

Dorothy Dorothy SAYS --About Whitney

It just seemed as though Mother Nature was a little jealous of the success of Pittman's water carnival and tried to outdo our neighbor town by a downpour with thunder and lightning fireworks thrown in to show off.

Ann Kish of Pittsburgh and Lake Mead Lodge is visiting Bert (Whitney Bar) Reed for a few days. The two dashing brunettes spent Sunday with Martie and Chuck Miller, Tommy and Leanne, on the base of the Las Vegas air field where Chuck is warrant officer.

A card from Rae Rogers rubbing it in about cool weather and good fishing in Halley, Idaho, where she is visiting sister Ellen Palgrove for a month or so.

Hal and Kay Reed of the Old West were dropper-inners looking over our town (and hotel) while getting a message to Tim Nollner, then dashing thither to keep an appointment which was way past due.

George Van Horn and Cecil Murry of Henderson and Bob Zuber of Pittman-Whitney were

MR. AND MRS. HENDERSON!-- MAY WE HUMBL Y SUGGEST--!

Henderson has been told, during the past two weeks, that it can start planning its own city government, its own methods of home rule.

Henderson has been told to "go out and set yourself up a city and rule yourself, solve your own problems, be responsible for your own future."

To this paper, which continually aspires to be your newspaper, this edict of the Colorado River Commissioners is good news.

But they have dumped a tough job into your laps.

For the sake of getting started on the right foot; for the sake of saving future headaches, money—may we suggest this idea?

CALL UPON THE COUNTY COMMISSION TO APPOINT A SPECIAL COMMITTEE TO ASSIST HENDERSON IN BECOMING A MUNICIPALITY!

I am sure the county board will answer the appeal. It will supply legal help, sound judgment, experienced men, and even MONEY to help the city through its initial stages.

Your letter, your phone call, your request to the county commission addressed to the county court house will show the commissioners you want their help in handling the mechanics of setting up a city. Your commissioners will not try to dictate policy, etc. They will help you with the A, B, C's of city government. Your majority rule will do the rest.

This newspaper suggests you request county help immediately before the city breaks into small factions, each trying to set up its own methods. All factions should unite to gain the first objective—a city government.

Let us repeat— CALL UPON THE COUNTY COMMISSION TO APPOINT A SPECIAL COMMITTEE TO ASSIST HENDERSON IN BECOMING A MUNICIPALITY!

This editorial suggesting this idea is not in any way meant to be a demand. It is offered with our humble hope that in our little way we can help Henderson achieve its next step. . . . M. M. Zenoff, publisher.

dropper-inners several times in rush-hurry calls about this and that pertaining to the Pittman water dedication, making it the success it was. Chairman "Dick" Dickover and committee did a bang-up job.

Paul, Helen, Janet and Paul-ette Clifton were dropper-inners. And, while we are about it, we'll just wish Helen a happy birthday.

Lou Shimmerman has her birthday now but the date will be celebrated when Dorize (mama) Peterson and Dana go up to San Francisco in the near future on their vacation. Dorize isn't afraid of city slickers.

The Settlin' Party on the terrace of the new porch of the Silver City hotel will be held in the

very near future. All of you will get invitations and it will be a celebration of celebrations.

Harry and Harriet Pruett and Esther Hash are birthday-ing this week, too. See you next week . . .

Private Industry Signs for "Ore"

Governor Pittman announced the sale of the Manganese Ore Plant to private enterprise. A large part of the present construction may be used but considerable new improvements will be made.

The form of manganese for use by the steel industry has not been disclosed to date.

This transaction includes the transfer of the mining claims owned by the federal government. The men who are interested in the transfer are fully capable of financing and managing the operation.

Vaction's almost over . . . summer round-up and registration for the kindergartners with Dr. Ralph Hemington and Mrs. Theo Elstner last Wednesday. Registration for the regular grades is scheduled for Tuesday, Sept. 6 . . . School actually begins Wednesday, September 7. Mr. Ben Church, school superintendent, and his family . . . loaded with Indian jewelry and snaps of hogsans, pueblos and what not . . . are back from Nebraska, by way of New Mexico, where they visited grandparents, cousins and all Mary and Foster stayed with cousins in Lincoln while Mr. and Mrs. C. side-tripped to Omaha, home of assorted great-aunts and uncles.

It was a patio party for Lynn Hildebrand, 235 S. Texas, last Sunday when she celebrated her fifth birthday. Karen and Carroll Baird, Karen Cowan, Carol Hemington, Lynn Kramer, Brent Mathewson, Rusty Hammond and Gary Day helped Lynn enjoy her cake and trimmin's . . . in spite of the storm.

Thinking of junking that old washing machine? Think again. . . . How'd you like to pay \$900 for one? . . . As for a refrigerator . . . why bother . . . there's rarely that much food ahead in the house. . . . Doris Adair's aunt, from Belfast, Ireland, insists that we're pretty lucky people here. . . . If recovery proceeds as expected, George Jones, who worried his friends seriously this past week, should be home from the hospital by today. . . . There was a fine response to the call for blood donors after George was admitted with a perforated ulcer last week. . . . Things look much brighter, but a protracted convalescence is forecast. . . . Did you know that the Eagles keep an up-to-date list of possible donors, as well as the Knight of Columbus and the firemen? . . . But with all of these the air force still had to

Lions Play Hosts to 'Wreck Heads'

Lions this week went all out entertaining the visiting "wreck heads" when it was over, all agreed it was one of the most impressive meetings ever held. Highlights included a comedy stunt between Dirk Dedel and Martin Mitchell (all script) based on the subject of who pays the check, a brief hello from Commissioner Strauss, then talks by Frank Maslen and Norman Nevills, river riders, who had just come in from completing the Colorado jaunt.

Krug Wants Self Rule Here - Strauss

Commissioner Michael W. Strauss told Rotarians this week of Secretary of Interior Krug's desire to have Boulder City set up a responsible self determined self government following the lines of American democracy as is done in the 10,000 other cities and towns of this nation.

Further Strauss points brought out on the Boulder City self government plan is found in other columns of today's edition of the NEWS. Guests of Rotary were bureau chiefs and interior department officials attending the current conference. They were introduced by L. R. Douglass, while E. A. Moritz introduced Commissioner Strauss.
