BASIC VS. BOULDER

BASIC WOLVES, ALL SET TO HOWL FRIDAY NIGHT AS THEY ATTACK THE BOULDER CITY EAGLES **WOODRUFF NEWSphoto** **BOULDER EAGLES, WITH THEIR TALONS SHARPENED AS THEY PREPARE TO REND THE BASIC WOLVES TO SHREDS.** **KNIGHTON NEWSphoto**

BASIC WOLVES

Facing the Boulder Eagles for the opening game of the local grid season at Boulder City Friday night will be an almost completely new lineup of Blue and White warriors.

Coach Joe Cummings, starting his fourth season with the Wolves, has only four lettermen returning to the squad. Graduation left him with a line of raw recruits with little varsity football experience but with plenty of gumption and will to win.

After a fortnight of hard training on and off the field, the Wolves are shaping into a snarling pack of vengeance seeking gridmen, out to pluck the feathers from the Eagles of Boulder City.

The starting lineup that will face the Eagles Friday will be selected from the following:

Ends: Jim Easley, Elwood Belzer, Bill Jilbert, and Mike Rikard, a transferee from Oregon, who has shown remarkable progress.

Tackles: Paul Sloan, Lanny Littlefield, and Steve Hinkel. Cannon, Steve Hinkel.

Center: John West and Harry Hildebrand.

Quarterback: Bill Skupa and Dale Calderone.

Halfbacks: Larry Elliott, Bruce Reid, Dennis Downer.

Fullback: Greg Sullivan, Dennis Downer.

Assisting Coach Cummings are John Gyer, line coach, and "Chuck" Galloway, backfield coach. Like three sergeants, this trio has been putting their rookies through their paces until now they are keyed up and ready for their first victory of the season.

Into Boulder City, the Eagles had better take to their wings or get them clipped.

THE RECORD

The 22nd renewal of the annual "Little Big Game" between the area's oldest prep rivals, check Basic Wolves and the Boulder Eagles, is slated for Friday night. This annual opening game has continued unbroken since it started in 1943.

Last season saw the Eagles go through with colors flying and ten new feathers to their coup stick with ten straight wins. The Wolves fared less well with a 4-4 tie for the season. However, with the graduation losses, both teams will start off on a comparatively equal footing.

The Eagles have a 15-4 won-loss record over the Wolves with two ties. The last four opening games have been won or lost by a single point, except for 1960 when it wound up a 12-12 tie.

Basic's big wins were in 1946 and 1954 when they clobbered the Birds with 28-0 and 45-18 wins. But Battling Boulder took four such lopsided games. In 1943, 34-6; 1948, 51-7; 1949, 50-7; and in 1956, 32-6.

The scores over the years are:

Year	Basic	Boulder
1943	0	6
1944	6	6
1945	6	6
1946	28	0
1947	6	6
1948	7	7
1949	7	7
1950	13	13
1951	0	7
1952	7	7
1953	13	13
1954	45	18
1955	13	20
1956	32	6
1957	13	6
1958	6	6
1959	14	13
1960	12	12
1961	21	20
Totals	459	230

B. C. EAGLES

Impatiently awaiting the invasion of the Wolf pack from the north, Friday night, the Boulder City Eagles have their talons sharpened and ready to claw themselves to a fifteenth victory of the inter-city annual "big game".

Coach Ken Andree of the eagles like Coach Cummings of their arch-rivals from Basic High School, has had to rebuild an almost entirely new team from what was left after graduation last spring. Diplomas took the heart out of his squad and left him with a skeleton team with not much more than a fighting heart.

The varsity players and their positions are: Ends, Bob Boyles, David Robinson, Sandy Steve, and Earl Sadbury; Tackles, Dick Porter, Ed Bennett, Wayne Laatikainen, Dick Westercamp, Van Dell Wood; Guards, Dick Lansford, Dick Bourne, Bill Whittington, Charles Miller, and Roger Stahl.

The quarterback is Mike Everman; Fullback, Steve Berry; Halfbacks, John Guiterrez, George Gibson, Richard Coderman, David Belding, Steve McAdams, and Kenny McHugh. Roy Legler will manage the Boulder team, and Dale Foreman will be line coach.

Andree's high-flying birds took ten straight last season and went on to capture the State "A" Championship. Ken Andree's team will be slowed somewhat with the loss of quarterback Bob Rignell, who broke his ankle during scrimmage a week ago.

And, when the invaders from the north, the Basic Wolves from Henderson, pour out onto the Boulder City gridiron, they will find an air of fighting Eagles awaiting them.

200 Extra Valley View Pupils Cause Shuffle In School Zones

The addition of approximately 200 children at Valley View school, attributed to the influx of families at Ballerina Trailer Court, Trailer Estates, and the new homes in Valley View, caused a shift in school zoning to balance the classes in the City's elementary schools.

First, second and third grade children from the Pittman area, a total of approximately 104 students, had previously been transferred to Townsite School in anticipation of the increase in the Valley View, Park Village area.

The increase was more than anticipated and approximately 50 children, in all grades, from Valley View and Carver Park were transferred from Valley View school to Park Village.

Zoning is less rigid in the

Urban Renewal Committee Hears Face Lifting Plans For City In 1st Meeting

The first step in the multi-million dollar face-lifting project for this city took place last night in the city council chambers as members of the city appointed "Citizens' Committee on Urban Renewal and Development" held their first meeting.

Orientation of what urban renewal is all about took up most of the three hours spent in discussion, with the federal government's agency director for this area, Glenn Manley, doing the briefing and answering the questions.

He explained that it will be the job of this committee to determine what areas need assistance in combating blighting influences and how improvements can be made to increase property values for home-owners and commercial areas.

Slugged Sailor Story Proved To Be Hoax

Sometimes it just doesn't pay not to tell the truth, and then the truth is so much easier to remember, so Gary Arnold Retterer, 25, 605 Avenue M, Boulder City, learned to his intense regrets.

Retterer, a sailor in the U.S. Navy, stationed at Bremerton, Washington, Navy Yard, currently staying with his aunt at the Boulder City address, reported to the police he had been slugged and robbed of \$70. He told of meeting two men in a local casino and buying them a drink, then accepting their invitation for a ride to Boulder City.

He reported one of the men chopped him on the neck with a Judo chop, robbed him of \$70 and threw him from the car.

Police Officer Osborn became suspicious of the story and questioned Retterer yesterday morning. At first Retterer maintained the story was true, but he finally broke down and admitted he had been drinking and gambling Saturday night and lost his money. The story, he told Osborn, was to justify to his aunt in Boulder City the loss of his money.

Retterer was arrested for making a false report, booked and incarcerated in the city jail.

Chamber To See New Area Film Playground USA

"Playground USA," the new color film of the Las Vegas area, showing the recreation, transportation, conventions and resort accommodations of Southern Nevada will be shown here today for the first time at the noon meeting of the Chamber of Commerce in the banquet room at the Royal.

Olson will be accompanied by Jim Deitch, manager of the Las Vegas News Bureau.

The nominating committee will announce the names to be on the ballot for a new 1962-63 Board of Directors. Ballots will be mailed to members the following week.

The carnival, to be in town October 17 through 21, at Titanium field will be discussed. Proceeds from the carnival will be used to purchase additional Christmas street decorations which have already been ordered by chairmen Bob Woodruff and Ronald Langford.

Free tickets will be given to all merchants for distribution to their customers with purchases. Each of these free tickets entitles the holder to a free ride on the carnival grounds with the purchase of one regular ticket.

Because of the large amount of deliveries to be made, merchants who are not members of the Chamber will be asked to call at the office, 152 Water Street to pick up their rolls of free tickets, to expedite delivery. These tickets are free to all merchants.

Perkins Outlines Tight Control Plans On Water, Sewer Lines

Plans for a tighter control of cost and construction of water and sewer lines were outlined at the City Council meeting Monday night by City Engineer George Perkins. Perkins said he would have them prepared in detail to be presented to the Council at its next regular meeting.

Perkins, in his verbal outline of his plans, listed three steps to be taken in seeing standards required by the city that the lines were up to the city. His plan would call for an annual contract that would (1) advance money to the city for the construction of the lines; (2) the city would have charge of preparing the plans; and (3) have the work done under strict supervision of the city.

He told of previous lines that were constructed of materials inferior to the city's requirements and, as they deteriorate, they will be a constant source of expense to the city.

Councilman Morrell insisted that when a project is red-tagged, the tag is to remain

BETH HARRIS HAS BIRTHDAY PARTY

Beth Harris was feted at a party held at the home of her parents, Mr. and Mrs. Max Harris, 5-B Carver Street, on the occasion of her third birthday, September 2.

Sharing birthday cake with Beth were Karen Ramstad, Rickey Bootin, Sherrill and Rickey Doolin, Shirley and Karen Delk, and Lleeann and Pamela Love. Also present were Mr. and Mrs. Bill Love and Beth's grandmother, Mrs. Leon Parsons.

LETTER TO THE EDITOR

Gentlemen: Recently your paper carried an editorial concerning the means whereby pre-arrangements could be made to enable any of us to see that funerals could be conducted simply and with dignity but without the high costs normally involved.

I replied to your editorial. How many others did? Perhaps this information should again be presented in your paper.

I think the idea is splendid. I know how successfully this idea has been developed in other areas. What do you think we can do to help people of our area learn more about yours truly,

Ralph E. Cramer
110 Dogwood Street

SADDLE CLUB MEETS TONIGHT

A general meeting of the Henderson Saddle Association will be held tonight at 7:30 at the corral, it was announced by President James Grosscurth. There will be a free weiner roast in conjunction with the meeting. The president has urged all members to be present at this important session.

BICYCLE STOLEN

Richard Turner, 142 Grove Street, reported to the police his bicycle had been stolen from Townsite School some time prior to 1:30 p.m. Monday. He placed a value of \$30 on the bike.

Do Not Disregard Parking Citations Warns Chief Crisler

Chief of Police George Crisler today issued a warning to all persons receiving parking or non-moving traffic citations not to disregard them or trouble would be forthcoming.

Stolen Auto Returned to Home Of Police Chief

It is always thoughtful of a car thief to return the car to the chief of police, and that is what happened Tuesday morning.

According to the police records, Christopher Torres, Jr. left his Dad's car in the parking lot at Basic High School Tuesday morning. When he returned for the car at 11:30 to go home for lunch, it was gone. He very thoughtfully left the keys in the ignition switch.

Shortly after the call went out on the stolen car, Police Chief George Crisler phoned in that the car was parked at the curb in front of his house.

Council Studying New Rules For Fire Department

The City Council is considering a new set of rules and regulations for the fire department and will probably accept them at the next regular meeting of the Council.

Fire Chief Don Richards said he has been advised by the insurance underwriters that a proper set of rules would advance the city's rating about three or four points.

The city, said Richards, has been serving under rules somewhat similar to the ones presented to the Council except the present rules apply under the old public safety department as is applicable to both the fire department and the police department.

Officials were told that not much more would be required to increase the city's rating to a 6 classification from the present 7 rating.

Capt. Dale Starr and fireman Louis Jaramillo of the fire department are attending a Civil Defense school in Los Angeles. Radiation, monitoring, and bacteriological problems will be studied during the 32 hour course, Chief Don Richards said.

TWO BIGHORN SHEEP HUNTS BEGIN IN SEPTEMBER

Two of Nevada's five 1962 bighorn sheep hunt areas will open this month for those hunters lucky enough to have drawn tags. Areas 17 of Nye County and 21 of Esmeralda County will open September 9 and 16, respectively, points out State Fish and Game regulations.

There were 20 tags available in 17 area and a like number for 21. Drawings were held on August 25 to determine the lucky tag winners.

The hunt this year in area 17 will be the first time that a legal sheep season has been held in that particular county. Tag winners for this area have their work cut out for them, in that it is one of the most precipitous portions of the state. In general, the believed sheep distribution in 17 covers the country along the east face of the Toiyabe Mountains from Aiken or Clear Creek on the north to approximately Wall Canyon on the south. One of the known sheep areas and also the roughest in this region is the Twin Rivers, Belcher Basin vicinity. Most of what is thought to be the limits of the sheep population in the region is in Nye County.

The sheep hunt in area 21 this year will be the second one ever held in that country. Last year the initial bighorn season was held in the area, or all of Esmeralda County. There were 20 tags available last year, with 18 of the 20 people hunting. These hunters killed nine sheep, for a hunter success of 50 percent which is good for bighorn hunting in Nevada. While the country is not quite as rough as area 17, it is still plenty rocky and tough, especially where the sheep are found.

Antlerless quota deer tags still remain in a number of areas throughout the state, reports the Nevada Fish and Game Commission, although a number of areas have already been sold out.

Antlerless quota areas sold out as of September 5 are 10, 11, 12, 13, 15B, 18, 19, 21, 23, and 24. Tags, as of the same date, are still available in

areas 1 of north Washoe, 3 of western Humboldt County, 4B of eastern Pershing County, 1B of southern and eastern Humboldt County, 6A, B, C of western Elko County, 7A, F of eastern Elko County, 14A, 3 of Eureka County, 15A of north Lander County, and 25 of Clark and Nye Counties. Plenty of tags remain in each of these except for areas 5F which has only 29 left, 15A which has 21, and 25 which has 3. Those who desire antlerless tags in any of these areas, however, should get their applications in as soon as possible.

To date, this has been one of the busiest years ever as far as sale of nonresident deer tags is concerned. Areas 1, 5A, 5B, 6A, 6B, 6C, 7A, 7B, 10, 11, 12, 13, 14A, B, and 15B have been sold out. In the Elko areas 6, 7, and 10, both early and late seasons are completely subscribed. As of September 5, however, there were still a number of tags available in good deer areas. Included in the areas where tags are still available are 4B or eastern Pershing County with 12 tags remaining; 15A of north Lander County with 43; 16 of Nye County with 114; 16 of Nye County with 114; 17 of Nye with 113; 18 - 21 of

AIR FORCE NEEDS GERMAN SHEPHERDS

The USAF Sentry Dog School, Lackland AFB, Texas is appealing to owners of qualified German Shepherds to meet a growing need for sentry dogs.

The dogs are mainly used for patrol at Army and Air Force sites such as Nellis where there are nine animals. Purchase price for each is determined by negotiation with the owner.

Wanted especially are purebred German shepherds between one and three years old. They must weigh at least 60 pounds and stand 23 inches high at the shoulders. All females must be spayed 90 days before acceptance.

For full information individuals are invited to write Fred Wilson, Animal Procurement Office, Lackland AFB, Tex.

western Nevada with 90; 22 of Nye with 44; 23 of northern Lincoln County with 147; 24 of southern Lincoln and northern Clark Counties with 62; 25 of Clark and Nye with 24 and 26 of Clark with 50.

Duplicate Club Master Point Winners Listed

Waye Zerfoss and Helen Witte, in North - South play and Dr. and Mrs. C. F. Crossley, East - West, were first place winners in the Duplicate Bridge Club's monthly Master Point play.

Other N - S winners were Helen Ostroski and Joe Rogers, second; Mr. and Mrs. Ross Salter, third; Lee Keller and Earl Davison, fourth. In E-W play, Yvonne Jenkins and Miriam Phillips were second; Sally Phillips and Bill Yates, third; Ruth Barkley and Stephanie Parker, fourth.

The Duplicate Bridge Club will hold a special winners' game at the Elks Club Monday night. Regular meetings are held at 8 p.m. each Friday in the banquet room at The Royal.

It's impolite to ask the average person for whom he will vote, but you can easily find out by asking him which candidate he thinks will carry his county.

Memorial Hospital Auxiliary Slates Annual Benefit Party

The Southern Nevada Memorial Hospital Women's Auxiliary will sponsor its annual benefit party Saturday, October 13, at the Thunderbird Hotel, officials of the organization announced yesterday.

The event, to take place at pool side at the Thunderbird starting at 7 p.m., will be climaxed at 10 o'clock with a drawing for three valuable prizes, a mink stole, a fur trimmed sweater and a man's alpaca sweater, to be awarded to persons supporting this worthwhile project.

Chairman Mrs. Fred Morledge, said the Auxiliary's goal for the year is \$10,000. Funds from the benefit party will be used to purchase beds for the new wing at the County Hospital.

COMMUNITY CHURCH ASSOCIATION MEETS

The Women's association of the Community Church will meet Wednesday, September 19, at 1 p.m. at Haynes Chapel, it was announced by President Romola Burk.

Jaycees Open Unique Drive For Membership

As part of its current membership drive, the local chapter of Jaycees, which is the fastest growing chapter in the state, is looking for an old (outhouse) for use in this enthusiastic campaign.

If the Jaycees are able to acquire such an antique building it will be placed in the front yard of a new member with a sign reading (failed to bring a prospective member to a meeting.)

Chamber of Commerce was increased by 21 members in less than a month. On August 12, the chapter boasted 33 members and at the meeting of September 5, the roster showed there were 54 active members.

Jerry Brooks, second vice-president conducted the meeting in the absence of President Mik Hahn. Plans were made for a "Get Out and vote" campaign for the General Election, November 6. The Jaycees will also furnish transportation for those having no way to get to the polls.

Also discussed was a "back to school safety program" for children. The first phase of this project will be "light-A-Bike." Jaycee members will make an investigation of bicycles to see that they have proper lights for visibility at night. The chapter is also exploring the possibility of supplying School Guards with flashing red lights to be used instead of the flags presently in use.

In charge of these projects is Harry Duty, an enthusiastic and well qualified new member who has been appointed health and safety chairman.

Court Of Honor For Lake Mead Scouts Hosted By B. C. Troop

Troop 1 of Boulder City Explorer Scout of Troop 33; Kent Ford of Troop 11; Scott Bennion, Dennis Hall, Brent Buckles, Douglas Lamoreaux and Roger Allen of Troop 22.

The Court of Honor was held at the LDS Stake Center with Stake Explorer Advisor Dr. Stanley Jones conducting. Halvor Bennion was guest speaker. The opening prayer was given by Bishop Whitney of Boulder City. David Buckles of Troop 11 was color guard leader; color bearers were Roger Allen and Glen Williams.

Awards presented included: Second Class Scout—Dennis Golden, Troop 11; Kenneth Whitney and Gary Slack, Troop 1. First Class Scout—David Buckles, Troop 22; Robert Wiedman, Troop 11; Vern Williams and Bob Cameron, Troop 44; Glen Williams, Troop 1.

Merit Badges were earned by Vern Williams, Bob Cameron, Jim DeMint, Mike Wood, Robert O'dell, Dan Ford, Robert Long, James Brady and Mike Koppes of Troop 44; Galen Alred, Explorer Scout of Troop 33; Kent Ford of Troop 11; Scott Bennion, Dennis Hall, Brent Buckles, Douglas Lamoreaux and Roger Allen of Troop 22.

Ten Pin Trio Has Openings For 2 Bowlers

In the first action of the season for the Ten Pin Scratch Trio, Florence Heber and Jean Rocha shared high game honors with 190 each; high series honors went to Connie Tornabene with a 642.

Two girls with averages between 142 and 162 are needed to complete the league. Interested bowlers are asked to call Connie Tornabene at FR 4-7763 or Fran Leavitt, FR 2-6283.

"Judge," said the waiter in a Washington restaurant, "I notice you always drink tea at lunch. Haven't you ever tried gin and bitters?"

"No, I haven't," smiled the judge, "but I've tried a number of fellows who have."

WOMEN GOLFERS HONORED—Shown are some of the 18 women golfers who remen's Association. From left, are Tedds, presented by the Black Mountain Women's Association. From left are Teddy Bice, Margaret Jamison, Annabel Miller, Corrine Steiger, Norma Waldman, Betty Lou Anderson, Faye Scott, LaCreta Lopeman and Marge Pitts. Mrs. Waldman and Mrs. Steiger were the top winners, scoring in the seventies.

Rebekahs Plan October Bazaar

Plans for a bazaar to be held October 16, were made at the recent meeting of Sunshine Rebekah Lodge 41, at the Victory Village auditorium.

The bazaar will be open to the public and will feature hand work, baked goods, canned goods, a fishpond and gifts from far away places.

The next meeting of the Lodge will be held at 8 p.m. Sept. 18, in the Victory Village auditorium.

America: A Texas exotic dancer bills herself as "Billie Sol Esther." (Note: An "exotic dancer" is a girl who is careless about keeping her clothes on.)

Black Mt. Association Awards Medals To 18 Women Golfers

Progress for Black Mountain women golfers was demonstrated by the results of recent months' play in which a total of 18 women achieved higher goals in lower scoring.

Medals were awarded at the September meeting of the Black Mountain Women's Association. Corrine Steiger and Norma Waldman scored in the seventies. They are the first to break the 80 bracket.

Scoring in the eighties were Betty Lou Anderson and Annabel Miller.

Breaking the most difficult first barrier, 100, were, Teddy Bice, Gen Knobbs, Laura Carrado, Mary Jo Colegrove, Gerry Gardner, Margaret Jamison, Carolyn O'Callaghan, Marge Pitts, LaCreta Lopeman Elaine Raney, Faye Scott, Katie Shankland, Ruth Smith and Dolores Zenoff.

Gerry Gardner and Dolores Zenoff also have the distinction of being the only women to score holes-in-one at the Black Mountain Course.

Zemo Great for Minor Burns, Cuts

Zemo, a doctor's formula, liquid or ointment, soothes, helps heal minor burns, cuts, bruises. Family antiseptic, eases itch of surface rashes, eczema, teen-age pimples, athlete's foot. Stops scratching, so aids faster healing. For stubborn cases, get Extra Strength Zemo.

WE STICK TO OUR LASTS

There was a time when pharmacists often were called "Doc." Doubtless it was a complimentary gesture.

Even in this late day, the pharmacist frequently is asked to diagnose and prescribe by his customers.

But like the shoemaker, we pharmacists stick to our own lasts. We neither diagnose nor prescribe. These health team functions fall within the special province of physicians both by law and professional training.

As a member of the health team, we are an intermediary, serving both the doctor and the patient. Our job is to compound your prescriptions carefully and promptly.

Pond**

By Howard C. Pond

Come all ye faithful for the greatest bargains of the year. A new method of merchandising has sprung up in a mid-western town called Chicago. Buying by mail! Think of it. The mail man brings the greatest bargains of the age right to your very door! Will wonders never cease!

I have before me a copy of the first Montgomery Ward Catalog issued 90 years ago, in 1872. It is a single sheet of heavy paper 18 by 10 inches and bears some of the bargains of the age -- at least, they would be now. Some are amusing and some are for things that the present generation might well wonder what they are.

I'll list here a few of them and then go into the history of "Monkey Wards" beginning.

The "catalog," if catalog it could be called, is headed "GRANGERS Supplied by the Cheapest Cash House in America," and goes on to say, "At the earnest solicitation of many Grangers, we have consented to open a house devoted to furnishing FARMERS & MECHANICS throughout the Northwest with all kinds of Merchandise at Wholesale Prices.

"You can readily see at a glance the difference between our Prices and what you have to pay your Retailer for the same quality of goods."

A list of 163 staggering bargains is given, most of them combinations to come to an even dollar. The highest listing is \$15.00 for "16 yards of genuine Irish Poplin, all shades, green, light brown, rose, slate and drab."

I don't know what poplin is or what it would cost now, but I'll bet it would be more than the 1872 price of \$15.

Here are some of the rare bargains:

Two corsets, Beauty style imported ... \$1.25.
One call bell, best Silver Plate, side strike and one butter knife ... \$1.00
Two Lotta Hoop Skirts ... \$1.00
(Doesn't that just make your heart go pitty - pay?)
Silk lined case containing one Extra Plated Knife, Spoon, Napkin Ring, and Gold Tooth Pick ... \$1.00
Seven grain bags and a pair of Buck gloves ... \$3.00.
Here's the bargain!
Five boxes paper collars, three neckties, one collar button ... \$1.00.
Six pair Ladies' Colored Wool Hose ... \$1.00
Three Ladies' scarfs, two lace collars, and one pair sleeve buttons ... \$1.00
Here we are....
One Hoop Skirt, one bustle, and one hair braid ... \$1.00.
Ten boxes paper collars, cloth - lined button holes ... \$1.00.
One lady's night dress and three hemstitched handkerchiefs ... \$1.00
Here is just what I've always needed ...
One Steroscope and six views, with walnut frame, good glass ... \$1.00
Chee, tink of dat.
But it did bring to the people of the far away places a much needed service. Of course, there was no airmail nor streamliners in those days and the stage coaches were a little slow now and then, but it was the beginning of a huge business that filled a space in the great American history.

Here is the opening paragraph of their story as re-released on their news service:
"Ninety years ago, renegade Indians were attacking settlers west of the Mississippi; Jesse James was the scourge of banks and trains; the first illustrated daily news paper in the United States had yet to be published.
"In the summer of that year, 1872, a young man in Chicago worked to realize his dream of establishing a new way to do business, one which would eventually provide millions of people with an easier, less expensive way to buy goods."

It fulfilled a great need in those days and gradually expanded until across the country and around the world the name of Montgomery Ward is a household name. True, others following in the footsteps of A. Montgomery Ward and established mail - order empires, but, I guess, "Monkey Ward" was the first.

There is a case history of

Building Permits Air Force Convention To Display Mercury Capsule

Ten building, plumbing and electrical permits were issued by Pat Doherty, Superintendent of Building and Safety during the past week. Five were building permits, three, were plumbing permits and two electrical permits.

The largest amount was for \$28,000 to erect a new house in Fairview Estates. Issued to Mr. and Mrs. C. W. Winton, 950 Center St., Sept. 4, a permit to erect a new cement block dwelling, garage, and fireplace, and electricity and plumbing for them, on lot 4, block 1, Fairview Estates.

On Sept. 5, to Bud Hunt of Las Vegas Trucking and Moving, a permit for Phil Smith, 223 Zinc St. to move a duplex from Las Vegas to the above address, lot 6, block 28, Town-site.

To William H. Potter for Jordan F. Brown, 104 Beech St., a permit for an addition to an existing dwelling, lot 55, block 3, tract No. 3, at a cost of \$2500.

To Nathan L. Stout, 111 Cedar St., to erect a 14 by 23 foot rear patio and roof on lot 106, block 5, tract 3, at a cost of \$350.

To Danneberger Plumbing & Heating Company, for Mr. Gault, 14 Magnesium Road, a gas permit.

To Pat Cassidy, 1816 Margarita St., a permit to move a two bedroom house from 19 Water St., now occupied by the Crosby Music Center,

and place it on a foundation being poured at the above address, Pittman; lots 15 and 16, block 7, Midway Addition, to cost \$6000.

Circle Holds Barbecue At Ryan Home

The John Ryan home at 407 National Street was the scene of a barbecue held recently by members of Vesper Circle of the Community Church and their husbands.

It was apparent who the chief outdoor cooks were as the husbands showed a proficient hand with the barbecued steaks. Homemade ice cream rounded out the menu and a relaxing and enjoyable evening was reported.

Mrs. Ryan, a past president of the Women's Association of the Community Church, is not a member of Vesper Circle, but graciously offered the use of her lovely back yard for the event. Also guests for the evening were Mr. and Mrs. Basil Hillis.

The next meeting of Vesper Circle will be held September 25, at the home of Carol Peebles, 103 Beech Street.

Hits Stop Sign, Then Hits Jail

Police Officer Jim Jensen was cruising along Boulder Highway north of town when he was brought back to reality by the sounds of splintering wood.

Sad but true. One of our stop signs joined the long list of the departed.

Laura A. Wilson, 2 Ocean Street, was eastbound on Sunset Road, when the stop sign got in her way. Officer Jen-

son reported she was in a very dazed condition and was unable to get out of the car and walk around so he placed her under arrest for driving while under the influence of alcohol and called for a policeman.

two and a half-million pound booster scheduled for use with

Dyna-Soar and other space projects.

The Dyna-Soar, which carries the military designation X-20, is the first winged, orbital spacecraft developed in this country and is designed for high maneuverability and normal landings. The vehicle on display at the Convention Center will be a full-scale, 40-foot laboratory model.

Titan III, is a three-stage liquid - solid rocket, a 17-foot model of which, prepared by

the Martin Company, will be displayed.

Also making their first public appearance will be the six pilots now in training for Dyna-Soar at the Air Force Flight Test Center, Edwards Air Force Base, Calif.

More than 6000 persons are expected to attend the AFA convention and 60,000 Southern Nevada residents will throng to Aerospace Panorama during the two days open to the public.

BLUE GROUSE HUNTING GETS UNDERWAY IN STATE

He likes some of the steepest most rugged and highest country in the state and not many hunters have the inclination to go after him but the blue grouse is one of the state's choice upland game birds, especially in eating qualities. Because of where he hangs out in Nevada, he offers the nimrod quite a challenge.

Blue grouse hunting in Douglas, Elko, Ormsby, and Washoe Counties open on Sept. 1 and will continue through September 30. Daily bag and possession limits in these counties are four birds daily and four in possession.

In other areas of the state, blue grouse seasons will be in conjunction with the sage hen hunts. September 9-10 marks the Blue Grouse season in Esmeralda, Eureka, Lander, Mineral, Nye, and White Pine

north of U.S. 50 and west of the Newark Valley road. Bag in these areas will be four birds daily with eight in possession after the first day. The blue grouse limits may be in the aggregate with sage hen.

A one day only season for blue grouse, September 9, is to be observed in Lincoln and White Pine Counties except for that portion of White Pine north of U.S. 50 and west of Newark Valley road. The limit in this area is four birds for the one day and they may be included in the aggregate with sage hen.

COTTONTAIL AND DOVE SEASON OPENED ON SEPTEMBER 1 (Statewide)

Dove and cottontail season in Nevada got underway on September 1, according to regulations published by the Nevada Fish and Game Commission.

The cottontail season opened statewide on September 1 except for the open portion of the Sheldon Antelope Range in northern Washoe and Humboldt Counties. The "bunny" season in this area will be September 8 to December 9. Elsewhere in the state the season closes for the cottontail on January 31. Statewide bag and possession limit for the rabbits is 10 daily and 10 in possession.

Doves opened throughout the season to continue until October 20. Daily bag and possession limits for the birds is 10 daily and 20 in possession. The white-winged dove may be included in the bag with mourning dove in Clark County.

Shooting hours on cottontail are from sunrise to sunset but for the dove the hunter may commence one-half hour before sunrise and hunt until sunset.

ARCHERY DEER SEASON BEGINS (Statewide)

Venturers into Nevada's back country during the next three weeks may, with some wonderment, spot a lone man softly and stealthily stealing through the timber. Perhaps if they look closer they will see that he is armed. His weapons will be those of primitive times, the bow and arrow. These practitioners of the art of stalking took to Nevada's deer country on Sept. 1 with the opening of

the statewide archery deer season. The archery hunt will continue until September 23. The entire state is open to archery hunting with the exception of areas 4A and 4B or Pershing County and the Sheldon Antelope Range and Refuge in northern Washoe and Humboldt Counties.

These practitioners of the primitive times, the bow and arrow. Resident Nevada archers may purchase both the regular season deer tag and the antlerless deer tag for the archery season. If they plan to use the antlerless tag during the bow and arrow season they must hunt within the area for which it was issued. The regular season tag may be used anywhere in the state open to archery deer hunting and the tag is good for one deer either sex during archery hunt.

Non residents are issued a special archery license and tag for the archery season.

STATE FISHING CHAMPIONSHIP CONTEST AT LAKE MEAD SAT.

Picturesque Lake Mead has been designated as the place where the Nevada State Fishing Championship will be conducted Saturday and Sunday. Sponsored by the McCulloch Corporation, the fishing championship is open to bona fide residents of this state. All anglers, men, women and juniors are eligible to compete and no registration or entry fees are required.

All Nevada state fishing laws are to be obeyed and only fish taken by legal means shall be eligible in the contest. Each contestant must have on his or her person a current 1962 fishing license, plus an Arizona stamp.

Three species of fish have been selected for scoring in the contest. They are: large or small mouth bass, blue or channel cat and crappie.

On opening day of the competition, Saturday, anglers may fish anywhere on Lake Mead, alone or in groups. When through fishing, any angler may take his biggest fish caught in any of the three species to Lake Mead Marina official weigh station before the 5 p.m. deadline Saturday. At that time, the six largest catches in each species will be determined and contestants qualifying for the Sunday "fish-off" will be announced. The 18 fishermen competing in the Sunday finals will fish two to a boat from 7 a.m. until noon. All fish caught will count toward scoring. Point scoring system to be used in determining the Nevada State Fishing Champion as follows: one point per pound of weight

total catch (all species), plus one point per crappie, two points per blue or channel cat; two points per inch over 20-inch bass (no fraction of inches to be scored measurement to be taken from tip of tail to forward tip of bass with mouth closed.)

The contestant scoring the most points will be proclaimed Nevada State Fishing Champion and awarded the McCulloch Trophy plus \$100 towards his transportation costs to the Oklahoma World's Series of Sport Fishing Finals. The champion will be guest of honor with complimentary lodging, meals, use of boats and mothers, etc. at the Final throughout the five days of competition, Oct. 15-19. Grove, Okla., on the Grank Lake of the Cherokees, will host a reception dinner for the champions from all over the world the evening of Oct. 14.

QUIMBY'S WELCOME ANOTHER SON

Rev. and Mrs. Merle Quimby of 124 Grove Street welcomed a new son into their home on Thursday, August 23. The baby boy, Douglas Vance, was adopted at birth in California. At home to welcome the arrival of their new brother were Brenda, 12 years old; and Danny, 10. All of the Quimby's are delighted with the addition of Douglas Vance to the family and describe him as "an absolute darling of a baby." Says Rev. Quimby, "he is just what he needed to round out the family circle."

Aptitude Tests Offered Free By Air Force

A valuable service is being offered to all high school graduates by the local U. S. Air Force recruiting office.

Both male and female graduates will be given aptitude tests without cost, according to M-Sgt. Donald C. Peterson, Air Force recruiting representative. The results of the tests will clearly indicate the career development for which a person is best suited.

Such tests are very helpful to young men and women in several ways. For instance, they give an indication of what type of employment to seek, and for those who plan to enter college, the tests help in determining what course of study to follow.

"There is no obligation incurred by taking the tests", said Sergeant Peterson, "However, those who are interested in entering the Air Force, will receive the finest technical and formal training available to develop their talents to the fullest extent."

Persons interested in taking the tests may obtain detailed information by visiting the Air Force recruiting office at 224 North Second Street, Las Vegas, or by calling DU 2-7520.

"The least successful feature of the Seattle World's Fair is the girle shows."—Press report. It must be that most of the men who visit the old or distressingly henpecked.

Court Actions

The song says, "two by two they go marching through," but in Judge Treem's Municipal Court they go marching through one by one — and there were lots of ones last Friday.

Joe Tony Plaugue, arrested for gross intoxication, forfeited a \$50 bail.

Cleofes Cena, cited for driving while under the influence of alcohol, was fined \$150 or given his choice of 37½ days in jail. He elected to pay the fine.

J. Chandler Morris, also charged with gross intoxication, forfeited a \$50 bail by failure to appear.

Cited for following too close behind another vehicle, Mason Gebe, 21, was fined \$25 and remanded to the custody of the police until the fine is paid. He told the court that he must have fallen asleep at the wheel.

Vernon Lee Johnson ran a stop sign. He forfeited a \$5

bail. James Harold McCormick was stopped and cited for driving with an expired operator's license. Upon investigation, he said, he found it had expired June 28, 1962 but he thought it ran until 1963. He was fined \$10.

David John Peterson was fined \$15 for improper passing. He told the court the other car was going about 5 miles per hour and he was going 15 mph.

Jack Cole was cited for excessive speed and no driver's license in his possession. He produced a valid driver's license and Judge Treem dismissed that part of the charges. He fined Cole \$10 for speeding.

Warren Francis Crosby, a Las Vegas resident, was stopped for going 50 miles per hour in a 35 mile zone. He posted no bail and failed to appear. Judge Treem instructed the clerk to issue a

bench warrant for him. Roy Wayne Higgason forfeited a \$25 bail on a charge of driving with expired Nevada plates.

Violet Hopkins Tucker, cited for driving with expired Nevada plates, failed to appear in court so a bench warrant was issued for her arrest.

Willie Jones was cited for having no driver's license and no registration certificate in his car. In court Friday he told Judge Treem he had received the new tabs for the plates but no certificate. Judge Treem asked him if he looked carefully in the envelope the tabs came in and he said he did.

Judge Treem wanted to know why Jones had not gotten in touch with the motor vehicle department regarding it and he didn't know. Jones produced a driver's permit and the judge fined him \$10 for that part of the charge but gave him until Sept. 14 to come up with a registration certificate. Mary J. Jones was next.

She was cited for driving with no license plates, no registration and no driver's license. She presented proof that she had procured license plates and a registration certificate so Judge Treem dismissed the charges.

He asked her why she didn't take time off from her work to take a driver's license and told her that the fine would be much more than the loss of a half day's pay. He gave her until Sept. 14 to produce a valid driver's license.

Terry Sullivan, cited for driving with expired license plates, failed to appear in court. Judge Treem instructed the clerk to send him a letter ordering him to appear in court Sept. 11 or a bench warrant would be issued for him.

Gary Edward Bondurant was cited for faulty mufflers and excessive noise. He told the court the car was in a garage being repaired and he could not drive it to the police station for repair examination. He was given until Sept. 14 to have it repaired and examined.

Edmund V. Uehling, cited for going 65 miles per hour in a 45 mile zone, forfeited a \$15 bail.

Roy Wilburn Bratcher, recently arrived from Arizona, was cited for not having a valid Nevada operator's license. He was fined \$5.

Ray E. Erwin, cited for driving 65 miles per hour in a 45 mile zone and possessing no operator's license, failed to appear in court. A letter was sent him ordering him to appear Sept. 11 or a bench warrant would be issued for his arrest.

Curry A. Guillot, cited for possessing no Nevada operator's license, failed to appear and forfeited a \$25 bail.

Michael Don Caruthers, cited for excessive speed and no driver's license, was to have appeared in court Friday. He failed to appear so a bench warrant was issued for his arrest.

Matthew Lopprior failed to appear August 31 on a charge of driving a car with expired license plates. He presented proof of correction of the charge but was fined \$10 for

HENDERSON HOME NEWS, Henderson, Nevada
Thursday, September 13, 1962

Wolves Howl

By Carrie MacNeil
School is now back in full swing. The newness has worn off and the study has started. Most schedules changes and alterations have been completed and the students have settled down to work. Aside from the construction going on all around the school everything is running smoothly.

FOOTBALL.
Along with school being underway the football team has started work with a bang. The boys trying out have been

ready for action every morning at 7 o'clock.

Coach Cummings, head football coach, feels, "The boys have been working very hard. The hard work to keep them in shape is a necessity for the protection of players. There will be only twenty-five active varsity players compared to last year's forty. We will not know the actual potential of the team until our first game."

PEP CLUB
Our Pep Club this year has been completely revised and its membership has greatly been elected to preside over the club. Trudy Ross will serve as vice-president. Sandra Weber was elected secretary and Lydia Aragon, treasurer. The members of the club have spent a lot of the summer planning and working on their new uniforms. The uniforms are very attractive as everyone will agree after the first game. I'm sure this group will make our student body proud to be represented by them at all sports activities.

HERE N THERE
Is there anything serious going on between Linda Franks and Frank Highfill? Jo Ann R. and Paul S. started going steady this summer. Sharon Fisher and Sue Stevens seem to be attracted to

members of the same family. What is the newclub that Donna O. is president of? ... members could they? ... Who's ring is J. Cole wearing? ... Marilyn Mendive, Nancy Rhoden, and Trudy Ross came back to school wearing contact lenses. ... Where did you pick up your Dave Dickenson always been so modest in Speech Class? ... Carolyn Ready is wearing an engagement ring. ... Is there anything between J. P. and M. M.? ... Marilyn M. had a very successful slumber party just before school started. ... Where did you hear all the jokes, Patty K & ... Has Sue S. always been a neck cracker? ... Who is Margaret Winingham's new boyfriend? ... Who is Klara K. going steady with?

There are two kinds of voters: Those who support the candidate of your choice, and the blankety-blank ignorant, prejudiced fools.

Four Bikes Stolen First School Week

Four bicycles were reported to the police as stolen during the first week of school, according to the files in the police department. Gayla Rostine, 29 Monterey St., reported her bike stolen from the bicycle rack at the Henderson Junior High School some time between noon and 3:30 p.m. Sept. 6. The bike was valued at \$45.

Two bikes were stolen from the Townsite bike rack between 8:30 a.m. and 3:30 p.m. Wednesday. Gary Summers, 406 Federal Ave., lost his as did Donald Cotton, 18 Oregon Way. Gary's Bike was valued at \$25 and Donald's at \$30.

Tim Shearin, 9, of 19 Idaho Way, left his bike on the west side of Vegas Village Shopping Center last Tuesday and when he returned for it at 5:45 it was gone.

Scout Leader Roundtable In Henderson

There will be a Cub and Scout Leader "Roundtable" tonight starting at 7:00 p.m. in the Townsite Junior High building in Henderson. Topics of interest for Cubbing will be taken from the September and October themes in the Quarterly. The September theme is "2000 A.D.," and the October theme is "Heroes in Books". The Cub Roundtable will be under the direction of A. L. Anderson, Assistant District Commissioner for the Lake District.

Topics for Scouters will be "Out to Win", taken from the program will be explained, as well as Patrol contests. Also at this Roundtable preparation for the coming "Camporee" on October 20 and 21 will be discussed. Assistant Commissioner, Burnell Lamb, will be in charge of the Scout Roundtable.

All Cubmasters, Den Mothers, committeemen and parents of Cubs are urged to attend the Cub Roundtable. The next one will be held in Boulder City in October. The Cubbing season is just getting underway and here is a chance to obtain a great knowledge of Cubbing know-how.

All Scout Leaders, their assistants, and committeemen from Boulder City and Henderson are urged to attend the Scout Roundtable. Don't forget the date—tonight, at 7:00 p.m. We hope to see you there.

Miracle Diet With Magic Munchable

Every woman who looks regretfully at a favorite dress which used to fit so beautifully, starts day-dreaming of a diet. A miracle diet preferable, with some magic munchable with lots of flavor, pleasing texture and crunch and completely free of calories.

That almost describes celery. Of course, there aren't actually any miracles in reducing (unless staying on a reducing diet is in itself a miracle) but celery has played a role in experimental reducing diets. The principle couldn't be simpler: Eat a bunch of celery a day in addition to as much of your usual random diet as will tempt

LETTER TO THE EDITOR

Within a few days the start of the United Fund campaign for 1963 will begin. As you know the campaign is to raise funds for the 23 health, welfare and character building agencies operating in Clark County.

The campaign will continue until the necessary funds have been raised for the agencies in order that they might make Clark County a better place in which to live.

I should like you to know that only .03 per cent of the campaign funds are used for campaign expenses. This is made possible by the co-operation of some 100 voluntary workers, officers and directors of the Clark County United Fund. I ask that you serve in an advisory capacity so that the United Fund can fulfill its obligation to the agencies involved.

Your help and advice is sorely needed. Will you be so kind as to indicate your acceptance of this position by signing the attached copy of this letter, and returning it to the United Fund office in the self-addressed envelope provided for this purpose.

Sincerely yours,
 Paul D. McDermott
 President

you. This allows 4 to 6 crisply chilled ribs of celery a half hour before lunch and again before dinner with stay celery-munching between meals.

Celery supplies a good deal of bulk with an energy value as low as 80 calories to the pound. It tastes good, requires vigorous chewing and starts the digestive system percolating happily. Of the 23 participants who stayed with this diet for ten weeks, the average weight loss for women was 11.3 pounds and 8.2 pound for men.

Moreover, all these patients felt better, slept more soundly, found the diet an easy one. One advantage every homemaker will appreciate is that this celery first course is followed by dishes which the whole family is sharing; no special food preparation is necessary. But, of course, you still have to watch your calories.

If your doctor has prescribed a diet and celery fits in (as it will in virtually any reducing diet) there are many appetizing low calories ways of cooking celery which will be welcome.

Water Bond Issue Needs Explained by District Chief

Every family living within the boundaries of the Las Vegas Valley Water District and in Southern Nevada has a vital stake in the passage of the \$6,000,000 water bond issue to be voted in November.

This was the statement of Harvey E. Luce, president of the District, as the board pledged to keep the people of Southern Nevada fully informed on the serious water problems to be faced between now and 1967, the earliest possible date for additional water to be brought from Lake Mead.

"The seven directors of the water district can only urge approval of the bond issue and point out the problems facing consumers who will be short of water next Summer," Luce declared. "The decision and responsibility will lie with the voters. Those who oppose the bond issue will also have to accept that responsibility."

"We don't intend to conduct a scare campaign but we will not soften the facts just because it might disturb the economy of the area. We believe it is better to point out the danger to the area economy now rather than to wait until next Summer and face a serious water shortage which would retard construction in this area."

The directors announced an approximate 10 percent increase in rates would be necessary next year. This would amount to an average of about 68 cents per month for residential users. However, water bonds are revenue bonds which do not affect tax rates and thus will not increase taxes.

The proposed bond issue would provide:

1. Additional water from underground through drilling of wells.

2. Extension and reinforcement of distribution lines badly needed to meet even the present growth of the area as well as future demands.

Drilling of wells will be done in areas recommended by the Banks Report which was authorized by the last Nevada legislature. This report recommended additional well drilling in areas where water was believed to be plentiful and was now being lost.

"More than \$4,000,000 of the bond issue is earmarked for distribution lines," Luce said. "All the water in Lake Mead would be absolutely

worthless without distribution lines to bring it to the faucets of the consumers. Southern Nevada is indeed fortunate to have an ample water supply at nearby Lake Mead. Some communities in California have to be supplied by pipelines from sources 90 miles distant.

"When school authorities report a total registration of more than 40,000 students in the school system this year and a Sunday drive in the family car will quickly convince the skeptic as to the growth and building in this area, the need for more water and distribution lines should not come as any great surprise to anyone."

"Last July 23rd nearly 50 million gallons of water was used by District customers. This was 96 percent of the total capacity of the system, including full capacity of the Lake Mead pipeline of 15,865 million gallons per day. "Does anyone think the same capacity will meet next year's needs?"
