

Will Henderson Be Site of New Prison For Nevada?

The state may be looking towards Henderson for a new state prison site, according to City Manager Don Dawson. Dawson told the city council

Mon. night in a committee meeting that he had heard from the State Public Works Dept., indicating an interest in Southern Nevada. He said

there has been no discussion with the State Legislature, they are merely looking into possible sites.

He said the State would

need from 120 to 140 acres of land for an institution of perhaps 200 capacity inmates and 100 employees. There would be from \$1 to 1½ million

operating expenses a year. "It would be good for the economy," Dawson said. He said he had been thinking of property around the armory.

The planning commission will discuss the possibilities and review them for the city council. Dawson said it may be some time before anything is done.

City Welcomes 23rd Industrial Days Celebration

Morry Story

By Morry Zenoff

Rose de Lima has such an emergency with its emergency department that it may have to close it down. If this happens, this community loses a safeguard that is invaluable.

An answer must be found to finance the loses of the fine service we had been given.

It is a community problem and it seems to me here is where the plants can come in. They have come forth many times during the past 20 years giving community help in the form of a swimming pool, or a \$25,000 check for another project and they have given breaks on water charges, power bills and what have you to the hospital.

What they have given isn't enough to subsidize the emergency room. We're talking about a couple hundred thousand a year at the tops.

I know what it is, like most of you, to get a hospital bill and then have to pay it. Recently a bill in our family for a seven day stay and with surgery attached amounted to \$1300 plus \$1,000 for the doctors.

The hospital is not at fault. It has basic costs that have to be paid. Who is going to? The community must help its own people.

How? -- The Fair and Recreation Board of the Convention Center. A new hospital tax like the garbage collection tax. A new assessment like the library tax. Outright charity gifts from those who can afford. What can be done? Whatever can be done has got to be -- or well -- you and yours like me and mine will be sorry one day.

We hope you will like our Industrial Days souvenir edition today -- in it are a cross-section of delightful stories from the past -- plus a splendid group of messages from the firms of this area wishing the community best wishes on the 23rd running of this treat in the field of old-time celebrations.

Everybody will be at the parade Saturday -- and what a thrill it is to hear again the "blare of the bugles, the ruffle of drums".

It is a most exciting period in Henderson's life -- Industrial Days -- your time for fun, admiration, good will. And ours, too.

See Morry Page 2

Jack Jeffrey Files For Assembly Seat

JACK JEFFREY

City Councilman Jack Jeffrey 35, yesterday filed to run for a seat in the Assembly for District 22, the seat now held by Republican Hal Smith.

The district Jeffrey would represent includes a portion of the City of Henderson above Basic Road, Boulder, Searchlight, Overton, Mesquite, and other unincorporated townships in the county.

Jeffrey, who has lived in Henderson for 33 years, and his wife Betty, have three children, John, 16; Teresa, 12, and Paul, 9.

While serving on the city council for the past three

years, he has represented the city on the Las Vegas Convention Board, the electrical board, the planning commission, the Economic Opportunity Board, and as alternate on the Regional Streets and Highways and Regional Planning Commission.

He has served as President of the Clark County Young Democrats, Southern Nevada Democrats, and as a member of the executive board of the county Democratic central committee.

He is currently serving on the St. Rose de Lima hospital Board, Henderson Mental Health Board, Henderson

See Page 2

Assemblyman Smalley To File May 6

JAMES SMALLEY

Assemblyman James Smalley, who has served in the State Legislature for the past two terms, has announced that he will file for re-election for District 21 on May 6.

Smalley, a teacher at Burkholder junior high school, has lived in Henderson for the past 25 years. He and his wife, who is a school nurse, have three children.

Annexation and consolidation will be the big issues of the coming legislature, Smalley believes. He said he is opposed to any annexation or consolidation of services which would take away Henderson's identity or endanger

the tax structure.

"I hate the idea of losing control of the police and fire departments," Smalley said.

He feels the last legislature accomplished many things for Henderson. He pointed out that the dog racing bill was approved for Henderson. The State has opened a number of offices in Henderson for the benefit of the people here, including a welfare office, employment office, driver's license bureau, rehabilitation office and juvenile services office.

He said he sponsored some legislation for a consumer affairs office.

Industrial Days, 1974 will reach their climax Saturday afternoon at 2 p.m. when the 23rd annual parade starts down Water Street.

Grand Marshalls of the parade will be March of Dimes Poster Children, David Lawrence and Scott Hafen. The line-up of the parade is listed elsewhere in this newspaper.

Tonight the youngsters can enjoy themselves at the car-

nival which is located on the Community Center property. It opens at 3 p.m.

Friday the activities will include the art, hobby and craft shows at the community center from 10 a.m. to 7 p.m., and the carnival will continue.

Saturday's activities will begin with the golf tournament at Black Mountain golf course at 7:30 a.m. The art show and hobby and crafts will continue from 10 a.m. to 7 p.m. The carnival opens at 10 a.m.

Dignitaries from our city and others will run the pony express relay from the Swanky Club to the Chamber of Commerce office, beginning at 10 a.m.

The parade with the theme, "Happiness is..." will begin down Water street promptly at 2 p.m., and the trophy presentation will take place at 6 p.m. at the community center outdoors.

Highlighting the entire celebration and the day's activities will be the Governor's Ball which will begin at 8 p.m. at the National Guard Armory. Governor Mike O'Callaghan had indicated that he and his wife, Carolyn, will be in town for the affair which is sponsored by the Jaycees.

For greetings from our local merchants, businessmen and politicians, see our Industrial Days section in this newspaper.

Cheryl Helm Wins State Bowling Tourney

Miss Cheryl Helm, 18, daughter of Mr. and Mrs. James Helm, 841 Center Street, won the Nevada State All American Youth Bowling Championship last Sunday at the Charleston Heights Bow-

ling alley in Las Vegas.

Miss Helm, a senior at Basic high school, was the only one from Basic who qualified for the contest. She was awarded a plaque for her win.

She has been bowling for the past seven or eight years but this is the first time she won a tournament.

"Usually I get upset when I don't bowl as well as I should," Miss Helm said. "This time I decided not to get upset so I just kept smiling. It's hard to believe I won," she said. She bowled in six straight competitions with a blister on her thumb.

Miss Helm has been accepted at Southern Utah State University in Cedar City. She is working at Safeway Market to make money to pay for her education.

Totality Concert Tonight At 8 p.m.

Totality, Basic High School's outstanding pop singing group and band, will present a concert tonight at 8 p.m. at the high school.

Under the direction of Mrs. Diane Tomlinson, the 30 young people will entertain with their complete repertoire. There will be a number of solos and numbers with the complete group involved.

The public is cordially invited, and tickets are \$1.

SEE INSIDE PAGES

23rd Annual Souvenir Edition THOSE GOOD OLD DAYS

JEFFREY Cont. from page 1

Boys Club and Regina Hall Building committee.

Jeffrey was appointed by Governor Mike O'Callaghan to the Eldorado Valley Advisory group and the Southern Regional Allocation committee to the Nevada State Crime Commission.

Jeffrey said, "I will oppose any move toward consolidation of Henderson and Boulder City into a metropolitan district.

"I believe Henderson and Boulder City would lose their identity under consolidation. The residents of these two cities or any other city should have the right to decide in an election, whether or not they want to consolidate services or government functions. Consolidation should never be accomplished without the vote of the people affected by the consolidation move.

"I plan to work closely with the people in this district with strong emphasis on local control," he said.

Jeffery said he believed that Searchlight, Overton, Mesquite and other unincorporated townships in the county should have a strong voice through their own town boards to the county commission. The county commission should answer any of the problems posed by the town boards and these boards should be allowed to expend at least part of the tax generated dollar in their areas for local projects.

"If it takes legislative action to accomplish this, I shall fight to my utmost to get it done," he said.

Jeffrey, an electrician, said he will carry his campaign door-to-door to try to meet all of the people.

Council To Negotiate With Old Tucson

Negotiations with "Old Tucson" will be resumed by the city after councilmen rejected a draft of a land sale proposed by Jerry E. Blackwell, executive vice president and treasurer of the Tucson group. The legal advertisement for the 90 acres and 3,000 feet of highway frontage, located on Boulder highway, called for a value of \$190,000, while Old Tucson offered \$175,000.

Old Tucson offered to install \$650,000 in improvements the first two years and if not completed an additional one percent of the purchase price would be paid on the unpaid balance from the date of purchase. The next three years there would be \$350,000 in improvements and should these improvements not have been completed at the conclusion of five years, an addi-

tional two percent of the purchase price would be added.

Councilmen felt this would be no penalty because the firm could purchase all of the property at any time.

City Manager Don Dawson suggested several alternatives to the council. He said the council should advise Old Tucson of the minimum conditions acceptable or withdraw the current notice of land sale and readvertise the land, including minimum conditions as expressed within the proposed agreement by Old Tucson.

The council asked Dawson to contact the group and see if conditions can be worked out to agree with the land sales advertisement.

MUCH TALENT -- Odette Shrover, right, winner of the Industrial Days talent show, is shown with third place winner, Georgina Weesman who did an acrobatic dance to the tune, "Clouds in My Sunshine."

Morry
Cont. from page 1

Black Mountain country club will have its first contingent of Japanese Monday between 9:30 and ten in the morning. About 25 will be using their international membership card for the first time.

Their being here is considered to be the biggest break to the club's financial fortunes since the club was built. It will use the new money to expand the fairways, lush up the greens, etc.

A much needed appliance store is going to open right exactly where Art Espinoza had one years ago -- on Water across from Lou LaPorta's Insurance.

It will handle Magnovox and GE, we're told, and will be run by a local man who once worked for Von Tobels.

What a good break for the town!

More of him and the store later.

When I left Milwaukee (my home town) 26 years ago come June 1, it had a half million people, and everybody was one happy family -- the most home-loving major city in the nation. Then -- the people were gung ho about getting a baseball club into the major leagues.

When we returned there this past weekend to attend a sports hall of fame induction at Marquette university, we found now a city of a million still dedicated in being home-loving people and still just one big happy family -- crazy about their basketball club now -- the Bucks who are the rage of the pros and who this coming week will probably win the title of titles.

Seeing people you wrote about and saw cavort on the sports field 40 years ago is a rare experience. Some you wouldn't recognize. Some you did. Some recognized you. Some didn't.

But to those being enshrined in the hall of fame -- this was the big moment as they knew they were sliding down the last half of life's highway.

There they were -- the kids I used to headline and write reams about -- the heroes of sport in the Middle West area:

Johnny Sisk -- The Big Train -- halfback who later ran with Red Grange and Bronko Nagurski with the Bears ... also a world record sprinter in college track. Now a national leader in insurance.

Ed Mullen -- lanky all American basketball player (Marquette always has great basketball teams as witness this year's) -- Ed is now regional director for the Western States for the Vets administration (and is married to my ex-sister-in-law who once worked at the White House opening gifts for the LBJ's and who writes a food column which we hope to buy).

Mel Shimek -- Olympic distance running champ and now coach of track at Marquette.

Ken Wiesner -- world record pole vaulter who now is a doctor.

Ray Buivid -- all American footballer -- this was a post-humus award as Ray died of a heart attack two years ago -- his wife was at the banquet and recalled she often re-reads Ray's scrapbook and the stuff I wrote in those days -- about the first Cotton Bowl game, etc.... which sorta made me sad and glad at the same time.

And would you believe -- in all my days in Wisconsin never did we have a cyclone.

I was sitting on the 28th floor of this hotel watching girl golf on tv and awaiting the time to go to the banquet -- when came the message "we interrupt this program to announce -- this is a cyclone alert. Do not leave your home. Got into a basement area if there is one. If a neighbor is blind or deaf -- notify them on this alert. The tornado is 65 miles from here -- In Oshkosh and Fond du Lack and is traveling this way at 45 miles per hour speed ... stay tuned for later messages."

The background to the slide reading "Tornado Alert" was red.

My reaction was this -- I knew something like this would happen on this trip when I got to McCarran field. In passing thru the security equipment, a noise came out, most irritating ... that said I had to be double checked by the guards. I had removed all coins, keys, etc .. and the guy came and frisked me with a gadget that touched all spots -- and I mean all spots. Finally, the noise again -- and by this time I felt I was being watched by a hundred people and that I was being arrested for hijacking. It was an old charge card -- made of steel I had been carrying for years in my worn out old wallet.

Minnie James Services In California

Minnie M. James, 76, passed away April 23 at Rose de Lima hospital. Funeral services will be held Friday at 1 p.m. in Porterville, Calif. Palm Mortuary is making local arrangements.

Mrs. James was born Jan. 22, 1898, in Montgomery, Ala. She lived in Henderson for five years at 849 Center St.

She is survived by two sons, Hobert James and Ernest of Henderson; three sisters, Lily Stockman of Oklahoma, Ida Mae Cooper, Henderson and Lela Hibbs of Salinas, Calif.; three brothers, Robert Murdock, Ariz.; Leonard, of Forgan, Okla., and Albert of Earlimart, Calif.; seven grandchildren and six great grandchildren. She was a member of the First Southern Baptist Church.

J. Soyland Services In Montana

Funeral services for Jean C. Soyland, 56, will be held in Butte, Montana. Palm Chapel is in charge of local arrangements.

Mrs. Soyland died April 22 at 112 Victory Road. She was born May 23, 1917 in Butte, Montana, and was residing here with her daughter, Dorothy Cook.

She is survived by three daughters, Dorothy J. Cook, Henderson, Elizabeth J. Jones, Wiseriver, Montana, and A. Suzanne Pilling, Bozeman, Mont.; son John John C. Pilling, U.S. Navy, Washington D.C.; two sisters, Dorothy Preston, Butte, Mont., and Hazel Fuelcher, Dewey, Mont.; two brothers, Harry Cloke, Wiseriver, Mont., and Stanley Cloke of Missoula, Mont.

Planning Commission Votes Not to Abandon Alleyway

City planners last Wednesday voted not to abandon a walkway between Maple and Grove streets, but to put adequate lighting in the area and barriers at the ends of the alleyways to try to curb vandalism.

Planning Commissioner Neil Twitchell also asked that the city continue to study the problem and bring it back in 12 or 18 months for an assessment of the problem to see if improvements have been effective.

The Motion to not abandon the walkway also included instructions to police the area more adequately.

The city had received

a petition from about 100 property owners in the area asking that the walkway be abandoned because it was not being maintained or used in a proper manner. The residents complained there was no proper lighting and that wheeled vehicles including bicycles, motorcycles and even full-sized autos were using the walkway. Horses also posed a dangerous situation, according to the petition. The people also complained of trash, writing on the walls, and said young people had been beaten up in that area.

Planning Director Bob Gordon suggested the

city post the walkways against bikes, vehicles and install lighting at entrances.

He said, "The review of the staff indicates that if the walkway has adequate lighting, is properly posted and barriers preventing vehicular use are provided, then the cost to the city to maintain the walkway in a clean and safe condition would be minimal to the service provided to the entire neighborhood.

A second petition containing 120 signatures was presented to the commission requesting the city to keep the walkway.

'The Ole Pro'

This week is Industrial days and it has always classed out with a two man Best Ball Tournament at Black Mountain Country Club.

I wonder why our neighbor to the South has also scheduled a tournament of the same floor mat and on the same days. Could it be that they are trying to tell Black Mountain, C.C. or Henderson something?

I hope that this event will not reflect on Industrial days tournament at Black Mountain. And we will still have a huge turnout Call Pro Shop 565-7933 for starting time. Entries Close Thurs. night and you won't be left out if you hurry. Entry Fee includes, green fees, Mdsprizes, Steak Dinner for 2, Sat evening at 6:30 and followed by special events at 7:30.

Last weekend we all survived Death Valley. Furnace Creek is very aptly named. It can really get hot.

That's just what our Black Mountain players did.

Our Best Ball mens team composed of Kirby

Winner Takes Top Prize For a Song

Singing the song "On Top of the World," Odette Shroyer was awarded first place in the 1974 Industrial Days Talent Show.

Placing second was the Gordon McCaw School Recorder Ensemble. In the group were Georgia Van Camp, Lynette Osko, Mary Cowan, Patty Lope-man, Diane Albini and Jill Bower.

Others in the group were Kenny Sue Bird, Paul Palmer, David Smith, Darren Lingen-felter, Dalene Roberts, Mary Payne, Johna Corn and Janelle Reid.

Third place was awarded to Georgina Wessman who did an acrobatic dance to the tune "Clouds in My Sunshine."

Judges for the show, which was at the Basic High School Auditorium, were Gus Guiffre, television personality; Versiellen Driver, woman's editor for the Las Vegas Sun and William Perry, past president of the Chamber of Commerce.

Also appearing was Rodney Killingsworth, last year's talent show winner.

KITE FLYING KARNIVAL

The Henderson Parks and Recreation Department will hold a KITE FLYING KARNIVAL at the City Park on Thursday, April 25, 1974 beginning at 3:30 PM.

Entries will be accepted from 3:30 - 4:00 PM. Competition will start at 4:00 PM SHARP.

For further information contact Willie Davison at 565-8921 Ext. 32.

Jack Walker Injured In Warehouse Blaze

More than a quarter million dollars in frozen meats and other foods were destroyed yesterday in a raging fire at the Howlett - Olson warehouse, 41 Mojave Road, during the noon hour.

injured in the initial flash, apparently tried to fight the blaze with a garden hose and was caught inside the building when the fire spread quickly to the walls around him.

An employe of the firm who accidentally touched off the blaze with a welding torch was critically burned and rushed to Southern Nevada Memorial Hospital after emergency treatment at the scene.

He was identified as Jack Walker, a 49-year-old maintenance man of 148 Ivy St., Henderson. Walker suffered third degree burns over 30 percent of his body, primarily the face, chest and arms.

The fire demolished a new 5500 square foot addition to the existing warehouse. Although the burned building itself was made of metal, the blaze raced through its polyurethane insulation and burned in similar fashion to a pile of rubber tires.

Thick choking black smoke that could be seen throughout the Las Vegas Valley also hampered firemen inside the building by reducing visibility to zero and forcing the use of oxygen masks by those fighting the blaze.

Firemen spelled each other in relief crews, all of whom exited the building exhausted, blinded by smoke and choking on the acrid fumes.

The persistent blaze burned more than three hours before it was declared totally out.

A spokesman for the fire department said the blaze was particularly difficult to fight and extinguish because the huge warehouse contained few access doors, windows or roof openings.

Walker, working alone, was said to have been using an acetylene torch to cut steel posts and shelves along the wall of the new building.

A spark from his torch was presumed to have ignited a highly flammable primer paint that had been applied over the polyurethane insulation, which itself, is flammable and subject to ignition under conditions of intense heat, fire department spokesman explained.

Walker, despite being

Street Work Begins

Over \$132,000 worth of street improvement work will begin next Monday, according to City Manager Don Dawson.

The street improvement work will begin with Greenway Drive, Dawson said.

Henderson Realty

BOWLING Sunday Night Mixed League

By Jacque Robison

Sunday Night April 21, we ended another fun season with the election of officers, awarding of Trophies and a Potluck Supper. Everyone will be happy to have Ben Ward back next year as Pres. and Doris Simon as Sec. Treas.

Our congratulations to BeBe's (Phyllis & Paul Morris & Jan & Chuck Swift) for taking First Place. Quickie Quickie No. 2 came in second, followed by Con-Telephone, Lee's 66, Coors, Rangel's T.V., La Porta Insurance, Wells Cargo, Timet, Quickie Quickie no. 1, Ligouri's Bar, Henderson Furniture, Little Mexico, Troy's Chevron, Flowerland & L-J Stables

Season Highs went to Phyllis Finchem - 253, Kim Roundy - 243, Dayton Barney - 278 & Vern Lind - 245 Scratch Games. Chon Madderra - 589, Phyl Morris - 585, Vern Lind - 671, & Dayton Barney - 639 Scratch Series.

Handicap Games and Series were taken by, Phyllis Finchem - 280, Jan Swift - 266, Dayton Barney - 289, Gil Thomason - 262 & Chon Madderra - 655, Bev. Kaempfer - 646, Vern Lind - 695, Tom Finchem - 668.

Hi Team Games: BeBe's - 852 & Con-Telephone - 835.

Hi Team Series: Ligouri's Bar - 2363 & Flowerland - 2343.

BASIC HIGH NEWS

By
Jean Schmidt

JIM NESS

Monday 22, student body officers and cheerleaders were selected for next year.

This year was Basic's first year to have voting machines, which resulted in a higher average of student voting.

1974 - 75 student Body officers are: President - Jim Ness, Vice - President - Bryan Lamb, Secretary - Teresa Stacy, Treasurer - Sandi Faulkner.

Michele Green is head varsity Cheerleader and her squad is Monica Martinez, Lori Workman, Teresa Stacy, Barbie Lindblom, and Betty

Barton. Junior - Varsity's head cheerleader is Renee Anderson, her squad is Carrie Comstock, Joan Spoulding, Eula Moore, Lori Barber, and Lori Neild.

A new addition to Basic High School is Mr. Howard, a new student teacher in the journalism and English Department. Mr. Howard is affiliated with Utah State University and is working on his last phase in the under-graduate program. He will graduate in Journalism and Sociology from Utah State in June.

R.S.V.P. NEWS

We had a good crowd at our Tuesday bingo party. Jim Clarke, up to his usual form, was still calling numbers faster than the players could holler, "Bingo!"

Next Tuesday, the 30th, Mrs. Susanne Ernest of the American Red Cross, of Las Vegas, will be with us to explain Project SSI. This is designed to provide additional money to those drawing small

Social Security checks. Mary Wild, our director, is going to try to be here, too. If she's able to come, she said she'd have some entertainment for us.

Victor Vinson of the Henderson Boy's Club called. They need seniors to help in wood-working, ceramics, and as library assistant. Anyone who'd like to help can contact Mr. Vinson at 565-8682.

PARADE TO END AT NEW LOCATION

The Industrial Days Parade this year will utilize a different route than in past years, according to Police Chief Floyd Osborn.

The only difference will be in the area at the end of the parade, which will be on Victory Road between Atlantic and Water Streets. This will allow parade units to use Atlantic Street if they wish to return to the area of the start of the parade, or park their trailers, buses or cars in the dirt area of Lake Mead Drive and Atlantic. Titanium Metals has given permission to park in this area as long as it does not block their main gate access to their plants. Police officers will be stationed in this area to assist parade participants in crossing Lake Mead Drive.

In making the above change, Chief Osborn feels that this will relieve a serious traffic problem at Lake Mead and Water Street, and will allow Interstate traffic between California and Lake Mead to move without interruption, and further will allow persons of this community to move more freely toward work.

Bridgewater, Trainer In Advanced Red Cross

Robert C. Bridgewater of Stauffer Chemical Company's Henderson Plant recently became the first Instructor Trainer in the State of Nevada in the new Red Cross Advanced First Aid and Emergency Care. He also completed a course of study in Multimedia First Aid training to entitle him to teach other instructors of First Aid in that method of training.

Bridgewater has served as First Aid man at Stauffer Chemical Company's Henderson Plant for ten years, training all the supervisors and a large number of the production and

maintenance employees in both Standard and Advanced First Aid. During those ten years, Stauffer's injury severity rate has decreased markedly because of Bridgewater's treatments.

Prior to his employment with Stauffer Chemical Co., he worked at Rose de Lima Hospital in the Emergency Room.

Bridgewater has been active in the Red Cross First Aid Program in Clark County. He has donated his talents for many civic affairs. He has received many awards and recognitions for his activities.

Delay Action On Street Name Change

A request by the National Park Service to change the name of Lake Mead Drive in Henderson to Lake Shore Road, was tabled by the city planning commission at its last meeting.

Bob Gordon said he had received further information which should be considered by the planners before a decision is made and requested the item be tabled.

The National Park Service

vice said the fact that North Las Vegas and Henderson both have a street named Lake Mead Drive leading to Lake Shore Road, was confusing. It was asked that the Henderson street be renamed.

The commission voted to approve the renaming of Kola street to Drake street from Center to the city line in memory of Dennis Drake who was very active in the Boys' club until he was killed recently in an accident.

MUSEUM GRANTED TIME FOR DEVELOPMENT

An extension of time of five years for development of a museum on Boulder highway was given to the Southern Nevada Museum group by the city council Mon. night.

According to the development clause in the sale contract of land from the city to the museum group, development should be completed by May of this year. Councilman Lorin Williams said he feels a quasi - public body such as

the museum group should have the time extended. Councilman Jack Jeffrey made a motion to that effect.

The museum people have moved the old Union Pacific Depot from Boulder City to the site of the Museum. The museum receives some funding from ad valorem taxes so it was felt to be quasi public. All councilmen agreed the museum board is progressing as fast as possible.

Darcy Wilke Wins Conservation Contest

Editor's Note - Darcy Wilke won first place in the energy conservation contest at Burkholder junior high school. First runner-up was Michelle Alcorn and second runner-up was John Downey. The following suggestions were written by Miss Wilke.

Ways To Conserve On Energy

1. Carpools - (Fathers a teacher, takes kids to school) - Mom and Dad take other friends in car to go bowling) - (Rode to Needles with other friends)
2. When washing clothes, We wash a full load.
3. We don't leave lights on any more than we have to.
4. We only use 60 watt light bulbs.
5. We don't use a lot of water when we take a bath.
6. We don't leave water dripping.
7. We use clocks that run on batteries.
8. We let heat out of oven after we cook.
9. We turned the heat in our house down to 68°.
10. If it is hot we open our doors.
11. We drive only 50 miles per hour.
12. We have weather stripes by our doors and windows.
13. We use shallow pans so the food will cook faster, so we don't use as much heat when we cook.
14. We fill up dish washer.
15. When cooking in the oven, we put two things in to save energy.
16. We don't leave the doors open so the hot air goes out.
17. We wear sweaters around the house instead of turning the heat up.
18. We don't drive around just to be sight seeing (to save gas)
19. Whengoingtothestore we go to the closest one
20. We go to the store only if absolutely necessary.
21. We dry the light weight clothes in the dryer and hang the heavy articles; such as rugs, sweat shirts etc (to save energy, they take longer to dry)
22. We don't use lights in the day.
23. We water our lawn, only once or twice a week in the winter.
24. When we do water our lawn, we don't leave the water on very long.
25. We walk to the Dentist.
26. We ride bikes to the store for our mother, and we also ride to the library, and other places.
27. We don't put pots and pans in our dishwasher, so there will be more room.
28. We use warm blankets on our beds.
29. We turn off appliances when we go on vacation. (unplug them)
30. We write small or type when we write letters.(to save paper)
31. We use two blankets on our beds instead of electric blankets.
32. We don't listen to the radio or the record player as much as we used to.
33. We use a pressure cooker.
34. I don't use the electric toothbrush.
35. Our house is insulated.
36. I don't write long letters

Garbage Collection Rate Increase Killed

A plan to raise garbage collection rates by 43 cents was killed Monday when the City Council voted not to adopt the controversial measure.

The hike, which has been under consideration since January, would have provided for a once a month pickup of large items such as stoves, refrigerators, air conditioners and engines.

In defeating the measure, which had been recommended for approval by the Beautification Committee, Council members said they had received many complaints from persons with fixed incomes protesting the hike.

Mayor Cruz Olague said he hoped the Council could find a way to provide the service free of charge in the future.

While all the Councilmen said they felt the city needed the pickup, they said they did not

want to go against a survey which showed a six to one opposition to the new collection.

In other action, the Council approved a new ordinance which will change street parking limits from 48 to 72 hours.

Under the new ordinance, only abandoned and inoperable vehicles will be towed away if they violate the new law.

In further action, the Council: - Approved an application by the American Nevada Corp. to apply for \$3.5 million in Public Trust bonds.

Granted the Southern Nevada Museum a five year extension on its development contract. Under the old contract, the new museum building was to be completed by May.

Delayed action on a request by developers of Old Tucson to purchase about 120 acres of land along Boulder Highway.

SHOW OF SHOWS---Genevieve Smith, right, is Show of Shows chairman for the Industrial Days displays which will be held at the Youth Center. Other chairmen include: Betty Robinson and Wanda Backman, crafts chairman; Carol Blankship, flower show chairman; and Isadora Price, art show chairman.

Citizen's Traffic Board Meets Tonight

Ray Currier, Chairman of the Citizen's Traffic Advisory Board, announced that the Traffic Advisory Board will meet tonight in the Conference Room at City Hall.

The newly created advisory board is composed of citizens representing various sections of the city and is intended to provide a means for the public to get involved in the solution of local traffic and parking problems.

Tonight's meeting is the second meeting of the board which held its first organizational meeting on February 14.

On suggestion coming out of the first meeting resulted in action when the City Street Department recently painted "stop" legends on Water Street at the intersection with Pacific Avenue. Many other suggestions were referred to the Public Works Department for study.

Judges Chosen For Handcraft Fair Industrial Days Celebration

Judges have been selected for the first annual Handcraft Fair. They will be judging and awarding ribbons for crafts including pottery, ceramics, metal and wood work, wall plaques and many other crafts. The needlecraft will be judged under a separate category.

Mary George, Secretary of the Art Dept. at University of Las Vegas. She is a graduate of Kathrine Gibbs School, Boston, Mass. and attended Kansas City Art Institute. Her talents include weaving, ceramics, sculpture, macrame and many other types of crafts.

John Kane is gallery director at the University of Las Vegas. He is a 1970 graduate of the University of Nevada Reno Campus and has been with University of Las Vegas for three years. Mr. Kane does jewelry, casting, macrame, painting. His

Citizens who have suggestions regarding traffic control, or who have noted hazardous traffic conditions, are encouraged to contact a member of the board so that the board can discuss the matter and advise the Traffic Commission or the Director of Public Works if action seems to be required.

The board is made up by the following citizens: Ray Currier, Chairman, 236 Carson Way, Henderson, Nevada, 565-8467; Marv Radley, 681 Blackmore Dr., Henderson, Nevada, 565-8680; Loreace Hornyak, 131 Maganese, Henderson, Nevada, 564-1307; Delbert Badger, 131 Country Club Drive, Henderson, Nevada.

Pete Brown, 936 Lewis Ct., Henderson, Nevada, 565-9243; Don Grau, 601 Calcutta, Henderson, Nevada, 565-8054; Larry Tabony, 466 Rose Way, Henderson, Nevada, 564-5708.

An art exhibition, featuring water colors, original oils of California artists and reproduction by the masters from the Graphic Art Galleries Ltd. of California will be held at the Club House at Black Mountain on Sat. May 4 beginning at 6 p.m.

There will be a special cocktail hour beginning at 6 p.m. and a door prize, according to Kirby Trumbo. This is the first time this type of venture has been sponsored in Henderson and it is RSVP. Reservations may be made by calling 565-9415. Besides the displaying of the art, some of them can be purchased.

There will be a special cocktail hour beginning at 6 p.m. and a door prize, according to Kirby Trumbo.

It is said that Alexander the Great had his soldiers shave so that enemies couldn't grab them by the beards! That's one way out of a hairy situation!

TOPS NEWS NO. 23

Hi there fatty, fatso or Miss Five by five. If you have been on the receiving end of any of these cruel names lately its time to think about paying the ladies of Henderson N.V. Tops Club No. 23 a visit some Thurs. evening at the Henderson Civic Center.

Ladies that have tasted the fruits of victory and know the feeling of accomplishment are Patsy Lundberg Topsy Lady for Tops and Elinore Larsen the traveling trophy for the meeting of April 11. Tommy Kelley was Topsy Lady for Tops and Elinore Larsen again received the traveling trophy for the April 18th meeting.

Thur. April 18th was special awards night. Joy Bennett and Joyce Eckman won the Topsy Charms for the most weight loss over a three months period. Buddy Charms were won by Lela Beuscher and Delores Dix. Margaret Quinn received the charm for her perfect attendance. Winners of charms for the most weight loss for the month of March were Joy Bennett, Joyce Eckman and Betty Price.

I have a weight problem. What can I do about it? When you can ask yourself this question you have just taken a very important step. For a few simple answers to your questions call our leader Margaret Quinn and she will be only too happy to explain the Tops movement to you. Please do not feel sensitive about your questions. Call Margaret Quinn at 565-9649 or LaKoma Brand 451-1779.

"FROM THE PEW"

By Dolores White

SCRIPTURE FOR THE WEEK: By this shall all men know that ye are my disciples, IF ye have LOVE one to another. John 13:35.

Tertullian, one of the great Church fathers, wrote of the early Christians, "Behold how they love one another!"

Their loving was distinctive and real... a kind of relationship that didn't generally exist among non-Christians. Such love isn't unknown among Christians today, but it is less easy to find than it should be. In many religious circles today, Christians know little about each others personal needs and feel little responsibility when they do know. People sit side by side in a church pew once a week and never get acquainted with each other. When they do make a beginning, they put their masks firmly in place (like most other Christians) so that they will appear to have no personal problems or needs.

What happens when it is known that a fellow Christian is facing a crucial decision, temptation, criticism, bereavement, unemployment, illness, or an exorbitant hospital bill due to a sudden and unexpected illness? Among some believers there is instant rally, loving concern, and practical helping. But, sometimes, nothing happens. The matter may get talked about, but few show concern or try to help. Actual sharing and meeting of personal needs would greatly reinforce the feeling of community between individuals in the Church. God's Word says, "Bear ye one anothers burdens, and so fulfil the law of Christ. Galatians 6:2. Do we neglect such a law?"

New Testament Christians expressed their love for each other by practical help and kindness, but also in open, direct expressions of affection. The Apostle Paul repeatedly told his converts how much they meant to him, how he missed them and longed to know how things were going with them. He cared intensely about their needs... physical as well as spiritual... and when he couldn't come to them, sent someone else to let them know he still loved them and was interested in them. Even

when he had occasion to scold his converts for misconduct, he told them plainly that he still loved them, and urged them to continue to express their love for each other with the brotherly kiss that was a common greeting in that culture. Many Christians today who provide kind, practical help to each other hardly know how to tell another Christian that they thank God for him, love him, value his friendship, are concerned about his needs. It is true that it isn't enough just to say it, but many a Christian would be encouraged by such simple expressions of affection. Individual Christians didn't lose their personal identity or importance in the body, and this was a strength rather than a weakness. But in many churches today the individual feels lost in the crowd. He attends worship services, Sunday school, and etc; and unless he holds official position... comes away feeling that he isn't much more than a blur in the whole. If he stops attending, it is painfully clear that no one misses him, and, if he is missed at all it is generally surmised that he was just disgruntled with the order of things in the body. Rejection hurts.... Attention heals. It is as simple as that!

If you read a modern translation of the Bible, you will see how often God's people are to encourage one another. There is nothing on the human side that people need more than encouragement. "The one who speaks God's message... speaks to men, and gives them help, encouragement and comfort." 1st Cor. 14:3. "Anxious hearts are very heavy, but a word of encouragement does wonders! (Prov. 12:25)" They strengthened the believers and encouraged them to continue in the faith." (Acts 14:22) Many who defect from the faith and the Church today might have remained true if a few individual Christians had offered them reinforcement and encouragement in the face of testing and temptation. Sometimes people need you after the battle, whether they won or lost it. Look at Abraham and Melchizedek.

My advice to the lonely Christian who has or is contemplating defection is... Keep your eyes on Jesus Christ, not on Christians whose friendship may be imperfect. No matter how short Christians may fall in their relation to you, stay with your Christian faith and with the Church of our Lord Jesus Christ. These are bigger than the imperfections of any individuals. Stay and help make the Church the kind of fellowship that won't be disappointing. Remember that God understands your loneliness and your hunger for friend Jesus was rejected by "His Own", and He "is not One who cannot feel sympathy with our weaknesses." His friends forsook Him in His hour of greatest need, but He will never desert you. For God has said, "I will never leave you; I will never aban-

don you." Paul wrote of his hour of crisis, "No one stood by me... all deserted me... But the Lord stayed with me and gave me strength." Paul's God is your God. When you belong to Him, you are never alone.

No... the glow and goodness of Christian fellowship has not become extinct. Where Christians are simple enough, where Christ is the Head of the body of believers and His Way of life is put into practice, there is a kind of fellowship, of oneness that is unique, exciting, loving and satisfying. It isn't always easy to find but when your relationship is right with HIM it is always easy to stay and start where you stand to begin just such a fellowship... by YOUR love.

QUOTATION FOR THE WEEK: To dwell above with saints we love... Oh, that will be glory! To live below with saints we know... Well, that's another story!! DW 1:1

Royal Neighbors Plan Picnic

Plans were made for a May 11 picnic at the Henderson park by the Royal Neighbors of America at their last meeting held April 17.

The picnic will begin at 5p.m. and everyone is asked to bring her own table service and picnic lunch.

Those attending the last meeting included Opal Shay, Winnie Fisher, Alice Henderson, Helen Bickerstaff, Mabel Newton, Mamie Vincent, Carmen Campbell, Frances Kissen, Thelma Pullen, Maycel Morris, Lele Buescher and Olive Melton.

Cards were sent to those who were ill including Rosalee Barger, Pat Kilpack, Evelyn Davis. Mrs. Kissen brought a beautifully decorated cake to the home of Olive Melton on her birthday.

Carmen Campbell won the traveling prize. Royal Neighbor meetings are held on the first and third Wednesdays of the month at Eagles hall and all members are invited to attend.

WOMEN on Wheels

HELPFUL SAFETY HINTS

By Elizabeth Stimley Plymouth Safety Writer AVOID CO BLACKOUT Dear Elizabeth:

What are the symptoms of Carbon Monoxide poisoning, and how can a motorist tell if his car is leaking CO into the passenger compartment?

Trudy

Dear Trudy: CO is a gas you cannot see, taste, or smell. It won't burn your eyes or make you cough. But it is a deadly poison, which causes more deaths than any other.

If you find yourself sleepy while driving, the cause may be CO. Stop, get out of the car and breathe fresh air. Then drive with the window more open than usual.

Symptoms of CO may be: tightness across the forehead, throbbing in the temples, headache, weariness and signs of fatigue.

If you own a car CO travels with you. Realizing its danger and taking measures to prevent its entry into the passenger unit is the best protection.

CO poisoning occurs most frequently during the winter, when drivers have heaters going and windows closed.

WINNING PITCHER --- Matt Gines was credited with the win against Eldorado's Sun Devils last Sat. Gines, a senior, has seen much action this year.

Governor's Ball Highlights Industrial Days

The Henderson Jaycees announced this year's Governor's Ball.

According to Fred Rothwell, President of the local Jaycees, the Ball will be held Saturday, April 27th at the National Guard Armory. The event will start at 8:00 p.m. and last until?

Governor Mike O'Callahan and his wife Carolyn have confirmed that they will attend the Ball.

Music will be provided by a local Henderson group, Harmonia, specializing in soft rock.

Door prizes will be given throughout the evening. Tickets are now available and may be picked up prior to the event at Black Mountain Realty.

Admission is \$2.50 per person. Tickets will also be available at the door.

What I Hear At BINGO

By Laurel Nelson

Mr. and Mrs. Al Staley, passing thru Henderson from Houma, Louisiana to Fresno, California stopped by to say hello to all their old friends. Al and Alice used to live here about three years ago. They played Bingo and etc. The Staley's stayed with Mrs. Lil Slocum. Sure was good to see them and they to see all their old friends again.

Jeanne Slocum Dennis (Mrs. Billy Dennis) is staying at her Mother's home, (Lil Slocum). Jeanne's from Lawton, Oklahoma, and she introduced her mother and her Aunt Denise Balk to their adopted daughter "Karra Jeanne". They will stay till her husband gets out of the Army in May. Then they will move to Bakersfield, California. Karra will be baptized here with Mr. and Mrs. Larry Slocum as God Parents.

Birthday greetings go to Donna Gray, who will be 16 on April 29th. Congratulations Donna.

The Sandins had a nice vacation. They visited their granddaughter Sandin for a week and worked their way back to Cortez Col. They went by the way of Salt Lake City, Utah and while there they visited with Vane's two sisters and Utahna's brother, and guess what? They ran into snow. While gone they attended a wedding for Vane's niece and ran into snow. Then from

there they went to Panquitch, Utah, and what did they do but run into snow again? But all and all they are really enjoying Vane's retirement.

Pat and Van went out to the lake last week and Pat caught a 23 inch Rainbow trout and Van caught a 24 inch cut throat trout. He was not going to let Pat get the best of him. Good for you Van.

Well, I went down to see my husband last Friday afternoon with my Son, Harry, Katy, his wife and my two grandchildren Lesa and Vincent Roberts. We went down in a new Pace Arrow motor home. It sure was nice to sit and relax and have no worry about where we would get a Motel. We arrived in San Diego about 12:30 and went to bed and then the next morning we went over to see the Sea World while we were waiting to go to the Hospital. What a wonderful place that is! The Children did enjoy it. We spent about four hours at the Veterans Hospital with Mac. He is doing good and the Doctors are real encouraging about his improvement, which makes me feel much better.

Mr. and Mrs. Lloyd Darnell of Craig, Colorado are here visiting with Lloyd's two brothers, Mr. and Mrs. Wayne and Iva Darnell, and Doris and Virgil Darnell. Lloyd and Barbara went yesterday to

Glendale, Nevada as that is where Wayne and Iva live during the week as Wayne works up there. But they will be back to stay with Virgil and Doris of 38 Church Street, Henderson. It is nice that the three brothers can be together again.

Pat and Van went out to the Lake last week and all they caught was carp. But they brought them in and gave them to some of their friends that like them. And guess they brought in 138 pounds of fish. Van said that it took three of them to carry them up to the car.

Down at the Vet's Hospital they told me that I would have to come down, when Mac is about ready to come home and go to school on Therapy so that I can keep Mac on it after he comes home. Mac's sister Margetta March of Portland Org. was down to see him last Tuesday. And then his brother Henry and wife Aleta were there for three days and then we were there last Saturday and Sunday. So he really had plenty of visitors. Wish I could go every day. But then I have to stay home and keep the fires burning.

One fellow was very lucky last Sunday up at the Rainbow club, as he won \$3,000 dollars on the 45th number. How lucky can one get?

Kathy Cardwell, Pres. Of Beta Sigma Phi

On April 11th the Henderson City Council met at the home of Pat Warren to finalize plans for Founder's Day.

Founder's Day is celebrated all over the world by Beta Sigma Phi's on about the same day. Our organization was founded April 30, 1931 in Kansas City, Missouri by Walter W. Ross. The organization has now grown to over 10,000 chapters all over the world with 250,000 members. This year the four chapters here in Henderson will celebrate Founder's Day on April 26th at the Showboat Hotel. Each chapter has elected a girl or girls who have been outstand-

ing in their chapter activities and each one of them will be honored that evening. It is really an evening to remember, there are tears of happiness, laughter and excitement as the resume of the Girls of the Year are read and highlights of the year are announced.

New officers for the coming year are as follows: President, Kathy Cardwell, Alpha Beta; Vice-President, Sharon Ramburg, Xi Sigma; Recording Secretary, Linda Wieder, Alpha Beta, Corresponding Secretary, Shelia Prelowitz, Phi; Selma Clasen, Treasurer, Preceptor Iota.

"ROUND THE TOWN"

Judy Brennan had a bad spell with her heart. She was taken to the Sunrise Hospital. Judy will stay at the hospital for a week or two for some lab work and other tests. I know the nurses will have to put restraints on her to keep her in bed. Judy is one active girl.

Norman Sandbrink went to Bullhead City, Arizona last week. Norman spent the Easter weekend with his daughter and grandchildren. Wonderful time, but Henderson is home.

Happy Birthday greetings go out to Ines Bryant from all her friends. The big day was April 18th.

Birthday greetings also go out to Donna Gray. Her big day is April 29th. Happy 16th Birthday to you.

Dorothy Arena took a quick trip to the doctor office last week she has a bad case of flu among other things. Orders were to take medication and rest.

Minnie Beedle has some visitors for the next two weeks. Two sisters from out California way are here. Minnie tells me they try to get together at least once a year. I'll just bet they have lots of fun.

Don't miss the Desertaires Review at the Basic High gymnasium. It's on May 2 at 8 p.m. These teens put on a good show. It will be an evening of enjoyment and the Desertaires can sure use your donation.

Little Sander is back in the hospital again. Sorry about that Little. All your friends wish you a speedy recovery.

Mr. and Mrs. Shearson settle down in their

trailer for the evening after a fun filled day celebrating their 35th anniversary. They were surprised by their daughter, son in law, and grandchildren from Kingman.

A.E. (Curly) Norvell and wife Clarissa and Emma Jessop, Curly's mother, attend the Eckankar fifth international youth conference in Tucson, Arizona-April 14. The conference was held in the new community Center Music Hall in a most beautiful setting. Emma said Tucson is very beautiful and there are son many places of interest to visit. Also no gas shortage at any place they went.

Chuck Gishwiller, Frank Eckly, Chuck Zettner, Earl Rush, Kenny Blaise bowl last week in the 25th Nevada Men's State Championship Bowling Tournament. It was held at the beautiful Charleston Heights Bowl in Las Vegas.

Lucky first prize winner of beautiful hand made Afghan was Isabelle Pearson. Second Prize winner of a portable radio was Mrs. DuPont. Beautiful prize from Alter Society Carnival.

St. Peters Senior Citizen Recreation Center will have a booth at the Industrial Day Carnival with crafts and baked goodies. The Seniors have been working on crafts for the last month.

If you have any event coming up that you would like to see in the paper, such as anniversary, birthday, wedding, visitor's, trips. Please call Jean Eckley 564-1568.

Opportunities for Musicians.

"Bandmen" - just one of over 300 job opportunities offered by the Army Reserve. Why not join us?

The Army Reserve. It pays to go to meetings.

Entry deadline is Thursday, April 25. For further information call 565-7933.

EARL RUSK'S 25 -- Mr. Earl R. Rusk is pictured upon the occasion of completion of 25 years of service with the Stauffer Chemical Company, Henderson, Nevada Plant. Mr. Rusk is employed as a Pipefitter. Pictured left to right: Mr. J. A. DeBernardi, Plant Mgr.-Ag. Chem. Div., Mr. Earl Rusk, Mr. Joe Perrin, Maint. Planner-Ag. Chem. Div., and Mr. George R. Stewart, Plant Mgr.-Ind. Chem. Div.

BLOOD DONORS -- Henderson Plant employees of Stauffer Chemical participated in a Blood Donor Drive held recently at Rose de Lima Hospital. Pictured from left to right are: Ike Moses, John Gansworth, Lloyd Irvin, Ivan Makinster, David Lopez, Bob Bridgewater (center), Eldon Moore, Pat Day, Frank Bleak, Gert Block, Carol Gregory, and Bill Jenkins.

MAYOR DECLARES LAW DAY -- Mayor Cruz Olague is shown signing a proclamation declaring May 1 as Law Day. With Mayor are James Corn, James Phillips and Danny Potter of Explorer Post 36.

Mayor Proclaims Law Day For Henderson

Mayor Cruz Olague proclaimed May 1 as Law Day for Henderson in conjunction with other cities throughout the United States. The Proclamation follows.

WHEREAS, to each new generation of American citizens comes a new opportunity and responsibility to provide his country with new leadership, fresh wisdom and foresight; and

WHEREAS, as we move into the third century of our independence as a free nation, and responsibilities of leadership will pass to today's generation of youth; and

WHEREAS, in an effort to assist these young men and women, who comprise nearly one-half of our population, in gaining a better understanding of the law and the legal process and their leadership responsibilities, the 17th annual nationwide observance of LAW DAY USA on Wednesday, May 1, will be directed toward youth and the law; and

WHEREAS, it is especially fitting that Law Day '74 be devoted to this worthy purpose, for without laws and independent courts, the freedoms we enjoy would be meaningless. Also, it is most timely with the recent passage of the Twenty-Sixth Amendment, granting full voting

rights to those between 18 and 20 years of age; and

WHEREAS, we can be justly proud of America's youth for they are playing an ever active role in the continuing growth of our Nation. These young citizens are learning the ideals of America by taking a concerned interest in community action programs embracing student government, civic, social, business, religious and educational activities; and

WHEREAS, I am confident that our youth will carry out the responsibilities that will soon be thrust upon them with great credit to our country.

NOW THEREFORE, I, CRUZ M. OLAGUE, Mayor of the City of Henderson, Nevada, do hereby proclaim Wednesday, May 1, 1974 as

LAW DAY

and call upon all citizens of this community to join in its observance through court visitations, participation in bar sponsored programs, ceremonies and activities, and in recognition of this special day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Henderson, Nevada, to be affixed this 15th day of April in the year of our Lord nineteen hundred and seventy-four.

ALPA BETA HAPPENINGS

By: Jeffery Osbon

On April 18th, the second meeting of the month was held at the home of Sharon Rothwell, City Council, Betty Slocum, announced that the Founder's Day Banquet will begin at 7:00 P.M. at the Showboat Hotel on April 16th. Program Chairman, Ramona Baughman, read a few of the essays on "What Beta Sigma Phi Means to Me" written by the members. Service Chairman, Linda Wieder, announced that the Easter Egg Party for the Head start children at Al Landsman turned out very well. Social announced that the Luau will be held on May 18th. She also reminded the members that Secret Sisters will be revealed at the last meeting on May 16th. New President, Donna Anderson, announced the new

changes in the by-laws and committee chairmen for next year. Alpha Beta Glee Club practiced the song "What Color Is Love" for Founder's Day and needless to say we will be fantastic.

The program, "Good", was presented by Betty Slocum. Betty asked the members to give their definition of "good" and why they chose that meaning. She also gave the different definitions of "good" that were given by the philosopher's. Discussion followed.

Attending the meeting were: Linda Wieder, Darlene Trueworthy, Kathy Cardwell, Pat Rawson, Jane Gilmer, Mrs. Burkholder, Peggy Reynolds, Betty Slocum, Nancy Hampton, Donna Anderson, Rita Barquist, Sharon Rothwell, Ramona Baughman, Torrie Anderson, Judy Watson, Pat Ullom, Patti Wier, Lee England, and Jeffery Osbon.

SENIOR CITIZEN NEWS

Celia Jackson

The members of the club met on Friday April 19th. There was a good crowd - all enjoyed the delicious refreshments served by our gracious hostess, Emma Quarterson. She served crackers and cheese, two cakes, candies and nuts.

Mrs. Suzanne Ernst from the American Red Cross spoke to us about the S.S.I. law for aid to

Senior Citizens. It was interesting and there may be some who will decide to look into the offers available.

We played cards during the afternoon. Everyone seemed to have a good time. Emma drew the door prize

The next meeting will be April 26th with Alice Lebel as hostess, 1 o'clock room 19.

The Henderson Boys' Club will be sponsoring a summer sea-side camp at San Diego's Silver Strand, June, 23 thru 28. This camp is for boys 8-12 who will spend a week on the wide, sandy shore and broad blue ocean.

The following activities are planned for the boys. Landlubber sports and games like archery, volleyball and baseball are mixed in with damper doings, like surfing, hobbie cat sailing

and fishing. Beach fires, and nature studies of shore and sea life. With expert instructions for board and body surfing, skin diving and oceanography. You'll become the neighborhood nautical expert.

Experienced college-age counselors supervise 8 to 10 boys in a group at all times. A registered nurse is on duty 24 hours a day. Hearty, nutritious meals are served. Strict safety

measures are stressed on land and water. As a final precaution, accident insurance is included in each camper's fee.

The cost for the camp is \$60 per boy, which includes transportation. We will leave from the Henderson Boys' Club. Registration is on a first come first serve basis, and is open to any boy in the community. If you are interested please contact the Henderson Boys' Club at 565-8682. The camp will provide a unique experience, entirely different than the usual summer camp.

BOYS' CLUB CORNER

A UNITED WAY AGENCY

Brent Chadwick

Well, gang, it seems like last Tuesday and Wednesday proved that we had a number of kite-building enthusiasts who are members of our Club. Some of the newer and younger members really put themselves into designing and constructing their own kites. Amazingly enough, they weren't simple kites, but of some complex parafoils. A couple of guys even tried to put together a star kite. Too bad the wind didn't want to cooperate with us, but it was blowing so hard the days we were working on the kites that all the kites would do was a couple of loop-de-loops and then bonsai dive towards the earth while we were trying them out. Then later on in the week, we went to the Youth Center, but it seems that the billiards tournament was not the most popular thing with the new members, and some of the old ones.

We especially want to thank Steve and Dewey

and some of the other guys who went around and scrounged up some chicken wire for our Industrial Days float. By the way, we want to warn all you other float builders there is no sense in you going to all the trouble of building a great big float, because the Henderson Boys' Club float is going to have the greatest float in the parade, so don't miss the parade, if you do you will miss one of the best floats to ever grace the parade route.

So why not everyone this next week enjoy the fishing. Hopefully it will be a whole lot better since they have just stocked the Lake with eight-inch trout, and remember, those of you who need to brush up on your summer swimming skills, be sure to see Brent before Wednesday.

As you can see we will have a busy week. Don't forget to mark Thursday through Saturday on your calendars, as the most important days

because those days will be when we do the finishing touches on our prize-winning float.

Before I forget, all of you guys who have birthdays this month, please let me know and then we will know what kind of cake to make for your party.

Also, everybody keep an eye on the Club because this next week seems to be a booming week for us. It seems that we will be getting a lot of work accomplished through the next few days, which will mean we will be a lot closer to moving into our building.

Most important of all, we need to know how many of you guys will be interested in going to a San Diego camp, at the ocean, primarily because we need to know how many people can go so we can make reservations for this camp, so let me know.

That's all gang. See you around the Club.

'Don't Cop Out' Is Sermon Topic

The eleven o'clock sermon Sunday morning at the East Las Vegas Baptist Church, 5757 English Avenue, will be, "Don't Cop Out". Sunday school, with classes for all ages, 9:45 a.m. Rest Home service, 2 p.m.

Evangelistic service at 7 p.m., message: "Whispers of Love"

The hour of Power, with Prayer and Bible Study, Wednesday, 7:30 p.m. Study in Romans.

The Lord admonishes us not to "Cop Out", but, to press forward toward the mark of His High calling! When you're down... don't cop out! Get up... and in the power of Christ; and because of His never-failing love... live the life of victory!

The public is cordially invited to attend all services and activities; for information, transportation, or counseling, please call Rev. Lou Sorabella, (the Safeway guy), at 565-7920.

John Jarrel Completes Machinist Course

John D. Jarrel successfully completed the Machinist Apprentice course to graduate as a Journeyman Machinist at the Stauffer Chemical Company plant at Henderson, Nevada.

John came to work at the Henderson Plant in February of 1968 having been in the Machinist Apprentice Program in other companies. He had graduated from Maryville High School at Phoenix, Arizona. John and his wife, Chyrl, live in Logandale, Nevada.

Four years of on-the-job training and of classroom work outside regular working hours are required to become a Journeyman Machinist. The program is sponsored by the State and Federal government and meets their rigid requirements.

LDS Film Feature Of I-Days

with the Industrial Days celebration.

It will be presented continuously in room 24, in the civic center, near the art show. It is free of charge for anyone

"Man's Search for Happiness," a film produced by the Church of Jesus Christ of Latter-day Saints, to help people understand the purpose of life, will be shown in conjunction

interested, and it will be shown by the LDS missionaries stationed in this area.

The film has been a popular one and was presented at the New York World's Fair.

In China, the first few days of the new year have been the only days celebrated as universal holidays.

Badminton Tournament

When BCBS was involved in a badminton tournament among Clark County schools a few weeks ago in Las Vegas, BCBS students came away with some awards, among them were Mark Rua who won second place for the eleventh

graders; John Cain, first for tenth grade; Jeff Bishop, second for seventh grade. Some other BCBS students who participated were Walter Anderson, ninth grade, Richard Wagner, senior, and Vicky Dennison seventh grade.

Lewis Homes Set Grand Opening of Homes

The Grand Opening of the popular Lewis Homes in Boulder City is scheduled for Saturday, April 27th and Sunday, April 28th, it was announced by Robert Lewis, president of Lewis Homes of Nevada. Furnished models of the 3 and 4 bedroom homes will be open daily from 11:00 A.M. to 6:00 P.M. Refreshments will be served each day.

The Lewis Homes organization consists of a close-knit team of persons dedicated to the finest in home construction with the homebuyer in mind. They have built more than 3,000 homes in Southern California and Southern Nevada.

Ralph Lewis, Chairman of the Board of Lewis Homes, is one of the very few men who holds the unique distinction of being an attorney, certified public accountant, real estate broker and general contractor. He passed the California bar examination without attending law school. He was able to do this by composing his own law course. He also holds a B.A. degree in accounting from U.C.L.A., and took graduate work in Business Administration at U.S.C. The list of organi-

zations, relating to home building, that he has held high office in would fill several pages in "Who's Who." His reputation is an enviable one among building officials, lenders, Federal agencies, and most importantly, the families who are living in Lewis-built homes.

Robert is Vice-President of Lewis Homes of Nevada. He has a B.A. degree from Claremont Men's College, majoring in Business Economics, and an M.B.A. from U.C.L.A., where he was elected to Beta Gamma Alpha, an honorary society for the top 8-10% of the students in the Graduate School. In Boulder City, the Lewis Homes are now under construction at Adams and Utah. These homes also have 3 and 4 bedrooms with 2 full baths and are in the \$32,950 price range.

The Lewis Building Co., Inc. takes pride in their construction work and endeavor at all times to live up to their motto "Built With Integrity." As a result, the home buyers satisfaction is always upper most in the minds of the Lewis family and team - resulting in the finest in quality and construction in each and every Lewis

home built. Directions for reaching Lewis Homes Boulder City are: Boulder Highway to Boulder City, turn right on Buchanan, left on Adams to Utah. Furnished models are located on Adams just beyond Utah.

March of Dimes To Help Babies

The Southern Nevada Chapter of The March of Dimes, recognizing the need for special care of babies born with prematurity problems, is establishing a program in Neonatology.

Doctor Charles Vinnik, Medical Advisor to the local chapter, announced that Doctor Louis Gluck, professor at the University of California-San Diego School of medicine, will be in Las Vegas next week to meet with local physicians and hospital personnel to formulate a program to bring intensive care for the newborn to Southern Nevada.

In addition to being professor or pediatrics and obstetrics at UC-San Diego, Doctor Gluck is the head of the division of perinatal medicine at the university hospital. He is recognized as a prime mover in developing the modern concept of intensive care for the newborn.

Doctor Gluck has conducted research on the epidemiology of infections in nurseries and has completed basic studies on embryonic and fetal development - especially the development of the lung. He recently devised a test on amniotic fluid to evaluate the maturity of the fetal lung, thus permitting the delivery of infants when their lungs are mature and preventing hyaline membrane disease. Last month, Doctor Gluck chaired the symposium on modern perinatal medicine in San Diego which included an international faculty.

American War Mothers Meet

Recent activities for the Henderson Chapter of the American War Mothers include the April 1 meeting at the Civic Center with President Rolla (Smiles) Cunningham presiding. Ten members answered roll call. Irma Struthers thanked the assembled Mothers for their support and extended sympathies at the time of the death of her husband, John Struthers. A "Get Well" card was signed by the women and sent to Selza Heffelfinger, who has

been ailing. The Floral march was won by Julia Mills.

It was announced that the May meeting will be on the 6th at the home of Irma Struthers. The meeting will be a pot luck dinner and will start at 6:30 p.m. This will be the official visit of State President Delores Fuller.

The Gold and Silver Star Luncheon is planned for June.

You can have your kind of public official.

Gill Blonsley

- Committed to work for a meaningful tax exemption for senior citizens.
- Pledged to resolve the problems of mobile home taxation.
- Establish a tax exemption on home improvements to keep neighborhoods from deteriorating.
- Work for passage of legislation that will stimulate community growth and new business.
- Be available to assist taxpayers who have questions or problems.
- Develop a tax research and planning department to aid commissioners and councilmen.

This week Gill Blonsley announced his candidacy for Clark County Assessor - one of the most important local offices to be elected this year. It's an important job because it not only affects each and every one of us as individual taxpayers - but also has major effect on the growth and prosperity of our entire community.

Above all else, our County Assessor must be a person of unquestionable honesty and integrity, a person who will protect the rights and interests of all the taxpayers, not just a select group. Gill Blonsley is that person.

Gill has served as Assistant to the County Assessor; is the Vice President of the Las Vegas Valley Water District; and since 1968 has been the Administrative Chief of the District Health Department for Clark County. He is a man of proven administrative ability, with substantial training and experience in government and taxation.

The vitality of a young man, tempered with years of proven experience... a capable person with a record of honest performance... that's Gill Blonsley - your kind of public official.

It takes a lot of money to run a winning campaign, and that money should come from average taxpayers - not a few special interest people. Are you willing to help Gill?

YES! I'd like to support Gill. You'll find my contribution enclosed.
 I'd like to help as a volunteer worker.
 I'm not convinced please have Gill call me.
 No, I cannot contribute but I do have a comment for him to consider.

PRICE CONTROLS END...

SAFEWAY VALUES CONTINUE

Serving Suggestion

USDA Grade A

Serving Suggestion

Although the objectives were worthy, everyone now knows that price controls simply did not work exactly as hoped. Instead, they interfered seriously with food production and marketing. Many shortages developed and prices increased. Now, with controls off, and the food business again operating in its normal, freely competitive manner, supply and demand should start to come into balance. Because some foods take longer to produce than others, not everything will be plentiful at the same time. Meanwhile, we will continue to do everything within our power to give you the kind of values you expect to find at Safeway. We pledge that in our store near your home, you will continue to find quality foods, priced to save you money. We look forward to more abundant supplies of foods and the opportunity to give our customers even better values.

Want to Know the Honest Truth About Ground Beef?
IT'S THIS
Nobody can guarantee its exact fat content. There's been lots of talk lately about the fat lean ratio in ground beef. So why not label each package. Contains X% of fat? Let us tell you why.
We've been making ground beef just about as long as anyone and we know there's no way to make two batches that are exactly alike. Two samples taken from the same batch (or even the same package) can differ in ratio of fat to lean. Even with meticulous care in selecting ingredients, there are variations in fat lean ratio. Even with our most modern grinding and mixing equipment. Even with use of the best available fat-measuring devices.
Yet we know our customers want and expect us to provide them with a choice of ground beef products to meet their varying preferences, tastes and budgets. After long and careful consideration, we have concluded that we can best meet our customers' need for variety by offering just two ground beef products—REGULAR and PREMIUM. We make both kinds from fresh chunks of beef. We prepare both kinds with equal care to maintain the top quality which has helped earn our fine meat reputation.
Our REGULAR is made the way we believe most families prefer their ground beef. It contains enough fat to assure full juiciness in the cooked meat. It makes marvelous hamburgers, meat loaves, meat balls, spaghetti sauce, Salisbury steak and other delicious dishes.
Our PREMIUM is made to please families that want a leaner ground beef. It shrinks less in cooking and makes wonderful ground beef dishes of all kinds—plain and fancy.
Why not try both kinds and see which is preferred by the folks at your house? (You might even want to make a mix with some of each.) The famous Safeway money-back guarantee applies, of course, to our ground beef as to all of our other products.

Curtis Speaks....

This past Saturday morning I drove three members of the Henderson Interact Club to Anaheim California to their district convention. Bill Sheehan also drove four members. The convention was held in a small meeting room at the Sheraton Hotel. Altogether there was approximately 30 youths there from Interact Clubs in the Rotary District 530 which comprises southern Nevada and Southern California. There are twenty two Interact clubs in the district but only 8 were represented. Two - of these from Southern Nevada. Southern Nevada had a total of eight youths there - a sizeable percentage of the total enrollment. I am happy to report that a Henderson member Michele DuPont was elected Secretary for the District organization. This seemed to me to be quite an honor for a young lady in what has until recently been an all boys organization.

The group also voted to hold at least one meeting this year in the Las Vegas area. I was told that last year there was strong feeling against meeting in Las Vegas. It certainly was not evident Saturday. Only one youth spoke against it. One strong argument for it was that perhaps the Southern California clubs might have a better turn out if the location was farther from home. Might be wishful thinking but time will tell. They certainly did not have a good attendance showing at this meeting.

One thing that I am happy to report is that most everyone seemed to be observing the 55 mile per hour speed limit on the freeway. There were many cars, pickups and other vehicles on the road but very few were driving above the 55 mile limit.

On our return Sunday morning the young people wanted to go to a swap meet that they had heard was in the area. We made a few inquiries and found it in the grounds of a very large drive in just off the Santa Ana freeway. So we went

in. This has to be the Grand-daddy of all swap meetings. It was huge. Practically anything for sale except a wife. Might have found one of those if you were to ask. It was interesting but I managed to cover it rapidly without buying a thing. Very unusual for me at such an affair.

I see Edward Kennedy and others are talking about a tax cut to help the economy. Perhaps I should clarify my position by saying now that there is very little that Ted Kennedy does or says that seems to me to display sound judgment. This proposal of his is one of the least sound ones. For years I have read economists who almost invariably argue that a tax cut; a - will help if the economy is slow and needs more purchasing power b - will add to inflation pressures if the economy is operating at a high level.

I point out that our economy is not slow. Most production facilities are at peak or near peak levels. Employment is high. There are over 81 million people employed throughout the country.

Unemployment runs at about 5.2 percent of the

nations work force. This is not what we would like but it is certainly not really bad. The auto industry is slow now but not for any reasons that a tax cut will help. It is slow because people are uncertain as to the future of gasoline supplies. The auto manufacturers are caught geared to much of their production in big cars and people are looking for the small economical car. This situation will exist until one of two things happens. The manufacturers have a good supply of small cars or the public throws good sense to the winds and starts to squander gasoline again with fast driving and large cars. For the good of future generations I sincerely hope that the latter is not the solution to the auto industry problem.

In my opinion Kennedy's proposal would be one of the worst things that we could do at this time. In fact some economists argue that a tax increase is the beginning answer to the inflation problem. Tax increases and decreased government spending That is - the government should live

within its means. Repeatedly I read that the biggest cause of inflation is government spending beyond its means. It appears almost hopeless to expect this Congress to do anything about that. I sometimes feel that we should throw the entire bunch out and start over again. They as a group seem to have no regard for the tax payers dollar. I read yesterday somewhere that the congress just before the Easter recess passed a bill to increase their office expenses many millions of dollars. This at a time when austerity in government spending is direly needed.

I am concerned about the next Congress. Because of Watergate I think that there is a good possibility that George Meany will get his veto proof Congress. Lord Help Us.

A friend of ours has two teenage daughters. One, after a rather late party the night before, had been ordered to bed early. Sure enough the phone rang and her sister answered. It was the sleeping beauty's heavy date.

Next morning at breakfast there was quite a little scene. "You surely didn't tell him I had gone to bed?" wailed the sleeper.

"Of course I did."
"That's the meanest thing I ever heard of in my life! Everybody will think I have to go to bed at 9 o'clock just like a child!"
"That's all right," was the comforting reply. "I told him you had an awful hangover."

"How do you like my hat?" asked a young wife innocently, as she preened herself before the mirror.

"It looks silly," said her tactless husband. "Why don't you return it?"
"Oh, I can't return it," was the reply. "You see it's my old one. But since you don't like it I can go buy another."

FOURTH ANNUAL MOTORCYCLE TOUR

April 25, 1974

Approximately 500 participants are expected to gather in Boulder City this weekend for the Fourth Annual Boulder City Motorcycle

Tour. The event will begin on Friday afternoon and will run through Sunday. A highlight of the weekend will be a parade along Nevada Highway from Fifth

Street to the Government Park, beginning at noon Saturday. Field events will follow at the Jaycee Park, headquarters for the weekend festivities.

Jack Jeffrey Files For Assembly Seat

Home Occupation Permit Requests Tabled

City Councilman Jack Jeffrey 35, yesterday filed to run for a seat in the Assembly for District 22, the seat now held by Republican Hal Smith.

The district Jeffrey would represent includes a portion of the City of Henderson above Basic Road, Boulder, Searchlight, Overton, Mesquite, and other unincorporated townships in the county.

Jeffrey, who has lived in Henderson for 33 years, and his wife Betty, have three children, John, 16, Teresa, 12, and Paul, 9.

While serving on the city council for the past three years, he has represented the city on the Las Vegas Convention Board, the electrical board, the planning commission, the Economic Opportunity Board, and as alternate on the Regional Streets and Highways and Regional Planning Commission.

He has served as President of the Clark County Young Democrats, Southern Nevada Democrats, and as a member of the executive board of the county Democratic central committee.

He is currently serving on the St. Rose de Lima hospital Board, Henderson Mental Health Board, Henderson Boys Club and Regina Hall Building committee.

Jeffrey was appointed by Governor Mike O'Callaghan to the Eldorado Valley Advisory group and the Southern Regional Allocation committee to the Nevada State Crime Commission.

Jeffrey said, "I will oppose any move toward consolidation of Henderson and Boulder City into a metropolitan district.

"I believe Henderson and Boulder City would lose their identity under consolidation. The residents of these two cities or any other city should have the right to decide in an election, whether or not they want to consolidate services or government functions. Consolidation should never be accomplished without the vote of the people affected by the consolidation move.

"I plan to work closely with the people in this district with strong emphasis on local control," he said.

Jeffrey said he believed that Searchlight, Overton, Mesquite and other unincorporated townships in the county should have a strong voice through their own town boards to the county commission. The county commission should answer any of the problems posed by the town boards and these boards should be allowed to expend at least part of the tax generated dollar in their areas for local projects.

"If it takes legislative action to accomplish this, I shall fight to my utmost to get it done," he said.

Jeffrey, an electrician, said he will carry his campaign door-to-door to try to meet all of the people.

CEMETERY PROGRESS

The cemetery expansion program is expected to be completed this week, according to city officials.

The city crew working on the project will then turn their attention to upgrading the original cemetery section in an effort to have the entire area in top grade condition by Memorial Day.

After noting that they had yet to compile a summary regarding the recent review of all Home Occupation Special Exception Permits (HOSE) currently in force here, the Boulder City Planning Commission last week tabled two requests for such permits.

The requests were from Judith Ann Emerich, 1316 Pinto Rd., and Martin Porter, 1430 Bronco Rd. Mrs. Emerich filed application to operate a "Fluff 'N Stuff" dog grooming parlor. Porter requested an HOSE permit for operation of a business office (insurance) in his home.

After the public hearing on the two requests was opened, City Clerk Larrie Kautz informed the members of the commission that appropriate notices had been sent to surrounding neighbors in both cases ... and that only one letter had been received. Written by a resident on Apaloosa Rd., the letter stated no objection to the two specific applicants ... but expressed fears of a precedent being established if such request were granted. The writer spoke of a fear of increased traffic, parking congestion, etc.

Commissioner George Day offered two comments on the applications. He mentioned that the HOSE Review summary was a later item on the commission's agenda ... and suggested that the review be completed prior to issuing any HOSE permits.

He also spoke of the possible problem of conflict involved where the city O.K.'s such permits in areas where there are deed restrictions apparently prohibiting such activities.

"I'm concerned that the city may have some liability in such cases," Day told his fellow commissioners. "I've discussed this with the City Attorney ... and one of my recommendations will be that we seek a declaratory judgment from the court as to our position in such cases."

"Are these deed restrictions to be honored?" asked Commissioner Bob Springer. "I don't know," Day replied, "and that's why I feel a court determination should be sought."

Information was brought forth that Lewis Homes ... where the applicants both live ... had been notified of the applications and that they had not responded.

Mrs. Emerich ... questioned on her feelings on the motion to table any action ... stated that she was planning to begin business in two weeks. Porter ... already in business ... told the commissioners that any delay would certainly affect his operation.

City Engineer Robert Eads noted that since the beginning of the HOSE review some three months ago there had been no "stop order" on any

La Mancha Improvements

Installation of electrical utilities is underway in sections four and five of the La Mancha development.

Water and sewer lines are already in. Streets, curbs, gutters, etc., are done...and a final cleanup of the area is scheduled for this week.

At the same time, city crews have been dumping dirt behind those lots backing on the golf course in sections two, three, four and five. Through a coordinated effort involving golf pro Hugh Jeffries and Public Works officials, the strip will be graded and seeded to provide an unbroken sweep of green grass between the rear of the home lots and the fairways of the course.

existing permits. "It would seem logical to act on these," he said. "It doesn't seem fair to establish a cut-off here."

Commissioner Dwight Couch noted that this was true ... but felt that a decision on the review should be arrived at before more HOSE permits were granted.

The motion to table was approved by commissioners Day, Springer, and Couch. Commissioner Del Blue cast a lone dissenting vote.

Crime Prevention, Safety Program To Be Presented

A Crime Prevention and Safety Program will be presented by the American Association of Retired Persons in May in Las Vegas, North Las Vegas, Henderson and Boulder City, according to Bill McCullough, State Director. Subjects which will be covered include Street Crimes, Burglary, Criminal Fraud, and Community - Police Relations.

The American Association of Retired Persons has been concerned for some time about the impact of crime on older Americans, who are often the major victims of violent crimes, as well as well as consumer fraud. For this reason they have undertaken a major study of crime prevention techniques, and with the information developed have prepared a Crime and Safety Program which is expected to become one of the most important services offered by the Association. The new program provides practical pointers to help older citizens cope with crime and achieve a higher level of personal safety, as well as protect their property.

The Crime Prevention Program consists of four two hour sessions, which include films and descriptions of methods of developing security precautions as well as participation by an expert in law enforcement. Since the program is sponsored by the American Association of Retired Persons, there is no cost to the public of any kind, either for those attending, or through use of public funds to present it. The program is open to the public, and all interested persons are urged to attend. Dates and times for the various locations will be announced soon.

Chambers Get New Board

A new map display cabinet now graces the wall of the City Council Chambers, replacing map hangers that often proved obstinate in their use.

During meetings held in the Chambers, it was often necessary to display large maps, blueprints, plans, etc. on the wall for various groups to see. The hangers readily accepted the documents...but often refused to relinquish them, resulting in corners being torn in efforts to get them free.

Now the offending hangers are gone...replaced by a handsome wood framed cabinet containing sliding panels on which documents can be affixed by conventional methods...i.e. thumb tacks.

A blackboard is also slated to be added soon.

Bill Ahern is the man responsible for the construction of the cabinet. The City Council noted the improvement at their Tuesday meeting and paid tribute to Ahern for the job he had done.

FROM AN EASTERN READER--A letter arrived in the mail recently with the check shown above. From Dr. Erving F. Geever in Bronx, N.Y., the letter said, "I have been a subscriber to the Boulder City News for the past few months, mainly because my wife and I are considering your nice little town as a possible retirement home. And I turn to your

(Morry's) column on the front page for an entertaining and informative account of the latest local news. It's a good column." The letter continued, "Like many of your readers, the story of the misfortune to the Southern Nevada kids was shocking to us...and I'm enclosing a check to help restore some of the stolen things." Thank you, Dr. Geever.

Rec. Board Changes Altered

The number of members on the Recreation Board will remain at nine as a result of action taken by the City Council at their Tuesday meeting.

The City Manager and Recreation Director had recommended the number be reduced to seven.

Noting that two of the nine are students, the council agreed with Recreation Board Chairman Jack Rants' request to hold the group at the larger number. Rants said that the students change from year to year... that they are generally gone during the summer months ... and that their record of attendance at meetings has not been too good. He noted that present student representative Gene Bowmer has been an exception to this trend.

As approved by the council, the bill changes the name of the group to the Recreation and Parks Commission of Boulder City; states that the commission "may" have the duty to review applicants for the position of Recreation Director; shall review and recommend on the annual budget for the department.

Developers To Pay For Undergrounding

Future developers here will pay for the cost of "undergrounding" electrical installations if a bill introduced by the City Council Tuesday receives final approval at their next meeting.

The bill would shift the financial burden from the city to the developer. As was noted at the meeting, this cost will be ultimately passed on to individual home buyers in the developments.

At the present time, the city bears the costs involved in such undergrounding. Recent projections indicated that the city could no longer shoulder this expense without resorting to large rate increases for all electrical users here. Although a rate increase was approved by the council recently, the percentage increase was relatively small. This was possible due to the exclusion of undergrounding costs from the Electrical Department's costs ... an exclusion based on anticipation of passage of the bill shifting responsibility to developers.

Public Hearing On Gas Rates

The Public Service Commission will hold a public hearing at 1 p.m. on Tuesday, April 30, regarding application by Southwest Gas Corp. for an increase in natural gas rates.

Judo Demonstration And Clinic To Be Held In Boulder City

The Boulder City Recreation Department is pleased to announce that the Boulder City Judo Club will be hosting a Judo Demonstration and Clinic to be conducted on Sunday, April 28, 1974, 5:00 p.m. at the Boulder City Recreation Center.

A fee of \$2 will be charged to all participants and registration will be taken at the door. Everyone is invited to attend. There will be no admission fee for spectators.

Phil Porter, 5th Degree Black Belt, will be present to conduct the activities. Mr. Porter is the Chairman of the National Coaching Staff, Editor of the American Judo Magazine, Life member of the United States Judo Association which has approximately 23,000 mem-

bers. There are over 50 members in Boulder City. The last time Mr. Porter was in the area he held a three day clinic at North Las Vegas Boy's Club with Monte Dacks of Las Vegas as host.

John Gonzalez of Boulder City is the instructor for the Boulder City group and has done an outstanding job in providing the art of judo to the community. Judo can be said to be a way to thrash the mind and body as one for the purpose of attack and defend or, as we teach, a wholesome way to learn to lose and win.

Judo classes in Boulder City are held every Monday and Wednesday evening 6-8 p.m. For further information contact the Boulder City Recreation Department at 293-3161, ext. 33.

Robert List to Seek Re-election To Attorney

Atty. Gen Robert List announced Tuesday that he will seek re-election as Nevada's top law enforcement officer.

Addressing a press conference at the State Attorney General's Office List said, "I look back with a feeling of accomplishment on four active, very busy and rewarding years as your attorney general.

"I feel that during my tenure as the state's top law enforcement officer, I have assembled an able staff and together we

have brought new meaning to the office of attorney general, broadening its scope and establishing it as a progressive agency."

List noted that upon taking office in 1970 it became apparent that vital areas of litigation were going unpursued.

"We went after these cases and filed suits," List explained. "Last year we secured more than \$1 million for the taxpayers of Nevada and already this year we have gained over \$500,000. We are very proud of this record."

In addition, realizing that the state's largest population center needed better service, List established a full-time office in Clark County.

"We created a criminal division which has investigated and prosecuted dozens of cases ranging from narcotics to bribery to murder, throughout the state," List said.

A human affairs division was also established to handle "people problems" such as mobile home standards and fraudulent sales practices.

List said he has been a working attorney general. "Some public officials are content to isolate themselves in their offices and conduct the state's business solely by telephone," he said.

"But face-to-face contact with Nevadans on their own ground is indispensable if you are to understand their problems and get a feeling for the communities in which they live. This has been my policy," List said.

List explained that the Office of Attorney General provides legal services to all of Nevada's state agencies, noting that he personally serves on the Prison Board, the Highway Board, the Board of Par-

dons and the Board of Examiners.

List said in this time of lack of confidence in public officials, he hopes his candidacy is well received. "The people of Nevada know what we stand for: for honesty and the courage to meet issues head-on. That's the way I have conducted myself as attorney general and before that as a district attorney."

List, 37, and his wife, Kathy, reside in Carson City with their three children.

Gil Blonsley, former assistant to retiring County Assessor James Bilbray, announced today that he is a candidate for County Assessor in the forthcoming primary election.

Blonsley, a Democrat, moved from the County Assessor's Office in 1968 to the District Health Department, where he currently serves as Administrative Chief of the Department under Dr. Otto Ravenholt.

In his announcement, the 36 year old Democrat indicated that he would leave the District Health Department to devote full time to the campaign, meeting the voters and discussing the important issues of the office. "I'm going into the neighborhoods," Blonsley stated, "to hear the views of the taxpayers and give people an opportunity to question me on my proposals."

Commenting on his ideas, Blonsley said, "I have committed myself to work for a meaningful tax exemption for senior citizens. There's been a

lot of talk and very little action. I want to do something concrete for these older people living on fixed incomes - they're being taxed into poverty."

The candidate indicated that he will be very active in seeking changes during the next session of the Legislature, which would resolve the problems of mobile home taxation; a matter of concern to Blonsley.

"Additionally," Blonsley said, "I want to see a tax exemption on home improvements so that we encourage people to keep their homes in good condition, not discourage them. As our neighborhoods grow older, this is one way we

can prevent their deterioration and thereby keep property values stable."

Blonsley stated that he will publish details of several tax proposals which he feels will stimulate community growth and new business. He said, "We have to get our community moving again, and our taxing structure can play an important part in achieving that goal."

"Above all else, I intend to be a County Assessor who is available to assist taxpayers who have questions or problems. I will be there to work for them - the people are going to get plain talk and fair taxes," Blonsley declared.

In addition to his current responsibilities at the District Health Department, Gil Blonsley is the Vice-President of the Las Vegas Valley Water District; having been selected in 1971 to replace the retiring president of the water agency on the Board of Directors.

William McBee To Present Paper

William C. McBee, metallurgist at the Boulder City Metallurgy Laboratory, will present a paper, "Sulfur Utilization In Pollution Abatement," at the Fourth Mineral Waste Utilization Symposium to be held May 7 in Chicago, Illinois.

The development of methods to use sulfur in preventing air and water pollution from mineral processing wastes was initiated as part of the Federal Bureau of Mines sulfur utilization program. Sulfur based materials have been developed to form protective coatings or crusts on dry mill waste tailings to prevent dusting and water erosion.

Happy 23rd INDUSTRIAL DAYS Councilman Jack Jeffrey

INSURACHAT

How safe are your seat belts? There are no standard guidelines on lasting power, or recommended age for replacement, but here are suggestions from experts:

Periodically, check those sections of the webbing that make regular contact with metal hardware. Continued abrasion might weaken fabric.

Check all spring mechanisms for proper functioning.

Check metal hardware for possible cracks or damaged areas.

Does webbing slip under tension, at buckles or other attachment points?

One can't predict whether a minor defect will cut effectiveness of seat belts, but if there are any doubts - replace them.

Brought to you as a public service by La Porta Insurance Agency, Inc., 129 Water St., Henderson, Nevada; Phone 565-1911. We protect your car; please protect yourself.

L.V. Pen Women To Meet

The Las Vegas Branch of the National League of American Pen Women will hold its annual Artist's Studio Tour on Saturday and Sunday, April 27 and 28, from 1:00 to 4:00 P.M.

The following artists will open their studios to the public: Melita Coombs, 2213 W. Oakey, Lucille Bruner, 5035 Tamarus, Vivian Woods and Bertie Ewing, 1050 S. Main St., Suzanne Allan, 413 Montdale, Peg Bolen, 1713 Canosa, and Eleanor Badik and Cedy Smith, the Studio Workshop and Gallery, 606 1/2 E. Sahara.

Tickets for the tour may be obtained from Branch members or at the door of any studio listed above, on the day of the tour. Door prizes will be donated by the participating artists and light refreshments served.

Vae Don Smiths Welcome Baby Girl

Mr. and Mrs. Vae Don Smith were the parents of a baby girl born in Beaverton, Oregon. It is their third child and the 19th grandchild of Mr. and Mrs. Larkin Smith of Henderson.

Smith is attending dental school in Oregon.

Community College Sets Summer Registration

Due to lack of teaching space summer classes will be limited at Clark County Community College.

Students now taking courses will be provided a preregistration period for the Summer Session on May 1, 2, and 3 the college announced today.

Over 3,400 students are

now taking classes for Associate degrees or non-degree units.

The college's new North Las Vegas unit, now under construction, will be only partially available for late Fall and consequently can not be used now.

Community wide facilities have been

used, places such as the old Henderson High School, Rancho High, Naval Reserve Building, North Las Vegas Recreation Department, Culinary and Skill Centers and added on classrooms behind the college's main headquarters on 737 South Main.

All these facilities will be available for summer enrollment for new students on June 6 and 7.

Prior to the registration period a counseling and program planning service will be available to all students, resident and new, from May 20 to June 10 when instruction begins.

Individual counseling is a key factor in Community College's program.

The summer session consists of two periods, the first five week session will go from June 10 to July 12 followed by the second session from July 15 to August 16.

Both summer sessions will include courses in most of the instructional areas.

Take home a new career.

We have many other exciting opportunities that can lead to civilian jobs. Find out which one is right for you.

The Army Reserve. It pays to go to meetings.

A tour of the new Boulder City Hospital took the place of a program when the Southern Area Council of Hospital Auxiliaries held their quarterly meeting in Boulder City, April 17. The meeting was preceded by a salad luncheon in the staff dining hall of the hospital.

Marian Vitone, secretary of the Council, read the Auxiliary prayer.

President Helen Rowe announced that members of the various Auxiliaries will be hostesses for the information

booth at the NAACOG Convention to be held in Las Vegas April 28 - May 2. An orientation session is slated for Friday, April 26.

She also reported that the state president, Wilma Hartoch of Winnemucca, postponed her southern visit until June.

Maxine Church, president of the Boulder City Auxiliary, told of local activities, including the sponsorship of room No. 107, the quilts given to the first babies born in the hospital, the success of the new Gift Shoppe, and the additional services for Pink Ladies. Ruth Day will be chairman of the 1974 Art Festival.

tival.

Freema Rose was happy to report that the annual Mardi Gras sponsored by the Auxiliary of St. Rose de Lima Hospital netted \$34,000, and that a new X-ray machine for the cancer unit was purchased before the balance was put in the building fund for a medical building. Tely collected 61 pints of blood in the recent drive. A rummage sale has been planned for May 13, beginning at 9 a.m., at the hospital.

Leone Roberts stated that ground has been broken for a new addition to the Southern Nevada Memorial Hospital. The annual Daffy-

Dilly Luncheon is scheduled for May 1 at the Desert Inn. Goldwater is to sponsor the style show, and big prizes will be awarded. Among their projects for the year are an audio-metric meter and testing chamber, and a fetal heart monitor.

According to Edna Braun, Sunrise Hospital Auxiliary has added 10 homebound volunteers, from the Volunteer Action committee, and Telecare is doing well. She listed their new officers. It is hoped that Desert Springs will have an

active Auxiliary in the near future, and will join the others in the Area Council.

Virginia McWirtter has resigned as incoming state president, so Mrs. Rowe asked that the Boulder City Auxiliary consider recommending a member for the office

NEVADA DEPARTMENT OF FISH AND GAME

So. Nevada Fishing Report

High winds on both lakes plagued anglers again this past week but during the lulls, both bass and trout displayed their willingness to accept the fishermen's offerings.

LOWER BASIN - LAKE MEAD Largemouth bass are frequenting shallow cove areas early in morning and evening, and moving to somewhat deeper water during the days. Nightcrawlers and plastic worms were most effective but a variety of other lures, bombers,

hellbenders, rapalas, etc., cast and trolled, took their share as well. Rainbow trout are reporting hitting in the canyon areas on trolled flatfish, fishbacks, rebels at depths from just below surface to 25 ft.

UPPER BASIN - LAKE MEAD The upper end of Overton Arm was very good this past week for both bass and crappies with the latter accepting minnows in very shallow brushy areas at mouth of Muddy River. A five-pound striped bass and

a 21-inch silver salmon were reported from Echo Bay. Temple Bar has been fair for bass on waterdogs with trout angling fair from shore on bait and crappies appearing in greater numbers in the catch.

LAKE MOHAVE Trout fishing in the Willow Beach area slowed this past week with the majority of fish in the nine to 11 inch class. Largest rainbow recorded was 22 inches long, four and one-half pounds in weight. Best trout fishing area was listed as between the 18 and 21 mile markers. Cottonwood Cove was only fair for bass, and most of those small, but trout very good from both shore with marshmallows and from a boat trolling with lures. At Katherine's Landing, trout angling has come to a standstill but bass in the two to three pound class are readily accepting nightcrawlers and waterdogs. Top area was listed as between the 50 and 60 mile markers on the Nevada side.

Questions and Answers

Q - Am I eligible for G.I. Bill education benefits from the Veterans Administration for service in the Army from 1951 to 1954?

A - No. Education benefits for veterans discharged before February 1, 1955, have expired.

Q - As a widow drawing pension from the Veterans Administration, will recently awarded benefits from State Welfare reduce my pension?

A - No. This type of assistance from public or welfare organizations is not considered income for pension purposes.

Q - Are children of deceased veterans eligible for G.I. home loans from the Veterans Administration?

A - No. While spouses of service men or women killed during active duty or widows and widowers of veterans who died from service-connected disabilities are eligible for this benefit, children are not.

Al Landsman Files For Public Administrator

Al Landsman, a resident of Las Vegas for 23 years, has filed for the office of Public Administrator.

Chairman of the Clark County Housing Authority and on the board for nine years, he has an impressive record of public service.

For seven years he has operated an office and warehouse at 701 E. Stewart Street. For the past year and a half he has not been involved in business and could devote his full time and effort to the office of Public Administrator.

He was in business at 620 Las Vegas Blvd. No. 13 years and at 420 Las Vegas Blvd. North for two years. He has worked in bankruptcy work for 18 years and feels qualified in other fields for the office of public administrator.

He enlisted in the Second World War as a Chief Petty officer in the Navy Seabees, again enlisted in the Korean War as a Chief Petty

officer in the Navy Seabees. He owned and operated Towne and Country Interiors, Inc. for 20 years, 1953 through 1972.

He was a trustee and receiver for the Federal Bankruptcy court since 1956, handling hundreds of cases which are similar to the duties of the public administrator.

He is a charter member of the Nevada Constables association; treasurer of the Clark County Democratic Central Committee for 12 years; chairman of the Clark County Democratic executive committee; a member of the State Democratic committee and many others.

He is a member of the Las Vegas Lodge, No. 32, Masonic Order; St. John's Lodge, 18; Member of Las Vegas Consistory, member of Kerak Shrine Temple of Reno and member of the Las Vegas Shrine club.

He and his wife Jeri have lived in the same home for 21 years.

FILES FOR OFFICE-- Al Landsman and his wife Jeri, are shown as he filed recently for the office of Public Administrator.

BREAD RISES TO THE OCCASION

When there's not enough gas to run you around, take advantage of the situation. Stay home and have fun baking oatmeal bread. Turn down the heat and switch on the oven; bread baking will warm you and the house. And the good tasting results will not only please the whole family but provide them with energy and nutrients their bodies need.

- OATMEAL BREAD**
- 1 1/2 cups boiling water
 - 1/2 cup warm (105-115°F.) water
 - 1 cup quick oats
 - 1/2 cup Karo dark corn syrup
 - 1/3 cup margarine
 - 1 tablespoon salt
 - 2 packages active dry yeast
 - 1/2 cup raisins
 - 2 cups raisins
 - 2 tablespoons grated orange rind
 - 1/2 teaspoon ground allspice
 - 6 cups (about) flour

Grease 2 (1 1/2 to 2-quart) round oven-proof casseroles. Stir together boiling water, oats, corn syrup, margarine and salt in large bowl; cool to lukewarm. Sprinkle yeast into warm water; stir until dissolved. Add to oat mixture. Beat in eggs, raisins, orange rind and allspice. Vigorously stir in flour, 1 cup at a time, until a smooth, moist dough forms. Cover. Chill 1 1/2 to 2 hours. Place chilled dough on lightly floured surface. Shape (do not knead) into round loaves with greased hands and place in prepared casseroles. Cover. Let rise in warm place, free from draft, until doubled in bulk, 50 to 60 minutes (Dough will be about even with top of casserole.) Bake in 350°F. oven 50 to 60 minutes. Remove from casseroles, cool on wire racks. Makes 2 loaves.

THE LIFESTYLE YOU'VE BEEN LOOKING FOR

HIGHLAND HILLS

By CHISM HOMES

IMMEDIATE MOVE-IN!

COUNTRY KITCHENS • 3 & 4 BEDROOMS
DOUBLE PANE WINDOWS • CARPETING

Highland Hills is a totally planned community (over 100 families already moved in) in the heart of Southern Nevada's prime recreational area. The air is clean, the view is great and the residents are wonderful people. Black Mountain golf course is only 3 minutes away by foot! Lake Mead is 15 minutes away. And that means boating, swimming, fishing, sunning, skiing, camping — right at your doorstep.

CHISM HOMES

Beautiful Bubbles For Beautiful People

Since its 1743 founding in France, prestigious Moët & Chandon have been the drinks of aristocrats, both titled blue bloods and powerful pacesetters.

The Duchess of Windsor and party deserted a prime Paris beanery because of a lack of Moët Brut, but there was plenty in California.

for the christening of the Murrietta Hot Springs tennis clinic and at Dean Martin's magnificent wedding, where guests toasted the bride with magnums of Moët.

At the glittering reception for Bahamian Prime Minister Lynden Pindling, the Moët out-sparkled the diamonds, and at the Beverly Wilshire, actor John Mills sent friends his customary calling card: Dom Perignon!

In the movie *Bosselli's World*, Ernest Borgnine quaffs Moët by the bucket, and the March premier of *The Great Gatsby* was awash with it.

You may see Moët & Chandon at Ascot, the Grand Prix, and beautiful places everywhere, because Moët-White Seal, Brut or Dom Perignon—can turn any old party into a gathering of Beautiful People!

Buon Giorno!

No Movie Set

The movies will resume next Saturday, Davison said.

There will be no movie Saturday at the city recreation department due to the Industrial Days Parade, according to Willie Davison.

THANK YOU

Will the kind young man with two small boys, who helped me, when I fell by the clock at the Boulevard Mall on Sat. April 13th between 11 a.m. & 12 noon. Please identify your self by calling 735-8780. Thank you for your kindness to me.

Environmental Studies Delay Local Highway Projects

Requirements for environmental impact statements and reports will delay completion of several important Las Vegas Valley projects, reports Donald J. Crosby, Deputy State Highway Engineer.

Current Federal regulations require intensive investigation of the environmental effect of future highway improvements in the valley.

The State Highway Department is presently negotiating with two consulting firms (1) to conduct a basin wide air quality study, and (2) to prepare environmental impact statements on the west leg of the Downtown Expressway and Flamingo Road.

Before any engineering or right of way acquisition on these projects can be initiated it is necessary that the impact studies be completed. This will take some 18 months to two

years. The reports must then be circulated and reviewed by some 50 Federal and State agencies for compliance with the National Environmental Policy Act. In addition, nearly all proposals will require additional public hearings.

The affected projects which total more than \$120 million are: Lamb Boulevard from U.S. 93 (Boulder Highway) to Interstate 15; Flamingo Road from U.S. 93 (Boulder Highway) to U.S. 91 (Strip); Rainbow Boulevard from Sahara Avenue to U.S. 95 Expressway (West Fremont); U.S. 95 Expressway from Las Vegas Boulevard to Railroad Pass; U.S. 95 Expressway from Decatur Boulevard to U.S. 95 (Tonopah Highway); Craig Road from U.S. 95 (Tonopah Highway) east to Lamb Boulevard

LIFESAVING DEVICE REQUIREMENTS

According to an official of Nevada Department of Fish and Game, failure of boat operators to carry the proper type or a sufficient number of personal flotation devices on their motorboats is becoming an ever-increasing problem on local waters with many individuals receiving citations each month.

On all boats 16 feet in length and over, Federal and State law requires a wearable U.S. Coast Guard approved personal flotation device on board for each passenger, plus one approved throwable flotation device, such as a ring buoy or seat cushion. The throwable device must be immediately accessible.

On all boats under 16 feet in length, any approved personal flotation device is acceptable as long as there is one readily accessible for each person on board, with no requirement for an additional throwable device.

Not all lifesaving devices are approved, and it is not illegal to sell unapproved models. DFG suggests before purchasing a particular type, inspect it for a U.S. Coast Guard approval number that it has been checked and found to be acceptable.

Ski belts and many ski jackets are not approved or sanctioned for legal use on Nevada waters. They may and should be worn while skiing, but there must be an approved lifesaving

LOYALTY DAY - Mayor Ken Andree (seated) is shown signing a proclamation naming May 1 as Loyalty Day and urging residents of Boulder City to participate in ceremonies being co-sponsored by the Veterans of Foreign Wars. Shown looking on is Fred Michaels, Post Commander of V.F.W. Post 3574 of Boulder City.

Lambda Chapter

Bi-monthly meeting of Lambda Chapter was held April 8 at the home of Kathy Magee. Pat Warburton co-hostess.

Founders Day dinner will be held April 29 at Everett's Supper Club.

Girl of the year was chosen.

Program was given by Kathy Magee on Sculpture. She described some famous pieces and the different forms, etc. Each girl was given a block of sculpture material to do her own thing and become a sculpture artist.

April 22 meeting was held at the home of Karla

Askew. Judy Ragone co-hostess.

Program was given by Karla Askew on Modeling. She explained the different types of pottery and how it is made. We were given clay and asked to make whatever we felt like.

Those attending the meeting were Barbara Barlow, Elaine Bouré, Karen Gail, Lynne Dee Shay, Jan Stears, Beverly Jefferson, Karla Askew, Loreine McLean, Kathy Magee, Vicki Ashenfelter, Marlene Morwick, Pat Penuelas, Judy Ragone, Freddie Wilke, Advisor Eileen Connors.

Rummage Sale Set By Church

The Community Church will hold its semi-annual rummage sale on April 25 and 26.

Besides the usual collection of goods there will also be a lunch counter which will be serving delicious home-made soup, hamburgers, fruit punch, coffee and home-made pies.

The rummage sale will start at 9 a.m. and end at 4 p.m. on both days. If you want some bargains, come to the Community Church at Texas and Army Streets April 25 and 26.

device on board for the person being towed as well as one for each person in the boat.

Linda Savage Is

Artist Of The Month at Gal'ry

As is always the momentous occasion for art patrons there is a new artist appearing at the Burk Gal'ry on May 5 from 1-4 p.m. April 5th. The Gal'ry located at 527 Ave. B is bursting at the seams with beautiful presentations and it will be a very real growth for area browsers and customers to see yet another dedicated and talented painter put before us a full repertoire of her versatile work. She finds transparent watercolor

the most challenging and rewarding.

Come meet her at the Gal'ry April 5th. She was the subject of a full page article by Vivian Woods in the R.J. Nevadan.

She has won awards in many art shows including the 1970 Western Art Show purchase prize which now hangs in the Elks Lodge.

Boulder City residents will long remember her exhibition at the Hospital Art Festival for she placed among the highest award winners. She has appeared at the Gal'ry and at the Clark County Library.

Linda accepts students in her home and has also taught at the Las Vegas Art League in Lorenzi Park.

Linda has a formal education which began when her parents encouraged her obvious interest in art. She won a scholarship to Chouinard Art Institute, went on to Mount San Antonio College where she was art director on the annual staff.

FAT ISN'T FUNNY

We all know that on each cigarette package there is a warning, "that use of this product can be injurious to your health", yet today more cigarettes are being sold than ever before.

Constantly we are reminded of the diseases that accompany obesity. If they began printing warning messages on high caloric, high fat, low-food value products as being injurious to our health we would still purchase them, if they tasted good to us.

Medical science is working night and day to either prolong our lives or prevent us from getting diseases or curing the ones we do get. We will only take the cure if it is to our liking and if we do not have to give up something we enjoy. In my twenty five years of association with physicians there have been very few times I have not heard a patient state "if I had it all to do over, I would have listened".

Has your doctor told you that you are overweight? Do you have a cholesterol problem? Diabetes and associated diseases? Have you been turned down for an insurance policy? Missed out on a good job? These are all warnings, have you heeded them?

We live in a gambling city, but STOP gambling with your most precious possession, YOUR LIFE. Thought for today: You won't fit into your dress, if you eat under stress.

Weight Control Fish Stuffed Eggs

- 3 hard cooked eggs
- 4 1/2 oz. tuna
- 2 tbs. Mayonette
- 1/4 tsp. mustard
- S & P to taste

Split eggs in half lengthwise. Remove and mash yolks. Add tuna and other ingredients. Stuff whites and garnish with pimento. Lunch for three. A little chopped onion is good in this.

Madeleine Johnsen will be on the Diet Hot Line to answer all your questions ... Call 451-4247 or 382-6957 for help.

Boulder City Girl, Kayette At N.A.U.

Cheryl Pickney was one of the eleven young women attending Northern Arizona University, Flagstaff, selected to be a member of Kayettes. This women's service honorary organization provides service to the University and the community and promotes unity and spirit among the students at N.A.U. Members are selected from women students who have made above average achievements in leadership, scholarship, and service to the University. Cheryl was also selected Corresponding Secretary of the organization for the 1974-75 year and installed at an impressive ceremony this week.

Cheryl Pinckney

Cheryl is the daughter of Mr. and Mrs. Loren Pickney of this city and a 1972 graduate of BCHS Majoring in Pre-Med she is also a member of Sigma Epsilon Sigma, a Sophomore Women's Honorary, and placed on the Dean's list for the Fall semester of 1973.

The Church Of God Of Prophecy "Let's Go Fishing"

The members of the Church of God of Prophecy will be sharing Christ and His love with their friends and neighbors while participating in a special campaign April 14-June 2, 1974. This outreach is part of the spring emphasis program. "Let's Go Fishing", reveals Rev. David A. Delaria, pastor. Everyone is invited, from the cradle through

adult, to make an extra effort to obey the words of Jesus, "Follow Me and I will make you fishers of men." As an assistant to the pastor, Joie Delaria organizing the staff of teachers and workers to carry out the activities of the campaign. A special revival will be conducted May 2-5, by Overseer Joe. A. Rickard, in which ALL are invited to attend.

Community Responsiveness To Problem Drinking

The Henderson Jaycees, its national organization and the Henderson Mental Health Center are sponsoring a workshop to promote community interest in the problem drinker. "Problem drinking is a major mental health problem in the Henderson area," said Joe Burnett, administrator for the Henderson Mental Health Center. "The program that the Center is proposing is a general comprehensive one which has been proven to be extremely effective in helping the problem drinker. Treatment not only includes some of the more traditional methods but also involves approaches more recently developed." The program is based on making the lives of problem drinkers extremely rewarding if they control

their drinking responsibly. Personal, vocational, family and community approaches are included to help. This comprehensive program that is being proposed will be discussed at the seminar.

Mr. Burnett continued on to say, "It is our feeling that people are willing to help other people if they know how to do so. By exposing a community to the latest and most promising methods in helping the problem drinker, it is felt that the neighborhood, the businessman, the union man, the man on the street and the family will more readily assist in helping people with drinking problems."

Phil Stout, chairman of the project for the Henderson Jaycees emphasized how his national organization through "Project

Threshold" is sponsoring a public awareness concerning the problem drinker. He states that, "The type of program that is being proposed by the Henderson Mental Health Center is what the community needs to assist the individual in overcoming his drinking problems."

The workshop will be held from 1:30 to 5:30 p.m. on Friday, May 3, 1974 at the City Hall Annex Auditorium in Henderson. For further information concerning the workshop, please contact the Henderson Mental Health Center, an agency of the Division of Mental Hygiene and Mental Retardation for the state of Nevada.

INDUSTRIAL DAYS -- 1974

'THOSE WERE THE GOOD OLD DAYS'

-- our 1974 I-Days Theme

It is our pleasure to commemorate this year's 23rd annual Industrial Souvenir Edition of the Henderson Home News -- to portray in the following pages memorabilia of the good old days in Henderson.

With this as our theme -- each year there being a different one-- we assigned the "good old days" editor of this paper -- Rae Von Dornum -- now a retiree -- to come out of hiding and gather material to fit the motif.

We picked the good old days because we feel a return to some of the light-hearted feeling and many moments of happiness wouldn't hurt in this modern day of Watergates, wars, et al.

Mrs. Von Dornum researched old files of the Home News, files at the museum and collections by old-timers hereabouts -- and she has come up with little stories and big ones that are meant to give you an idea of Henderson as it used to "was" -- in the good old days.

Business firms, too, came thru wholeheartedly in making this souvenir edition possible -- as you will see as you read our line for line presentation.

FAMOUS RESIDENT -- Jim Thorpe, internationally famous American athlete and Olympic champion, operated a supper club in Pittman in 1952 called the All American Club. The club was opened on May 28, which was Thorpe's 64th birthday and most of the residents of this area were there to help him celebrate.

THE GOOD OLD DAYS --- not too far back, were sometimes "The Hot Old Days." Evaporative coolers and BMI come into being at about the same time and they worked fine when the water pressure was good. Here Estelle Marriott shows how Pittman residents managed to survive when the water pressure was so low it wouldn't reach the coolers atop the house.

MY TWO CENTS WORTH

By Rae Von Dornum

In bringing you "The Good Old Days" of Henderson, we have selected the year which brought the most important changes to our area, 1952

The Henderson Home News, then in its third year of publication was "Serving Henderson (Basic Townsite, Victory Village, Carver Park, Pittman, Whitney) and the office was at 147 Water Street.

The first homes were sold to the residents, the telephone company was sold to the Henderson Telephone Company, building was started on a number of churches including the Neighborhood Church and the Community Church.

Hersh Trumbo was president of the Chamber of Commerce and was busy organizing a council to represent Henderson, composed of the leaders of all the clubs in the town.

Ragnald Fyhen was elected president of the Boulder Highway Democratic Association, a five-town merger composed of residents of Henderson, Whitney, Pittman, Boulder City and Searchlight.

The Elks Lodge No. 1682, serving Henderson

and Boulder City, met every Wed. at 8 p.m. at 1224 Wyoming, Boulder City.

Nevada Senator George Malone was stumping for the Malone Bill to allocate one third of the power from the Bridge Canyon Project to Nevada.

Southern Nevada had a grandstand seat to "the beautiful though terrifying sight of the first nuclear detonations at the Nevada Test Site.

There was also a series of earthquakes. May 25, 1952, a quake was felt which was one of the heaviest recorded in a long time. "This was recorded on the seismograph at the Bureau of Reclamation in Boulder City and was one in a series of more than 100 tremors. Experts attributed the earth shocks to the rapid filling of Lake Mead, due to an unprecedented heavy runoff of winter snow."

A Henderson housewife, analyzed the situation in the following manner, which the Home News thought "hit the nail on the head."

"All of us are living under terrific pressure these days. Most of us have personal problems far greater than the burden of worries carried by

the average person a few years ago.

"We are beset by worries about inflationary trends in our everyday struggle for existence. To a great extent, we are the victims of regimentation. We feel that we are being buried alive under an avalanche of taxes and regulations imposed upon us by the Federal Government. We are dismayed by evidence of corruption in high places.

"We are depressed by the Korean situation -- a 'police action' in which lives of friends and relatives are being lost and nothing is seemingly being accomplished. And, always in the back of our minds, there's the terrifying thought of the atom bomb and its destructive potentialities.

"Yes, we are living under extreme pressure, and it's no wonder people are blowing off steam -- even right here in Henderson. These outbursts serve as safety valves to release their pent-up emotions.

"Their resentment against today's design for living has to escape in some way and this reaction isn't difficult to understand. It's merely a sign of the times."

Some great thinker once said: "History repeats itself." It sure appears to be doing so "right here in Henderson" in 1974.

Flying saucers were seen over our area for the first time in 1952. Many of them notified the Home News when the sightings occurred. My former neighbors, the Peiskers saw one but didn't have a phone so couldn't call me. It seemed to me almost everyone in town saw one. I haven't seen one yet.

Jim Thorpe celebrated his birthday May 28, 1952 with a smorgasbord dinner for everyone present, topped off by a huge birthday cake. This was one of several places featuring dancing and floor shows.

Thorpe had an organist who filled in when the three piece band was taking a recess. People that year were dancing to such tunes as: Tenderly, Red Roses for a Blue Lady, Don't Let The Stars Get In Your Eyes, Mona Lisa, Wheel of Fortune and Bonaparte's Retreat.

"Neither snow nor rain nor heat nor gloom of night stays these couriers on their appointed rounds."

Henderson Postmaster Harold Baldwin reported that he was not able to pay wages for the mid May period because Congress failed to make the necessary appropriation of money for that purpose; however, local postal workers continued faithfully to work, even though faced with another two weeks without salaries if Congress doesn't come through with the appropriation.

Yes, indeed! Those were the good old days.

Railroad Pass Casino featured, No Profit Bingo in the fall of 1952. Ten big games and whatever was taken in was paid out in prizes with the last game a big coverall game.

You could enjoy Thanksgiving dinner, served in the New England manner. The menu included six varieties Hors d'oeuvres tray cream of corn, soup tureen and mixed green salad bowl. Choice of roast Utah tom turkey with walnut dressing and cranberry sauce; roast half squab chicken with spiced crab apply; or baked ham, Virginia style with corn fritters; all served with baked squash, whipped potatoes and vegetable. And, for dessert, hot minced pie with rum sauce, hot apple pie, ice cream or sherbet.

Price of the dinner was \$2.50 for adults, child's plate \$1.50, or infant's dinner 75 cents.

Of course this was the year which I shall always consider the GOOD OLD DAYS.

This was the year my husband and I moved to Pittman because we owned a house there and I couldn't stand fighting over the Townsite houses when we already had a house.

Consequently, this was the year I started working for the Henderson Home News, which I consider the most rewarding experience of my life and something which I probably would never had the opportunity if we had remained in Townsite.

For me, 1952 was undoubtedly the very best of all the Good Old Days in Henderson.

GOOD THOUGHT FOR THE DAY -- A friend is a person who knocks before entering your home. Never after leaving.

THE GREAT FLOOD --- in Victory Village in the early 1950's, was the result of a desert cloudburst and lack of flood control. All of the residents moved out and holes had to be made in the downhill side of each apartment to let the water and mud out. Shown here removing belongings from a flooded apartment are, from left, Sally Lambert and Peggy Hubel. In one apartment, only some small children were at home. Not knowing any better, when the water started coming under the door, they chinked it with towels, tea towels, or whatever seemed to fit best. As the water rose, they chinked both sides of the door. When the flood subsided, theirs was the only dry apartment in the Village. Tables were placed end to end between the rows of apartments and these were piled high with household goods. Right in the middle of all this wetness was a lady, standing in the downpour with two fish bowls and a small strainer, playing midwife to a family of guppies which were being born. As the tiny fish arrived she picked them out of the mother's bowl with the strainer and transferred them to their own future home.

MORRY'S STORY, Feb. 8, 1951

You Watch Atom Bomb Pop! You Feel World Isn't Safe

Henderson people had quite a time as they took part in the historic explosion of the atom bomb Monday morning. Several families held atomic breakfasts, had their neighbors in for coffee and cakes while waiting for the big, light and rumble. The city's fine location allows everyone an excellent vantage point to look at the broad, expansive scene.

a big alarm clock. He was bound and determined to check the time from the flash to the rumble. He did. Exactly six and a half minutes.

This I know to be a fact -- one henderson resident (male at that) knowing that Monday a.m. was to be IT, left for Kingman Sunday night on purpose. Not that he didn't feel safe -- just that the big thing made him nervous.

Best youngster story to come our way was the fact that Charlie Bontrager's son, interested in chemistry, stood outside wrapped in Charlie's big fishing jacket and holding

Mar. 20, 1952. "You haven't lived until you live in Henderson!" With this general statement as the background, the people of this city will go all

out to prove it on April 17, 18, 19, 20 when the town celebrates its tenth anniversary.

Your Chamber of Commerce is serving as the spearhead to as glorious a four day celebration as any of us have ever experienced -- whether we're from bigtown or small. And all of our organizations have tied in so well, too, each offering another feature to give the citizens of the state and county a jam packed four day spree.

As outline by Committee Chairman Van Wagenen, there'll be high school parades, a beauty contest to pick Miss Henderson, stupendous sales among our merchants' stores, a flower show, industrial exhibits by the plant lessees, a pageant, band concert, street dance, and so much more -- all topped with a grand finale -- a grandiose display of fireworks -- bought and paid for by none other than the Vegas resort hotels.

Street banners, window displays, special merchandise gifts, hot dog booths, ice cream stands, street raffles -- all sponsored by our enterprising women's and men's clubs -- will make the downtown streets a bazaar of color and fun -- truly a Mardi Gras in the desert.

This newspaper is working night and day on a special souvenir edition. It will be one filled with stories of the past and present with pictures of the GOOD OLD DAYS and the GOOD NEW ONES)

People are already giving us their orders for several copies so they can be sure and send them back to the old home town, to relatives and friends -- showing them the boom days in the modern pioneer boom town of Henderson.

If you haven't as yet volunteered your hand to some club or organization, why not do so now -- everyone will be needed -- for this party is one in which we will not only be celebrating for ourselves, but also to thousands of visitors. And when the visitors come to your house, it is polite to be the host or hostess. On this occasion we'll all have to serve as host and hostess to the outside world --

Let merriment reign -- let happiness be the word --

For Henderson's happy tenth birthday!

Congratulations already -- now -- for the well done job

By Morry Zenoff

Apr. 24, 1952 -- For weeks you treasure your written invitation from the Atomic Energy Commission to witness, from a close-in vantage point, the explosion of an atomic bomb.

While you treasure it, you start worrying about it. You wonder if you're not holding onto a Frankenstein, a ticket to destruction of yourself and the people around you.

You wonder if the scientists could ever make a mistake. You prepare for the big day. You go thru briefing sessions at the Vegas City Hall, everyone from Atom Chief himself, Gordon Dean, tells you of the terrific power of this mightly release of energy.

You hear tell of how the scientists - themselves tried to gauge the extent of the explosion of past bombs, and found themselves only half right.

You board a bus at an early hour on A-day. Your stomach is doing handsprings and cartwheels as you arrive on NEWS KNOB, a specially graded table top backed by the rocky nob. You cast eyes down over the flat dry lake known as Yucca Flat, and you realize you are looking at the area which an hour from now will be completely bombed out.

You gauge that the area is some 50 miles square. You remember the size of New York's Manhattan, of Milwaukee's entire city limits, and you realize that either could be built down there on those flats. And you also realize that a bomb the size of what you are soon to see could wipe out entire cities.

Again, your stomach takes a nose dive. Will that bombardier up there 36,000 feet hit the target and allow you to see the might of the bomb -- or will his aim vary, and allow others to see the spot where you disintegrated into radioactive dust?

You are only the untrained observer, carrying a Brownie 2a camera, covering the event for your readers, relying upon the expert writers of war to describe the heavier details, yourself, but you hurriedly portray the descriptions of turn the roll to the next picture. You look at the whirling mass, now higher, now a symphony of colors, beautiful colors -- red, pink, cream, gray, purple, orange -- and you shoot the picture that is unfolding.

You hear thru the loud being performed by the committees in charge.

With all of us pitching in, success is assured.

speaker that you are to don your black goggles. That bomb drop is one minute away. You don the goggles, specially built for this occasion. You test their see-ability by looking at the bright sun. You see a pinpoint of light, yet you are going to see the bomb explosion thru all this blackness. You wonder if the scientists figure right.

You hear the aviator in the plane seven miles above scream thru the loud speaker near you "Bombs Away!"

You are half-lying, half clutching to the rock clumps where you have setup your own Vegas City Hall, everyone from Atom Chief himself, Gordon Brownie 2a on your knee, pointed towards where they said the bomb would burst. You have your finger on the camera trigger and you are bound that you will switch the trigger regardless of how the blast effects you.

You hear the loud speaker slowly start his count of the seconds from 10 to zero. You wonder why you came. Your heart pounds faster. You look into the blackness which further panics you. You wish the count would hurry or stop.

You send a little prayer to God that the bombardier's aim was right. You know that flying down through space towards you is that bomb. You know that scientists had arranged it to fall four and a half miles before it would explode. You remember they said 32 seconds to fall to where it would explode.

Amidst this clutter in your mind you hear the count, four, three, two, one, Zero!

The blackness before your eyes turns into sheer white, as if a white shade had suddenly been pulled down in front of you. A big molten mass of red appears at eye level. It forms into a crazily whirling ball, and dancing and fuming and churning, fighting upward in its climb.

You throw off your glasses now. They told you to wait five seconds. You don't know if you did or didn't. You wonder if you pulled the trigger of the camera, like you promised yourself, but you hurriedly turn the roll to the next picture. You look at the whirling mass, now higher, now a symphony of colors, beautiful colors -- red, pink, cream, gray, purple, orange -- and you shoot the picture that is unfolding.

You realize you are pouring sweat from your body, that your skin feels parched and sore. Just for a second, but it is there, you realize you were hit by a heat wave. Not too bad to take, however, and you start relaxing.

Then -- crack. Your ear drums hurt, then are normal again. It is the sound wave, you know, the same you have heard on previous cases back in your home at previous blast times. You wonder if your friends back home will hear it again.

Just for a second, but it is there, you realize you were hit by a heat wave. Not too bad to take, however, and you start relaxing.

You describe the crack as just that -- short, crisp, loud, like a gun exploding in a small room. A rumble of echoes follows which is like thunder.

And now you watch the fiery mass bloom forth into a creamy white do-nut shaped cloud. Not mushroom shaped yet. Just a big chrysanthemum with deep orange petals. And soon the red changes to white and a big white stem forms to the cloud. The loud speaker explains it is now 40,000 feet high, capped by ice.

You watch it float away slowly and then you level your eyes ahead to the destruction area. It is black with dust. You know that every inch of ground was hit by the concussion.

You know that you have seen enough to realize that if there is a next war, it will be the end of civilization. No man or group of men can survive.

You vow to spend your coming days fighting for peace, preparing the people to work through civil defense to save what lives and property can be saved -- when the bomb is aimed for keeps.

NEWS

SAFE DRIVING
A national program that tests the knowledge and driving expertise of driver education students is sponsored jointly by the American Veterans of World War II, Korea and Viet Nam (AMVETS) and the Dodge Division of Chrysler Motors Corporation.

The national program, Operation Driver Excellence, started in 1967.

Student drivers have to win local runoffs to earn the right to compete in the nationals. Some \$6,000 in prizes and scholarships are at stake. First place winner receives a \$1,000 college scholarship and a Dodge automobile.

The drivers are judged in three phases of motoring: driving ability, knowledge of driving theory and traffic laws and the ability to handle an automobile in emergency situations.

The program's goal is to show that safe driving isn't always enough, that superior driving abilities are needed to anticipate and adapt to emergencies.

For further information contact AMVETS, 1710 Rhode Island, N.W., Washington, D. C. 20036.

Notice! Notice! Notice! This is Last Minute Appeal To You From AEC-- On Atomic Test Explosions!

Oct 18, 1951 -- The Atomic Energy Commission confirmed here today that all known livestock had been removed from Nevada test site and issued a warning to all unauthorized persons to stay off the site and out of the air above it.

Commission officials said as announced Aug. 28, the site has been reactivated for a program of experimental detonations of both ordinary high explosives and nuclear explosives.

Tests are being conducted on a routine basis and will continue for an indefinite period.

The tests can be carried out with adequate assurance of safety under the conditions and controls prevailing at the site. This assurance will be extended only to authorized persons who are on the site during tests.

No assurance can be extended to unauthorized persons whose location and whose movements cannot be controlled.

Unauthorized persons who pass inside the limits of the site during or after nuclear tests may be in serious danger.

Youngsters Enjoy Ice Cream Party

July 10, 1952, Mrs. Frank Schreck of 238 Kansas Ave. was hostess, last Thursday evening, to a group of Henderson youngsters who have recently assisted the Clark County chapter of the American Cancer Society, of which Mrs. Schreck is chairman.

Present also were Mrs. Ora Pritchard, state commander of the society; and Mrs. Dorothy Inning, her executive secretary.

During the ice cream party on the Schreck lawn, Mrs. Pritchard presented certificates of merit to six of the children, who had given a carnival recently in the backyard of the John Winlow residence and raised \$10.76 in pennies and other small coins.

Receiving the certificates were Johanna Winlow, John Sturm, Diane Sturm, Leon Hamilton, Susan Burton and Ellen Duffy.

Also on hand were a number of Cub Scouts from Den Thirteen, of which Mrs. Schreck is Den Mother.

Among those present were Jeffrey Wiese, Foster Church, Norman Clark, Johnny Pitts, Frankie Schreck, Tommy Ryan, Charles Ware and Olaf Barka.

Others assisting with the cancer crusade, but unable to be present, were, Eagle Scout Donald Rech, Den Chief; Robbie Christensen, Roger Farnsworth and Billy Reeves.

Hallow'een Stanley Party

1951 Mrs. Wm. Sanner was hostess to a Hallow'een Stanley party, Oct. 23 at her home, 23 Idaho Way.

Guests came dressed in costumes and Mrs. Bernice Schwartz won first prize. Mrs. Cleo McDonald won second and Mrs. Penny Gaither, third. The hostess won a lazy Susan.

Others enjoying the games and refreshments were Mmes. Cloyce Goings, Mae Worth, Marie McGuire, Wilma Keyes, Bernie Gaither, Beatrice Salazar, Margaret Martinez, Carmen Campbell, Herbert Giles, Helen Martinez, Francis Jenkins, Maycel Morris, Irene Sanches, Hazel Davis, Ann Gonzales, Dolly Lamik, Thelma Pullen, and Mabel Newton.

CHURCH CIRCLES HOLD BREAKFAST

Apr. 8, 1951 -- A breakfast was enjoyed by the women of the Community Church held last Wednesday at the church. They had an interesting program and a book review.

Members of the Esther, Elizabeth and Naomi circles arranged the refreshments. Mrs. A.C. Terrill was chairman of the affair.

COMMUNITY CHURCH -- Rev. Crouch, first pastor of the Community Church is shown in 1943 breaking ground for the church building as early day Protestant residents watch. Fr. Peter V. Moran of St. Peter's Catholic Church

was present for the event and Rev. Crouch attended ground breaking for St. Peter's. Early day reports felt "there might be a lesson here that all Christendom might profit from."

PARTY HONORS MRS. HARGRAVES

The women of the First Baptist Church held a surprise party in honor of Mrs. John Hargraves last Thursday afternoon at the home of Mrs. Ralph Newell. The party was held on the lawn and prizes for games were won by Mrs. Frank Brancfield and Mrs. Leo Bryant.

Others in attendance were Mmes George Abdouch, Charles Day, B. Rackley, C.L. Smith, M. O. Means, C.T. Guthrie, Dale Turner, E. A. McIntyre, LeRoy Millis, A. D. Cowen and M.J. Dahlager.

A piece of cotton on the dress not only indicates that a letter is on its way, but also shows the initial of the one sending it. (If you're that superstitious, also note the zip code!)

Mrs. Boggs Hated Tobacco But Her Morning Glories Loved It

Sept 27, 1951 -- There is a lady in our town who has morning glories with the largest leaves ever seen. It may be that those leaves are aided in their record making proportions by the treatment the lady has applied each day.

And therein lies a story: It seems Mrs. William Boggs, 500 Arizona, is averse to cigarette smoking, having an intense dislike for the smell of the stale smoke and the appearance of deadened cigarettes.

So, one time after a house party she has

ashtrays out in the garden. Anything to rid the house of the horrible nicotine scent.

The next time she looked at her morning glories, she noticed the leaves were very large. She put two and two together and realized it could have been the tobacco juice that had a hand in it.

She mixed up a concoction of the horrible stuff--old cigarette butts and water--then strained off the water and poured it over the morning glories.

The result--nine inch leaves that open and close each day--the biggest morning glories known to man.

Legion Juniors Are Victorious In Caliente

July 26, 1951 -- The American Legion Junior Baseball Team returned from Caliente this weekend with two victories; a 6-2 and a 3-2.

Catcher Hugh Bauman batted in four runs out of five in the first game. Teddy Blue pitched a three hitter, struck out ten and won his game; Stan Hickman pitched the second game. He gave up four hits and struck out ten.

Players on the team include Virgil Weese, Marvin Craft, Hugh Bauman, Dennis Sharon, Jerry Booth, Stanley Hickman, Rodney Blue, Teddy Blue, John Taney, Marvin Taney, Chris Taney, Jimmy Henderson, Jerry Kopels, Ray Crunk, Harold Holberg, Jimmie McCornack and Billie Forshee.

Attending the games were: Mr. and Mrs. James Forshee, Mr. and Mrs. Frank Morrell and brother-in-law Mr. Shirley Booth; Mr. and Mrs. LeRoy Waggoner and Mr. Charles Bennett.

Kesterson Questions Purpose Of Korean Conflict

Feb. 8, 1951—Bob Kesterson, in a letter from Tokyo, Japan asked the following questions about the Korean conflict:

1. What is the purpose in the present conflict?
2. What part should the U.S. play and what will the outcome be?
3. What are we accomplishing in Korea?
4. Should the United Nations force be committed to fight without striking at the source of the enemy's supplies and industry?
5. If we don't intend to finish this in Korea, why stay there?

6. Will we win by beating the red hordes back to the Manchurian border, or should we continue on from there to the heart of the octopus instead of fighting each arm as they encircle us?

7. If we do, will that set off a third world war with Russia as a Chinese ally? Or will it show the Reds our determination, as few men, to stay free? These are the questions that are on our minds and only people like you can help solve them.

If every citizen, regardless of his or her

Local Products Discussed By Grace Byrne

Sept. 11, 1952 — How local plant products influence our lives was illustrated to the Las Vegas Chamber of Commerce on Monday, by Mrs. Grace Byrne, Henderson newspaperwoman.

"Everytime you strike a diamond match, you're using a WECCO product," Mrs. Byrne

pointed out. Lindane, the spray used to kill moths in this area, is made by Stauffer, she added.

Vital fuel for jet planes is manufactured here, and the Titanium produced at the plant will go for submarines and other defense material, it was explained.

Population of Henderson will jump to 10,000 by the end of the year, Mrs. Byrne predicted, and by the end of 1953 will total 12,000.

social standing, takes an interest in local and national government these problems can be solved, and an eventual lasting peace worked out, Kesterson said.

STARTING YOUNG — If Ron Hubel didn't follow in his dad's footsteps it was not because of lack of opportunity. Here Phil is shown giving you in his first lesson in the proper handling and care of radio and television equipment in November 1942. Photo shows the main part of Phil's first shop.

According to legend, a green gem under the cross was turned into the first bloodstone by a drop of Jesus' blood.

28 Students To Register At Colleges

Sept. 11, 1952 — At least 28 young Hendersons will be trooping back to college soon, according to latest reports. Twelve students will register at the University of Nevada in Reno next Wednesday and others will enroll at schools throughout the west.

To attend the U. of N. are Janet Van Valey, Jeanne Paulson, Judy McNeil, Merle Bracken, Barbara Dooley, Janet Childs, Marcia Malcolm, Joan Miller, Roberta Jean Cummins, Larry Standart, Jack McGinty, Everett Witt, Jerry Kizzia, Bob Mackie and Alec Mackie.

Lucille Haynes and Bud Sutton will check in

at the University of New Mexico, and Jim Scherer will enter St. Mary's in California. Herbert Heber, a Basic High School graduate now living in Las Vegas, will transfer from the U. of N. to Loyola University.

Students at Dixie College in St. George, Utah will be Robert Black, Patsy Rust, and Romaine Prince.

Yvonne Clepper will check in at Texas Christian University; Kay Crawford will enter Pepperdine, in Southern California. Joanne Sayer and Jody Galloway will enroll at San Bernardino Jr. College, and Bobby Miller and Teddy Blue will study at the University of Idaho.

Pollution Clouds the Future

CAN YOU MAKE IT BRIGHTER?

Pollution of our air, our waters, our land throws a dark shadow across our lives. Lifting that shadow . . . and brightening the future . . . does in large part depend upon you, and upon all of us.

★ You, as an individual, can help clean up pollution by keeping things clean. Clean up your home and home grounds. Clear out rubbish. Keep heating and plumbing systems in good repair. Wherever you go, don't litter. Keep streets, parks and countryside clean and litter-free.

★ You, as a member of the community team, can support local efforts to clean up pollution. Get together with your friends and neighbors to fight pollution now . . . and brighten the future.

DONATES LAND --- T. Alonzo Wells, center, is shown delivering the deed to Wells Park on Walnut Street to Rae Von Dornum, president of the Pittman Women's Club, during groundbreaking ceremonies for the Pittman Community Center, March 7, 1953. Shown from left are: Billie Somerville, Nec Marriott, Bar-

bara Ebert, Madge Dickover, Mrs. Von Dornum, Wells, Maude Wells, Orrel Lindsey, Margaret Vroman, Ruth Hoffman; and seated on the tractor, Margarette Dearth and Gloria Brown. (Ned Marriott was Henderson's first water master)

WHAT'S GOING ON IN NEVADA

July 24, 1952
(From Caliente Herald)
The 1952 annual picnic of Combined Metals Reduction Company, staged Monday afternoon at Caselton Park, fairly glistened with a cross-section of outstanding personalities in American political, literary, industrial and business life such as are seldom gathered together.

Unfortunately storm clouds threatened the gathering, which was the largest of these annual affairs, with a wild flurry of rain driving all to their cars a little before the picnic was ready to come to conclusion.

In addition to Herbert Hoover, only former president of the United States now living and grand old man of the Republican party, whose presence at these picnics is a regular and always-enjoyed feature; there was present Monday, Clarence Buddington Kelland, foremost American author of the Cappy Ricks and Scattergood Baine series and other famous fiction, and national Republican committeeman from Arizona; together with Allan Hoover, the former president's son, and his wife; Jeremiah Milbank, nationally known in the investment circles, and his son; Ber-

niece Miller, secretary to Mr. Hoover; Ed Questa, president of the First National Bank of Nevada, Reno; John Mueller, former member of the Colorado River Commission and now representative in Nevada for General Services agency; Rollin P. Smith, manager, Titanium Metals Corporation, Henderson; R.W. Lottridge, in charge of construction for Pioche Manganese Plant at Henderson and Bryce Rhodes, Reno lawyer.

(From Nevada Appeal)
The Appeal finally received word today from Chief Jackpot who's still in Chicago. He smoke signalled:

"New powwow starting here. Democrat Tribe pitch camps in Windy City. Many braves. All want to be chief. Next week see plenty arrows fly, plenty scalps in belt."

Jackpot also reported that his medicine man said the hot weather in Nevada would continue tonight and tomorrow, with some storms in the mountains. His final message was:

"Send more wampum."

(From Lovelock Review Miner)

Lovelock's new city ordinance providing for one hour parking limits during business hours and days was passed by

**DAVID BONDURANT
HAS BIRTHDAY**

David Bondurant, son of Mr. and Mrs. S.D. Bondurant celebrated his tenth birthday on October 19, with a Halloween party. The room was decorated with ghosts, witches and a wolf boy. The guests were all in costume.

A birthday cake, decorated in black and orange with yellow candy and candles of all colors was served with orange sherbet.

Honoring David were: Norman Clark, Olaf Barka, Grant Nielson, Gerald Adams, Ronald Hatch, Dennis Kelly, Jeffrey Wiese, Jay Wood, Bobby Blankenship, Skipper Crosby and Dickie Patton.

Special guests were Mr. and Mrs. Archie Clark, Nettie Bondurant, Mrs. Herb Wiese and David's mother, Mrs. Bondurant.

the city council at its Tuesday night meeting. All councilmen voted for the new ordinance. No objection to it was registered.

(From Ely Daily Times)

An enthusiastic Pony Express Days committee decided last night on subsidiary programs to enhance the entertainment value of the coming celebration and tie the many events together with the Pony Express theme.

**Public Program
At Vegas Wash
Set For Tonight**

Aug. 14, 1952 --- Red Cross certificates will be presented and demonstrations of swimming will be given at a special program to be held at 6:30 this evening at Vegas Wash beach.

The affair, to which the public is cordially invited, marks the official end of this year's annual community swim program.

More than 400 local children participated this season, according to Mrs. Glenniss Hughes, director.

Parents and friends are requested to drive their children to the beach if possible. Children unable to find transportation should be at the school at 6 o'clock. Although the school bus will probably not be able to accommodate all of them, the committee will attempt to obtain transportation for everyone.

All junior lifesavers and swimmers are to meet at the school bus at 6 p.m.

Children taking part in the six week water safety project were instructed by local volunteers.

**Gala Celebration Of New
Whitney Lights Tomorrow**

**BIRTHDAY PARTY
FOR FRANK LATTIN**

Aug. 14, 1952 --- Residents of Whitney will be hosts tomorrow night to visitors from near and far who are expected to attend a huge celebration of the community's impressive new highway lights.

Governor Charles Russell will be on hand to deliver the dedication address.

The festivities are slated to begin at eight o'clock with a short parade on the south side of the highway, featuring the Clark County Sheriff's Possee. The program will also include introductions of a number of dignitaries. Refreshments will be served, and the gala affair will be culminated in a mammoth street dance.

Much favorable comment has been made about the mercury vapor lights which were recently placed in operation. There are 56 of them with 28 on each side of Boulder Highway.

The project was begun by the Town Board of 1951, with this year's Town Board following the project through to its completion.

Poles were acquired last year in Arizona after a diligent search and were erected last November. The switch was thrown when installation of electrical facilities was completed by Bill Burn two weeks ago.

Frank Lattin, son of Mr. and Mrs. Eugene Lattin of 203 Water St. celebrated his tenth birthday with a lawn party.

The guests were served sandwiches, hot chocolate, ice cream and cupcakes with fudge frosting, ten of which were decorated with yellow candles.

Games were played and prizes were won by Robert Christensen, Norman Clark, Mitchell Dickey, Kenneth Leavitt, Randy Mainer, Bill Reeves and Kirby Trumbo.

A PRAYER TO THE DESERT

O somnolent and silent Desert
 Ageless expanse of waste
 Lend to me
 Some of your infinite patience.
 Teach me to shed
 The fears and bruises of existence
 As you cast aside
 The lashing storms of winter.
 Teach me to live
 That my life will be open
 To withstand the searching glances
 Of the World,
 As you withstand
 The searing rays of the summer sun
 Let me be charitable
 To those who would hurt me,
 Even as you open your warm breast
 To the serpent and the lizard.
 Let me look with humility
 Upon your deep canyons
 And sheer rising cliffs,
 That I may stand in awe,
 Of the God
 Who made us both.

Xmas 1951 ----Nelson Bynon

TESTIMONIAL --- M.E. Gene Ward, second from right, is shown at a testimonial meeting held in his honor by friends and neighbors, Nov. 9, 1958, at the Pittman Community Center. He was presented with a small bust made in his own likeness by local sculptor Josephine Bearden. Shown, from left, are Hazel Elmer

of the Pittman Women's Club, Mrs. Ward, Frank Price who made the presentation, Gene Ward and Dr. Joseph Coogan, President of the Ward Five Improvement Association. Over a hundred persons, including all the members of the Ward family, were in attendance.

Getting involved pays off.

We're committed to an active role in making your community a better place to live in. We'll pay you to help us.

Rotary Club Organized Here; R.W. Lottridge Elected Prexy

Apr. 8, 1952---A provisional Rotary Club for this community, which will meet hereafter at noon Fridays at the Swanky Club, was organized on Monday. The initial regular meeting will take place tomorrow.

Heading the new organization will be R.W. Lottridge, president; F.A. McGonigle, vice-president; Don Ashbaugh, secretary; Tom War, treasurer; Robert F. Shurtz, sergeant at arms. Completing the board of directors will be Frank Trotter, Jo McBeath and J. Ray Coulter.

The group will function as a provisional unit until charter night, which is tentatively set for May 2, with time and place still to be chosen.

Henderson Rotary Club was sponsored jointly by the clubs in Las Vegas and Boulder City. Preliminary organizational work was done by A. J. Shaver, a member of Las Vegas Rotary Club, who had been appointed a special district deputy by Carl Miller, district governor. Shaver was assisted by Don Ashbaugh.

Shaver stated that a number of key men here had been interviewed and a survey indicated that Rotary has an excellent

chance of taking an important place in this fast-growing community.

Harry Allen, president of the Las Vegas Rotary Club, was present at Monday's meeting. He paid tribute to the fine selection of charter members, commended the fledgling organization for its choice of a strong board of directors and said he looks forward to a rapid solid progress by the local group.

It was pointed out that the major developments underway in Henderson had created an influx of outstanding executives, and that the plans of lessees would make this a major world center for the production of chemicals and metals.

Henderson Rotary Club is the third group of Rotarians in Clark County and is considered strategically located because it is midway between Boulder City and Las Vegas.

Charter members, in addition to the newly elected officers, are: Frank Plasha, Dr. J. H. Coogan, Harve Perry, Rev. Ford Gilbert, John VanderLaan, A. T. Newell, H. H. Houtz, E. W. Seckendorf, Rollin Smith, George Ullom, S. J. McCarroll, Hugh Moran, Robert Pfluger, Bruce Gates, O. J. Scherer, J. A. Dooley, C. E. Bontrager, R. P. Feist, Morry Zenoff, H. M. Alarid, and Dr. Lorne Phillips.

DEMOCRAT CLUB CLOSES SEASON

May 10, 1951--- Mrs. Rita Fumagali, president of the Democrat Club of Henderson, announced that the final meeting of the season was held last Friday evening at the Townsite lounge.

Tentative plans were made by the club for the annual Hallowe'en Dance to be held sometime in October. The next meeting of the club will be held in October when nomination of new officers will be held. The election will be held at the November meeting.

Souvenir Calico Squares Books At Meet To Dance Home News At Ivory Home

Apr. 3, 1952---Copies of "Pioneer Nevada" a beautiful souvenir book that has been selling like hotcakes, are available at the office of the Henderson Home News at two dollars each.

The 206-page volume consists of reprints of a series of newspaper advertisements based on Nevada's exciting pioneer lore.

Published by Harold's Club of Reno, the collection is an ideal gift for local residents or for "the folks back home." Ed. note: This volume is now a collector's item.

BRUNCH A SUCCESS

May 24, 1951 -- The mothers' daughters' brunch, held recently at the Lake Mead Lodge was well attended.

Mrs. Floyd Ostrander was mistress of ceremonies. Mrs. Elmer Riggins was presented with a corsage for the work she has done for the youth groups. Mrs. Leo Bryant received a corsage for being the oldest mother present and Mrs. Joseph Ream was presented with a corsage as the youngest mother in attendance.

Sept. 11, 1952 --- The

"Calico Squares," a group of folk-dancing seventh graders, met at the John Ivory patio, 318 Water St., Saturday night when George Riggins acted as caller for the evening. The square dancers, exponents of the "Nevada Star" and "Patty Cake Polka," meet twice monthly. This is their second season. The Ivarys served punch, cookies, and popcorn to the youngsters.

Attending were Patsy Riggins, Karen Baird, Ginger Hammond, Kathleen Slavin, Jacqueline Perrin, Theresa Perrin, Judy Mathewson, Jessie Schaffin, Danny McLeod, Jack Ivary, Wayne Ivary, Lincoln Ebert, Robert Trueworthy, Carroll Baird, Jimmy Ware, and David Hargrave.

Mrs. B.U. Hillis was instrumental in starting the square dance group. it was reported.

PHIL AND PEGGY HUBEL --- are shown appearing with a group at the old Swanky Club in 1946. Phil is playing the horn and Peg at the mike. The Hubels recall that Boulder Highway, from Whitney (E. Las Vegas) to the

BMI plant gate was known as "The Strip" and 12 night clubs in that area featured nightly floor shows. There were no night clubs on South Fifth Street, now known as Las Vegas Blvd. South.

BYRNES GROCERY --- This is a photo of Julie and Bill Byrne's grocery and package liquor store, as it looked in the good old days after Bill and Julie had reopened the bigger Henderson Department Store. When they leased out the big store, they personally operated the Grocery and Package Liquor store. Many of Henderson's young married couples today fondly remember buying their bubble gum here when they were kids. Even in those days it was the only place in town where a kid could buy penny candy and gum. Bill says, "that trim-looking filly in the picture is Julie". The store was located on Army Street across from the theatre, which in those days featured "Kidrated Films."

VISIT CHARLESTON --- Members of the Elizabeth Circle of the Community Church are shown visiting at Mrs. Turner's cabin at Mt. Charleston in July, 1958.

Church Women Have Unusual Breakfast

Oct. 4, 1951--Members of the Women's Association of the Community Church held a surprise breakfast Sept. 25, at the home of Mrs. Walter Kubic, 110 Basic Road.

The members were surprised at their homes and had to come just as they were. If they took time to prepare themselves for public appearance, they had to pay a fine, which went to the Sunday School.

Mrs. Walter Kubic was the hostess with Mrs. James Forshee and Mrs. John Ryan, Mrs. Leney Rubick, Mrs. Walter Smith, Mrs. Ray Shutt, and Mrs. Willard Witt, Sr. assisting.

Attending the surprise breakfast were Mmes. T. E. McCullough, Dirk Kossen, A.C. Terrill, Ed. Jones, Taylor Corbell, John Heitbrink, Kent Longley, Chester Campbell, I.C. Spray, George McGee, W.T. Beavers, Bert Gillespie, Herb Wiese, Harold Miller, W.L. Witt, John Kramer, L.A. Longley, H. A. Davidson, Paul Zink, Dorothy Walters, Charles Ehret, R. F. Parisenti, Aubrey Pagan and Mrs. Mulliner.

WOODRUFF BRINGS HOME FIRST PRIZE

Apr. 8, 1951 -- Bob Woodruff, owner of Basic Photo Shop won one first prize in Division One and two divisions in a photo contest at Chicago.

He received awards for "Puppy Love," which was a photo of his two small children kissing each other and "Jimson Weed" an artistic shot. First prize was for his picture "Huddle."

Prizes Awarded As Vacation Church School Ends Sessions

Aug. 14, 1952 -- Local youngsters ranging in age from four to sixteen last Friday completed their two weeks course at Saint Timothy's Vacation Church School.

First honor prize for the best all-round student went to Donald Jackson, who received a Holy Bible donated by A-C-E Merchandise Mart at the Henderson Department Store.

Others who received awards were: Denise Griggs, Primary Class; Joanna Brooks and Elaine McAdams, Junior Class; and Diane Adams, for her work in assisting the teachers in the Primary Class.

On the staff, in addition to Rev. Robert L. Stevenson, were Miss Jane Falke, Miss Joanne Bain, Mrs. Doris Hardy, Mrs. Kofahls, Sr.; Mrs. Kofahls, Jr.; Mrs. Jack Everitt and Mimi Stevenson.

The model of a sanctuary done by Jerry Perkins and helps Jerry Perkins first prize in the hand-craft competition.

Attending the Vacation Church School were:

PRIMARY, Frances Chandler, Bill Stirton, James Christensen, Sandra Carter, Deanna Geyser, Joanne Carter, Sally Kofahl, Kathie Kofahl, Susan Davis, Denise Griggs, Robin Ritter, Christine Potvin, Gregory James, Stephen McAdams, Nancy Blake, Tommy Mann, Timothy Perry, Cleve Stafford, Barbara Jackson, Dennis England, Susan Stevens, James Bancroft, Ladd Coates, Linda Stevens, Rosalie Graham, Beverly Everitt, Henry Lindsey, Margaret Wingham, Deborah Wingham, Christopher Lonner.

Aug. 14, 1952 — Plans were put in motion last week for the organization of a Pittman Women's Club, when a group met at the home of Laurel Roberts to discuss time and place of a meeting for the purpose of forming such a club.

Those in attendance were Laurel Roberts, Babe Ryan, Frances Pitcher, Estelle Marriott and myself. It was decided that the first meeting will be held on Tuesday, August 19, at 1 p.m. at Hacienda Von Dornum, 114 Allen St.

At this meeting a name for the club will be chosen, officers will be elected and time, place, and frequency of meetings will be discussed. This club is not for any select group, but is open to every woman who lives in Pittman who is interested in such activity.

The initial purpose of the club is that we may all become better acquainted with our neighbors, but it is hoped that in a short while this club will be able to sponsor recreation for both the children and adults in the community.

YOU are invited to join, so plan to attend this first meeting and become a charter member of the Pittman Women's Club. We believe you will enjoy the meeting we have planned for you.

By Lee Reale
September 22, 1944 -- Don Musser of Technical Service will complete his third year at BMI on the first of October. That's a record to be well proud of. Incidentally, several days ago circumstances beyond their control forced Helen Gung to have to sit on Don's lap on the trip from the Lab. to Gate 3. Well, Don was certainly happy about it, in fact he declared he had at long last found a job he really liked. It's all in fun!!

Dave Jackson, one of our Plant Protectors has been at BMI for over a year. Prior to that he worked for Uncle Sam in the Tank Corps. One day while on maneuvers in

Georgia his tank overturned and Dave suffered a broken back. After being patched up he received his honorable discharge and got west he did.

Millie Messer, secretary to Mr. Newell of the Refineries is certainly having her troubles all at one time. First she had to undergo a major operation which kept her in bed for over a month. Then, of all calamities her housekeeper up and married, leaving her with no one to take care of her three children. There's a damsel in distress for you.

Do you have a sense of humor? The one who thought this one up has, and I quote: "the auction of the slaves" has begun.

Evelyn Foster Feted At Party

July 17, 1952 — A party to celebrate the birthday of Evelyn Foster was given at the home of her mother, Mrs. Karl Foster, on Sunday afternoon.

The house was gaily decorated for the affair with streamers of pink, white and blue and dozens of colored balloons. The table, which held the big birthday cake with its nine gleaming candles, was loaded with all sorts of goodies, including ice cream, candy, cookies and punch.

The children spent the

afternoon playing games. Guests included Earl Homer, Charlene Homer, Jolanne Gilpin, Richard Inness, Weena Rodriguez, Jackie Hoffman, Jimmy Dickover, Patsy Tully, Rosemary Parks, Karen Gray, Patsy Daily, Allen Pair, Susie Carillo, Katie Carillo, Marilyn Rulifson, Warren Homer.

Assisting Mrs. Foster with the decorating and serving were, Shirley Gilpin, Loretta Foster and Annette Foster.

Aug. 21, 1952, Woody Nelson reported that flying saucers had been seen by a number of local residents.

"Marge De Wolf and Betty Cole saw some hovering over our town last Thursday morning, before the discs continued toward Las Vegas, where they were sighted a few minutes later.

"A prominent resident of Victory Village told me several weeks ago that he had seen some of the mysterious objects while on a visit to a neighboring state, but begged me not to print this information. He was alone at the time and, although there is no doubt in his mind that he saw them, people might just think he was having hallucinations," Woody continued.

"I know exactly how he felt. Seven months ago, I saw a flying saucer — or at least it was some unidentifiable object. I, too, was alone at the time, so hesitated to mention it later to anyone except two close relatives.

"It was in the wee small hours of the morning in Studio City, California, over Ventura Blvd.

"I saw this lone object proceeding, relatively slowly, across the highway, from east to west, at

an altitude of about 500 feet. It appeared to be about one city block south of me.

It had a blue-green and purple phosphorescent glow and a gaseous white tail. It made no noise.

"Transfixed, I watched it for about twenty seconds, during which I remember thinking, 'By golly, I'm seeing a flying saucer.' Then it disappeared. Didn't seem to go anywhere. Just sort of blacked out.

"No! I had not been drinking!"

Apr. 12, 1951 -- A square dancing exhibition was put on at the PTA meeting last Thursday evening by the Boy and Girl Scouts. Mr. W. Kurt has been teaching them square and other dances. The girls made their own square dance skirts and loved to swish through the fast pace of the dances.

FIRE

TREASURE CHEST MADE OF MAGNESIUM

September 22, 1944 -- Governor Carville of Nevada asked Basic Magnesium, Incorporated to make a chest of magnesium to hold the silver dollars collected for the battleship "Nevada". Permission to do this was obtained from A. E. Bassett, vice-president of DPC and above you see the result -- a shining magnesium casket, made right here

at the plant. When it is filled with several thousand silver dollars it will be a fitting gift from "One Sound State" -- a combination of our two metals which have made Nevada famous. The Nevada State Highway Department had an engraved silver plaque fastened on the chest, not shown in the photograph.

FALLOUT PROTECTION -- Once the people here found out that radiation from atomic bombs, exploding nearby or passing over the area, was dangerous, there was something of a local boom in fallout shelters. From left, Civil

Defense Chairman George Campbell inspects an underground shelter constructed by Fred Dearth also shown are Betty Reynolds, Mrs. Margarette Dearth and Rae Von Dornum.

Indian Workers At BMI Plant Cling to Their Traditions Staging Dances

December 3, 1943 -- Indians cherish their traditions, no matter where they are, and enjoy participation in the age-old ceremonies of their forefathers. They do at BMI.

A small but representative group of Pueblo Indians -- Tiwas and Domingos -- held a pow-

wow and staged thrilling dances at the Trailer Park party on Thanksgiving Eve. Because it was more or less impromptu they wore not in full regalia. Albert Cata and his son, Joe, even led the social dance in which all the palefaces took part. The following night at El Rancho Vegas a group

of twelve, led by Cata, staged a real war dance, complete with feathers, furs, drums, bells, tomahawks, shields, war paint, loin cloth and war whoops, closing with a version of the snake dance. "Chief Lightning" told the story of the Indians' part in Thanksgiving and demon-

strated the varied uses of blankets.

Indians in considerable number are employed here, many from the Southwest, but also Seminoles from Oklahoma and Florida, Cherokees, Winnebagos, and Mission from California, and Navajos, Shoshones, Washoes and Paiutes from this area. They include men of education.

Many of these have relatives in the armed services -- Cata a brother in the Air Forces in England and a cousin a prisoner of the Japs in the Philippines. A member of almost every one of their families is in Khaki.

Employed principally in the Refineries and Preparation, their foremen report that they are good, conscientious workers, with a low percentage of absenteeism. Loyalty is a characteristic.

MUSICAL NOTES
Always remove your boxing gloves before playing the violin.

On March 6, 1942 at 9:38 p.m. fire destroyed the Administration building of BMI in less than an hour. It started in the heating plant of the engineering department, where plans and specifications for the making of magnesium were being worked on. Bruce McNeil, Construction Superintendent, turned a warehouse into an operating office while the fire was still blazing outside. One hundred and forty-six hours later a completely rebuilt, modern office building was ready for occupancy. Not one minute was lost in actual construction of

the magnesium plant itself, and Basic offices were off but one half day. Purchasing agents did a magnificent job of locating the necessary thousands of items which arrived by plane, train and truck. Five hundred thousand feet of lumber was needed. Basic had to supply everything from thumb tacks to desks, office machines and telephones. Highlight of the refurnishing was the 4,300 pound telephone switchboard brought from Chicago by chartered airliner. It was in operation an hour after it arrived.

Stauffer-Henderson was a dozen years old before the El Rancho Vegas was built on the strip -- across from the present day Sahara -- many years ago. We're still here but, alas, the El Rancho Vegas is long gone.

Best Wishes For A Successful Industrial Days

CHICAGO TITLE INSURANCE COMPANY

26C WATER ST. PH. 565-6491

FAST, COURTEOUS, CONFIDENTIAL TITLE AND ESCROW SERVICES

Stauffer Chemical Co. has been part of southern Nevada.

Even before there was a "Las Vegas Strip," hundreds of Stauffer employees were turning out tons of vital chemicals for agriculture and industry in our plant on "the magnesium strip" in Henderson, 12 miles south of what was then barely more than a settlement of some 12,000 people.

In 1945 Stauffer was the first commercial concern to utilize part of the \$140 million war baby, the Basic Magnesium Complex, for more peaceful pursuits than making the raw material for warplanes and incendiary bombs.

Today, the chlorine and caustic soda from Stauffer, Henderson reaches tens of mil-

lions of American homes in the form of bleaches, cleansers and water softeners as well as industry to make paper, fabrics, pharmaceuticals, paints, metals and food products. And our agricultural chemicals are used in making non-persistent pesticides.

Many of the over 200 folks at Stauffer-Henderson have been with us since 1945; men and women like George Black, Arlene Carter, Paul "P.D." Harris, Elmer Hilsinger, Rae Martinez, Sam Schiers, Chuck Truworthy and Frank Bleak.

From our hillside location, we've witnessed one of the most spectacular growth stories in America.

Indeed, Noah's dog is more than just a pup now.

First Magnesium Poured Just Two Years Ago

September 22, 1944 - It was just before midnight, August 31, 1942 that the first magnesium was ladled out of the cells.

That was a great moment for Ray Coulter, Superintendent of Production; in fact, it was a great day for every employee of BMI. THE BIG JOB of two years ago contained the following paragraph:

"What did you do -- weld pipes? Install bus bar? Rig steel or buck rivets? Make blueprints, write letters, run a com-

ptometer or lay tile? Maybe you drove a bulldozer or dug ditches. Or painted pipe, or lined acid sumps. Possibly you helped on the big water line or the transmission towers.

Maybe you just ran messages. Maybe you sketched some of the intricate design or drove a truck. Makes no difference. You made magnesium.

There is something of your brawn or your brain in every drop of the molten metal coming out of the cells on the first leg of its journey of destruction to Tokyo and Berlin."

RONALD L. BREEDLOVE - was hired at the Henderson Plant of Stauffer Chemical Company in 1967. He graduated from Camelback High School in Phoenix and had worked as Warehouseman and Shipper for an auto sales firm before coming to Stauffer. He began his Apprenticeship at the Montrose Chemical Corp. and transferred to Stauffer in the third year.

Mr. Breedlove lives in North Las Vegas with his wife, Deanna; his son, Ronald Breedlove II; and his daughter, Michelle Dee.

CRC Approves Sale Of Lots, Business Blocks

July 5, 1951 --- The Colorado River Commission approved the sale of the entire block to Prime Meats Company at its session Friday afternoon. Prime Meats wants to extend the present store and parking space. The lot lies across the street from the post office and extends to the sheriff's substation and the length of the block to Water Street. The lots were priced at \$3375 each and the company offered the full price.

The sale of the drug store to J. H. McBeath; barber shop to Jack Higgins; and the machine shop to O. J. Scherer were also approved by the commission.

The 600 pair cable running behind the metals unit at the plant was turned over to the Henderson Telephone Company for use. Julian Moore explained that there are only a few phones on the cable and the transfer would mean better service to the Townsite.

Herschel Trumbo of the telephone company stated that it would mean that a town one-fourth again as large could be served with phones.

Trumbo and Unger asked the CRC to give them some definite answer on their proposal to purchase the telephone system. Unger told the commission that heavy demands are

being made upon the Henderson Telephone Company right now because of the increased service necessary at the plant and that the company did not feel they should go to the expense of installing new lines and phones if the system was to be sold to someone else.

They were told to submit a firm proposal and that they would receive an answer within two weeks.

LIONS CLUB CHILDREN FETED

May 3, 1951 - A party was held recently at the Townsite Lounge in honor of the sons and daughters of Lions Club members.

The young people enjoyed an Oswald cartoon, a comedy, and Magician Bowes acts. Assisting the magician were Charles Hale and Butch Snyder.

During the business session, Elmer Hilsinger, president, reported on the convention visit he made with Lyal Burkholder and Charles Dohrenwend in Ely. Tom Haley reported on the zone meeting.

Appointed to the nominating committee were W.O. Hayes, Preston Austin and Lyal Burkholder. A new slate will be submitted at the next meeting.

Great Number Of Outpatients Handled At Basic Hospital

BMI HOSPITAL is one year old. The staff was much too busy to celebrate the occasion, but they did get a few figures together for us, and a few other interesting facts.

From November 1, 1942 to November 1, 1943 there were 2248 hospital patients. 221 babies were brought into the world, two of them colored, and 393 operations were performed. The hospital was designed to accommodate 52 adults and 16 babies. Needless to say, it has run at full capacity at all times, necessitating a new wing, which has been approved and will be started some time this month.

Originally constructed for and intended as an industrial hospital, it was soon learned that the needs of the community were such that actually 90 percent of the cases were private, and only 10 percent resulted from injuries and industrial ailments incurred

on the job by Basic and the contractors' employees.

Besides the large number of hospital cases, the outpatient clinic has handled as high as 3597 patients a month. In addition to this there have been approximately 2500 a month not Basic personnel. It all adds up to an astonishing figure and a lot of hard work for the small staff of 32 nurses, eight doctors and a small clerical force. But they like it.

One reason they have been able to handle this enormous number of cases is the fine, modern equipment -- from kitchen to operating room, the little hospital is equipped with the best. A 35 m.m. photo-fluorographic X-ray machine was installed just last week. It will be used to make chest X-ray pictures of pre-employment and termination cases.

April 1974

SUPERVISION -- Stauffer Chemical Co.'s Henderson Plant Supervisors recently completed "Elements of Supervision" - a management development conference held in Henderson. Pictured are: Front row: Dan Gradle, Ray Currier, Dewey Casey, Elwin Reber, Ken Blaise. Back row: John Collins, Milt Mortensen, Wayne Cartwright, Stan Fueller, Jim Miller, Carl Weideman.

Shoot Their Way Around, Bring Back Many Medals

Myra Dodge, Technical Service, is just back from the Pacific-Southwest smallbore matches at Glendale, California, with a cup and three medals to add to the many marksmanship trophies she and her husband, Guard Marvin Dodge, Firearms Inspector, have won. Among her fine scores was 399 out of a possible 400.

These two have really

shot their way around, he with pistol and both large and small-bore rifles, in half a dozen states. Medals he prizes most are from Camp Perry, Ohio, national matches, where Mrs. Dodge also copped one.

Services Guard Dodge once served with the Reclamation Service Rangers, where sixty men fired 100,000 rounds a year in practice. At Boulder City he made a possible 400 at fifty feet with a .22 rifle.

Henderson Postoffice To Open Soon Furnishing Service For Entire Area Of Project

December 3, 1943 -- Henderson Postoffice will be opened within a very short time, unless unforeseen delays prevent. It's strictly a Federal business institution and no ceremony is planned for the occasion.

This stirring, glittering BMI city, a man-wrought miracle in the stark desert, like the vast plant itself, now goes on the map with a permanent official name. From inception it has been called "Townsite", "Basic", or a combination of the two words.

The new second-class office, Postmaster Harold Baldwin in charge, will serve BMI and the entire project, including the original town, Victory Village, Carver Park, Trailer Park and Anderson's

Camp -- a population approximating 8000.

Occupying a substantial and attractive building reared by DPC, the office is well equipped with the latest government fixtures, modern and adequate in every respect. The initial force will comprise ten clerks. A thousand lockboxes are for rent to patrons desiring them.

Mr. Baldwin, selected to fill this important public position, was for a number of years a resident of Las Vegas and is a past commander of the American Legion post there, while Mrs. Baldwin is president of BMI Post Auxiliary No. 40. He has some postal experience to his credit, and during the past twenty months has been employed at BMI, latterly in Stores Accounting.

MRS. ELSTNER ENTERTAINS FOR MRS. R.H. SMITH

May, 1951 Mrs. C.H. Frank Branchfield, Jo Elstner, 6 Oregon Way, McBeath, Earl Keenan, W.O. Haynes, Jack Miller, Robert Nallia, ing Mrs. R. Hallock Smith.

Other guests present were Mmes. Preston Pitts, James Arkell, E.T. Austin, Robert Dietrich, Frank Schreck, Leonard West, L.C. Coleman. Annabell Chiles.

I have fond memories of the past 22 Annual Industrial Days, and I'm happy to be able to participate in Henderson's 23rd Celebration.

JAMES SMALLEY ASSEMBLYMAN

TO THE COMMUNITY OF HENDERSON

BEST WISHES For a Successful 1974 Industrial Days

LET US ALL PROSPER THRU Progress

- It's A Great Community to Live In
Reviewing the record in our town is reason for pride. Yesterday's ideas and goals are today's visible achievements. Potential that has been realized is indeed true progress.
- Working Together Will Make Us Grow
Observing the spirit of cooperation of our citizens is reason for high hope.
