

AN ANNOUNCEMENT

So long, Bert and Kay Havens!
Hello, Jack and Peggy Albee!
Good luck to all of you.
Bert found a swell job in Vegas in his radio repair line and because of it — had to be unloaded of the wonderful job he and his frau had been doing as our editors of the HOME NEWS.
As they bow out, the Albees bow in.
We learned of their newspaper background and signed them up to continue to give Henderson a real community paper.
Peggy will do most of the work, since Jack's regular job is as fireman down at the plant. He will help in his spare time, handling the advertising, circulation and doing some writing, too.
The Albees are originally from Whittier, Calif. Peggy's folks are newspaper people of many years experience. Peggy was raised in a print shop, and her writing idol is her mother who made popular in their town the column Chat and Back Talk. So then, in honor of her mother and hoping to do as good with a column of her own—Peggy has asked that her column heading be the same—Chat and Back Talk.
When they're not writing news and getting display and want ads, the Albees will be a-knocking at your door on a paid subscription drive. (\$1 for six months.)
Our wish is that you'll cooperate with them in handing them news items, ads, subscriptions—while we continue to give you a community newspaper based on fair play, unbiased, newsy and always for the best interests of Henderson! Thank you—
M. M. ZENOFF, Publisher.

Henderson Hearsay

By Jack Albee

Hello, folks.
Let me introduce us—the Albees, Jack and Peggy — and Mark, our dog.
We will be meeting all of you soon—because this is your paper and we're really working for you through our publisher—Morry Zenoff. We ask that you cooperate with us as you have with the Bert Havens: we hope we can give you as good a newspaper as the Havens did.
Our address is 127 Magnesium, P. O. Box 43. Sorry, no phone yet.

And now on with the show:
ELECTION YEAR
This being another election year the Housing Office wishes to remind candidates and others, that no posters or signs of any kind may be tacked on telephone or electricity poles. The reason

Old Man Absentism took the count at BMI plant for the four week period ending Feb. 21. In the whole plant the percentage of AWOL was only 2.7. That's a new record. It approximates peacetime normal. Time was when the rate ran close to 10 per cent.
Henderson went all out for the Red Cross. So did the whole district, including Pittman, and Whitney. The quota for the district was \$12,000. The plant alone contributed more than this.
Postal rates are going up next Sunday, March 26. There will be no more 2-cent letters for local delivery—they will require 3 cents per ounce like all letters.

Norma Weber and Ken Johnson Wed

Monday, March 13, the Wee Kirk O Heather in Las Vegas was the setting for the double ring marriage ceremony uniting Miss Norma Jean Weber and Gunners mate 2nd class Kenneth M. Johnson of the U. S. Navy.
The young Mrs. Johnson is the daughter of Mr. and Mrs. Alex J. Weber, of 150 Magnesium. Her husband is the brother of Mr. and Mrs. Roy Shepard, also of Henderson.
The ceremony was attended by the close relatives and friends of the couple. The bride wore a navy blue crepe afternoon dress with black accessories, and the groom his navy dress uniform.
Nancy Marie Weber, sister of the bride, was the maid of honor, and Roy Shepard, brother-in-law of the groom served as best man.
Norma is a senior at Basic High School and plans to graduate before joining her husband in Washington, D. C. where he will attend Gunner School. Kenneth attended school in Los Angeles. He is now stationed aboard the U. S. Coral Sea in Norfolk, Virginia.

Mary (Ostrander?) Could he be a baseball catcher from Kingman?
Hey Virginia, how's your romance coming along anyway?
Hey Sandra, what's in those notes you receive from Lyne, that make you walk on clouds every day?
Benny and Richard both got black eyes. It couldn't be over Betty could it?

Say Lad who is this new flame of yours? Could it be lil' ol' Shirley?
Let's all you guys and gals make the senior play a big turn out. It should be good, after all they are upper classmen.
"Bye-bye for now. Be good until the next time.

Local Men Talk to County Board

Henderson businessmen met Monday with the county commission on the question of obtaining liquor licenses in the townsite.
Those present at the meeting were Ray Barrileaux, and his son Armand, Mrs. Mercedes Wilhite, Weldon Parker, Charles Bontrager, George Birken, Roy Plummer and William B. Byrne.

The men were told that all business leases in Henderson contain a clause forbidding the sale of hard liquor or installation of gambling devices without prior consent of the lessor, which is the Colorado River Commission.
They were told that the county commissioners are not charged with issuing licenses but that they are acted upon by the Licensing Board, of which the chairman is Sheriff Glen Jones.

They were told that the state should make the first move if a change in policy for Henderson is to be effected.
The men told the commission that discrimination is being shown in keeping a legal enterprise out of Henderson by refusal to grant licenses.
(The NEWS today includes a community ballot to help all factions in this case determine the will of the people on this subject.)

SOAP BOX

Dear Sirs:
The letters which appeared in your recent issues about liquor, slot machines and bingo parlors were very interesting and I think, awakened a lot of us to an interest in our town and its future. In other words, we have just been sitting by and letting things drift along and accepting whatever decisions authorities from other communities thrust upon us.
I would like to add my something to this controversy and with a seemingly large majority who do approve of liquor and gaming in Henderson. Many good reasons were given in the letters sent you last week. Why is it that some few of the people who don't care to drink a highball or smoke or put a nickel in the slot machine, feel privileged to say that their neighbors may not either. They always fall back on the old argument of juvenile delinquency and of drunks staggering all over the streets. "Rubbish!"

the papers, our County Commissioners readily agree that our town shouldn't be discriminated against, and would have issued licenses without hesitating if it weren't for the letter from the Colorado River Commission, who admit to no authority to ban it. We wonder "who" on the C.R.C. is responsible for that. I hope it isn't our Governor, the chairman.
Very truly yours,
DON L. SEITZINGER.

Dear Editor:
If my opinion is worth anything, I would like to pass it along.
I have no children, but I was a child once. . . . If it wasn't for gambling, how many people would be living here right now? There would not be enough industry here to give us money to live on. Therefore, would be living some other place. There would be no Vegas and Henderson.
Regardless of where we live, we are going to find liquor and gambling. Here it is legal while some states have it being closed doors, I say, have your swimming pools and ice cream parlors. Also have your gambling and liquor. I believe it is up to the parents to teach the children the good and bad side of everything. Then when they grow up they will be able to decide what is best for them.

Only the good is taught, how will they know what is bad for them. They will have a natural curiosity toward things they do not understand, sometimes leading them into situations that could mean their ruin.
Leave it up to you. Do you want your children to be ignorant to the facts of life, and have to learn these things the hard way? However, there will be some who will learn the hard way regardless of the teaching. But they will at least know what to do, and be able to face a situation.
MRS. L. L. C.

As for gambling, I think the state of Nevada in legalized gambling is far ahead of other states. Records show that Nevada hasn't the racketeers and gangsters the other states do.
If Henderson is to assert itself and take its rightful place, we should have all of the privileges of other communities. We certainly won't unless we do insist.
Ask the people of Pittman where most of the money came from to install their water pipe line recently, from liquor and gaming license fees. The same applies to the people of Las Vegas. That is the way in Nevada—and we are in Nevada!
According to what I read in

the papers, our County Commissioners readily agree that our town shouldn't be discriminated against, and would have issued licenses without hesitating if it weren't for the letter from the Colorado River Commission, who admit to no authority to ban it. We wonder "who" on the C.R.C. is responsible for that. I hope it isn't our Governor, the chairman.
Very truly yours,
DON L. SEITZINGER.

"Safe Play" for Children", Aim of The MacNeils

Mr. and Mrs. Philip MacNeil of Carver Park have opened a new business enterprise in Las Vegas. The business specializes in Home Playground equipment such as swings, slides, gliders, sand boxes, wading pools as well as lawn and patio furniture. In fact, they have everything that the landscape architects, both amateur and professional could need in planning a yard for this season.
However, the MacNeils real aim is to aid the parents in keeping the small fry at home safe and sound.
As Mr. MacNeil says, "Just drop around and see our equipment on display at 1731 Fremont, Las Vegas. The children in the vicinity have been keeping us busy. And as a result since the lot was opened on February 9th, the Home Playground sets have been sprouting around because parents have seen the value of keeping their youngsters entertained.
The business is a joint venture of Mr. and Mrs. Philip MacNeil who with their four daughters moved here from Gary, Indiana last August. Three of the MacNeil children attend the Henderson schools. Mr. MacNeil was formerly employed by the government in Chicago where he worked for the Department of the Army and War Assets Administration. They plan to make Nevada their home and are enthusiastic about the climate, the landscape and the people who live here.

HOME FROM SCHOOL
Jack Hurst, son of Mr. and Mrs. Barger of 66 East Texas is home from college for a short visit. He is attending Brigham Young University in Salt Lake City, Utah.

Mathewson-Baird End Partnership

Last Saturday, March 18, Bill Mathewson and Jene Baird officially dissolved their partnership. They were operating businesses in two places at once, and now feel that they can operate and service customers to a better advantage as two individual businesses.
Jene Baird will maintain the garage at the Union Oil Station and garage across from the fire station at the E.M.I. plant. One of his policy changes is; starting next week, the station will be open from 9 a.m. to 9 p.m. Mr. Baird will specialize in front end and wheel balancing. He has just purchased a new "Bender Wheel Balancer."
Bill Mathewson will retain the garage at the Union Oil Station on Boulder Highway. Bill will concentrate on motor tune up work, and overhauling. He will call his garage, Bill's Tune-Up Shop. He stated, "I will personally guarantee, and stand by my work as always."

IS IT YES? . . . OR IS IT NO!

▲Will or will not Henderson have liquor or gambling or both? The whole problem is up to the people of Henderson. Right now, the matter is in the hands of the Colorado River Commission. The commission does not know what the majority wants. The commission ought to know your sentiments on the matter.

In the absence of official ballot boxes, etc., this newspaper, with your help, feels that as a public service it should attempt this ballot procedure.

WE DON'T CARE HOW YOU VOTE . . . JUST VOTE!

We ask that you sign your name to the ballot but promise that no one will see those ballots other than our staff who will check them so that no duplications or "stuffing" can be done.

All you have to do is fill out this ballot, mail it to Box 43, Henderson Post Office.

LOCAL MEN SEE FLYING SAUCERS

It was about 8:30 a.m., one morning last week. Two Henderson men, John Taylor of 218 Atlantic and Roland Bowen of — Basic were standing on Atlantic Avenue near the Fire Station, when they happened to glance up at the sky.
There, shining brightly in the rising sun was an object that looked like a round disc. It seemed to be suspended in mid air for about a minute. Suddenly it turned into a red ball of fire resembling the sun itself. After about five seconds the disc returned to its original shape and color. It then began flying swiftly over the Boulder City mountains until it was lost from view.
Could this be one of the famous "flying saucers"—who knows?—we don't!

NAMES, NAMES, NAMES

Why is it that certain people's names are never spelled right? On school rolls, in newspapers, and everywhere else. Some people wish that they could change their names to Jane Smith or Bill Witt. Some of the misspelled names are Ginger Wourghtbough (pardon me! Wertsbaugh), see what I mean. I also have a complaint. My name is spelled in every way but the way it is supposed to be spelled. Please spell it right just once. (Sheila Brancfield).

NEW PUPIL IN 7-1

Usually when new 7th grade pupils come, they are put in 7-3, but when a 7-1 pupil changes her name from Hazel Flack to Hazel Martin, she stays in 7-1. While trying to explain, Hazel said she was thinking of a relative who had just gotten married. Some excuse! We just think that Hazel is tired of her old name! Well anyway we all want to welcome our new pupil, Hazel Martin! Sheila Brancfield.

LATEST FADS

What next! The latest 7-1 fad is writing your boy friend's name on your forehead. The way this is done is by writing the name backwards on a piece of paper with ink. Then you press it on to your forehead. Again I ask, what next? Some of the girls who have been doing this are: Carolyn Foster, Mickey Crippen, and Hazel Flack. All the girls in the seventh grades, and some of the boys, are wearing paper hats. They are made, worn, and torn up, by the teacher in any and every class. The teachers are going crazy over hats! (Paper ones that is.) Sheila Brancfield.

WEEK'S GOSSIP

Big happenings took place Mar. 14th. Four girls, Audrey and Ruth Domina, Betty Hostellar, and Ramona Church decided to give Betty Jo Byers and Darlene Bauman a scare. Betty B. and Darlene B. were tending children next to Mr. Athis' place. So the foursome (B. H., R. D., R. C., A. D.) slipped over to Betty's and Darlene's place of business. They knocked on the door, and when Betty answered they told her some people were looking for her. She didn't believe them, so they all acted very serious and finally (after Ramona sat on a needle which gave her an excuse to cry, and Audrey sailed a marble against the door to make it sound like someone was at the door trying to get in) convinced and frightened Betty B. and Darlene B. Finally the happy foursome left the unhappy twosome. After a few things which I'm not allowed to mention, happened, everything was confessed and friendship was restored again. (We think.) Ramona Church.

REMEMBER WHEN?

We (the 8-1 gang) bought big 3x6 inch long dill pickles for 5 cents a piece. We christened "Desert Island" and held "Sadie Hawkins Day" races for fifth graders only. We were young, foolish, dumb, and got the most out of life. We (8-1) were the "Bums".

(that was our sixth grade team) Now who has it?

When we were initiated into the "Prune Picking" club. We had to go bare-footed on the hot sticky road. (This was in the summer and tar was on the road).

When long "Daddy Shirts" popular? (Let's get back in style.) We girls went to Duck Creek for a Girl Scout hike.

We thought eighth grade girls were so stuck-up, they wouldn't bat an eyelash when they passed us.

Ramona Church.

20TH CENTURY BUMS OF 1950

Ten girls of 1950, Litagay Bracken, Sue Manion, Verie Small, Joan Donnelly, Gail Scott, Janet Highfill, Sherrin Thorne, Harriet Mackie, Ginger Wertsbaugh, and Sandra Smith have jumped 50 years to the 20th century. These girls have promised never to talk about each other or break up, but always keep together. Every night after school they wait for the one who has to stay for detention. Then to Julie's for a coke. They all pitch in, so that even if one has no money, they manage to get ten cokes somehow. Will they break up? Let's hope not. They're a good gang, don't you think so? You always see them going down the road arm in arm. "The 20th Century Bums." Joan Donnelly.

NOTICE 7TH GRADERS

When we, 8-1 pass through the gates separating Jr. High from High, you will be the leaders of the Henderson Elementary grades. You seventh graders will then hold the keys of happiness and "raise cain" as we have done. We give to you these things included in our wills: Eight broken down teachers; three old worn out rooms; fifty torn balls, and one hundred cracked bats. Follow the good example we have given you, (ahem!) so you can be the Cream of the Crop. Meanwhile—Don't steal our show! Ramona Church.

SOFT BALL TEAMS

The rooms in the 7th and 8th grades are organizing soft ball teams for the annual softball tournament at Henderson Elementary. All of the teams are good. They have played a few practice games. The tournament will come in April or May, and then we will discover which room has the best team. Franklin Healy.

Moran's girl's softball team will start practicing April 1st. The girls prefer softball to any other sport. The girls have travelled to St. George and they have played many tournaments. They plan to play Kingman sometime this summer. The girls who compose the team have played softball ever since the fourth grade. They were known as the "Bums" in the sixth grade. They were known as "Sloppy Joes" in the seventh grade. They haven't any official name now, but they are thinking about it. Good luck girls. Ramona Church.

Sports in and Around Basic

By JOHNNY ELLIOTT

From the looks of things, the Basic baseball team is going to have another winning season. They looked mighty good last Friday in whipping a Kingman Bulldog bunch 9 to 3. Bob Autry pitched a fine game, going the full distance after relieving Sonny Crunk in the first inning with none out. Sonny just couldn't seem to hit the plate, but everyone can look forward to seeing him do some mighty good chucking before the season ends. Aron Morris led the fellows in the hitting department with three for four, two of them doubles. The boys played a hard game and considering that they haven't had much practice they will look better all the time. This Friday the gang clash with the Boulder Eagles in a game that should prove to be a real thriller.

In the track department, as far as I can gather our first meet will be at Boulder next month for the Tri-State meet. The competition should be keen and our boys are working hard every night to try and bring home the bacon. Last year at Boulder we made something like 16 points with just four men doing the work, and this year they plan to do better.

Since a certain thing has caused quite a lot of controversy among the boys of Basic High, I'm going to say a few words about it. This little thing is the new training rules set up for all athletes at Basic. I guess that people figured the boys weren't staying in good enough condition, so these rules were set up. They're really stiff and the fellows don't think any too much of them but in the long run it's all for the best. From now on if an athlete wants to stay out after midnight during the weekend he must special permission. That is what all the real gripe is about from the boys, but then—early to bed and early to rise, will probably help give us more winning points.

The lettermen's club is starting to make plans for another beach party out at the Lake as soon as it warms up a bit more. It will probably be the climax to the

initiation of the new basketball lettermen who are sitting around on pins and needles. The last one was one of the best the club has ever had. The new lettermen couldn't sit down for about three days, but then all good things must come to an end, and that's just what happened and what's going to happen to this. Did I say good?

Senior Class Play To Be March 31

"Now and Forever" is the title of this year's Senior Class Play, to be given March 31 by the drama students of Basic High School.

It is a period play with the scenes taking place around July 4, 1900. The play was particularly chosen because it ties in with this year's annual theme, "50 years ago."

Tentative prices have been set at 50 cents for adults and 30 cents for students. All residents of Henderson and surrounding areas are invited to attend.

The characters are as follows: Jennifer Pierce, Bonnie Yeager; Harlan Bushfield, John Elliott; Ellen Pierce, Joan Miller; Jim Holloway, Chuck Galloway; Tommy Pierce, Herb Heher; Virginia Pierce, Mary Swift; Mother Pierce, Sally Rufe; Bushfield, Lynn Nelson; Frank Pierce, Chad Combs; Ronnie Pierce, Allen Curron; Mrs. Tutbury, Maureen Powell; Minerva, Margaret Gonzales; Mr. Frazier, Duane Laubach.

Director of the play is Mr. Kenneth Ott. Promptress, Dorene Ranch; costage managers, Bob and Alec Mackie; Props, Dorene Powell and Yvonne Clipper; costumes, Lucile Haynes; Publicity manager, Shirley Swift.

1950 Census Takers Need Cooperation; Data to Indicate Future School Needs

When the Census taker calls at American homes in April he will ask several questions, the answers to which will have a direct bearing on measuring the future school needs of every community in the country, it is pointed out by Mr. Francis H. Heher, Census district supervisor here. These questions will relate to:

1. Number of children of pre-school age, classified by age.

2. Number of school children, classified by age and by grade of school completed.

3. Number of College Students, classified by age and by year of college completed.

Upon completion of tabulations of this information by the United States Bureau of the Census, Federal, State and local school authorities will have the facts on which to base plans for meeting the expanding school needs in practically all parts of the country, Mrs. Francis R. Heher stated.

Every community in the Nation is vitally concerned with the school problem and in accurate statistical information of the subject. Amounts paid in school aid programs are frequently based on this information. The United States Congress, State Legislatures, and Federal, State, county and school district authorities

have a common need for this information.

Reliable statistics can be obtained by the Census takers only through the full cooperation of all who are interviewed during the Nation's 17th Decennial Census. It behooves every household to give this cooperation to the Census enumerator for reasons of self interest, aside from the effect on the distribution of public benefits such as educational facilities.

Date Near for Beta Sigma Phi Spring Ritual

Plans are well under way for the formal spring ritual of the Phi chapter of the Beta Sigma Phi sorority. It will be held at the Townsite apartment lounge on March 31. The Boulder City chapters of the sorority will join with the Phi chapter in giving the

Another Beta Sigma Phi event in the near future will be the Founders Day Banquet to be held the latter part of the month.

Legion Auxiliary Has Busy Week

This has been a busy week for the Henderson Unit of the American Legion Auxiliary. Unit 40 of Henderson and Unit 10 of Boulder City held a luncheon Monday, March 20, in the Boulder City Hotel. Guest of honor was Mrs. Marie J. Sheeha, National President of the Legion Auxiliary. Mrs. Pat Goen of Boulder City, introduced Mrs. Sheeha who gave a short speech. In her talk she said that she was particularly impressed with Hoover Dam.

Corsages and gifts were presented to Mrs. Sheeha, Miss Jennette Huston; Mrs. Sheeha's secretary, Mrs. Helene Mack; head of the National Executive Committee, and to the State President, Mrs. Katherine Wiggins.

The Henderson Unit was in charge of the table decorations. Monday evening a banquet for members from all over the state, was given in the Canary Room of Hotel Last Frontier. Many members of the Henderson Unit were present.

After the dinner and entertainment, guest speaker, Congressman Walter S. Baring was introduced by Mrs. Carolyn Griffiths, president of the Las Vegas Unit of Post No. 8. Other speakers for the evening included State Commander of the American Legion, Harry Lewis of Carlin, Nevada.

SWIFT'S PREMIUM VEAL ROAST

Richly browned Swift Premium Veal Roll arrives at the table on Mom's best platter, all ready for the exclamations of delight that are sure to follow, and truly worthy of praise it is. The roast easily slices into juicy and tender helpings.

The Swift Premium Veal Roast is boned and rolled, with a tasty creamy-white coating of fat. This fat adds flavor to the meat, makes it extra juicy, and is also the basis for a generous amount of brown, full-flavored gravy.

49¢ lb.

RECIPES

The roast is easily prepared by merely roasting it on a rack in an open pan in a slow oven (325 degrees F.) until the meat thermometer registers 180 degrees F. or until the roast is well done. A 4-pound roast will require about 3 hours.

DINNER PARTY
Mrs. Jack Miller and Mrs. Z. M. Starynski, both of Henderson, entertained twenty guests with a dinner party at the Swanky Club last Saturday evening.

PROUD PARENTS
Word was received this week by Mrs. Grace Honey of 255 S. Texas that Jackson and Mary Gorrell, who formerly lived on Kansas Street, became the proud parents of a daughter on March 10th.

The young lady weighed in at 5 lbs., 12 1/2 ounces, and was born at Dobbs Ferry, New York where the parents are now living.

Mr. Gorrell was stationed at the plant during the war as a dispatcher, and the couple have many friends here in the town-site.

WINS PRIZE
Ray Peterson, young son of Mr. and Mrs. R. J. Peterson, 71 Pacific, was awarded a prize last Saturday by the children's newspaper MOO for an artistic color illustration.

The award, in the form of a check, was delivered personally

by William Christiansen, the Anderson Dairy routeman, who had distributed the newspaper along his route in connection with milk deliveries.

Bill Christiansen is very proud that one of his customers was a prize winner, and the Petersons are very proud of their son's good fortune.

Community Church Group to Meet

Reverend George Patterson has announced that the annual Corporation meeting of the Community Church will be held in the Church lounge Wednesday evening, March 29 at 6:30 p.m. A potluck dinner will be served.

Meeting hours of the intermediate and senior youth activities of the Church have been changed. The intermediate group will now meet in the Church at 4:45 p.m. Sunday afternoons. Billy Witt is President of this group.

Senior High Fellowship will meet at 5:30 p.m. Sunday afternoons. Betty Heitbrink is president of the fellowship which also meets in the Church.

Eastern Star Has Monthly Meeting

The Eastern Star Club held their monthly meeting, Friday, March 17, in the lodge apartments. The hostesses for the evening were: Mrs. O. R. Lindasmith and Mrs. Harry Ullery.

Approximately 22 were present including their honored guests from Boulder City: The Matron; Mariam Lemmon, Assistant Matron; Lucy Flury, and Patron; Mr. Earl Sweet, and his wife, all of Boulder City, enjoyed the lovely refreshments of sheet cake, donated by Mr. George Dickerson, and coffee. The decorations were carried out in the mode fitting St. Patrick's Day.

Arrangements were made for their card party which will be held in the lodge apartments on April 21 at 8:00. Card games to be played are: Bridge, Canasta, and Pinochle.

Las Vegas Chapel Scene of Wedding

The marriage of Miss Theda Mae Romine, daughter of Mr. and Mrs. Clyde Romine of Boulder City, to Carl E. Greenwood, son of Mr. and Mrs. Raymond McConnell, 151 Mangrove, took place at 2 p.m. Sunday, March 19, in the Chapel Around the Corner, in Las Vegas.

The Rev. Bishop of the Las Vegas Baptist Church tied the nuptial knot before the immediate families of the couple.

Miss Joanna Mae Henson was the maid of honor, and Bill Revere stood as best man. The bride wore a lovely slate blue afternoon dress with an orchid corsage.

A reception was held for the couple following the ceremony, at the Henderson Townsite Cafe dining room.

Council Will Elect Officers

The Henderson Coordinating Council will elect new officers next month. At their meeting at the high school last Thursday evening a nominating committee composed of Mrs. Velta Shay, Mrs. O. R. Lindasmith, and Robert Dietrich was appointed.

An amendment to the constitution making the term of office for the officers one year instead of six months will be presented to the council for approval. It was felt that since the council meets only once a month the term of six months was not of sufficient length to enable the officers to become acquainted with their work.

Problems Garbage Disposal

Henderson residents not familiar with the arrangement of garbage and trash disposal here may be interested in the following information.

All trash and garbage is collected twice a week. The days of collection depend on the section in which you live. The fee is \$1.00 per month, payable in advance. Mrs. J. F. Miller, 63 Ocean is resident collecting agent.

The purpose of the garbage service is to protect the public health and safety, and to prevent neighborhood nuisance.

Every resident and business operator must provide and use his own proper containers, so placed that they may be handled from the alley.

Kitchen garbage, drained and deposited in paper sacks folded shut or garbage wrapped in newspapers are most effective solutions to assure yourself of a sani-

Residents Helping Old Mother Nature

One thing it takes to make things grow here is plenty of water. The Housing Office wants you to use all the water you need, but to please watch and see that it does not run down the streets and make them worse than they are. The water undermines the pavement, causing it to break off, leaving large holes.

Another thing they ask is that care be taken to see that water does not run under the houses where it can settle and start dry rot in the floors and foundation.
