A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a *Street and Avenue Guide*. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1959, the first edition of the Henderson and Boulder City Nevada, City Directory, which also includes Pittman.

Confidence in the growth of Henderson's and Boulder City's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Henderson and Boulder City to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Henderson-Boulder City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Henderson and Boulder City, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important roll in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Henderson is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the community, and the name, official personnel, nature and address of each firm and corporation. A similar list for Boulder City appears farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Henderson, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers. A similar list for Boulder City appears farther on in the Directory

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department. A similar list for Boulder City appears farther on in the Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Henderson and Boulder City.

The Henderson Directory Library

Through the courtesy of the publishers of the Henderson City Directory, a Directory Library is maintained in the offices of the Henderson Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,

Publishers.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individual engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Highways—93, 95 and 466.

Air Lines—City served by Clark County Airport.

Airports—McCarren, Bonanza and Nellis.

Amusements—1 moving-picture theatre, with total seating capacity of 750 persons.

Hospitals—1, with total of 75 beds.

Education—Chief institution of higher learning, University of Southern Nevada.

GENERAL REVIEW

Henderson is one of the younger cities of the modern, dynamic Southwest. The original townsite was created during 1942 in order to provide housing for the employees of the sprawling, mile-long Magnesium Plant constructed by the Federal Government that same year. At the close of World War II, however, the Government inactivated the \$100,000,000 plant and subsequently sold the entire project to the State of Nevada.

Recognizing the potential economic stability which heavy industry could contribute, the State publicized the availability of the extensive facilities and soon attracted several manufacturing firms which could adapt the magnesium-producing facilities to their own respective processes.

The community prospered and grew, and by 1950 it had a population of 5,419. Three years later, on June 8, 1953, it became an incorporated city of 14 square miles. The steady,

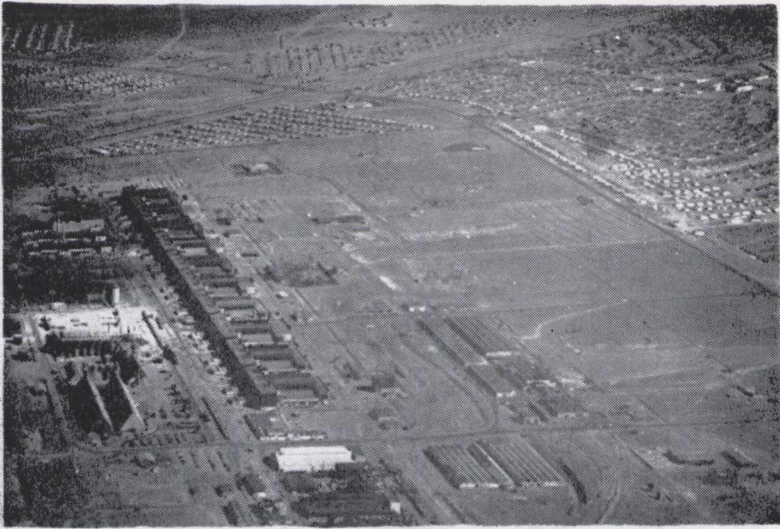

City Reservoir and Two Schools. Las Vegas In Far Background

stable growth continued. Today, with an estimated population of nearly 14,000, Henderson is the industrial center of the State and is the State's third largest city.

Location and Climate

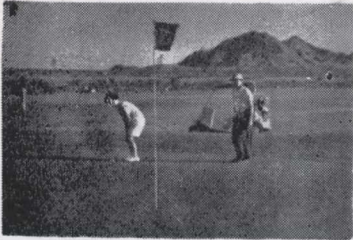

Henderson is in the southern tip of Nevada, and is situated on level, desert terrain at an elevation of 1900 feet. It is on the U. S. and Nevada State Highways 93, 95 and 466, and is approximately midway between Boulder City and Las Vegas. The eleven miles to either city is all on modern, divided highway with an average of 12,000 cars passing through per day. Within one day's drive are several National Park areas: Grand Canyon, Death Valley, Yosemite National Park, Bryce Canyon and Zion Canyon. One of the world's greatest engineering examples, Hoover Dam, and the Lake Mead National Recre-

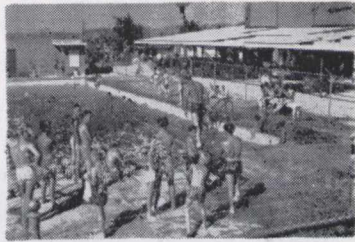

ation Area are just a seven-minute drive from the city.

The world-famous Southern Nevada climate is one of sunshine, extremely low humidity (normally below 10 percent), utopian summers with hot days and cool nights, and extremely mild winters with a daytime average temperature near 60 degrees. Clear, blue skies predominate throughout the year. A perfect place in which to retire permanently or to spend the winters to be away from the snow. Henderson offers to you peace and quietness.

October	56	71	86	.00	—
Yearly	51	64	77	.65	—

Typical Building

Educational Facilities

The excellent school system, which employs 150 teachers, comprises a kindergarten, three public elementary schools, a junior high school, and a senior high school. In addition, there is a parochial school; and in nearby Las Vegas (11 miles) are

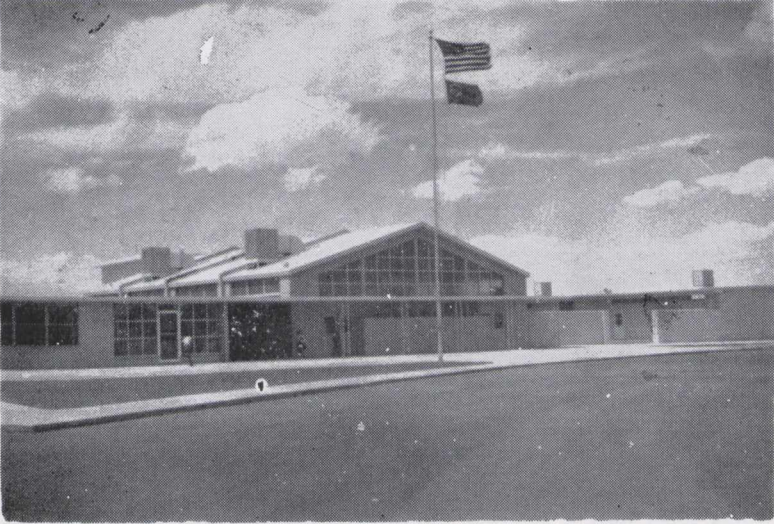

Recreation On Lake Mead

two institutions of higher learning: The Nevada College of Commerce and the Southern Branch of the University of Nevada.

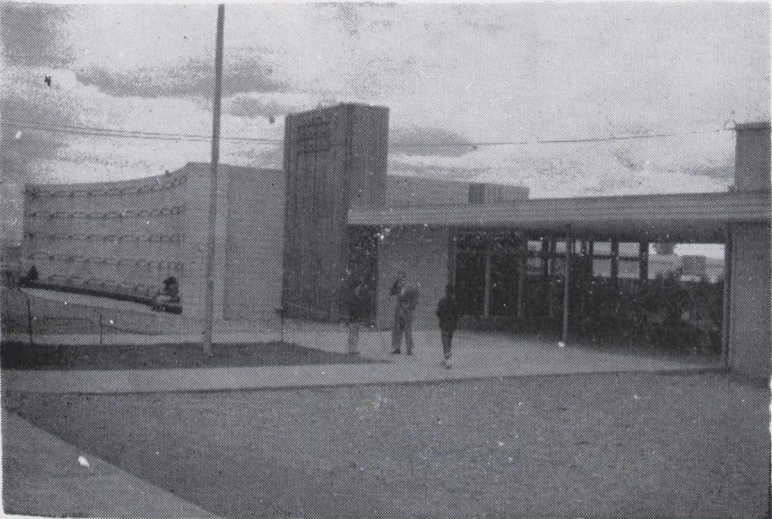

Recreation

The new Black Mountain Golf and Country Club golf course has been completed recently and is now open to the public. Green fees are nominal. The Club House, still under construction, will feature a cocktail lounge, dining room, and

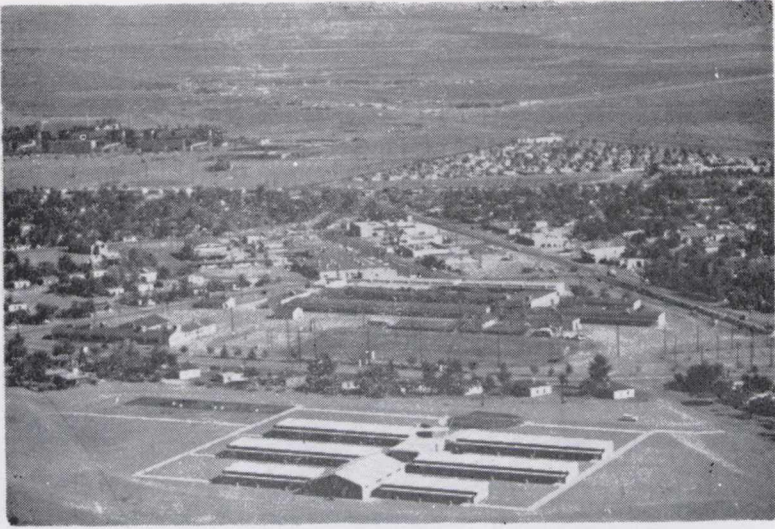

One of the New Modern Elementary Schools

swimming pool. The entire project is a lush oasis, its verdant links providing a striking contrast with majestic Black Mountain. Its proximity to other mountains, with their varicolored rock strata, and its slightly higher elevation provide a pan-

Another of the New Modern Elementary Schools

Two Schools

panoramic view of the vast Las Vegas Valley painted in pale pastels.

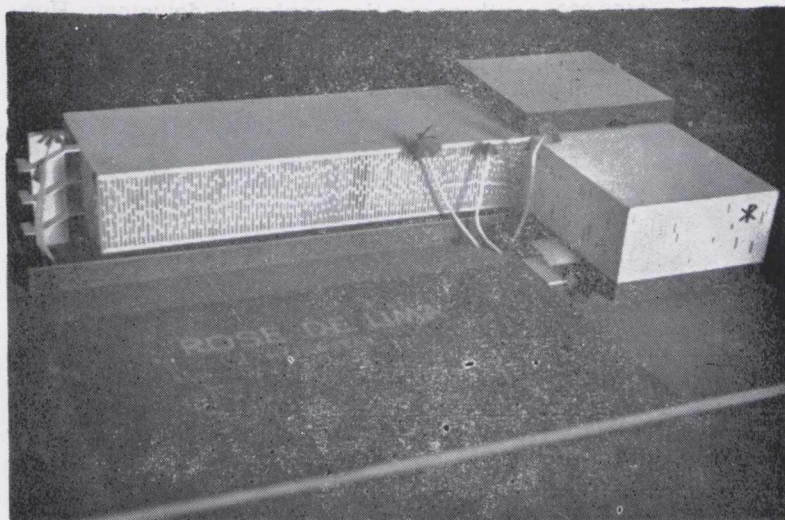

Just a seven-minute drive from Henderson is the largest artificial lake in the world, Lake Mead. Created by herculean Hoover Dam, the lake has over 800 miles of shoreline along which the National Park Service is continually constructing new recreational areas. Watersports enthusiasts among the more than half a million annual visitors indulge in year-round fishing, swimming, boating, and water skiing.

The combination of geographical location and climate permits the enjoyment of both summer and winter sports during the winter months. A distance of only forty-five miles separates

City Park

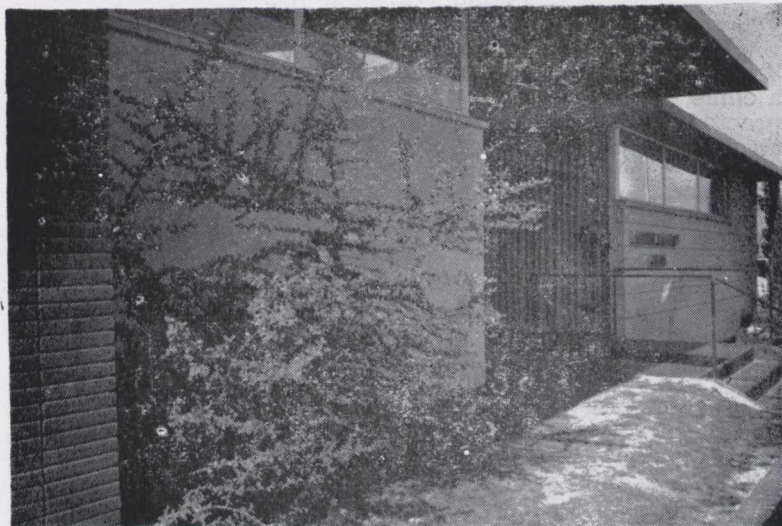

the temperate winter climate of the desert from the snow-covered slopes of Mt. Charleston, a Southwest mecca for winter sports devotees.

Rose de Lima Hospital

For the indoor sportsman there is a recently completed Henderson Bowl, which has 16 bowling alleys with fully automatic pin-setting equipment. Additional facilities for the bowler's convenience include a cocktail lounge, coffee shop, and restaurant.

A new city park, which contains extensive recreational facilities, has just been completed. The two city parks in Henderson has a total acreage of 18 acres valued at \$80,000. The parks has activities for everyone from basketball courts, mod-

Telephone Building and Chamber of Commerce Office

ern playground equipment, picnic grounds, to a wading pool and sandpile.

Of particular interest to parents is the Henderson Youth Center, a \$180,000 youth recreation center in downtown Henderson, currently providing recreational opportunities both for students and adults. Adjoining the Henderson Recreation Center is a municipal swimming pool.

Typical Henderson Home

An outstanding variety of evening entertainment is available at the many fabulous, multi-million dollar hotels in the neighboring Las Vegas, at which the greatest celebrities of the entertainment world appear in person nightly.

Community Facilities

Henderson has a modern, fully accredited hospital with a bed capacity of 75. Additional medical services are provided by a clinic, six physicians and surgeons, two dentists, three chiropractors, and two optometrists. The hospital is now under construction to provide a bed capacity of 140 and a large cancer clinic to include the cobalt machine and Research.

Also serving the community are 12 churches representing 12 denominations, a public library, 24 hour telegraphic facilities to serve the community, and diversified retail trade. Henderson citizens receive two daily newspapers and one semi-weekly paper. Radio Broadcasting Stations include KBMI, KENO, KLAS, KTOO, KORK, KRAM, and KRBO. Three Television Stations are KLAS, KLRJ and KSHO.

Other services are provided by the Henderson Branch of the Bank of Nevada, progressive public utilities, and efficient and well-equipped fire and police departments. The municipal government is of the mayor-city council type. Henderson has a 24-hour service and some of the most modern markets in the state.

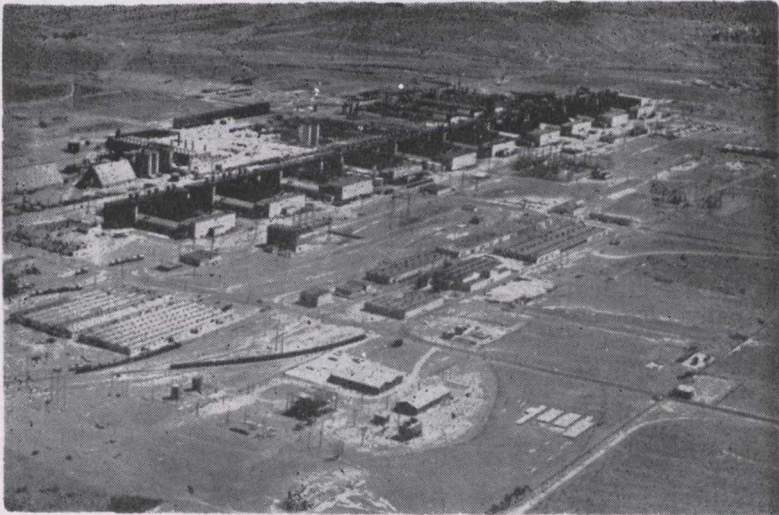

Inquiries concerning employment opportunities may be addressed to the Nevada State Employment Service, State Bldg., 430 N. 2nd St., Las Vegas, Nevada; or to Services Unlimited, (private agency) 23 Water Street, Box 266, Henderson, Nevada.

Housing Availability

A current housing census shows 3,400 dwelling units, of which all were built since 1940 and all were occupied. Of those, 66 per cent are owner occupied and had a median value of \$8,000. Of the renter occupied dwellings, 900 units rented for less than \$50 a month; 100 units rent for less than \$75 a month; 200 rent for over \$75 a month. Since 1950, 1260 new dwellings have been built, and are still being constructed.

Transportation

Bus, Airlines, Rail, Truck, Taxi and mail service.

Industry

STAUFFER CHEMICAL COMPANY—Stauffer is one of the world's largest producers of chlorine. From the Henderson installation, other products include Hydrogen, liquid and solid caustic soda, trithion insecticide, chloral and monochlorobenzene, and hydrochloric acid.

TITANIUM METALS CORPORATION OF AMERICA—The largest of the manufacturing plants, TMCA, is a jointly owned subsidiary of National Lead and Allegheny Ludlum Steel. It is the largest completely intergrated producer of titanium in the world. Operations at the Henderson plant include the production of sponge titanium and titanium ingots. Titanium is a light, strong, heat-and corrosion-resistant metal of wide application in aircraft, chemical processing, missile, and other industries.

AMERICAN POTASH & CHEMICAL CORPORATION—Manufacturers a variety of heavy chemicals for commercial and defense needs. Electrolytic battery active manganese dioxide is produced for use by the battery industry in the manu-

facture of high performance dry cells. Chlorates and perchlorates constitute AMPOT'S other principal products. Sodium chlorate is widely used as a weed killer and defoliant, and in the bleaching of paper. Potassium chlorate is the oxidizer in matches. Potassium perchlorate and ammonium perchlorate are used chiefly as the oxidizing material in solid propellant rocket fuels.

UNITED STATES LIME PRODUCTS CORPORATION, became a division of Flintkote Company on July 1, 1958. U. S. Lime is the largest producer of lime products in the eleven western states, operates three manufacturing plants and two quarries in Clark County. One of the plants is located in Henderson. The company's principal products are: high calcium limestone, dolomitic limestone, lime flux, high calcium quicklime, hydrated lime, and pressure-hydrated dolomitic lime. U. S. Lime supplies a major part of the West Coast steel industry. Sales from Nevada operations represented 77 per cent of the company's total volume during 1957.

MANGANESE, INCORPORATED, operates an integrated mine, mill and kiln operation six miles northeast of Henderson. They are the largest producer of metallurgical-grade manganese in the United States, with a production last year of 112,026 long tons of manganese nodules. All finished product is purchased by the General Services Administration for stockpile.

PACIFIC ENGINEERING AND PRODUCTION COMPANY of Nevada is the sole distributor in Southern Nevada for liquid chlorine, which is sold in cylinders for water treatment to the municipalities and swimming pool owners of the area. The company also manufactures a bleach for commercial and domestic use under the trade name "Boulder White". Pacific Engineering has constructed a pilot plant to test missile fuels which they intend to produce in sizable quantities.

PABCO PRODUCTS is a subsidiary of Fibre Board Paper Products Corp. and is mining a gypsun deposit near Henderson. They have announced the development of an "inexhaustible" gypsun deposit at Apex, a few miles northeast of Las Vegas, a capital expenditure of approximately \$1,000,000 is expected to be required at the Apex property.

FINANCIAL

HENDERSON BRANCH, BANK OF NEVADA:

	January 1955	January 1959
Deposits	\$1,556,896	\$3,000,000
Resources	2,370,000	3,440,000

There are five branches to the Bank of Nevada in Clark County with a total deposit of \$35,788,958.00 and Resources \$39,116,732.08.

Nationally, the population trend is WESTWARD. Enjoy the freedom and graciousness of modern, western living in the most healthful of all climates. Live in a growing, progressive city in the heart of America's Western Vacationland . . .

IT MIGHT TAKE MONTHS TO VISIT EVERY HOME IN THIS
DIRECTORY BUT . . . *Direct Mail Advertising*
CAN ENTER EVERY DOOR EVERY WEEK—IF YOU WISH!

Direct Mail Advertising is the most effective, result-producing form of advertising. Going straight into the home—to a know prospect or customer—it is sure to be read.

If you have a product or a message you want to get over—if you want to remind your home community—and other communities—of the products and services you have for sale—consult the nearest branch office of R. L. Polk & Company, world's largest Direct Mail Advertising organization. No job too big; no job too small.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

- How does he spell his name?
- What is his middle initial?
- Is he married? What is his wife's name?
- Where does he live?
- Does he own his home or rent?
- Has he a telephone?
- Who are his neighbors?
- What does he do for a living?
- Where does he work?
- Is he the "head of the house" or a resident?
- Does he own a business? Is he a member or officer?
- Who else is in the same business or profession?
- Is the woman single, married or a widow?

ABOUT YOUR CITY

- What is the city's history?
- What are the latest population figures?
- What is the latest statistical and general civic information?
- What are the leading industries and activities of the city?
- What are the names and locations of the schools?
- What are the churches and where located?
- Who are the pastors of the churches?
- What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

- How is the quickest way to get there?
- Who lives at a given address?
- Is there a telephone at the address or nearby?
- What is the character of the neighborhood?
- Is it a "home-owners" section?
- What is the nearest street corner?
- What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
- Where are the public and office buildings?
- If it is a business location, what business?
- If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

- What is the nature of the business?
- What is the correct name and address?
- Is it a Proprietorship, Partnership or Corporation?
- Who are the partners, owners, or officers?
- Who else in same or similar lines?

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

WHY A YELLOW PAGE SECTION?

***It is customary to include a Yellow Page Section in the City Directory because:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

HENDERSON CITY DIRECTORY

POLK'S HENDERSON CITY DIRECTORY 1959

Copyright, 1959, by R. L. Polk & Co.

For List of General Abbreviations see opposite page

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Common Sense About City Directory Circulation

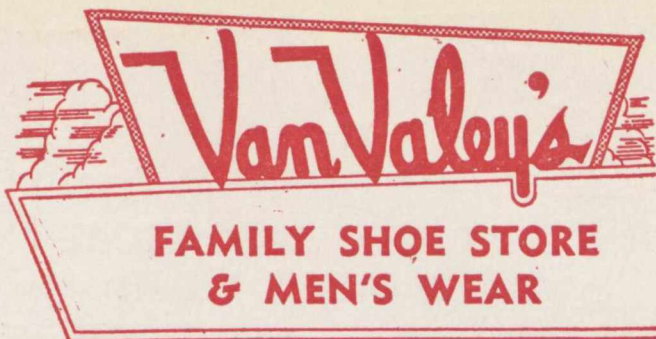

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

HENDERSON DIRECTORY OF HOUSEHOLDERS

POLK'S HENDERSON

Directory of Householders, Occupants of Office
Buildings and Other Business Places, Includ-
ing a Complete Street and Avenue Guide

1959

Copyright, 1959, by R. L. Polk & Co.

In the following list the named streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householders name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

BOULDER CITY

"Beautiful Boulder City, Paradise of the Desert!"

STATISTICAL REVIEW

(Courtesy Elton M. Garrett, Manager Boulder City Chamber of Commerce)

Form of Government—Operated by United States Bureau of Reclamation; though the "Boulder City Act of 1958" passed by the 85th Congress, provided conditions under which a charter committee was set up by the citizenry to formulate a charter for action by Boulder City voters looking toward municipal incorporation under Nevada laws, which committee set January 1, 1960 as a target date for actual incorporation.

Population—Last official U. S. Census report 3,828; local estimate at present 3,600. Total number of males in city 1948; females 1880. American-born population is 99% of the whole.

Area—33 square miles.

Altitude—2,500 feet above sea level.

Climate—Mean annual temperature 70.8 degrees F.; average annual rainfall 5.26 inches.

Parks—2, (Wilbur Square and city recreation park) and three plazas, with total of 20.86 acres.

Financial Data—1 branch bank which, along with main bank (in Las Vegas) and other branches in Clark County, has total deposits of \$35,788,958.08 on December 31, 1958 and total resources of \$39,116,732.08 on December 31, 1958.

Postal Receipts—\$48,945.72 for year ended May 1959.

Telephones in Service—1,322.

Churches—10 (including interdenominational protestant), representing over 10 denominations in all.

Building and Construction—28 building permits issued, valued at \$147,180.00, in 1958.

Real Estate—94 transfers (all leaseholds) in 1958. 850 homes with about 75% owned by occupants.

Industry—Chief industries of the city and surrounding territory: Flood control and power production by Hoover (Boulder) Dam; pilot plant metallurgical experimentation (U. S. Bureau of Mines); tourist, recreational and sportsmen's accommodations for Lake Mead National Recreation Area; tourist items including pottery and boat services.

Trade Area—Retail area has radius of 30 miles, adequate to serve more than 3,000,000 a year who travel through Lake Mead National Recreation Area, for which Boulder City is center.

Newspapers—1 weekly.

- Radio Broadcasting Stations—Good reception from six Las Vegas, Nevada, stations.
- Television Stations—Three Las Vegas, Nevada stations: KLAS-TV; KLRJ-TV; KSHO-TV.
- Hotels—1, with total of 100 rooms. 12 motels with 261 rooms. 3 trailer courts with 133 spaces.
- Railroads—City served by 1 railroad: Union Pacific has branch line from main line near Las Vegas, Nevada.
- Bus Lines—City served by three intra-city bus lines: Las Vegas-Tonopah-Reno Stage Lines; Greyhound; Tanner Tours.
- Highways—U. S. 466 (north alternate of U. S. 66); and U. S. 93, "North American Holiday Highway," Alaska thru Mexico.
- Air Lines—City served by seven airlines via Clark County Airport "McCarran Field" at Las Vegas, 25 miles away; American Airlines, Bonanza, Pacific, Trans Continental, Trans World, United and Western.
- Airports—2. "McCarran Field", Clark County Airport, 25 miles away near Las Vegas; Boulder City Airport used for small private planes.
- Amusements—Largest auditorium in city seats 700 persons. 1 moving-picture theatre, with total seating capacity of 700 persons. Golf course is planned for construction, land having been leased from government for this purpose.
- Hospitals—1, with total of 33 beds and six bassinets.
- Education—Nevada Southern University 25 miles away at Las Vegas. 2 public schools, with 1 senior high school. 1021 pupils in public schools. 49 certified personnel in public schools. Value of public school property, \$1,500,000.00.
- Public Libraries—1, with total of 11,500 volumes.
- City Statistics—Total street mileage 10.7, with 10.7 miles paved. Miles of gas mains, 4; sewers, 8. Number of water meters, 1,400; light meters, 1,450; gas meters, 125. Capacity of water works 6,000,000 gallons per day with daily average pumpage of 2,325,000 gallons; 8 miles of mains and plant valued at \$720,000.00. Fire department has volunteers, with 1 station and two pieces of motor equipment. Value of fire department real estate and equipment, \$40,000.00. Police department has 12 men, with 1 station and three pieces of motor equipment.

GENERAL REVIEW

Beautiful Boulder City was built by Uncle Sam in 1931 for the people who built Hoover (Boulder) Dam, internationally known project recently acclaimed one of the seven engineering wonders of the world.

Boulder City's people and myriad visitors have made this oasis truly a gem of the desert lakes area of the Southwest—a bright, clean home town, a tourist and sportsmen's mecca, service point for fishermen, boatmen and seekers after winter sunshine and dry, healthful climate.

When this community, built by the Bureau of Reclamation, also embraced the National Park Service, the Lake Mead National Recreation Area set its headquarters in Boulder City for administration of vast Lakes Mead and Mohave, backed up by Hoover (Boulder) Dam and by David Dam respectively. Three million visitors a year course through this area, many to repeat.

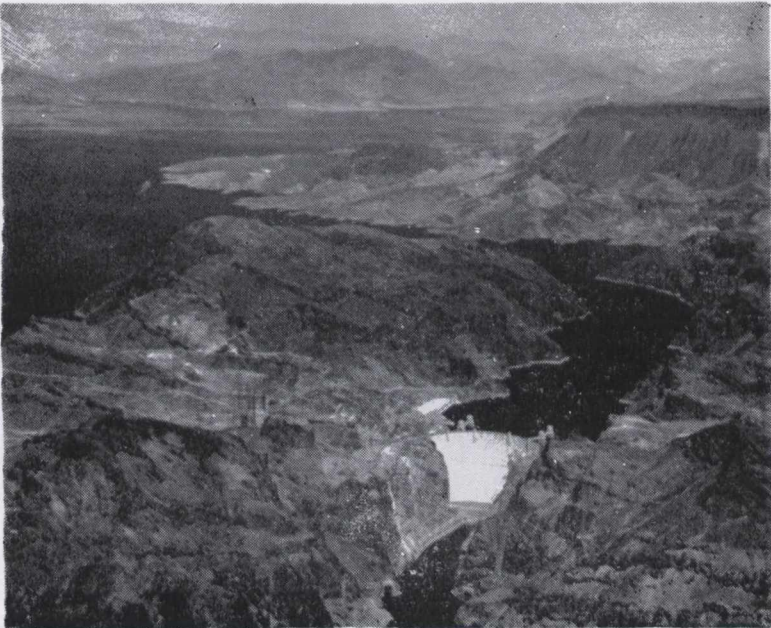

Bureau of Mines pilot plant established here in 1936 added personnel in technical fields who have contributed much to skills in metallurgy, including magnesium, titanium, manganese, sponge iron and many other metals.

Nearby Henderson, ten years younger than Boulder City and eleven miles away, brought industry near, and many of those working at the plants there live in Boulder City.

When Region 3 office for the U. S. Bureau of Reclamation was established here, for the whole Pacific Southwest, skilled personnel of a high order lived here, in addition to dam project personnel and operators employed by City of Los Angeles Department of Water and Power and Southern California Edison Company, allottees who buy most of Boulder Dam's power, and who operate the giant power turbines.

Now a multi-purpose town, Boulder City was handed by the 85th Congress the "Boulder City Act of 1958" under which self-government and growth became feasible.

This bill provided for Uncle Sam to sell 166 government-owned homes to their occupants, to turn over to Boulder City municipality (after potential incorporation under Nevada laws), the municipal plant and facilities, and lands, also to contract

Hoover "Boulder" Dam and Lower Lake Mead

with the municipality to provide it with electric power and water, delivered at Boulder City.

The Boulder City Act sets certain requirements in the change-over from the present federal land ownership, under which citizens had, from the town's start held leases on lots for 10, 20 or 53 years each, subject to renewal. Deed restrictions as to gambling, prostitution, and sale of liquor were provided for, to be effective at least three years after incorporation, no changes to be made in these except by vote of the electorate.

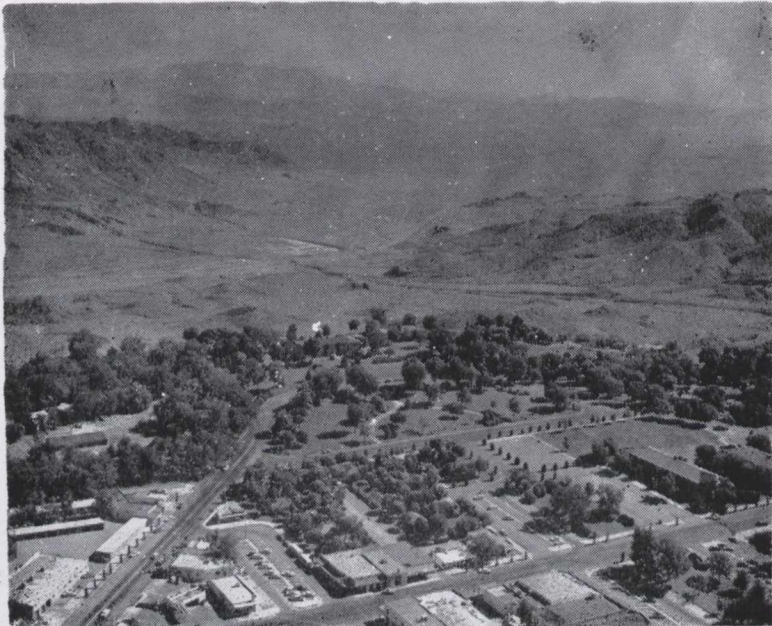

Power and water rates always have been low here. Natural gas is available to all homes and businesses, including any light industries which might be established in the community.

Famous for her excellent schools, Boulder City has a "million dollar" high school and junior high plant, strictly modern, with gym and athletic "stadium" lighted for night play.

The city's recreation park area near the high school includes a swimming pool; softball and hardball fields, both lighted, sodded and equipped with concrete bleachers; "teen-agers' " clubhouse, tennis courts, outdoor slab for skating, dancing; picnic area with barbecue pit, table, lawns, lights; and girl scout house.

Also in town are bowling alley, theatre, rifle range and plazas uptown, with lawns and trees.

Close-in airport is used for only private planes, though a huge area in the southeast corner of the city is the contemplated site for a modern airport farther from the built-up area.

Beautiful Boulder City, Center for the Water Wonderland of the Desert

As the service center for the water wonderland of the desert, Boulder City is six miles from Boulder Beach, where the famous Lake Mead Cup Race (Sahara Cup Race for three years) each October features the fastest boats in the world in each season's final contest.

The 75-mile water ski race is an annual early September attraction, with other boating and skiing events included.

Excellent swimming five or six months of the year, skin-diving, bass and trout fishing, camping and picture-taking all are important in the huge Lake Mead National Recreation Area.

Tops as tourist attraction in Southern Nevada is Hoover (Boulder) Dam, as guides usher parties of fascinated visitors from all over the world through the dam and power house daily from 8 a.m. to 5 p.m.

And Boulder City has ample accommodations for all, hotel and motel rooms in town and at the lakes, with facilities for shopping for the vacationer's and sportsman's every need, and free movies daily of the building of the dam. Other attractions nearby include Las Vegas' bright lights, Mt. Charleston, Valley of Fire and Nevada and Arizona ghost towns.

Boulder City With Lake Mead In the Back Ground

A potential industrial area adjoining Boulder City to the south and southwest comprise a huge basin with promise for development when water and power are made available. Southern Nevada is entering an industrial era, the State of Nevada having established nearby Henderson for private industry, and having passed legislation to enable Nevada's Colorado River Commission to plan for industry adjacent to Boulder City. The state recently passed laws providing for counties and cities to control air pollution.

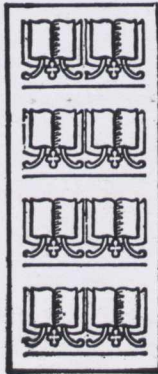

The 85th Congress passed the Eldorado Valley bill to authorize the United States to sell Eldorado Valley land to Nevada for industrial use, a step toward decentralization of industry from large centers and from the coasts.

Boulder City's dry desert climate is known to help persons suffering asthmatic and many other afflictions, and the mild winter climate is being discovered by increasing numbers for winter sojourning. An excellent hospital is operated by a non-profit corporation of citizenry.

Many organizations, including lodges and churches, have given the town a "tone" of its own. The American Legion sponsors an annual "Boulder Damboree," Independence Day celebration every July 4, gala celebration with folksy appeal. Southern Nevada's first operas, produced and sung by local people, were produced in Boulder City, where music, drama and other arts are stressed.

Boulder City, traditionally free of any bonded indebtedness, has had an advisory council for years, preparing the way toward ultimate self-government; later a specially elected committee was put to work by the citizenry preparing a charter under which the city ultimately is expected to grow and prosper under a municipal government responsive to the city's electorate.

Detailed information about Boulder City may be had from the city manager's office or the Boulder City Chamber of Commerce.

POLK'S BOULDER CITY CITY DIRECTORY 1959

Copyright, 1959, by R. L. Polk & Co.

For List of General Abbreviations see opposite page

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Grgory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Out of Sight - Out of Mind

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

Use Our Library of

OUT - OF - TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

**CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free - reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

Therefore your ad in the City Directory
is seen by buyers from coast-to-coast

BOULDER CITY DIRECTORY OF HOUSEHOLDERS

POLK'S BOULDER CITY

Directory of Householders, Occupants of Office
Buildings and Other Business Places, Includ-
ing a Complete Street and Avenue Guide

1959

Copyright, 1959, by R. L. Polk & Co.

In the following list the named streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householders name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Out Of Sight!

Out Of Mind!

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

POPULATION OF U. S. CITIES OF 30,000 OR MORE IN 1950

(AS PER FINAL FIGURES OF THE 1950 U. S. CENSUS REPORT)

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

Power of Advertising

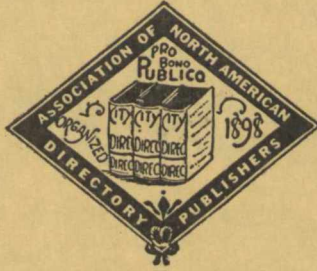

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
