Our People Speak

Do you think the city council should begin immediately on construction of a new city hall?

Mrs. Carl Brown, 22 D. Victory Village, housewife: "Oh yes, if it is at all possible. Henderson is growing and they need it. If they have the funds, there should be no question. The present buildings don't appear adequate."

Mrs. Elizabeth Yeazel, 1932 N. Boulder, Pittman: "Any progressive city should have a city hall. I haven't been here long enough to be too familiar with circumstances, however, I do think they should go ahead with the construction."

Mrs. Eloise Simmons, Trailer Haven, housewife: "I think so, if it doesn't mean an increase in our taxes. I don't see why they shouldn't go ahead. The buildings are quite unhandy now."

J. T. (Jim) Crawford, Beneficial Life Insurance Co.: "I'm in favor of it for several reasons. First, there should be a centrally located building for the convenience of the citizens. Secondly, city services should be consolidated in one place. Third, it would give prestige to the city. An impressive building would be important in any contemplation of growth. And fourth, there's also ever present the danger of fire destroying valuable records in the present building. The present facilities are not adequate—witness the city council meeting in various locations and the dual inadequate facilities housing the police and fire departments."

Mrs. Art Lindekugel, 120 Dogwood, housewife and receptionist: "I think it would be a good idea. The present building is certainly an eyesore."

Mrs. J. W. Hardtner, 11 Wyoming Street: "I don't believe in spending money. Everyone can do with something better. As long as the present building is serving the purpose, I can't see building another."

Roland West, 140 Market St. Rose Credit Jewelers: "I haven't been here long enough to be familiar with all aspects of this. It appears to me that the present one could stand a good overhaul for the common welfare of the community. I would say they should begin immediate construction. The building should be more centrally located and able to handle all problems in one place."

Floyd Osborn, 244 Hillcrest Drive, Patrolman, City of Henderson: "It is my opinion that the City Council should start immediately to make plans for the construction of a new city hall. Being a police officer, I am possibly more aware of our need than the ordinary citizen. I feel that a new city hall centrally located could and would be a great asset to our city and therefore if possible should be constructed as soon as convenient?"

NEIGHBORHOOD CHAIRMEN — The New Mother's March of Dimes is slated for Tuesday evening with sections assigned for calling. Much of the legwork will be done late in the day due to the difficulty of transportation following dark in our community. Among those marching will be, front row from left to right, Agnes Lytle, Ida Mae Williams, Colleen Nash, Norma Jean Little, Ruth Corn, Mary Roberts, Thelma Pullen. In the back are Lenore Cramer, Blanche Cannon, Patsy Slow, Mary Currier, Golda Bowen and Sherron Robison.

Mike O'Callaghan Nominated 'Handicapped American 1960'

Mike O'Callaghan, decorated hero of the Korean War, teacher at Basic High school, and active member of the Democratic party, has been chosen as one of two Nevadans nominated as "Handicapped American of the Year 1960."

O'Callaghan and Mrs. Aylis Garland are Nevada's entrants in the national contest. The winner, to be announced in about two months, will receive the President's Trophy. All other entries in the contest will receive Presidential Citations.

The announcement was made in a letter from A. I. Stortroen, secretary of the Governor's Committee on the Employment of the

Handicapped, to John Rayborn, president of the Chamber of Commerce. The Chamber nominated O'Callaghan for the honor.

Letters from prominent local businessmen, Governor Grant Sawyer, Senators Alan Bible and Howard Cannon and Representative Walter Baring, together with a list of O'Callaghan's accomplishments were submitted with the entry.

The letter telling of the selection of O'Callaghan as "Handicapped American of the Year 1960" was sent to the President's Committee on the Employment of the Handicapped by Alvin I. Stortroen, Secretary.

the brochure of "Mike O'Callaghan for consideration as Handicapped American of the Year 1960."

"The president's trophy is awarded each year as a special honor to a physically handicapped American who has surmounted his or her own handicap to become a useful American citizen and who has also helped to encourage, inspire or facilitate the employment of other handicapped Americans."

"The Governor's committee appreciates the efforts of the Henderson Chamber of Commerce in bringing Mr. O'Callaghan to our attention."

David Perla Goes To LA Via Special City Ambulance Run

By GENE DILKES

Little David Perla is in Orthopedic Hospital in Los Angeles beginning the long, uphill fight back to health under the care of an orthopedic specialist, thanks to a Boulder Clinic physician and Mayor Bill Byrne.

David had been removed from Rose de Lima to the Boulder City Hospital so he could be under the care of his mother's family doctor. The doctor examined David and, at Mrs. Perla's request, made arrangements for him to be treated at Los Angeles.

The doctor stressed that the lad could have received treatment in either Boulder City or Rose de Lima, but the mother preferred he be transferred to the California facility.

After almost a month in the hospital since his tragic accident, David is recovering rapidly from his head injuries but he still has three bad fractures. His right arm is broken about six inches below the shoulder and the broken ends of the bone are displaced. Both bones in his right leg are broken midway between the knee and ankle. In this fracture, too, the broken bones are displaced. He also has a broken pelvis. He has partially recovered from the blood clot that had formed between his brain and skull and time will take care of most of the injuries to his head, it is believed. It was the pressure from this intercran-

Boys' Club Boxers Win Three Of Four

BULLETIN

The Henderson Boys' Club came out on top in three of four fights in the first round of the Golden Gloves last night. This gives the team 19 points toward the team trophy.

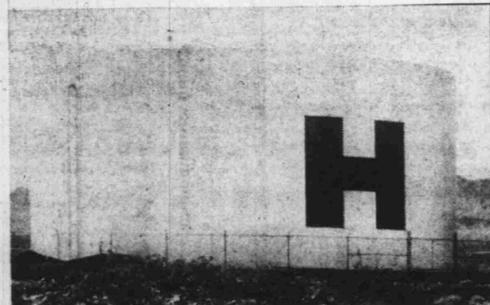

Lavern Hardison came out of his corner like a hungry tiger and KO'd Andrew Love of Nellis Air Force Base in 37 seconds of the first round.

Nate Scott of the Boys' Club won by TKO in 1:15 of the second round over Maurice Tetra

of Las Vegas. Willy Johnson TKOed Clyde West of Nellis in 1:58 of the third round.

E. B. Johnson fought a former champion, Darrell Shavannaux, formerly of Las Vegas and now of the U. S. Marines, and lost a narrow decision.

Willy Johnson will fight again tonight. Other Boys' Club battlers going into the ring tonight in the second round are listed in the story on the Sports Page.

NEW LANDMARK — This big, blue "H" on the city's water tank back of Black Mountain Country Club was painted by Kiwanis members as a community service. The work was completed recently by crews under the direction of City Auditor Don Dawson.

Art Espinoza Calls For Board Meeting To Issue Water District 'Fact Index'

MORRY ZENOFF

Morry's Story

I hate to wash my dirty linen in public, but I must admit to you things are kinda rough, still, around my shack concerning that trip to Hawaii the Navy invited me to take — alone — on its aircraft carrier Midway next month.

My lovely fraulein isn't feeling too kindly toward me or the navy, you can be sure, with its non-breakable rule about not allowing women to go to sea as guests on voyages such as these.

Saturday night's continuance of the never-ending "discussion" featured a new frontal attack — based upon salty language such as this:

"The Navy sure didn't take that attitude when they signed us gals up for service during the war," she said, "and altho I was a woman marine, it's a branch of the navy and I was working on navy projects. I did a man's job then, so why can't I be considered as strong as a man in taking a joy-ride like this?"

Before I could squeeze in with a torpedo shot of my own, up she came with another from the port side that fairly split the submarine nets.

She said: "What's more, brother — what makes you think you're tough enough to take a trip like that. You can't fry an egg. You can't boil water. You're afraid of heights. You squirm when you see blood. You'd rather call a cab than walk a block. You have to have your meals served to you. You freeze unless you have an electric blanket. And your doctor says you've got to eat a bland diet."

"So what do you think will happen on this cruise? You'll be afraid to walk on deck for fear you'll fall over the sides. The steep iron stairways will get you giddy climbing up and down them. The food is served on a take-it-or-leave-it basis — no special orders. Your bunk isn't exactly the size of a king-sized bed. And you got sea-sick on Lake Mead once, so what's going to happen when that ocean starts to roll?"

And so far, far into the night this lady of mine builds up a case.

Until finally we took it before the judge yesterday afternoon — and absolutely ruined my dear brother's Sunday with his family. After listening to both sides, he paused for a minute in somber judgment and then came up with these words:

"Morry, do you think you could get the Navy to invite me along, too?"

As he and I went racing out his front door, we looked back and saw his wife, Beverly, joining Dolores in stacking up an assortment of dishes, canned goods and old shoes, ready to hand-grenade us when we again have to on the starboard side.

To change the subject, we call your attention to Hank Greenspun's column of yesterday in which he believes the legislature should pass a law against allowing public officials with real estate backgrounds, insurance backgrounds, legal backgrounds to vote on projects in which they have a financial interest, directly or indirectly.

Something we've been urging for some time. And while we're at it — legislatively speaking — wouldn't this be the time to propose that bill we pleaded for a year ago after we witnessed a man receive the death penalty in Nevada — a law to outlaw capital punishment, a law to make life imprisonment without parole instead.

Curtis Recipient Of Coveted Silver Beaver Award

Henry S. Curtis, manager of American Potash and Chemical Company here, and a resident of Boulder City, received one of three Silver Beaver Awards presented Saturday evening at the 17th annual Scouter Recognition Dinner for the Boulder Dam Area Council.

Curtis has participated in scouting in one respect or another since he joined his first troop in 1922 in Parkersburg, West Virginia. He rose to the rank of an Eagle Scout in 1929 and more recently has served as president of the Boulder Dam Area Council since 1958.

The coveted Silver Beaver is Scouting's highest honor. The affair was held in the Convention Center, with approximately 1700 persons attending.

NEW ORLEANS MAN TO BE CHIEF OF U. S. CIVIL DEFENSE

The new director of the nation's Civil and Defense Mobilization will be Frank B. Ellis of New Orleans, this newspaper was informed by Washington, D. C. sources yesterday.

Ellis has been appointed by President Kennedy to replace Leo Hoegh, who served under the Eisenhower administration.

Last Rites Held For Paul Reycraft

Services for Paul Lincoln Reycraft of 13-D Victory Village were held at the LDS Church in Glendale, Utah, with burial at Glendale.

Mr. Lincoln, a resident of Henderson for seven years, died after a sudden illness Wednesday. He had been employed at a local plant.

He was born in Forest Grove, Oregon, on July 24, 1902, and was a member of the United Steelworkers.

Survivors include his widow, Ruth, of Henderson; and two sisters, Mrs. Sarah M. Rehse and Mrs. Eva Bagnell, both of Hillsboro, Oregon.

Mothers March Tonight

Mothers from families throughout town will be marching tonight—joining hands with women all over the country for the New March of Dimes. Mrs. Norma Little, general chairman for this area, has made plans for every home to be canvassed.

\$2,000 has been set as the local goal with the money collected aimed at correction of arthritis, polio and birth defects Mrs. Little said that birth defects cripple more children in our country every year than anything excepting accidents.

Harve Perry is chairman of the solicitation among the business houses. VFW Basic Post was in charge of distributing coin collectors to all merchants in the city with Commander Charles Elkie overseeing.

Basic High School students were stationed in various stores and in the downtown area on Saturday selling the traditional crutches.

Captains assigned to assist in the drive have additional women helping them and they will begin their drive early this evening. Listed as captains are Agnes Lytle, Ida Mae Williams, Colleen Nash, Ruth Corn, Mary Roberts, Thelma Pullen, Lenore Cramer, Blanche Cannon, Patsy Slow, Mary Currier, Golda Bowen, Sherron Robison, June Leaney, Shirlene Barnhurst, Roberta Hill, Mary Stout, Barbara Bradshaw, Laura Bellingheri, and Billie Osborne.

and we're not fighting anybody," Espinoza said. "All the men on the board are public-spirited citizens who are working for the good of the community. We're happy to see all these groups taking an interest in the water problem and will do all we can to help them."

The seven members of the water district board, all elected for four-year terms, get a stipend of \$15 per meeting. Espinoza said they meet on the average of once a month so, "nobody's working at the job for the money."

Art Espinoza, local member of the Las Vegas Valley Water District, said today that he is going to call for a meeting of the seven-man board to draw up a "fact index" to clear up a lot of the misconceptions and fallacies that have arisen over the board's actions in recent weeks.

He said that the board has always tried to operate in a non-political manner and that several groups are apparently bent on making a "political football" out of the water problem.

"With this fact index, people will be able to tell exactly what we have been doing, what the water needs are now and what they will be years from now. They'll know the results of comprehensive engineering studies we have conducted and all the other data that has been amassed by the board," Espinoza said.

He said that if the population of the area remained the same as it is now, there would never be a problem of water supply.

"It is the growth and expansion of the city that have brought with them the problems of how to get enough water."

Espinoza explained that there are three ways to pay for additional water distributing installations; the water users could pay the entire cost through higher rates; a general water tax could be assessed over the entire area; a portion of the 28 cents of each dollar of ad valorem tax that isn't presently apportioned could be given the district.

Espinoza said that none of the groups presently engaged in fighting over the water supply problem has requested the records of the water district.

"They could save a lot of time and taxpayers' money by looking at our records. They're comprehensive and cover many fields in which these people are spending more money to cover."

"People think that we're (the water board) responsible for all the water in Las Vegas. The truth is that over half the water in the city comes from private wells and we have no control over them. The state engineer gives permits for the wells. We don't know when he gives them or how many," Espinoza emphasized, adding, "Those people don't pay anything into the water district or help in any way to support it."

"We're not mad at anybody

Residents Protest To Officials Over Escaping Gas Odor Additive; Cal-Pac Takes Remedial Action

A full-blown controversy has arisen over the odorant mixing plant of Cal-Pacific located in the alley at the end of East Atlantic with residents of the area claiming that escaping odorant is making life miserable for them and lowering the value of their property.

Mr. and Mrs. Von Crane at 67 East Atlantic are most affected in the area as their home is located directly next to the plant. Mrs. Crane told a HOME NEWS reporter that she has

been stricken by many severe spells of nausea due to the odor and she related many stories of other residents being affected.

R. W. Langford, manager of Cal-Pacific, told the HOME NEWS that the mixing plant has "been taken out of service and will be removed the first day the wind condition is such that people won't be bothered if any odor escapes while the operation is underway." He said the process will be relocated in another area, yet to be determined.

Pick Ralph Lamb As New Sheriff

Ralph Lamb has been selected to be the new sheriff of Clark County, the HOME NEWS was informed last night by County Commissioner Lou LaPorta.

Lamb succeeded Butch Leypoldt who resigned last week to become the Southern Nevada member of the state gambling

control board. Lamb ran second to Leypoldt in the sheriff's race two years ago. He formerly held a post in the sheriff's department under Glen Jones, being assigned as under-sheriff for Henderson. He will take office shortly.

THE ROYAL

Perfection Is What We Insist On

Every Dish We Serve Must Meet The Very Highest Standard Of Quality

THE ROYAL

Police Investigate Pair Of Burglaries

A pair of burglaries faced local police this week, one at St. Timothy's Episcopal church in which \$25 was stolen, and at the VFW club bar in Victory Village where an estimated \$285-\$312 was taken.

At the church the thief or thieves removed two screws from the door and used a flat-sided instrument to pry to lock open.

In the VFW burglary, the burglar forced entry through a window at one end of the building that used to be a barber shop, pried open a door on the club bar and rifled coin machines.

A sum of money in a glass jar, marked for donations to the "building fund" was also stolen. The thief was apparently frightened away as some \$20 in nickels was scattered over the

floor. A German-made, .22 caliber pistol was also taken from the VFW.

Wheel Opening Delayed Again

Opening of the Wheel, new casino on Water St., has again been set back, this time by delay in delivery of the food equipment, according to Don Yost, one of the cartel of local businessmen who are building the establishment.

Yost said he had called the supplier and was assured delivery by Friday of this week. "If everything goes right, maybe we'll be able to open by February 10, or thereabouts," Yost grinned.

SOMETHING NEW — Cal-Pac Utility company is always ready to be of service to customers, as this photo shows. After the power outage Thursday morning, a frantic woman brought this incubator into the office, telling the manager, R. W. Langford, that the eggs would be ruined if she couldn't do something about power. He obligingly told her she could leave them at the office. This she did, as soon as she went home and rescued the eggs from where she had left them in bed with one of her children to keep warm. Mrs. Helen Williams and Ralph Cramer watch the incipient chickens.

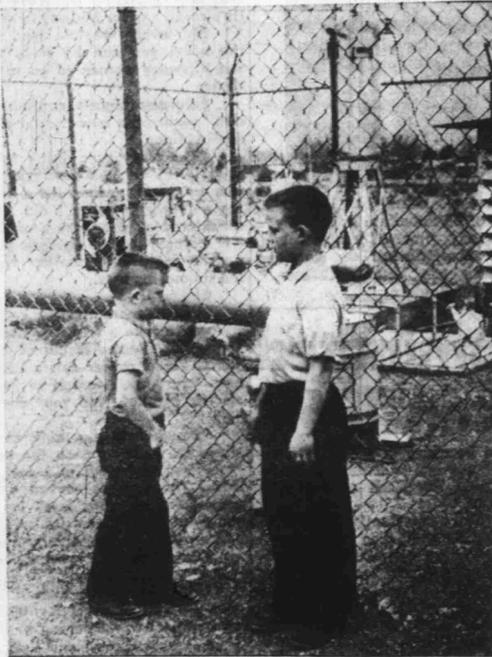

Rotary Meeting Hears M. Zenoff

Rotary Clubs International's own Rotarian magazine was the topic of Publisher Morry Zenoff's talk to the recent meeting.

Zenoff commented on various aspects of the publication from news media through advertising. The magazine has a subscription list of 390,000 in 130 countries plus a Spanish edition of 45,000 in 50 countries.

Rotarians visiting the luncheon meeting were T. H. Slade, Sparke, Fla.; Fred Neslage, Tampa, Texas; Doug Douglas and Leonard Atkison, Boulder City; Jim Irwin, George Crockett, Abe Miller, Vail Pittman, Elmo Bruner, John Foley, Joe Conroy and John McDonald, Las Vegas.

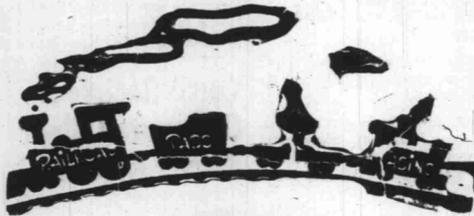

YOU are no safer in your own backyard than the work habits you employ.

REMOVED — Dennis and Alan Crane look at the odorant mixing plant that has been removed from behind their home at 67 East Atlantic because of disagreeable odors it released in the area. A part of the operation, that of lowering pressure from 75 pounds to 10 for city use, will still be carried on at the site but no odorant mixing will take place there, Cal-Pac officials said.

CHUCK KORTHUIS HONORED — Fraternity elections were completed recently at the University of Nevada at Reno. Chuck Korthuis, son of Mr. and Mrs. Earl E. Smith, 540 Burton St. was chosen comptroller for Sigma Phi Epsilon fraternity.

(Continued from page one)

nial bleeding that kept him from speaking for such a long time.

City To The Rescue
After her family physician had made the arrangements for treatment in the Los Angeles hospital, Mrs. Perla began a frantic search for an ambulance to transport her son. She first tried commercial units and found they wanted \$400 to make the trip. This was completely out of the question as she has very little money.

She told the doctor of this and he called Mayor Bill Byrne. The Mayor said, "Sure. We'll take the little guy to California." Fireman Jim Grosscurth volunteered to drive and left Boulder City Friday afternoon at 4 with David and his mother as passengers. He took them to Los Angeles and had returned to town Saturday afternoon at 1.

Tells Thanks
Mrs. Perla expressed gratitude to everyone who has helped her and to all the "many wonderful people who have wanted to know how David was coming along and who offered their prayers for his recovery. I know, they helped."

By the time she was ready to make the trip, Mrs. Perla was getting hollow-eyed and gaunt from her long vigil. She has been with David, 24 hours a day almost every day since the accident. The only exception was a day when the nurses confined her to bed to keep her from

breaking down. She told of David's receiving hand-made "get well" cards from his Second Grade roommates at Basic. "He could not read them, but I read them to him. We'll keep those cards for ever to remind us of how wonderful the people here are."

"Of course, David might be a little embarrassed when he gets a little older and sees the one from a little girl who said, "I used to like you a little bit, but now I like you a whole lot."

A couple of days before he left for California David asked his mother for a dime. Astonished, she asked him what he wanted to buy.

Renshaw To Speak At Rotary Lunch

William Renshaw, engineer and general manager of the Las Vegas Valley Water District, will speak on the history of the district at Rotary. Art Espinoza, program chairman, announced. Espinoza is also a member of the seven-man board of the water district.

"Nothing," he replied. "I want to give it to the lady (Boulder Hospital Auxiliary) for the March of Dimes."

A stamp-saving game that American children get paid for playing

Today, thousands of American youngsters are buying U. S. Savings Bonds by saving 10¢ and 25¢ Savings Stamps each week. Stamps are sold at many schools, through the Treasury's School Savings Program and at most Post Offices. And as the stamp books are filled, they can be exchanged for full-fledged Bonds.

Here's how an eight-year school savings program works:

| If they save this much each week | Bonds collected | Total Saved | Value at maturity |
|----------------------------------|-----------------|-------------|-------------------|
| 25¢ | 4 | \$75.00 | \$100.00 |
| 50¢ | 8 | \$150.00 | \$200.00 |

For further information write to your Savings Bonds State Director, or to the Savings Bond Division, U. S. Treasury Department, Washington 25, D. C.

... and a special note to grownups about U. S. Savings Bonds:

You can save automatically with the Payroll Savings Plan.
You now earn 3% interest to maturity.
You invest without risk under a U. S. Government guarantee.
Your money can't be lost or stolen.
You can get your money, with interest, anytime you want it.
You save more than money — you help our Government pay for peace.
Buy Bonds where you work or bank.

You save more than money with **U.S. Savings Bonds**
You help save the peace

Last Minute Foul Shot Nips Wolves, 54-53, In BC Game

By BURT HOFFMAN
The Basic Wolves lost a pulse-stopper to Boulder City on the latter's court Saturday night, 54-53, the decisive point being registered by Tim Tilman via a free throw in the last six seconds. This tally which gave the Eagles a three point spread was shaved to one as Don Hartle sank a rebound as the final buzzer sounded.

In a game which saw the Wolves with a decided height advantage and one in which they came down with a majority of rebounds, the scrappy home team, despite trailing at the end of each of the first three periods and by five markers shortly after the last stanza began, whittled down the visitors lead until with slightly more than four minutes to go, Tilman on a pass across the key sank a field goal to put the Damsite school ahead

44-43. They quickly increased this margin to eight points. A last ditch desperation drive by the Wolves narrowed the spread to two but a field goal attempt went astray and Tilman was fouled as Basic tried to wrest control of the ball in the waning seconds.

Tilman notched twenty one points to lead the scorers while Frank Schreck with seventeen was high point man for the Wolves. Hank Sena with 12, and Don Hartle and Dave Tully with 10 each, figured prominently in the Basic total.

The game was won at the free throw line as Boulder City made good on 24 of 42 attempts while the Wolves canned 13 of 20. The Blue and White had twenty field goals while the victors were successful 15 times from the floor.

Boys' Club Adds \$73.17 To Fund, Courtesy H.W. Polk

The Boys' Club is another \$73.17 ahead in its climb toward a stadium, thanks to H. W. Polk, Chief of Police. George Crisler notified Polk that a sum of money had been turned into the Police Department as restitution for oil that juveniles had drained from his heavy equipment on a project near the grave pit.

"Give it to the Boys' Club," Polk said.

"I don't know how much it is, it is certainly more than \$5," Chief Crisler told him.

After finding the amount to be the sizeable \$73 figure, Chief Crisler again contacted Polk, thinking that while he might be willing to hand over a few dollars to the club he surely would not want to let go of a piece of change that large.

Polk stuck to his guns and so the club building fund is swelled for the second time in a week by generosity.

GETTING READY — Mike O'Callaghan wraps the hands of Nevada amateur flyweight champion of 1960, Willy Johnson. Willy moved up to the bantamweight class in the Golden Gloves tournament last night in Las Vegas. The results of the tournament were too late for the HOME NEWS but a complete list of results involving local fighters will be carried Thursday.

Willy Johnson, 117 pound Boys' Club fighter, will forsake the flyweight class in which he took title honors last year, for the Golden Gloves open class bantamweight chase in the 1961 Golden Gloves Tri-State boxing tournament at the Convention Center in Las Vegas.

"Willy fought his first fight last night, too late for publication.

Other Boys' Club battlers who entered the ring last night in the first round of bouts were: Lavern Hardison, No. 4 in the Fighting Hardisons, fought in

the Junior Middleweight class, during the recent AAU-sponsored Lavern stopped A. T. Williams, Los Angeles, in the first round. Nate Scott, lighthheavy, the

biggest fighter on the Boys' Club roster, fought in the Junior class. Nate is a recent addition to the club team, as he joined the club two months ago.

E. B. Johnson, classy light-weight entry in the Open Class, was set to battle Chavamaux of the U. S. Marines. Johnson is one of the smoothest boxers on the Boys' Club team and showed a sharp left hand and a fair right hand in losing to a Los Angeles fighter on a disputed split decision on the AAU card.

Pairings Tonight

Tonight the big guns of the club go into action as Leon Hardison, Steve Gutierrez, Larry Jones, Pete Smith and Anthony Prado enter the ring wearing Gold and Purple.

Leon and Steve are Tri-State title holders from last year and are rated favorites to take the titles in their respective classes.

Team Points

In each bout the winning team receives five points and the loser, four. The team with the most points at the end of the tourney will get the coveted team trophy.

Rubene Martinez and Gene Redmond each got two boys in the draw, guaranteeing them a fight for the title Wednesday night.

Pat Winters, team co-coach with Mike O'Callaghan, said the Boys' Club has a good chance to walk away with the team title.

The Outstanding Boxer Award for the past four years has gone to a Boys' Club fighter.

Charioteers Set 'Poker Run' Race

A "Poker Run" will be featured by the Henderson Charioteers, a local car club, on Friday.

The "poker run" is a race in which the contestants are required to find hidden cards at previously indicated places on the route. The driver with the best poker hand at the conclusion of the run is named winner.

Prizes, such as a pizza for two and entrance fee refund, will be presented.

The race will begin at 7 a.m. at the Dula Memorial Center and conclude at the National Guard Armory that evening about 8:30. The course will consist of about 15 miles.

Tickets for the dance following the day's events are available from Dick Messenger. Club president Vernon (Emmie) Edmondson, Terry Weller and Jim Dickover will work as starters.

Things Are Getting Bigger — Even Beds

2 Million Women to Join Mothers' March To Support March of Dimes Health Goals

The Golden Key of Hope—a new symbol for a new decade of medical progress against crippling diseases—is the badge some two million volunteers will proudly wear in the 1961 Mothers' March climaxing the New March of Dimes.

Symbolizing the need for research to unlock the mysteries of such major cripples as birth defects and arthritis, the Golden Key also represents the vaccine "keys" to polio prevention perfected through research made possible by the March of Dimes.

In most communities, the Mothers' March will take place the evening or afternoon of Tuesday, Jan. 31. Volunteers identified by the Golden Key badge will call on their neighbors for support in the campaign against tragedies which affect one in every four American families.

Each of the estimated 40 million households visited in the Mothers' March health information cards including Do's and Don'ts for expectant mothers, Arthritis Warnings, and Vaccination Alerts for the almost 85,000,000 Americans still not protected against polio.

Blotting out centuries of superstition, birth defects are considered by medical authorities to be the nation's most serious child health problem. Yet the fields of cause and prevention were largely unexplored until funds from the March of Dimes began to make intensive research possible. Pointers derived from early research are included on the cards to be distributed by Mothers' March volunteers.

The cards are also designed to bring home the realization that more than 11,000,000 Amer-

Glimpsed through a keyhole, three small victims of dread crippling diseases hold the Golden Key of Hope, 1961 Mothers' March symbol of efforts to unlock the mysteries of their afflictions. They are, left to right, Gail Berg, 3½ years, arthritis patient; Allen Markowitz, 5, polio victim; and Rosalie Porretto, 7, born with a birth defect, all of New York City.

icans suffer from some form of crippling arthritis. Many victims, grasping at straws, pay out a total of more than \$250,000,000 annually on quack "cures." The fact is that the causes of arthritis are largely unknown. There is no known cure, no known preventive. But research to find the key is being rapidly advanced through March of Dimes support.

To improve treatment and rehabilitation of those crippled by birth defects and arthritis, a network of clinical study centers is being established by means of March of Dimes funds. Techniques developed by The National Foundation in aiding polio sufferers are applied to children suffering from birth defects and arthritis. All of this research and patient care would be impossible without health manpower—and womanpower—to put it to use. To help meet this drastic problem, March of Dimes funds support a health scholarship program in every state each year. Thus the Marching Mothers also seek support for an increase in the critical supply of doctors, nurses, physical therapists and others dedicated to the improvement and protection of the nation's health.

Organizing Meet Of Junior Rifle Squad Slated

A Junior Rifleman squad under the tutelage of Claude Davison and sponsored by the Basic Post 3848 VFW will be formed at a meeting Thursday night at 7 in the VFW hall in Victory Village.

Officers of the post asked parents of prospective shooters to come to the meeting with them. If parents can't come, the youths between 12 and 18 are welcome to come alone, they said.

Once the squad is functioning, competitive shoots will be scheduled with other rifle squads of the state.

Mavericks Top U.S. Lime Keg League

The Mavericks of the U. S. Lime bowling league walked away with all team honors, tabbing an 801 single game and 2332 series.

High single game for the night was counted by Bill Chastaine, 192. Right behind him were Al Fritz and Carl Meurer with 191 scores.

Fritz tallied the high series, 516. The second two men were again tied, Jack Gandrud and Joe Rodrigues both rolled 495's.

Team Standings:
Spudballs—11-1
Mavericks—7-5
Whitehats—4-8
Puffers—2-10

M'Allister, Hoffman Top Am-Pot League

Bill McAllister, with a 215 single game, and Rog Hoffman, with a 555 series, topped bowlers in the American Potash league last week in scratch scores.

High handicap scores were notched by Ivan Hedges, 228 single, and Ted Angvine, 603 series.

The three-high averages in the league were posted by McAllister, 173; Hoffmann, 169; Don Detomasi, 162.

The team from Shipping is currently leading the league.

More Work Done On Boys' Club Stadium Site

Heavy equipment volunteered by contractors has been busy over the weekend completing the job of leveling the ground on the proposed Boys' Club stadium near Valley View.

County patrols had worked over the ground but they were not heavy enough to move all the dirt from a high point on the ground over to the low point, approximately 500 feet away, so club backers put the bite on the building men and they came through with flying colors.

699 Of Lois Hansen Takes Top Spot In Ten Pin Scratch

Lois Hansen, bowling in the Ten Pin Scratch Trio, came within one pin of the magic 700 circle as she banged out a sparkling 699. Running close behind here were Jean Williamson and Connie Tornabene with identical 679 scores.

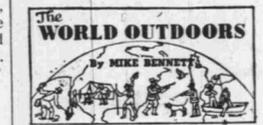

Dot Perry tabbed high game with 203 and Marge Pitts took second with 200.

Walgreen Drug had High Game of 536 with Frontier Nursery close behind with 534.

Splits were picked up by Connie Tornabene 6-7-10 and Lil Wiese 4-7-9.

WHAT kind of a price tag can you put on a game fish, say a bass—striped, largemouth or smallmouth? You can't buy or sell Mr. Bass on the open market, so there is no commercial value to be placed. You can't put a dollar and cents sign on the scales and come anywhere near measuring the thrill that a dedicated angler realizes when he feels a "strike" or brings a "lunker" to net.

This problem of evaluation, was one that faced the California Department of Game and Fish when it undertook legal action against a chemical company after toxic chemicals dumped into San Francisco Bay were held responsible for a kill of thousands of striped bass, smelt, anchovies, sculpins and other smaller fish. Under the Fish and Game Code Section of California law, the maximum fine possible was \$500 and this would be, indeed, a low price to pay for thousands of striped bass—bass which ranged from 8 to 30 inches and averaged 6 pounds in weight. The State decided instead to sue the company in civil action to recover the value of the fish destroyed.

Since there is no market price for striped bass, how was this value determined? It was done on a replacement basis. It was determined exactly how much it would cost the Department of Fish and Game to obtain live striped bass from a commercial source in Oregon and transport them to California. The total: \$13,369—and the State won its case in a superior court trial which is expected to set an important precedent for future pollution control efforts in California.

The court victory was a satisfying—but expensive—one for the California Department of Fish and Game.

LIKE GRAPES—\$75,000 profit hanging on the vine!

20 acres—5 acres commercial zoned, 15 acres for residential or what—a cinch for subdivision or trailer park. Tentative 65 lot subdivision plan virtually approved by Riverside County Planning Commission—(not including the Commercial Zoning on 5 acres). Corner of two major streets in Edgemont. All utilities including sewer adjacent. A real steal at: \$72,500. Terms: Arrangeable to right party. This baby is RED HOT! so act quickly.

OFFICIAL NOTICE: We are well acquainted with the laws of our country, but if Mr. Nikita Krushchev wishes to buy any of the land that we represent—we have just sold out!

Kiwanis Will View Film On Commies At Tuesday Meet

Lieutenant Governor of Division 28, Paul F. Christensen of Barstow, will be the honored guest of Kiwanis at their meeting today, on his official visit to this club.

The Lt. Gov. will bring with him Donal J. Wrynski, Public Relations Director, California Interstate Telephone Com., who will present "Communism on the Map."

This color-sound film strip

traces the expansion of international Communism from Lenin's takeover in Moscow in 1917 to the massive penetration of Latin America. Lenin said in 1924, "First we shall take Eastern Europe; next the masses of Asia. Then we will encircle the last bastion of Capitalism, the United States. We will not have to attack. She will fall like an overripe fruit into our hands."

The full documentation of every move, every takeover by the Soviets, is presented in dramatic sequence. Activities of the United States which unwittingly sided the Reds at some important steps along the way are likewise documented.

★ Coming Events

- Jan. 31 — Knights of Columbus family Bingo session at St. Peter's Auditorium at 7 p.m.
- Jan. 31 — Little Theatre play reading with Mr. and Mrs. Geo. Butler, 641 Burton at 8 p.m. Women needed for tryouts.
- Feb. 1 — Presbyterian Women's Association with Mrs. Georgia Flittner, 6 Colorado Way at 7:30 p.m.
- Feb. 1 — Women's Association of First Presbyterian Church meeting
- Feb. 2 — Saddle Assoc. general meeting in St. Peter's auditorium, 7:30 p.m.
- Feb. 3 — Ministerial Fellowship at St. Timothy's Church, 7:30 p.m.
- Feb. 3 — Phi Chapter, Beta Sigma Phi Sorority with Mrs. Gary Barnum, 144 Victory Road.
- Feb. 5 — Beef Barbecue sponsored by Henderson Saddle Association at Mike Hine's Ranch on W. San Francisco. A gymkhana will be featured for women and children.

FOUNDER HONORED — Charlie Aplin, fourth from right, and his wife seated next to him, were honored recently at a banquet of the Eagles at their hall. He was the founder of the local Aerie 2872, FOE.

MRS. BALDWIN HOME
Mrs. Harold Baldwin is recuperating at home, 509 Federal, following a three day stay in Rose de Lima Hospital.

OVERWEIGHT?
Is anyone interested in joining an overnight club?
Mrs. Richard D. (Marilyn) Oswald came by the offices of the HOME NEWS recently wondering about organizing such a group. If anyone is interested, they may contact her at her home, 111 Ash Street.

No. 41 meeting in Victory Village Auditorium at 8 p.m.
Feb. 15 — Women's Association of Community Church, 1 p.m.
Feb. 21 — Palo Verde Unit Desert Gardeners with Mrs. Herbert Dobberstein, 111 Hickory.

'Brainwashing' Tape Presented For PTA Groups

"Brainwashing" by way of a tape recording was topic for the Park Village, Valley View PTA meeting recently. Sherwin F. Garside, outgoing president of the Clark County School Board presented the program.

Clarence Boyd, program chairman, introduced Garside.

Margo Leoni, vice president of the group announced that the February meeting will find a celebration honoring the PTA Founder's Day.

Report of 100 per cent membership of parents for children in eleven of the school rooms, was made by Jean Armstrong, membership chairman.

Dep. Two of Cub Scout Pack 37 presented the flag while Rev. Glenn Lutz of the Presbyterian Church gave the invocation.

Mr. Riddle's sixth grade from Park Village, and Mrs. Coate's fourth grade at Valley View were winners of the attendance awards.

Refreshments were served by the fourth grade room mothers.

Convenience is more than just a word

A telephone is mighty convenient by its very service. But, there's another kind of convenience that we provide with every telephone we install. That's the convenience of being able to select a telephone in different colors and styles and have it installed anywhere in your home. If your telephone needs have changed, let us work with you in relocating your telephones so that they can provide maximum convenience.

HENDERSON TELEPHONE CO.

VFW HOLDS BRANNON FUNERAL

A military funeral for Patrick Brannon was conducted recently in the Veterans' plot at Woodlawn Cemetery in Las Vegas.

Commander Charles Elkie officiated for the service and Homer Englestead served as chaplain. The color guard, firing squad and bugler were from Nellis Air Force Base. Lee Froman, Aubrey Weese and Jack Keel of Boulder City were pallbearers.

Brannon resided in Victory Village and is survived by his wife, Ann and five children. He died recently in a Veteran's hospital after a lengthy illness.

PRESBYTERIANS MEET

Presbyterian Women's Association will meet tomorrow evening at 7:30 with Mrs. Georgia Flittner, 6 Colorado Way for their regular meeting. Mrs. Carol Leggett will present the program on "Heritage and Horizons."

Members are requested to bring handwork to work on during the meeting for the forthcoming bazaar.

See your dentist twice a year... even if you have to bribe his nurse to get your appointments that close together.

LEGAL NOTICE

In the Eighth Judicial District Court of the State of Nevada, in and for the County of Clark No. 16135 DEPT. NO.
ROBERT E. JACKSON, Plaintiff
vs.
KATHLEEN O'DONNELL JACKSON, Defendant
SUMMONS
The State of Nevada Sends Greetings To The Above-Named Defendant:
You are hereby summoned and required to serve upon GEORGE E. FRANKLIN, JR., ESQ., plaintiff's attorney, whose address is 3111 South Third Street, Las Vegas, Nevada, an answer to the Complaint which is herewith served upon you, within 20 days after service of this Summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

This action is brought to recover a judgment dissolving the bonds of matrimony existing between you and the Plaintiff.
HELEN SCOTT REED, Clerk of Court
By GRAYCE KENWORTHY, Deputy Clerk
DISTRICT COURT SEAL

In the Eighth Judicial District Court of the State of Nevada, in and for the County of Clark No. 16783 DEPT. NO.
BETTY NEUHAUS, Plaintiff,
vs.
JOHN NEUHAUS, Defendant.
SUMMONS
The State of Nevada Sends Greetings To The Above-Named Defendant:
You are hereby summoned and required to serve upon LESTER H. BERKSON, plaintiff's attorney, whose address is 1039 South Third Street, Las Vegas, Nevada, an answer to the Complaint which is herewith served upon you, within 20 days after service of this Summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

This is an action brought for the dissolution of the marriage of the parties heretofore entered into on or about the 28th day of November, 1947.

FRANK CRISTIANO, Plaintiff
vs.
MARY CRISTIANO, Defendant
SUMMONS
The State of Nevada Sends Greetings To The Above-Named Defendant:
You are hereby summoned and required to serve upon PAUL L. LAURSEN, ESQ., plaintiff's attorney, whose address is 206 Fremont, Las Vegas, Nevada, an answer to the Complaint which is herewith served upon you, within 20 days after service of this Summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

This is an action for the recovery of judgment dissolving the bonds of matrimony heretofore existing between the Plaintiff and the Defendant and for such other relief as the Court deems proper.

Ribbon-tying, Barrel-racing, Calf-Roping, Set For Sunday By Local Saddle Association

Members of the Henderson Saddle Association had a ball at the corrals recently in one of their regular outings. Included were calf roping for the men, barrel racing for the children and women, and ribbon tying for anyone with enough

nerve to try.
Speediest in racing around the three barrels in a cloverleaf was 11-year-old Harry (Sonny) Simmons, son of Mr. and Mrs. H. L. Simmons, with an elapsed

time of 23.5 seconds.
Bud Murphy again topped calf ropers with a time of 29.2 seconds, No. 1 in a field of 14.

The ribbon tying event produced the most laughs, and incidentally the most bruises. In this caper a calf was released with a rope attached to its neck and a ribbon on its tail. One partner catches the animal by the rope and detains it, or tries to, while the other unties the ribbon and heads for the chute. While this one-man footrace is going on the first partner must untie the rope before the ribbon-carrier reaches the chute.
This was scheduled as a husband-wife affair but, with a sudden scarcity of wives, sons and daughters were pressed into service as substitutes. Gary Reese and Sue Cook ended up the winners, out-running and out-tieing 16 other teams in the day's most hilarious event.

Prior to the events the association board of directors met to approve the applications of three new members. This brings the membership up to 85.
As Spring approaches, "green thumbs" develop on every hand . . . but remember: garden tools can be dangerous . . . so keep those green thumbs out of the way.

Little Theatre Requires Women For Production

Tryouts and a play reading for the Little Theatre Group will be held tonight in the home of Mr. and Mrs. George Butler, 641 Burton Street at 8.

The group reports a grave need of women for parts in their forthcoming production "Seven Nuns in Las Vegas."
Their January business meeting was held in the Youth Center and beginning in March this will be their permanent headquarters. Floor renovations in February canceled plans for use then.

A new resident, Mrs. Sylvia Cline, has joined the group.
A normal person is one who thinks two and two are four and accepts it; a psychotic person is one who thinks two and two are five and it bothers him.

PALLOS HAVE GUESTS

Mr. and Mrs. J. E. Pallo, 323 Atlantic, enjoyed a visit with their son and his wife, Mr. and Mrs. Robert Robinson, of Portland, Oregon. The Robinsons spent five days here with Mr. and Mrs. Pallo, visiting friends and seeing some of the sights in Las Vegas. They visited in California prior to their arrival here

FREE! Cooler Installation
So smart, so modern! It matches your other kitchen appliances.
• Clean, straight lines, rounded corners
• Safer, more stable because it's shorter and the square shape gives it a wide four-point footing
• Fits into a narrow space — it's only 12 3/4" square — just 5 3/4" high including the bottle
• Plenty of room between the faucet and the drain receptacle to let you fill the largest coffee makers
• All-metal construction, off-white enamel finish
• Smooth side panels — no dust-catching perforations
• Cools by air-evaporation
AVAILABLE NOW
Just 50c a month rental. No installation charge or deposit. Ask your Sparkletts-man. Or, call
