Henderson, NV. 89015

Dear Janet,

As you know, the Henderson Chamber of Commerce has been very supportive in the development of a new downtown Civic Center complex beginning with the construction of a Henderson Convention Center, which has been accomplished. Early last year the Chamber made a presentation to the Henderson City Council to begin planning for a new City Hall and library facility which are so badly needed in this growing community.

I wish to complement you and your Board on the effort and hard work you have given to the new library project and we are pleased to have played a small part in its beginning.

Sincerely,

HENDERSON CHAMBER OF COMMERCE

Gary Johnson
Executive Director
