MAP OF BOULDER CITY NEVADA

SCALE IN HUNDREDS OF FEET

GENERAL REVIEW

Henderson is in the southern tip of Nevada, and is situated on level, desert terrain at an elevation of 1900 feet. It is on the U.S. and Nevada State Highways 93, 95, 466 and 41, and is midway between Boulder City and Las Vegas. The eleven miles to either city is all on modern, divided highways with an average of 18,948 cars passing through per day.

Within one day's drive are several National Park areas: Grand Canyon, Death Valley, Valley of Fire, Yosemite National Park, Bryce Canyon and Zion Canyon. One of the world's greatest engineering examples, Hoover Dam, and the Lake Mead National Recreation Area are just a seven minute drive from Henderson. Henderson makes an ideal home for people who enjoy weekend vacations. It is in range of all the national parks and recreation areas within a one day's travel. The new national trend for vacations is the weekend type and Henderson is the hub for such trips.

The new 18 hole golf courses provide year round golfing. The Black Mountain Golf Club and Paradise Valley Golf and Country Club courses add a new touch to Henderson and are open to the public. Green fees are nominal. The club house features a cocktail lounge, dining room, with swimming pool and Pro-shop. The entire projects are a lush oasis; the verdant links providing a striking contrast with majestic Black Mountain and Paradise Valley. Their proximity to other mountains, with their vari-colored rock strata, and their slightly higher elevation provide a panoramic view of the vast Las Vegas Valley painted in pale pastels.

Just a seven minute drive from Henderson is the largest artificial lake in the world, Lake Mead. Created by herculean Hoover Dam, the lake has over 550 miles of shoreline along which the National Park Service is continually constructing new recreational areas. Water sports enthusiasts among the more than half a million annual visitors indulge in year round fishing, swimming, boating and water skiing.

The combination of geographical location and climate permits the enjoyment of both summer and winter sports during the winter months. A distance of only forty-five miles separates the temperate winter climate of the desert from the snow covered slopes of Mt. Charleston, a southwest mecca for winter sports devotees.

The two city parks in Henderson contain extensive recreational facilities and have a total acreage of 18 acres. The parks have activities for everyone from basketball courts, modern playground equipment, picnic grounds, baseball fields to a wading pool and sand-pile. Tennis courts, ball fields and playgrounds are fully lighted.

Of particular interest to parents is the Henderson Youth Center; a \$180,000 youth recreation center currently providing recreational opportunities for students and adults. Adjoining the Henderson Recreation Center is a municipal swimming pool.

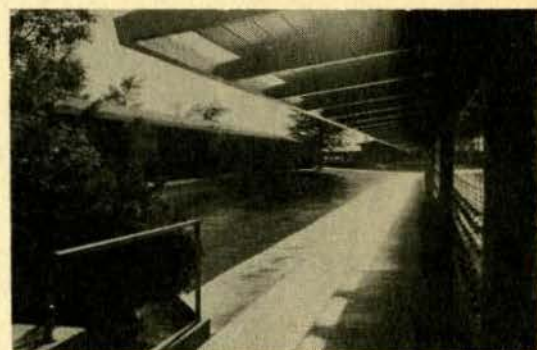

An outstanding variety of evening entertainment is available at the many fabulous, multi-million dollar hotels in the neighboring Las Vegas, at which the greatest celebrities of the entertainment world appear in person nightly.

HENDERSON CITY HALL

SWIMMING AT THE YOUTH CENTER

BASIC HIGH SCHOOL

EDUCATIONAL FACILITIES

The excellent school system which employs 190 teachers, comprises a kindergarten, four public elementary schools, a junior high school, and a senior-high school. Total enrollment is 4,766. In addition, there is a parochial school with a total enrollment of 365; and in nearby Las Vegas (11 miles) are two institutions of higher learning. The Nevada College of Commerce and the University of Nevada Southern.

CULTURAL FACILITIES

Numerous symposiums, lectures, concerts, little theatre, painters & potters, garden clubs and AAUW are offered; as well as many service and social clubs.

Location -- Midway between Las Vegas and Boulder City on U.S. Highways 93, 95, 466 and Nevada State Highway 41.
Tax Rate -- \$5.00 per \$100.00 -- 35% of real property value, includes State, County, City and School taxes.
Water & Gas Meter Connections -- 6333.
Elevation -- 1900 feet above sea level; Terrain level.
Climate -- Yearly average temperature, 66.0, and yearly average rainfall, 3.48 in.

Boulder City, Nevada

(Data from Boulder City Chamber of Commerce)

"Desert Dream Town with Healthful Climate and Land to Sell."

Location: Clark County, Nevada, seven miles from Hoover (Boulder) Dam. Elevation 2,500 feet. Five miles from Lake Mead. Near Eldorado Valley.

Population: 6,000 estimated September, 1964.

City Government: Built in 1931 by United States Bureau of Reclamation for builders of Hoover (Boulder) Dam, city became self-governing in 1960 under Nevada law and governed under Charter written in 1959. City Council of five elects mayor from its number and employs City Manager.

Economic Base: Boulder City's economy rests on income from flood control and power production; U.S. Bureau of Reclamation project staff for the dam; Region 3 staff for U.S. Bureau of Reclamation; National Park Service staff for Lake Mead National Recreation Area; U.S. Bureau of Mines experimental laboratory; tourist traffic drawn by the dam, Lake Mead and Mohave recreational and sportsmen's accommodations to the extent of five to six millions of visitors a year; residents employed at Industrial Henderson 11 miles away, and at resort center Las Vegas, Nevada, 22 miles away. Atomic Energy operations at Mercury 87 miles away. Mild winters with low humidity attractive to retired people and seekers after healthful climate low in humidity. No inheritance tax or state income tax.

Real Estate--Land: Boulder City's area is about 33 sq. mi of land, most of which was deeded to the city by U.S. Government, and can be sold by city, most of existing lots having been sold to those previously having leases on them. Payment plans for land include: (1) Cash; (2) 5% down, balance over 15 years with 6% interest; and (3) 25% down, balance over 5 years with 5% interest. Charter permits city to lease land, provides for appraisal before sale of land, which must be sold at or above appraised value. All land in city has deed restrictions forbidding gambling, sale of hard liquor, prostitution; which restrictions cannot be altered except by citizen referendum. Land leases have been made for periods of one to 53 years.

Federal Government Offices in Boulder City: (1) U.S. Bureau of Reclamation, Boulder Canyon Project--Hoover (Boulder) Dam; (2) United States Bureau of Reclamation, Region 3 staff for administration in Southwest; (3) National Park Service, staff of Lake Mead National Recreation Area; (4) United States Bureau of Mines, staff for experimental laboratory; (5) U.S. Coast Guard.

Schools, Libraries: Fine schools under Clark County system, two plants. Kindergarten through 6th grade, 659 enrolled in 1962-63; junior-senior high school nearly new; 193 enrolled in 7th and 8th grades, 392 in 9th through 12th. Personnel: 66 total, 54 certified. Public school property valued at over \$1,500,000. Access to Nevada Southern University at Las Vegas, 22 miles away, with enrollment of 769 students on campus and 391 part time students, and which will be four-year college reasonably soon. Excellent public library with 11,500 volumes, tax supported, in addition to school libraries in Boulder City.

Hoover (Boulder) Dam Tours, Movies: Guided trips through dam 8 to 5 daily, to 7 p.m. during summer; Free movies of dam construction every day and evening at Visitors' Bureau in Boulder City, 30 minute film.

Travel Figures (Visitors): Hoover (Boulder) Dam was visited in 1963 by 564,594 persons who took the guided tour through the dam and power house, conducted by the Bureau of Reclamation guides. Since 1937, there had been 9,800,000 visitors taking the guided tour through the year 1963.

Lake Mead National Recreation Area Travel Figures: Total travel to the L.M.N. Recreation Area in 1963 was 6,650,120 persons. Of 3,349,565 recreational visitors to our immediate area, 394,485 were fishermen; 663,390 swimmers; 199,200 water skiers; 452,290 tent and trailer campers; and 143,295 made overnight use of concessioners' accommodations in the area.

ALPHABETICAL LIST OF NAMES

Explanation of Code Used on 2nd Line of Information
 h indicates head of household
 r indicates "resides with" or roomer
 1, 2, 3, 4, etc.: these digits indicate number of minor children
 () used in connection with wives names, business
 ownerships and employment locations

STEPS FOR SURVIVAL

In case of atomic
attack or any other major disaster.

OFFICE OF CIVIL DEFENSE

Learn now what to do before, during and after a disaster, and you will learn to live in an atomic age. Preplan family action. Always remain calm.

REMEMBER THESE WARNING SIGNALS

3 TO 5-MINUTE SIREN or HORN

YELLOW ALERT - Steady sound of siren or horn. Attack probable. Prepare to take shelter. (See Steps 10-12)

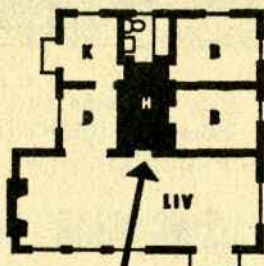

RED ALERT - Warbling siren or short blasts on horn. Attack is imminent. Take immediate shelter. "DUCK AND COVER!"

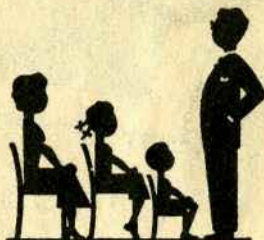

First Aid: Every home should have a person trained in first aid. Ask the Red Cross.

Fire Prevention: Clean out rubbish from yards, attics, porches, and cellars. Have extinguishers and garden hose handy.

Shelter: Determine now the safest place in your home, away from outside doorways and windows. An underground family fallout shelter will provide the best protection.

Meeting Place: Fix a place for assembly or reunion with your family in event of separation because of disaster.

Food Supply: Homes should have a sufficient supply of canned or dehydrated food for 14 days.

Water: Store bottled or canned water sufficient for 14 days. Minimum of 7 gallons per person.

First Aid Kit: Each home should have first aid items on hand for use in normal times, as well as for disaster use.

HINTS FOR SURVIVAL AGAINST RADIO-ACTIVE FALLOUT

If you are outside the range of blast from an atomic or hydrogen bomb, you stand a pretty good chance of escaping any serious effects from fall-out.

1. **PREPARE A SHELTER AREA** in your home whether you live in a city or in the country. A basement shelter is good, but an outdoor shelter with three feet of earth cover and a simple filter is better.

2. **STOCK YOUR SHELTER** with a 14-day supply of emergency food and water.

3. **GET A RADIO**, preferably battery-operated, and keep it in a safe place. Civil Defense news and instructions will be provided by radio.

4. **DON'T BECOME PANICKY** and flee aimlessly. Radioactivity disintegrates rapidly, and you would be safe in reasonable shelter until civil defense officials informed you that the danger is past.

5. **IF YOU SHOULD BE EXPOSED** to fall-out, remove outer clothing and wash the exposed parts of the body thoroughly. Unless you have been exposed to serious contamination this procedure and clean clothes will suffice as a temporary measure.

11. Do not use the telephone. Communication lines will be needed for official rescue and relief.

- ✓ FOR GREATER SALES
- ✓ FOR BETTER CUSTOMER RELATIONS
- ✓ FOR FASTER DELIVERIES
- ✓ FOR GENERAL OFFICE USE

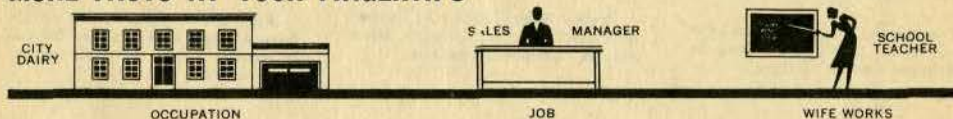

You can make your whole business operation more **EFFICIENT**, more **EFFECTIVE**, more **PROFITABLE** by-----

USING YOUR LOCAL CITY DIRECTORY (COMPLETE CRISS CROSS EDITION)

IDENTIFY YOUR BEST MARKET

Your local City Directory tells you the details that allow you to plan sales contacts intelligently, therefore increasing your selling efficiency. You can determine your most important market—**HOME OWNERS**—from your City Directory's Street Address Guide. By reaching home owners, you can concentrate your sales efforts where they will really pay off.

MORE FACTS AT YOUR FINGERTIPS

Here are other vital selling facts provided by your local City Directory—dual income families, occupation and job position—in the Alphabetical List of Names. With these facts, you know pretty well the family earning capacity. Thus, you'll enjoy a distinct sales advantage in determining *the most logical price range* to present to your individual prospects. Occupation reveals pertinent facts that can guide you to extra sales.

You can make your whole business operation more **EFFICIENT**, more **EFFECTIVE**, more **PROFITABLE** by-----

USING YOUR LOCAL CITY DIRECTORY

(COMPLETE CRISS CROSS EDITION)

IDENTIFY YOUR BEST MARKET

Your local City Directory tells you the details that allow you to plan sales contacts intelligently, therefore increasing your selling efficiency. You can determine your most important market—HOME OWNERS—from your City Directory's Street Address Guide. By reaching home owners, you can concentrate your sales efforts where they will really pay off.

MORE FACTS AT YOUR FINGERTIPS

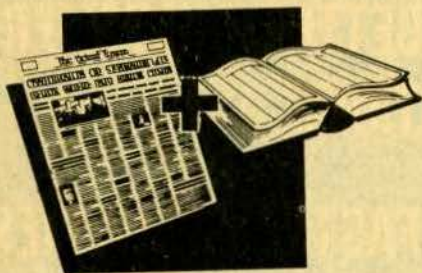

Here are other vital selling facts provided by your local City Directory—dual income families, occupation and job position—in the Alphabetical List of Names. With these facts, you know pretty well the family earning capacity. Thus, you'll enjoy a distinct sales advantage in determining *the most logical price range* to present to your individual prospects. Occupation reveals pertinent facts that can guide you to extra sales.

NEWSPAPER ITEMS ARE CUSTOMERS

- Engagements, Marriages
- Business News
- Newcomers to Town
- Retirements
- Births
- Divorces

Your daily newspaper and your local City Directory make an unbeatable combination when it comes to qualifying prospects. From the nature of the newspaper article, combined with the facts you can learn about the individuals from the City Directory, you can decide who should be in the market for your products or services.

ADVERTISE in the **BLUE BOOK** and subscribe to the complete **CRISS CROSS** edition---- An ideal combination to increase your sales! For advertising and subscription rates call or write--
