

Council Votes to Retain 20 Acres of Land

Despite advice from city department heads that approximately 20 acres of land in the O'Callaghan Park area is not needed by the city at this time, the city council voted Monday night not to take the land from the land bank.

Charles H. Meyers, a local

builder, had requested the purchase of the land for the building of homes in the area.

The land had originally been set aside for enlargement of O'Callaghan Park, however, the parks and recreation Director said it is not needed, that recreation facilities in

that area are adequate.

The council, to remove land from the land bank would have to vote unanimously to remove it. However, it was agreed that the land may be worth more to the city in the future.

King Street

Hoss Melton, towing manager for All American Auto Yard, rescinded his request to

the city council that a revocable permit for the use of King Street be revoked when he found that Southern Nevada Auto Parts had leased the land directly behind King

Street.

Melton had attempted to purchase or lease land in the area and wanted King Street opened for access.

He said he had researched leases for the past three years and had

found no lease for the land in question.

However, he said he found out the the land, owned by Kerr - McGee, had been leased by officials of SNAP and therefore withdrew his request that the street be opened.

Freeway Design Still Planned for Southerly Route

Morry Story
By Morry Zenoff

You went hunting and brought home a buck. You enjoyed Mother Nature as you sat in the evenings around the campfire listening to the tall stories of the men behind the gun.

You lucky people, enjoying so much this fall season.

Many envy you. Many don't shoot a gun because they don't know how. Others won't shoot because they get sick to their stomachs seeing a deer fall dead.

Others, like us, seek the fall foliage wherever it is most beautiful. We found it this year in the New England states, the area around Amherst, Holyoke, Northampton, Mass., just about two hours by car straight west of Boston.

Colors like we've all seen in pictures, movies, color ads, paintings of the world's artists ... these colors are as present as right there .. now .. at your very fingertip, at your every look of your eyes. Hillsides filled with trees .. be they oak or maple or willow or pine or aspen -- covered with huge leaves, some in yellow, some in orange, some in brown, all in variations of each. Beneath the trees a carpet of leaves already fallen from the breezes of yesterday or the slight rain-fall in early morning.

Mile after mile, hundreds of square miles of this Fall Foliage as the visitor terms it and the natives of the New England state's term their annual display of nature's wonderland.

A week viewing this tonic to one's heart and mind, then winding it up picnicing on Boston's Common and watching the nearby Harvard, Navy, M.I.T. crew race on the St. Charles river while you eat hot dogs, drink soda pop and look again and again at the skyline the Kennedys knew, and realizing this all is part of the early history of our country -- here at Bunker Hill -- here at old North Church, here at the USS Constitution, here where Ben Franklin roamed in this very Boston Common, here you live a rich day before planing back to the new west -- where the nation's trend is toward ... where now our home area is carrying on in making history as did the New Englanders from 300 years ago until now.

We'll match our Fall Foliage Frolic with your

District Favors Coroneos

A settlement in an assessment district for water and streets in the Pittman area was approved by the city council Monday night for Alex Coroneos.

According to the administration the assessment district was created prior to 1970 and Coroneos claimed the proceedings were unlawful. The \$25,000 assessment district was carried by the city rather than have payments made to the county assessor. Coroneos's assessment of \$7,400 had not been paid and the assessment had accumulated interest of \$3627. According to City Attorney Kent Dawson, the city owes Coroneos \$1264. He said it would cost the city at least \$2400 to pursue the issue through the courts so he recommended the city settle with Coroneos.

"It would take two to three years to get it on the court calendar," Dawson said, "and I think it's a fair offer."

Councilman Carlton Lawrence said "It sounds like a standoff," so the council agreed to pursue only the assessment.

Will St. Rose de Lima Follow?

Even though three of the Las Vegas area hospitals -- Southern Nevada Memorial, Valley and Desert Springs -- have announced a room and service rate increase, at the present time Henderson's St. Rose de Lima Hospital has yet to make a similar announcement.

A spokesman for the local hospital said "a salary scale review is presently underway. The cost impact will determine the need for a daily hospital service increase and the amount of that increase. It is inevitable that some increase will be necessary to cover additional salary expenses which are better than 50 percent of the cost of operating an acute hospital."

At the present time a semi-private room at St. Rose de Lima is \$86 per day. At Southern Nevada Memorial, under their new rate schedule, a semi-private room will go from \$88 a day to \$96.

FIRST TO HAVE FIRE FIGHTER APPRENTICESHIP PROGRAM IN STATE - John DeJong, left, Western Regional Director of the EMT Apprenticeship Program from Denver, Colorado and Paul O'Brien, Director of the Joint Apprenticeship Program from Washington, D.C., presents the Certificate of Accreditation to City Manager Bob Campbell, John Freels, Secretary of Fire Fighters Local No. 1883, Bob Blankenship, Training officer and Dale Starr, Director of the Training Committee. Henderson Fire Fighters became the first in the state to have a fully approved Fire Fighter Apprenticeship program.

Henderson Fire Fighters Score a First

Effective September 10 of this year, Henderson Local No. 1883 of the International Association of Fire Fighters was granted the first fully approved Fire Fighter Apprenticeship Program in the State of Nevada.

At the same time, they became only the eighth local in the nation to receive full accreditation from the developers of the program, the International Association of Fire Chiefs and the International

Association of Fire Fighters. This program was developed in cooperation with the Joint Council of Fire Service Organizations, the NATIONAL Professional Qualifications Board, the NFPA Fire Fighter Qualifications Committee and the Bureau of Apprenticeship and Training, U.S. Department of Labor.

This is a minimum three year Apprenticeship Program for new fire fighters.

As IAFF President William McClennan said, "This program will enable us to acquire the necessary skills and academic training that are so vital to us in the efficient fulfillment of our responsibilities to the public we serve."

This type of program has been long needed and the Henderson Fire Fighters are proud to have taken the lead in our state.

\$21,877 Bid Accepted For O'Callaghan Paving

A big of \$21,877 for the construction of curbs, gutters and sidewalks at O'Callaghan Park was accepted by the city council Monday night. It was \$6,000 shy of accomplishing all of the work included in the bid.

The bid was presented by Rico Construction Co. of Las Vegas, the only bidder for the project.

The bid was originally for \$27,228.70, which was above the city's estimate so Public

Works Director Jeff Billingsley said that part of the sidewalk would be eliminated to make up the difference unless funds can be obtained from another source.

"It may be necessary to either cut back this project or to supplement some funds from the special recreation fund depending on whether we limit the project to the \$21,877 or increase by change order to accomplish the original scope of the project," Billingsley said.

Billingsley said.

In other actions, the council

-- Approved the criteria for the rights of way for the Southern Nevada Water System.

-- Gave a "do pass" for the rezoning of the Old Vegas property from R - R to C - 2, commercial.

-- Approved a "do pass" for the rezoning in section 8 of land from R-R to R - 1 for Alca Developers.

Water Street Extension Open Next Week?

Water Street Extension, which has been closed to traffic for about two months for a reconstruction project, is expected to be opened for use

next week.

Nevada Rock and Sand has been the contractor on the job.

There has been increased

traffic on Lake Mead Drive to Boulder highway because of the construction and homeowners in the area have had to use the access road to

reach their homes.

packing out into Nevada's mountains hunting for deer.

There's a story for both of us and so much good clean happiness, mostly because nature had so much to do with it. Luckily we can't tamper with nature .. we can enjoy it or leave it alone .. but we can't govern it.

God was so smart in making it that way. Because Man at times makes inroads that are not always worthy of Academy Awards.

Little bitsa thisa-and thata... Bob Broadbent, whom we've touted for years along with Ralph Denton, to run for governor, is thinking of doing it -- but needs encouragement ... your phone call to him may turn the trick ... and to Ralph, too ... either or both would make good chiefs of state ... we did get a visitation this week from Lt. Gov. Bob Rose, who is certainly going to run as the demo's no. 1 choice at this

time. He is earnest, an able lawyer, has a strong northern backing because of his having lived there a long time before coming here. Rose drew a big vote at the last election and is the man to beat if anyone chooses to run. He plans to spend much time in Boulder and Henderson, getting to know of us, and our problems. He is drafting plans to aid employment, senior citizens and listening to ideas people are offering...

... Dick Stewart, ex-Boulder mailman and now ex-Henderson mayor who is working Vegas daily with a rapidly building firm known as Car Doctors ... says fighting that traffic is not easy .. and he hopes someone will do something about goosing some action in the highway department ... Gene Matteucci, Boulder's first city attorney after Al Wartman quit is recovering from a heart attack .. the popular fellow has been

active in Henderson lately helping the power company conversion .. as he is attorney for Nevada Power Minnesota upset Michigan in football ... could you believe it was done by the coach, Stoll, who spoke here the year Lefty Hoentch graduated and that night he said if he could get Lefty to enroll he'd guarantee him four years on the varsity ...which would have made this year the No. 4 year ... and maybe the Rose Bowl.

Lefty went to Arizona.

... Hats off this week to the Eldorado Casino people as they stage their grand opening of the expanded downtown Henderson club ... the Sam Boyd family are to be praised for what they've done so far and what they're doing now .. in adding millions to the tax rolls and giving homeowners of both cities a playground without having to fight the Vegas problems.

Dondero Tells Future Of County

Clark County Commission Chairman Thalia Dondero spoke to the Henderson Rotary club Tuesday and told them about problems and future plans for Clark County.

She said that the county expects a population of 700,000 by the year 2,000 and discussed the problems this growth will bring. One of the problems now under discussion is the disposal waste treatment plan which is expected to process 32 million gallons per day.

The county jail is also a problem and about \$6 million is need to control this problem. She said she is against tax increases and is concerned about a new court house. She said the commissioners are working for more state tax dollars to come to Clark County.

An ordinance to conserve water is being considered by the county, however, policing the ordinance would be a big problem.

When Mrs. Dondero drew the winning number for the jackpot, she drew her own number so she donated the money to the Boys Club. She was introduced by Program Chairman Henry Curtis.

Annexation of 80 Acres Set For Public Hearing

A request for annexation of 80 acres of land to Henderson near the Vocational Technical school on the Mesa, by Tauri Investment Corp., was turned over to the administration by the city council Monday night to set for a public hearing and discussion by the city planning commission.

The request was made by Richard MacDonald, president and treasurer of the firm.

The matter will be discussed by the city planning commission on Nov. 9. Councilwoman Lorna Kesterson questioned the availability of water for the development of 80 acres, and MacDonald said they would be willing to pay their fair share for water sources.

Cont. from Page 1
works director, said that the two downtown clubs have been inconvenienced since they use the Water Street extension address in their advertising for people to reach downtown more conveniently.

Public Works Director Jeff Billingsley said that he had been working with the water district on the possibility of bringing water from the school area but he cautioned that any solution may be expensive and someone will have to pay.

MacDonald said that the view from the land is what they are interested in as it overlooks the strip. He said a restaurant is in the planning stages, although he said development is probably two years away.

Councilman Carlton Lawrence said the city is probably three years away from water, and he said, "It makes me as uncomfortable as H—— to take in more land that we can't give water to."

Billingsley said the city probably has enough resources for 400 to 500 homes in that area. However, more than that number are already on the drawing board.

Manuel F. Torres, Lifetime Resident, Passes Away

Manuel F. Torres, 50, passed away October 25 in Henderson. He was a laborer for the Union Pacific Railroad and had lived in the area all his life.

Mr. Torres was born January 29, 1927 in Las Vegas and resided at 316 Sonoma Drive.

Survivors include his wife, Juanita; sons, Robert of Glendale, Nevada; Gabriel, David, Angelo, Raymond, Gilbert and John Torres of Henderson; brothers, Paul Torres of San

Pedro, California, Perfecto Torres of Las Vegas, Nick and Pablo Torres of Los Angeles; sisters, Victoria Avila, Celia Jero and Eva Torres of Los Angeles and Josephine Cortez of Las Vegas; father, Anastacio Torres of Los Angeles and two grandchildren.

Rosary Service will be said at Palm Chapel this evening at 7:30 p.m. Mass will be celebrated at St. Peter's Church at 10 a.m. Friday, October 28. Interment will follow at Palm Memorial Park.

The Bel Canto Choir of Basic high school has been honored by being selected to represent the State of Nevada and the Western United States in the annual convention of the American Choral Directors' the top high school group and will perform at the opening session of the convention.

Basic high school's fall production is now in rehearsal.

This year's junior - senior play is "Trudy's Two Faces, or Take a Schizophrenic to Lunch." Now that sounds snazzy doesn't it?

The play is a hilarious spoof comedy about an identity crisis. The cast includes Debbie Alliss, Deanna Workman, Jeffery Howard, Debbie Blankenship, Lisa Fick, Brent Blanchard, Stephen Phillips, John Kemp, Mark Wardlaw, Keith Marcher, Alondra Havens, and Jerry Salamy.

The play will be presented on Thursday, Nov. 17, and Friday, Nov. 18, beginning at 7:30 p.m. The Admission price for both students and adults is \$1 or students can use their activity cards for the production.

Mrs. Lois Hicken, 101 Fir Street, was saddened with the death of her sister who resides in Utah.

Before she and her husband, Ward, could leave to attend services, Ward ended up in Rose de Lima hospital with his own problems.

Mrs. Hicken reported that he is doing better.

Councilman Carlton Lawrence's quote for the week came up when the council discussion centered around the annexation of 80 acres of land.

When it was discussed that it would take probably until after the first of the year for a public hearing on the matter, Lawrence quipped, "as long as we have wiggle room, it's ok."

A request for a planned unit development for the former Lake Adair project, now the Monte Vista plan, was turned over to the administration by the city council Monday night for an amendment to the PUD to include property owners in the area who wish also to develop there.

Robert Gordon, planning director, said that the only problem facing

the project is financing. He said that Robert J. Sully, agent for Nevada Venture, a Joint Venture, of 1150 Yale Street, Santa Monica, Calif., was not present at the council meeting, to report on the financial situation.

Attorney Charles Deaner, representing a number of the owners, said they had no objection to the PUD and said they would be willing to pay the difference between

an eight inch water line and a ten inch water line if they had the same rights to water. He said they just wanted to be included in the development.

"We want them to design the lines with us in mind", he said. Public Works Director Jeff Billingsley said the development would require a pipeline and treatment plant facilities as their line would come off the BMI water line from the lake.

HOMEcomings ROYALTY — Miss Denise Lowe, center, was crowned Homecoming queen at Basic High School last Friday night. Her escort was Larry Bennett and standing at left and right are Robin Glabick and Henry James. The high school band is shown in the background.

DC Jet Production Beneficial to TIMET

A contract to produce 36 new and quieter commercial DC-9 jet engines by Pratt and Whitney, a division of United Technologies, in East Hartford, Conn., is "encouraging," according to Carl Blake at the local TIMET plant.

Production will begin immediately and according to Blake, titanium is used in virtually all jet engines and TIMET does deal with Pratt and Whitney.

Blake said the contract will probably not increase business with Titanium but will

help stabilize business and this is the effect it will have with the \$80 million contract for Pratt and Whitney. It is expected to stabilize the company's production line employment into the 1980's.

Bruce N. Torell, president of P&W said it is impossible to tell how many new aircraft will ultimately be sold, "but we consider this progress very significant to our employees." The new aircraft is due to make its first flight in May of 1979.

Trick Or Treat Night Oct. 31

"Trick or Treat" night has been scheduled for Halloween night, Oct. 31, according to Police Chief Floyd Osborn.

The hobgoblins and ghosts will be spooking the city during the hours of 6 and 8 p.m. Osborn said. They have been asked not to trick or treat before or after those hours.

Osborn said that drivers should beware traveling along the streets during those hours as children may be dressed in dark costumes and will be difficult to see.

The Henderson CB citizens' group will assist the police again this year in keeping the streets safe for the children.

LesAnn Williams and Tim Scott Exchange Vows

LesAnn Williams, daughter of Mr. and Mrs. John J. Williams of 105 Beech Street, became the bride of Tim Lyman Scott, son of Mr. and Mrs. Khalil Scott of Pleasantville, Idaho in ceremonies held at the Lion's Den in Malad on September 3.

Bishop Darrell Schwartz officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a full length wedding gown of layers of bridal lace with puffed sleeves and a scooped neck. The sheer, waist length veil was gathered with a bouquet of

beaded flowers. She carried a bouquet of blue carnations with white daisies and roses.

Wearing a soft flower print dress, Mary Loomis attended the bride with John Servoss serving as best man.

Marlene John played the wedding march followed by a short program before the ceremony including vocal numbers by Mrs. Connie Budge and Zane Gill.

Immediately following the ceremony the young couple were honored at a reception at the Lion's Den. Using a blue and white color scheme, baskets of flowers deco-

The Sunshine Rebekah No. 41 Lodge held its regular meeting Tuesday night Oct. 18. Business was held as usual with our Noble Grand Lagola Gardner presiding. The hall was decorated with Halloween decorations for our Halloween Party following our meeting. As usual we were very low in members attending our Lodge needs to be stronger and to do this we must have the support and interest of all our members. There is so much that each member can contribute in the interest of our Lodge. Sister Lillie Myers was back after being ill the last meeting. Delicious refreshments were served, pumpkin pie and cider. By

Louise Washum and Clara Milsap and our Noble Grand had a table of Halloween candies.

Those attending were Noble Grand Lagola Gardner and Sisters Deanna Shafer, Louise Washum, Tanya Thomas, Martha Thomas, Dora Strait, Lily Myers, Wilma Anfield, Bill Anfield, Darlene Lamb, Clara Milsap, Laurel Neslon and Doris Darnell from Las Vegas Oasis No. 31, Anne Brooks, Lucille Chislon, Letha Weaver and Minnie Hunter.

Tuesday night Nov. 1 will be nomination night for officers and we do hope our members will all attend and help us with our nomination night. Lets have a full attendance.

Halloween Bake Sale

Dollars and cents. Checking accounts. Savings accounts. Loan department. Safety deposit boxes. What do these things have to do with a bake sale you ask.

Nothing really, except on Friday, the 28th of October there will be a bake sale in the Market Street entrance of Bank of Nevada. It will be sponsored by the Xi Sigma Chapter of Beta

Sigma Phi and promises to tantalize the sweet-tooth of everyone.

Members of this chapter are quite talented in the culinary arts and are busy baking Halloween cookies, cupcakes and nut breads for this event. Or maybe your favorite is chocolate brownies, popcorn balls or pecan pie.

Come early for the best selection and pick up something for that after-school snack or for those Halloween ghosts and goblins. Remember, that's Friday, October 28th, Bank of Nevada, beginning at 9 a.m. See you there!!!

Marcella Cazier Weds Gary Westover

Marcella Maria Cazier, daughter of Mr. and Mrs. Don Louis Cazier of Rochester, New York, became the bride of Gary Westover, son of Mr. and Mrs. Loris Westover of 123 Kola Street, on September 23 in Washington, D.C.

A formal reception was held at the home of the bride's parents in

Rochester on October 15. Mrs. Patty Barber, sister of the groom, attended the wedding. Mrs. John Williams of Henderson is the bride's sister.

The young couple will make their home in the East where the groom is stationed with the United States Army.

rated the hall and refreshment tables.

Sherrie Scott was in charge of the guest book. Barbara and Bonnie Hill, Mary Ann and Melanie John and Julie Williams served the guests and registered gifts.

Grandmothers of the bride are Mrs. Ruth Dives and Mrs. Leona Williams of Malad.

The bride graduated from Basic High School in January of this year and attended Ricks College for one semester.

After a short honeymoon the couple are making their home in Pocatello where the bride is employed and the bridegroom attends Idaho State.

WELCOMED TO THE HOSPITAL- Sister Maureen Comer, third from the left, is welcomed to St. Rose de Lima as Associate Administrator by members of the Board of Trustees by Sister Brigid McDonald, Sister Jeanne Burns, Sister Georganne Duggan, Sister Frances Lombaer and Mrs. Bettylou Anderson.

Halloween Carnival At Community Church

A time of fun and treats is planned for the Community Church Sunday School students and friends, Sunday, October 30th, between the hours of 6 and 8 p.m. when a Halloween Carnival will take place in the Education Building, 27 East Texas Avenue.

Through the combined efforts of the Sunday School teachers and the Youth Group, it will be an evening of games, prizes, fortune telling, spook house and refreshments, for children of all ages.

To pay for our expenses, we do have to charge a small amount. Tickets will be on sale at the door at ten for a dollar.

Phi Chapter - Beta Sigma Phi

Phi Chapter's annual Preferential Tea to introduce our new pledges to other members of Beta Sigma Phi was held on Sunday, October 9 at the home of sponsor, Dot Swackhamer.

The new pledges presented were Andy Swift, Julie Phillips and Jean Ward.

A delightful coffee was held at Carolyn Guinn's home on October 15. Two past members from Phi, Patty Hester and Gail Neilson were our "honored" guests. It was so nice to enjoy them at a social again. Other members present were Sue Cahill, Carolyn Guinn, Christy Winlaw, Terry Lange, Madeline Wieder, Andy Swift.

The Pledge Ritual was celebrated after our Oc-

tober 19 meeting at the home of social chairman, Christy Winlaw. Pledges Andy, Jeannie and Julie were fortunate to have our past phi member, Patty Hester, to read the beautiful ritual of Beta Sigma Phi. Afterwards a pizza dinner was held at Pizza Inn - just ask Carolyn Guinn about that pizza with "everything" on it!!

On October 29, Phi is hosting a fun-filled Halloween Party for our kids at the home of Julie Phillips. All sorts of "goodies" are in store, so witches, goblins and ghosts "BEWARE"!!

Winners from our raffle held in October were chosen and those lucky people were Carol Hornbeck, winner of the

antique rocker from Auction City; Madeline Wieder, the \$15 gift certificate from Perry's Mens Shop; Christy Winlaw, the occasional table compliments of Lake Mead Furniture; and Lawrence J. Semenza, winner of the macrame holder and pot from Corb's. Congratulations! and a big thank you to all the people who donated to our raffle!

TODAY'S QUESTION: Are you easily offended? If insulted, what is your reaction?

CHIEKO MORRIS - Bird Breeder, Housewife - Oh yes! When offended I stand my defense. My feelings are easily hurt and I do have a little temper. I would confront the injuring party and bring the trouble out into the open whether they were a friend, business acquaintance or stranger! The other day I was having a time trying to open the plastic bags in the grocery store when a stranger, who knew Japanese came by and said, "Kuru, kuru, pa," which means "kooky, or jerky" in American slang. I turned to him and said, "You, too!" Then I asked him why he said that and that he should be ashamed of himself. He apologized and left.

PATTY PARR - SUPERVISOR - Telephone Company - No. When a problem arises at home or at the office, I immediately like to "clear the air," find out what the trouble is, or the offense so that we can get on with the living. I find that once the air cleared, there is no longer a problem. This aids instead of antagonizes as far as strangers are concerned, I ignore them.

RAY EDISON - Communications Consultant - Telephone Company - Yes, definitely! Maybe I'm mellowing with age, but I still do have somewhat of a temper. I believe in being honest about everything and will not stand for any "guff" from people I'm around. Stop it before it begins is my philosophy. Do something about an offense or insult immediately, then forget about it just as soon as the matter is cleared up. As far as strangers are concerned, I pay no attention should they make a remark. It usually would be someone who is troubled or just plain silly!

HUBERT MORRIS - Firefighter - No. When someone offends me no matter who they are, friend, co-worker or stranger, I turn around and walk away. I do not pursue the matter any further. Life is too short to argue over inconsequential matters. Usually an offense or insult is about some small thing that is not worth fretting about. In cases like this, silence is golden, I find.

SALLY JENSEN - Service Representative - Telephone Company - No. I'm not easily offended but I feel very deeply and when it does happen I may worry, or even cry in secret, until I find out why the person acted the way they did, or what caused the offense. I am inquisitive and would go directly to the offending person and ask why. I do not pay attention to a stranger who might make a remark. It is better not to, and just act as though it wasn't heard.

SUMMARY: People, whether they reacted or not, are strong about their "feelings." Everyone does have them, but most wanted to bring the reason for the offense out into the open. As far as strangers were concerned, the majority felt strongly to "Ignore ignorance" and it is safer not to tangle with a stranger's remark.

Henderson - Its Economic History

part 28

Maryellen Vallier Sadovich, a noted Nevada historian, and a Henderson resident since 1954, treated our readers with a most unique bicentennial series during 1976. This year, she has researched the local newspaper files and the archives of Henderson's City Hall, the Chamber of Commerce, and BMI, to produce an economic history of Henderson from the first day of incorporation to the present.

Mayor James French, a surgeon, and member of the medical staff of Rose de Lima Hospital had been elected on May 23, 1953, the first Mayor of Henderson, the city that had been incorporated on a few weeks earlier, on April 16.

As he took office, French had publicly assessed the city's financial status with the announcement: "There are no funds available so there is no purpose in anyone applying for any paid city position."

Four years later, Henderson had expanded from a two-school little village of less than 5000 population into the Third Largest City in Nevada with all population of approximately 10,000. Churches, businesses, and other schools had developed to serve the population, and the first city council had passed legislation allowing the development of legal gambling and sale of liquor - over-the-bar in the townsite to aid in the payment of the city's ever increasing expenses.

From a nucleus of less than five city employees, the city offices in 1957 were staffed with many times that number. From the 1954 budget of \$292,170 with \$28,170 for general government expense, the new city budget for the 1956 - 57 fiscal year had been expanded to \$381,000 with \$59,000 for general government.

This budget was still in effect when in May 1957 the first election for city officials since incorporation was held. The Mayor and Councilmen enthusiastically and confidently all sought reelection.

On May 7, 1957, just as the voters were going to the polls, the local

newspaper even had one last triumph on the administration to report, for on May 6, the council had voted to accept a federal grant of \$108,000 for a city sewer system. This grant was the culmination of two years of hard work, the Mayor reported, and the city would pay two-thirds of the total cost estimated at \$361,000.

But by the end of the day, May 7, 1957, it was clear that Henderson had come to the end of an era. Mayor French, as well as every member of the council except one, were soundly defeated, while the new administration was elected with a wide margin of votes.

The characteristic most outstanding of the first city administration had been its system of communication with the residents. Many council meetings had been attended by large groups of the constituents. And each week Mayor French wrote a column in the local newspaper, explaining various council actions, and the reasons for various expenditures. The last budget approved by this administration had not seemed irresponsible. With 10,000 people, and \$59,000 budgeted for general government, the resulting \$5.18 expense for each person in the city did not seem outrageous.

But for whatever reason they vote, the voters, in the end, do make the final decision. In 1957 that decision was so definite that the new administration could take over knowing they had the support of most of the voters.

On May 8, William "Bill" Byrne, the man who had become the first to represent Henderson in the Nevada Assembly, a businessman who op-

Film Strip, "To Walk Together" At Community Church

On Sunday, October 30th, during our regular worship service, Rev. Robert Richards will show a film strip entitled "To Walk Together."

The film is a visual history mainly to the 350-years in America of the United Church. Although the United Church of Christ actually came into being in 1957, it is a merger of the Evangelical and Reformed, and the Congregational Christian Churches, all of who have their roots in the Protestant Reformation, even as they have their oneness in Jesus Christ.

The Community

Church is located at 27 East Texas Ave. Sunday School begins at 9 a.m. with classes from three year olds up through high school. Our worship service begins at 10:30 a.m., followed by Coffee Fellowship time in Gilbert Hall. A nursery is provided.

The Family of Edward F. Glines wishes to express their many thanks for the help and expressions of sympathy given to us. May God richly bless each and everyone of you.

"ROUND THE TOWN"

By Jean Eckley

Visitor From Lake Tahoe

Jim and Dorothy Anderson will be spending the winter months with the Joe and Lola Alameda family in Henderson, and I heard that Jim came out just to help build a home for the Alamedas ... on November 7 Jim will be celebrating his 70th birthday. The Alameda family send many good wishes of the day ... Jim and Dorothy are coming from Lake Tahoe, California.

Will Be Missed

Sorry, Frank Glines a young old timer passed away just last week. Frank and wife Essie attended all the senior events in Henderson and had made many friends here ... Frank will be greatly missed ... Essie, I heard, will be returning to Utah to live near her family.

Birthdays

Mildred Whipple sent birthday greetings to her mother, Ethel Sohlberg, big celebration day was October 26.

In Hospital

Sorry to hear that Chris Schaefer had to make an emergency trip into Southern Nevada Memorial Hos-

pital last week. Christ was admitted for some heart workup. Marie (wife) said that family and friends were very generous with their help. Offers of transportation were a great help as Marie doesn't drive.

Vacation In Henderson

Hazel Manly from El Paso, Texas is visiting with her daughter in Henderson. Last week, Tuesday Hazel spent an enjoyable day at the senior center.

Square Dancing Lessons

Senior citizen square dancing lessons will be resuming on Sunday, October 30 at the Civic Center. Time again will be from 2 p.m. to 4 p.m. with a special caller. There are free beginners lessons and all seniors are welcome ... so you all come ... refreshments are served.

Princesses All

I have never seen so many beautiful little girls as those who participated in this year's mini miss contest. (Judging must have been a difficult job). Contestant were Susan Kay Barbero, Pamela Braun, Laura Jenny Cali, Pamela Drake, Sandra Flynn, Greta L. Frederick, Phyllis Ann Goodwin, Misty Gudknecht, Wanetta Kaye Henderson, Christina Judd, Tina Marie Salazar, Dorothy Kay Walley, Heather Rae Winters and Wendy

Board Meeting

There will be a board meeting of the R.S.V.P. on Monday, November 7 at 2:30 p.m. It will be held in the R.S.V.P. Center. All members are welcome to attend these meetings.

Animal Adoptions LTD.

Went to Betty Honns Thrift Shop on the Boulder Highway to pick up some puzzles. I noticed that the prices on all articles were within the reach of everyone (nice) ... Place could use more donations so if you have any clothes or home articles that are usable, why not donate here. Ruby White, clerk and assistant said that your donations will keep the animals in the adoption center fed. Sounds like a good deed or is the word deed?

Welcome

Larry Hoyer, with wife, are again visiting in Henderson. Larry tells me that they enjoy coming out here and make about two trips a year. Welcome Hoyer's. We are happy to have you.

Belated Birthdays

Sorry guys, but happy belated birthday anyway. October 19 goes to Steve Sendrin, October 20 goes to Elia Durand, October 23 goes to Bobby Hopkins, October 25 goes to Billy Demon, October 28 goes to William Oettinger ... Is the old saying better late than never right?

Wedding Anniversaries

Wedding anniversary wishes from friends go out to George and Twila Russell. They will be celebrating their anniversary on October 30.

Moose New Home

On October 22 and 23 the Henderson Moose Lodge held a fun, two day picnic party. The lodge will soon be breaking ground on property generously donated by Gail Armstrong Governor Bob Busch said that it was time that we had "a home of our own" and all members agree ... Trailers were brought in for lights and service, a bar was set up, a dance band played for dancing (on a dog floor). Menu was hot dogs and hamburgers. A birthday was celebrated. Many spent the night in sleeping bags and in trucks ... Wow, this really was a picnic enjoyed by all members and their guests.

Good Show

Henderson's Expo was truly a huge success. Many good booths, good foods, a great show going all day, this was a well arranged and orderly event with fun for all ... The Eckleys did this one up but good, bought a food dehydrator. Anyone

AHOY THERE - on the new cabin cruiser (still un-named) belonging to Judge Jim and Sally Jensen of Henderson. Lake Mead Marina is where the boat is and the Jensen's favorite weekend spot.

The Aqua - Loving Jensens

Judge Jim Jensen who presides at the Municipal Court and his lovely wife, Sally, can be considered "aqua-loving" residents in that they love the water and water sports. "I hate to see the summer go," states Sally, "and believe it or not, I prefer the hot weather. It means swimming, boating, fishing, beach fun and barbecues to me and the climbing temperatures don't bother me in the least. The Jensens are testing their sea-legs on a beautiful 25 foot cabin cruiser obtained by Judge Jim in the spring. "Weekends are filled with cruises on Lake Mead, swimming and fishing," Sally men-

tioned, "and as the winter months approach, we just stay in dock at the Marina, play cards with other boat enthusiasts, or hold picnics." When traveling on the lakes, she added that they always travel with another boat, just in case one of them develops motor trouble. "Boater, whether sails or motors, stick together and help each other in time of trouble," Sally stated. Sally works as a service representative at the telephone company and finds life married to a judge most exciting. Married children living away from home are: Ron, Mrs. Sherrie Sherman and Mrs. Terrie Worth. Don, still in high school, shares the fun-of the sea with his "sailor" parents. Their longest

trip with the new boat was to Lake Powell, Arizona and the biggest fish (caught by Don) was a seventeen pounder, and that's no "fish" story. Sally's "sure-fire" recipe for fish is simple. Have the men clean and filet them, she said, "then dip in egg, then bread - crumbs and fry in corn oil in a moderately-hot pan clear through. A touch of lemon juice over the top should do the trick. Add a salad and some hot buns and "presto" there is nothing tastier than a seashore fresh dinner." Sally then cheerfully added, "Lake Mead is great for bass, catfish and striped - bass and the Judge and I would love to summons everyone to try and spend some time enjoying that beautiful area."

Hospital Board Holds Fall Meeting

The Fall quarterly meeting of the Board of Trustees of St. Rose de Lima Hospital was held last week. Members in attendance were Sister Georganne Duggan, O.P., Administrator, Sister Brigid McDonald, O.P., Assistant Administrator, and Mrs. Bettylou Anderson, Administrative Assistant all of St. Rose de Lima Hospital; Sister Frances Lombaer from Oakland, California, representing the Holy Cross Province; Sister Jeanne Burns, General Councilor, Adrian, Michigan, and Mr. Louis F. LaPorta of LaPorta Insurance Company in Henderson. Also attending was Sister Maureen Comer who recently arrived at St. Rose de Lima Hospital to assume her duties as Associate Administrator. Election of new members and officers took place at the meeting. New members elected for the Board of Trustees are Senator James Gibson, Mr. Carl Blake, Mrs. Selma Bartlett and Sister Maureen Comer. Officers for the coming year are President - Sister Georganne Duggan, Vice President - Sister Maureen Comer, Secretary - Mrs. Bettylou Anderson, and Treasurer - Louis F. LaPorta. Trustees who were unable to attend the meeting were Sister Josephine Sullivan, Administrator of Dominican Santa Cruz Hospital in Santa Cruz, California, Glen C. Taylor, Manager of Basic Management, Inc. in Henderson, and Attor-

ney James Pico of Las Vegas. The Board welcomed Sister Maureen who is not a stranger to the local hospital having worked there as Fiscal Assistant from September, 1974 to August, 1975. Sister Maureen recently completed her Masters Degree in Hospital and Health Administration at Xavier University in Cincinnati, Ohio. She holds an Advanced Certificate in Pastoral Ministry and Theology from Siena Heights College in Adrian, Michigan as well as a Bachelor of Science degree in Business Administration from Wayne State University in Detroit, Michigan.

Sister Maureen is well qualified through past experience to assume her new duties. She has experience as an Administrative Resident at MacNeal Memorial Hospital in Berwyn, Illinois; Administrative Assistant to the Congregation Administrator of the Adrian Dominican Generalate in Adrian, Michigan; and Credit Service Representative and Control Clerk for the J.L. Hudson Company in Detroit, Michigan.

Her memberships include the American College of Hospital Administrators and American Hospital Association as a student member as well as a Board of Trustees member of the Dominican Santa Cruz Hospital in California.

NOTICE O'Callaghan Park

Citizens are requested to understand that the tennis facility is the only area of O'Callaghan that is open for use by the public at the present time. They should not take children or pets to the tennis courts anticipating additional play areas. The remainder of the park has not been completed and will not be open until some time next spring, 1978. All gates will remain closed and locked with the exception of the Horizon Drive walkway entrance. This will assure that the grass, trees and shrubs will have the best possible chance for survival. A little more patience and cooperation now by all citizens will go a long way towards assuring that the park will be in the best possible condition when it does open.

It is expected that all tennis court users will display proper courtesy and consideration for

LETTER TO THE EDITOR

Dear Sir:

On the weekend following Thanksgiving Day, November 25 - 27, Henderson's A.A.U. swim team, the Southern Nevada Sandpipers, will be sponsoring the 4th Annual Thanksgiving Invitational Swim Meet at the Lorin L. Williams Pool, in cooperation with the Henderson Recreation Department and the Henderson Chamber of Commerce.

Last year, this event was tremendously successful. Over thirty teams participated, all being from out of town, with the exception of the two teams located in Southern Nevada. Altogether, more than five hundred swimmers were entered in this meet. We anticipate an even greater response this year, judging from the many inquiries we have had to date.

As was done in previous years, we are printing a program of events, and are soliciting the merchants and businessmen of Henderson to support us in this endeavor by advertising in our program. The proceeds from the program will be used to buy training equipment for swimmers, and will also be placed into a travel fund for those swimmers who qualify for nationally - ranked swim meets.

Within the next few weeks, we will be calling on you to enlist your support. The price of the ads will be as follows: \$100 - full page; \$50 - half page; \$25 - one - fourth page.

Last year, we realized approximately \$2,000.00 from the program advertising alone. This money was used to buy much-needed equipment for the team, and to pay travel expenses for two of the swimmers who qualified for the National Junior Olympics in Dallas.

We want to take this opportunity to again thank all of the businesses that have supported our team in the past. Through your support, we can continue to bring well-deserved credit to the community of Henderson.

Sincerely,

Marge Redfern and
Carol Bower
Program Chairmen

others waiting to use the courts. Tennis etiquette suggests that courts should be used for doubles play when several players are waiting on the sidelines.

Everyone's cooperation will be greatly appreciated by the Henderson Parks and Recreation Department and the City of Henderson.

As We See It

Publisher Zenoff Scapegoat In Clark Grand Jury Case

Should members of the press serve on Nevada juries or grand juries?

This newspaper does not think so, and there is a rather dramatic example in a case now being considered in Clark County which strengthens our view on this issue.

Morry Zenoff, perhaps one of the best known and best liked newspaper publishers in Nevada, is a member of Clark County Grand Jury Number Two.

He is undoubtedly more qualified to sit on the grand jury than scores of those who have done so here over the years. He is a knowledgeable, perceptive and extremely fair-minded person.

BUT HE currently is being accused of an impropriety in a matter not of his own making and entirely out of his hands.

He is, as a matter of fact, being used as a scapegoat by the attorney for a person accused in a major narcotics case.

It appears that as a member of the grand jury Mr. Zenoff voted with the majority to indict a one-time Henderson businessman who was arrested in April when an estimated \$90,000 worth of narcotics was found in his house.

A few days after the arrest, Mr. Zenoff's newspaper, The Henderson Home News, ran a page one story and photograph about the narcotics arrest.

BECAUSE the news story apparently contained information which was not included in the presentation made to the grand jury, the attorney for the accused man is claiming that Mr. Zenoff may have prejudiced the jury with the additional knowledge he had as a newsman, and therefore swayed the jury in favor of indictment.

It is a far-fetched claim, of course, for a number of reasons.

In the first place, Mr. Zenoff as publisher did not gather the information for the story, did not write the story, and had no more knowledge of it than any one of thousands of readers of his paper or other area papers in which the story was prominently featured.

It is clear he had no personal in-

volvement in the story. He certainly didn't perceive back in April that he would be sitting on a grand jury in October and would have the case come before him.

BEYOND THAT, Mr. Zenoff has more than a passing knowledge of the law, and because the accused person was a well known businessman from his own community, he undoubtedly bent over backwards to remain as impartial and far removed from any prejudicial statements to other jury members as possible.

The indictments returned against the Henderson man were by majority vote of the jurors, and Mr. Zenoff was only one of those votes. Other jury members certainly would not have tolerated Mr. Zenoff attempting to influence them. That's obvious.

But because he is a newspaperman, a clever lawyer is using this as a device to try and get the indictment tossed out, and thereby delay the case.

The accusation against Mr. Zenoff is a twist on the usual charges made against members of the press who sit on juries. He's being accused of using information gained before the fact to influence the case within the privacy of the jury room.

NORMALLY, when a newsmen is on a jury he is a sitting duck if his paper prints something that might affect the case from outside the jury room.

Even when a newsmen, as a jury member, abides by all the rules and instructions of the court, and acts in the most ethical manner, he is subject to false accusation if there is the slightest slip in the press.

The guilt or innocence of the accused person is not in question here. But the common sense judgement of putting members of the press on an ordinary jury or grand jury certainly must be challenged.

Through no fault of his own, Mr. Zenoff is being falsely charged and his good name smeared. The judicial process is being delayed and clouded.

We hope in the future, Clark County's jury commissioner and judges will think twice before putting members of the press on any kind of a jury.

COOL DRINKS FOR THE GUYS — Desertaires were busy pouring out drinks for the football players at a picnic held at the city park Thursday afternoon.

STUCK - UP AND PRETTY - is this championship - bound Cocker Spaniel, "Tru - Wills - Touch of Class" owned by Dick and Patty Parr of Henderson. Gracious Patty tenderly displays the black, silken beauty who she hopes will follow in her father's footsteps, an all-around Grand Champion, "Magic of Music."

Pet Peekin'

Featuring: Those "Cocky" Cockers

by Flo Raymond

Cocker Spaniels are getting "cockier" and rightly so for they have again moved up into the higher popularity ranks placing just second to the nations first placer, the unconquerable poodle.

There was a time when cockers placed first making another all-around come-back during the animated cartoon showing of the movie, "Lady and The Tramp" some years ago when a cocker by the name of "Lady" was star billing.

Patty and Dick Parr of Henderson are authorities on the breed for they own some highly prized cockers. Patty serves as Secretary to the Las Vegas Cocker Spaniel Club (only one of its kind in the area), raises and trains her own champion-quality cockers, trains all-breeds for show, works as Supervisor for the Telephone company, and still finds time to raise two lovely children who also share her interest in the breed. Her son, Garrett, attends high school and daughter, Lonnie, is following in her mother's footsteps as a star trainer.

"Candy" is a beautiful, silken black charmer and to-date has placed first in the puppy class in a countless number of matches. Known more formerly as "Tru - Wills - Touch of Class," Patty is looking forward to her prize dog gaining an all-over championship when she comes of age. Her father, "Magic of Music," owned by another dog fancier, won the title out of 5,400 competitors as Best in Show in the largest and most important dog show in the USA.

"We have more people

on the waiting list than we can provide for," mentioned Patty. She stressed that people searching for a certain breed will seek out the best - in - the - line, and they will wait if they must until they get what they want. She intends to breed her pretty little buff colored cocker, "Black Mountain Taffy Too" who recently won her Companion Dog Degree from the American Kennel Club.

"The most popular colors in the Cocker Line are buff, black, with other solid colors coming next. Party colors such as a mixture of black and white, or red and white, are increasing in demand," she added.

The Cocker Spaniel has been around for a long time. Not used so much in hunting in the latter years, the cocker is purchased for its happy, loving, loyal disposition as well as the beauty it adds to the household. They are excellent with children and considered, along with its fine nature, to possess one of the most luxurious coats in "dog-dom."

Mrs. Patty Parr looks forward to the Silver State Kennel Club Show to be held on Sunday, November 27th, at the Convention Center, Las Vegas where she will present her dogs. She would also like to remind that the Lost and Found telephone number of the Cocker Club is 870 - 5244.

Another first to be remembered by Cocker Spaniel owners is a Cocker Match Show in Conformation to be held at Squires Park at 2 p.m. on Nov. 26th. For pre-entry information, please phone Mrs. Patty Parr at 564 - 1032.

Happiness Is Topic Of Sermon

Why do we get all excited?

Why do we praise the Lord continually? Why is happiness our way of life? Yes, we know the Holy Spirit and his power! We know that our God is real and he is alive! We know and enjoy Christian Liberty ... in Jesus Christ! We are free in Christ! His life! His power! His love! His peace! His strength! His salvation! Thank god for this Christian liberty!

Pastor Lou Sorabella will preach a challeng-

ing message at eleven o'clock Sunday at East Las Vegas Baptist Church, 5757 English Avenue. His message is entitled: "Christian liberty."

Sunday school, with classes for all ages and taught by consecrated teachers, begins at 9:45 a.m.

The hour of power, prayer and bible study, Wednesday, 7:30 p.m. For information, transportation, counseling, or marriage ceremony, please call 565 - 7920.

SEE YOU AT THE KENNEL SHOW - states pretty Lonnie Parr, seated beside her prize Cocker Spaniel, Black Mountain Taffy. Lonnie urges all who are interested in entering their prospective dogs, no matter what breed, should enter before Wednesday noon, November 9th. Entree fee is \$10 and the Silver State Kennel Club show will take place at the Las Vegas Convention Center on Sunday, November 27th. Show hours are from 8 a.m. to 8 p.m. The show will present all breeds at the top of their class. "If you've never seen a dog show, you have something good in store for you," quips Lonnie, "and it's free!" For more about the Parr Cockers, see PET PEEKIN', Thursday issue of Home News.

Henderson C.B. Search and Assist

The night for witches, ghosts and fairy princesses to enjoy their sugary haunts will be the traditional night of horrors which is on Monday, October 31.

Our city's residential areas will be patrolled by the Henderson Police and for the third year, the Henderson C.B. Search and Assist Team. Anyone needing assistance during the hours of 6 and 10 p.m. can recognize one of these patrol vehicles by the reflective stickers on the front window or on the passenger window bearing the words HALLOWEEN PATROL. If you need police assistance, they can call for you.

Here are some tips for you and your youngster on their big night out.

1. Masks reduce vision. For the safety of your child have him or her wear makeup.

2. Do not allow your child to go into anyone's home.

3. Do ask that no candy or fruit be eaten until it is thoroughly inspected by you.

4. Keep open flamed Jack - O - Lanterns away from any doorway where children may pass by.

For more information and tips please read carefully the news article put out by the Police Department. "What every parent should know about Halloween safety."

Help your child have a safe happy Halloween.

Any Search Team member who can patrol on Halloween, please report for instructions at the police station at 5:30 p.m. Please have a working mobil radio.

I.T. GOVERNOR GUEST SPEAKER - Lt. Governor Robert Rose was guest speaker at the American War Mother's 23rd Annual State Convention which was held this week in Henderson. Rose is shown with out-going state president Rolla "Smiles" Cunningham, left, and the newly elected state president, Victoria Herrmann.

SPONSOR TOURNEY - The Farina Family is shown at the tennis tournament recently as sponsors of the tourney. Standing third from left is Harry Gibbs, tournament director.

"What Every Parent Should Know About Halloween"

Officer Robert Lindsey

HALLOWEEN - the children's night for "Trick or Treat" - "Ghosts and Goblins" - "Haunts and Horrors" - unfortunately ... some of these horrors are TOO real!!

Every Halloween, many children suffer from auto accidents, fire injuries, falls, cuts, bruises, poisoned "treats", and other UN-NECESSARY miseries. That's why it's so important that YOU ensure a safe, enjoyable evening for your children, by making certain they know the possible dangers, and how to avoid them.

Halloween hazards to watch for, are:

1. Risky roadways - Children become careless from excitement and may run into roadways. (Remember, dusk is the time of poorest visibility for drivers.)
2. "Frightful" flames - Open flames from Jack-o - Lanterns, candles, etc. can be extremely hazardous to children.
3. Dangerous dress - (A) Billowing, flammable costumes, (B) Flowing, false-hairing, that can burst into flame, (C) Loose costumes, bulky trick-or-treat bags, unsafe shoes, (D) Masks

that reduce vision, (E) Sharp or pointed toy weapons, (F) Dark, hard to see costumes.

4. Treacherous "treats" - (A) Razor blades in apples, (B) Tacks in popcorn, (C) Needles - pins in candy, (D) Poisoned popcorn.

What would YOU do to keep your child safe this Halloween? (Know your child's plans).

1. What route will he be following? - Know where you can find him quickly if it becomes necessary.

2. Who are his companions? - They should be his age level, and in groups no larger than 3 or 4.

3. What supervision will he have? - Young children should be accompanied by an adult or responsible older child.

4. Which homes will he visit? - It's best not to call at the homes of strangers, or to go into ANYONE'S house.

5. What activities has he planned? - Trick or treating, parties, etc. Be sure you know.

6. What time will he be home? Set a reasonable time, and INSIST that it be kept.

Tips on Costume Safety.

Wings-(If used) should be non - flammable. Hairspray can often be used to create the desired affect.

Flashlight - Or battery operated lantern to make the child visible and him see where he's going.

Reflective Strips - Reflective patches or paint increase visibility after dark.

Make-up - Make-up is much safer than a mask, as a mask can obscure vision.

Bag - For collecting treats, small enough so it won't block vision or cause tripping.

Toy weapons - Should be made of cardboard so they won't injure if fallen upon.

Shoes-Are very important, everyday shoes are much safer than high heels or poorly fitting "costum." shoes.

A few more tips: Have a dress rehearsal to be certain your child can see and move freely.

Beware of the dog. Any dog, even the family pet, may become upset by a strange costume. Instruct the children to be quiet and cautious around any dog.

Take time to review safety rules for walking with your child:

1. Cross the street in the crosswalks.

2. Wait for proper signals.

3. Look both ways before crossing streets.

4. Be alert for cars that are turning at intersections.

5. Never start into the road from between parked cars.

6. Stay on the sidewalk whenever you can.

7. If there is no sidewalk, walk to the left, facing traffic.

Insist that treats be brought home for inspection, BEFORE anything is eaten.

Fruit - Should be washed and cut into small pieces to make certain that nothing has been placed inside.

Unpackaged Items - Such as popcorn or small candies should be discarded.

Opened Wrappings - Or loose or worn wrapping on candy should also be discarded.

If you should discover anything wrong with the "treats" brought home, report it to the Police so that other parents can be warned and the people responsible can be caught.

When the evening is over, help your child calm down from the excitement.

Help him remove his costume and make-up. Take the bag of treats for inspection. Talk about his evening, sit down quietly, offer him a cup of cocoa or a glass of warm milk. After he's calmed down, a warm bath will help him to get a good night's sleep. If he's still frightened after his night of "horrors", leave a night-light on. These end-of-evening procedures will not only help you to share the events with your children, but will also provide a perfect opportunity for you to find out about any unusual situations that your child may have encountered that should be reported to the police department.

Remember that a child only looks forward to the good things about Halloween. Your preparation can alert him to possible dangers, show him how to avoid accidents, and help him to have a safe and "horribly" good time.

Recreation Board Views 'Ghouls For Schools' Plans

The "Ghouls at Schools" program, instituted by the city recreation department and the Chester T. Sewell elementary school, was discussed as a successful project by the parks and recreation board Tues. night.

The intent of the program, according to Willie Davison, is to make Halloween safer for the children in the community. All trick-or-treating takes place at the school. Supervision includes both department employees, volunteer parents and college students. A route is followed by a tour guide and approximately ten boys and girls, all in costume, through a prearranged "spook alley."

Throughout the tour they trick-or-treat at the classrooms. At the end of the tour a series of Halloween cartoons and movies are shown and punch and Halloween theme cookies are served.

Parking at the civic center concrete slabs and breezeways was discussed and the administration will be asked to not allow anyone to park in those

areas in the future for safety reasons.

A newspaper report which stated that damage at the Lorin L. Williams indoor swimming pool was incurred by the Sandpipers swim team, was denied by officials. Recreation Director Dundee Jones said that the swim team has never been charged for any damage. It was reported that since the doors have been kept locked against intruders, there has been no damage reported during the time the Sandpipers use the pool.

The appointment of a committee to plan the dedication of O'Callaghan Park was delayed.

A request to have curbs at Wells Park in Pittman was placed on a "wish list" for the city.

A cooperative murals project planned by the recreation department, will be presented to the Chamber of Commerce meeting on Nov. 10. Board Member Sally Chaffin said she felt the money should not come from the Recreation budget because there are several groups who are required to raise their own money.

Darrel Clark To Serve LDS Florida Mission

Darrel Clark, son of Mr. and Mrs. Gene Clark, will leave Nov. 5 for Tallahassee, Florida where he will serve a two year mission for the Church of Jesus Christ of Latter-day Saints.

Clark is a 1976 graduate of Basic High school where he played baseball, soccer and tennis. He has been attending Brigham Young University where he also played on the baseball team.

A meeting honoring Clark will be held Sunday, Oct. 30 at 5:30 p.m. at the LDS church on Ocean Street.

BIG HOSS

He Sings Like Elvis

BY MARY STAFFORD

Ask Hoss Melton "Do you know the way to San Jose?" and he would ~~substantially answer~~ "yes" to the question - both musically and geographically.

San Jose was his home for a number of years while he was involved in a rather lucrative country western, country rock career.

"Believe it or not, but I sound a lot like Elvis and I move like he did, too," he explained.

The only big difference is Big Hoss, as he was billed, doesn't play a guitar. And he's a big larger in stature than Elvis was!

And yes, Hoss is his real name.

"At least that's the name on all my legal papers ... it's not just a nickname as many people suspect."

This young man started life out big - he weighed 9 pounds 12 ounces at birth "but I've always been very light on my feet."

During high school he was active in football and wrestling and was runner-up in a California state wrestling tournament one year.

During the latter years of the sixties Big Hoss was billed with Freddie Hart and Jimmy Doyle around California and has also played Las Vegas at the old Lariat Club and the Silver Dollar.

His clothes were specially designed for him by the famous Nudie of Hollywood.

"I've always been the friendly type and enjoy meeting people so playing one day fair dates was great fun for me," he said regarding tours that took him and the troop whom he traveled through Neb-

raska, Idaho, Kansas and other farming states.

"But my favorite was playing benefits. I really enjoyed doing benefits."

He has entertained inmates at the Nevada State Prison with "Whole lotta Shaking" and "Blue Suede Shoes" as well as television audiences on his hour show emanating from San Jose.

Big Hoss recently moved to Henderson where he is now associated with All American Auto Wreckers as their towing manager.

"I plan to make Henderson my permanent home," he explained.

"My dad was in the construction business and I attended 27 schools when I was growing up. Now I want to really settle down and raise my children right here so they'll have a sense of permanence."

He hasn't wasted much time in getting acquainted in the area. His is a frequent face at city council meetings and he has become a member of the local Jaycees organization.

He is also very interested in working with the senior citizens on selective projects and has several programs already in mind which he would like to see inaugurated.

"I'm really into helping senior citizens," he said with great conviction.

And does he still sing?

"The other night we went into a club in Las Vegas and I was asked to do a number which turned into two sets."

And you can bet he loved every minute of it ... with the save fervor with which he tackles everything as this big man intends to enjoy to its fullest degree.

Chief Osborn in "A Bridge Too Far"

Many Henderson residents viewed the breathtaking movie "A Bridge Too Far" but perhaps none with such keen interest as our Henderson Police Chief Floyd Osborn since he was one of the paratroopers there with the famous 82nd Airborne Paratroop Division.

Yes, the chief relived that part of the great history recently at the Rainbow Club Theatre. Operation Market Garden was masterminded by Field Marshall Montgomery and lasted 9 days in September 1944. It was a bold plan calling for 35,000 U.S. and British Paratroopers to drop into Eastern Holland and secure the 6 major bridges leading to the German border. The Allies suffered more casualties in Operation Market Garden than in the entire invasion of Normandy. The ill-fated airborne assault which was aimed at terminating World War II by the end of 1944 was the largest in the history of warfare.

Chief Osborn participated in 6 major battles in the European Theatre of operation, first jumping in Africa, then jumping behind enemy lines in Italy, jumping in the D Day invasion of Normandy, France and a Sunday afternoon jump in Arnhem, Holland where they successfully captured the last bridge on the Rhine River.

A few short weeks after the Holland battle, the Germans counter attacked and broke through the American lines just out of Theau, Belgium and later became known as the "Battle of the Bulge." Osborn recalls the 30 days of fierce battle as it was fought in the winter in snow, rain mud, and fog

with a shortage of ammunition and food.

The chief said "although that occurred 33 years ago and he was wounded 3 times, it's

still a good feeling knowing that he was a part of that great history and will always remember as will others who survived that assault."

Halloween

This week-end we will have Halloween 1977 and we'd all better get ready for the local celebration. This day always falls on October 31st. (Come to think of it...you'd better read this paper to find out just when Trick or Treat really is) and is the vening before the feast of All Saints and was probably first called All Holy or All Hallowed day. The tales of witches and ghosts on this day originated from the ancient and early Celts of western and central Europe. They'd be mighty surprised at all the antics of modern Halloween celebrants.

Family Visitors

Wanda and Ted Mann have a few visitors at their house these days. Daughter Connie and son-in-law, James Hendricks are here with their two sons prior to going to South Africa to work for a few years. They also had another daughter, Pauline Lowman fly in from Maryland on one of those silver birds to join in the festivities.

In Hospital

That pretty lady, Helen Price, you sometimes see in the Prescription Department of Skaggs had some surgery at Rose de Lima hospital. Helen is Mrs. Richard Price. Best wishes and get well soon from many friends, Helen.

Another hunting family is the Ron Moore family who are planning a Utah trip. Hope they come back with that big buck.

Who?

Accidents can be strange sometimes. Question: Who was it who cut his finger and ended up in the hospital with concussion?

Cousin Visits

We didn't have brothers and sisters but did have many beautiful cousins who are still great. One,

Mrs. Jack Graves of Springville, Utah stopped by on the way to attend the wedding reception of their son Edward who is in the Navy in California. Sure did "cram" a lot of news into a few moments.

Special Luncheon

A very lovely luncheon at the home of Sue Sullivan was given in honor of Isobell Pearson and Kay Henderson. The specially decorated cakes were for Isobell's birthday and Bon Voyage for Kay who is leaving to live in Atlanta, GA. Some of the ladies attending were: Isobell Pearson, Kay Henderson, Patricia Edwards, Donna Lochner, Doris Tabanner, and Sue Sullivan.

Birthday Greetings

A special birthday greeting to Dale Ward whose birthday was Sunday. Bill and Vernell Walker traveled to Oregon to visit with Vernell's sister who has been ill.

Local Woman Organizes New VFW Auxiliary

Recently during our National President Grace Minnix's visit to Nevada, we had the pleasure of having her institute a new auxiliary to the Red Rock Post 8774 VFW in Las Vegas and install the officers.

Mary Robishaw of Las Vegas is the first president of this auxiliary.

Having the National President of the Ladies Auxiliary VFW institute an auxiliary and install the first officers is a first in the history of the state.

The organizer of this new auxiliary was Julie Elkie, state chief of staff from Basic Auxiliary 3848, VFW. Assisting her was state president Angie Cadman of Las Vegas; Alice Hill, District No. 5 President; Phyllis Zander, state Sr. vice president and a member of Basic Auxiliary of Basic and Charles P. Elkie, member of Basic Post 3848 VFW.

This adds another auxiliary to assist with our many community service programs and add to our theme "Joy in Ser-

vice."

There are approximately 75 members of the various posts and auxiliaries present to welcome the thirty new members of the Red Rock Auxiliary 8874 to District No. 5.

Some of our programs

are Americanism, youth activities, buddy poppy sales to aid veterans and their families.

If any youth group or organization needs a flag, please contact Julie Elkie at 565 - 0590 and we will be happy to give you one.

Remember our theme "Joy in Service" will be a joy to serve you, our country, our God and our flag.

After the ceremonies, refreshments were served to all present by the Ladies Auxiliary District No. 5 VFW.

PEO'S Hold Reciprocity Brunch

P.E.O. Southern Nevada Chapters will have a reciprocity brunch on Saturday, Oct. 29. The meeting will be held in Gilbert Hall at Community Church, Henderson, beginning at 11 a.m. Chapter R members will be the hostesses for the event.

"Happy Birthday, Nevada" has been selected as the theme and will be carried out in all the decorations. All P.E.O. native Nevadans attending will be honored with a special gift.

Dr. James Hulse, University of Nevada Historian, will be the guest speaker. A noted author, Dr. Hulse has written UNIVERSITY OF NEVADA and NEVADA ADVENTURE. He also serves on the Nevada State Museum Board. He will talk about early Nevada history primarily Clark County.

All P.E.O. chapter members and unaffiliates are invited to attend. Please call Barbara Cowan, 564 - 2858 or Jennilee Thayer, 546 - 1161 to make reservations.

Free coffee will be served along with hot chocolate.

Natalie Wilke Joins Henderson Realty

Natalie Wilke is a busy gal these days as she recently added a new dimension to her already active life. About four weeks ago she started working for Duane Laubach at Henderson Realty as a real estate saleswoman.

Wife of Ray Wilke, known to many during the numerous years he taught at Basic High School prior to becoming assistant principal at Valley, the mother of Adam, aged 13, and Dana, aged 9, she is also the teacher of 16 lively pre-school children each Monday and Wednesday at the Civic Center.

Last fall Mrs. Wilke decided to enroll in the real estate classes offered locally by the Community College. "The timing was right and the classes were so conveniently held right at our own civic center," she explained.

"I think having Community College classes here in Henderson is great. I've started an exciting new career because of the opportunity to take classes here ... something I probably wouldn't have done if I have had to drive to Las Vegas."

Though born in Portland, Oregon, Mrs. Wilke lived most of her formative years in Glen Ellyn, Illinois, a suburb of Chicago. She attended Monmouth College in Illinois for two years, then received her degree in

Home Economics from the University of New Mexico.

Her first year as a teacher was spent in Wyoming, then she decided to come to Henderson, a town completely unknown to her at the time but presenting a challenge.

That was 15 years ago and today Henderson is very much "home" for members of all the Wilke family. It was here she met Ray Wilke, was married and soon after retired from teaching to raise her family.

Mrs. Wilke has been an active member of the Henderson Service Club, is still active in PEO and a member of the Presbyterian Church. She lists gardening as one of her favorite hobbies, when she can find time, and bike riding.

The Wilkes recently finished building their own home, much of it done by their own labor, so Mrs. Wilke is well qualified in assisting the prospective home owner in finding the quality of home in which they are interested.

She joins the staff of Henderson Realty composed of Duane Laubach, Broker, salesmen Jackie Woodriddle, Elnora Turner and Gary Robinson and secretary Susie Oakley, who are ready to serve you with all types of real estate needs and are a member of the multi-listing service.

"Climb Every Mountain!" Pastor's Topic

Pastor Joel Rivers of the Vegas Valley Christian Church at 5515 Mountain Vista, between Henderson and Las Vegas, will speak at the 10 a.m. morning worship service on the topic of "Climb Every Mountain".

The Lord's supper will be served as it is every Lord's day to all believers.

The youth group of the church are presenting

the evening worship experience for the whole church family. At 7 p.m.

The youth groups meet at 5:30 p.m. A teacher's training class meets at 6 p.m.

A parent effectiveness class is being led by the Pastor at 6 p.m. Sunday evenings. A film is previewed and then a discussion of the parent child relationship is held to find alternative ways to help parents with problems.

Rancho Breaks Basic Freshman Unbeaten Streak With 10 - 8 Win

Rancho High School's freshman football team all but sealed their second straight unbeaten season and B team championship by defeating Basic 10 - 8 at Basic. The Wolves dominated the game in every area but on the scoreboard. The Wolves had 274 yards in total offense to Rancho's 138. But untimely penalties and a 40 yard field goal by Rancho's Chuck Razmic sealed Basic's fate. The Rams are now 6 - 0 with only Bonanza remaining and Basic 5 - 1 must face Western's tough Warriors at Western in the season finale. Should Rancho lose, it would throw the league into a 3 way tie for first place between Basic, Eldorado and Rancho.

Rancho proved that they came to play when on the second play of the

game the Rams swept left end and their running back broke free for a 78 yard touchdown run. The extra point was good and the Rams led 7 - 0 with only 56 seconds of the game elapsed. The Wolves defense stiffened and that was the last scoring threat by Rancho. They never again got inside the Wolves 30 yard line. As it turned out they didn't have to. Kicking sensation Chuck Razmic, (whose father was formerly head coach at Basic in the early 60's), the runner-up in the national punt-pass and kick competition, blasted a 40 yard field goal with 6:09 remaining in the fourth quarter to give Rancho 3 points and the victory.

With the exception of the long run and long field goal, Basic stopped

the Rams cold. Basic went ahead early in the second quarter on Eric Mangrum's 1 yard run and Kevin Prime's clutch reception of Randy Garrison's pass for the 2 point conversion which put the Wolves ahead 8 - 7. At the end of the 1st half, the Wolves threatened again but time ran out with Basic on the Rancho 10 yard line.

In the third quarter, Basic scored on a beautiful 45 yard option run but the score was called back on a controversial clipping penalty. Two critical offsides penalties against the Wolves set up Rancho's field goal.

This week the Freshman Wolves face a tough Western squad on Thursday at Warrior Stadium at 5 p.m.

Strabala and Boyle Win Top Honors in FARINA TENNIS CLASSIC

by Harry Gibbs

Gary Strabala of Las Vegas and Judy Boyle of Henderson captured highest honors in the Men's Open and Women's Open, respectively in the Farina Tennis classic that concluded play at O'Callaghan Park Tennis Courts last Sat. night.

John Gibbs of Henderson won first place in the Men's Novice and Paula McLaughlin of Las Vegas took the top award in the Women's Novice.

The Farina Tennis Classic, sponsored by The Farina Family Restaurant and Lounge and the Henderson Tennis Association, attracted 47 men and women from the So. Nev. area to our local courts for a week of fun and competition.

Other winners in the six day event were: Men's Open Rummage - Bill McKinley, Boulder City; Men's Open Consolation - Dana Taylor, Henderson.

Women's Open Rummage - Julianne Hill, Las Vegas; Women's Open Consolation - Dana Taylor, Henderson.

Men's Novice Rummage - Sean Rynearson, Henderson; Men's Novice Consolation - Rick Ikuma, Henderson.

Women's Novice Rummage - Marilyn Lieb, Las Vegas; Women's Novice Consolation - Tillie Taylor, Henderson.

Strabala swept through the Men's Open division combining speed and sharp rollies to turn back all challengers. The former Arizona State star defeated Pat Murphy, Tony Aiello, Ben Wilkinson, Bill Giles and, in the championship game, Bill McKinley to capture the championship.

Judy Boyle did not have it so easy in the Women's Open division. She was forced into three sets in the opening round by Basic High standout Dana Taylor and in the finals by the fine play of Julianne Hill of Las Vegas.

In the Men's Novice division John Gibbs defeated Rick Ikuma, who went on to win the Consolation award, Mike Calmy, Andy Phillips and, in the finals, Sean Rynearson. Both Sean and John are freshman at Basic and both lettered on this year's team.

The Women's Novice Division was probably the most hotly contested. Paula McLaughlin won very close matches over Tillie Taylor, Terry Romero, and, in the third and deciding set of the championship game, squeaked out a 7 - 5 decision over Marilyn Lieb.

The exciting tournament activities were climaxed with an equally exciting and fun filled Awards Party at the Farina Restaurant

and Lounge. Joe Farina, owner and main attraction at the supper club presented the trophies to the winners.

HTA members enjoyed presenting GAG AWARDS to deserving participants such as:

Best Dressed Losers - Mike Mock and Phoebe Gibbs.

Best Net Jumper - Andy Phillips.

Most Graceful - Tony Aiello.

Most Constant Choker - Wendy Phillips.

Dirty Old Man Award - Jim Allen.

The Best Hacker - Bill Giles.

The funniest highlight may have been the impromptu "FAKE" strip by Terrill Lang and Phoebe Gibbs.

Junior Varsity to Play Western

JUNIOR VARSITY TANGLES - Although they ended up on the losing end, the junior varsity football players tangled Thursday night with Rancho. The freshmen lost their first game earlier that night.

by Keith Marcher

Basic High School's Junior Varsity Football Team will face Western High School tonight at 7 p.m. at Western.

The team dropped below .500 for the first time this season when it lost to Rancho High School last Thursday in Henderson. The team's record is now 3 - 4.

The team won its first three games by wiping out Gorman, Bonanza, and Clark High Schools.

Basic was then turned around and lost its last four games to Valley, Las Vegas, Chaparral, and Rancho High Schools.

The Wolves will try and even their record tonight by sending top players Leo Hernandez, Otto Kelley, and Bud Goldsby into tonight's contest.

Letter

To Concerned Citizens:
On March 22, 1972 the E.R.A. was passed by the U.S. Senate. For it to become the 27th Amendment of the Constitution, 38 state legislatures must ratify by March 22, 1979 (seven years). Most of the 35 states who have ratified did so without public hearings or debate. As a result of in-depth hearings and extensive debate since 1973, 15 states have refused to ratify, 3 states (Nebraska, Tennessee and Idaho) have rescinded their ratification and recind movements are now under way in at least 16 states.
The E.R.A. game is almost over. Almost six of the seven years have passed and the People have been saying NO, NO, NO! In spite of this, twenty-one Congressmen at the request and urging of the White House have now proposed extension of time for ratification of the E.R.A! This is no time to change the rules just because Washington power grabbers, homosexuals, abortionists, socialist

and other kinky special interest groups are losing.
The states were given a legal length of time to ratify the E.R.A. The People have said NO! Our President and those Congressmen who cannot accept No as an answer are not representing the wishes of the People!
What is happening to the government of the People, by the People and for the People??
Write to Congressman Santini, House of Representatives, Washington, D.C. 20515 and ask him to vote No on the proposed bill to extend time for ratification of the E.R.A. Remind him that Nevada Legislators have listened to the people and have voted against ratification in 3 different legislative sessions. Let him know that we are fed up with Federal intervention and wasting our tax dollars on this issue!

State Senior Golfers Compete

All Nevada golfers, over the age of 50, are eligible to compete for the Nevada State Senior Amateur Golf Championship if they have a current handicap with the Nevada State Golf Association.

The 2 day tournament will be played December 10th and 11th over the Black Mountain and the Winterwood Golf Courses. The Championship will be determined by the lowest gross score for 36 holes, however; there are 49 other awards to be won. There will be 4 Flights, determined by handicaps, and each Flight will have 6 awards for gross scores and 6 awards for net scores, plus an award for the 2nd overall low gross as Runner - up to the Champ.

All of the winners will receive a Gift Certificate for Pro - shop merchandise valued at from \$35 to \$250, depending where they place in the competition. In addition, each winner will receive an appropriate trophy, engraved to commemorate their victory.

The field will be limited to the first 200 entries, due to the shorter day light hours in December. Entry forms can be obtained at most Golf Courses, or write to:

Clyde Cobb, Tournament Director, 5483 East Clubhouse Drive (Winterwood Golf Course), Las Vegas, Nevada, 89122.

Green Fees are included in the \$35 entry fee, as well as free hors d'oeuvres at the awards presentation cocktail party, December 11th at the Showboat Hotel. Entries are now being accepted and must be received before 5 p.m., December 2, 1977 when entries close.

This Halloween, American youngsters will collect contributions in this Trick or Treat Carton to provide urgently needed help through UNICEF for millions of the world's neediest children.

Five-Year Bass Study to Begin

A Federal-State agreement for a five-year study to determine why largemouth bass fishing success has declined in Lake Mead and to establish methods to increase annual bass reproduction and survival was signed last week by Nevada, Arizona and the U.S. Bureau of Reclamation.

The one-half million dollar study will be financed by the Federal Government with the Nevada Department of Fish and Game (NDFG), Arizona Game and Fish Department (AG&FD) and the Bureau of Reclamation (BOR) conducting the actual study.

The study is the result of concern by the angling public, both state wildlife agencies and BOR over a decline in the yearly harvest of largemouth bass from Lake Mead. The reported catch has dropped from a high of 400,000 bass in 1959 to a little over 200,000 per year presently.

Preliminary information indicates a relationship between the decline in the bass catch and reduced water flows into Lake Mead during the spawning season that occurs each spring. The reduced flows are a result of upstream storage of water in Lake Powell since 1963.

Possible factors that have caused the decline in bass reproduction that will be studied are: fluctuating lake water levels; availability of cover and food for young and adult bass; effects of past and present fish-stocking programs; present BOR operating criteria at Lake Mead, effects of predation, temperature, wave action and water quality and type and number of anglers.

Investigators will study potential methods of enhancing the bass fishery such as placing artificial underwater cover for bass fry and fingerlings, artificial fertilization aimed at increasing plant growth in bass spawning areas, introduction of additional varieties and black bass that may be more adaptable to the fluctuating water levels, and stocking of fry, fingerlings and catchable-sized bass.

Air Quality Workshop

The Air Pollution Control Division of the Health District is sponsoring a workshop to discuss the Air Quality Maintenance Plan. The workshop will be held at the Las Vegas Convention Center, Room 2, from 10 a.m. to 12 noon on November 3, 1977. Representatives from E.P.A.'s Regional Office in San Francisco will be making a presentation and will answer questions concerning the plan.

The thrust of the workshop will be acquaint community leaders and any interested citizens on the complexities and congressional requirements in the development and implementation of the AQMP. Comprehension of the maintenance plan is of great importance to our community, since it describes long range control measures which will cause substantial changes in our present and future growth, development, and living patterns.

The plan will require coordinated efforts by all the separate entities of Las Vegas, Clark County, Henderson, and North Las Vegas to adopt reasonable and effective measures which would preserve or improve air quality while allowing for continued growth.

Announcements have been sent to community leaders. Interested citizens are greatly encouraged to participate in the AQMP workshop.

For more information concerning the workshop contact: Air Pollution Control Division, Clark County Health District, 385 - 1291, ext. 296.

When is a Road Not a Road?

The question may seem simple enough, but in terms of current definitions of "roadless area" as offered by two government bureaucracies, the answer could ultimately have a great impact on Nevada.

By way of a brief explanation, both the Bureau of Land Management (BLM) and the National Forest Service are now studying millions of acres of so-called roadless areas which could be set aside as wilderness area, as described in the Wilderness Act of 1964.

This means that more lands could be withdrawn from multiple use.

The BLM uses the criteria that a road is not a road unless that road has been improved and maintained by mechanical means other than the regular traffic of vehicles.

A similar definition of road has been adopted by the Forest Service for its Roadless Area Review and Evaluation (RARE II) inventory, now in progress.

Of course in Nevada, where so many areas are covered with roads which are not mechanically maintained but are heavily used by residents, the result could be disastrous.

Cattlemen, miners, prospectors, fishermen, campers, hunters and hikers are among the many types of Nevadans who make use of necessary access routes which by any logical definition would be classified as roads, but which by the BLM and Forest Service definition are not roads.

In some parts of the Sahara, it is so hot that any rain that might fall is evaporated before it reaches the ground.

Western state's traditional use of roads.

In short, the definition is preposterous.

Along with other members of the Public Lands Subcommittee's investigation into the BLM, held on October 11 in Washington, I participated in a hearing which resulted in an agreement by the BLM to reconsider its definition.

Additionally, I have written to Forest Service Chief John McGuire, and Assistant Secretary of the Interior Guy Martin outlining to them the inadequacy of the present definition of road.

In making a recommendation to the BLM for an improvement in their definition, I have submitted the following criteria:

-The basic rule of common sense must be exercised.

-The method of construction, the condition of upkeep, and the type of vehicle that can make use of the road should not be primary factors in determining what a road is.

-Of primary concern is whether a way has traditionally been used as a road by the public and whether it has accumulated enough beneficial use to have accustomed the public to its availability.

-Tracks created by joyriders using recreation vehicles in environmentally-sensitive areas certainly do not constitute a road.

The agencies have chosen a definition which is totally inconsistent with and insensitive to Nevada's and other

Dove Season Closes, Other Seasons Open

Nevada Department of Fish and Game is reminding hunters that the statewide dove hunting season closed Thursday, October 20. The 50-day season this year opened September 1 throughout the state with a 10 bird daily and 20 in possession bag limit.

According to DFG's Information Office, other bird hunting seasons currently open include blue and ruffed grouse which close on November 13 and quail in Southern Nevada which continues through January 1. Waterfowl season in Clark and Lincoln counties is split this year with the first segment scheduled to close on November 13. Elsewhere throughout the state, duck season is continuous thru January 15.

The chukar and Hungarian partridge season opens October 29 throughout the state along with pheasants in the Moapa and Virgin Valleys of Clark County. The statewide partridge season continues through January 15 with Clark County's pheasant

season of only two days duration.

The cottontail, pygmy and white-tailed jack-rabbit seasons are currently open statewide and will remain open through February 28, 1978. A complete listing of all small game hunting seasons and regula-

tions are contained in the 1977 Upland Game Bird, Rabbit, Waterfowl and Furbearing Animal Seasons brochure available at all Fish and Game offices and license agents throughout the state.

Nevadans For ERA Elect Officers

Cynthia Cunningham of Las Vegas has been elected coordinator of the state-wide coalition of organizations working for ratification of the Equal Rights Amendment. Nevadans for ERA board members from Las Vegas, Reno, and Elko have met to make plans for continued effort in promoting more awareness of what they see as the real issues behind the opposition to the Equal Rights Amendment.

Ms. Cunningham, the mother of three grown children, is also vice-moderator of the Pre-bitory of Nevada and an elected member of the State Board of Education.

Mylan Roloff of Reno is coordinator of Northern Nevadans for ERA. She is the mother of two young sons and a graduate of the University of Chicago. Also representing the Reno area on the state board is Vivian Freeman, a registered nurse and mother of two who was an unsuccessful candidate for

the Washoe County School Board last year.

Representing the Elko area are Jeanne Griswold and Cynthia Smith. Ms. Griswold, a retired elementary teacher and mother, is vice-chairman of the Elko General Hospital Board of Trustees. Ms. Smith is the mother of a young daughter and a teacher.

Diana Crites, a home economist who works for a public utility company is coordinator of Southern Nevadans for ERA and a member of the state board. Also elected is Jill Derby of Gardnerville, mother of an infant daughter and a candidate for a Ph.D degree in anthropology from the University of California. Her husband is a veterinarian in Douglas County.

Nevadans for ERA is a non-profit corporation supported by individual memberships and a number of organizations dedicated to legal equality through ratification of the Equal Rights Amendment.

New Park Service Job Filing

The National Park Service is initiating new filing periods beginning December 1 for summer employment, according to Congressman Jim Santini.

Santini, who receives inquiries year-round from Nevadans interested in Park Service employment, has been informed that summer employment opportunities are extremely limited.

However, he noted, qualified persons are welcome to apply for the highly-competitive positions. In Nevada, national park areas include Lake Mead Recreation Area and Lehman Caves near Baker.

From December 1 to January 15, applications

will be accepted for the following positions within the Park Service nationwide:

Summer seasonal park aid, park technician, park ranger, laborer, semi-skilled and skilled trades and crafts, lifeguard, student assistant, architect, landscape architect, environmental scientist and engineer.

In addition, summer clerical applications will be accepted from March 15 to May 1.

Further information and brochures may be obtained from the Western Regional Office, National Park Service, 450 Golden Gate Avenue, San Francisco, California, 94102.

Featuring: Tibet's Gift - Lhasa Apsos

LADY - GERMAN SHEPHERD

"WHO ARE YOU?" - asks Lady of the guinea pigs. Lady hopes to follow in her father's championship footsteps when she comes of age. Meanwhile he is leading the usual German Shepherd "puppy" life of exploring, prancing around and training for show.

just too much for any human to combat.

Seng Kyi is the word used by the Tibetans for "lion dog" and this breed although pretty (almost coquettish) and considered the smaller, apartment type of lap dog, is sturdy, strong, protective and devoted to the family who owns them. Their beauty is

matched by an exceptional intelligence and the line is known to date back as far as 800 B.C.

Proud owners of the breed are Hubert Morris and his lovely wife from Japan, Chieko. While hubby is working in Las Vegas, Chieko grooms and cares for four Lhasas, all from championship lineage. "Shang," the female, six-year-old was purchased from the late Dorothy Cohen of Las Vegas who owned the original Hamilton Line of the breed which she had purchased from M. & Mrs. C. Suydam of Cutting, New Jersey. The Cuttings brought the first recorded Lhasa Apsos to the United States in 1933 from Tibet, starting the first kennel of the rare champions. They were only let out of the monastery compound as gifts, so the Cuttings were honored. Lowell Thomas, journalist, world traveler and lecturer, was the second honored citizen of the USA to receive the prized dog upon his journey into the Himalayas.

"Mitchi" the four-year old female had pups that the Morris' sold but sensitive Chieko would worry about her dogs once they had been purchased and decided to have all of her Lhasas neutered. "Yoki" and "Fuji" are the only pups left. "I will not breed anymore of the Lhasa Apsos," Chieko declared, "for it is heartbreaking to me should they fall into the wrong hands and be mistreated." Raised on the Shinto belief, Chieko firmly feels that no lesser creature should be harmed if they in turn do not pose a threat. "We gave up raising Lhasas because Chieko's qualifications which buyers should meet were far too high," Hubert pointed out, "but we will raise future litters from our top German Shepherd line."

"Rosy," the eight-year old shepherd, guards the Morris home, the Lhasas, cats, guinea pigs and bird sanctuary. "Our eight month old "Lady" will hopefully develop into the champion her father was," Hubert said, "and we'll enter her in shows when she matures." Chieko added that she didn't mind breeding the German Shepherd because they could defend themselves.

Chieko's message for healthier, happier and

smarter pets is to treat them all WITH LOVE, pronounced in Japanese as "AH - EE - JOE."

SPECIAL MESSAGE
Anyone finding a large, male German Shepherd answering to the name of "Bach," please notify Hubert and Chieko Morris, 803 San Eduardo, Henderson, 89015; or phone 565-7071. Missing since late May, a reward of \$50 is being offered.

WORKING IT OUT

by Mel Thompson

Dear Mr. Thompson:
Here we go again! Less than a year after the presidential election and we are getting nothing but more lip service out of Washington concerning the high unemployment among minorities. As a black (and unemployed) I resent being part of a "quota" system. I want to be hired because I am qualified - needed, and wanted, not because the feds force me down an employers throat.

give a fish to a person he can eat for a day, but if you teach a person to fish he can eat forever. So if Washington really wants to buy it's way out of this disastrous situation let the money go where it counts. Help us to go to school and to set up a program for on-the-job training that works. Otherwise we'll just keep migrating from one form of slavery to the next. If you see fit to run this letter in your column I hope someone in Washington reads it.
Mr. A.B.D.

By now it should be obvious, even to the bureaucrats, that the endless heaps of the money being dumped into federal job programs is a waste. Even if the government can "make" a job for me, I would still be excess baggage. What we need is education and training, not pity. What we need is to develop our individual expertise so that we can compete honestly and fairly with everyone else for the truly good jobs. What we need is to keep our pride and dignity as human beings. There is a biblical passage that I am unable to quote exactly, but it says something about if you

Dear Mr. D:
So do I.

Dear Mel:
After my children leave home I would like to go to work. They are both in high school now so I could start working right away if now is a better time to get a job. I am hoping that jobs will be more plentiful if I wait a few years. What is your opinion?
Mrs. T.D.

Dear Mrs. D.:
By 1980 our work force is expected to pop up from the present 94 million to something like 101.7 million. That's adding 7.7

million to the present unemployed who number about 6.5 million. This means 14.2 million new jobs would have to be created over the next 3 years if everybody is to get one. In my judgement we won't even come close to it. And if you wait ten years beyond that you can add another 12 million. My advice - don't wait. Things are apt to get much worse.

Mel Thompson's book WHY SHOULD I HIRE YOU? is now available in paperback at bookstores.

It's The Most!

Forced Deposits Or Free Choice?

Will mandatory deposits on beverage containers help to contain litter and solid waste in this country? The reports on litter reduction from states that already have mandatory deposit laws are mixed—but the bad effect of such laws on jobs and energy is clear.

Both Vermont and Oregon have passed forced deposit legislation. Let's look at the results. An official state study in Oregon shows about a 10 percent decrease in litter since the legislation, a study in Vermont shows a 14 percent decrease. Good, you say.

But in the State of Washington where people opted for a broad-based Litter Control Program instead of bottle legislation, litter decreased by 66 percent. It would seem that people react better when they are asked to do something about the litter problem. Taking away their freedom of choice does not seem to work nearly so well.

In Oregon, many skilled workers in the beverage container industries lost their jobs as a direct result of the legislation. At one glass container plant in Portland, for instance, about one-quarter of the jobs were eliminated. On a nationwide basis, a forced return to an all-glass refillable system could lose 82,000 skilled jobs in bottle and can manufacturing and in metals and fabrication.

As for the use of energy and natural resources—important considerations today—a forced beverage container deposit could result in such an increased consumption of energy and water used to make and wash refillable bottles so as to constitute a substantial waste of natural resources. It takes almost 50 percent

more energy to make a refillable 32-ounce bottle than it does to make a no-deposit glass container. And a study shows that in one state 68 percent more water would be used if forced deposits were instituted. And anyway, why should the government

PRESIDENT CARTER'S ENERGY MESSAGE—a good case for free choice?

force people to pay a deposit on containers when refillable deposit bottles are already widely available?

Cost Higher
These aren't the only reasons that the forced deposit will affect consumers: since the cost of the refillable bottle may be higher than the no-return under a mandatory national deposit system, the cost probably would be passed on to consumers, with higher prices. With costs going up on so many things about which we have no say, shouldn't we have the choice when it comes to packaging?

President Carter in his 1977 energy message said that "healthy economic growth must continue while we save energy, maintain our standard of living and keep our people at work." A forced beverage container deposit is very likely to have the exact opposite effect.

The Wizard of Words

Anesthesia
(annas thees zia)

by Gebhardt

Anesthesia is a state of mind which we can go into, while either conscious or sleeping, which makes us "insensible" to physical (normally painful) stimulations. An anesthetic is a drug, or some other vehicle, which propels us into anesthesia. We anesthetize someone when we administer an anesthetic, changing their frame of mind so they no longer experience physical sensations.

With the increased use of surgery as a medical technique, anesthesia has come to be identified almost wholly with the operating table. "Did they put you under anesthesia?" our friends will ask when we tell them about our operation. "You bet. After they gave me the anesthetic, I didn't feel a thing for the next four hours. I was totally insensible to pain."

Anesthesia comes from two Greek words meaning "without" and "perception." So anesthesia literally means that state "without perception." And yet, as many folks will verify, the absence of physical sense impressions while under anesthesia does not necessarily mean the absence of all perceptions. Indeed, some of the most vivid and "impressionable" perceptions of an individual's life may occur while under anesthesia. Though many people under anesthesia also report simply sleeping, with no memory of "dreams", others have reported experiences which range from watching the doctor operate, to visiting with friends and relatives (both living and "gone"), to exploring beautiful realms of "paradise." Being without physical sense impressions does not mean being without a continuing creative consciousness.

The use of drugs to move into a state of anesthesia is not the only method being practiced in the contemporary healing arts. Acupuncture, hypnosis and alpha meditations are currently making inroads as alternatives to anesthetic drugs. The most ancient, and what may in the future prove to be the most effectual vehicle for anesthesia, is reflected in the scriptural injunction to be "absent from the body" and present to the consciousness of spirit.

Let's Play Golf

Viv and Bill Phillips

Beautiful fall weather and heavy tournament play sent activity records tumbling last week at Black Mountain golf course.

Tournament play included the finals of Nevada high school girls' competition with young Bari Brandwynne, Clark High School, Las Vegas, winning the individual honors by shooting an impressive 75 for the 18-hole match Friday afternoon. Pam Tabar, Basic High School, Henderson, took second low with an 82 in that tournament.

Don Smith led the team which won the 36-hole Silver State Glass scramble tournament Saturday and Sunday. His team included Bill Miller, O.L. Raney and Gil Nance.

The win came in a playoff with the team of Stu Reid, Randy Chandler, Walt Zawrotny and Richard Stewart, Jr. The Smith and Reid teams were tied at the end of 36 holes of play. Third place went to the team of Ed Mohr, Eddie Thruow, Don Hedden and Mac McKinney.

Two teams were also tied for fourth place in the scramble tournament. They were the Bob Hamilton team including Hank Sena, John Fielding and Ed Nance, and the Glenn Brammer team including Bill Phillips, Tony Foster and Greg Sullivan.

The Black Mountain Ladies Association played its two-day Fall Medality tournament during the week. Played in four flights, winners and runners-up were:
 First Flight - Gerry Gardner and Mary Meyers.
 Second Flight - Annette Brereton and Dorothy Perry.
 Third Flight - Peggy Shaffer and Alice Hewitt.
 Fourth Flight - Martha Chase and Margaret Jamison.

The girls high school tournament was divided into individual and team play. Miss Brandwynne won her second championship although her Clark team did not make it to the finals. Basic High school won third place behind two Reno teams.

Basic should be in fine position for the competition next year as none of the team graduates this year. Playing regularly at Black Mountain, the team will be improved by the addition of Pam Taber's younger sister, Jill, and Martha Kurth.

In addition to the tournament competition, regular green-fee and membership play has been surpassing all previous play for this time of the year, according to Lois Foster, office manager for Black Mountain. In addition to the perfect weather, the increased activity can be attributed to the excellent condition of the course which is attracting golfers from the entire Las Vegas area, she said.

DOWNTOWN HENDERSON

Registration for Southern Nevada Youth Wrestling is scheduled for Saturday, November 5, and November 12, at the four Wonderworld

Stores in Las Vegas, Albertson's in Henderson, and the Boulder City Recreation Center. Sign-ups will be from 11 a.m. to 2 p.m. both days.

The program, for youngsters 7 through 14, will run December through March. There will be weekly practices and 11 team matches --

plus a big season-ending tournament. Wrestlers will compete according to age, weight, and ability.

A registration fee of

\$15 includes insurance, membership in the U.S. Wrestling Federation, admission to UNLV Wrestling events, team T-shirts. Sew-on

patches, medals, and awards. This program is designed to build character and self-confidence teaching fundamentals

and skills of wrestling. We are in desperate need of coaches and assistants; for more information call: Gene Tetamanti, Director at 451-4550.

Basic Ready Mix

Thinking about putting in a paved driveway? Perhaps you need a sidewalk footings or a patio, maybe a foundation for the new house you are going to build. Whatever your need might be, why not give Basic Ready Mix a call. Just tell owner Charles M. Thompson how many yards of "mud" you need and he will tell you how much it will cost.

Basic Ready Mix just recently opened their doors and offer the lowest prices in town. Thompson has five years experience behind him as an operating engineer and is well qualified in

the business.

With the help of wife, Phyllis, he has built three homes locally and both know just what goes into building a home and how hard it can be.

They are open seven days a week including holidays as Thompson is aware that many homeowners are only available on weekends for their building needs.

The Basic Ready Mix batch plant is located at 1932 Parkson Road. At the present time Thompson has just one ten yard mixer but he is in the process of buying a second truck.

Phyllis E. Thompson is

secretary and book-keeper for her husband when she isn't working as a waitress four days a week at the Rainbow Club. The couple has four children, one a

sophomore at Basic high school, one at Burkholder Junior High and two attending Robert Taylor Elementary School.

Both Thompson and Phyllis have lived in

Henderson for a number of years, attending local schools during their teen and pre-teen years.

If you would like further information on costs, etc. call Basic Ready Mix at 564-1119.

HALLOWEEN SAFETY

Keeping kids safe on Halloween doesn't have to be such a difficult trick if you treat them right and follow these six suggestions.

1. Use only fireproof paper or cloth for their costumes.
2. If your children will be out trick-or-treating after dark, be sure they're wearing light clothing or have some reflective tape on their costumes.

TREAT CHILDREN WITH CARE on Halloween.

3. Use flashlights, not candles, to light jack-o-lanterns.
4. Give trick-or-treaters at your door individually wrapped snacks such as Planters' Peanuts and Baby Ruth' and Butterfinger' snack bars. Factory-wrapped treats let you know no one could have tampered with them.
5. Make sure children travel in groups, and that the younger ones go out with an adult supervisor.
6. Keep corn husk decorations away from any fires and spray them with fireproofing liquid.

These simple precautions can help your entire neighborhood have a happy Halloween.

Charles Bronson As Hickok In 'The White Buffalo'

Between international film-maker Dino De Laurentis and super-star Charles Bronson, there has been a long and mutually profitable association, now continued with "The White Buffalo," starring Bronson and released by United Artists, a Transamerica Company. The picture opens Oct. 26 at the Rainbow Theatre.

De Laurentis purchased the screen rights to "The White Buffalo," a novel by Richard Sale, who had written nine other novels, and was signed to transform the work into a motion picture screenplay. De Laurentis wanted the script for Bronson.

Upon reading the screenplay, Bronson decided to make the film. But he did have some difficulty in choosing the part he wanted to play.

De Laurentis also set J. Lee Thompson as director and Pancho Kohner as producer. Selected to star with Bronson were Jack Warden and Will Sampson with Clint Walker, Slim Pickens, Stuart Whitman and Kim Novak as Paker Jenks. Music is by John Barry. The story of "The White Buffalo" recounts the search to hunt and

kill a fierce albino man in two independent men. Wild Bill Hickok, frontier adventurer and gunman, and Crazy Horse, War Chief of the Sioux Indians. Hickok was haunted by a nightmare in which he was attacked by the animal and he had decided that he must hunt it down and kill it to cleanse himself of his fear. The Indian regarded the animal as a holy bull that he alone must kill to wrap its white pelt around the corpse of his deeply mourned infant daughter who otherwise would not safely pass over into the other world.

At first thought, Bronson wanted to play Crazy Horse, the great tactician and determined warrior. During his 38 picture career he had played Indian roles with marked success.

On the other hand Wild Bill Hickok was the prototype of American western heroes. Hickok's adventures had been celebrated on film since the earliest movies. William S. Hart played him in 1923 and in the intervening years he has been played by such stars as Gary Cooper, Richard Dix and Rock Hudson. Dino De Laurentis

envisioned Bronson as Hickok and Bronson agreed to this with the provision that the role of Crazy Horse go to the most native Indian actor available.

It so happened that De Laurentis had just completed a new film, Robert Altman's "Buffalo Bill and the Indians, or Sitting Bull's History Lesson." He noticed the work of Will Sampson, chief in the role of Chief Sitting Bull's interpreter. Bronson enthusiastically accepted the casting of Sampson as Crazy Horse.

There are two more starring roles in "The White Buffalo." For the role of Charlie Zane, the grizzled Indian scout and gold prospector who joins Hickok in his quest for the rare white pelt, De Laurentis cast Jack Warden, who was nominated for an Academy Award for his role in Warren Beatty's "Shogun" and who played the metropolitan editor of the Washington Post in "All the President's Men." And for the part of Paker Jenks, Hickok's girlfriend, De Laurentis signed Kim Novak, an actress with strong boxoffice power who had not been available for him in three years.

Charles Bronson, as Wild Bill Hickok, lashes out with his rifle when he is attacked in "The White Buffalo," a United Artists release opening October 26 at the Rainbow Theatre.

Knights of Pythias Award To Bob Lewis

At the Knights of Pythias Grand Lodge convention, held in Reno Nevada, Sept. 8, 9, and 10, a special ceremony was performed to award the Golden Spur to Robert G. (Bob) Lewis, P.S.I.G. LeRoy Burt accepted this award for Bob, and at a later date presented it to him, at the Convalescent Hospital, in Las Vegas, where

on the base of his brain. Then he was admitted to the convalescent hospital, because he is still partially paralyzed, unable to walk and his speech is impaired.

The Golden Spur is the highest honor a Knight of Pythias can receive. It was awarded to Bob for 37 years of faithful service to the Order. He is a Charter member of Lake Mead Lodge No. 37, in Boulder City, Nv. and the first Chancellor Commander of this Lodge. He served at Grand Chancellor of the State in 1946, and Supreme Outer Guard, of the Supreme Lodge of the U.S.A. and Canada, in 1966.

When Mr. Burt presented this award to Mr. Lewis, it was a gala affair, his wife Helen was present, his daughter, Beverly Mackey, two granddaughters and his 2½ month old great granddaughter, also Lucille Burt P.G.C.

It made Bob very happy, cheered him up immensely. Bob was a victim of a

According to Buck, about 1450 pounds of fingerling rainbow trout have been planted so far this month into Eagle Valley and Schroeder Reservoirs of Lincoln County with another 3,000 pounds of eight inch rainbow scheduled for release into Adams McGill, Haymeadow and Dacey Reservoirs during the next several weeks.

of Fish and Game.

The decline in Lake Mead's trout fishing success over the past several years has prompted changes in planting procedures and the number and kinds of fish released.

According to Dave Buck, DFG Lake Mead Fish Hatchery Superintendent, "Rainbow trout will still make up the majority of fish planted into Lake Mead and Lake Mohave, but several other species including brown, brook and cutthroats will also be tried in an attempt to further increase the recreational potential at both lakes."

Rainbow trout releases, according to DFG's plan, will continue on an experimental basis and be limited to approximately the same numbers as stocked annually into the lake during the period 1969 through 1973. "Lake Mead is scheduled to receive 5,000 eight to 10 inch rainbow trout in both the Overton Arm and Lower Basin areas as shore plants during November, December and January. Some 50,000 rainbows will be released into the Colorado River below Davis Dam within the next several weeks," Buck said.

"The balance of the rainbows on hand at the hatchery will be planted out during the spring of 1978," Buck explained, "with approximately

BOULDER CITY 15th ANNUAL ART FESTIVAL PROCEEDS REPORT. A tired but pleased Art Festival Committee is pictured at the close of this year's Art Festival. An estimated 10,000 people attended and the weather was beautiful.

The Hospital Auxiliary Board and Art Festival Chairman, Jeanne Clark, are happy to announce that this was a very profitable event with proceeds, of course, going to the Boulder City Hospital. The total gross amount made on the festival was \$13,054.28. Expenses were \$3963.99, leaving a net profit of \$9090.29. There were many donations of time and effort and many people working very hard made it a year to remember. The Hospital Auxiliary Board extends it's thanks and appreciation to all who contributed to the success.

4 Athletes Run Against Cancer

The wrestling teams of Chaparral High School and UNLV will run to the Pacific Ocean and back November 4 - 6. Taking pledges per mile to donate to the Clark County Unit of the American Cancer Society

The Cross Country run will be a timed relay and will take approximately 28 hours each day. 8 vans with 16 drivers will participate with the 40 wrestlers by bringing attention to youth involvement for

the cure of cancer, which is the No. 1 killer of children in the U.S.

Cowboy Coach Larry Barnson and UNLV Coach Dennis Finrock originated the idea as a part of a physical fitness program, to benefit the American Cancer Soci-

ety. The "Run - A - Thon" will start with an assembly at Chaparral High School, November 4th, with a send off address by Mayor William Briare, Clark County Units Crusade Chairman, and special invited guests - anyone wishing to participate with pledges, call the American Cancer Office at 733 - 7222.

REBEL WRESTLERS - left to right, Bob Clements, Anthony Salazar, Mark Tomlinson, David Pearce, John Averett and Howard Frintner.

KIDS KNOW SMOKING IS BAD FOR YOU - These youngsters are shown with Marge Bernsteen at the American Cancer Society "Great American Smokeout" booth at the Henderson EXPO. 1. to r. Dennis Bernsteen, Gordon DeWitt, Scott Shaw and Joe Cornell pick out their favorite stickers to wear on Nov. 17th the date the Society hopes smokers will give up the cigarette habit. The ACS Expo booth was sponsored by the Henderson Clinic where those who want to pledge to stop smoking for 1 day can pick up their free sticker, badge or iron-ons for t-shirts. Claude U. Shipley, State Director, Veterans Employment, U.S. Department of Labor, urged disabled veterans, Vietnam era veterans, female veterans and "other eligibles" to register for job placement with the local Job Service agency of their State for employment.

The 14 Federal-State Job Service offices throughout Nevada provide qualified and registered members of the veterans community with immediate employment. According to Director Shipley, "Employers needing employees should avail themselves of the no-fee service of the agency as the talent pool of veterans is ready and available for immediate job placement."

Veterans and employers are urged to contact the local State Employment office when needing job placement service or when needing qualified veterans to fill a particular job in the community employment program. Many of the registered veterans have received testing, counseling and evaluation by the experienced personnel of the Job Service. Many qualified veterans are registered with the no-fee job service and are available upon telephone contact to the local office. The Veterans Employment Service is responsible to evaluate and monitor State Employment Service agencies on behalf of the Secretary of Labor.

Insect Controls

A soap and water solution is the safest way to eliminate slight insect infestations, but sometimes more drastic solutions are required. Insecticides are potent stuff and should be used with care and as a last resort.

Insects and egg masses can be removed via the soap and water solution or with a cotton swab soaked in alcohol or nail polish remover. Touch the swab only to the invaders, taking care to avoid the leaves and stem since the alcohol may burn them.

Cedoflora, a natural insecticide, is an oily spray used in controlling insects. While it is relatively non-toxic, it may be harmful to the leaves of certain plants, so test it on a leaf or two before using. It is most effective in eliminating aphids, mealybug, mites, and scale.

Pyrethrum is an insecticide mixed with mineral oil and sold as a household spray. Since it is a strong mixture to which some people are allergic, it should be used only in extreme cases. Pyrethrum may be sprayed on the leaves and also watered into the soil to control insects

which may be attacking roots. Again, test it on a small portion of the plant before dousing entirely.

After treating an insect-infected plant it's a good idea to place the plant in "quarantine" to prevent any possibility of the spreading of insects. At this time, be especially observant of your remaining plants which may also begin to show signs of insect infestation.

Maintaining Healthy Plants

Keeping your trees, shrubs, flowers and turf healthy and in good condition during the fall and winter months is very important. When properly cared for, plants can take more cold and recover much more quickly than when your vegetation has been neglected and weakened.

Allen D. Boettcher, Horticulture Agent for the Cooperative Extension Service, says all of our vegetation should be fertilized lightly in the fall with a general plant

food like 16-6-8, 15-5-5 or 22-4-4.

Boettcher also notes plants must be watered properly. From mid-October through November, water only half as frequently as you did in mid-summer. Then, in December and January, water only one-third as often.

Boettcher concludes that our plant's water needs are influenced mainly by day length. During the shortest days of the year, the least amount of water is needed.

Boulder Theatre Announces Special Rates For Children And Senior Citizens

The Boulder Theatre, which recently came under new ownership, has several items of importance of which they would like the public to be aware.

Show hours are 6 and 8.15 p.m. every evening with matinees every Saturday and Sunday afternoon at 1 p.m.

Wednesday and Thursday nights have been designated as Senior Citizen Nights for those 60 years and older. Admission on those evenings is \$1 and the balance of the week admission is \$1.50 with no cards required.

Monday night is Family Night and all children are admitted FREE when accompanied by an adult or parent.

As a public service, all children from the state of Nevada Children's Home and St. Jude's Ranch are admitted free at all showings with proper identification.

Halloween Party for Handicapped Children

The City of Las Vegas Department of Parks and Recreation Services' Lorenzi Park Specialized Recreation Center for the Physically Handicapped announces its second annual Halloween Carnival to be held at Lorenzi Park, Friday afternoon, October 28, 1977. Festivities will begin at 3 p.m. and include a Halloween Costume Parade, Haunted House, Candy Hunt, Fishing Booth, Apple Bobbing, and more. This activity is open to Handicapped Children of all ages.

For more information, contact the Center Supervisor, Richard Juillerat, at 386-6358 between 10 a.m. and 6 p.m. weekdays.

Farina Music Machine To Perform at City of Hope Halloween Party

The Farinas, that talented family who have been delighting audiences with their music in the Henderson area, are going to be one of the attractions appearing at the City of Hope Halloween Show on Saturday, October 29th at 2 p.m. at the Aladdin Theater for the Performing Arts.

Along with the fabulous Farinas will be Alan, who is packing audiences with his "Tribute to Elvis" at the Tropicana, as its emcee. The proceeds of this show will benefit the Children's Wing of the City of Hope Hospital in Duarte, California.

This promises to be the finest event ever staged for children in Las Vegas. Magic performed by famed magician Darwin will guarantee to thrill children of all ages who attend. Door prizes and prizes for Best Costume will be presented. Autographed soccer, football and basketballs will also be presented by Alan Mayer, Quicksilver All-Star goalie and by members of the UNLV team.

TV favorites The Brothers, Tommy and Donny, plus the Untouchables Frisco Franco will also be on hand. Frisco says he "wants to be dere to take

care of any of da kids dat get out of line."

Frank Bisogno, who is coordinating the event, says tickets are going fast and urges anyone interested in attending to buy their tickets early. Tickets are only \$1.50 and can be purchased at the Aladdin Box Office; Tropicana TV and Appliance, at the Tropicana Plaza at Pecos and Tropicana; Pat's Chinese Kitchen on Sahara Ave.; and the Soccer Corner at 4560 Spring Mountain Road. Further information can be obtained, for Henderson and Boulder City residents, at the Cashier's cage at the Eldorado Club in Henderson.

Nevada's Population Continues To Grow

Nevada had about 610,000 residents on July 1, 1976 (and probably had 650,000 by a year later) according to estimates made by the U.S. Department of Commerce. In the six years following the 1970 census, Nevada grew by 24.8% for an average growth of better than 4.1%. The greatest numbers of people flocked to Clark county (70 thousand), Washoe county (11.9 thousand) and Carson City (11.1 thousand).

Douglas county had the biggest percentage growth (74.6%), followed by Carson City (71.8%) and Storey county (62.4%).

The Department of Commerce estimates that Nevadans had an average per capita income of almost \$7,500 in 1976, which is an in-

crease of slightly more than 10% during the past year. Of course that growth is per capita income is off-set by the ravages of inflation so that the real-income growth was less than 4%.

Nevada's growth and prosperity is firmly tied to the entertainment industries. In the counties of Nevada, those counties where the casino and entertainment is largest also show the highest per capita personal income. They are ranked with Douglas No. 1; Washoe No. 2; Clark No. 3; and Elko No. 4 in per capita personal income in 1975. Later figures have not been calculated (and won't be until the 1976 income tax returns are processed and tabulated).

There are hazards to growth, to be sure. Nevada is hampered by constraints of water and land. And the big problems in both those hazards are the activities of federal departments. Land is a scarce resource with some 87% of Nevada under the iron control of federal bureaus. And that scarcity of land is reflected in the high prices being paid by people seeking a piece of land on which to live and work. A wall of federal control has been erected around practically every urban community in the state and there are even substantial federal controlled enclaves within the boundaries of some cities (including Las Vegas).

Water is in short supply and will be even shorter if federally inspired claims take even more water than is now being expropriated; or if the federal government upsets Nevada's long-established claim to waters within the state.

And one of the major hazards to Nevada's growth is the jealousy of people in states that, for one reason or another, have not done as well as Nevadans. That jealousy is fostered by federal departments who point with alarm at the prosperity of Nevada and compare it with states whose growth has barely, if at all, kept pace with inflation. The federal government has launched an effort to "equalize" the growth of the several states by taking money from the successful (and relatively prosperous) states and paying it out to those less successful. The dream is for a great leveling in mediocrity.

"Envy" is a terrible sin.

Fishing Poor But Improving at Lake Mead

This past week's bluebird weather apparently attracted more people to the hills and fields for a variety of hunting seasons than to Southern Nevada's lakes for fishing.

Several days of checks on Lake Mead's lower basin turned up only four anglers and none of them had caught any fish. Unconfirmed reports from unofficial sources indicate fair success for bass and catfish lakewide and improving. Crappies are reported hitting in the Overton Arm but on a sporadic basis with most of the fish one-half lb or less. Strippers are coming into the catch in the Overton Arm and from near Temple Bar in rather low numbers but expected to increase during the next month or so. Lures trolled at about 10 feet deep at a fast pace are taking the majority of strippers in these areas.

Bass fishing has been slow this past week in the Cottonwood Cove

area of Lake Mohave according to Harold Harper of Searchlight Storage and Bait but is expected to get better as water temperatures drop. Harper reports trout are hitting well both in the Nelson's Landing area and near the powerline at the lower end of Mohave's big basin. Anglers are taking their rainbows trolling needlefish and flatfish lures. Largest rainbow checked at Cottonwood on Saturday tipped the scales at 10 pounds three ounces.

Willow Beach's fishing success continues to top all other areas with 65 percent of Sunday's anglers creeling fish. Except for five good sized channel cats up to seven and one-half pounds, the major portion of the day's catch consisted of rainbow trout. Most of the bows measured from 10 to 13 inches and were caught in the 1 to 3, 10-11 and 18 mile areas with cheese baits. The biggest rainbow of the day, seven

pounds 14 ounces, was caught by Paul Hailey of Las Vegas trolling a fishback lure in the three-mile area.

Hunting season opened in Nevada's northern, western and southern counties this weekend with success about the same as it did the previous week for the deer opening in the eastern part of the state. Checks of hunters in Nye County showed 22 percent successful in taking deer over the opening weekend. DFG biologists consider hunter success as very good during the season so far and forecast even better hunting if the weather cooperates.

Last weekend's waterfowl hunting season opening at Kirch Wildlife Management Area was good, with 83 percent of the area's 469 hunters successful in harvesting 1,331 ducks. Majority of the birds taken were green-wing teal, gadwall and ruddy ducks.

Although hunting pressure at both Overton and Key Pittman Wildlife Management Areas has been relatively low, this past week both areas are supplying equal or better hunter success than last year.

STUFFED SQUASH

- 2 acorn squash
 - 1/2 cup chopped onions
 - 1/2 cup chopped green peppers
 - 3 tablespoons butter or margarine
 - 1 can (15 oz.) Chef Boy-ar-dee Meatball-A-Roni (macaroni with meatballs in tomato sauce)
 - 1/4 cup crushed pineapple
- Cut acorn squash in half, lengthwise. Remove seeds. Blanch in boiling water for 10 to 15 minutes. Remove most of pulp leaving about 1/4" to 1/2" of shell. Dice pulp. Saute pulp, onions, and green pepper in butter. Add Meat-A-Roni and pineapple. Stuff each squash with Meatball-A-Roni mixture. Cover with aluminum foil. Bake in preheated oven, 375°F. for 25 minutes.

Halloween — A Time To Be Alert and Expect the Unexpected

The night is nigh when all manner of creatures, including those from far off galaxies, pilots of space craft of the future, and the more conventional broomsticks of the past, will be abroad shortly before and after sunset.

Motorists should be prepared to encounter skeletons, goblins, and assorted apparitions wandering through the dusk and dark. All these creatures of presumed supernatural origin will be of short stature and should be expected to show a ghostly disdain for motor vehicles.

It will be, of course, All Hallow's Eve, best known to the "trick or treat" set as Halloween. It is a time when small

creatures in a multitude of frightening disguises prowl the streets, preoccupied with collecting tribute in exchange for allowing us to escape their disbolically fiendish retribution.

As a precaution against encounters with moving vehicles, California State Automobile Association (AAA) safety officials urge parents to be sure that their young adventurers are garbed in a manner that makes them easily visible to drivers.

"The excitement of the occasion can make otherwise cautious youngsters careless. Don't let this evening of fun turn into tragedy," says Neal Garrison, executive vice president of the over 1 1/2-million member auto club.

CSAA asks that parents stress seven rules of safety before permitting their offspring out on Halloween:

Dress: Use highly visible costumes, avoiding dark colors, unless well decorated with reflectorized materials. Avoid baggy outfits that might cause a child to trip or fall; don't use masks that obstruct vision, or pointed props that could cause injury

to the bearer or his friends.

-Cross streets only at corners -- never in mid-block

-Always watch for turning cars before entering the street.

-Look in all directions to be sure the road is clear before crossing

-Observe all traffic signals, and cross only on green or "Walk" lights.

-Never go into the street from between parked cars.

-Carry a flashlight, and use it to see and be seen.

At least one responsible adult or older child should accompany the youngsters on their rounds, but most important of all, it is the motorist who must be constantly alert and particularly aware of children being outdoors later than usual this weekend and the evening of Monday, October 31st -- Halloween -- a time to expect the unexpected!

Grand Re-Opening Begins

The oldest and largest casino in Henderson is now also the newest and largest.

Owners Sam and Bill Boyd have sunk more than \$1.5 million into renovating and remodeling their 15-year-old Eldorado Casino in the heart of Henderson, expanded it to 30,000 square feet of gaming area, and will celebrate its "Grand Re-Opening" beginning October 30.

The remodeling was handled by Marnell-Corrao Construction Company, builders of the Maxim Hotel in Las Vegas.

Cash prizes during the Eldorado's month-long celebration will amount to up to one quarter of a million dollars, the largest "no obligation" promotion Henderson has ever experienced and comparable to the promotions offered by Las Vegas Strip hotels and casinos.

The Boyds, presently owners of the California Hotel in Las Vegas and former stockholders in the Union Plaza Hotel, undertook the expansion program to keep in step with the rapid growth of the city of Henderson, the site of three new large industries this year including Levi Strauss and Company.

BLUSHERS

Where do I put my blush? That's a question I hear over and over and the answer changes with the times. The blush for the fashionable look today is the "Blush of Health." Yes, to be beautiful in 1977, you must be healthy—or at least look healthy.

So, how do you blush for health? Well, if you jog, ride a bicycle, or just exercise strenuously, you know that rosy glowing look you get after a vigorous workout. Heighten color, not only on the cheeks, but at the temples, around the hairline, under the eye brows and along the jawline. That's the look in style this fall. Use blush colors around the eyes as well as the rest of your face. The result will be the monochromatic face that is so very in fashion this year because it looks so natural and most of all healthy.

Henry Fonda "Awakens" Giant Octopus

Henry Fonda has been a motion picture star for 40 years, and yet now there is something new in his life. In American International's "Tentacles," which opens Oct. 30 at the Rainbow Theatre, Fonda is responsible for arousing a gigantic killer octopus.

Never before, it is believed, has an 80-foot octopus launched an assault on mankind. In the film, because of Fonda's unethical use of certain types of sound waves and vibrations during underwater construction near San Diego, California, the huge creature is maddened and sucks the life out of any human it can reach.

"Jaws" and "Tentacles" both reveal the threat from creatures of the sea. So far, sharks have been the greater killer of man. But if we stir up new forms of fury among the denizens of the deep, who knows what new dangers we will face?

SPORTS SPOTS

Top Racer Tom Sneva

With the tension practically unbearable, a crowd of 125,000 racing fans held their breath as driver Tom Sneva crossed the finish line ahead of the pack at the Pocono International Raceway. The event? The Shafer 500 mile USAC National Championship Series Race. Along with the winning purse, Sneva (above left) received a Speidel digital watch from Bernie Rogan (right) as one of a series Speidel is presenting to important sports figures in recognition of continue excellence in sports in America.

Taxicabs were introduced in London around 1823.

OCTOPUS TERROR — In American International's "Tentacles" Henry Fonda and Cesare Danova are underseas engineers suspected of using illegal electronic devices which drive an 80 foot octopus into a reign of terror, killing residents of a beach community. Also starred in the shocking story opening Oct. 30 at the Rainbow Theatre are John Huston, Shelley Winters and Bo Hopkins.
