NEW DEPARTMENT STORE AND CAR LOT FOR TOWNSITE

Henderson Hearsay

By Bert Havens

So Alice Philips and Ken Johansen were married on New Year's Eve! They're nice kids and we know they'll be happy. We knew their marriage was going to take place before long, but why all the secrecy? We'd spoken to Kenny and the entire Philips clan just about every day, but no one mentioned the impending nuptials. It was not until last Tuesday that Alice herself gave us the good news. Maybe we don't live right??

Speaking of cold shoulders, have yours thawed out yet? What a cold spell that was! Haven't seen so many blue noses since the last prohibitionists' convention. Had all the blankets on the bed and wore a heavy sweater, but shivered almost as violently as John Mueller must have when he thought of all those watts being used to try to heat houses not built for such weather. From what we hear, folks turned on everything that would get hot, but it didn't make much of an impression on the chill that seemed to seep up from the floors and in through the walls. It was so cold in Preston Austin's office on Monday morning that he actually scorched the back of his topcoat, trying to get as close as possible to the little bathroom-type heater in the wall that doesn't come close to keeping the place warm.

And what do you know! On Sunday night, with the wind howling its best, our living room heater decided to have a breakdown. Reported it Monday morning and in a surprisingly short time, two men from Maintenance delivered and installed a completely rebuilt unit that really does a job. Certainly appreciated the service, but couldn't help but wonder why all heaters aren't

serviced at the start of cold weather and tenants instructed how and when to oil them. Such a checkup, similar to that given the coolers, would result in more comfortable homes, less of a load on the maintenance department and might eliminate some of the fires that are caused by defective heaters. Is anybody listening; H-m-m?

The Townsite merchants are discovering what all of us will have to learn some day... how much it costs to run everything by electricity. Even at the low rate of 3 cents per kilowatt hour, the 5000 watt living room heaters, for example, will set us back 15 cents for each hour of use and when you add the wattage consumption of the electric range in the kitchen, the electric refrigerator and hot water heater, etc., it ain't hay, brother! Once the little old meter gets connected, a lot of us will sweat in the summer and freeze in the winter and if one of the kids leaves an unnecessary light burning, the old man will probably break his arm. Oh well, it's probably quite some time in the future, so have fun while you can.

Following last Friday's article regarding Rose de Lima Hospital, we were in receipt of an assortment of bouquets and brickbats from a number of readers. These were verbal, however, and therefore cannot be printed. Put it in writing and we'll be glad to provide space for your opinions in future editions.

Clearance of former "best seller" books, value up to \$3.75, now only \$1.00. Excellent for gifts, or winter night's reading. BRIMMIES, 567 Ave. C.

New Stores Bring Policy Change; Allow Competition

It has been learned on good authority that in the very near future another department store will be located in Henderson, just to the east of the Red Cross building, opposite the Townsite Market. Pending clarification of all details, including the sum to be charged for ground rental, sewer and water connections, etc., the store operator, who is well known to many people in this area, prefers to remain anonymous.

The action of Townsite officials in granting permission for a competitive business breaks a long-standing practice that has limited the area to one store of each type, which many feel has resulted in a lack of competition that is the lifeblood of American business. Proponents of the "new deal" for Henderson cite the commercial activity in Boulder City as a good example of how a town of similar size can support a wide variety of retail stores and thus keep public spending localized.

It is also reported that a used car lot will soon be located on the corner of Bean and Water streets, to be run by a former associate of "Madman" Pizinger, and it is further rumored that negotiations are under way for the establishment of an auto service station in the same area.

All this will be good news for Henderson residents and it is hoped that increased employment at the plant, plus a continued influx of Air Force personnel to the area will warrant further new construction for commercial use.

DIXIE BAR SAME

In last Friday's edition, in a display advertisement placed by the Dixie Cafe in Pittman, we erroneously stated that the Dixie Bar was now under new management. We take this opportunity to correct the mistake. The management and operation of the Dixie Bar are unchanged.

Free Eats for Lucky Winners

Dick's Grocery at Pittman reports that Rex Daily's name was drawn as the winner of a 17 lb. ham... but Daily was not present and so the ham will be held over until next week. Merry Long won \$5 worth of merchandise in the second drawing.

SUMMONS

The State of Nevada Sends Greetings to Said Defendant:

You are hereby summoned to appear within ten days after the service upon you of this summons if served in said County or within twenty days if served out of said County but within said Judicial District, and in all other cases within thirty days (exclusive of the day of service), and defend the above entitled action.

This action is brought to recover judgment forever dissolving the bonds of matrimony heretofore and now existing between the plaintiff and defendant upon the grounds of extreme cruelty as is more fully set forth in plaintiff's verified complaint on file herein to which reference is hereby made.

Dated this 29th day of December, A. D.

Proprietors of the smaller grocery and meat markets in this area are making hay while the sun shines, proving (maybe we're getting our metaphors mixed up) that it's an ill wind that blows no one some good. They're not wishing the Townsite Market any further bad luck, but it won't break their hearts if repairs and re-stocking are unduly delayed!
