

# High School Teacher Suspended 'Indefinitely'

Basic High School special education teacher, John Shannon, has been given an indefinite suspension from his job by the Clark County School District's Superintendent, ac-

ording to word received by this newspaper.

According to the information, the suspension was made pending further information. Shannon was suspended

from his job last year after two charges were made against him for lewdness with a minor under the age of 14.

The charges were later dismissed by a district judge be-

cause of technicalities.

Although several boys testified against Shannon, only two charges were pressed. A younger child's charge was dropped at the Justice Court

level for lack of evidence and the older child's charge was

dismissed by District Court Judge J. Charles Thompson because the date of the crime

was supposedly wrong.

Parents of high school students have threatened to picket the school if Shannon were rehired.

# Planners To Discuss Market Street Closure

## UNLV Football Coach To Speak To Boosters

Tony Knap

Tony Knap, head football coach at UNLV, will attend a meeting of the Basic Booster Club tonight at 7 p.m. in the multipurpose room at the high school to speak briefly.

Head Football Coach Emilio Camillone will be there with his team and the parents and awards will be presented to the top football players. The team will be introduced.

Cookies and punch will be served. All parents and boosters of Basic high school are invited to attend the meeting.

## Town House Zone Change Discussion Postponed

A controversial zone change for the Black Mountain Country Club area, which would allow a development of Townhouses, was taken off the City Council agenda Monday night by Developer Hershel Trumbo.

Trumbo said his engineer could not be in attendance at the meeting and the item was transferred to the council agenda for October 3.

The Planning Commission

voted at its last meeting 4-2 to approve the zone change with Chairman Neil Twitchell and Tom Williams opposing the change.

Bob Gordon, director of planning, said the PUD development includes 62 units of townhouses construction on 10.5 acres, the density being about 5.9 which is equivalent to R-1 density. The development will require the abandonment of a portion of Rancho

Drive and Desert Rose between Hilltop and Greenway. A formal request for abandonment will be made by the developer at the proper time.

The density has been reduced from 100 units of R-3 to 62 units of R-3 construction. They will be two-story and public utilities and facilities can be brought to the site.

A number of residents in the area protested the zone change.

Controversial issues seem to highlight the agenda's of both the City Council and the Planning Commission this week.

Once again the request of Bill and Sam Boyd, owners of the Eldorado Club, for the vacation of a portion of Market Street will be heard by Commission members when they meet Wednesday evening, September 21 at 8 p.m. in the Commission Chambers on Lead Street.

A heated and highly emotional discussion erupted June 22 when the Market Street abandonment was heard for the first time.

At the conclusion of that meeting, Commission members Roberts and Henderson voted for approval with members Twitchell, Valdez, Paez and Williams opposed. Commissioner Barker was absent.

A public hearing on the request was scheduled to take place at the regular meeting of the City Council on August 1 but it was withdrawn that night by Attorney Charles Huff, representing the Boyds.

They requested the hearing be taken off the agenda for two reasons, one that the full council would not be present and the other that a study was in the process of being made by the City on future plans for the Civic Center and the Boyds wanted to await the results of that study.

At that time Mayor Lorin Williams was in California recuperating from a heart attack and Councilman Gary Price was out of town on business.

The request must now go through the entire process again, beginning with the Planning Commission meeting Wednesday evening. The public hearing has been set for October 17 at a regular City Council meeting.

## Judge Cited In Car Accident

Justice of the Peace Larry Tabony was issued a citation for failure to yield while turning left after an accident at Basic high school Monday morning involving a motorcycle.

Police said Tabony, 52, had left one of his youngsters at the high school after he had stopped at the curb on Palo Verde. As he turned north to go on Coronado Street, a motorcycle, driven by a 16-year-old Mark Laymon, 607 Hidden Valley, struck his car broadside. Laymon's head struck the window. He suffered cuts and abrasions and was undergoing treatment at St. Rose de Lima hospital.

Tabony, of 466 Rose Way, was treated for an injury to the left shoulder. The accident occurred at 7:44 as school was starting, and the traffic in the vicinity was heavy.

## American Nevada Seeks Sign For Buster Brown

A request from American Nevada Corp. for approval of a sign to be located at Sunset and Mountain Vista for Buster Brown Textiles, will be before the city planning commission Wed. night at 8 p.m. in the planning commission chambers.

A public hearing for a request from M.S. Horne and Dwayne Parker for a zone change from R-1 to R-4 section 8, T2S, R63E. will be held by the city planning commission. Also to be discussed will be a planned unit development called Monte Vista by Robert J. Sully, agent for Nevada Venture, in sections 14, 15, 22 and 23.

A tentative map and final map review for Nevada Venture will be discussed.

A final map from American Nevada Corporation for approval of final map of Unit 3 of Vista North, Green Valley Subdivision, will be before the planners.

Architectural review for several buildings will be requested at the planning meeting, one for an office building to be located at Sunset Road and Parkson Street, and one from Duane G. Laubach for a new commercial building at 18 Water Street, and a request from staff for review of proposed new welcome signs to be installed at city limits.

## Public Safety Director

The City Council last night at press time was discussing the hiring of a public safety director to supervise both the fire and police departments, when the police and fire chiefs retire January 1.

A controversy arose over the issue after firemen claimed this would be the first step towards establishing a public safety officer who would be cross-trained for both fire and

police.

The vote last Monday ended with a 2-2 tie vote with Councilmen Phil Stout and Carlton Lawrence voting for the establishment of a safety director, and Councilmen Gary Price and Lorna Kesterson against.

Campbell said Monday he had advertised for a public safety director and had received some "outstanding" applications, from people who are interested in the position.

## Groundbreaking Ceremonies Wednesday Morning For Levi Strauss

Groundbreaking ceremonies for Levi Strauss will be held tomorrow morning, September 21 at 11 a.m., it has been announced by Don Dawson, coordinator for The Association of Henderson Industrial Trades, A-HIT.

A-HIT is in charge of the ceremonies which will last about an hour according to Dawson. A number of City, County and State dignitaries have been invited to the

groundbreaking and a prestigious crowd is expected to attend.

The commitment of Levi Strauss to build their new outlet in Henderson has generated a great deal of excitement in the community since the announcement was first made by the company.

Though invitations have been issued, Dawson emphasized that the public is also cordially invited to attend the ceremonies.

## Fact Finder Gives Teamsters Raise

Findings by a fact-finding arbitrator between the City of Henderson and the Teamsters Union "gave a little and took a little," it was revealed yesterday.

According to City Attorney Kent Dawson, the findings were a compromise between what the city offered and what the union had requested. However, he did find fault with how some of the findings were accomplished.

The fact-finder awarded a wage increase of five per cent effective July 1, 1977 to the approximately 60 Teamsters, and

another 5 per cent effective January 1, 1978.

Dawson said the award was based in part on erroneous information provided by the union after the hearings between the City and the union had concluded. He said he has not yet decided what the City will do about. He said the award was also based in part, on the land fund, which he is precluded by law to do.

The fact-finder found insuf-

## LETTER TO THE EDITOR

On behalf of Lt. Wingate and the Advisory Board of the Henderson-Boulder City Salvation Army, I would like to thank everyone who helped make this summer happier for needy children in our communities.

A total of almost \$1,200., raised this year, was used to send 48 young people for a week of overnight camping. Some children were sent to The Salvation Army camp at Harris Springs near Mt. Charleston, while others went to The Salvation Army camp near Tucson.

Each camp was well staffed with trained leaders and counselors who gave special attention to each camper. A variety of activities included swimming, hiking, crafts, nature studies, as well as spiritual teaching, to give the child a well rounded and enjoyable week.

Because of your generosity, these young people have had a more meaningful summer and now have memories that will last a lifetime.

Once again, thank you for your assistance.

Sincerely,  
(s)Gus Giuffre  
Summer Camp Chairman

This is How the Levi-Strauss Distribution Center will Look.

### VA QUESTIONS & ANSWERS

Q - I was discharged in 1953. Am I eligible for education assistance under the current G.I. Bill?

A - No. To qualify under the present law you must have had service after Jan. 31, 1955.

Q - I am the widow of a veteran killed in service. I am attending school under the Dependents Educational Assistance program. Since she will be receiving educational assistance, will mine be reduced?

A - No. Your daughter is entitled to educational assistance in her own right.

Q - I have been overpaid approximately \$300 in educational benefits. Can I repay the overpayment by having it withheld from my compensation?

A - Yes. The overpayment should be paid over a period not to exceed one year.

Q - My father was killed on active duty. I am eligible for benefits under the Dependents Educational Assistance program. I am in the Navy. May I take advantage of this benefit?

A - No. Even though you are eligible for the benefit, you may not enroll while in the armed forces.

## Introducing Boulder City NEWS City Editor Bob Gottlieb and Family

Editor's Note: Bob Gottlieb is the new city editor in Boulder City. This story introduces him and his family. His father was Morry Zenoff's roommate at the University of Wisconsin.

The Community Club of Boulder City this year is carrying on the "introducing" column which it presented previously under the name of the Welcome Wagon Club.

This is our first column of the Club year and we could present no more interesting "victims" on this occasion than our new Boulder City News City Editor, Bob Gottlieb, and his family. I use the word "victims" advisedly insofar as Bob is concerned, because it is very obvious that he shrinks from interviews and the resulting publicity to the point where it took much persuasion on my part before he reluctantly agreed to let me have my way.

Bob, Judith and young Yoav are now happily making their home in Boulder City, while Bob is making the community happy with his production of our weekly newspaper.

Bob was born and raised in Rockford, Illinois. He graduated from the University of Houston (class of '57) with a BS degree in radio-television production, minor in journalism. He worked at various jobs while going to school, doing radio news for one local station and high school football play-by-play for another.

After graduation, he went to California and worked as a free lance writer for television in Los Angeles from 1957 to 1961.

At one time he was the youngest member of the Writers Guild of America. He was inducted into that Society with a gentleman named Vladimir Nobukov, and he claims that is probably the only time some "class" rubbed off on him. (But don't you believe it!) Television credits for writing include: The Thin Man, the Gale Storm Show, Have Gun-Will Travel (which he thinks was the best work he turned out), Lawman, Dobie Gillis and the Dennis O'Keefe Show.

A writer's strike at the close of 1960 prompted him to look around for a stable existence, and he went to work for Paramount Pictures as a story analyst for two years. In 1963 he became a literary agent, first for other offices and finally opening his own, representing writers and directors for television and motion pictures. He kept this office until the end of 1972.

In 1973 Bob went to Israel for a vacation, but found life there so interesting he decided to stay on, so he returned here, and closed out his interests; the returned to Israel just in time to find himself in the middle of a war. He stayed a year at an agricultural settlement (Kibbutz) in the central part of the country. He met Judith at a nearby town, Rehovot, where she was teaching emotionally disturbed children. Bob insists it was for this reason she first became attached to him. (??-Oh, NO!)

They were married in January of 1975. Judith finished teaching for the spring semester of that year, and Bob worked on the editorial staff of an English language maga-

zine published in that part of the world.

In June of 1975 they went north and settled in Kibbutz five kilometers (about two and one half miles) from the Lebanese border. They spend two years there. Judith taught and Bob farmed - and loved every minute of it - with a group consisting of five men raising about five hundred acres of cotton. These five people took care of the whole harvest and were responsible for what amounted to about a half million dollar crop, which was exceptional. They were rocketed occasionally, and there were terrorists nearby, but that only improved the quality of life for them, according to Bob, and made living on the edge just that much more interesting.

Judith (Yehudith) was born at an agricultural settlement (Kibbutz) north of Haifa in Israel, lived there for twelve and one half years, ultimately moving with her parents to a small town outside Haifa. She had been in training for the country as an Olympic swimmer, but decided to give it up and teach instead. After graduating from High School she went to a teaching seminar, which was the equivalent of two years of college. They were trying to build up the country as quickly as possible. Therefore, there were no four year college courses to be had, so Judith completed the two year course available. Subsequently she went into the Army, and Bob says she's a pretty good shot. As part of her Army service, which is required of all young people, she taught. From the Army she went to the town of Rehovot, where she spent twelve years teaching in a special school for emotionally disturbed and handicapped children.

She is now taking special education courses at UNLV and is raising Yoav, her eight-year-old from a previous marriage. Bob was lucky - he acquired a delightful wife

and at the same time a ne son whom it is a pleasure to know.

Judith's special interests are archeology and hiking - and travel.

Yoav, whose name is of Biblical significance as King David's General, is learning to speak English, and considering the few months they have been here is making fine headway, especially in understanding what is said to him. He will enter the third grade of the Boulder City Elementary School.

He is curious about all things American, discovered McDonald's and hamburgers and french fries early and is now pretty well addicted. He had thought - as do so many people outside the U.S. - that America was Disneyland, cowboys and Indians. He couldn't understand, upon first arriving here, where all the bomb shelters were hidden. It seems that every apartment, school and park has this commodity where they came from.

They came back to the States in the spring of this year, 1977, to visit Bob's folks in Illinois. The job in Boulder City came up, and he figured this would be

an interesting place from which to see the West. So far, unfortunately, all he's had a chance to see is Avenue B from their apartment to the office, and on trip to Searchlight. But they plan to go to Disneyland and the Lion Safari before long - this has been on Yoav's list of desires for some time, and they plan to take him.

Bob says they enjoy living in Boulder City. He says, "I have seen many small towns in my life, but feel there's not one anywhere like this. It's unique." He says that most people have been very nice to them, and that he finds people here on the whole are most individualistic in their thinking and knowledge.

This is a delightful family living among us, warm and friendly; the type of people you meet with the feeling you've known them a long time and you want to keep right on seeing them. We welcome them heartily to Boulder City and hope they will spend many years here working with us and for us - and just being our friends.

### When Leaving Your Home Practice The Following Advice, It Will Pay Dividends

Going to the market or out to dinner?

A residence which presents a lived-in appearance is a deterrent to burglars. Never leave notes which can inform a burglar that your house is unoccupied.

Make certain all windows and doors are secured before departure. An

empty garage advertises your absence, so close the doors.

When going out at night, leave one or more interior lights on and perhaps have a radio playing.

Timers may be purchased that will turn lights on and off during your absence.

Do not leave door keys under flower pots or doormats, inside an unlocked mailbox, over the doorway, or in other obvious places.

For further information contact the Crime Prevention Unit of the Henderson Police Dept. at 565-8933, ext. 49.

Preliminary hearing for Jeffrey Lee Dykstra, charged with the sale and possession of a controlled substance, was set for November 30 at 10 a.m.

Jerry F. Greenwood, charged with the sale of a controlled substance, had his preliminary hearing set for December 7 at 10 a.m.

A September 28 preliminary hearing stands for Douglas D. Crickmon, charged with battery with the use of a deadly weapon.

In new complaints, Kevin Scott Clark, charged with possession of a controlled substance, had his case continued to September 21 at 9:30 a.m.

Terry M. Reeder, charged with the give away of a controlled substance, had his case continued to September 21 at 9:30 a.m. He is free on his own recognizance.

During preliminary hearings Jerry Wendell Dunagan, charged with possession of stolen property, had the charge amended to Possession of Stolen Property - Misd. The Judge ordered him to pay a \$100 fine by October 26 at 9:30 a.m.

Bruce Edwards, charged with obtaining money under false pretenses, had his case continued to November 16 at 9:30 a.m.

Bench warrants were issued for Anna Kathleen Kohler, charged with possession of a firearm by an ex-felon, and Tommy Larry Roberts, charged with burglary.

Kohler had bail re-set at \$7,500. Bail was re-set at \$10,000 for Roberts and he was fined \$105 for witness fees.

Benjamin Anthony

Salas, charged with burglary, had his case continued to November 16 at 9:30 a.m.

Kenneth Wayne Weaver, charged with possession of stolen property, and Vincent Alfred Fricke, charged with burglary, waived preliminary hearings and were bound over to District Court.

Most of the people who come to the Henderson Counseling Center have problems that everybody experiences sooner or later; anxiety, depression or family problems. Since the Henderson Counseling Center is a State agency the cost is low. The fees are based on family income, with no charge for those receiving public assistance.

Confidential services are provided by a team of professionals including a psychiatrist, psychologists, social workers and mental health technicians. The Center is located in a wing of the Rose de Lima Hospital.

David Luke, Director of the Henderson Counseling Center said, "The most common problem treated at the Center is

depression." An example of a client treated for depression was an attractive thirty-five year old woman who was having difficulty in her relationship with her husband. Most of the time she could not talk her husband into visiting friends and she was reluctant to visit them on her own. She felt socially isolated except for her children. But now that her children were older they were spending more time outside of the home with their friends.

She was having trouble sleeping at night. Usually a conscientious housekeeper, she was embarrassed to admit that she was no longer able to do as much housework as she used to. She had feelings of fatigue and hopelessness except for the rare occasions when she and her husband would engage in social activities. As she was able to accomplish less, she became more critical of herself resulting in her feeling even more depressed. Her depression began to lift as she assumed more responsibility for her own social life. As a result of counseling she began to make new friends by visiting her neighbors and becoming involved in local organizations.

The second most common reason clients come to the Henderson Counseling Center is because they are having problems with a teenager. A social worker at the Center was counseling the mother of a ten year old girl and a fourteen year old boy. After her divorce she had been fortunate to find a job that paid well but left her exhausted at the end of the day. After work she needed a chance to rest, but her son demanded all of her attention. He often fought with his sister and usually refused to do his chores unless his mother stood over him. Their social worker arranged for them to reach an agreement that allowed the boy to earn his mother's attention rather than fighting for it. If he had not fought with his sister and had finished his chores, he and his mother would go

out for a coke together. Another reason some people from Henderson come to the Henderson Counseling Center is because they have developed an unrealistic fear. One young woman became increasingly afraid to spend time away from home. At first she was just afraid to drive into Las Vegas limiting her shopping to a few nearby stores. Then she became afraid to go out at all unless accompanied by her husband. Little by little and at her own pace, her counseling program helped her to start spending

more time away from home. Members of the neighboring community have gone to the Henderson Counseling Center for a number of other reasons such as over-eating, difficulty relating to others, abuse of alcohol and drugs, and marital problems.

Martinez Arrested After Attack

Stan Edward Martinez, 25, 438 Perlite, Apt. C, was arrested Saturday by police on a charge of battery with a weapon after an altercation with Allen Curtis Harrengton, 438 Perlite, Apt. D.

Police said they had no indication of what the argument was started over but Martinez allegedly attacked Harrengton with two knives. Harrengton defended himself with an ax handle. Harrengton was cut on his left forearm.

Own The World's 5th Best Hi-Fi Speaker For a Pittance.

The authoritative hi fi periodical "Audiogram" lists the Magnepan speaker as The 5th Best Speaker in the world. That high recommendation usually means a price tag in the thousands, however the price of the Magnepan is only \$347.50 each. We consider the Magnepans the best speaker bargain in the audio industry. They are rugged, they are trouble free and they look great. They also radiate as much music from the back side as from the front, which really "opens up the sound" in most room emplacements.

As a special complete package offer, we're combining the Magnepans with the new Yamaha 1020 AM/FM receiver, the new Yamaha YP-211 Turntable and a \$150 Phono cartridge for only \$1255. Purchased separately these units would cost \$1555. You may also finance this system for \$161 down and \$49 per month.

The Yamaha receiver conservatively produces 140 watts at 0.05% distortion (try & beat that anywhere). The YP-211 is a no compromise, no gimmick turntable with excellent specifications, & automatic shut-off.

Incidentally, the Magnepan speaker is also available with an off-white fabric in place of the black. The dimensions of the speaker are: 2 in. thick, 22 in. wide and 71 in. tall (big enough to hide behind in an emergency).

This is truly a quality system for the serious listener, at an unusual savings.

# Operation Crime Alert

**From the Crime Prevention Unit of the Henderson Police Dept. Officer Robert Lindsey**

The city of Henderson is concerned with the number of crimes that occur in our city. Each year thousands of dollars worth of property are lost and numerous citizens are victimized.

The police department alone cannot drastically change this alarming crime trend. Your support

and cooperation is needed to help combat the crime problem.

You as a citizen have a social responsibility to secure your home, to identify and inventory your personal property, and to be watchful of your neighbor's home and suspicious actions about the city.

This article is presented to you so you may better understand how to protect yourself and your property against crime. By following the recommendations

in this article, you will be helping the police department in its war against crime. Moreover, you can be assured that your chances of becoming a victim of crime will be greatly reduced.

The overall program of crime prevention, of which you are a vital part, is known as operation home alert. This program will impart community understanding of crime prevention methods by a two fold effort, provided that:

1. The citizen Adopt the recommendations of the police department for crime prevention methods.
  - A. The citizen report all suspicious incidents and persons to the police department. (Become involved and be aware.)
  - B. Neighbors letting each other know when they will be gone.
2. The police department along with regular patrol will initiate crime prevention educational programs and how to deal with them.
  - A. On site security inspections will be made at the request of citizens of their residence, in order to identify crime hazards and provide recommendations for more adequate security measures.

in a campaign against crime.

Through operation home alert you learn to make your home or business, possessions, and family less likely to be victimized by crime, and make your neighborhood and city safer for you and less desirable for criminals.

Operation home alert leaves the responsibility for the apprehension of

criminals where it belongs, with the police.

No one is asked to be either a hero or an informer.

**When Planning a Vacation or Prolonged Absences:**

Discontinue milk, newspaper, and other deliveries by phone or in person ahead of time. (DO NOT LEAVE NOTES.)

Arrange for lawn care

and have someone remove advertising circulars and other debris regularly. On the other hand, several toys left scattered about will create an impression of occupancy.

Notify the post office to forward your mail or have a trustworthy person pick it up daily. Apartment house tenants could also heed this hint as stuffed mail receptacles are a give-away when no one is home.

Inform neighbors of your absence so they can be extra alert for suspicious persons, leave key with them so your place may be periodically inspected. Ask them to vary the positions of your shades and blinds.

Have the telephone temporarily disconnected. Burglars may try calling to find out whether anyone is in.

When you leave, do not

publicize your plans. Some burglars specialize in reading newspaper accounts of other people's vacation activities.

Contact the Henderson Police Department and inform us how long you will be gone, who has a key to your home, and where you can be reached.

If you find a door or window has been forced or broken while you were absent, do not enter. The criminal may still be inside. Use a neighbor's phone immediately to summon the police.

Do not touch anything or clean up if a crime has occurred. Preserve the scene until the police can inspect for evidence.

Remember to: Lock before you leave, trust a neighbor with a key, be a concerned neighbor yourself, notify the police and ask for a property watch.

## Alpha Beta Launching Off With NEW Adventures

Alpha Beta of Beta Sigma Phi enjoyed an entertaining evening at our husband and wife "Shipwreck Party" with an equally exciting background of thunder and lightning.

We all met at Morrell Park where we received a card for a poker hand and directions to the next clue and card. Our final instructions led us to Bobbie and Andy Bayley's home where the girls were adorned with a flower in their hair and the winners of the poker hand were awarded the strangest prizes!

A lovely table was set with chips, fresh fruits, and an array of luncheon meats and cheeses for submarine sandwiches. After the dining, there was dancing and games, directed by our Social Chairman, Bobbie Bayley, who was later tossed in the pool as a result of one of her games! Do you think it was reciprocation for Beginning Day?

Those attending were Torrie Anderson, Bobbie Bayley, Margaret Childs, Andrea Joslin, Susan Knopp, Jerry Lompfrey, Sherry Peck, Toni Purtil.

Pat Rawson, Terry Smith, Neallia Sullivan, Wanda Ware and our husbands were glad to have our past President Darlene Trueworthy and her husband, Danny, among us once again. And we hope our guests Shelly and Mike Schonmakers, won't think Bill and Chuck will be the "singing bartender's" at every social!

In spite of all the craziness, the roasted marshmallows over the candle flames, the lighting and rain, I'm sure everyone there had a great time!!!

## If you bought any of these preferreds, here's the fine print you should have read.

All the preferreds listed above, and a number of others, are either currently refundable or carry a clause providing for a double sinking fund. That clause allows the company issuing those preferreds to call them at around par prior to the time normal refunding protection expires.

If that happens, you can lose any capital gains you've accumulated, as well as any future dividend income.

High coupon preferreds are especially vulnerable because they're a high cost. Utilities would rather call them and issue new preferreds with lower rates.

Your Paine Webber broker has a list of 19 utility preferreds subject to either refunding or double sinker call. For a free copy of this list, just call or send in the coupon below.

## Art Festival Drawing

Be a lucky winner at the Boulder City Hospital Auxiliary Art Festival Drawing!  
Three lovely works of art and the same number of exciting hand crafted items are now on display at Sun Circle Crafts Gallery. They will be raffled on Sunday, October 2, at 5:00 p.m. at the close of the Festival. Winners need not be present.  
Tickets for the drawing are available at sev-

eral businesses throughout town and also from representatives of many organizations within the community at a donation of 50 cents each or three for \$1.00.

Once again the time is here for all of us to enjoy the esteemed Hospital Auxiliary Art Festival and to continue to support a most worthwhile endeavor.

## BPW, Expanding the Influence of Business Women

Generally a club composed of women who hold positions ranging from business owners to secretaries would seem a little strange, but to the women of BPW it's perfectly normal.

The Boulder City club, organized in 1940, is only part of a national network of clubs for working women. The organization has an interesting history.

In 1917 Secretary of War, Newton Baker, realized the importance of women as a working source during the war years. He called for the national organization of women to be formed.

After study it was determined that the only group of women that was not already organized were the working and business women. Some local organizations existed for these women and these were used as nuclei for what is now an international organization.

According to Anne Gleason, a member of BPW and a former officer on the state and national level, as well as recording secretary for the group now, BPW still will help out in case of war, which is the reason for the groups existence in the first place. "We did it in

World War 11. Many women replaced men and they did fine jobs," she said.

But Boulder City is hardly at war so the group is active in other community support measures. Some of their continuing projects include donations to the hospital, Girls State and the Community Scholarship Fund.

Members of the group are also active in politics. Several members have held or hold positions on the city commissions or with the Hospital Board of Trustees.

The national organization has sponsored training programs for nurses in free China, established government commissions on women, brought about laws giving equal pay and equal rights to women and is working in support of ERA. The group also sponsors the National Foundation Library in Washington, D.C. The library has been made possible through the contributions of BPW members and is open to the general public for advanced study and research work. It is recognized as one of the finest libraries in the country in it's field. Mrs. Gleason said.

## Henderson Parks & Recreation

### NOTICE

#### O'Callaghan Park

Citizens are requested to understand that the tennis facility is the only area of O'Callaghan that is open for use by the public at the present time. They should not take children or pets to the tennis courts anticipating additional play areas. The remainder of the park has not been completed and will not be open until some time next spring, 1978. All gates will remain closed and locked with the exception of the Horizon Drive walk-way entrance. This will assure that the grass, trees and shrubs will have the best possible chance for survival. A little more patience and cooperation now by all citizens will go a long way towards assuring that the park will be in the best possible condition when it does open.

It is expected that all tennis court users will display proper courtesy and consideration for others waiting to use the courts. Tennis etiquette suggests that courts should be used for double play when several players are waiting on the sidelines.

Everyone's cooperation will be greatly appreciated by the Henderson Parks and Recreation Department and the City of Henderson.

### Recreation Swimming Hours

The Henderson Parks and Recreation Department would like to announce the recreational swimming hours for the Lorin L. Williams Municipal Indoor Swimming Pool. The new swimming hours are listed below:

Tuesday and Thursday - 3-5 p.m.  
Saturday - 10-6 p.m.  
Sunday - 12-6 p.m.

For further information call the Henderson Parks and Recreation Department from 8-5 p.m. at 565-8921 ext. 32.

### Assertive Training

Assertive training is being offered through the Henderson Parks and Recreation Department and will begin when sufficient registration has been taken. The classes are scheduled to be held on Tuesdays from 10 a.m. to 12 noon in room #30. Registration fee is \$22 for ten weeks.

According to the authors of Assertive Behavior, Alberti and Emmons,

"Behavior which enables a person to act in his own best interest and to stand up for himself without denying the rights of others." Vicki Gyger will be the instructor for this interesting class. Take advantage of the class and learn a little about yourself and others.

### G If Discount Cards

Now is the time for all of those cool days to be taken advantage of by going to the Black Mountain Golf and Country Club and tee-off! The Henderson Parks and Recreation Department can help you out by offering you a Golf Discount Card. This card is good for 10 plays for \$15 and guests of the card holders will be required to pay \$2.50 for Green Fees, which is a real bargain. The cards are good for 60 days or 10 plays whichever comes first, and can be used Monday thru Friday (except holidays).

Cards can be purchased at either the Parks and Recreation Department 201 Lead Street, room 22 or at the Black Mountain Golf and Country Club.

For further information contact the Henderson Parks and Recreation Department at 565-8921 ext. 32.

### Swim Passes

Lorin L. Williams Indoor Pool is the place to be to get those warm heat spells out of your system by jumping into the pool.

The Henderson Parks and Recreation Department

would like to help you out by offering all avid swimmers the opportunity to take advantage of this reduced swim rate. Swim Passes are good for one year from the date of purchase or until the total swims are used (whichever comes first). Costs are: \$7 - 30 swims; \$20 - 90 swims) \$75 - 365 swims.

For further information contact the Henderson Parks and Recreation Department at 565-8921 ext. 32 or come visit the office and pick up a Fall Brochure. The address is 201 Lead Street, room 22.

### Crafts Festival

A Craft Festival will be held on Saturday, November 19, 1977 from 10 a.m. to 3 p.m.

Anyone who would like to have a booth may pick up an application at the Henderson Parks and Recreation Department 201 Lead Street, room 22. The cost is only \$5 to have a booth. Please make checks payable to the Henderson Cultural Arts Committee. The fee should be turned in with your application by November 1, 1977. You will be supplied with a table, but held responsible for your own signs.

Any questions please call the Henderson Parks and Recreation Department at 565-8921 ext. 32.

We are pleased to announce the introduction of a video tape system along with our regular curriculum. Students will tape their dance routines in class and view them instantaneously over our television monitors. Visual aids such as this add immeasurably to a student's progress. This plus our outstanding record to date, makes Dance Theatre West tops in its field.
