# CONTINUED OPERATION MANGANESE, INC. WILL COST GOVERNMENT NOTHING

## Trade with India Sign Petition

By GENE DILKES

A conversation with Ed Douglas, manager of Manganese, Inc., and Sid McCarroll, consulting engineer from Howe Sound, brought forth a plan for continued operation of Manganese, Inc. that would cost the federal government nothing.

The U. S. government is currently engaged in a barter program with India, trading wheat purchased through the farm surplus program for Indian manganese. The manganese obtained in this manner is either shipped directly to the U. S. or trans-shipped to Japan for further processing. The manganese is the alloy used in steel making. When it is processed in Japan, another system of barter is involved.

McCarroll said Howe Sound, the parent company of Manganese, Inc., is very willing to take surplus wheat from the government in exchange for manganese produced here. This metal would be used in the steel industry or stored here as is the current practice.

Howe Sound would then barter the wheat to India for other types of ore or for jute.

The company is presently buying jute from India so the effect of such a trade would be to keep the manganese operation here going without working a hardship on any other group or country.

It is hoped this plan, coupled with the Home News petition-signing campaign, will bring action from the proper official in Washington.

When a sufficient number of signatures is obtained the petition will be sent to President John F. Kennedy with notification to other top officers in the government. The petition is to be found on an inside page of this newspaper.

Mayor Bill Byrne today joined the campaign started Tuesday by the HOME NEWS for continuation of operations at Manganese, Inc., with the following release from his office:

"WHEREAS, it is indicated that Manganese, Inc., may conceivably cease its operations beginning July of this year; and

"WHEREAS, such a cessation of operations could seriously affect the economy of our City of Henderson by placing in unemployment approximately 150 men presently employed there, depriving the community of an approximate 2.5 million-dollar per year revenue; and

"WHEREAS, it is an accepted fact that manganese is a strategic metal, with 88% of the known reserves being in Russia; and

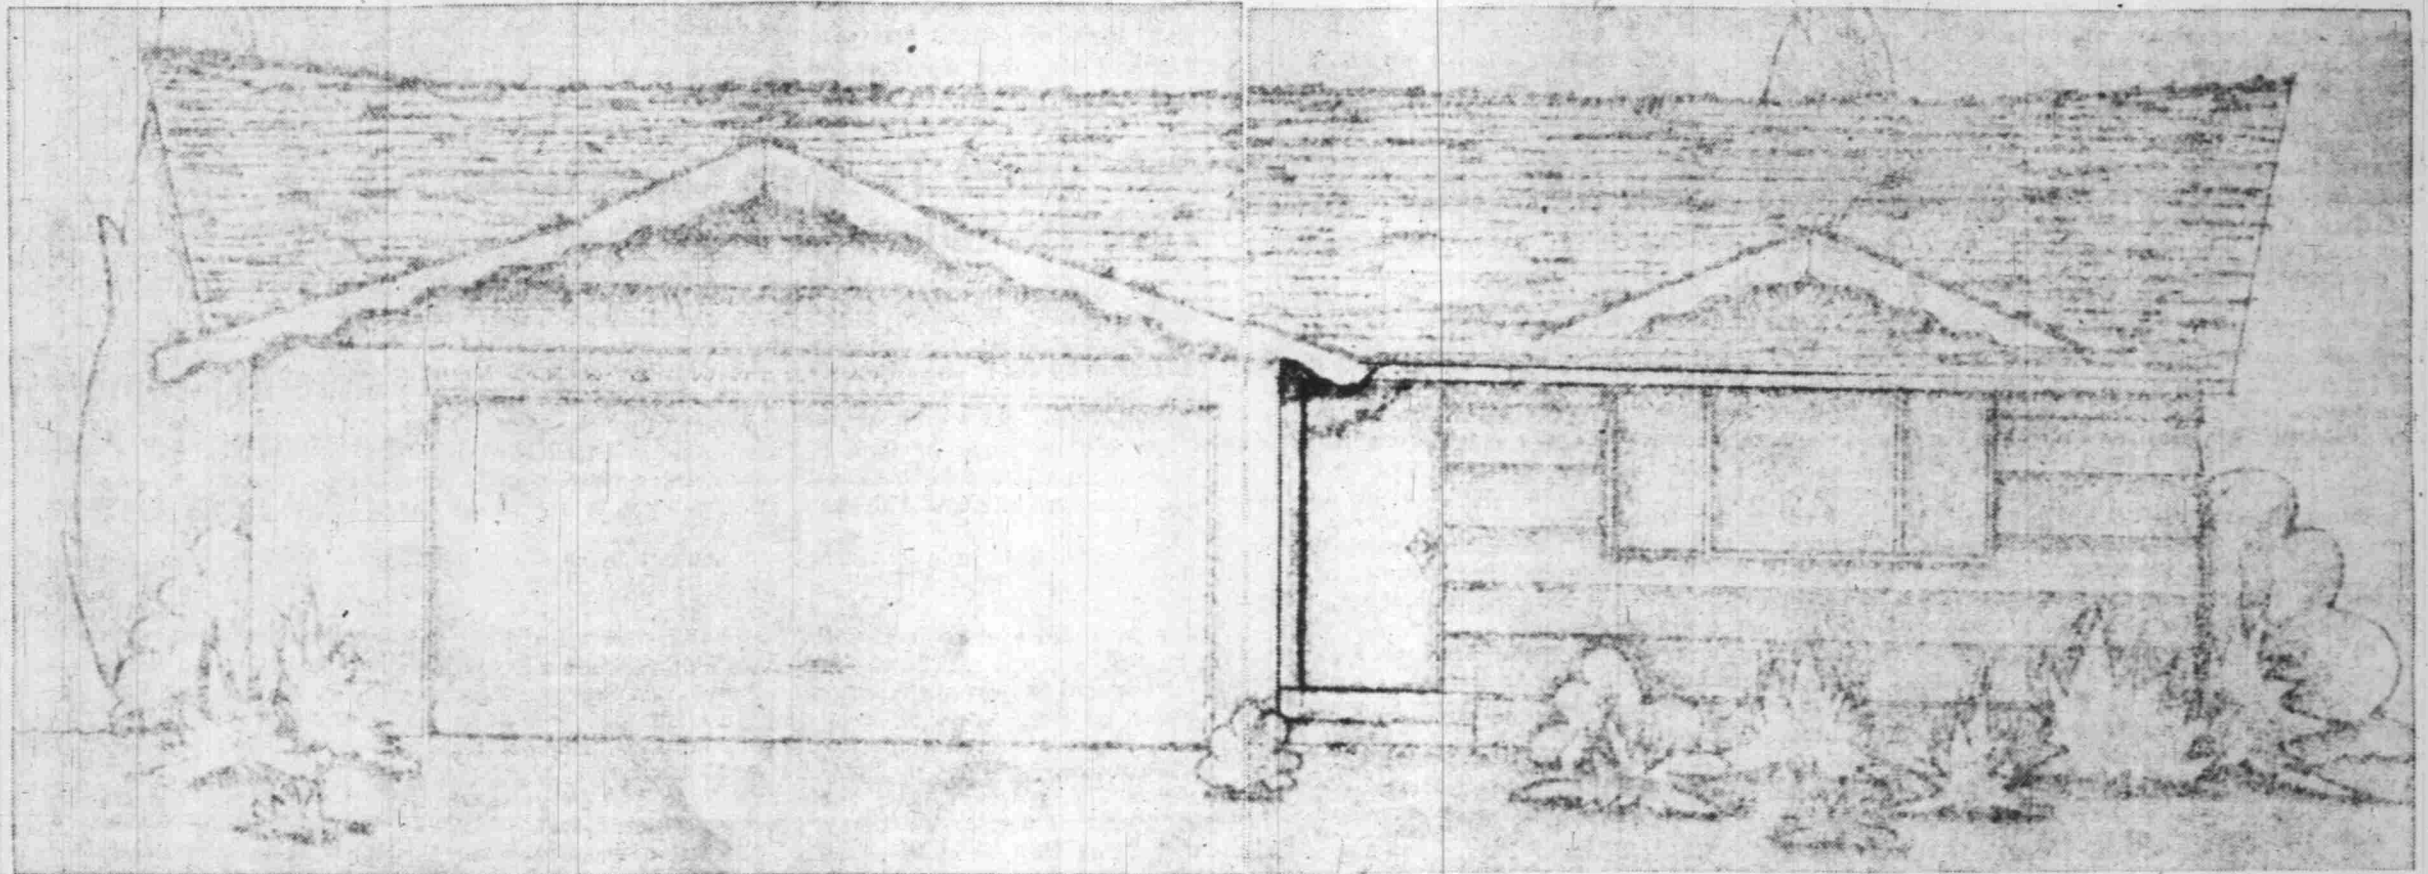

"WHEREAS, it is a generally accepted fact that there are reserves at Manganese, Inc. sufficient to justify operations for at least approximately another year;

"THEREFORE, as Mayor of Henderson, I respectfully urge the citizenry of Henderson to petition our President of the United States, our representatives in the Congress and the Senate of the United States, the General Services Administration and all other officials concerned, to immediately take steps for the negotiation of a new contract with Manganese, Inc., to continue the operations for a period of one year or until the ore bodies are worked out."

/s/ W. B. Byrne, Mayor

**MANGANESE PETITION IS ON BACK PAGE**  
The petition to keep Manganese, Inc. is on the back page. Clip it, sign it and get more signatures.

## HOMES LIKE THIS ONE NOW AVAILABLE LOCALLY AT MODERATE PRICES

## New, Moderate Priced Home Project On Sale This Weekend

They've finally brought to Henderson the kind of new home that every family can afford to buy — just like Federal Homes did with the Freedom Home back in the days when demand was as it is now — for living quarters that were reasonable, modern and inspected by FHA as to construction and livability.

A sneak preview of the new homes will be held this weekend when three model houses will be opened to the public on Saturday and Sunday. They are located just off Boulder Highway, a block away from the Country Cousins shopping center, next to the red brick home section.

The new homes will start at

\$65.03 per month, principal and interest, with a selling price of \$11,800 and if additional features are desired, the builders can be elastic enough to add them and a few dollars more a month handles same.

The builders are certified with FHA and plan a 250 home project to start with — just like Federal Homes' tract 1 started.

The builders — the Mel Schroeder Company of Las Vegas working for the developers — Sierra Vista, Inc. — can have homes available to move in to shortly because of the availability of water and sewers.

The new homes are all electric and include a built in Hot Point kitchen, with range. It has ash kitchen cabinets, alumi-

num sash sliding windows, duct work for air conditioning to the rooms. It will have sidewalks, streets, curbs all in and paid for — no assessment district payments to worry about. Every yard will be fully landscaped.

For many years, the chamber of commerce and local civic leaders have sought moderate priced homes for the overflow

of people here — yet no builder has come along — until now — with a price arrangement to meet the family pocketbook of the majority.

The new company is composed of men from the San Francisco Bay area, all of them experienced in home building and financing. They are Bill Sokle, Bill Hammond and Marcus Chaplin.

## Petition Campaign Grows As People Pledge Their Support

The campaign to forestall closure of Manganese, Inc., started by the HOME NEWS Tuesday, has taken off like a rocket. Many different individuals and organizations have pledged their active support in obtaining signatures on the petition to President Kennedy and appropriate government officials.

Mrs. Abner Smith of 35 West Basic Road was the first individual in the city to return a filled petition. She was at the HOME NEWS office bright and early yesterday morning with a filled petition and requested "several more copies so I can get them filled."

Officials of the Labor Council promised full support of organ-

ized labor in the campaign. They said they will notify each individual union of the project and urge that members take action.

The campaign gained added impetus with the announcement of a plan whereby the operation could be assured at no cost to the federal government. (See separate story.)

Councilman Bob Kesterson, who has announced he will be a candidate for mayor in the coming election, in a letter to the council, urged that body to give official approval to the signing of the petition.

Many people have started impromptu door-to-door canvasses on their own hook, presenting copies of the petition

to their neighbors for signatures.

Local merchants have posted copies of the petition in their places of business and are asking all comers to sign.

The petition form will be reprinted in each issue of the HOME NEWS throughout the campaign to assure a sufficient number of copies. In today's issue it is on the classified page.

However, if anyone wants a larger copy for a big group, the wording may be copied on any sheet of paper with space left at the bottom for names. To meet with legal requirements, each group of signatures must be preceded by a complete copy of the petition.

## Jim Crawford Offers Idea To Solve School, City Hall

By Rae Von Dornum

A proposal which would end the dilemma created by the presence of Townsite School in the center of the business district was made here this week by a 20-year resident of our city.

J. T. Crawford, who has lived and worked in this area since 1941, proposes that the City of Henderson purchase Townsite School in its entirety, relocating the Junior High School between the present City Hall and Basic Elementary School and moving the Townsite Elementary School to a residential area of the city.

The location of the school has long been a thorn in the side of local business men but it took the controversy which developed over the opening of gambling casinos and bars in the business district to bring forth the idea of moving the school.

One group objected strenuously to the incursion of these enterprises in the business section on grounds they are located too close to the Townsite School; however, the casinos are now firmly established and the question of proximity to the school suggested an alternative.

"Since the gaming industry has invested a large amount of money in the location and the granting of licenses by the City created a de facto situation, it now becomes necessary to regard the school as being too close to the business section," Crawford said.

The present location of the school presents a decisive barrier to the orderly expansion of the commercial district of the City and puts both the business and school interests at a disadvantage.

Another reason for this change is the fact that much of the original school was built in

1941-42 and consists of frame buildings which will eventually be replaced.

A new location for a City Hall is being sought and Crawford believes that if the transaction could be completed in the near future, the City would find itself in possession of a group of permanent buildings suitable for housing all of the city departments, leaving the present facilities as a supply and equipment yard.

The money appropriated for the new City Hall could then be diverted toward the purchase of the school facilities. It is possible, Crawford said, that the current efforts by the national administration to provide funds for school construction might be turned to our advantage to provide a modern school in a more advantageous site and thus solve two of the City's problems simultaneously.

(Continued on Page 2)

## Kesterson Asks Wires Be Sent Congressmen In Support Petition

Councilman Bob Kesterson, in a letter to the Mayor and city council, urged that body to send wires to Nevada's Congressmen asking them to take action to help negotiate a new contract or extend the present GSA contract held by Manganese, Inc.

In his letter he said that "the HOME NEWS has brought to our attention the fact that public opinion can assist in an extension of a contract with GSA for Manganese, Inc."

Kesterson said since the operation of this mine means much to the economy of Southern Nevada and particularly Henderson, he felt the "City government should also use whatever influence it has toward keeping the men employed there and extending the present contract if possible."

With councilmen Kesterson and Pete Mendive absent, the remainder of the group, voted unanimously for the request.

## Pagan Says He May File; Says AB 9 Deprives Voters Of Rights

"I think it's short-sighted legislation. They're taking away the voters' rights in not letting them express their preference of whom they want to hold an office," Councilman Aubrey Pagan said in reference to AB 9, the measure that is presently awaiting the governor's signature before becoming law. The bill would prohibit anyone from holding two elective offices at the same time.

Councilman Pagan would be affected because he is constable, a job he has held for 14 years, and is up for re-election to the city council from Ward Two. If he files and is elected, he will be forced to give up one of the jobs as his term as constable will run for two more years.

"Where there's no conflict of duties, I don't see how it is any different for a man to hold down two elective offices and another to moonlight (a term applied to one who works at two

jobs in industry. Ed.)" he contended.

He pointed out that salaries of small offices haven't been raised in the past 20 years and said that "if they (legislature) wanted to do something worthwhile, they could raise the salaries up to where a man could make a living on one job and wouldn't need two."

"There isn't enough money involved in my case to make much of a fuss about," Councilman Pagan said. "But Judge George Treem is both Municipal Judge and Justice of the Peace. Neither job pays enough to enable him to make a living and he needs both."

In connection with his filing for re-election to the council, Councilman Pagan said at the present time he planned to run for the office and if he is elected, resign as constable. "But I might change my mind between now and filing time," he said.

**SIGNING THE PETITION** — Archie Forrester, employed at Manganese, Inc., puts his name on the dotted line as fellow employees await their turn. Blanche Welsh, left, has just affixed her signature. The campaign has been gathering momentum, with many groups and organizations getting on the bandwagon. Others in the photo are Paul Southall, J. W. Curl, Howard West, I. D. Holt, William Mains, Bill Peisker, Leila Loop and Mildred Downing.

## 'I Will File For Mayor' Says Ex-Councilman Bill Mainor

"I definitely will file for mayor when filing opens March 24," Bill Mainor, owner of Frontier Nursery, former member of the city council and pioneer resident here, told the Home News last night in the first official announcement of his candidacy.

Mainor and his wife, Vera, came here in 1941 and he was employed by Basic Magnesium, Inc.

The Mainors have three children: Mrs. Ronald (Margie) Brown of 10 Brown St.; Randy 19, a freshman at College of Southern Utah; and Gail, 21.

## Rate Ok'd For Sierra Vista, Inc.

The city council Tuesday night approved the old sewer hookup rates of \$50 per single residence for the first 25 homes built by Sierra Vista in Pittman.

The councilmen told representatives of the company that if another group took over construction at a future time, the lower rate agreement was void and the new \$150 charge would apply.

**FUTURE NURSES CLUB**  
The FNC country meeting was held in Las Vegas last Wednesday, March 8, from 7:30-9:30 p.m. at the Fifth Street School Administration Building.

A business meeting was held and then reports were given on medical specialties. The Boulder City Chapter spoke on Psychology; Las Vegas, Obstetrics; Rancho, Pediatrics; Gorman, history of medicine; and Basic, Radiology. Pat Daughtery represented Basic.

Before the meeting ended Saint Patrick's Day cookies were served with punch.

**MOCK TRIAL**

Wednesday night, March 8, the Basic High students had the honor of witnessing a mock trial planned by District Judge David Zenoff and Mr. O'Callaghan and presented by the members of the Clark County Bar Association.

Attorney David Goldwater acted as the narrator, explaining in detail the proceedings to the students.

Local attorneys and legal secretaries acted as members of the jury, the regular court officers worked at their daily tasks, and Judge Zenoff sat on the bench.

Judge Zenoff, Madison Graves, President of the Nevada State Bar Association; and Herb Jones, President of the Clark County Bar Association, spoke to the students after which the students were allowed to ask them questions concerning law and court proceedings.

Mr. O'Callaghan's American Government classes, accelerated U. S. History Class and a few of Mr. Empson's Government students went.

It was a very interesting evening; I'm sure everyone left with new insight on the way our American courts are run.

Those attending who are not in Mr. O'Callaghan's Government classes were Laurie Fitz-Harris (the only accelerated History student to take advantage of the opportunity), Dianne Olsen, Al Klann, Bill Davis, Mike Miller, John Ormsbee, Terry Chaffen, Sernia Williamson, Leona Sage, Celina Aragon, Pat Summers, Lauvatis Hall, Ruth Williams, Evelyn Foster, Nancy Stewart, Mary Ann Edwards, Margaret Nalia. (I hope I didn't leave out any.)

**AROUND AND ABOUT BASIC**  
Charlotte Hamiter, who causes you to be late all the time and get in trouble????

Nancy Rhoden and Bob Bowles are going steady now! Congrats!!!

Dick Derrick and a certain Junior girl have been seeing a lot of each other! As have Margaret Nalia and Chuck Gibson!

The Juniors have been busy selling tickets for their Class Play which is coming up in the very near future! Keep up the good work, kids!!!

I hear Smudge had a wild party at his place not long ago! Billie Cunningham and Wes Hancock have been dating rather steadily!

I head Elain Sparks is going steady. Is it true Elain??

MISS JANA MARKS

Les, you did enjoy yourself after the Basic-Whitepine game, didn't you?????

Heard on KRAM to a certain Senior boy from a certain Junior girl were "Confidential" and "Teach Me Tiger"!!!!

**STUDENT OF THE WEEK**

Eighteen-year-old Jana Marks, selected as the Basic High School representative in the Daughters of the American Revolution Good Citizenship Contest, was born Jan. 21, 1943, in Vancouver, Washington.

Jana now resides at 18 Arkansas Street where she's lived for the past seven years. Now in her Senior year, Jana ranks in the top ten per cent of

her class. After graduation, she hopes to become a research chemist. If she receives a scholarship, she will attend the University of Nevada; otherwise she will attend Williamette University at Salem, Oregon.

She has been an honor roll student throughout her four years at Basic, as well as having perfect attendance. She has been a member of Spanish Club (four years), Spanish III Club (Junior year; Senior year, Sec-

**Eleanor Stockton and Sammy Davis Married in L.D.S. Church Ceremony**

Eleanor Stockton and Sammy Davis were united in marriage February 18, at the L.D.S. Church in the presence of 80 guests. Bishop Tharol Lefler officiated.

The bride was dressed in a white, ballerina length gown, accented by a small white hat and white slippers. She carried a bouquet of pink and white rosebuds with streamers of white and orange satin.

Marie Huntsman, matron of honor, wore a ballerina length gown of pastel blue and bridesmaids, Dorothy Cosy and Judy Stevens were dressed in lilac

gowns of ballerina length. Tommy Ford attended the bridegroom as best man.

The bride is a junior student at Basic High School and the daughter of Mr. and Mrs. Elmer Stockton, Midway Trailer Park, Pittman. The bridegroom, son of Mr. and Mrs. Lionel Davis, 136 Dogwood St., is a senior at Basic High School.

Following the wedding ceremony at 6 p.m., a reception was held at the home of the bridegroom's parents, where spring flowers were used as a decorating theme.

Mrs. Stockton and Mrs. Davis presided at the serving table

which was centered with a large flat cake, beautifully decorated with silver leaves and pink rosebuds on white frosting. Approximately 80 persons were in attendance.

Mrs. Stockton chose for her daughter's wedding a blue sheath dress with appropriate accessories. The bridegroom's mother was dressed in a gown of light blue and each wore a corsage of rosebuds.

Out of town guests included Mrs. Hettie Pollock, Mrs. Fern Zohner, Mr. and Mrs. Virgil Davis and Mrs. Donna Mumford, all of Kanarra, Utah. Other close relatives attending were

sisters of Mrs. Davis, Mrs. Arvilla Woodbury, Mrs. Chloe Leeder and Mrs. Leone Davis.

Following a honeymoon trip to Southern Utah, the young couple will make their home for the present at 136 Dogwood Street.

Four out of five people love life. —The fifth may be driving the car ahead.

**DALE SHROYER ENLISTS IN NAVY**

Dale Shroyer, a former Basic High Student, traveled to Long Beach, California, where he received his physical examination and is now awaiting orders into the Naval Reserves.

He is the son of Mr. and Mrs. Steve Shroyer of 590 Oklahoma Way. They have three younger boys, Steve Russell and Pete.

Mr. Shroyer works at College Park Homes as a carpenter.

**Saddle Club Completes Gymkhana Plans**  
Last minute plans for the gymkhana this Sunday were completed at the general meeting of the Saddle Association Monday night at St. Peter's auditorium.  
The event will be held in the Sunrise Riders' arena in the foothills of Sunrise Mountain. Members of the association who plan to attend are asked to meet at Pabco road and Boulder highway at 10 a.m. Sunday. Keith Cutler will be in charge of the event.  
All riding clubs in Southern Nevada are eligible to enter teams in the gymkhana. Teams consist of eight riders who work together as two 4-man teams in barrel racing, stake racing and pole bending.  
The local Saddle Club, winners of last year's gymkhana, are hoping to win again on Sunday as they must win the revolving trophy three successive years in order to claim it as their own.  
A membership drive is currently underway with a prize of \$25 offered to the person bringing in the most new members. The prize will be awarded April 15, at the corral.  
A dance, for club members only, formerly scheduled for April 1, has been postponed until April 8. Members will be admitted to the dance free after showing their membership card. The dance will honor the clubs number one charter member, Ginger Bancroft.  
In the events last Sunday at the corral, Billy Wilson and Ike Hoffman won the team tying in 21 seconds; Clayton Lutes won in calf roping with 24; Mona Moffett, barrel racing 18.9; Chuck Connelly, pole bending 26.5.  
Bobby Roberts, Allen Potter and Atha Connelly participated in the children's calf riding; Pat Mallory took first place for women in musical chairs and Harry Clements, II, won the same event in the children's division. Ribbon tying was won by Ben Beecroft and Lyan Stout in nine seconds.

**ST. PATRICK DANCE PLANS COMPLETED**  
Final plans for the St. Patrick Dance Saturday night at St. Peter's auditorium were completed at a committee meeting held last night.  
It was announced that those who have not purchased tickets will be able to get them at the door. The \$1 ticket contains a coupon good for a free drink at the Lucky Club and also entitles the holder to a chance on the door prizes including \$25 in cash, an electric coffee urn and electric toaster. The very popular Shamrock Pull will also be featured at the dance. Everyone is invited.

**All About Dogs**  
**Befriend or Be Bitten**  
More than 100,000 dog bites were reported in the country last year. The number remains a dull statistic—until some growling canine fixes a hungry eye on you! Then comes the impulse to run for the hills—but don't.  
Never run away. Even if a barking dog is charging directly at you, hold your ground. Agreed, it takes a bit of courage but if you panic, your flight will convince him that you have had intentions and should be bitten—and you will be.  
Talk to him in a reassuring way. If you know the dog's name, repeat it frequently as this is the one word he is sure to understand. If you don't know his name, just a "good boy" or "good dog" is reassuring.  
"Watch those hands," warns Clarence C. Fawcett at the Purina Dog Care Center. Keep them visible but out of his reach. And avoid any sudden jerky movements. If the dog seems willing to make friends, extend your hand very slowly. Never extend the hand with the fingers outstretched. Rather, make a fist of your hand and offer the back of it. If he should suddenly bite—this lessens the danger of a crippling injury.  
Don't shout. Using a loud tone of voice will enrage a belligerent dog and intimidate a shy one. Talk to him in a normal soothing manner.  
Dogs have deservedly earned their reputation as man's best friend. A little forethought and effort by non-dog owners and particularly, by dog owners, can prevent the relatively few temperamental ones from tarnishing that reputation.

### Skit Sparks Phi Chapter Model Meet

A skit entitled "Three Voices From Out of the Night," highlighted the recent model meeting of Phi Chapter, Beta Sigma

Phi Sorority held at the home of Mrs. Don McCullough with seven rushees and 13 members in attendance.

The skit presented the aims and purposes of Beta Sigma Phi to the rushees. Participants included President Mary McCullough, narrator; Joyce Daeschner, director; Twyla Davis, Ilene Ravlin, Helen Smith.

Also included in the program was a talk by Mrs. Walter Ball, giving the cultural aspects of the sorority and an explanation of the social graces of Beta Sigma Phi, given in a talk by Mrs. Elwood Swift.

During the business session the slate of candidates for officers of the 1961-62 term was appointed by the nominating committee. A committee was also appointed to determine Phi Chapter's candidate for "Girl of the Year."

Mrs. Stanley Jones, one of the rushees, was winner of the ways and means gift.

### Desert Gardeniers Announce Poster Contest for Students

A poster contest for students of the local high school and junior high school, in connection with the forthcoming Spring Flower Show, was announced this week by the Desert Gardeniers.

The aim of the contest is to interest the townspeople, both adult and junior citizens, in placing entries in the show as well as attending and viewing the displays.

Each contestant will be limited to one entry and the minimum size of posters will be 14 by 22 inches. Only one poster will be displayed by each local store—contestants to make their own contact with merchants and check the size poster he or she will be allowed to display in the store window. There is no maximum on the size of posters except they must meet with the approval of displaying merchants.

Information which must be included on each poster includes: the name of the sponsor—Desert Gardeniers; and co-sponsor—"One Stop Shopping Center" of Downtown Henderson; the event—1961 Sixth Annual Spring Flower Show; theme—"Rhapsodies in Flowers"; place—Gilbert Hall; dates—April 7 and 8, 1961; hours—April 7, 1 p.m. to 8 p.m.; April 8, 10 a.m. to 5 p.m.

Additional information which may be used on the posters are the divisions of the show including: the adult horticulture and artistic divisions; junior artistic—to be judged in age groups: teenage, 13 through 16 years; sub-teen, 9 through 12; and mid-get, 8 years and under. The junior horticulture division will have no separation of age groups.

Awards will include: sweep-stake, award of distinction, award of merit, Will Tillotson memorial award, American Iris Society awards, best rose, best arrangement, best tall, bearded iris, best shadow box. Junior awards will include: teenage award, sub-teen award, midget award and junior horticulture award.

Posters in this contest will be put on display beginning March 15, and facilities for adult voting will be provided at the entrance to the Flower Show. Each

voter will write the name of the store displaying the poster which, in his or her opinion, is the most outstanding.

Cash prizes for winners in the poster contest will be: first place, \$7.50; second place \$5, and third place \$2.50. In case of a tie vote, places tied will equally divide the prize money.

Entry blanks are available at the public library and the Henderson Bowl. Closing date for entering the contest is March 8.

### ★ Coming Events

- March 17 — Emera Club in the Masonic Temple at 8 p.m.
- March 18 — St. Peter's Parish annual St. Patrick's Day Dance in auditorium from 9 until ???
- March 18 — St. Patrick's Day Dance in St. Peter's Auditorium.

## DILKES DIGGIN'S

by gene dilkes

The other day the Chief of Police, George Crisler was seated at his desk checking over papers after conducting an interrogation when a pert six-year-old lass with gap teeth and a big dimple in her cheek walked in, presumably to have a chat.

She had been gnawing on a piece of chocolate-covered candy and as is the usual thing with kids had smeared a large portion of it over her face.

"You've got a dirty face," the chief told her.

"I know it," came the reply. "Why don't you wash it?" he queried.

"Because I don't know how." The chief got up from his chair, took the little minx by the hand and led her to the water fountain in a back hall. There he showed her how to crumble a paper towel and wash her face.

"I don't want to," she said. "I want my brother to do it," pointing to a tousle-haired lad a few years older who was talking to Sergeant Ben Kennedy at the desk.

Her brother declined the offer to wash younger sister's mug, so Chief Crisler took a paper towel in one of his over-sized mitts and carefully removed the remains of the chocolate bar.

Then he took her back into his office and gave her some pieces of candy from a supply he keeps in his desk.

This is the guy some of our people contend is too hard-hearted and tough with kids.

### HARRY REIDS WELCOME DAUGHTER

Mr. and Mrs. Harry Reid of Provo, Utah this week announced the birth of their first child, a daughter, born at 3:30 a.m. Friday, March 10. The little girl weighed four pounds, eight ounces.

Mrs. Reid — the former Sandra Gould, is the daughter of Dr. and Mrs. Earl Gould, 77 Frontier Highway. The paternal grandparents are Mr. and Mrs. Harry Reid, Sr., of North Las Vegas.

### GREGORY OSBORN FETED WITH SURPRISE PARTY

Gregory Osborn was honored with a surprise party on his eighth birthday, March 1, when a group of friends and classmates appeared at his home to wish him happy birthday.

The youngsters enjoyed playing games and prizes were won by Peggy Lynch, Carol Stapleton, Tina Mundy, Mickey Oxbarrow, Mike Williamson and Weldon Empey.

Appropriate refreshments were served by Mrs. Floyd Osborn, mother of the honoree, his brother, Dennis, and sister, Sandra. Also assisting were Mrs. Joe Mundy and Mrs. Farrah of Las Vegas.

THURSDAY, MARCH 16, 1961

## Rhea Johnson, Norma Nielson Find Scouts Hectic, But Fun

Norma Nielson and Rhea Johnson

By SHARON DILKES

Sixteen little girls with uniforms, and the desire to be Brownies brought Norma Nielson and Rhea Johnson into the ranks of Scout Leaders. The two teamed up to lead Brownie troop 106 in November after the troop had been leaderless for two months.

RHEA JOHNSON

Home for Rhea is at 2 New Mexico Way. Husband Alvin is a double melt operator at Titanium Metals Co. and they are the parents of five children. Dale 13, and Alan 12, attend Townsite Junior High; Lorea 8, and Bobby 7, attend Townsite Elementary school; and Brent 4, stays home to pester mother. The family moved here nine years ago from Heber City, Utah—leaving snow almost up to their necks. Rhea said that they had enjoyed the weather here ever since and didn't even like to go back for a visit during the winter months.

The family attends the Second Ward of the LDS church and Rhea serves as Primary secretary. She has worked in the primary department for six years and also served a term as Den Mother with the Cub Scouts while her older son was a member. Hobbies were listed as making things and collecting dolls.

NORMA NIELSON

Norma's husband, Glen K. (better known as K.) is self-employed in trenching and excavating work. Their children are Jacqueline 9, who attends the third grade at Townsite Elementary school; and four-year-old Rodney.

The Nielsons moved here 8 years ago in January from Utah and have found the weather "grows on you." They attend the First Ward of the LDS Church.

Norma said she'd have to call working with the children her hobby — she used to crochet, but no longer finds the time.

Join Hands To Help

The two became involved in Scouts after the need became very apparent and the girls were talking of abandoning the troop. They had worked together in Primary and decided to try a new field. "Working with both groups make life a little hectic, sometimes," they agreed, "but very worthwhile."

Handicraft projects the troop has worked on include corsages they fashioned during Christmas time. They used ornaments, balls, silver leaves, and pipe cleaners for the body; glue and wire fastened them together; and final touch was a ribbon trim.

An interesting Valentine project found them working on head bands. They used black ribbon for the band, and fastened red felt hearts decorated with black glitter onto the band with glue. The inventive little Brownies even tried using them for neck bands.

Troop Officers

Officers are chosen each two Elaine Taylor, president; Sandy Darrah, vice-president; Carol months. Current slate includes: Ann Kramer, secretary; and Shelly Littlefield, treasurer. The active bunch of girls recently held a talent show for their leaders during regular meeting time.

A nature hike was also held and this ended with the youngsters taking the leaders for a fast walk.

"We couldn't even begin to keep up with them!" Mrs. Johnson laughed.

As a special treat for their hard work in the cookie sale the two leaders held a party for them featuring cartoons, popcorn and cake. The excited girls were a noisy bunch... but very pleased. They have chosen Mexico for the Juliette Low evening they will participate in this week.

A song and dance combination the Brownies thoroughly enjoy is called "This Way, Valerie."

This is similar to the Virginia Reel, with the girls extending their hands and pulling each other back and forth. They take turns strutting to the end of the line. This is repeated until they all have a turn and the song continues throughout.

Mrs. Nielson and Mrs. Johnson said that this is a singing bunch of girls and you can always keep them happy with a song.

Handicraft for the future includes some work with popsicle sticks. The two leaders were a little concerned about starting work with the girls, and not knowing too much about the Brownies. However, as Mrs. Johnson said, "We're learning as we go along with them."

More power to women such as these.

### VFW JUNIOR GIRLS TO ELECT OFFICERS

The VFW Junior Girls held a ritual meeting Saturday at the VFW clubrooms with Sr. Vice President Donna Rae Englestead officiating.

A report was made on the pre-teen dance held Feb. 24, with 30 children in attendance. Also announced was the election of new officers to be held April 8. All members were urged to be present at this meeting.

The sunshine gift was won by Debbie Darrah, the Westfall sisters were refreshment hostesses. A large box of white goods was turned over to Mrs. O'Dell, cancer chairman, as a contribution of the Junior Girls.

### SCOUTS HAVE WORK MEET

The Boy Scouts of Troop 37 held their regular meeting at Park Village School. The different boys worked on their requirements for their different badges.

Eddy Dilkes, reporter

## Girl Scouts, Brownies Schedule Foreign Dance Spectacle Friday In Honor Of Girl Scout Week

Girl Scouts and Brownies will be out in force Friday evening at 7:30 in Townsite Auditorium to honor their founder, Juliette Gordon Low. Dances from various countries around the world will be performed by the troops and a presentation of the World Friendship Banks will be made. The event will also mark Girl Scout Week.

The dances were undertaken to make the girls more conscious of the scouting movement in other countries. The banks are made up of a fund donated by the girls to provide a living memorial to Mrs. Low.

Senior Girl Scout Troop 110, under the leadership of Mrs. Claudia Maguire, will assist with the ushering.

Brownie Troop 100, Bunny Boone and Pat Reed, leaders, has chosen the country of Mexico and will do the Mexican Hat Dance. The girls have made shawls from sheets and yarn, and crepe paper flowers for their hair.

Troop 102, Brownies under the leadership of Marva Peterson and Irene Wylie, will do a German folk dance to "Let Us Be Joyful." They have prepared black oilcloth boleros, plain for the "boy" and laced for the girl.

Norway will be represented by Brownie Troop 103 under the direction of leaders Lillian Braun and Lorraine Purdy. They will present the "Norwegian Singing Game" as the children of Norway sing it at school.

"Indian Fire Dance" has been chosen by Troop 104 for their part on the program. They are representing America with leaders Hilda Klaegg and Sharon Haberman directing.

Brownie Troop 105, with three leaders, Billie Hargrove, Beth Kennedy, and Ruth Ann Shutt, chose Hawaii to represent. The girls will sing and dance to the story of a Hawaiian girl "Little Brown Gal." The girls have constructed a palm tree and grass hut for their props.

"Mexican Hat Dance" will be Brownie Troop 106's offering. Leaders Rhea Johnson and Norma Nielson said the girls had chosen Mexico to represent.

Brownie Leaders Midge Reese and Wilma Beadle said their girls had chosen America and will dance an American Square dance to the tune of "The Little Brown Jug."

France will be represented by Brownie Troop 111. Leaders Lorene Harris and Ardene Keith, with the "Chimes of Dunkirk."

A change of pace will be apparent with Intermediate Girl Scout Troop 114. Leaders Mary di Nardi and Mary Ann Brantley have taught the girls three Irish ballads for presentation. A leprechaun is also scheduled to be present, as Friday is St. Patrick's Day.

The "Claption Swedish Dance" will be presented by Intermediate Troop 117 under the direction of leaders Juanita True and Georgia Rider.

A game similar to our jacks, Lemme Sticks will be explained by Intermediate Troop 131 in their representation of New Zealand. Viola Humphries and Martha McCabe are leaders.

Intermediate Troop 132 has chosen Switzerland as "their" country. The girls have made their own full peasant skirts accented with black bodices, white blouses and lace caps, for their presentation of the "Swiss Polka."

## What My Uniform Means To Me

Winners of the Girl Scout essay contest entitled "What My Uniform Means To Me" are Reta Loreen Harris, daughter of Mr. and Mrs. Arlen Harris, 533 Federal; Shelley Watson, daughter of Mr. and Mrs. Floyd Watson, 206 E. Victory Road; Ilene Peterson, daughter of Mr. and Mrs. Leo Peterson, 525 Federal; and Janet Dilkes, daughter of Mr. and Mrs. Gene Dilkes, 159 Magnesium St. The two Brownies, and two Girl Scouts wrote their themes in connection with Girl Scout Week.

Judges included Mrs. Joe Di Nardi, Mrs. Robert Nicholas, Mrs. Robin Vess, Mrs. Delbert Eagleston, and Mrs. Lucille Kubie.

The winning entries follow.

By Reta Loreen Harris, age 7, Troop 111

When I wear my uniform I think of all the things it means to me. It means all the new friends I get but I keep the old. I remember to help other people at home and in my town like all Brownies should. It means that I learn to share with other people. And I think about girls all across our country and other ones who are Brownies like me. And hope I will see them some day.

By Shelley Watson, Troop 114, age 10

The sight of my uniform tells people that I respect, honor, and love my country. That I am a Girl Scout and I am proud of being one, and show it by wearing my uniform in public.

When Juliette Low founded Girl Scouting she was thinking of an association to keep girls occupied, happy and out of trouble.

That is why Girl Scouts say their uniform means something to them.

By Janet Dilkes, Troop 114, age 10

My uniform makes me feel very important. It makes me think of the first Girl Scouts and the history of Girl Scouting. When I first got my uniform I was to have the honor of presenting the flag at the Father-Daughter Banquet, but I was sick and didn't get to. I had another chance to present the flag. We lived a long way from town and had a flat tire so I was late and couldn't present the flag.

Once more I had been asked to present the flag because I had a uniform. This time I made

### PROCLAMATION

Whereas, President Kennedy has designated the week of Mar. 11th thru Mar. 18, 1961, as National Girl Scout Week; and

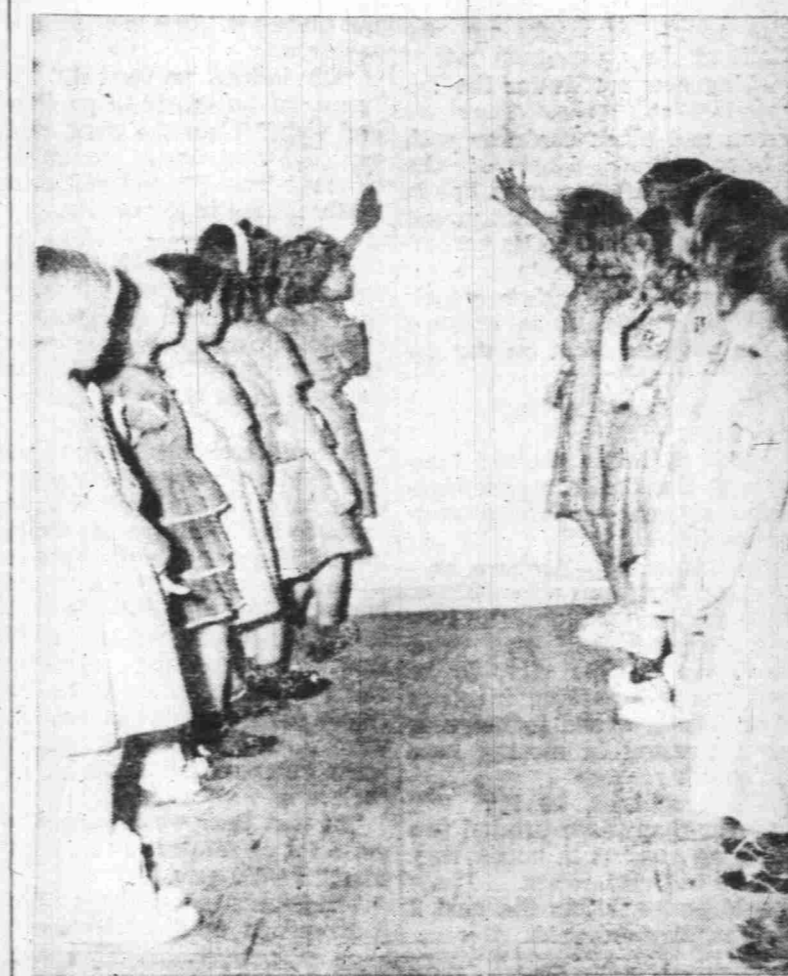

Whereas, this particular week will include many Girl Scout functions for both training and entertaining this group;

Now, Therefore, I, William B. Byrne, Mayor of the City of Henderson, Nevada, do hereby proclaim the week of March 12 through March 18th, 1961, as Girl Scout Week in the City of Henderson.

s W. B. Byrne,  
Mayor of Henderson

BROWNIE TROOP 106 includes Vickie Cleland, Sandy Darrah, Bonnie Gibson, Sandra Gines, Lorea Johnson, Carol Ann Kramer, Susah Little, Margaret Mead, Jacqueline Neilson, Joan Saboll, Pandora Schmidt, Martha Sheahan, Alicia Smally, Kathy Wheat, Elaine Taylor and Renee Taylor. Not pictured is Shelly Littlefield.

GIRL SCOUT WEEK — Brownies of Troop 103 line up to read Mayor Bill Byrne's proclamation ordaining this week as Girl Scout Week.

### Present For Mama . . .

## For My Lady . . .

"I was actually presenting the flag. At school the next day I told everyone about Girl Scouts. Mom started a troop of Brownies when I joined. I was very proud of my Brownie suit. On Girl Scout week I wear my uniform with pride for the Girl Scouts and America.

By Ilene Peterson, Troop 102, age 9

My uniform means many things to me. It means meeting new friends and doing all kinds of different things such as dancing, singing, crafts, going to camp. Every year we have a good time when we have our cookie sale.

And we are very proud to wear uniform when we sell cookies. Then people know we are Brownies.

I feel very proud to think I am a Brownie.

By SHARON DILKES

Mrs. Frances Larson, manager of the new Wash-O-Matic recently opened in the Safeway Shopping Center, had a heartwarming experience recently.

She had about finished her routine work and was almost ready to leave when a taxi drove up in front of the door. A young girl climbed out, carefully counted out the proper change to pay her fare, and then dragged a considerable amount of laundry into the machines.

Without a why or wherefore, she began filling the machines. Clothing of all types and colors were going in every direction.

Mrs. Larson couldn't stand it anymore and gave a helping hand while she sorted the loads. The soap was added and our junior miss carefully counted out her quarters to place in the machines.

She began to chatter as the washing was being done.

"I like to help out around home," she volunteered.

And as the conversation continued,

"My mother works, and she's always tired when she comes home."

Then—"I thought if I did the laundry for her it would help out a little."

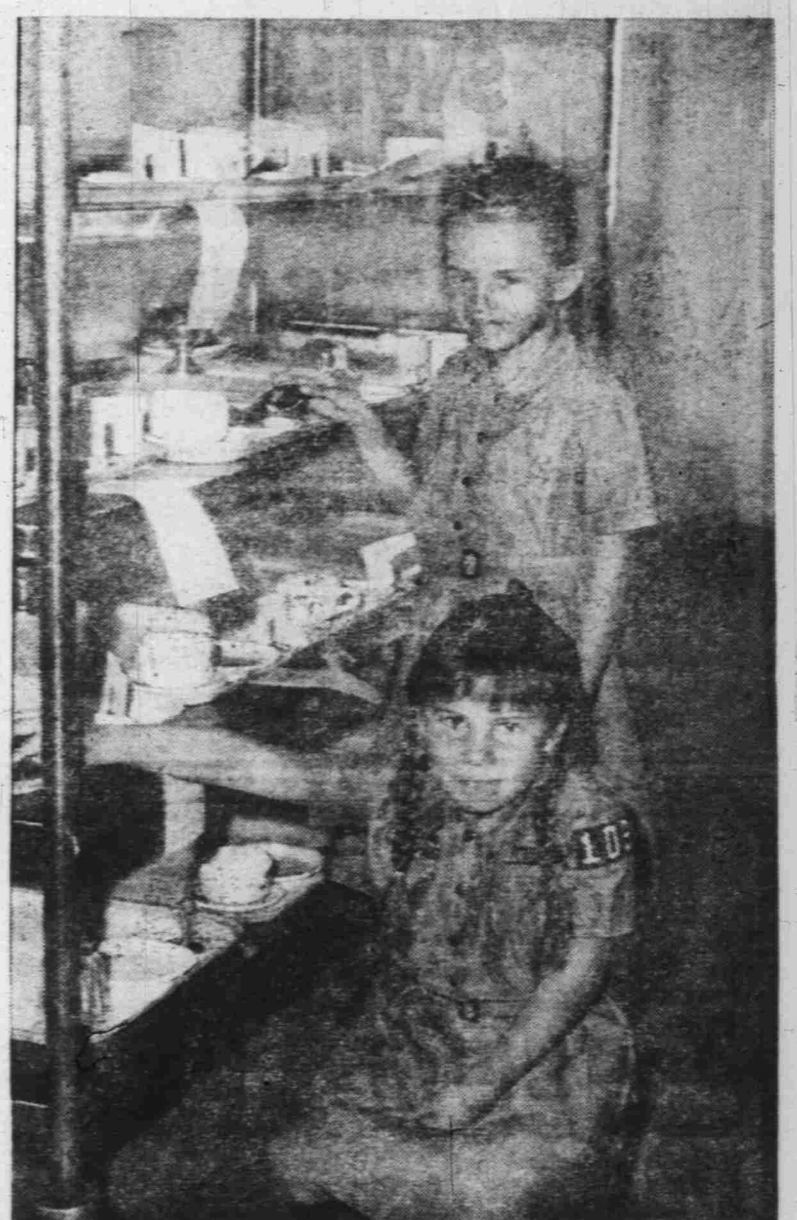

The clothes were soon finished and taken from the machines. Mrs. Larson had by this time been completely captivated by the young lady and offered her a ride home.

Whereupon the delighted youngster, answered "Oh yes! Then I won't have to spend the last fifty cents of my allowance for cab fare!"

So often the members of our younger generation who appear in the spotlight are in trouble. An incident such as this surely leaves a warm feeling for one of them.

And I'll bet there was one working mother who wasn't quite so tired when she returned home from work that evening!

## Service With A Smile by Brownies at Rose de Lima Hospital

AND A HAPPY ST. PATRICK'S DAY TO YE smile Cheryl Purdy and Karen Braun as the two Brownies of Troop 103 place candy favors on the serving trays of Rose de Lima hospital patients. Troop members, under leaders Mrs. Lillian Braun and Mrs. Lorraine Purdy, fashioned the favors during troop meetings.

BROWNIES VISIT HOSPITAL — Hospital Administrator Sister Helen Margaret, O. P., explains the use of the cardiac arrest truck to two very interested visitors at Rose de Lima during Girl Scout Week.

MIGHTY PROUD ARE WE TO BE GIRL SCOUTS . . . Essay winners include Girl Scouts, from left to right, Shelly Watson and Janet Dilkes, and Brownies, Rita Harris and Ilene Peterson.

## C of C Members Hear Program On Shoplifting

Ken O'Connell, manager of the Retail Merchant's Bureau of the Las Vegas Chamber of Commerce was the featured speaker at the Chamber of Commerce meeting Thursday at the Swankey Club. His topic was "Sale Promotions."

Also included in the program was a film of shoplifting, loaned for the occasion by the Retail Merchants' Division of the Chamber of Commerce at Tucson, Arizona through the courtesy of Mr. Abbott, who is acquainted with a number of local Chamber members.

The film showed a woman shoplifter who estimated that she had stolen more than \$1 million in merchandise to support a \$100-a-day narcotic habit.

In an interview, following her release from prison; she explained how alert clerks can impede, if not completely stop, shoplifting.

Earl Scrift of Wyoming, Michigan, who has spent 28 years as a state police officer, is a former Chief of Police and was also chief security officer of a large Michigan department store — spoke on some of his experiences with department store shoplifters.

He said conditions for shop-lifters are less favorable here than in his home state where golashes and overcoats are worn during many months of the year.

People, he said, steal shoes by going into help-yourself shoe departments wearing only golashes — waiting until they are sure no one is watching, trying on shoes and simply putting their golashes on over the new shoes and walking out. He also told of women who could secrete six cashmere sweaters under their

## PARTY LINE

By Elizabeth Totten

How would you like to have someone ask you to make forty, three-piece, reversible outfits for high school girls? We can fancy struggling thru one outfit, but the thought of forty leaves us limp . . . but not our good friend, Alma Wilkerson.

A couple of weeks ago she finished the gargantuan job of making new outfits for the Desertaires at Basic. They are green and black corduroy with silver buttons. Most of the charm of these costumes lies in their perfect fit, so that means that each one had to be personally fitted . . . taken in here, let out there. All the girls may look as alike as pickets in a fence when you see them on the pa-

clothes' without looking "stuffed."

Chief of Police George Crisler and Jim Gunville gave high-lights of local shoplifting operations.

President John Rayborn announced that the Lusky Corporation who are printing the new city directory will also print brochures on the city, to be sent to those making inquiries about business and industry or are interested in moving here for health reasons.

The brochures, he said, will be nicer than those printed two years ago and it is hoped they will be in three colors. These should arrive within the next 2 months, Rayborn said.

rade ground, but try fitting those torsos, etcetera, and you will soon be convinced otherwise.

Then remember they are reversible, which means that the workmanship is as beautiful on one side as it is on the other . . . a neat trick.

"I got the order in the middle of January," said Alma. "It took me about seven weeks to make them. By the time I was finished I was ready for a padded cell at Sparks, but I warned anyone who might take me there that I absolutely refused to have the cell padded with green and black corduroy." (Sounds just like Alma!)

To enlighten anyone who may not have the pleasure of knowing Alma Wilkerson, in all fairness it must be told that she is a talented seamstress. It was not just a happenstance that she was appointed to do this task. When we see the Desertaires prancing in precision in the Industrial Days parade, let's give Alma a big hand, too . . . what say?

After having read the absorbing article about Iceland in last week's Post, we called the Nicholsons to be sure that they had not missed it. John is of Icelandic descent.

"Oh, indeed we read it," said Lucia. "John wants to go there and visit." Then she went on to say that Nicholson's grandfather came from Iceland and eventually settled in Minnesota.

Speaking of the Nicholsons, one of their pleasures is hosting dear friends from far away. A couple of weeks ago the Allen Prescotts, from Townsend, Montana, were in town for almost a week.

It is interesting how something good can come from something bad. The Prescotts, enroute to Nicholson's, were thirty miles the other side of the dam when they were unfortunate in having major trouble with their car. They managed to get to their hosts (under someone else's power) and because the repair job was so extensive they were forced to stay almost a week before they could be on their way.

"In that time we managed to get a lot of reminiscing and visiting," said Lucia.

The Prescotts were happy that it happened in the Nicholson's

"backyard," rather than out in the hinterlands where they would have known no one. They were enroute to their cattle ranch after having spent the winter in Arizona.

We, too, were blessed with the visit of dear friends, Harley and Dorothy Moody dropped in for the week-end. They were on their way to Westmoreland, Calif., after having spent the week at Tonopah. About the middle of March they are being transferred to Tonopah from their home at the Salton Sea Test Base, where Harley has been stationed in his position with the Sandia Corporation. A handsome member of their family was along, too . . . Ming Toy, their Siamese cat.

We don't know whether to call this item EVOLUTION IN THE U.S. POSTAL DEPARTMENT or, PROGRESS, AT LAST. Our mail man has become a postal pusher instead of a carrier. We neglected to ask Joe Rodrigues if those new carts are in use all over town, but we trust they are, so you have seen them. It's about time the postmen get a break. After this break-thru into progress our crystal ball tells us that the next step will be motorized carts and from there we will go to missile delivery . . . shot from a pad downtown.

(Alma Wilkerson gets into the column twice this time. It must be because she is twice as active as the average). After she finished the costumes . . . and recuperated at Tecopa Springs for a long week-end . . . she and her husband, "Red," hosted two very good friends from Mabton, Washington. They were Mrs. Inez Feezell and Mrs. Elsie Sommers, who were at their home for a week.

Those four burned the candles at both ends. They must have thought there would be no tomorrow . . . they crammed each day with enough activity to last an ordinary person a couple of years. Yes, it takes a lot of endurance to visit folks like the Wilkersons.

We will bet that Mrs. Feezell's ten thousand acre wheat ranch seemed quite dull when she returned to her "Horse Heaven" country up near the Idaho border. (Isn't that a delightful name . . . "Horse Heaven?")

"No," said Alma. "They don't

## Letter To The Editor

Dear Mrs. D. Zenoff:

The Rose de Lima Hospital Auxiliary extends to you our heartfelt thanks and gratitude for your wonderful services.

You helped assure the complete success of our late Mardi Gras Ball.

Auxiliary Members Dean Armstrong, President by Ethel Womack

## JAMES R. MAXFIELD RETURNS FROM OKINAWA

A-1c James Russel Maxfield and his wife, Claudette, were reunited yesterday after 18 months of separation when he returned from a tour of duty in Okinawa.

Airman Maxfield will have 30 days leave before reporting for duty at Travis Air Force Base, California. During that time, his parents, Mr. and Mrs. Armond D. Ammirato will visit here while enroute from Alexandria, Virginia to Hawaii where they plan to make their home.

During her husband's absence Mrs. Maxfield and two-year-old daughter, Tammy Lee, have resided at the home of her parents, Mr. and Mrs. Owen Frei, 138 Grove Street.

An eight year resident here, Mrs. Maxfield was graduated from Basic High School with the class of 1957. The young couple married three years ago, while Airman Maxfield, a native of Virginia, was stationed at Nellis AFB.

## NEW GRANDPARENTS

Mrs. John J. Cahill recently returned home from Harlan, Ky., where she helped welcome her new granddaughter into the world January 7. Little Patricia Maria is the daughter of Dr. and Mrs. Luis Bernardez, the Cahill's daughter.

John and Dorothy Cahill reside at 274 West Basic Road with their three children, John Jr., Kathleen and Ann.

John is presently employed with the Yoxen Masonry Contractors in Las Vegas.

raise horses up there, particularly; it's wheat country." Some of you PARTY LINE readers likely know where it is.

Why don't you call the PARTY LINE . . . FR 4-4252 and let's hear what your activities have been?

# 50 Basic Students Take Merit Tests

By BARBARA MORITZ

Fifty students at the Basic High School took the National Merit Scholarship Qualifying Test John A. Dooley, Principal, announced today. The test was administered at the High School on Tuesday, March 7, 1961.

The qualifying test is a three-hour examination of educational development. The test is the first step in the seventh annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, associations, and individuals.

The number of scholarships awarded in any year depend upon the extent of sponsor participation. In 1960, 831 scholarships were awarded; 514 were provided by 115 sponsors and 317 by the Merit Corporation. There are 3,132 Merit Scholars attending 391 colleges in the current academic year.

The scores of students who took the test on March 7 will be reported to their schools before the end of the spring semester in time for use by class advisors. The scores are used in many high schools to help students make decisions about college attendance and field of study. Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the

areas measured by the tests. Some 10,000 semifinalists, the highest scorers in each state, will be named early next fall. Names of semifinalists are published in a booklet which is distributed to all colleges and to other sources of financial aid for undergraduates.

Their names and test scores are also sent to the colleges they express an interest in attending as their first or second choice. The order of preference is not shown.

Each semifinalist will be asked to take a second examination. Those who repeat their high performance will become Finalists in the Merit Program. Winners of Merit Scholarships will be selected from the Finalist group on the basis of school records and recommendations, test scores, extracurricular activities, leadership ability, and accomplishments outside the classroom. Each Finalist is awarded a Certificate of Merit attesting to his outstanding performance.

The Scholarship stipends are based upon financial need. The minimum award is \$100 and the maximum is \$1,500. The average stipend awarded to freshmen Merit Scholars in 1960 was \$827. Each scholarship constitutes a form of "educational insurance," since the stipend may be increased at any time if the student's financial situation changes during the four-year term of the scholarship. Supplementary grants are usually made to

## Campbells Travel To Guaymas, Mexico

"Adios mi amigos." With these parting words the Campbell families left the beautiful little town of Guaymas, Mexico, where they had spent several days soaking up the warm sun and cool sea air.

Mr. and Mrs. George Campbell and children, Patricia, Jimmy, and Clay, of 48 Hazel Way and Mr. and Mrs. Roy Campbell and children, Deanie, Bruce, Mark and Chester of 466 Rose Way recently arrived home after traveling to Mexico to tour the country.

### LEE DICKENSON HOME ON LEAVE

The Dickenson boys have been busy serving "Uncle Sam" in the Navy for some time. Rodney is presently stationed in Pearl Harbor aboard the USS Tunney. He recently went on a six-week cruise to Tahiti and the So-moan Islands.

Arriving home last week with friends, Lee spent the weekend with his parents, Mr. and Mrs. Bob Dickenson. Lee is stationed aboard the USS Renville. Paul Peterson, and Bob Nalwaker are from the same ship, and Jimmy Clanton is on the USS Colonial.

Mrs. Dickenson also reports that Lee expects to be shipped overseas April 16. He's not sure yet where he'll be sent.

Both boys are former Basic High students.

Bob and Amy Dickenson reside at 112 Joshua with their son, Tommy.

the colleges which the Schol-ars attend.

An additional 25,000 students, selected on a national basis, receive Letters of Commendation for their high performance on the qualifying test. These students are considered for special awards made through the Merit Corporation, and their names and test scores are also sent to their first and second choice colleges.

The following Juniors took the Merit Test: Margaret Allsebrook, David Arkell, Craig Ballew, Annette Barnum, Jerry Bergemeyer, Bob Bowles, Donna Boyce, Beverly Branchfield, Marv Buescher, Penny Burton, Denell Butler, Marcia Compton, Billie Cunningham, Jim DeSart, Sidney Daugherty, Pat Doherty, Larry Eck, Larry Evans, Dana Froom, Laurie FitzHarris, Elise Ferry, Renee Griggs, Franklin German, Lynn Hildebrand, Janet Harwood, Wayne Ivary, Chuck Jilbert, Richard Jones, Dick Jamison, Joan Johnson, Sherrie Johnson, Jean Klanderud, Terry Larkin, Becky Lompfrey, Darlene Lamoreaux, Darryl Monahan, Gail Mapp, Leslie MacNeil, Pat McDonald, Hope Nordloh, Laila Park, Mary Price, Ingrid Schindler, Pete Smith, Delilah Stewart, Leslie Sullivan, Sheri Trent, and Dan Wittern.

**ALL OUT FOR THE EASTER PARADE**

You've tied the last shoe lace. Patted the last ribbon into place. Brushed off the last piece of lint. There! It was a struggle but the entire family looks its dazzling best at one and the same time. You're sure to steal the spotlight at the Easter Parade.

But—how long will that state of perfection last? The answer depends on whether you're planning to take pictures or not.

We hope you are. For Easter Sunday is a wonderful chance to snap the family at its handsome best. And since you've got such an all-star cast to work with, do them justice. Take more than one or two shots. Shoot enough to be sure you caught everyone at his or her best.

You can always bring the gang into our new studio and let us take the photos and guarantee satisfactory results.

Because you'll be anxious to see your results, drop your exposed film with us and we'll give you an extra measure of our fast, expert photo-finishing service.

But first things first. Better make a note to drop in tomorrow for several rolls of film. It makes picture-taking SO much easier.

## HOME OF WEEK

### DR. AND MRS. E. R. LINDBLOM

248 Hillcrest

**BY LORRAINE PURDY**  
The home of Dr. and Mrs. E. R. Lindblom is beautifully landscaped with a green carpet of lawn, planters across the front of the home accentuating the big picture window, and spritely green plants adding a touch of nature.

Standing beside the front door like a cheery dwarf is a pyracantha shrub dotted with red berries. Two stately Italian cypress trees stand guard over the front lawn like majestic sentries. The outside of the home is colored in a pretty shade of pink with a deep aqua trim.

#### Living Room

The living room is furnished in a modern decor. The wall-to-wall carpet, which Mrs. Lindblom says is ideal for the heavy traffic of two children and their many friends, is in the new salt and pepper tweed.

The couch and two overstuffed chairs are made for beauty as well as solid comfort. They are done in a lovely shade of aqua. Accenting the carpet and furniture shades are a coffee table, two end tables and a corner table in blond finish. The two table lamps have black and gold bases with modern white parchment shades.

One wall is centered with a large mirror, flanked by brass wall plaques.

A Chinese figurine lamp tops the walnut TV set and bright TV pillows add spots of cheery color. Mrs. Lindblom said that children forsake the furniture, grab one of the pillows and watch TV, stretched full length on the floor.

#### Music Room

This room is small but one of the most-used in the house, especially by the children. Directly over a spinet piano the 40-point head of a buck deer, Dr. Lindblom's prized possession, adds an incongruous touch. Two of the animal's hooves are mounted just below the head to form a unique gunrack.

Another side of the room is taken up by a hifi and radio combination. The opposite side is taken up by a gossip bench with a pastel blue telephone on a stand at one end.

Through a set of French doors in this room is the patio, carrying out the theme of gracious, modern living in the home. The roof, built by Dr. Lindblom, is alternate sections of green fiberglass and aluminum. In one corner is a large copper barbecue and a comfortable porch lounge.

A rustic redwood table and benches complete the furnishings.

#### Dining Room

Dr. Lindblom's handyman-touch shows up again in this room. One wall is highlighted by a unique pattern of dark brown blocks superimposed on aqua. This wall serves as a room divider between this room and the kitchen. The blocks are arranged in stairsteps with knickknacks mounted on the protruding ones.

The long dining room table is in brown and brass and a modern glass hutch is set against one wall.

This room, too, has wall-to-wall carpeting.

#### Kitchen

At one end of the kitchen is a built-in cupboard in light-grained wood. This also was built by Dr. Lindblom. The cupboards above the sink are also built-ins and are metal in dark bronze.

The asphalt tiling on the floor is a brown and beige speckled design. The casement windows are framed with shorty drapes in a floral pattern. Another patio is built off this room.

#### Bedrooms

Right off the living room is the bedroom Mrs. Lindblom laughingly calls "The dormitory." The walls are in a beautiful shade of deep blue, with short drapes at the windows that have bright yellow in the design. Three single beds line the center of the floor, with each having a bookshelf headboard. The dresser and chest of drawers are in pearl gray wood. On one of the chests is a portable TV set.

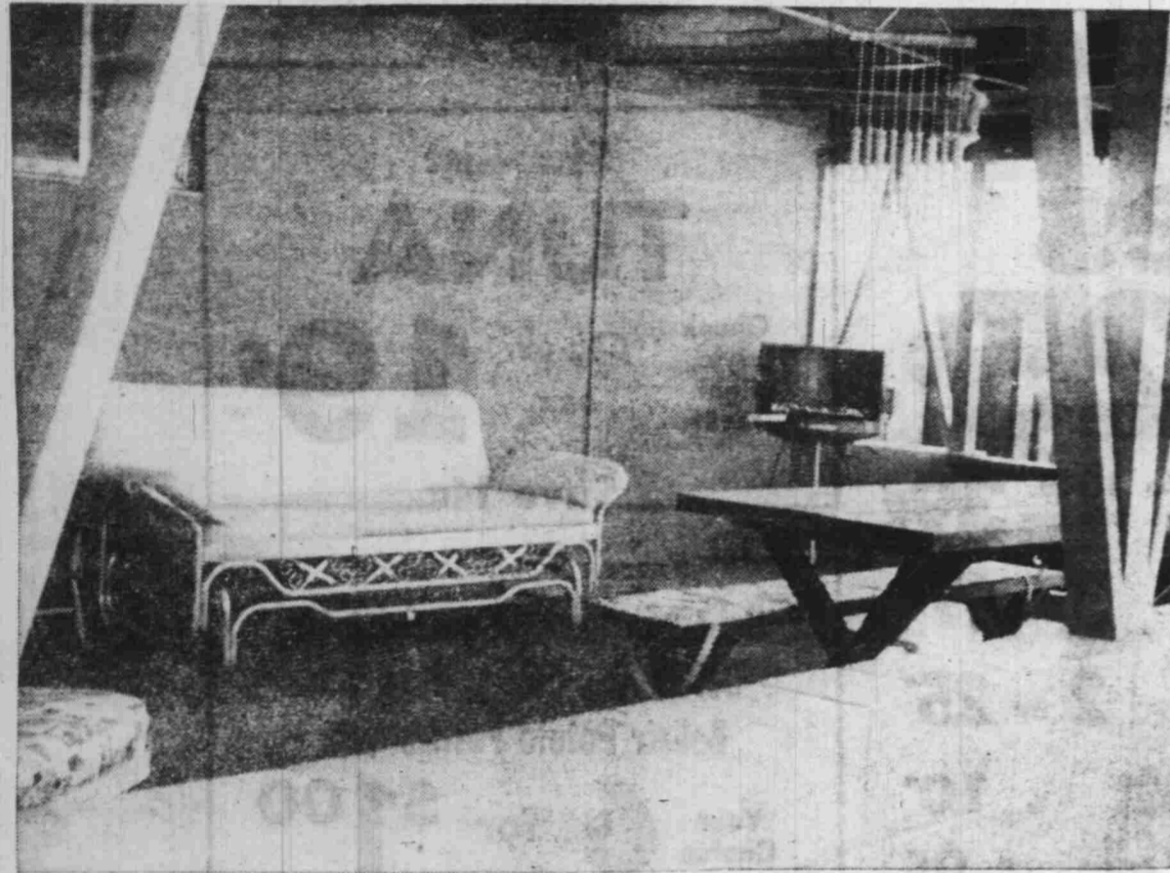

Little three-year-old Barbie's room is very attractive with a modern bed with a beige colored, padded headboard. Perched

on the headboard is a novel Chinese lamp, with Chinese figurines in yellow and black trim. The shorty drapes are white in background, with a green, gray and lavender design throughout. The tiling in Barbie's room is confetti with many flecks of color. Certainly a gay room for such a little gal.

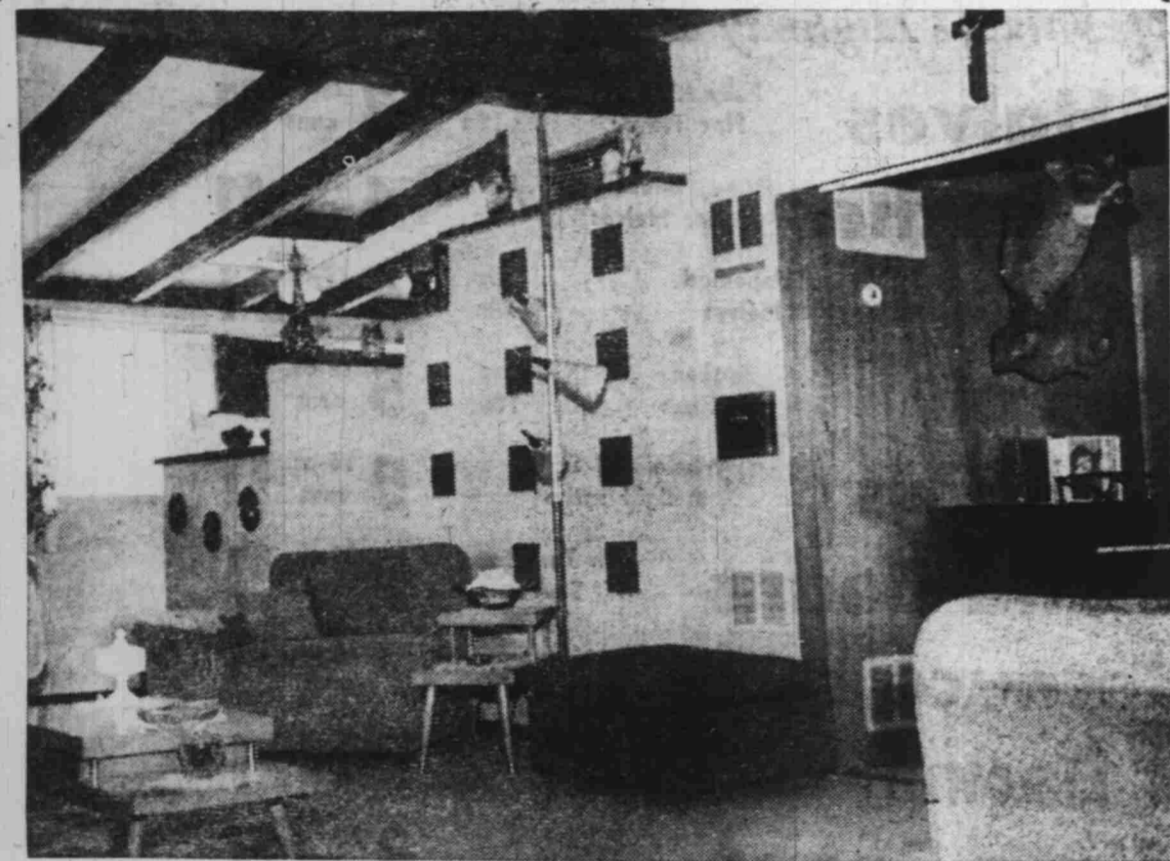

The master bedroom is lovely, with its pink walls, shorty drapes with a beige background and modern design in deeper beige. The bedspread is in polished cotton. It is in a light beige, with a floral trim. The tiling on this floor is black base with the confetti pattern. The furnishings in this room are in lighter woods.

**GRACEFUL AND DURABLE** — The lovely, traceried patterns created by the decorator block wall on the front of the house look like lacework done by a giant hand. The delicate appearance belies the durability of these concrete blocks.

**DESERT LIVING** — This lovely patio, one of two at the home, enables the Lindblom family to take full advantage of the climate here.

**LIVING ROOM** — The partition of blocks in stair-step fashion was built by Dr. Lindblom. It separates the living room from the dining area. At the right side of the photo is the music room with his prized deer head and gun rack displayed over the piano.

**HAPPY BIRTHDAY** — Lyl Burkholder, holding the cake, was pleasantly surprised when committee chairmen of Industrial Days held an impromptu birthday party for him Tuesday night at a meeting in his office. He wasn't talking when someone asked how many years the merry go round on the cake represented.

**SERVICE AWARDS** — Sister Helen Margaret, O.P., Administrator of Rose de Lima Hospital, is shown presenting the 1000 hour disk to Mrs. James Bradford. Other Auxiliary members shown were awarded their 500 hour caps. Shown, from left, are Mmes. Thomas Shaeffer, Frank Thanel, Francis Licini, James Bradword, Sister Helen Margaret, George Minors, Gus Girffre, Herb Tobman and Solange D'Hooghe.

**MARDI GRAS FUND** — Mrs. Hy Portnoy, Ways and Means Chairman of the Rose de Lima Auxiliary, is shown presenting a check for \$12,650 to Sister Helen Margaret, O.P., Administrator. The money, raised at the recent Mardi Gras Ball, will be used to expand the facilities at the hospital.

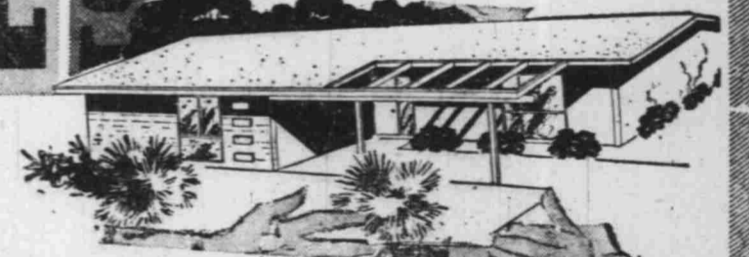

**FOR YOUR HEART'S SAKE** — Mrs. Ralph Armstrong, president, and Mrs. H. S. Jepson, member, of Rose de Lima Auxiliary are shown with the cardiac arrest truck purchased for the hospital with the proceeds of the 1960 Annual Mardi Gras Ball. This machine is the newest aid in the treatment of arrested hearts. It is used to restore heart action without surgery.

Never, but never, has so great a house been offered at such a low, low price!

# Senators Laud Promotion Of Cannon To Brigadier General

"Mr. President, I wish to compliment my friend, HOWARD CANNON, upon his promotion to the rank of brigadier general in the Air Force Reserve. Having been a reservist myself for more than 30 years, I have watched with great interest the way in which he has applied himself to the rather difficult job, at times, for keeping up his Reserve status. I know that be-

fore he became a Member of the Senate, his M-day assignment at Nellis Air Force Base was very assiduously taken care of.

"I know his commanding officer very well, and spoke with him only the other night when he was in town to participate in the award of the Thompson Trophy.

"HOWARD CANNON not only

has kept up the requirements for promotion in the Air Force Reserve, in the matter of attending drills and corresponding work, but he is current in the flying of jet aircraft. I know that just recently he flew the B-58, which is our fastest small bomber. He does these things in addition to his Senate duties. I can say from experience that it is sometimes very difficult to do."

The above compliments given Senator Howard W. Cannon were made last week on the U. S. Senate Floor as Senator Barry Goldwater (R-Ariz.), Goldwater, himself a jet-pilot of brigadier rank, joined with a multitude of Cannon's colleagues to congratulate him on his recent promotion to brigadier general.

Alan Bible, Nevada's Senior Senator, first rose to his feet to pay tribute to Cannon by relating his military background. Senator Bible related, "Senator HOWARD CANNON entered the service of his country as a first lieutenant in 1941 and had attained the rank of lieutenant colonel at the time of his separation in 1946. What transpired in those years, Mr. President, provides eloquent testimony to the calibre of the man who now sits with us in this great deliberative body."

Senator Bible continued, "During a fierce air battle over Holland, his plane was riddled by hostile gunfire and he parachuted to safety far behind the enemy lines. With the aid of valiant underground partisans and his own keen wits, he managed to elude capture by the Nazis and—42 long days later—safely reached the Allied lines."

Immediately following Senator Bible's tribute Senator Monroney of Oklahoma stated, "I

think it is a distinct privilege to be allowed to serve with a man who is so familiar with and who understands so well the problems of our air age and our necessary defense capabilities."

Senator Prescott Bush of Connecticut, Republican member of the Armed Services Committee, came to his feet and referred to Cannon as a man who "has been very wise and forthright in his decisions, partially as a result of his extraordinary service in the Air Force of the United States."

Senator Fong of Hawaii told of his pride in having the honor of representing the United States Senate in Argentina with Senator Cannon last year. In telling of the trip to Argentina the Hawaiian said, "The junior Senator from Nevada served as a delegate from the Senate with great distinction and honor."

The fine display of affection the Senate has for Howard W. Cannon continued with a total of twenty-one men from both sides of the aisle making their feelings known.

Kenneth Keating (R-N. Y.) summed up the feelings of his colleagues when he said, "We all wish him well. We hope he will not be called to active duty and leave us holding the bag here in the Senate. We who serve with him enjoy his company and the warmth of his personality. We know also that the Air Force has acted wisely in making him a brigadier general."

## Connie Malcolm Entertains at Epsilon Meeting

Miss Connie Malcolm entertained the recent meeting of Epsilon Chapter of Delta Kappa Gamma with an interesting comparison of the school curricula and methods found in several European and Asiatic countries.

The speaker had a chance to become acquainted with many different cultures during her 4 years of teaching in overseas military installations. During the social hour, Miss Malcolm also displayed and commented on many of her slides, taken while teaching overseas.

The meeting was held at the home of Mrs. Marion Lindsmith, 314 Nebraska avenue with Mmes. Wilma Keenan and Dorothy Johnson as co-hostesses.

During the business session, conducted by President Alvera McMillin, it was decided to assess each member one dollar as a donation to the Henderson Council PTA scholarship fund. Since Delta Kappa Gamma is a national teachers' organization, Epsilon Chapter members expressed that opinion that a scholarship fund is a very appropriate project, and said it is hoped they can start one of their own in the near future.

## TMCA AWARDS 5-YEAR BUTTONS

W. I. Nickell, Jr., and R. D. Fairbanks were awarded five-year service buttons at TMCA recently. Both men were employed by the firm in March of 1956.

Uickell is a research assistant in the technical department. He and his family reside in Boulder City.

Fairbanks, a millwright in the mechanical department, is a resident of Henderson.

IN WEDDING ATTIRE — Mrs. LeRoy Phillips, the former Annette Peterson, is shown in the gown she designed for her wedding, January 28, at the LDS Temple in Los Angeles and reception at the LDS Cholla Street Church. Dress designing is a hobby of the new Mrs. Phillips.

### Annette Peterson, LeRoy Phillips Married in LDS Temple Ceremony

Annette Peterson, daughter of Mr. and Mrs. Alton Henry Peterson, 114 Continental street, and LeRoy Paul Phillips, son of Mr. and Mrs. Robert John Benoit, 1236 Darmak Drive, Las Vegas, were married January 28, at the LDS temple in Los Angeles, California.

The wedding reception at the LDS Cholla street church was attended by a large group of friends and relatives and was one of the most colorful events of the season.

For her wedding, the bride designed and fashioned a floor-length gown of white satin, overlaid with tulle and Chantilly lace. The fitted bodice featured a boat neck line, edged in lace, and three-quarter sleeves finished in a matching scallop.

The skirt was fashioned of a complete circle of satin onto which were gathered five graduated tiers of Chantilly lace, each lined with a flounce of tulle. The lower tier was designed so it could be removed leaving the dress waltz length.

The train ensemble of three graceful pinch-drape folds which topped the train which was attached to a removable cummerbund.

Her elbow length veil of sheer illusion was caught up in a crown of crystal beads featuring nine petal like points from which hung matching teardrop crystals. She carried a cascade of purple orchids and stefanots, entwined with ivy and tied with white satin streamers.

Attending the bride as maid of honor was Miss Elaine Phillips. Bridesmaids were Elaine Renie, Judith Hamblin and Linda Bush. Flower girl was Fay Benoit, sister of the bridegroom.

All of the bride's attendants were attired in identical gowns of white silk organza over full, rainbow-striped taffeta slips. The maid of honor carried pink sweetheart roses and lilies of the valley tied with pink satin streamers. The bridesmaids held dainty white tulle parasols decorated with flowers and ribbons to match the belt color of each girl's gown. Corsages were attached to the parasol handles and tied with harmonizing ribbons.

Members of the cast are continuing to meet each evening from 7 to 9:30 p.m. for rehearsals. Last week they started rehearsing without scripts, and each person taking part in the play is now working on characterization.

### Stage Set For Jr. Class Play 'You, The Jury'

A very realistic courtroom has been created in the multi-purpose room at Basic High School where the Junior class play, "You, the Jury," will be presented March 23 and 24, at 8:15 p.m.

The boys of Mr. McDoniel's wood shop classes at the high school have done outstanding work in transforming the stage into a courtroom. Railings have been installed to separate both jury and audience from the area where the judge's bench and witness chair have been constructed with an eye toward realism.

This is an audience participation type play and anyone wishing to become an actor for an evening is asked to sign for jury duty on entering the multi-purpose room. Names of the jurors will be selected from those signing at the door and they will be called on stage to sit in the jury box.

Tickets were distributed by Denell Butler, student director, to all members of the junior class and will also be on sale at the Rexall Drug during the week-end by members of the class. Tickets will also be sold at the door on the nights of the production.

The flower girl carried a basket of beautiful flowers, centered by the bride's corsage.

Bob Clingins attended the bridegroom as best man. Bob Bell, friend of the bridegroom, and the bride's brothers, Berkeley, Ray and Ferrell served as ushers.

Mrs. Peterson chose a dusty rose brocade with pearls and a corsage of golden orchids for her daughter's wedding. The bridegroom's mother, Mrs. Benoit, wore a sheath of royal blue, highlighted by matching jewelry and shoes. She also wore a corsage of golden orchids.

Assisting at the reception were Mmes. Marilyn Lefler, Lola Barton, Fayone Whitehead, Georgia Rider and Claudette Maxfield.

Serving girls were Leslie Sullivan, Connie Mann, Sheryl Sampson, Suzanne Taylor, Darlene Lamoreaux, Kathy Langford, Marla Russell, Arta Vee Twitchell, Sheila Ragozzine, Sharon Jones and Gail Berry.

The base of the four tiered

wedding cake, baked and decorated by the bride, consisted of five eight-inch cakes set in a circle. The upper layers were spaced on decorative separators with the entire cake tapered to give a streamlined, modern effect. Lacy drapings hanging from the upper edge created a three dimensional illusion.

A circle of roses with graduated shadings was set at the base of each section and from this outer edge hung lacy drapings of merange icing.

Bluebirds of happiness accented each layer and the top of the cake was surmounted by a traditional bride and bridegroom set in a maze of fluff decorated with lilies of the valley.

A short musical program included vocal solos, "Temple by the River" and "Because of You," by Roger Traasahl with accompaniment by Roberta Selk. Two numbers, "One Kiss" and "True Love" by Glen Hammond and Sandy Jarrell, accompanied by Mrs. Erlin Tobler; a violin solo, "I Love You Truly," by Clark Higgins with accompaniment by Billie Bates. By special request an interpretative waltz exhibition was danced by the newly-weds to the strains of their theme song, "True Love."

Out of town guests attending the affair were Mr. and Mrs. Reo Perkins, Mrs. Newman Perkins and Mr. and Mrs. Porter Leavitt, all of Salt Lake City, Utah.

The new Mrs. Phillips attended elementary school in Boulder City and graduated from Basic High School with the class of 1958. She attended Brigham Young University for one year and has since worked as an engineering expedior for North American Aviation at Compton, California. Her hobbies are swimming, dancing, dress designing and cake decorating.

The bridegroom was graduated from Las Vegas High School with the class of 1954. He studied art at Woodbury College in Los Angeles prior to entering the U. S. Marine Corps, continuing his studies at Woodbury after completing his military service. He is presently employed with the Metropolitan Transit Authority in Los Angeles.

Among his hobbies are swim-

### HAPPENINGS In VALLEY VIEW

By LORRAINE PURDY DALLEY BOYS HOME

Mr. and Mrs. Rue Dalley and family, 115 Constitution, were happily enjoying their boys, Cardon, and Carlyle recently for a weekend. The brothers attend college in Utah. Cardon, C.S.U. in Cedar City, and Carlyle, Brigham Young University, Provo. They came down to watch the basketball play-offs as they are great fans of Basic High, both attending there at one time.

### URIOSTE BUILDS CAR-PORT

Henry Urioste, 120 Beach, is busily building a carport, to protect their family car from the hot summer sun that is well on the way. Mrs. Urioste is very happy about the whole project too, as it will also shade the home.

### BEAVERS SNOWED OUT

Mr. and Mrs. Hulen Beavers and children, 123 Dogwood, thought they'd take a trip to Mr. Charleston for an outing recently. Mrs. Beaver said, "We were so cold, and it snowed us out." They didn't wear warm enough clothing for the trip, but they did build a campfire and roasted weiners.

### VOSES BUSY PLANTING

Mr. and Mrs. Elmore Vose, 102 Fir, have been busy renovating both their front and back lawns. They also had a sprinkling-system put in, making the watering much more pleasant in the hot months to come.

All they're waiting for now is

ming, dancing and shooting and he has won honors in each. He prefers the rifle in shooting and has won the classification of expert several times.

Following a honeymoon in Henderson and at the Beverly-Hilton Hotel in Westwood, California, the young couple will make their home at 2626 Idell Street, Los Angeles.

the grass to start popping up. Sure sign of spring!

### CECICH'S GO BOATING

Recently Mr. and Mrs. Dan Cecich and children, 115 Fir went for a boat ride on Lake Mead. Accompanying them on the excursion was Mrs. Cecich's sister, Mrs. Therta Cabin.

### CHRISTOS ENTERTAIN PARENTS

The George Christos family, 105 Ash, were busy entertaining her parents, Mr. and Mrs. R. N. Cool, of Sacramento, California. They spent several days visiting.

### RICKEY ANGLY RETURNS TO HOSPITAL

Ricky Angley, son of Mr. and Mrs. Lucky Angley, 117 Ash, was taken back to Rose de Lima, after a tonsilectomy recently, as he had a slight bleeding start, due to coughing. He is just fine once again, and back home.

Paul Hartman: Some of the performers who've become teenage institutions sound as if they belong in one.

### Ruth Soehke Topples Most Pins For No. 1 Spot In City Tourney

The fourth annual Henderson Woman's City Bowling Tournament opened at 8:30 p.m. Friday, with the presentation of colors by Klyda Hargrove, Laura Pagan and Patti Pfeiffer. Brownies from troop no. 105 under their leader Mrs. Billie Hargrove. Following the playing of the Star Spangled Banner, the Invocation was given by Bishop T. Lefler of the L.D.S. Church, third ward.

A welcoming speech was given by Barbara Olenzler, President of the Henderson Woman's Bowling Association.

Mimi Joy Bell, daughter of Helen Bell, Secretary of the Association, presented the scissors to Barbara Olenzler, who cut the ribbon to officially open the alleys to the women.

Joe Williams, manager of the Henderson Bowl, delivered the first ball prior to the introduction of the Bowlers by Helen Bell, Secretary of the Association.

Official results of the Tournament are as follows:

**High Scratch** Game of the Tournament was rolled by Sallie Leming who rolled a game of 266.

Speedballs	22 6
Mavericks	15 13
Whitehats	12 16
Puffers	7 21

Basketball, a game that has gained much stature in the past two decades, is in dire danger of being set back to obscurity Friday night when the Lions, Kiwanis and Rotary clubs make an assault on the dignity of the game and the credulity of spectators in the name of charity.

The occasion will be the first activity of the 1961 Industrial Day decennial celebration, a shindig cooked up by the civic clubs to promote sales of Booster Buttons. Admission to the game (?) will be the purchase and display of a Booster Button. Children will be admitted free if accompanied by an adult who has a Booster Button.

Proceeds from sales of the Buttons will be used for purchase of a Visual Tester for Henderson schools.

In what has been loosely described as an athletic contest, the Lions and Kiwanis will tangle in a parody of basketball while the Rotarians, making sure that the final result will only vaguely resemble sport.

★ ★ ★

will referee.

The Basic high school Dertaires will perform at half-time, the Do-Si-Don't square dance club will present several numbers and many other entertainment acts have been arranged by the clubs.

#### Kiwanis Lineup

The Kiwanis will be led by Dr. Stan Jones, a 6'4" hunk of man with considerable athletic talents. He will be playing under a terrific handicap with such team mates as:

**Keith Lopeman**, club president. He was a lousy ball player in his younger days and has deteriorated somewhat in the meantime. However, he has gained considerably in underhanded tactics and general skulduggery and can be counted on to keep things lively.

**Larry Rostine**, an engineer at Stauffer Chemical. His duties are not conducive to all around athletic prowess but he has watched a couple of games and so considers himself an expert in the game. His play is pat-

★ ★ ★

terned after that of Wilt the Stilt Chamberlin. He isn't quite as tall as Wilt, 6' against 7'4", so the results sometimes are a bit ridiculous.

**Tommy Barilleaux**: Car salesman for Dick Stewart Motors. Members of the team have complained to Coach Ralph Kramer and Jerry Pico, Strategy Expert, that they can't tell when Tommy is running or rolling. He can be counted on to confuse the opposition, they can't tell whether he is laying down or standing up as he's just about as tall one way as the other.

**Dick Pryor**: Wire chief at the Henderson Telephone Co. Owner **Hersh Trumbo** is a member of the opposing Lions so Dick will be in a precarious position. If he wins, he gets fired and if he loses or throws the game, the Kiwanis have a bucket of tar and a sack of feathers. Probably won't make any difference though, it's been so long since he ran more than three steps that you can get two to one he won't be able to make it from

★ ★ ★

one end of the gym to the other.

**Dr. Melvin Bagley**: Local optometrist. He played for the Utes at Utah State in his collegiate days, but a lot of water has flowed under the bridge since then. He should do a creditable job if somebody doesn't steal his glasses. Without them he won't be able to see up to the basket.

**Bob Kesterson**: Engineer at Pacific Engineering and City Councilman. Bob will be shaking hands and kissing babies in his quest for the Mayor's job in the next election and probably won't be bothered much with playing basketball. Then too, the Lions have a lot of votes and he won't want to alienate them. On the other hand the Kiwanis have a considerable bunch of ballots so he might decide to just stand on the sidelines and cheer for both teams. But, if he does that, the Rotary might be irked because he'll be usurping one of their privileges.

**Rev. Terry Kramer**: Lutheran Church. He'll have a little trouble playing because he'll have to wear earplugs. His presence will make the game a bit more sedate, though not much.

**Frank Plamondon**: Manager of the Henderson Lumber Co. It has been rumored he'll be wearing spiked shoes in an effort to get a contract for a new gym floor. He is one of the taller men on the team at five feet and six inches, stretched out.

**Jack Hallihan**: Beltone hearing aid salesman. The experienced member of the team. He's on the shady side of 40 and can be used only in spots — short spots. Long ones would ruin him. Besides that, he'll be watching for prospects and can't be counted on to keep his eye on the ball.

**Don Dawson**: City Auditor. He's so bleary from meetings over the new City budget that he can't count over 10 without taking off his shoes. He'll be responsible for seeing that the Lions don't add on three points for each basket instead of two.

**Lions Roster**  
The Lions will field a formidable array of talent against their arch foes.

Leading the crew of uncaged beasts will be **Merl Rhees**, alleged to be the mastermind behind the scenes. He is one of the taller men at 6'2" but this height is offset by short wind. In his work at Pacific Engineering he doesn't get much of a chance to run, except away from the boss and after pretty secretaries, but informed sources claim he has a fighting heart.

**Frank Schreck**: Office Manager at Stauffer Chemical. He's said to be three or four inches over six feet. This can't be confirmed as nobody has ever caught him standing up long enough to stretch a tape measure. It is rumored he is coached by his son, a member of the high school varsity.

**Dalby Shirley**: Graduate of the University of Idaho and City Recreation Director. Dalby is suffering from an acute case of approaching middle age and is a probable starter but a doubtful finisher. It's said he's trying to get his wife to substitute for him.

**Chuck Caloway**: Junior High school teacher. He was a star athlete at Basic High school 10 years ago and since that time hasn't stretched any muscle unless under duress. It is expected he will endeavor to bring the game up to a high academic level.

**Dave Sandin**: Bartender at Dante's Cocktail Lounge. He has been called one of the foremost spiritual leaders in town — he dispenses more spirits than anyone. However, his name has never been mentioned in the same breath with physical labor. Like all bartenders he has a tremendous store of stories and it is expected that he will keep up a running fire of commentary during the game, trying to lull the opposition to sleep.

**Ray Ley**: Dispatcher for Mayflower. Has been seen in various shops, trying to purchase one transparent hoop cover. His theory is "if you can't beat 'em fair, clobber 'em anyway that comes handy."

**Dick Waldman**: Employed at American Potash. He's not much of a basketball player but is some mean shakes as a golfer. Might bring his clubs with him and practice putting during the game.

**Dick "Man Mountain Dean" Geuder**: Music teacher at Townsite Elementary school. He stands 8'2" (on top of a four foot stepladder). He is reported to be a wizard with the flute and might try to use ancient Indian melodies to hypnotize the Kiwanis.

### Rotary Will Refree Contest; 1st Activity In 1961 Industrial Days

**THIS IS BASKETBALL?** Keith Lopeman, right, shows how his Kiwanis team promises to overshadow the Lions Friday night at the high school gym at 8 when they meet in an alleged basketball game to promote the sale of Industrial Days Booster Buttons. Dick Gueder, the low man on this totem pole, says that when the Lions post man, Mike O'Callaghan, swings into action, the "older" Kiwanis won't have a chance. Since Mike is an Irishman through and through, and Friday is St. Patrick's Day, the Lions have all the omens working for them.

### Ora Norris Bowls High Game, Series in Powderpuff

Ora Norris caught fire in the Powderpuff League as she fired 192-187-126 games for a series total count of 505. Her 192 was good for high single game and her second-high tied with Sharon Berry for third place.

Betty Lorentz cut loose with a 501 for second place in the series sweepstakes with third high going to Rea Van Katwyk.

### Tally Ho Team Sets New High In Ten Pin Trio

The lady keggers on the Tally Ho team racked up 576 pins in a single game at Henderson Bowl in the Ten Pin Scratch Trio for a new season's high. Second place in the team competition went to Showboat Lanes with 569.

This order was reversed in total count for the three game series, with Showboat out in front 2,068 to Tally Ho's 2,015. Velma Taney was high individual, edging out Marge Pitts, 219 to 216.

Marge Pitts counted the high series, 745, with Lil eWise second at 739.

Others cracking the 200 barrier were: Jean Williamson, 213; Lil Weise, 208; Dottie Bray, 206; Liz Bondurant, 203.

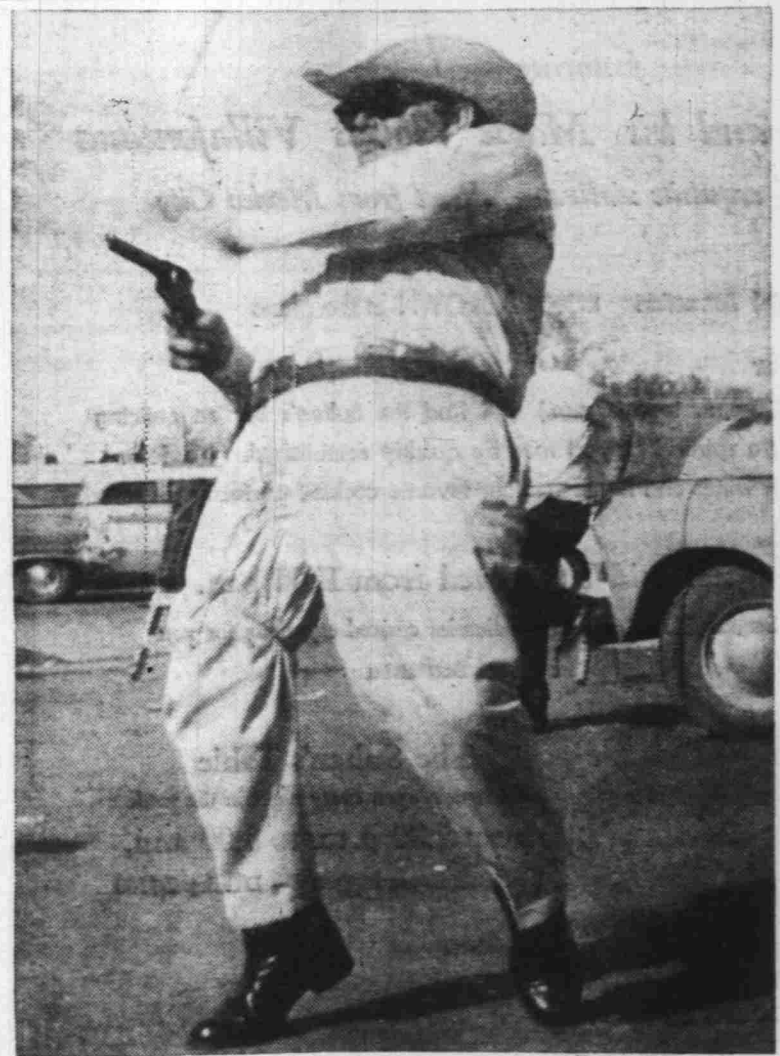

Splits were picked up by M. A. Munro, 4-10; Dottie Bray, 6-7; Louise Knepper, 4-5-7; and Connie Tornabene, 5-7.

Standings	Won	Lost
For Market Town	68½	35½
Frontier Nursery	59	45
Showboat Lanes	57½	46½
Rexall Drug	52½	51½
Cardys TV	52½	51½
Norm Gray's Texaco	50½	53½
Station	49	55
Walgreen Drug	49	55
Tally Ho	45½	58½
Denton Pharmacy	43	61

who counted a nice 494.

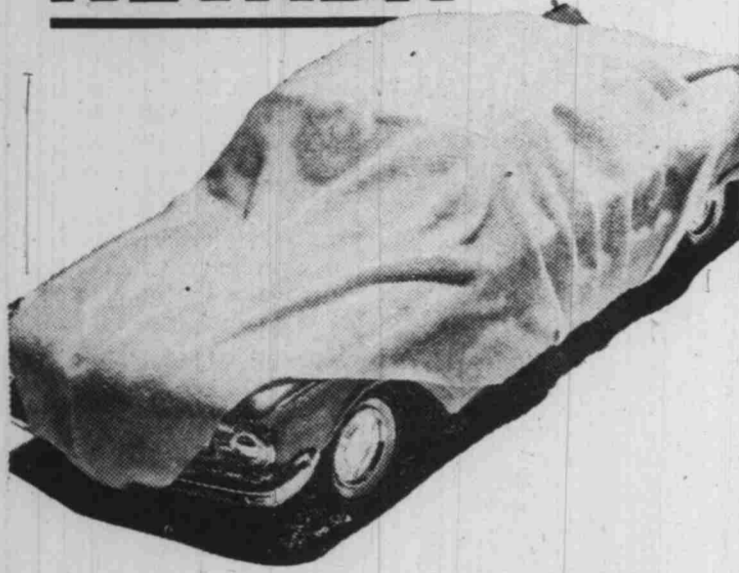

The Merchanettes took high team series with 2332 and Sutton Vending bowled the high single game for teams, 818 pins.

Dot Perry hung her ball on the edge of the gutter to convert the very difficult 6-7-10 split. Other splits converted were: Irene Higgins, 2-7; Nancy Watson, 5-6; Marie Thomas, 3-9-10; Ora Norris, 5-7.

**YUH GOT ME!** — Bill Close jerks with the effort of gettin' his shootin' iron out of leather in the fast draw contest held downtown Sunday.

# THE BEST AUTOMOBILE BUY IN NEVADA

## \$1000 In Prizes Await Fishermen

Bass fishermen will angle for \$1,000 in cash prizes along with some lively big mouth bass fishing on Lake Mead in the first annual tagged fish Derby starting March 25 on the bosom of the big blue Lake Mead Recreation area lake behind Hoover (Boulder) dam.

The tagged fish caught from March 25 to April 9, 1961, in the "lower basin" of Mead will entitle the captors to prizes up to \$500, according to Hal Brown, president of the Boulder Boater Club.

"It's a good time for desert fishing in the ideal spring weather of late March and early April," Brown said, "and added to fishin' fun is hope of snagging a big one with a tag in his gill!"

"Then phone me at Boulder City 201, to collect the amount printed on the tag," he said.

"There'll be one for \$500, one for \$100, two each for \$50, four each tagged for \$25 and twenty each calling for payment of \$10.

"The fish will be tagged before your March 25 fishing," he said "and first come first served — in our spring sunshine — and via sizzling skillet — and with winning shekels where earned."

## GARDEN TALK

**By Elizabeth Totten**  
Last week we started discussing landscaping. Let us continue this week, keeping the thought of design in mind. The reason we, as home owners, study landscaping is to create a pleasing appearance and to combine that with the functional aspects our individual families require.

In giving serious consideration to landscaping, start with the basic backdrops . . . a good lawn, well spaced and selected trees, proper driveway and paths, plus good looking fencing.

Properly situated shrubs and trees can do much to modify the lines of a house. Make a sketch, drawing to scale, the height of your house in relationship to the foundation shrubbery and trees (using the height of their anticipated mature growth). Because the entrance is the most important feature of your house, start your planning with this in mind. You will use shrubs that direct the eyes toward the door. The tallest shrubbery goes at the corners of the house. Place low plants in front of the tall ones. Low plants go under the windows.

Curving paths add interest to your garden . . . as opposed to the straight walk. Curving the edges of your flower beds is more pleasing, too, than a straight line, and gives an informal feel to your garden.

Vines add much to landscaping. They seem to integrate other plantings, giving a softening effect. Vines, too, should not be overlooked as an answer to shutting off an eye-sore, such as an ugly fence.

If your yard is small, as most of them are in this town, it will appear larger if the flower beds are kept against the boundaries of your lot. Little islands of flower beds give a cut-up, cluttered appearance and make your lawn area appear smaller.

To add a graceful note to your grounds, nothing can beat the artistry of a shallow pool of some kind. It is very pleasing to the senses. It should be placed where it can be seen from several points in the garden.

Proper landscaping means proper planning. With proper planning you will do things gradually. Your grounds will never be bare; on the other hand they will not be cluttered, either. Plan to effect such a good balance that if you see a plant or shrub which you dearly want, you will have a place for it.

As we drive around town we see many homes which are beautifully landscaped. We know we will be seeing many more this year.

### PROF. HIGGINBOTHAM KEEPS HONOR SPOT ON JOURNALISM BOARD

Professor A. L. Higginbotham of the University of Nevada has been re-appointed chairman of the editorial board of "The Journalism Educator."

In the post, the Nevada journalism professor will serve for a fourth term in directing the policies of the national quarterly devoted to higher education for the profession.

Announcement of the appointment was made by Prof. Hillier Kriehbaum of New York University, president of The American Society of Journalism School Administrators, which publishes the magazine.

Higginbotham also has served for three years as a member of the editorial board of "The Journalism Quarterly" companion publication, devoted to research in journalism.

### BOB CHRISTENSON JOINS ARMY

It has been reported that Bob Christenson will be leaving on March 20 for Fort Ord in California as he has recently been enlisted into the Army.

Bob, son of Mr. and Mrs. Alvin Christenson of 407 Republic Street, was graduated from Basic High School with the Class of 1960 where he was an honor student.

## Auxiliary Gives Cardiac Truck To Rose de Lima

A Cardiac Resuscitation Truck, the newest development for the treatment of heart ailments, was recently presented to Rose de Lima Hospital by the Hospital Auxiliary, it was announced by Sister Helen Margaret, O. P. administrator.

The truck was purchased with proceeds from the 1960 Mardi Gras Ball, which also provided funds for part of the furnishings of the operating room.

Elliott Farnsworth, President of Corbin Farnsworth, Inc. of Palo Alto, California, demonstrated the resuscitation truck before doctors of the hospital staff at Rose de Lima Tuesday evening, March 7.

With the use of the cardiac resuscitator, it is possible to massage a failing heart or arrested heart without opening the chest.

This truck has the external and internal defibrillators, complete with a pace-maker that regulates the heart beat to the required number of beats per minute by the setting of a dial.

It also has a cardiograph that records visibly the electrocardiograms of two patients at the same time.

This new development was written up in the July 9 issue of the Journal of the American Medical Association by three doctors on the staff of John Hopkins University School of Medicine, who said: "This cardiac resuscitator solves the previous limitations of closed chest resuscitation."

In demonstrating the new equipment for the doctors at Rose de Lima, Mr. Farnsworth congratulated the hospital for being the first in this area to install the cardiac resuscitation truck.

### FLUTE SCHOLARSHIPS TO CAMP AVAILABLE

Two "Julius Baker Flute Scholarships" to the Lake Tahoe Music Camp have been established by the W. T. Armstrong Flute Company of Elkhart, Indiana, according to an announcement released by Dr. John Carriaco, camp director.

Besides instruction by Julius Baker, world-famous flutist of New York City, recipients of the Armstrong awards will be granted room and board plus tuition to the 5th annual Tahoe Music Camp, sponsored by the University of Nevada's Music Department, August 6-19.

Music directors, teachers or students interested in details concerning the scholarships should contact Director, Lake Tahoe Music Camp, University of Nevada, Reno.

### VERNAL EQUINOX

Spring is really under way. At the elevations of Lakes Mead and Mohave, the wild annuals have reached peak of their blooming period and just last week Esther Shipp called and reported the first Beavertail Cactus bloom. Yet spring is not officially here until the vernal equinox. The vernal equinox is the day the sun crosses the equator and spends the next six months warming the residents of the northern hemisphere. As you know, the period which is winter here is really the summer period in South America and other continents below the equator. The Latin word "equinox" means "equal night." On March 21 and on September 23 when the sun crosses the equator in the opposite direction, the length of the night and day are equal.

Right now our days are lengthening the fastest — some two to three minutes per day. At different times during the year, the increase or decrease in the day is not equal. That is partly because the earth's orbit around the sun is not exactly circular, and because the earth spins on an axis tilted 23 and a half degrees. If the earth were not tilted, the sun would stand in one spot year around and days and nights would be the same, and the climate at any one place would be the same year around.

In a country such as ours, — spring is more dramatic than the mere mechanics of the vernal equinox. There is not an abrupt break from winter to summer. Instead, there is a regular orderly progression of things happening. Trees bud and produce leaves, and flowers burst forth at the lower elevations, and as they pass their peak blooming periods, plants at higher elevations come into bloom and repeat the process.

Snakes and lizards come from their places of hibernation and waves of birds sweep northward to nest.

Yes, spring is the reawakening of life — it is the sunrise of the year . . .

### Sunday Sermon, Topic Announced

Man is sustained under all circumstances through an understanding of God's omnipotence. This theme will be emphasized Sunday at Christian Science Church services.

Keynoting the lesson-sermon entitled "Matter" is the golden text from Psalms (73:26); "My flesh and my heart faileth: but God is the strength of my heart, and my portion for ever."

## Indoor Pistol Meet Set Friday Night

The Boulder Rifle & Pistol Club, Inc. will be hosts for the Boulder NRA approved indoor tournament next Friday night at 7:30 is was announced today by Sherril Ware, pistol officer, for the club. The match in which .22 calibre pistols will be fired at 50 feet has been approved by the National Rifle Association and will be held at the club's Lakeview range.

Dale Blanchard of Henderson and Major Jack Brown of Nellis Air Base were the gold medal winners at Sunday's well attended Boulder NRA approved indoor pistol tournament. The national match course of fire was used in all matches. Blanchard's

winning score was a 286 in the .22 calibre match while Brown won the center fire with a 286 and the .45 calibre with a 285.

Other winners in the .22 calibre match were Sherril Ware with a 279 in the sharpshooter class and Billie Flower of Las Vegas in the marksman class with a 252. In the center fire match, Wally Jonasen with a 264 won the sharpshooter award and Phil Flower of Las Vegas won the sharpshooter award in the .45 calibre match with a 264. Willie Toddy of Las Vegas was high shooter in both the .22 calibre and center fire guns in the unclassified group.

## 17 Million Owners Can't Be Wrong

On the road right now are more than 17,000,000 Chevrolets—more by far than any other car in the world. I think you'll agree this is overwhelming proof of Chevrolet's value—and this year's Chevy is even better.

Come in and see what we mean. See all that's new and nice in the '61 Chevy—and drive one once around the block. It'll give you a good indication of why Chevrolet, over the years, has been the most popular car by far.

Let's talk, too, about the exceptional trade-in offer which we can make on your car right now. Just ask for me. I promise you more car for your money—and more money for your car.

Sincerely  
Hugh Slocumb  
Manager

P.S. We also have the best selection of low-priced, reconditioned OK Used Cars.

## TMCA Employees Further Education For Better Jobs With Company Help

Many employees at the local TMCA plant are taking courses ranging from thermodynamics time and motion study to business communications and general high school in their spare time. They are pioneers in the new practice of industry searching for future leaders from its own ranks.

Just recently TMCA initiated this program to help its employees to expand their education and prepare themselves for higher positions with the company shouldering part of the costs.

Stan Albiston, Industrial Relations Assistant and administrator of the program, said response has been good.

Competition for college graduates has steadily grown in the past decade or so until campuses look like pseudo slave auctions at graduation time. Since it is impossible for a company to attract enough qualified men from colleges and universities, they have instituted

training programs. Many of the schedules offer scholarships to high school seniors and others give financial help to young men and women in their quest for higher education.

The program carried on by TMCA puts emphasis on all types of education, not just college. Company officials reason that any employee will be able to do a better job for himself and for the company if he has

additional education.

An employee may take any course designed to increase his efficiency in his present position or prepare him for a higher job. Upon satisfactory completion of the course, TMCA will foot half of the bill.

Albiston said that numerous inquiries have been received by his office about the program and that when the fall semester opens at Nevada Southern Uni-

versity he expects a considerable increase in participation.

Those taking the courses are: Carl Blake, NSU, Time and Motion Studies; Alex Boozenny; A. Duane Gilger, NSU, General Physics for Engineers, Physical Measurements (working toward an A.B. degree in physics); Norman A. Harris, NSU, Engineering Materials and Processes; John A. Hansen, NSU, Physics, Physics Lab, English and Economics (working toward a degree in engineering); Jay J. Henderson, NSU, Elementary mathematics analysis; Robert W. Hilton, NSU, Time and Motion Study; Joseph F. Medina, Correspondence, General High School; Leo P. Miller, NSU, Business Communications and Principles of Economics; L. G. Nannini, NSU, Advanced Management and Personnel Problems; R. E. Peebles, NSU, Engineering Materials and Processes; Harry W. Rissinger, NSU, Time and Motion Study; Don Schow, NSU, Introduction to Organic Chemistry, English Composition and Rhetoric; Shirley Zike, Business Communication.

## Odd Fellows and Rebekahs Host Tri-State Meeting Sat. In Henderson

Tucker Lodge 52, IOOF and Sunshine Rebekah Lodge 41 will be host and hostess lodges for the Annual Tri-State Meeting of Odd Fellows and Rebekahs to be held here this Saturday.

Participating lodges will be those from Needles, California; Kingman, Arizona; Las Vegas, Boulder City and Henderson, Nevada.

Odd Fellow officers are William Smiddy, chairman; and Charles Higley, secretary; both of Tucker Lodge. Rebekah officers are Agnes Johnson of Boulder City, president; Minnie Archer, Needles, vice-president; Vivian Wile, Henderson, secretary; Louise Huey, Kingman, treasurer; Pearl Atherton, Las Vegas, chaplain.

Registration will open at 10 a.m. in the Valley View School multi-purpose room. Meetings will open at 1 p.m. with the Odd Fellows convening in the Victory Village auditorium and the Rebekahs in the multi-purpose room of Valley View School.

A banquet will be held at the Elks lodge at 6 p.m. and will feature a drawing for a door prize.

Following the banquet the Odd Fellows and Rebekahs will hold a joint meeting in the multi-purpose room at Valley View School, starting at 7:30 p.m.

### "EASTER BUNNY HOP" THEME OF LDS BALL

The LDS Second Ward Gold and Green ball, Saturday, Mar. 18, will carry the theme of "Easter Bunny Hop." Dancing at the Ocean street church recreation hall will begin at 8:30 p.m.

The ball will feature a live orchestra, floor show, refreshments and decorations. Admission will be 75 cents a couple, 25 cents stag.

Officers and teachers of the Mutual Improvement Association, assisted by Raymond Currier, Sally Jensen, Ed Brochel, Ronnie Nelson and LeRoy Peters are handling the arrangements.

The public is invited to attend.

This meeting will be open to the public.

Principal speakers will be Mrs. Rose Seelye of Los Angeles, Cal., past President of the Rebekah Assembly of California; and her husband, Edward Seelye, past Grand Master of IOOF of California.

Films will be shown of the United Nations "Pilgrimage for Peace."

Odd Fellows and Rebekahs throughout the United States sponsor students each year so they may take this tour. Entertainment will also be provided by the Steperettes and the Theta Rho Club of Las Vegas.

## Royal Neighbors Prepare For State Convention

The March 4 meeting of the Royal Neighbors of America was devoted to preparation for the State Convention at Reno in May, except for a short business session. A letter from Governor Grant Sawyer, congratulating Frances Webb on her election as Oracle, was read to the group.

Present were Mamie Vincent, Lucille Virden, Louise Laffoon, Mabel Newton, Helen Bickstaff, Frances Webb, Opal Parker, Lela Buescher, Bernice Kwicic, Bebee Linn, Catherine Jones, Alice Smiddy, Ora Norris, Orrel Lindsey, Mary Foster, Wanda Parisenti, Zelma Choate and Mary Virden.

At the next meeting, on Mar. 17, the early part of the evening will be devoted to drill practice, followed by a potluck supper and bingo.

## Nurses and Easter

Easter Sunday is a happy time at Cook County School of Nursing in Chicago. Graduate and student nurses, working under the direction of a Faculty committee, plan from year to year to assure success for the traditional Easter Breakfast. Friends come from all parts of the city to enjoy this unique and colorful event in the Nurses' Residence.

while table center pieces are many and unique.

Breakfast is served from 6 A.M. until noon. This makes it possible for families and friends to enjoy the occasion with the doctors and nurses who will spend the day caring for patients. The Faculty and students work together to cook and do the serving.

National attention has come to the Easter Breakfast. The huge ostrich egg in this picture is a gift from the St. Louis Zoo; and more are promised this year from Africa U.S.A. in Florida.

Contributions go to the Scholarship and Student Aid Fund.

Just a moment, Young Man . . .

If something happens to you, what happens to your family?

- Will they have a home?
- Will your wife be able to keep up the payments?
- Will your children be properly educated?

Beneficial Life Insurance has the answers.
