Cannon Puts Strength Behind Mike; Bible Will Too!

Morry's Story

BY MORRY ZENOFF

Wait a minute! Way—ay—ate a minute — there — Mr. Mayor of Henderson. Last week you told those attending a meeting to discuss the various routes proposed for a freeway thru Henderson that "there will be a decision of the council on this next Monday".

What's the big hurry on a project so vital to the community?

What's the big hurry when they're not going to start building the freeway until 1977 or later?

The chamber of commerce has recommended any of three routes. The Boulder Highway merchants recommend another. The city government is championing another one thru its spokesman, Bill DeValcourt, city engineer. The regional streets and highway recommends another.

What's the hurry, Mr. Mayor, until you've talked to the community thru public hearings — and learned what the people want? The people aren't sure the city council knows what it wants.

Your statement that there'll be council action Monday scared the living daylight out of half the community. People thought a decision had to be — or else — we'd lose the three million dollar subsidy of Uncle Sam — or we'd lose the freeway to Reno or Winnemucca.

So — I phoned one person who knows and is in authority — the head of the Regional Streets and Highway Commission — Charles Brechler. "There is no hurry. The city could make a decision a month from now and it would make no difference to us, or the federal government," Brechler said.

He also indicated the city

has a confusing bunch of facts that they present — one based on the master plan as done a few years back by Franklin Bills and one based on new growth factors, where trends are absolutely opposite as far as where the future masses of Henderson will be.

"We do not have the money now to build the freeway. It will come from Nevada's allotment, 93 per cent from the government and seven from the state. We do have money to buy right of ways, however, and that is why when we do finally decide on the location of the freeway, we can start buying while land prices are cheaper. We want to get it built by 1980, for that is when a projected 563,000 population will be here," Brechler explained.

"I look for us to get started in 1977," he concluded. So then — with plenty of time and with no unified feeling locally — there ought to be a series of public hearings and educational meetings before a final decision — maybe a month or two from now.

I would like to see someone like Sam Boyd and/or Lou LaPorta named to a committee to go to the people and the groups in this city — with an informational program.

Bob Broadbent was a very smart man last week when he took time off from campaigning, came here to the highway meeting and said: "I will get the freeway located where the Henderson PEOPLE want it."

But maybe the mayor will fool Bob, because the mayor said his council will give its decision Monday night. If so — it will be the council's opinion — not the people's.

By Morry Zenoff
All the magnificent weight that the name of the Honorable United States Senator Howard Cannon commands is this week being added full force to the campaign of Henderson's war - hero ex-school teacher — Mike O'Callaghan — for governor of Nevada.

Senator Cannon, himself a candidate for re-election, told Mike to hop aboard the Democratic Caravan, and wherever it goes, wherever it stops, the solid senator tells the citizenry that Mike can do the job of being a fine governor in the important 70s.

And to add more strength to Mike's drive next week — the senior senator from Nevada — Alan Bible — will take up the campaign trail for Mike as well as for Cannon.

Ex-Governor Grant Sawyer is also lending his weight to the O'Callaghan campaign.

With these plusses, it is expected Mike may still be able to overcome the slight lead which the polls show candidate Ed Fike has at this time.

With slightly over two weeks more of campaigning to do, O'Callaghan has stood up well under the political barrage from the opposing forces, even though he has had to go thru an operation on the stump of the leg, part of which was shot off in the Korean war.

At rallies, Mike appeared obviously irked that he could not cover up his leg problem, because he felt the opponents may accuse him of "using" it for attracting sympathy. This has always been the farthest from his thoughts and may have been why he gallantly many times competed in the prize fight ring with young boxers — bad leg and all.

The feature of his past week's public announcements was his arrangement of plans to debate Fike on the issues on a state-wide television set-up.

Lest We Forget: These Denied Us an Industry

Industrial Days Celebration

Here is "Black List" of those from this area who killed dog bill

Lest we forget, these are the Southern Nevada elected representatives in the state legislature who opposed or refused to vote on Henderson being granted a dog track. It is this newspaper's plan to bring this list before you once a month — so that we shall all know them by heart — and then have our chosen to repay them in kind when any or all of them run for future office.

- The list:
Senator Helen Herr
Assemblymen:
Harry Reid
Elmer Brookman
Bryan Hulen
Frank Young
Zel Lowman
Karl J. Swarth
George W. Trapp
Paul May
Dave Branch
Richard Bryan

AN EDITORIAL

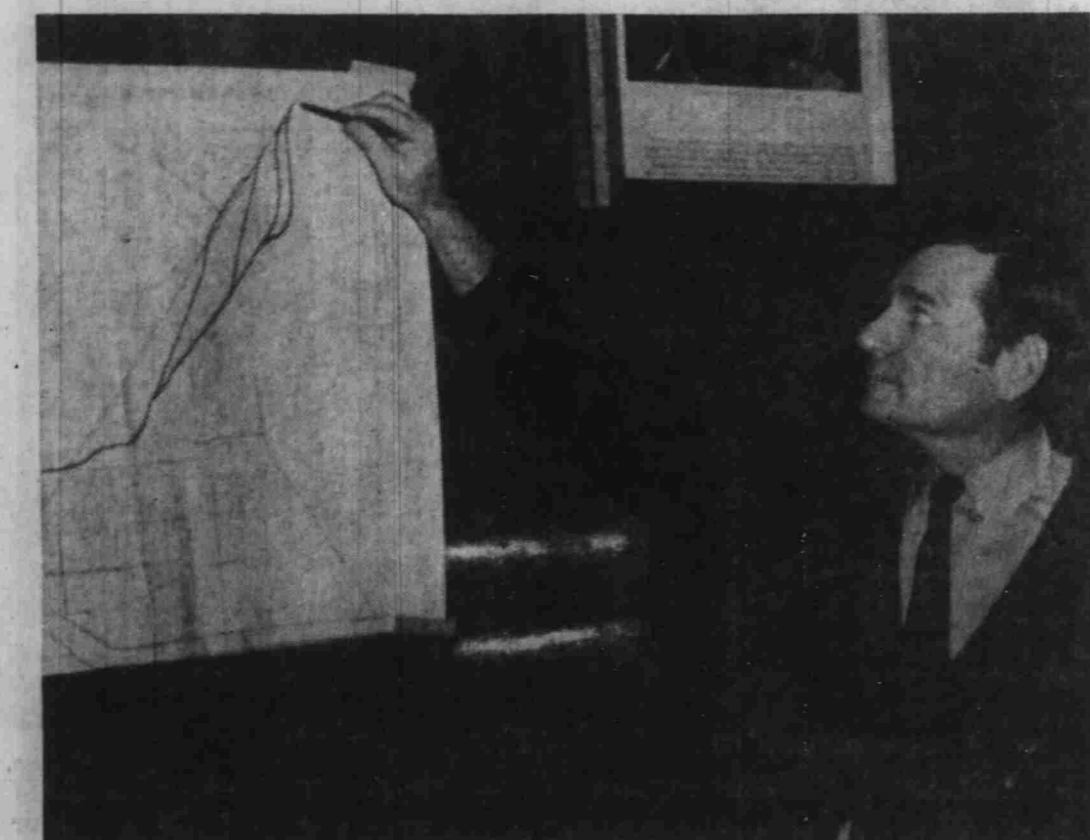

This tearout from a HOME NEWS in April of 1969 shows a list of people who had broken the hearts of this industry-seeking community — when they voted down the dog bill in the Assembly after the Senate had okayed it. Henderson was on the brink of having a sure-fire horse and dog track — since one compliments the other financially — had these listed people voted for it. Now — some of these people are running for office. Now — is the time to thank them or blank them — for what they did for your home town.

Council to Get Report On Land Sales Tonight

An up-to-date report on the status of a number of land applications before the city, including the Lyon Dev. Co., which has requested 7,500 acres, is expected at a recessed meeting of the city council tonight.

City Manager Don Dawson, who will make the report, also said that a discussion will be held on the Stewart Brothers application for a half section of land in section 32.

Another item for discussion will be the possibility of employing a fiscal agent for the proposed water bond election for Henderson for the construction of a three million gallon water tank and the updating of the Townsite water system.

SHOWS FREEWAY ROUTE — Lou LaPorta, chairman of the Highways committee for the Chamber of Commerce, is shown pointing Freeway alternatives to the general membership of the Chamber. The Chamber voted to have the Freeway enter Henderson on the West side of Boulder highway. (Woodruff photo)

Merchant's Korner

- By Gil Gilliam

PRE-HOLIDAY spirit is rapidly creeping on the scene. Local merchants now have large displays of Halloween merchandise on hand. They offer large selections of costumes, lanterns and decorations. Don't forget to stock up on trick or treat candy, while assortments are still good.

RASCO STORE

—In the Henderson Plaza presents their pre-holiday toy circular this week. Check the Home News. Loaded with 16 pages of new toys, the circular reminds you that it pays to shop now and save.

Stan Parker, owner, also points out that if you buy now on easy lay-away plan, it costs no more than cash.

PERRYS MEN SHOP

—celebrates their first anniversary in their new location in Henderson Plaza. Tremendous savings are offered on the entire stock during this three day celebration. Drop into Perrys and browse around and meet Bill Perry and his friendly and helpful crew.

ELDORADO CLUB

—Downtown Henderson announces a Fall Fun Festival starting Thursday, Oct. 15. Check their ad in today's Home News for more particulars.

Democrats Hold All-Out Picnic At City Park Sunday; Free Food And All the Candidates There

The Southern Nevada Democrats will hold an all-out picnic Sunday at Henderson City Park from 1 to 4. Gayle Perry informed the Home News yesterday.

Democratic candidates have arranged to be there including Mike O'Callaghan. The food will be free, as well as the drinks and the menu includes fried chicken, hot dogs, cole slaw and potato chips.

Hank Thornley will act as MC. The sponsoring group — Southern Nevada Democrats — is an all-Henderson group, organized last year for the

purpose of bringing fun and good times into the lives of local voters, Mrs. Perry explained. She added that Sunday's picnic will allow children if parents accompany them.

Grand Opening This Weekend For Lewis Homes In Henderson; Priced At \$19,600 - VA or FHA

A thousand people are expected this weekend at the formal grand opening of Lewis Homes - Henderson, a 2.1 million dollar new home development by Lewis Building Co., Inc., Nevada-based home building and land development firm. The formal grand opening will be held all day Saturday and Sunday, and delicious refreshments will be provided.

Thirty homes have just been completed in the first unit of the new development, and 28 homes are now under construction in the second unit. Due to the excellent sales response, offsite and engineering improvements have already commenced on the final third unit of 30 homes.

The new homes are located at the southeast corner of Ash and Center Streets, adjacent to Valley View Elementary School and within close proximity of the junior high school, high school, and shopping.

Standard features in every Lewis Homes - Henderson home are refrigerated air-conditioning, fully insulated walls and ceilings, and forced air heating, insuring year-around comfort. The built-in oven and range, garbage disposals, spacious pantries, and an abundance of cabinets highlight the kitchens. Concrete driveways, front and rear landscaping, and FHA approved walk-to-wall carpeting in the living room, hallway, and master bedroom are other standard features at Lewis Homes - Henderson. All of the new homes are built under rigid FHA inspection.

Injured In Car Wreck

Dennis G. Arneson, 27, 11-D Victory Village, received major injuries in a two-car accident on Boulder Highway and Coogan street Tuesday at 6:58 p.m., according to Henderson police.

Arneson was taken to Rose de Lima hospital for treatment in the city ambulance. According to police, the other car involved was registered to John J. Cavender. The driver of the vehicle was not known since the occupants of the car ran when police approached. Police are still investigating the accident.

NEWS APOLOGIZES FOR MISTAKE ON STORY

This newspaper apologizes to the family and friends of Mrs. Georgia Weese, whose funeral was held Tuesday afternoon.

Due to a misunderstanding, it was published that the funeral would be held on Wednesday. We regret any inconvenience suffered for this mistake.

A drawing will be held Sunday at the subdivision for a new Sony television set. People may register for the drawing at the sales office either day. Two model homes are on display. The new homes are almost identical to those built in Southern California by the Lewis organization that received national

recognition in a building design competition. Deane Realty is the exclusive sales agent for the development. The new homes are priced from \$19,600. Attractive FHA and VA financing is available allowing the purchaser to buy his new home with a minimum cash outlay. Lewis Building Co., Inc., has built more than 600 homes in Clark County since 1961, and more than 2000 homes in Southern California. The company is currently building Lewis Homes - North Las Vegas, a 72-home development located at Civic Center Drive and Brooks Avenue in the city of North Las Vegas, and Lewis Homes - Las Vegas, a 184-home development located at Marion Avenue and Monroe Street in the city of Las Vegas. The company has also announced plans for a new subdivision in Boulder City, to be started in late January. Sales information on all Lewis developments can be obtained at the Lewis Homes - Henderson development.

There are an estimated 11 million victims of leprosy in the world. For 65 cent UNICEF provides enough sulfone tablets to treat one of them successfully for three years.

People Hither And Yon

By Dorothy Ostrom
LEROY HOLIDAY

Geraldine and LeRoy Holiday and their four children took their vacation the middle two weeks of September to visit relatives. They spent one week with Geraldine's parents, Rev. and Mrs. Esie Rhodes in Millington, Tennessee. Her brothers from Washington, D. C. were there to join them in a family reunion.

One week Holidays also spent with LeRoy's cousin, Shelby and Clara Grace in Monroe, Louisiana, and visited with many other relatives there.

LeRoy is also on vacation this week. He and two other men tried their luck on deer

hunting — in ankle-deep mud.
GLEASON ALMOND

Mr. and Mrs. Gleason Almond took their four-year-old grandson, Randy Timmons of Bullhead City with them when they left September 19 for their two-week vacation. They went to Modesto, California to pick up Mrs. Carl Johnson, and they all went hunting in the mountains above Senora, California.

Mildred said we should have seen Randy's eyes when the men brought in deer — the first Randy had seen.

After hunting Almonds spent a week in Modesto with the parents and other relatives.

Mildred's love for afghan making caught fire with her two daughters and others. Now we are all sharing crocheted poncho patterns!

GENE JOHNSON

Gene Johnson plans to marry Cindy Lange here on October 30 (see article in Oct. 13 HOME NEWS). But you know one of their reasonings! — they think it's cheaper for the two to live together than alone!

Here's how they figure it, however: Gene is stationed in the U.S. Marines near Santa Ana, California, and Cindy is working near Detroit, Michigan. Every night they call long distance. Nearly every weekend one flies to where the other is to see each other. Bills and plane fares has got to make married life cheaper for them!

Mr. and Mrs. Gilbert Johnson are giving the couple an open house reception at their home at 307 Regina Way on October 28. Friends are invited.

DALE BRACKEN

Dale Bracken came home Oct. 12 to recuperate from his surgery. We are so pleased he has done so well to be home this soon.

Fortunate Hendersonians

It is my opinion that the parents of elementary school children — for that matter, every age residents — are fortunate that we have such outstanding music teachers in our schools.

In previous years, I've watched Sue Martin (Miss Sue as the students call her); and, in the recent years, watched the performances under the direction of Miriam Burkholder. Much can be sensed of the values of these ladies by the programs presented. Our hats off to these ladies!

Mrs. Burkholder's direction of the Columbus Day program Monday was a prime example of the point I am making.

LUCILLE CHASTAIN

Mrs. Lucille Chastain is now recuperating at home after major surgery at Rose de Lima Hospital. She is the cafeteria manager at McCaw Elementary School.

A large part of UNICEF aid is given in the form of equipment and supplies. UNICEF has helped to equip over 14,500 educational and vocational training institutions; some 10,000 welfare institutions; 45,000 health centers; and over 8000 nutrition institutions. UNICEF provides such supplies as textbooks, audio-visual teaching aids, agricultural tools, medicines, and hospital equipment.

**YOUR
VOTE IS
SECRET!**

The way you vote on election day is your secret. You don't have to tell anyone.

During this election a lot of people have expressed the fear of reprisals if they don't support a particular candidate. It's too bad that type of fear exists in Clark County.

Every Nevadan has the right to vote the way his conscience tells him — and he doesn't have to tell anyone about it.

If you are one of those who are fearful, then just keep the way you vote to yourself. Vote the way you believe is right.

The ballot is secret, and it is one of the things which has made America great.

RAINBOW WINNER — Shown is the winner of the grand prize of a 1970 Ford Maverick on the last drawing held at the Rainbow Club a week ago. Mr. and Mrs. Phillip Pearson of Henderson won the grand prize and the picture shows Art Liebert, Rainbow Club owner, presenting the keys to the 1970 Maverick to Mrs. Pearson. The next big drawing at the Rainbow will be the first Sunday in November, November 1, at which time a new 1971 Ford Pinto will be the grand prize, along with the G.E. color television and many other valuable prizes. Tickets are now being registered for this drawing and are given away in all departments at the Rainbow Club.

American Potash Changes Name to Kerr-McGee Corp.

The Henderson American Potash and Chemical Co. was one of chemical, fertilizer and non-fuel minerals operations of Kerr-McGee Corporation which were consolidated Oct. 1, into a single subsidiary which will be called Kerr-McGee Chemical Corp., it was announced by D. A. McGee, chairman and chief executive officer of the parent company.

James J. Kelly, executive vice president of the parent company, will head the new Kerr-McGee Chemical Corp. as president and chief executive officer.

The new subsidiary encompasses operations formerly conducted by American Potash & Chemical Corporation

(AP&CC), Kerr-McGee Chemical Corp. and the recently acquired Wilson & Toomer Fertilizer Co., as well as those which were in the non-fuel minerals, mining and milling division of the parent company. Included in this latter group were the vanadium and potash facilities at Soda Springs, Idaho, and Hobbs, New Mexico, respectively; heavy minerals operations in Tennessee and management of the company's phosphate properties in Florida.

The new Kerr-McGee Chemical Corp. is comprised of five divisions: chemical manufacturing, chemicals wholesale sales, administra-

tive, pigments and agricultural chemicals. Each of the divisions is headed by a vice president.

M. C. Locke, formerly manager of the AP&CC plant at Trona, California, and Harold Mazza, formerly director of technical information in that subsidiary's pigments division, have been appointed managers of manufacturing in the chemicals manufacturing division of Kerr-McGee Chemical Corp. Locke has overall responsibility for operations of the subsidiary's facilities at Trona and Los Angeles, California; Henderson, Nevada; West Chicago, Illinois; and Hamilton, Miss. His office is now in Oklahoma City.

80 Caps Taken From Juveniles Contained LSD

Police here said yesterday that 80 capsules taken from two juveniles who were arrested on Beech street last week, contained the drug LSD.

They also confiscated 25 grams of marijuana. According to detectives,

one 17-year-old youth was arrested for resisting arrest, disorderly conduct and assault and battery.

The other 17-year-old was arrested for possession of dangerous drugs and marijuana. Police said the capsules were hand-packed.

Coffee To Honor Sen. Howard Cannon

A "come as you are" coffee, honoring Senator Howard Cannon, will be held Wednesday, Oct. 28 from 11 a.m. to 1 p.m. at the Eldorado Club show room, according to Dorothy Ramberg at Cannon's headquarters on Water street.

Everyone in Henderson who can run in and meet the senator may do so at that time, and there will be coffee, cake and punch served.

Hostesses for the affair are Selma Bartlett, Gail Perry, Jan Nielson, Joan Crisler, and Margo Soll.

Mrs. Ramberg announced that Cannon's headquarters in Henderson is open from 10 a.m. to 3 p.m.

LEADERSHIP TRAINING CONFERENCE

A Leadership Training Conference sponsored by the American Association of University Women, the Service League, and the League of Women Voters will be held at the University of Nevada Las Vegas Friday, Oct. 16, and Saturday, Oct. 17.

Dr. Shirley McCune and Mrs. Virginia Secor will conduct the sessions on working in the community, community problem solving, group dynamics and analyzing community power.

Registration will be a dol-

BULLETIN
Basic's freshman football team downed Virgin Valley's J.V.s 24-22 last night. The game was well played and filled with spectacular passing by Danny LeBlanc and Bill Taylor. Mark Giles was on the receiving end of two aerial bombs.

YMCA Sports Available For All Ages

BOULDER CITY—The Las Vegas Area Y.M.C.A. has expressed an interest in developing programs for Boulder City adults and children, if there is sufficient interest here.

Open for consideration are possibilities for activities at the Y.M.C.A. in Las Vegas as well as Boulder. Now that the grade school children will be moving into the new school, the old gymnasium may be offered for use.

A steering committee, consisting of Mrs. Jo Rowland, the Rev. Guy Holliday and Richard Hague has been formed to work out plans with the "Y" personnel. Three meetings have been held and "Y" officials have been very cooperative. Mrs. Rowland states, and worthwhile programs can be worked out if there is sufficient interest shown here.

lar for one or all of the sessions.

Boulder City Of Destiny

BOULDER CITY—"Boulder City can be a city of destiny," Morry Zenoff told members of the Chamber of Commerce at a recent luncheon meeting. Zenoff is the editor - publisher of the Boulder City and Henderson newspapers.

He stressed his point by citing the progress of Sun City, Ariz. near Phoenix, has made since it began 10 years ago. Zenoff told his audience that it has grown to 11,000 population and offers housing and recreation for every income bracket.

"Boulder City has the same opportunity but with cleaner air and two beautiful views... that of Lake Mead and Eldorado Valley. It is a gem that just hasn't been polished.

"Boulder should own the Dry Lake area and then if someone wants that land, your city can control who its neighbor will be. There should be a public relations fund with someone to whom out - of - staters could send queries on the statistics of the city. Advertisements should be placed in the California and New York newspapers, telling of the benefits of Boulder City.

"I think this city owes its residents a golf course, and also, the chamber and city officials must learn to use the politicians whom you put into office. They solicited your vote with all kinds of campaign promises, and these should be redeemed by the voters.

"I would like to commend your city manager, Dick Isenberg, for his proposals submitted to the council for long range planning. A person can make a company, community, or a chamber of commerce, and I believe that Isenberg is the one to do that job in Boulder City," Zenoff

OUR GIRL IN HENDERSON The Way I See It

By Virginia Morrison

Merchants participating in the Demon Days promotion campaign report that the idea has caught like a prairie fire and business has taken a decided upturn.

One of the rules seems to have created some confusion among customers, however, and this is as good a time as any to clear it up. It is not necessary to obtain \$50 worth of sales slips from any one merchant. Total slips from all merchants must total \$50 before the slips are taken to the bank for tallying and redeemed for a ticket on the drawing for the Dodge Demon Dec. 19.

Friday morning will mark a big occasion in Boulder City. Grade school students will be moving into the new elementary school on Avenue B and the work of transporting their books, et al, will be done by the students themselves. This will include the kindergartners who will form a little red wagon train to make the trip.

As readers will note, our old friend with spelling problems, Al Langley, has returned to THE NEWS fold with

The Third Stool. City Hall is the target this week, but Al won the first round in his skirmish with city officials Tuesday night when he was given a provisional business license so he can continue to provide his family with a reasonable living.

It seems the city finance officer wouldn't accept Al's business license fee recently because of a non - payment of land improvements on his Yucca St. property. (He is not permitted to work without it.)

The land in question is just that . . . in question. Legal descriptions had Langley and Cecil Ward, his immediate neighbor, overlapping acreage. The property lines were straightened out but the original ordinance was not amended to follow charter rules. Also, no time certain was set for Langley to pay for the improvements to the land.

City Attorney Jim Ordowski, and other city officials will huddle and iron out matters. Meantime, Al can go back to work and stop depending on the fat salary he gets from Morry for being the watch dog of city hall.

ONE MAN'S OPINION

The Third Stool

by AL LANGLEY

BOULDER CITY—

(Like they say on radio and TV, this paper is not responsible for the contents of this column, and any comments or criticisms are absolutely those of the author. This newspaper is the outlet for pros and cons of the community—all printed in the best interest of the residents.—M.M.Z.)

Since I ain't had no column fer such a long spell, I feel as much outta place as a milk bucket under a bull.

Well, lets see, city hall is in the same ole place with nothin' added except a few new faces.

I'll tell you, I've seen two county fairs and attended three wagon greasin's, an I ain't never seen the beat of some of the help the council has put on the payroll recently.

In my opinion, some of these new faces either fell out of a leaky incubator or got pulled out of a tree.

Accordin' to the latest facts 'n figgers we ain't nowhere near the population we were lead to think we wuz.

Also, accordin' to the buildin' department report our buildin' in town has dang nigh stopped, yet we need a \$12,000 a year finance officer to keep tract of all the figgers.

To add a little insult to injury, I' be dad blame if three of the city council an' Charlie McCarthy ain't got a raise in the mill fer him.

Also, in my opinion, I think we need a finance officer like Custer needed more Indians. I think another addin' machine wud do just as good.

I might jest as well keep on goin', you git jest as much fer a lamb you do fer a sheep. Now if I can ever catch our city engineer developin' anythin' but confusin' an' a weight problem, I'll write about it.

I'll take that back, he did do sumpin' in the line of duty a spell back. He watched the contractor spread the oil and all that dust on Wyoming and Fifth Sts., then okeyed the payment in the sum of \$6,866.19 for their fine work.

I've seen city hall throw money down a rat hole before, but, payin' anythin' for this street job is the worse I ever seen.

Now the way I got our city engineer figgered out, he ain't aimin' at nothin', so if he misses it won't hurt much.

Now our new city manager is a little different, he's aimin' at a whole bunch of stuff, includin' a golf course.

Now the way I have it figgered, he will hit a bull's eye if he don't present the golf course to the voters like the city manager and council did a spell back.

A feller asked me the other day if I figgered on fossin' my hat in the ring come council votin' time. I told him heck no, I've been turned down more than a motel sheet.

Good Nite,
Al Langley

concluded.

Prior to the guest speaker, the chamber voted to stay out of the political hassle which is going on about Amendments 4 and 5 which will be on the November general election ballot.

Amendment 4 relates to compensation for the legislators and Amendment 5 would approve annual sessions.

The Nevada Taxpayers Association is requesting that cities and chambers of commerce take a stand against both amendments in the minutes of their official meetings. The local chamber de-

cluded, because there was a small membership present, not to speak for the total, and to keep out of politics.

For the price of two air-force fighter bombers, UNICEF can provide the vaccine to protect 226 million children from TB.

About 115,000 babies are born each year throughout the world; two-thirds are born without trained medical assistance. UNICEF helps train midwives to cut infant mortality.

Boulder City Crash . . .

HIGH SPEED CHASE ENDS IN CRASH — Ernest U. Regener 20, Canadjan, crashed a Lincoln convertible, he allegedly stole from a Strip hotel parking lot Saturday night at the corner of Utah St. & Adams Blvd. The vehicle is owned by LeRoy A. Karres of Las Vegas, an employe of the Desert Inn. Boulder City Police stopped Regener near the government park, because his vehicle matched a stolen report, and as they were approaching the Vegas car, Regener sped off down Utah at a high rate of speed. He failed to make the 90-degree turn onto Adams Blvd. and skidded into and hit an anchor pole broadside. The victim was thrown from the car, suffering a fractured skull, broken collar bone and back and severe lacerations. He was given emergency treatment at B.C. Hospital and transferred to Southern Nevada Memorial Hospital. BCPD has him under arrest for grand larceny, auto; failure to yield to an emergency vehicle; reckless driving and driving without a license. (Knighton photo)

Morry Speaks to BC C of C

PUBLISHER IS GUEST SPEAKER—Morry Zenoff, left, publisher of the Boulder City and Henderson newspapers, was the guest speaker at the Oct. 8 B.C. Chamber of Commerce luncheon meeting. Shown with him is the Chamber President G. A. Smith. Zenoff in his talk stressed the potential of this city and called it an "unpolished gem" waiting for the right leaders to spur its development. (Knighton photo)

Hospital Planning In Gear

BOULDER CITY—

Plans for a new B.C. Hospital have been submitted to Carson City and essentially approved, the City council was told Tuesday night.

The new plant will be located on Buchanan Blvd. with the east boundary abutting Black Canyon Country Club property.

It was reported that the old hospital is in danger of losing its license because of its antiquated structure in the older section, and it is necessary to make immediate plans for new buildings.

The city has indicated it will give the 44 acres to the non-profit organization for \$1 and the complex will be constructed in three phases.

Phase one will be a building for 32 beds, with surgical and obstetrical facilities included. Estimated cost is \$1 million, half of which is hoped to be derived from Hill Eur-

ton funds.

There is a catch to the federal financing however, council was told. Sunrise Hospital and two nursing homes in Las Vegas have expansion plans, and if those are started, Boulder City will not get its federal funds this year.

It is hoped that Hill Burton money will be made available to this city before the Vegas facilities make their move.

The second half million will have to come from outside lending agencies.

Long range planning by the B. C. Hospital includes a veterans hospital and medical complex.

Besides providing a valuable medical service, both for residents here and in the area and accident cases, the hospital also adds to the city's annual payroll by \$400,000.

One hospital bed out of four in the world is occupied by a patient disabled by polluted water. Providing safe water is one of UNICEF's programs.

Proposition 9 on Ballot Is for More Lands for Recreation All Thru State

costs just pennies a day

Sparkletts drinking water
LISTED IN THE WHITE PAGES OF YOUR PHONE BOOK

The two major Nevada political parties, through their platforms, have approved the State park bond proposal. Democrats voted approval of Question 9, which will appear on the ballot at the general election Nov. 3, at their conventions earlier this year.

Chris Sheerin, Member, Nevada State Park Advisory Commission and newspaper editor for the Elko Daily Free Press said, Question 9 provides for more lands for outdoor recreation throughout the entire state. A majority vote in favor of the proposal authorizes the sale of \$5 million in general obligation bonds for the purchase of land which will be devoted to recreational purposes.

Sheerin said members of the Legislature in approving putting the bond issue up for a decision by the voters of the state made it clear that the authorization will be for acquisition of real or personal property for park purposes. They did not authorize

the funds to be used for the development of facilities. There was a unanimous vote in both the Senate and Assembly to place the State park bond issue on the ballot.

It was also emphasized that the expenditure of the money would extend over a period of time, with each parcel of land to be purchased

to be given separate consideration. Members of the Nevada Park Advisory Commission have made it clear that the park program of the future is designed to secure parks in all sections of the state.

Park Commissioner member Sheerin urged all voters to cast a "Yes" vote for Question 9.

ANOTHER COMMUNICATIONS LINK OPENED BETWEEN PARENTS AND STUDENTS

The Clark County School District has developed still another channel for two-way communication between school officials and members of the community.

Now parents who wish to voice a concern about anything in their school or in the school district are given the opportunity to express their thoughts in writing on a printed form that guarantees them an answer.

BPW STATE BOARD MEET HERE NOV. 7

A baby shower for Kathie Murrell was a surprise feature of the regular business meeting of the Business and Professional Women's Club held Monday at 7 p.m. at the home of Mirjorie Brown, 632 Don Vincente. Iris Bletsch was co-hostess for the affair. Evelyn Cushman made arrangements for the officers and delegates at the southern district meeting to be held at the Reef and Bottle, Westland Mall, Las Vegas Sunday.

Plans for the mid-year state board meeting in Boulder City on Saturday, Nov. 7 were announced by the chairman in charge, Marge Brown. With the Boulder City club as host, the meetings and luncheon will be held at the Legion Hall in Boulder City and the banquet at the Lake Mead Marina she announced.

The official visit of the southern district director, Catherine Henry of Las Vegas, will be received at a dinner meeting in the Episcopal Church downstairs hall at 7 p.m. Monday, Oct. 26, with Mrs. Bletsch in charge.

All schools have supplies of the form, it goes to the administrator which includes the "Review of Parent Concern." Once a parent completes the form, it goes to the administrator most concerned with the problem. The administrator is charged by regulation to reply to the parent.

The form does not replace other channels of communication, which include parent-teacher conferences, the complaint phone, "School District Open Line" on Channel 10, and a standing invitation for concerned citizens to write to Information Services Clark County School District, 2832 East Flamingo Road, 89109.

SCOUTS PLAN MONTHLONG CELEBRATION

Boy Scout Week in 1971 is out, but it will be replaced by a month long anniversary celebration in February, according to Stan Zur, Boulder Dam Area Council Activities Chairman.

The yearly observance of the founding of the Nation's largest youth organization will now provide an entire month for packs, troops, and posts to schedule meetings and other events to focus attention on the 61st anniversary of the Boy Scouts of America.

Highlight of the celebration in the Boulder Dam Area Council, which serves Clark and Lincoln Counties, Nevada; Mohave County, Arizona and Needles, California, will be launching of Project SOAR (Save Our American Resources), the yearlong conservation Good Turn. More than 15,000 local Scouts and leaders will join in conservation projects that continue a 60-year history of teaching and practicing environmental protection, Zur said.

Henderson

Resides in Henderson at 63 Wyoming Street with wife Rae and daughter Esther. Daughter Alicia now at Northern Arizona University. Son Ed currently serving in United States Navy.

(paid by committee to Elect J. Smalley)

Paula Coroneros Wed Recently To Local Man Scott Perry

Paula Jean Coroneros became the bride of Scott Tyler Perry at services in St. Peter's Catholic Church on August 29.

The bride is the daughter of Mr. and Mrs. George Coroneros of Henderson. Scott is the son of Mr. and Mrs. Lloyd Perry also of Henderson.

Father Francis H. Lariz performed the double-ring ceremony. Mrs. Doug Struthers was organist for the evening rite in the church decked with white chrysanthemums and asters.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace with an organza cage, trimmed with scalloped Chantilly lace circling the hem and sweeping to a chapel train. The bodice formed from the empire waistline had short sleeves. Her shoulder-length illusion veil was held by a headpiece of tiered bows. The bridal bouquet was a cascade of purple asters surrounded by white poms.

Cathie Coroneros was maid of honor for her sister. She wore a floor-length, empire-waist gown of royal blue with matching pillbox headpiece.

Debbie Darrah, Doris Reese and Sandie Jones were bridesmaids. Their gowns and pillbox headpieces were in ice blue designed identical to the maid of honor's. The maid of honor and bridesmaids carried a cascade of purple asters.

Terry Zach was best man with John Christenson, Everett James and Alan Potter as ushers.

The reception was held at 1538 Boulder Highway. The three-tiered wedding cake was decorated in silver. Deep purple asters and white pom arrangements were placed on each side of the cake. Silver and white decorations carried out the theme. A buffet dinner was also served. Mesdames Debbie Weller, Dorothy Coroneros and Dolores Darrah presided over the serving. Pam Williams was in charge of the guest book.

The bride is a 1970 graduate of Basic High School. She is currently employed by Avis Rent-a-Car. The groom graduated from Basic High in 1969 and is presently employed by Avis Rent-a-Car.

After a honeymoon trip to Disneyland, the newlyweds are making their home in Henderson.

War Mothers Honor Mrs. Georgia Weese

The Henderson Chapter of the American War Mothers held graveside burial service for Georgia Weese, who had been a former president.

She was the sister-in-law of Katherine Weese also a member. Floral arrangement from the entire membership graced the casket as well as numerous beautiful tributes.

Olive Melton, president, opened the services by reading the scripture followed by a ritual from the vice president, Cordelia Nomenland. A prayer was given by the chaplain, Rhea Johnson. Poem by Ann Parker and the eulogy by past president, Irma Struthers, after which each placed a white carnation on the casket.

Officiating at the burial services at the Palm Mortuary, was the Rev. Don Frazier. Preceding this, the family and friends gathered at the home of her son, Gordon Weese, 422 Ilmenite. Mr. and Mrs. Erickson of Los Angeles attended the funeral. Mrs. Lulu Erickson is still a member of the Henderson Chapter, she was also a past state president.

BE WISE in the KITCHEN

For the Football Brunch Bunch

While their sports-mad husbands are glued to their television sets, more and more wives are turning Sunday afternoons into an occasion for the ladies to get together, and do their own thing. Sewing bees, needlepoint sessions and crewel work lessons all have their place—and give the girls something to do, instead of watching football.

Barbara Mahoney, the Wise Foods party advisor, beats the football blues by starting Sunday with brunch—scheduled early enough to let the men watch TV. It's an occasion that gets everyone together, without the strain of more formal entertaining. The best brunches are planned around a main course that's hot and tasty, yet light. Quiche Lorraine—cheese pie with an Alsatian accent—is one good idea. For a switch from cookbook standards, substitute Wise potato chips for flour in the crust, blending with butter until creamy-fine. If you don't already have your own favorite Quiche recipe, here's one from Mrs. Mahoney's files that you'll like.

WISE QUICHE LORRAINE

1 cup crushed Wise potato chips
1 Tbsp. butter
1 package Swiss cheese, diced
1 small onion, sliced in rings
1 egg
1 cup sour cream
Pinch of pepper

Make crust by blending butter with potato chip crumbs until mixture is crumbly-fine. Press into pie plate, covering sides and bottom. Cover bottom of crust with half the Swiss cheese. Arrange onion over the cheese. Add rest of cheese. Beat egg with sour cream until smooth. Add oregano and pepper. Pour over pie. Bake at 375° for 20 minutes, then at 425° for 10 minutes, until firm. Cut in wedges. Serves four.

Round out the day with tea and cakes for the ladies, plenty of drinks and chips with dips for the men. They'll munch away through the game—without your having to wait on them. With you to break the ice, and show how easy it is, you can start a trend among your friends—with a brunch party each week, at a different home. A nice way for the ladies to enjoy those sports-season Sundays, too!

Agony of the forty plus man

By DON HUNTER

You must try harder' the man at the unemployment office said. 'Otherwise you may be denied benefits.'

'But I am trying' I said. 'I have got five - or six - employment agencies working for me. I've written to a large number of companies. . . 'That doesn't count' he interrupted. 'You must show evidence that you are actively seeking work. Go round to

all the companies in this area who employ people in your profession.' Thus does the official mind work.

'There might be openings at a few companies, in the whole country, but they want younger people - recent college graduates.' It was like shooting peas at the rock of Gibraltar, he had an answer for everything. 'Discrimination by age is forbidden by law' countered the official. 'We do not consider that a

valid reason.'

The heck they don't! Go into that office, to the upstairs section, and look in to the few openings they do have. What does it say? 'Young.' 'Recent college graduate.' And then you can turn round and see the poster on the wall behind you telling you that age discrimination is forbidden!

How are people faring that are over forty? I ran into a couple recently, whose com-

ments appeared in the first article in this series.

'The situation is hopeless' said one of them. 'There isn't a thing going. I have been thinking about going into business for myself, repairing furniture. I have enough capital for this. I just might do that.'

The second person I ran into the Post Office here. 'I would have thought that you might have considered retirement,' I observed, as this particular individual isn't badly off.

'Retire? I have a boy in college, and a couple more on missions in South America. Sure I'm not hard up, but that is a pretty big drain on anybody's resources. No, I haven't found a thing - still looking.'

Both of these people are well over forty. What are the chances of a person of this kind finding work, under normal business conditions?

According to a book I read recently, of the several thousand middle-aged men who will lose their jobs this month, the prospective future breaks down like this:

- At the end of a year, 20 per cent will still be job hunting, and will be quite desperate.

-Twenty percent will have gone into business for themselves, or taken commission jobs such as selling insurance. Of these, few will succeed.

-Around a third will either have taken low-paying jobs, or will have taken and lost one, two or even three such jobs, and will be dissatisfied.

-About seven percent will have either a mental or physical breakdown, or commit suicide.

-Twenty percent will have obtained jobs as good as, or better than, those that they lost. Quite a few of these people will have been out of work for several months before getting that job.

Let me repeat, that is under normal business conditions. With a recession on, as at present, the chances of an average person obtaining suitable employment fall from twenty percent, to around five percent or even less. These facts may console those who are still looking.

However, I can tell you what the ideal requirements of business are. They want somebody 25 years old with 20 years experience. Thirty years experience would be even better, of course.

Of the people I know that were laid off, three have obtained employment; all were men younger than 40. Of these three, two obtained employment because they knew somebody high up in the organization, who could make an opening for them. That hardly constitutes a fair test.

The only thing that people over forty are qualified for is to run for political office. Seeing as neither of our two Senators or our Congressman give any indication that they are about to move over and make room, you can scrub that idea too.

Discrimination against people over forty is perhaps the most common form that exists today. The members of this group are constantly

charging, they are not organized, or concentrated in any one location. They don't belong to any one political party. They don't riot and make non-negotiable demands. Quite the reverse; with very few exceptions, such as myself, they make every effort to conceal their plight.

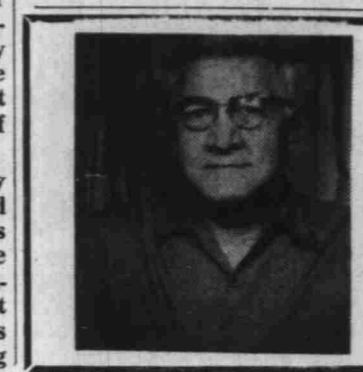

A job as good as the last one he held - not very good, and are decreasing, particularly today. This means that just as the average man gets to what should be his best earning years, he finds himself with reduced earning power, or none at all for a period.

In addition, he finds that the years he has put in with a company, which in previous times counted toward a pension upon retirement, are wasted. In future it will be increasingly common to find men who earned \$15,000, \$20,000, \$25,000 or even more a year reaching retirement age with nothing to live on but

Social Security. This is what I mean by the 'Security Gap.' A society that manages to litter its surroundings with throw-away products is deplorable. But one that also contrives to litter the road of life with throw-away people is intolerable.

CLARK COUNTY IS GANNON COUNTRY

Senator Howard Cannon knows and works for Clark County. With 12 years seniority, he has the strength to get results, fast and effectively.

* A key member of both the Senate Armed Forces and Space Committees, Howard Cannon has personally seen to it that the Nevada Test Site maintains its \$200 million-a-year budget despite nationwide defense cutbacks.

* Lake Mead is among Clark County's most beautiful and famous recreation centers. Senator Cannon has placed high priority on a continuing program of expansion and improvement of the Lake Mead Recreation Area. He was the first to act on the pollution threat and is working effectively to reverse the ecology threat to fishing and safe boating.

* A senior member of the Senate Armed Forces Committee, Howard Cannon has brought a pro-

gram of expansion to Nellis Air Force Base which will further increase the \$6 million monthly budget there.

* Our attractive new Federal Building in downtown Las Vegas is the result of Howard Cannon's personal fight for \$4.2 million to build this project.

* Because Howard Cannon has seniority and influence on the Senate Commerce Committee, he fought successfully for \$10.3 million last year to build new roads in Clark County.

Yes, Clark County is Cannon Country, because only Howard Cannon has the seniority and Senate influence to keep bringing Clark County her fair share of Nevada's projects, payroll and prosperity.

Basic Wolves Journey To White Pine For Sat. Game

After five setbacks, Basic's quest for its first victory looms much brighter this week-end as the Wolves journey to Ely to play White Pine.

White Pine has also had its frustrations during the past few weeks. They have man-

aged one victory in five starts. Material-wise both teams are evenly matched. The game should prove to be close and exciting.

Coach Blockovich indicates that the team will leave about noon Friday. The team is almost at full strength. Mike Taffer is still sidelined with his thumb injury but should be ready to go next week. His experience is missed

and will be needed in the two remaining games on the slate.

Basic's hopes rest upon the initiative engendered from practice sessions during the week. Indications are that each griddler is well aware of the importance of gaining self-satisfaction in having gone without the taste of winning this season. One successful attempt would surely bolster future anticipations of triumph.

Jayvees Tackle Spring Mtn. At Contest Sat. at Home

By BLAINE ECKMAN

Coach Dennis Rosch's forces, fresh from a 34-0 victory over Virgin Valley last week, meet this tough foe from Spring Mountain Saturday at 1 p.m. on Basic's turf. Spring Mountain soundly stomped Boulder's Jayvees last Saturday 52-6. Inasmuch as five TDs for Spring Mountain were called back for penalty infractions, one can plainly see Basic's work is cut out for them.

As seen by this writer, Spring Mountain should be the favorite by at least two to three touchdowns. Spring Mountain's troubles will be their lack of depth since they field such a small contingent of players. Basic can overwhelm them with fresh troops

ers pouring in and out of the line-up, as evidenced this year, our Jayvees have ample depth in most positions.

It is desirous of the coaching staff that the populace of Henderson turn out for the game since the varsity is out of town this week-end.

In last Saturday's game with Moapa, the Basic Jayvees scored a touchdown in the first quarter on a pass from Will Kemp to Frank Paonessa who ran 35 yards to score. Minutes later, Mike Kelley busted off the left tackle, spun away from two blockers and scored on a 40-yard run.

Before the end of the first quarter, Kemp, on a quarterback sneak, scored, giving Basic a 20-0 lead.

In the second half, Kemp threw a flat pass to Greg Yancy who ran 35 yards to a touchdown. Later in the third quarter, Basic blocked a Moapa punt and Andy Hafen fell on the ball in the end zone. Basic ended with a 34-0 win over the Valley boys.

Three key Chamber of Commerce members are shown endorsing the VOTE NO drive against annual sessions of the state legislature, which means voting on amendment 4 and 5 which will be on the November 3rd ballot. The local chamber took a stand on the matter and from left to right we show President Bob Oseland, secretary Ellen Shirley and Director Gene Francey. While this chamber voted to take a stand, Boulder City's chamber decided to brief members with both sides of the issue so they could individually take their own stand at the polls.

Planned Family Information Available Here

Family counseling, along with a number of other services, will be available in Henderson at the Neighborhood

council office and the Carver Park Recreation Center on Tuesdays.

Services are available at the Carver Park Recreation Center between 10 a.m. and noon, and at the Neighborhood Council office in Victory Village between 1 p.m. and 3 p.m.

26, 1920 at Laitrim County Ireland, and had lived here since 1955. She worked as a secretary for the Las Vegas Police Department.

Information can be received on such items as family planning, family counseling, venereal disease, birth control, pap smears, and others. For free transportation or in-

formation, call 648-3280.

THEATRE PROGRAMS

The script for Melvin Frank's hilarious "Buona Sera, Mrs. Campbell," which United Artists, an entertainment subsidiary of Transamerica Corp., is bringing to the Boulder Theatre Friday called for a lovable, sympathetic but somewhat conniving type feller.

For the role of Phil Newman, ex-GI corporal who returns to Italy to see his daughter by a wartime dalliance with the gorgeous Gina Lollobrigida, only to find two of his former wartime buddies on the scene as firm in their beliefs that they're the girl's daddy as he is!

Who to play it Phil Silvers, of course.

BALLAD OF CABLE HOGUE

A tale of desert survival, an off-beat love story, a human comedy with dramatic overtones — each is an apt description for Warner Bros' "The Ballad of Cable Hogue," opening at the Boulder Theatre next Monday.

Jason Robards, as the flinty desert rat, Stella Stevens and David Warner are the cast's headliners.

The color film was photographed in Nevada and Arizona.

WATER TO VEGAS LAW IT COST \$81 MILLION

Mid-1971 Colorado River water delivery to the Las Vegas Valley was virtually assured by the signing into law of the Public Works Appropriations bill last Wednesday, Nevada Sen. Howard W. Cannon said this week.

The money bill included \$18 million for the Southern Nevada Water Project. Final construction contracts completing the first phase of the project were let last March. Only minor work will remain to be done after water starts flowing in mid-summer, Cannon said.

The \$81 million pumping and pipeline project is designed to provide adequate Lake Mead water in Southern Nevada through the year 2020.

STUDENTS WHO SEEK WICHE PROGRAM MUST APPLY NOW

Students expecting to enter out-of-state professional schools in the 13 western states under the WICHE program next year should apply for Nevada residence certification immediately to Neil Humphrey, Certifying Officer, Nevada WICHE Commission, 300 Arlington Towers, Reno, Nev. 89101.

Some 27 Nevada students will begin professional studies at schools of medicine, dentistry, veterinary medicine, dental hygiene, and physical therapy in other western states under a special low-tuition plan, according to a preliminary report by the Western Interstate Commission for Higher

Education (WICHE). Dr. Juanita Greer White, of Boulder City, who is a member of the WICHE executive committee states that these new students would bring the total exchange students to 83. "Under the WICHE Student Exchange Program," Dr. White explained, "western schools of medicine, dentistry, dental hygiene, physical therapy, optometry, occupational therapy, and veterinary medicine admit qualified students from states without professional schools in these fields by contracting through the WICHE office in Boulder, Colorado.

"As a sending state, Nevada certifies that the student

is an eligible resident," continued Dr. White. "If he is accepted by a state university, he pays the regular tuition charged by the school to residents of its own state. Private institutions in the program charge a substantially reduced tuition. Nevada then pays the school a fee which helps cover its out-of-pocket cost in educating the exchange student."

The majority of Nevada's WICHE exchange students in all fields are attending professional schools in California, but a number of them are studying at state universities in Arizona, Colorado, New Mexico, Oregon, Utah, and Wyoming.

The approximate number of WICHE exchange students from all 13 western states is 703.

"The student pays lower tuition. The sending states are able to provide training for their future professionals. And the schools gain by receiving direct payments to help cover the actual cost of educating the student."

Dr. Thomas T. Tucker, of Reno, and Fred M. Anderson, M.D., of Reno, are Ne-

vada's other WICHE commissioners. Both Dr. Anderson and Dr. White are regents, University of Nevada. The Western Interstate Commission for Higher Education is a public agency supported by the 13 western states. Its primary responsibility is to help the states improve their higher education programs through regional cooperation.

GYMKHANA AND SHOW SET OCT. 31

The B.C. Horseman's Association will stage a Horse Show and Gymkhana, approved by the American and Nevada Horse Show Associations, on Oct. 31 and Nov. 1. The two day event will be judged by Don Burt of Portuguese Bend, Calif., who is one of the most respected horsemen in the nation. In addition to judging major shows, Burt writes a monthly article for one of the widely-read national horsemen's magazines.

Major Robert Merly of Las Vegas will be AHSA and NSHA steward and Tim Hafen will announce. Entries close Oct. 28 with post entries accepted with a penalty payment. Over 500

Completes Jet Training

Navy Ensign Douglas A. Bader, son of Mrs. Verloree Bader of 624 Avenue C, Boulder City, completed the Basic Jet Training Course at Forrest Sherman Field, Naval Air Station, Pensacola, Fla.

Having accomplished four arrested carrier landings and four catapult take-offs from the deck of the aircraft carrier USS Intrepid in the Gulf of Mexico, he will now attend advanced training at Corpus Christi, Tex.

Entries have been mailed to Association members, but interested entrants who have not received a copy should contact Charlesetta Smoot, 668 Ave. I, Boulder City, Nevada 89005 or call 293-1217.

My sincere thanks for your fine support in the primary election. I certainly need you again Nov. 3 and please tell your friends!

Boy Scouts of So. Nevada To Learn About Pollution Through Project SOAR

Representatives of government agencies and organizations dealing with the environment will be called together to help map out a massive Boy Scout action and educational program to combat pollution in southern Nevada.

The action to bring together environmental leaders in southern Nevada will represent the first step in launching Project SOAR (Save Our American Resources), according to State Sen. Chic Hecht, project chairman for the Boulder Dam Area Council of Boy Scouts.

"We hope to involve all Clark County explorers, boy scouts and cub scouts in this nationwide program that involves both citizenship training and actual participation in preserving our environment," Sen. Hecht said.

Hecht has already requested the local, state and federal officials and others in civic clubs involved in pollution control in developing ideas for the project.

A breakfast has been scheduled in early November to allow scout officials and others to outline ways in which local scouts can work on projects to protect the environment.

"I have high hopes that this boy power can be called on to plant trees, protect topsoil, pick up tons of trash and actively combat environmental pollution," Sen. Hecht said. "More important, I hope Project SOAR can become a primary educational experience to teach our youth an understanding of the ecology of life."

Local agencies offer both a reservoir of knowledge in how boys can help combat pollution plus real opportunities for both tours and actual participation in conservation and "Good Turn" projects, Sen. Hecht said.

"The environment in southern Nevada is threatened on every side," Sen. Hecht said. "The threats range from bark beetle damage to

trees on Mount Charleston to pollution of Lake Mead. These young people deserve a chance to both understand and take part in combatting these threats."

The thrust of the program will be aimed at action and learning rather than "finger-pointing," Sen. Hecht said.

"Cleaning up our environment calls for total mobilization and involves governments at every level with the help of every citizen," Sen. Hecht said. "It cannot be a matter of sitting back and blaming someone else or leaving the job to a few hundred leaders."

Project SOAR will present every scout with one of those rare situations in which each individual will have an opportunity to make a special contribution to his community and country, Sen. Hecht said.

ARTIE CANNON (standing, third from left) Past President of Henderson Toastmistress Club, was coordinator for an officers training seminar held at the Aladdin Hotel in Las Vegas recently. This was the first such seminar ever held in Nevada by the Golden Desert Region of International Toastmistress Clubs. Regional Officers in attendance from Southern California (from left, standing) Supervisor Audrey McGregor from LaCrescenta, asst. sup. Alice McBrayer from Monterey Park, and Past Supervisor Mary Lee Ton from Inglewood. Seated (from left) are Treasurer Freda Van Fleet from LA and secretary Margaret Rodgers from Santa Monica.

COUNTRY STORE
This is your last chance to take items to the Country Store storeroom, which will be open today and Friday from 9 to 11 a.m. and Saturday from 9 a.m. to 3 p.m. Country Store will be next Thursday, Oct. 22, from 9 a.m. to 8 p.m. and Friday, Oct. 23, from 9 a.m. to 1 p.m. Thursday you can start the day at the bakery, which

sells out very fast, then have lunch which will be served from 11 a.m. to 1 p.m. and end the day with a delicious bar-b-que dinner served from 5 to 7 p.m.

UNICEF helps children in 112 developing nations. To improve their lives it provides equipment to schools and training grants to teachers. More schools and teachers are urgently needed. Support UNICEF's work!

SKIERS BANNED FROM 2 AREAS AT LAKE MEAD

Two areas of Lake Mead have been closed to water skiing for public safety. A closure order signed by Acting Supt. Richard Moeller specifies that the east side of Swallow Cove and the north portion of Sandy Cove (Nevada) will be closed to water skiing until further notice.

Because of the multiple water uses in the two areas, it was necessary that the National Park Service restrict water skiing for the protection of swimmers and other water recreationists. Signs and navigational buoys will be used to delineate the closed areas.

REBEKAHS PLAN XMAS STOCKINGS

Thelma Wood was hostess to the October meeting of the Past Noble Grands' Club recently.

Discussion was held on whether to invite the Las Vegas PNG Club to the November meeting, since it is to be in Las Vegas.

Kittie Kivett volunteered to buy flannel and make 20 stockings to be filled for the boys and girls at the state Children's Home, at Christmas. Rebekahs are urged to contribute gifts for the project.

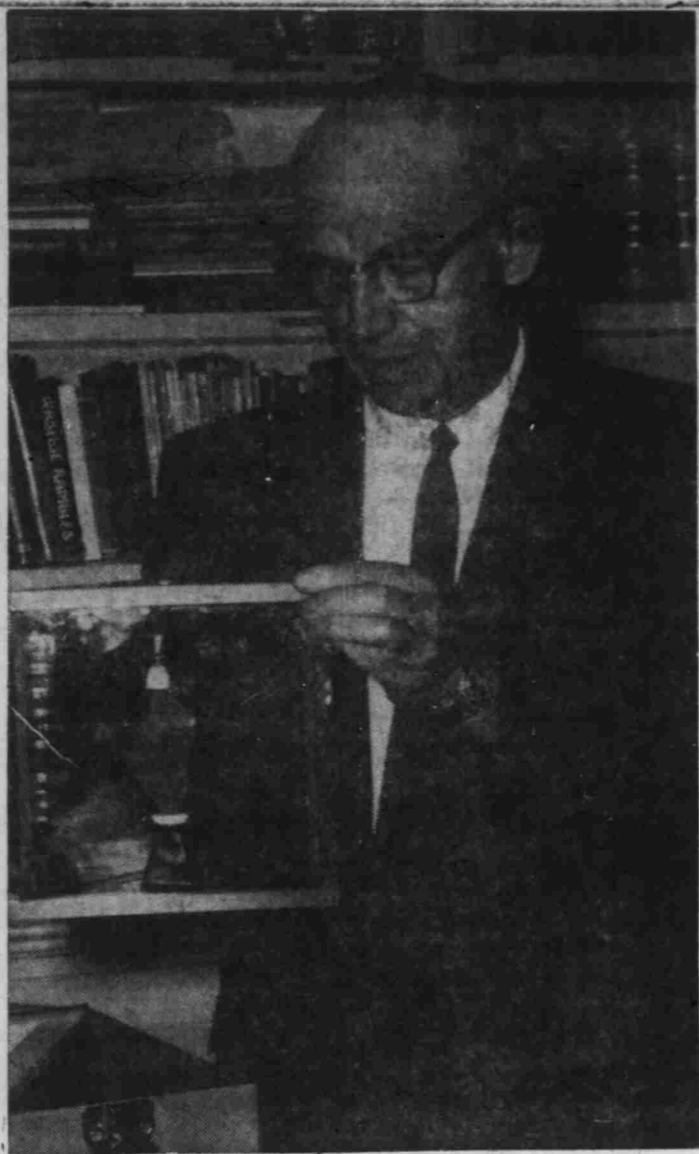

Esther Shipp read a prize-winning poem, "Why I am a Rebekah," by Vesta Cain of Wisconsin, one of the youngest Rebekahs in the United States.

Gertrude Klanderud showed two authentic primitive penny wooden dolls, made in Germany before World War I, which have been stored in an old barn since 1914. She told their history.

Game prizes were won by Lola Jensen, Clara Turner, Esther Shipp, Florence Courtney, Kittie Kivett and Gertrude Klanderud.

4-H MEETING

The boys and girls of the B.C. 4-H Club will hold a Community Club meeting at 7 p.m. in the basement of Grace Community Church Oct. 19. Officers will be installed and Mrs. Vickie Newell, extension aide, will show films. Parents are invited to attend.

Broadbent Puts His 17 Years in Public Life Against Reid Inexperience

Lt. Gov. Candidate Bob Broadbent this week challenged his opponent to "show the people of Nevada by virtue of your experience and maturity that you are qualified to serve them as a state-wide leader."

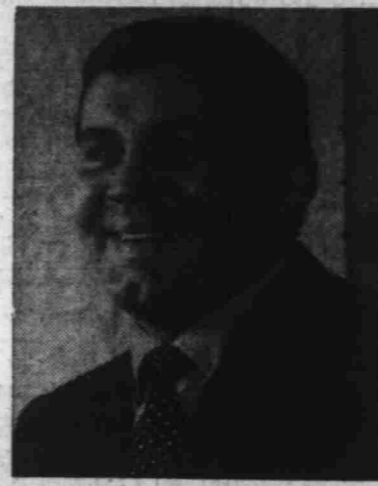

The challenge was leveled during a debate held between the two candidates before the Reno Press Club.

Broadbent pointed to his 17 years in public life as qualifications for the office of Lieutenant Governor.

"I believe the decisions which must be made regarding government's role in our society require maturity and experience," Broadbent said. "I filed for the office of Lieutenant Governor because I feel my 17 years in public life have given me the experience to serve in this capacity."

During the debate Reid challenged Broadbent on his support several years ago of Democrat Ralph Denton, a

candidate for Congress. Broadbent said he did support Denton, who is a long-time friend and neighbor in Boulder City. "There are circumstances in public life which sometimes are more important than partisan politics," Broadbent said. "Personal friendships and convictions are among those. If I didn't feel that most Nevadans agreed with me, I wouldn't have filed for office on the Republican ticket in a Democrat state. In fact, I hoped the voters realize many of the issues in this campaign transcend party politics."

MOON ROCK is prepared for a two-month display at the Nevada State Museum in Carson City by Museum Director James W. Calhoun. The black, lava-like rock measuring about 3 by 1 1/2 in size and weighing 55 ounces, was brought back to earth from the moon on the historic Apollo 12 moon mission last November. It will be on display in a special exhibit in the Nevada Room of the museum until November 30.

Mexico's Grand Canyon

By EARL ELEZAR HARRIS
A Boulder Resident

The Colorado River and the benefits and blessings it has brought to our part of the country is a fertile topic for Westerners to dwell upon. With Hoover Dam and Lake Mead near at hand, we of this area are especially blessed.

Up-river the Grand Canyon is a unique natural, awe-inspiring drawing attraction. From all over the world, people come to behold its grandeur, and it along with Hoover Dam and Lake Mead are the greatest tourist attractions in the United States.

It may be surprising to some to learn that Mexico

has a worthy rival to the Grand Canyon. Part of Mexico's canyon has never been explored, and has not received the attention that our canyon has. It is to be explored thoroughly this fall by a joint United States - Mexico team. Extending some 200 miles, from the state of Durango to the state of Nayarit, the canyon of the Rio Mezquital and Rio San Pedro is about the same length as the Grand Canyon. And its depth of 8,000 feet in some places is more than twice that of the Grand Canyon.

Sponsored by the Club de Exploraciones by Deportes Acuaticos de Mexico, the Mexican explorers organiza-

tion, the expedition will sweep down the entire, tortuous length of the chasm. United States scientists, representing seven organizations, will also take part in the program.

Because of the extreme roughness of the terrain and the depth and length of the canyon, the project will be one of the most extensive and difficult explorations in recent history.

The beauties of nature are forever being revealed, and uncovering wonders for humans to be awed and amazed over.

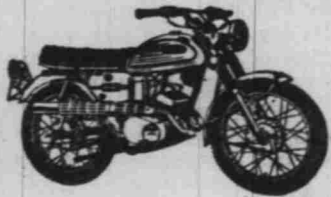

SCHOOL ENROLLMENT

A survey of school enrollment at all levels from nursery school through college will be conducted in this area by interviewers of the Bureau of the Census during next week.

Local interviewing will be part of a nationwide effort made annually to measure the Nation's school and college population. A similar survey in October 1969 showed total enrollment to be 59.9 million persons — 33.8 million in elementary school, 14.6 million in secondary school, 3.3 million in kindergarten, 860,000 in nursery school, and 7.4 million in college.

The survey will be made along with the monthly national survey of employment and unemployment for the Bureau of Labor Statistics of the U.S. Department of Labor.

MORRY ZENOFF PUBLICATIONS

IT'S IN THE BAG!

By Martha Moore
The problems of litter mean a lot to America's 1.4 million acres of municipal and county parks and playgrounds, 5.7 million acres of state parks, and more than 750 million acres of public lands managed by federal agencies. For our mountains, beaches, forests and rangelands are now marred by trash that costs the public \$500 million annually to remove.

The makers of "Glad" Disposable Trash Bags join the Bureau of Land Management to suggest that you take the following suggestions "literally."
—To get a grip on your camping or hiking trip, pack food staples in plastic bags to eliminate the weight and bulk of boxes and cans. Your load will be lighter, and there will be no empty cans to carry about.

—Take along a supply of plastic bags for a quick and easy clean-up after picnics.
—Pitch in to leave your campsite or picnic area in better condition than you found it for the next visitor.

—When you travel by car, foster an enlightened policy on litter by always carrying a plastic bag. They are useful for holding trash and for keeping up with children's crayons and toys and games.

—Never discard trash or garbage in a park or wilderness area. Bring it back to civilization and put it in the nearest garbage can.

LOS ANGELES "RAMS" IN LAS VEGAS FOR FREE FOOTBALL CLINIC NEXT MONDAY!

Tom Wiesner announced today that five of the Los Angeles "Rams" will be in Las Vegas for a free football clinic, at Cashman field, October 19 from 3:30 to 5 p.m. The free clinic is being sponsored by Wiesner's tire and automotive centers.

The clinic is for all Pop Warner, high school and college players and any interested adults. The "Rams" will give group and individualized instruction on how to play various positions. Pop Warner players should be accompanied by a parent or adult.

All Pop Warner high school and college players and the general public is invited to have their picture taken with a Los Angeles "Ram" following the clinic at one of Wiesner's tire and automotive centers, 1608 E. Charleston and 1430 S. Main. Players and photographers will be available from 6 to 8 p.m.

The water used by 90 percent if the population in the developing world is either unsafe or inadequate, or both. UNICEF projects help provide abundant, unpolluted water.

Larry Farnsworth Asks Voters to Back Wiesner For County Commissioner

Larry Farnsworth, well known business and community leader and a former county commission candidate, this week endorsed Steve Rainbolt's endorsement of Republican county commission candidate Tom Wiesner.

Wiesner." Farnsworth was formerly a director of the Las Vegas Valley Water District, a well known Boy Scout executive and president of the Southern Nevada Water Pollution Board. "I am certain that Tom Wiesner will restore honesty, integrity and sound business policy that is sorely needed if we are once again to gain public confidence in county government.

Now—League of Women Voters Get Into Air Pollution Act; Seek Petition . . . Statewide

The Nevada League of Women Voters announced this week the launching of a statewide petition drive urging the State Board of Health to adopt strong statewide air pollution control regulations. The Board will consider the proposed regulations at public hearings Oct. 20 in Las Vegas.

said, "Industry has asked for standards and the state has an obligation to respond positively to this request."

Wiesner, owner of a Las Vegas tire and automotive center, is seeking the seat currently held by Darwin Lamb. Farnsworth said, "Wiesner's election would finally call a halt to special favors, conflicts of interest and the administration of county government by a small self-serving group that has used public office to advance its own ends." "Many of these same conflicts of interest existed at the time I ran for county commissioner four years ago," Farnsworth continued.

MUSEUM OFFERS
FIGURINE SCULPTURE
A class in the basic techniques of figurine sculpture will be presented by the Southern Nevada Museum starting Nov. 6.
Tharol Lefler, who holds a Master's degree from Northern Arizona University and who has taught in Henderson for 7 years, will conduct the course.

When you're not like yourself, Lydia Pinkham understands
All of a sudden you might feel you're changing—not a good feeling. You're tired, edgy, out of sorts and that's not you. Lydia Pinkham understands.
A long time ago, when ladies couldn't be as frank as we can today, Lydia Pinkham recognized the problem and set about finding a remedy. She knew it was not natural for women to have to suffer with what was obviously a natural process.
So she turned to nature for a remedy. She developed a marvelous compound of medicinal roots and herbs that turned the trick for the woman she knew. Because it is a natural answer to your natural problems, it can turn the trick for you, too.
Try Lydia Pinkham's root and herb remedy to help you feel better, more like yourself.

Basic High School Happenings

By ROBIN GIBSON
A week from today will be the first vocal music concert of the 1970-71 school year with Patriotism as the theme. Ross Cooke, Speech and Debate teacher at Basic, along with a few members of

the choir, has written an original script for the concert, tying together all of the songs that will be sung. The script will be narrated throughout the concert.

Under the direction of Diana Tomlinson, vocal music teacher, the Bel Canto Choir will open the concert with "Cry Out." Following the opening number, the choir will sing "America, the Beautiful," "Oh Soldier," "When Johnny Comes Marching Home" and "Give Me Your Tired, Your Poor." The Madrigals will then sing a few lighter tunes — "I Say Adieu," "Oh Eyes of My Beloved" and "They Call the Wind Maria."

The closing number will also be performed by the Madrigals — "Pool Lil."

The Basic Girl's Volley Ball Teams (Varsity and J.V.) have already played three matches each.

The Varsity's first match Western's Varsity and we beat them, winning two out of three games. (Three games to a match.)

Their second match was with Valley's J.V. team. Basic took this match also by two of three games.

Basic Varsity defeated Valley's Varsity in their third match of the season by winning two of three games.

The J.V. team won their first game of the season against the Gorman J.V. making their record one and two.

The G.A.A. and the Cheerleaders are sponsoring a Pancake Day, October 31 in the M.P. room.

Starting at 7:30 a.m. there will be all the pancakes you can eat for \$1 until 6:30 p.m.

Eva Black, Marla Erling and Juanita Marshall will compete for honors at the Southern Nevada Regional Junior Miss Pageant October 17 at this year's Las Vegas Jay-tee Fair.

The girls hope to become

eligible for the state Junior Miss Pageant which would qualify them for the nationally televised contest.

Congratulations to Frank House and Dawn Stevens who placed third and received trophies for Duet Acting at the Valley Drama Meet.

The Drama Club, which produced our two trophy winners, has elected as its officers president Jan Stearman, vice-president Dawn Stevens, secretary Carol Stapleton, treasurer Dan Hazeltine, reporter Steve Evans, historian Marla Erling, and program chairman Frank House.

The Interact Club has also elected its officers. They are Pres. Tom Walters; vice-pres. Randy Musgrave; sec. Gary Watson; treas. Charlie Fansher, and board of directors Talbot Nelson, Richard Sprenkle, Albert Lane, and Lefty Hoentsch.

The club is sponsored by the Rotary Club. The Interact members meet at the Eldorado Club for meetings every other Wednesday night at 7:30.

The purpose of the club is to help the community.

New officers of the Biology Club are Jay Henderson, president; Roger Valentine, vice-president; Denise Wood, secretary - treasurer.

The club (consisting mostly of Sophomore biology students) is planning to take many field trips among other activities for this year.

This year's Safety Council officers are president Sandy VonRoe, vice-president Jan Augspurger, treasurer Sandy Ford, and sergeant-at-arms Chris Augspurger.

The club has planned a program on safety for the three elementary in Henderson October 29. The members will speak on bicycle safety and Halloween safety.

Their project for November will be to check each of the cars in the Basic parking lot for car safety.

In December a chosen few of the members will have the opportunity to attend the State Safety Council in Reno.

Last Tuesday the Spanish Club held a meeting to elect new officers: President Debbie Ness; vice-president Jeff Sullivan; Secretary Robin Gibson; treasurer Kim Meacham and program chairman Carol Stapleton.

Tomorrow morning the Basic Wolves football team will leave for Ely, Nevada, where they will play against the White Pine Bobcats. The team will spend Friday night in Ely and play Saturday at 1 in the afternoon.

The J.V. football team will play against the Spring Mountain Youth Camp team this Saturday at 1:30 p.m. on the Basic field.

About 15 million people suffer from tuberculosis. For 25 cents, UNICEF provides the BCG vaccine to protect 25 children from that disease.

What's my message?

Henderson HOME NEW, Henderson, Nevada
Thursday, October 15, 1970

Less cash, more carry.

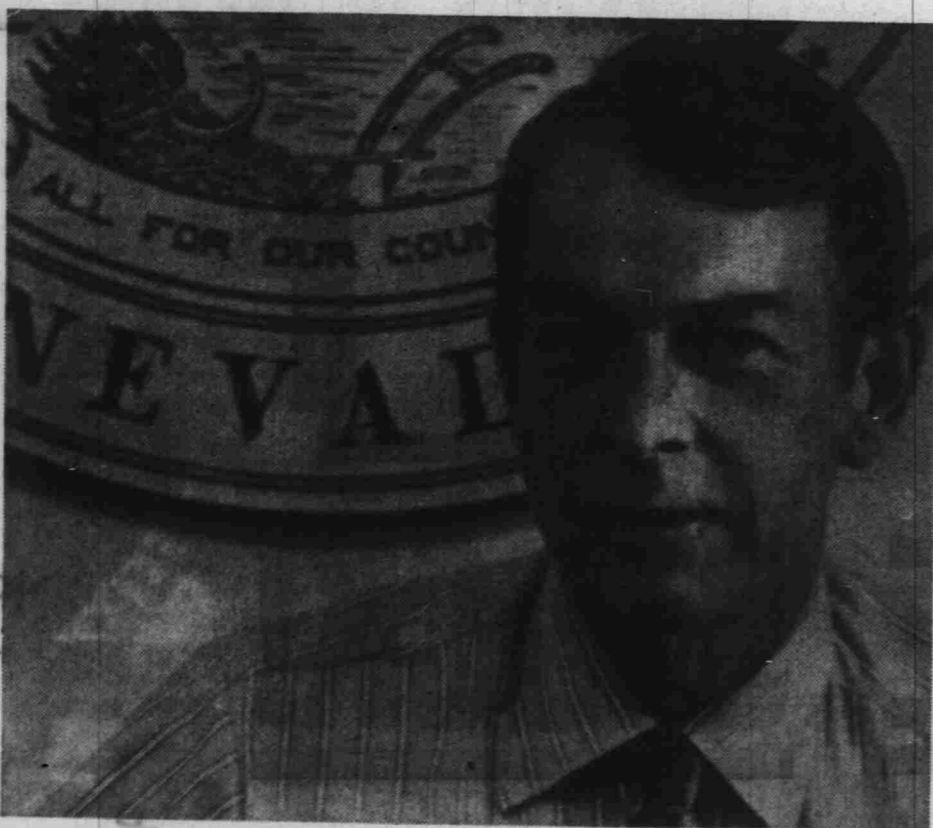

Consider the Jim Beam half gallon:
(1) The World's Finest Bourbon Since 1795 costs less per drink.
(2) There's a handle on it. Easy to carry, easy to pour.
(3) There's less chance of running out; less need to run out for more. A sensible way to enjoy the Bourbon that has been a family art since 1795.

86 Proof Kentucky Straight Bourbon Whiskey Distilled And Bottled By The James B. Beam Distilling Co., Clermont, Beam, Kentucky

Here Is How It Works

SIMPLE AND EASY

Save all your invoices, sales checks or proof of purchase from participating businesses. When these total \$50.00 have them validated at either Boulder City Branch of the Bank of Nevada or Valley Bank of Nevada, Boulder City.

For each \$50.00 worth, the Bank will issue you one ticket for the drawing. Fill out tickets and drop in basket located in Bank. Then cross fingers.

RULES

DATES - October 8, 1970 to closing of Banks on December 18, 1970.

Drawing to be held at Reclamation Park on December 19, 1970 at 3 PM.

Open to all who patronize the participating businesses.

The Winner must be 21 years of age or over.

The Winner need not be present to Win.

The principals of the participating businesses cannot use their own proof of purchase for validation to receive tickets.

The Boulder City Chamber of Commerce or its Committees are not responsible for taxes, license, insurance, transportation cost or any other expenses except those particularly contracted for.

The Governor Himself Will Attend Rally Here

A gigantic political rally in which the governor himself will be here — as well as candidates Ed Fike, Bob Broadbent, Bill Raggio and Robert List — will be staged for the entire Henderson-Boulder public Sunday October 25 from 4 to 6 p.m. at the Rainbow Club, it was announced last night by the So. Nevada Unified Government Election Committee.

Open House Planned For Couple to Be Wed. Oct. 31

Mr. and Mrs. Kerineth Pawlitz of Centerline, Michigan announce the engagement and forthcoming marriage of their daughter, Cynthia Lou Lange, 18, to Gene Edward Johnson, 21, son of Mr. and Mrs. Gilbert Johnson of Henderson.

The bride-to-be attended Park Village Elementary School when she lived in Henderson. She graduated June 10, 1970 from Centerline High School, Centerline, (a suburb of Detroit, Michigan). In high school she was an honor student, a student council representative and a Junior Prom attendant. She is active in the Presbyterian Church there and a Sunday School teacher. Presently, she is employed by Automotive Moulding in Centerline.

Gene attended all his school years in Henderson and graduated from Basic High in 1968. He was on the wrestling team during his sophomore and junior years. During his last two years of high school, Gene was manager of the Fremont Theatre. He joined the U.S. Marine Corps June 1968 and subsequently was stationed in Viet Nam for a year. At present he is a military police at the El Toro Marine Base in Santa Ana, California. Gene is an active member of the Church of the Nazarene.

The wedding for this couple has been set for 8 p.m. on October 30. Following the wedding, they will reside in Sanata Ana until Gene is discharged from the active Marines June, 1971. During the three years to follow his reserve duty, Gene plans to at-

tend the University of Nevada, Las Vegas.

Mr. and Mrs. Gilbert Johnson are planning an open house at their residence at 307 Regina Way, Henderson, on October 28 from 2 to 8 p.m. Friends and relatives are invited to come meet Cindy at this event before the wedding.

UTAH DAUGHTERS TO MEET TODAY

A meeting of the Daughters of Utah Pioneers will be held today at 1 p.m. at the home of Dr. and Mrs. Harold Miller on Desert Rose Drive.

All eligible ladies are invited to attend.

LDS THIRD WARD SETS BAZAAR

"An old fashioned bazaar," featuring many home sewn articles, a ham dinner, and bake sale, will be held Friday, Oct. 30, by the LDS Third Ward Relief Society, according to Lorna Kesterson, president.

The bazaar will begin at 5 p.m. at the Cholla street church, and dinner will be served at 5:30 p.m.

Over 400 million persons suffer from trachoma. For 5 cents the United Nations Children's Fund can provide antibiotic ointment to save one of them from blindness.

CANCER'S WARNING SIGNALS

- 1 Unusual bleeding or discharge
- 2 A lump or thickening in the breast or elsewhere
- 3 A sore that does not heal
- 4 Change in bowel or bladder habits
- 5 Hoarseness or cough
- 6 Indigestion or difficulty in swallowing
- 7 Change in a wart or mole

These signals do not usually mean cancer, but they are warnings; if one lasts more than two weeks, it is important to go to your doctor.

CONCERNS AND CHALLENGES IN THE NEWS

By Vanl Neff

It's bad enough to hear underground rumors that the Reds have underwritten a major part of the cost of SDS riots, but to know that almost \$200,000 of our own federal government moneys and almost \$100,000 in Carnegie Foundation funds were allegedly paid to behind-the-scenes organizers of the infamous Chicago riots is almost beyond belief. These damaging facts were revealed by the Illinois Crime Investigating Commission's report on the Chicago bloodbath. Interesting? That's your tax money, and mine!

Hot questions: How did the Vietcong get their hands on \$7 million worth of scorched \$100 American bills? And who is bringing them back into the United States and cashing them in? And will the U. S. Treasury Department let the public know all the facts on this burning issue once its investigation is completed? With suspicious smoke like this emanating from a situation, there must be quite a fiery story behind it.

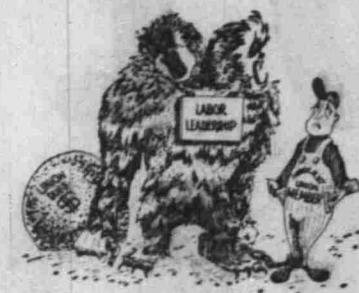

The news carried the story of two dissident priests who broke into the draft board, seized and burned Selective Service records. The "hard hat" whom I interviewed wanted to know that if he disagrees with the principles of the Catholic Church is he equally privileged to break in, seize, and burn its property?

Studying is "out" in India. Cheating is "in." One university student brought a vicious dog along to the exams to protect him as he copied the answers, word by word, from his crib notes. Other students knifed and beat to death a professor who attempted to stop them from cheating. While a university education spells the difference between a well-paying job and a pauper's existence in India, is it worth taking a life? These over-zealous students may get A in Anthropology or Genetics, but I'd give them failing marks in Humanity and Intelligence.

Today's businesses are designed to function in cooperation with the unions. This is an essential fact of workaday life. Originally, unions were conceived to help further the employees' interests, and they did a commendable job. But look at their recent pattern of behavior and you will see that they have become self-important, all-powerful and dictatorial. Much of their efforts and actions benefit the union bosses and their poli-

tical cronies, to the detriment of the average working man.

Take, for instance, the detestable "card check" system. It has long been a bugaboo to the employee because through it, he may unwittingly find himself represented by a union he never wanted in the first place, and in fact, probably never knew he was being coerced into joining.

What happens is, that instead of having the men freely and fearlessly vote for the union through a bona fide secret ballot, the union organizers high-pressure employees into signing cards which they are led to believe signify merely a request for a union election — not a union shop. As long as 51% of the men sign the "authorization" cards, the union can get in like Flynn — regardless of how fraudulently the majority concordance was obtained!

The victim doesn't sign just himself into the union. The way things are set up, he signs his allegiance, his work life, and a healthy cut of his salary which is clipped from his paycheck for union dues. Who permits this "card check" practice? The labor laws of our country, which are administered by the National Labor Relations Board, say it's O.K. And everyone knows the pro-union prejudices of the NLRB! The card check is just one more way that the unions pull the wool over the workers' eyes — telling them one thing, but meaning another.

There is no easy answer. Perhaps the first step toward a fair and equitable solution to the problem is swift and decisive labor law reform. If you agree, why not write to your Congressman and tell him that you think democracy ought to work for everyone in the country — the unions, the company managements, and above all, for the average "middle American"

There is at least one Iron Curtain nation where the people maintain their own spark and spirit of independence in spite of Red Russian domination — Ru-

mania. Is this indicative of a hopeful future for other enslaved countries?

While I fully realize that children's reading matter has come a long way from the relatively tame "Mother Goose" and "Grimm's Fairy Tales" of my childhood, I was distressed to discover that the venerable Smithsonian Institution was suggesting a book list for youngsters whose authors' leftish political views would make the Brothers Grimms' hair stand on end. The list includes works by such activists as Stokely Carmichael (rabble-rouser with a twelve times arrest record), Eldridge Cleaver (convicted rapist and escapee), H. Rap Brown (exhibitionist black revolutionary and Castro-follower) and others of that liberal stripe. Will Chief Justice Warren Burger, Vice President Agnew and the Ford Foundation — all of whom lend a hand to the Smithsonian — please check into this subtle corruption of Americans too young to know the difference?

Have you ever considered what pacifist Swedish Premier Olof Palme would say if Russia invaded Finland again or perhaps parts of Sweden? You're correct in assuming that this invasion, in his eyes, would probably be far different from the Communists' overrunning of South Vietnam. In the Scandinavian countries, the Premier and others would plead for world help. In Southeast Asia, the liberal attitude seems to be "Hands off, world — let the Communists do as they please!" This is not merely idle speculation. Recently, I was advised that the United States ought to pull her military forces out of Asia and keep them in Europe instead, where they are wanted and needed, and where the U.S.A. has "friends". With a "friend" like the prickly Prime Minister, who needs enemies?

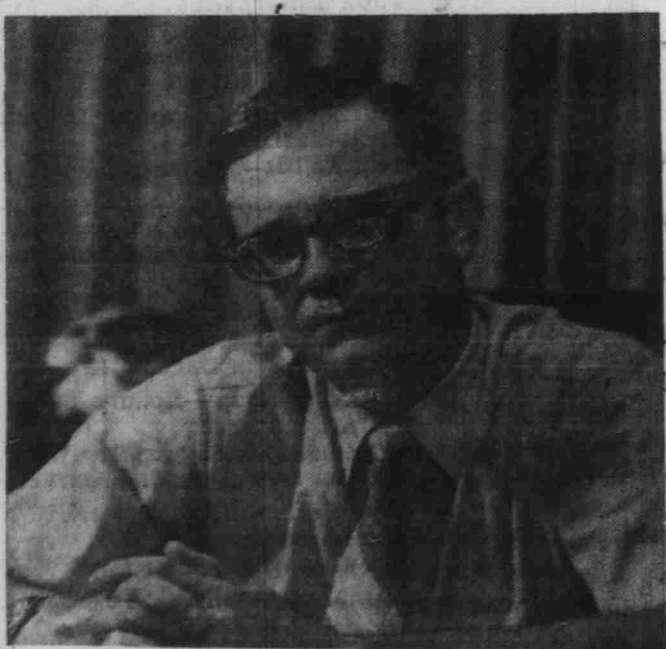

It doesn't take much guesswork to count the high cost of all those bombings and disturbances in cities and on campuses. But would you believe close to \$600,000 worth of damage at Stanford University alone? And rough estimates of the losses caused by left-wing disturbances throughout the country are conservatively pegged at around \$30 million. I wonder just how permissive the free-thinking, bomb-crazed "permissive society" would be if their own property were damaged by others!

Card of Thanks

We wish to extend our heartfelt thanks and appreciation for the many kindnesses extended to us by our friends, our neighbors and relatives during our recent bereavement of our beloved husband and father Martin J. Kerkuta.

The Kerkuta Family

DEAR MR. and MRS. HENDERSON

I ASK FOR YOUR VOTE TO LET ME SERVE YOU AS YOUR LT. GOVERNOR OF NEVADA
... BECAUSE MY 17 YEARS IN PUBLIC SERVICE GIVES ME THE EXPERIENCE THAT MY
OPPONENT DOES NOT HAVE ...

Thank You,

BOB BROADBENT

Are you a mut-nut?

By DON HUNTER
The idea for this particular article was generated some time ago when a former neighbor of mine, that I was talking to, broke off the conversation to pick up a stone and hurl it at a dog that was standing in the street yapping at nobody in particular.

'You shouldn't do that,' I expostulated, 'he didn't attack you!' 'Damn dogs!' he snapped. 'I'd like to kill every one in town! Ever work on graveyard shift — then try and sleep? Yesterday I hardly got any sleep at all, and that one' — indicating the mutt at which he had thrown the stone — 'is the worst of them all!'

Later I found out that this particular hound was cherished by its owner as a watchdog! It seems that some people have curious notions about what constitutes a watchdog, so having owned one for over twelve years, I would like to offer some suggestions on the training and use of a watchdog.

First of all, consider the size and temperament of your proposed pooch. Your object in owning a watchdog is to protect your property, not to enrich the dogfood companies. For this purpose a small dog will do the job just as well as a large one. Granted that there are instances, such as women living alone, when a German Shepherd who is handy with his teeth is indicated.

The temperament of a dog is most important for a watchdog. Acquire a fox terrier, and he will be the bane of your life, because terriers will explode at the slightest excuse. Poodles too are apt to react the same way. Hence the first requirement is to have a reasonably placid pooch.

Oh, you may on occasion wish you had a dog that would convert that bratty kid next door into cube steak,

but bear in mind that if you did succeed in this, it would be the most expensive cut of meat on ever bought. Which is another reason for getting a small dog, who is less apt to do this.

Now, having got your dog, the next thing is to train him. For a watchdog, the requirement is that he should bark only at strangers on your property. A dog which yaps because other dogs bark at friends, because he sees someone in the street, or simply because he is bored, is useless as a watchdog. In my opinion, such a dog is worse than useless, because the time when he did bark at a stranger, how would you know?

On the other hand, a dog which doesn't bark at a stranger is likewise useless. I can remember one time when visiting a house, where the dog, who had never seen me before, jumped up, wagged his tail, and came over to be petted. And not a sound out of him. This was a watchdog? What was he watching for — cats?

I have a word for those people who can see nothing wrong with their dog, no matter what he does. I call them 'Mutt-nuts.' Are YOU a mutt-nut? If so, read on — I may enlighten you.

If you have to be away from your house during the daytime, for a short time, leave your dog inside the house — with access to every room. This is important, because there have been cases where a dog was confined to one room, and thieves were able to ransack other rooms.

At night, take your dog inside the house. Don't leave him outside to yap at every shadow, some people may be trying to sleep. Just before retiring for the night allow him a quick trip to the lamp-post. Then rest assured that if someone starts prowling around your house at night, or tries to enter, your dog, who sleeps much lighter than you do, will hear him. And because your dog is inside the house, and because you have trained him, you will know at once that this isn't a false alarm.

Unfortunately, there are not many dogs in this city that function as watchdogs. I recall a case, which appeared in this paper earlier this year, when thieves broke into a number of houses, and the account said that most of the people heard the dogs barking, but because they al-

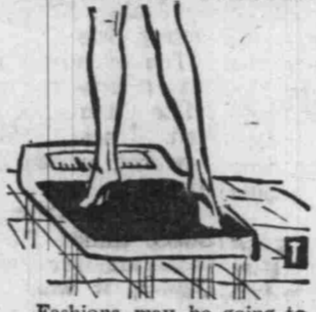

ways bark, nobody took any notice! Afterwards I asked someone whose house was one of those broken into, what was the function of his large dog, and he assured me it was kept as a watchdog!

Now this is the type of person I call a mutt-nut. Had his house burgled, and took no notice of his dog, which was outside the house instead of inside. And then he maintains that he keeps it as a watchdog!

Another thing that might be mentioned is that your dog should be treated as a member of the family. That means proper care, feeding, and love. Far too many of the dogs round here lead — I was going to say a dogs life, but you know what I mean. Leaving a dog outside in the heat of summer in my opinion is cruel, dogs were made to exist in cold climates. I have travelled in parts of the world where they had hot summers, and where the laws forbid people to own them, on this ground alone. However, if you keep your dog indoors during the mid-day heat of summer, this will suffice.

So train your dog to be a watchdog, and he will give you years of service to protect your home. And nobody will be able to call you a MUTT-NUT!

REVEALING FASHIONS CREATE NEW PROBLEM

Fashions may be going to new lengths to hide the knee, but they're going into new fabrics that reveal the figure. According to the latest designer forecasts, ladies will have to get rid of every extra pound to wear the clothes that are coming in such clinging, slinky materials as silk jersey, satin, knits and crepes.

But that creates another dilemma: clothes that fit while shedding those extra pounds. Women who have lost weight report that the number one problem is finding legwear that doesn't sag or wrinkle with each loss of a few ounces.

The solution, reported by the Fruit of the Loom hosiery experts, is the new one-size-fits-all pantyhose. They say that the stretch fibers used in this kind of hosiery called "Great Shape" insure a continuous fit whether those extra pounds are coming off the legs or the hips. As the inches melt away, the "Great Shape" fibers are designed to simply contract and cling like a second skin.

And hosiery manufacturers, who continually strive for low-cost breakthroughs like the "Great Shape" budget fashions, point out that this automatically creates the ideal pantyhose for mothers-to-be!

THEY'RE EVEN HAVING A FASHION SHOW TO HONOR OUR MAN MIKE O'CALLAGHAN

A spectacular fashion show for the benefit of Mike O'Callaghan for Governor will be staged in the Gold Room of the Las Vegas Convention Center, Monday evening, October 19, 1970 at 8 p.m.

Fashions around the clock for the entire family will be shown by leading stores in the community. Prominent Las Vegas by invitation will act as models.

This outstanding fashion show is under the direction of Regina Whalen who will also commentate the evening event. Professional entertainment will be provided for your pleasure. Valuable prizes will be given away as another highlight of the evening.

Commissioner Hank Thornley will act as Honorary Chairman with Mrs. Kelly Naples as General Chairman assisted by Mmes. Don Rusling, Jack Clark, Norene Dedrich, Don Mitchell, Carol Lancaster, Morris Birdsey and Milton Friedman.

This show is open to the public. For tickets call 736-2866 or 735-2739. Tickets may be purchased at the Mike O'Callaghan headquarters in Las Vegas and in Henderson. General admission is \$1.50. Special V.I.P. gold tickets may be had for a donation of \$5.00 which entitles the bearer to a special reserved seat in the gold circle. Please reserve early as seating is limited . . .

Spot-Views

They say this is the year of the quarterback — for both college and pros. They said the same of 1964.

In 1964 a couple of top signalcallers were Craig Morton of Cal and Roger Staubach of Navy. Ironically, neither won the Heisman. It was won by a Notre Dame lad named John Huarte.

Another bit of irony is the fact Huarte didn't make it in the pros, while Morton and Staubach are both playing for the same team — Dallas

cowboys. As a matter of fact, Morton has just moved Staubach out of the No. 1 spot on the Dallas club.

"There are two reasons why I made that decision," head coach Tom Landry said.

"One is Craig is throwing good again. He's not having the trouble he was having several weeks ago. He seems to be delivering the ball well again — very well.

"The second, and a very important reason, is because of his experience. (Craig, you recall, was playing pro ball for those years Roger was fulfilling his military obligations to Uncle Sam.) Craig's able to read most any defense," Landry continued. "He can control our audible system and our keys very effectively as a quarterback."

But Coach Tom doesn't want this move to in any way detract from the respect he has for the former Navy grid general.

"No, sir. This does not in any way downgrade Roger. He's started four games for us and won three of them. In my opinion," the Dallas coach emphasized, "Roger is potentially a champions hip quarterback. The only thing he lacks is experience."

And then there's Roman Gabriel. The guy who blows the horn for the LA Rams is headed for a number of records this season, a season which appears to be the "Year of the Ram" for the Coast club.

Los Angeles was the only one of all 26 pro teams to go through the pre-season exhibitions unbeaten and untied. And oddly enough, five different sets of running backs were matched with Gabe in those six games. The talent is just that deep.

Over on the college side of the ledge, it'll be fun trying to pick from: Archie Manning (Mississippi), Jim Plunkett (Stanford), Rex Kerr (Ohio State), Joe Theismann (Notre Dame), Lynn Dickey (Kansas State) and a number of others.

Plunkett led the Indians to its first win over the USC Trojans in 13 years. And under this guidance the Stanfords appear to be the team to beat for Coast rights to Pasadena on New Year's Day.

Reminds me of 1940. Clark Shaughnessy took over the reigns at Palo Alto after the Indians had won but one game in 1939.

He took a little kid by the name of Frankie Albert and quietly taught him a new football formation. It was called the "T" and they didn't have to practise it on contained - off fields because nobody cared what Stanford was doing in those days.

But the Big Red just went 10-0 that year, including a 21-13 victory over the Cornhuskers of Nebraska in the Rose Bowl.

BC CUB PACK 12 NEWS

The September meeting of Cub Pack 12 was held in the multi-purpose building on Wednesday, Sept. 30. It was opened with the flag ceremony presented by Den 2, led by Bill Strachan of the Webelos.

The 1970 - 71 charter was presented to the pack by Ron Williams, district scout executive, who gave a short talk. The charter was accepted by Fenton Whelan, Institutional Representative.

Dale Hill presented the following awards:

Mark Quinn was accepted into Den 1 as a new Bobcat. In Den 2, Mike Barrick was awarded a silver arrow point. One-year membership pins went to Tony Bleak, Tommy Whelan, and Clark Maxon. Two-year pins went to Bill Moorhead and Bobby Sweet; Bobby also received his Bear badges and gold and silver arrow points.

The Webelos awards were presented by Larry Artman as follows:

Aquanaut badge to Bob Moorhead; Athletic badge to Joe Cottrell and Mike Kelley; Aquanaut and Athletic badges to Bill Strachan, Don Artman, and Kevin Polk; Don also received the Outdoorsman badge. A one-year pin was awarded to Eddie Barrow; two-year pins to Glen Sallee, Bill Strachan, Don Artman, Kevin Polk, and Mike Kelly; Bob Moorhead received his three-year pin.

Mr. Artman also told about the Webelos camp - out on Mt. Charleston on Sept. 25. Three boys moved up to the rank of Webelos: Steve McCollum, Bobby Sweet, and Mike Olson who will replace his older brother Rich who moves on up to Boy Scouts after this meeting.

The Webelos in the pack are now so numerous that they have been split into two dens, designated as dens No. 3 and No. 5. The members of Den 3 are Bob Moorhead, Randy Hill, Eddie Barrow, Mike Olson, Bill Strachan, Don Artman, Glen Sallee, and Keith Barrick.

The Oct. 7 meeting of the circles of the Grace Community Church Women's Association, conducted a program on the first lesson in inquiry, a study of Paul's letters to the Galatians.

Lists for donation to the Country Store bakery and barbecue were circulated and most circle members will participate.

About 60 million persons in the world are threatened by yaws, a crippling disease. For 2½ cents, UNICEF provides the penicillin to cure a child of yaws.

Insurachat

Water damage caused by water used to fight a fire is covered by the fire policy.

Among children from 1-14, accidents claim more lives than the six leading childhood diseases combined.

6% of all burglars simply enter open doors and windows. 2% gain entry by using the homeowner's keys found under the doormat, in a mailbox, or on a nearby hook.

Wedding gifts are not covered by the bride's household policy. They should be specifically insured until after the wedding.

Every householder should maintain a written inventory of furniture, dishes, clothing and other items of personal property.

Your local independent insurance agent is a local businessman with local interests at heart. He'll help you at claim time.

LA PORTA INSURANCE AGENCY, INC. 365-1911 129 Water Street Henderson, Nevada

FLYING GOLFER BY TOM EASTERN

Jack Nicklaus, the 1970 British Open Champion, will host the 2nd Annual Flying Golfer's Club Tournament November 8-14 at the Doral Hotel and Country Club in Miami. The Flying Golfer's Club was created as a public service for golf enthusiasts who like air travel.

Jack Nicklaus

Open to all Flying Golfer's Club members—regardless of handicap—the 54-hole tournament will be the highlight of a week of activities, which also includes nightly cocktail parties and a gala awards banquet. Nicklaus, Eastern Airlines' Flying Golfer's Club professional, will conduct a special clinic for members and their guests, and will officiate at the Awards Dinner.

Course of Champions
The Doral, the home of the \$150,000 Doral-Eastern Open, can boast four 18-hole championship courses—including the famous "Blue Monster"—laid out on 2,400 acres of rolling fairways and green hills. The plush clubhouse and guest lodges, with luxurious appointments, are but a pitching wedge away from the first tee of each of the courses.

Handicap No Problem
The tourney figures to be a golfer's dream come true, offering camaraderie and competition on a course of champions for both the scratch player and the weekend golfer. It will be played on the basis of the participants' established handicaps and, if a competitor doesn't have one, it will be determined during practice

rounds. There will be separate tournaments for men and women.

Inclusive Low Rates
Flying Golfer's Club members will be able to spend Tournament Week at the Doral for only \$216 per person, based on double occupancy. Single rooms are slightly higher.

This special rate includes a luxurious air-conditioned room for 7 days 6 nights, breakfast and dinner each day, transfers between airport and hotel, unlimited golf for 6 days, golf cart (for two) for Qualifying and Tournament Rounds, a starter set of championship balls, tees, and markers, a cocktail party each evening, and the gala awards banquet.

Free Club Membership
Membership in the Flying Golfer's Club and an application to play in the tournament can be obtained free by writing to Flying Golfer's Club, P.O. Box 411, Old Chelsea Station, New York, New York 10011. Reservations will be allocated on a first come basis.

and Steve McCollum. Den 5 includes Joe Cottrell, Aaron Kenneston, Mike Kelly, Terry Sealey, Kevin Polk, and Bobby Sweet.

The evenings' final award was a two-year pin presented to Cubmaster Jack Strachan. Bruce Beckley was introduced as new chairman of awards.

Assistant Cubmaster Bob Sweet talked the parent attendance for winning the Cubby; it went to Webelos Den 3 and was presented by Rick Olson in honor of his graduation into Boy Scouts. Keith Barrick, outings chairman, announced a father-son camp-out planned for Friday, Oct. 2, at Boulder Beach campground, with Jim scheduled to present an evening program on Indians.

The possibility of a fishing trip for the November outing is being explored.

The Oct. committee meeting will be held on October 21, and the October pack meeting will be held at 7:30 p.m. on October 28.

In some developing countries, over 50 per cent of the teachers have had no professional training. UNICEF helps them with teacher training grants.

HOW TO CLEAN FISH

- It must be rinsed under running water. Begin by rinsing the fish under running water. Use a sharp knife to cut along the backbone from the head to the tail.
- Without removing the skin, change direction of cut. Slice along backbone. Do not cut through backbone.
- Place in plastic storage bag and refrigerate. (It is hard for raw fish to absorb seasoning and chilling will help). Fillets are ready for your favorite fish dish.

Reg. 3.98

Spin the dial to find out what color goose goes on what section of the lid. Game is one of balance and skill as the geese accumulate. The last player to get rid of all his geese is the winner.

DON'T BREAK THE ICE
327
Compare at 4.50

A real challenge. Cut the ice from around the man, but don't dump him in the lake. One false move by the player causes the man to fall into the icy waters on the playing board, and the player loses the contest. Action - fun - suspense — for two or more players.

WRESTLE AROUND
244
Compare at 4.50

A unique 4-handed wrestle around ring serves as the arena for this exciting contest. Players maneuver to keep marble from disappearing down center hole. It's skill — not strength — that prevails.

ANTS IN PANTS
244
Reg. 3.98

Each player selects four jumping ants of one color. The ants jump when pressure is applied to the tail with the finger. The fun comes now when the players try to shoot their ants into the pants. Game provides most exciting competition.

GIANT BARREL OF MONKEYS
227
Reg. 2.98

What's more fun than a barrel of monkeys? A giant barrel! Giant barrel of monkeys add a new dimension to one of the all-time favorite games. It really tests your sense of balance, steady nerves & all your skills.

PLUG A JUG
166
Reg. 1.98

A new word game full of action. For 2, 3 or 4 players. Everyone has fun rolling dice, shaking out letters, trying to be first to spell Plug-A-Jug.

BIG GAME SELECTIONS SALE SAVINGS

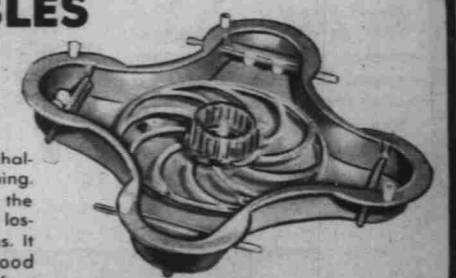

PHONEY BALONEY
166
Reg. 1.98

Incredible plastic baloney looks so real it makes you hungry. It's a new puzzle that comes apart in 10 pieces to mystify and amuse you. Fun for all ages.

MAD MARBLES
388
Reg. 4.95

Quick action game that's challenging, exciting & maddening. Each player tries to capture the marbles in his goal without losing the ones he already has. It takes fast reflexes and good judgment. For two, three or four players.

WHICH WITCH
288
Reg. 3.98

This is a scary, witchy, fun game. Object is to be the first to get through the witch's house and break the evil spell. The game is 3 dimensional — for 2 to 4 players. Ages 6 to 12 years.
