Public Trust To Meet On Las Vegas Downs

A meeting of Henderson's Public Trust group Monday night will be the first step towards financing of the long-awaited Las Vegas Downs Race Track. This will be the first meeting of the Public Trust for several years.

Prior to the meeting Monday night at which Attorney Charles H. Burton is expected to represent the Funk Family as principal owners of stock in

Las Vegas Downs, the city council will meet Thurs. to appoint a new member to the Public Trust.

Dr. Harold Miller resigned from the board several years ago and has never been replaced since no one had asked for financing through the public trust. Other members of the public trust are Lyal Burkholder,

Estes McDoniel, William Perry and Dale Roberts.

A number of steps must be fulfilled following Public Improvement Trust approval. The firm must satisfy Internal Review Requirements, next the racing commission will have to approve the men involved in the track, and the bond market will have to re-

main stable.

David Funk, Jr., spokesman for the group said if all the steps can be taken soon the track could begin construction by Aug. and be nearly

finished by the first of the year. Background checks are being conducted on Hershel Trumbo, Robert L. Crane, Edgar A. Reed, Albert C. Funk

and Arthur L. Funk.

The city council recently gave the racing group until the first of the year to get the project underway.

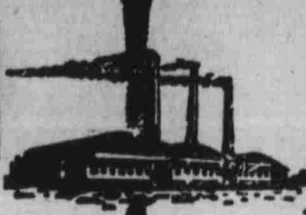

According to City Attorney Kent Dawson an applicant for tax free public trust funds must have land worth twice the amount of the bonds issued or an ongoing facility

with annual revenue 1.5 times the face value of the bonds.

Dawson said that although the city issues the bonds, it is not financially responsible should the Downs be unable to make good on the notes. He did caution, however, that the city must be careful in issuing the bonds because the city's reputation is at stake.

City Land Use Plan States

FREEWAY COULD CAUSE POPULATION INFUX HERE

Morry Story

By Morry Zeno

I was wondering when the other shoe would drop.

It dropped with the sudden proposal of the Regional Streets and Highways committee to make a thruway out of Pacific Street.

How untimely!

Who needs it now!

The freeway which would probably create a need for an off-ramp street at Pacific some 10 years from now -- isn't in the cards yet, won't be here within the lifetime of half the residents of our town -- maybe more than half of those who would be effected in the old Townsite area ... the part of town where the pioneers who kept the town alive have lived and enjoyed the hometownism they prefer over what big townism is showing us from neighboring Las Vegas.

Sure you must have future plans. All cities, counties, states and nations have future plans.

But why this item now -- when the town is enjoying its first breath of fresh air since the plants opened in the early fifties.

You know and I know that 10 years from now the heart of the town may be over in Green Valley or over on the highway and up near the Pass or down in the plant area, if the plants one day decide to find a more remote location.

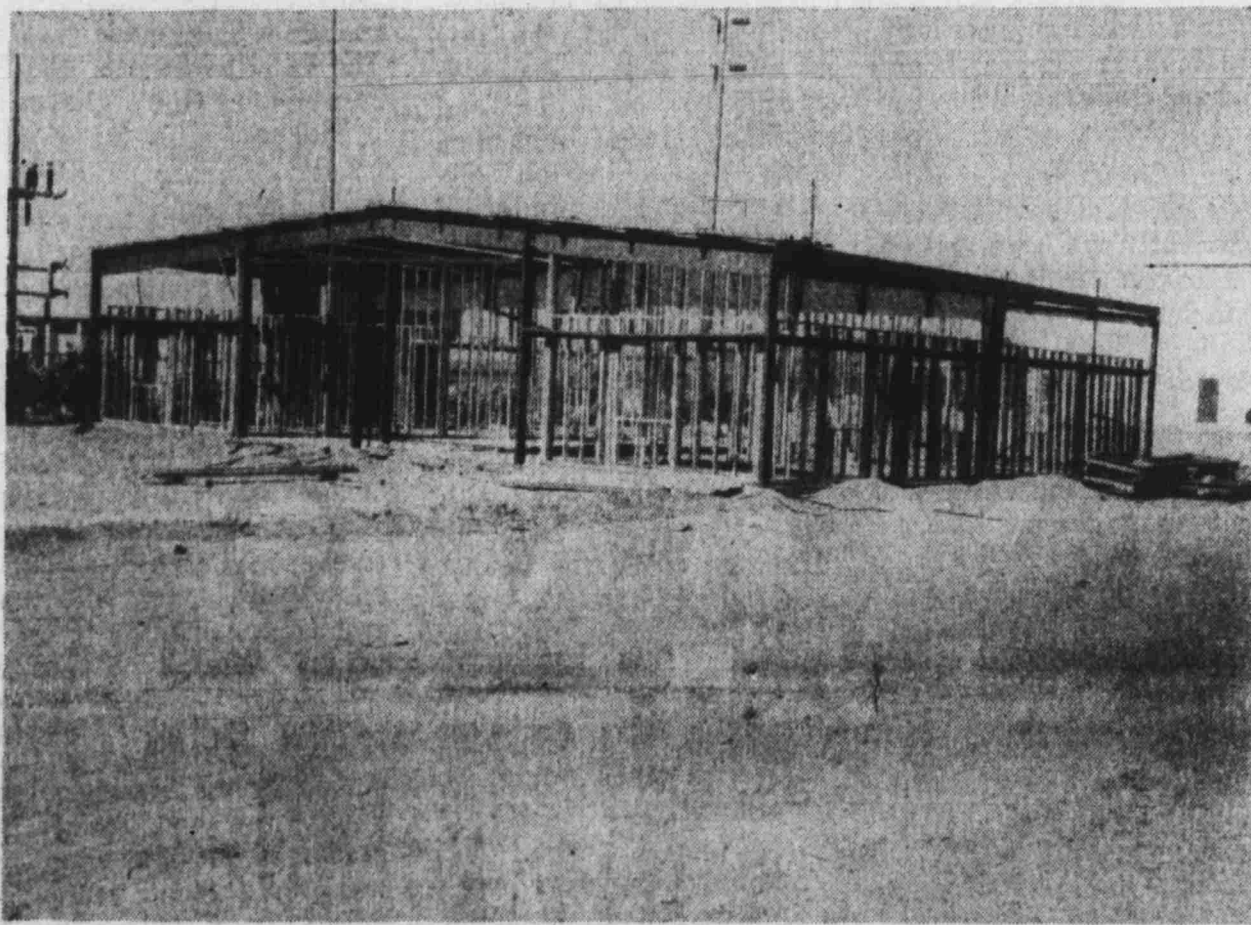

Who can picture today the needs of 10 years ago in a place where acreage is not the problem where our surrounding area is muchly still government-owned and easy to acquire as new city property.

Sure -- plan it out -- chart it out but it's just plain silly to scare people with maybes like the possibility of making a widened fast-traffic street out of Pacific.

Take another look at Van Wagenen and run that as a loop around the edges of today's town to carry traffic in and out and off. Take a look at Horizon and loop it around the circumference of the town -- from Boulder Highway to Lake Mead road and Gibson road.

Yes -- we could see that as being a today improvement to lighten traffic loads, if loads there be, but it's no wonder many of our citizenry were up in arms at this latest bit of nonsense.

We suggest the city council in their good way of doing things knock this critter in the head as soon as possible -- and let the home folks go back to relaxing their way thru life. Should home folks decide to sell their homes or stores or Pacific one day, they could or should offer the Regional Streets and Highway authority the first chance to buy at the current market price. In that-a-way, both sides will have accomplished something.

NEW FIRE STATION -- Located next door to the Henderson Boys' Club, the new Henderson portable fire station is now under construction. According to Bob Anselmo, public safety director, the station is expected to open July 1. Four new firemen have been hired to man the station. Utah - LaGrange is providing two new mini fire trucks to the city for the station.

Still At Rose de Lima

Dr. Tabar Moves Office To Las Vegas

This week Dr. Walter M. Tabar announced the relocation of his office for the practice of general surgery to Las Vegas but he will continue to be very much a part of the Henderson community and St. Rose de Lima Hospital, he said.

Tabar and his family came to Henderson in July of 1963 and has seen many fine accomplishments of our local hospital in the 15 years he has been associated with it thus far.

A native of Almont, Michigan, Tabar is a graduate of the University of Michigan at Ann Arbor and also of the University's Medical School where he studied under Dr. Fred Collier.

Several of the high points during the past years, which Dr. Tabar recalls, have been the establishment of the

heliport at the hospital, the first in the state of Nevada, he said. This was begun in November 1967.

In 1968 the ICU Burn Unit was started with funding from IBM. "We now have a two bed burn unit at the hospital which is nationally known and listed by the National Burn Association," Tabar said.

He is also very proud of the Lindesmith Surgical Foundation which was started by local resident Marian Lindesmith who contributed a goodly sum of monies towards it. Tabar said that Hank Greenspun has also been a large contributor. The equipment which has been purchased for the foundation includes a fiberoptic endoscope which allows the physician to look down the mouth into the passages of the

stomach and small bowel enabling him to make specialized diagnosis without the need of surgery. This is just one example of how the equipment can be utilized.

"This has been very beneficial to the people of Henderson and the hospital and put St. Rose de Lima ahead of the game as eight years ago we were the first hospital in the area to have this equipment."

Tabar is a monitor for the foundation and stressed that continuing funding for the foundation is constantly being sought.

Dr. Tabar is also Chairman of the hospital's Tumor Board. He and his wife, Lorraine, have three children - a son, Walter "Skip" who graduated this week from Basic High School, and two daughters, Pam and Jill, both of whom will be attending Basic High this fall.

Pacific Street Proposal Expected To Meet Death

A proposal to extend Pacific Street from the Railroad tracks to Boulder Highway into a four lane street, is expected to die a sudden death tonight when the city council meets with residents

of the lower end of Pacific Street.

A public hearing had been scheduled by the Regional Streets and Highways Commission on June 14 in North Las Vegas on the matter and funding would also be done by

the Regional commission.

City Manager Bob Campbell said Monday night he hoped the money appropriated for Henderson for the project could be used elsewhere.

By Lorna Kesterson

The freeway through Henderson will hasten the exodus from Las Vegas and accelerate the occupation of vast areas of land in Henderson designated for residential housing, a future land use plan adopted by the city council Monday night states.

The land use plan was prepared by Planning Director Bob Gordon and his staff with funds provided through the U.S. Department of Housing and Urban Development under section 701 of the housing act.

The plan states that Henderson will be a satellite community bordering Las Vegas and its business enterprises will be largely limited to the service of its local residents.

The city is composed of 65 square miles, nearly two-thirds committed to residential use and one-third for industrial use. The usable residential lands are largely desirable acres providing an overview of the Las Vegas Valley and the surrounding mountain ranges. The expectation is that this land will gradually be occupied by people escaping from the environment of Las Vegas.

The movement of people to Henderson is expected to be gradual enough to avoid sudden or heavy demands on its financial base for utilities.

Commercial Expected To Grow

The land use plan states that despite the population growth in Henderson attempts to revitalize the original business district has met with little success.

It further states, however, that the congestion on Boulder High-

way and the City of Las Vegas is slowly turning the percentage in favor of the Henderson merchants and this trend will continue.

Problems

The report states that although Henderson is assured of an ample water supply and future sewage disposal problems are normal in character, the city is faced with two problems - air quality and electricity.

A natural inversion condition exists over the entire valley which holds automotive and air craft emissions over the valley and industrial emissions over the Henderson area from the nearby industrial plants.

The long range effects of the air pollution problem in Henderson are unknown.

On the power problem, it may be lessened with the purchase of California - Pacific by Nevada Power, a firm that does produce power.

With most of the city's land vacant, the city's future is ahead of it. Approximately 16 square miles of land area have been added to the city since 1969. The major acquisitions were in the western area (Green Valley,) the northeastern area (Lake Adair) and the eastern area which now places that boundary along the base of the River Mountains. All of this land is capable of being service by the city's utilities systems.

The land use plan is available for inspection at the city planning department.

Gordon said the land use plan is not something that the city is "locked into" but it can be changed as the need arises.

HUD Representative Tours Pittman Area For Grant

Earl Singer, field representative for Nevada for the Department of Housing and Urban Development, toured Henderson and the Pittman area Wed. with City Manager Bob Campbell in reference to a \$777,600 grant requested by the city.

The grant was applied for to put in improvements in the Pittman area of the city. The improvements include the installation of streets, flood control, restrooms for the park and street lights. The grant would be spread over a three-year period.

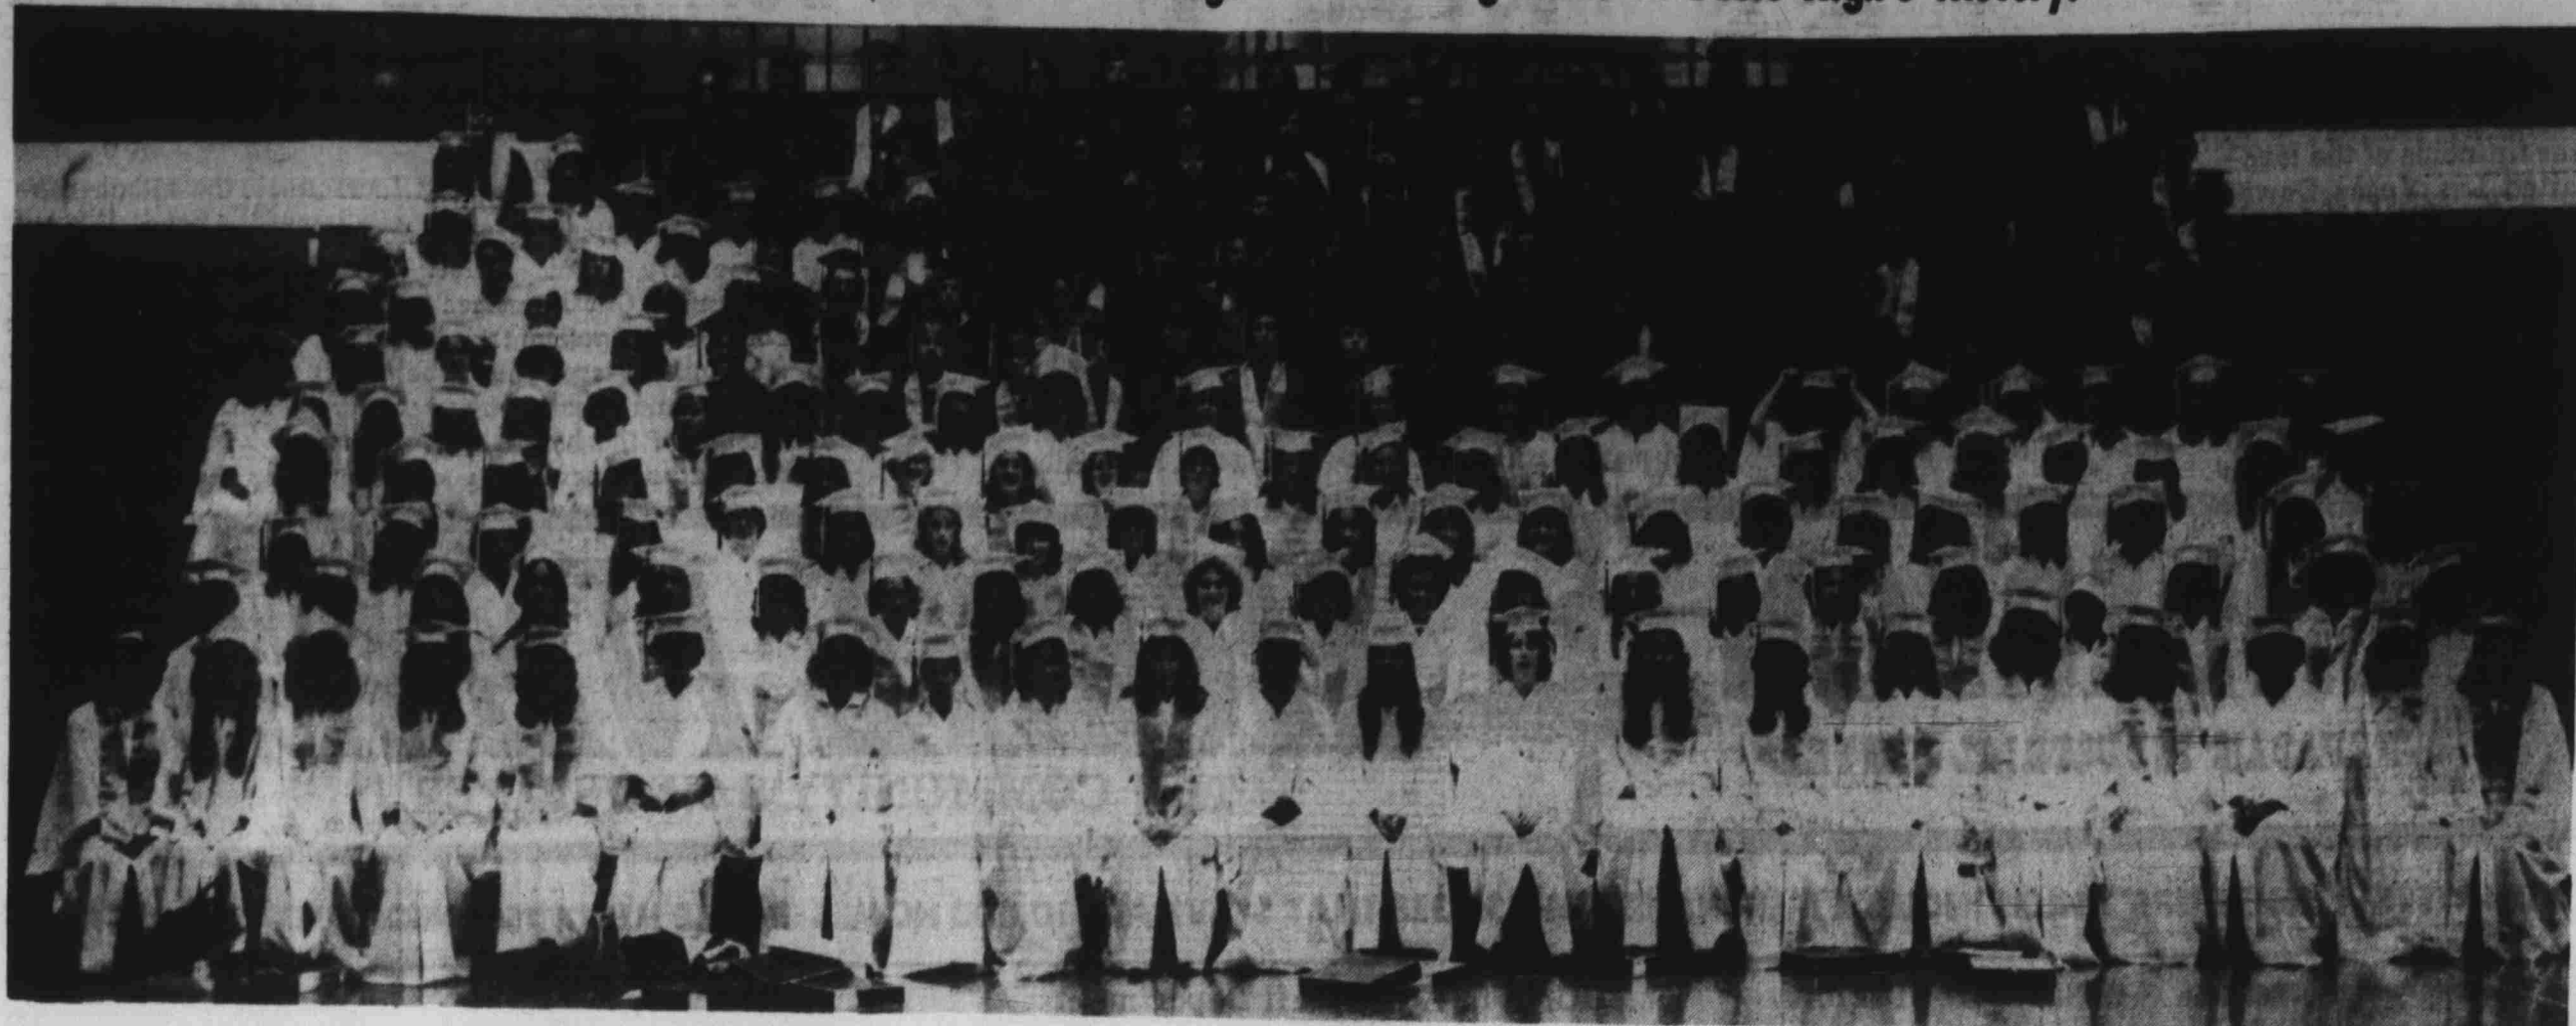

Campbell said they spent almost two hours touring the Pittman area and Henderson,

however, Singer said it would be mid-July before it will be announced whether the city receives the money or not.

The first increment applied for by the city was \$374,400. Campbell said only \$750,000 will be awarded statewide. Henderson will be ranked among the other cities as to the needs.

Campbell said the city has applied, or will apply for a grant of \$152,000 next year to upgrade the Pittman park. The application will probably include a lighted ball field and other improvements. The application will replace the ones previously applied for O'Callaghan Park.

This Is The Class Of 1978 - The Largest Graduating Class In Basic High's History.

Basic Photo

Class Of 1978 Graduates With 'Pomp And Circumstance'

by Flo Raymond

It was June 5th, 1978 and the mood was light, Gentle breezes, warm but nice, were soft and carressing, upon the upper valley of Henderson where Basic High School stands.

It was a typical high school graduation under peace time conditions with no anticipation of war in sight. The commencement exercise was set for 7 p.m. and all went off according to schedule! Parents, relatives and teachers were friendly and proud. The Gymnasium was alive with people finding seats and the formation of the graduates for the processional. The stage front where an estimated 260 students would sit was decorated with white and gray brick style paper with huge crepe flowers in spring colors.

The Basic High School Band under the direction of Brent

Cecil played the "Pomp and Circumstance" march by Elgar with spirit and spark. The cymbals clashed and the drums rolled while the graduating students of the Thirty-sixth Annual Commencement strolled with grace down the aisle.

They took their seats feeling relaxed, happy and thoughtful - tinged with a wee bit of nostalgia.

This was the end of a very important part of their lives and the beginning of a brand new life. This was graduation day!

An uplifting Invocation was delivered by J. Marlan Walker, Teacher of Latin and Spanish, who served as the former President of Mexico's North Mission of The Church of Jesus Christ of Latter-day Saints. Basic's Junior R.O.T.C. presented the National Colors - followed by the Pledge of Allegiance led by Senior Class President and Honor

Student - Tracy E. Burr. The National Anthem was rendered by the Band with flare building up to a dynamic climax. All were seated!

Girls wore white gowns and white caps with blue and white tassels while the boys sported royal blue gowns and hats with blue and white tassels. Gold ribbons were worn around the shoulders of the Honor Students.

Valedictory addresses were short and to the point. Three valedictorians shared the spotlight with John G. Kemp's message to the graduates setting the mood of the evening.

"Lead lives we want to lead - meaningful lives - with firm control of who and what we are," Kemp stressed. "This is a valedictory speech which is a farewell... so goodbye!" JoLynn Lauten then took the podium, emphasizing the "importance of knowing our own talents and abilities,"

"What we make of ourselves is up to us and to follow a plan," and finally "wishing the Class of 1978 the Best of Luck with special thanks to teachers and mother." Linda Younghan's advisory points were on "solving problems - population growth - working with other people - responsibility to ourselves and others!"

A most stirring rendition of "America the Beautiful" was presented by the Basic High School Band combined with the Bel Canto Choir under the direction of Marsha Beatty.

The Choir and the Band of Basic High express excellent musicianship, good coordination together with deep feeling for the piece being performed.

Scholarships were presented by Mrs. JoAnn Dyck, Basic High School Counselor. This was followed by the Bel Canto Choir singing a contemporary love song - "You

and I." Frank Brusa, Principal of Basic High School, welcomed and presented guests. The Band performed "Elsa's Procession to the Cathedral" by Wagner.

Principal Frank Brusa presented the Graduating Class to a brilliant ovation by an inspired audience. Presentation of diplomas was executed by lovely Janet Sobel who served on the Board of School Trustees of the Clark County School District. In a very clear and demanding voice Drama and Speech Coach - Ross Cook announced each of the graduate's names.

The presentation was over - tassels were moved by the students to the left side of the cap. They had officially graduated and the ceremony was over. Students and audience rose in tribute to the Alma Mater written by a former Principal, John A. Dooley - and performed by the Basic Band. On a solemn note,

Reverend John Osko of the First Baptist Church delivered the Benediction remaining the theme to make the "best of life making the best of one's self. Mendelssohn's "War March of the Priests" concluded the program. Principal Frank Brusa, and Assistant Principals Arlen Simonson and Don Taylor witnessed another graduation - with a feeling of pride in the excellent "launching pad" that Basic High School has to offer.

Outside again, the breezes were a little cooler and all of Las Vegas could be seen like shining jewels. Students all over the United States of America are graduating - in hot cities, small towns, rural areas, but this is the Valley beautiful of Southern Nevada. The graduates of Basic High School are indeed lucky to have grown in this area and we hope they all will enjoy sparkling lives that "outshine" the "jewels of Vegas" and reach as high as the stars!

Over The

News Desk

Lorna Kesterson

Levi Strauss and Co. and the Jeanswear division, will officially hold its grand opening ceremony of its newest distribution center at 501 Conestoga Way in Henderson on Friday, June 16 at 1 p.m.

The Levi Company has been a boon to Henderson and you can hardly think of Levis in Southern Nevada without thinking of Henderson. The new building is also an asset to the city as you enter from the east. A new sign, to be placed on the highway, telling what the building is, was approved by the city council Monday night.

The Old West is having a slower construction schedule than was anticipated and so the Chamber of Commerce will not be holding its installation of officers there on July 1. The new tentative location for the installation will be Paradise Valley Country Club with Senator Paul Laxalt as the speaker.

The Chamber, last month, held a breakfast meeting instead of the usual luncheon meeting and found that it was very successful. Apparently the people in Henderson are early risers and would rather hear guest speakers in the morning than at noon. Maybe business pressures at noon have

something to do with the decision.

As was reported earlier in this newspaper, the building permits for May of this year, were almost as high as the entire total of the months to this date last year and John Quinn, superintendent of building, doesn't expect it to let up.

The total for May was \$5,662,870 as compared to \$1,731,523 for last May.

The total for this year to date is \$20,369,709 as compared to \$6,353,112 for the same period last year.

The biggest building seems to be in new dwellings where 76 permits were taken out at a valuation of \$3,132,018 and in commercial with \$2,378,448.

Pat Wing at the Southern Nevada museum, has designed a new brochure for the museum which attracts much attention.

Did you know that the main museum and office is at 1830 South Boulder Highway and is open Sunday and Monday 12-5 and Tuesday through Saturday from 9-5?

The city museum at 240 Water Street is open Sunday 1-5, closed Monday, and open Tuesday through Saturday from 9-5.

Since the county is definitely

going to take over the museum, there may be some changes in the future. The location of the museum on Boulder Highway is ideal since it is so closely related to the Old Vegas project. Should we worry that changes in the museum location are in the offing?

Are you sending less letters than you did before the postal hike?

The increase costs of mailing and the cost of gasoline may make this an uncommunicative era. Now if the telephone rates go out of sight, it may be that we'll be back to the "good old days" when you only see your family and your immediate neighbors.

The new postal stamp is great, they can increase the costs many times without changing the stamp because there is no price on it and this may save the taxpayers some money in printing.

Stuckey's To Become A Welcome Center

The City Council Monday night approved a business license for Preferred Equities Corporation to operate a Welcome Center - Reservation Center at the present location of Stuckey's on N. Boulder Highway.

Patrick Dyer, speaking for Preferred Equities, said they had received word that day that the sale of Stuckey's to their corporation had been approved.

Dyer said that the sale would be finalized by June 15 after which some remodeling would be done and they would be open for business by July 1.

They will continue to have the current businesses in operation, namely the restaurant, gifts and gasoline. Preferred Equities Corporation is also currently licensed as a Welcome Center at Mary Roberts building on S. Boulder Highway.

In other actions the Council approved a family care home license for Sieglinda Jones of 214 LaPaz and a package liquor license for Richard and Dianne Crawford of the Green Valley Grocery at 2560 Lamb Blvd.

FIRE HYDRANT TESTING SCHEDULE

The Henderson Fire Department will continue its flow testing and flushing of hydrants on the following dates in the areas of town as indicated:

On Monday, June 12, the testing will take place in Section 27 and the Rob's Motel South area.

On Tuesday through Friday - June 13-16, the testing will take place in the Mission Hills area.

Residents in these areas that are being flow tested may experience a temporary silt or clouding condition in the water which may damage clothes being washed, so it might be in the best interest to postpone wash days in these areas during the flow period.

Pet Peekin'

By Flo Raymond

'Mary Helps The Cats Stay Cool.'

You've heard the expression which is a sort of a musician's compliment - "He's a cool cat - the way he plays that sax!" Well there's a lovely lady in the town of Henderson who admires the cat - feline variety - and she sees to it that none of them land in the town's pound.

Mary Hess has always loved cats since a child in Utah. She and her husband, Dick, and two teen-age children living at home, Max and Parinda, take care of, feed, and house (to-date) four adult female cats and their sixteen children - (kittens). In any event the cat mothers have all recently given birth and are quite friendly with one another. They are respectively: Smokey, Scooter, Tiger, and Princess. Smokey is a pearl gray short-hair but her daughter, Princess, is a beautiful long-haired part Siamese. Well, Princess grew up and just gave birth to a litter of her own making Smokey not only a new mother which she is but also a grandmother.

Dick and Mary were on their way to the Safeway off of Boulder Highway one sunny day when they spotted a long (apparently dumped) kitten on the mound between the Highway and shopping center. The little Tabby kitten was frightened in the big world of automobiles whizzing by and the sights and sounds of ultimate confusion. "Dick-look at the kitten on the mound! We've got to save it!" The car rushed to a halt to the side of the road. The couple rescued the kit and so became an added treasure to the Hess Household - "Tiger." Tiger's first litter produced only one kitten who survived - a short-hair black and white - which made up the completion of the Hess family.

"I was always bringing in strays," Mary mentioned, "which could have been people, dogs, cats, wounded birds, or the like! I've owned pet dogs and cats all of my life and always have had a feeling and love for the animal world." Mary went on to say that she even cared for a pet water snake at one time.

The lady believes firmly that a cat and dog will get along fine if raised together. She recalled a time in her life when she owned a little Chihuahua named "George," and a cat called - "Fluffy!" They grew up together and enjoyed each other's company like brother and sister. They played and found life quite fulfilling. One day George was killed by a car. Fluffy grieved so in her little heart that a week later while Mary

Mary Hess and son - Max. Holding "Cool Cat and Kids."

Siamese and Tabby await a home - phone Mary at 564-2822.

was watching television, Fluffy walked in front of the TV set - rolled over and died. "It was most sad," Mary added, "and I felt for them - loving them both!"

Mrs. Hess told of her mother cats now and the sixteen beautiful kittens. "They all share with the nursing - sprawl out on the living - room floor and nurse each other's kittens. They know their own kits but are such good friends that they help each other in the rearing." Mary said that they are clean and tidy - taking very good care of themselves. "All that is left for us to do is feed them, give them water, and clean the litter boxes," she mentioned. The kittens are kept "cool" in the closets where they have their homes but have free roam of certain parts of the house. Mary believes that cats are fine pets and contrary to belief - are loyal and affectionate. She finds they definitely do try to communicate with the human and to own one is most rewarding. Max concluded - "We have all

kinds of kittens to offer - grays, grays and white, black and white, white with Tabby, white with black, and a beautiful little blue-eyed Siamese - just for the asking." Mary added she would like to secure good homes for the kittens for she takes a sincere interest in their fu-

Taylor Students Say Goodbye To Grade School Days

On June 8, ninety-six students from Robert Taylor Elementary School will say farewell to their grade school days and, next September, will enter junior high. The bulletin board in the picture carries the sentiments of their fellow students.

These sixth graders, who will be a part of the high school class of 1984, have seen and have been a part of many changes through the years since they were in the first grade at what was then known as Park Village School... The school opened in September of 1973 with a new name, Robert Taylor Elementary, in honor of the former principal, Robert Taylor, and with a new principal, Dale Riddle, who was to guide these future sixth graders through the rest of their elementary years.

As the second graders proceeded through the grade levels to the sixth grade both they and the school, under Mr. Riddle's direction, changed perceptibly, as schools and students do.

The school itself now wears brightly a new coat of paint, and displays, in black lettering, the new school name, Robert Taylor Elementary School.

On the playgrounds stand new tether ball poles and hockey boxes and two very large conduit pipes that do double as train tunnels, slides, places to hide or to climb upon - or whatever else the primary children wish them to do or be.

On the intermediate playground a boldly painted map of the United States and also a map of the State of Nevada with its counties afford opportunity for many games and a great deal of incidental learning as well.

The area of the school-ground has been more than doubled by the cre-

ation and addition of a grass-covered field adjoining Morrell Park to make a place for supervised play. The entire area has been surrounded by a new fence with gates that can be locked as a measure in preventing accidents resulting from unsupervised activities.

Inside the buildings other changes have occurred as the second graders of 1973 moved toward their sixth grade. The school library, through the cooperation of the faculty, has become a media center and has stretched its dimensions to over 8000 books and the addition of three former storerooms to include audiovisual materials and math and reading management supplies. The format of the library resource center has changed from a once-a-week library visit for each child to an open library where any child, with teacher permission, may come any day or every day, for research, books, magazines and media, or to see the beehive, the ant farm or the aquariums. A number of sixth grade students act as library aides. Those of this year's class have done exceptional work in helping the library to function.

The sixth graders have also seen and have been a part of other changes during their elementary years - some more important that the physical changes in the school. Many programs, designed for particular purposes and supervised by efficient teachers, have been added to the curriculum.

Title I teachers assist those students needing a special boost in math and reading. A Reading Improvement Program offers aid to those students who need more help in reading than can be given in the regular classroom. Mainstreaming programs help those who have some special problem to rise above it. The music program is one that pleases young students as well as those in the upper grades. A family aide and an integration aide help with

solving language barriers and act as liaison officers between parents and school. Teacher aides in some classes free teachers from routines and give them time for more actual teaching.

There is another phase of elementary school in which the sixth graders, as well as other students, have played an extremely active part. That is the steady rise of test scores in the school, especially in math and reading. Led with careful teaching by their teachers from alphabet books and counting games to sixth grade literature and math, in five years each grade has shown a marked increase in ability.

Robert Taylor Elementary is proud of its sixth grade class. Their sixth grade teachers, Mrs. Mooney, Mr. Walker and Mr. Goldston, will be a part of their pleasant memories forever, as will many others in the school who helped them to grow up. They will remember, too, their principal, Mr. Riddle, who has guided the destiny of their school from their second school year until now, and who has, as a part of the Clark County School District, been responsible for many good things made possible for them during their climb to junior high.

These students will remember parties and programs, movies, Taylor Tiger T-Shirts, puppet shows, field trips, stories read to them, school ground games and their classmates.

Robert Taylor Elementary sends its sixth grade forth with pride.

In 1925 it was possible to buy an automobile for as little as \$260!

The great magician Harry Houdini's real name was Ehrich Weiss.

Henderson - Its Economic History-

by Maryellen Vallier Sadovich

Maryellen Vallier Sadovich, a noted Nevada historian, and a Henderson resident since 1954, treated our readers with a most unique bicentennial series during 1976. This year, she has researched the local newspaper files and the archives of Henderson's City Hall, the Chamber of Commerce, and BMI, to produce an economic history of Henderson from the first day of incorporation to the present.

As it became more and more evident to Henderson officials that their city could not count upon the expected additional income from the proposed Laeke Adair development, other sources of income were investigated in 1968.

To collect funds from the cigarette tax which had been withheld due to a 1967 legislative measure, Henderson joined other Clark County cities as well as Reno, Gabbs, Winnemucca, Sparks and Elko in a suit they hoped would force payment of approximately \$416,000 in cigarette taxes to the various cities. In April, the Nevada Supreme Court ruled that the cities had the right to collect these receipts, and Henderson received \$32,000 of the previously withheld funds.

Early in the year, the Secretary of the U.S. Department of Housing and Urban Development announced approval of a grant of \$24,000 under

the Urban Planning Assistance Program to help pay for the comprehensive planning necessary for the 17,000 acres the city would soon acquire from the federal government. This HUD grant, was designed to cover approximately two-thirds of the cost of the work, and had to be supplemented by \$12,000 in local funds to cover planning costs for a two year period.

Still another expense was incurred, when the land acquisition was delayed because approximately 6000 acres of salable land under option for purchase by the city had to be cleared of mining claims. In September, the council voted to spend the sum of \$40,000 to clear the land title. For a payment of \$20,000 to the claim holder, the city would receive a quitclaim deed to the lands and the remaining \$38,000 would be paid from the sale of the land in sums not less than \$3000 a year over the next eight years.

Still one other source of income was developed in June, when the Council adopted ordinances that would effect a 4 percent raise in utility franchises. Earlier North Las Vegas had gone to the Supreme Court seeking the right to adopt a franchise tax, and the court had decided in favor of the city.

As a result, Henderson and other Clark County cities took advantage of the Supreme Court decision. With the newly enacted ordinances, Henderson could collect a 4 percent of the total operating revenues of the Henderson Telephone Company Nevada Power Company, AND California - Pacific Utility Company. The companies immediately passed the increase on to their customers, and in September 4, a 4 percent raise in utility bills went into effect.

Even this increase in income did not satisfy Henderson officials, and they looked eagerly to the legislature for relief. Representatives of the various Nevada cities sought authority from the legislature to levy all cent sales tax to go directly into the cities. But northern cities opposed the proposal. Finally, in

April the Legislature approved a three - bill package that included a raise in cigarette tax from 7 to 10 cents a pack and an increase on the levy on a gallon of liquor from \$1.40 to \$1.90. It also included approval of a 1/2 cent sales tax that could be put into effect "if all cities in the county petition the county commissioners for the tax."

The city manager noted that the package would mean approximately \$600,000 for Henderson, and would create sufficient funds for a seven percent raise for all city employees. But in June, elections brought a new mayor, Estes McDaniel, and one new councilman, Lorin Williams to the council chambers. Three weeks later, On June 23, upon the recommendation of the city manager, the council and the new mayor approved a \$100 per week increase in salary for all city employees.

City Library Assists Henderson Elementary Schools

Tom Hollis, Henderson City Library Director, in cooperation with Dale Riddle, principal and Mrs. Doris Bondurant, librarian, of Robert Taylor Elementary School, have worked out a program to keep the young people of Henderson reading during the time the school libraries are closed for the summer until school opening

time in the fall.

Hollis' usual summer reading programs at the city library will commence earlier this year and will be extended to include more young people and a wider range of books and media than in the past.

Hollis, assisted by this staff, will be busy planning for what will be an

increased circulation of materials, especially for the elementary students.

Hollis, accompanied by Jo Lynn Fyfe, visited Taylor Elementary School and McCaw

School to explain the program and to acquaint the students with the good things the city library has to offer. Printed information was given to the students to take home to parents. This information details the plans and points out the advantages of the summer continuation of reading.

Letter to the Editor

Open letter to Henderson Home News Copies to Las Vegas Review-Journal and Las Vegas Sun.

In the May 25, 1978, issue of the Henderson Home News, there was a report from Mrs. Genevieve Smith, Nevada Mother of the Year, about her attendance at the Mother of the Year pageant at Des Moines, Iowa.

I quote: "It is encourag-

ing to know that it is not just the lesbian women of America demanding rights that are organized." Mrs. Smith certainly does not add to her status as Mother of the Year by making such an irresponsible and irrelevant statement.

LIBRARY READING PROGRAM - Tom Hollis, director of the Henderson Public Library, spend a good part of two days last week talking with students at Taylor and McCaw Elementary Schools about the library's summer reading program. Hollis is shown with students from Mrs. Dear's kindergarten class at McCaw School. He was assisted by Annette Dawson, a fifth grade student in Mrs. Abell's class.

ONLY A FEW OPENINGS LEFT - Jo Lyn Fife, assisted by Mike Chastain of Mrs. Abell's fifth grade class at McCaw School, talked with Mrs. Neighbor's fourth grade class about the library summer reading program. Miss Fife assists with this popular program at the local library. She did such a great job of promoting that there are only a very few openings left for students in grades kindergarten through sixth.

HWBA Annual Meeting

The Henderson Women's Bowling Association held their Annual Meeting in the Aztec Room of the Eldorado Club on May 22 with president LaVon Holmes presiding. Enough members attended to constitute a quorum and vote on a change in the association by-laws presented by past president, now state director, Judy Quadlin.

Specifically, that HWBA directors to state would be members of the HWBA Board of Directors along with the association officers and a representative from each league. The vote for approval was unanimous.

Secretary-treasurer Betty Wages reported on the success of the award banquet, the association's financial solvency and suggested the purchase of BVL

patches from the Nevada Women's Bowling Association for resale to our members for one dollar. This motion also passed.

After considerable discussion pertaining to association activities it was agreed that more tournaments would spark an improved interest in bowling and Lyn Coggins was appointed tournament chairman. There should be a lot more activity at Henderson Bowl and the members are encouraged to participate in all of the special events.

We have a fine, growing association and dedicated officers for the coming season. LaVon Holmes was elected president, Janet Mommer vice president, Betty Wages is secretary treasurer, and Carol Farmer sergeant at arms.

In an emotionally-charged scene from the new World Wide Pictures release, SHIKARI PASS, Nubuo tries in desperation to operate a broken emergency brake on a runaway passenger railroad car.

New Film Is Gripping True Story

Shikari Pass, a new film from the producers of The Hiding Place, will be shown at First Baptist Church, 47 E. Atlantic on

Sunday, June 11. The one hour color release from World Wide Pictures will be shown once beginning at 5 p.m. Shikari Pass is uni-

que among World Wide Pictures productions. Although it has an English soundtrack, it was originally produced for showing to Japanese audiences. It was filmed entirely in Japan with a Japanese cast and crew, and depicts the delicate beauty of that country. The drama of the story unfolds against a backdrop of Japan's spring blossoms, snowcapped mountains, and whispering native music.

A true story, Shikari Pass is based on the international best seller by Ayako Miura. Nearly two million readers have been touched by this story of the abiding love of a young couple at the turn of the century.

Credited with creating a deeper understanding of the Christian faith among the Japanese people, the film tells of the love of Nubuo for Fujiko, and of his willingness to be guided by his personal faith, no matter how great the cost of commitment.

There will be no admission charge for the film program.

JAN BUTLER DANCE REVIEW FRIDAY - Michele Fincher will be one of the featured dancers in the Jan Butler Dance Review Friday, June 9 at 7 p.m. at Basic High School's Little Theatre. Michele won first place in the Senior dance Division of the 1978 Henderson Industrial Days Talent Show.

Jan Butler Dancers In Recital

The Jan Butler School of Dance will be presenting their annual dance recital this Friday, June 9 at 7 p.m. in Basic High School's Little Theatre.

The show is comprised of four acts and the public is cordially invited to attend. There is no admittance charge.

Act One, "Dance, Dance, Dance" features the Jan Butler dancers with an outstanding jazz and tap production line number. Also featured are several solo jazz, tap and modern dance students, many of whom

have placed first, best of show, best of dance, and first in Senior dance at recent dance and talent shows held in Las Vegas, Henderson and North Las Vegas.

Act Two is the musical story of "The Jolly Pied Piper" with songs, dances and pantomime. The production stars Jillane Hammond as the "Piper," Curt Magleby as "The King," and Michelle Davis as "The Queen." The story is told by children ages four through 12 years of age.

Act Three, "Tunes for Tots," features gymnastic and tap dancing stu-

dents ages four through seven years old.

Act Four, "Musical Varieties," is comprised of children ages nine through 11 and features "Star Wars." This is an outstanding number which has been set in black light with brilliant strobe fabrics on the costumes. The number has been choreographed by Mrs. Butler and was staged to be performed in total darkness with the exception of the glowing star war swords and the interludes within the music which allows for the glowing costumes.

Summertime Activities at the Civic Center

There are a variety of activities being offered this summer at the Civic Center by the Parks and Recreation Dept. The first session, which starts next Monday, June 12, has a variety of classes to offer both children and adults.

For children there are classes in Arts and crafts for 6 to 10 years of age and from 11 to 16 years of age. These classes are held on Tuesday and Thursdays in the mornings and begin June 13.

There are several classes in baton instruction for the beginner, intermediate and advanced students. These are held on Wednesdays in the afternoon.

Beginning art is offered Tuesdays and Thursdays for those aged six and up.

Belly dancing which has become very popular in

recent years is being taught on Saturdays from 12 noon til 2 p.m. for those five to 18 years of age.

Ceramics for those 12 and older is offered on Tuesday and Thurs. from 6:30 to 8 p.m.

Cooking for children 9 and older is taught Wednesdays from 1 to 3 p.m.

Several classes in dancing are offered for children 4 to 12 and beginning guitar lessons will be taught each Tuesday from 6 to 7 p.m. for children aged 7 and older.

There are 12 gymnastics classes available on various days of the week for the toddler to those who have been involved in the sport and are more advanced.

There will also be tennis classes for beginning children on either Mon. and Wed. or Tues. and

Thurs.

In the adult session, there are several belly dance classes, two offered for the beginner and also for intermediate and advanced dancers.

There will also be classes in cake decorating, circular weaving, disco dancing and a dancercise. Dog obedience class is being taught on Wed. from 7 to 8 p.m. and on Tues. and Thurs. mornings golf lessons will be given from 10 to 11 a.m.

Adults may also receive instruction in beginning guitar and in the art of macrame.

Registration should be made by June 12 for any of the classes in which you are interested. For further information call 565-8921, Ext. 32.

BOYS' COOKING CLASS TO START

Henderson Parks and Recreation Department is offering a Boys' Cooking Class beginning June 12.

The class is open to boys 8 years and up for a cost of \$10 per session. Registration will be taken at the Henderson Civic Center or

Room 22 of the Civic Center Annex from June 1-June 12. Enrollment is limited so register soon.

Judy Taylor Wed To Garry Watson

The marriage of Judy Ann Taylor and Garry J. Watson, both of Henderson, took place recently in St. Peter's Catholic Church.

The bride, daughter of Mr. and Mrs. Donald Taylor of Henderson, is a graduate of Basic High School. She then attended Northern Arizona University. She is presently employed by the Bank of Nevada.

The groom is the son of Mr. and Mrs. Leland Watson of Henderson. He is also a graduate of Basic High School. He then attended Southern Utah State College. He is

now employed by Brandis Construction Company.

Vicki Leggett, sister of the bride, served as matron of honor. Bridesmaids included Pam Zajac, Sheila Dwyer and Eula Moore.

The best man was the brother of the groom, Terril Watson. Also serving were Mike Watson, Dwayne Lefler, Mike Taylor, Kevin Leggett, and Donald Smith.

Following a reception at Black Mountain Country Club, the couple honeymooned in Las Vegas. They are now residing in Henderson.

R.S.V.P.

By Edna Deardoff

How pleasant it was in Room 29 today. Nice and cool and a bountiful table of good food and a room full of happy people to share it all.

After stuffing ourselves, we enjoyed our 10 games of Bingo. Prizes were won by Verl Nielson, Algie Becker, Claire Soule, Bertie VerBecke, Sadie Mawry and Anna Walsh. The Small Picture Frame game was won by Anna Walsh. Letter T game by Anne Fletcher and the Cover All Game by Claire Soule. The door prize was also won by Claire Soule. Your lucky day,

Claire! After all of that there were four tables of Canasta.

Mark your Calendar! There will be Arts & Crafts on Wed., June 14 at 1:30 p.m. in Room 29. It is all free and you learn to make many lovely things. Better stop in and see if there isn't something you would like to learn.

Free Blood Pressures will be taken on June 21st from 1 to 3 p.m.

Shopping Spree! Thursday, June 8th, 1 p.m.

Come join us next Tuesday on our Social Day when Bertie VerBecke and Peggy Vliet will be the hostesses.

The Podiatry date is June 22 for seniors, by appointment only, at the Henderson R.S.V.P. Center, Room 29 at the Civic Center.

Vacation Bible School Begins

Vacation Bible School begins at Vegas Valley Christian Church on Monday, 8:30 a.m., 5515

You Are Invited To A Bridal Social

A Bridal Social in honor of future brides and the ladies of Henderson will be held on Friday, June 16 from 7 to 9 p.m. on the Henderson Civic Center patio.

Sponsored by the Recreation Department and 15 local merchants, there will be displays to view, a fashion show of wedding gowns and clothes from local ladies clothing stores plus group activities with door prizes followed by refreshments from Pixie Bakery.

Some of those who are assisting with the social include Anita's, Anne's Flower Shop, Basic Photo, Ceramic Statuary, the El Dorado Club, Flowerland, Frontier Floral, Mel-Aire Bridal Shop, Lyon's Hardware, Pauline's Sportswear, Pixie Bakery and Sager Printing.

It is not necessary for girls to be planning a wedding in the near future to attend the bridal social.

For further information call 565-6059.

Mountain Vista, Between Tropicana and Russell Road. Classes for every age group, a daily missionary story, songtimes, crafttime, and many other things are a part of the daily vacation bible school time from June 12-23rd. "All children are invited to participate," stated Florence Jivan, director of the school.

Pastor Joel Rivers will be speaking at the 10 a.m. service of "The benefits of being a Christian". He is continuing in his bible study in the book of

Romans.

Free nursery available during all public meetings of the church.

Bible school begins at 9 a.m. with a class for every age group. Children's church is available at 10 a.m.

At the evening hour, Pastor Rivers will be taking up one of the mis-understood passages of the Bible, "Let the Bible interpret itself; Paul's thorn in the flesh!" The evening hour begins at 7 p.m.

Presbyterian Church News

Our summer schedule will be as follows: Sunday School and Adult Bible Study 8:30 a.m. with worship at 10 a.m. This will continue through August. Thursday June 8 is the last day of our Study on I Peter.

The Session meeting has been changed to June 12 due to Graduation being on June 5. The Mission Committee will be holding a bake sale on Sunday after worship and

the proceeds will go towards a scholarship fund for those wanting to go to our church camp.

Our church is located at 525 Westminster Way just behind Morrell City park and the church office hours are 7:30 a.m. to 12 noon and 1-4 p.m. Monday thru Friday. Rev. Bill Kirkman is the pastor and we welcome all newcomers in the area to come out and worship with us.

Community Church News

Rev. Robert W. Richards has planned a special worship service for this Sunday, June 11th. It is quite different from the usual sermon. The title of the service is "The Psalms, The Senses and the Soul." There will be readings from the Psalms which will engage our sensitivity to our touch, sight, smell and hearing, with actual experience of each.

We cordially invite the public to attend our wor-

ship service at 10:30 a.m. each Sunday. We have a very good nursery for the children with two excellent babysitters. After the service we have a Fellowship Coffee Time in Gilbert Hall. We are located at the corner of Texas and Army streets.

There will be no Sunday School classes during the Summer months, but a Vacation Bible School is planned for the week of July 10th.

Hospital Auxiliary To Hold Membership Luncheon And Fashion Show

The St. Rose de Lima Hospital Auxiliary will hold a membership luncheon, fashion show and installation of new officers on Thursday, June 15 at 12 noon at the Brewery located on Paradise Road and Twain.

The fashion show will feature "Circes" of the Aladdin Hotel and modeling along with Circes'

own models will be the popular Elizabeth Castle and Connie Skaza with Andree Slinker of Circes as commentator.

Following the fashion show an installation of new officers will take place with Phyllis Epkes serving as president, Helen Reed - president elect, Sydnee Smith - vice president, Marian Vitone - treasurer,

Helen Field - secretary and Carolyn Schwartz - corresponding secretary for the coming year.

Board of Directors include Alice McDonough, Lisa Schier, Connie Skaza, Virginia Mallin, Mary Lou Lipold and Jerry Mandell.

For reservations please call 870-8447 or 451-5507.

FASHION SHOW - INSTALLATION - Discussing plans for the fashion show to be featured by "Circes" of the Aladdin at the forthcoming St. Rose de Lima Hospital Auxiliary installation and membership luncheon are, from left: Emily Dreitzer, Sister Dolores, Chairman Helen Reed and Helen Field.

Summer Camp Fund In Need Of Donations

As it stands right now, the Salvation Army will only be able to assist about 20 local youngsters in attending summer camp this year. This is about half the number that were sent last year through donations of residents to this worthwhile community project, according to Lt. Jim Thompson, local Salvation Army director.

The first camp session gets underway June 26 and applications are now being accepted for those wishing to attend camp. "Due to the limited number of children we will be able to assist, it will be on a first come, first serve basis," Thompson said. Those children between the ages of seven and 16 interested in attending a camp session may stop by the Salvation Army office at 830 E. Lake Mead Drive between 9 a.m. and noon Monday through Friday.

Anyone desirous of donating to the camp fund may send a check to the office in care of P.O. Box DA, Henderson.

LUTHERAN CHURCH NEWS

Our Savior's Lutheran Church, 59 Lynn Lane, next to the Recreation Center holds worship services at 10:45 a.m. on Sunday. The Reverend Ronald Mayer is the pastor. If you are a newcomer to Henderson, please come and worship with us.

Sunday School has been discontinued for the summer months.

The Adult Bible class meets in the Parish Hall at 9:30 a.m. This class is taught by Al Kuemmerlin.

The Tuesday morning Bible Study group meets in the Parish Hall at 9 a.m.

The Wednesday evening Bible Study group will continue to meet in the Parish Hall. The

Cindy Sieckman To Wed Larry Bennett

CINDY SIECKMAN and LARRY BENNETT

Mr. and Mrs. Don Sieckman of Tempe, Arizona, formerly of Henderson, announce the forthcoming marriage of their daughter, Cindy, to Larry J. Bennett of Henderson, son of Mr. Michael Bennett of Las Vegas and Mrs. Joy

Bennett of Cedar City, Utah.

The couple will exchange vows on June 10 at the home of grandparents, Mr. and Mrs. Garn Anderson, 412 Summit Drive in Henderson. A garden reception will follow the wedding.

Around The Town

BY JEAN ECKLEY

Double Birthday

Celebrating a birthday on June 16 will be Bob and George Alcott. Greetings from friends coming your way, Bob and George.

Annual Affair

Heard that Mary Peterson was admitted to St. Rose de Lima Hospital one day last week with the flu? Seems this has become an annual affair for Mary. Hurry back home, Mary, we all miss you.

Wedding Anniversary

It was reported to me that Joe and Wanda Hamby will be celebrating their 25th wedding anniversary this week. Friends and family are sending anniversary wishes.

Ice Cream Social

Sunday, June 11, the Community Church will hold their annual ice cream social. Homemade ice cream and cake will be on the menu. The church is located on Texas and Army Streets. Donations are \$1 per person.

Returning

Paul and Leona Lebel with their son, Paul Jr., are returning to Henderson after a two year stay in Canada. They will be again living at the same residence with Mrs. Lebel. Leona (Lee) is a well known in Henderson as an Avon sale gal.

Senior Advisory Committee

The Senior Citizen Committee will be holding their next meeting on June 14 at 7 p.m. in the City Hall Rooms. This is an open meeting and all seniors who are interested are welcome.

Home Again

Blanche Manley is home again after a short stay in the hospital. Friends at Espinoza Terrace are happy to know that you're on the road to recovery, Blanche.

Birthday Greetings

Birthday greetings going to Ruth Gordier of Hender-

son Heights from friends. Big celebrating day will be June 26. Have fun, gal!

At Glen Hall

There are crafts, bingo, entertainment and church on the schedule at Glen Hall plus birthday celebrations with homemade ice cream and cake for all residents. Birthdays to be celebrated in June are as follows - Richard Tavey - June 8, Laura Carson June 12, Janie Mallory June 19, Dorencia Tata June 22. Happy greetings from staff to all.

St. Peters

The Nutrition Program seniors of St. Peters site have decided to use some of their craft sale monies for a fun day at one of the casinos in Las Vegas. A bus trip into town with a buffet lunch is arranged for Saturday, June 17. The Henderson Recreation bus will provide the transportation for this event.

Dalhart, Texas

Rose McClellan has just returned from a visit to Dalhart, Texas. While there she visited with four of her children (two boys and two girls). Rose said it rained most of the time but this didn't stop them from having a wonderful visit. Grandson Steven Martienz (age 7) returned with her and will stay till school resumes in the fall. Both, I heard, really enjoyed the flying trip home.

W.O.T.M. Installation

Women of the Moose held their installation this past week. It was a beautiful one followed by a delicious buffet. Junior graduate Regent is Nadine Close. Senior Regent is Maryann Busch. Junior Regent is Marilyn Bracken. Chaplin is Deanna Angel. Recorder is Wanda Hamby and Treasurer is Shirley Tako. Congratulations, gals!

Swanson's Day

Two birthdays for the Swanson family coming up on June 15, Pat Swanson and Grant Swanson. Birthday greetings from family and friends!

Neighborhood Church

A group of singers came out to entertain the seniors at Espinoza Terrace during lunch one day last week. They made beautiful music, I heard. Thanks go to Sally De Voge.

Wedding Anniversary

Wishes from family and friends for a happy day going out to Blanche and Jack Neilsen. This couple will be celebrating their 15th anniversary on June 17. Son and family will be coming from California.

Happy Birthday Greetings To The Following Born In June...

June 10 - Susan Stewart, Chapman Wooten, Mary Humphries, Shanon Christensen, J.L. Martinez, Anna Jane Anderson.

11 - Jerry Woods, Tasha Adams, Justin Diether, Cherie Carter, Walter Mote, Kay Lane, Lois Hicken, Denise Hafen, Steven Rogers, Jeanne Linde, Nick Christensen, Terry Warner, Jason Welsey.

12 - Russ Hafen, Neca Twitchell, D. Russell Hardman, Richard Sampson, Jeff Atwood, Ida Zumwalt, Dale Moss, Emilia Tharp, Eric Chandler.

13 - Bill Pirkin, Kent Dawson, Wanda Johnson, Shawn Stock, Lydia Hill.

14 - Loree Wolden, David

Littlefield, Roy Phillip, John Tidwell, Renee Anderson, Jolene Auspurger, Lisa Tobler, Gerald Charles.

15 - Steven H. Helms, Delwin Potter, Roeslyn Becraft, Pat Swanson, Grant Swanson, LeAnna Grant, Vaughan Evans, Paul Roundy, Gene Stubbs, Steven Hardman, Jeroldine Short, Prudence Stockton.

16 - Thora Davis, Charles Kittell, Amy Burr, Annette Peoples, Michael Reed Cottrell, Pamela Russell, Sandy Croft, Jim Bavoock, Elizabeth Hill, Bob Alcott, George Alcott, Betty Gammon, Konstance Rowley, Mark Bradshaw, Brent Johnson.

Flowers For Month Of June Are Rose Or Honeysuckle

Wedding Anniversary Greetings To Couples Married In June...

June 10 - Robert and Amy Dickinson, Mr. and Mrs. Evan Wilson, Mr. and Mrs. Burt Carter.

11 - Dale and Marquerite Riddle, Melvin and Edia Keals, Harvey and Ann Boyce.

13 - Bruce and Nancy Jackson, Norm and Jerry Nash, Haro, Harold and Laura Jean Miller, Garry and Shelia Foote.

14 - Richard and Dana Rae, John and Mary Browning, Gunter and Gwen Kospell.

SONG FESTIVAL - The Youth Center Park was the setting last Saturday for a four hour song festival for all Girl Scouts and Brownies of the Henderson area. The KENO radio duck was one of the guests who visited with the children as well as a group of clowns, all Girl Scout leaders. Buddy Gillard was there playing his guitar and singing and Clyde Caldwell from the Parks and Recreation Department taught those attending some games.

JACKPOT JILL

A sharp young lady came to Vegas one day. One arm bandits she began to play. Because winning was in her will, She was known as Jackpot Jill.

Hoping for a day on the fruited face, That hitting a jackpot would trim her in lace, And each cherry that she would see, Would give Jackpot Jill a victory.

Every pull and jerk of her arm, In the magic casinos with all of their charm, Jackpot Jill had hoped to win, But the one armed bandit wouldn't give in.

Hoping for sevens to show up bright But lemons and plums only lit up the lights, The eyes of slick people all stood very still, Hoping and rooting for Jackpot Jill.

And then the bells began ringing for her, For three sevens would dress her in fur, Bubbling with joy stood Jackpot Jill, For this gambling woman had, Made her kill!

by Gell Wallace '74

Local Boys To Compete In Western Zone Wrestling

Three young Henderson wrestlers, Alfred Baca Jr., Maurice Hernandez and Abraham Salazar will be leaving shortly to compete in the Western Zone Competition at Salt Lake City, Utah June 12 through 18.

The city's wrestling tradition appears to be continuing as the three boys recently participated in the YMCA - AAU freestyle and Greco - Roman competi-

tion held at the Y's facility and olympic coach Jerry Wager and assistant coaches Salazar, Reese and King are optimistic about the future of these local wrestlers.

All three are accustomed to winning the Gold Medal in most competitions they enter and with the excellent coaching they have been receiving, they have developed into outstanding wrestlers.

Junior Bowlers Summer Leagues Forming

Henderson's AJBC Coach, Kim Roundy, is organizing Summer Leagues on Wednesday, June 14, at 12:30 p.m. for the Bantams ages 6-11 and the Juniors, ages 12-14; and at 6:30 for the Senior Division, ages 15-21. The young groups will have three-member teams and the seniors four to a team.

The hot summer months can be quite a drag without something to look forward to on a regular basis, so get your friends to join in this good clean sport at the Henderson Bowling Lanes on Wednesday afternoons.

Southern Nevada AJBA Tournament Winners

Henderson bowlers entered 15 teams in the Southern Nevada AJBA City Tournament held in Las Vegas this Spring and the young folks really did themselves proud. Those who won trophies are as follows: B DIVISION: Team - 2nd Place - Henderson Plus One 2180 John

Rocha, David Alexander, Randy Ravenscraft Singles - 8th Place - David Alexander 493

All Events - First Place David Alexander 1624 C DIVISION: Team - 2nd Place - Henderson 10 1870 Kelley Roundy, David Smith, Paul Tullgren, Joe Boone Singles - 6th Place - Dale Lucero 476 9th Place - Kelley Roundy 449 11th Place - Dan Christensen 437 Doubles - First Place David & Allen Byers 940 4th Place - Dale Lucero & Bob Groesbeck 858.

D DIVISION: Team - Henderson 3 - 2nd Place with 1639 Wendy, Jeff & Jim Epley and Brian Thurow Singles - 3rd Place - Randy Marshall 424 5th Place - James Belger 419 6th Place - Corky Roundy 417 7th Place - Brian Thurow 416 Doubles - First Place - Wendy & Jim Epley 827 2nd Place - Cindy & Scott Derrick 821 4th Place - Diane Nauenburg & Rhonda Clegg 809 All Events - 1st Place, Boys - Randy Marshall 1248 1st Place Girls - Cindy Derrick 1269.

LEAVING MONDAY FOR SALT LAKE CITY - Maurice Hernandez, left, 11 years old, and Alfred Baca, 7 years old, leave next week for Salt Lake City where they will be participating in the Western Zone Wrestling competition June 12 through 18. Not pictured is Abraham Salazar, 11, who will also be entering the competition.

LOU

It's official. Starting June 1, IRA savings earn 8% at First National Bank.

Do you have a tax-sheltered IRA (Individual Retirement Account) at First National Bank? Congratulations. As of June 1, your account will be earning a full 8% - highest interest rate allowed by law.

If you don't have an IRA at FNB, all it takes to get started earning the maximum is a minimum deposit of \$50. So come in today. If you're not covered by a retirement plan

where you work, you're probably qualified for an IRA.

To get all the facts, including a special brochure on IRA, phone or stop by any FNB office. Remember, retirement savings are federally insured to \$40,000 at FNB.

Member F.D.I.C.

Substantial interest penalties will be required for early withdrawal provided you are not disabled. This is a federal regulation.

First with more for your retirement.

WHAT'S HAPPENING THIS SUMMER IN HENDERSON

Youth Center To Be Teen Oriented

Among some of the changes being made this summer by the Parks and Recreation Department include the use of the Youth Center for teens between the ages of 13 and 17 and the fact that the center is now open seven days a week!

Clyde Caldwell will serve as Youth Center coordinator and he and Mike Pilon, the program leader, have tournaments and special events planned for the teenagers.

Some of the tournaments include 3 on 3 basketball, billiards, table tennis, backgammon and strate baseball. Special events include swim parties, record dances and a disco dance demonstration.

Beginning June 9 new hours go into effect at the center. On Mondays, Thursdays and Fridays they will be open from 9 a.m. to 10 p.m. for those 17 years and under; on Tuesdays the center will be open from 9 a.m. to 6

p.m. for 17 and under and from 6 to 10 p.m. for adults only; on Wednesdays the hours are from 9 a.m. to 6 p.m. for 17 and under and from 6 to 10 p.m. for females only; Saturdays hours are from 12 noon to 6 p.m. for those aged 6 to adult.

Each teen who uses the Center is required to have a Youth Center Teen Club activity card which may be obtained at the center.

One of the special activities planned by Caldwell is a whiffle ball league for ages 6 to 14 years of age. They will play on Tuesdays and Thursdays from June 3 through July 12 from 2 to 6 p.m.

Whiffle ball over-the-line will take place August 1 through Sept. 2 and Tuesdays and Wednesdays.

Caldwell is also planning a trip on August 12 to the Los Angeles Dodgers baseball game and as an extra added attraction, a visit to the LaBrea Tar Pits.

COORDINATING ACTIVITIES - Some of the staff who will be working with the Youth Center and Playground activities are pictured above. From left to right are Clyde Caldwell, Jan Luttrell, Terry McClain and Mike Pilon.

Boys' Club Expands Hours For Summer

Don Wilson, executive director of the Henderson Boys' Club, announced that the club will be open from 9 a.m. to 7 p.m. on Tuesday through Saturday during the summer months.

"I look forward to the day when we can be open six days a week," Wilson said, "but at the present time we do not have the staff to do this but someday... I hope..."

Wilson also emphasized that the Boys' Club is not a day care facility as he has received numerous calls about this type of service.

He explained that the club offers all different types of sports and games plus arts and crafts but they are not responsible for the children and if any misbehave they can be sent home.

A T-Ball league is now being formed and practice has already begun with league play to get underway June 20 and games will be played on Wednesdays and Saturdays.

There are also midget, for 9 to 11 year olds, and junior, for kids 12 to 14,

summer basketball teams being formed which will play throughout the summer months.

Other special events which will take place at the Boys' Club are weekly programs sponsored by the Clark County Extension Service and they will include such topics as pet care, bike care, etc. This will be held each Friday at 1 p.m. for a ten week period.

The excellent Southern Nevada Sandpipers swim team are all members of the Boys' Club, Wilson said, and work out almost every day in the club's weight room.

Beginning June 13 a girl, trained in education, from the Camp Fire Girls will also be a junior staff of eight, all of whom are members of the club, assisting with the summer program. They will be paid through CETA funds and should be a great asset to the staff.

On June 26 forty members of the Boys' Club will have an opportunity to attend Camp Running Springs which is located in the San Bernardino Mountains in California.

Dr. Robert Greiner of Henderson has again offered to volunteer his time to give the boys their physicals for camp.

Then later on in the summer 20 girls from the Boys' Club will attend Camp Nawakwa, also located in the California mountains.

There is a \$2 yearly membership fee to belong to the Henderson Boys' Club and to participate in any of their activities this is a must. But for the small sum of the \$2, members have use of the facilities for the year and may play in the various sports offered such as T-Ball, basketball leagues, volleyball, boxing and wrestling, games room, arts and crafts and all of the other varied activities constantly taking place at the club.

Though called "Boys' Club" girls, too, may join and the staff looks forward to working with all who come through the doors, from the well-to-do to the child from a poorer background. The club is for all children of the Henderson area and is located at 201 Drake Street.

Additional Reading Class Offered To Kindergarten And First Grade Students

Due to popular demand, the Henderson Public Library is going to add another reading program class for kindergarten and first grade children only.

This class, limited to 20 children, will be on Mondays at 2:30 p.m. and will begin June 12 and last through July 17.

"There was a great demand for another class," library director Tom Hollis explained

"and because of our concern for the beginning reader we decided to offer this additional class for these youngest children."

This additional class is only being offered for the first session of the summer reading program but Hollis said that if there is enough demand they will also hold an additional class for the second session which begins in late July and runs into August.

'A Wilderness Experience...'

There will be only two sessions of summer day camp, sponsored by the Clark County Department of Parks and Recreation, available for children of Henderson.

The first camp session will run from June 19 to 23 and the second session will be from July 31 to August 4. Each session is limited to 25 children between the ages of 8 through 12.

The popular day camp has been described as a wilderness experience that will provide those boys and girls par-

ticipating with the necessary skills to be comfortable in an outdoor setting.

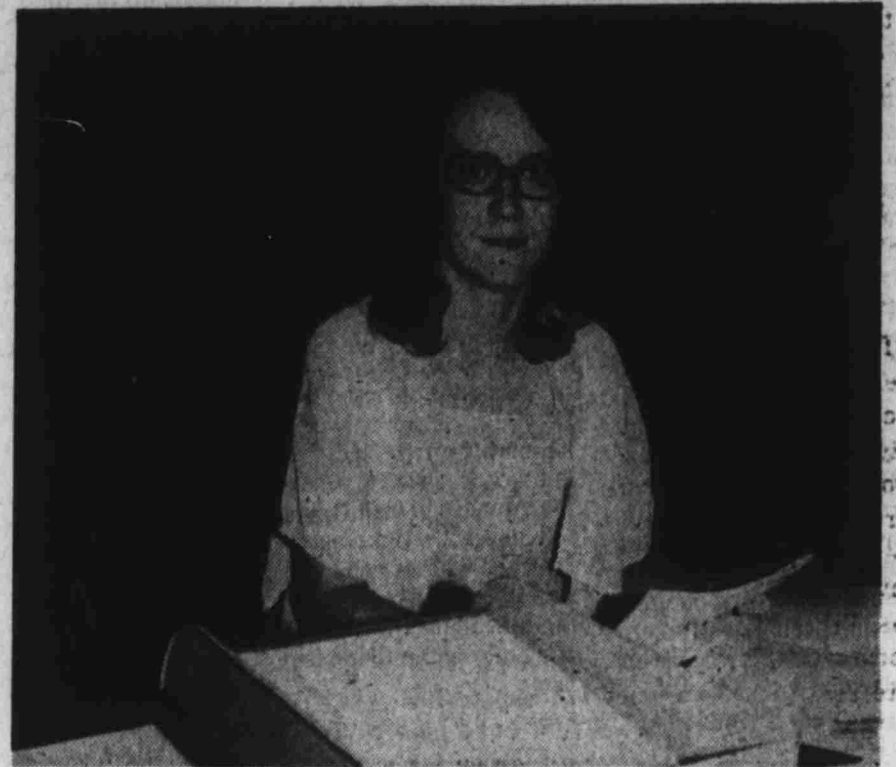

Children are bused by Clark County School buses from their pick-up location between 8 and 9 a.m. and returned in the afternoon to the same location between 4 and 4:30 p.m.

Campers are taken in and around the majestic Spring Mountain Range each day and the program provides a quality outdoor experience by offering the children an opportunity to develop

an awareness of their natural environment and familiarity with the basic campcraft skills while making new friends.

These objectives will be accomplished through outdoor activities such as hiking, singing, cooking, nature, arts and crafts and environmental activities.

There is an \$8 per camper registration fee. Enrollment in this popular program is limited. Registration is taken at the Henderson Parks and Recreation Department offices.

YOUTH CENTER STAFF GROWING - With the advent of many new activities going on in the Parks and Recreation Department, a very lovely secretary has been placed at the Youth Center to assist the staff. Janet Martinez, pictured above, has worked for the city for three months and was just recently placed at the Youth Center.

Playground Program

Though the schools will officially be out for the long awaited summer vacation, all three elementary schools will have activities taking place on their premises beginning June 12 when the Parks and Recreation Department's Playground program gets under way.

Jan Luttrell will be the coordinator for the program which will be held Monday through Friday from 8 a.m. until 2 p.m. through August 18.

"There will be a variety of projects going on at the three schools and we want the children who attend to use their own creative abilities as to what they will be doing," explained Tom Newman, Recreation Supervisor.

Activities may include arts and crafts, games, music, drama, tumbling, field trips, sports, physical fitness contests, tournaments, city-wide special events and a swimming program.

"There will be no charge for the playground program itself and we anticipate that we will have enough variety of exciting activities

to entice the kinds to want to come every day, although they are welcome to just drop-in", Newman explained.

Pittman children will be bused to C.T. Sewell School for the program and others may attend any of the playground programs at the school closest to their homes.

"This program has almost doubled in the last year and a half and we hope this summer's attendance will be even greater than before," he continued.

"We have a variety of people with a variety of projects who will be offering children an opportunity to create at the playground. We will also be bringing in people who specialize in certain areas to work with the children and one day a week we will take field trips to places the children want to visit."

Newman explained that as long as the field trips are within a 50 mile radius of Henderson the city's recreation department buses can be used at a minimal charge. Further distance would necessitate chartered buses and the

cost would be higher.

The summer playground program is for children between the ages of 6 and 12 only. On Tuesdays and Thursdays there will be swim days at the BMI pool and the children attending the program at Sewell and Taylor Schools will be bused to the pool for an hour of swim between 12:30 and 1:30 p.m.

Another playground program activity is a weekly contest and winners of each of these will go to the Youth Center on Fridays for a playoff tournament. Those from Sewell and Taylor Schools will also be bused to this activity.

Some of these contests include a ping pong tournament, hula hoop and frisbee contest, teather ball contest and stage productions.

Some special events which have been planned include a kids' dog show at Morrell Park on June 24, cardboard sculpture at the Youth Center Park on July 15, new games day at Morrell Park on July 20 and chariot races at Morrell Park on August 18.

TENNIS PROGRAM FOR SUMMER OF 1978

Tennis instruction will be offered by the Parks and Recreation Dept. beginning Monday, June 12. There are two beginners classes which will be taught - the first on Mon. and Wednesdays from 8:30 to 9:30 a.m. and the second class on Tues. and Thursdays during the same time period.

These classes are for

either children or adults and registration will be taken at the Parks and Recreation Dept. office at 201 Lead Street up to June 12 or the first day of class.

League Play, Men's, Women's and Mixed Doubles.
DIVISIONS: OPEN--Experienced Players
NOVICE--Beginning Players

Registration deadline: Wednesday, June 14. Entry fee: \$5 per player per event. League and tournament play begin Monday, June 19.

Registration accepted from 9 a.m. to 9 p.m. now thru June 14 at the Henderson Parks and Recreation Department Sports Office, located in the Youth Center, 107 Basic Road, 565-8932.

SPORTS PROGRAM - Those working with the Parks and Recreation Department Sports program include, from left, Duane Capps, Harry Gibbs - Sports coordinator and Tony Bell.

Our Hometown Recipe Of The Week

Brown Sugar Chews
An English recipe - quick, easy and good from the kitchen of homemaker Jean Thomas.
1 egg
1 cup brown sugar
1 tsp vanilla essence
1/2 cup flour
1 tsp baking powder

1/4 tsp. salt
1 cup coarsely chopped walnuts

Stir together egg, sugar and vanilla. Add flour, baking powder and salt, then walnuts. Bake for 18 to 20 minutes in a well greased 8 inch pan at 350 degrees. Should be soft when taken from the oven. Cool in the pan. Makes 20 to 25 chews.

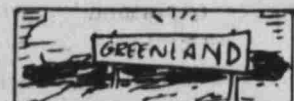

Henderson Freeway Route Discussed

The Chamber of Commerce Freeway Committee met last week with city staff to discuss the proposed corridor route through Henderson of the new leg of the freeway. The leg will begin at Las Vegas Boulevard North and Bonanza and intersect at Boulder

Highway between Railroad Pass and Horizon Drive.

The meeting was called to discuss the portions of the route in Henderson that cross privately held land. The concern is that the route should be exactly defined and that the state should begin acquisition of the portions of land on the route to prevent its being developed which would compound the routes acquisition in the future.

The committee is attempting a meeting in mid June with state and federal highway representatives and the city to move the issue forward.

Greenland which is 840,000 sq. miles is the world's largest island!

'Action People'

JESS (TEX) AND PAM ALLEN - Professional Parents working with the Juvenile Court Services of Clark County in the Probation Subsidy program under the auspices of Loren R. Warne are productive "Action People!" Jess, better known as "Tex" Allen, together with his pretty wife, Pam, own a large sized home in Henderson. They have just taken this post holding an open house on April 30th, 1978 and to-date are housing and acting as guardian and professional parents for four boys. "We refer to the boys as troubled," Tex emphasized, "since this is a giant step upward from the penal institution that they might otherwise be in. We give them a regular home life with camping activities, sports and entertainment programs, study programs, and all that goes in to forming a homelife and rehabilitation at the same time. They attend school and the older ones also work in little part - time jobs." Tex and Pam have worked in this capacity before when they served as professional parents for the Southern Nevada's Children Home (State operated) in Boulder City housing ten boys for three years. Tex and Pam are very popular with the boys in that they hear from former "troubled" boys who turned out to be self-sufficient and excellent citizens due to their kindness and thoughtfulness given to each individual case. Many plaques and trophies are held by Tex for his services.

Currently licensed for four boys, Tex hopes to expand to six resident boys in the near future. Help was given the Allens in securing the home by Henderson's Judge Jim Jensen, Evelyn Morrell (Morrell Realty), and Television personality - Kathy Milone, along with others. Donations are always most welcome aiding in the vacation and entertainment portion.

To write even a short history of Tex Allen would take a book but cutting it down to capsule size - here is what it amounts to: "I'm strictly out of the 'Huckleberry Finn' type school! In the early years, I ran away from home and joined a rodeo; however I did return to Chattanooga, Tennessee, for further education and studied at Tennessee Temple College. I've always held a deep interest for young people and a desire to see them get on the right track - so I studied Human Relations, Child Psychology, Public Relations - and subjects relating to the development of good minds and bodies," Mr. Allen mentioned. He served with the US Navy and saw plenty of action in World War II with service on the battleship - USS Texas, and the aircraft carrier - Belleau Wood. He was discharged in Fallon, Nevada as the highest point man of this state and received the Presidential Citation. Through the years he took part in the sport of boxing and weightlifting. He helped with CCC Camp services along with donating his efforts toward the Boy Scouts. He operated Allen's Home Improvement Construction Company in Pensacola, Florida where he met and fell in love with Pam. No matter what work Tex was active in throughout the years he worked with the judges in Pensacola and Chattanooga helping and aiding drop - outs in trouble. He found acting as counselor to the boys and girls most rewarding. Although Tex and Pam call the boys "their" children and are day by day witnessing the good results of their loving care, Tex is mighty proud of his own four children: Cliff Allen - Sheriff's Department - Pensacola; Mark - Construction; Sandy - Restaurant Proprietor; and Pamela - Homemaker, mother, and Floral Designer.

Quite adept at boxing, Tex remembers his Navy career and the boxing matches he took part in - losing only once. He recalls a training period at Norfolk, Virginia Naval Air Station where the great, late Jack Dempsey gave a demonstration - gave Tex a Dempsey "punch" and quipped, "Trainin' period's over!"

Pam works at the Tropicana Hotel as a Secretary. She enjoys music, plays the piano and sews. The Allens are a most attractive couple exuding love and comradiness to their boys. The kitchen holds a picture gallery of the many children they have helped along the "rocky" road, many of which have referred to the Allen Home as "better than my own home," or "the only home I ever knew!"

Tex's formula for handling children found in this situation is: "The ultimate cure is tenacity, a sincere desire to help, and a deep love for children!"

LETTER TO THE EDITOR:

Dear Mr. Zenoff:

I attended the 1978 graduation ceremony at Basic High School on June 5th.

I was shocked and disgusted at the actions of many in the audience. During the ceremony, many people from the audience got up out of their seats and took pictures of the graduates, without any regard to the speakers, band or choir. This action also blocked the view for others who were trying to watch the proceedings. There were also so many people talking you could hardly hear the Valedictorian addresses. At the end of the ceremony so many people got up to rush out that the graduates could hardly get out the door!

The High School provided the parents time and space to take a picture of their children accepting their diplomas, and the parents can take pictures outside after the ceremony is over. They do not have to disrupt the ceremony.

How do the parents of these graduates expect their children to grow up to be responsible, respectful adults, when they themselves have no regard for others? Sincerely,
Cynthia Huth

Facts n' Artifacts

By P. Wing

As those long, hot, summer days stretch ahead and you're running out of local places of interest to show Aunt Flo or those close friends from Omaha, treat them to a visit to the past at the Clark County Southern Nevada Museum, 1830 So. Boulder Hwy, Henderson and 240 Water St. Henderson.

Relive the heydays of the Southern Nevada Goldfields, step up to our old time plank bar or try your luck at a spin of the antique wheel of fortune and don't forget to show your wife the genuine 1891 all wooden, paddle driven washing machine!

An extensive doll and mineral collection is featured at the 240 Water St. museum along with a paleozoic diorama and several scenes depicting mining town life.

The nominal charge of \$1 for adults and 50 cents for seniors and children includes admission to both museums. The Boulder Hwy. museum is open daily for your convenience, the Water St. location is open Tuesday thru Sunday.

Tours are available to clubs, schools, groups and organizations. Please call 565-0907 for more information.

INQUIRING CAMERA GIRL ...

Flo Raymond

TODAY'S QUESTION: What is your favorite era for popular songs (1940s, 1950s, '60s, etc.) and name one or two favorites!

BRENDA BARELA - BURKHOLDER JUNIOR HIGH SCHOOL STUDENT - 1970s - The songs of "now" are mostly meaningful to me because they are of my day! My favorites are "I Go Crazy" performed by a rock group and "Tonight's The Night" performed by Rod Stewart. I like the tune of this song and think it is romantic. I enjoy some rock and certain middle - of - the - road hits!

AUDREY HARDY - REGISTERED NURSE - 1950s - That is when I was going through some of my 'teenage years and was most impressionable. Even at that time, my favorite songs were making a comeback and have been popular standards throughout the years. I just heard them played the other day. They are "Among My Souvenirs" and "Harbor Lights!" I never get tired of them!

JACK RIGGS - BASIC HIGH SCHOOL STUDENT - 1970 ERA - I enjoy the songs of the '70s and prefer the Fleetwood Group. One of the songs I favor is "Say That You Love Me" - and another is "Warm Ways!" I consider them light rock which is the song style I like to listen to!

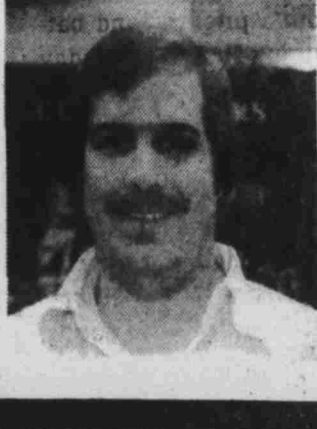

JERRY SMITH - BURKHOLDER JUNIOR HIGH SCHOOL STUDENT - 1970 ERA - My favorite song is "With a Little Luck!" It is in - between rock and soul and has a pretty melody line. I enjoy dancing to it with a girlfriend!

KEVIN COX - BURKHOLDER JUNIOR HIGH SCHOOL STUDENT - THE 1970 ERA - My preference is the KISS Group - four men in this group and I enjoy their music and their individuality in their dress. I like their rendition of the song "I'm a Moaligan!"

NOTE: Interviews were conducted at SAFEWAY STORE, Boulder Highway, and at random in Henderson, Nevada!

BRIAN SULLIVAN - LAW CLERK 1960s - Because I spent some of my teenage years in this era, I feel the songs of that period held a much better melody - line with more meaningful words. Some of today's songs are getting more substance into them but I still prefer the songs of the '60s.

'The People's Choice of Choice People' Awards Set for June 17

Ten local women will be the recipients of "The People's Choice of Choice People" awards at a banquet Saturday evening June 17 at the Elk's Lodge on Lake Mead Drive.

The affair, sponsored by the Soroptimist International of Henderson, will climax the search for women who have given of themselves to their community through various ways.

Those who have been nominated for the honor are Florence Baird, Mildred Brown, Miriam Burkholder, Rae VonDornum, Edna Deardoff, Audre Galloway, Estelle Greiner, Marty Ingram, Jerry Lompfrey, Linda Neven, Patty Parr, Sr. Robert Joseph, O.P., Freema Rose, Shirley Sandin, Marie Schaefer, Marian Lindesmith, Fr-

ances (Red) Southern, Mary Stafford, Dottie Swackhamer, Lorraine Tabar, Jennilee Thayer, Eva Thompson, Mary Jo Todd, Hattie Ulery and Edith Will.

The evening will get underway at 7 p.m. with no host cocktails and dinner will be served at 7:30 p.m.

Senator James I. Gibson has graciously accepted the invitation to be the guest speaker and his topic will be "Meld your Community," which is the theme chosen by Betty Scott, newly elected president of the Soroptimists for the coming year.

Councilwoman Lorna Kesterson will make the presentation of the awards.

Entertainment will be provided by a group of 15 young people, "Love Un-

limited," from the University United Methodist Church under the direction of Ken Tuttle.

Installation of new officers for the 1978-79 year will finalize the program with Artie Cannon installing Betty Scott as president, Mary Robers - First vice - president, Lynn Martindale - second vice president, Dorothy Vondenbrink - recording secretary, Maxine Stader corresponding secretary, Artie Cannon - treasurer, Diane Walts - 2 year director and Wanda Millis - 1 year director.

Tickets for the dinner and evening are just \$5.50 per person and may be obtained by calling 564-2797 or through any member of Soroptimist or from the Home News office at 22 Water Street.

SONGLEADERS - The newly formed Basic High Songleaders are, from left: Shirley Russell, Sheila Adams, Betty DeMille, Rani Bush, Lori Erling and Daphne Jones.

Students Receive Library Certificates

Library award certificates were presented by Principal Dale Riddle to fifteen library aides at Robert Taylor Elementary School Friday, June 2.

These aides were chosen last September from a large group of applicants after a week of preliminary training and a written test eliminating candidates with less than a passing grade. The students meeting the grade requirement were chosen with the

further stipulation that they be prompt, dependable and willing to help in any phase of the library's operation.

They have earned their certificates with a full school year of work and effort. They have served efficiently and their excellent attitudes have contributed much to the operation of the library. The certificates are a small part of the appreciation felt for them by Mrs. Bondurant, librarian, and the school.

FIFTEEN TAYLOR SCHOOL SIXTH GRADERS RECEIVE LIBRARY AWARDS - Dale Riddle, principal of Robert Taylor Elementary School, presented certificates of award to, from left, Randy Taylor, John Maestas, Gary Welker, Cindy Wisheal, Shelley Meager and Kim Shephard for their help in the library during the school year. Not pictured are Robert Traffanstedt, Scott Derrick and Keith Case.

SONGLEADERS - Basic's Gift From Outgoing Student Council

Next September when Basic's football season gets underway, there will be a new pep-oriented group cheering the team on and stirring up the blood of the rooters. Six girls call the Songleaders has just been formed and the funding for the group comes from the 1977-78 student council as their gift to the school.

The Songleaders will be very much in evidence at every Basic High football

and basketball game and will perform to various songs, some played by Basic's pep band, and pop music records.

The group consists of Lori Erling, Shirley Russell, Betty DeMille, Sheila Adams, Daphne Jones and Rani Bush.

This Friday, from 10 a.m. to 4 p.m., the group will be holding a bake sale at the Bank of Nevada to help assist their treasury to start off their first year.

Special It's This Weekend

By The Wild Canary

Call all of your enemies, and tell a friend Our C.B. Jamboree, is this week end Sponsored by Smoky, who had a good winter At the South Hall, of Convention Center.

Mr. Auctioneer himself, Mr. Leroy Vandyke He'll walk on by, and take over the mic He starts at seven, the first two nights Let's all go early, to see other sights.

A band from Phoenix, plays late afternoons I hear they're good, on most all tunes Since Mr. Smoky's expenses, are very large There'll have to be, a small door charge.

On Saturday night, I guess we could say Champagne and beer, will be given away I sure want to go, though I'll be in tears. I haven't shook Leroy's hand in fourteen years.

Jack H. Redmon

CONGRESSMAN SANTINI TO DISPLAY PICTURE - Dennis G.P. Needham, 10, a fourth grade student from C.T. Sewell School, is shown with a picture he drew depicting a Nevada scene. Dennis' work will represent his school and be on display in the office of Congressman James Santini, either in Las Vegas or Washington, D.C.

HOME OF THE WEEK Featuring: The Home of Harry and Barbara Pelliccione By: Flo Raymond

Harry and Barbara Pelliccione have lived at the 2020 Pinto Street address since April of 1977. "Harry was appointee a job at the Stauffer Chemical Plant with his affiliated company - Chauncey Construction, Inc. for one year," Barbara confided, "and we are filling the year out. I am not sure where Harry will be assigned next, but we have enjoyed this home!" Barbara spoke of the new custom built

Spanish styled home by Builder Dick Pack. The Pelliccione family had lived in different parts of the USA with Harry's type of work keeping them on the move. "I truly enjoy it this way," stated Barbara, "since it gives us the opportunity to see new places and experience a variety of interesting happenings." They enjoyed their stay in Green River, Wyoming prior to moving to Henderson.

The Pellicciones own a large motor home which they use for side trips and moving. They were

most satisfied with the locale of the Pinto address since the back yard was large enough to

park the motor home close to the back door. It was during World War II that a young

Marine, overjoyed and newly discharged from the services boarded a train headed for Pennsylvania. He was at last headed home. A pretty Wac was returning to her Post from a furlough spent in her home state of California. The long trip was just long enough to spark a friendship and romance. "It was love at first sight," Barbara emphasized, "and we were married exactly two months and ten days after meeting." The couple were blessed with three children, Harold - Stationed in Romania as a Foreign Service Officer; Harry, Jr. - Serving in coastal trucking in California; and Sherrill - residing in Torrington, Wyoming in the Round-Up Enterprises (a Group Home and Sheltered Workshop).

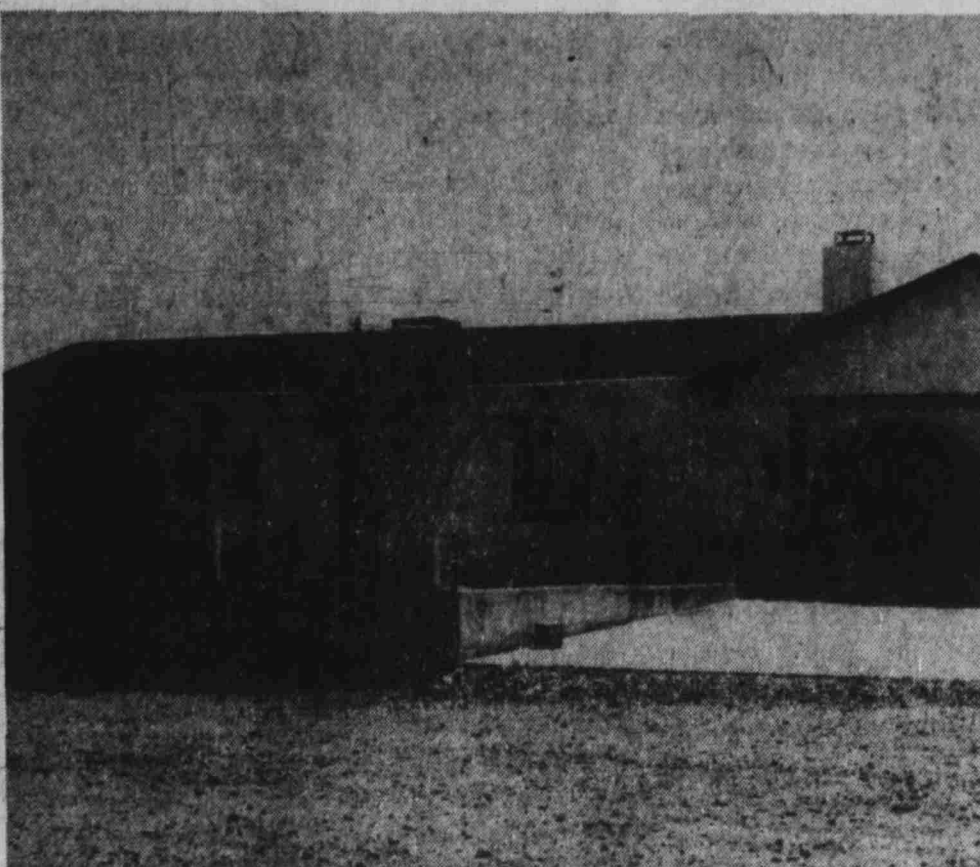

tioned, "and I restrict the collection to mostly miniatures excepting for a set that Harry recently purchased for me from a gallery in Boulder City."

The kitchen is large - resembling a country styled kitchen with a modern twist. Brilliant tangerine tones are seen in the kitchen and the home is carpeted in a rich burnt orange. A good sized breakfast bar separates the kitchen from a warm and friendly family room. Again a huge fireplace takes center stage with brown and beige appearing rock. The decor is mainly Early American and Contemporary with a well stocked gun cabinet and a pole lamp with rounded glass lamps and brass holders. An antelope head hangs

above the fireplace. "Harry taught me to fish and hunt," Barbara pointed out, "and the antelope was gamed down in Wyoming by Harry." Barbara exhibited a cool winter scene she painted in acrylics and an American Indian.

The remainder of the home includes the master bedroom - Early American with four poster bed, guest bedroom - modern furniture and family gallery pictures, combo bedroom and workroom art studio favorite sport of Barbara's, two bathrooms and ample closet space.

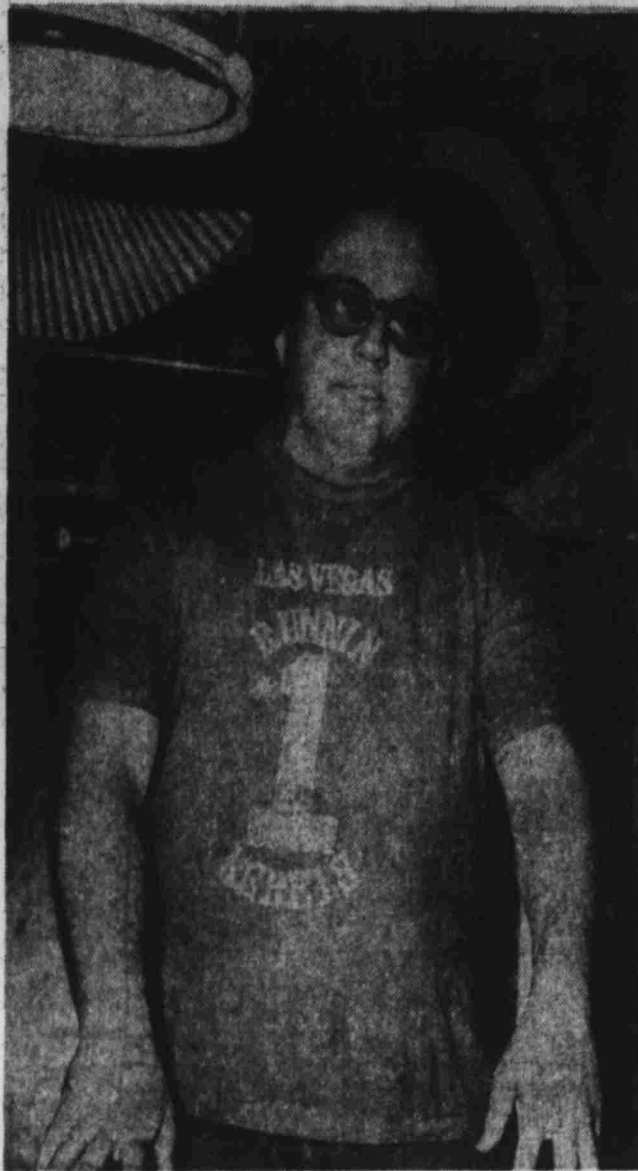

A splendorous view of the valley and mountains is seen from the sliding glass door windows of the family room. The Pelliccione home is a Spanish delight.

Home of Harry and Barbara Pelliccione

Action People

By Flo Raymond

JERRY COLE - Proprietor and General Manager of the Old Drug Store Tavern, 128 Market Street, Henderson, Nevada, pauses for an "Action People" interview! Jerry purchased the existing business in August of 1977. He previously held a partnership in the Lucky Club - sold, waited a year and purchased the Drug Store Tavern when it came up for sale. "The business previously had been a well known drug store which was frequented by Hendersonites for about twenty years or more," Jerry mentioned. The Old Drug Store Tavern boasts one of the longest bars in the State of Nevada serving the locals beer and the drinks of their choosing. It is a meeting and a practicing place for pool sponsoring most Pool League Teams - totaling fifteen last summer. "We finished second in the State Championship Playoff," Jerry said, "and have high hopes for our teams." Many bowling trophies acquired by the league are exhibited behind the bar.

Other activities available to the customers of the Drug Store Tavern are: slots, games, mini - bowling, foosball, and four pinball machines. Jerry often holds dances bring in live music. The seven piece group "Release" gave a concert - dance playing some favorite rock songs on May 31st. "Release" received their start at the Drug Store Tavern two years ago and haven't forgotten their beginnings.

Rich in a cross - between contemporary and old fashioned decor, the walls are filled with giant posters of such greats as W.C. Fields, Humphrey Bogart, Geronimo and other leading Indian chiefs. The posters hang principally behind the pool tables. Jerry added, "Our Ladies Team won the City of Henderson's championship for the second year in a row. Should they win a third time, they will retire the resolving City Trophy which would then become a permanent fixture!" The Old Drug Store Tavern is open from 10 a.m. to 2 p.m. - seven days a week.

Jerry Cole spent his student years in Las Vegas. Working in the Casino business at the age of 21 as a dealer, Jerry put himself through UNLV as a History Major receiving a Bachelor of Science degree. He went out to teach the history at Rancho High School for the year of 1969 - 1970 only to return to the Casino business which eventually led to the Old Drug Store Tavern. Jerry is an avid Chess player and has captured the City of Las Vegas Chess Championship two years during the early seventies. He is a Member of the Las Vegas Chess Club, a fine pool player, participates in Henderson Softball sponsoring the Old Drug Store Tavern Team, gives an Athletic Scholarship to the University of Las Vegas yearly, and enjoys spectator sports.

Jerry Cole now resides in Henderson enjoying the small town atmosphere. He is congenial and gregarious - another shining addition to the City of Henderson!

'Our Source of Power' Sermon

Praise the Lord! How exciting! And how the singing has been so inspiring! Oh, the joy of his power and his presence! Come worship with us at East Las Vegas Baptist Church, 5757 English Avenue.

Pastor Lou Sorabella will be preaching a most challenging message Sunday morning... entitled: "Our Source of Power!" How we need a holy spirit power revival!

Sunday School, with classes for all ages, taught by dedicated teachers, 9:45 a.m. the Hour of Power, Sunday evenings at 7 ... Pastor Sorabella will be speaking on: "A Death unto Life!"

Prayer and praise meeting Wednesday at 7 p.m. we are studying in the great book of beginnings ... Genesis!

For information, transportation, or counseling, please call 565-7920.

Barbara displays a miniature pitcher collection.

Children Learn About Good Eating Habits

Students from the First, Second and Third Grade classes of C.T. Sewell Elementary

School were visited recently by Sister Robert Joseph of St. Rose de Lima Hospital.

Speaking to the school children has given her the opportunity to stress what types of foods are

important, and letting the children see, through interesting visual aids, just what kinds of food they should choose to eat. The children especially enjoyed Count Drakusnack and the Sundance Kid - characters used in a story she told.

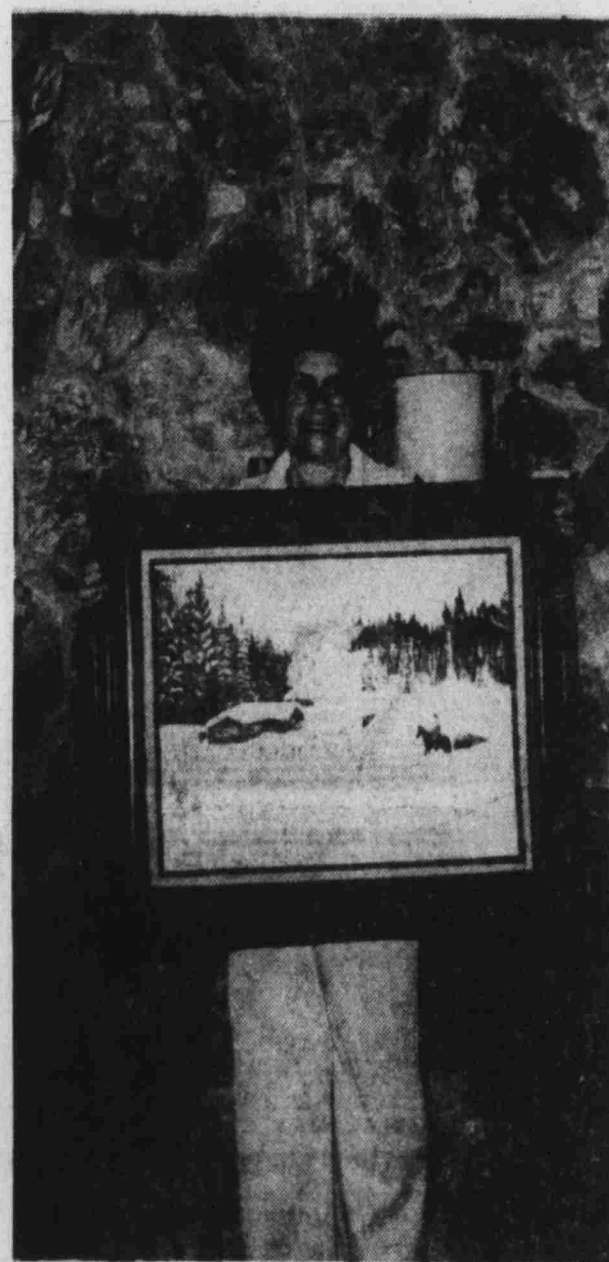

Sr. Robert is in charge of the Dietary Services Department which involves overseeing the patient's dietary needs, the hospital coffee shop, as well as personally providing nutritional information to patients confined to the hospital.

She has participated in television talk programs, providing the public with informative information concerning the foods they consume, as well as speaking to many senior citizens' groups.

Good nutrition is extremely valuable where Sr. Robert is concerned, and she is very willing and pleased to speak to any type of group, using a variety of topics, relating to this subject.

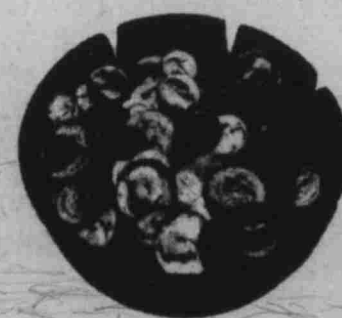

GOOD NUTRITION - Sr. Robert Joseph, left, explains to a student from Sewell School through visual aids, the types of food children should choose to eat. Sister Roberts spoke to first, second and third grade classes at the school last week.

Holding Harry's favorite oil painting - Barbara painted to cool home!

From The Police Blotter

May 14

James F. Aledale, 1713 N. Boulder Highway, reported that two tool boxes were taken from his home. Police said someone entered the home by breaking a window, then ransacked the residence, apparently looking for valuables. Then the suspect left through an unknown direction.

May 29

1300 Hours - Ila Christensen, 109 Constitution, reported that her son's dog, a German Shepherd had been poisoned.

Mrs. Christensen reported that her son brought the dog home on May 29 and at 7 a.m. the next day the dog appeared ill. They contacted Dr. Wall who confirmed the dog had strychnine poisoning. The dog died in the doctor's office.

May 30

The person reported advised the police department that some persons had played the dollar slot machines at the Eldorado

Club with some old gaming chips from the Gold Strike Inn and Casino.

The chips were the same size as dollars and are no longer being made. When the machines were emptied none of the fakes were found so the Eldorado Club did not know how many had been used in the machines since they were apparently used earlier. The Gold Strike Inn reimbursed the Eldorado Club.

May 31

Dr. Emil Lindblom of Las Vegas, reported to police that someone entered his vehicle and took a spare tire valued at \$45.

Ronald M. Neven of 58 E. Basic Road, reported that a black wrought iron gate, valued at \$200 had been stolen from his rear yard.

He said the gate was leaning against a brick wall at the rear of the home. The gate weighs 200 pounds so Neven said he believes it must have taken two persons to remove it.

June 2

A 17-year-old youth of Las Vegas, was uninjured when the Pinto he was driving left the highway and overturned landing on its top.

The car was southbound on Boulder Highway when a gust of wind, along with excessive play in the steering caused vehicle to go into dirt median. He traveled in a southwestern line across the highway, then went off the west side of 93 into the desert. The car travelled 59 feet before entering a ditch and struck a block wall and overturned onto its top.

A 19-year-old youth contacted the police department and advised them that while he was talking on the phone at the bowling alley another subject came up behind him and grabbed him by the arm and attempted to force him outside so they could finish their business from a previous day.

The person reporting said he did not want to

violate his parole so he came to the police department and reported it.

June 4

0950 Hours -- Officers were dispatched to investigate a report of battery with a deadly weapon from a woman who said she received aggravated injuries. Her husband was placed under arrest on the charge.

Mabel L. Holman, 22, 1637 Palm, told police she and her husband were involved in a heated argument and she was knocked to the floor and kicked twice in the forehead. She said she was face down on the floor when she felt a sudden pain on her upper hip area and noticed it was bleeding.

She said she then noticed him standing with a steak knife in his hand. She fled the scene and was taken to Southern Nevada Memorial hospital by friends where she was treated for stab wounds.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that the City of Henderson, due to anticipated increases from revenues to the General Fund Budget exceeding the amount budgeted for the General fund by at least \$233,440, does intend to augment its General Fund Budget for budget year 1977-78 in the sum of \$233,440.

Due to an increase in revenues to be received from the State in the form of a Grant for Recreational Development, the City of Henderson does intend to augment its Special Recreation Fund Budget in the sum of \$18,669 for the Budget Year 1977-78. Resolutions augmenting the General Fund Budget for the year 1977-78 and the Special Recreation Fund Budget for the year 1977-78 will be adopted at the Regular Meeting of the Henderson City Council June 19, 1978, said meeting to be held at 7:00 P.M. in the Council Chamber at City Hall, 243 Water Street, Henderson, Nevada.

Dated this 6th day of June, 1978.

Sec. 33 Zone Change Request To Be Discussed Monday

Councilman Phil Stout made a motion to put a request from Vera Love, president of Kathwend for a zone change from rural residential to trailer estates with horses, into committee for further discussion during Monday nights council meeting.

"We're discussing things we've allowed or not allowed ... this could involve changing of ordinances," he said.

The zone change involves some 20 acres of land in Sec-

tion 33 north of Sunset Road and when the request came before the Planning Commission at their May 17 meeting, they voted to table the request until the City Council had had an opportunity to direct the Commission further on the use of land for TE-H.

At the present time there is

another 20 acres in that area zone TE-H which is under construction and another 40 acre parcel in the same area which was rezoned TE-H in January of this year.

The Planning Director, Bob Gordon, pointed out that

Cont. on Page 13

Senior Citizens Social Club

Next social gathering will be Friday, June 9, 1978 1 p.m. Room 6 Civic

Center. Lois Rinkert will be hostess.

All Senior Citizens are invited to attend and join in various game.

Refreshments will be served.

Please note that there WILL NOT BE a potluck this Friday - so many members are away on vacations, etc.

LEGAL NOTICE

INVITATION TO BID

NOTICE IS HEREBY GIVEN that the City of Henderson, Nevada, will receive sealed bids for the following: TO PROVIDE PREFABRICATED OFFICE SPACE OF 750-1000 SQUARE FEET TO BE LOCATED AS AN ADJUNCT TO CITY HALL AT 243 WATER STREET.

PRICES SHALL INCLUDE DELIVERY, SET-UP, SORTING ALONG WITH SUITABLE ROOF COVERINGS, INSULATION, AIR CONDITIONING, LIGHTING, ETC. FURTHER INFORMATION TO BE OBTAINED FROM DIRECTOR OF PUBLIC WORKS, 243 WATER STREET, HENDERSON, NEVADA. SEALED BIDS will be received by the City Clerk until 4:30 p.m. Friday, June 16, 1978, to be delivered to the City Clerk's Office 243 Water Street, Henderson, Nevada, 89015. All proposals will be publicly opened and read aloud at the Regular Meeting of the Henderson City Council, June 19, 1978 at 7:00 P.M. or as soon thereafter as practicable.

All bids shall be in a sealed envelope which shall be marked "PREFABRICATED OFFICE SPACE" and shall be directed to the attention of the "CITY CLERK". All bids shall be accompanied by bid security in the amount of five percent (5%) of the amount of the total bid. Said bid security may be in the form of a bid bond, cashier's check, or certified check made payable to the City of Henderson.

SUCCESSFUL BIDDER shall, at his own expense, furnish a Performance, Materials and Labor Bond in the amount of not less than one hundred percent (100%) of the contract price. The City reserves the right to reject any and/or all bids and to waive any informalities in the bid. The lowest responsive and responsible bidder will be judged on the basis of price, performance, quality of materials and bidder's qualifications, and the best interest of the public, each of such factors being considered. DELIVERY OF SERVICE SHALL BE AS SOON AS POSSIBLE AFTER THE PROPOSAL HAS BEEN AWARDED.

DATED this 6th day of June, 1978.

LEGAL NOTICE

OFFICIAL NOTICE TO CONTRACTORS

Sealed bids, subject to the conditions contained in the Contract Documents stating the name and address of the bidder on the outside will be received by the City Clerk at which time the bids will be opened and read aloud publicly at a Regular Meeting of the City Council of the City of Henderson, Nevada at the following time, place and date:
CITY HALL RECORDS VAULT & STORAGE BUILDING, 7:00 p.m., FRI 03 July, 1978, Council Chambers, Henderson City Hall, 243 Water St., Henderson, Nevada.
The work will be performed at Henderson City Hall, 243 Water Street, in the City of Henderson, Clark County Nevada.
The work will consist of constructing a concrete block records vault and storage building.

Bids must be submitted on the forms furnished by the City and accompanied by a certified check or acceptable collateral in the amount of five percent (5%) of the total amount of the bid, made payable to the City of Henderson. A bid bond in lieu of the certified check will be acceptable. The successful bidder will be required to furnish at his own expense, a Materials and Labor Bond in the amount of not less than one hundred percent (100%) of the contract price. A Partial Performance Bond in the amount of not less than one hundred percent (100%) of the contract price and a Surety Bond, in the amount of not less than one hundred percent (100%) of the contract price, Surety shall be for one year from the date of completion.

Bid forms and Contract Documents may be obtained at the Public Works Department, City Hall, Henderson, Nevada. Plans and Specifications may be purchased for the price of Ten Dollars (\$10.00) with no refund. Copies of the Plans and Specifications are available for inspection at the Public Works Department.
Current U.S. Labor Department Wage Schedules shall be observed.
The City reserves the right to reject any and/or all bids. The lowest responsive and responsible bidder will be judged on the basis of price, performance to specifications, bidder's qualifications, and the best interest of the public, each of such factors being considered.

A pre-bid conference will be held in the Conference Room in the Planning Commission Chambers, 301 Lead St., Henderson, Nevada at 1:30 p.m., 30 June, 1978.

Local Woman Starts Business For Friendly 'Hello' To Shut-Ins

By Lorna Kesterson

A friendly "hello" and "How Are You?" will be the theme of a business in Henderson for the Clark County area to cheer up and check on the welfare of senior citizens, handicapped persons and shut-ins or anyone alone.

Mary Beth Fisher, who has lived in the Henderson-Boulder City area since 1943, and who has health problems of her own, is starting a business called the "We Care Telephoning Service." She will work out of her home for a minimum sum will call shut-ins twice daily seven days a week to make sure they are ok and do not need help.

She envisions this service as a means of filling the gap between the time a person can be on his own until her requires nursing home care. If she calls and no one answers, she will call someone in authority to make a check on the person and see if everything is alright.

If nothing is wrong, at least the person will get two calls a day from a friendly voice who says hello and checks on their welfare. Mrs. Fisher says she plans to meet in person, everyone who subscribes to her service so that she will not be just a "voice" to them.

She Understands

Mrs. Fisher has been considered disabled for three years, or as she puts it, she has been "inconvenienced" for three years, and she was certified legally blind for 1½ years before three eye surgeries she has undergone since last Aug. Now she has vision in her left eye but not the right eye. She also has diabetes.

"With my difficulties, I can feel empathy with the people I will be working with," Mrs. Fisher said.

The idea of starting such a

"A friendly hello twice a day will help shut-ins stay independent."

Well Qualified

After school she got a job at the Test site for E.G. and G, and Reynolds Electric where she worked in security. She then worked for ten years for the welfare departments in Idaho and California where she did family counseling and food stamps.

her service could be very valuable for people who work and need someone to check on a loved one. She feels also that this type of service can help keep people out of nursing situations longer.

This is the first type of service of this kind offered in this area except for the RSVP program which works on a voluntary basis.

"I really do care about people and that will help me in this job," Mrs. Fisher said. "I feel I will really enjoy this type of work and I welcome inquiries. People who live in

"I feel empathy with people with health problems because I have some 'inconveniences' myself."

With a personality that immediately puts you at ease and makes you want to talk to her, Mrs. Fisher should be excellent at the work she has chosen to do. She feels that

other areas who have a loved one here, could depend on this type of service to make sure their loved one is ok."

(See her ad elsewhere in this newspaper.)

"SECTION 33"

Cont. from
page 12

there are at least 1,000 trailer spaces in the city which are unused and these should be developed before further approvals for zone changes are given.

Concern was also expressed over the provision of services such as fire and the police to this outlying area.

The committee meeting was set for Monday, June 12 at 7 p.m.

In other planning action, the council:

-Approved a use permit for

Terry D. Smith of 1301 Palm Street to repair motorcycles at his home.

-Approved a zone change from single family residential to multi family residential for Richard Gross on 29 acres near Sunset Road about a mile before the Mountain Vista cutoff.

-Approved tentative maps for Lewis Homes of Nevada on

120 acres on Equestrian Drive, purchased from or under option to buy from the City in the Northeast quarter of Sec. 27; Young American Homes for their City View Terrace in Sec. 24 and Delta Engineering for Casa Linda Henderson in Sec. 17 on Palo Verde.

-Approved a sign for Robert Swadell, of the Boat Barn, to

be located on the corner of Wiesner Way and Boulder Highway.

-Approved a use permit for Walter L. Gardner, president of Bingo Barn, Inc., to conduct gaming at 1545 N. Boulder Highway in the building which formerly housed Market Basket. The council also approved the architectural review for the establishment.

Mary Beth Fisher
'We Care - Telephoning'

Chamber Meeting

The June monthly membership meeting of the Chamber of Commerce will be a breakfast meeting at the Eldorado Club this morning at 7:30 p.m. in the Balboa Room.

Called "eggs and issues" the program will be presented by Mayor Lorin Williams and City Manager Bob Campbell giving a "State of the City" report. They will be discussing the Henderson financial prospective, construction and growth and the city's capitol needs.

Members are welcome to bring guests due to the interest in this program.

Clare Novotny, owner and operator of the Sizzler, has been chosen to receive this months Outstanding Businessman award. Novotny has operated the business

since 1971 and enjoys sponsoring both mens and womens softball teams and the athletic programs at Basic High School.

He is a member of the Basic High Booster Club, the Henderson Elks Lodge as well as the Chamber of Commerce.

New members who will be joining the Chamber at todays meeting are U.S. Homes, represented by Hal Ober, president of the Las Vegas Division and Burrows, Smith and Company of Nevada, represented by Hal Smith.

The annual Chamber of Commerce Installation of Officers and banquet has been set for Saturday, July 1 and is tentatively scheduled to be held at the Paradise Valley Country Club. Guest speaker will be Senator Paul Laxalt.

Governor Turns Deaf Ear

Pleas by Southern Nevada's four Mayors, including Mayor Lorin Williams, to Governor Mike O'Callaghan, to change the governing body of the 208 program, apparently fell on deaf ears.

Mayor Lorin Williams, after returning to Henderson Monday from the early morning junket, said the Governor cited a portion of the law which mandated that the County Commission "shall" be the governing body. Williams said, however, that there are portions of the law which he feels could be interpreted differently.

Williams pointed out that Henderson could get stuck with a cost of \$16 million for interceptors under the plan

and that would take all the money the city could get together for the next 15 years.

The Governor, according to Williams, said he could understand our fears but the county commission will have the final say. He said the Governor tried to soothe the group by citing environmental requirements and finally said the county could fulfill the law with an intergovernmental agency to manager the 208 plan.

Williams says he doesn't feel this is a city-county fight. "We've always gotten along with the county but we feel we should have a say in these decisions. They're letting us sit here and play ball but not be in the action."

HOME OF THE WEEK

The twin fruitless Mulberry trees are resplendent in their full glory with outspreading branches as if to say a most hardy "Welcome" to the home of Bob and Serene Ziemer. "We just moved in on April 12th - about one month ago - and it is really like 'old home week' coming back to Boulder City," Serene

stated. Bob added, "What a relief to be back in Nevada - especially Boulder City - after the many years spent in Burbank, California. We just came here for one of our regular visits with Rodella Ostergard, Serene's sister, and I dropped in for a visit with Elton Garrett. Elton mentioned that I should

look at this home which recently came onto the real estate market. Well, Serene and I saw it and made a snap decision to move back to Boulder City!"

Serene was a native Nevadan with the maiden name of "Abbott" (a popular Nevada family name; with relatives, close and distant residing in different parts of the state and the west. Serene married Robert Ziemer forty-eight years ago. Bob was born in Kingman, Arizona (about one hundred miles south of Boulder City) and remembers the day he travelled the land by stagecoach throughout Nevada. He recalls life in Goldfield, Nevada when the town was rich and over - flowing with gold miners and gold. "The town was really 'perking' then," Bob said, "with a population totaling thirty thousand. It has now diminished to about five hundred but I see the day when Goldfield will rise again with the rest

of the Western USA!" Serene remembers Las Vegas "way back when" having attended high school in the glittering town. Bob Ziemer had the honor of serving as the first Traffic Officer in the City of Las Vegas when the late Percy Nash reigned as Chief of Police.

The Ziemers have enjoyed a full and rewarding life and still look at life with a light heart and enthusiasm. They resided in Boulder City once before from 1930 to 1937 when Bob worked on Hoover Dam. Bob exhibited lamps he made and fashioned from rivets, cables and teraza bases - all materials collected at the Dam. Serene was proud of her beautiful throw rugs which she makes from polyester materials. The couple enjoys gardening and travel in their trailer spending time for a little fly-casting in the northern Nevada rivers and waters of Utah. Aside from that they are most happy to be back in Boulder City - "Where you can breathe fresh air," Bob interjects.

The home is solidly built with one foot thick block walls. The exterior is of concrete block painted a rich turquoise with white trim. The interior shows a long and moderately large living room with some of the furniture the Ziemers

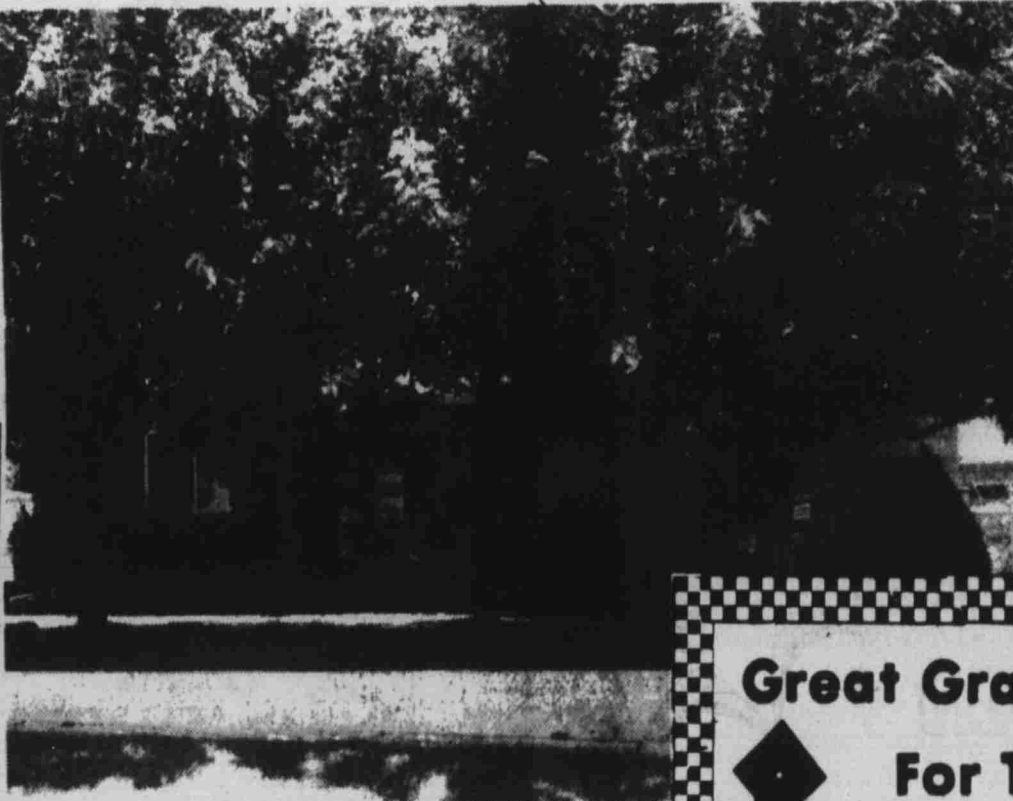

Bob and Serene Hold Lamps - made by Bob from Hoover Dam materials.

and Serene both occupy. Bob's furniture is antique and of Birds Eye Maple while Serene's old fashioned four poster bed and matching furniture reflects the nostalgia of days gone by. Closet space is ample and the home includes one bathroom, and a two car garage.

The Ziemers have one son, Robert, Jr.; three grandchildren, Robert Kenneth III, Roger, and Laurie Rhodes; and two

great grandchildren, Jennifer, and newcomer Stephanie. "We are so happy with this part of our lives," mentioned Serene.

Boulder City welcomes back Bob Ziemer - past Deputy United States Marshall of Boulder City and his lovely wife - the "serene" Serene! A little bit of "history" comes back to beautiful Boulder City with the engaging Ziemers.

Home of Bob and Serene Ziemer

took from their home in Burbank. The furniture and decor are vibrant in autumn colors such as brown, beige, gold, green, rich orange, reds and yellow. The living room furniture is contemporary in design with some "Old World" pieces complimenting the decor. A large Black Forest Cuckoo Clock silently ticks away on the far wall. Built in bookcases exhibit some of Serene's favorite statues, glassware, and

knickknacks which were at one time gifts from various friends. A large window at the far end looks out into Bob and Serene's new garden. A table near the window holds enlarged amber glass drapes which reflect the light. The Ziemers enjoy a long and roomy kitchen with wood cabinets and happy yellow and orange coloring in the decor. The home includes two bedrooms which Bob

Macie Felts "Artist of the Week"

Macie Felts' rendition of Temple Bar - Lake Mead is this week's "Artist of the Week" painting. The setting depicts a sailboat on the lake and a steeply rising mesa in the background.

Ms. Felts is a member of the Boulder City Art Guild and has studied with Frank Roy, Steve Lesnick, Joan Perry, Genevieve Smith, Pat Robinson, and Joe Mast. She

has also taken some part time classes with Thomas Forgarty at the "Art Students League" of New York City.

The "Artist of the Week" program is a cooperative effort between the National Park Service and the Boulder City Art Guild. All showings of the "Artist of the Week" program are at the Alan Bible Visitor Center at Lake Mead, Highway 93 and Lakeshore Road.

Drivers Needed for Cancer Patients

With summer approaching, many of the volunteer drivers of the American Cancer Society transportation corps take time off for family vacations. Many patients are either unable to drive themselves or are without means of transportation.

The drivers who each week drive a cancer patient to and from therapy and chairman, Charlotte Mathews, are asking that anyone interested in becoming a "Free Wheeler" call the local American Cancer Society office at 733-7222.

TV & APPLIANCE
133 WATER ST. SALES & SERVICE PH. 565-8798

Already hailed from coast to coast by critics and the public alike as a unique experience in motion picture entertainment, "Close Encounters of the Third Kind" will open June 7th at the Rainbow Theatre.

The Phillips Production of a Steven Spielberg Film was produced by Julia Phillips and Michael Dreyfuss, Francois Truffaut, Teri Garr and Melinda Dillon.

Heightened by sophisticated new visual effects and the use of the Dolby Sound System, "Close Encounters of the Third Kind" brings an audience as close as possible to an event that could be the most momentous of our time — the awesome experience of contact with alien beings.

The story of ordinary people confronting the extraordinary was conceived by writer-director Spielberg nearly five years ago, while he was editing his first motion picture, "The Sugarland Express," and preparing his second, "Jaws."

He wrote an initial 25-page story outline, concerning a UFO sighting in the skies over Indiana, then put it aside while he filmed "Jaws." Since "Jaws"

was released three years ago — to become the second highest-grossing boxoffice success in movie history — he has worked continuously on "Close Encounters of the Third Kind."

To protect the picture's dramatic concept and special visual effects, filming was carried out under tight security in Wyoming, India, Alabama and California.

The visual effects were supervised by Douglas Trumbull, who previously designed the photographic effects for Stanley Kubrick's "2001: A Space Odyssey" and hailed by Spielberg as "the next Walt Disney." Using advanced camera and electronic equipment of his own invention, Trumbull based his imagery on thousands of documented UFO reports.

"Close Encounters of the Third Kind" reunites Spielberg with Richard Dreyfuss, who co-starred in "Jaws." Dreyfuss portrays Ron Neary, an Indiana power lineman driven to the brink of desperation by a UFO encounter. In addition to "Jaws," Dreyfuss has won critical acclaim in "The Apprenticeship of Duddy Kravitz" and "American Graffiti," and is currently on screen in Neil Simon's "The Goodbye Girl" with Marsha Mason.

Francois Truffaut, the Academy Award-winning French filmmaker, stars as Claude Lacombe, a scientist who spearheads a worldwide investigation into the UFO phenomena. It is a role written especially for him.

Teri Garr, who won distinction for her performance opposite Gene Hackman in "The Conversation" and in Mel Brooks' "Young Frankenstein," is Neary's wife, who cannot comprehend the sudden and bizarre upheaval in their lives.

Melinda Dillon, brought to the filmmakers' attention by Hal Ashby, who directed her in "Bound for Glory," plays a young widow, traumatized by the "strange lights in the sky" and the subsequent disappearance of her 4-year-old son.

The film's elaborate musical score was composed and conducted by Academy Award winner John Williams, whose impressive screen credits include "Star Wars" and "Jaws." The Director of Cinematography was Vilmos Zsigmond, winner of the Best Cinematography Award from the National Society of Film Critics for "The Long Goodbye." Other well-known cinematographers who contributed to individual sequences included William A.

Fraker, Douglas Slocumbe, John Alton, and Laszlo Kovacs. Dr. J. Allen Hynek, who served as Technical Advisor in the film's production, has been described as today's outstanding authority on UFO phenomena. The highly respected astronomer and author is a former director for Ohio State University's MacMillan Observatory and spent 22 years as scientific consultant to the United States Air Force's "Project Blue Book" as the military investigation into UFOs was called.

He is presently a professor of astronomy at Northwestern University and the Director of the Center for UFO Studies in Evanston, Illinois.

It was Hynek who first categorized the three kinds of "close encounters" from which the picture draws its title — a close encounter of the first kind — sighting of a UFO; close encounter of the second kind — physical evidence; close encounter of the third kind — actual contact with the occupants of a UFO.

Filmed in Panavision and Metrocolor and recorded in Dolby Sound, "Close Encounters of the Third Kind" has been rated PG by the M.P.A.A.

A whistling swan has 25,216 feathers, say experts in the field.

Pat Geuder Named to Wiche Board

Governor Mike O'Callaghan recently reappointed Dr. Patricia A. Geuder of Henderson to a second term on the Western Interstate Commission for Higher Education (WICHE).

Geuder is an associate professor of English at the University of Nevada, Las Vegas. She is serving her second term on the executive committee of WICHE.

The purpose of WICHE is to assist 13 western states in improving the educational, social, cultural and economic levels of the region

Henderson Outlines 208 Policy

Page 16

RE:
208 Water Quality
Management Plan

A. The City of Henderson noted in a Position Statement dated April 11, 1978, that provisions of the 208 Water Quality Management Plan as proposed at that time would place

locally elected City Councils and Commissions "in a position of subservience to the County Commission", and further that "the issues of consolidation will become moot without the people ever having the opportunity to speak".

This situation remains

in the final version of the 208 Plan, dated May 9th.

The "Program Output Requirements" as outlined on page 2 refers to the 208 requirement of "meeting associated financial, economic, social, environmental, legal, and institutional requirements". And on page 3

we see where the plan will "set forth procedures and methods (including land use requirements) to control such sources to the extend feasible".

B. The City of Henderson did, by Resolution Number 471 passed on May 12, 1975, urge that the Regional Planning Council be selected to do the 208

Study. It was felt this would allow "affected general purpose units of local government" to arrive at a plan with which the southern Nevada area could cooperate and progress in the best interests of the public.

Instead, the Governor chose the Clark County Commission to conduct

the 208 Program. The Clark County Commission then turned the responsibility over to the Sanitation District, and even at this point the cities most affected were relegated to an advisory role.

Now we are at a most critical point as a determination is soon to be made as to what agency

will carry out the 208 Plan. The City of Henderson still contends that the Board of County Commissioners, no matter how well meaning they may be, do not adequately represent the separate entities in southern Nevada, and are but one among several elected bodies in this area. C. On page 6 of the 208 Plan dated May 9th, it states that one of the 208 Objectives is to "Provide wastewater treatment facilities which will produce wastewater that meets federal and state quality standards and local health standards".

A reasonable person might infer that a resulting plan would then address the issue of the water quality standards themselves, and the various treatment alternatives that are available.

This is not the case in the 208 Plan adopted by the County. No analysis of water quality standards is made in the report, and the issue of various types of treatment is quickly dispatched with this opening statement on page 8: "Plans for future treatment facilities are generally well developed and are considered as given ..."

D. Some people have raised the issue of why Henderson is concerned with the AWT concept when, at this point, it is not clear whether we will be utilizing the AWT Plant. Our reasons for concern are as follows:

1. Regardless of what the 201 Study may indicate as "feasible" for Henderson insofar as having our own treatment process, the County indicates they can require us to join the AWT treatment process through the authority granted the County Commission by State Statutes. This may appear as an attractive move when the debt service and operating costs come due and more people are needed to pay the bills.

2. Even if Henderson does not have to join AWT, our community is already affected from a cost standpoint.

Page 151 of the Report shows that Henderson is projected to have the highest cost for sewer interceptors (\$16.9 mil-

lion) of any city (Las Vegas, \$11.6 million, No. Las Vegas, \$3.3 million).

Normally there is up to 75% federal funding assistance for these costs, but that will apparently not be the case here as we note on page 20 that "... it appears likely that costs of major treatment plants such as AWT will exhaust all grant monies (for interceptors). Therefore, no EPA grants for collector systems are assured".

This means that a tremendous cost for interceptor mains in addition to treatment facility costs, will accrue to the local taxpayers alone.

SUMMARY:

In the final analysis, our City, and other cities with which we have joined efforts, are not requesting something that is unreasonable. What we are requesting is:

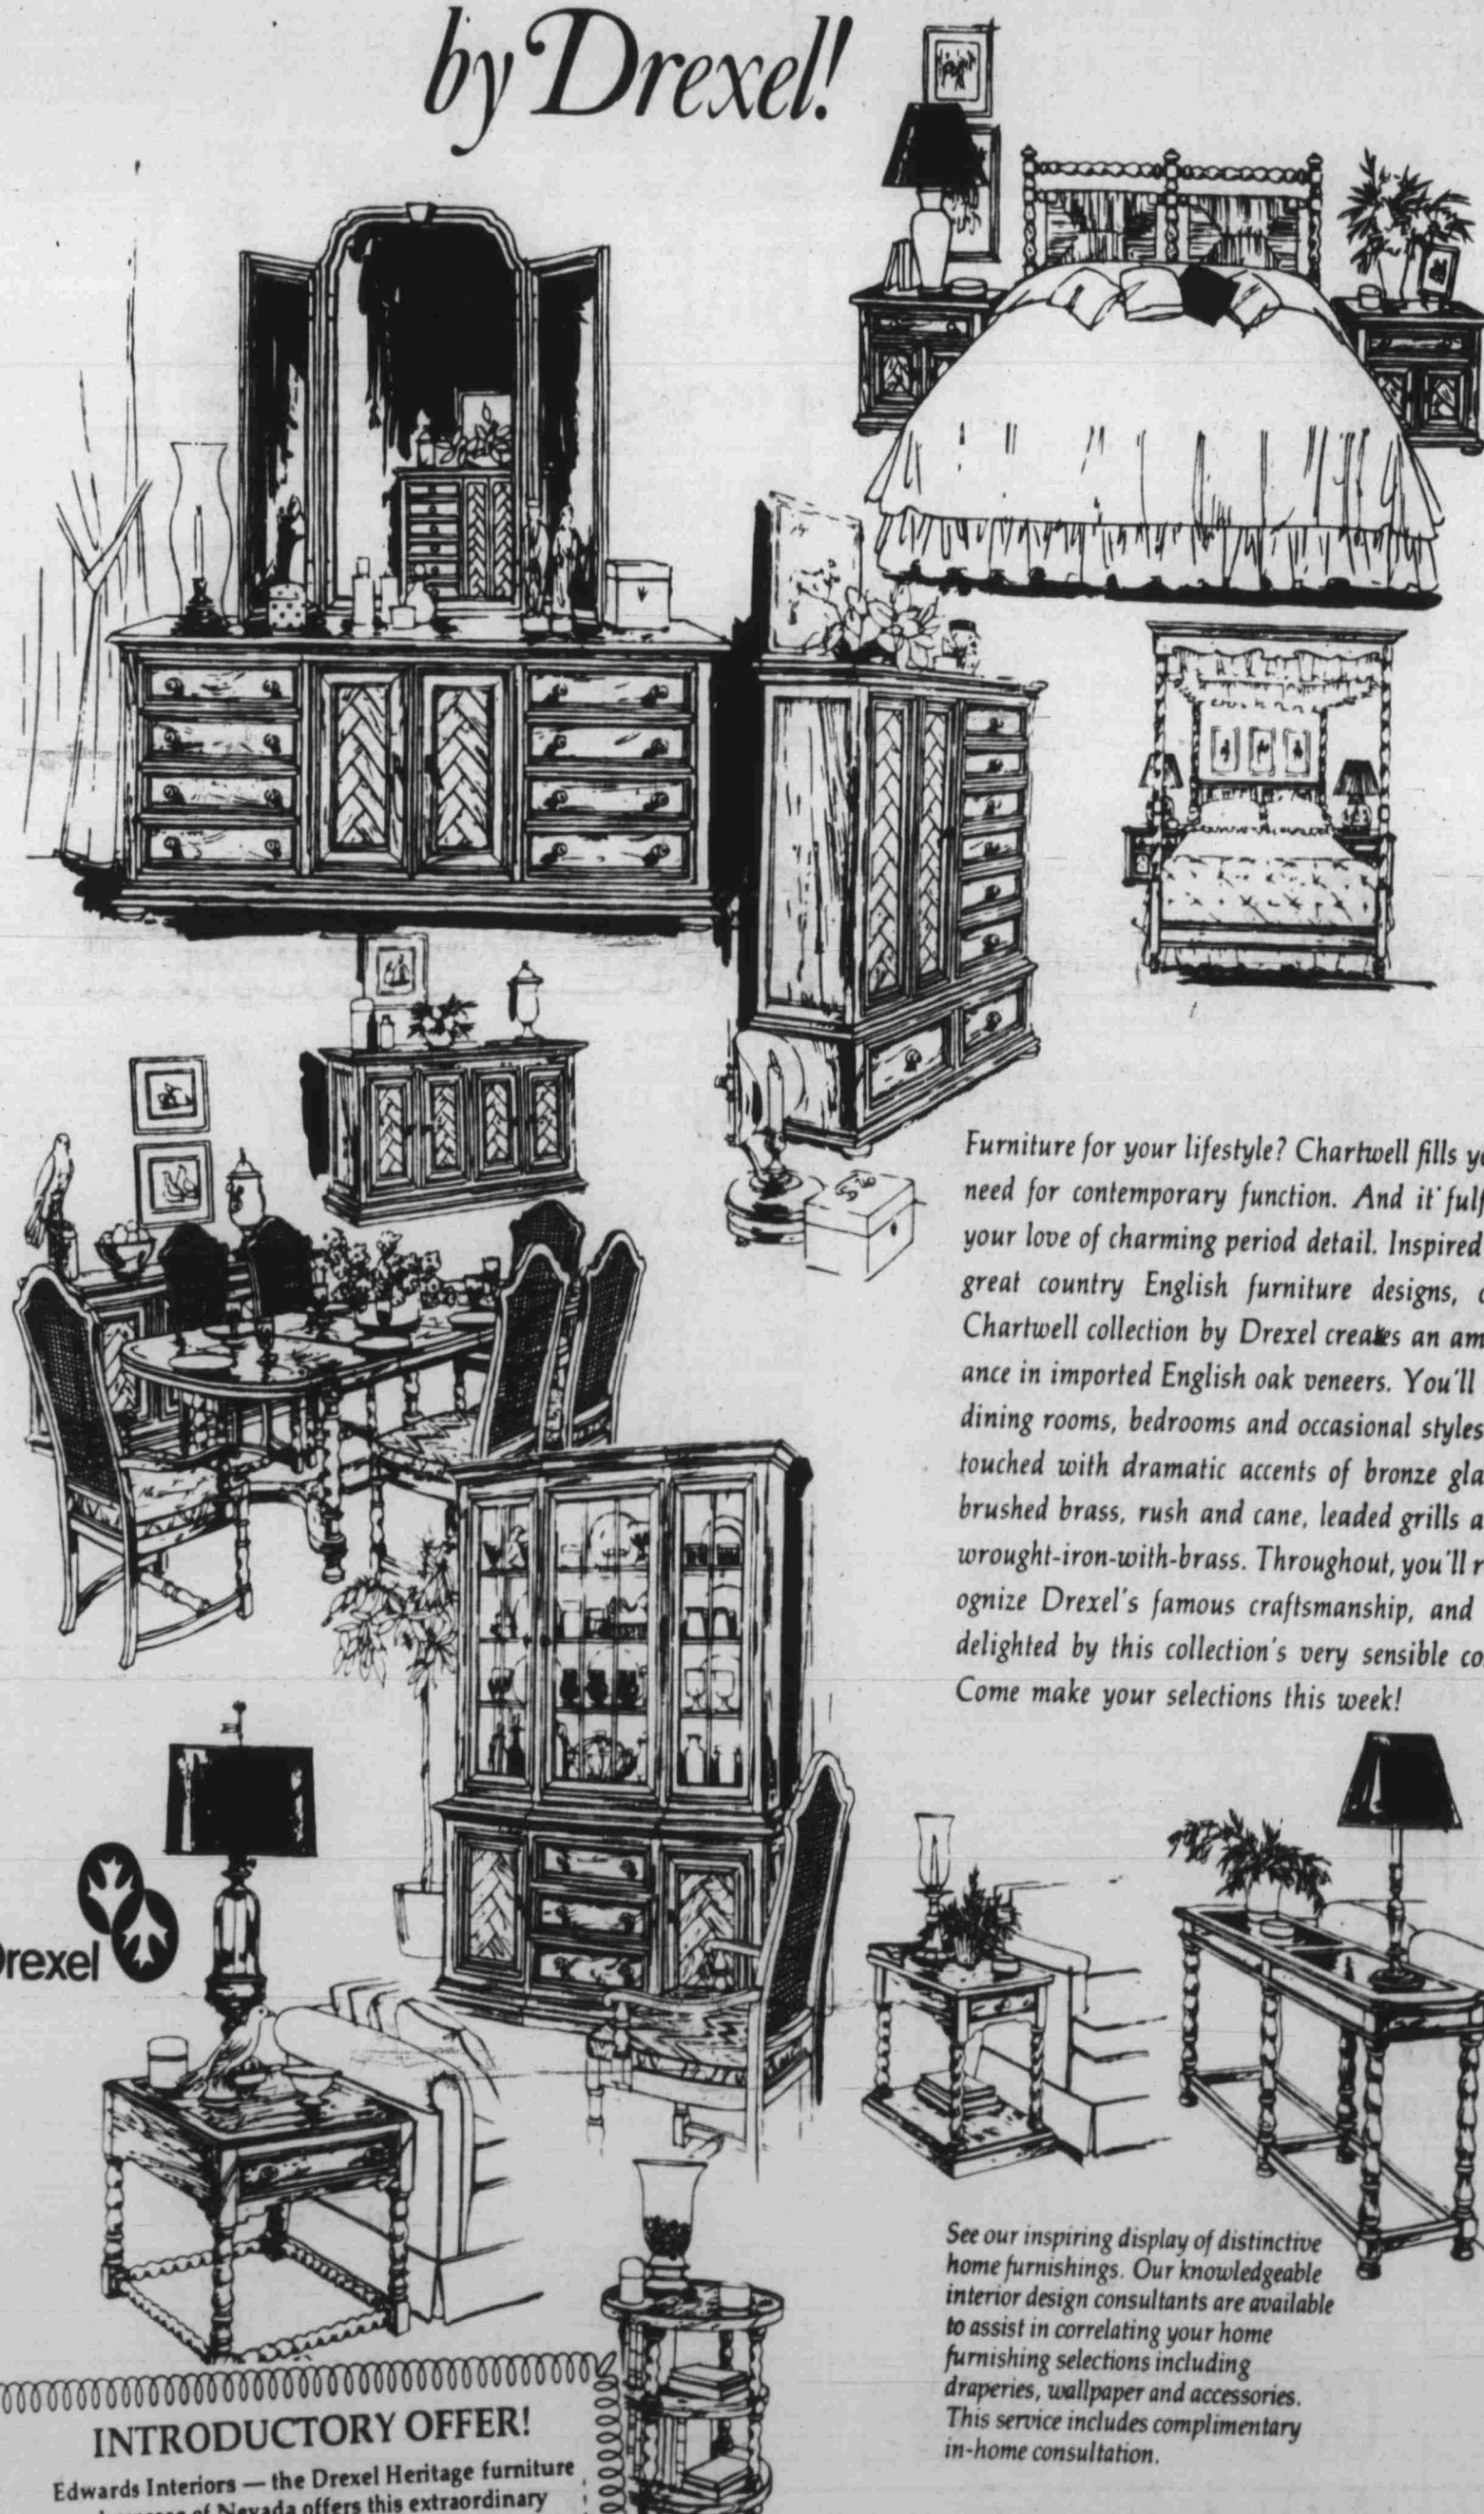

1. That a management authority representative of the political entities most affected be established to carry out the very important 208 Program. If such an agency is not established, the opportunity for a cooperative solution to the areas' problems will be greatly diminished.

2. That every agency involved -- the Cities, the County, the Governor, and EPA -- stop and take a second look at whether the AWT concept is cost-effective and fair to the citizens of this area. As a part of this analysis, the water quality standards themselves should be addressed. The objective of 208 Planning is to achieve a goal of "fishable and swimmable waters" (page 1). To go far beyond such standards is an admirable but perhaps foolhardy and costly goal.

Topics for Taxpayers

By ERNEST L. NEWTON

Educationists Fear Competition Schools

The public education heirarchy is scared of one feature of the proposed tax reform bill now pending in Congress. The provision is authored by Senators Packwood (Oregon) and Moynihan (N.Y.) and

would, quite simply, allow federal taxpayers to deduct half the tuition parents pay to private or public schools, up to a maximum of \$500 per student per year. The proposed legislation is blasted by

Nevada's school boards, principals, teachers, administrators, classified employees and the PT-A with arguments that are vociferous, if not cogent. The basic thrust of the argument compels the conclusion that pub-

lic schools in Nevada, supported 100% by the taxpayers, cannot compete with private schools at which parents would be required to pay (directly) only half the tuition charge. The opponents of the legislation insist that passage would mark "the beginning of the end of public education." Obviously this is a phrenetic overstatement. Federal funds amount to less than ten percent of the cost of operation

of public schools. Most of the money comes from state and county sales taxes and property taxes. The federal tax credit would reduce the federal income tax income by a maximum of \$500 times the number of children for whom school tuition was paid. The proposal mandates no reduction in the allocation of resources by the federal government to public schools. Then, too, with the federal tax bite reduced by the tui-

tion credit, the taxpayer would have that additional money available to pay the burdensome local tax bill. The bill may have constitutional infirmities; although no one will ever know until there is a court test. The bill is written to minimize the effect of court objections that have been expressed in the past. Proponents insist that the bill is not a subsidy to "religion" and they advance two reasons: (1) not all

private schools are sponsored by religious organizations, and (2) the subsidy is to students (and their parents) and not to the schools. The apprehension of the public school heirarchy is understandable. Public schools are much more expensive to operate than private schools and the cost is borne by the taxpayer rather than by the recipient (or his family). The taxpayer may or may not receive any di-

rect benefit from the public school apparatus, but the cost to each taxpayer is so well hidden that realization of the impact comes late, if at all. The private school is required to maintain a superior quality in order to attract patronage and when the cost is the same (or less) the private school gets the students. Opponents insist that private schools discriminate against the handicapped and the undisciplined. But that isn't entirely true. There are private schools for the handicapped; and even some for the unruly. For the latter, the public schools have no admirable record. The spectre of a "caste system" is overblown. There are, now, and always have been individual differences in people. Some succeed, others fail. Some learn, others do not. Some strive, others sit. Absolute equality of results is not attainable, even if it were desirable — which it is not.

Dam Expansion

A controversy is brewing between Rep. Jim Santini and the Department of Interior over the need to expand the power plant capacity at Hoover Dam and seven other federal water projects in the West.

Testifying in a recent hearing of the House Water and Power Subcommittee, Santini endorsed legislation authorizing \$40 million for construction of a new power plant in the dam's outlet works.

"Southern Nevada urgently needs this installation to provide necessary protection against blackouts and to increase production capacity in the dam's service area," Santini told the subcommittee.

Testifying in opposition to the legislation was Keith R. Higginson, commissioner of the Bureau of Reclamation (BOR).

"We believe the authorization would be premature and would not follow the established procedures for planning water resource development," he said in a prepared statement.

Higginson argued that "impact assessments" should be accomplished prior to determining the acceptability of such developments.

Santini called Interior's position "irresponsible" and accused the agency of failing to recognize the serious energy needs of the West.

"Just when it appeared we had this thing won, Interior comes along and kicks over the beehive," he said. "Further study of Hoover Dam's expansion needs would be a waste of time and taxpayers' money."

He noted that Higginson's testimony contradicted the findings of a two-year study by BOR concluded in January of this year which stressed the need for increasing Hoover's production capacity.

Santini sponsored legislation to fund the study back in 1975.

BOSTON

Christian Scientists from all over the world, including representa-

tives from Nevada, were told here at their 83rd annual meeting June 5 to

put aside "busywork, organizational mechanics, and zeal for media exposure."

"The need today," said The Christian Science

Board of Directors, in its message to the denomination's global membership, "is for more healing, more spirituality, meekness,

humility."

In a strongly worded statement, the Directors warned against "powerful mental cross-currents at work against religion and against the moral code inculcated by Christianity."

"It's obvious that the present period is marked by a conspicuous lack of stability -- in our homes, schools, and institutions, our commercial and public life as well as in individual experience," said the Directors' statement.

The Directors are principal officers of The First Church of Christ, Scientist here, of which Christian Science congregations around the world are branches.

The Board statement was read by Chairman DeWitt John. He reminded the several thousand gathered for the meeting that in 1894

Mary Baker Eddy, the denomination's founder, counseled: "The Church, more than any other institution, at present is the cement of society, and it should be the bulwark of civil and religious liberty."

The chairman called on twentieth century Christian Scientists to "go forward in the spiritual work which is the essence of the Church -- loving one another, restoring the lost element of Christian healing, overcoming sin, and living the life of a Christian."

In their yearly review of denominational activities, other church officers noted:

a continuation of the gradual decline in membership, but also, an increase in the number of new branch churches formed during the past year (37 as compared with 22 in 1976).

an increase in individual contributions to the church (double the level of five years ago).

"significant stirrings of interest," among other Christian

churches, in Christian healing, long a central aspect of Christian Science.

The Directors also announced the establishment of an endowment fund for The Christian Science Monitor, to help the church's famous newspaper cope with spiralling publishing costs.

Named as the new President of The Mother Church, The First Church of Christ, Scientist in Boston, was John R. Peterson, a practitioner and teacher of Christian Science and the church's general counsel.

BOSTON CHURCH SETTING is scene each June for Annual Meeting of Christian Scientists who gather at The First Church of Christ, Scientist. Founded 79 years ago by religious leader Mary Baker Eddy, denomination is still best known for commitment to Christian healing. The inspirational meeting attracts several thousand church members from around the world.

1978 Big Game Hunting Season Established

Nevada's nine member Board of Fish and Game Commissioners met Saturday (May 20) and set 1978 big game hunting seasons for mule deer, antelope, elk, bighorn sheep, mountain lion and mountain goat.

During the all day public session that began at 8 a.m. at the Reno Headquarters of Department of Fish and Game, the Commission reviewed and discussed hunt recommendations proposed by NDFG, the County Game Management Boards and interested sportsmen before formally establishing the complete set of season dates, quotas and regulations.

Highlights of the season setting session included the adoption of the state's first muzzle-loading rifle deer hunting season separate from the regular rifle and archery hunts; a reduction in the number of deer tags for the regular rifle season in a few management areas, under what was proposed by NDFG; and the legalization of the use of shotguns with rifled slugs of certain gauges for the taking of deer throughout the state.

Other major changes adopted Saturday include the increase in cost of resident deer tags from \$8 to \$9, the increase in available elk tags to 20, up from 10 last year and five more than proposed by the Department, and the establishment of the state's first mountain goat hunting season to take place in Management Area 10 of Elko County's Ruby Mountains.

MULE DEER A total of 21,322 resident and 2,359 non-resident mule deer tags will be available under a buck only total quota hunt system during seasons that vary by Management Area. Season dates will be: Oct. 14 Nov. 12 in Management Areas 1 (Units 011, 012, 013, and 014), 2 (022), 3, 4, 4, 18, 20, (Unit 203), 21, 22, 23, 24, 26 and 27; Oct. 28 - Nov. 26 in Management Areas 1 (015), 2 (021), 19, 20 (Units 201 and 202) and 29; Oct. 7 - Nov. 12 in Management Areas 6, 7, 10, 11, 12, 13, 14, and 15;

Old Memories Of Old Friends As Morry Zenoff Enjoys 50th Year in Journalism

(Editor's note--- The following letter is the next of the all - year series this newspaper is running to commemorate Morry Zenoff's 50th year in journalism. It is written by Bill Byrne who was a pioneer in the early life of Henderson and a prominent leader in the community. He served as spokesman for the first organized unit of people -- the Tenants Council, then three terms as assemblyman in the state legislature ... then as mayor. He later served as deputy assessor, until his retirement, and now is a state worker handling senior citizen affairs. ...LK)

Dear Editor,

50 years in the newspaper business -- or should I say profession! That gentleman who publishes the Las Vegas SUN and who has been one of Morry's closest friends for the past many years put it beautifully when he wrote recently that if Morry Zenoff could survive 50 years in journalism and if journalism could survive 50 years of Morry, both must be indestructible; at least, that's my best recollection of what Hank wrote, and I heartily agree.

After all the "copy" Morry has afforded me in his Henderson Home News during the years -- some if it not so complimentary, believe me -- I would be remiss if I didn't use this occasion of Morry's "50th Anniversary" to reminisce a bit about the approximate 30 years I have known him at Henderson; recollections of the many, many, many things this man has done for the communities of Henderson and Boulder City.

Morry has furthered so many projects, programs and issues during those years, which redounded to the benefit of the people of Henderson and Boulder, I know for sure that this year of his 50th in the profession and his 30th here must be a time of greatest satisfaction and happiness for him.

We were good friends from the very beginning of his coming to Henderson; then we suffered differences of opinion and differences of political endeavor for a little while -- as is the wont of men who sincerely believe in what they are doing -- and then, to the happiness of both of us I am sure, we resolved our differences and became very good friends again.

To recount the many constructive things Morry furthered and, thru his newspaper, was mainly responsible for accomplishing for Henderson and Boulder, would take a book. As I write this letter, I don't know just why but I keep recalling one which happened so many years ago but which I think had more, than anything else, to do with Henderson's turning - point from a war project to the fine city it is today; Morry's indefatigable efforts in promoting the Federal Homes Development in Henderson. His faith in the future of the community was indestructible. He was so right.

The many people of Henderson who are still residents already know those things I would write further in this letter about his accomplishments during those 30 years in the city, so I'll refrain from the nostalgic and merely say, to you, Morry, that in my book you deserve a hundredfold all the pleasure which must be yours in reflecting on your 50 years in the journalistic profession and, particularly, the 30 of those years you spend here. Our communities owe you a lot.

Happy anniversary and the best of everything to you and Eva.

Sincerely,
(s) Bill and Julie

Internal Revenue Service Installs Tip Action Lines

--The Internal Revenue Service announced Tuesday it has installed action line telephone numbers in Reno and Las Vegas to provide tip income information to Nevadans.

Gerry Swanson, IRS Director for Nevada said, "The action lines are designed to give tip earners direct access to

Internal Revenue Service for tip information. This information includes tip income reporting requirements and how employers make tax withholding on

tips. Additionally, free publications on tips can be ordered over the action lines. Internal Revenue Service publication 531 explains tip reporting requirements

and document 5635 provides a pocket-sized booklet in which to enter the amount of tips earned each day. This document also includes form 4070 which is given

to the employer so he or she can withhold tax for tips employees receive." The new action line numbers for tip income are 784-5524 (Reno) and 385-6452 (Las Vegas).

Persons outside the Reno and Las Vegas areas may obtain tip information by using the statewide IRS toll-free telephone number (800) 492-6552.

Elementary Summer School

On-site registration for elementary summer school students is scheduled Monday, June 12, between the hours of 8:00 a.m. and 12:00 noon.

Classes to be offered include kindergarten, remedial and an arts and crafts program.

There are ten summer school sites for the elementary program. They are: Howard Wasden, Vegas Verdes, Twin Lakes, Helen M. Smith, Pat Diskin, George Harris, Will Beckley, John S. Park, Tom Williams and Doris Hancock.

Classes are scheduled June 19 thru July 27, and will be conducted from 8 a.m. to 10:30 a.m. each Monday thru Thursday.

EDITORS, NOTE: For further information contact Dr. Bozarth's office at 382-7264.

IT'S THE MOST

The most many textile industry workers are likely to be paid might very well come from the J. P. Stevens Company. As of September, 1977, Stevens workers earned six percent more than the industry average on an hourly basis and ten percent more on a weekly basis. Their earnings also approximated those of all manufacturing employees in the southeastern region of the country where most of Stevens plants are located.

YOU SHOULD BE CONCERNED ABOUT YOUR WATER

ALL NEW Stainless Steel WATER DISTILLER
• Portable
• No plumbing necessary

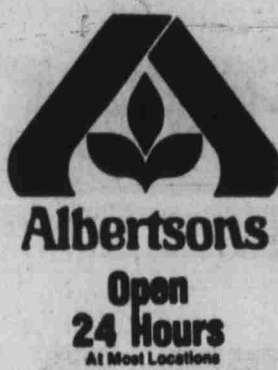

There are over 12 thousand chemicals on the market today, 500 being added yearly. Regardless of where you live, in the city or on the farm, some of these could be getting into your drinking water.

Therefore, we feel you should have two sources of water; one for watering the lawn, washing clothes and dishes, flushing toilets-the other for drinking and cooking.

Tens of thousands of people in the United States and in many foreign countries are now using our portable water distillers.

Send for free literature now while the supply lasts.

Greyhound Expo Golf Tournament

Bigger Than Ever

Let's Play Golf

Viv and Bill Phillips

Last Saturday, in beautiful weather, 198 golfers in 6-man teams, teed off in the first round of the 6th Annual Greyhound Expo Golf Tournament at the Black Mountain Golf course. This fine tournament is sponsored by Greyhound Exposition Services, a Las Vegas convention service firm headed by long time Henderson resident Dave Jamison who hosts the festivities each year. The golf tournament is a 'scramble' and the 6-man teams are made up of A, B, C, D, E, and F players assigned according to handicap.

After 18 holes of slices, hooks, dubs and long straight beauties, interspersed with hot dogs and refreshing drinks, Eddie Draper's team of Roy Chandler, Bill Miller, David Coleman, Mac McKinney, and Rance White came in first with a net 57.5.

Don Smith's team of Bill Brimmer, Jack Ake, Tony Foster, Jack Cornia and Harry Micas took the second spot, net 58.5.

Placing third was the team of Joe Martin, Bobby Vigil, Hersh Trumbo, Nort Rittmaster, Don Dawson, and Ken Zahn, net 58.5. In Saturday's special events, Jack Ake's shot on the No. 3, par 3 hole, was closest to the pin and his team mates all shared in the award. Ernie Bigsby belted the longest drive on No. 7.

Team composition was rearranged for Sunday play. Carl Fawcett's team of Sam Miller, Ron Segal, Jim Potter, Mac McKinney, and Erwin Kuchel captured first place with a net 56.25.

Park Service Seeking Life Guards

The National Park Service is seeking qualified applicants to fill summer lifeguard positions. Positions are available for GS-2 (\$3.38 per hour) and GS-3 (\$3.81 per hour) lifeguards. Qualification requirements for GS-2 positions are: A senior lifesaving certificate, a first aid certificate, a high school diploma, and being at least eighteen years of age. Qualifications for GS-3 include the above plus one year of college.

Further information and applications can be obtained by calling 293-4041 and asking for the personnel office.

Mike Schollian's team of Howard Goodwin, John Holler, Ric Tuttle, Howdy Wells, and Dick Chase placed second with a net 57.25.

Third place went to the team of Joe Martin, Ted Wiens, Bill Phillips, O.L. Raney, Howard Jacobs, and Dave Hendricks with a net 57.5.

Tom Steele's shot was closest to the pin on the par 3 fifteenth hole to garner the award. Mike Diehl had the longest drive on Number 7.

The most spectacular shots of the tournament came from Corky

Machado who made a hole-in-one on the par 3 third hole, and Greg Sullivan whose second shot on the par 5 second hole dropped in the cup for a double eagle 2.

Kick-off event for the tournament was a steak fry and dance Friday night, with the dance floor and barbecues set up on the course driving range. Dancing was to the lively notes of Dick Geuder's musical group.

On Saturday, while the men played golf, the ladies were entertained at a luncheon and fashion show with Margaret

Jamison as hostess for the event. Sasha and his Romantic Strings, from the MGM, moved among the tables playing requests from the ladies and also provided background music for the fashion show presented by Vernay's under the direction of Agnes Williams.

Following the fashion show the ladies competed in a gin rummy tournament which was won by Martha Chase with Mae McKinney as runner-up.

The grand finale of the tournament was presentation of awards Sunday evening following a smorgasbord dinner. Dick Geuder's group, again entertained with its music.

The Greyhound Expo Golf Tournament draws players from all of our neighbor States as well as from the Las Vegas Valley. Black Mountain Country Club and the City of Henderson are very fortunate to be selected as the site of this outstanding golfing event.

Don Christensen To Speak At Nevada Mining Council Meet

Mr. Don Christensen will present a program on Gem Stones for the June meeting of the Nevada Mining Council. The meeting is to be held on Thursday, June 8 in Room 202 of the Student Union Hall at UNLV. Starting time is 7:30 p.m. Members and the public are urged to attend what promises to be an outstanding presentation by Mr. Christensen, a widely recognized authority in this field.

Mr. Don Christensen is a member of the firm of M.J. Christensen, pioneers in the jewelry business in Las Vegas. He is numbered among the very limited group of certified gemologists, in the State.

He plans to present a program oriented to the interests of his audience. North American Gem Stones will be stressed and field identification methods and equipment will be explained. He also plans to touch on the subjects "Gem Stones of the Month" and "Proper Care of Gem Stones" which should be of special interest to the ladies in the audience. The marketing of gem stones will also be reviewed. A question and discussion period is to follow his speech.

The Nevada Mining Council is a locally based non-profit organization interested in preserving the rights of the small prospector and miner and in furthering the interest of the general public in mining and prospecting.

EOB FREE DAY CARE SERVICES NOW AVAILABLE FOR WORKING MOTHERS

If you are working, in training, or a in-school mother who now pays for babysitting or Day Care Services for your children call 647-2602. The Economic Opportunity Board of Clark County can provide FREE Day Care Services for your children if you meet Title XX Day Care guidelines. Children must be between the ages

of 3 to 5 years to be eligible for this program. While you are working your child will play and learn more readily thru day to day educational supervision conducted by EOB's trained professional Day Care personnel. During the day care period learning takes place everywhere, all day long. Here at EOB there is

time for the children to play, to explore and experiment. All of the experiences the children have help them learn more about themselves, others and the world around them. Your child will receive a balanced mid-day meal and morning and afternoon snacks. For more information on EOB's Day Care Program please call 647-2602.

Free Immunization

Clinics

In an effort to assure that more children are protected against preventable diseases, the Clark County Health District is continuing its efforts to inform parents about the need for immunization, and provide free clinics for area residents.

The diseases for which immunizations are available are polio, measles (rubeola), rubella, diphtheria, tetanus and whooping cough.

This week public health nurses are available to provide immunizations at these locations:

Public Health Center - North Las Vegas at 3262 Civic Center Drive from 9 a.m. to 1 p.m. Monday through Friday.

Jackson Street Clinic at 402 Jackson Street from 12:30 p.m. to 4 p.m. Monday through Friday. Boulder City Teen Center from 10:30 a.m. to 12:30 p.m. and 1:30 to 3:30 p.m., Wednesday.

Paradise Park at 4770 Harrison (off Tropicana) from 9:30 a.m. to 3:30 p.m. Wednesday. Look for the mobile unit.

Trailer Estates at 2240 Linn Lane from 2 p.m. to 5:30 p.m. Thursday.

Tropicana Village West at 6300 W. Tropicana Avenue from 9:30 a.m. to 4 p.m. Thursday.

Call the Clark County Health District for further information at 385-1291.

SOLAR TEA™
 NATURE'S TEA

Solar Tea is the natural way to brew tea. Boiling water (212 F) to make tea, often brings out certain oils and acids which can give tea a bitter taste if not drunk right away. Solar tea never tastes bitter because it's brewed slowly by the sun's infrared and ultra-violet rays. Solar rays don't reach the temperature that releases these oils and acids, so the natural flavor isn't boiled away. Days later, Solar Tea tastes just as good as it did when first brewed.

Solar Tea is economical too. You can make almost twice as much tea per tea bag the Solar Tea way. That means better tasting tea for less money.

Solar Tea has such a naturally good flavor that you may find that you can use less lemon and sugar. In fact, you may like it best with nothing in it at all.

THE NEVADA HISTORICAL SOCIETY'S "THIS WAS NEVADA" SERIES

THE POTTS MURDER CASE

PART II

Josiah and Elizabeth took their sentences calmly enough, perhaps be-

lieving that it could not be happening to them, but the endless wait for the

end to come had a telling effect, on both. Josiah seemed to withdraw within himself and spent his days playing solitaire. Elizabeth became mean and rancorous, refusing to clean her cell and generally giving her hapless jailers a hard time. As one appeal after another failed, Josiah began to plead that it was he who had killed Faucett, not Elizabeth, but he convinced no one.

Elizabeth had meanwhile hit upon what she thought was a plan to delay her own death. Under Nevada law, a pregnant woman could not be executed and she schemed to get herself in a family way. Since Josiah was being held in a

separate cell, Elizabeth tried to entice the night jailer into her own cell on several occasions, but he was wary of the large woman and feared that she would escape since he was only half her size. That failing, she made a pretense of praying constantly and even ordered a dress from a local seamstress so she would be properly attired when the day of her death came. She also requested that a coffin be constructed which would be large enough for her to turn over in. Unbeknownst to her keepers, however, she had secured a pencil-like knife which she planned to use in taking her own life on the eve of the hanging, but that too failed when a guard found her in a puddle of blood and called a doctor to bind up her wrists and save her life.

As Josiah more and more flipped his cards, Elizabeth alternated between hysteria, crying and screaming at him for the last five days before the hanging. "Drop your dam solitaire, you bastard," she told

him on one occasion, "and drop down on your prayer bones and pray for your soul." Josiah occasionally acknowledged the world around him and on the day before the execution again told a visitor that he alone was responsible for the crime. Elizabeth heard him from her nearby cell and shot back "You lie, you son-of-a-bitch, you know you lie."

The impending execution attracted national attention and newsmen from all over the West poured into Elko to cover it. Josiah and Elizabeth refused to grant interviews, however, and sent for their spiritual adviser, a Reverend Porter, who exhorted them to say the name "Christ" over and over again when their minds were tortured. Elko's Sheriff sent out printed invitations to the execution, but refused to allow any women as spectators. Several persisted, however, and peeked through the slats of the wooden fence which had been erected around the gallows yard.

The couple awoke early on their final day and Reverend Porter paid them two visits during the morning. Both appeared calm and attested to the soothing effect of repeating the name "Christ". As the execution warrants were read, Josiah stood dispondently with his head bowed down on the iron bars. Elizabeth stood erect and unemotional in her white muslin suit, a bright red rose gracing her bodice. Asked if they had anything to say, Elizabeth raised her right hand and said "Innocent, so help me God." "We are innocent," Josiah added. They were then escorted out of their cells and across the yard to the gallows. As they climbed the steps, they again declared their innocence and said "Christ" several times.

A deputy pinioned their hands to their sides as the Sheriff adjusted the ropes. They then stepped forward and the nooses were adjusted around their necks. Before the black hoods were put on, Josiah

made several attempts to grasp his wife's hand and finally succeeded. As she turned, their eyes met and their lips touched in a spontaneous embrace. "Goodbye, Elizabeth," he said, "I'm sorry, I love you." "I love you, Josiah," she replied, "God knows we are innocent."

As the black caps were drawn over their heads shutting out their last light of day, only the solemn words of Reverend Porter broke the silence. "Put your trust in God," he intoned, "and he will see you righted." Seconds later, the sheriff cut the cord to the trap and both dropped simultaneously. As Elizabeth hit the end of the rope, an artery ruptured and a stream of blood as thick as a pencil spurted from beneath her hood and stained her white vestment. Save for a faint quiver of the hands and feet, her body did not move. A look of horror spread across the faces of the onlookers and one man fainted dead away. Josiah, considerably lighter than his wife, writhed and struggled for fourteen minutes before being pronounced dead.

imagine that my sweet child Edith is the child of a murderer." She also left behind an epitaph for her gravestone: Lizzy Atherton was my name.

England was my nation. Manchester was my dwelling place.

Christ was my salvation. Several of Miles Faucett's friends had long suspected that there was something more to the relationship between Faucett and Elizabeth than met the eye. When they checked into it after the execution, they found that the two had been secretly married in San Francisco during one of Elizabeth's frequent absences from Josiah. A San Francisco marriage broker attested to the fact that she had introduced the two and Faucett's lawyer also confirmed that his late client had been married to one Elizabeth Atherton, supposedly a widow.

The pair had moved to Fresno shortly after their marriage, but Elizabeth left him when his money ran out and returned to Josiah in Carlin. Faucett followed her some weeks later and got a job in the same railroad machine shop where Josiah was employed. The two became acquaintances. Josiah apparently never learned that his new-found friend was also married to his wife. Faucett was apparently still in love with Elizabeth and had been threatening her with exposure unless she returned to California with him.

What went on in the Pott's home on that fateful evening remains a mystery to this day, but many people in Carlin felt that if Elizabeth had testified to her desperate situation and state of mind in court, perhaps she and Josiah could have been saved from the gallows.

In the spring of 1906, Elko officials dug up the potter's field where the Potts rested and the bodies were transferred to another cemetery. When the laborers disinterred the Potts, the lids of their coffins were raised and the bodies were found to be perfectly preserved, the black hoods still in place and the red rose on Elizabeth's dress still intact.

Scientology Church Service Set

U. Of Nev. Extension Specialist Cautions About Tick Paralysis As Outdoor Recreation Gets Underway

"Spring and early fall," says a University of Nevada Cooperative Extension Specialist, "are peak times for hard-backed tick activity in the state, and outdoor recreationists are advised to take some precautions concerning the ticks."

Dr. Harry Smith, Extension Pesticide Specialist at the University, noted that more and

more Nevadans and others with the coming of the warm weather are turning to the outdoors for recreation, camping, fishing, hiking and so on.

"Hardback ticks, or the commons ones found in Nevada," Dr. Smith said, "can cause tick paralysis, a serious malady, but there is no need to worry if a person is aware and takes some

precautions." Dr. Smith added that not only humans can be effected but also domestic livestock and pets.

According to Dr. Smith, the paralysis can be acquired when the tick attaches and feeds in the vicinity of the base of the skull. The malady is caused by a combination of the fluid excreted from the salivary glands of the tick and the spinal fluid of the victim. The combination can be toxic causing the paralysis. If the tick is not removed in time it could lead to severe paralysis and even death of the host.

Ticks in Nevada are generally found in Sagebrush areas, particularly low foothills, and in higher mountainous country. Persons camping, fishing, hiking, riding horseback, hunting or engaged in other activity in such country could get ticks on them as can livestock and pets in such areas.

Dr. Smith advises outdoor recreationists to inspect themselves at the end of each day for ticks on their bodies. Someone else might inspect in areas one cannot see. Children, particularly those not yet

old enough to talk, should be thoroughly inspected by parents at the day's end."

Dogs, cats, horses or other pets taken into the country should be checked behind the ears or at the base of the skull for ticks. Dr. Smith notes that if a tick is found and not attached just remove it. If it has been attached for only a short time like 24 hours, remove it by lifting it up and forward. Once attached ticks may remain from six to seven days. For ticks that have been attached a longer period, a tiny spot of nail polish remover, kerosene or gasoline applied to the posterior

will cause the bug to become uncomfortable and detach its mouth parts. Burning with matches or cigarettes is not advised. One way of telling if a tick has been attached more than 24 hours is that a swelling of the skin will occur where the tick is attached.

"Even if the paralysis has commenced," Dr. Smith emphasized, "removal of the tick will mean recovery in just a short time." If the head of the tick should remain in the skin after the tick is removed, and this is what sometimes happens with heat such as cigarettes, a bad sore

can result.

Symptoms of the paralysis are a high fever proceeding the onset of a slow loss of coordination which can

commence after the fourth day of tick attachment. If a person's pets or domestic livestock are observed to be behaving erratically,

staggering or falling they should be inspected for the ticks. Only ticks attached near the base of the skull will cause the problem.

Breathing Partners Will Meet - Hear Speaker

Breathing Partners Club will be holding their regular monthly meeting on Thursday, June 15, 1978, beginning at 7 p.m., in the Guild Room at Christ Episcopal Church, Maryland Parkway and St. Louis Avenue.

Guest speaker for the evening will be Ann Smith, of Clark County Medical Society. She will be speaking on "Functions of the Clark County Medical Society."

Breathing Partners, a club for lung patients and family members, is open to all interested individuals. The organization is sponsored by the Nevada Lung Association and there are no dues or membership fees. Further information can be obtained by calling the Nevada Lung Association.

Ner Tamid Services Sunday

Special Shavouth Festival Services will be held at Congregation Ner Tamid, 9 a.m. Sunday, June 11. Ner Tamid is now located at the southwest corner of the S Maryland Parkway and St. Louis intersection.

Shavouth is the Festival of Weeks, or Pentecost. It is celebrated exactly seven weeks after the Feast of Passover.

The Feast of First Fruits, Shavouth was an agricultural festival at the end of the barley harvest.

PAINT WEEK VALUES

TRU-TEST

Put more years between you and your next paint job with WeatherAll.

Save now when you paint, save again when you don't. Tru-Test WeatherAll Acrylic Latex resists fading, blistering and peeling better than oil or alkyd paints - spares you the expense of repainting years longer. Weather-resistant finish is so tough it won't crack under nature's extreme temperature changes. It "breathes" to expel damaging moisture. Fade-resistant pigments guard against stains, smog and discoloration. So all 35 exclusive Jamestown colors hold true season after season, year after year. Custom colors slightly higher.

Super savings on super scrubbable "wash 'n wear" latex.

Now, save on E-Z Kare Latex Flat Enamel, the luxury flat finish that goes on latex-easy, dries enamel-hard, outlasts ordinary latex on walls and woodwork. Greasy soil, chocolate, blueberry preserves, dirty motor oil, wipe clean. Stubborn stains can't readily penetrate the surface, most scrub or scour away with no shine or need to repaint. White and 44 decorator colors. Custom colors slightly higher.

Protect the woods you live in, at a price that's easy to live with.

Woodsman accents wood texture like oil stain, yet resists weather almost twice as long. Covers like paint, needs no primer. Perfect for siding, shakes and shingles, smooth or rough-cut old or new wood. 22 forest hues. Custom colors slightly higher.

Paint now and save on exceptional value Tru-Test Wall Paint!

Why put it off? This velvet finish goes on easy, easy on the budget too. Covers most walls and ceilings in 1 coat, dries odor-free in 30 min. Tools come clean in soapy water. White and 6 colors. Custom colors slightly higher.

NOW THRU JUNE 14 ONLY

Tru-Test Latex Redwood Stain seals colors and protects wood in 1 coat. Ideal for siding, lawn furniture and fences.

Only 2.99 a gal.

ONE COAT CEILING LATEX

Bright, white, high hiding flat latex for all rooms. Easy to apply. Dries fast. Non-yellowing. Ideal for plaster, wall board, etc. White only. (CBW)

Only 6.97 a gal.

Super-Grip repair, almost anything in seconds. 1 drop holds up to 5,000 lbs. Dries to a clear permanent bond. 3 grams. Limit 1 per customer with this coupon.

Billie Bates Becomes Registered Parliamentarian

Billie Bates, a two-year member of Lake Mead Parliamentary Unit, recently passed the comprehensive examination to become a registered par-

liamentarian, it was announced by Artie Cannon, president. The examination, administered by the National Association of Parliamentarians, tests the applicant's general knowledge, problem solving ability, and research proficiency in Robert's Rules of Order Newly Revised.

Anyone interested in the study of parliamentary procedure is invited to attend the regular meetings of the Lake Mead Unit, which are held the first Tuesday of each month in the Staff Room

of St. Rose de Lima Hospital, at 8 p.m. For more information, phone 565-7688.

High Schools Set Summer Schools

Summer school programs are scheduled June 19 through July 27 at three Clark County School District high school sites.

Pre-registration is through June 8 at either Western, Valley or Rancho High Schools. All summer school students, whether pre-registered or not, must be present during registration June 16, from 9:00 until 11:00 a.m., or 1:00 until 3:00 p.m. Classes will meet from 7:30 a.m. to 10 a.m. and from 10:10 a.m. to 12:40 p.m. Students are allowed to register for no more than two classes at a cost of \$42.00 per class.

Summer school tuition will be waived only for those designated as CETA students by the Clark County School District.

EDITORS, NOTE: The three secondary summer school site administrators are: Mr. Frank Nails, 385-5225; Ms. Kay Samolovitch, 565-9791; and Ms. Lois Neely, 870-6011. They may be reached at the numbers listed thru June 8.

BILLIE BATES Billie Bates
Rhonda Wilke Wins Scholarship From U Of Idaho

Rhonda L. Wilke of Henderson, a graduate of Basic high school, was awarded the alumni association scholarship at the University of Idaho.

She was among 50 new

students to be awarded a scholarship. The university will offer more than \$500,000 in scholarships for the 1978-79 year, with about \$250,000 of that going to new students, according to Daniel Goyette, assistant director of UI student financial aids.

It's believed to be bad luck to light three cigarettes from one match.

THEY'RE PLANNING AHEAD THIS MAY

Army Reservists will be doing something special in May. They're planning projects that will help the towns and cities in which they train. They're part-time soldiers doing something extra for their communities.

Class of '58 will Enjoy Reunion on July 4th

The BCHS class that graduated in 1958 will hold a reunion at City Park on July 4th in conjunction with the American Legion Damboree. Class leaders who are acting as local

chairpersons are Karvel Rose, Butch Sharp, Darlene Swift and Jim Widner. They will have a banquet at the ELKS Club and a picnic and get together at City Park.

Marvin "M.O." Dodge Remembered As Author Of Epic Poem

We call called him "M.O." He was a pioneer who came to Boulder City in 1933 along with his wife, Myra and his daughter Alice. It is to Alice Dodge Brumage that we owe the privilege of running the poem she read to the "31'er" dinner on April 8. So many requests have been made for a copy of the poem that it will be in the NEWS when space allows.

M.O. and Myra were known for their sharp-shooting skills and an entire wall in their home was covered with the medals they won in local and national competition. M.O. and Grey Boynton along with other avid gun enthusiasts formed the B.C.

Rifle Club. Do you remember when the club held the first community Halloween celebration in McKeeverville with the fiddle player called "Arkie" entertained? Later Myra Dodge and Roberta Hudlow made the affair an annual event in Boulder City and for years the mothers dressed the little ones in colorful Halloween costumes to form a parade and later meet at various buildings and churches for refreshments and a program. M.O. continued as a firearms instructor for the rangers in Boulder City and also the Sheriff's dept. in Clark County. He also opened a gun workshop in McKeeverville and later one

in Las Vegas. His stocks were famous for beautiful workmanship. He loaded shells with Steve Fenton for the B.C. rangers when W.W. II was going on. M.O. contracted pneumonia while serving with the U.S. Navy in 1948 and was left with side effects that prevented him from taking up heavy work again. His crafts included concrete construction, riveting, and expert carpentry. His last years were spent being a semi - invalid. His beloved Myra died in 1955 and 6 months later M.O. joined her. For M.O. it was a release to write poetry. "Men of Boulder" is a true story.

NEW AAUW OFFICERS - Robin Morgan, above left, AAUW State president, installed officers of the local branch from left to right, Emma Miller, secretary; Pat Doman, president; and Helen Tryon, treasurer. No present were Mary Ann Dey, 2nd vice president; nor Florence Brown, 1st vice president. PHOTO BY GENE SEGERBLOM

Men O' Boulder Poem

Oh your right foot's in Nevada.
Arizona's got your left.
As you arch your back aholding.
Rampant waters oh so deft.

When at first my eyes beheld you.
How I caught my breath in awe.
Down way down below six hundred.
Marveled then at what I saw.

Never ceased to be astounded
By the rate at which you grew.
Life seemed all but consummated.
When I poured twelve thirty two.

Times I saw the fearful buckets.
Concrete measured in yards eight.
Pond'rous power seemed to dwarf me.
In my puny low estate.

How I watched the zealous workmen.
Wash you whiter much than snow.
Fill your hungry gaping voids up.
Some were forty feet below.

Down inside your dark dark innards.
Pumped I grout both strong and weak.

So you'd never be disgraced by.
Such a nuisance as a leak.

Saw you often bright at noontide.
When sweat poured in to my eyes.
Stilled my chatt'ring teethe at midnight.
Under winters' leaden skys.

Watched your healthy growth at sunset.
Also times before the dawn.
When the mouths of graveyard workmen.
Started open in a yawn.

Witnessed those most daring devils.
Push weird towers oh so high.
Heard the hum of rushing Kil'watts.
As they raced across the sky.

Though your body's made of concrete.
What of that, poor earthy crust.
When your soul men made of jewels.
God had given them in trust.

Dreams and hopes and many heartaches.
Blood and sweat and tears and death.
These men gamble life and birthright.
With Their each and every breath.

Reared you up in all your grandeur.
Caring little for the fame.
Knowing well your very presence.
Colorado's flood would tame.

And the men who built your turbines.
Threw your switches cleaned your floors.
Loved you more than any other.
Some of them you'll see no more.

On your crest there is a tablet.
Listing names both great and small.
At the bottom it says others.
These you owe much more than all.

How they pampered you and watched you.
From the day that you were born.
And you'll still be holding water.
When they've answered to the horn.

When the Moonmen wander o'er you.
In some post atomic day.
These quaint earthlings who built boulder.
They were men, no doubt, they'll say.

M.O. Dodge
