LOCAL PRODUCTS RIDING WITH U.S. TRY TO PUT MAN IN ORBIT

AUCTION MANGANESE TODAY

They're putting the old Three Kids mine on the block tomorrow—the five million dollar installation which for many years provided work for 150 men in this area when it was operated by Manganese Inc.

World famous auctioneer, Milton Wershow, of Los Angeles, will handle the two day affair which starts at 9:30 this morning and runs thru tomorrow night.

Everything from typewriters to jaw crushers, from conveyors to portable light plants, from transformers to sand pumps, from kilns to dazor lamps will go under the hammer, according to the auctioneer's ad, which appears in this newspaper today.

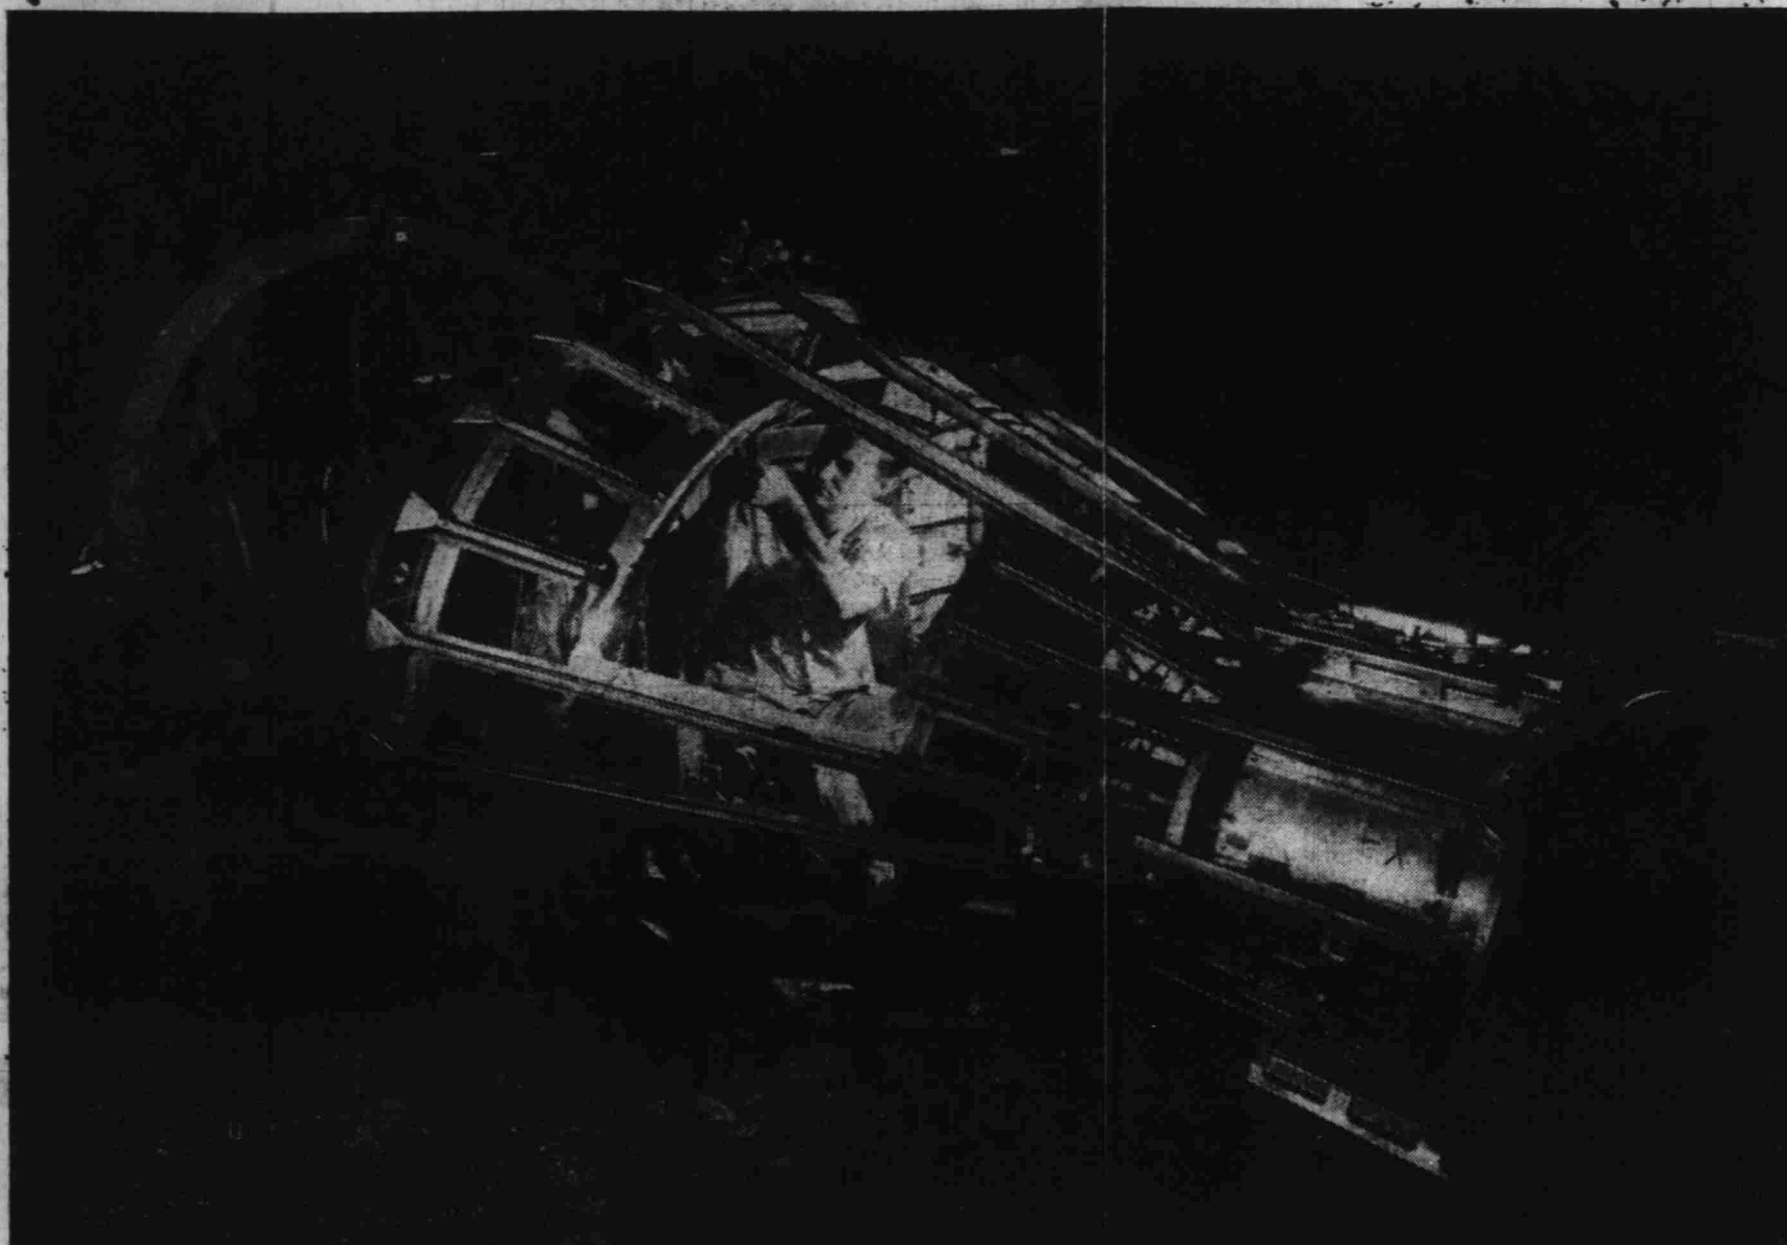

The most valuable possession of Manganese owned—the right to a large block of Hoover Dam power—was purchased by BMI for a reported \$100,000. Though Governor Sawyer objected to this transaction, seeking instead to keep the power for new industry, it was legally impossible.

MRS. LEGGETT HOSTS JOYFUL BLUBIRDS

Bluebirds to Joyful Troop met recently at the home of their leaders, Mrs. Don Leggett, 119 Hickory street.

New officers elected were, President Shelley Leggett; Vice-President Doristene Reese; Doris Reese, secretary; Michelle Drew, treasurer; and Deborah Gurr, scribe.

HENDERSON HOME NEWS
Established 1950 and published every Tuesday and Thursday Mornings at VICTORY VILLAGE CENTER

THE MERCURY CAPSULE which Saturday will carry Captain Glenn into the heavens in this country's effort to put a man in orbit will be built, in a major portion, with titanium originating from the local Titanium Corporation's plant here. Above is shown the all-titanium frame of hat section stringers and machined rings. Every Hendersonian can feel proud of our local firm's having a hand in the great experiment.

AND HERE is the mighty Atlas missile, which will carry Capt. Glenn in its nose cone when the mighty effort is made this week — planned for Saturday early morning — to put a human in orbit. The Atlas in many of its component parts is made of titanium originating in Henderson. Just as is the liquid and solid fuel supplied from American Potash and Pacific Engineering production here.

Astronaut John H. Glenn, Jr. is scheduled to ride a space capsule which he named "Friendship-7" on America's first manned orbital flight around earth Saturday.

Friendship-7, like the space capsules which carried astronauts Alan B. Shepard, Jr. and Virgil I. Grissom on sub-orbital flights last year, is made of titanium, supplied for the purpose by Titanium Metals Corporation of America.

The Atlas missile which will boost the space capsule into orbit is equipped with a titanium pressure vessel which was developed to a practical reality for the Atlas.

The original stainless sphere for helium storage weighed 205 pounds. It was replaced by titanium weighing 9 pounds. Such pressure vessels are now used in most missiles and in the X-15.

If all goes according to plan, the slim, 40-year old space pilot will cover 81,000 miles through three orbits, ranging as far north as the southern tier of the United States and as far south as Africa's Cape of Good Hope, before making a parachute landing inside the capsule.

The launching, flight and landing will be shown on television and the HOME NEWS suggests that anyone who has been feeling a little gloomy or doubtful of the future of Henderson, watch the U.S. put its first manned space vehicle into orbit.

Stick your chest out as you realize the tremendous contribution Henderson industries are making in today's conquest of space.

ANOTHER NEW STARLITE HOME went into private ownership this week as Mrs. Allen Haberman acquired title of one of the attractive new three bedroom houses in the city's newest subdivision. She is shown here receiving final papers from Salesman Bill Peisker of the Security Realty company, exclusive agents for the project, which now is featuring homes at no down payment to vets, with a \$1 move in cost.

MISS AMERICA TO VISIT HENDERSON — Beautiful Maria Beale Fletcher, Miss America of 1962 is being brought to Las Vegas by the Philco Corporation and Vegas Village. Miss Fletcher, who hails from North Carolina, will be guest of honor on a Special show on Channel 8, Thursday, 10-11 P.M. She will also hand out autographed pictures at Vegas Village Friday from 1-2 PM, Saturday 10-11 PM and at the Vegas Village Henderson store Friday 6 to 7 PM.

Pause In The City's Annexation Problem as District Needs Time

There'll be another pause in the negotiations among this city's government, owners of the newly annexed area known as Paradise Country club and the Clark County Sanitation District No. 1.

They were to have gotten together yesterday, at the request of the city—but along came information from the Sanitation District that no meetings could be held without adequate notice to all its board members — as a full compliment of directors need to be present to satisfy both sides.

Thus—no one at this moment can predict how the city will handle its latest headache—that of walking in and annexing some 2900 acres of land without first finding out that land was within a Sanitation District—thus lia-

ble for payment of all its sewer connections to the District instead of the city. The deal also places the city in a position, unless a new deal can be made, where .26 cents of the ad valorem tax money goes to the Sanitation District.

The city feels it can more than make up for this loss by acquiring the new area, allowing it to develop millions of dollars in new tax property in years to come.

Just who will put up the do-re-mi for the sewer line has to be worked out. Mayor Bill Byrne expressed hope that the Sanitation District will allow the area to drop out of the district in order to deal with the city and allow the city to make money on the annexation.

But, first regular notice must be made for a meeting, the city learned yesterday.

JOE STEIGER OFFICIALLY OUR PRO

This city now officially has its own all year around full time golf pro—as a result of negotiations concluded this week.

Joe Steiger this week resigned his seven year old position with the swank Manito County club of Spokane to become this city's newest permanent resident by accepting the full time job at Black Mountain Country club.

Joe has been spending the winters here the past three years and returning to Manito for the summer season.

His children attend school here and his wife, Krin, is presently buying furniture and preparing to move into a new home on the golf

LDS Third Ward Gold And Green Ball Saturday

The Third Ward of the LDS Church will hold its Gold and Green Ball this Saturday from 8:30 to 11:30 p.m. at the Cholla street church.

Theme of the dance will be "Stairway to the Stars." Intermission entertainment will be featured and Duane Fuller and his orchestra will furnish the music.

Admission of \$1 per couple may be paid at the door.

course, to be built by Paradise Palms of Las Vegas.

Joe's official appointment was announced yesterday by newly elected club president, Hersh Trumbo, and soon to become past president—Dave Jamison.

Jack Stafford Services Set For Saturday

Jack Stafford, a Clark County pioneer and long time resident of East Las Vegas, died suddenly yesterday at noon in his East Las Vegas home from the effects of a stroke.

The 7-year-old Stafford had been in good health and his sudden death came as a great shock to his daughter, Mrs. Jack (Iva) McDonald of Henderson.

An active member and worker in the Masonic Lodge, at the time of his death Stafford held the high office of Right Eminent Grand Commander of the Grand Commandry, State of Nevada. He was also an active worker in the Order of Eastern Star.

Funeral Services will be held Saturday afternoon at the Masonic Temple in Las Vegas.

GIRL SCOUT TROOP NEWS

Scouting activities for the various Brownie and Girl Scout troops were reported this week by troop scribes.

Troop 111 activities under the direction of Lorene Harris and Della Rudolph, were reported by Scribe Rita Harris.

"We answered roll call with what we liked best about the Christmas holidays. Then we had an election of officers. Elected President was Helen Downey; Ramona Keeth, vice president; and Mary Ann German, treasurer. We have to finish the election next week because there was a tie five or six times the vote was taken.

"We played vanish and went home."

TROOP 118

Leaders are Mary McCullough and Mrs. Hawes.

The Brownie leader read the girls a story about two children who cleaned the house at night and when the father came downstairs he said some Brownies must have come, but it was really the little girl and boy.

"We did the investiture ceremony practice. Had refreshments and closed with the Brownie tunnel."

TROOP 106

Under the direction of leaders Norma Nielson and Rhea Johnson, the girls of troop 106 are making dolls for their beds from milk strainer dishes from kits which contain all the things they need. Jackie

Nielson brought refreshments of punch and cookies.

TROOP 102

"At the troop meeting of 102 on January 9, we elected Pat Hardy president; Linda Harris, vice president; Terry Ruback, treasurer; and Linda Bailey, secretary.

"We learned several new Girl Scout songs and discussed how to go about working on second class requirements. Refreshments were served by Verlene Harrison and Carol Bradley. Leaders of the troop are Carol Hill and Leola Beck." Scribe is Carol Hill.

TROOP 103

With leaders Lillian Braun and Lorraine Purdy, Brownie troop 103 met Tuesday afternoon with the flag ceremony for the opening of the meeting.

"Roll call was taken in dues by the officers. Our Project for the day was cutting out different flowers out of colored construction paper with stems and leaves, then pasting them on white construction paper. Round strips of paper were pasted around the picture making it look like a frame," according to Scribe Cheryl Purdy.

Saturday, January 13, the Camp fire Girls of the fifth and sixth grades at Basic Elementary School enjoyed an outing at Lee's Canyon.

After enjoying sledding and games in the snow, the girls returned to the park in Las Vegas where they ate lunch of salad, hot dogs, hamburgers and hot chocolate.

Those participating in the day of fun were Cathy Baird, Mary Ann Berry, Debra Grandy, Sherri Currier, Charlene Evans, Patty Green, Lana Hardy, Janet Johnson, Carolyn Jolly, Patricia McGee, Linda McNary, Patricia Nave, Cathy Miller and Julie Williamson.

Cooties Honor Nev. Commander On Visit Here

Grand Commander Walter Tum of the Royal Order of Cooties made his official visit to the Southern Nevada Pup Tent at a meeting held Saturday night at the Carver Park auditorium.

The Grand Commander was accompanied on his visitation by Martin Buckley, past grand commander. Both men reside in Reno.

Others present at the meeting were Carlton Frye of Nellis Air Force Base, Grand Sr. Vice Commander and Seeing Squirrel of the local pup tent; Jimmy Hullum, past grand commander; Wayne Carter, Pete Darrah, Charles Elkie, Paul Schmidt, Joel Zander and Donald Urquhart, quartermaster.

A meeting of the Cootiettes of Howdy Podner 200, was held at the same time. In attendance were Grand Grayback Dolores Hullum; Howdy Podner Grayback Helen G. Kenworthy; Lady Louise Julie Elkie; Pious Louise Mary Carter and Phyllis Zander a new member.

Following the business sessions the men and ladies of the Cooties and Cootiettes enjoyed a buffet lunch and social hour.

It was announced that an election of officers will be held at the next meeting of Howdy Podner 200.

HAPPENINGS In VALLEY VIEW

Mrs. Leonard Galloway, 106 Beech, was certainly a happy individual during the recent holiday season. First of all, her son Bruce came home, and though he only had a short time, it was wonderful. Mr. Galloway, who hasn't been able to spend the holidays with the family for three years, was on hand; also Susan, their daughter.

Bruce's and Leonard's birthdays falling during the month of December, was quite an occasion, as the family dined at Dante's, having a delicious steak dinner. They made every hour of the visit an enjoyable affair.

Mr. and Mrs. A. W. Davenport and son Leslie spent New Year's Day with the family. New Year's Eve guests were Mr. and Mrs. Cleo Weese, who saw the New Year in with the Galloways.

TALLY-HO ROLLS HIGH SERIES IN TEN PIN TRIO

In the Ten Pin Scratch Trio Wednesday night, January 10, Tally-Ho rolled high series of 1924 and high game of 549. Rancho Market No. 2 had second high series of 1876 and second and third high games of 503 and 492. Denton Pharmacy had third high series of 1808.

Connie Tornabene had high individual series of 689 and high game of 192. Jean Williamson had second high series of 656 and Dot Davis a 653. Sallie Leming had second high game of 190 and Gwen Picotte third with 185. Splits were picked up by Flo Wertsbaugh 8-8, Geneva Trent 6-7, Connie Tornabene 5-8-10 and Liz Bondurant 3-10.

Marcia Compton Heads Crutch Drive For New March Of Dimes

The Rainbow Girls will conduct a street drive tomorrow afternoon and Saturday for the New March of Dimes, according to Don Dawson, President of the Henderson Kiwanis Club, sponsors of the 1962 campaign. Worthy Advisor Marcia Compton of the Rainbow Girls will serve as chairman of this "Crutch Drive," in which each

donor, no matter how large or small the contribution, will receive a tiny plastic crutch to signify that he or she has donated to the drive to help wipe out crippling diseases. In addition to aid to polio victims, New March of Dimes donations will provide scientific and chemical research and in the fight against birth defects, which occur in one out of every 16 babies, and arthritis, for which little medical aid is presently available.

The Kiwanians strongly urge all citizens to contribute to each Rainbow Girl they see on the street with a coin collector.

"Be a wearer of many tiny colored crutches," said President Dawson, "and show your true feelings of this worthy effort by the Rainbow Girls."

The Mothers' March, traditionally held each year on January 30, will be conducted this Tuesday evening by Beta Sigma Phi with Bonnie Allton, President of the Sorority's City Council, as chairman. All local chapters have pledged their support.

Assisting Mrs. Allton in setting up the drive will be last year's chairman, Mrs. Norma Jean Little.

REV. V. HOFFMAN ANNOUNCEMENTS SERMON TITLE

"What Must I Do to be Saved?" is the title of a sermon to be delivered by the Reverend Vernon Hoffman, pastor, at the 11 a.m. worship service Sunday.

The senior choir will sing the anthem, "Holy Jesus," by Lois Harper, accompanied by

Campbell Takes Industrial Trio Honors

The Women's Trio Industrial League saw Ti Pis in first place for the January 16 bowling. AP&CC Rollers in second place and Titanium Team No. 3 in Third Place.

Laeon Campbell rolled the high scratch individual game for the evening, as well as high and second place with handicap. She took the high individual series for both scratch and handicap, rolling 727 with handicap and 685 scratch.

Delores Simon was in close second on the high scratch game with a 684 and second with her series of 718. AP&CC with res series of 718. AP&CC coaters had high team series with handicap at 2343. Splits were converted by Elsie McCaw, Delores Simon, Gwen Hardwood, Gerry Weingarten, Barbara Dawson and Dorothy Haney.

CE Group Hosts 25 At Dinner In Gilbert Hall

The Christian Endeavor Groups of Community Church served a spaghetti dinner to 25 members, officers and guests, Sunday evening Jan. 21, in Gilbert Hall. Rev. Vernon Hoffman gave the invocation.

A short Worship Service was held after the dinner. The rest of the evening was enjoyed in dancing by the young people.

Special guests were, the Board of Councillors chairman, their wives and husbands. Those in attendance were Mr. and Mrs. Joel Zander, Alonzo Newell, Ruth Ball and Ida Belle Riggins, who assisted in the kitchen and serving.

The evening was closed with a short prayer led by Rev. Hoffman and the reciting of the Mizpah benediction by the group.

The Christian Endeavor groups are made up of junior and senior students, under the supervision of the Church Board of Christian Education. Mrs. Joel Zanders is Chairman of the Board.

They meet in Gilbert Hall every Sunday evening, engaging in recreational activities and in the pursuit of religious studies. Officers for the year are: President, Michael Bergmeyer; vice-president, Cindy Gricius; secretary, Judy Burke; treasurer, Gayle Dietrich.

Wolves to Ely

The Basic Wolves traveled to Ely to meet the White Pine quintet in a league game tomorrow night. The Tendersons who have an overall record of seven wins and four defeats tangle with the Bobcats who have yet to taste victory in conference play.

The Blue and White will leave tomorrow morning for the long trek north. Heading the party will be Athletic Director Bob Lunt and Coach Ed Shellinger, and assistant coach Don Taylor. Twelve players will also be in the group.

The game will mark the halfway point in league play and the Wolves need the win to post a two and two record.

Reunion Held At Home Of Judge Treem

Judge and Harriet Treem hosted a recent reunion dinner at their home which brought Mrs. Treem's brothers and sisters together for the first time in nine years.

Guests at the Treem home, 85 East Texas street, where Mrs. Glen Hodges of Monterey Park, California and her daughter Edith Gilsdorf and son Greg.

Also present were Mrs. Treem's brother Dewey Ebert, retired Southern Nevada highway patrol captain, and Mrs. Ebert and Mr. and Mrs. Fred Ebert of Henderson.

Modern **GAS** lets you sleep in **COMFORT**

NIGHT AFTER NIGHT!

COOLING-HEATING-AIR-CONDITIONING

Yes, you'll sleep in comfort night after night the year 'round when you heat and cool the Modern Way—with GAS. A gas flame both heats and cools your home—silently—economically—unfadingly. And the gas air conditioner uses the time-proven absorption system, the first and most dependable ever developed—with fewer moving parts to wear out or cause trouble.

You'll sleep peacefully in the knowledge that to live the Modern Way—with GAS—means more economical living. Here's the way to whole-house comfort the year 'round. Let us help you to—Live Modern for Less with GAS.

LIVE MODERN FOR LESS WITH GAS

If you are building or remodeling, and installing a new heating system, you can also enjoy the comfort of summer air conditioning with the Arkla All-Year Gas Air Conditioner. It does both jobs of heating and cooling with gas air conditioning with the modern Arkla Sun Valley Air Conditioner.

We plan and supervise the installation with the cooperation of your heating contractor.

LETTER TO THE EDITOR

Dear Sir:
 I read your editorial in this morning's paper on the riot at the Basic vs. Las Vegas game Friday night, and wonder if you gave much thought to what you suggested.
 You suggest that the taxpayers money be used to pay policemen, to bring police dogs and protect people from becoming "animalistic" among themselves at a school function.
 My thinking on it is this: When students and parents start acting like animals at a sports event, which is supposed to be to teach the young people sportsmanship, and bring entertainment to young

and old alike, then it's time to call a halt on all sports events in the school and get back to the Three R's and a few good, old-fashioned manners.
 Any time we must have a half dozen trained police dogs and a dozen policemen to keep people from killing each other at a basketball game, there is something dreadfully wrong.

Sincerely,
 Name on file at HOME NEWS office.

Nursery Regains First Place In Ten Pin Trio

In the Ten Pin Scratch Trio Wednesday night January 17th, Frontier Nursery went back into first place after defeating Tally-Ho four games as they rolled high series of 1872 and high game of 506.
 Bill's Henderson Texaco took three games to one over Rancho Market No. 2 to stay in second place and rolled second high series and tied for second high game of 497 with Denton Pharmacy. Showboat Lanes took three games from Isabelle's. Dentons Pharmacy and Dante's split two and two.
 Mary Ann Munro rolled high individual series of 702 and game of 210. Dottie Lilly had second high series of 670 and second high game of 195. Jean Rocha had third series of 650. Fran Leavitt had third game of 185. Flo Wertsbaugh picked up the 2-10 split.

Standings	Won	Lost
Frontier Nursery	49	31
Bill's Texaco	48	32
Rancho Market 2	46	34
Tally-Ho	43	37
Dante's	41.5	38.5
Isabelle's	33.5	46.5
Denton Pharmacy	31.5	48.5

Sunrise OES Holds Ritual Of Initiation

The ritual of initiation was held during the recent meeting of Sunrise Chapter 28, Order of Eastern Star, with Worthy Matron Edith deMontague and Worthy Patron Harold Baldwin presiding.
 Introduced were Worthy High Priestess Arlene Billings and Watchman of the Shepherds William Billings, both of the White Shrine.

It was announced that Grand Adah Helen McLeod will be honored at the meeting of February 2. The next meeting was set for February 15, at 8 p.m. at Mt. Moriah Temple.
 Helen McLeod, Kay Herrin, Myrtle Cryslar and Arosa Hommand served on the refreshment committee.

Justice is the bread of the nation; it is always hungry for it.
 —Chateaubriand

MORRY'S STORY

by Morry Zenoff
 I see they're starting to tout various candidates for public office.

Naturally, in the interest of always bettering our governmental structures, it is important that candidates be strong on both sides of the ticket—so that whichever wins, the citizen is assured of some talent in office.

Right now the republicans are looking for a slate to compete against Governor Sawyer, Senator Bible, Congressman Baring.

I have heard behind the scenes talk stating Lt. Gov. Rex Bell will run against Sawyer with Cliff Young of Reno running for Lt. Governor. They haven't come up with a man against Baring, although I heard George Von Tobel being mentioned. Nor have they named a man to run against Bible—but I have heard mention Bonanza Airlines' chief—Ed Converse.

While it doesn't look like a Republican year, the above named, if they run, would make it a respectable fight—and in each case the public interest would be served by talent—whichever side should win.

I heard also that Harley Harmon is thinking of running against Sawyer in the democratic primary, as well as Berkeley Bunker. I can see Harmon having an outside chance of making it a race—but certainly not Bunker—who had his chance to prove his talent politically years ago when he was U. S. Senator for a short span of time. The fact that he wasn't reelected—at a time when the state's population was half of what it is now—prompts one to wonder how he figures he has a chance now—when he is more of an unknown and where he hasn't been serving the public other than as a mortician. He does represent a wonderful religious group—but I'm inclined to believe religion has nothing to do with politics . . . in this state. Which is as it should be.

Again, then, what is important — talent in public office. More and more men and women of talent should come forth from the masses and offer to serve—in city, county, state, national offices.

In fact, just like in any club you belong to, a nomination committee is appointed each year to select the best candidates for next year's offices, so should a group of civic-minded, able citizens be formed as a committee to select a slate of fine talent to be offered to the citizenry for study. On each community of this state there are the acknowledged civic leaders—50 or 100 in every city who have the respect of the people. They should gather once a year — if not more often — and research the field of young and old to find the best qualified. It would be a great public service in the long run.

I believe the citizens are sick and tired of seeing insurance men, real estate men, lawyers monopolize the public offices. Not that they are not qualified — but mostly because they work in fields where they cannot avoid acquiring material gains thru holding public titles.

I haven't found a case where they are seeking personal business thru their titles—but you can find in every case that they automatically pick up a bundle of private gain just because they happen to hold office.

I suppose it would be the same if you elected an engineer, architect, grocery man, gas station operator, bar-tender.

But give me a slate of candidates selected via oral and written examinations where education, experience, health certificate, credit check and IQ ratings were paramount basics — and I then wouldn't care what the men did for a living. I would be satisfied they could best serve you and me — and the great state of Nevada.

Dancers Plan For Convention Here In May

Members of the Do-Si-Dont's square dance club are assisting with preliminary planning for the Western States Square Dance Convention to be held in this area May 24-26.

Spearheading the convention are the Whirl-A-Way square dancers of Las Vegas. Convention Chairman Jack Matheny is well known in square dancing circles both locally and in other areas having been chairman of the committee representing Southern Nevada at the National Convention.

This area's bid for the convention was defeated by Miami, Florida; however the Western States group hopes to bring the national convention to the West.

It is believed that the forthcoming Western States on-clave will assist in bringing the national meeting to Las Vegas as it will do much to acquaint dancers with Southern Nevada.

PLANS LDS TEMPLE WEDDING

MISS RAMONA ELLEN HARDY

Mr. and Mrs. A. C. Hardy of Rose Way today announced the engagement of their daughter, Ramona Ellen, to Brent McAllister, son of Mr. and Mrs. Kay McAllister of Salem, Utah.

February 3, has been set as the date for the wedding at the LDS Temple in St. George, Utah.

Miss Hardy was graduated from Basic High School in 1961 and since graduation

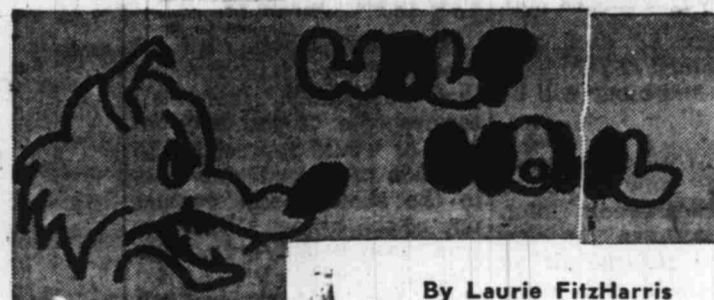

has been employed at the Henderson branch, Bank of Nevada.

At school she was a member of the Commercial Club, FHA, GAA, Beta Alpha Omega honor society and was in the cast of the all school show and operetta. She has also been active in LDS church work.

Her husband-to-be was graduated from Basic with the class of '59. He was a

member of the band and chorus and served as president of the band. He was on the track team two years, a member of the Sun Youth Forum and on the cast of the all school show and operetta. He has just returned from the Great Lakes Mission where he served as a missionary for the LS Church. He is employed at the local branch Bank of Nevada.

The young couple will continue to reside in Henderson.

By Laurie FitzHarris

The Henderson Chapter of the Future Homemakers of America has announced plans and preparations for the forthcoming annual Sweetheart Reverse. The dance itself will be casual and will take place on February 10 in the multi-purpose room.

Candidates for Sweetheart Queen have been named as Arlene Solomon, senior; Lorraine Cole, sophomore; and Kathy Spinoza, senior.

The club is composed of students who have been or are presently enrolled in a home economics class. While at the moment they are concentrating on the plans for the dance, they also plan to have guest speakers and other

projects in the near future. The Future Homemakers are also selling UNESCO stamps as a project.

Rae Ann Thompson holds the position of president of the club, while Patty Higby is vice-president. Kathy Espinoza is secretary, Arlene Solomon is treasurer, and advisor to the group is Mrs. Peck, home economics instructor. The club meets every other Wednesday in the home economics room of the high school.

KAMPUS KAPERS
I bet none of you knew there was a swinging metal shop crew at Basic, did you? (well, they think they are, don't you, Johnny H.?) Betty

Cortez is engaged! Congrats. Jim Huhn returned to Henderson last week as a surprise to Sheri Trent! Susanne Taylor and Carl Leavitt are going steady. Gay Batty and Gary Smith are engaged! Martha Williams has that extra sparkle in her eye because of a late Christmas present which seemed to reciprocate some things, too. Sharon Wilson and Buster Flowers had a date last weekend. You made up for last weekend, didn't you, Cliff? Billy Gilbert and Vicki Howes had a date Saturday night! Stephanie Wruzer and Andy Mundy were together at the game Friday night. Steve Anderson, who is your new admirer?

Everyone's reminded to get their class dues in as quickly as possible!

Doris Reed Plays Grandma For Basic High PTA

An entertaining panel discussion was featured on the program at the Thursday meeting of Basic High School PTA with Doris Reed portraying grandma in a visit to our modern schools.

Moderator Frank Rocha introduced Grandma Higgenbottom to the panel composed of Principal John Dooley, Charles McLaughlin, Marlan Walker and the Reverend Glenn Lutz.

Grandma complained about the modern ways they have now-a-days and said she was not at all sure her grandson, Johnny, was getting the same training she did. She made it clear that she believed in the three R's, inquiring why they are no longer taught.

We still teach the three R's, Dooley said, but we no longer call them by the same names. He explained that in today's world young people must be educated on a more individual basis and at the same time learn to live with society and understand the other peoples of the world.

Grandma wasn't too well satisfied with Dooley's explanations and she was agast at all "these new fangled automobiles." When she went to school they walked and she was certain she didn't ever want Johnny to drive on of these things.

It was patiently explained to her by McLaughlin that while walking was all right when she was a girl, automobiles are no longer just a thrill but have become a necessity.

Her question on why driver's training should be taught during school hours was answered by the statement that young minds are impressionable and the time to train drivers is before they apply for permits or licenses.

Calling this an age of power, McLaughlin explained the mechanism and weight of automobiles which Grandma didn't understand any too well. When you have a projectile of this weight on wheels, he said, you simply can't have a nut behind the wheel.

Grandma was also displeased about the steady dating trend in modern schools. Marlan Walker tried to pacify her on this and pointedly told her that, after all, young people's interests today are the same as her own interests as a girl.

Today's morals and juvenile problems also worried Grandma and these were explained by Rev. Lutz. The Old Testament says that every man is a law unto himself, he explained, and many people take this literally, which leads to immorality.

Religion can best be taught in church he said, and although it should be separated from state and law, no constitution has any moral value without religion.

Grandma Higgenbottom was dressed in period style and made up for the occasion by Robert Bridgewater, director for the Henderson Little Theatre. Many of Mrs. Reed's close friends didn't recognize her when she was introduced.

The entire panel discussion was in a humorous vein and was greatly enjoyed by all in attendance.

New Job For The Mayor?

Although no official announcement has been made, it has been learned through informed sources that Mayor Wm. Byrne may accept a position with Henderson Ind. Park, Inc. headed by Joe Wells.

Sources said that Byrne will be paid \$15,000 annually for the position. Several weeks ago Byrne announced he might appoint himself City Administrator, a position which will pay \$10,000 a year; however, he recently withdrew his application for that position and decided to hire an administrator some time this month.

Emera Club Kitchen Shower

Cecile Turpin and Helen Hanson were hostesses at the recent meeting of the Emera Club at Mt. Moriah Temple with 20 members and one guest in attendance.

It was announced that a jewelry drawing will be held at the meeting of February 16. Everyone was also asked to bring a dishtowel to the meeting for a towel shower for the kitchen at the Masonic Temple.

Attending were Virginia Lampson, Hattie Ulery, Lucille Kubic, Evelyn Sager, Theo Elstner, Madge Hughes, Alice Bates, Velta Shay, Ann Dohrenwend, Alice Beaumont, Bernice Gaither, Helen McLeod, Madge Ryan, Red Southern, Thelma Sturm, Edith deMontague, Matilda Hillis, Gertrude Perry and guest, Helen Day.

BOULDER LOOKS WITH FAVOR AT AREA DIALING ON TOLL CALLS

By Esther Shipp
Before starting this phone survey, some information had to be gathered so that I could answer, as well as ask, questions. So, the first thing asked was, "What is meant by free dialing?" The correct term is "area dialing," I was told, and it means you can dial any known number within a definite area, without consulting the operator.

What area is to be covered for Boulder City? At present, the company is considering Henderson, Las Vegas and North Las Vegas.

How much will the phone bill be increased? A hearing is to be held in February to decide, but the amount of 25% has been mentioned by some as a possibility. "In order for us to put this in, it will cost the company a large sum of money."

Would you still have to pay a toll charge? No. We could make as many calls and talk as long as we wanted without extra charge, within the area.

Incidentally, another fact learned was that a machine in the office automatically records on tape every call made—number calling, to whom, and the time.

For this survey, most of the people were questioned in person. The questions asked each one were: 1. What is your opinion of the area dialing proposed for Boulder City? 2. Do you make enough calls to Henderson and/or Las Vegas for the proposed system to save you money? The answers were as follows:

1—Wife of Government Worker
"I think it would be worth it for the convenience." (2) "Maybe a couple a month, maybe not that many. I think I would use it more if they had the dial system."
2—Wife of Business Man

"I am in favor of it. We know so many people in Las Vegas, and make so many calls. Yes, it would save me money."

3—Woman
"I think it is fine. It will be more convenient. Besides, I think it is a much better system. Yes, I have quite a few calls."

4—Wife of Guide
"I think it is a good idea. We don't make very many long distance calls, anyway. Whatever is good for the majority is good enough for me."

5—Worker at Dam
"I think it is a good idea. I guess maybe we average 2 or 3 a month. It would save a little bit of money. It would be more convenient."

6—Divorcee with Children
"For 25% of my bill I can certainly sit and wait. I make very few calls. Very definitely it would cost me extra money."

7—Works at Henderson
"For us, I don't think it is worthwhile, because we don't need to make enough calls to Las Vegas to justify the increase in the charges. We call so seldom, I would rather pay the toll charges than pay the increase every month."

8—Lakeview Family
"That part sounds all right, not having to get the operator." "Not being on a party line is the part I like." "No, we do not make many calls. But since my daughter lives over there, I could call her without added expense."

"One time it cost me \$1.00 for a five minute collect call to my mother."

9—Minister
"I'm a fine one to ask that, because I don't have to pay any phone bill! I certainly think you ought to be able to dial Henderson and Las Vegas."

10—Business Man
"I'd like to see it. I make

quite a few calls to Vegas and it would save me a lot of time. Most of the calls are from the store. We have a few from home, too."

11—Government Worker
"I am in favor of area dialing without 25% over present rates—they are high enough now. I think we should get area dialing anyway, without any increase."

12—Wife of Gov. Worker
"We were talking about it the other day. I feel that it will probably cost us money, but we will make more calls if it goes into effect, than otherwise. In lots of ways, I don't feel we pay that much over a yearly basis. Sooner or later we are going to get them raised up to Las Vegas and Henderson anyway, even without service, so you might as well have the service. We do not make enough calls right now to take care of the extra cost. The rates are much too high for the distance."

13—Retired Man
"Not being in business, and being retired, we don't have very much traffic back and forth to other towns. That is only for business people, not for people who live here. The amount of 25% would be much more than we are using now. We would have an extra burden on the telephone—it is bad enough the way it is, increasing it as they did. It is too much financial burden on those who do not have need for calling other towns."

14—Wife of Gov. Worker
"It seems as though we make quite a few calls on account of lodge meetings, but otherwise we don't. It might be kind of nice to have it, but I haven't talked it over with my husband."

15—Dept. Water & Power Worker
"I don't make that many calls, anyway. I would rather see it as it is."

16—Wife of Bus. Man
"I don't know if we make that many calls, or not. We make about three a month to Las Vegas and Henderson. I think it is a real good deal. The price goes up so fast while you are talking."

17—Wife of Gov. Worker
"We don't make enough Henderson or Vegas calls to make it worthwhile to us."

18—Wife of Nellis Man
"As far as I'm concerned it wouldn't pay, because I make so few calls. Later, I may make more. Sometimes I call the airbase when my husband is off sick. But if anyone made two calls to Las Vegas, it would probably pay."

19—Wife of D.W.&P. Worker
"I pay for them, anyway. That would be nice, but I don't know if I make that many calls."

20—Wife of L.V. Hotel Worker
"I make quite a few calls to Las Vegas. Almost all of our friends are there. I have quite a phone bill, so I'll go for that—having unlimited calls. One month I had a \$34 dollar phone bill, and didn't dare tell my husband."

21—Wife of Business Man
"I think it is a wonderful idea. I go for it all the way. We don't make many calls to Las Vegas from this phone, but we probably would make more if we didn't have to pay for them. It would even out.

That little bit of increase wouldn't make so much difference, because if you do talk, you cut your conversation short because you think it will run into too much money. We make enough calls that it probably wouldn't make any difference in our phone bill."

22—Wife of Mercury Worker
"I really haven't given it too much study, but I think I would be in favor of it. To Henderson, I wouldn't make more than two a month, but I call Las Vegas about twice a week. Most of my calls are about 75c, so it would save me money. I don't think they should charge to call in this locality, anyway."

23—Woman
"Some people would never ever call, but others would call more. Some people who don't have any reason to call there will complain. I hate to see the increase. I don't see why they should charge to call there, anyway. Back in Indiana, you can call more than 30 miles and they do not charge you a toll call."

24—Me
"Although we do not make many calls to Las Vegas at present, except to our daughter, I surely will be phoning more regularly if the increase goes into effect—it will be a relief to be able to talk without counting the minutes! This will lower our daughter's phone bill in Las Vegas, too. Lots of times I have wanted to phone business places in Henderson or Vegas, but hesitated because of the cost."

Vegas Members Visit Eagles Auxiliary

Thirteen members of the Eagles Auxiliary of Las Vegas attended the meeting of the local FOE Auxiliary Monday evening and invited local members to attend their fashion show Feb. 14, at 8 p.m., at the Las Vegas Eagles hall.

Tickets are \$3 each and may be obtained at the door. Door prizes and bingo will be featured.

Final plans were made for catering the annual dinner of the Stauffer Credit Union and following the business session those present played pinochle, canasta and scrabble.

Hostesses were Winnie Fisher, Betty Elliot and Marie Thomas. Others present were Joan Prisbrey, Urbalie Ives, Lois Ruhbau, Billie Wieder, Evelyn Harris, Georgia Weese, Thelma Ruliffson, Toni Carter, Cindy McClanahan, Belle Sanner, Jane Yeager, Kathy Weese and local visitors David Abbott and Ann Dare.

Junior Patrol Holds Indoor Weiner Roast

Members of the Henderson Jr. Patrol enjoyed a weiner roast and an evening of fun in the Boys' Club Friday when inclement weather drove them indoors and prohibited a hike and cook out.

The Patrol members, who guard the school crossings at Townsite, Valley View and Park Village schools, also enjoyed boxing and other sports at the Boys Club, under the direction of Police Officer Jim Jensen.

Jensen complimented the boys for their work at the school crossings, and said that they willingly get out early on these cold mornings to protect the children of our schools. Jensen oversees the patrol during their hours of duty from his police car which he drives to the areas.

He has had the job of director since George Bibby resigned last November, has worked at the police department here for two years. He has a son in the third grade, who will be a member of the Junior Patrol when he is old enough, Jensen said.

Those in the Junior Patrol from Valley View are Timmy Helms, Stanley Braun, Danny Segler, Jimmy Lane, Captain Richard Braun, Gary W. Robinson, Charles Wesen, Victor LaFontaine and Captain Sonney Sledg. From Park Village Blake Boatwright, Leo Montoya, Captain Milo Jackson and Danny Thompson.

Those from Townsite Elementary School include John Stock, captain; Martin Reed, Allen Richon, Verin Stears, John Ends, David Clancy, Tommy Vaughn, Henry Rivera, Danny Stuckes, Alan Potter, Ralph Tharp and Paul Staples.

Theme Sought For Annual Flower Show

A special meeting of all Flower Show Chairman and their assistants, from all townships, if you have an idea, or would appreciate the addition of a particular class to the show, please contact one of the branch Chairmen, who are: Palo Verde, Mrs. Eugene Harris, FR 4-5533; Patio, Mrs. Jack Warren, FR 4-4412; Petal, Mrs. Dale Engelbrecht, FR 2-8654, and Mrs. David Heher, Purple Sage FR 4-7723.

In order to have a good flower show this year, bare-root roses can still be planted, as well as, Daffodils, Tulips, and Gladioli corms. Corms should be planted at two week intervals to have a continuous succession of blooms.

Rainbow Girls Honor Grand Worthy Advisor

Grand Worthy Advisor Sue Panelli will make her grand visitation to the Henderson Assembly, order of Rainbow for Girls, this Saturday evening at Mt. Moria Temple.

Mrs. Panelli will be honored at a smorgasbord dinner to be served at 6 p.m. by the Rainbow Mothers' Club. The visitation will follow and all Rainbow Girls are urged to be present.

TOPS BOASTS THREE MOTHER-DAUGHTER TEAMS

Jennifer Broyles was hostess to the January 16, meeting of Whistlebait Tops Club held at her home, 282 Tungsten street.

Three banner drawings were submitted and all members were urged to bring their ideas to the next meeting.

Fals were discussed and will be selected at the next meeting. The entertainment committee is expected to announce plans for the coming year.

Marie Miller was named "Queen for the Week" for the greatest weight loss. The membership of the

Electronic Plant To Locate On So. Nevada

Michael E. Parobek, president of the Visutronics Corporation of America, a newly formed Nevada enterprise, announced yesterday that Southern Nevada will be the headquarters for the project, with all administrative and manufacturing facilities being constructed in this area within the very near future.

According to Parobek, a number of land sites are under consideration within the Southern Nevada area but company principals have not as yet made a specific decision regarding the exact location.

Meanwhile, the Las Vegas architectural firm of Jack Knighton, A.I.A., and Associates has been appointed to assist in the design and engineering of the various buildings which will be necessary for the production and administrative complex.

The Visutronics Corporation of America, usually termed the "VCA" is the outgrowth of some four years of research and development in the Electronic Audio-Visual Teaching and Work Training Systems, and, according to Parobek, its products and techniques represent some of the most advanced thinking and methods yet developed.

"However," said Parobek, "when we become specific insofar as Electronic Audio-Visual teaching techniques are concerned, we enter a somewhat complex field that requires a great deal of elaboration. Perhaps I can sum it up briefly by saying that these techniques utilize three essential elements of instruction. The first is "sound," the second is "sight," and the third is the manner in which we "program" the necessary instructions.

Insofar as VCA is concerned, the firm has three new electronic audio-visual teaching and work-training instruments now in the process of completion, each of which is designed for filling

a specific teaching or training need. "Projection," for example, is a small portable instrument which projects up to 3,000 images on its screen from one single film cartridge. The screen is similar to that of a television receiver, and simultaneously produces the sound-description of the images.

Another electronic device, called the "Production Work Station," is a complete "Work Station" for use in assembly line production. The worker sits comfortably at his or her station and, as the particular job is being assembled, is guided by picture, along with step by step verbal assembly instructions, as to how the job should be done correctly.

Then there is the "Testron" unit, which is especially designed to teach the student; then give an examination to the student, and finally, give the student a finished report as to his progress. The "Testron" has many varied applications in numerous fields or area of learning."

In explaining the reasons why the firm has selected Southern Nevada as the center of its activities, Parobek mentioned a number of requirements which are essential in the manufacturing, assembling and distribution of electronic devices. One factor has been Nevada's tax advantages. Another is freedom from a "prime target center" insofar as certain essential military work is concerned. Another influencing and very important reason is the fact that Las Vegas is becoming the Nation's Convention Center, which will enable VCA to reach hundreds and thousands of its potential customers at very low cost. Still another reason is that Nevada is being looked upon with increasing favor by industry as the next area for industrial development, which should be tremendous during the next twenty years.

HONORED AT LUNCHEON — John V. Soranson, center, director of aerospace education for the Pacific Region is shown at a luncheon given by local educators in his honor. Others shown are Katherine Freidrichs, director of the local Civil Air Patrol, and Chester Sewell, chairman of the Clark County School Board.

are you
12 through 21?

BONANZA... First Airline in America to offer you...

HALF FARE

on round trips between most cities

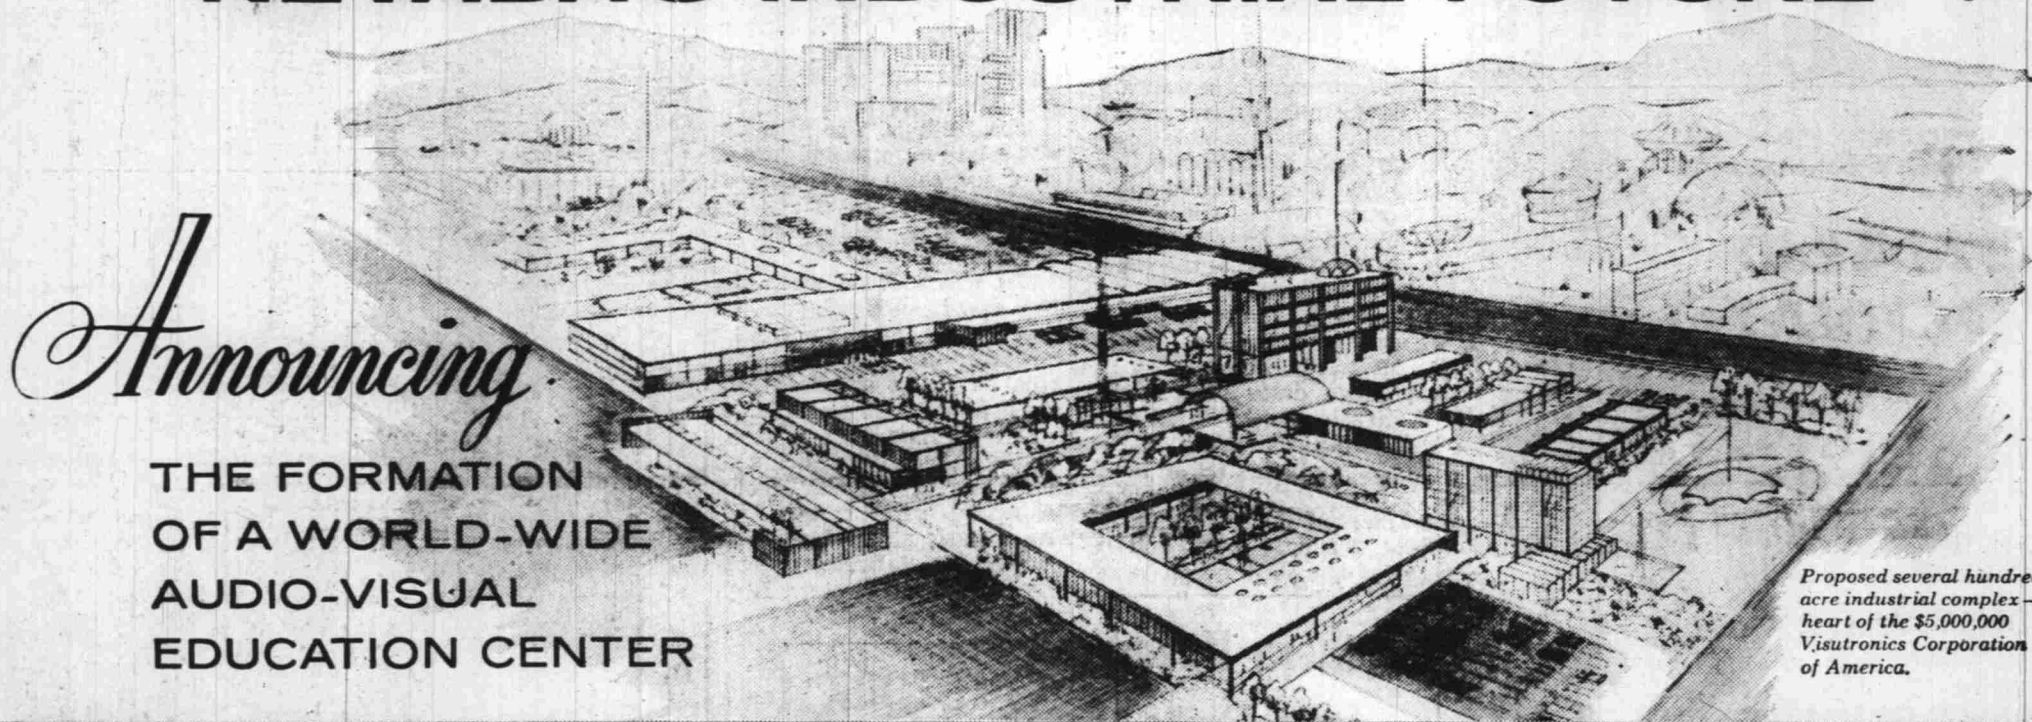

If you are 12 through 21 years of age, here's all you do: Make your reservation in the normal manner —anytime you wish! When you pick up your ticket, show proof of age, i.e. driver's license, and pay an annual charge of \$2. You will then be issued a Bonanza Youth Fare Membership & Identification Card. This card is your proof of age. You are now eligible to fly any time, any day, between most cities on Bonanza's system (round trip only) for half fare!

BONANZA AIR LINES

For reservations call REgent 3-1818 or your travel agent

THIS ANNOUNCEMENT IS NEITHER AN OFFER TO SELL NOR A SOLICITATION OF OFFERS TO BUY ANY OF THESE SECURITIES. THE OFFERING IS MADE ONLY BY PROSPECTUS TO BONA FIDE RESIDENTS OF THE STATE OF NEVADA.

YOU ARE INVITED TO INVEST IN NEVADA'S INDUSTRIAL FUTURE

THE FORMATION OF A WORLD-WIDE AUDIO-VISUAL EDUCATION CENTER

Proposed several hundred acre industrial complex — the heart of the \$5,000,000 Visutronics Corporation of America.

VISUTRONICS CORPORATION OF AMERICA

...offers an investment opportunity for a limited number of Nevada residents to participate with a group of Nevada businessmen in building a profitable industrial complex worthy of national and international attention and recognition.

Price: \$5.00 per share

Bona fide residents of Nevada are being offered \$5.00 par value Capital Stock

Capital Stock OFFERING

LEADER OF A GROWING INDUSTRY

Visutronics Corporation of America is a new company in the expanding field of "teaching machines." The Company creates, designs and produces advanced audio-visual electronic academic and occupation training systems. V.C.A. is in the business of producing new methods and machines for developing trained manpower on a world-wide basis.

The school market potential alone is enormous, perhaps a billion dollar market. Industrial and commercial sales are potentially as large as the

school market. U.S. Government agencies will be big customers for V.C.A.; so will the Military and Foreign Aid. V.C.A. products will be shipped around the world. The technical field will be a big customer; so will the professional field. All in all, there is a multi-billion dollar potential for Visutronics machines and systems today—and the need and the potential is growing every year. Visutronics Corporation of America is a 5 million dollar company dedicated to leading the expanding teaching machine industry.

The capital structure of Visutronics Corporation of America consists of one type of stock—\$5.00 par value Capital Stock. Each share of V.C.A. Capital Stock will have one vote on all matters. All shares will have the same value and will participate equally in dividends and the Company's earnings. There will be no free stock. Minimum purchase is 50 shares.

BUDGET PLAN INVESTMENT

V.C.A. Capital Stock may be purchased for cash or on the budget investment plan, whereby a purchaser may subscribe to a fixed number of units, paying not less than forty per cent of the purchase price down and the balance in six equal monthly payments, without interest.

MICHAEL E. PAROBK, the President and Chairman of the Board of Directors, is the founder of Visutronics Corporation of America and creator of all present V.C.A. products. Pioneered many products which are highly successful today, such as automobile radios, dye-transfer photocolor equipment and stainless steel cutlery; also served such firms as Chrysler Corporation, F. W. Fitch Co., and U. S. Rubber Co. Like all Visutronics executives, Mr. Parobek is dedicated to making Southern Nevada the world center of audio-visual electronic training systems.

WE INVITE YOU

to send for a prospectus outlining the plans and objectives of this great new Nevada company. There is NO OBLIGATION

VISUTRONICS CORPORATION OF AMERICA
323 Las Vegas Boulevard South, Las Vegas, Nevada

Gentlemen: Please send me a copy of the Visutronics Corporation of America Capital Stock prospectus. I understand I am under no obligation; I am a bona fide resident of Nevada.

Member Of The Famous Quiz Kids Now A Faculty Member At Basic

By Rae Von Dornum
Miss Joanne Phillips, teacher of French, Spanish and journalism at Basic High School, has the distinction of appearing as a child on the first national radio program to feature questions and answers as entertainment. She was a Quiz Kid.

Youngsters appearing on the Quiz Kids show were selected through contests held in cities throughout the nation by Miles Laboratories, sponsors of the program.

A contest was held in Miss Phillips' home town of Elkhart, Indiana and she was one of the students picked by teachers and principals to participate in the local competition.

Three weekly programs were held with six students, 7 to 13 years of age, competing. Winners and runners-up from the three programs appeared in the monthly finals on the fourth week, in which the winner and runner-up were eligible to compete in the grand finals at the end of three months.

As winner of this three months competition, Miss Phillips appeared on the national program, aired from Chicago, Illinois, with Joe Kelly as the Quiz Master.

Questions covered all areas of knowledge including, sports, science, current events, math, spelling, literature, etc. Four children appeared on each program and the first hand up was given first chance to answer any given question. Contestants received a \$100 U.S. Savings Bond for each appearance.

Unfortunately for Miss Phillips, she was able to appear only twice before she reached the grand old age of 14-years which automatically barred her from further appearances. Some of the youngsters remained on the program long enough to pay for a college education.

Miss Phillips interest in language dates back to her high school days in Elkhart. Following graduation, she attended Cornell College in Mt. Vernon, Iowa, where she earned her B.A. degree. She did post graduate work and received her Master of Arts Degree at the University of Wisconsin in Madison.

FR 2-1651—Boulder Hwy.**

Teaching language, Miss Phillips says, is important and she thinks we are beginning to learn just how important, as we are drawn closer and closer to the other peoples of the world.

She believes that we must be able to meet people from other parts of the world and speak to them in their own language to truly understand their cultures.

In addition to the importance of language because of the world situation, Miss Phillips said, but the study of other languages is also great help in learning to understand English. Students learn as much about English as the foreign language they are studying.

"Journalism," Miss Phillips says, "is a thing apart — it doesn't seem like work." She worked on the newspapers in high school and college and during her first year here taught English and French at Junior High School and also worked on the school newspaper.

Last year she taught French, English and journalism at Basic and this year is teaching French, Spanish and journalism.

Miss Phillips plans to make use of her French and Spanish this summer. She will travel in France and Spain with College friends visiting such places as Madrid, Paris, Barcelona and other interesting spots.

We intend to visit numerous festivals in Spain, she confided, and will go wherever they are being held.

Miss Phillips, who says she was raised in lots of snow and sleet and slush, loves our climate and our desert and especially our mountains in Southern Nevada.

She was shocked when she first saw Lake Mead, "... all that water and no trees," however she now likes the area so much she is afraid she'll never want to leave.

Miss Phillips shares a house in Manganese Park with two other teachers, Ilene Ravlin who teaches history and English at Basic, and Helen Smith, formerly at Basic, now teaching English at Western High School in Las Vegas.

Changing World Educator's Topic In PTA Address

WOODRUFF'S HIGH IN LEAGUE PLAY

Woodruff's Basic Photo earned high team honors in Wednesday's Housewives' League play with a game of 583. Basic Motors had first place series and second game with 577-1632. Rancho Market had a 575.

Williams Pest Control had second place series of 1613; Basic Texaco had 1601.

Ruth Soehle rolled high individual game and series with 198-512; Maxine Holberg had second game of 196; Thelma Sheahan had 186.

Second place series honors went to Mary Ann Davis with 483; Maxine Holberg followed with 476.

Splits converted were 3-10 Colleen Nunley; 2-10 Wilma Allred; 3-7 Nancy Watson; 4-5-7 Betty Kramer.

"We are living in a nation which is destined to either grow up or blow up," John V. Sorenson, Director of Aerospace Education, Pacific Region, told educators here Tuesday, January 16.

Speaking at a luncheon, hosted in his honor at the Black Mountain Country Club, Sorenson emphasized the part parents should play in helping children keep pace with this changing world, and the vital role of Parent-Teacher Association experience in aiding parents as a forceful influence in the lives of their children.

Sorenson also spoke of a recent trip to Europe as guide for 15 persons, 11 of whom were women school teachers.

The group visited Denmark, East and West Germany, France, England and Alaska during the 27,000 mile trip. Sorenson recounted interesting incidents which occurred in the various countries and said that today's students will live to see 18,000 mile per hour speeds achieved, making the need for aerospace education urgent.

It was the second visit here for Sorenson who also spoke Tuesday evening at the Basic Elementary PTA meeting.

IN FULL REGALIA — Western duds were the order of the day at the recent installation of officers and directors of the Henderson Saddle Association. Shown, from left, are members of the board of directors, John Farnsworth, Blaine Keyes, Clayton Jones, Burr Truman and Joe Wargo. Not present, Francis Thorne.

**Missionaries In South America
Would Like Letters From Home**

Elder Lincoln Ebert recently sent word home from Arica, Chile, where he is serving a two-year mission for the Church of Jesus Christ of Latter Day Saints, that he is thrilled with his work. At present, he has five persons ready for baptism which is an achievement as he has only been in South America six months.

Lincoln, according to his letters, stresses the point that every young person should prepare himself for the Mission field as early as possible. He writes that it is an opportunity to be benefited by each L. D. S. member.

In a recent letter Lincoln sent special "thanks" to the following families for their contributions, both materially and spiritually, during his past six months in the mission field: The Cecil Empeys, the Tom Jones, the Dan Walkers, the Charles family, the Ray Callaghans, the Richard Taylors, the Westley Weakleys, the James Gibsons, the Raymond Reeses, the Kelly Burtons, the Gordon Deans, Bishop and Mrs. Duffin, the Allen Blacks, Mrs. Vivian Hickman, and all the ladies of the Relief Society.

In spite of the tremendous amount of work to be done, there are still moments of loneliness for old friends and

family. Any letters would be appreciated. They should be sent to: Elder George L. Ebert, Blanco Encalada 210, Arica, Chile, South America. It was advised that all correspondence be sent air mail as it will take as long as two months for mail to reach him by regular postage.

A 1960 graduate from Basic High School, Lincoln was active throughout his four years. Among other things, he was a three-year member of Spanish Club, a Beta Alpha Omega member, a four-year chorus member, a member of the Basic High band for four years and a pep band member in his senior year, track, class assemblies, and senior play, as well as obtaining perfect attendance during his junior year. Lincoln was also active in church activities during this time.

Mr. and Mrs. Fred Ebert reside at 322 Water street. Lincoln's younger brother, Jim, is stationed at Camp Polgus in Camp Pendleton, California, for his remaining two-year hitch in the Marine Corp. Lincoln's friend and former school companion in Uruguay is Elder Richard Inness. Due to recent back surgery, he has been confined to a hospital for a time so all letters would be appreciated. Send them to: Elder Richard Inness, Calle Brito del Phino 1525, Montevideo, Uruguay, South America.

Richard, too, had an active four years prior to graduation. Besides maintaining an "A" honor roll average and receiving the silver "B" during his senior year, he was active in Spanish Club, Future Teachers of America, Science Club, on the annual staff and Lobo News, a member of the band, also he participated actively in the senior play, and the all-school show, as well as keeping up with his many church activities.

His parents, Mr. and Mrs. Walter Inness, reside in Pitman.

Nothing relieves and ventilates the mind like a resolution. —John Burroughs

**Nine Mississippi Businessmen
Holding Laymen's Revival Here**

The Reverend A. R. Coleman, Pastor of the First Southern Baptist Church, announced a Laymen's Revival to be held at the church on Cholla Street at 7:30 p.m. each day January 29, through February 4.

Such revivals are being held in various parts of the nation by a group of 50 Mississippi business men who are paying their own expenses while working under the sponsorship of the Brotherhood of the Southern Baptist Church.

Nine of these men have been allotted to the Lake Association.

Rev. Coleman said, all of these laymen have been hand picked as outstanding Christians who are working to prove to others that one need not be a minister to work for the Lord. They are encouraging all with whom they come in contact to be active in working for and with their communities.

Meetings will be held at the same time in all of the Southern Baptist churches in the Lake Mead Association and a very intricate itinerary

has been worked out by members of the area churches to provide each of the visitors an opportunity to see the places of interest in Southern Nevada.

Needles in in the Lake Mead area, and the layman speaking there Monday night will be brought to Davis Dam on Tuesday by a member of the Southern Baptist Church of Needles. They will be met at the dam by other laymen

and members of the churches in Vegas Valley.

After a tour of the dam, a different layman will be taken to Needles and the man who spoke there on Monday will be brought to one of the local churches.

Other such exchange trips are planned and each visitor will be able to tour Davis and Boulder dams, the convention center and nearby recreational areas during his stay.

Special music has been arranged for each evening during the revival and the public is cordially invited to attend any or all of the meet-

CONTEST WINNER — Miss Kathleen Willis of Basic High School receives a \$25.00 U. S. Savings Bond from Veteran Homer Englestead as winner of the VFW "Voice of America" radio script writing contest entitled, "What Freedom Means to Me." Shown, at left, is student body president John Martin.

15 YEAR MEMBER — Pete Darrah, left, Commander of VFW Basic Post 3848, presents 15 year pin for continuous membership to Jimmy Hullum.

Industrial Days First Committee Meeting Slated

The first committee meeting for the 1962 Industrial Days celebration will be held next Monday at 8 p.m. in the conference room at the Chamber of Commerce office.

All those who served as committee chairman during last year's Industrial Days are asked to attend the meeting.

The Chamber also announced that the board of directors will meet this Thursday at noon at the Swanky Club.

Ruth Guild Sees Hong Kong Film

An interesting film entitled, "A Drop in the Bucket," was shown by Mrs. Arlene Kramer at the January 11, meeting of Ruth Guild of Our Savior's Lutheran Church at the home of Mrs. Dorothy Meurer.

The film showed the needs of the people of Hong Kong who have fled from Communist rule.

Plans were made for a potluck fellowship dinner February 4, and a luncheon for members of the Good Shepherd Lutheran Home of the West Auxiliary January 23.

Mrs. Helma Johnson volunteered to complete the baptismal napkins which the group has been making; Lutheran quarterlies were distributed and mite boxes were collected for mission work.

The February 8, meeting will be held at the home of Vi Davis, 524 Federal street.

The regular January meeting of St. Peter's Parents Club will be held tomorrow at 8 p.m. in the church auditorium. Parents of all students at St. Peter's Parochial School are invited to be present.

...I try all things; I achieve what I can.
Herman Melville

R. B. GILASPIES VISIT HERE FROM SALT LAKE CITY

Visiting Mr. and Mrs. Bert Gillaspie, 6 Montana Way, recently was their son and his family, Mr. and Mrs. R. B. Gillaspie and Mike, from Salt Lake City, Utah.

The Gillaspie home became the meeting place for their daughter and her family from Baldwin Park, California. Mr. and Mrs. Roy Williams. They brought Mr. and Mrs. Harry R. Jester who later traveled home with their daughter, Mrs. R. B. Gillaspie, for a visit in Salt Lake City before returning home to Colorado.

January 6, was Bert and Golda's 54th wedding anniversary. In celebration of this event their daughter, Mrs. Roy Blue, invited all of her parent's guests plus her brother and his family, Mr. and Mrs. G. L. Gillaspie, daughters, Kay and Jo, and granddaughter, Dana Kay, from North Las Vegas. The guests were served ice cream and cake and enjoyed home movies.

Create Fund For Nevada Student Fund For Nevada Student Emergency Loans

The Nevada Federation of Women's Clubs has created an emergency loan fund for students at the University of Nevada. Official presentation of a \$4000 check was made this week to Dr. Kenneth Young, executive vice-president, by President Mrs. H. J. Thorpe of the Nevada Federation.

is to assist students on both the Reno and Las Vegas campuses in meeting short term emergency money needs.

The loan fund will be administered by the Office of Student Financial Aids. In order to apply for emergency money help, students must be regularly enrolled during the semester of application, and must not be on probation, scholarly or otherwise.

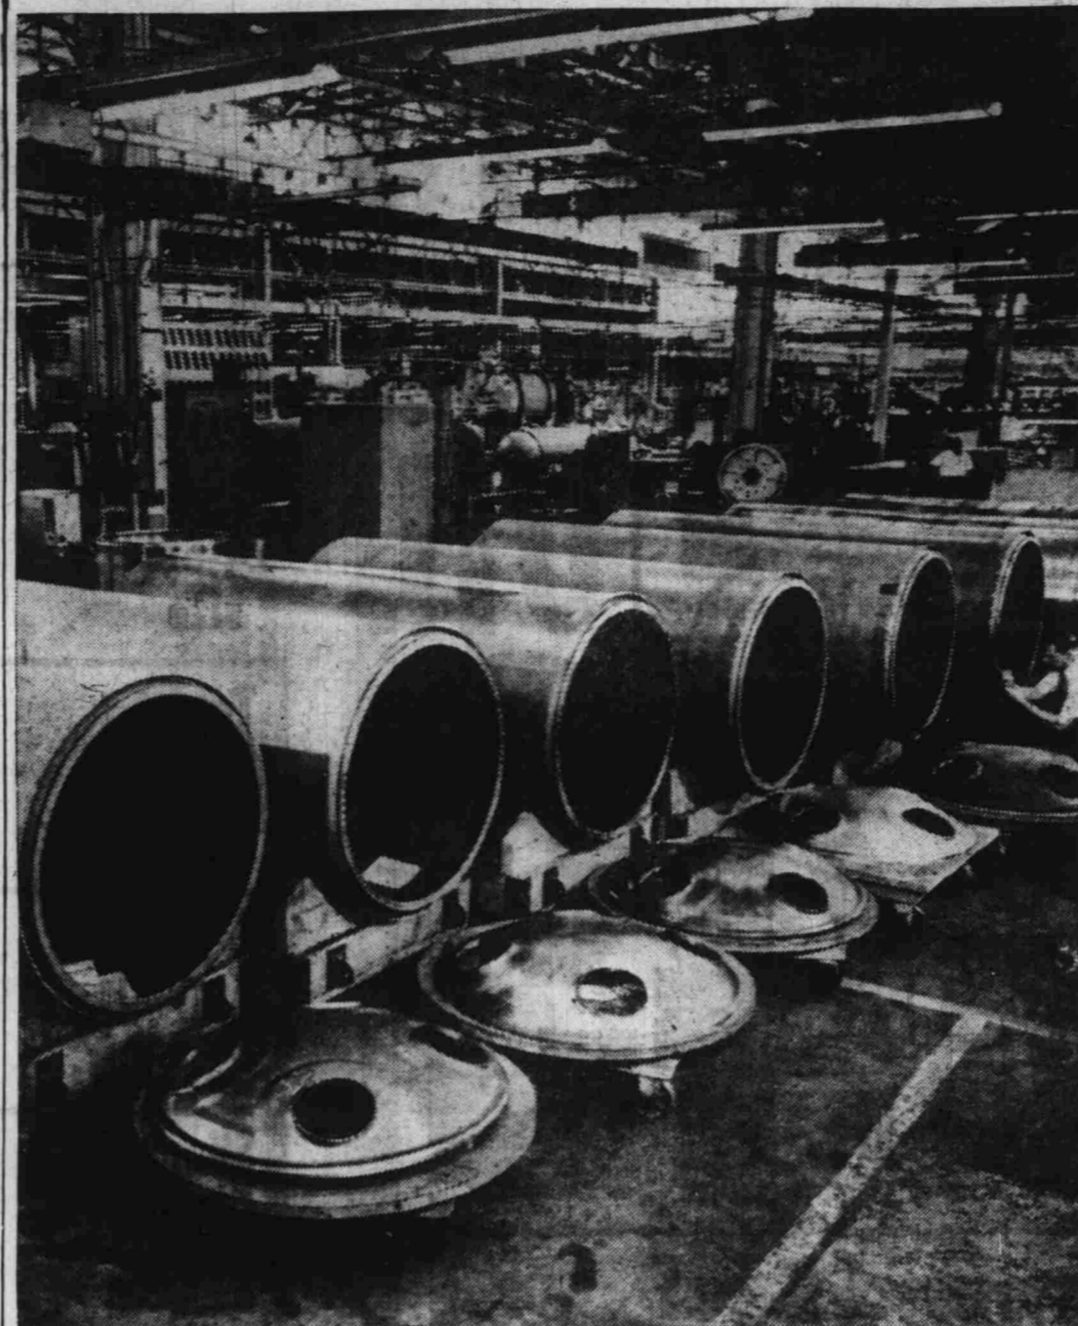

No co-signer will be necessary, and loans will be paid in cash. Loans will range to \$50 maximum for any one student at any one time, with loans up to \$100 allowable under extreme circumstances.

Mrs. Thorpe said creation of the new loan fund does not mean a discontinuance of the Nevada Federation of Women's Clubs' private student loan funds, under which money is available to students enrolling in the University, a beauty college, business college or other school for the advancement of education. Application for these private loans should be made to the Nevada Federation.

Plans to set up the emergency loan fund were made at a recent meeting of the board of directors of the State Federation at the Mesquite Club in Las Vegas.

Local member clubs of the NFWC are the Pittman Women's Club and Club Covillea.

The Boulder City Women's Club is also a member. Federa-

MINUTEMAN MISSILE CASES — Titanium cases are shown in various states of completion at Lycoming Division of Avco Corporation. End closures are 3-D machined from closed die forgings. Use of titanium reduced weight of unit 30 percent over alternate steel casings.

tion officers here are Mar- current President of District recording secretary of the yon Hebert of Club Covillea, Three; and Rae Von Dornum, state organization.

Aurally Handicapped Group Sees Demonstration Of New Invention

Several local members attended the recent meeting of the audio and aurally handicapped group at the J. P. Squires School in Las Vegas to discuss possibilities of a summer educational program for children under the special children's program of Clark County.

Larry J. Lovering, Las Vegas speech therapist, demonstrated his invention, a demoelectro magnetic motivator which is employed to get the attention of a child taking a hearing test and is used in conjunction with pure tone

audiometry. Using Lovering's invention, a child who cannot even speak — because he cannot hear — can be tested for tone range and fitted for a hearing aid. By pressing a button, the child can indicate the tone range in which he can hear.

With this device pre-school children can be fitted for hearing aids in order that they can be taught speech therapy. Parents of aurally handicapped children are urged to attend these meetings held Monday evenings at 7:30 at the J. P. Squires School.

I COVER THE DESERT by Mert Ingham

After four years and some 203 columns, discussing this fascinating desert with you, it is now my sad duty to say "goodbye."

In the National Park Service, we travel to many portions of the nation as we follow our careers. I am being called to Philadelphia, Pennsylvania where, in the Park Service's Region Five office, I will be working with the northeastern states in establishing programs in natural history such as are now found here at Lake Mead and in the National Parks.

The desert is a wonderful place. I hope to return one

day. I hope all of you newcomers will come to love it as I have and will take advantage of the opportunities to enjoy it.

Soon there will be a new Chief Naturalist. I don't know who he will be but I'm certain that he will continue these columns and will work to expand the programs in the Lake Mead National Recreation Area.

My family and I have many lasting friendships here. We would like to thank all of you for the fine support you have given the interpretive program at Lake Mead since I've been here. Au revoir!!

NPS Claims 2nd Generation Worker

A second generation National Park Service career employee has been assigned to the Overton district of the

Lake Mead National Recreation Area, Superintendent Charles A. Richey announced today.

He is Park Ranger Quincy B. Evison, son of S. Herbert Evison, who had a long and distinguished career with the Park Services before retiring last year as chief of information.

The younger Evison was promoted to the Recreation Area from Petrified Forest National Monument in Arizona. He will be stationed at Echo Bay and will succeed Park Ranger Stewart R. Orgill, who is being transferred to Yellowstone National Park. From February 5 until April 27 Evison is scheduled to attend the tenth semi-annual training session at the Park Service training center in Yosemite National Park. Also slated to attend from the Recreation Area is Park Ranger Daniel M. Welch of the Boulder Beach district.

Born in Washington, D.C., Evison graduated from Western high school in that city before entering Colorado A&M, where he received his BS degree in forestry. Following his graduation he was awarded a graduate assistantship in zoology at the University of Hawaii.

Evison began his Park Service career as a seasonal fire control aid in Grand Teton National Park in 1952 and served in a similar capacity in Yosemite National Park in 1954. His permanent career began with his assignment to Petrified Forest National Monument in 1960. Evison is married and the couple has one son, Christopher.

The certainty of punishment, even more than its severity, is the prevention of crime. —Tryon Edwards

Stauffer Starts Manufacture Of Polybutadiene Synthetic Rubber

The world's largest polybutadiene synthetic rubber plant has been brought into full scale production by American Rubber and Chemical Company, jointly owned by Stauffer Chemical Company and American Synthetic Rubber Corporation.

The plant, at Louisville, Kentucky, is producing 40,000 long tons annually and with minor modifications and additions can be expanded to turn out 60,000 long tons of polybutadiene rubber per year.

Polybutadiene rubber has only recently become commercially available, but it has

already proved to be a versatile material and is superior to natural rubber in resistance to abrasion and heat build-up. It is now used in the manufacture of truck and passenger car tires, wire and cable insulation, industrial belting and mechanical rubber goods.

Tests have shown that tire treads made of 100 percent polybutadiene wear up to 90 per cent better than conventional treads.

Use of polybutadiene in tire carcasses can increase their life by more than 10 per cent which is particularly valuable in truck tires which are re-capped many times.

ARMY DETACHMENT TO INSTRUCT IN HIGH POWER PISTOL MATCH

The Boulder Rifle & Pistol Club, Inc. will sponsor a two day high power rifle match and Marksmanship Instruction Clinic this coming week end on January 27th & 28th at Boulder City. Marksmanship instructors from the Sixth U.S. Army Marksmanship Detachment have agreed to conduct this instruction for a civilian club for the first time.

Saturday morning, starting

Archery Shoot Here Attracts 80 Spectators

Approximately 80 spectators turned out for the first archery tournament held by the newly formed Southern Nevada Archery Association here with the Henderson Trophy Hunters as hosts.

The shoot was held on the local archery range on Pacific street, West of the railroad tracks. Sandwiches were served under the direction of Edna Root, Virginia Richardson and Kathy Torrance. Sonja Wilkerson and Eleanor Turner were in charge of registration.

Winning first, second and third place awards in the various contests were: In the 325 class, Les Abbott with 535; in the 250, Carl Hill with 467, Alan Haberman with 432 and James Van Dermeer, 427.

Awards in the 175 class went to Matt Turner with 398; Harry Torrence, 397 and Ed Munro, 384. In the 100 class, R. H. Cromer, 387; Ted Deakin, 271; Gordon Arnett, 264. Mary Hill was first in the women's competition, shooting 282 in the 175 class; Delaine Spilsbury was second with 193 in the 125 class. Jean Van Leuven was high with 163 in the 75 class.

Lassiter Draken was first in the junior class with 103. Intermediate winners were Keith Boman with 398 followed by Mike Jessup with 381 and Ronald Stark with 375.

Ruth Smith Wins Medal-of-Golf Tournament

The January Medal of Golf Tournament for the women of Black Mountain Country Club was played recently, and winner of the silver tray trophy was Ruth Smith with a score of 106-32-74. There were three runners-up with net scores of 75, Norma Waldman 90-15-75, Betty Lou Anderson 99-24-75 and Dorothy Wade 111-36-75.

On Wednesday, January 24, a best ball tournament will be played with tee-off time at 10 a.m. There has been a good turn-out for Joe Steiger's golf tips on Wednesday morning, and anyone interested is invited to attend between 8:30 and 9:30 a.m.

LAS VEGAS ART LEAGUE BEGINS PAINT CLASSES

New classes in painting and drawing are scheduled to begin Monday under the sponsorship of the Las Vegas Art League. The five classes, four evening and one afternoon, will meet once a week for eight weeks.

Monday nights Willard Kowallis will teach beginning oil painting in the art rooms at Las Vegas High school from 8 to 10 p.m.

A portrait and figure painting class will meet Tuesday nights at J. C. Fremont Jr. High School from 8 to 10 p.m.

Students may work in any medium, and a model will be present.

Wednesday nights advanced oil painting will be taught at J. D. Fremont Jr. High school from 8 to 10 p.m. This will be a rather unusual course, in that a different teacher will give instruction each of the eight nights. At the end of the course work done at home under the instruction of the different teachers will be brought for comparison and criticism.

Home Planning And Remodeling Class Offered

"Home Selection and Planning" is the title of a new and unusual architectural course to be offered by the Las Vegas Art League in addition to the five art classes already scheduled, in their third quarter.

Meeting on Friday nights for eight weeks (Jan. 26 thru March 16) from 8 to 10 p.m. in the Vocational Building of Las Vegas high school, it will be taught by Pat Porcarello, a design associate with Jack Knighton, architect.

Beginning drawing will be taught TShursday nights by Jeri Scott at J. C. Fremont Jr. High School, 8 to 10 p.m.

The afternoon class will be on Thursdays from 1:30 to 3:30 p.m. and will be taught by Mary Cady Johnson. It will meet at her home at 812 Pyramid Dr., and is intended for both watercolorists and oil painters with some previous experience.

Art League dues are \$12 per year, and entitle the member to four free courses. Any adult may join at any time, or dues may be paid upon enrollment in the classes. For further information phone DU 2-8100.

STATE SHARE \$62 MILLION FOR DEFENSE

The course will be of particular interest to anyone planning to buy, build, remodel, or redecorate a home. It will stress the importance of architectural design, the basic principles of building construction (air conditioning, plumbing, etc.), materials, cost, landscaping, and many other features.

Defense spending in Nevada topped \$62 million in the past fiscal year, it was reported today by Nevada Sen. Howard W. Cannon.

Each student may concentrate on his own particular interest by working out an individual project in landscaping, remodeling, adding a patio or fireplace, enclosing a carport, or the like. This is a perfect companion course to Interior Decorating class which will again be offered in March, taught by Florine McCuiston.

Cannon, a member of the Senate Armed Services Committee, said that more than 11,000 military personnel and civilian workers were assigned Nevada duty in the past year.

The annual payroll for 8,701 active duty military personnel stationed at Nevada sites was \$37,502,000. Additionally, some 2,777 civilian employees received an annual payroll of \$16,009,000.

The class, as well as the five others offered, is for Art League members. Any interested adult may register for the course and join the Art League at the same time upon payment of the \$12 annual dues. For further information call DUDley 2-8100.

Cannon said that he anticipated defense spending in Nevada would remain at the same level or higher during the present fiscal year. He pointed out that the expenditures did not include the activities of the Atomic Energy Commission or other Federal services provided in the State.
