule claimants so that all claims are in the mail to Carson City by Dec. 15. In Carson, the claims will be processed immediately and checks sent to the workers. In addition, Reno and Las Vegas offices, which handle about 80 per cent of the state's unemployment, for claims taking. Ham explained his office is making this special effort because "we realize these checks can mean the difference between a Merry Christmas and none at all for thousands of families." He estimated that the total value of the checks would be \$150,000.

**— A POEM —**

How I know my youth has been spent?  
Because my "Get up and go" just got up and went.  
But, in spite of all that, I am able to grin,  
When I think where my "get up and go" has been.  
Old age is golden, I have heard it said,  
But sometimes I wonder as I get into bed . . .  
My ears in a drawer, my teeth in a cup,  
My eyes on the table until I wake up,  
Ere sleep dims my eyes, I say to myself:  
Is there anything else I should lay on the shelf?  
But I am happy to say, as I close the door,  
My friends are the same as in days of yore.

When I was young, my slippers were red:  
I could kick my heels high over my head.  
When I grew older, my slippers were blue,  
But I could still dance the whole night through.  
Now, I am old, my slippers are black . . .  
I walk to the corner and puff my way back.  
The reason I know my youth is spent,  
My "get up and go" just got up and went.  
But I really don't mind, when I think with a grin,  
Of all the places my "get up" has been.

Since I have retired from life's competition,  
I get up each morning, and dust off my wits,  
Pick up the paper and read the obits . . .  
If my name is missing, I know I'm not dead,  
So I get a good breakfast and go back to bed.

**Large Rainbow Taken At Pyramid**

One of the largest rainbows caught at Pyramid Lake during the last few years was taken last week by Ray Hopkins, a Reno angler.

Hopkins' large size trout weighed 11 pounds and measured 28 inches in length. The largest rainbow to be taken from Pyramid weighed some over 12 pounds.

The angler said he caught his prize on a single salmon egg which is unusual. Most of the larger trout taken at the lake appear to go for lures. He was fishing at the south end of Pyramid.

**POLICE CHIEF WARNS AGAINST BLAST CAPS**

Chief of Police George F. Crisler issued a warning today against blasting caps which every year blind or maim youngsters in the United States.

Blasting caps which are used to detonate charges of dynamite may appear to a boy or girl to be harmless, but "in the hands of an inexperienced person they are extremely dangerous," the chief said.

"In a statement directed to both adults and boys and girls, Chief Crisler warned, "anyone finding a cap should not touch it, but should immediately report it to the police or some other law enforcement officer. These officers know how to dispose of them without harm to anyone."

Some boys and girls do not know a cap when they see one. Others know the caps will explode but are unaware of the grave danger involved. The detonation of a blasting cap sends

pieces of metal flying out in all directions with the speed of a rifle bullet. These metal fragments can injure or blind a person even at a distance of 200 feet or more.

Blasting caps are copper or aluminum cylinders about as big around as a lead pencil and from 1 to 6 inches long. There are 2 kinds of caps. The "ordinary cap" is exploded by a burning fuse inserted in the open end. The other kind is an electric blasting cap.

It has wires coming out one end. When electric current is applied to the wires the cap explodes.

Blasting caps are used in mining, quarrying and construction work, land clearing, oil prospecting, pipe line laying, and many other necessary jobs in industry and agriculture.

Skilled blasters who work with caps handle them with as much care as they use with dynamite. Some boys and girls, however think of them as fascinating toys.

Blasting caps sometimes are lost or stolen. Youngsters find them and think it would be fun to hit one with a stone or pick at it with a nail or knife. This is almost sure to explode the sensitive charge in the cap.

Chief Crisler says the only safe advice for a boy or girl is "DON'T TOUCH BLASTING CAPS."

**P.O. Grounds To Be Landscaped**

The hardworking Kiwanians, which lent willing muscles for the recent annual barbecue (they chopped and toted wood); donated the first drinking fountain to this city (soon to be at the corner of Army and Market streets), are at it again: this time they plan to beautify the Post Office grounds with a cactus garden and colored crushed rock, the arrangement to be similar to that seen in front of the public library.

**Powderpuff League**

The standings for the night of Dec. 8, Ladies' Powderpuff League were as follows:

High team series—Henderson Drug, 2431.

High team game — Henderson Drug.

High ind. series — B. Lorentz 597 (202, 174, 221); S. Leming 586 — (177, 236, 173); P. West 572 (204, 186, 182)

High ind. game — S. Leming 236; B. Lorentz 221; P. West 204.

Omitted last week D. McGinness 211.

Splits were converted by: I. Dickens 2-7, B. Dawson 2-7, 3-10, 3-10, G. O'Neill 2-7, 3-10, 2-10, T. Mackie 3-10, J. Rocha 5-7.

**VFW AUXILIARY HOSTS JUNIORS**

The Advisory Council of the VFW Auxiliary hosted a Christmas party for the Junior girls at the VFW clubrooms Saturday.

Doris Smith baked a beautiful cake decorated with trees, Santa, and the Red-nosed Reindeer. The Advisors presented Hanky Walters, the mascot, with a Christmas corsage and a candy cane.

The girls sang Christmas carols and practiced for the forthcoming Auxiliary Christmas party.

Helen Grace Kenworthy, auxiliary president, played the piano for the caroleers.

The girls each brought a present and all exchanged gifts.

**THE MAYOS TO HAVE COMPANY**

Mr. and Mrs. Edward Mayo of 138 Fir will play host to Mr. Mayo's married brother, his wife and daughter, Mr. and Mrs. Ben Mayo and daughter Carol, of California; and Mr. Mayo's married sister and her family, Mr. and Mrs. Noel Wash and daughter Sue, of Phoenix, Arizona, during the Christmas holiday.

**TO VISIT KIN**

Mr. and Mrs. Donald Settle of 34 Lowery, and their children, Alan, 17; Reed, 8; and Cheryl, 3, will spend Christmas holiday with Mr. and Mrs. A. B. Gandrud of 15 West Basic. The Gandruds are Mrs. Settle's parents.

- Pushbutton suds return (optional)
- Lint remover
- Guaranteed rustproof cabinet
- Porcelain top

Come in and see the All-New Maytag Highlander now

## PAINTERS AND POTTERS TO EXHIBIT IN BOULDER CITY

According to Warren Frank, President of the Painters and Potters' Club, the current Library Exhibit will be taken out shortly to be shown in the Boulder City Library, starting Monday, December 21.

Artists who do not wish their pictures to go to Boulder City, he said, should pick them up between December 16 and 19. Approximately 20 pictures will be shown, representing about 10 artists.

The group is open for membership the year around. The attendance of the present group has been very good, Mr. Frank said.

The next meeting will be held at 8 p.m. Tuesday, January 5, at the Art Room of the Basic High School. The subject will be figure drawing.

The figure drawing class will be continued for six weeks, Henry Routh, group secretary, has announced.

The entry fee is \$7.00 for the entire year.

Individuals buy their own materials, but the club frequently furnishes paper.

Pencils, Conte crayons, and later pastels will be used in figure drawing classes.

The January class is an advanced group, but instructors Warren Frank and Walter Jacob-

sen see to it that beginners are given enough pointers to catch up with the more advanced pupils.

The course goes from simple pencil outlines to one point perspective, two point perspective to still life (pencil and Conte crayon to dry brush) to oils.

It is good enough, student work may later be exhibited.

### THE LIVING GOD

There's sun on the highest mountain  
And shade in the vale below;  
The lark's glad song in the morning,

A thrush in the twilight's glow  
The smiles of little children,  
The wayside flowers we see;  
The love that broods through all things  
Envelops you and me.

There's God on the highest mountain  
And God in the vale below;  
God sings in the morning sunshine

And croons in the twilight's glow;  
God smiles with the joyous baby.

Takes wing with bird and bee;  
And the God that walked with the Master  
Still walks with you and me.

## LETTERS TO THE EDITOR

Dear Sirs:

This letter is to ask a favor of you—a favor to Las Vegas and other Clark County communities, as well as to a large group of performers who will present an ambitious Christmas Concert and Pageant for the enjoyment of all who can learn about it and attend the performance on Sunday, December 20, at 2:30 p.m. in the Las Vegas Convention Center.

The program is being sponsored and presented by the Las Vegas Community Chorus and their director, Antonio Morelli. No funds are available to the organization to pay for publicity or announcements, and no admission is being charged for the performance. Participants in the presentation desire only the reward of giving enjoyment to a packed Convention Center. That's where you can do the favor.

It is hoped that everyone can learn about the concert, when and where it will be presented, and learn enough about it to want to attend.

Enclosed is a prepared news release that I hope you can use. Additional releases will be presented for occasional follow-up articles to maintain an interest on the part of the public to attend our concert.

Any help you can give will be deeply appreciated.

Sincerely,  
Lincoln Liston  
Chairman

Editor's note—Following letter was written by an old personal friend who was an All-American halfback at Marquette, then played for the Chicago Bears during the days of Red Grange.

Dear Morry:  
Just a few lines to say hello again from good old Milwaukee, your old stomping grounds. I am also sending on an article that appeared in last Saturday's Milwaukee Journal. I feel flattered to have made the Journal's Who's Who in Business and Industry. This column has been reserved for the Milwaukee big-shots.

I suppose you will get to see your old Alma Mater play in the Rose Bowl. You won't be alone from Wisconsin. I hear close to 7500 people from Wisconsin, Illinois, and Michigan will be heading out that way. I'm going back to the Orange Bowl game. I had my tickets and reservations before the teams were picked, and besides I'm going to take a nice long vacation down there.

Morry, my two sons, had good years in football. Johnny Jr., played "frosh" football at Marquette U. and I heard a lot of good praise about his play. Blackburn is going to use him

in the "slot-back" position. He is a good blocker, and pass receiver, plus a stout defense. Jimmy's Marquette U. High football team won the Catholic League Championship, and also were picked the outstanding Catholic School in the State. Jimmy, played end.

Marquette's football team looked good in winning their last three games. I would say we are on our way back to Big-time.

Hello to your big son. How is he getting on at Harvard?  
John Sisk

## 4th Annual Christmas Concert At Convention Center Sunday

The Las Vegas Community Chorus, Orchestra and Soloists, under the direction of Antonio Morelli, will present their 4th Annual Christmas Concert at the Las Vegas Convention Center on Sunday afternoon, December 20, at 2:30 p.m.

Outstanding soloists will appear in the pageant-like program with members of the Community Chorus, the Optimists' Boys Choir, the Jim Bridger Junior High School Chorus, the J. D. Smith Junior High School Girls Chorus, and a group of Las Vegas square dancers.

Featured soloists will include Billy Daniels, Ruth Julian, Jean Welborn, Johnny O'Brien, Henry Dunn, Gar Nelson, and Joseph Kohn. Narration and commentary will be done by Alan Jarison.

The orchestra of fifty (50) pieces will feature a Brass Choir in an original composition by Antonio Morelli.

Special scenic effects will be directed by Fritz Bell, well-known Las Vegas High School dramatics coach, and special

stage props will be prepared under his supervision by Las Vegas High School dramatics students.

More than two hundred performers will participate in the most lavish program ever presented by the Community Chorus.

No admission will be charged for the Convention Center performance and it is hoped that many who were turned away from past Christmas Concerts because of lack of seats, will be able to attend this year.

Last year's concert was presented to more than 1,500 people in the show room and lobby of the New Frontier Hotel and hundreds were turned away at the door.
