## Morry'Story

By Morry Zenoff

Politics is rearing its wonderful head. That's different from saying "rearing its ugly head".

And we mean wonderful.

For now comes the time all people everywhere in our land are politically interested. Watergate has awakened the voter as to how bad their elected officials can be at the top--as well as all along the line to the bottom.

Now-the voter is going to pick talent-or at least will concentrate more on finding out what makes a candidate tick. Handsome faces on tv, gradiose words without meaning in ads, big beer busts without meaning - will not anymore be the swaying argument to win a man's way into office.

This then gives you and I a chance at office-holding -- if you or I have the stuff to hold an office. Many, many times I have seen men who deserve to win but lose because of lack of magnetic vote-getting qualities. Many, many times I have listened to palayer of candidates and gone for their magic-only to be sickened by their operations as an officeholder.

So-then-happy, happy times are ahead for we the voters for we're going to profit by Watergate--all over the nation--in the big elections and in the small elections.

Many people are getting up nerve to offer to run--regardless of the competition. I like that. You should too. For who are you or I to know or to judge until that man comes up with selling points we accept.

Yes--your vote and mine this

## Firemen-City **Impasse**

A meeting of Governor Mike representaresentatives of the City's firemen, will be held in the State Soon--filing will begin for building on Bonanza street at

with the firemen.

City officials wrote the Governor requesting the factfinding in the arbitration of a new contract with firemen. Firemen want a clause left in the contract on the cost of living increases, the city wishes to eliminate it.

The city and the teamsters are at a point of contract with their negotiations.

#### PUBLIC TRUST APPROVES \$2.2 MILLION BOND

\$2.2 Million bond for the Lake Adair project was given by the Public Trust group Tues, night after three city councilmen and Mayor Cruz Olague voiced verbal approval for the project.

J. Carlton Adair, president of the Lake Adair Corp. had originally requested in excess of \$1.5 million, but said the larger amount is necessary for financing; and bonding costs.

The Lake Adair project would feature a man-made lake, fed with untreated Lake Mead Water, partly within the Lake Mead National Recreation Area and within the city limits of Henderson around Vegas Wash.

Adair presented the Public Trust group with a completed application form and \$3,000 for the application fee. As to a previous request by the Trustees, Adair also gave them a completed appraisal of the land made by Gary H. Kent, MAI, SRPA, who said the raw land value to the city would be \$5,187,500.

> The Adair group will see a ruiing from the Internal Revenue Service for tax free bonds, but Clarence Hamilton, representing the firm interested in purchasing the bonds, told the council he anticipated no problems with the IRS.

> The meeting was conducted by Dr. Harold Miller who replaced Lyal Burkholder, chairman. Estes McDoniel, one of the trustees, questioned who would pay for the dam and the ancilliary works, and Adair said this would be accomplished by the second bond issue and the people who have purchased the land.

Adair said there are 2,240 acres involved in the Lake Adair project which overlooks the Vegas Valley in parts and Lake Mead in other areas.

The four city officials present expressed themselves favorably towards the project, and another meeting will be held on March 18. McDoniel said he was voting for the project because all councilmen The bonded money would be were favorable. Dr. Miller used, \$900,000, to relieve the reminded the group that the

## **Airport Auction Brings Attention To Henderson**

#### By Lorna Kesterson

Henderson's Sky Harbor Airport was the scene Tues. of this city's first airplane auction which attracted approximately \$2 million worth of planes.

According to Arby Alper, owner of the airport, the event held Tues, was the first ever held in Henderson but there will be monthly auctions held on the second Tues. of the

month hereafter.

There were 40 airplanes in the line-up, some new and some used. Dealers from all over the U.S. came to purchase the planes. The auction was conducted by Auction Air of Nevada.

Although planes had been flying into the airport since Sunday, the auction did not actually begin until about noon when the auctioneer, from the back of a pickup

#### 'Genie' Seen At Swanky Club

Barbara Eden, of "I Dream of Genie" fame, counties in Nevada and Lee England, Bobie No. A120369 was seen dining at the unique and spacious Swanky Club Restaurant and Casino on Boulder Highway in Henderson.

The food is superb at the Swanky Club, according to reports, and the Prime Rib Dinner is only a fantastic price \$3.69 and has been tremendously popular with everyone.

Credit for getting the building moved goes to Jess Bachman of Henderson. Jess became very much interested in the museum some time ago and has been working hard to help make it a success. His experience in building and general contractor work was invaluable in getting this particular project under way. Boulder can be proud too - Jess was at one time a resident of our fair city but business requirements prompted him to move to Henderson. Along with many others I am pleased that the old station will find a permanent home on the museum grounds at Henderson. There it will permanently preserve the early history of both Boulder City and Henderson. It is a fitting function. As it moved down the highway I attempted to get pictures tying it in with its history. One with the power line towers in the back ground. I am sure that the steel for those towers passed through the depot on its way to its present location. Another picture had the Radar hill works in the background. Hopefully it will show up. This was a case of the old and the 1 new. When that station was built Radar was unknown. Likewise the micro-wave and the TV which currently use the

#### TROUT EGGS TAKEN AT LAKE MEAD

More than 50,000 rainbow trout eggs were taken last week by Nevada Department of Fish and Game biologists from ripe spawning fish in a tributary stream to Lake Mead.

The recent egg take from a spawning run of trout in the Lake Mead Fish Hatchery outflow stream greatly exceeded DFG expectations, and according to Cal Allan, Regional Fishery Biologist, "may in future

years supply all trout eggs necessary to sustain the hatchery."

A trap and holding

pens were constructed in the hatchery stream several weeks ago, and since has captured numerous rainbow trout in varying degrees of spawning condition. Cutthroat trout and coho salmon have also been caught, but in lesser numbers.

Trout were separated by spawning condition. ripe (eggs flow freely from female) or green (not ready to spawn), and when sufficient numbers of ripe trout were obtained, eggs were removed from the fish and transported to the Lake Mead Fish Hatchery for hatching.

At the trap site, eggs were gently squeezed from a female into a bucket containing milt from the male trout, and after thorough mixing and washing, were left to harden before taking to the hatchery.

According to Allan, it will take approximately 35 days for the eggs to hatch and at current hatchery growth rates. these fish should be eight inches long and ready to plant in slightly less than a year.

bridge players will join thousands of others throughout North America on Friday evening, March 29th, in a unique competition to benefit the American Cancer Society. The Henderson Bridge Club, Henderson, Nevada, an affiliate of the American Contract Bridge League, is sponsoring a section of the Spring 1974 ACBL Wide charity game with play starting at 8:00 P.M. at Rose de Lima Hospital, Henderson, Nevada

The competition is truly international, with players from the United States, Canada, Mexico and Bermuda taking part, and unique because every player in every game in every city will play the exact same hands under near identical conditions. Only one winner will emerge - the pair with the best percentage score on the computer - dealt set of hands. Prizes will be presented to the ACBL-Wide winners as well as to the victors in each of the twenty-five districts within the ACBL

Mrs. Miriam Giles, charity chairwoman for the Henderson Bridge Club, says the public is invited to participate in the local game. Among those with whom the Southern Nevada players will be competing for international recognition will be all the players in the American Contract Bridge

Claire Keefner, freelance publicity agent in Las Vegas, won first place in the annual speech contest of the Henderson Toastmistress Club with her speech titled "Who's the Father.

This entitles her to compete against the winners of the other clubs in southern Nevada and northern Arizona for the honor of representing them at the regional speech contest in San Diego in June. The winner of the regional contest will compete internationally at the Toastmistress annual convention in Honolulu in July.

Second place winner in the Henderson Toastmistress Club contest was Ellen Shirley, Executive Director of the North Las Vegas Chamber of Commerce, speaking on The Wonderful Volunteers. Coming in third was Verla Purdy, accountant at the El Cortez Hotel, whose title was How Secure Are We.

Judges for the event were Dr. Stephen Nielsen, Speech Professor at UNLV, Floyd Osborn, Henderson Chief of Police; Althea Thomas, Author and former Promotional Director at Channel 10; and Edith Bigelow, Clark County Employee.

Speech Contest Chairman was Beverly Charlesworth, charter member of Henderson Toastmistress Club, who assigned the subjects for the speeches and selected the judges.

Las Vegas Wash slowed down this past week for all species of fish, but what trout were taken were caught on worms, marshmallows and floating cheese baits. One large cutthroat was caught on an unidentified lure.

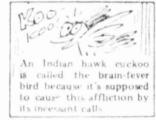

The catch at Overton Arm this past week was about equally divided between trout and bass, and in general is rated one of the best areas on Lake Mead at this time of year.

Cottonwood Cove anglers at Lake Mohave registered relatively good success for both trout and bass with the majority of both species taken trolling with a variety of lures. The three largest trout, however. were caught from shore with bait. A bass fishing contest Saturday recorded 80 pounds of fish with the largest tipping the scales at seven pounds, one ounce.

Willow Beach success was slightly lower than usual, probably because of high winds in the canyons. Most of the trout action has shifted from shore to boats with nightcrawlers accounting for two rainbows in the six to seven pound

Here's an example. You have \$4,000 in your savings account. But withdraw \$3,500 to take care of a medical bill.

Then, three days later, you deposit an insurance check for For that entire quarter you'll get interest on just \$500. In

other words, you'll lose about forty bucks interest. That's how it is at most banks. They figure interest on your lowest balance for each quarter.

At Bank of Nevada, you earn interest every day, compounded quarterly. In the example above, you'd get interest on \$4,000 for all but the three days of the quarter when your balance was \$500.

And another nice thing about Bank of Nevada's daily interest. If you make a deposit after the 10th, you don't lose a whole month's interest. You earn interest from the day you make your deposit.

So why take a chance on getting clobbered? Start earning interest every day starting today at Bank of Nevada.

SERVICE AWARD - John Bleak, photographed at Hoover Dam where he works as a plumber, recently received a length - of service emblem symbolizing his completion of 20 years of Federal service. Bleak started work for the Bureau of Reclamation at Hoover Dam as a janitor in 1956. He was later promoted to the positions of janitor foreman, oiler, and stationary equipment operator. In 1966, he entered the plumber apprentice program at the dam, after the completion of which he was promoted to journeyman plumber-pipefitter. Bleak's previous Federal service was with the U.S. Army and Navy.

#### Heip on Unplanned **Pregnancies**

The Clark County District Health Department is now offering for free a sure, safe way to avoid unplanned pregnancies. Vasectomy, a simple and painless process of male sterilization, is fast becoming a popular method on controlling and limiting the number of children per family.

Millions of couples in the U.S. currently use some form of effective birth control to delay or prevent pregnancies. Vasectomy is one method that has been accepted by males in virtually all 50 states as an alternative to female birth control

Vasectomy is an operation that involves closing the tubes through which anesthetic in less than half an hour. Hospitalization is not necessary, and very little time need be lost from work.

Vasectomy does not alter the male's sexual

The District Health Department now offers a Vasectomy Clinic twice each month. Appointments are now available for April by calling 385-1291 for information There is no charge to those meeting low income guidelines and all inquiries are kept confidential.
