

## Orville And Dorothy Keith To Open Market Basket Next Week

The Grand Opening of the Market Basket, at the site of the former Rancho Market in Pittman on Jan. 9, will feature the new ownership of Dorothy and Orville Keith who have been residents of this area for the past 25 years.

The Keiths promise a bigger and better store to serve the public after the remodeling, and are interested in having their friends and residents of this area come and visit their store.

Keith's background in the grocery business started when he was a box boy in high school in Kentucky, however, his official career in the grocery business started in 1938 in Roswell, N.M. when he joined Safeway stores as a box boy. In seven years he moved up the ladder from box boy to clerk, to assistant manager, and then moved to Phoenix where he was a clerk in a Safeway market.

In 1949 he moved to Brownsville, Texas where he managed a store that grossed \$2 million annually. For three years, he handled all the buying and advertising layouts and gained invaluable experience. In 1952, he joined the H. E. Butt Grocery Co. as a store manager. He handled all buying and merchandising for one unit of a chain that has grown from 12 when he started.

ed. to its present size of 32 supermarkets.

He moved to Las Vegas and worked at Dollar Market which was the biggest volume store in Clark County at the time. After a year he transferred to Ranch Market in Boulder City where he served as grocery, advertising and personnel manager. The next stop was at Country Cousins in the Pittman section of Henderson, which was later Rancho Market. He served as manager of Country Cousins. Since then he has worked in North Las Vegas at the Rancho Market.

Keith likes to don his apron and work in the front end of the store. He does so with the belief that this management participation is a key factor in building employee morale. When he isn't working he enjoys fishing and hunting, and is a member of the Veterans of Foreign Wars.

A fellow townsman fears his young son may be somewhat lacking in masculinity. Of eight "unbreakable" toys he received Christmas, he has succeeded in breaking only seven.

Many a wife is deceitful, in that she allows her husband to think she believes the lies he tells her.

The appointment of Karen Dennison of Reno to the University of Nevada Interns Program was announced today by Senator Howard W. Cannon. She was selected from among a group of political science majors attending the university. Miss Dennison is the third student chosen to work in the senator's Washington, D.C. office for a semester to gain practical experience in government and the legislative process. She is a pre-law student, and was a delegate to the Student Congress in 1966.

She-he joke made up while girl-watching: She: "That girl is in the advertising game." He: "In these days and times most of you girls are."

## Electric Contracts For Sale

Within four years nearly one million kilowatts of electricity, enough to supply the needs of approximately 1.5 million persons, will be delivered by the Bureau of Reclamation's Colorado River Storage Project facilities for homes, farms, and industries in the Colorado River Basin, the Department of the Interior said today.

In a special year-end summary, Floyd E. Dominy, Commissioner of Reclamation, reported that 92 power systems have signed contracts for delivery of 956,780 kilowatts by the summer of 1971. Most of these customers, Dominy noted, are already receiving CRSP power, but in lesser amounts.

The lion's share of the power, 900,000 kilowatts, is already installed at the Glen Canyon Powerplant at Glen Canyon Dam on the Colorado River at the Arizona-Utah border, and the installed capacity of the Flaming Gorge facility at Flaming Gorge Dam on the Green River in northern Utah is 108,000 kilowatts. The two powerplants of the Curecanti Unit, Blue Mesa and Morrow Point on the Gunnison River in western Colorado, will be contributing about 180,000 kilowatts by 1970. However, water supplies have not yet permitted generating full ultimate capacity of the plants.

The bulk of the power will be sold to municipalities, cooperatives and other preference-type customers, although over 150,000 kilowatts will be sold under short-term contracts to private power companies in Wyoming, Colorado, Utah, Arizona, California, and Nevada.

Dominy pointed out that revenues from the sale of Project power reached a new milestone in 1966, when the first \$1 million month was recorded. By the end of 1966, he said, over \$21 million dollars of revenues had been deposited in the Basin accounts from the sale of Colorado River power, representing "substantial accomplishment" in three short years of operation.

"Revenue from CRSP powerplants is a vital factor in repaying participating project costs. Hence, it is gratifying to report that progress on CRSP power marketing and revenue buildup is satisfactory and well within the project repayment schedules for this buildup phase," he said.

"I used to cry for no reason at all"

One of the first "change-of-life" danger signals

No wonder a woman feels like crying! The suffocating, surge of hot flashes one minute; cold, clammy perspiration the next can make a woman wonder "What's come over me!" Change-of-life papie sets nerves on edge, fills her with fear!

Proven help! Woman after woman in doctors' tests got remarkable relief from hot flashes, nervous tensions!

Some women worry themselves sick; some women do something about awesome change-of-life symptoms. Thousands have found that Lydia E. Pinkham Tablets helped them as dramatically, as quickly as this gentle medication has helped other women. Not a new, Johnny-come-lately remedy, but a tried and trusted "friend"...to relieve functional mid-life complaints...to relieve woman's burden of suffering! Get Lydia E. Pinkham Tablets today.

## Gibson Namd Dist. Chairman Of BSA Membership Drive

William M. Laub, president of Southwest Gas Corp., has been named general chairman of the 1967 Sustaining Membership Campaign for the Boulder Dam Area Council, Boy Scouts of America. He is a Council vice president. Named as vice-chairman is Robert S. Keyser, president

of the DeLuca Importing Company, and a member of the Scout Council's Executive Board.

Nick W. Stamos becomes assistant Scout Executive and associate chief administrative officer. Until his transfer to Las Vegas, he was a field director in the Chicago area.

Doyle G. Fuller of Ogden, Utah, district executive for Lincoln County and Moapa Valley areas, will transfer to Las Vegas, where he will be related also to the North Las Vegas and Nellis areas in an associate capacity.

Among those appointed by Laub and Keyser for the Lake Mead district is James I. Gibson, council vice president, and chief engineer of Pacific Engineering and Production Co. He has been named as district chairman for the 1967 Lake Mead District sustaining membership campaign. The

kick-off date for the Scout family division will be Saturday, Feb. 4.

With an operating budget of \$197,856 for 1967, and only 32 percent being supplied by the United Fund of Clark County, \$132,000 or 68 percent of the total need must be secured through direct contributions and sustaining memberships. The local situation is particularly acute in that nationally, United Funds provide the majority of Scout operating funds. During January and February, 1967, volunteer "salesmen" will be asking

parents and "friends of Scouting" for their financial support.

### DEADLINE NEARS FOR FREE SEEDLINGS

Southern Nevada residents are reminded by Allen D. Boettcher, Extension Horticulturist, that they only have about 30 days in which to obtain and submit their applications for the 1967 windbreak seedlings from our State Tree Nursery. Those qualifying and inter-

### SCIENCE SERVICE

"Create in me a clean heart, O God; and renew a right spirit within me." This verse from the 51st Psalm is the Golden Text for Christian Science communion services on Sunday. The Lesson-Sermon is titled "Sacrament."

Interested should contact him at the Cooperative Extension Service at 1020 South Main Street or by phoning 382-0259, immediately.

# Letter To The Editor

Dear Sir:  
You and your staff are invited to attend a demonstration of the automobile air pollution control devices which will be installed on all new cars sold in the United States beginning with 1968 models. The demonstration will be held in the District Health Center auditorium, 625 Shadow Lane, Las Vegas, at 10 a.m. on Friday, January 6, 1967, and will be conducted by

a representative of the U.S. Public Health Service. This demonstration and its accompanying explanation of Federal automobile air pollution control legislation will be of primary interest to state and local government legislators. The Federal Government's authority at present ends when an automobile is delivered to the user. Provisions for retention and use of the installed automobile air

pollution control devices it therefore a matter of state and local government regulation. Of equal interest to governmental agencies which will be purchasing new cars is the control device itself. A look into the operation and maintenance of these devices can be gained at this demonstration. Technical and other interested personnel of your staffs are welcome. January 6, 1967, 10:00 a.m. at the District Health Center, 625 Shadow Lane, Las Vegas. Sincerely,

## Sanatorium Up for Sale

The San Francisco Regional Office of the General Services Administration today announced that the former Imperial Valley Tuberculosis Sanatorium in Imperial County, California is up for public sale. The property consists of 92 acres of land and 19 buildings. It is located eight miles north-east of the City of Holtville. Sealed bids will be opened in San Francisco on Jan. 26. Additional information is available from GSA's Business Service Center, 49 Fourth St., Room 100, San Francisco (Tel: 556-2122). Interested parties should refer to Bid No. GS-09-D(r) 67-15.

CLARK COUNTY DISTRICT HEALTH DEPT. Otto Ravenholt, M.D. Chief Health Officer

## Schools Get More Federal Money Here

Nevada has been allotted \$442,974 for improving its school system under the National Defense Education Act and Elementary and Secondary Education Act, Senators Alan Bible and Howard Cannon reported today. Bible and Cannon said the figure represents a portion of

the Federal assistance to which Nevada education is entitled this fiscal year. The Nevada Senators gave this breakdown of the allotment: Library materials and textbooks, \$224,074; equipment and remodeling, \$110,269; administrative expenses, \$50,000; guidance, counseling and testing, \$51,057; and loans to nonprofit private schools, \$7,076.

Thursday, January 5, 1967

## Brain Affected By Falling Barometer

On a rainy day, it is not just your imagination, the Catholic Digest relates. It is because the falling barometer affects your brain. Like the joints of the arthritic, the brain becomes cramped by internal pressure from its own moisture-distended tissue. Since the skull does not give, confinement of the brain is more intense. It crushes its own blood vessels until they are unable to carry enough oxygen to nourish the brain tissue that is compressing them. With a reduced brain oxygen supply, you are bound to feel low and think poorly. Biometerologists have pinpointed the influence that weather has on everything from disease, to the way we think (sharpest at about 40, barometer up), work (most efficiently around 65, low humidity), talk (more clearly and slowly on a rising barometer), hear (best at 50, less well as humidity increases), and react (response is impaired by changes in the atmosphere's electrical field).

## Are You Wearing Last Year's Face?

NEW YORK — This year's fashion in skin is everything fresh, delicate and moist, moist. And the focal point is a woman's face. Every mood, every occasion and every costume from pants suits to shimmering evening gowns, are reflected in facial make-up. At no other time in history has there been such an array of cosmetics. However, the problem today is not only what women should put on, but how to get it all off.

**Robs Skin**  
In make-up removal, really thorough washing with soap and water dries out facial skin, as it does hands. Soap robs skin of natural oils, making it rough and flaky. Most women use creams and lotions to clean off make-up and grime. Although they remove stubborn eye and facial make-up by tussling off, most creams do not mix with water. Washing them off results in the formation of small beads on the face and a greasy after-feeling.

**Removal News**  
A new facial cleanser that removes make-up with warm water and a washcloth has solved the problem. The new formula, Rinse Off Cold Cream by Pacquin, gives the benefits of water cleaning without any of the drying effects of soap. It leaves a light emollient, yet non-greasy film on the face that helps prevent loss of skin moisture. Designed to soften and smooth the skin, Rinse Off Cold Cream has no "cold cream smell." It is effective as a make-up base and a night cream as well as a skin cleanser.

By Diane Wilkins  
America's Junior Miss—1966

## Getting A-long Beautifully

All right, you've made up your mind that waist-length hair is "in" and you're determined that despite your mother, teachers, jeers from your peers, you are going to cultivate the Long Crop. Do you know that hair usually grows about a half inch a month? And worse news yet! Rate of hair slows down to half its normal speed after your hair is ten inches. You can't even cut it to make it grow faster—that's one of the terrible untruths that keeps cropping up! "Growing your hair out aren't you?" is the usual comment when you walk around limp and bedraggled. There's only one thing to do.

Get a hairdo that is perfect for the long lengths. The Washington "do" is perfect. After washing, use a setting lotion before you put in giant rollers. Breckset Style Setting Lotion, which comes in two formulas—Regular and Extra Hold—was developed by Beautiful Hair Breck to stretch the life of a roll-up. For long hair, especially, it gives holding power and body. Brush vigorously—the setting lotion will protect the curl. Then, catch your locks at the nape of the neck with a huge velvet bow or some material to match your outfit.

This elegant hairdo, is one of the best ways to treat your hair as it gets a-long. Still you'll probably find that as soon as you've gotten the length—the fashion decrees will be short and curly. Then, of course, you can just pull them all out one by one in total exasperation.

If you will drive as if all other drivers were careless and/or reckless, you will be right 80 per cent of the time and safer 100 per cent of the

**HAM OPERATORS CONVENE TODAY AT SAHARA**

**GOVERNOR TRANSMITS** — Gov. Paul Laxalt, second from left, is shown sending a communication via amateur radio with the west coast amateur radio service president David Atkins of W6VX, Los Angeles. It was Laxalt's first broadcast over amateur radio. With him are L. M. Nor-

man, W7PBV, state section communications manager for Nevada; L. L. Blain, WA7BEU, section emergency coordinator for Nevada, and Col. O. A. Heinlein, emergency coordinator for Boulder City.

**Is Your Child One of These?**

The difference between the average and the bright child is easy to detect, if you know what to look for, the Catholic Digest points out.

If a child makes long speeches and use language

fluently much before he is two and a half, he is certainly above average.

If a bright child is adept with his hands, he will soon learn to handle a hammer. If he is mechanically inclined, he is more likely to work with mechanical gadgets. If he is artistic, his scribbles will have some shape or form. Another guide to the bright

child is the number and variety of his interests. The gifted youngster usually has many sides; he turns easily to new tasks or pursuits. An early sense of numbers is another indication of a child's brightness. Once again, "early" means considerably before other children of the same age. All youngsters ask ques-

tions, but the more they ask and the harder their questions are to answer, the brighter the children are likely to be.

Another thing that greatly retards the progress of the human race is the fact that their anatomical design so aptly fits them for sitting down.

**LAST MINUTE WANT ADS**

**OFFICIAL PROCLAMATION**

By PAUL LAXALT  
Governor of Nevada  
CARSONCITY, NEVADA

**GREETINGS:**  
The hundreds of radio amateur operators in Nevada render outstanding public service in the field of emergency communications for the public, disaster relief, the military services and also non-emergency civic events.

Licenses have contributed to the advancement of radio technology since the beginning of wireless communications through our current atomic space age communication satellites.

Nevada amateurs, through the Radio Amateur Civil Emergency Services sponsored by the Office of Defense, Nevada Department of Civil Defense and local government in the State, participated in the Alaska earthquake, Northern California flood, Northern Nevada flood, Lee's Canyon lost child hunt, aircraft accidents and many other national perils — contributing materially with their communications equipment without any remunerations to themselves.

Nevada Radio Amateur Operators are participating in regularly scheduled Military Amateur Radio Service (MARS) communications training exercises on a continuing basis, providing back-up communications facilities, technical skilled operators and operational equipment pool for emergency communications in the event of a disaster. Thousands of moral-building messages have been handled between servicemen in Viet Nam and their loved ones via the MARS radio network by radio amateurs.

Sahara Amateur Radio Operators Convention (SAROC) is being hosted a second time by Nevada Amateurs on January 5-8, 1967 at Hotel Sahara, Las Vegas, Nevada. Radio Amateur Operators from most of the fifty states, Canada and Mexico will be in attendance.

THEREFORE, I, as Governor of Nevada, do hereby designate the first week of January, 1967, as **AMATEUR RADIO WEEK** in our Silver State of Nevada. In official recognition, whereof, I hereby affix my signature this 2 day of January 1967.  
Paul Laxalt  
Governor of Nevada

**STEVE CANYON**  
Milton Canté

**LAS VEGAS' Eddie Kelly** will be on hand for the \$33,000 Stardust Open Feb. 1-15, at the Stardust Hotel. More than 130 billiard players will be on hand for the annual tournament.

**War Mothers Seek Rummage**

The American War Mothersmunity are putting on a drive for any wearing apparel, or other usable items about to be discarded, for their forthcoming rummage sale to be held Jan. 27 at the Carver Park auditorium. Hours for the sale will be 9 a.m. to 3 p.m.

This is one of the projects that the American War Mothers put on each year to enable them to aid any needy veteran or their families in this com-

Pick-up of any merchandise will be made by phoning Ann Parker, at 564-1219 or Doris Pritchard at 564-9294. Large or small bundles will be appreciated.

"The current price of a bride in some remote parts of the South Pacific is \$3.00." — Filler item. Inflation seems to be escalating all over.

## Need Magazines, Books For Postmaster in South India

For some years, George Appleton of Boulder City has been sending his LIFE magazines to a sub-postmaster, (now a Wireless License Inspector) in South India, and they have been so enjoyed that he has received another request in which he seeks help from interested residents in Boulder City and Henderson. Appleton recently received a letter from a friend of the postmasters, R. Sreenivasan, the postmaster at Pudukkottai, South India, asking for old copies of magazines—which he simply does not have. He wondered if any of the readers of the Henderson

and Boulder City papers would be willing to take on the opportunity of sending a magazine now and again to this man.

"I'm sure," Appleton said, "that it will be well read and handed along to many other people before it is worn out—and will help spread the message of what life in this country of ours is like."

As to the cost of the gift, Appleton said that a Reader's Digest to Indonesia once a month runs about 15 cents. He rolls two Life magazines together and sends them to India for about 45 cents a month.

In his letter to Appleton, Sreenivasan said, "I learn that there are friends at the States who would be willing to send used up and old magazines to those who desire to read, just as you send 'Life' to Mr. Ammergam. I am desirous of reading any magazine that your friends can oblige by sending after they finish with reading them. I would like to read the following in particular: Time, Life, Omnibook, USA edition of Reader's Digest, Catholic Digest, Ladies Home Journal. These are those that I know. I hope you will not mistake me. I will be thankful if you can request those of your friends who will be willing to send any of these. I am also interested in reading magazines like the Los Angeles Journal or any provincial journal or magazine, and the Sunday or weekly editions of the papers. Kindly help me get these if possible. I leave it to you.

"I do not know whether you are married and have children. I am married and father of five children. I would like to have copies of the text books of school children or any book that are thrown away as waste after use.

"Kindly also write me the names and addresses of some of your friends in Post Offices and some junior journalists. "Kindly accept my Christmas greetings in advance." Anyone interested in learning more may contact Appleton at 508 Sixth St., Boulder City.

## Jobs Open In Manpower Project

Operation Independence, Inc. has re-opened the job slots for Manpower Director and Manpower Training Coordinator.

Anyone interested in applying for either or both of these positions may come to our office at 325 West Jefferson St. to pick up the qualifications and fill out an application.

If there are any questions, please contact Mrs. Lubertha Johnson or Mrs. Walker at 382-7327 or 382-7468.

All applications must be in this office or renewed no later than Friday, Jan. 6.

## Smoking Speeds Heart Disease Survey Shows

"Resolved, that I will stop smoking cigarettes, so that thereby I may decrease the risk of dying prematurely from heart attack."

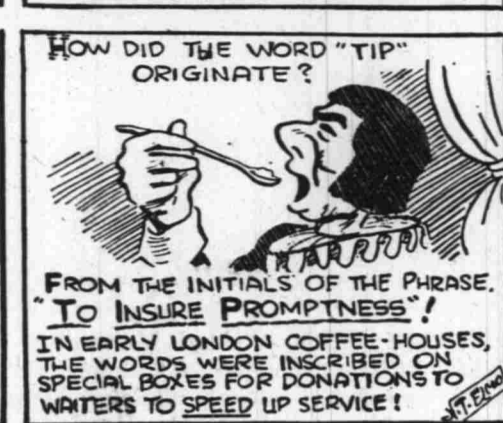

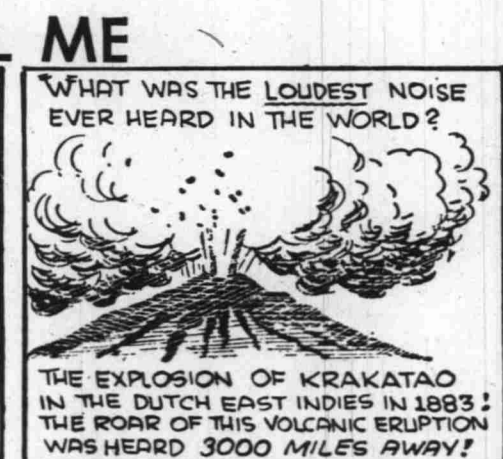

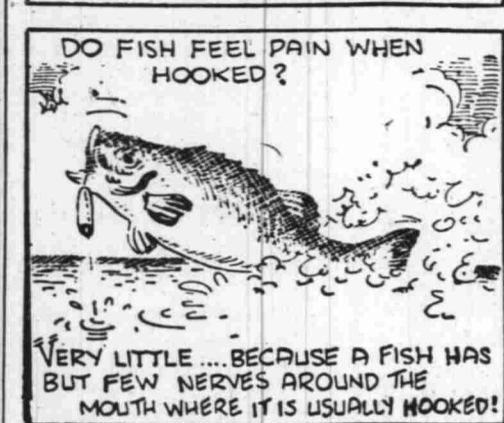

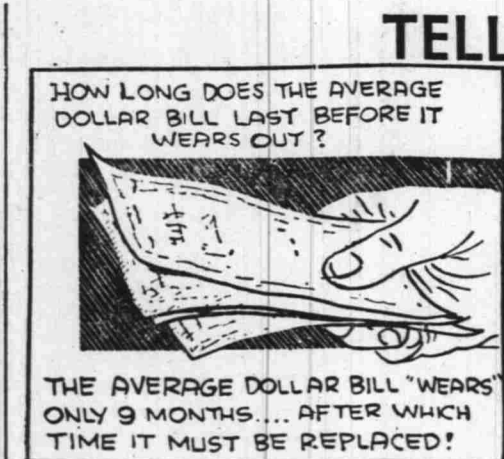

Your Heart Association today proposed this New Year's Resolution for the nation's estimated 67 million cigarette smokers, emphasizing that avoidance of cigarettes is a factor in its program to reduce the risk of heart attack.

Predicating its view on a long-term study at Framingham, Mass., which indicated that elimination of cigarette smoking among persons aged 30-60 could cut their estimated heart attack death rate by 40 per cent, the Nevada Heart Association said:

"If Framingham's experience is typical of the nation—and we have substantial reason to believe that it is—then elimination of smoking could mean 40,000 fewer heart attack deaths among Americans in this age group yearly."

The Association pointed out that the death rate from coronary artery disease decreases rapidly among those who give up smoking, after a period of years approaching that of people who have never smoked.

Other activities that can be carried out to reduce the risk of heart attack, it was noted, include maintenance of normal weight, ingestion of less saturated fats and fewer cholesterol-rich foods, moderate, regular exercise, and cooperation with one's physician to control any high blood pres-

## VFW Gives Check for Plaque To Honor Vietnam War Dead

Fred S. Pennington Post 1753, Veterans of Foreign Wars, has presented a check for \$100 to the Clark County School District's Board of Trustees for a memorial plaque.

The plaque will honor former students and graduates of county public schools who have given their lives in the Vietnam conflict and will be installed in the District's Education Center, 2832 East Framingo Road, Las Vegas.

Foyd T. Byrd, Commander of the VFW Post, made the check presentation to Dr. Clare Woodbury, board president, during the Trustees' last business meeting of the year (Dec. 22). Dr. Woodbury thanked the VFW and said Trustees believed that this was both a fitting and appropriate tribute.

Other veterans groups have indicated they will assist the school district in the purchase and dedication of the memorial plaque.

As of late December, the number of servicemen killed in Vietnam who either attended or graduated from district schools stood at eight.

115 BREEDS TO SELECT FROM FOR CHRISTMAS  
By Bob Bartos, Manager Friskies Research Kennels

When it comes to shopping for that new Christmas puppy, it's almost as easy to find a breed that suits your way of life and fits into your home or budget, as it is to find a becoming hat or coat. Not only are there 115 recognized breeds from which to choose, but within certain of the popular breeds you also have a choice of size and/or coat.

The poodle, for example, is available in three different sizes, the beagle in two and the schnauzer in three.

The dachshund not only comes in two sizes but in smooth-haired, wire and long-haired versions.

The collie, another perennial favorite, is also available in two different covers... the familiar rough coat and the less frequently seen smooth coat.

And then there are breeds that closely resemble one another in everything but size. A small edition of the collie comes in the Shetland sheepdog, a completely separate breed. The miniature pinscher has its counterpart in the king-size doberman, while the Welsh and Lakeland terriers are rugged little replicas of the airedale.

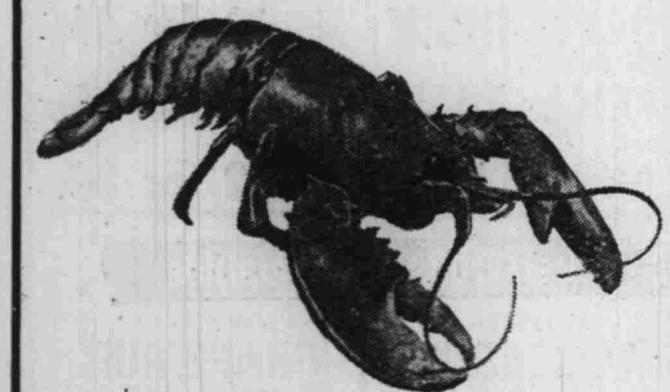

Since temperament runs pretty true to breed, you can also consider the temperament that will best suit you as well as size, coat and looks before you go out and buy. Consulting a good authoritative dog book that covers breed traits as well as appearance in detail can be helpful.

Remember when you're buying a dog, you're investing in another member of the family who will be sharing bed and board with you for the next ten to twelve years. So select wisely.

Feeding tip: During the winter when dogs are indoors a great deal of the time, they may not get sufficient sunshine. A top quality prepared dog food such as Friskies contains an ample amount of sunshine Vitamin D.

**Artists, Craftsmen's Guild  
Classes to Begin Jan. 10th**

The Artists' and Craftsmen's Guild presents its second session of classes, to begin Jan. 10. Three classes will be held in the afternoon, due to popular demand, beginning drawing, hand weaving and papier mache.

- Each of the classes will run for a period of eight weeks, and the schedule is as follows:
1. Beginning drawing: Jan. 10, 1 to 3 p.m., Marilyn Glover teacher. Bring to class: pad of newsprint 12 x 18 at least, soft drawing pencil, note paper and pink pearl eraser.
  2. Creative crafts: Jan. 11, 8 to 10 p.m., Elberta Freimuth teacher. Bring to class: wire hangers, glue bird glue, egg cartons, spools, cigar boxes or what have you, odd shaped macaroni, etc.
  3. Beginning oil: Jan. 11, 8 to 10 p.m., Steve Lesnick teacher. Bring to class: No. 10 flat bristle brush, turpentine and cup, paper palette, tracing pad, 16 x 20 canvas board and easel.
  4. Hand weaving: Jan. 14, 2 to 4 p.m., Edcil Zoller teacher. Bring to class: old picture frame, (large).
  5. Papier mache: Jan. 19, 1 to 3 p.m. Marilyn Glover teacher. Bring to class: small bowl mold, wheat paste or wallpaper paste, jar and lid, newspaper or hard paper towels and vaseline.

The class in creative crafts is new with the Guild. No art experience is necessary. The teacher, Elberta Freimuth, will teach you the art of making something attractive out of odds and ends around the house. So bring anything that appeals to you.

The papier mache class also takes no previous art training. There are many things that can be made with this technique which is again enjoying great popularity.

Edcil Zoller is a charter member of the Guild, but has never found time in her busy schedule before to give us a class in weaving. She comes to us with a fine background and some very valuable experience in the business world, having been associated with Dorothy Liebes of San Francisco who is known all over the country for her beautiful fabrics.

Edcil, with the aid of her husband, made some 500

yards of gold metallic fabric for the ballroom of the Mark Hopkins Hotel in San Francisco and also the curtains for the USS America's ballroom in a very intricate design. The design incorporated raised red roses and green leaves and stems on an off white background. Of course Edcil has the big looms, but beautiful wall hangings and scarves in contemporary design can be made on small hand made looms. This class will be held at the State Building on the corner of Second and Bonanza, across from the YMCA.

Both of the other teachers, Steve Lesnick and Marilyn Glover, have been introduced to you before, but in case you are a newcomer, they both hold Fine Arts degrees and have taught in the schools as well as privately, in addition to being excellent artists.

For information about the classes, call Jessie Metcalf, 384-0770.

**Corky Williams  
Home From  
Hospital**

Larmar (Corky) Williams, son of Mr. and Mrs. Lorin Williams, 134 Fir St., is home from Sunrise Hospital where he has been for the past four weeks.

He arrived home on Christmas Eve and was happy that he was able to spend Christmas with his family.

Corky is feeling much better and is able to get around on crutches.

Young Williams was injured in a three car wreck on the Los Angeles Freeway Nov. 27 in which one person was killed and 16 were injured.

**Ambulance Calls**

Jan. 1 — answered a call to 223 Zinc St., Apartment B. Did not transport victim.

6:45 a.m., transported Mr. Catttramatter, 76, to Rose de Lima Hospital with a possible stroke. He resides at 207 Water St.

**VISITORS WED—Lloyd Horstman, Redding, Calif., and Mrs. Evelyn Crockett, Carmichael, Calif., are shown in their wedding picture at the home of Mrs. Crockett's daughter, Mrs. Robert Simmons, 114, Metropolitan, following their marriage here on New Year's Eve. The couple was united in marriage at the First Baptist Church, with the Rev. John Osko officiating. A reception followed the rites at the Simmons' home.**  
—a De Joria photo

**★ WOLVES HOWL**

**By SANDRA OSBORN  
Teens Face  
Increased Pressure**

Now, more than at any other time in history, the attention of the world is focused on its young people.

The record industry thrives on "POP" music. Fashion designers bow down to the younger person with their Mod designs and Baby Doll look. Teenagers are needed to campaign for politicians.

The Peace Corps is made up of people 18 or older. Teenage juries are cropping up all over the country. Qualified teens serve as Candy Strippers and assistants in our hospitals. Car manufacturers sponsor contests in which teams submit ideas for future car designs.

Whereas a generation ago youngsters were seen and not heard, today we make a considerable amount of noise.

But along with this attention comes the responsibilities. We are constantly reminded that the future of our country lies in our hands.

Colleges are crowded, and unless we make the right grades, we risk not being accepted by THE RIGHT school. The accent on education is put on advancement. And woe be unto us, if we fail to keep up with the Russians!

Each person handles these pressures differently. One can either take them in stride, buckle under them and become a constant "worry wart" or turn cynical and groan about "the bomb."

Three cheers for the fellow who does his best every day. He's usually a successful individual and certainly happier. Who says optimists are cockeyed?

From "The Warrior", Central High School, Memphis, Tenn.

**Students Hear Lecture**  
During community Health Week in Clark County a group of four Henderson doctors visited Basic High to give lectures on the hazards of smoking.

Doctors John Holms, William Kemp, Harold Miller and David Walker, all members of the Clark County Medical Society, gave interesting and informative talks to junior health students on the effects of smoking. All four doctors agreed that smoking is a defi-

nite cause of cancer and circulatory ailments.

During the session students viewed two films. "Time Pulls the Trigger" was a film on lung cancer which stressed that "tobacco is a loaded gun and time pulls the trigger."

The other film dealt with tobacco as a detriment to general health.

**Bowling Teams to  
Represent Basic**

Four teams of bowlers are representing BHS this year in the Clark County High School Bowling League.

Games are scheduled on Tuesday afternoons when school is in session. Transportation to games is arranged by Coach Frank Rocha.

Bowlers can earn letters by bowling during the season. They must also meet all requirements set up by the state for earning an athletic letter and have approval from their coach and athletic director.

Bowlers on the boys' team include Scott Kramer, Dennis Hargrove, Randy Bame, Joe Babcock, Tim Burns, Terry Grey, John Hansen, Lyle Hougen, Mike Bushong, Russell Williamson, Joel Nelson, Don Kramer, Russell Shroyer, Gary Summers, Don Erickson and Rick Slagle.

Members of the girls' teams are Velma Pederson, Lynda Wylie, Klyda Hargrove, Dee Lee, Linda Rice, Bette Coen, Mildred Jorgenson, Connie Wideman, Eunice Rider, Pandora Schmidt, Betsy Walters, Carol Gray and Thelma Pederson.

I hope everyone had a nice Christmas and is looking forward to a successful new year.

**UTLEYS HOST  
UTAH GUESTS**

Mr. and Mrs. Larry Utley, 115 Juniper, have been entertaining Mrs. Utley's parents, Mr. and Mrs. Wilford Murdock from Monroe, Utah.

While here, the Murdocks have also visited with another daughter and son-in-law, Mr. and Mrs. David Larsen, 107 Hickory.

"American currency has fewer germs than ever before," says a bacteriologist. No wonder. It gets so hot in people's pockets now that most of the germs are fried.

**Zajacs Greet  
New Arrival**

Mr. and Mrs. Fred Zajac, 661 Burton, are proud of the new addition to their family.

Their daughter, Carol Elaine, was born Dec. 21, at Rose de Lima Hospital, and weighed 8 pounds 4 ounces.

Carol came home on Christmas Eve in a big red stocking to meet her maternal grandparents, Mr. and Mrs. Wilfred Miller from Rochester, N.H., and her brother and sisters, Larry, Rebecca, Jean and Pam.

Mr. and Mrs. Miller have been visiting here since October and getting re-acquainted with their grandchildren whom they haven't seen in over six years.

**Sawyers Visit  
Here On Holiday**

Mr. and Mrs. George Sawyer, 150 Copper, received a welcome surprise on Christmas Eve.

Their son Terry, his wife Carol, and two grandchildren, Kimberly and Dean, decided to come up from Riverside, Calif., and spend Christmas with them, arriving just in time to join with the rest of the family in the festivities.

On Christmas Day they all had dinner in the home of Mrs. Cheryl Grace, the Sawyer's daughter.

Also present at dinner were Mr. and Mrs. William Parker and daughter Cheryl, Mr. and Mrs. John Lucero, Mrs. Wilma Hardy, and the Grace children, Joey, Terry and Deanna.

**Beadle Clan  
Increased By  
One This Year**

Mr. and Mrs. Lloyd Beadle of 100 Fir St., became grandparents for the first time Dec. 31, New Year's Eve, at the Boulder City Hospital, where their son and daughter-in-law, Mr. and Mrs. Lloyd Beadle,

Henderson HOME NEWS, Henderson, Nevada  
Thursday, January 5, 1967

**OES Honors Grand  
Representatives**

At a recent meeting, Sunrise Chapter, Order of Eastern Star, honored the grand representatives, with Elizabeth Johnson and Thomas Eggers as the presiding worthy matron and patron.

The altar was draped, and a memorial read for Jack MacDonald, a member of the chapter.

Escorted to the East and presented for introduction were the grand representatives, Gayle Havrilla, North Carolina; Phyllis Wattenberger, Arizona; Betty Urban, Ohio; Doris McCracken, New Mexico; Nellie Williams, Missouri; and Helen McLeod, Ontario, Canada; the appointive officers Bunny Harris, Grand Esther and Madge Ryan, Grand Martha of the Grand Chapter, OES, State of Nevada.

Masonic dignitaries were William Williams, past grand patron, and Wilfred Voss, past grand master of Masons of Nevada. The worthy matrons and patrons, Cathalyn Leopold and Bob Harris of Southgate Chapter; Ruth Richart and Paul Richert of Park Chapter; and Helen Pelham of Desert Chapter. Preceding the meeting, each honorary lady was presented with a corsage, and each man with a boutonniere.

Other introductions included Lyn Rodgers, grand deputy of International Order of Rainbow for Girls of Nevada; Gayle Havrilla, Rainbow mother advisor of Boulder City assembly; Tabitha McCabe, Rainbow mother advisor of Henderson assembly;

became parents of a baby boy.

The new baby was born too early in the morning to become a New Year's baby, but this didn't dampen the enthusiasm of the grandparents.

The baby was named Darren Lloyd.

**Xmas Tree Fire  
At Dusk Sat.**

The annual "Fire of Christmas Trees," will take place Saturday behind the home of Mr. and Mrs. Gilbert Allsbrook, 19 Arizona Way.

Beginning at dusk, youngsters and young people are invited to bring their Christmas trees, hot dogs and marshmallows for the event. Everyone is invited whether or not they have a tree to burn. The Allsbrooks have made this an annual affair for the past few years.

The fire department will be on hand.

Dobberstein as chaplain. Following the meeting, members retired to the dining room. The tables, decorated by the Worthy Matron and Gertrude Perry, very attractively reflected the true New Year's spirit.

Bunny Harris and Madge Ryan presided at the tea table, and members on the refreshment committee were Marge Leoni, chairman; Alice Beaumont, Edwina Cartwright, Dorothy Hastings, Selma Bartlett and Norma Irving, who helped in the absence of Marge Leoni.

# Corral Membership Upped As Interest Increases

An increasing interest in horses and horsemanship has been indicated by the number of Boulder City families continuing to secure spaces at the Boulder City Horsemen's Association corrals southeast of town.

Building on Apache road are Mr. and Mrs. Thomas Warburton and Warburton's partner in their horse interests, William Brunton of Fontana, Calif. Brunton has re-

cently retired and is spending much of his time in the Boulder City area.

## Barn Raising

At the present time, until all facilities are completed by the Warburton-Brunton families, only one mare is stabled at the site along with Grey Eagle weanling Pony of the America. The mare is Chowat registered Appaloosa T 17,625 a dun background with white blanket and dun spots over

her loin and hips giving local persons another type Appaloosa to note in their corral visits.

The mare is being used for pleasure riding by the Warburton younger members including Pennie, 14, Gail 12, and Tommy 10, who are doing their share in the barn raising now in progress.

Warburton is a Titanium utility operator and wife Pat, personnel clerk at the Bureau

of Reclamation. Warburton, raised in Nebraska after a stint in the Navy worked as a buckaroo on ranches in northern Nevada in Paradise Valley near Winnemucca.

## Smoots

A second family in the process of designing and building their own two-lot corrals and stables are the Zeb Smoot family. Smoot is renewing his interest in horses after having spent much time riding when living in the midwest on a farm during his youth. Daughters Phyllis and Carol are acquainting themselves with horsemanship techniques for the first time. Phyllis, the first member of the family to acquire her own horse has purchased Schottzie, a quarter filly, and is in the process of training the two-year old this year to saddle as a pleasure horse.

Carol, student at Rose de Lima Hospital in the laboratory technician program will wait until studies are completed before making her decision as to a horse. Smoot is employed by the Los Angeles Water and Power while Mrs. Smoot is well known in town not only for her position at the Bureau of Reclamation but also currently as president of the Boulder City Hospital Auxiliary and for some years as a 4-H leader.

## Taylor

The Max Taylor's have purchased the stables and corrals formerly owned by the Charles Burns family. Taylor, a retired Air Force tech sergeant, is now working as a guide at Hoover Dam, but finding much time to spend on the desert trails. Son Leonard whose major interest is in baseball at age 16 is also showing considerable interest in horses this vacation.

## Wild Horse

Originally the interest of Max Taylor in horses stemmed from the range horses and working stock on his father's ranch near Moab and Thompson, Utah. His first personally-owned mounts were gifts to him as a boy from an uncle in the Utah area and included one mustang and a part morgan.

At the present time he again has a mustang filly "Babe"

to remind him of early riding days, one captured on the wild horse drive this spring in the Snake ranges. In addition he has for riding stock, Sugar, a palomino originally brought in to the Association by the Hatfield family. Taylor secured the animal from the most recent owner, Ralph Roth, who also has sold him Dandy, a sorrel three-quarter Arab.

The Taylor family had an unusual riding opportunity while stationed in Africa when daughter Cindy, now Mrs. John Hancock, living in North Carolina, was with them.

The Tripoli Air Force Base sponsored the Wheelus Riding Club and both Cindy and Leonard had the opportunity to ride fine Arabs from their native locale. Ultimately the Taylors hope to have time to take an interest in show horses and registered stock eligible for showing.

## Whitmoyers

A fourth family taking an active interest in the Association facilities and spending as much time working out in the arena as on the trails are the Ted Whitmoyer's who began the fall season by purchasing a mare that has provided the entire family a riding mount and also having secured some young stock for the two young sons of the Whitmoyers to get acquainted with. Currently the family has secured quarters for their horses in the corrals of the C. Thomas Boyer's who are now in Yuma, Ariz.

Dr. Carol Whitmoyer has been active in Boulder City Horsemen's Association since the new grounds have been used and in the recent Salute to Nevadans horsemanship donated her time as veterinarian for the three-day event.

## Burbridges

Also coming into the Association this fall using stabling facilities owned by John Noblett, are Marc Burbridge and his daughter Liz. Liz's mount is Lady, a quarter-morgan mare originally brought to the Association grounds by John Ward. Along with the mare Liz purchased Rainy Handfull, a colt foaled by Lady and sired by the Oldham's Appaloosa Stallion Handfull. The

colt was officially named Rainy Handfull in recognition of not only his sire but because he traces back to the Shoshone Indian Reservation band at Landers, Wyo. and to the foundation sire: Rainy Moon.

Burbridge is also with the Bureau of Reclamation serving as regional safety engineer.

## Heart Disease Encouraged By Carbohydrates

The person who eats a diet high in cholesterol and saturated fats — thus raising his blood cholesterol level and risk of coronary disease — should learn to be selective about the carbohydrates on his menu. Otherwise he may be speeding his way even faster to a heart attack.

This is the inference which may be drawn from experiments reported today to the American Heart Association's Council on Arteriosclerosis by Dr. Ruth Pick of Michael Reese Hospital, Chicago, and her associates.

The Chicago group found that certain carbohydrates but not others — when fed to cockerels along with a cholesterol-rich diet — increased blood cholesterol levels over and above those produced by the cholesterol rich diet alone. These carbohydrates also tended to accelerate the development of clogging in the coronary arteries of the birds.

Specifically, Dr. Pick said,

**EAGLE AWARD** — LDS Bishop Tharol Lefler is shown presenting a seven-year medallion to Carol Wooten for her work in the Mutual Improvement Association. The medallion signifies that she has earned seven individual awards in seven years, one of the highest awards available for LDS girls. She is the daughter of Mr. and Mrs. W. Chapman Wooten, now attending Brigham Young University.

sucrose raised blood cholesterol and produced more artery clogging in the cockerels than did glucose, indicating she said, that "we may have to pay attention to the type of refined sugar which is consumed." Both sugars were more cholesterol-raising in their effect than starches added to the high-fat, high-cholesterol diet.

## School Board Sets Integration Policy for School

Board of School Trustees of the Clark County School District has issued a formal statement of position on integration in the local public school system following its last business meeting of the year Thursday night (Dec. 22) when a policy on this subject was adopted.

The official statement noted that it is the intent of the Board and the Superintendent of Schools of the Clark County School District to carry out its newly-adopted Integration Policy through the "Action Plan for Integration" which includes eight broad approaches to the solution of this social problem.

The Board clearly pointed out what the district will do to integrate its schools. However, it cannot define a specific time schedule and details as to how the plan will evolve since this is related directly to the financial ability and student population increase in the district.

The Policy statement on integration is a positive position of what the Board plans to do in the years ahead and has

been endorsed by the District's Planning Council and Superintendent's Advisory Committee on Integration, following a series of revisions.

Any differences between the several groups assisting in the development of the policy and the Board were a result of emphasis within the policy, not a disagreement in philosophy. The Board has consistently maintained its belief in the neighborhood school concept and feels that transportation is not an effective solution to the integration problem.

These positions are not held from a negative standpoint, but from a realistic assessment of what the District believes to be educationally sound for the children of Clark County. "We sincerely believe that the Action Plan will effectively integrate the School District," said Board President Clare Woodbury. "The Board is pleased with the policy and will support fully its commitments as spelled out in the Action Plan."

## Easter Seal Society Provides Services in Outlying Areas

Direct services from the Easter Seal Society for Crippled Children and Adults of Nevada to children and adults in outlying areas of Nevada have been dramatically increased in the past three months, it was noted today by Society President Dr. Robert E. Foster of Las Vegas.

The Society's mobile physical therapist, Anthony Hellings, now travels some 3000 miles a month to serve a caseload of 30 patients in outlying communities, Foster noted. "We expect this caseload to increase as more physicians and public health authorities refer patients for these increased services," he said.

He said the mobile program was made possible by a two year grant from the Max C. Fleischmann Foundation of Nevada provided in response to a request developed by Society executive director, Richard W. Rhyno in January, 1966.

Commenting on the program, Rhyno noted that Hellings was employed by the Society, as a result of the Fleischmann grant, in September, and now has a working arrangement with the two physical therapists employed by the State of Nevada which greatly increases the frequency of treatments for patients in Nevada's sparsely populated

ed rural areas. "The whole aim of the mobile program is to bring continuing therapy to those who cannot come in for it to the Society's treatment centers in Las Vegas and Reno," Rhyno said. "Prior to obtaining the very generous support of the Fleischmann Foundation for this program, the Society was able to provide only limited service to the widely scattered patients in the less populated counties."

"The Society has worked out a schedule in which Hellings' activities supplement those of the state therapists and increases the number of visits by a therapist to a given patient. Also, Hellings provides treatment to new patients referred by a physician."

## WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel cold, tired, depressed. In such irritation, CYSLEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSLEX at drug-gists. See how fast it can help you.

BOULDER CITY, NEVADA  
"We Service Everything We Sell"

VFW PRESENTS CHECK — Floyd T. Byrd, the Commander of Fred S. Pennington Post No. 1753, VFW, presents a check for \$100 to Clark County School District Board President, Doctor Clare Woodbury, for a memorial plaque to honor servicemen killed in Vietnam who either attended or graduated from District schools. As of late December, the figure stood at eight.

## Crime Information Center Begins Operation This Month

The FBI National Crime Information Center (NCIC) will begin operations later this month. This nationwide computer network represents a big advancement in scientific crime detection and electronic achievement in the fight against crime and lawlessness. It also serves as a symbol of the cooperative spirit prevailing among enforcement officials as they unite their efforts to modernize and improve enforcement techniques.

The FBI center is not a total information depot or repository. Rather, it is a nationwide index of data on crime and criminals which, by high-speed random-access search techniques, will provide within seconds pertinent information to a police officer on the scene. This service will bring more and more criminals to justice and prevent fast-moving violators from evading local authorities and "outrunning" the law.

The NCIC is not a separate

entity. It will complement electronic information systems being set up or already in operation by metropolitan and State police agencies. When the network opens, there will be 15 local and State law enforcement agencies participating in the system. Each will be directly tied to the FBI computers, and each will serve numerous other agencies. Eventually, the system will include a terminal agency in each state as well as in each of 25 or more larger metropolitan areas. Further, all FBI field divisions and offices of other Federal agencies will be connected with the NCIC computers.

Since crime is a constant, round-the-clock problem, services of NCIC will be available on a 24-hour, 7-day week basis. The network will provide state and local law enforcement agencies a nationwide uninterrupted flow of up-to-the-minute crime data. If for any reason one of the computer or storage units fails, a

## TEE TALK

by KATIE SHANKLAND

**Hole-In-One**  
Mike Lee, member of Black Mountain Country Club, had a rare ace on the number 15 hole, Dec. 26. Witnesses to this event were Don Carson, L. Stapleton and Jack Aklerd. Congratulations.

**Mercury Golfers**  
The Mercury Golf League will have their regular tournament at Black Mountain Saturday, the 7th. Sixteen teams will tee off beginning at 8 a.m. The Mercury players rotate their play among the different clubs in the valley.

**Coming Event**  
All you Red and Blue team members keep Jan. 15 free for golf. The monthly contest between these two teams takes place that Sunday.

**Ladies Assn. Meets**  
The Black Mountain Ladies Association held their regular meeting and a fine dinner was served by Dan Furse. The coming White Elephant sale was discussed. Bring your items to be sold to Laura Carrado and Elaine Raney right away. Also on the agenda were plans for the Champagne Tournament to be held Wednesday, Jan. 25. All the ladies associations in the valley will be invited to this one and it will be a big event.

**Roy Nyden Visits**  
Roy Nyden has been on vacation during the holidays with his family in Boulder City. Roy now works at the Jet Propulsion Lab in Pasadena. His family will move down with him when school is out next June. He has been very much in evidence on the golf course and it's been nice to have him back.

**New Year's Eve Party**  
The New Year's Eve party at the Black Mountain Clubhouse proved to be a very gala event. A huge crowd joined in the fun of ushering in the new year. The party and the very attractive decorations were under the direction of Marylou Fielding and Howard Ness. Visitors at the Ness home, Letty's sister, Gerry and husband, Doc Bolt-

second piece of equipment will take over.

one of the Boulder City "regulars", Doug Douglass, has been in the hospital. Doug, we hope to see you soon, hitting from tee to green at the Black Mountain club.

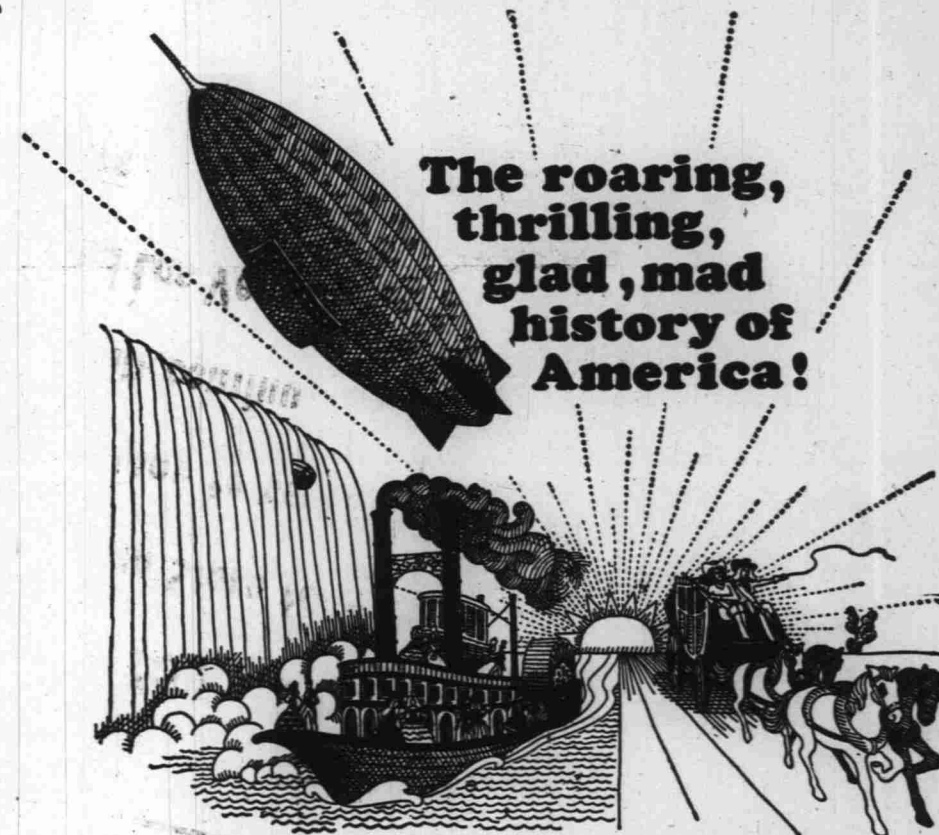

**Men's Assn. Meeting**  
The Men's Association will have their regular dinner and meeting at the Black Mountain clubhouse tonight. The Men's Association has been very active the past year in raising money to improve the clubhouse and working on it as well. Troy Bartlett is the new president, succeeding Don Dawson.
