## Campbell To Head AAU Meet, 1960 Convention At Stardust

George Campbell, popular Henderson business and civic leader, has been named General Chairman of the 1960 National Amateur Athletic Union Convention to be held in Las Vegas the first week in December.

Campbell, a member of the Southern Nevada Association of the Amateur Athletic Union, was appointed to the chairmanship by Association President Mike O'Callaghan of Henderson.

"I was very pleased with the reaction of my Board of Managers when I made George's appointment," said O'Callaghan. "Bruce Trent, representing the Las Vegas Recreation Program, immediately moved that the appointment be approved and it was seconded by Sam Paternostro representing the Las Vegas Boys' Club. The vote in favor of Campbell was immediate and unanimous and reflected the respect George has earned among the members."

Members of the Southern Nevada Association are representatives from the Boulder City Recreation Program, Henderson Elks, City of Henderson, Henderson Lions, Henderson City Recreation Department, Police Benevolent Association, Henderson Boys' Club, Henderson Rotary, Las Vegas Boys' Club, Friends of Youth, Las Vegas Eagles, Las Vegas Footprinters, Las Vegas Elks, Police Athletic League, Las Vegas Sun, Las Vegas Review Journal, Las Vegas Handball Association, Las Vegas Athletic Club, and Las Vegas Ring Athletic Club.

The officers of the Southern Nevada Association include O'Callaghan as President, Dave Pearl First Vice President, Moe Miller Second Vice President, and Austin Bowler, Secretary & Treasurer.

The Amateur Athletic Union of the United States is the largest and strongest amateur sport governing body in the world. No other amateur sport governing body controls so many different sports.

The Amateur Athletic Union holds membership in the numerous international Amateur Federations, and is the only recognized governing body of the United States for the sports these Federations claim jurisdiction over for international contests.

Only those athletes who are members of or are certified as amateurs by the AAU can represent the United States in Olympic Games in track and field, swimming, boxing, wrestling, gymnastics, weightlifting, bob sled and basketball. Every athlete that has represented the U. S. since the revival of the Games in 1896 in these sports has been a member of the Amateur Athletic Union.

**USED XMAS CARDS COULD MAKE KOREAN KIDS HAPPY**  
People of this city could make many Korean kids happy if they wish to and without having to go to too much trouble, at that.

A drive is being carried on by the Bellgarden, California, Rotary club whereby everyone send in used Xmas cards, which will be sent to Korea where they will be distributed to youngsters to do with as they wish. They may be mailed direct to R. B. McCord, P. O. Box 2484, Bell Garden, California. This project is part of Rotary's International Program of building bridges of friendship.

**DALBY SHIRLEY INJURED**  
Dalby Shirley injured his spine while playing golf here recently. According to medical report one of the vertebrae shifted out of place.

**GEORGE CAMPBELL 1960 AAU CONVENTION CHAIRMAN**  
George Campbell (right), Henderson business and civic leader, is shown being congratulated by Mike O'Callaghan, President of the Southern Nevada Association of the Amateur Athletic Union, on his appointment and acceptance of General Chairman of the National AAU Convention to be held in Las Vegas the first week in December. The Stardust Hotel will be the headquarters for the national convention that was held in Miami in 1959.

## City Hall Report

Right smack, dab into the laps of this city's five councilmen will fall the problems of 1960-61 tomorrow night as the first of a series of special meetings will be held to tackle the up-coming budget.

Mayor Bill Byrne called the meeting and has prepared a report which will inform the council the exact present status of finances as well as what must be anticipated as expenses next year. Most important item of the latter point is the additional city liability of a \$50,000 payment that must be made on the sewer bond indebtedness.

Where to get additional income and whether to cut the present expenditures to meet the additional needs for money are matters the council must determine.

The city will be run by Councilman Bob Kesterson whenever Mayor Bill Byrne is out of the city; the council decided at Monday night's meeting. The term will be for the year 1960. Kesterson was major pro tem last year, too.

When the matter came up for

decision, inasmuch as this was the first meeting of the new year, Councilman Jack Stevens voiced his feeling that the job should be rotated among the councilmen and he followed by nominating Councilman Frank Morrell.

In the voting that followed, Councilmen Aubrey Pagan and Pete Mendive and Kesterson voted for Kesterson while Stevens voted for Morrell. Morrell at first abstained from voting for himself, then after Kesterson had voted for himself—Morrell asked the vote to show he had voted with Stevens for Morrell. Final vote on the item then stood—Kesterson 3, Morrell 2.

Councilman Pete Mendive sat in on a historic meeting of the County Fair and Recreation Board Tuesday, and actually had to vote on a plan that is being devised to bring in even more conventions to the new convention center.

The board set up a fund to underwrite certain conventions or special events (such as the Gold Cup Race) which it deems

(Continued on page two)

## ODE TO A WELL

"There's water in Black Mountain," Mr. Kesterson declared, Addressing City Council this prophecy he aired. It's true, indeed," says Pagan, "and fail we never can. It was revealed to Gibson our own Assemblyman." So the wise men vowed they'd sink a hole, a reservoir to fill. With water flowing left and right on that there old black hill. Down, down they bored eight hundred feet while hopes were running high. But what a disappointment to find the hole was dry. Now gambling may be right or wrong, depending on the setting. A few thousand for a hole in the ground is very foolish betting. These prophets may go wagering, their personal money Blow. But the citizens aren't happy when they're gambling city dough.

Ed J. Kurtz

## Our People Speak

Do you think the local Phone Company is entitled to the raise in rates they have just applied for?

**Mrs. Ellis Littlefield, housewife, 103 Dogwood**

I feel that what we pay now is plenty, and is plenty for our personal budget.

**Wm. A. Jones, Furnace Operator, 107 Fir**

I can't say I'm for it. I think the rates are plenty high already.

**Tobias Lucero, Laborer, Pittman**

I do not know about other people, but the rates as they are, are too high for us already.

**R. McEvoy, Layout Man, Steel Fabrication, 460 National**

We have a two-party line, but even then, should the rates be raised, our budget would feel it.

**Mrs. Wilbur Jackson, housewife, 6D W. Lincoln CP**

I think the request for higher rates would be justified, if with it came a higher caliber of service. As it is, we are paying plenty already and are not getting the service. We are supposed to have a two party line, but I can name four people that are on it, and half the time the line is completely out of order.

**Mrs. Albert Lane, Housewife, 516 Burton**

We do not pay a lot for our phone, because we have a double party line, but still we will feel the raise quite acutely, because my husband works for the Civil Service, and we live on a fixed income. Civil Servants have no strikes, no unions, and no way to up their income. Yet they have to meet the rising costs. We do not feel happy about the higher rates.

**Leo Dan Smith, Welder, 39 Wyoming**

I can't see where the hike in rates is justified at this time when none of us will be making more money. I think we are paying quite enough as it is.

**Mrs. R. J. Phipps, Housewife, 132 Ash**

I think the present rates are quite high enough. That is why we do not have a single party line. But even for a two-party line we are paying enough.

**Mrs. Alma Wilkerson, Seamstress, 31 Water**

The plants in this area are laying off. Many of them are not working full time. No one is making MORE money. Rather LESS. I think it is a bad time to raise rates for this reason. My personal reason is that my income is limited. And still another, I would not mind paying more if the service were improved. As it is, I think we are paying enough. There are frequent interruptions of service. Direct dialing has not been completely perfected. I got several wrong numbers after carefully dialing—and I was charged for them. Also there have been instances of some sort of equipment failure where people were ringing me and the phone did not ring at my end. All of which adds up to me, let's not raise rates at this time.

**Mrs. August Klanderud, School Teacher, 230 Kansas**

I do not think the hike is justified considering the service we are receiving. Every time there

## Basic Wolves Meet Rancho High In First Conference Game Tomorrow Night

By BURT HOFFMAN

The state champion Basic High Wolves, winner of five of the first six games, play host to the Rancho Rams tomorrow night in the first league contest of the season. The local five, victor over the Boulder City Eagles last week, meets a rugged opponent in the team from North Las Vegas.

The Hendersonites have the potential to defeat any team they face and should be able to retain the state championship if they can maintain the cohesion and form they evidenced in their first game with Dixie from St. George.

The latter club which pinned the sole loss on the Wolves on the recent northern foray proved that the Blue and White is vulnerable.

Though the Wolves topped the Eagles and removed them from the unbeaten ranks, there were a number of mistakes that were made and Coach Shelling had the boys practicing assiduously in the attempt to prevent a recurrence of these lapses. Coach Ed Shelling had this to say in a confab last night and we quote: "Rancho and Vegas both have very strong teams and we are not taking them lightly. We'll have to play top ball to stay with them."

With reference to the Rams, he continued, "In Anderson, their six foot three center they have acquired extra punch. They have defeated strong California teams and in blackboard discussions, we stressed ways to counteract their strategy and force them to play our way."

"The boys," he added, "are in a very good frame of mind. They realize they're meeting a tough foe. We have stressed teamwork, passing, and free throws in the practice sessions this week and hope to better our percentage in the last category."

"I expect to start the same five that opened the Boulder game," Coach Shelling concluded, "and have been impressed with the work of Don Hartle in the recent scrimmage."

The varsity game is scheduled to get underway at 8:15 p.m. Friday night in the local gym. It will be preceded by a skirmish by the rival jayvee teams at 8:45 p.m. It is advisable for the local packed field house is anticipated.

Saturday night, the local contingent will play host to Cedar City, Utah in a return meeting.

## Square Dancers To Hold Benefit

The Square Dance Callers' Association of Southern Nevada and our local Square dance clubs are sponsoring a benefit dance at the Paradise Valley School on Bond Road this Saturday.

Complete proceeds are to go to the family of the William Moores' killed in the pre-Christmas plane crash.

## LETTER TO THE EDITOR

Dear Morry:

As an editor, you know as well as a pastor what a difference there can be between the meaning of the same words as they are spoken and heard. Because of this, I wish to clarify and supplement some of my remarks at the City Council meeting Monday night, reported in the Tuesday edition of the Henderson Home News.

First of all, thank you for bringing out my responsibility to Mr. Perlstein. It would be unfair to him to keep silent at this stage, and then take him by surprise by steps of opposition later on.

Second, I appreciate your accuracy in reporting on my question about additional casinos. Many persons have received the impression that we are only dealing with an issue of one casino in connection with a hotel. Many do not know that we have excellent chance to obtain a fine motel without casino. In a superficial sense, it may be true at the moment that only one casino has been proposed. But, persons in the city government have said: "Once the hotel is built, the city can not very well be in the position of letting one place have a monopoly."

The meaning of this is as clear as daylight. It means that the existence of the new casino would be used as a "moral" argument that monopoly is unfair, that our present slot machine casinos should not have to see trade drawn away by a newcomer with wider privileges, etc., etc., etc.

For these and other reasons,  
(Continued on page two)

MORRY ZENOFF'S

## MORRY'S STORY

We note much discussion and some disturbance locally over the possible rate rise for our phone service.

Our 'Voice Of The People' column today shows a cross-section of the community is against such a rate rise.

I, like most of them, am opposed to anything that takes more money out of the old pocket book these days—especially with expenses generally getting higher and higher in every phase of our existence.

But, because I'm sort of prejudiced toward this fellow Hersh Trumbo, who runs the phone company, I couldn't just see him wanting to run the rates up on us folks without some good reasons. For, this much you've got to say for Hersh—he's given this city the best phone service in Southern Nevada. That might not be much but when you compare it to B. C. (where your conversations most always are being listened to) or to Vegas (where you're liable to suddenly be connected with a TV program instead of another number), the fact remains—it is generally rated better here.

"And this isn't the best service Henderson will get—better will be coming," Hersh explains. "Take, for instance, the party line problem. We are trying to fill as many requests for single party lines as they come in. Actually right now there aren't more than one or two. In time, we'll have proper extensions all over the city. It cost thousands of dollars to extend new lines. It cost \$50,000 just for the equipment alone of the new long distance direct dialing setup. We now have a girl whose only work is to take care of customer complaints and customer service. She sits right back there with the men in the equipment room and gets the job done as soon as a complaint comes in."

But, why the need in rate rise, we asked the local civic and business leader whom all of us know from the days when he used to climb the poles himself and repair damaged lines.

"It's been seven years since our last rate rise here. During those seven years, our salary scale for our employees has increased 80 per cent. You must remember that wages are approximately 65 per cent of our business expense. The state public utility tax has increased and then the big item—interest on the money we borrow to keep going and to keep installing and replacing equipment has now jumped to around 7 per cent when it used to be around 4 per cent. In other years we managed to wind up with a 6 per cent profit, which is what the state public service commission believes fair. Now, with the increased costs, we won't wind up with more than 4 per cent—and that won't pay the interest on our loans, or pay stock-holders nearly as much as they could make by investing their money in government bonds."

If you get your rate rise request okayed, what will it mean to you and what will it mean to guys like me and the rest of John Q. Public, we next asked the 40 year old husky who almost single-handedly during the past two years brought this city a fine nine hole golf course.

"It would mean we could get our profits back to a six per cent return. It would mean we could continue our present service and add wherever we possibly can. It would mean that phone users here would still be paying less than users in Las Vegas pay and about half of what they're paying in Reno. I know it's hard to ask people to pay more for anything these days... and I sure feel the same way when some taxing agency comes along and raises some rate on us. But—now this must be done to keep our company's position firm."

Thus spoke the fellow with a problem—Hersh Trumbo—who would rather not be on the opposite side of any argument with local people—who finds himself there, anyhow, until the public service commission decides the matter during the next few months.

A few weeks ago we ran a story about how some one made \$7,500,000 from the shipping of manganese ore out of Henderson to points East.

It seemed out of line to us as did it to the General Accounting Office of Uncle Sam's government, who in turn raised heck with another agency known as General Services Administration.

But, after a talk with Bill Kendrick, general manager of Manganese, Inc. here, one has to come up with a different conclusion.

"Now, the government is stock-piling manganese here," Bill tells us, "but several years ago when the contract first started—the government had to stock-pile it close to where it would be used in case of war. If you remember the terrific transportation problems of World War II, you can realize the possibilities of tieup in getting shipments from place to place during another war. To safeguard against this, the stock-piling program now is to buy not only the material but also transportation."

Kendrick then touched another interesting point: "When stock-piling first started, our defense experts figured in the event of war lasting two years. Then, the figure went down to one year. Now, they figure a war would last less than 6 weeks—and that's why, I suppose, we're stock-piling it here."

## MRS. ERIC BAKER FORMER RESIDENT DIES

News was received from Mrs. Melvin Hastings of 7 East Basic that Mrs. Eric Baker, formerly a resident here died in Redwood City, Calif., of a heart attack.

She is survived by her husband Eric, and son John of San Francisco.

Funeral was in Redwood City. The Bakers have many friends in Henderson where they still own a home near BMI plant.

## PARENTS MAY SUFFER FOR YOUNG VANDALS

According to Ted Turegun, City Project Engineer, youngsters under the age of 14 have been observed by city employees at various building sites defacing the cement with various inscriptions in black paint.

The law provides a stiff fine for such vandalism—up to \$300—and where minors are involved, the parents may have to answer for the damage.

is a high wind, the service is interrupted. Sometimes it was 5 days before our phone was repaired; yet we had to pay the entire bill and no allowance was made for the time we had no use of the phone.

**Mrs. Grant Houchen, housewife, 327 Tin**  
I think the rates are quite high enough as it is. I would not want to pay more.

### LETTER TO EDITOR

(Continued From Page 1)  
I believe that residents of Henderson, and especially of the Townsite area, have the right to know that the steps we are now taking predict far-reaching change in the business area where our children walk to and fro on school days. There are even people who favor the present action in the hope that Henderson will begin to draw gambling trade from California. There is no reason to be ignorant of what could happen within a few yards of our homes and schools and churches.

Those who say that this is unrealistic and hypothetical need only ask what arguments are being used to support the present proposal. "We already have gambling." "When it's all around us, we can't keep one spot clear." "We cannot in Henderson become an island of immunity surrounded by a den of iniquity." These are not my comments, but the views of those who favor the casino.

Anyone who is making this argument now is offering us weak assurance if he claims that the step we are now taking won't be used for further such argument in the future. I cannot believe that the fact that gambling is legal in Nevada forces us to give up supinely and let it take over in our city.

There are a couple of points on which I would take minor issue with your report on my remarks. You said I "intimated" and "hinted". Please, Morry, don't accuse me of such delicacy! I did not "intimate" that we have enough gambling. I forthrightly believe we have too much already. I did not "hint" that the City Council does not know who the investors back of Mr. Perlstein are. I don't know what they know. I stated that they gave a declaration of intent which committed three of them to undisclosed parties, and that other persons in Henderson have no obligation to agree with or support such an arrangement with persons either known or unknown in identity or character. It may have been my own fault that these two points didn't get over more clearly, and I am stating them in new words here.

I would like to make a few comments about something that happened after the meeting. Mr. Wayne Davis, who spoke critically of my presentation sent word that he would like to talk with me. We got together and visited until 1:30 the next morning. He made clear to me the real objection that was back of his remarks, and I was glad that he did.

He said he had believed it was my purpose to harrass the city councilmen into changing their votes. I'm glad to have the chance to say that this is not what I am after. I believe, in fact, that for the councilmen to change vote under pressure would be harmful to my cause. This might even be true of any change of council vote now, unless the person doing so could strongly affirm that his own mind had actually changed, and even then there would be doubters.

What, then, should be our purpose? Perhaps it should be to work toward a referendum vote when the city ordinance is amended. Perhaps as Councilman Morrell suggested, it should take the form of an initiative petition to create a stronger zoning ordinance that we now have. Such possibilities should be evaluated by persons who disagree with present decisions. In the meantime, we should not be considering them and saying nothing of what might be done.

### CITY HALL REPORT

(Continued From Page 1)  
desirable to the area. The National American Legion Convention may be switched from Denver to Vegas for 1961. A \$25,000 loan from the board was approved for this convention because of its prestige, and because the loan would be repayable out of first earnings.

The board yesterday also approved \$2500 recreation funds for the Moapa Valley cities and to Boulder City for a kiddie wading pool next to the big pool the county built there two years ago.

Tomorrow's council meeting, though informal, will cover studying a request by the police and firemen for a salary increase request by the city employees ass'n for sick leave benefits, a study of a plan to pave area next to the Youth Center for a roller rink, and then the aforementioned study of the financial picture—which will be handled under three sub-headings—a comparative salary report, a tentative 1960 utility department budget, a current revenue and disbursement report.

Monday night the council will meet to discuss land problems, hear Dr. George Maxey's test-well report and go over other items with City Administrator Clay Lynch, who will have returned from his trip to Illinois where he attended the funeral of his foster-mother.

**THE JIM ANDERSONS VISIT HERE**  
Mr. and Mrs. Jimmy Anderson of Provo, Utah, visited Mr. and Mrs. Benavidez of 117 Cholla during the holidays. Mrs. Anderson is the former Jane Gardner of Spanish Fort, Utah where her father is in the banking business. Jimmy attends Brigham Young University at Provo studying dental surgery.

**MRS. GALLOWAY LUCKY WINNER**  
Mrs. Gertrude Galloway of 113 Joshua won all five pieces of luggage at the New Year's Eye Elks' dance it has been announced. The lucky ticket entitles her to a pullman case, train case, hat box, wardrobe and an overnighter.

Some persons, in making up their minds about what to do, will immediately begin to calculate how much chance they think different measures have to succeed. But what is the most important aim? Is it to win and get one's way? Naturally, everyone wants that, but it might be more important to take the risk of losing, if that is what it should turn out to be.

It appears to me that it might be very healthy for Henderson to hear all the arguments, pro and con, concerning gambling, and then decide whether to loosen up our zoning of it, or put greater strength into our restrictions and control. People have told me they would like a real chance to hear such debate. If gambling interests believe in "tolerance," "liberalism," and "freedom," I believe they will join with me in the thought that there should be equal freedom for people to hear viewpoints opposite to their own. If that happens, one side or the other might lose a subsequent vote, but we all gain in the end when the public can listen to different convictions, think them over, and make its own decision.

Faithfully yours,  
Clayton H. Gill

### POLIO SHOTS TO START HERE JANUARY 12

According to Gordon McCaw, Principal Townsite Elementary School who released the information in the absence of Mr. Burkholder yesterday, the Clark County School District through the cooperation of the local and Clark County Health Department and the State Health Department will begin the polio immunization for all kindergarten and Second Grade Pupils on the following schedule:

Basic Elementary School—10 a.m. January 12.  
Park Village—10 a.m. January 13.  
Valley View—10 a.m. January 19.  
Townsite—10 a.m. January 21.

The Salk Vaccine will be used. Dr. J. H. Coogan will administer the shots, aided by school nurses Mrs. Thelma Sturm and Mrs. Katie Lee Butler.

McCaw emphasized the fact that the shots will be given only if a student presents a written authorization from parents or guardians.

### LOCAL BUILDING GROWTH TOPS 1958 BY A MILLION

According to Pat Doherty, local superintendent of Building, local building growth topping 1958's figures by nearly a million dollars could be termed a boom.

The LDS Church alone was a \$457,000 item, coupled with homes amounting to \$290,000. There were figures for December, 1958.

The total 1958 building figure was \$1,165,088. In 1959 the figure jumped to \$3,379,706.

While the building figures might take an initial dip, this year, he said, they would start climbing again in mid-season and toward the close of the year, which has been the normal trend.

Lively activity was shown in commercial type structures he stated.

The total figure on sixty buildings, plumbing and electrical permits issued here in December 1959 is \$24,602.00. Of this \$8,700.00 were for two new commercials, and \$2,400.00 for two additions to commercials.

### ROTARIANS HEAR OF STOCKS AND BONDS

Rotarians last week learned about Stocks and Bonds from Vern Willis of the Vegas office of Eastman-Dillon Securities Co. Willis advised that investments be made for long term earnings rather than for speculation. Berbie Yates was program chairman.

One of the side features of the meeting was the presentation of a pair of Rose Bowl tickets (dated Jan. 1-1960) for his generosity in loaning out his king-size field glasses to a local observer who attended the recent bowl game.

### B.C. Does To Install For Drove 135 Here

Boulder City Drove No. 34 will be in charge of the installation for the local Does' Drove 135 Betty Wagner, President has announced.

The event will take place at 8 p.m. Saturday at the Elks' Hall here.

Elaine Mitzel, Deputy Supreme President will be the installing officer.

Refreshments will be served. There will be dancing at the close of the business session.

### LOCAL EVENTS CAN BE INCLUDED ON STATE CALENDAR OF 1960

Community events during the coming year can be included in a statewide calendar being prepared by the state department of economic welfare if the information can be sent in by Jan. 14th. Ellen Shirley, chamber of commerce secretary, offers to do the expediting of the information.

### Dun & Bradstreet Notes Henderson's Startling Growth

According to statistical survey of Dun & Bradstreet, Inc., just released, Henderson shows a greater percentage of business growth of any city in Clark County.

In comparative figures listing Boulder City, Dry Lake, East Las Vegas, Henderson, Jean, Las Vegas, Logandale, Mesquite, Moapa, North Las Vegas, Overton, Searchlight, Sloan and Whitney Henderson is in first place.

Percentage-wise, with figure showing comparative growth 1955-60, it reads as follows:

Henderson, January 1955-66 Jan-1960-135; Increase: plus 105.

N. Las Vegas—January 1955-72, Jan-1960-130; increase plus 81.

Mesquite—January 1955-14 Jan-1960-135; increase plus 64  
Dun & Bradstreet lists only

### THE VIRGIL WEESES TO SETTLE HERE

Mr. and Mrs. Virgil Weese and their two children expect to settle in Henderson, it was learned. Virgil will be discharged from the Navy shortly with the rate of Electrician Mate, Second Class.

He has been with the Navy for 7 years.

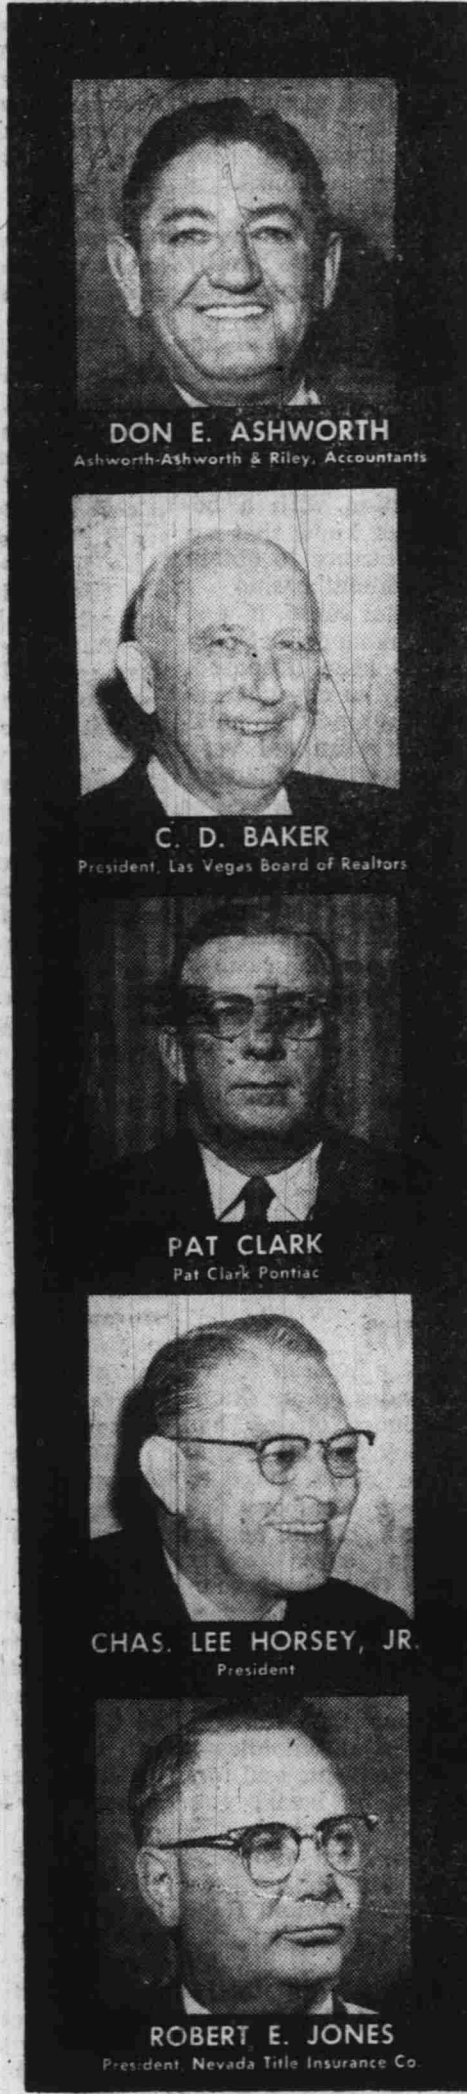

Virgil is the son of Mr. and Mrs. Cleo H. Weese here.

### HOSTS FRIENDS

Mrs. Bernice Burnham of Tucson (formerly of Pittman) and Orville Hutchins of Fallon were holiday guests of Mrs. Ruth Jorn and her son Richard of Pittman.

manufacturers, and businesses which give commercial credit, certain types of businesses, like barbershops and security brokers are not listed.

The total figures of increase for Clark County as a whole have been given as 1,191 commercial businesses in 1955 against 1,730 now.

THE STATE FISH & GAME COMMISSION

## Fish and Game Staff Attend School

Fish and Game staff members from the principal office in Reno, District Supervisors and installation superintendents attended a staff organization and methods school recently at the Max C. Fleischmann College of Agriculture building on the campus of the University of Nevada. The three day course was conducted by Mr. William B. Morse, Western Field Representative for the National Wildlife Institute.

...Purpose of the course was to outline typical staff set-ups and functions in order that the efficiency of the organization might be improved, especially on the staff level.

"Any organization with more than 30 employees, whether it is military, corporate or governmental, adopts some type of staff organization. There is much text material available on techniques of supervision, and many organizations offer courses on supervision. There is little available on staff principles, and for that reason this course is devoted exclusively to staff principles and command and staff operations," explained Mr. Morse, in introducing the course.

During each of the three days of the course, those attending were lectured on such things as typical organization set-ups, the line and staff, staff relationships, common staff functions, procedures, staff qualifications and ethics and doctrine of completed staff work. The group was then allowed to work problems, utilizing methods outlined by the course.

## Year Around Fishing Season Set

Year around fishing seasons on those waters in Nevada, that will be opened for the full year were set by the Executive Board of the Nevada Fish and Game Commission at a meeting held in Reno recently.

The Board correlated, approved, and set as final the season recommendations concerning the year around waters as received from the county game management boards. Seasons on all waters, which will not be open year long, will be set at the January meeting of the Full Fish and Game Commission.

The following fishing waters in the State of Nevada are open to fishing on a year around basis as of January 1, 1960. All waters not mentioned below are subject to opening dates and are termed seasonal. Dates for seasons on waters not mentioned below will be determined at a later date and are to be considered CLOSED until they are officially announced as open. Only the waters below will be open starting the first. All others will be closed.

### Churchill County

All waters open year around.

### Clark County

Lakes Mead, Mohave, and the Colorado River except for the posted areas of the Colorado River above and below Hoover and Davis Dam.

### Douglas County

All waters open except for the posted area in the immediate vicinity of Logan Shoals Boat Harbor on Lake Tahoe.

### Elko County

All waters except the Ruby

Marshes (season for Ruby Marsh to be announced later) and also the area within a 200 yard radius of the spillway structure at Wilson Eink Reservoir which is closed.

### Esmeralda County

All waters.

### Eureka County

All waters except J. D. Ponds Nos. 2 and 3 in Denay Valley which are closed.

### Humboldt County

All waters except Summit Lake and its tributaries and also the North Fork of the Little Humboldt River above the opening of Wild Bill's Field.

### Landre County

All waters.

### Lincoln County

All waters except Eagle Valley Creek.

### Lyon County

All waters.

### Mineral County

All waters.

### Nye County

All waters.

### Ormsby County

All waters except Slaughter house Creek from Lake Tahoe to Nevada Highway 28.

### Pershing County

All waters.

### Washoe County

Pyramid Lake. Lake Tahoe except the areas within a 200 yard radius of the mouths of Third and Incline Creeks on Lake Tahoe. Truckee River WITHIN the Pyramid Lake Indian Reservation except from Numana Dam to Pyramid Lake, except Catnip Reservoir and its tributaries.

### White Pine County

All waters except Pine and Ridge Creeks and the Warm Springs Pond on the Goicochea Ranch in Newark Valley.

### 1960 Fishing Licenses Now Being Distributed Throughout the State

Hunting and fishing licenses for the coming year are now being distributed to license agents throughout the state, according to the License Division of the Nevada Fish and Game Commission. License officer, Grover Freeman, is touring the state calling on each agent and delivering the licenses. In connection with this year's

## State's New Mothers-To-Be To Get Prenatal Care Manual

Nevada's two senators and one member of the house of representatives, acting in unison, have arranged to supply the ammunition for a state health department project aimed at reducing the state's high infant death rate.

Good prenatal care is the key, and the Children's Bureau manual on the subject is the ammunition, according to Mrs. Ethel S. Thelen, director of the department's division of public health nursing.

Nevada's current rate of births to mothers who are having their first baby is approximately 150 per month, and too many of these young matrons have not been in close touch with the family physician from the onset of pregnancy.

"We need to reach all of them with a copy of 'Prenatal Care' when it will be most useful to them, and each of our three in Washington has promptly agreed to send us his monthly quota of fifty free copies of the manual," Mrs. Thelen stated. Distribution will be the crux of the problem, but Mrs. Thelen is confident that public health nurses stationed thruout Nevada will be able to place the booklet, and that the information it contains will improve prenatal care in Nevada and bring a reduction in the state's unduly high rate of premature birth, which is always a threat to infant survival.

### Goose Hunting Reported Good In Some Areas

While duck hunters are still finding hunting conditions anything but satisfactory, the goose boys have been having fair to good luck, depending on area, according to reports received in the Nevada Fish and Game Department office.

Hunters have reported good shooting at Smith Valley and fair hunting in the Mason Valley Wildlife Management Area. At the latter, the geese appear not to have established any particular pattern as far as feeding is concerned, but shooting has been good when hunters have been at the right place to intercept feeding flights.

The Humboldt-Toulon Sink area and the Pelican Islands north of Fallon have sporadically produced good success. Also, Washoe Lake south of Reno.

ment project aimed at reducing the state's high infant death rate.

JERRY KIRK VISITS HERE FROM RENO  
Jerry Kirk, son of Mr. and Mrs. Lloyd G. Fields of 159 Manganeese visited his parents here during the Christmas vacation. He is a sophomore at the University of Nevada, Reno, where he is studying electrical engineering.

Beth Ann MacKenzie, student friend of Jerry's, who is also at the University of Nevada, (he is studying to be a teacher), flew over to be a guest of the Fields over New Year's.

Ann, Jerry, and Dennis Roche drove back to school Monday.

day 7 p.m. to 9 p.m.

**PHI CHAPTER  
HOLDS PARTY**  
Phi Chapter, Beta Sigma Phi  
held its first meeting of the new  
year at the home of Thelma  
Classen, 113 Townsite apart-  
ments Monday.  
Joyce Daeschner and Thelma  
Classen served as co-hostesses.  
"Awareness of Blessings" was  
the topic of the evening's ad-  
dress delivered by Mary Beadle.  
There was a round table discus-  
sion.

**MRS. BENAVIDEZ IS N-O-T  
THE FIRE DEPARTMENT**  
There was a case of mistaken  
identity here in town which re-  
sulted in a telephone number  
being changed.  
Mrs. Florence Benavidez' old  
telephone number was the same  
as that of Chief Don Richard.  
(They were on the same party  
line together.) "They used to get  
me out of bed in the middle of  
the night and tell me their kit-  
chen stove was on fire, or there  
was a fire on the telephone pole.  
My telling them I was not the  
fire department did no good.  
They would hang up only to  
dial my number again."

Ruth Ball won a gift — a potted plant — for naming as many joys as she could think of. Marie McGhei won an ash-tray with calendar for 1960 on it. Those attending were: Mmes. Fred Perry, Lawrence Gove, Richard McGough, Arthur DiCiccio, Walter Bell, Robert Wat-  
son, Mary Beadle, and the Misses Joyce Daeschner, Thelma Classen and Marie McGhei.  
It has been announced that the chapter is to hold a cake sale Monday, January 18th, at Betty Perry's, 260 Hillcrest. Proceeds will go to the general fund. This is not a public func-  
tion.

read in the Council Chamber at the City
Hall of said City on the date and at the
time above stated, and each proposal may be
obtained at the above

**PROCLAMATION**

WHEREAS, the health problems of birth defects and arthritis are of great concern to the families of our community and,

WHEREAS, polio is a continuing problem because insufficient numbers of our citizens have been protected by the Salk vaccine, and

WHEREAS, The National Foundation, which financed the Salk vaccine, has added birth defects and arthritis to its work in the polio field and,

WHEREAS, this vital work affecting one family in four is supported entirely by the New March of Dimes to prevent crippling diseases,

THEREFORE, I, WILLIAM B. BYRNE, Mayor of the City of Henderson do hereby proclaim the month of January, 1960, as New March of Dimes Month and urge everyone to support this tremendously important cause to the fullest extent.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Henderson to be affixed, at Henderson, this 3rd day of January 1960.

WM. B. BYRNE, Mayor

**PERSONALLY SPEAKING**

By MAURA DWYER

**MCCULLOUGH'S VISIT EL PASO**

Mr. and Mrs. Thomas E. McCullough, 10 E. Texas Ave. returned on Sunday from El Paso, Texas, where they spent the holidays visiting Mr. McCullough's sister, Mrs. Edward Ball, and Mr. Ball. While there they attended the coronation of the Sun Carnival Queen, and the Sun Carnival Parade, both of which were quite spectacular, as was the outdoor Christmas lighting of El Paso homes, and the display of fireworks taking place on three evenings. They report a very enjoyable visit, and an afternoon call at the home of Capt. and Mrs. Bob Lee, former residents of Henderson.

Mrs. Elva Lee asked to be remembered to all her friends in Henderson, especially members of VFW Aux., of which she is Past President.

**GALLOWAYS ENTERTAIN, VISIT CAL.**

Holiday guests at the home of Mr. and Mrs. Leonard Galloway, 106 Beech, were their kind folk from La Crescenta, Cal., Mr. and Mrs. Grant Galloway and family. Son Bruce was also home enjoying a two-week vacation from classes at New Mexico State University in Las Cruces.

Prior to graduation from Basic high school in 1959, Bruce was one of that efficient team that twice weekly brings the HOME NEWS to subscribers' doors. An award-winner in math, he was among those selected to participate in the co-op scheme whereby students alternate classroom work with practical training at White Sands.

It wasn't a stay-at-home vacation, because when Mr. Leonard Galloway returned to the job at Boron, Cal., the family went along, too. 12-year old Susie stayed with friends in Boron, Bruce went to visit two of his Basic High classmates now settled in Los Angeles, and Mrs. Florence Galloway took the opportunity to call on two long-time friends, Mrs. Ernest Bodas in El Monte and Mrs. Ralph Forsberg in Van Nuys.

She and Mrs. Bodas grew up together, while her friendship with Mrs. Forsberg dates back to their student days at the University of Minnesota.

**FORMER RESIDENTS VISIT**

Mr. and Mrs. Richard Walsh and son David have returned to Burbank, Cal. after a weekend visit with their old friends, Mr. and Mrs. R. M. McKinney. They had previously lived here

**HOW TO SURVIVE—IF NUCLEAR WAR COMES**

Substantial protection for families from radioactive fallout can now be developed through construction of simple home shelters. All of the illustrations used on this page are from "The Family Fallout Shelter," a publication of the Office of Civil and Defense Mobilization. Free copies of the booklet may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

**Hoegh Says Every Family Needs A Fallout Shelter**

Civil and Defense Mobilization Director Leo A. Hoegh says "everyone, even those far from a likely target, would need shelter from fallout" in the event of an enemy attack.

LEO A. HOEGH  
... most could be saved

In the introduction to "The Family Fallout Shelter," a publication of the Office of Civil and Defense Mobilization, Mr. Hoegh says: "In an atomic war, blast, heat and initial radiation could kill millions close to ground zero of nuclear bursts. Many more millions—everybody else—could be threatened by radioactive fallout. But most of these could be saved."

Mr. Hoegh pointed out that the Federal shelter policy is based on the knowledge that most of those beyond the range of blast and heat will survive if they have adequate protection from fallout.

The OCDM booklet contains building plans for five basic fallout shelters. One is a do-it-yourself project with solid concrete blocks. Cost of the shelters ranges from \$150 to \$1500.

Copies of "The Family Fallout Shelter" may be obtained from local civil defense offices or by writing: Box Home Shelter, Battle Creek, Mich.

**CIVIL DEFENSE PREPAREDNESS**  
PREPARE: Your family shelter and equip with two-week supply of food and water, first aid kit, battery radio.  
Evacuation kit for your automobile with food, water, first aid kit, battery or car radio, blankets.  
LEARN:  
1. Warning signals and what they mean.  
2. Your community plan for emergency action.  
3. Protection from radioactive fallout.  
4. First aid and home emergency preparedness.  
5. Use of CONELRAD—640 or 1240 for official directions.

**WHEN THE WARNING SOUNDS**  
A STEADY BLAST OF 3 TO 5 MINUTES  
This means: ATTACK ALERT—TAKE ACTION AS DIRECTED BY LOCAL GOVERNMENT. Tune your AM radio to a Coastguard frequency (660 or 1240) for official directions. Proceed according to your community's emergency action plan. Don't use the telephone.  
WAILING TONE OR SHORT BLASTS FOR 1 MINUTE  
This means: ATTACK—TAKE COVER IMMEDIATELY IN BEST AVAILABLE SHELTER.  
In a building: If there is no prepared shelter, go into a basement or to an interior first floor room. Stay in shelter until you get word you can leave. Outside or in a car: Go to nearest shelter. If you cannot reach prepared shelter lie flat on the ground face down, or crouch on floor of car.

SURVIVAL INFORMATION of value to American families if this nation were attacked is conveniently assembled in this permanent wallet card for clipping.

**ROBERT ALLEN JILBERT HAS SISTER NOW**

Mr. and Mrs. Bob Jilbert, parents of Robert Allen 2 and a half, have presented him with a playmate, little sister Laurie Lyn born to them at the Rose de Lima Hospital, December 21, The Jilberts reside at 9A, Victory Village.

for five or six years before moving to Burbank about three years ago.

This was their first time back since leaving, and they were simply amazed at the progress made in their interval. Only thing to mar an otherwise thoroughly enjoyable reunion was the fact that young David apparently picked up a flu germ and was definitely off-color during his stay. However, he was able to make the trip home, and on leaving concurred with his parents' wish that they might come back to live here again.

**Sterling Advice For Bride To Be**

Registering sterling silver pattern with your sterling dealer early avoids exchanges.

STERLING SILVER SHOWER tanks with kitchen shower as most popular party for brides-to-be. It's the gift that can be used 40,000 times.

Keep notebook on presents. Write thank you notes before wedding if possible.

NEW FASHION dramatizes display of wedding gifts: make table setting for two; other gifts on second table. Room with two doors eases traffic congestion.

**KIDS HAPPY AGAIN!**  
Young David Williams son of Mr. and Mrs. David Williams of 24 Manganese took the family's toy Pomeranian, a tiny, playful dog about the size of a Chihuahua downtown with him New Year's Eve. The little dog strayed, and David returned home crying. Little Vicky Lynn, his sister, was also in tears.  
After newspapers ran stories about the loss of the little pet and the grief of the children, people who found "Scamp" called the Williams family. So the story had a happy ending: the tiny "Pom" dog is home and in loving hands again.  
The dog was found by residents of 125 Water Street, Mrs. Williams said. She could not recall their name.

# Meet Your Neighbor . . .

ROBERT REYNOLDS, Master of Mount Moriah Lodge No. 39 is also a student of philosophy and chemistry. He came west in 1951.

Robert Reynolds of 127 Beech, current choice of the local Masons as Master of Mount Moriah Lodge No. 39 is a native of Mattoon, Illinois, a town of about 20,000, a railroad town, noted for its two major railroads, the Illinois Central and the New York Central.

The town itself is about 180 miles south of Chicago and about 43 miles from Champagne and Decatur. Locally it is known as the "Buckle on the Cornbelt" for it lies between the fertile farming communities of Iowa and Indiana.

Farming is still the town's mainstay, Reynolds says, although the town has some industry. — General Electric has a plant there; they make chrome furniture there, but mostly they sell and process wheat, soy beans and other farming products.

"My father was a railroad engineer on the New York Central," he recalls, "my mother a housewife. I have a sister, now living in Yuma — Mrs. Oris Morgan, and a brother, Roger who is in business in St. Louis."

Strangely enough, Reynolds as a boy wanted to be a fireman. "But when I grew up," he laughs, "I knew better than that." His first job, which he held for 9 years was with the Schwarz Auto Parts in Mattoon. It gave him such fine grounding in his field that he got a job in Tucson with the Collyer Motors in the same capacity when he came West in 1951. His next job was with the H. K. Ferguson Construction Company, a subsidiary of the Morrison-Knudsen which was responsible for reconvert-ing the old BMI plant to the plant Titanium now occupies.

His next move was to WECCO which is currently known as the American Potash Company, and that brings us up to date. Reynolds is working there now as a Senior Analyst. "I work in the Navy section," he explained "and run qualitative and quantitative analysis on ammonium perchlorate, an oxidizer used in rocket solid propellants. We get them in 7 1/2-10 ton lots, and I analyze the samples."

There are eleven different tests in each lot, Reynolds is in-

## Warn Young Sharpshooters

According to Sgt. Jim Pugh of the local police department, several young boys have been observed shooting .22 rifles within the city limits, which is a misdemeanor punishable with a fine of around \$300.00.

He issued a reminder to young boys and their parents that it is unlawful to shoot firearms within the city limits, for it constitutes the danger to others as well as to the boys themselves who may not be thoroughly acquainted with the proper use of guns.

## EDITORIAL

Often we are asked the question: "From what sources do you get your state and national news?" The simple, but honest, answer is: "From daily newspapers, radio and TV."

Our mission is not to chronicle the news of state, nation, world and moon area but to do the best we can in bringing our readers the news about their families, friends and neighbors; concentrating on the events that are important to the people of Henderson.

This results in an almost constant "feud" with some state and national officials (public servants) because we decline to print extra pages just to handle the reams of mimeographed "press releases" that cover everything from a flight in a jet plane to a speech favoring mosquito control.

At long last we have found someone at the national level who agrees with our stand. The following was written by Don Robinson, editor and publisher of The American Press, a nationally circulated trade magazine for weekly newspapers:

A man who makes a lot of speeches on subjects of national concern recently complained to me that, although he sent copies of his talks to his home town weekly newspaper, not once had the editor published a word of what he had to say.

It was his contention that the newspaper was a flop and the editor utterly lacking in judgment to ignore the words of a prominent citizen who was often quoted in the big city dailies and magazines.

His outburst made me realize that editors of weeklies should now and then explain to readers the purpose of a weekly newspaper and what standards are used in choosing news.

In my opinion, the editor who ignored speeches of national concern by a local resident was using sound judgment. For I believe the first rule for producing a strong, vital local newspaper is: Publish the local news which is not available from any other publication.

The fact that the man who made speeches on national issues claimed to be quoted by the big dailies would, in my estimation, be a sound reason for classifying his speeches as national news and therefore outside the province of the local weekly.

On the other hand, if the same prominent citizen did something of definite local interest, such as becoming head of the PTA, robbing the bank, falling off a horse or even going on a national speech-making tour, these personal activities of a local resident would fall into the "local interest" category and should be reported fully.

As for the subjects of his talks, his philosophy and his opinions on national issues, I think a local editor would be weakening his newspaper if he published them except, perhaps, as a feature article about a local citizen or as an editorial wherein the editor wished to express his personal views on this man's activities.

More and more it seems to me, editors of weeklies should select news by this criterion: Is this a story which readers cannot get from any other source?

## OUR TOWN'S MERCHANTS . . .

### At Your Service PECK'S UPHOLSTERY

Bob and Beulah Peck's Upholstery Shop on Navy Street, has several services to recommend it. "We pick up and deliver the cars on which the work has to be done," Mrs. Peck says. "And we feature terms." They say the quality of their upholstery materials is the very finest, and their prices in keeping with those now existing in the upholstery business everywhere.

MRS. BOB PECK of Peck's Upholstery takes a telephone order on some car seat covers. "I want it known that we give terms," she says.

BOLTS OF HANDSOME UPHOLSTERY MATERIAL seen here are on the shelves of Peck's Upholstery shop here. They have a great many textured fabrics and tough nylon and plastic covering for car or truck seats.

MATTHEW TURNER (son-in-law) and Bob Peck (owner) of Peck's Upholstery Shop, demonstrate here that car seat covers is not the only type upholstery they can do. They are starting to reupholster a rocking chair, turning a grizzled antique into a brand new article.

# OUR NEIGHBOR, BOULDER CITY, BECOMES A HOME RULE COMMUNITY

THE WAITING PERIOD IS OVER: Boulder City Council members, a Bureau official and attorney and the City Clerk complete contracts for January 4th turnover. Left to right are: City Clerk Lorraine Kautz, Regional Director Arleigh West,

Mayor Bob Broadbent and U. S. Attorney Milton Nathanson, seated. Standing are Jpe Manix, Dr. Tom White, Albert Franklin and Morgan Sweeney, all councilmen.

## EAGLES MEET VIRGIN VALLEY FRIDAY NIGHT

The Eagles Varsity will meet Virgin Valley here Friday night and Rancho at Las Vegas Saturday night.

Basic of Henderson took our team last Saturday by a score of 77-53 on Basic's home floor. High points were made by substitute Norman Bell who chalked up 12 points. Others who helped make the score as high as it was were Bill McCormick and Ronnie Ressler with eight points apiece.

Wayne Higgason was the hero of the Basic team with 23 points and 20 points by Lew Shupe and 10 points by Dennie Froomwell and the score.

Four players fouled out and fouls were recorded as 12 for the opponents and 31 for the home five.

January 15 marks the scheduled date of the Needles game there and on the 16th, the Eagles will take on Las Vegas High School here.

## RECIPE OF THE WEEK

FROM MRS. HENDERSON'S KITCHEN  
CHOCOLATE CAKE

By  
MRS. IONE DICKENS

### CHOCOLATE CAKE

Ingredients:  
½ cup butter  
2 cups sugar  
3 eggs  
1 cup sour milk  
1 teaspoon soda  
2½ cups flour  
rounded teaspoon baking powder  
¾ cup cocoa dissolved in ½

cup boiling water  
4 teaspoons salt  
vanilla to taste  
Method:  
Combine butter and sugar. Beat in egg yolks, add vanilla, add dissolved cocoa, flour, baking powder. Add stiffly beaten egg whites. If baking in a large pan bake 45 mins. at 350 degrees.

## Mattie Morris Re-Elected Prexy Of B.P.O. Does

Mattie Morris, elected for a second term, will be installed as president of the Boulder City Drove No. 34 BPO Does, on Sunday, January 10. Installing officers will be Drove No. 135 of Henderson.

Other elective officers beginning the year are Hazel Cooper, first counselor; Laura Ballantyne, senior counselor; Edna Schmitz, junior counselor; Esther Webber, secretary; Darlene Giesey, treasurer; Lola Dunlap, inner guard; Marie Morely, outer guard; Theresa Towne, conductor; Betty Widner, 3 year trustee; Roberta Tyree, 2 year trustee; and Maxine Cornett, 1 year trustee.

Appointive officers are Mabel Byater, Helen Novielli, Jo Ann Rowland, and Ivalu Corderman, color bearers; Nancy Barker, Ruth LeFevre, Sybil Bell and Alice Romero, attendants; Ursula Ramsey, chaplain; Juanita Eik-leberry, musician; Verna Langley assistant conductor; Ruth Hardy, historian; and Mary Ann Merrill, parliamentarian.

Honored guests will be Les Friedmann, Exalted Ruler BPOE No. 1682; Charles K. Robinson, Exalted Ruler BPOE No. 1956 and Joe Lappin, President, Nevada State Elks.

Refreshments will be served after the services at the Elks Lodge. Hostesses will be the Past Presidents of the Drove.

## Boatmen Rescued

Several cold and uncomfortable men were rescued by Park Rangers when sudden strong winds hit Lake Mead recently, according to Acting Superintendent Merdith B. Ingham.

Boating parties were forced ashore when high winds struck the Lower Basin of Lake Mead at approximately 6 p.m. last Thursday. "We had received the warnings of the approach of a storm from the Weather Bureau at approximately 4 p.m., and red storm warning flags were posted immediately; however, several boat parties failed to see them and remained on the lake," Ingham said.

One Henderson man and his 2 sons were picked up on Sentinel Island about 8:30 p.m. by Ranger Patrol Boat Captain Johnson piloted by Motorboat Operator Gene Gatzke. An attempt was made at 11 p.m. to rescue three men stranded on Black Island, but, high waves prevented Captain Johnson from reaching the shore. These cold, shivering boatmen were picked up New Year's morning when the rough water calmed slightly, according to Ingham.

It is emphasized that all boatmen should be extremely cautious about journeying too far from land with small boats during this unsettled weather period. Boatmen are urged during periods of stormy weather to secure the latest weather forecast and to watch the harbor for the presence of the red storm warning flags which will be flying when high winds are predicted.

## THE BUZZELLIS VISIT

Mr. and Mrs. George Buzzelli of San Diego were holiday guests of Mr. and Mrs. Ernest Lomprey of 601 Federal the NEWS learned today. Mrs. Buzzelli is the Lomprey's daughter.

Jimmy returned to his marine unit in Washington, D. C.

## FLOOD AT MARKET TOWN

When a Fire Department is called out, it is usually to put out a fire.

In the case of a fire call from Market Town Monday night, however, Chief Don Richard, Captain Ted Russ, Lt. John Farnsworth and firemen Murray Foremaster, Larry Sullivan and Guy Rosequist found themselves battling a flood.

A minor waste basket fire in the men's room touched off the safety sprinkler system which started spewing forth 80 gallons

## Kay Barton, Afton Arp Speak at Fireside

Kay Barton of Henderson and Afton Arp, Boulder City were among the speakers at the LDS Fireside last Sunday in Las Vegas, it has been announced. It was one of the thirteen fireside programs being conducted simultaneously.

The main speaker of the evening was LDS church president David O. McKay whose speech, "Youth of the Noble Birthright, Carry On!" was relayed by direct wire.

Other speakers were Rulon A. Earl, Paul Hardy of Needles, Cal., and Sandra Jeppson of Las Vegas.

Young people from the Lake Mead Stake of the LDS Church participated in this program.

## WAITING ADOPTION

According to Poundmaster Terry Larkin, owners of the dogs now locked up in the local Pound had best hurry and pick up their dogs promptly because the City Pound is allowed to hold them only a limited time. When that time elapses, unless the dogs are claimed by new owners willing to go their bail, they go to their death.

Impounded at the moment are the following dogs:

BEAGLE, male, brown, white and black.  
TERRIER, male, brown.  
UNKNOWN BREED, male, black, small.  
UNKNOWN BREED, male, black, large.  
COCKER, female, brown.  
PART COCKER, male, black and white.

The owners of the part cocker (black and white) could not be located and he is out for adoption to anyone in this order: first come, first served.

1 white boxer female (return engagement)  
Poundmaster Terry Larkin urged owners or prospective new masters to hurry; because the Pound is allowed to keep stray dogs, or dogs picked up without identification only a very short time.

## PISTOL MATCHES

The Boulder Rifle and Pistol Club has received permission of the National Rifle Association to conduct a series of five Approved Outdoor Pistol Matches. The first match will be held Sunday with registration starting at 12:30 p.m. and once monthly thereafter for the total of five matches.

Club officers will conduct the matches using NRA Rules and Classification System with Ned Marriott of Henderson being the NRA Official Supervisor.

The matches are open to all pistol shooters whether or not they are members of the Boulder Rifle and Pistol Club or of the National Rifle Association.

## THE LEFLERS HOST KIN

Mr. and Mrs. Tharol Lefler of 125 Dogwood hosted Mrs. Lefler's sister and her husband, Mr. and Mrs. Claire Jorgensen of Salt Lake, and Mrs. Lefler's parents, Mr. and Mrs. Clayton Pew of Showlow, Arizona during the Christmas Holidays.

## Chief Crisler Jrges Car Check-up Now

Tired of winter? Chief of Police George F. Crisler, today warned drivers that their cars may be getting a little tired, too — in more ways than one.

"It's a long time since we had our cars winter - checked last all," he observed, "and many of us have been giving the family car a pretty steady workout since then. A car is basic for protection against severe weather, but winter driving was never easy on automotive equipment. Right about now is a good time for a routine, but thorough safety check."

What to look for? Chief Crisler says: "Have you checked all lights recently? They've been getting some heavy use during the long winter nights, and a tail-light or stop light — even a headlight — may have burned out without the driver noticing it."

"Have you noticed that your windshield wipers aren't working? Better check and see."

"How is the battery holding up? A battery that has croaked under the influence of cold weather may fail just when you need it most."

"How does the car react generally? Does it take a little longer to start in cold weather than it did last week or the week before? Better not postpone that tune-up. Your safety and that of your family depends on the smooth operation of the family car."

## Rev. Cochrane Will Be Missed By This Town

Rev. Robert Cochrane of St. Timothy's Episcopal Church who is to assume duties as associate rector of Christ Church Las Vegas next week, will be missed not only by his parishioners, but by at least ten organizations here of which he was member.

He was member of the Board of Trustees of the local Library; chairman of the local Juvenile Conference Committee; member the Elks; past president, local chapter of Mental Health Association; member of the Executive Board Clark County Mental Health Association; member of the advisory board of the Southern Nevada Committee on Alcoholism; member Executive Council Episcopal missionary district of Nevada; chairman, department of promotion, Missionary district of Nevada; member Department of Christian Education, Missionary district of Nevada.

Rev. Cochrane hails from Brooklyn, New York, where he had received his public school education. He received his B.A. degree from Brooklyn College in 1948. He received the degree of Bachelor of Sacred Theology from the General Theological Seminary, New York, in 1951.

During the World War II he served as medic in the 90th Combat Infantry Division in the European Theater.

He met his wife (nee Theresa M. Trip) at Brooklyn College in 1950 where she received her Bachelor of Arts degree.

They were married at the old Trinity Church, New York in 1951.

The Cochranes have two children—Michael, 2, and Stephen, two months.

Rev. Cochrane had a pastorate in Reno and for a year and a half served at the Episcopal Church of the Redeemer, in Delano, Cal.

Replacement for Rev. Cochrane has not been announced.

## FOUR YOUNGSTERS GO TO JUVENILE HOME

Four young boys went to the Juvenile Home last weekend; 2 were taken for theft and 2 more for attempt to run away from home and staying out 2 days without a word to their parents. The parents consented to their sojourn in the Home.

## LOMPREY'S BOYS BACK IN THE SERVICE

Ernie Lomprey and Jimmy Lomprey sons of the Ernest Lompreys of 601 Federal who have spent the holidays with their parents here, returned to their respective branches of the Service recently. Ernie went back to his post in the Navy at San Diego, Cal.

## THE GOULDS BACK FROM LOGAN

Mr. and Mrs. Earl Gould, are back from Logan, Utah, where they spent a happy (and white) Christmas with their daughter and son-in-law, the Harry Reids.

## MUSIC, PRAYER AND BLESSINGS MARK BIRTH OF BOULDER CITY

By VIRGINIA MORRISON

A solemn and stirring occasion, the turning over of Boulder City to its residents by the Federal Government, was begun Monday night by the singing of the Star Spangled Banner, led by the beautiful voice of Virginia Carpenter and an invocation by the Rev. Earl S. Fox. Mrs. Sylvia Legler accompanied the singing on the piano.

Morgan J. Sweeney, acting as Master of Ceremonies, said a few words and then introduced Arleigh West, Acting Director of the Bureau of Reclamation who officially turned the city over to the capable hands of Mayor Bob Broadbent and the City Council. The act was finalized with receipt of the final Federal contract.

Broadbent stated that it was a very great privilege extended him as the city's first mayor.

The featured speaker of the evening was of course Gov. Grant Sawyer. Nevada's head said that January 4 was a long-awaited day in the state when Boulder City was to take her place beside her sister cities.

Many, he said, take self-government too much for granted, but there is no danger of Boulder City ever doing this because she has waited too long to attain it.

Sawyer traced the effort that was put into making the city what it is and mentioned the excellent planning of the town by the Federal Government that makes the city the most beautiful in the state.

He itemized the inheritance gained from the government in land, money, electrical, water and sewage systems worth \$3 million. Because of the unique situation here—one of three like communities in American history—city officials will be instructors and pupils.

It is the governor's contention that ours is a community which has already helped to make the state what it is. He touched on our educational system here which can produce 70 per cent college material and four boys from one town all attending the Academies simultaneously. The multi-purpose building, scheduled to be built here in the near future, he said, is one of two in the whole country.

He cited the blessings of a small community in that we all know our candidates, whether each and every one agreed with the idea of incorporation or not, the real struggle is now, and a time for rest is far in the future. Mistakes will be made, he went on, but, he continued, when mistakes aren't made, sometimes it indicates lack of progress.

Sawyer concluded with his own personal greetings to the residents for a happy and prosperous New Year and said that in many respects, Boulder City is the gem of Nevada. He personally would like to help keep it that way and is only asking to be of any help that he can.

The legislators, he said, will sponsor much needed laws to add their help in building the community, and the governor closed with a spiritual wish of success to the new city.

Mayor Broadbent, of Ely, in a voice filled with deep feeling, thanked residents of the city on his and his wife's behalf, for

honoring them by selecting their son, Bob, as the city's first mayor.

He stated that he has watched the progress of the town, thru Bob, and if ever a community had a model charter, our is it. He mentioned times with Bob, sitting in the background and listening to all that had to be done and he realized how many hours upon hours and days upon days were spent by those whose job it was to have the city ready to take over on just this occasion. Ely's head said that the people in 1876 who fought the Revolutionary War must have had much the same feelings and ideas.

Harley Harmon, County Commission chairman, then welcomed the city into the county's family plus offering cooperation.

Dr. Henry Reining, Dean of the College of Administration of the University of Southern California and considered the father of the Boulder City Act, which made separation possible, stated that he hoped the people wouldn't mind if he shared his feelings on the happy occasion. He said he was reminded of a remark made by City Manager Curtis Blyth before the ceremony had started.

Blyth stated that he felt like a midwife at the birth of the city and strongly suspected that Reining was in on the conception.

Reining told citizens that they are now on their own and can no longer blame anyone else for mistakes made. "The Great White Father—the Federal Government—can not be blamed in the future," he reminded those present.

Ours is a gigantic responsibility—that of running our own power, water and real estate, he went on, and such a wide scope is unusual. He said that Boulder City has always been a show place to foreigners of other lands, and now it will be even more so.

He advised the community to select a counterpart abroad as an international sister and sell the idea of Home Rule. It is a rare commodity today, he said, and very few in the world enjoy it.

He stressed that its importance starts on the local not on the state or national government level. "Many big decisions are ahead of you," he went on, "so don't let others make them for you. All over the country, cities allow others to develop their towns."

"Decide what kind of a town you want, whether it be resort, cultural, industrial or residential then go ahead with your own developing."

He closed with the remark that the project has his blessing and if ever the university may be of help, please feel free to call on it. It is happy in the part it has already played in the separation of the city.

The ceremony closed with the reading of telegrams from Senators Alan Bible, Howard Cannon, Congressman Walter Baring, Floyd Dominy, Commissioner of the Bureau of Reclamation and Mayor Earl Hartke of North Las Vegas.

The Rev. Fox gave the benediction.

LEFT TO RIGHT, Arleigh West, Curtis Blyth, N. E. Broadbent and Mayor Bob Broadbent take advantage of a pause in the signing of contracts Monday afternoon. They await the final completion of the papers from Attorneys Alvin Warman and Milton Nathanson.

DR. HENRY REINING, Dean of the School of Administration at the University of Southern California is considered the "daddy" of the move to separate the city from the Federal Government. He stressed the importance of Home Rule and advised the city to set an example here and abroad.

"BOULDER CITY NOW JOINS her sister cities in the State of Nevada," stated Governor Grant Sawyer during his address at the changeover ceremonies last Monday night in the Elementary School Auditorium.

### LETTERS TO THE EDITOR

Dear Morry:  
Variety would appreciate your giving all possible space to the forthcoming Installation Dinner. Here are the details:

The dinner will be held at the New Frontier Hotel on Wednesday, January 13, 1960. Cocktails at 6 p.m., Dinner at 7, and induction ceremonies at 8 followed by what will be one of the greatest star studded shows ever presented here.

The auction which used to consume so much time will not be held this year. Proceeds will be derived only from the sale of tickets.

As you know, Variety Tent No. 39 maintains the School for Special Education on East Sunrise, and the Day Nursery on the West Side. Proceeds are used to support these two agencies and other charitable works.

Every major star appearing on the strip will be invited to participate, and we're sure they will respond as they have in the past. In addition, Mr. Sid Kuller is writing a special skit which should prove to be one of the evening's highlights. We are also hoping for an appearance in reference to "Oceans 11" featuring the star of that picture, Nat Brandwynne's orchestra will be featured, and if it can be arranged, Joan Crawford will be on hand to accept Variety's Heart Award for her late husband, Al Steele.

Everyone but everyone, should be in attendance for what is Las Vegas's biggest and best social event. Tickets will be delivered to anyone who calls Variety, DU 4-3113.

May I respectfully suggest that you use parts of the above information as frequently as possible between now and the date of the induction dinner.

Thanks & Best wishes for a Happy New Year.

Hank Kovell,  
Press Guy

Dear Dolores and Morry,

I just finished reading the "Bethlehem Star" and was so delighted with it I decided to sit down and write a note to tell you so. The idea is new and very good.

Our dog "Blitz" also appreciates "Shiners" greeting. Hope you have a happy and prosperous new year.  
Sincerely,  
Dorothy and Howard Davies

Dear Editor:

At a recent meeting of the Henderson P.T.A. Council, that includes representatives from the Boulder City and Whitney P.T.A. groups, it was unanimously voted that a public expression of appreciation be made to the people in our schools who are responsible for starting off the Holiday Season each year with the delightful Christmas Programs which are presently annually. The Council would like to take this means of expressing this appreciation to all the music instructors, classroom teachers, maintenance staffs, administrators, office personnel and audio-visual department for their untiring efforts in the preparation and presentation of these Christmas Programs.

Sincerely yours  
Mrs. Diane Bergemeyer,  
Secretary  
Mrs. G. A. Rice, Pres.  
Hend. P-TA Council

Dear Mr. Zenoff:

I have heard and read about your unusual Christmas Day edition and would like to secure a copy if possible.

Have no idea what you might charge for this service but I am enclosing 24 cents in stamps and if this does not cover please advise and I will remit the difference.

We are having a very mild winter. Did have snow for Christmas but ground is bare again. There is still time for plenty of the white stuff as we found out last March when we were hit with a record 22 inches in about 24 hours.

Best wishes for a happy, prosperous New Year!  
Sincerely,  
Ed Keefe,  
Circulation Mgr.  
The La Crosse Trib.  
La Crosse, Wisconsin

P.S. — Suggest you address that copy of the Christmas Day edition to me personally. You know how things can get kicked around in a newspaper office. — Thanks.

The Lake trout come big in Canada. There are thousands of fishing haunts, such as this one at Lac La Ronge in Northern Saskatchewan, where many a prize-winning fish has been taken. For complete details on where to fish in Canada, write the Canadian Government Travel Bureau, Ottawa, Canada.

### ★ Free Movie Films Available For Local Clubs and Churches

**EDITOR'S NOTE —** This newspaper today prints this information as a public service. Ordinarily our policy is to print news only about local events and people.)

A spectacular travel movie in full color and a cartoon on weight control are among the new free loan films available to local clubs and churches.

They are just two of more than 300 current 16mm sound motion pictures sponsored by American industries trade associations and professional groups and distributed by Modern Pictures, 444 Mission Street, San Francisco.

The wonders of Glacier National Park are vividly shown in a brand new 22 minute Technicolor film. "The Owl and Fred Jones," the weight control cartoon, is a gentle reminder to guard against "middle age spread."

"Fire and the Wheel," devoted to petroleum exploration and production, is also now available for clubs and organizations. It is this year's Freedom Foundation award winner.

Illustrating the wide variety of movies available today are — "Your Share in Tomorrow," the story of the stock exchange, and "Rainbow Harvest," a full-color tour of the bountiful orchards of California and Hawaii.

Civic, youth, church, fraternal, women's, welfare and union groups are invited to borrow these free - loan 16mm films. Many of the movies offered are widely used in public and private school classes. A free catalog is available upon request.

Listed in the catalog are films ranging in length from 10 minutes to an hour and in subject matter from cooking to travel, from history to space rockets, and from sports to educational cartoons.

### Ti-Metals Sets Nation-Wide Safety Record

Titanium Metals Corporation of America closed out the year 1959 leading the United States titanium industry with an enviable safety record—no lost time accidents during the entire year.

On September 25, 1959, the Henderson Plant personnel gained national recognition for having completed one million man-hours worked without a lost-time accident, and the more than five hundred employees have continued their safety record to date, totaling 1,284,944 man-hours worked without a disabling injury.

The last lost-time accident at the Henderson Plant occurred on November 22, 1958, when a chip from a lathe tool punctured the chest of an employee. In this instance, however, TMCA's Safety Program saved a life due to the emergency first aid teamwork displayed by the injured man's co-workers.

At the time of the accident the Henderson location had accumulated more than 930,000 man-hours without a disabling injury, and began anew in pursuit of the million-hour objective.

"The employees of the Henderson Plant are well aware of the role they play in giving TMCA's motto, 'first in titanium,' its fullest meaning," Peter A. Dobrus, TMCA Safety Director, stated recently in making personal presentations of commemorative pens to his fellow workers. "Team work and Safety are one and the same; 'we' have proved, by working almost 2,000,000 man-hours without a lost-time injury, that the titanium industry — less than ten years old — can become an accident-free industry.

Dobrus, who was appointed TMCA Safety Director for the Henderson location in 1957, is well qualified to speak on the subject of "teamwork," having gained national recognition while playing tackle on Carnegie Tech's football team in 1938, 1939 and 1940.

Again, during World War II, Dobrus learned more about teamwork as a bomber pilot with the first group of the 390th Division to complete a tour of duty without a single "turn-back" gaining the coveted

### MT. MORIAH LODGE OFFICERS INSTALLED

Saturday, December 19 at the Boulder City Masonic Temple, the new Master and officers of the Mount Moriah Lodge No. 39, Free and Accepted Masons of Henderson were installed in an impressive ceremony by Royal Dr. Crowell, Grand Master of the Grand Lodge of the State of Nevada, assisted by Grand Lodge officers Embree D. Wilson and Walter A. Ray.

Deputy Grand Master Stanley D. Sundeen was also present. This was a joint ceremony at which the officers of the Las Vegas Lodge No. 32 and of Boulder City Lodge No. 37 were also installed for the ensuing year.

The officers of the Henderson Lodge for the coming year are: Master, Robert J. Reynolds; Senior Warden, Lloyd J. Gibson; Junior Warden, Parmley T. Stevens; Treasurer, Chester E. Gaiter; Secretary, John J. Selby; Senior Deacon, Roy G. Campbell; Junior Deacon, Frank R. Brantfield; Chaplain, L. D. Cardwell; Marshal, Howard R. Giles; Senior Steward, Herbert R. Nye; Junior Steward, Walter D. Kubic; Tyler, David W. Lovell. The outgoing Master, Gene Baird, was installed as Trustee of the Lodge.

### R. GRIPENTOG BUILDING ON

Work is now in progress on Robert Gripentog's Las Vegas Boat Harbor, which, when completed will have a display of tackle, and a handsome lunch room, it has been announced.

ted DFC, the Air Medal with six clusters, and Presidential citations.

In 1950 as an employee of the National Lead Company, he became a member of the team that constructed and operated successfully the titanium pilot plant which proved the feasibility of constructing the Henderson complex.

Prior to his appointment to the vital Safety Director's post here, Mr. Dobrus served TMCA in a Superintendent capacity, overcoming the many obstacles encountered in converting the former magnesium plant facilities for the production of titanium.

BOARD MEETS**

The Board of Directors, Eagles' Auxiliary, met Monday at the home of Mrs. Ed Thomas.

Reservations for the Japanese dinner January 25 must be in at the business meeting January 11 at the Eagles' Hall, it has been announced. The affair will be catered by the Lucky Star, with dinner \$1.75 a plate.

Mrs. Irene Gioisi, State President, will be present at the dinner.

3 new members will be initiated during the business meeting.

Monday night refreshments were chaired by Mmes Ed Thomas and Fred Ives.

Present were:

Mmes Charles Rullifson; John Yeager, P. D. Harris, L. A. Weider; Eugene Prisbrey; Ed Thomas; Fred Ives; Ted Carter; Cleo Weese; and A. R. McClanahan.

**MASONS INSTALLED:** Officers of the Henderson Mt. Moriah Lodge No. 39 were installed in a ceremony at Boulder City recently. Left to right are E. C. Gaither, treasurer; L. J. Gibson, Senior Warden; Robert J. Reynolds, Master; P. T. Stephens, Junior Warden; J. J. Selby, Secretary. Rear row: Herbert Nye, Senior Steward; Walter Kubic, Junior Steward; L. D. Caldwell, Chaplain; Howard Giles, Marshall; Roy Campbell, Senior Deacon; Frank Brancfield, Junior Deacon; David Lovell, Tyler.

**Stanford Heads  
Explain Use Of  
Multiple Bldg.**

The handwriting is on those big blank walls of today's high school auditorium.

Those cavernous confines, used one or two periods a day and perhaps once a week for an assembly, are not likely to be found in the blueprints of future school construction.

In fact, Stanford University's School Planning Laboratory officials say, it won't even be known as an auditorium any more but a "multi-use instructional center."

Put into taxpayer's language, this means a building that is basically an auditorium but, through ingeniously devised folding walls and removable chair-desks, is readily convertible into as many as five or more classrooms usable every hour of the school day or night. With minor variations, such a building will be erected here.

Deviser of the new multi-purpose center is Raymond C. Schneider, SPL research associate, working with Dr. James D. MacConnell, SPL director in the Stanford School of Education, under a grant from the Ford Foundation's Educational Facilities Laboratories, Inc.

It's best to imagine a V- or a

fan-shaped building, Dr. Schneider says, with a smaller "v" insert in the broad end. The apex of the "V" is the stage area.

The small "v" is a room known as the "audio visual core," with projection equipment, controls for heating, lighting and ventilation, offices, and a film teaching laboratory. Movies can be projected from the core to the stage with ordinary lamp projectors, rather than the costly arc type usually required for the longer throw from a conventional booth.

The auditorium seating area is divided in half at the touch of a button, which brings out a pair of ceiling-height sliding doors. The rear half of the auditorium then becomes two classrooms, separated by the smaller "v" — the audio-visual core.

With the addition of more push-button folding doors, the divisible auditorium can provide single teaching areas for from 20 to 400 students in the foreground — depending on the size of the building.

It can also provide for two and possibly three smaller teaching areas for groups of 150 students or less, and last but not least, becomes a much more useful community center for evening meetings, concerts, speakers, and dramatic presentations.

A double tier of seats can be removed from the front of each classroom section, to allow for blackboard demonstrations and freedom of movement.

**THE HENDERSON HOME NEWS, HENDERSON, NEVADA**  
Thursday, January 7, 1959

With today's high building costs, soaring land values, and ever-increasing student enrollments, it's not hard to see that a much more practical use was needed for a school facility that stood idle 90 per cent of the time.

The building is to be erected in Boulder City.

**WAYNE DAVIS BACK FROM ABROAD**

Wayne Davis, who was absent from Henderson for two years on a Thailand construction job is back for a rest and a visit with his wife here, for at least three months he said. He stated that it was refreshing to see the democratic-run country for a change. In the area of his employment abroad he found himself too close for comfort to the Red Chinese.

This graph shows you the approximate location of Valley View Estates. Just off Frontier Blvd., a short distance from the center of Henderson, yet free from traffic hazards.

### Watch Party A Success

The "Watch Party" held in the First Baptist church on New Year's Eve was reported by those who attended as a great success.

Mrs. Paul Crum was in charge of the musical program.

Her grandson Mark Halsey sang a solo, "When He Cometh."

A girl quartet — Karen Cowen, Peggy Fields, Sharon O'Neal, and Jan Pennington — sang, followed by a solo, "When They Ring the Golden Bell" by J. Henderson, Jr.

Rev. Martin Meeker gave the following readings: "To Give Your Flowers to the Living"; "The Lightning Rod Salesman"; and the "Tax Assessor."

Refreshments were served by Meses Frank Brancfield, Chester Smith and Red Pennington.

Games were played and there was a whistling contest for the women, which proved quite hilarious, for while they attempted to whistle, their husbands kept distracting them by making faces.

### DR. EARL GOULD TO SPEAK ON CIVIL DEFENSE

Dr. Earl Gould, our city Health Inspector, will be principal speaker at a Civil Defense group gathering in Pittman at 8 p.m. Monday, it has been announced.

His topic will be "Emergency Sanitation at the Home", which will detail the various ways of surviving under emergency atomic war conditions.

Jerry Little of the Civil Defense agency in Las Vegas will be in charge of all arrangements. A disaster film with Quentin Reynolds as narrator will also be shown.

There will be refreshments; public is invited; admittance is free.

"It is hoped," Dr. Gould said, "that from this meeting many Mrs. A. B. Cowan was the winner."

Rev. John Osko gave the closing message from the Book of Genesis.

### THE C. D. McBEANS VISIT THE ROY ADAIRS IN CAL.

Mr. and Mrs. C. D. McBean of 282 Basic visited with their friends and former neighbors, the Roy Adairs, in California recently. "They are busy and prosperous owners of a fine Cycle, Lock and Key Shop in Riverside," Mrs. McBean said. "They have been to Hawaii, own two homes and a wonderful business. I know their friends here will be glad to hear how well they have done for themselves." Mrs. McBean says. "We visited them on their 23rd anniversary recently. We all had cocktails in the famous Hollywood Roosevelt Theatre (the stomping ground of the stars); attended the Cinerama; and had a champagne supper at the Hollywood Brown Derby. The Adairs have recently visited Hawaii. They own 2 homes in Riverside, are happy and prosperous."

more study groups will be organized.

### CURB PAINTERS JAILED

One of the oldest confidence games in the crime book has been tried right here in town last week when one Robert Ernest Horton offered to paint a local resident's curb number on Burton Street was grabbed by our Police.

No one is authorized to do such painting except the City; besides the Police learned that Horton was wanted in California on other counts. His "partner" busily painting further up the street, was questioned and released.

### 4 Tippy Drivers Arrested

According to local Police, 4 tipsy drivers have been arrested for driving under the influence of liquor and its consequences, such as driving the car into the ditch on the Boulder Highway; tamping a woman's car and knocking it 112 feet. There was

### BARNEY DEHL NEW POLICE SARGE

Barney Dehl, 28, has been named Sergeant after passing high a Police examination last week, it was announced.

He joined this police department after serving at the Mojave County Sheriff's Office in Kingman, Arizona; spending 2 years with military police at Ford Ord in California. and working as inspector for the Arizona Motor Vehicles Division. He is married, has three daughters and lives at 419 Ilmenite Way.

even a woman drunk and a man who invoked the Fifth Amendment when questioned about where he got the liquor and when.

Judge Treem already made himself clear on his stand about drunk drivers — the fine will be stiff enough to get them out of the habit of mixing liquor with gasoline.

### Patrolman Kessler Revives Dying Child

Fast thinking on the part of Reserve Patrolman Ralph Kessler here restored the life of a dying boy, Scott Barnum, son of Mr. and Mrs. Kendall Barnum, of 77 C Victory Village, Friday.

When Scott's mother woke in the morning to find her child near suffocation, she rushed for help. Her neighbor, Martin Messtas, drove her and the dying boy to Rose De Lima.

Unable to find the emergency entrance, and realizing every minute counted, he rushed to the police station.

There, Patrolman Kessler immediately applied mouth-to-mouth respiration, and after a long and agonizing 3 minutes the boy began to breathe again. Larry Tabony made sure that the even breathing continued by using a mechanical respirator.

Kessler, active Marine Sgt. at Lake Mead Marine base, lives at 111 Yucca.

## Home of the Week

In the home of the Ralph E. Cramers, 110 Dogwood, everything is geared to the family hobbies.

The children love dolls and parakeets. To teach them good management early, they are allowed to take care of themselves; which includes free flight (with all the doors and windows battened down).

They are allowed to play with their pets and their dolls anywhere they like, living room included, and only one rule that is a must—order must be restored when the game is through. Mrs. Cramer's hobbies are

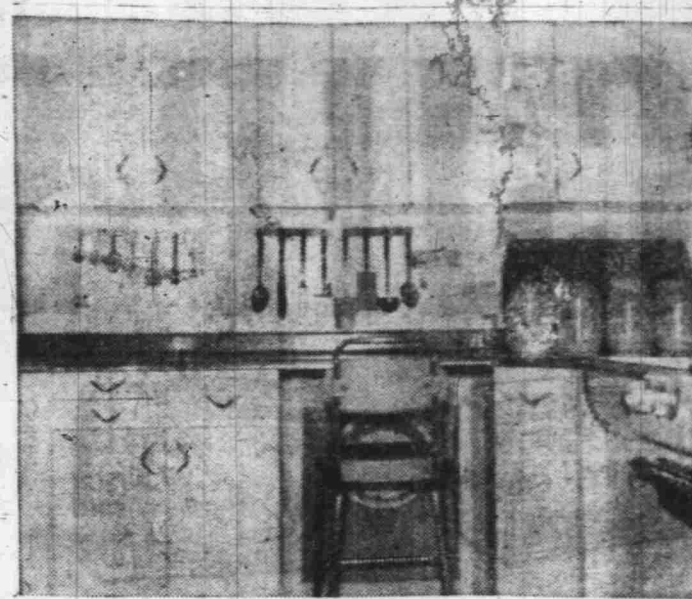

sewing, cooking and square-dancing, also collecting china and pictures.

To accommodate them all, friend-husband Ralph built her a handsome work area in the kitchen, helped arrange and group a collection of prints, and built special shelves for the china collection which Mrs. Cramer will be assembling right along.

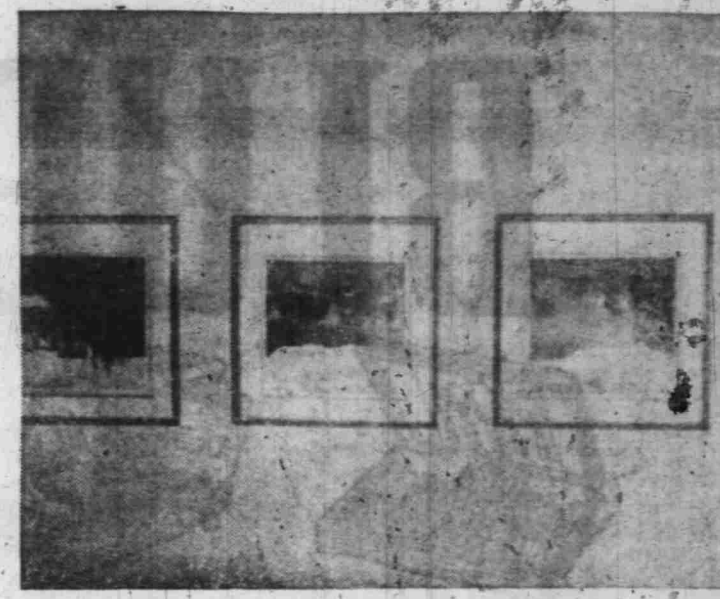

Sewing takes Mrs. Cramer's time when she is not joining her husband in his favorite hobby, square-dancing. (Ralph Cramer is well known in the area as a square dance caller as well as dance.

CHILDREN'S HOBBIES are parakeets and dolls. Left to right are Diane, 9½ and Laura, 7. The children are permitted to play with their pets and their dolls anywhere they please, living room included. The only rule: everything is put away after the games are through.

COOKING IS ANOTHER HOBBY of Mrs. Cramer's and catering to it Mr. Cramer remodeled and built in this attractive and useful kitchen work area. As everywhere in the Cramer home, everything has its assigned place, is neat, accessible, and easy to find.

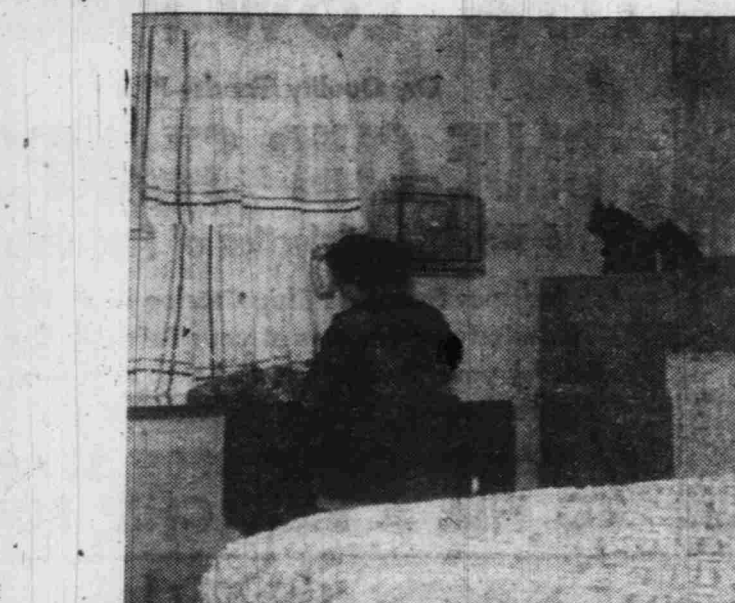

SWISS SCENICS which Mrs. Cramer collects are arranged in groups along the wall. Every hobby has its proper place.

THE RALPH CRAMER HOME is simple, livable, and built to meet climatic requirements of the area. Gardening is pared down to the minimum to save valuable time.

THIS ANTIQUE COFFEE SET is one of Mrs. Ralph Cramer's hobbies—collecting china. While she inherited this one, she has many others she has searched and found in her quest for interesting china pieces.

SEWING IS MRS. CRAMER'S HOBBY; she makes her children's clothes, curtains, square-dancing dresses—anything she decides to make. Because their hobbies are important to them the Cramers give them a place of importance. Mrs. Cramer's sewing machine is in her neat bedroom.

### TWO PASTORS SHARE NEW YEAR SERVICE

Rev. Wilfred Stukas, pastor of the Henderson Nazarene Church and Rev. Carl Friesner of the Church of the Nazarene, Las Vegas, both led a part of the New Year's Eve service here, it has been announced.

Rev. Friesner led a candlelight communion service, and Rev. Stukas conducted the meeting consisting of music, songs and resolutions.

Fourteen of his congregation attended.

Refreshments were served.

### PAULETTE RADLEY VISITS HERE

Paulette Radley, 16, daughter of the Louis Radleys, 18 Montana Way was a guest at her parents' home during Christmas it was learned today. Paulette hails from South Dakota, and asked her family to attend a high school in Helena, Montana where the climate and surroundings remind her of her home state.

### Rev. Cochrane To Hold Last Service Here

The final service of the Rev. Robert H. Cochrane as Vicar of St. Timothy's Episcopal Church here will be held at 11 a.m. this Sunday it has been announced.

Father Bob and his family move to Las Vegas next week where he will begin his new duties as Associate Rector of Christ Church. He has served the local congregation since September of 1954.

At the 11 o'clock service on Sunday the Vicar will celebrate the Holy Eucharist and preach his last sermon.

It has been announced by Mr. Paul H. Norton, senior warden of St. Timothy's, that a farewell pot-luck supper for the Cochranes will be held in the church on Sunday evening at 5 o'clock. All parishioners and friends of St. Timothy's are asked to attend.

The Vestry will supply beverages, bread and butter.

Those attending are asked to bring either a salad, main dish, or dessert. Each is also asked to bring his own table service.

### New Baptist Minister Here Begins Duties

The Rev. John Osko who took over the pulpit of the First Baptist Church here December 20, was officially welcomed to the pastorate by members of his congregation New Year's Eve.

He took over from the Rev. David Hudson. It is the first pastorate for the young minister.

Born in Port Huron, Michigan, Rev. Osko attended the Bob Jones University, a inter-denominational school in Greenville, South Carolina which gives ministerial training. He then enrolled at the Conservative Baptist Theological Seminary in Denver, Colorado, where he did graduate work, majoring in religion. His minor was history.

He met his wife Yvonne at the Bob Jones University where she studied sacred music. They were married in Reidville, N. C. August 27, 1954.

The Oskos main interest is working with young people. Mr. Osko's current hobby project is golf.

The Oskos plantomove into the church parsonage by the end of the week, after it has been redecorated.

### Something For The Ladies

The ever popular Slim and Trim classes for women, sponsored by the local Recreation Department will reopen soon, according to Dalby Shirley, Recreation Director.

The exact date, place and the time for the classes will be announced separately.

### THE KOPPELS TO LEAVE FOR N. M.

Mr. and Mrs. Richard Koppel of the Trailer Haven here, will be leaving for Albuquerque, N. M. at the end of the month, where Mr. Koppel has been transferred by Sandia Corp. of Lake Mead. He used to work in Albuquerque prior to settling in Henderson 4 year ago.

**How Should You Choose An INSURANCE AGENT?**

With caution! Over the years you will see a lot of the person from whom you buy protection and you want to be right the first time.

Look for experience and dependability in your agent. Be sure he is willing to work hard for your business, burn up some shoe leather and not dodge a night call.

You'll be happier if the man you choose is a local, independent agent who handles all lines, not just a few of the more popular ones. We think that we can fill the bill. Call us.
