Boulder Vs. Basic In Grid Opener Tomorrow Nite

No TB In Food Handlers Here Mayor Byrne Tells Residents

Mayor W. B. Byrne yesterday stated that no matter how many cases of tuberculosis are reportedly found in food handlers in other areas of Clark County, the residents of Henderson need have no fear of such cases here.

This city has a food handlers ordinance which is strictly enforced, the Mayor said, and a system has been set up by Dr. E. R. Lindblom, city sanitarian, which makes it impossible for any case of communicable disease to remain undetected.

Lists of all workers in food establishments, including cafes, bars, drive-ins, markets or other places in any way preparing food product intended for ultimate human consumption, are maintained

in Dr. Lindblom's office at City Hall.

These records show the dates when employees had medical examinations, which are required here every six months.

In addition to requesting that each employee of a food establishment obtain a city health card, employers turn in the names of all new workers so they can be contacted by the city sanitarian, if they do not appear immediately at City Hall to file their medical report and obtain a card.

With this kind of cooperation on the part of employers, Mayor Byrne said, it is impossible for any case of TB or other communicable disease to escape notice.

Diseases listed on the health card, each of which must be checked off by the examining physician, include "trachema, active tuberculosis of the lung, open skin tuberculosis, syphilis in its transmissible stage, gonorrhea, barber's itch, any infectious, contagious or communicable disease, or open external cancer, and is not a carrier of typhoid fever or amebic dysentery, or of other intestinal infections or diphtheria."

Most workers have received their examinations from Dr. George Miners and Mayor Byrne reports that the charge for this has been very nominal.

In the event there is any indication that a worker has

a communicable disease, a thorough examination is made to determine whether or not the disease is present.

"Both workers and employees here have been very cooperative in the city's health program," Mayor Byrne said, "and I can assure our citizens that every one working in any local food establishment has been given a clean bill of health."

Byrne added that, with the health situation this well in hand, he thinks it would be a ridiculous waste of money to pay the price being asked for inspections by the County Health Department, especially in view of the fact that they would serve no purpose.

60 Offer Blood For Mary Dooley

Approximately 60 persons here have contacted the office of Principal John Dooley at Basic High School to offer blood donations for his wife, Mary, who will undergo heart surgery at the Good Samaritan Hospital in Los Angeles a week from today.

Principal Dooley expressed his heart-felt gratitude for the many friends who are so willing to help Mary and said he felt certain that this great show of friendship and kindness would be a big mental boost to Mrs. Dooley when she goes into the operating

room.

"Right now," he said, "she is feeling somewhat depressed and can certainly use a spiritual uplift of this kind."

Although Mary has had two severe strokes in recent months, new techniques in surgery to correct this condition through surgery. The surgeon heart surgery make it possible to perform the delicate surgery on Mrs. Dooley's heart has stated that she will probably be in better health after the operation than before she had the first stroke.

Friends who would like to send a note or a "get well" card may address Mrs. Dooley at: Good Samaritan Hospital, Room 601-B, 1212 Shatto Street, Los Angeles, California. Cards mailed now will have plenty of time to reach her before her operation which is scheduled for Thursday, September 19.

Mr. Dooley will spend next week in Los Angeles with his wife. If possible, he will leave here this Saturday and return on Sunday of the following week.

by Burt Hoffman

The Basic Wolves play host to the Boulder City Eagles in Southern Nevada's oldest gridiron rivalry when the two elevens clash tomorrow night at Henderson with kickoff time slated for 8 p.m.

Al Callahan, new head coach of the local squad, will send out determined group in quest of its fifth win over its perennial nemesis from the damsite area.

Though Boulder has won 16 of the contests and Basic four with two ending in ties, the annual frays have always been well played with the decision in doubt almost to the final whistle.

A light workout was held last night and a short practice in game uniform tonight winds up the preparation for the season opener.

The varsity elected Steve Hinkell, senior guard, and Greg Sullivan, junior full back, as co-captains for the campaign.

No additional injuries cropped up and the entire squad is physically fit for the game. Fred Gerard, lineman who was injured slightly in an automobile accident, returned to the team and will be available for duty.

A few of the Boulder scouts were about during the week watching the Wolves practice and took some notes. By the same token, Boulder has been scouted and defenses have been set up to thwart their attack.

"DADS' NITE" will be celebrated with pre-game festivities starting a half hour before kickoff time and an after game get-together in room 38 of the high school.

Saturday night the respective schools will engage in a junior varsity game also at the local field at 7:30 p.m. The jayvees will be directed by Ed Shellinger and Jim Kibler.

Marshall Asks Letter On Plumbing Code Infractions

Dr. Paul Marshall, councilman of Ward 1, took issue Monday by letter to the City Plumbing Board members, with an opinion by George Perkins, public works director, that the plumbing board is strictly an advisory and examining board, and asked that the board present any known infractions of the plumbing code to him in writing prior to September 14.

Marshall advised the plumbing board that if he wants its advice on any plumbing infractions in the City, that regardless of the board's status, he will accept

their advice and recommendations. He said that he believes the board members are the best judges concerning plumbing and code.

"I am writing this letter to ask you for any infractions of the code, or advice of such infractions that I should know about," Marshall said.

"I would like this in writing by September 14, if possible. I also invite you to attend the next regular Council meeting September 16.

At the last Council meeting, Marshall asked for a report of instances where the plumbing within the City was not brought up to code, and Perkins said that this was

out of the scope of the plumbing board that they were merely an advisory board.

Councilman Dale Roberts took issue with that explanation, stating that the Western States Plumbing code so specified. Perkins replied that the city's ordinance had amended the plumbing code.

Roberts then requested that Pat Doherty, building superintendent, draw up the report to be presented to the Council.

Plumbing Board members who met Monday night, indicated that they would attend the next meeting of the City Council on September 16.

New City Hall Dedication Set

Dedication ceremonies for the new City hall will take place Wednesday, September 18 at 11 a.m. in front of the new City hall located at 243 Water Street, it was learned from Mayor William Byrne.

Civic leaders from the state, county and City will be invited to participate in the affair.

The dedication plaque has been placed at the base of the flag pole which will be surrounded by tile to make an attractive monument for the \$300,000 building.

DAVIS DISQUALIFIES HIMSELF IN DONNELLY TRIAL

Judge Earl Davis yesterday said he would disqualify himself and ask Judge Chet Tyree of Boulder City to sit on the bench for a trial on September 17, for Hope Edwina Donnelly on charges of disorderly conduct and resisting an officer.

Attorneys for Mrs. Donnelly requested that Judge Davis not hear the case.

Davis said that under the law he is not required to step down on such cases, but said he would in this case.

PAMELA LOVE OBSERVES 16th BIRTHDAY

Pamela Love recently celebrated her 16th birthday with a turkey dinner at home. Those attending the dinner were her parents, Mr. and Mrs. Bill Love, 137 Ivy Street, and sister Leeann and Mr. and Mrs. Larry Caulkins and children Lori and Dana of Boulder City. Her other brother, Dave, was unable to attend because he was preparing to enter Cal. State University.

88-YEAR OLD AUNT VISITS HOSTELERS

An 88-year-old Texas woman who still is active and works at the library in Borger, Texas, visited with the Henry Hostellers over the week-end.

Miss Lilje Hostetler, who is Hostetler's aunt, flew from the Texas City last Thursday and left Monday to return home. Rubye Hostetler is secretary in the City building department. Mr. Hostetler has been ill for some time.

Chamber Meets At Noon Today At Dante's

The nominating committee will present the proposed slate of members of the Board of Directors. Additional nominations can be made by filing the names of candidates, together with 12 signatures of members, with the secretary before September 26.

The Christmas Decorating Committee, under the Direction of Chairman Bob Woodruff, met recently to discuss plans for proposed decorations. They have two future meetings scheduled to discuss ways and means for this community event. Members of the committee are Dick Pryor, Ronald Langford, Elsie Patterson, Jay Adams, Bob Breland, Norma Jean Little and Harold Corbin.

Employees Vote For Change In City Insurance

Henderson City employees voted yesterday to accept the Nevada Municipal Association insurance plan in favor of the previous plan which will expire on September 15.

The present city insurance would have its premiums boosted for the next year.

City Administrator Harold Corbin explained the new plan to the employees which will give a greater number of benefits at a lower rate, but calls for a greater contribution from the City by 31 cents an employee. The additional cost was approved by the City Council.

Solicitors Need City ID Card

City Clerk Ann Schoneman warned local residents again yesterday, that anyone who knocks on the local doors for contributions or selling anything, should have a city identification card.

According to a new city ordinance, all solicitors, whether it be for a local church or other group, should be approved by the solicitor's review board.

Dick Heard was appointed chairman of the board by Mayor William Byrne, and other members include Margaret Lomprey, secretary, Rosemary Rose, Paul Norton Lura Winall, and Ray Davis.

Walkie-Talkie Speeds Up Work In City's Clean-Up Project

Something new in cleanup drives has been initiated by Building Superintendent Pat Doherty whose department is using walkie-talkies to expedite the sending of notices to errant property owners.

Under the system, one man can go down the alleys behind the houses and when he spots a yard with violations he communicates with a second man who drives down the street in front of the house and relays the number of the house in violation to the man in the alley. Notices are then sent to the proper home owner.

This method, according to Doherty, saves one man from driving clear around the city to find the number, a trip which might be necessary a number of times on one street where more than one home owner is in violation.

SPANISH DANCE SLATED SATURDAY AT ST. PETER'S

A Spanish "Independence Day" dance will be held this Saturday at St. Peter's auditorium on Boulder Highway. Dancing will start at 9 p.m. with music furnished by Los Duran's. The public is invited to attend.

Mayor Instructs Shirley Not To Deliver Records

Mayor William Byrne yesterday said he planned to direct City Recreation Director Dalby Shirley by memorandum not to deliver any of his records to the Recreation board meeting.

In an interview with the Henderson Home News, Byrne said that he would also inform the city council as to the actions of some of the members of the recreation board for whatever action they wished to take, and that members of the recreation board would also be informed of the actions.

The City Recreation Board voted last week to have Shirley bring some cancelled checks to the meeting of the board tonight. Ed Goddard, recreation board member, questioned Shirley on a \$50 check which was made out to cash.

Byrne said he felt that the actions of three of the board members were "intolerable" but would leave any action up to the City Council, who makes appointments to the board.

Byrne said he interviewed the assistant who was on duty at the recreation department the night three members of the board went through Shirley's files, and was told that

Doherty is attempting to get home owners to clean and paint their property for community pride and for the higher valuation of their own property. However, citations will be issued if the violations are not corrected.

Doherty says he has sent 75 letters to property owners so far and others will be issued. He stated that people are reacting favorably to the drive and plan to cooperate with the City in this effort.

MORRY'S STORY

By MORRY ZENOFF

Comes now the start of another football year for Basic High School. A new coach, Callahan, replaces a fellow everyone loved Joe Cummings, so his job is a difficult one. He deserves first rate backing and will get it — because the parents of the players, the sports loving townspeople are always good sports.

The Boulder team, this week's opponent, altho in a lower league, will be one of the best of any league in the state this year. Tomorrow night's opener here figures to be a Boulder night—but as far as the home folks are concerned—it'll be Basic's night—win or lose.

Thank the good Lord that we have such wonderful events to bring people together. Much better, for sure, than having to gather to see a city hall bustout or go to a meeting where you're fighting juvenile delinquency, communism, etc.

Here is a happy hour — where our kids electrify us with their organized play. Let us go—and enjoy—win or lose.

h must pw

DRAG STRIP CONCESSION OPEN FOR BID

Recreation Director Dalby Shirley has asked for applications for anyone interested in taking over the concession stand at the Thunderbird Speedway each Sunday during the racing season.

This is a profitmaking operation, Shirley said, and any individual interested must furnish his own equipment and personnel.

Anyone interested is invited to contact Shirley at the Youth Center or the City offices with a written proposal as soon as possible.

Byrne Heads Committee To Study Recreation Funds

Mayor William Byrne was named chairman of a five man committee to study various proposals and bring the most suitable solution back to the County Fair and Recreation Board for a more equitable distribution of room tax money for the cities.

Serving on the committee which will meet next Tuesday are Bob Broadbent of Boulder City, Phil Mirabeli of Las Vegas, Lou LaPorta from the County, and Jack Petetti of North Las Vegas.

Byrne said that members of the County Fair and Recreation Board were favorable towards making a more equitable distribution of the money.

During the last year Henderson received \$347 from the room and gaming taxes; the county received \$139,000; Las Vegas, \$38,000; Boulder City, \$1,000, and North Las Vegas, \$979.

Byrne has suggested that the monies be withheld according to population, or

establish a minimum amount to each of the subdivisions, or by percentage of population of each subdivision to the whole population of the county.

Byrne said that since Henderson is an industrial community it receives less in the room and gaming tax. He feels that the community's young people should not be penalized because of this fact since their recreational needs are as great as any others.

community having Clean Air Laws indicates that Clark County "appears right on the money" in its approach. He summarized the essentials as having a plan, beginning on time, being realistic, and putting teeth in the law.

"There is a growing awareness across the land on the part of the citizens in general to be more responsible for their actions which have an adverse effect on the environment," Francy said.

"People are now realizing that the air they help to contaminate takes only a brief time to come back to haunt them."

Titanium Metals Corporation of America is in the forefront of organizations endorsing the Clark County Clean Air Law.

Titanium Official Urges Support Of Clean Air Law

E. V. Francy, Assistant Plant Manager of Titanium Metals Corporation of America, last night urged individual residents of Clark County to support the proposed anti-smog law now being considered by the County Commissioners.

In an address to the Rotary Club, Francy said:

"There are so many good things in the proposed Clean Air Law, the timing of it so excellent, the current problem so minor that it would verge on the sinful not to enact it now."

He said his company has ready spent about \$1,500,000

on air purification equipment and added that community action now would protect the titanium investment in smoke control.

"As the population expands, the smog problem will become more and more acute," Francy said. "If we act now, we can carry out the provisions in a breeze. If we wait we conceivably will be faced with a crisis, calling for crisis action. And if we wait we'll all be forced into spending far more money to live up to the provisions of some future code than is really necessary."

Francy said his study of

Cal-Pac Refunds \$18,000 To Local Gas Customers

Approval of refunds in excess of \$18,000 to be made during September to natural gas customers of California-Pacific Utilities Company in Henderson has been received from the Public Service Commission of Nevada. It was announced today by R. J. Langford, Cal-Pacific division manager.

Refunds will appear on customers' bills in September. The units of gas consumed in September will be used as the basis to credit the aggregate refund to residential and commercial users. The total amount to be refunded, however, is based on gas sales

Pittman Chapel Offers Teacher Training Course

The Pittman Bible Chapel is offering a Bible teacher's training course for women teachers and mothers. It was announced by the Rev. Emil Busk, pastor.

The first lesson will be held today at 10 a.m. at the Pittman Chapel, Merlayne Drive and Evelyn Street, with Mrs. Earl Burson of Denver presiding.

from December 1960 through August 1963, plus interest at 7 per cent per annum. Refunds to large industrial accounts will be made on the basis of 2 1/2 cents per MCF for all gas actually used during the same period. Additional savings to natural gas customers in Henderson will result from the new rate schedules filed by Cal-Pacific with the Commission to be effective for meter readings taken on and after August 30, Mr. Langford added. The new rates will reflect a reduction of 1.5 cents per MCF.

EAGLES SLATE ANNUAL LUAU DINNER DANCE

The Basic Aerie of Eagles will hold their Fifth Annual Luau the evening of Saturday, September 21, at the Eagles Lodge.

The annual dinner dance, highlight of the year for the Eagles and Auxiliary, will open with a cocktail hour at 7 p.m. with dinner at 8 o'clock and dancing until dawn. Music will be supplied by the "What Nots."

Reservations may be made by calling 565-7363; 564-9534; or 564-4202. The hall will be decorated for the occasion in a Hawaiian motif. Costumes are optional. The dance is open to all Eagles and their friends and it is suggested that those wishing to attend get their reservations in as early as possible.

ALTAR GUILD'S RUMMAGE SALE STARTS FRIDAY

St. Peter's Alter Guild advises: "If you need an extra shirt or two for Junior's rough and tumble games, or a dress for Susie for after school, come and browse at the rummage sale tomorrow and Saturday at St. Peter's auditorium." The sale will be open from two days and the ladies request a visit they have from 9 a.m. to noon each of the

Basic VFW To Host District Meet Saturday

District Five of the Veterans of Foreign Wars will meet this Saturday at 4 p.m. in the Basic Post clubrooms in Victory Village.

Commander Homer Englestead and his new slate of District officers will preside for the first time at this meeting. Committee appointments will be made and the District membership drive will be discussed.

A smorgasbord dinner and dance will follow the meeting and Commander Englestead urges all members to attend and bring their wives.

VFW Auxiliary Hears Report On Convention

A report on the national convention was presented at the September 4, meeting of the VFW Auxiliary by Julie Elkie, Sr. Vice President of the Department of Nevada; Dorothy Keith and Phyllis Zander who attended the convention in Seattle, Washington.

The Nevada Department received first place in their group for Junior Girls Units and Youth Activities and were presented a \$50 check for youth activities and \$10 for girls units.

OKLAHOMA TICKETS AT McBEATH'S

"Oklahoma" by the Rodgers and Hammerstein musical which the Musical Arts Workshop will present at the Las Vegas High School auditorium on the afternoon of Monday, Sept. 16 at 3:30 and the two following evenings at 8:30, will benefit Young Audiences, Inc. This latter organization, now beginning its third season of sponsoring live chamber music groups in concerts in the school, has delegated one of its Henderson members, Mrs. Joe McBeath, to handle the distribution and sale of tickets to Henderson residents.

In the recent "ticket sweep" at Basic High School, and at Henderson Junior High, which was in charge of Mrs. Ralph Purdy, Mrs. McBeath found that additional tickets were in demand, so she enlisted her husband's drug store facilities as a ticket "Oklahoma!" tickets may now be purchased at the Henderson Drug.

O'NEILLS VISIT IN FRISCO AREA

Mr. and Mrs. Ed O'Neill of Pittman have been enjoying a visit in the San Francisco area and also at the home of their daughter and son-in-law in Santa Rosa, California. They are expected to arrive home today.

were also received by Auxiliary members in other parts of Nevada.

The Golden Anniversary national convention marked 50 years of service by the Ladies Auxiliary to veterans and their families.

President Mary Carter announced that the next meeting of the local group will be held September 18.

Others attending were Dolores Darrah, Helene Calkins, Dolores Hullum, Helen Fawcett, Martha Lompfrey, Ruby Reeder, Helen Kenworthy and Carol Englestead.

Council Studies Request To Use Old City Hall

City Councilmen at their regular meeting next Monday night will study a request by several local organizations to hold meetings at the old City hall building.

One of the groups, the Charioteers, petitioned the Council for permission to hold meetings in the old building shortly after the city offices moved to the new building in May. The building is being used mainly for storage by the maintenance department.

Bids will be awarded for radio equipment for the City. The bids were opened at the last meeting of the Council and turned over to the administrator for study. Bids were received from Frontier Radio, Inc., Motorola Communications, and Ken-Mac Electronics Corp.

Also on the agenda will be the final reading of the recreation board ordinance which sets the duties and powers of the recreation board.

COURT ACTION

Trial for John O'Neill, charged with selling liquor to a minor, was postponed until Friday, November 29, by Judge Earl Davis in municipal court Tuesday morning.

Three men were fined \$175 for driving under the influence, and Luis P. Marquis, 39, was fined an additional \$25 for having no operator's license. The other two were Marion L. Teagle and Ernest D. Manning.

Tim Perry, 18, pleaded guilty to reckless driving and was fined \$100. A second charge of having no operator's license in his possession was dismissed when he presented a valid license.

Dale Arden Mathis, 23, forfeited \$25 bail for speeding and \$25 for a bench warrant.

Wayne Tennille was fined \$100 for reckless driving and Joan Reese and Janet D'Ambrosio forfeited \$10 each for disorderly conduct.

A disorderly conduct charge against Edward Heverly was postponed until September 24. He is also charged with gross intoxication.

Presbyterian Church Services Announced

This Sunday morning the Rev. Glenn Lutz, pastor of the First Presbyterian Church, will speak on the question: "How Patient With Evil Shall We Be?"

Tuesday mornings at 10 o'clock, in the pastor's study at the church, Bible study classes will be held, particularly for housewives. Members of non-members of the church are welcome.

This Sunday evening at 7 o'clock, Rev. Lutz will meet with youth who are considering church membership. All youth who have questions about the Christian faith, the church or the meaning of church membership are asked to attend.

Kitchen Idea File: OVEN-ON-THE-COUNTER

For the homemaker who wants a second oven but doesn't want to replace her present range, new "mount-it-anywhere" units may be the best answer. An example is the Caloric gas oven shown located on a counter. It can also be wall-hung above a slide-in range or countertop range and can be recessed into a kitchen cabinet or a wall as a "built-in" unit. The 18-inch-wide oven easily accommodates a large roast and it has new controls that automatically keep food at ready-to-serve temperature for as long as five hours after cooking is completed. The Caloric "second" oven is also ideal for warming rolls, thawing frozen foods, or reheating leftovers.

NEWS FROM BOULDER CITY

Blyth Submits Resignation Effective Dec. 31; Franklin Says Council Should Share Blame

FRANKLIN

An interview with Mayor Albert Franklin Wednesday morning, regarding City Manager Curtis Blyth's resignation, revealed the following enlightened comments:

"Blyth is a very brilliant man and he certainly is not entirely to blame for the way things turned out. I blame the council just as much because it has never decided any policy with which to work by.

"I don't see how Blyth put up with the attacks on him and his family as long as he did. I asked him several months ago why he didn't get out from under the whole thing.

"I consider him the most brilliant city manager in the west. As far as salary is concerned, (\$11,495 per annum), I pay a motel manager more than Blyth was getting.

Asked if the council would consider giving the position to a local person, Franklin answered, "No, that's no good." "It would be better to take an unknown, like I did in my motel, and train him. The important thing is for the council to decide a road to follow and then follow it. Stop trying to perform certain favors out of friendship," he went on.

"We plan to write letters all over the country and advertise and Curt has promised to help us all he can to secure the best man for the job.

"The council, instead of pushing things off, month after month, will have to make up an agenda of performance which the new administrator will be asked to follow, not leave it up to his discretion when too much time has gone by. We are just as much at fault for dragging out civic projects as anyone else. We have asked Blyth to spread his time too thinly and consequently projects hang fire too long," he concluded.

Library Notice

All grammar school age children must be accompanied by an adult if they wish to attend the library in the evenings.

They will be in the afternoons if they wish to study or get books, but an adult must be with them if they come in the evenings.

The library hours, Monday thru Thursday, are from 1 p.m. to 5 p.m., and from 7 p.m. to 8:30 pm. On Fridays the library is open from 1 p.m. to 7 p.m. The library is closed on Saturdays and Sundays.

FOR SALE: Little of everything, electric range, elec. heaters, 2 burner elec. hot plate, some furniture, elec. See evenings at 601 Wyoming St.

RESIGNS—City Manager Curtis Blyth asked to be relieved of his duties as of Dec. 31 at Tuesday night's council meeting. He is shown here calling his wife, Jody, who has shared the turbulence of his last stormy six months as the city's administrator. (Knighton photo)

McHENRY LAND DEAL FINAL—CITY ATTORNEY

formed by out-going City Attorney M. Gene Matteucci that in his opinion, the city had made a deal with Don McHenry for 4.6 acres north of the Union Pacific Railroad tracks, appraised at \$12,800 and whether or not the council liked it, it was stuck with the deal.

The land is in an area where the proposed freeway will be built, by-passing Boulder City, and because there are no facilities running to it, not even a road, except one over the tracks, members of the council are reluctant to sell it in fear of speculation.

A contract has been signed by Don and Betty McHenry for a direct sale. The protest came two weeks ago from Mayor Albert Franklin concerning improving the land when it has so many odds against it. He thinks it should go up to bid.

"It isn't feasible to expect a man to sign a performance contract when he has no idea

The city council was informed when he can fulfill it," Franklin stated. "No matter how you look at it, the land will be held for the future and by that time, when the freeway comes through, the land will be worth many hundreds of thousands."

"I want a higher opinion than our city attorney's if necessary, the attorney general's. If he says we have made a sale, I'll keep my mouth shut," the mayor snapped.

Councilman Bob Broadbent suggested that McHenry, Andrew Mitchell and appropriate city officials meet and decided on a performance clause. Franklin asked to be a part of that committee.

Councilman John Batchelor, who has questioned land values in the past, added that he is curious about the low appraisal on the property, considering the extremely high ones submitted on land in that area.

BUSINESSMEN FIGHT HEALTH INSPECTION FEE

A working ordinance of proposed Clark County Health Department inspection fees to be charged Boulder City business places met with heavy opposition Tuesday night when the senior councilman from North Las Vegas, John Meyers, and that city's attorney, Bill Barker, appeared before the council to explain it.

The city's only two tavern owners, Herbert Knauss and Lottie Wodarek of The Club, were represented by Atty. Alvin Wartman in a protest.

Wartman stated that he ordinance was obviously not written for Boulder's bars and commented that the business license and their are now paying \$250 as a business license and their profit is considerably lower than bars in other cities which are permitted to sell liquor.

"Fees should be commensurate with service," Wartman stated.

Knauss commented, "We don't have liquor, we don't have gambling, in fact, we don't have nothin'."

Wartman said that his clients were already paying stiff business license to the city, and as taxpayers, were contributing to the city's share of the county health fee, and it was unfair to expect them to contribute a third time for the same service.

A pioneer grocerman, John Layon, pointed out several

discrepancies in the ordinance dealing with selling packaged goods. He referred to beer sold in cartons and food commodities in packages. "If there is any danger as far as health is concerned in this merchandise, then it might take our local bakery involves any business—clothing store, jewelry, etc. Typhoid could be coming in in truck of produce. I don't feel that the fee is excessive, but is discriminatory. You might take our local bakery as an example. Why should the baker have to pay a \$50 fee and the wholesale baker only pay \$40?"

Dr. Otto Ravenholt, Clark County Health Superintendent, told Layton that they are endeavoring to make closer checks on migratory workers and Barker stated that large wholesalers have trained personnel to keep an eye on sanitary conditions. He added that size of a business is not the only criteria - an inspector must often have to spend more time in the little place.

Councilman Andrew Mitchell wound up the discussion with the remark that he was in sympathy with business places against paying for their own inspections but that he didn't think there was any business place in Boulder City which couldn't afford a \$20 fee. He added that he didn't think that local places should have to pay as much as North Las Vegas, and that \$20 to \$25 is enough.

Basic Vs Boulder Open '63 Season

Plans for the first Football Rally of the year have been made. Student body president Sammy Gutierrez, along with the student council, has made plans for a car parade, with the high school band, to go thru town in cooperation with the police department. This will all take place tonight.

There will be a bonfire following the automobile parade. It will be held near the Thomas subdivision this year, and no cars will be allowed in the area past Northridge

Drive, making it safer for pedestrians.

It is expected that all the football coaches and the team captains will speak at the bonfire rally. Following the bonfire, the first school dance of the season will be held in the High School Gym.

Tomorrow the Eagles will open the season on Friday the 13th against the Basic High School Wolves in Henderson. Last time the game was held on Friday the 13th was in 1953. That game was also between the Eagles and the Wolves. The score was a tie of 13 to 13.

The game on the Henderson Field will be held at 8:00 p.m.

The Junior Varsity will open its season on Saturday at 7:30 against the Basic J.V.'s, also at the Henderson Field.

In order to be on the football teams the students must be in good health, maintain a passing scholastic average and be acceptable in their citizenship as well.

Reports Head Coach An Iree on the boys: "They are a real fine group. The boys know the team was The State Single A Champions of last year before that. They've a real good record to uphold and they are anxious to do it. On record there have been only three home games lost during the past eight years. They feel real strong on home ground and about half of the games will be played here. The record shows they've been real good.

NEW CITY ATTORNEY—Counselor George Franklin of Las Vegas, was formally appointed Boulder City's attorney, replacing M. Gene Matteucci whose resignation is effective Sept. 15. (Knighton photo)

MORRY'S STORY

By MORRY ZENOFF

A Doctor Henry Reining prediction was borne out Tuesday night when the city's first city manager failed to make the end of his first term, signing instead under

Dr. Reining told this reporter a long time ago that it was going to be rough for the first councils and the first city manager—because of the divided opinion on community operation in a small enough city where the voice of majorities and minorities are heard and felt with immediate effect.

When you look back over the councils we've had to date—you find several who quit after the first term and some who resigned while in office—like Morgan Sweeney, Joe Manix, Bob Georgeson, Dr. Whitex.

And now it's Curtis Blyth, imported from a swank suburb of Milwaukee which he had run so well he had a permanent job if he wanted it.

The heat of the battle, the open criticism, the dissatisfaction of moaned people—overshadowed the deeds well done that both councilmen and city manager had accomplished.

Resignations were not because of malfeasance and crooked operations. Men quit because the going got rough. They had a right to, for their own happinesses were at stake.

Being forced to quit a job, either by choice or by request, is a big hurt in the family of the man or woman involved. I hear tell that Curt Blyth took his 11 year old son for a walk the evening before he knew he was turning in his key. The father knew he had to tell his son that as of the next night he would be without a job, would be giving up the position, that was one of the top spots in Boulder City.

Luckily, the boy took the news like a brave soldier, altho the entire next day he had a bundle of hives as he anticipated the chore his dad was carryin gin having to declare himself.

This, however, is true in everyman's lot in life. Trials and tribulations along with big happy moments—

Now we come into a new away. His judgments now on

era — the Blythless era — where the city council must make another move — hire another man to administer the city as the people planned it with the charter form of government.

In my book, I would like to see a different type of personality hired. An older man, a more experienced man, one more able to get along with the people who make up a city.

What is needed, in my opinion, is a man of strength to lead the council into decisions, to hurry the council into faster action, to carry out faster the council's rulings.

The city made a wise choice as city attorney Tuesday in the selection of George Franklin Jr. He worked on the dam. He knows Boulder people. He is a smart lawyer. He knows public law, having been city attorney for North Vegas, chairman of the county commission, and a state legislator. He was a war hero, and around Vegas has won the reputation as a defender of the little man.

The council at this moment is in a disturbed state. The Blyth situation, in which there were two factions at odds about him, created a rift. The two steadying influences at the moment are Andy Mitchell and Bob Broadbent. I feel that Batchelor and Brockett need to contribute more, vocally at least, to help reach the right decisions. They have it and haven't shown it. If and when they do, the council will be off and running again.

The mayor, Al Franklin, is trying his best to do a job. He is alert, frank, outspoken. He is an expert on land valuations and money problems — since he's loaded to the gills with the long green stuff.

He needs to make a public announcement that he is not personally interested in buying all the land in Boulder — as many people think he has ulterior motives. I don't think he has. I know he had great development plans and I was crying to see him invest his millions in his home town. But, the law doesn't allow conflicting interests and thus he has to and has backed

Continued On 2

BLYTH

By VIRGINIA MORRISON
Curtis Blyth, after nearly four years as the pilot of the city administration, submitted his resignation to the city council Tuesday night, absence and will name an acting city manager.

Blyth's leaving did not come as a surprise because he has been on the griddle for several months—more so in the past few weeks. But the manner of his leaving was in doubt until council meeting time. The council was divided on whether to allow him to submit a resignation or to fire him outright.

It was gratifying to see the council uphold the dignity of office and avoid any demonstration. His letter of resignation was read in complete silence and accepted by unanimous decision.

The communication read as follows:

Gentlemen:
I hereby submit my resignation as City Manager of Boulder City, such resignation to become effective Dec. 1, 1963. The following points are submitted for the Council's consideration, each part being an integral part of the whole:

1. The resignation will become effective December 31, 1963; however, I will take a leave of absence, with pay, from October 1, 1963 through December 31, 1963.

2. During this leave of absence I will name a qualified administrative officer as Acting City Manager and will, to the extent possible and if desired, act in a consulting and advisory capacity to this person through that period of time.

In the event the City Council determines the identity of a new City Manager prior to December 31, 1963, the new manager will be named Acting City Manager for the remainder of the October 1, 1963 to December 31, 1963 period.

Inherent in this resignation is the consideration that compensation for the period from 10-1-63 to 12-31-63, is to be paid in full on September 30, 1963.

I respectfully request your acceptance of this resignation.

Sincerely yours,
Curtis H. Blyth
City Manager

"I don't have any particular plans for the immediate future," Blyth stated in an interview following his announcement. "My wife and two youngsters like it here, we have our home, and it's just too early to make any statement as to the future."

Blyth has been under fire from local developers for several weeks. They claim that his procrastination and insistence on following set rules have discouraged builders from seeking land for subdivisions and other developments.

"I can take the attacks made against me, but when they involve my family, even to the extent of anonymous

land are wise ones, for he sees Boulder 20 years from now as he talks.

There is a big need, again in my opinion, for the council to be backed up at this time with citizen help. I would like to repeat that an advisory group of a cross-section of the town's people sitting behind closed doors with the council and batting each other's brains out for several hours on several occasions would right the ship of state at this most critical moment.

U.S. Lime To Participate In Air Pollution Control Program

John McDonald, plant manager for U. S. Lime Products Corp., division of Flintkote Chemical Company, told the Home News that U.S. Lime, along with other plants in the BMI Complex, intends to cooperate in the Clark County Air Pollution Control program.

U. S. Lime has three plants in this area including the local kiln plant, a quarry at Sloan and a kiln plant at Apex. The Sloan and Apex installations are remote enough from the populated area to present no problem, McDonald said.

The Henderson plant, which does release lime dust into the atmosphere in a populated area, is expected to be under control within the time provided by the County's air pollution ordinance.

Summertime—and the Livin' is Easy

This is a rare pose of Junior and his pet—but they're enjoying a well-earned rest. Clarence C. Fawcett of the Parina Pet Care Center, warns against overdoing vacation activity. Too much play on a too-hot day tires and dehydrates the family pet. When the mercury soars, see that Rover gets his exercise in the cool, cool, cool of the morning and early evening, a shady resting spot during the heat of the day, and plenty of fresh water.

Building Permit Issued For Lake Mead Drive Grocery Store

A building permit for the building of a new grocery store in the Gunville-Morrell shopping center on Lake Mead Drive, was taken out this week with a valuation of \$48,000, according to Building Superintendent Pat Doherty.

The store, which will be located at 844 Lake Mead Drive, adjoining the lounge,

will be of concrete block, 60 by 100 feet.

It is one more of the businesses which will make up the shopping center which will eventually front both on Center Street and Lake Mead Drive. The multimillion dollar shopping center will be developed as the stores are leased, according to Frank Morrell.

HENDERSON HOME NEWS, Henderson, Nevada
THURSDAY, SEPTEMBER 12, 1963

Bridge Winners

Bridge Winners Basic Bridge Club announces Mildred Downing and Lucille Salter as first place north-south winners; Jan and Warren Simons, first east-west in the weekly Thursday evening game.

Darrell Morrow and Ross Salter placed second north-south; Bobby Jean Dalby and Jean Nallia, third. Barbara Nicholas, Lily Shelling, Miriam Giles, Bobbie Jean Dalby, Al Young and Lucille Salter tied for fourth.

Basic Bridge sponsors basic bridge lessons each Monday evening 7:30 p.m. at 548 Burton Street. Partnership arrangements can be made for the Thursday evening games or the Monday lessons by phoning Miriam Giles, teacher-director, 564-9563.

All area bridge players are invited to attend. Points as well as cash prizes are awarded.

Youngs, Joy Frank, Darrell Morrow, Barbara Nicholas, Lily Shelling, Alma Wilcox and Nancy Keever closely contend for fourth.

PEGGY AND BILL DIEDRICH were first place winners of the monthly master-point game. Jennie and Carmen Peterson were second. Ross Slater and Doris Young, third; Miriam Giles, Bobbie Jean Dalby, Al Young and Lucille Salter tied for fourth.

Basic Bridge sponsors basic bridge lessons each Monday evening 7:30 p.m. at 548 Burton Street. Partnership arrangements can be made for the Thursday evening games or the Monday lessons by phoning Miriam Giles, teacher-director, 564-9563.

All area bridge players are invited to attend. Points as well as cash prizes are awarded.

Police Investigate

Police Saturday were investigating an attempted armed robbery of Baird's Shell Station on Water street and Lake Mead Drive where the robber apparently panicked and escaped in a car which was waiting for him in the desert.

The attempt occurred around 8:30 p.m. when a car drove into the station and ordered the attendant Michael Krauter of Las Vegas to "Hold It." The would-be robber wore a nylon stocking

over his face and had a .32 caliber gun lying across his arm.

The station attendant made a dive through the office door and the suspect drove away heading west on Lake Mead Drive. There were three witnesses to the attempt, Gretchen McEwen, 14 Oregon Way, Marilyn Mendive, 215 Nebraska, and Elaine Benack, Ontario, California.

Witnesses saw the vehicle pull away from the station and followed the car to where it was driven into the desert.

Wolves Howl

By PAMELA LOVE

Lo and behold, all freshmen and sophomores! If you want to be a success at Basic High, then listen to this word from the wise.

Since Basic High is new to you, the purpose of this article is to orient you with the school.

Here are some of the questions that you may be asking. Where is detention held? What is a make-up blank? When is the Sophomore Reverse? How do I get on the honor roll? When do I get an eligibility slip? How do I get my locker fixed? Many of these can be answered by referring to the mimeographed sheets you received on the first day of school. However, some details were not included there.

You might want to know how you are supposed to act in classes, toward upperclassmen, during assemblies and at lunch hour.

The teachers at BHS expect you to be in your seat when the bell rings and ready to work. That means you have your books, pencils, paper and assignments with you.

EUGENE MORITZ ENJOY WEEKEND IN CALIFORNIA

Mr. and Mrs. Eugene D. Moritz made a surprise visit to Eugene's aunt and uncle, Mr. and Mrs. W. C. Grimes, and their family in Artesia, California, over the Labor Day weekend.

After spending a very full weekend visiting the family and touring Disneyland and Pacific Ocean Park, Eugene and Judi returned Monday evening to their home at 57-B Victory Village.

Since you are graded citizenship (and this grade goes on your permanent record), your attitude in class should be good. The teachers here at BHS will not tolerate tardiness, unpreparedness or lack-talk. You may either be sent to the office or receive detention for such offenses, depending upon their seriousness.

If you are given a detention, you must serve it. Detention is held in room 14 at 6:05 p.m. Report there with the right materials to spend the time studying!

The upperclassmen expect the freshmen and sophomores to show courtesy toward everyone, help maintain the appearance of the campus, show the use of decent manners and promote school spirit.

During the pep assemblies the freshmen and sophomores are expected to remain standing until the student body president tells them to sit down. All students are to follow the cheers of the cheerleaders and stand during the Alma-Mater and school song.

During a formal assembly all students are to remain quiet and clap only when applause is required. The best of manners should be shown during a formal assembly.

At lunch hour the wastepaper baskets are to be USED; the sidewalks and grass are not for the disposal of candy wrappers and milk cartons. If you bring your lunch, you are supposed to eat it in the multipurpose room, not in the classroom.

The scooter parking lot is located at the side of the multipurpose room. This is also the parking lot for students who don't drive every day.

If your locker breaks in some way, you should report it to the office and a custodian will fix it.

There are a few things that are absolutely prohibited here at BHS. One of these is smoking in the bathrooms, in the hall, in the parking lot or anywhere else on campus.

Basic High School holds quite a few dances for its students during the year. The Sophomore Reverse will probably be in November this year. The girls do the asking and the spending at this dance. The Sweetheart Reverse, which is held in February, is conducted the same way. The Junior Prom and for the upperclassmen and only those who have paid their dues are invited to attend. The few underclassmen, such as class officers, are asked by special invitation.

The dances held in the multipurpose room after the games are open to all students of Basic.

Keeping these things in mind will help you, the freshmen and sophomore classes, to take your place in Basic High School.

The National Honor Society will sponsor a "Mixer Dance" tomorrow night in the MP room. All students are invited to attend to get acquainted with the rest of the school.

Nominations for class officers will also be held tomorrow, so be thinking about who you want in office. Choose your candidate by qualifications rather than by popularity. Remember, the most popular person may not have an ounce of sense.

THIS AND THAT Hey, Frank B., who's the new chick you've been seeing lately? E. U. and R. G. are still going together, as are Bruce R. and T. P., Lanny L. and Gloria B. and George and his gal.

Some new couples seen around campus this year are Mike R. and N. DePeal, Jim Roach and Mary Wheatly, Johnny Cotton and Linda Holmes, and D. Nisson and a certain Sophomore boy.

Bonnie B. and alumnus Bill Skupa have been seen a lot of each other during the summer. P. H. and D. B. are going together, also.

Some of you fellow students may remember Sue Cannon, well, she got herself hitched, August 30, to a fellow by the name of Dean Nelson. I'm sure we all wish her and him the best of luck. They will reside in Las Vegas.

I guess that's about all the "little birdie" to me, so its "Hasta luego" or until the next time, good-by.

Council To Hear Violations Of City Plumbing Codes Soon

Violations of city plumbing codes will be brought to the attention of the City Council by memorandum, and specific ones now known are to be brought to the Council at the next regular meeting, it was decided Tuesday night.

City Councilman Paul Marshall asked that the item of the recent plumbing board meeting be placed on the Council agenda and asked that particular instances of violations be brought to the attention of the Council.

Councilman Dale Roberts asked that a summary of the current violations (presumably in Trailer Estates) be brought by the Plumbing Board, however, Public Works Director George Perkins, claimed that the plumbing board is merely an advisory board and the report should be handled by Building Superintendent Pat Doherty.

Doherty was instructed to bring the Council up to date on the issue which has been hanging fire for over nine months. Perkins said he is re-writing the ordinance dealing with trailer plumbing.

Bids were opened for radio equipment for the City and turned over to the Administration for study. Recommendation for awarding will

be made at the next Council meeting.

Frontier Radio, Inc. bid \$4,735 for a 25 w total for 9 mobile units, and \$5,240.55 for 30 watts.

Motorola Communications bid \$5,001 for 15 W. stations; \$5,770 for 25 W. stations, and \$7,359 for an alternate. Ken - Mac Electronics Corporation of Las Vegas bid \$4,635.50 for either 15 W. or 25 W. stations; \$5,770 for 25 W. stations, and \$7,359 for an alternate. Ken - Mac Electronics Corporation of Las Vegas bid \$4,635.50 for either 15 W. or 25 W.

An application by Earl Dill to purchase a small parcel of land from the city, adjacent to his land, for \$100 was approved by the Council providing the legalities of such a transaction are approved by the City Attorney who was not present at Tuesday night's meeting.

Councilmen approved a proposal to pay half of the cost of insurance to city employees, an increase of around 31 cents per employee over last year. Bob Adams, city auditor, said that because of high usage of the policy, the premium for this year would jump 20 percent. Employees may vote to take out state insurance.

BASIC BRACES FOR B.C. — The Basic Wolves start training for the Boulder game. Greg Sullivan is hown taking a hand off from the quarterback.

JAMES D. COOPER SERVING WITH ATLANTIC FLEET

James D. Cooper, hospitalman seaman apprentice, USN, son of Mr. and Mrs. Edward E. Cooper of 473 Federal St., is serving aboard the destroyer USS Harlan R. Dickson, an Atlantic Fleet unit slated to return to the U.S. Sept. 5 after six months duty with the Sixth Fleet in the Mediterranean.

The Sixth Fleet, consisting of some 50 ships, 25,000 men and 200 aircraft is a fast carrier task force capable of waging any kind of warfare, hot or cold, limited or general, atomic or conventional. It also has an amphibious task force and a service force of auxiliary ships which enables the Fleet to operate indefinitely at sea without shore bases in the Mediterranean area.

Ports of call during Harlan R. Dickson's Mediterranean tour included Barcelona, Spain; Cannes, France; and Cagliari, Sardinia.

Harlan R. Dickson normally operates out of Newport, R. I.

Ladco's Trailer Zoning Approved By City Council

An appeal by Ladco Corporation of a Planning Commission denial for trailer zoning of approximately eight acres of land near Subdivision two was heard by City Councilmen Tuesday night and the new one was granted.

The application for a trailer zone was turned down by Planning Commissioners who said they felt that trailer parks were getting scattered in too many sections of the City. A use permit was also approved by the Council, for the trailer park.

Councilmen reported that they had visited the site of the trailer park and felt that it would be upgrading the land since it was zoned R-A, (ranch acreage) and nearby land is zoned for light industrial. Approximately 40 acres of land in section 19,

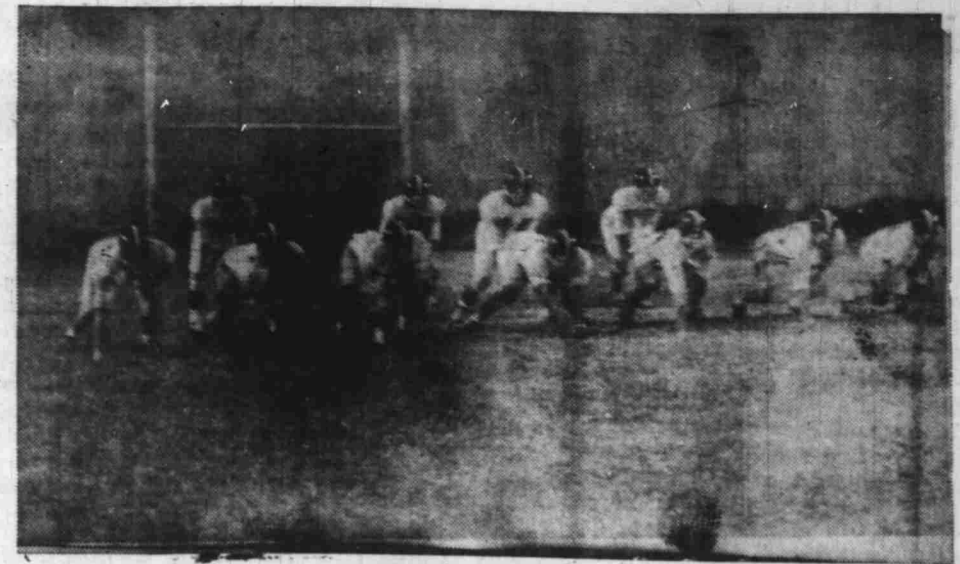

the first sold by the City to Young and Rue, was zoned light industrial for a warehouse. Water lines are being run to the property it was reported.

Ladco Corp. representative Cal Campbell told the Council that construction on the trailer park would be complete within a year, and that it would be a modern, well-governed park.

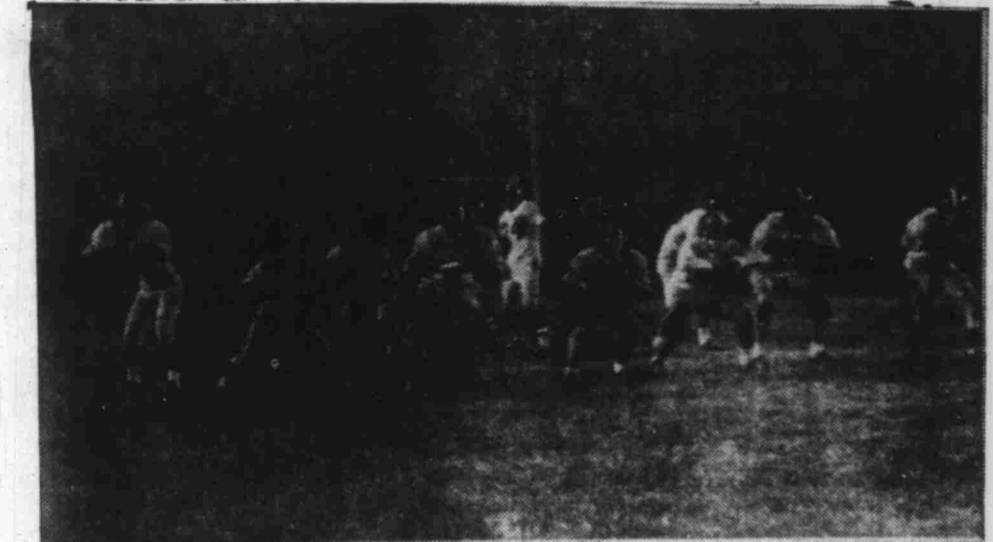

SCHOOL CROSSING PATROLS ORGANIZED

The formation of the Junior School Patrol to patrol school crossings of the elementary schools is now underway, according to Police Officer Jim Jensen.

Other Police Officers who are assisting Jensen this year are Jerry Nelson and O. Ogle. The patrol will consist of from 22 to 24 boys who are selected from the various schools throughout the City.

TENTATIVE LINEUP — The Varsity Wolves squad is shown lining up for signal drill.

PASSING — Jim Easley moves back to pass as the Wolves throw in blocking protection.

Survey Team Starts Work On 15,000 Acre Survey

A survey party of four started work yesterday to survey the 15,000 acres of land which the City will acquire from the Federal Government for sale to private individuals, according to Public Works Director George Perkins.

At the same time, Perkins said he has been notified that Frank Ward, the city's chief draftsman, was leaving for other employment. Ward spent his last day at the City Hall Monday. He has been employed by the City for several years.

A temporary employee, also a draftsman, Patty McCormick, has left to return to school at Riverside Junior

College, and replacing her will be Harold Brumbaugh, who will be concerned mainly with the planning department.

Bob Smith has been named of the 15,020 acres, to be party chief for the surveyors assisted by Norman Miller as instrument man and Jerry Reeves and John Swapp as chain men. No replacement has been named for Frank Ward.

Harold Gerrish To Operate New Tops Market On Lake Mead Drive

Mr. and Mrs. Harold Gerrish of 119 Ocotillo Street expect to open their new Tops Market about November 1, in the new shopping center being built by Jim Gunville and Frank Morrell on Lake Mead Drive near Center Street.

Gerrish was formerly associated with Lou Richardson in the Carver Park Market. Richardson became ill and sold his share in the business to Royal Ream, who later bought out Gerrish.

Prior to his affiliation in was employed as assistant branch manager for Smart and Final, wholesale food dealers. Since selling to Ream he has worked with Orange Empire, a wholesale food cooperative in Las Vegas, the local market, Gerrish and his wife, Corrine, have lived here since 1955. They have a daughter, Gail, 10 years old; and a son, Allen, 6, both born at Rose de Lima Hospital.

They like the people of Henderson and say they are very pleased at the prospect of being back here working with them. Mrs. Gerrish, who did Vegas.

Park Market will again take care of the office work and in addition will assist with The new Tops Market will

encompass 6000 square feet of floor space and will be completely refrigerated. The stock will include groceries, meats, delicatessen, drugs and household items.

The slogan of the market, Gerrish said, will be "Large Enough To Serve You, Small Enough To Know You."

Other businesses, already open in the new shopping center, are Everett's Lounge, operated by Everett and Bobbi Krause; and Rodgers Brothers Sporting Goods, operated by Kenneth and Carl Rodgers.

FIREMEN, POLICE EVEN SCORES IN BASEBALL FEUD

The Firemen and Policemen are at it again.

City Policemen now claim that the summer baseball feud between the policemen and firemen is now even with each department having won 3 games each.

City Firemen say they aren't talking.

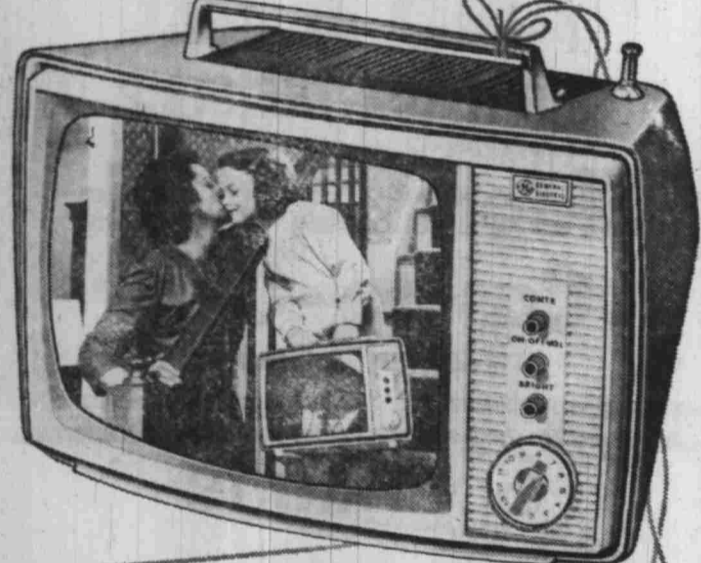

Policemen claim that during the last game they had to let up on their strength to give the Firemen a chance but still didn't come through.

Whether the departments will let the score remain tied or play it off is still anyone's guess.

Black Mt. Women Stage Luau

The Women's Association of the Black Mountain Country Club opened the fall season with a Hawaiian luau with members and guests attending in the costumes of the Islands.

The Polynesian dinner, catered by the Swanky Club, was enjoyed by the guests seated on pillows around the low tables, Hawaiian style. Barbara Bagley, social chairman, was in charge of the affair.

Pat Ramsey and Ethel Gilbert were introduced as new members of the association.

Jean Wurzer announced plans for the annual cocktail party to be held this Saturday at the clubhouse. The event will be informal and will carry a Hawaiian theme with

members and guests invited to wear comfortable South Seas attire and enjoy the fun. Dancing will continue throughout the evening with music to be provided by Tom Harkenrider at the organ.

Invitations have been sent to members of other golf clubs in the area and the affair is also open to non-member guests.

During the luau Vivian Phillips was presented with a hole-in-one medalion for a spectacular shot last summer when she aced the number three hole at Black Mountain.

Future events were announced by Annabel Miller, who stated that all tournaments will be based on 18 holes of play. Playing under

the rules of golf, the ball will be played as it lies.

Last Wednesday's Blind Bogey tournament resulted in a two-way tie between Corrine Atkinson and Laura Carrado; Katie Shankland and Louise Wengert.

Starting September 4, and running through December will be the Ringer Tourney and No Putts Tourney. Sheets will be posted in the pro shop and ladies lounge. Each player will post her own score and putts. Medal of Golf tournament will be played the last Wednesday of the month.

Laura Carrado, tournament chairman of the Black Mountain Golf Association, is the new president of the Southern Nevada Women's Golf Association.

HENDERSON HOME NEWS, Henderson, Nevada
THURSDAY, SEPTEMBER 12, 1963

ROBERT H. SHARP arrives soon to assume the position of Assistant Superintendent of the Lake Mead National Recreation Area, replacing Jerry House who is now at Shenendoah National Park in Virginia

92,147 GUIDED THROUGH DAM IN AUGUST

A total of 92,147 visitors took the guided tour through Hoover Dam and Powerplant during the month of August. This is the highest August recorded to date in the history of the guide service, and the second largest monthly total to date. The daily average is 2,972 for the month. This year's total to date is 434,606, as compared to last year's 381,338 an increase of 53,268 visitors so far this year.

Noteworthy visitors for the Damours, Chief, Division of Foreign Activities, United States Bureau of Reclamation; M. A. Ribeiro Ambassador of Ghana; and Geoffrey Lanning, Assistant Solicitor of the Washington Office, Interior Department, Washington, D. C.

Special courtesies were extended to fifty-three foreign visitors from the following countries: Afghanistan, Australia, Ceylon, Egypt, Germany, Ghana, India, Iran, Israel, Mexico, Thailand, and Turkey.

In addition special tours were arranged for three school groups; twelve scout troops; seven church groups; two groups of American Youth Hostels, Incorporated; Continental Youth Band, Milwaukee Wisconsin; Lark Ellen Home for Boys, Azusa, California; Western Holiday Lines, Manchester, Connecticut; Food Service Executives Association, International; J. Drobot, Project Engineer, Westinghouse Company, New York City; John T. Maletic, Office of Chief Engineer United States Bureau of Reclamation, Denver, Colorado; John Sullivan, Motion Picture Engineer Sun Valley, California; Ralph C. Hook Jr., Professor, Arizona State University Tempe Arizona; and David S. and J.N. Jenkins, Consulting Civil Engineers, Arlington, Virginia.

Oklahoma To Be Presented By Vegas Musical Arts Workshop

Rodgers & Hammerstein's Oklahoma will be performed by the members of The Musical Arts Workshop at the Las Vegas High School Auditorium, Clark and Ninth Streets, on Monday, September 16 at 3:30 p.m. matinee performance especially designed for students at \$1 donation and Tuesday and Wednesday, September 17 and 18 at 8:30 p.m. at \$2 donation.

The Musical Arts Workshop of LV, designed to act as a showcase for local talent, is a non-profit community organization with a membership of more than 100 adults, including singers, dancers, stage craft experts.

Paul Harris Professor at Nevada Southern University is producing the popular musical and Mrs. Marjorie Dickinson, vocal director at Western High School is the director, assisted by Mrs. Ruth Tener, Music Director of Las Vegas High School.

The orchestra will be conducted by Lewis Elias, well known along the "strip" as relief orchestra director.

The choreography is by Miss Jean Devlin and the stage direction by Miss Jody Simmons. All of the members of this organization are volunteers who are working like professionals to present a first class performance.

The members of the cast, many of whom will be well known to local residents from prior community musical functions, include: Mrs. Ruth Julian, in the leading role of Laurie and Denis Cruick-

shank as Curley the ole made famous by Gordon MacRae in the movie version.

Other principals, in order of their appearance include: Mrs. Ramona Church Mori, as Aunt Eller; Anthony Thomas as Ike Skidmore; Dennis Ortwein, as Will Parker; Tom McCleskey as Jud Fry; Mrs. Gloria Simon as Ado Annie Carn; Dick Dennis as Ali Hakim; Miss June Hope as Gertie Cummings; S. F. Barbone as Andrew Carns and a cast of more than 50 singers and dancers.

All proceeds after expenses will be donated to Young Audiences, Inc., a national society dedicated to exposing young children to good concert music. In 1962, the Las Vegas Chapter of Young Audiences provided funds for live concerts at 33 schools in Clark County and reached an audience of over 8000 students.

TOGETHER 50 YEARS — Mr. and Mrs. James E. Pitts, Sr. are shown at a reception held in their honor on their Golden Wedding day, September 1, at the Elks Hall.

Golden Wedding Observed By Mr. and Mrs. James E. Pitts

Mr. and Mrs. James E. Pitts, Sr., of 12 Magnesium street, who have been married since September 1, 1913, were honored on their fiftieth wedding anniversary last Sunday by their children and friends at the Elks hall.

The reception was planned by the Pitts children who presented their parents with a maple television set. They received many other lovely gifts from friends.

Mr. and Mrs. Pitts were childhood friends, having known each other all their lives. They lived in Marysville, and Mr. Pitts left the community while still young, and returned in March of 1913 when he and Mrs. Pitts were both 17 years of age. They were married in September of that year in Junction, Utah.

Following their marriage they lived in McGill, Nevada for 34 years, then went to Sparks where they purchased a home. They came to Henderson four years ago on chased the home in which their anniversary and party are living. Pitts worked at Pacific Engineering and Production Company until a year ago when he retired, because of ill health.

They have seven children, Darrel, and Clifford of Henderson; Mrs. Lloyd Fields of Desert Hills; A. D. Pitts and Ted, Jr., of Sparks; Mrs. Blanche McDowell of Reno, and Deward Pitts of California. They have 15 grandchildren and two great grandchildren.

Both Mr. and Mrs. Pitts are 67 years old and have always been happy in their marriage. They both loved children and to testify of the love shown in their home, two of their children have celebrated their Silver Wedding Anniversaries.

Mrs. Pitt's brother, Don H. Alger of Fallon was married on the same day she was but the two couples were unable

to celebrate together due to the distances which family members would have to travel.

STORK REPORT

Ten girls and nine boys have been born in the Rose de Lima Hospital during the past two weeks. A set of twins was born on the 31st of August.

FRIDAY, August 23 — a boy to Heather and Derek Hartley, 6321 Garwood, Las Vegas; a girl to Rita and Jim Jenkins, 730 Center Street, Henderson.

SATURDAY, August 24 — a girl to Madell and Dennis Drake, 74-D, Victory Village, Henderson; a boy to Darlene and George Werber, 413 Republic Street, Henderson.

THURSDAY, August 29 — a girl to Gloria and Lawrence Jones, 211 Platinum, Henderson; a girl to Maria and Pete Arredondo, 210 Nebraska Street, Henderson; a boy to Verjine and Dean Jones, 3-C Victory Village, Henderson; a boy to Carolyn and Louis Jarmallo, 59 Wyoming Street, Henderson.

FRIDAY, August 30 — a boy to Louise and Victor Hall, 625 Burton Street, Henderson; a girl to Carol and Ernest Buskirk, 5026 E. Hallet Street, Las Vegas.

SATURDAY, August 31 — a girl and a boy to Margaret and Jack Roach, 4735 Conrad Street, Las Vegas.

SUNDAY, September 1 — a boy to Susan and Jack McGulvey, 34-A Victory Village, Henderson.

TUESDAY, September 3 — a girl to Norma and Delmar Gifford, 3301 Wright Avenue, Las Vegas; a boy to Ann and Thomas Gonzales, 45-A Victory Village, Henderson.

LETTER TO THE EDITOR

We are badly in need of help in our Henderson Neighborhood of the Girl Scouts. We have a nice building, built by the Rotarians, equipped by the Frontier Council.

We also have plenty of girls who want so badly to be Brownies or Junior Girl Scouts, but we are very short of adult volunteers. This is not a thankless job for the girls do appreciate the time and effort of the leaders and co-leaders and all concerned can learn and grow and have good fun together.

Perhaps there are new residents, who don't know who to contact, or former Girl Scouts or leaders who would be willing to help again. For those with a special interest in girls, training is offered so they know what to do. Also appreciated would be those with special talents which they could share with us.

We would appreciate your printing this plea for help and they can call 565-6761 or 564-5604.

Thank you,
Loreen Harris
Neighborhood Chairman,
GSA.

UPTOWN HARDWARE'S STOCK

Auction House Opens Here With Sale This Saturday

Another new business will be added to our rapidly expanding city when Henderson's first auction house opens this Saturday at 2100 Moser Street in Pittman.

International Auctioneer Col. Paul H. Hansen will sell at public auction a complete hardware stock from the Uptown Hardware in Boulder City, at the auction Saturday.

Col. Hansen is better known in Southern Nevada as "Uncle Paul," as he is the owner of Uncle Paul's New and Used Furniture in Las Vegas.

He has conducted many sales, during the past three years, in Las Vegas and North Las Vegas and believes the new auction house here will perform a valuable service to the public in this area. It will, he says, provide an outlet for fast disposal of private and public goods,

antiques, art and special sales. An auctioneer with many years of experience, Col. Hansen has conducted sales throughout the United States and in Canada, Scotland and England.

A new pavilion is being planned on Boulder Highway near Stuckeys. The company will be known as Around the World Auction Company, and Col. Hansen indicated the first sale in the new pavilion is one which is being planned to interest everyone in Southern Nevada. The opening of the pavilion is tentatively planned for this fall.

Associated in the Auction Company with Col. Hansen is Nathan Baldrige, a Contractor and owner of a second hand store in Las Vegas.

With the opening of the Auction House here, Col. Hansen announced that his services as an auctioneer

are always free to churches and service clubs who put on an auction as a public service.

Everyone is invited to attend the first auction on Saturday. The complete hardware stock to be sold contains bargains to please everyone, Col. Hansen said.

NS Gets Law Test Rights

Nevada Southern has been designated as one of the 100 centers throughout the nation to administer the Law School Admission Test, required of candidates for admission to most American law schools.

The date is Nov. 9. Information and bulletins are now available at the Counseling Office at Nevada Southern, located in Frazier Hall, Room 110.

Last year, the test which is administered by the Educational Testing Service, was taken by more than 30,000 candidates whose scores were sent to over 100 law schools.

ETS advises candidates to make separate application to each law school of their choice and to find out whether it requires the Law School Admission Test.

Since many law schools select their freshmen classes in the spring preceding entrance, next year's classes are advised to take the examination in Nov.

The morning session of the test measures ability to use language and to think logically. The afternoon portion includes measuring writing ability and general background.

LOCAL BOXER BEST OF SHOW

By BARBARA O'KELLEY

Nila and Ray Smith are anticipating another champion. Ray, a local butcher raises Boxer dogs as a preferred hobby.

Last weekend his latest protege, Lorraine's Imperior, a handsome male Boxer, competed in two shows in Des Moines, Iowa. He lacks one point of having enough to be qualified for American Championship.

Imperior started in the winners' circle when he was only one and a half years old. His first show was in Las Vegas last October when he was declared not only a winner but The Best of Winners. He was Reserve Winner in the Boxer Specialty Show in San Diego which is the largest show of its kind this year in California.

In Sacramento, Santa Monica, and Long Beach Calif., as well as in Yuma Ariz., Imperior again collected the Best of Winners Award in each show.

His ancestors' blood has helped Imperior along. His sire, Lorraine's Impressor, was the U.S.A. National Champion in the Working Dog Class for the last 3 years.

Working Dog Class is the definition of dogs who have been developed thru the years for work such as guard dogs, sheep and cattle dogs, police dogs and the like.

To be a champion, a puppy is trained from the age of two months to about one and

a half years of age. At first he gets his show lead for a collar and learns to come when called. As he gets older, he learns how to walk with his master, neither lagging nor lurching. Patience and gentleness are very important so that the puppy will enjoy his work and therefore try his hardest. The pup does not receive advanced obedience training until he is a year old.

The training and temperament of a dog count high in the show ring. Not only must a dog be well bred but he must be well mannered. A vicious dog is disqualified regardless of his show.

The first show small entered the sire of Imperior and little Scottie became intimate with the big dog. As the judges proclaimed Imperior the winner, the Scottie kept yapping and snarling right behind him. The Champ remained calm and never moved a muscle in the little one's direction.

One final question, put to Ray was "As a butcher, do you see to it that your dogs always have a plentiful supply of bones?" "Why, no! That's what starts the fight. We usually have 3 to 4 dogs in each kennel and they each have their own food bowl and respect each other's property. There's no bones. So we just don't use them any more."

Looks like the average dog at home gets more bones than the Champ does.

SBA Offers Small Business Air Pollution Control Loans

Following an extensive study of the growing problem of air and water pollution in major population areas, the Small Business Administration is now making loans available to qualified small businesses to acquire or install corrective equipment, according to an announcement made today by Alvin P. Meyers, Regional Director of SBA for Southern California, Arizona, and Southern Nevada.

"Actually, loans for this purpose were authorized under the Small Business Act of 1953, but only a few such applications have been received," Meyers stated. "Since the problem of air and water pollution is becoming more and more acute, SBA will make every effort to provide financial assistance to install anti-pollution equipment."

SBA can approve loans of their direct to the business in participation with loans up to \$50,000 in government funds. Maximum amount of such loans is ten years and the maximum interest rate charged by SBA in most areas is 5 1/2 per cent. In San Diego County the SBA interest rate is 4 per cent.

The Small Business Administration offices serving Southern California are located at 312 West Fifth Street in downtown Los Angeles, and at 3969 Ohio Street, San Diego.

SLIGHT DROP IN TOURISM IS RECORDED

Travel trends indicate a drop in visitation to the Lake Mead National Park Area for the month of August. A 7.5 per cent increase over the same month last year was noted and 34.4 per cent increase for the entire year was recorded.

Statistics show: boats launched, 136,140; fishermen, 389,275; swimmers, 615,180; skiers, 167,000; campers (tents and trailers), 326,450 and overnight concession use, 100,900.

Total number of visitors to the area for the year to date were 2,504,085.

LEGAL NOTICE

In the Eighth Judicial District Court of the State of Nevada, in and for the County of Clark

No. A2841 DEPT. NO.— LOUIS V. BOSSERT, Plaintiff

vs. GERTRUDE B. BOSSERT, Defendant

The State of Nevada Sends Greetings to the Above-Named Defendant:

You are hereby summoned and required to serve upon COHEN & WEINSTEIN, ESQs., plaintiff's attorneys, whose address is 229 North Third Street, Las Vegas, Nevada, an answer to the Complaint which is herewith served upon you, within 20 days after service of this Summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

This action is brought to recover a judgment dissolving the bonds of matrimony existing between you and the plaintiff.

NOTICE OF APPLICATION FOR PERMISSION TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Application No. 21401 Notice is hereby given that on the 22nd day of July 1963, Century Land Development Corporation of Las Vegas a County of Clark State of Nevada made application to the State Engineer of Nevada for permission to appropriate 0.035 of a second foot of the public waters of the State of Nevada. Diversion is to be made from an underground source at a point in the SE 1/4 SW 1/4 Sec. 20, T. 22 S., R. 58 E., M.D.B.&M., or at a point from which the S 1/4 corner of said section 20 bears S. 12 degrees 05 minutes 40 seconds E., a distance of 1,187.12 feet. Water will be conveyed to the place of use located within the NE 1/4 SE 1/4 SW 1/4 Sec. 20, T. 22 S., R. 58 E., M.D.B.&M., and will be used for Q&I - Municipal (subdivision) and domestic purposes from January 1st to December 31st of each year. Date of first publication August 15, 1963.

Date of last publication September 12, 1963.

Signed: ELMO J. DE RICCO State Engineer

H August 15, 22, 29, Sept. 5, 12, 1963.

Planning Comm. To Study Plans For Mortuary

Building plans for Balm Mortuary which will be located on Boulder highway, will be presented for approval to the City Planning Commission Thursday night at its regular meeting.

Any building with a valuation which exceeds \$50,000 must come before the planning commission for approval.

A use permit for the proposed Bisseger Trailer Park to be located near Tract Two, will be on the agenda for the City Planning Commission meeting Thursday night.

The trailer park will be located in the east half of second 20 and will be constructed by the Ladco Corporation. The zone change was approved by the City Council last Tuesday night after it was denied by the City Planning Commission earlier.

Permits for the placing of signs will also appear on the agenda. Snarr Advertising, Inc., has asked permission to remodel one sign and erect another for the Showboat near the location of the Las Vegas Building Materials. Another sign would be located at Major and Boulder highway, and an application from Stuckey's Candy Store has been made for within 300 feet of the establishment.

Water Lines Being Extended Along Highway

Water lines are being extended along Boulder highway towards the eastern entrance to the City, in preparation for the Senior Citizens development being planned by Ladco Corporation.

The City is making the installation except across highway frontage owned by Stallworth and Associates whose deal with the City was for them to install the line across their own property. In other instances where City land was sold, the price of installation was included in the sales price of the land.

The water line will also be in a position to serve the cemetery and the mortuary, planned for that area.

BY NIKKI HARTZELL

Sargent is a Basset Hound owned by Chet and Ruby Winton of Henderson. In my last Beginners Novice Obedience class he was the dog who seemed to understand each new lesson before any of the others. I would give equal credit for this to Sarge's brains and cooperativeness and for Ruby's very good handling.

The Basset Hound is an old aristocratic breed of ancient lineage. According to the American Kennel Club, its traditional origin is in France. It has flourished for centuries on the continent, chiefly in France and in Belgium, where it was raised by royalty, principally for moderately slow trailing of deer, hares, rabbits, and kindred game. Its ancestry was the old France Bloodhound and the St. Hubert hounds.

"In the United States, the Basset Hound is used for hunting foxes, rabbits, and pheasants. Also he is trained for raccoon hunting and for trailing, flushing, and securing wounded pheasants and other game birds. As most sportsmen can follow them easily while on the scent and be ready when the bird rises, Basset Hounds are unexcelled for trailing and flushing pheasants. They are steady, accurate trailers, give plenty of tongue, and with their extremely short legs are particularly valuable in hunting in dense cover. With the exception of the pure Bloodhound no breed can lay claim to greater scenting ability.

Being bred for centuries as a strictly sporting dog—well disciplined for hunting either in packs or singly—the Basset is both intelligent and docile, with a kindly disposition that makes him a loyal hunting pal. While at work, he will do his best to bring the game around to the waiting hunter. If trained and handled by his master only, the Basset is a one-man dog.

He cannot be coaxed away by any stranger, even if the latter has a gun. If kindly raised and trained, a Basset puppy will turn into as loyal, enjoyable, and satisfactory hunting pal as any man would want to own. He is easy to control and as a rule affectionate if treated kindly by his master.

In appearance the Basset Hound is low from eleven to fifteen inches at the shoulder; of long body and heavy bone; weighing from twenty-five to forty pounds. In America, the most popular Basset is the crooked or half-crooked front leg type. There is a straight-leg type that is a little rangier and somewhat faster as a rule. The front leg is broad, the foot likewise; the shoulders heavy and well muscled, the chest deep. The hind legs, too, are heavy and well muscled on the hip.

The head is long. The nose is long, also, and well developed clear to the muzzle. The flews are heavy. The dewlap is commonly pendant. In the English type, which has a more recent infusion of the original Bloodhound, the eye is deep-set, with wrinkle above and haw beneath. The ears are long, soft, and pendant—in fact, they are so long that sometimes they may be tied in a knot above the head. The nose usually is black well developed, and of great scenting power. French Bassets are of the same general lines as the English dog, except that they are of a smaller type, lighter weight, and are more agile.

In recent years there were two types of smooth Basset hounds in France, and two strains: the Le Couteux, and the Lane; named after the two largest breeders in France: Le Cte le Couteule de Canteleu, and Mons Lane of Francquevilli, near Boos. These hounds differ mostly in the head and eye. The

Judge Zenoff Sets Date For Governing Speed Of Scooters

Confusion among many parents, scooter shops and enforcement agencies regarding the legal horsepower of a power cycle for use under the age of 16 years, prompted Howard R. Hill, Special Master for the Clark County Juvenile Traffic Court, to secure an opinion from the Department of Motor Vehicles.

According to Louis P. Spitz, Director of the Department of Motor Vehicles, "It is quite clear in the statute that no mention of a governor is made, and we have no authority to permit the use of same by an individual less than 16 years of age." Spitz further stated that the Nevada Revised Statute did indicate that the engines should not exceed 6 1/2 horsepower and cannot be driven beyond a maximum speed not to exceed 35 miles per hour. Under Code 6, on the back of

our driver's license, a motor scooter license is restricted to 6 1/2 horsepower and 35 miles per hour.

Juvenile Judge David Zenoff states that this situation resulted through a misinterpretation of the law, both by parents and sales agencies. He further commented, "We want to be fair with those parents who have already purchased these scooters through misinterpretation of the law, therefore, I am recommending that enforcement agencies consider Sept. 6th as the beginning time for those power cycles purchased by youths under the age of 16 years. Those cycles over-powered but purchased prior to this date still must have a proper governor to restrict the horsepower to 35 miles per hour and cannot, in any event, be driven more than 35 miles per hour."

Lane hound has a large eye like a Beagle and a much broader skull. The Le Couteux hound has that down-faced look, giving it a sad expression; a brown eye, deeply sunken, showing a prominent haw; a domed head of considerable length and narrow in comparison to the Lane hound which is inclined to cheek bumps or apple-headedness."

Until the last fifteen years, the French short-legged hound was never very popular here. It is the Le Couteux type that is most favored in America.

Electronic Brain To Answer Area Water Questions

An electronic brain designed to answer pressing ground water problems of the Las Vegas Valley will be unveiled September 13 in Las Vegas, Gov. Grant Sawyer announced today.

The public showing is scheduled for 4 p.m. in the chambers of the Clark County commission at the courthouse. Officials of the Las Vegas Valley Water District, Clark County and the cities of the Las Vegas and North Las Vegas have been invited to attend.

Governor Sawyer said the device, and electric analog computer, is the result of a study of the Las Vegas Valley ground water problem by the Desert Research Institute, under contract with the Dept. of Conservation and Natural Resources.

The analog computer, though not unique in the United States, is the first of

its kind designed for administrative purposes anywhere in the world, according to State Engineer.

It consists of a board on which a map of the Las Vegas Valley has been superimposed. Hundreds of resistors on the board represent the transmissibility of the aquifers within the basin. Hundreds of capacitors on the board represent the storage capacity of the aquifers.

"All of the information we have on the ground water situation is incorporated in the board," Governor Sawyer said. "It will be used to analyze all applications for ground water in the Las Vegas Valley and to help water authorities develop long range plans."

The governor listed the following as expected benefits from use of analog computer:

1. The Las Vegas Valley Ground Water Board will not

BCN HOMME RICHARD**
James M. Beard, seaman apprentice, USN, son of Mrs. Reva A. Beard of 143 Constitution St., is serving aboard the attack aircraft carrier USS BON HOMME RICHARD, a Pacific Fleet unit which recently completed a four-month overhaul period at the Puget Sound Naval Shipyard, Bremerton, Wash.

The 43,000-ton carrier arrived in San Diego, Calif., her normal operational port, on July 30 after undergoing a seven-million-dollar "face-lift."

only be able to evaluate the immediate affect of a particular application, but will also be able to determine how long a particular well can be pumped before it has a detrimental affect on the basin.

2. The Las Vegas Valley Water District and the City of North Las Vegas and other water users can be guided to the proper areas in the development of their water supplies, thus minimizing the detrimental affects of heavy ground water drafts.

3. The administrator of the basin will be in a better position to make equitable decisions.

4. It will facilitate the co-ordination of the ground water development program with the importation of surface water from Lake Mead.

OPENS AT ELDORADO — Two Jacks and a Jill, a lively musical and vocal trio, opens this Friday and Saturday night at the Eldorado Club. This group has appeared throughout the midwest, Canada Florida and at the famous Peppermint Lounge in New York City. They previously appeared in this area at the El Cortez Hotel. They play all kinds of music from old time favorites through jazz, rock and roll, western and, of course the twist.

Emergency

*What do you do
when you can't wait?*

WHEN A CRISIS COMES

... and you need a prescription filled
at midnight

... or your plumbing starts leaking

... or your car won't start

... or you run out of clean shirts

... or when the cupboard or the baby
is bare

DO YOU saddle up and take a day off
to get the matter taken care of in the
City, or do you write to a catalog
house for help?

OF COURSE NOT. Likely you hardly
recognize these and similar predicaments
as crises.

Because YOU'VE GOT NEIGHBORS,
right here at home ... with their skill
and their money invested in establishments
able to take most of your troubles
on their own shoulders so quickly

that you scarcely notice they are difficulties
at all.

But HOW MANY skilled craftsmen,
and good business men, and good
neighbors, and good workers in civic
and church affairs, and good taxpayers
... how many of these have cut down
their stocks, laid off employees, or left
the country ... because all you were
buying from them was the things you
couldn't wait to get somewhere else
... and how many will leave in the
future to go where your money is
going?

*It Pays to Buy
where you Live*

LDS CARNIVAL SET BY SECOND WARD
A carnival, which will feature booths of all types, even to dunking the Bishop, will be sponsored by the LDS Second Ward Friday, September 13, according to Adele Empey, publicity chairman.

The fun will begin at 5:30 p.m. at the Ocean Street church recreation hall and everyone is invited. All money raised will go to the Building Fund.

'Stop Snooping Or Resign' Smith Tells Rec. Board

Recreation Board members were ordered Thursday night by Chairman Don Smith to "stop snooping" and go ahead with the recreation program as policy makers, or resign from the board.

He made the announcement following a vote of the board to bring a file of cancelled checks to the next meeting of the group which will be held next Thursday.

Smith's tirade...which ended when he told board members they could resign if they have any animosity, or else he would...started when Board Member Ed Goddard questioned Shirley concerning a \$50 check made out to cash on the recreation department's account which was cashed at the Wheel.

Shirley said he has written thousands of checks and did not know what one Goddard meant. Goddard then made a motion that all of the checks be brought to the next meeting and the motion passed with only one dissenting vote.

According to Goddard, the check was found when he and another member of the recreation board went through Shirley's desk while chaperoning a dance at the Youth Center. The Recreation Board member said that the person in charge at the center offered to let them look at things stating that Shirley expected it.

Shirley asked Goddard if he were accusing him of anything and Goddard replied that he wasn't, he just wanted to see the checks and know what the money was spent for. Goddard made the motion to have the checks brought to the next meeting along with an audit, and the motion was seconded by Lou Chandler.

Smith, who was elected chairman of the recreation board when it was recently

reactivated, said, "I know there are people in town and some on this board who want to get rid of Dalby as recreation director, but we'll give him a chance, we'll look at it 90 days from now."

Kay Kennedy, who started the movement to get the recreation board reactivated several months ago, said she felt that what she wanted has been accomplished.

Smith told board members that publicity from the board would come through him, and ordered individual members to stop making statements to the press. "No news is better than bad publicity," he said, "and no one is entitled to speak for the board except me. If there is any animosity, then resign or I will."

Prior to the discussion on financing, Mayor William Byrne attended the meeting to explain the amendments to the ordinance which sets the duties and authority of was read in full to the City Council at Tuesday's meeting but action was postponed until the Recreation Board members could study it.

Recommendations to the City Council will include making the recreation board a "Recreation and Parks" commission, giving them the authority to set certain policies.

Byrne termed the old ordinance "antique and ambiguous," and Goddard criticized it extensively because in his opinion it took the authority for action away from the Recreation Board. The Board members also asked that it be written into the ordinance that the board has authority to make recommendations on personnel.

Board Member Jerry Brooks asked Mayor Byrne if rumors that the YMCA wished to lease the youth center and swimming pool

for a recreation program were true and Byrne explained that a group of local residents have contacted the YMCA for the purpose of supplementing the local recreation program.

Byrne said that since the YMCA is a recipient of money from the United Fund, it was felt that it would give more money for the local program to provide a more comprehensive recreation facility for the City for both adults and youngsters. Byrne said it would be discussed at another time.

A legal opinion was requested by the Board as to whether bids must be let on all contracts amounting to over \$1500 if the money was a donation to the recreation department. Byrne said he would obtain an opinion by next week.

One Cited In Two Car Wreck On Minor St.

Two drivers narrowly escaped injury and one was for failing to yield the right of way and having an expired operator's license in an accident which occurred at Minor and Federal streets Sunday at 6 p.m.

Essie R. Parsons, 50, of 19 B W. Washington, received two citations when her vehicle struck another car driven by Karen H. Sabol, 21, of 14 Ocean, turning it over on the right side.

According to Police, Mrs. Parsons was traveling north on Federal street and did not observe the second vehicle enter the intersection on Minor street. She struck the vehicle in the left rear with her right front fender turning the other car over. Neither was injured.

Stamp And Postal Cancellations Commemorate State Centennial

Nevada Postmasters are sharing with all other people of the Silver State and country in commemorating the 100th Anniversary of its admission to the union in 1864. Of special interest in postal and philatelic circles; (1) the Post Office Department will authorize the issuance of a Nevada Centennial Commemorative Stamp, however, no formal announcement has been made to that effect; (2) the Post Office Department has approved a special design for stamp cancellations and has authorized the use of the special die hub design at first and second-class post offices in Nevada during the entire year of 1964 except for short periods when other worthwhile events are advertised.

The special cancellations will appear on millions of pieces of mail originating in Nevada. This tremendous advertisement of Nevada's Cen-

ennial Year will reach every corner of the globe. Historical dates concerning the Centennial occurred on March 21, 1864 when the U. S. congress passed a law giving the people of Nevada an opportunity to become a state; A constitutional convention was called. On July 22, 1864, the official seal for the State of Nevada was adopted. On September 8, 1864 the people of Nevada overwhelmingly adopted the constitution. Its contents were telegraphed to President Lincoln.

The law of March 21, 1864 provided that he could proclaim Nevada a state when he received the full text of the constitution. He received the complete telegram on October 29, 1864, and issued the proclamation declaring Nevada a State on October 31, 1864.

Mottos of the State are "All For Our Country" and

"The Battle Born State". The latter motto is featured in the special design for stamp cancellations.

The Nevada Commemorative Stamp Committee will sponsor a cachet envelope in recognition of the stamp cancellation design. Briefly described the cachet envelope will bear an enlargement of the design on the face of the envelope to the left. Above the design will be printed the words "Nevada Centennial - 1964"; below the design will be printed the words "Official Cachet - First Day Slogan Cancellation".

Anyone interested in purchasing the official cachet of the first day slogan cancellation should direct inquiries to Dr. Effie Mona Mack Chairman, care of Nevada Centennial Commission, State Building, Reno Nevada 89501. A prepaid self-addressed envelope must be enclosed. Dr. Mack will furnish information on the cost of cachet envelopes and include a listing of Nevada Post Offices that will service first day slogan cancellations.

Exotic Game Bird Bulletin Available Free

"Exotic Game Bird Introductions Into Nevada" is the title of the latest biological bulletin published by the Nevada Fish and Game Commission. The bulletin is authored by Glen C. Christensen, statewide small game manager for the Commission, and deals with recent exotic introductions into the state, specifically those in which the birds released were obtained during Christensen's 2 1/2 year trapping project in India.

Among the contents of the bulletin are ecological comparisons of the Thar Desert country of India and release sites in Nevada, trapping procedures in India and holding and shipping practices.

In addition, each species involved in recent releases in the state is individually treated with life history, distribution, general characteristics, food habits and other such facts.

These species include the grey francolin common sand grouse black francolin Afghan white-winged pheasant, and Himalayan snow partridge. Mention is also made of the imperial sand grouse Seesee partridge, Merriam's turkey, and scaled quail. Complete costs and details of these releases are presented in a section of the booklet. The new bulletin is available to the public upon request to the Nevada Fish and Game Commission in Reno.

Seidlitz Cops Grand Aggregate

Ernie Seidlitz of Las Vegas was the winner of the 900 point Grand Aggregate with a score of 845 at the Boulder N.R.A. Approved Outdoor Pistol Tournament held last Sunday at the Lakeview Range of the Boulder Rifle & Pistol Club, Inc. in Boulder City. Seidlitz also turned in the high score in the .45 caliber match with a score of 288. The center fire match was won by Willie Sargent Las Vegas with a 281 score.

Other Grand Aggregate winners were Blanchard in the Expert Class with a total of 805. In the Sharpshooter Class, Larry Baker of Las Vegas Police Department turned in a 789 for high score

and Tommy Watson from Lake Mead Base took second with a 776.

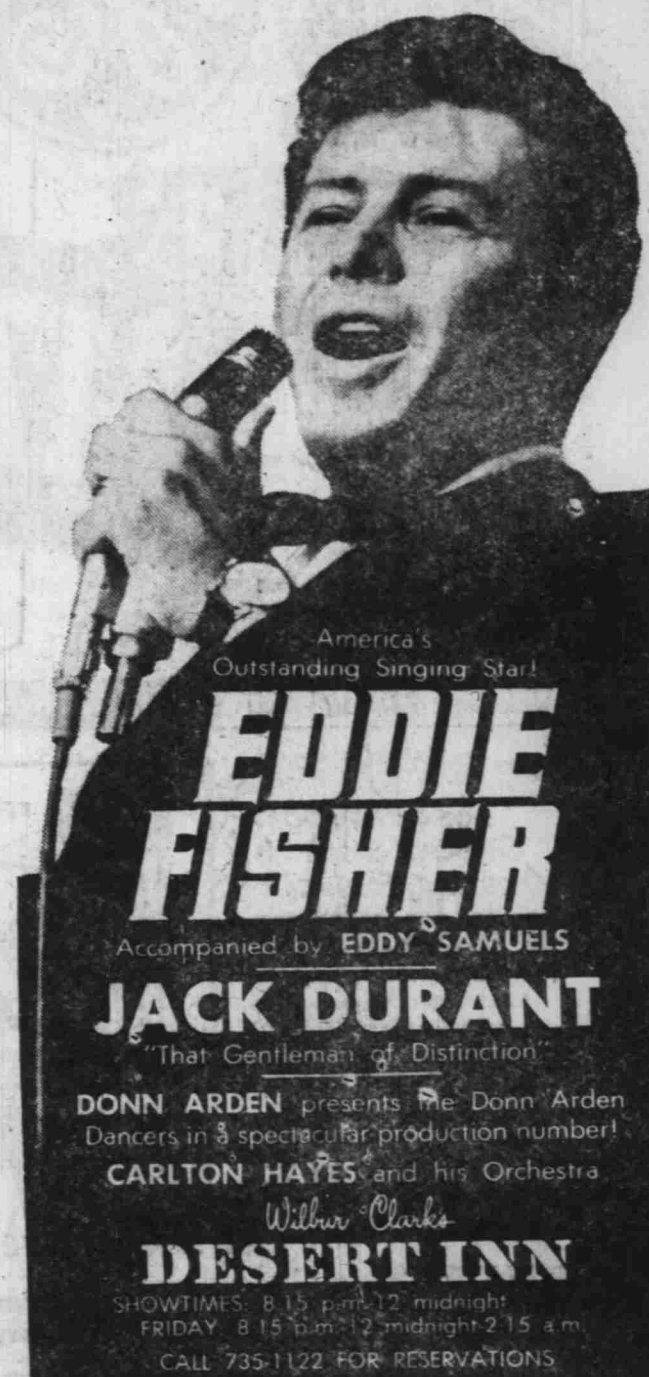

Roger Lanse a visitor from Blythe, California was high expert with a 272 in the .22 caliber match. George Reed, LVPD took high Sharpshooter in this match with a 272 while Lee McCullough Sheriff's Office was second with 271. In the center fire match, Blanchard with a 273 was high expert while Baker took first Sharpshooter with 257 and George Cumings, LMB was second Sharpshooter also with 257. Phil Flower of Las Vegas shot high expert in the .45 caliber match with 259. Jack Frazier, LMB was first Sharpshooter with 266 and Baker took second spot with 261.

Supervisor for the National Rifle Association at the well attended match was Ernie Vigus of Boulder City.

HLDC ASPHALT PLANT — This \$529,000 plant off Gibson Road in Henderson Industrial Park has, to date, taken 207,000 cubic yards of gravel out of its ground and has manufactured 81,260 tons of asphalt through the intricate machinery shown above. Over 40 people are employed by HLDC (Henderson Land Development Company) Asphalt Plant with a weekly payroll exceeding \$6000.

Henderson's destiny to become a great city of homes and industry is rapidly taking place through the efforts of far-sighted leaders of the community.

In cooperation with these leaders, Henderson Industrial Park has taken the initiative to bring this destiny to early fulfillment.

On 1,040 acres of onetime desert wasteland, a large area is currently under development. Hundreds of thousands of dollars have been spent to date by Henderson Industrial Park. Within one year the figure should total one million dollars!

The employment level in Henderson Industrial Park along Sunset Road has exceeded 250 and should expand considerably in a few months.

Henderson Industrial Park — now bringing industry and creating beautiful residential areas for the dynamic future of our City!

Mae Hudson, chairman of the annual Country Store conducted by the Women's Association of Grace Community charge of the various department of women who will be in charge of the various departments. The Country Store, which is the fund raising project of the church women, will be held Thursday and Friday, October 24 and 25.

The Children's Room will spread out in part of the social rooms, this year, with Katie Everman as chairman. In Fox Hall, the following chairmen will "set up shop": Gertrude Craig ready-to-wear; Ann Nickell, household articles; Evabelle Sanders and Fran Hayes, hardware. Nadyne Gatzke will again have her plant booth on the porch.

Isabelle Austin is chairman of the holiday booth; Lillian Cunningham, fancy work; and Cadol Cooper, jewelry sales.

In the basement dining room, Elizabeth Wong will have charge of the bakery booth. Gladys Loux, with co-chairman Mildred Kine, plan to supervise the cooking and serving of the luncheons both days.

Jessie McCormick is chairman for the Barbeque, which is to be served during the dinner hour on the church lawn, Thursday only.

Shoppers will find the store open from 10:00 a.m. until 9:00 p.m., Thursday; and from 9:00 a.m. until 6:00 p.m., Friday. Treasurer and co-treasurer are Alice Hamilton and Clara Turner.

Second-hand articles are still being received every Monday from 9 to 11 a.m. at the collection room on Wyoming Street, by Eloise Blue.

Wednesday, Sept. 4, marked the first day of the fall season for the Women's Association of Grace Community Church whose members met in their various circles

in homes around Boulder City. Yearbooks were distributed.

Business discussions for the circles included proposed changes in the by-laws of the Association, Country Store developments, nursery needs, and visitation to newcomers.

Lydia Circle
Lydia Circle members met in the morning at the home of Mary Eaton 550 Ave. G. Belle Anderson, chairman of the circle, acted as co-hostess. There were 14 women present, including new members Pauline Spargo and Karen Kaiser.

"Prayer," the necessity for and ways to pray, was the subject of the program given by Dorothy Rants. One shouldn't always just ask, but also learn to thank God for what He has done for us, was the thought brought out in her talk.

Nina Ramsey, devotions chairman, worked in with the program. She used several Bible verses and Psalms in reference to prayer, beginning and ending with an especially prepared prayer.

Doreas Circle
Alma Dunbar entertained Doreas Circle in the afternoon at her home, with the help of Martha Gilbert. There were 14 members present. Guests were Zella Smith, daughter of Abbie Moore; and Mrs. J. Whitmoyer, mother of Ted Whitmoyer.

The devotions were given by Mae Baldwin, based on James 1:17-25, touching on the works of Faith and practicing of God's love.

Alice Sullivan, who just returned from a tour of Alaska, gave a detailed account, touching on Oregon, Lamberts Gardens, Harrison Hot Springs and the meat and fish industries in Skagway.

Esther Circle
The meeting of Esther Circle was held in the morning at the home of Lenore Atchison. 18 women present were served brunch.

Lenore Atchison gave the devotions. Her suggestion to use the Bible rather than just look at it made her listeners stop and think. This was followed by each woman reciting her favorite Bible verse. Corrie Brock gave hers first in Dutch, and then in English.

Elizabeth Wong volunteered for emergency baby sitter on call during church hours. Jeanne Choate, Sylvia Legler and Willa Oldham added their names to the list for

SPORTS

She showed some jewelry. It was announced that, Esther Circle will be hostess for the Oct. 9 meeting of the Association, which will be the 30th birthday celebration.

The program was an outline and discussion of the racial situation. Dessie Neatherly gave the Southern View and Pat Latza the Northern View. A lively, informative discussion followed. The conclusion was, "Judge not!"

The Boulder Rifle & Pistol Club, Inc. will conduct high power rifle qualification matches on September 15th and 22nd it was announced today by President Pat Thompson. As in recent years the club will again open these matches to all civilian citizens over 17 years of age as a public service.

Many hunters take advantage of this to get in a little pre-season practice. Shooting is over a course of fire as prescribed by the Director of Civilian Marksmanship at a distance of 220 yards. Iron sighted #0-06 rifles that can be loaded from a clip are required, rifles which will be available for those who do not have their own. Ammunition is furnished and a nominal range fee is charged. Firing will start at 10:00 a.m., continuing thru the day. The range is located 3 miles East of Boulder City off the end of Utah Street.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynes)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 28. At all drug counters.
