FRIDAY, MARCH 31, 1950

FIVE CENTS

Henderson Hearsay

By Jack Albee

Since this is the time of year that most men's fancy turns to the great outdoors, I would like to repeat for you the Sportsman's Code which reads as follows:

I will obey the laws of my State which were made for the protection of birds, animals, and fish.

I will buy my license to fish, hunt, or trap willingly, realizing that without funds for protection and propagation of wild life, there soon would be no game in our woods and fields, nor fish in our streams and lakes.

I will take only as much game as I need, though this be less than the bag limit prescribed by law.

I will exercise care and judgment at all times when carrying firearms.

I will ask permission of the land owner always, before going upon land to hunt or fish, and I will not in any way misuse his property while on his land.

I will, at every opportunity, teach those younger than me the value of wild life and other natural resources, and the importance of perpetuating these for future generations.

Don't you think this is a good code for everyone to follow?

Local mothers worry due to the fact there are so many fast drivers around town. They are afraid the children who play and ride bicycles in the street may get hurt some day. Well, know of at least one six-year-old Miss that is not going to be run over if she can help it.

I was driving up town yesterday and saw this young lady taking little brother for a ride on her bicycle. Instead of becoming nervous as I pulled up behind her, she carefully signaled for a left turn. After completing the turn she glanced back, smiled sweetly, and went on her way.

To counteract rumors to the contrary, the Housing Office has stated that no freeze has been placed on local housing.

The policy of giving first preference to plant employees and second preference to Veterans still remains the same and will remain so until such time as circumstances require a change.

The deputies at the sheriff's station are really coming up in the world.

They now have a new Ford to drive while protecting our town. The car which is black has large sheriff stars on the sides.

Next BMP Obstacle--Carson City

The next obstacle in Henderson's path of progress to prosperity comes up Monday and Tuesday at Carson City as the Colorado River Commission meets again, this time to take up the final steps on the Harvey Machine company's proposed contract to set up an aluminum plant here.

Power allocations, already partially completed at the last meeting, are to be decided upon, as well as other final terms.

Next step to that, if all goes well at Carson City, will be the signing of the contract by the Harveys. Next step then is approval of the entire deal by General Services, the government's agency handling the plant's mat-

ters until the full indebtedness of \$20,000,000 is paid off.

The Harvey contract is expected to serve as a model for other firms who are interested in coming in.

The Harvey deal, for Henderson, is really the topmost in importance as far as number of men to be employed, amount of money to be expended, etc.

Six Years Ago Henderson

By JEAN P. de MONTAGUE
March 25 to April 1

Ben Cameron is the new chairman of the local board. He succeeds Bob Smith, who did not run for reelection. Ben was elected at the new board's organization meeting Monday night. Harold Kingsley was re-elected clerk.

Henderson has joined with other groups in Clark County in a program to conserve water. The campaign, started by the War Production Board aims at the elimination of waste. Water conservation here will not save water alone, but electrical energy used to pump the water from Lake Mead.

Bert Spencer hauled off the other day and rolled 290 — for the highest score ever bowled on the local alleys.

Swelling the total of Red Cross contributions in this district, was a check for \$500 from Mangness Ores. That puts the district beyond the \$16,000 mark, against a quota of \$12,000.

CORRECTION
The Well Baby Clinic will meet in the Carver Park on April 14 instead of April 7 as printed last week.

Republicans to Meet Friday Nite

Republican Precinct Meetings will be held in the following precincts Friday, March 31, 1950, at 8 p.m. for the purpose of electing delegates to the County Convention, which will be held April 7, 1950, at the Las Vegas Court House.

Precinct No. 1 at the Sheriff's Office, No. 2 at the High School, No. 3 at the Library, No 4 at the High School, Victory Village at their Administration Building, Carver Park at their Administration Building. A meeting has been called for 7:30 p.m. at Basic School for instructions. The Library will not be closed during the meeting there.

Officers and an executive committee will be elected at the County Convention. The State Convention will be held in Las Vegas, May 7 and 8, for the purpose of electing a State Chairman and National Committeeman and Committee Lady.

ATTENDS DISTRICT MEETING
Reverend George Patterson, pastor of the Community Church, made a trip to Los Angeles last week to attend a District meeting of the National Council of Christian Churches in America. The meeting was held March 24 in the Wilshire Christian Church.

Good Friday Services To Be Held at Theater

Good Friday Services will be held again this year at the Victory Theater, April 7 from 1 to 3 p.m. Reverend George Patterson of the Community Church will officiate.

A film on the early Christian era will be shown. There will be a musical program and a special worship service for Communion.

The public is cordially invited to attend.

Pittman Personals

The regular monthly meeting of the Town Board will be held at the Casino, tonight (Thursday), March 30. The public is cordially invited.

NOTICE WATER USERS
A pressure test on the new water line will be made today, (Thursday, March 30). Every water user in the Pittman District please turn on their water at 5 p.m. sharp and let run for 20 minutes.

Mrs. Edith Westfall who has been so nice to write your Pittman Personals has been ill for the past few weeks. Let's all wish her a speedy recovery.

Chat and Back Talk

By Peggy Albee

TONSILECTOMY
Little David Benson age 8, of 14 Montana Way, underwent a tonsilectomy last Saturday. He was confined to Rose de Lima Hospital for a few days.

LEAVING FOR MONTANA
Mr. W. A. McGuire of 26 Arkansas will leave Monday for Montana. He has a new job waiting for him and will make Montana his new home.

VISITOR FROM NEY YORK
Ray Walker from Watertown New York is visiting the home of Mr. and Mrs. G. F. Raker, 80 East Texas. He plans to stay a few weeks and may even make Henderson his home.

ENTERTAINED FRIENDS
Mr. and Mrs. Ray Martinez of 10 Montana Way, are entertaining guests from Albuquerque, N. Mex., Mr. and Mrs. Ed Slazor. The Salazors plan to stay about a week.

SURPRISE GUEST
Arriving as a pleasant surprise at the home of Mr. and Mrs. Leo Kopels, of 23 Pacific, was Mr. Kopels' brother Isidore Kopels, a radio technician in the U.S.A. Air Force.

Sergeant Kopels was here to represent his New Jersey air base in the Las Vegas Air Base Gunnery meet. It was the first time in 13 years the two brothers had seen each other, so they really had quite a reunion.

JACKPOT GROWS
Again the Saturday night jackpot at the Victory Theater goes unclaimed. Austin Cowen of 22 East Basic Road lost \$100 and Mrs. J. D. Ames, 115 A, Victory Village missed \$75 by not attending the show.

Pearl Iren McConnell, celebrated her seventh birthday, Wednesday, March 29, by having a party. Those attending were Judy and Pat Joyner, Deanie Black, Adria Ann McMurray, Sue Ann and Laurie McClanahan, Judy Earl, Rosalie Graham, Margie Gatschall, and Donna Rae McConnell. Pearl is the daughter of Mr. and Mrs. Ramond McConnell of 151 Manganesse.

IN BASIC TRAINING
James Edward Lowery, son of Mrs. Ruth E. Kramer of Henderson, has arrived at Fort Ord and will immediately begin his basic training with the famous fighting Fourth Infantry Division. At the completion of the four-week training, RCT Lowery will be permanently assigned or selected for a specialist's school. He attended Basic High School.

TEACHER RECOVERING
Mrs. Cora Wortham, local grammar school teacher is reported resting comfortably at Las Vegas Hospital following an illness.

RETURNS HOME
After spending the winter with her daughter and son-in-law, Mr. and Mrs. Frank Branchfield of 211 South Texas, Mrs. Cora Vaughn returned to her home in Albuquerque, New Mexico.

MOVE TO CALIFORNIA
Mr. and Mrs. Max Meier, formally of 119 Magnesium, have bought a home in Norwalk, California. The Meiers and their two sons, Jimmy and Dennis lived in Henderson for nine and one-half years. Mr. Meier is employed by Garrett Freight Lines in California.

SOAP BOX

Dear Editor:

I have been reading all the letters for and against gambling in Henderson, so thought I'd put in my two cents worth. There are a few people who might profit from these things but, in my opinion they are the certain few who would operate such a business, so their's would be a financial gain. But surely not a gain in the love and respect of the better people of the town. As for the others, well, all I can say is with work as it is and probably will be for some time yet, there are some living now on little or should we say practically nothing. There will be kids going to bed hungry, because there are plenty of parents who would spend their last penny for a drink of liquor or to gamble, if those things were permitted to go on here. And God help such people! They are too weak willed to resist temptation.

I'm a mother and a grandmother and have raised four nice respectable children, they, having married and having children of their own, some of them teen age.

But to go back to our kids, well we raised them in a town where liquor and gambling were never permitted so they weren't tempted with such things as liquor or gambling so I like to give credit where I think credit is due for their clean lives. So I say don't put temptation in the children's way, and you won't regret it later.

Some certain people say too, that without liquor and gambling Henderson won't prosper, but here I disagree with them, because I think if we would only take the word of God to heart and live according to it, our town would grow and prosper far beyond anything either liquor or gambling, or both of them put together, could possibly bring.

In conclusion let me say, why not put our efforts towards getting factories and such, instead of such as liquor and gambling. So helping our residents bring in a better living. By doing this

LEGAL NOTICES
NOTICE is hereby given that the copartnership formerly conducted by PAUL A. DICKOVER and MADGE L. DICKOVER, his wife, and THOMAS J. LOONEY and LUCILLE L. LOONEY, his wife, under the trade name and style of "DICK'S GROCERY" in the Town of Pittman, County of Clark, State of Nevada, has been dissolved as of the 29th day of March, 1950, and said business is now being conducted by PAUL A. DICKOVER and MADGE L. DICKOVER, husband and wife. (Pub. March 31, April 7, 14, 21)

it would also bring prosperity to our business houses.
Respectfully,
Mrs. Douglas J. Vaughn,
202 Tungsten Street.

Dear Editor

We teenagers believe that we also should be allowed to express our opinion on the liquor and gambling question in Henderson.

If some Henderson boys will break into a grocery store for beer, think what they would do to a liquor store. We have enough reckless teenage drivers here as it is. Your next answer will be that teenagers won't be allowed in liquor establishments. But there is always some willing obliger who would get it for them. And besides some teenagers look older than what they really are.

Speaking of more money from liquor and gambling taxes; can you imagine how much more it would cost to hire a police force like Las Vegas has, to control its delinquency problem. Henderson parents must be more stupid than most of if they have to depend on liquor and gambling to teach their children right from wrong.

Referring to two prominent citizens of Henderson who stated that they didn't want liquor and gambling for their own personal gains; we all know that no one could ever separate them from the profits they would make if we brought these two "home-breakers" into our town.

How many of the people who think Vegas kids are so "goody-goody", know them personally? Since Vegas kids aren't delinquent at home, maybe they are the ones who are delinquent here!

Do we want the drunken brawls, fights, and killings here that Vegas has? Are we that envious? Would you be proud to have your children grow up in a town like Vegas?

These are only a few of the things we would like to say to you. But we now leave the rest up to you.
Two Henderson Teenagers.

Overton, Nevada
March 20, 1950
Dear Sir:

I would like to contradict a statement that was made by Mr. W. B. Byrne and published in your paper of February the 23th —his statement was:

"And therefore our community were being stifled by restrictions from the County Seat which were not imposed upon Las Vegas and other communities in Clark County."
I would like to say that this is also one community that is being stifled by restrictions and I would also say that as much or more of our tourist trade is ninety per cent fishermen, and most of them are chagrined to say the least, that they have to go back
(Continued on back page)

Here's the Count of 1st Week's Ballot

The Community ballot, sponsored by the NEWS, to aid one and all in trying to determine the sentiment here on the gaming and liquor issues had a box score of exactly this at press time last night:

- 32—Voted not to have either gaming or liquor.
- 53—Voted to have both gaming and liquor.
- One—Voted to have gaming but no liquor.
- 3—Voted to have liquor but no gaming.

The ballot is being run again this week because of the many people who called in and stated that since only one newspaper goes to one house, the ballot only allowed one person to vote. Thus, either the husband or wife voted, but not both.

This week's ballot will enable the other householders to vote, and also others who have held back to see if others would be willing to send in signed ballots. The NEWS will not give out the names of signers to anyone. It will allow any interested citizen to recount the votes at any time, and it will allow any impartial third party to check the names for duplication. Because we did not want duplication and sought to keep the balloting from being "stuffed", we asked that the blanks be signed.

The names already in include a cross-section of the city's life. You may vote this week by mailing your signed ballot to BOX 43, Henderson Post Office. The ballot is on this page.

IS IT YES? . . . OR IS IT NO!

▲Will or will not Henderson have liquor or gambling or both? The whole problem is up to the people of Henderson. Right now, the matter is in the hands of the Colorado River Commission. The commission does not know what the majority wants. The commission ought to know your sentiments on the matter.

In the absence of official ballot boxes, etc., this newspaper, with your help, feels that as a public service it should attempt this ballot procedure.

WE DON'T CARE HOW YOU VOTE . . . JUST VOTE!
We ask that you sign your name to the ballot but promise that no one will see those ballots other than our staff who will check them so that no duplications or "stuffing" can be done.

All you have to do is fill out this ballot, mail it to Box 43, Henderson Post Office.

COMMUNITY BALLOT

I would LIKE to see liquor sold in Henderson.....

I would NOT like to see liquor sold in Henderson.....

I would LIKE to see gambling in Henderson.....

I would NOT like to see gambling in Henderson.....

(Mark an X in the square above for the ones you prefer)

My Name is

My Address is

My Post Office Box is

Ballots Without Signatures Will NOT be counted!

GOP Raps McCarran for Absences In Washington for Crucial Voting

The following telegram to the NEWS from the Republican National Committee arrived March 26:

"Nevada's Democrat Senator Patrick McCarran let Nevada down on last Friday when he was needed on the floor of the Senate to help fight for a move in Nevada's interest Senator McCarran was absent. Despite Senator George Malone's strenuous fight on the floor of the Senate for reconsideration of conference report on the acreage bill House joint resolution 398, the motion to reconsider lost by a close vote.

The conference report had limited Nevada's cotton acreage to the ridiculous figure of only 110 acres and Senator Malone wanted to send the bill back so as to get Nevada's cotton acreage increased.

Had Nevada's Democrat Senator been present to assist Senator Malone in the fight for Nevada's best interests, the result would probably be different.

Similarly the O'Mahoney Malone Mining Bill which had passed the Senate lost by a close vote in the House when Nevada's Congressman Baring deserted Washington.

It seems Nevada Democrats are absent from Washington when Nevada needs them in Washington. The people of Nevada will not permit these occurrences to go unnoticed. At the general election in November they will remember the party of their indefatigable legislator Senator George Malone and will vote Republican.

We need more Senators like George W. Malone of Nevada."

Baby Shower Held For Mrs. Morrow

Honoree at a baby shower, Tuesday, March 21, was Mrs. Bernard Morrow of Las Vegas, formally of Henderson.

The shower was held at the home of Mrs. Paul Pickett, the honoree's mother who lives at 107 Magnesium. Co-hostess with Mrs. Pickett was Mrs. Richard Kay, 115 Atlantic.

After all the lovely gifts were opened, refreshments of ice cream, cake and coffee were served. The cake was colorfully decorated to resemble a circus Big Top.

Guests were: Meses Phil Lamb, Lila Lam, Bill Sweeney, R. W. McClain, Paul Pickett, Richard Kay; Miss Marion Adams and the honoree, Mrs. Bernard Morrow.

Too many of our desk workers seem to believe that a daily constitutional is unconstitutional.

If we can persuade this cosmic world to go fishin' it may save us from the fate of going fission.

If everybody and everything were normal there wouldn't be much news.

Relief Society Holds Bake Sale

A bake sale was held last Friday by the Relief Society of the Latter Day Saints Church. The sale was held in Clark's Townsite Market. Mrs. Ann Jones and Mrs. Ruby Mulliner were in charge of the looth. Members of the Church baked delicious cakes, cookies and pies.

Proceeds from this sale will be used by the Relief Society in their helpful work.

"On to Valley Forge" By-Word of Scouts Attending National Jamboree

"On to Valley Forge" will be the by-word for thirty-eight Scouts and Explorers from the Boulder Dam Area Council from now until June 24th when they embark on a special train in Phoenix which will take them to the great National Jamboree of the Boy Scouts of America. From the evening of June 29th until noon on July 7th these Scouts will camp along with more than 40,000 others, on the ground made hallow by Washington and his Continental Army during the winter of 1777-78.

En route to the Jamboree these Scouts will stop in Chicago, at Niagara Falls, and spend a day and a half seeing the sights of New York City. Returning home they will spend another day and a half in Washington, D. C. and stop over in St. Louis.

The special train they will travel on will carry nearly 300 other Scouts from Councils in Arizona and Imperial Valley, California.

Merle Frehner, of Las Vegas, Commissioner of the Boulder Dam Area Council, Silver Beaver Scouter and a experienced camp-

er, will be Scoutmaster for the group which will be known as Troop 10 in Section 32 at the Jamboree. As Assistant Scoutmasters, Mr. Frehner will be aided by Harold Dean, Scoutmaster of Troop 62, Las Vegas in charge of activities.

Otto Skinner Jr., Eagle Scout and a member of Explorer Ship 95 of Needles will be Senior Patrol Leader of the Troop.

One of the main features of the Jamboree, in addition to taking part in the vast camping program and pagentry, will be "swapping". Scouts from Maine will swap lobsters for horned toads and the Scout from Nevada will trade a cactus for a Paul Bunyon Cap from Minnesota.

Reservations have been made by the Boulder Dam Area Council for space as follows:

Troop 19, Pioche-4; Troop 14, Panaca-2; Troop 25, Kingman-3; Troop 29, Davis Dam-2; Troop 57, Needles-1; Explorer Ship 95, Needles-1; From Las Vegas, Troop 60-1; Troop 61-1; Troop 62-7; Troop 63-5; Troop 65-4; Troop 66-1; Troop 67-2 and Troop 68-2 and Troop 23, Henderson-2.

Nevada's Health

DANIEL J. HURLEY, M.M.D.
State Health Officer

The life span of the average Nevadan is steadily increasing. Nevada recorded 1,643 deaths last year, and the average age of those who made up this total was 55.3 years, marking a new high in state annals by adding exactly six months to the average for the preceding year.

Back in 1910 the average age at death in Nevada was a pitiful 33.2 years, and it doesn't take much imagination to picture the advantages of progress which have added 22 years of living to our budding careers.

Chief factor in this astonishing gain, which has been nation-wide as well as statewide, has been conservation of life in the youngest age groups.

Infant deaths have been reduced through improved prenatal,

natal and postnatal care, and the communicable diseases which used to mow down our toddlers are now either prevented or controlled to a heartening extent.

In the older age groups there also have been some marked improvements, but not nearly so many as there might be. Tuberculosis is being reduced steadily, even in the absence of an all-out drive to end its threat, and adults are showing more and more good sense in the early detection and treatment of cancer, heart diseases and other ailments.

Why, then, isn't the average age at death in Nevada 80 years instead of 55.3 years? Self-indulgence is probably the shortest answer. Excessive use of food, drink, tobacco, and of energy itself still burns out too many of us before we even reach the biblical goal of three-score-and-ten years.

THIS'LL KILL YA . . .

By LEDBETTER and GLEASON

As you all know by now the music festival will be held in Las Vegas this year. Last year both Girls Glee and Mixed Chorus took first place making it three years straight for the mixed chorus and two straight for the Girls Glee Club. This year, Mr. Gammethaler is entering the Girls Glee, Mixed Chorus and Band and three solos, two instrumental and one vocal. There will be Fyverett Witt on the trumpet, Judy Galloway on the saxophone and Virginia Gorin on the vocal.

Have you heard about the latest crashes at school? Pat Lansing has got her eyes open for a young man by the name of Mailory, it is John, Pat?

There is another one on a certain guy by the name of Stanley Glickman, but she swore she'd kill me if I said her name so I guess I better just keep my yapper shut about that one.

I wonder? Say, Bobby did you ever find out who Cookie really is? I hear that she's from someplace in Utah. Could be—Could be.

The seniors are having their class play March 31. The name of it is "Now and Forever". Admission prices are 50c for adults and 25c for students.

Mr. Bartlett spoke in our assembly last Tuesday morning about a Christian Sunday that

was to be held over in Japan. He talked on how the people of Japan, and different parts of the world feel toward the U. S. After he finished the Girls Glee and Mixed Chorus sang the contest number to be given Saturday, April 1, 1950.

Hy Burg, The Piano Tuner, Returns

Hy. J. Burg, the piano tuner, has returned to Las Vegas. Anyone desiring to contact him may write P. O. Box 1015, Las Vegas, or phone Las Vegas 424. He plans to remain here until the latter part of May.

Sports in and Around Basic

By JOHNNY ELLIOTT

The Basic Wolves are really looking forward to keeping those Tri-State baseball trophies after a very convincing 7-3 win over a strong Blythe club last Friday. Bob Autry turned the trick for the second straight time, by relieving Cruken in the first inning and going the entire distance, allowing only one hit, a home run in the first with a man on Little Teddy Blue was the big man with the stick, connecting three for three.

From what I can gather this Friday we'll see the boys tangle with Blythe again at the local diamond. Everybody should turn out and give the high school club their support.

The way the fellows are talking either two or three more wins will just about cinch the championship for us again. If they take tri-State that will probably mean

another play off for C. I. F. honors. Last year Basic was eliminated the first round but things should be different this year.

Lions Club to Hold Convention

Plans for the State Lions Club Convention in Boulder City were discussed at the meeting of the Lions Club Monday evening, March 27.

Guest speaker was Hugo Karl of Boulder City, who is with the Colorado River Commission here. Mr. Karl was a member of a German group of explorers who went to the Amazon Region of South America after the first World War to study the areas susceptibility to colonization.

Don't shoot. Most of our so-called delinquents are merely suffering from high (school) blood pressure.

Housing Office Changes Hours

The Housing Office announced this week that effective next Monday, April 3, their office hours will change.

The New hours are: 7:30 a.m. to 4:30 p.m. Monday through Friday, and 8 a.m. to noon Saturdays. The office will be closed from 12 to 12:45 every day.

Local Boy Wins Legion Contest

Chad Combs, of Pacific, Henderson was chosen winner of the American Legion State Oratorical Contest at the elimination speeches in Reno, last Tuesday afternoon.

Chad who is a Senior at Basic High School is the son of Mr. and Mrs. Taylor Combs Sr. He will represent the state of Nevada in the national contest to be held in San Francisco.

Theodore Roosevelt was 43 when inaugurated in 1901, youngest age at which any of our 33 presidents took office.

At Both Stores We Carry a Complete Line of Fishers Bread

School Daze

I am a reporter. I sit for hours trying to think of something to write about. I have gathered all the news of the week, even though hardly a thing happens. I sit here thinking. Maybe I could write about the fads. No, there are too many fads. Maybe I could write about the children's abilities in school happenings. Well, if I knew what the parents wanted to hear about I could write about something. Say, that's an idea. Just what would you parents like to hear concerning the activities of school work of your children?

If there is any certain thing you would like to read about notify, Romona Church, 8-1. Our phone 1151-W2. Look for the answer to your questions in the next addition. This would give you an idea about activities of your children, and also help a distressed reporter.

ROMONA CHURCH.

Despite our English Teacher's labor while trying to pound the correct ways of writing letters into our brains a few girls in 8-1 come up with these salutations, salutations and complimentary closes; Hi, Hello, Say there, Listen "girley", Huhlooo, You pall, half my love, Yours till the cows giving shaving cream, Mine.

Don't tear your hair out; Miss Kling.

BASEBALL TEAM CHOSEN

Thursday, March 23, the 8-2 girls chose their baseball team. The team is as follows: Captain, Darlyne Bauman; catcher, Shirley Banks; pitcher, Darlyne Bauman; 1st base, Margie Mainor, Roving, Sharon Jeffrey; 2nd base Rosalie Edison, 2nd short, Nancy Dill, 3rd base Pauline Ilchik, right field; Billie Joslin, center field; Gerry Goodale; left field, Marlene Blakely.

"Basic Slubbers" was chosen as the name for the team.

Nancy Smoke.

BAD LUCK

Bad luck has befallen 7-1 again. This time Hazel Flack was stricken with appendicitis. She may have to have an operation. Hazel got the attack last night, Monday, at her home. She is at the Rose De Lima Hospital now. We all hope Hazel's recovery will be speedy.

Ricky Perkins.

SAMMY!

There was once a boy named Sammy, who had a big fat mammy. When Sammy was bad, he was always sad, because he would get a whammy.

Sammy always did play hookie and when he did he took a cookie. He always took a jar of jam. When Mammy found out — oh (what a wham)!

Gene Vanhorne.

A NEW GIRL

7-3 has a new girl. Her name is Mary Lou Bowerman. She is 12 years old, weight is about 100 pounds. She is about 5 ft. tall, and she came from Oklahoma City. Her hair is blond and she has blue eyes. We hope Mary Lou likes it here.

Joan Donnelly.

FUTURE LEADERS

Future leaders from 8-2 are Marlene Blakely and Sammy Zuber.

Marlene Blakely is 13 years old. She has light brown hair and blue eyes. Marlene weighs 100 pounds and is 5 feet and 3.4 in. tall. Her favorite sport is swimming. When Marlene grows up she wants to be an ———.

Sammy Zuber is 14 years old. He has red hair and brown eyes. His favorite sport is football. Sammy weighs 132 pounds and is 5 feet 6 inches tall. When he grows up he wants to be a "bum" and join the Navy.

Nancy Smoke.

Wwhat Would You Write for A 100 Word Theme?

You should come in on time because your teacher gets so mad at you, and you say, "All I want to do is get a drink and — somebody pushed me out of line." And then your teacher says, "that is a poor excuse to give me," and you say, "that's the truth." And then your teacher says, "stay after school in detention." So you skip detention because you don't think you should have to stay.

The next day the teacher says, "to go the office". You go to the office, and the principal says, "Write a 1000-word theme on not lying. Why, I ask you Why!"

Gene Vanhorne.

FUTURE LEADERS OF 7-2

Sandra Smith is 5 ft., 5 inches tall. She has brown hair and brown eyes. She makes very good grades, and always does her work. She wants to be a secretary when she grows up.

GIRL TEAM IN 7-3

7-3 girls have a softball team. Jan Lee Pipes is the captain and pitcher, Carale Rivera is catcher, and Joan Donnelly is first baseman. Joan Lopeman second, Litagay Bracken third; Virginia Hill is short stop, and the rest are fielders. We surely hope we will win the tournament.

Joan Lopeman.

"COUGARS"

The "Cougars" is the name of the 7-2 and 8-2's boys baseball team. To make a complete team, 8-2 and 7-2 combined. The captain is Rodney Blue, and the co-captain is Ernest Martinez. We hope they win. Good luck!

Gail Scott.

FUTURE LEADER OF 7-3

7-3 has one future leader. The girl is Virginia Hill. She has beautiful long brown hair and brown eyes. She wears glasses and looks good in them, I must say. She is 4 ft. 9 inches tall, 12 years old, and weighs 85 pounds. She would like to be a language teacher.

Joan Donnelly.

EMPTY WEEKEND

There weren't many Boy Scouts in Henderson over the weekend. They all went to Death Valley. Some of the boys from 7-1 who went are; Bobby Riggins, Jimmy Sheahan, Harry Lattin, Milford Wilkinson, Don Farnsworth, Bill Witt, John Staley, Barton McMullen, and Clifford Stafford. Most of them came to school Monday morning with a very sleepy look in their eyes. They saw all the sights and had lots of fun.

Sheila Brancfield.

IT'S ALWAYS NEW FADS

This seems to be the fad department. Every week there seems to be a new fad. The latest one is folding a piece of art paper and pasting it together. Then you label it "Junk." What you find in those folders would surprise anybody. Also a new one is taping a mirror to the top of the lid of your desk on the inside. Oh, dear won't they ever quit thinking of something new?

Sheila Brancfield.

A Teen-Agers View Point of Life

I am a fourteen year old teenager. I'm not looked upon as one though because there are so many teen agers older than I am. I get kicked around by all my upper classmen. I have to respect my elders and look upon them as kings. I don't mind the latter so much because I would want my children to do the same. It's just that well, gosh—teenagers surely have troubles and elders just don't understand.

We teen-agers are human. We may look odd in our new fads, and we are always thought of as little, silly, children, but we are not so young that we have to be called Mama's little 'aby, and all. We all love our parents, but we are picked upon. We do a lot of things we shouldn't, but we have to learn too. So please don't be so hard on us so much folks.

Romona Church.

MYSTERY OF THE SCHOOL

The L. C. is a gang composed of four girls, Hazel Flack, Joan Donnelly, Sue Manion and Carolyn Foster. L. C. stands for? If you can guess, come for your reward — a great big? (ask one of the girls.)

Joan Donnelly.

7-2 GIRLS

7-2 girls have a baseball team. Almost every recess, noon and after school they practice. The captain is Sherron Thorne and co-captain is Gail Scott. Those on the team are Sherron Thorne, Gail Scott, Sandra Smith, Penny Crane, Janet Burkland, Verie Small, Betty Ware, Alyce Helmbolt, Dorothy Galbraith, and Barbara Sheperd. We hope they win.

Gail Scott.

NEW CHART

Last week the rooms got a State Fact Summary Chart. It is very useful. If you want to know about any of the 48 states you look on the chart. For instance, if you want to find the state flower count over five spaces. It is going to be very useful in history and geography.

Billy Forshee.

SPORTS

On March 15, 8-C played the 7th grades. 8-C beat the 7th grades by three points, 20 to 23. But on March 16 the 7th grades beat 8-C by 16 points, 21 to 5. Boy were we lucky! The 7th grades players are Ray Crunk, Norman Craft, Deanne Goadale, Joe Hornyak, Jimmy Miller, Jimmy Loe, Billy Forshee, John Korthus, Ronald White, Rodney Blue, Billy Witt, Garg Guthrie, Gene Vanhorne. Norman Craft had hte ball working over time.

8-C players were Richard McGough, Franklin Heatley, Maurice Crunk, LeRoy Morrison, Vergil Wease, Frank Ramberg, LeRoy Murray, Larry Maddox, David Hemington and Jimmy England.

Joe Hornyak.

BASEBALL

Friday after school Martin Rhymer's team played Sheldon Laney's team. The sport was baseball. The players on Rhymer's team were: pitcher, Maurice Crunk; catcher, Ray Crunk; short stop, Richard McGugg; third base, Martin Rhymer; left field, George Roberts; center field, Larry Maddox; and right field was Wade Watson. The in-field on Laney's team was, pitcher, Dick Bauman; catcher, Frank Heatley; first base, Hugh Bauman; second base, Dennis Shearrin; short stop, Vergil Wease; third base was Sheldon Laney. Rhymer hit a homerun in the last inning. There were three on base. The score was eight to four in favor of Rhymer's team.

Ray Crunk.

T-SHIRTS

My, but the room is bright today. Oh! I remember, today we have P. E. so all the girls have on the brightest T-shirts. Sherron Thorne, Verie Small, Sandra Smith, Gail Scott, Sue Manion, Connie Martin, and Janet Burkland are some of the girls who wear the brightest. The main colors are salmon, green, violet, blue, pink, and yellow.

Gail Scott.

7-3 CAPTAIN

The 7-3 girls have selected their softball captain. She is Jan Lee Pipes. We know she will make a good captain with the nice team of girls she has.

Joan Lopeman.

Green and Gold Ball Mothers Club Has Held in Las Vegas Breakfast Party

Members of the Henderson ward attending the Latter Day Saints Green and Gold ball in Las Vegas last weekend were: Mrs. Le Grand Wood, Mr. and Mrs. Stephen Speck, Mrs. Juanita Williams, Miss Romaine Prince, Miss Ema Gay Cannon, Mr. and Mrs. Bernard Cannon, Mr. and Mrs. Harold Hafen and Mr. and Mrs. Lew Black.

Miss Clara Williams, escorted by Grant Mitchell was queen from Henderson. She had as her attendants, Mr. and Mrs. Leon Sullivan and Mr. and Mrs. Daniel Larkin.

An early morning "Come as You Are" breakfast was held by the Henderson Mothers Club, last Friday morning at the home of Mrs. M. S. Turner, 346 Nebraska. Mrs. E. D. Seift and Mrs. E. E. Baker were assistant hostesses. Prizes were won by Mrs. Betty Price, Mrs. D. M. Shortt, and Mrs. A. Potvin. Mrs. Price won in a nursery rhyme character game. Mrs. Shortt was the most unprepared for the breakfast, and Mrs. Potvin was the most prepared.

It's a cinch that the man who dreamed up "Moderation in all things" had no hand in writing the basketball rules.

TIME Magazine Doesn't Think Much of Our Senators; Our Senators Don't Think Much of TIME Magazine

The Carson City Nevada Appeal newspaper last week presented the following:

"Both of Nevada's U. S. Senators, who last week gained the unenviable distinction of being placed on Time magazine's 'most expendable' list, today lashed back at the national publication.

Senator Pat McCarran and George W. Malone were listed as two of eight lawmakers whom the widely read magazine proclaimed as the 'Senate's Most Expendable.'

What many thought were downright harsh things the periodical said about Nevada's two solons, this morning brought equally stinging remarks from the state's upper house representatives in Washington.

Among other things, McCarran, chairman of the powerful judiciary committee, was called "pompous, vindictive and power grabbing."

And Senator Malone was termed a lobbyist for western mining and industrial interests and one who "fights a loud, long fight for narrow sectional interests."

The Nevada Appeal, realizing that there usually are two sides to any story, Sunday sent the following wire to both senators: "Much comment here, Reno over Time magazine's 'Most Expendable' story. Any comment?"

The answers came back quickly.

From Senator McCarran's office a spokesman said that the senior senator was in Nevada at the present. But it was added that they "assume everyone realizes the Time article is a definite and typical part of the million dollar lobby on the displaced person's bill."

Senator Malone, in his response, went considerably into more detail. He wired:

"Henry Luce, publisher of Time whose senior editor was Whittaker Chambers the admitted Communist spy and whose payrolls include others accused of being

fellow travelers, seems to be for the one-economic-world fallacy which is a real threat to America and like most of the professional one-world do-gooders, Luce damns in the best way he knows how those who are fighting against our turning our resources over to Europe by the ECA without definite conditions, and who are fighting the importation of products of low-wage, low-living-standard and slave labor in competition with our own working-men and investors.

"Luce helped turn the Democratic party into a Socialist party. I am flattered that he considers

my opposition worthy of his attention. I do not care too much what Luce and all those who love Europe more than they do America say about me so long as they spell my name right."

Others on Time's "list" were Sen. Kenneth D. McKeller, D-Tenn., "relentless, vicious"; Harry Pulliam Cain, R-Wash., "hammy theatrics, wild filibusters"; William E. Jenner, R-Ind., "devoid of influence"; Glen H. Taylor, D-Ida., "banjo-twanging playboy"; William Langer, R-N. D., "lone wolf, incapable of cooperation," and Elmer Thomas, D-Okla., "exposed for trading in the cotton commodities market."

Shower Held for Norma Johnson

Mrs. Kenneth Johnson, the former Miss Norma Jean Weber, was honored with a miscellaneous shower Sunday afternoon at the home of Miss Marcia Malcolm, 210 South Texas. Miss Joan Miller assisted Miss Malcolm as hostess.

The table was decorated in pink and white with a sweet bride doll as a centerpiece. Coconut cake, lime punch and individual rose bud ice cream molds were served.

The highlight of the afternoon was when Mrs. Johnson played a recording of her marriage ceremony.

Guests were Miss Marcia Malcolm, Miss Joan Miller, Miss Wilma Gillett, Miss Lucille Haynes, Miss Jane Rockhill, Miss Jody Galloway, Miss Janet Van Valey, Miss Maureen Powell, Miss Mary Swift, Miss Doreen Rauch, Mrs. David Malcolm, Mrs. Roy Shepard, Mrs. James Miller, Mrs. George Rockhill, Mrs. Alex J. Weber and the honoree Mrs. Kenneth Johnson.

SOAP BOX

(Continued from page 1)
to Vegas to get a drink or gamble.

We have had numerous applications turned down by the liquor board.

So maybe we are both paying taxes just for the privilege of being called Nevadans and not to enjoy the other privileges of the state and county. What do you think?

Respectfully,
O. L. JOHNSON,
OVERTON, NEVADA.

Dear Sir:

I have read every letter on the subject of gambling and liquor and we are very much against it. If our city of Henderson could stay and be as clean a place as Boulder City I do believe every one would be very happy and proud.

We can teach our children good from evil and we don't have to have liquor or gambling to do so. If everyone would put their best foot forward Henderson would be a better place to live.

But, mark my word if liquor and gambling gets in, Henderson won't be fit to live in hardly, for most people who do drink go to extremes. Some few just want to feather their own nest.

I for one think there is enough of such stuff brought in from other places. We all have enough grief without having that stuff in our city.

If all these people who are for it were to be asked to help with a swimming pool, park and such we would receive very little help.

Do Outboards Spoil the Fishing? Research by Students Gives Answers

Often banded about lakes and fishing spots throughout the country in the summertime is the complaint by fishermen and sportsmen that outboard motorboats cause so much disturbance as to spoil fishing success and harm fish life.

In order to settle this question once and for all, scientists at the University of Michigan through the cooperation of the Outboard Boating Club of America, conducted hundreds of experiments last summer with outboard motors operating under varying conditions on fishing waters. The results were released March 6th at the North American Wildlife Conference in San Francisco — and they prove that outboard motorboats apparently worry the fishermen more than they concern the fish!

In the majority of tests conducted, it was found that outboards have no effect at all either on fish life or fishing success.

Ever since motorboats made their first appearance on the fishing scene, a certain amount of criticism has been leveled at them. Among the complaints, it was charged that the action of outboard motors retards fish production, keeps fish from nesting, causes the death of newly hatched fry, prevents insect life from propagating, and causes so much interference as to spoil angling success.

It is interesting to note how some of the experiments were carried on. Six ponds were used as a laboratory. All stocked with a known number of fish, some ponds were subjected to outboard motor operation, some ponds never had an outboard in their waters. From various comparisons and systematic observations, results were gathered concerning the problem "outboards versus fish."

This study was one of the most enjoyable for the experimenters (all graduate students at the University of Michigan.) For 66 days

I for one don't see how anyone can drink, etc., like they do and still keep their families well fed and clothed. And it will be worse if those things are allowed to come in here. If you will notice most who are for it, they have no children. Here's hoping and praying that God see fit to keep it out of Henderson.

Respectfully,
MRS. R. J. M.

their job was to fish for six hours a day. In the first series of 22 days, the men still-fished from the same stations every day, in the second series of 22 days, they shifted positions each day doing still fishing and plug casting in the third series of 22 days, the positions were varied even more. Then every other day, a motorboat driven by a 5 horsepower outboard motor was operated on the lake. It passed each fisherman every half hour. On the alternate days no motors were used at all.

Each fisherman kept a record of the length, species, and the time of his catch for each fish taken. The final analysis proved that the effect of outboards on fishing success was not at all detrimental.

After numerous other experiments, some of them just as enjoyable as the fishing one, others a good deal more tedious, the following conclusions were drawn regarding outboard motors and their effect on fish life and fishing.

1. The operation of outboard motors has no significant effect on bluegill production, nor does motor operation keep bluegills from nesting.
2. The operation of outboard motors in shallow waters has little, if any effect on the nesting habits or on the production of largemouth bass.
3. The general effects of motor use on various environmental factors which make fish grow is negligible.
4. Ordinary outboard motor use does not bar sunfish and bass from locating their nests.
5. Outboard motor operation does not increase the mortality rate of advanced fry in any waters except at depths so shallow that motors would not normally be run in them.
6. Outboard motor operation does not influence fishing success. It appears to worry the fishermen much, but the fish not at all.

The experiments were conducted under Karl F. Lagler and Albert S. Hazzard of the University of Michigan's Department of Zoology, who worked in cooperation with the Michigan Department of Conservation and the Outboard Boating Club of America.

What would become of human progress if the hens quit egging us on?

Democrats Hold Nomination Meet

The Democrats of Henderson's district 2 held a meeting at the Fire Station Wednesday, March 29. They nominated their delegates to the county convention to be held in Las Vegas.

At the time of this writing the delegates have not been announced.

B.P.O. DOES

Laura Ballantyne was installed as Attendant to President and Peggy Wyness as Parliamentarian last night at the B.P.O. Does meeting held last night at the Elks Lodge. Mary Ann Merrill Deputy Supreme President conducted the ceremonies.

The Amazon River system is the largest in the world. According to The World Book Encyclopedia, the amount of land drained by this system is equal to an area about 56th the size of the United States.

The first basketball game was played in 1891 with a peach basket and a soccer ball. Today, says The World Book Encyclopedia, this fast-moving sport attracts more spectators each year than any other sport in the United States.

"PIN-POINT" COLLAR BIG

NEWS IN MEN'S SHIRTS
NEW YORK — In the past 15 years there have been only two new styles in men's collars—the spread collar first worn by the Duke of Windsor in 1935 and the Bold Look command collar first shown by Esquire in 1948.

Now, in 1950, a third collar style is added to the masculine repertoire. Introduced, like the Bold Look, by Esquire, it is called the "pin-point" collar. It is a smart, comfortable, neat but nevertheless informal model, perfect for business wear.

Worn with a small knot tie in place of the hefty Windsor so popular in past years, this collar is cut on an angle. Starting at the neckband it is cut almost straight down with a small opening for the tie. One inch below the neckband the collar cuts away into a casual wide-spread model. At the breakaway point a two inch pin is inserted under the knot to hold the collar together and contribute to the neat look.
