water by solvent extraction. Two sessions, consisting of nine papers, will be devoted to the use of nuclear energy, in underground explosions in mining and petroleum drilling; and the effect, if any, of nuclear explosions on the weather. This last subject will be discussed by Edward Teller of the University of California, a noted spokes-

man on atomic energy. The nuclear energy sessions will also include a panel discussion on the use of underground nuclear explosions for development of geothermal heat.

Plant trips will include all of the Henderson industrial plants. Other trips will be to Hoover Dam, Nellis Air Force Base, the U.S. Bureau of Mines in Boulder City and the Nuclear Rocket Development at the Nevada Test Site.

Justice Court Telephone No. Is Changed

The telephone number to the Justice Court Office has been changed, according to Ann Dohrenwend, Justice Court clerk, so anyone wishing to call, should ask information for the number.

Mrs. Dohrenwend said she had received word from a number of residents that they had tried to call the court and had received no answer, however, the telephone number has been changed.

The Justice Court is open each Monday through Friday, according to Mrs. Dohreneither appointed or elected.

MOTHER TO DAUGHTER - Julie Elkie, President of the Ladies Auxiliary VFW Department of Nevada is shown presenting the gavel to Carol Hamiter, right, newly installed president of Basic Aux. to VFW Post No. 3848, Henderson, Nevada. Mrs. Elkie had the honor of installing her daughter Carol at the last meeting of the Auxiliary. Mrs. Hamiter has been a member of the auxiliary for five years and is the wife of Bob Hamiter who is well known in the community for his work with youth groups. They live at 410 Ilmenite Way and are the proud parents of four year old Robert (Bobby) Lynn Hamiter.

Injunction Against City Well Continued 15 Days

ling a well on private property will be extended another 15 days it was decided after a short hearing on the matter yesterday in District Court.

Judge John Mowbray heard the reading of a Supreme Court case by Attorney Charles H. Miles, Jr., attorney for Carl Cohen who brought the case against the City, which pointed out that the Supreme Court in that instance had upheld the com-

Attending the hearing for the City were Mayor William Byrne, City Administrator Harold Corbin, Public Works Director George Perkins and City Attorney John Manzonie.

Corbin said that the City will do nothing until the case is heard in 15 days. The City has expended

around \$30,000 on the well drilling, and the complaint issued claims that the property on which the well is located was purchased from the City in 1962.

It further states that the City was notified to desist from further drilling operations on the property and demanded the removal of equipment, and that "thereafter, said City, by and through its City Council and Mayor William B. Byrne, did willfully and intentionally and in total disregard of the letter of no-

Synanon is a non profit or- more normal and well-adjust-How Does Synanon Work In Prison?

> Within the prison itself Synanon members help one another find the best way of doing time. At Synanon sessions an individual's problems are dealt with and a sincere effort is made to crehelp each other with the problem of "making it" while in prison, and in the process. work out a solution to the more important problem of 'making it' when released.

Synanon members take pride in the fact they have two donmitories and an open tier in the cell-block, all of which are run by the men themselves without intereference or official intervention. Dear Sir: Those who live on the Synanon tier and dorms are chosen by members of the group, and whenever a fellow member gets into a "jackpot" the co-ordinators (inmate leadens) of the group handle the what happens in Synanon stays in Synanon.

by Synanon members, that operates on the same princi-

What Does The Administration Think of Synanon?

Obviously this program could not function without the full approval of the prison officials, but their most significant attitude is an acceptance and tolerance of a "hands off" policy. Almost all decisions concerning group membership, policy self-discipline are handled by Synanon. Officers do not attend any of the meetings in the cave and rarely appear at any other function except by invitation. The administration also works closely with the Parole Board in advising and encouraging the release of members to a parole at the Reno Synanon House. Who Are The Synanon

Personnel? Working with us in creating a program that will offer lasting freedom are the men who reside at the Reno Synanon House. Several times each week these Synanon brothers come into NSP to work with us in the Synanon after release. They are all exsight into our situation and been through the same ex-

periences that confront us.

LETTERS TO THE EDITOR

Fluoridation of drinking

The citizens of Henderson now face this possibility. Health minded people, and ndeed all those who value not only their health but their matter in their own way; civil liberties must take a stand. This program must be stopped here in our valley There is also a Synanon NOW. Our elected officials honor camp, staffed entirely must be given the facts on fluoridation.

Poisoning our drinking waple as the tier and is a ter is if nothing else a violaunique experiment in rehabil- tion of our Constitutional itation because of the amount rights for it is MASS MEDIof self-government allowed CATION, taking from us our freedom of choice.

The Dispensatory of the United States of America. 24th Edition, page 1456; reads 'Fluorides are VIOLENT POISONS TO ALL LIVING TISSUE."

If people believe in using toothpaste with fluorides added they can purchase it or they can purchase the paste without it. Bottled drinking water is also available with fluorides added for those that want it. However, putting it in the Public Water System is forcing it upon those who

DO NOT WANT IT.

The American Dental As sociation endonces fluorides. BUT THE AMERICAN MED NOT endorse fluoridation.

Some cities in this land have fluoridated their drinking water. Many have considered it but dropped the matter after great opposition from the people. Then too, cities who had adopted the program later did away with it because of the same public opposition.

The greatest power the people of a free land have is their right to make themselves heard and when the people armed with the facts, raise their voice and use their pencils, this is our heritage at work. A few people in high office cannot have the power to decide an issue as grave as this.

This letter is only a hint of the dangers involved in fluoridation. Facts are freely available to those who wish to know them.

J. K. Honeycutt Dinner

Elder James Kenneth Honeyeutt, who will leave soon for an LDS mission to Central America, was guest of honor at a dinner Sunday at the home of his aunt and uncle, Mr. and Mrs. Lynn Averett, 215 Basic Road.

Honeyoutt will spend three months attending Brigham Young University learning the language before departing for the mission headquarters in Guatemala.

Attendint the dinner were his parents, Mr. and Mrs. James Honeycutt and brother John, Mr. and Mrs. W. T. Honeycutt of Boulder City, and Mrs. Votaw, mother of Mrs. W. T. Honleycutt, and a granddaughter of Mrs. Averett, Leslie Hart of San Diego,

A farewell testimonial was held Sunday at the LDS Third Ward at the Cholla street church at 3 p.m. honoring Honeycutt. Bishop Tharol Lefer is in charge.

Ray Currier Will File For JP, Has Required 178 Signatures

Ray Currier, 34, 236 Carson at Montrose Chemical Co. He Way, said yesterday that he is married and has four chilhad obtained the required dren. number of signatures to place his name on the ballot for Justice of the Peace for Henderson, and that he will file soon for the office.

The recent death of Judge George Treem left a vacancy in the ballot for Justice of the Peace, and it was the opinion of the District Attorney that signatures from one-fifth of those who voted in the last congressional race would be necessary on a petition to place a name on the ballot. Currier said he had obtain-

ed more signatures than the 178 required by law. Currier has lived in Hen-

derson for the past 14 years and is a supervisor of traffic

Henderson HOMENEWS

HENDERSON — This picture was taken September 15, 1941, by Ted Watterson of McNeil Construction Company. It shows the site of the BMI plant just before a fleet of buildozers went into action clearing off the scrub. (Basic Bombardier Photo)

the HOME NEWS

to this ...

IN LESS THAN 25 YEARS Henderson has grown from a patch of sagebrush and sand into a modern city of 17,500 people. This aerial photograph by Bob Wo odruff's Basic Photos taken on Easter Sunday shows approximately one-half of the community.
