It is the desire of the Society to compile for printing in this quarterly original material when possible, supplementing this with other records—published or unpublished—of interest to the readers; to include brief family genealogies, Bible records, book reviews, ancestor charts, queries, old letters, vital statistics, census records, county records, cemetery records, and articles on local history and genealogy. It is also intended that the quarterly be balanced with articles reflecting Western, Nevada, and Clark County content, and with articles connected with, or of particular interest to, CCNGS members. Objections to, or support of, this policy may be made to the Editor or other officers. Material of this nature is continually being solicited from members and non-members.

From Your Editor....

HAPPY BIRTHDAY TO CCNGSIIIII

The Society is now 10 years old and going strong.

We hope the celebration we have planned for September 9

will see many of our present and former members enjoying
themselves with new and old friends. CCNGS is growing, and we hope
our former members will again join our ranks to make us stronger -as a group, as individuals researching our past, and for our descendants.

I'd like to welcome our new members to the group. We hope you'll find our meetings and programs helpful, stimulating and fun. Please don't hesitate to ask questions or call other members when you need help or moral support.

For the 1985-1986 Society Officers who are retiring - I'd like to thank you for working with and for our Society. Your time and efforts have meant much to help keep us going and growing.

I want to wish our new 1986-1987 Officers Good Luck. We know you'll do a good job and keep us going.

Thank you's to the members who have submitted material for publication in THE PROSPECTOR. I know some of it hasn't been printed yet, but "keep the faith", it'll show up. And PLEASE - KEEP CONTRIBUTING!!! For members who haven't submitted material yet - this would be a great time to begin contributing and helping.

If there are any of the members who would like to help with or have ideas for THE PROSPECTOR, please get in touch with me. Some ideas may be: Someone to write up a short review of each month's meeting/program, and/or someone who might "cover" new publications, tapes, etc. available in the genealogical field (both at the libraries for use, or for sale at the bookstores, etc.).

Finally, I want to thank Ginny Mangus and Elizabeth Parker, of Cadette Girl Scout Troop 361, who are working on our quarterly as a service project. Their help, ideas, and fresh outlook to and for the future mean a lot. Keep up the good work girls.

Boots Parker

FROM THE PRESIDENT'S PEN....

Here another year has come and gone—how time flies when you're having fun. This past year has been such a joy for me to have served as your President for the Society. This Society has been privileged to have one of the best Board of Directors in it's history, and it has been an honor to have worked with them.

I would like to take a moment to thank each of them. Your Vice President, Linda McEwen, I would like to thank for being there to guide and advise us thru her past experiences since helping to form the Society 10 years ago. Barbara Cullings, Corresponding Secretary, thank you for your diligent efforts put forth in the mailings of the various events of the Society. Donna Harvey, thank you for being there to make sense of all the conversations going on during our Board Meetings. I thank you, Madonna McCarthy, for keeping track of the Society's funds through all of the various events. I especially would like to thank our Historian, Keotah Fannin, for all of her special poems she has shared with the Society, and the efforts she put forth for the Society before she became III. We miss you, Keotah.

Then we have our Committee Chairmen, whom the Society could not have done without. Each and every one of them has done an excellent job. Thank you, Naydean Updike, for being our Program Director for the past year. Without your expertise, connections, and helpful suggestions, our Society would not have been nearly as successful as it was. We look forward to you conducting our genealogy classes during this next year. Edie Kraemer, our Membership Chairman, has been an excellent asset to the Society. She has the nack of pulling in a member out of nowhere, so if you're not a member yet, you had better be watching over your shoulder for Edie, because she'll get you before it's all over. Seriously, Edie, we do thank you. Then I would like to thank Treva Roper for being our Hospitality Chairman, and for greeting our members and visitors at the door with the Registration Books. Then there is our Publicity Chairman, Joyce Morris. Although she has served in this position for only a short period of time, she has made hundreds of persons aware of our Society. She has set up displays at the library, contacted various ethnic groups, and had articles written in the local papers (which have been problems in the past). In spite of this year drawing to a close, she still has not stopped. She has a television spot set up for October--in conjunction with a booth she has arranged for at the Jaycee Fair in October, and more displays at the Mall and at the library. So, Joyce, I have a very special thanks to you and my hat is off to you for your work. Keep it up, we all thank you. I want to also thank Boots Parker for coming to our rescue as our new Editor, because without her you possibly would not have this quarterly to read right now. Thank you, Boots, for such a great job.

Last, but definitely not least, thank you to all of our members and others who have supported our group. Without you, there would be no Society. This year we have grown, from a small number of about 40 members, to about 90 members. Now, with this many members, we are going to have to have more participation by the membership to continue growing in our activities, so please volunteer for a committee and/or another way to help support our Society.

See you in the new year.

I plucia Truje gulia

- ... Program for the meeting was: "Census Records", by Kathy Robinson.

September 1978...

...Ellen Larson Pickering became Membership Chairman. (NOTE: Ellen is again an active member -9/86).

TO THE PRESENT....

Membership dues for the 1986-87 year are due.

Many CCNGS members have recently taken their vacations. If members have any new information or experiences to share with our other members, please advise the Editor or another Society Officer. We would like to hear from you.

Our June 10 meeting/program included a speaker, Ms. Nancy Bier from Los Angeles. She spoke on English Research. Also, a local photographer, Carolyn Cali, took photos (negatives) of old photos which belonged to several CCNGS members. The negatives were returned to the members at the July meeting. We thank both of these ladies for their interest and help in our search of our past.

Our June 20 Pot-Luck Dinner at Edie Kraemer's home was a big success. Many members attended, and they brought FABULOUS food! The evening was spent socializing and - of course -much of our conversation was genealogy. We all want to thank Edie for this really neat evening. Thanks Edie!

The July 8 meeting included the program "You, Me, and Genealogy: A Round-Table Discussion." This program seemed to go well and has triggered ideas for the future.

At our August 12 meeting, the program was arranged by Dick Edmonson. His neighbors, Richard and Marilyn Haynes, presented an excellent program about their Civil War research. We want to thank Dick for finding these people, and we wish to thank the Haynes' for their time and help.

The September 9 meeting is our Annual Meeting - and ALSO our 10th Anniversary Celebration. We will include our annual elections, then install the 1986-87 officers at the end of the meeting. We hope to have most of our current members and many of our former members present for our celebration. WELCOME ALL!!

HAPPY BIRTHDAY CCNGS!!!

Our "library holdings" are currently at Edie Kraemer's home, 4221 Flame Circle. To look through these periodicals, please call Edie to arrange a time. Herephone number is 647-5745.

MEMBERS NOTE: If you have not turned in your ancestor chart(s) and/or surname list, please do so by our October meeting. We plan to publish a comprehensive listing of surnames being searched by our members - BUT WE CAN'T DO IT WITHOUT THE HELP OF EACH MEMBER. A list of members whose ancestor charts are not on file will be posted at our September meeting. If necessary, blank charts are available. Please turn your chart in to the Editor, Boots Parker.

TO THE FUTURE....

Be a future member - 1986-87 dues are now due.

Beginning in October, our schedule for meetings will be:

7:00 - 7:30 Classes

7:30 - 8:00 CCNGS Business Meeting

8:00 - 9:00 CCNGS Monthly Program

October 7 - 12, CCNGS will have a booth at the Jaycee Fair, to be held at Cashman Field. Members, this is an excellent way to make people aware of our groups existence and interest. Joyce Morris has worked hard to arrange this for us - so let's not let her, or our group, down. Volunteer to help with our booth. Contact Joyce for details, 456-4497.

The program scheduled for our October 14 meeting will be "Regional Discussion Groups". We will break into areas (northeast, midwest, etc.) where we are doing research. Discussions will be of where, how, etc. we're searching in that area and exchange of ideas/information with other who are also working that area.

Another library display is being arranged for the future. To contribute and/or to help, please contact Joyce Morris, 456-4497.

Arrangements are being made to have the photographer, Carolyn Cali, return to one of our meetings to "do" more of our members old photos. Watch for more information later.

Later this fall, CCNGS plans to publish a comprehensive list of surnames being searched by CCNGS members. We MUST have an ancestor chart from each member. At present, we have charts from only 1/3 of our current members!! WE NEED YOUR CHART!!! Blank charts are available - get one - fill it out - and return it to the Editor, Boots Parker, by the October meeting. This is YOUR surname list! We can't publish it without your information and help. Thanks.

SEARCH AND RESEARCH - HELPS AND HINTS

Cemeteries, Gravestones, Records

Sometimes a gravestone can furnish much needed information. It can always lend support to already known facts and should always be checked out if known to exist. There is a special satisfaction too, in making a pilgrimage, if possible, to the grave of an ancestor. If a visit isn't convenient, correspondence with someone in the area may help in obtaining a good photograph of the ancestor's stone.

A large collection of gravestone inscriptions is at our branch Genealogical Library. Nona Parkin of Reno on the staff of the Nevada Historical Society went all over the state, taking her father with her, and they copied ever so many records and she has given our library copies of many. The Nevada collection is quite extensive.

Nationwide groups such as church and patriotic organizations have been making copies of gravestones for many years. Each state organization in the DAR Society has done copying in its own state cemeteries.

Cemetery records are also available on film for rental from the local genealogical library.

Several states have organizations which are restoring and maintaining all of the burial grounds they can find. They determine which inscriptions have already been copied, then proceed copying the rest. Contact the state Historical Society of the state you are interested in for information concerning cemeteries of that state.

Cemetery records are among the most important genealogical sources. They include gravestone inscriptions, sextons' records, church burial registers, governmental archives for military shrines, funeral directors' registers, obituaries, etc. Nearly always, these records contain MUCH more than just names and dates of burial and death.

Funeral Directors' records will be at the place of death. Since Funeral Directors initiate and file civil death certificates, they usually have records comparable to civil death records.

Public cemetery records are kept by town or county clerks, or by sextons. These records include plot layout, plot ownership, record of the burial, inscription and epitaph.

Church records are in burial registers kept by the church minister or warden. Some of these records give parentage, but most give only burial information.

The National Archives has burial records of soldiers in military graves and those buried during their service in foreign areas during major world wars. The National Archives also contain records of soldier burials from the Civil War, Spanish-American War, and Revolutionary War. These archive records include applications for tombstones, case files containing correspondence pertaining to soldiers, burials,

cards and files on soldiers who died overseas, grave registration, etc.

Check with the official keeping the burial records. To locate cemeteries, check maps or contact the Chamber of Commerce, religious organizations, historical societies, genealogical societies, and libraries in the area of the cemetery.

Burial places can be determined from family records, obituaries, and death certificates. Personal visits to cemeteries are advisable - if at all possible. Adjoining plots may give clues to relatives and friends.

Occasionally, a cemetery has been relocated. Fortunately, when a relocation occurs, there is enough interest, or requirements, to usually force carefully prepared records and provision for their preservation.

Not a relocation, but movement of a church during the years of its existence may yield more than one burial place associated with the same church. This applies equally with country or city churches.

Anyone wishing to announce an upcoming family reunion can have the information printed in THE PROSPECTOR by giving the information to the Editor by the deadline date of the next quarterly.

At present, CONGS exchanges its quarterly with several other groups and societies. These exchanges are filed in the CONGS library holdings which are currently at Edie Kraemer's home. To look through these exchanges, contact Edie at 645-5745.

The following is contributed by Donna GILL HARVEY, great-granddaughter of Edward Dowling. The original diary is in her possession.

THE DIARY OF EDWARD DOWLING

Co. D 4th Regt. Minn. Vet. Vols. Inftry

Edward's Father was Bradford Dowling of Richmond, Michigan

This diary was written between June 21, 1864 and May 25,1865. It was written during the Civil War in the United States. (Some portions were extremely aged and hard to decifer. Most) (of the mis-spelled words are his mistakes.)

Tues.June 21, 1864 - Had orders to be ready to march with camp and garrison equipage.

Wed. June 22 - Reville at 3 o'clock A.M. and marched at 5 o'clock A.m. And went 12 miles to BrownsBoro on the Flint River and bivouaced for the night in a piece of woods. It was rather hard to leave Huntsville.

Thurs. June 23 - Reville at three and marched at five. Went 16 miles to Paint Rock Station on the Paint Rock River and camped for the night. It was warm but not dusty. We got along first rate. I stood the march well.

Fri. June 24 - Reville at 3 o'clock. We had the advance today but it was warm. We marched 25 miles to Scotsboro. There was a man in the 63rd Ill. shot accidentally and five of the 12th Wis. killed by the explosion of a cassion and a number by sunstroke. There was fourteen deaths in the division besides a great number that will be unable for service.

Sat. June 25 - Were rear guard today and it was the hardest march that I was ever on. Went 18 miles and camped on Browns creek. There was a great number of men give out sore than kept with the regt. Was ordered to be at Kingston in the morning but the order was countermanded and we went and camped two miles out of Stevenson.

Sun. June 26 - Lay in camp all day and rested. The Co. drew shoes and socks. We was in an old orchard and had plenty of apples to eat. Had a newspaper of the 25th. There was good news from the front.

Mon. June 27 - Still in camp. The boys are getting rested and appear to feel well. There is a prospect of staying today. I was in bathing this morning. The boys are catching fish in a trap. They are doing well for the chance.

Tues. June 28 - Yet in camp and no orders to march. Having a good time. The boys are getting pretty well rested. Have been in bathing. Am detailed for camp guard tonight. Have to report at Tattoo.

Wed. June 29 - Had orders to march $12\frac{1}{4}$ o'clock. Went to Stevenson and waited for a train. We was the fourth regt. to go and had to wait all night. It rained some and I slept in an ambulance.

Thurs. June 30 - Left Stevenson at 5 o'clock A.M. for Chattanooga. Got there at 10 o'clock. Had good luck all the way. No damage done but we had to ride in a cattle car and had to poliese it with a board. Left Chattanooga at 4 o'clock P.M. for Kingston. Road in a box car on sacks of forage. Had a good time. No accidents.

Fri. July1 - Got to Kingston this morning at 8 o'clock A. M. and bivouaced under some oak trees to wait for orders. Lay there all day. It rained in the afternoon. The boys had to hunt shelter for themselves as best they could.

Sat. July 2 - Still showery. All mud. It is almost impossible to get a dry spot to stand on. No orders or tents for the boys. It is rather disagreeable but we put up with it without a murmer.

Sun. July 3 - Had orders to move into some old buildings. Have been buisy all the morning fixing up bunks & cleaning the house. I have a good place to sleep where there is plenty of air. Got the news that the rebs are retreating.

Tues. July 5 - On picket this morning out on the road to the mountains. It is shady and there is quite a breeze so it is pleasant. There is a good many Johny rebs coming from the front this morning. They are a pretty hard nation, worn out and dirty and all say they have done all their fighting and I think they have for they won't get the chance.

Wed. July 6 - Was relieved this morning at 8 o'clock A.M. Wrote a letter to Lovel. Rations are rather short at present. Bought some blackberries at 25 cents a quart. It is lovely & pleasant.

Sun. July 10 - Had inspection this morning. Was inspected by the Brigade inspector. It is very warm and looks like rain. Went a bathing and after that spent nicely a day of rest by going to sleep. In afternoon it rained quite hard and there was high wind. It cleared off and was pleasant in the evening.

Mon. July 11 - After breakfast went and had a bathe. Come back and cleaned up my gun and acounterments for dress parade. John is sick this afternoon. Have orders to march in the morning at five.

Tues. July 12 - Left Kingston this morning. Had no regrets at leaving. Took the road for the front. Passed through the town of Cassville five miles and bivouaced a mile out of town in the woods. Got in about 3 o'clock P.M. It rained some towards night. Stood the march well. Carried 3 knapsacks.

Fri. July 15 - Was on duty today. Went out in the country five miles to front lines and found it a very pretty country. Had good luck and performed the duty that I had to do and returned. Sat. July 16 - It is warm and pleasant but there is a good deal air stiring. Had no letters from home for some time. It looks like rain. All the// is well. No news from the front today. There has been some heavy firing in the front today.
