FIRM HIRING 3000 SIGNS HERE-GEORGE FRANKLIN, JR.

Henderson's big plant will soon close contracts with another big industrial firm, one employing some 3,000 men, it was revealed to listeners of Monday night's KRAM by Clark County commission chairman George Franklin, Jr.

"I am not at liberty to name the firm or the type of business but I can definitely state that a firm planning to employ 3,000 people will soon be in operation in Henderson," the commissioner said.

Plant Manager John Mueller was not at liberty to divulge any information, but he maintained his confidence that general conditions for Henderson were looking up.

It is believed that Franklin's announcement was a forerunner of an official statement that Sen. Pat McCarran is carrying in his famous side pocket ready to make as he visits this vicinity next week.

August Tourists Count 53,460

With a total of 53,460 persons to take the guided tour through Hoover Dam during August, the month ranks among the top ten since guide service facilities were established, it was learned today in an announcement by L. J. Hudlow, Acting Director of Power.

"A daily average of 1723 for the month just ended is well above the all-time August average of 1653," Hudlow stated, "the past month brings our total for the year to 255,068, which is also well ahead of an average travel year."

A total of 48,833 were counted in the Exhibit Building, which brings the yearly total to this popular visitors' attraction to 205,275.

Lohi Brenner celebrated her birthday on the second. Frank Erway had "his day" on September first.

Jeanette Erway has returned from Reno where she was attending summer school. She leaves next week to open her school for the fall term.

Bobbe and Everett Krause are back from Sterling, Colorado,

Mr. and Mrs. Eddie Bandurant have just returned from Joplin, Missouri, where Mr. Bandurant managed a drive-in theater. They have returned in order that Eddie may be under the care of Dr. E. A. MacCormack.
