Industrial Days Schedule Calls For Abundance Of Activity; Starts Saturday

After a meeting of the Industrial Days committee yesterday at the Chamber of Commerce Building the schedule of events for the Eleventh Annual celebration was released by Lyl Burkholder, chairman of the committee.

Kicking off the week's activities will be the the Nevada Gas and Fuel Championship or drag races at the Henderson T-Bird Strip on Saturday and Sunday. Trials are set for Saturday, and the elimination run-offs for \$4,000 in prize money will start at 10 a.m. Sunday.

Two events are on tap for Wednesday. There will be a fast draw contest at 6 p.m. on Atomic featuring the Las Vegas Colts. The Miss Industrial Days Beauty Contest sponsored by the Kiwanis Club is set for 8 p.m. at the Junior High Auditorium. Thus far 23 candidates will bid for the honor of being the Industrial Days Queen.

Judges for the selection of the queen are Betty Grable, movie star; Julian Moore, Josette Lang, Richard Walker and Bill Treddenick.

Thursday will mark the

opening of the carnival at the Titanium grounds. This is set for 3 p.m. A handicraft and hobby exhibit is carded for 10 a.m. to 9 p.m. at the Townsite Auditorium.

Friday offers a full program. There will be a flower show at Gilbert Hall from 1 p.m. to 8 p.m. The carnival opens at 3 p.m. There is a band concert at the High School football field at 7:30 p.m. and fireworks at the same location at 8 p.m. These fireworks are sponsored by Wells Cargo, Thunderbird Hotel, Southern Nevada Engineering, Titanium, Am-Potash, Stauffer Chemical, U.S. Lime, and Henderson Land Development.

The square Dance festival also is set for 8 p.m. Friday. A bowling tournament at Henderson Bowl and a handicraft and Hobby exhibit at 10 a.m. at the Townsite Auditorium also is on Friday's schedule.

Saturday's card opens early. Sports Car races start at 8 a.m. at the Henderson T-Bird Speedway. Industrial Plant tours start at 9 a.m. and

end at 1:30 p.m. The carnival starts at 10 a.m. and a flower show at Gilbert Hall opens at the same time. There is a baseball game between Boulder City and Basic at 10 a.m. also.

Crowning event Saturday is the Industrial Days Parade scheduled for 3 p.m. Eight bands, and scores of entries are lined up for the parade.

The Industrial Days Ball will be held at St. Peters Auditorium at 10 p.m. Saturday. A cocktail party is slated there at 9 p.m. and at 9:30 p.m. trophies will be awarded for the best floats and exhibits in the parade.

Sunday the final day of the celebration starts bright and early with the sports car races at the Henderson T-Bird Speedway. The Junior Horse Show runs from 9 a.m. to 4 p.m. At 12:30 p.m. the carnival opens. There is a city fast draw contest at 3 p.m. at Titanium Field.

A medal play golf tournament at Black Mountain Country Club and a bowling tournament at the Henderson Bowl are also on tap for Sunday.

HILL SWORN IN — Howard Hill, right is being sworn in as Deputy Probation Officer by Judge David Zenoff. Hill, a former Home News reporter went to work for the department several months ago.

Joe Cummings Not Sure Prep Grid Rules To Help

The National Alliance Football Rules Committee has adopted six rules changes, four of them designed to stop the use of the elbow, but Joe Cummings, Basic High football boss is not too much impressed with any of the rules.

"Sure I am in favor of anything which will cut down injuries, but I doubt if these suggestions will be of great benefit," Joe said yesterday.

It is the thinking of the Wolves mentor that some of the infractions would be hard to spot, especially the one on the locking of the hands, and the one preventing the elbow to move faster than the body.

"These changes will put a terrific burden on the officials, and they have a tough enough job now," Coach Cummings reminded.

The Basic coach would like to see the face bars on the head gear removed. "These give tacklers something to grab and often lead to injuries," Joe said yesterday.

Growing concern over high school football injuries and fatalities in 1961 no doubt prompted the committee to take action.

Cummings does like one rule change. Raising the kicking tee to two inches will encourage field goal attempts he said. "Right now it is a pretty tough job for a high school kicker to boot a field goal," Joe said. "The goal post is five yards from the goal line, and it has not been widened as it has for college play," he added.

The rule changes:

1. Hands may not be locked together by defensive players in contact. The hands must be separated. Blows with locked hands have produced injuries.
2. Hands and forearms of defensive players must be in advance of the elbow in making contact. This rules out the defender elbowing his oppo-

nent in the ribs to break through and stop a play.

3. The elbow of the offensive player can't move faster than the body. This eliminates the swinging or snapped elbow, now common in pass protection. Officials formerly could interpret this as an infraction or not, as they saw fit. Now they must call an infraction.
4. Offensive players arms in blocking a defender above the shoulder — designed to stop blocks which catch the defender's face protector, snapping his head back.
5. The tooth protector, already voted last year to be mandatory in 1962, was liberalized to make a wide variety acceptable, encouraging research.
6. Any state may experiment with the 2-inch kicking tee, designed to encourage field goal attempts. The tee now elevates the football one inch.

Burkholder To Lead The Grand March

One of the features of the Industrial Days celebration next week will be the big square dance to be held at 8 p.m. Friday, April 27 at the Basic Elementary multi-purpose room. This annual event is co-sponsored by the Do-Si-Dont's and the Lazy Eights according to Joyce Hammond a member of the square dance committee.

The Sweeping Swallows of Capistrano, Calif., have been invited to attend the dance. All square dance clubs of Southern Nevada have also been invited, as well as callers from all over Southern Nevada.

Lyl Burkholder, area school administrator will lead the grand march.

The public is invited to the square dance. Refreshments will be served.

New Column Is Planned On City Hall

Starting with Thursday issues in May the Home News will inaugurate a new column titled "I Cover The City Hall."

Personal items about city employees, other intimate items about the people who run the city affairs, and general city hall news will appear in the column.

The writer will also attempt to keep abreast of the developments for the new city hall on Water Street through this column. Help from the various departments in City Hall is essential for the success of the undertaking.

Contributors who are city employees may send their items on vacation trips, weddings, parties etc. to the Home News if they are unable to contact the writer on his city hall rounds.

Mertens Says State Fair Needed Here

Steve Mertens, the man who will be in charge of the carnival operation here during Industrial Days, yesterday told the Chamber of Commerce to get busy and try to promote the annual State Fair here during Industrial Days.

"Nevada does not at the present time have a State Fair," Steve told the committee. "I think that if you get busy you can obtain state help to the tune of hundreds of thousands of dollars and bring to Henderson a real annual feature."

Mertens warned Chamber members that next year the Jaycees of Las Vegas would bid for the State Fair. "By pulling strings it is possible you here in Henderson could get the land and the money for buildings to set up a real state fair," Steve said.

This project has been advocated before by Morry Zenoff, owner and publisher of the Home News.

City Plans Action Soon On Urban Development

The city has done nothing recently on the matter of urban development according to Mayor William Byrne, but some action is expected in the next week or two. "The council will meet with representatives who recently made a survey here, and go into the matter thoroughly," Mayor Byrne stated.

"We have met with these representatives once in the past two weeks, but nothing was done at the time as the meeting was informal, and all members of the council were not present," Mayor Byrne said. "However at the next session the urban development project will have a priority."

Many cities in the nation have adopted urban development projects with varying success. Many home owners object to some aspects of the development plan, especially when it means replacing an old homestead with a new home at some expense.

Tactical Air Command, Theme Of Speaker At BPW Meeting

Major Wesley R. Williams, information officer at Nellis Air Force Base, will speak on the Tactical Air Command at the April 25, meeting of the Business and Professional Women's Club, it was announced by President Bee Keenan.

The presentation will be illustrated by slides and a color film entitled, "TAC On Target," showing the striking capabilities of TAC fighter aircraft including the mach two (twice the speed of sound) F-105 Thunderchief.

TAC which has been described as the "strike force" of the U.S. Air Force is an instrument of national policy, dedicated to preserving freedom throughout the world.

Major Williams has been information officer with the 4520th Combat Crew Training Wing at Nellis AFB since July 1951. He was formerly assigned with the Office of Information, Hq TAC, Langley AFB, Virginia, and is a combat veteran of World War II and Korea.

Arrangements for the program were made by Mrs. Isabelle Mack, national security chairman for the BPW Club.

Dedication of the Willow Beach National Fish Hatchery at Willow Beach; Arizona is scheduled for 11 a.m. Saturday. Wayne E. Kirch, chairman of the Colorado River Wildlife Management Committee issued invitations to newspapermen in Arizona and Nevada to attend the ceremonies.

MORRY ZENOFFS'

MORRY'S STORY

When Mayor Oran Gragon of Las Vegas this week urged that the Las Vegas Valley Water District be disbanded in favor of an Metropolitan Water District, he hit the nail right smack on the head — in our opinion. We were equally happy to see our Lou LaPorta in his role as chairman of the county commission endorse the idea. And Hal Corbin, too.

For — if it happens — it will lead to the complete answer to the water problem in this Southern Nevada area for years and years to come.

You see — the Federal Government, thru its office of reclamation in Boulder City, has been working on initial plans to install a network of water lines from Lake Mead to Eldorado and Vegas Valleys which will end all problems. It will be large enough to take from the lake the entire Nevada allotment — which is enough water to handle the full demands of Henderson, Boulder, Vegas, Nellis Air Base, North Vegas and all of Paradise Valley — for years and years.

What makes this project so sweet is that is being setup very much along the lines Hoover Dam was set up some 30 years ago. The dam was built on government money, repayable by those who contracted for energy, and at a low rate of interest.

The water project would be financed by the federal government and would be repaid in full by the water users via long term contracts, at a low rate of interest.

The way the water district has been operating, everything has been piecemeal, especially with the rapid growth of the area. The District is thinking now of going to the people for a bond issue of some \$20,000,000.

Wouldn't you rather see the project by all-in-one and at one-time with enough capacity to allow the area to explode in all directions and without pasteur types of water installations? And sudden shortages?

This can be accomplished if Congress is given the package backed by a solid citizenry. The governor has championed it, the congressional delegation is championing it.

Now — it is up to the citizens to champion it — by discouraging the Vegas Valley water district from gumming up the works.

Mike Hahn Will Lead The Jaycees

Mike Hahn will be the president of the local Junior Chamber of Commerce for the next year. He was installed last week at the regular meeting of the Jaycees.

New vice-presidents are Jerry Brooks and Ernie Lomphey. Bob Castle is the club secretary and Nash Sena is the treasurer.

Sena was honored at the recent Jaycee state convention at Hawthorn, Nevada recently. He was second place as the outstanding Jaycee of the state.

The local chapter of the

Jaycees also returned from Hawthorn with the traveling trophy. This was won when 12 out of 32 club members attended the convention. The traveling award is made on a percentage basis and the local Jaycees had the best percentage at Hawthorn.

TOPS MEMBERS MEASURE-UP

Tape lines will be the order of the day for Whistlebait Tops Club this Tuesday when measurements will be taken. The club meets at 7 p.m. at 282 Tungsten street. The main business will center around plans for a "penny-a-pound" barbecue.

Mrs. Rita Peal, with a weight loss of eight pounds, was named Queen for this Week, at last Tuesday's meet-

SHE TOOK PICTURES — Mary Jo Cattoir, staff photographer for the Zenoff Publications poses with her camera after being notified that she had won the Nevada Press Association award for the best news photo of 1961. The picture appeared in both the Boulder City News and the Henderson News. Mary Jo's photo was reprinted in Tuesday's issue of the Henderson Home News.

OPTIMIST CLUB ESSAY CONTEST OPEN TO CLARK COUNTY SENIORS

The Breakfast Optimist Club of Las Vegas, today announced the first annual essay contest for senior students of all Las Vegas, Henderson, and Boulder City City high schools.

Final judging will be made by a committee of the Breakfast Optimist Club and winners will be announced by May 15.

Contest rules have been distributed to all high schools, according to Bob Weeks, the club president.

The club will give a \$350 scholarship to Nevada Southern University for first place winner and engraved plaques to the second and third winners.

Hospitals are crowded with accidents that couldn't happen, but did.

State Prints New Handbook For Driving

A new and colorful Nevada Driving Handbook has been published by the state's Department of Motor Vehicles.

Louis Spitz, Director, said today the 52-page handbook gives Nevada motorists the answers on safe driving techniques and proper driver licensing procedures.

Temple Bar Gets Facilities

Additional facilities for the visiting public at Temple Bar within the Lake Mead National Recreation Area will be provided under a \$67,914 contract award, Superintendent Charles A. Richey announced today.

The project, which will get underway in the near future will include a visitor center with approximately 2350 sq. ft. of floor area and 3500 sq. ft. of exterior paved plaza;

and a comfort station with 400 square feet of floor space in the campground. Construction will consist of concrete foundations and floor slabs, concrete block and stone masonry walls.

A break-down of the total contract is as follows: Visitor center building and terraces, \$52,875; entrance walks and walls, \$3,450 and comfort station, \$9,589.

The successful bid, lowest of three submitted, was awarded to the Peterman, Donnelly Corp. of Phoenix.

LETTERS TO THE EDITOR

Dear Morry:

You will find enclosed a news release about our new Nevada driving handbook, a copy of which is also enclosed.

I would like at this time to thank you for your past courtesies and cooperation in printing information of interest to the motoring public, and also for your endeavors in helping us in our efforts to keep our highways safe for both Nevadans and tourists.

If this office can ever be of service to you, please do not hesitate to call on us, as it would be our pleasure.

Sincerely,
Louis P. Spitz,
Dir. Dept. of Motor Vehicles

Patio Unit To Exhibit Soil Films

The Patio Unit of the Desert Gardeners have adopted as one of their projects for the year the exhibition of movies from the Gardening Clubs of America. These films will be shown at 7:30 p.m. April 25, 26 and 27 at the Public Library here.

One of the films is entitled "Cycle of Life." It deals with plant life. Another film is "Our Living Soil". This film is in color. Both have a sound track.

The public is invited to the show which will be free of charge. All members of the Desert Gardeners are especially urged to attend the Library showings.

One of the films explains the cycle of water, and the life cycle of the soil.

Easter Week Visitors Welcome At Community Church Services

In keeping with the Lenten Season, the Community Church held a special service on Palm Sunday with seven junior members welcomed into the church. The new members, accepted at ceremonies conducted by the Reverend Vernon Hoffman and Harry Rosenberg, church moderator, included Judy Burk, Mike Bergmeyer, Lee Erickson, Gale Gricius, Susan Stewart, Grant Wilson and Kathy Wilson. The new members were honored at a reception in Gilbert Hall following the 11 a.m. worship service. The church will hold a Maundy Thursday candlelight Communion Service today at 7:30 p.m. in commemoration of the sacrament. It is hoped all Christians will join the

congregation in observing the sacrifice of our Lord at this season. Rev. Hoffman will speak on "The Last Words From the Cross," and the Senior Choir will sing "Legende" by Tschaiowsky, under the direction of Doug Haag. On Easter Sunday there will be two special services. The pastor will deliver a sermonette at the Church Service at 9:30 a.m. Worship service will be held at 11 a.m. The combined voices of the junior and senior choirs will sing Easter musical arrangements at both services. The public is invited to join the congregation of the Community Church at the Easter week services.

BIBLE VERSE FOR TODAY
I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live: And whosoever believeth in me shall never die. Believe thou this? —John 11:25, 26.

First Baptist Church Plans Two Services

First Baptist Church, Kansas and Atlantic will hold a special service at 6 a.m. Sunday. Members of the youth Fellowship will present the entire service. The public is cordially invited.

In the evening the choir of the Baptist Church will present a cantata entitled "The Thorn-Crowned King". This will be accompanied by a film strip especially prepared for the cantata.

The special evening service starts at 7:30 p.m. Everyone is invited to hear the unusual presentation of the Easter message.

Key Board Lounge Now Operating

Key Board Lounge, formerly Stop-Off Bar 5852 Boulder Highway, East Las Vegas, is now open under new management. R. F. Dilley and his wife Joyce Dilley now manage the bar.

Joyce will play nightly at the Hammond organ and at the piano and accordion. Cocktail hour is from 5 p.m. to 7 p.m. daily. Free snacks are offered. The Key Board Lounge will be open from 6 a.m. to a late hour daily.

Tassone And Johnson Win Golf Honors

Good scores were posted in the weekly men's amateur sweepstakes at Black Mountain Country Club Tuesday. Jerry Tassone won the 0-10 handicap division honors with a 75-9-66, and Loren Johnson annexed the 11 and over division low score with an 81-12-69.

John Durniak was runner-up in the 0-10 group with a fine 72-5-67. There was quite a battle for the runner-up award in the 11 and over handicap division: Three finished tied for these honors. They were: Jim Spach 81-11-70; Gene Strader 87-17-70 and Ed Wiley 85-15-70.

The men's amateur sweepstakes is a weekly feature at the Black Mountain Country Club. The field is growing steadily for the interesting weekly event.

Car Wash Is In Operation

The city has another new business. Jasper Neal who operated a car wash in Las Vegas for six years, and who has been in the business for 25 years has opened a car wash next to the Flying A service Station on Water Street. He will be open at 7 a.m. daily to provide service.

Neal charges \$2 for each car wash. Polish jobs run \$12.50 and wax finishes cost from \$15 to \$20. The car wash operation is just another of the ever growing number of new businesses opening in the city. Neal has been doing a real good business since opening his car wash on Water Street. He invites everyone to look over his operation.

Inspections Help Spot Fire Danger

If more folks would take advantage of our fire department's training and experience, we could cut the danger of fire to ourselves and our homes at least in half.

It's simply a matter of permitting your fire department to help you spot fire hazards in your homes, says your local Fire Chief in a special Spring-Clean-Up message.

More and more fire departments everywhere, in rural areas as well as in larger communities, are adopting home inspection programs and proving that such programs actually stop fires from starting.

He points out the logic of experienced firemen being able to recognize defects in construction or dangerous conditions in the heating system or electrical wiring that untrained householders would not otherwise notice.

The saving of lives is the first and most important reason for home inspections by firemen, so when the fireman knocks on your door, won't you invite him in?

Slots Given Approval

The city council in session Monday night at Eagles Hall approved the application of Earl Stokes, Ira Williamson and Eunice Williamson for a license for slot machines at the Jackpot Club, 138 Market Street.

Council members also looked over preliminary plans for the intersection of Frontier and Water Streets, and discussed the matter, but took no action on the drawings.

W. R. Hardy did not attend Monday's council session. He was in Los Angeles attending a labor mediation meeting.

Safety doesn't cost anything — until you forget it. Safety is always in season.

THE FISHERS — New partners in the operation of the Swanky Club are shown in photo above. Jerome "Romey" Fisher works in the bar, and his wife "Dee" is hostess and cashier. The Fishers son is a bus boy at the club.

Track Has A Real Future

With Industrial Days looming just ahead, and some high class automobile races slated at the Henderson-Thunderbird International Raceway the next two week-ends, it is hard to conceive how the local track can fail to become the Indianapolis Speedway of the far west.

A real interesting drag program is scheduled for the local track next Saturday and Sunday, and then on April 28, 29 during Industrial Days, the sports cars will take over and present a thrilling card here. For the sports car event the new 2.5 miles track, will be used. Drags use only the 1.6 mile strip.

Through the combined efforts of the city and Harry Polk and Joe Wells, the huge track was made possible. The Polk interests undertook the construction of the new racing oval, for half interest in the proceeds. In addition to the actual track construction the development crew also installed washrooms and rest rooms, and laid out stands.

With the Thunderbird Hotel sponsoring the Industrial Days races, and other events planned for the future, the summer race program should be a roaring success. Sports car and stock car events are being planned, with a possibility that there will be events on Memorial Day and on July 4th.

The track here is in a good position. It is close enough to Los Angeles to draw the top talent from that city. This means that in the not too distant future the top names in racing may appear here.

Men had a dream when they sank thousands of dollars into the development of the 2.5 mile race strip here. They foresaw a boom in racing in the area, with thousands turning out for the big events in the years ahead. As the area grows so will racing grow.

There may even be a time when the top race of the year at the Henderson-Thunderbird International Raceway may draw cars from all over the nation, and as many as 20,000 fans watch the action here.

And we have not been smoking opium either to have such a dream. We have watched stock car racing grow in other communities. It will grow here too. Some day there will be lights here for night racing, and this should be popular as a means of beating the heat.

Herschfield Automotive Enters Five Cars For Drag Races This Weekend

Herschfield Automotive of Paramount, Calif., will make an attempt to dominate the drag races to be held here Saturday and Sunday. Five cars have been entered by this company, and several of the vehicles have posted some very fast times.

A Chevrolet engine fuel dragster is a top entry for the Herschfield outfit. This speedy dragster has a top speed of 180 miles per hour, and the elapsed time of 8.50 seconds.

Herschfield also has a pair of "A" Gas dragsters one powered by a 482 cubic inch Dodge engine, and the other boasting a 380 cubic inch Chevrolet engine. A "B" Gas vehicle with a 352 inch Chevrolet engine also will appear here.

Also entered in the drag feature which kicks off the Industrial Days celebration Saturday is a "AA" Gas car with a twin Chevrolet engine. This vehicle is capable of 185 miles per hour. The Ferguson Ratican-Stearn-Friend 167 miles per hour roadster is another real challenger. It is capable of 167 miles per hour.

Kelly Burton Really Loves Planes; Has One In Yard

Kelly Burton, 293 W. Basic Road is a real airplane enthusiast. He has tinkered with planes for years after his father V. S. Burton sent him to Los Angeles from their home at Mesa, Ariz., to study airplane motors.

Right now Kelly, who has a Veronica Champion in his back yard undergoing repairs, is planning upon instructing his son, Randy and his daughter, Linda to fly the plane. Randy has been helping his dad in making repairs to the light plane.

Burton's interest in planes dates back to 1940. After he finished high school and had a course in planes in L.A. he became a flyer, and has many hours of flying time to his credit.

All of the Burtons like to fly. Kelly's father V.S. Burton flies often with his son. "I feel safer in the air than I do on the ground," the elder Burton informed the writer last week.

Since Kelly started tinkering with planes at his home he has had a half dozen or more planes. He repairs the machines after he purchases

them and then sells them. Kelly who operates a thriving bail bond business in this city, Las Vegas and Boulder City purchased the Veronica Champion recently, and had contemplated selling it when he had it ready for being airborne. However it is understood now that he plans to keep it, and use it as an instructor plane for his son and daughter.

Kelly Burton worked in Civil Service for 18 years before receiving a medical discharge. He has five children all of whom are intensely interested in planes.

Since he went into the bail bond business, Kelly Burton has been forced to travel extensively seeking bail bond jumpers. Most of his traveling is done in planes. Like his father, Kelly really enjoys a good flight. And it is a cinch that he gets to see an awful lot of beautiful scenery in these parts.

We can understand now why they refer to the Burtons as the "Flying Burtons." They know their way around up there.

Elementary Schools Observe Library Week With Displays

Library Week is being observed in the Junior high and elementary schools with colorful displays and appropriate posters, it was announced by Marion Lindesmith, founder and director of the elementary school libraries here.

Mrs. Lindesmith urges all students, teachers and parents to get acquainted with the school libraries and realize the importance of the services these libraries offer the home, the schools and the community.

The Valley View library was cited as an outstanding example of what can be done in library development. During the past year Principal Wm. Wallin has transformed a former supply storage room into an attractive library with seating space for a full class

and adequate shelves for books and other library needs Mrs. Lindesmith said.

Mrs. Naomi Everly, teacher-librarian at the Valley View Elementary School, has trained four of the fifth grade students to serve as library aides. These students are Peggy Heard, Christine Adamson, Debra Black and Joan Summers.

The aides enjoy working in the library which contains more than 1000 books, all catalogued. The girls have learned to put plastic covers on the books and are well acquainted with the catalogue and shelf lists.

Students use the library for research and each teacher brings her class to the library once a week for books.

Jane Greathouse, Richard Corn Married In Home Ceremony Here

Jane Vell Greathouse and Richard Corn were married in an intimate home ceremony attended by relatives and close friends Friday April 6, at the home of Mr. and Mrs. Gary Press, 3 Sturm Street.

The Reverend Ford Gilbert, Pastor Emeritus of the Community Church, officiated at the ceremonies.

Lynn Press, friend of the bride, served as matron of honor and Steven Holley, friend of the bridegroom, was best man.

The bride is the daughter of Mrs. Ilean McKinley of Hawthorne, Nevada and the bridegroom is the son of Mrs. Ruth Corn and the late John Corn of Pittman.

The bridegroom was graduated from Basic High School with the class of 1956 and is presently employed by Hansen Plumbing Company in Las Vegas.

Following a honeymoon trip to the Grand Canyon, the new Mr. and Mrs. Richard Corn are making their home at the Golden Rule Trailer Park in Pittman.

DO YOU WANT TO PROTEST THE MOVING OF CHANNEL 2 FROM HENDERSON TO LAS VEGAS?
If you do, sign and clip the coupon below and mail it to the Federal Communications Commission, Washington, D.C.

Federal Communications Commission
Washington, D. C.

We, the undersigned, hereby formally protest the moving of television Channel 2 from Henderson, Nevada to Las Vegas, Nevada as requested by Don Reynolds and base our protest on the fact that there was a Las Vegas channel open at the time Mr. Reynolds applied for Channel 2 in Henderson, Nevada.

DOG SHOW PLANS ARE FINALIZED

Plans are being completed for the Boulder City Kennel Club's all breed-fun match to be held May 6 at the city park adjacent to the municipal pool. Entries may be made between 10 a.m. and 11 a.m. if not before.

Chet Arden will judge all classifications except obedience which will be under the direction of Josephine Powell. Dogs do not have to be registered, but must be purebred. For particulars, interested dog owners may call Suzy Manis and a meeting is scheduled at Marwood

Doud's home at 7:30 tonight to decide on the food and drink concession which will be part of the arrangements.

POET LAUREATE — To kick off the Library Week celebration, Mildred Breedlove, Las Vegas gave a talk on her poetry before members of XI chapter of Beta Sigma Phi Sorority last Sunday at the Library here.

EDITORIAL
BASIC STUDENT SUGGESTS UNIFORM SPEED LAWS FOR STATE OF NEVADA
by Becky McEwen

I think the traffic laws of Nevada are inadequate for this day and age. Nevada is the fastest growing state in the union in both industry and population, but we are still living with such out dated traffic laws.

Speed is necessary in the growth and development of a nation, but speed on the highway is the cause of over half the automobile accidents. I feel that this state should adopt an enforced law is that everyone should be compelled to be as such:
HIGHWAY—65 mph (night 55 mph)
RESIDENTIAL 30 mph
BUSINESS DISTRICT—20 mph
SCHOOL ZONE—15 mph

This way, where ever one goes he will have no doubt as to the proper speed limit in his particular location.

Another safety factor that I feel should be turned into an enforced law is that everyone should be compelled to turn on his headlights one half hour before dusk and one half hour after dawn at the risk of a traffic citation. This isn't so that you can see better, but that someone else may see you.

There are other points, I feel, that should receive more attention. Such as stop signs. It is stated in the Nevada Driving Handbook that these signs are to be red with white lettering. Lately, I have noticed stop signs which are yellow with black letters.

The red and white catches a persons eye more quickly and easily than the yellow and black.
If a white line were to be painted on the right side of the road to indicate safe-shoulders and curves, it would be a great safety aid to the thousands of tourists who visit Nevada each year.

Although I am a newly licensed driver I have realized that many lives depend upon you and your ability to think intelligently and to drive with caution.

Norma Waldman Is Golf Winner

A ladies putting tournament was staged at the Black Mountain Country Club course yesterday, and top honors went to Norma Waldman who required only 31 putts on 18 holes of play.
Finishing closest to Norma was Bobbie Hunsaker. Bobbie needed 35 putts for her 18 holes of golf.
In third place was Carolyn O'Callaghan. She needed a total of 37 putts for the 18 holes.

Burps . . . by Bob

HAWTHORNE
I guess everyone has appeared "uncle", and paid their income tax. I don't know what they do when you're a day late, but I know someone who'll find out.

Everyone is in the process of constructing their floats or making final arrangements for their entries in the Industrial Days Parade. It's not very far off, and those who haven't bought a badge, ought to get behind one of the city's finer offerings.

The H.S.A. is trying to get the new corrals ready for a N.S.H.A. sanctioned Horse Show to be presented during Industrial Days.

Previewed the New Railroad Pass Casino, very beautiful. Their menu has many new offerings in the way of food to the area.

About a month ago a fine lady from Jacksonville, Illinois was in the Ranch House, and I convinced her she should subscribe to the Henderson Home News. Pearl, the weather is getting finer every day, so tell all your friends about our fine city, and to look us up.

Mr. Bert Hoffman of the California-Pacific Utility Co. assures me that our newly installed gas refrigeration, will keep our little den of iniquity very cool this summer.

As we tread down life's dreary path — Sure get to Smellin' if we don't take a bath —

Can money alone make your future secure?

Whatever your feelings about money, you'll probably agree that it's handy to have around—even all by itself. What's more, if you make it your business to save some pretty regularly, in a few years you'll be all set for that new home, or your child's college expenses, or your own retirement.

Or will you?

Without the freedoms on which this country was founded, all the

money there is wouldn't be worth very much. A secure future takes both—money and the freedom to spend it as you choose.

That's the main reason why buying U.S. Savings Bonds is such a good idea today. You do double saving on a single investment. You save money, at a guaranteed rate of interest. You provide funds that help Uncle Sam stand up for freedom right now, so you'll be sure to have it tomorrow.

How about doing your saving with U.S. Savings Bonds? It's a move you can make today to make your future more secure.

You won't find it printed on a Savings Bond, but one of its benefits is the strengthening of freedom itself.

Though this wall is in Berlin, Communism's rule of terror threatens free men everywhere. One way Americans help safeguard their freedoms is by buying U.S. Savings Bonds.

Keep freedom in your future with
U.S. SAVINGS BONDS

HAPPY MUSIC — Those shown above were only a few of the hundreds of customers who thronged the Railroad Pass Casino over the weekend when it held its grand opening. Win or lose, everyone was in a happy mood, partaking of good food and fine beverages concocted by experts. (Knighton photo)

CHEF MATT LOPEORE commands the buffet in the new dining room. The casino features a pot pourri of smorgasbord style eating with hot entrees and a wide variety of salads. (Knighton photo)

Jehovah's Witnesses Announce Ministerial Activities Week

Ministers of the Henderson congregation of Jehovah's Witnesses are looking forward to a special week of ministerial activity April 24-29, it was announced by J. D. Sizemore, presiding minister. This week will be highlighted by the visit of the circuit supervisor, Paul J. Cowles.

The week's activity will begin Tuesday at 7:30 p.m. at the Kingdom Hall, corner of First and Moser in Pittman, with the ministry-training school and ministry-development class. Following this Mr. Cowles will speak on "The Seed of Truth and How It Grows in The Heart."

Wednesday through Sunday will be devoted to the missionary-ministry service as Mr. Cowles joins with local ministers in making house-to-house visitations on the residents in the community.

The Saturday evening program will begin at 8 o'clock with a Bible question period "New Things Learned" which will test the audience on new Bible knowledge brought to light through the Watchtower Society's many Bible study aids.

The climax of this special week will be Sunday, April 29 at 3 p.m., when Mr. Cowles delivers the public talk, "Is This the World's Last Generation." Following this the congregation will discuss the article, "Keep Proving What You Are by Accepting Responsibility," from the

March 15 issue of Watchtower magazine. Final remarks and admonition by Mr. Cowles concludes this week of activity.

The public is cordially welcome to all sessions which are free. No collections will be taken at any time.

SCIENCE SERVICE

"Doctrine of Atonement" is the subject of the Lesson-Sermon to be heard in the Christian Science church services Sunday.

This statement of the Master's will be included in the Bible readings (John 10): "I and my Father are one . . . If I do not the works of my Father, believe me not. But if I do, though ye believe not me, believe the works: that ye may know, and believe, that the Father is in me, and I in him."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage.

His mission was both individual and collective. He did life's work upright not only in justice to himself, but in mercy to mortals, — to show them how to do their, but not to do it for them nor to relieve them of a single responsibility (p. 18).

VFW AUXILIARY — The Auxiliary of Basic Post No. 3848 V.F.W. held installation ceremonies last Saturday night at the Post headquarters Victory Village. Those in the photo are: right to left (front Row) Pearl Froman, outgoing president; Phyllis Zander, president; Helen Kenworthy installing officer; Back Row (right to left) Ruby Lee Derrick, Jewel Taylor, Carol Englestead, Ula Mc Cullough, Mary Carter, Dorothy Keith, Dolores Darrah, Mary Boyd, Idella Vatemam, Carolyn Grindle, Doris Wiles, Zeld Jackson and Julie Elkie.

OFFICERS INSTALLED — The photo above was taken Saturday night at installation ceremonies for Basic Post No. 3848 Veterans of Foreign Wars. Leonard H. Darrah, retiring Post Commander is shown facing the new officers. Installing officer Donald Urquhart, past department commander shown at the far right of the picture presided at installation ceremonies for the post.

VFW Basic Post 3848 And Auxiliary Hold Joint Installation Rites

VFW Basic Post 3848 and Auxiliary held joint installation ceremonies Saturday evening at the clubrooms in Victory Village. Past Department Commander Don Ur-

quhart installed new officers of the Post and Past President Helen Kenworthy was installing officer for the Auxiliary.

Phyllis Zander was installed as president of the Auxiliary with Mary Carter, senior vice-president; Dolores Darrah, junior vice-president; Idella Bateman, treasurer Mary Boyd, chaplain; Doris Wiles, conductress; Helen Carter, guard.

Trustees, Pearl Froman 3-years; Rubylee Derrick 2-years and Jewel Taylor 1-year.

Appointive officers include Julie Elkie, secretary; Carolyn Grindle, Pearl Froman, Carol Englestead and Eula McCullough, color bearers; Dorothy Kieth, patriotic instructor; Carol Hamiter, banner bearer; Zeld Jackson, flag bearer.

Retiring President Pearl Froman was presented with the past-president's pin and Bettye Clark, who has served as secretary for the past three years, received a secretary's pin.

Dolores Darrah and Mary Boyd each received "golden rule charm" from the national president for signing up seven new or re-instated members. Eula McCullough was presented a "20-year membership pin" and Martha Lompfrey, a "25-year membership pin".

Mary Carter received a citation for outstanding work as Cancer Chairman; Mary Boyd a citation for outstanding work as Way and Means Chairman; and Dolores Darrah for outstanding work as Youth Activities Chairman.

Joel Zander was installed as Basic Post Commander; Wayne Carter, senior vice-commander; Merlin Jackson, junior vice-commander; Charles Elkie, quartermaster; Clarence Lane, chaplain; Audrey Weese, surgeon; George Bibby, judge advocate.

Trustees, Homer Englestead 1-year; Lawrence Olsen 2-years; Leonard Darrah 3-years; members of the permanent home committee, Hal Calkins, Orville Kieth and Clare White.

A Life Membership in the VFW was presented to outgoing Post Commander Pete Darrah, who also received Life Membership and Past Commander's Lapel pins. Darrah also received a citation from the National Commander for surpassing the Post's membership as of Dec. 31, 1961.

Citations were presented by Past Commander Darrah, from Basic Post, to Mayor William Byrne for his aid to the veterans and the Post; to the Henderson Home News for fine newspaper coverage and to Homer Englestead, service officer, for his untiring efforts in his post, and others.

A silver "Eager Beaver" pin was presented to Wayne Carter as an outstanding member of Basic Post; and identical pins were presented to Commander Darrah, Charles Elkie and Homer Englestead for signing up 25 or more members.

Following the installation ceremonies, Post and Auxiliary members and guests were entertained by the Desertaires who gave a very enjoyable performance.

Joyce Daeschner Hosts Meeting Of Phi Chapter

Phi Chapter of Beta Sigma Phi met recently at the home of Miss Joyce Daeschner with Mrs. Ina Gallinger as co-hostess.

The group received two letters of invitation which were read during the business session; the first inviting members to attend the regular meeting of Henderson Toastmistress Club; the second asking the group to a reception for Mrs. Mildred Breedlove, Poet Laureate of Nevada.

Founder's Day celebration on April 29, at which they will join with Las Vegas chapters for luncheon at the Flamingo Hotel.

Also planned was an Easter egg hunt at the city park April 21, for children of members, and volunteer service with the Victory Over Polio project.

Mrs. Lynn Davis and Mrs. Les Wertsbaugh presented the program for the evening, "Substance For the Art of Life — The Good," was Mrs. Davis' topic. Mrs. Wertsbaugh spoke on "Actions Serving Mankind." The chance gift was won by Miss Daeschner.

The chapter will meet April 24, at the home of Mrs. Wertsbaugh with Mrs. Elwood Swift as co-hostess.

**The Police Will Be Looking
For You On Saturday Night**

Don't forget the Police-man's Ball this Saturday night, April 21. The dance will be held at St. Peter's Auditorium starting at 9 p.m. and you may purchase tickets, at \$1 per couple at the door.

Embert Mishler and his Unwanted Boys will furnish western music for the dance, the proceeds will go to the Benevolent Association of the Police Department. Attractive door prizes will be featur-

ed.

Sgt. James Pugh is in charge of arrangements, assisted by Policewoman Joy Frank and Officer Lorne Lomprey of the police force. Decorations will be under the supervision of Officers Jim Jensen, Earl Moore and Loren Oglee.

Come out for a dancing good time and meet your police officers, your friends and neighbors at the Police-man's Ball.

**Rex Bell To Install New
Republican Club Officers**

Lt. Governor Rex Bell has been invited to install the new officers of the Henderson Republican Club, it has

been announced by Jere Moss in charge of plans for the event. The installation will be held on Tuesday, April 24, at the Pittman Community Center. Also invited as honored guest is George Von Tobel, Clark County Republican Chairman.

Officers to be installed are Robert Thayer, president; Jere Moss, first vice-presi-

PLANS RETIREMENT — Troy Bartlett, a Sergeant in the Air Force now stationed at Nellis Air Force Base lines up a golf shot at Black Mountain Country Club. He plans retirement soon as he already has 19 years of service behind him. Troy recently returned from a tour of duty in Formosa.

FLYING BURTONS — Kelly Burton, standing by prop, and V. S. Burton, standing by the wing, could well be called the "Flying Burtons." The son and the father both thoroughly enjoy being airborne. After Kelly repairs the motor he plans to taxi the plane to Frontier and fly the plane out of the city. The plane is located in the rear of the Kelly Burton property, 293 W. Basic Road.

**LARRY ECK
BOWLS 551**

Larry Eck turned in the best individual effort in the junior bowling league at the Bowl last week. He had a 238 singleton, and a series of 551 to easily annex both honors.

Other top single games were: Richy Mangum 183,

Richard Seal, second vice-president; Betty Winlow, secretary-treasurer; Betty Wagner, assistant secretary; and trustees Orrel Lindsey, Frank Perry and John Lyon.

All Clark County Republicans are cordially invited to attend the ceremonies, which will start at 8 p.m. Refreshments will be served.

Don Buchanan 182, Jerry Shiles 181, Tim Melton 179, Jimmy Melton 178. Jerry Shiles had a 490 series and Don Buchanan turned in a 457 effort.

Jerry Shiles has the best average in the junior circuit a fine 166 mark. Terry Kelley is runner-up with 165 and Larry Eck is third with 161. Other top averages are: Jim Park 158, Pat McDonald 155, Russell Parisenti 141, Sanford Henry 139 and Crane Murphy 138.

The standing of the junior league follows:

Team	W	L
El Buen Tres	41	1
Pin-Eaters	27	15
Francis "3"	24	18
El Gatos	21	21
Hustlers	20	22

**Hill Sworn In By Judge David
Zenoff On Juvenile Job**

Howard Hill, former Henderson Home News and Boulder City News reporter, was sworn in as a Deputy Probation Officer Friday morning by District Judge David Zenoff.

D. N. "Mike" O'Callaghan, Chief Probation Officer and Director of Court Services for the Clark County Juvenile Probation Department, made the announcement Friday afternoon.

Hill has been with the department since the first of the year as In-Take Officer, and will also continue in that capacity.

A residence of Henderson,

Hill is a member of Lions Club. He is on the Boys Club Board of Directors and is a member of the Henderson Recreation Board. Hill played goalkeeper for the Las Vegas All-Star soccer team when they recently beat Nellis Air Force Base 4-1.

The new deputy probation officer is a 1960 graduate of Brigham Young University where he was Editor of the school's newspaper, President of his fraternity, the California Club and the Soccer Club. He also played soccer at BYU.

A native of Northern California, Hill served six months active Army duty.

**Toastmasters To
Help Announce
I-Days Parade**

The 11th annual Henderson Industrial Days Parade will start promptly at 3 P.M., Saturday April 28. Public address announcers along the parade route will be Ralph Cramer, Robert Lunt, Gene Beck and the following members of the Henderson Desert Toastmasters Club: Roger Peebles, Jim Partridge, Don Schow, Harry Rosenburg and E. E. Millaway.

Acting as spotters to help the announcers identify the many colorful entries will be Eugene Moritz, John Martin, Ron Hubel and the following members of the Basic High School Usherettes: Sally Hildebrand, Anna Lee Smith, Mary Mathison, Deanie Campbell and Kathleen Willis.

The P. A. systems will be located at the Ebert Residence, 322 Water St.; The Marriott residence, 259 Water; The Pear home, 235 Water; The Flying A Station, 155 Water; The LaPorta Bldg., 123 Water; The Telephone Bldg., 104 Water and Dr. Stanley Jones' Office Bldg., 34 Water.

The script, the announcers will use to help the thousands of spectators enjoy the parade units, will be written by Pat Carlyle and Dan Taylor.

Girls Shine In Track Meet Here

The third annual Clark County track and field Sports Day was celebrated Saturday morning at the Junior High athletic field. Henderson girls competed along with J.D. Smith and Virgin Valley.

Some very good times were posted in the sprint races, and Leavitt of Virgin Valley established a new record in the Eighth Grade broad jump with a 13 foot 11 inch leap.

Girls who competed last Saturday are eligible for the Junior Olympics which will be staged at a later date. Winners of Junior Olympic events here will qualify for competition either in Salt Lake City or California.

The results of Saturday's meet follow:

NINTH GRADE
Broad Jump — Kowallis (JD Smith) Middicke (H), Olsen (VV) Dis. 13 ft. 1 in.
High Jump — Moats (H), Hudgens (H) Ullrich (H) Hgt. 4 ft 1 in.

60 Yard Dash — Hall (JDS) Brown (JDS), Bray (H) Time 8.1
Softball Throw — Hudgens (H), Ward (H) Shaw (DS) 148 Ft. 8 in.

50 Yard Dash — Burk (H), James (H) Robinson (JDS) Time 7
75 Yard Dash — Burk (H) Brown (JDS), Roberson (JDS) Time :10.4

EIGHTH GRADE
High Jump — Radley (H), Hardy (VV) Jones Hgt. 4-3.
Broad Jump — Leavitt VV Howes (H), Hardy (VV) Dis. 13-11

75 Yard Dash — Flasher (VV), Jorgenson (H), Leavitt (VV) Time :10.2
Softball Throw — Picott (H), Grace (JDS) Wilson (JDS) 159 ft.

60 Yard Dash — Fielding (H), Burt (H), Fisher (VV) Time 7.9
50 Yard Dash — Fielding (H), Radley (H), Hardy (VV) Time 6.8

SEVENTH GRADE
Softball Throw — Moats (H), Phillips (JDS) Plamondon (H) Dis. 133-7
Broad Jump — Mathison (H), Gilbertson (JDS) Stone (H) Dis. 13-11
High Jump — Stone (H), Moats (H), Bowler (VV) Hgt. 3-9 1/2
75 Yard Dash — Reynolds (H), Roberts (JDS) Worst (H) Time :10.2
60 Yard Dash — Everitt (H), Reynolds (H), Bray (H) Time 8.4
50 Yard Dash — Mathison (H), Everitt (H), Roberts (JDS) Time 7.1

Need Buttons For Many I.D. Events

Chuck Jones, member of the local Jaycees last night advised local residents to obtain their Industrial Day buttons from the annual celebration opens next week. "These buttons admit wearers to many of the Industrial Days events," Jones advised last night. "And for that reason every local person should have one." Desertaires of Basic High also have been selling the Industrial Days buttons. Those

PATIO GARDENIERS SPONSOR FREE MOVIE AT LOCAL LIBRARY

A free movie on gardening will be shown by the Patio Unit of Desert Gardeners at the local library, April 25-27, it was announced by Joyce Perkins.

Two movies are included in the showing: "Our Living Soil," a 25-minute presentation in sound and color on conservation of water and soil and the life cycle in modern methods of agriculture. The second film, "The

seeking buttons can contact any of the Jaycee members, or obtain a button from members of the Desertaires.

Cycle of Life" shows the life and growth using organic methods. The picture is accompanied by sound. All interested persons are invited to view the films.

GIRL SUFFERS MINOR INJURIES

Kathy Wilson, 8, was given emergency treatment at Rose de Lima Hospital Sunday after she was struck by an automobile on East Washington street in Carver Park.

The little girl was released after treatment for lacerations and bruises.

Even a single accident is one too many.

EIGHTH GRADE TEAM — Members of the eighth grade girls basketball team are shown above. Members are: (left to right) Pat Cozzacoli, Leana Allred, Evie Oxborrow, (capt.), Phyllis Stewart, Wendy Dietrich and Pamela Jorgensen

9TH GRADE TEAM — The girls shown in the above photo were members of the girl's ninth grade basketball team. Members are: (left to right) Lorrie Alires, Kathy Hopkins, Jennie Ullrich, Linda Allright (capt.) Mary Empey, Janet Barton, Judy Schoneman and Mary Taylor.

Golf Club Readies For Gigantic Henderson-BC Easter Egg Hunt

Members of the Black Mt. Golf Club are busy with last minute preparation for the biggest Easter Egg Hunt ever attempted in this area.

Girls Needed As Airline Stewardesses

A recruitment drive for stewardesses from the Western section of United States was announced today by David Amos, Director of Personnel for National Airlines.

Qualified applicants will be flown to Miami for interviews and if accepted will attend a National Airlines Stewardess School in Miami, Amos said. To qualify, girls must be between 5'2" and 5'8" in height, weight between 105 and 130 pounds, a high school graduate and either single or divorced with no dependents and between 20 and 27 years old.

Application blanks may be obtained at any National Airlines district sales office in Los Angeles, San Francisco, San Diego or Las Vegas.

Average tenure of service for a National Airlines stewardess is 18 months, Amos said, because of the high marriage rate among hostesses.

National routes extend from the West Coast through Texas and Louisiana to Florida and up the East Coast as far as Boston, Massachusetts.

All children, pre-school thru age 10, of Henderson and Boulder City are invited to join with children of club members in a gigantic egg hunt on the greens of the Black Mountain golf course.

Children will be divided into age groups in order to give the little ones a chance to look for eggs in competition with others of their own size, thus giving every child participating an equal chance at the prize offered for the one finding the most eggs.

The Easter egg hunt will start at 8 a.m. with a signal given to start the children on their merry search. Special prizes will also be given in all age groups. Punch and coffee will be served for all parents attending with their children.

Golf Club members are anticipating a large attendance from the two cities and if public participation is as good as expected the Club hopes to make the Easter Egg Hunt an annual event.

To reach the golf course, coming from Boulder City — turn left across Boulder Highway at the Henderson Bowl; turn left one block on Haynes Drive (the access road) to Major Avenue which leads to the Black Mountain Golf Club.

If you care for your family, take care of yourself.

Geologic Map Of Bare Mt. Now Available

Publication of a multicolored geologic map of the Bare Mountain area in the southern part of Nye County, Nevada, has been announced by Dr. Vernon E. Scheid, director of the Nevada Bureau of Mines, University of Nevada.

Twenty-three color variations were used to delineate the spectacular geology of the area. Lying just east of Highway 95, below the old mining town of Beatty, the contorted many-hued rock formations have long attracted the attention of prospectors, geologists, and tourists. The region has been a center of mineral interest in Nevada since the turn of the century. Mining activity in the area has included work for gold, flourspar, and mercury, as well as ceramic silica, clay, marble, and other industrial minerals.

The Daisy mine on the northern slopes of Bare Mt. is one of Nevada's largest flourspar producers.

Covering an area of about 225 square miles, the map includes parts of Crater Flat and the Yucca Mountains to the east. It is printed at a scale 1 mile to the inch with 40-foot contour intervals.

Entitled "Geology of the Bare Mountain Quadrangle, Nevada," the new map may be obtained for \$1.00 from the U. S. Geological Survey, Federal Center, Denver, Colo.

Use Air Mail Envelopes For Air Mail Only

"Air mail envelopes should never be used unless the sender desires air mail service. While the use of air mail envelopes for first-class surface mail is fortunately not widespread, useage is frequent enough to merit special attention." So says Postmaster Charles Connor.

The colorful red and blue bordered envelopes are restricted to mail intended for transportation by air. If this restriction is not observed, there is potential trouble and embarrassment for everyone concerned. Air mail envelopes which do not bear sufficient postage (7c per ounce up to 8 ounces) are handled as air mail, and postage due is collected from the addressee. In the process, the post offices involved are compelled to give the item in question special and expensive attention. The person to whom the envelope is delivered is certainly not pleased when he is requested to pay for special service that neither he nor the sender had in mind.

The position of the Postal Service can better be understood when it is pointed out that air mail envelopes were purposely created with their distinctive markings to identify air mail immediately and to make certain that it receives priority handling on the way from deposit to destination. It would therefore be illogical to permit use of such envelopes for ordinary purposes, as post office personnel then never be sure about what the mailer had in mind.

When time is a significant factor, air mail should be used. But the mail so sent should always be properly identified. Then the Postal Service will know at a glance what the mailer wants and the recipient will not be asked to share the cost of the transaction.

Questions about air mail will be quickly answered by calling FR-24011.

Experience isn't the best teacher if you can't use it again.

Find the safe way; then stick to it.

HOW LONG IS A PIECE OF STRING?

MOST everybody has heard the old adage about the length of an unmeasured piece of string.

HOW long is it? OBVIOUSLY nobody knows until it is measured. What, then, is the significance even AFTER it has been measured?

A not too far-fetched analogy may be found when we liken this unknown quantity to human relationships.

HOW friendly is this person, this place, this group of people?

AGAIN, we don't know until the calipers of minute evaluation have made their findings — at elbow-length with the places and persons involved.

HOW to do this? We at Railroad Pass Casino simply suggest personal observation.

IT IS on this premise that we proclaim our place the friendliest casino anywhere.

Tours Of BMI Plant Complex To Be Industrial Days Attraction

On Saturday, April 28, the BMI industrial plants will conduct free tours of their facilities from 9 a.m. to 1:35 p.m. with air-conditioned buses leaving every 25 minutes from the Titanium ball field. The tours are a featured part of the Industrial Days celebration.

The BMI complex represents the bulk of heavy in-

dustry in Clark County. The Basic Magnesium Plant is now 20 years old. It was constructed in 1942 to produce magnesium for World War II. After the war it was sold to the State of Nevada by the War Assets Administration and the State dedicated water from Lake Mead and electricity from Boulder and Davis Dams and offered the

plant facilities to industry. Final transactions were completed in 1952 and the former defense facilities were converted to production units of Stauffer Chemical Company; Titanium Metals Corporation of America; American Potash and Chemical Corporation; and U. S. Lime Products Division of The Flintkote Company.

The creation of this manufacturing facility has created considerable employment and has been beneficial to the economy of Clark County. During the tour, visitors will be able to see the chlorine caustic and other producing facilities of Stauffer Chemical Company and its subsidiary, Montrose Chemical Co.; the chlorate and perchlorate

Saddle Club Lists Rules And Classes For Annual Horse Show

The Henderson Saddle Association will present its 3rd annual Industrial Days Junior plants and the newly acquired "Navy Plant" of American Potash and Chemical Corporation; the lime facilities of the Flintkote Company and the metallurgical facilities to produce titanium at Titanium Metals Corporation of America.

held at the new Saddle Association Arena in Pittman, located off Boulder Highway directly back of the ready-mix plant near Stuckey's. All entries must be in by April 20 in order to be listed in the program. Post entries will be accepted until one hour before classes with a \$1 penalty.

The show is approved by the Nevada State Horseman's Association. Classifications will be as follows: 1—Western Equitation, 13 years and under. 2—Bareback riding, 14 to 17 years. 3—Clover Leaf Barrel Race, 17 years and under. 4—English Equitation, 1 years and under. Class 5—Stockhorse reining, 1 years and under. 6—Western Equitation, 14 to 17 years and under. 8—Costume, 17 years and under. 9—Trail Horse, 13 years and under. Class 10—Trail Horse 14 to 17 years. 11—Bareback Riding, 13 years and under. 12—Western Pleasure, 17 years and under. 13—Stock horse Reining, seniors, 18 yrs. and over. 14—Western Plea-

sure, 17 years and under. 15—Stockhorse Reining, seniors, 18 years and over. 14—Western Pleasure, seniors. 15—Trail Horse, seniors. The committee reserves the right to cancel any class in which there are less than 4 entries, and to combine or divide any class or classes should the best interest of the show require it.

No points will be given for classes 2, 8 and 11. Tie down and martingale will be prohibited in all classes except as ornamental dress in the costume class. Trophies will be awarded to first place winners with ribbon awards through fifth place. The revolving trophy will go to the outstanding participant in the show. Lunch will be available on the grounds and place will be provided where riders may change attire. Judging will be by A.H.S.A. Judge Frank M. Laswell of El Cajon, California and will start promptly at 8:30 a.m. Further information is available by calling FR 4-5953.

Nevada Southern Business Dep't. Offers Beginner Courses In June

The Business Administration Department of Nevada Southern is offering beginning courses this summer in accounting, typewriting and shorthand. The accounting class which is open to students who have had no previous training in this field will include journalizing, posting, adjustments, statements, closing and proprietorships. Registration for the course will be held on Saturday morning, June 9. Classes meet Monday thru Friday, 8:00 to 9:50 a.m. beginning June 11 and continuing thru August 3. Fees for the course will be \$44.00.

Dr. Andre Simmons will instruct the course. Beginning typewriting and Gregg shorthand have not previously been included in the summer offerings and it is anticipated that registration may have to be limited. These courses are included in the six-week session beginning June 25 and continuing thru August 3. Fees for typewriting will be \$22.00 and for shorthand they will be \$33. Mrs. Beverly Funk will be the instructor for the courses. Dr. Helen Cole, regular staff member of Nevada Southern, will conduct a course in Office Administration 304, Business Communi-

cations, from June 11 to June 22. This is a two-credit course involving the presentation and application of the psychology, principles and problems underlying effective communications in business and industry. Information regarding the summer schedule may be obtained by calling Regent 3-2222 or visiting the campus at 4505 Maryland Parkway.

ARMED FORCES
RELEASE FOUR
LOCAL MEN

Four local men were among 91 Nevadans released from the Armed Forces in the past two months, it was announced by Major General James A. May, State Director Selective Service. Returning to Henderson were Elvis E. Russell, 633 Burton Street, who has been serving with the Army; Kenneth E. Corbett, of 38 West Pacific, of the Navy; and Kenneth R. Litchford, 531 Karen Way, of the Marine Corps. Also released from the U. S. Navy was David L. Olsen of 604 Utah Street, Boulder City. All except Litchford have been transferred to the Reserves.

Fishers New Partners At Swanky Club

Diners who have visited the Swanky Club this past week noticed some new faces. These newcomers "the Fishers" are new partners of Jack and Doris Mallory in the operation of the club.

Jerome Fisher, better known as Romey will be working in the bar, and his wife known as "Dee" will be the hostesses and cashier. Young Steve Fisher, a Junior at Basic High will be a bus boy at the well known dinner club.

The Fishers came to the area from Detroit a year ago, but resided in Phoenix a few months before coming here. Visitors at the Swanky Club are urged to make the

DUPLICATE BRIDGE WINNERS ANNOUNCED

Helen Irving and Faye Zearfoss were first place winners Friday in the North South position when the Duplicate Bridge Club met to its weekly session in the banquet room at The Royal.

Other N.S. winners were Mr. and Mrs. Al Hamilton in second place; LaRae Gail and Ross Salter, third.

In the East-West position, Earl Davis and Sam Cooper were first; Pat Routh and Maude Coddling, second; Miriam Giles and Lee Keller, third.

The Duplicate Bridge Club meets for regular play each Friday at 8 p.m. at The Royal. All bridge players are welcome to attend.

acquaintance of the Fishers. Dee Fisher is a sister of Mrs. Albert Blackwell on 221 Hillcrest in this city.

HENDERSON HOME NEWS, Henderson, Nevada

Thursday, April 19, 1962

By Laurie FitzHarris

"Among My Souvenirs" beckoned Basic High couples to the Junior Prom Saturday night.

"Souvenirs" of high school days literally dangled from the ceiling. Replicas of past slips, posters for dances, plays, and bulletins adorned the room. The band was enclosed in a huge junior class ring, with Queen Trudy Ross's initials engraved on it. Queen Trudy Ross reigned from gala decorated treasure box, along with her four attendants Linda Love, Moira O'Neill, Nancy Rhoden, and Donna Oxford. After her coronation, the Queen, court, and audience were entertained by Sheila Kenworthy, who sang "Moon River" and the highlight theme of the dance, "Among My Souvenirs."

Among those in attendance at the prom were the following couples: Sherri Johnson and David Arkell, Linda Green and Dave Stout, Katy Espinoza and Eugene Moritz, Linda Love and Barry Gardner, Renee Griggs and Harry Brown, Donna Boyce and Bucky Faulkner, Julene Wil-

liams and Dave Osborne, Darlene Solomon and Bob Friedrichs, Margaret Nallia and Jarryl Martin, Carrie Mac Neil and Bill Engle.

Also at the dance were Alice Sullivan and Bill Haney, Gloria Pfeiffer and Larry Jones, Darlene Lamareaux and Ray Peterson, Deannie Campbell and Tom Ryan, Marcia Compton and Larry Elliott, Marilyn Mendive and Terry Larkin, Francis Watson and Johnny Hinkell, Moira O'Neill and Larry Eck, Donna Oxford and Craig Ballew, Nancy Rhoden and Paul Sloan, Trudy Ross and Larry Day, Marve Buescher and Carol Brooks, Dianne O'Dell and Mike Beard, Diana Kelley and Paul Sullivan, Garry O'Dell and Judy Stevens, Paul Yates and Sherry Gove, Terry Kelley and Marilyn Winall, Bill Skupa and Sharon Fisher, Jim DeSart and Leslie Mac Neil, Mike Reed and Judy Karr, Tammy Pryor and Bruce Reid, Norma Davis and his girl Laura from Gorman, and Gary Bonduant and Sandy.

Kay Murphy Shoots 590 In Sweepstakes

The Powder Puff Bowling League held a singles sweepstakes Tuesday night at the Bowl here, and Kay Murphy annexed the top honors by firing a handicap score of 590.

Finishing close behind Kay were Betty Lorentz, Wilma Beadle, Dot Perry and Mary Ann Davis.

The sweepstakes officially closed the Powder Puff Bowling League activities for the winter season. Royal Club Club won the team honors in the league finishing five games ahead of the second place Swanky Club team.

The Powder Puff League is a 16 team loop. League play was on the late shift every Tuesday night.

Junior Class Tribute

The Junior class play received wide applause Monday and Tuesday night when "I Remember Mama" was presented on the stage in the Basic High Gym.

The performance was the result of many hours of hard work and patience by each member of the play cast, and the outcome was a play which reflected the diligent effort put into each part to make it a success.

Congratulations to the junior class for putting on a fine piece of entertainment, and congrats also to the person who made it possible, Mrs. Koren!

COURT ACTION

Two defendants charged with operating vehicles while under the influence of intoxicants received stiff fines in Municipal Court before Judge George O. Treem Tuesday. Louis Oscar Scott changed a plea of not guilty to one of guilty and received a \$150 fine. Marian Geraldine Sewell was fined \$25 for having expired California plates, and \$125 for the drunken driving offense.

Melvin J. Winn charged with two cases of contributing to the delinquency of two minors entered a plea of not guilty to both charges. His trial was set for April 24. The complaint charged that Winn kept two minor girls out after curfew hours.

David L. Holden charged with having expired Nevada operator's license was fined \$10 for the offense.

Jerry W. Snyder of Nellis Air Force Base charged with failing to have an operators license in his possession and with improper passing had his case continued for two weeks.

Jose Leyba was fined \$10 for failing to have a Nevada operator's license.

Timothy Perry was tried on a charge of disregarding a stop sign, and was fined \$2 by Judge Treem after being found guilty. A charge of having improper plates was dismissed.

Thomas Mann charged with having an unclean yard, had his case dismissed when a photo showed that the debris was in an alley in back of the yard, and not on the property.

A number of bail bonds were forfeited when defendants failed to appear in court Tuesday.

He will race in a "474 Olds" 1959 model. He has achieved a speed of 167.21 in his vehicle, and his best E.T. is 9.07.

Prep Bowling Season Ends

The Clark County High School Bowling League closed its inaugural 12 week season Tuesday at the Showboat Lanes. Rancho varsity won the varsity competition by a seven game margin over Basic, while the Wolves Jayvees and the Basic girls annexed their loop crowns by wide margins.

The varsity competition was close between Rancho and Basic until late in the season, when key Wolves bowlers joined other sports teams, and the varsity was weakened. Then Rancho pulled away to the loop crown.

Basic's Jayvees led by a comfortable margin through out, and won by nine game margin. The Basic girls in their first bowling effort won their loop title by 13 games.

Nev. University Students Honor Linda Phillips

Linda Phillips was recently installed as junior women's senator-at-large at the University of Nevada.

The 1960 Basic High School graduate will assume the duties of the major elective post in student government at the Reno campus for 1962-63. As senator-at-large, she will serve on the Finance Control and Publications Boards and represent the entire student body in the student senate.

Miss Phillips received the Elks Leadership Award her senior year at the local high school.

At the University, she is affiliated with Kappa Alpha Theta sorority, in which she served as president of her pledge class. She is a member of the Student Union Committee and secretary of Pages, a sophomore women's honorary.

Two Big Car Racing Events On Industrial Days Card For New 2 1/2 Mile Track Here

Race car enthusiasts of the area, whether they be drag car lovers, sports car boosters or stock car backers will certainly get their fill of car racing the next two week-ends at the Henderson-Thunderbird International Raceway.

Opening the activities next Saturday and Sunday will be the drag program which will bring outstanding California vehicles here as well as top performers from Nevada and perhaps from Arizona.

Then on Saturday and Sunday, April 28, 29 the sports car drivers will take over to give Industrial Days celebrators here a real race card. The sports car field will be a brilliant one, and some exciting events are expected over the new 2 1/2 mile track. The Las Vegas Car Association is putting on the Industrial Days show.

Dalby Shirley, city recreation director has handled arrangements for the drag races which will kick off the Industrial Days celebration this week-end. He said early last week that Saturday be used for qualifying and tune-ups, and that next Sunday would feature the actual elimination classes. In drag races here there six classes—top, juniors, middle, Kite, street and stock eliminations.

As an added incentive for the drag racers there will be two \$1000 bonds offered for runs over 130 miles per hour and elapsed time for the standing start quarter-mile under eight seconds. Trophies will also be offered along with bonus merchandise and cash prizes.

Dalby Shirley told Chamber of Commerce members last week that the race car group is considering a Memorial Day race at the Raceway here. There is also talk of a July 4th program with fireworks. Both would attract large crowds, and could blossom into annual events.

Car testing at the 2 1/2 mile raceway is also a distinct possibility Shirley told Chamber of Commerce members. The high banks at each end of the track make it an excellent test site for the stock cars, and also a fine track for stock car races. Stocks make use of the banks while the sports cars hug the inside track on the turns.

The local track is attracting quite a bit of interest. Widespread coverage of the event here Industrial Days is expected with cars from all over the west competing in the sports car feature.

Bleachers and stands will be built around the track to take care of the spectators. Shirley also told Chamber of Commerce members that a jet racer capable of making 230 miles per hour on a straightaway will be here for the drag races. Among the cars entered are many drags capable of 180 miles per hour.

Recreation director Shirley pointed out that the new track and the racing facilities there lends a great personality to the city. He added it is one of few raceways of its type in the United States. The race strip at the Speedway in Indianapolis where the annual Memorial Day races are held is also a 2 1/2 mile track.

Keeping Abreast Of The News...

WITH MERRY ZENOFF

For years I have wondered why the newspapers in our area have failed to follow the format of most of America's daily papers in supplying us with the news and the background to the new of important world stories. Our area papers have been very successful in their concentration on local and state happenings—so I guess my criticism would be out of order. However, if this newspaper ever become a daily—our concentration will follow the New York Times, The Milwaukee Journal, The Christian Science Monitor, The Kansas City Star, The Miami Herald, The Philadelphia Enquirer, The St. Louis Dispatch, The Los Angeles Times, The Chicago Daily News, The Baltimore Sun, The Washington Star, The New York Herald-Tribune, The Wall Street Journal.

In the meantime, I gather my background each day by reading the above papers—as many as I can—and their contents absolutely thrill me. If I could afford it, I would like to cull out the finer articles and present them to you via our paper—possibly offering you material you hadn't yet read about or studied.

The following article is one of those—which gives a perfect description of the Argentine story—which made world headlines within the past week. It is taken from The Christian Science Monitor. I hope you will read it.

The story: ARGENTINA'S TRAGEDY: CONSTITUTIONAL BREAKDOWN

by James Nelson Goodsell

The tragedy of Argentina today is that civil, constitutional government has been dealt a sharp blow with the forced ouster of the lawfully elected Arturo Frondizi from the presidency by the nation's military chieftains.

The tragedy of Senor Frondizi was that, despite his firm adherence to constitutional and democratic ways, he never captured the imagination of the Argentine people in the same flamboyant way which Juan Domingo Peron, the dictator ousted in 1955 by the military had done.

TURN SEEN

The lean, ascetic-looking politician, who had weathered more than three dozen crises in his four years in office, was finally outmaneuvered by a determined military, who have vowed never to allow a return to Peronista dictatorship in Argentina.

To the military, it appeared that the March 18 provincial and legislative elections signaled the opening wedge of a return to just such a regime.

Through 10 days of backing and filling the President and the military jockeyed for position following those elections in which Peronista groups took 40 percent of the vote.

And finally, as the situation got increasingly untenable with demands that Senor Frondizi resign and his adamancy that he would not, the military acted.

MOVED DURING NIGHT

In the wee hours Thursday, top Argentine military leaders took control of the government, forcibly deposing the President and establishing a military junta to rule for a time.

The military chieftains acted swiftly, seizing control of the nation's presidential palace, the pink-hued Casa Rosada, and key government buildings scattered throughout Buenos Aires. In the provinces, military groups took control of communications facilities and rail hubs.

From all press reports coming out of Buenos Aires, it was a quick, smoothly run coup d'etat, with none of the bloodshed or violence so frequent in Latin-American crises. But the military takeover had not been unexpected.

DEMANDS RESISTED

Throughout Wednesday, President Frondizi steadfastly refused to yield to military demands that he resign. First the Navy, long the more vocal and active element of the military, then the Army, and finally the Air Force come out against the constitutional regime.

Aware of the constitutional crisis being caused by the

the 10 days of uncertainty which have filled Argentine politics, the military leaders, in a communique early Thursday said, "We want to stand by the Constitution for the salvation of our people."

PERON IN WINGS

Rebounding from near-ousting time and again in the past 10 days, Arturo Frondizi was the symbol of constitutionality for Argentina—a nation which has long suffered from frequent hiatuses of constitutional government.

In the wings of the Argentine drama, waiting for a bid to return which may well never occur, was former dictator Peron.

Waiting out an exile which began in 1955, Senior Peron watched Argentine developments from his vantage point in Madrid. There was little indication that he would seek an early return.

But his supporters in Argentina, who were barred from assuming their elected posts by civil-military intervention, took the developments as a sign of their own strength.

While it is unlikely that the military will permit any return of Peronista power throughout the republic in the near future, the instability of Argentina fell neatly into the pattern that they and Senor Peron had long forecast.

PROSPECTS SCANNED

The prospect for the immediate future appears to be:

● Military maneuvering, under the guise of a semblance of constitutionality, to control the Argentine executive and legislature.

● Increasing agitation on the part of Peronistas and their supporters to take over control of the offices which they won in the March 18 elections—including the populous key province of Buenos Aires, where half of the Argentine people live and where the bulk of Argentine industry and cultivated land is located.

● Uncertainty about Argentina's economic position, which was critically hurt by the Peron dictatorship and which President Frondizi long labored to correct with increasing success as his austerity measures bore fruit.

● Labor agitation by the 62 Peronist-dominated unions, representing over half of Argentina's organized labor, could strangle the nation's industry at any moment.

● Washington's probable reluctance to commit additional Alliance for Progress aid funds to a nation beset with political and military turmoil might mean that Argentine economic patterns will be sharply affected.

Perhaps the single most encouraging factor in the whole picture—and this may prove incorrect as developments take place—was the apparent reluctance on all sides to break with constitutionality.

Throughout several days of the crisis, former President Maj. Gen. Pedro Eugenio Aramburu, the nation's only national leader, walked between President Frondizi and the military in an effort to mediate the dispute.

General Aramburu may well be pressed into service to right the ship of state.

Gardeniers Welcome One New Member

Desert Gardeniers, Purple Sage Unit, met April 9, at the home of Mrs. John Ivary. Last minute plans for the coming Spring Flower Show were made. Doreen Ginzle was welcomed into the club as a new member.

The garden book on ground covers as well as the sunshine gift, tapered candles, were won by Maxine Yoeman, a guest.

Guest speaker, Mrs. Abe Miller's topic for the evening was "Condition and Ar-

ranging Flowers For Show." Mrs. Miller also created and displayed five types of flower arrangements.

Important points stressed for amateur arrangers were that his or her container be dry before placing in the needle-point holder and clay; that the foliage used be clean; and to use the fine needle-point holders.

The next meeting will be held May 14, at the home of Mrs. Cecil Hummer, 1000 Magnolia in Las Vegas.

Esther Circle Party Honors Mag Thompson

Maggie Thompson was honored at a surprise potluck dinner held in conjunction with a recent meeting of Esther Circle of the Community Church held at the home of Kathy Weese, 18 Nevada Way.

Mrs. Thompson, who is leaving for Shreveport, Louisiana, was presented with a gift from the circle and a number of individual gifts from members.

In Shreveport, Mrs. Thompson will visit with her sister and a number of other relatives living in that area. She has been residing in Valley View with her daughter Alice Terry.

Edrie Hansen, Florence Galloway, Mrs. D. A. Kariker, Mrs. Virgil Weese, and Romola Burk were guests at the meeting and dinner. Members attending were Lucille Hollingsworth, Iona Hinds, Eula McCullough, Ruby Redder, Marsha Lomprey, Alice Terry, Orrel Lindsey, Ann Brydia, Kathy Weese and Jessie Jones.

Whooping cough and starlet fever evidently still remain the leading diseases contracted in night clubs.

PRESIDENT KENNEDY'S HEALTH PLAN: Family Goals

By Abraham Ribicoff
Secretary of Health, Education, and Welfare

People all over the country—young and old—are writing to their Congressmen these days urging passage of the President's Health Insurance Plan for the Aged through Social Security.

My own office is swamped with letters. A registered nurse wrote: "I strongly endorse the President's plan for health care through Social Security."

A doctor wrote: "Health care under Social Security for the aged is the answer."

A young wage earner pleaded: "Please do everything you can to push the President's health plan. My mother's hospital bills take every penny I have." It is costing me \$260 a year for health insurance. This takes too big a slice out of my small income."

In short, the President's health plan has a strong appeal for all age groups, and a movement to get his proposal passed by Congress is sweeping the country.

What these people want (and I've personally talked with many of them from coast to coast) is passage of the King-Anderson bill which is now before Congress and which carries out the President's health insurance plan. Here's what this bill will do for you:

If you are eligible for retirement under the Social Security or Railroad Retirement Acts at age 65, you would be entitled to health benefits under this proposal. The plan covers 95 per cent of today's wage earners.

In addition, your parents and others over 65 will receive immediate health benefits if they are eligible. Nearly 15 million persons aged 65 and over will be entitled to these benefits when the plan goes into effect. Your children, when they be-

come wage earners, will automatically come under this plan and will get the same benefits when they reach 65.

The King-Anderson bill provides:

- (1) Payment of all the costs of hospital care up to 90 days for a single illness, except for a deductible of \$10 a day for the first nine days, which the patient would have to pay. Thus, your bill would be no more than \$90 for those 90 days. (Free choice of hospital guaranteed by law.)
- (2) Payment of up to 180 days of nursing home care after transfer from a hospital.
- (3) Payment for home health care for 240 visits per year for intermittent services from a registered nurse, a practical nurse or therapist.

Secretary Ribicoff

(4) Payment of all costs above the first \$20 for diagnostic services at a hospital outpatient clinic. This encourages older people to seek an early diagnosis of their illness.

What all this means is that if your doctor decides you need hospital care, outpatient diagnostic services, nursing home care or the services of nurses or therapists in your own home, he can order it for you without concern for your finances. Your

own prepaid health insurance through Social Security will pay the major cost.

Your relationship to your own doctor will not change. You will continue to pay his bill yourself. The fact is that it is not the bill of the family doctor in routine medical care that terrifies older people and their children who are confronted with these bills. It is the hospital and nursing costs for the elderly. There is no better hospital or medical care in the world than that which Americans get, and this type of care is bound to be expensive.

Since you will choose your own doctor and will continue to pay his bills, there is nothing in the President's plan which even remotely resembles "socialized medicine," the charge which has become the campaign slogan of the American Medical Association.

Now, what is this plan going to cost you? It will be very nominal—about \$1 a month for the average wage earner and an equal amount from his employer. Each employed person would pay one-fourth of one percent on the first \$5,200 of his earnings. His employer will match this. A self-employed person will pay three-eighths of one percent. At the age of 65 benefits become available.

In the next article I will tell you why a welfare plan now in operation can't meet the health needs of the aged.

Your Congressman wants to know how you stand on the Kennedy Program for Health Insurance through Social Security. Write to him. Also, for further information about President Kennedy's proposal for health care for the aged, write to the National Council on Senior Citizens, 200 "C" St., SE, Washington 3, D.C.

Rose de Lima Painting Is Now Completed

Salvatore Costello, an artist who resides in the Townsite Apartments here, said last week that he had completed the portrait of Saint Rose De Lima, after whom the Rose De Lima Hospital here was named.

It will take about a month for the painting to dry thoroughly, and then the artist will present it to the hospital.

Costello decided to paint the picture while he was out patient at the hospital. He noticed that there were no large paintings of the saint in the hospital, and took steps to obtain a picture of a saint from South America.

After receiving a small picture of Rose de Lima from Lima, Peru, Costello started work on the painting. It has taken several weeks to complete the work. Costello plans to donate the piece of art to the hospital here.

The painting captures the innocence and simplicity of the Saint, who died at the age of 31 after entering the Dominican order of nuns.

Rose de Lima was blessed as a saint for her purity and great love of Christ. Her features glowed with spiritual beauty even though she made attempts to mar her looks by eliminating the material pleasures of her life.

Costello said he had seen paintings of this type in South America. He added he had received large sums for paintings in the market here and also in foreign markets.

Firefighters Organize In Clark County

On the 6th of April, the following departments met at the North Las Vegas fire department and banded together, forming The Southern Nevada Fire Prevention Council:

Clark County fire department; North Las Vegas fire department; City of Las Vegas fire department; City of Henderson fire department; Boulder City fire department; and Nellis Air Force Base fire department.

The aim of The Southern Nevada Fire Prevention Council is to reduce the number of fires, and the prevention of accidental deaths and injuries due to fires in the Southern Nevada area. The heads of the departments feel that the close proximity of each department, and working hand in hand can put before the people the direct cause of fires occurring within their individual areas.

The council will carry out an active campaign three times a year. One occurring in the spring, which is "Spring Clean-Up Week". One occurring in October, which will be known as "Fire Prevention Week", and the other carried out just prior to Christmas.

Medical Assembly Discusses Many New Ideas For Healthier Living

by Rae Von Dornum

Facts discussed at the 14th Annual Scientific Assembly of The American Academy of General Practice disclose that we may be doing many things backward in today's world.

Young people of today love noise which many oldsters find distracting . . . it is noted by these learned men of medicine that . . . candlelight and wine, so sought after by the young . . . should not be a part of the life of the elderly . . . noise is essential in the life of old people.

More than 7000 of the nation's family doctors gathered at the Las Vegas Convention Center in what has been termed the most successful assembly ever held by the Academy of General Practice . . . it has also been noted that this is by far the most important convention ever held in Las Vegas.

Hundreds of displays showed the latest scientific methods of curing the ills of every part of the human body . . . everything was discussed . . . pre-game jitters . . . instant death . . . heart diseases . . . sore feet . . . how to survive an atomic disaster . . . medical care for the aged . . . EVEN a man's right to die.

★ FAMILY DOCTOR ALSO PSYCHOLOGIST

A Philadelphia physician pointed out to the assemblage that three out of four patients in a family doctor's office are "nonpsychotic, nervous persons" and it is not always easy for the family doctor to help the patient suffering from anxiety or mild depression . . . Doctors and medical students, the speaker said, must be taught basic psychology that can be used in the treatment of all patients . . . Both, he added will be "better physicians, not frustrated psychiatrists" . . . the gentleman from Philadelphia pointed out that psychiatric literature has become so highly technical that it is practically "a foreign language" to the family physician.

★ PRE-GAME JITTERS

The worst effects of before-game jitters, says a research team from the University of Nebraska, are vomiting or "laying-off" food for up to 24 hours to avoid this possibility.

An empty stomach strips a player of his vitality and staying power and to prevent this a new type liquid food high in carbohydrates was tested by the Cornhusker football team with outstanding success.

★ SPECIAL TAPE TO CLOSE WOUNDS

A New York City physician reported that a special adhesive tape can often be used to close skin wounds and surgical incisions . . . this reduces infections, causes fewer complications and has definite cosmetic advantages.

★ M. D. INVESTIGATORS

An exhibit prepared by the aerospace pathology branch of the Armed Forces Institute of Pathology dramatically pointed out the important role doctors have played in providing postmortem data from victims to the over-all investigation of air crashes . . . results point to methods of improving survival as well as preventing such crash causes . . . many non-deadly injuries could be prevented by backward-facing seats, the exhibit states . . . 20 per cent of fatal crashes theoretically are survivable . . . medical tests on flying personnel can also reduce crash problems.

★ NOISE FOR OLDSTERS

Oldsters need better light . . . and noise . . . for emotional health, so says Duke University's Center for Study of Aging . . . studies show a subtle decline in visual and hearing acuity due to the aging process . . . meaning older persons need better lighting than younger ones and also need a night light as there is a decline in their ability to adjust to darkness . . . hearing decline cuts out normal background noises of life making the world "seem dead" . . . the effort to keep noise at a minimum so older persons can enjoy peace and quiet may be the worst possible therapy.

★ M. D. DETECTIVES

Doctors who treat low back pains must also be detectives said an orthopedic surgeon from Dallas, Texas . . . low back pains are as common as headaches or stomach aches and can come from such things as a slight twist in the wrong direction . . . poor posture can also cause low back injuries . . . torn muscles . . . ruptured ligaments . . . damaged disks . . . bone lesions and fractures are difficult to track down and call for "conservative treatment."

★ DIET CHANGE KEY TO ALERT USEFUL OLDSTERS

"The time to start growing old is one minute before you die," said an Oakland, California metabolism researcher who spoke on the topic "How To Start Growing Old" . . . Atherosclerosis now appears to be a disease that parallels the aging process but is not a normal part of it . . . unchecked, this disease seriously threatens the usefulness of this important segment of the population — because it robs old people of their intellectual capacity.

Atherosclerosis is one unhappy aspect of growing old which literally begins soon after birth . . . to create a healthy environment a change of diet was suggested . . . replacing the common fats, from meat, dairy products and eggs with polyunsaturated fats from vegetables, fish and . . . in some cases fowl . . . accumulating evidence points to certain dietary fats as a major factor in the production and progression of atherosclerosis.

★ SORE FEET PRICE OF EARTHLY DOMINANCE

The price we pay for our ancestors' decision to swing down from trees and walk erect can be summed up in the expression . . . "Oh, my aching feet," said a Chicago doctor . . . a 200 pound man has a 30 pound crunch down on the big toe and first metatarsal joint . . . one of the structural ills of man's defiance of gravity . . . corns and bunions result . . . improper shoes were blamed for toe nail infections and callouses.

★ SUDDEN DEATH IN INFANTS

The sudden and unexpected death of an apparently healthy infant is often difficult to explain, a Philadelphia pathologist reported . . . he said, such deaths should not be arbitrarily attributed to suffocation and said parents must understand that they may be in no way responsible . . . "In most instances, nothing that the parents did or failed to do would have influenced the tragic outcome" . . . he said . . . Autopsies occasionally reveal changes indicative

of specific disease which may not only account for death but may affect treatment of other members of the family

★ HAY FEVER

Early treatment of seasonal allergies or hay fever was strongly urged by a Cedar Rapids, Iowa physician . . . untreated hay fever patients may eventually develop seasonal bronchial asthmas . . . the seasonal variety is a precursor of perennial asthma . . . he said.

★ M. D. SHERLOCK HOLMES

The forensic pathologist is often regarded as a medical "Sherlock Holmes" . . . who uses science as a tool to uncover homicides . . . said the chief medical examiner and coroner of Los Angeles County . . . however, there are five accidental deaths, two suicides and 13 nontraumatic or "natural deaths" for every homicidal one . . . each of these deserves the same careful attention the forensic pathologist accords a homicide . . . the pathologist must determine whether the family is entitled to indemnification paid by workmen's compensation boards, state insurance funds, union insurance plans, accident insurance . . . More than a medical "Sherlock Holmes" . . . the forensic pathologist . . . with the help of practicing physicians . . . can also be called a social scientist

★ THE RIGHT TO DIE

A Jesuit theologian and professor of Christian Morality at St. Mary's (Kansas) College and director of the Department of Moral Theology at St. Louis University, discussed theology's stand on "a man's right to die?" on a three-man panel . . . entitled "Death With Dignity" . . . during the closing day of the assembly . . . Father Kelly sided with sufferers against useless prolongation of pain and expense . . . he based his presentation on an article entitled "The Right to Die" which was published some years ago . . . the MD author was especially concerned with the hopelessly ill

patient's right "to meet his waiting God without a man-made struggle" . . . a man is obligated to take reasonable means to preserve life and health, but is not obliged to take any and all means which might involve excessive hardship to himself and others or those which would be disproportionate to the good obtained . . . the theologian said.

The matter of money might seem crude . . . said Father Kelly . . . asking his audience to consider carefully the full meaning to a man of his life savings . . . he wondered at the propriety of spending the fruits of a lifetime of toil and sacrifice on the useless prolongation of . . . for example . . . terminal coma . . . there comes a time when a patient can conscientiously refuse some treatment because in comparison with the good they do him, the cost is excessive . . . heart surgery . . . open chest massage . . . and the prolonging of suffering by antibiotics . . . blood transfusions and

intravenous feedings . . . were included on the Jesuit's list of what could be considered excessive hardships which the patient was not obligated to accept . . . "There is much to be said in favor of a patient's right to meet his Maker without such a struggle," Father Kelly said.

HERE AT LAST! Lumber began arriving this week for the long-awaited mooring facilities in the Boulder Beach harbor which will be constructed by the Lake Mead Marina. Bob Walker of the Marina is shown at the right, supervising the stacking of it. (Knighton photo)

THAT'S WHERE THEY'LL GO — General Manager Bob Walker of the Lake Mead Marina, right, points to the roped off area in the Boulder Beach harbor where the first 116 slips will be built for boat moorings. With him is Assistant Harbormaster Harold Schmidt. (Knighton photo)

116 LAKE MEAD MARINA DOCKS BEGUN AT BOULDER BEACH AREA

By Virginia Morrison — Bob Walker, general manager of the Lake Mead Marina, in an exclusive interview with this reporter, stated yesterday, that the long-awaited harbor facilities at Boulder Beach are materializing.

As he stated this, he pointed with pride to one dock, already completed, and the second one starting to shape

up. The lumber was just beginning to arrive the first of the week.

It is pre-treated against weathering pre-cut and is a dark green color. In all, the first 116 slips will consume 85,000 board feet. The slips will be shipped here in lots of 100 in the future.

Bing Dawdy of the Marina stated that mooring requests will fill the first 116 immediately.

The harbor facilities, which will be built around the world's largest floating restaurant and bar (still to be okayed by the Federal government) are just the beginning of the gigantic project planned for the beach area.

Walker, who has settled his wife and two sons in the former Merdith Ingham home at 809 Sixth street, is as happy as a kid with new copper-toed boots and he said wryly, "I told you that people shouldn't give up hope."

He was referring to the innumerable length of time it has taken to clear the Marina plans through Washington. In

the meantime, like Walker said, he was just as anxious to improve boating and launching facilities as anyone else who loves the lake, but Washington moves slowly.

Joe Tourist and Jane Resident would envy Walker, if for no other reason, than that he has conjured up an office in a large air-conditioned trailer which is just above the waterline. His view of Lake Mead extends as far as he can see. His mind's eye at times contains a different picture from the average person who gazes at Lake Mead, however.

The scene which emerges for him is that of the whole Lake Mead Marina development completed and being enjoyed by a million tourists a year.

Basic Texaco High Scorer In Housewives

captured high team game in recent Housewives' league play while tying Van Valey's for third with respective scores of 583 and 570. Williams' Pest Control rolled a second place 572.

High series was also taken by Basic Texaco with a three game total of 1667 followed by Van Valey's with 1603. Woodruff's Basic photo was third with 1597.

LeNora Moyes was high in both divisions with 183 and 483. Mary Ann Davis was second with 178 and also took third in series with 433.

Ruth Soehlike rolled a 163 for third place game while Nan Watson was second in series with 445.

Splits converted were as follows: 5-7 Nan Watson; 9-10 Betty Hansen; 5-10 Mary Sheahan; Betty Hansen; 2-7 Mary Ann Davis; Ruby Hearst; 3-10 Ora Norris.

MISS JO WINLOW HONORED AT ARIZONA STATE

Miss Jo Winlow has been elected house chairman of Gamma Phi Beta, national social sorority on the campus of Arizona State College at Flagstaff.

Miss Winlow is the daughter of Mr. and Mrs. John Winlow of 501 Burton Street. She is a junior majoring in elementary education.

Graduation Exercises For 158 Basic Seniors May 31

One hundred and fifty-eight Basic High School seniors are scheduled to graduate at exercises to be held at 8:15 p.m. May 31, it was announced by Principal John Dooley.

Baccalaureate will be held at 3 p.m. Sunday, May 27.

Expected to graduate are the following students:

Margaret Anne Allsebrook, Steven K. Anderson, James David Arkell, Robert Craig Ballew, Annette Barnum Dennis W. Bayard, James Michael Beard, Lynda Gay Beatty, Georgia Ann Bennett, Jerrold Lee Bergemeyer, Gary Edward Bondurant, Thomas L. Boggs, Robert William Bowles, Donna Kay Boyce, Beverly Joyce Brancifield.

Janet B. Brooks, Harry Brown, Patricia Ann Brown, Marvin Lloyd Buescher, Penny Gay Burton, Denell Ann Butler, Deannie Gene Campbell, Susan Carrillo, Albert D. Carroll, Mary Helen Carter, Marcia Jane Compton Betty Lou Cortez, Jimmy Dean Cooper, Bernard Lewis Crutcher, Sidney Afton, Elaine Daugherty.

Norma Lee Davis, Phildon Brent DeMille, James Warren DeSart, Patricia Lynn Doherty, Dennis F. Drake, Diana Drakon, Laurence Theodore Eck, Sharon Kay Edmondson, Katherine D. Espinoza, Larry Ray Evans, Donover H. Fanin, Judith Ann Farris, Kent Dart Faulkner, Alvis Arthur Fawcett, Elise Kathryn Ferry, Laraine C. FitzHarris, Elsworth Newell Flowers, Robert E. Friedrichs, Dana Louise Frock, Robert E. Friedrichs, Robert Erwin Gaither, Rulon Barry Gardner, Franklin Ora German, Lois Elaine Getz, Shirley Merle Goff, Renee Louise Griggs, Mona Draken, Guinn Charlotte, Hamiter, William Lewis Haney, Janet Rae Harwood, Lynn Marie Hildebrand, John C. Hildebrand, Eddie LaVell Hill, Paula Beth Hill.

Formosa Just Tour Of Duty For Sgt. Bartlett

Sgt. Troy Bartlett, a career man in the Air Force now stationed at Nellis Air Force Base is looking forward to retirement next year, and he has high hopes that his current assignment will keep him at the present base until his retirement.

Troy, husband of Selma Bartlett, Bank of Nevada executive has served 19 years in the Air Force. He is in the administrative section. Bartlett recently returned from a 15 month tour of duty at Formosa. He's also had tours of duty in Japan, and in Europe. During World War II Troy was in the European theatre.

In discussing Formosa, Bartlett said that conditions were very crowded on the tiny island. However the natives, mostly Taiwanese, have been making the most of their opportunities. Rice raising is the principal occupation of Formosa farmers, but with help by American technicians, the island has come up with a thriving pineapple business. "In fact Formosa is Crowding Hawaii now in this field," Sgt. Bartlett said.

"The people on Formosa are a friendly lot," Troy said last week. "They make only 17 cents per day in salary, a far cry from our salaries here in the United States," he added.

Taylor, Suzanne Taylor, Rae Anne Thompson, Peggy Fields Torres, Sheri E. (Trent) Huhn, Anna Maria R. Valdez.

Beverly Ann Walker, Frances Dorene Watson, Karen Ruth Weedman, Robert Gary Wheeler, Sharon Sirrell Whitney, Martha Ann Williams, Sharon Kay Willson, Daniel R. Wittern, William R. Greep, Eloise Day Guinn.

Vicki Richard Woofter, Martin J. Clancy, Jr. Sandra C. Graham, Darlene Fay Lamoreaux, Earl Dee (Webb) Homer, Jerry Harrison Leming, Jasper Oremand Bliss, II, Sharon Joan Johnson, Leslie Ann Sullivan.

PFC LARRY LISTER COMPLETES COURSE AT SIGNAL SCHOOL

Army PFC Larry L. Lister, son of Mr. and Mrs. Jess S. Lister, 103 C Victory Village, recently completed the 30-week microwave radio equipment repair course at The Signal School, Fort Monmouth N. J.

Lister was trained to install, operate, maintain and repair multi-channel micro-

wave radio relay communication equipment. He received instruction in electronic fundamentals, basic radio receiver and transmitter circuitry and transportable microwave radio relay systems.

He entered the Army last June and completed basic training at Fort Ord, Calif.

The 18-year-old soldier is a 1961 graduate of Parowan (Utah) High School.

NORMAN WALDIE is the most recent of three Basic High School graduates to go to New Mexico State University, where he is a freshman this year.

DOUGLAS J. HOLLOWAY is the oldest member of Basic High School's three man delegation at New Mexico State—he's in the NMSU junior class.

BRUCE G. GALLOWAY is a sophomore at NMSU this year, having graduated from Basic High School in 1959. He's pictured in an engineering lab.

TIME OUT — Galloway, Waldie, and Holloway take time out from university studies for recreation in student-financed addition to the student center.

COOK'S TOUR — Waldie takes his fellow Henderson students on a tour of the electrical laboratory, one of the largest on the New Mexico State campus.

(EDITOR'S NOTE — It is the opinion of this newspaper that the newspapers throughout the nation have been passing up one of the finest and most important of all feature stories—The Activities of Local Students in college.

This week we proudly present the seventh of a series of college features, three of our finest Basic High School students now attending New Mexico State University.

In presenting this series, we hope to encourage all eligible students to continue their education at College or University and hope these features will be helpful to them in making their choice of a college.)

Presenting Our Grads At New Mex. State University

Basic High School has given sound academic preparation for three of its graduates who are all now making fine progress in some of the most difficult departments at New Mexico State University.

The students are Douglas J. Holloway, Bruce G. Galloway, and Norman R. Waldie.

All three are in anything but snap courses at New Mexico State; two are in physics, one in mechanical engineering.

Holloway, the senior member of the Henderson three-man delegation, graduated at Basic High School in 1958. He is the son of Mr. John P. Holloway, 1519 S. Second, Las Vegas, Nev. He was active in many high school activities in addition to his studies.

Galloway, a 1959 Basic graduate, was the next to come to New Mexico State and is now a sophomore. His parents are Mr. and Mrs. Leonard Galloway, now of Boron, Calif.

Waldie graduated at Basic last spring as a top student both scholastically and in activities. He is the son of Mr. and Mrs. Robert H. Waldie of 108 Joshua, Henderson.

RESEARCH — Norman Waldie is deep in one of New Mexico State University's 130,000 books in Branson Library.

All three are excellent departments at New Mexico State, while Galloway is in mechanical engineering.

State, which has laid heavy stress on the sciences and engineering since World War II.

Holloway, a junior, has taken advantage of the longer time he's been at New Mexico State to join a fraternity (Lambda Chi Alpha), work on the Student Center Dance Committee, serve as co-chairman of Student Night, be a delegate to Greek Council, and an associate member of NMSU's chapter of Sigma Pi Sigma, the national honorary society for physicists.

All three have an excellent atmosphere for their particular academic interests. New Mexico State has developed its Physical Science Laboratory to an agency now doing more than \$5 million a year in contract research and development for Federal Government, Bell Telephone Laboratories, all three branches of the Armed Forces, and other universities. This expansion has enabled the school to bring to its faculty top-notch engineers, scientists, and mathematicians.

Nearby White Sands Missile Range has worked closely with the school to develop academic programs for its scientists and as a source of supply for future personnel.

NMSU's academic developments indicate its interests — it offers bachelor's and master's degrees in many fields, and the highest academic degree, the doctoral, in physics, mathematics, and mechanical, civil, and electrical engineering.

New Mexico State was founded in 1889 as the land-grant college of New Mexico. It is located about 40 miles north of El Paso, Tex., and 25 miles west of White Sands Missile Range.

TOP BRASS — Galloway chats briefly with department head C. Quentin Ford of mechanical engineering.

LIBRARY FACILITY — Holloway and Galloway take advantage of another NMSU facility — open stack library.

HAPPY OCCASION — Everyday stop for a college student is the U.S. postoffice on the NMSU campus.

FRIENDLY VISIT — Holloway chats briefly with these NMSU students from Ruidoso, Portales, and Albuquerque, N. M.

STUDENT AID — Crystal structure in physics laboratory is shown Holloway by physics major Waldie.

TURN-ABOUT IS FAIR PLAY — Waldie sees apparatus in which Holloway is preoccupied in his work.

GIANT OUTDOOR LIVING SALE

ALUMINUM PATIO CHAIR
Heavy duty square tube adjustable chaise. 5 plastic webbing strips for solid comfort. Sturdily constructed. 11.98 value.

\$8⁸⁸

ALUMINUM LAWN CHAIR
Heavy duty square tube non-tilt lawn chair. 5 plastic webbing support... easy to handle and very comfortable. 6.95 Value.

\$4⁸⁸

BAMBOO SLAT ROLL-UP BLINDS
Inside peel — all natural (unpainted), complete with hardware including two brass pulleys. Cotton pull cord, wall cleat and cup hooks. 1/2-inch genuine imported bamboo slats.
